ENVIRONMENTAL STATEMENT.

In working to reduce waste, sustain resources, support recycling, and eliminate harmful chemicals, Cabot Wrenn takes active, tangible steps to preserve our environment.

Our primary material, wood, is fundamental to everything we do.
Fortunately, it is the most readily available, and easily renewable resource.
It also has the added benefit of being the only resource with a carbon negative footprint.
All of our wood is harvested from sustainable forests.

We utilize non-toxic finishing materials that are virtually free of all volatile organic compound emissions, as well as Ozone Depleting Substances (ODS).
All these materials boast low emissions designed to reduce off gassing in order to preserve the air we breathe.

Every upholstery piece is produced using foam that is free of harmful fluorocarbons; all foams used are PBDE, TCDPP, TCEP and formaldehyde free.
Every scrap of foam generated is sent back to the supplier for recycling.

We have joined with several fabric suppliers to offer top quality upholstery, which is also environmentally friendly. Momentum®, CF Stinson®, Maharam® and Mayer® are just a few of the suppliers we work with to provide textiles made of up to 100% recyclable materials that are also 100% recyclable/compostable and PVC-free.

Our glue is water-based and environmentally friendly; all bases and metal components contain recycled material and are 100% recyclable; our factories employ energy efficient lighting; recycled paper is used for our literature and price list. No measure is too small.

The determination doesn't stop with manufacturing, but extends to the packaging and transporting of our product. All of our corrugated packaging material is up to 100% recycled content and 96% post-consumer recycled content.
Working directly in a combined effort with local partners, we have diverted tons of waste from our landfills. We also encourage the use of carriers that promote cleaner, more fuel efficient transportation to lessen fumes exhausted into the air from transporting our product.

At Cabot Wrenn, we take great pride in being a good steward of our resources as we strive to protect and sustain the environment for everyone present and future.

Glazed - (Protected) - Class III: A unique aniline dyed leather with a protective finish, Glazed is crafted by hand, utilizing skills passed through generations. To achieve this distinctive look, the hide is first dyed a light base color, then a darker color is hand wiped across the surface. This creates highlights and emphasizes the natural grain. Finally a glaze is applied which gives it a bright, shiny finish. Glazed is, by far, the finest of its type available.

Gunner - (Protected) - Class I: Gunner is a top grain leather with an excellent hand and a two-tone effect. Gunner has a protective finish.

Kip - (Protected) - Class I: Kip is a top grain leather with an extensive color line of today's fashion colors. Kip has a two-tone effect and an excellent hand. Kip has a protective finish.

Kismet - (Protected) - Class III: Kismet is a top grain leather from South America that is produced on slightly heavier weight hides. Kismet has a subtle two-tone effect and an excellent feel. Kismet has a protective top coat.

Lyric - (Protected) - Class ll: Lyric is a protected leather that gives the appearance of a distressed wax pull-up. Lyric will have almost none of the expected of a pull-up, yet has the "broken up" look. Lyric has a protective finish.

Silas - (Protected) - Class I: Silas is a 1.2mm heavy weight, top grain leather from South America. Silas has an excellent hand with a protective top coat.

Sonoma - (Unprotected) - Class III: Sonoma is a sueded leather from heavy native steer hides.

Spirit - (Protected) - Class ll: Spirit is a top grain leather produced in Italy on South American hides. Spirit is a slightly heavier weight leather to accentuate the grain and has a slight two-tone effect. Spirit has a light sheen and an excellent hand. Spirit has a protective finish.

Tiburon - (Unprotected) - Class IV: Tiburon is a waxed full grain “pull-up” leather that will show finish breaks to give the appearance of an antique leather. Scars and natural markings will be visible.

Williamsburg - (Protected) - Class III: This leather has been developed under the auspices of Colonial Williamsburg and the Williamsburg Foundation. Through extensive research, the colors have been developed by using formulas similar to those in the 18th century; today color is achieved with aniline dyes followed by a protective finish. Williamsburg is an authentic reproduction, and Cabot Wrenn is pleased to be one of the companies authorized to feature it.

CLEANING INSTRUCTIONS.

Cleaning Instructions for Leather

General Care Tips
Try to maintain at least two feet between your furniture and heating sources. Avoid placing your furniture in direct sunlight. All materials will fade over time when exposed to sunlight.

Natural Markings
Each piece of leather has unique marks and a personality all its own. These distinctive marks are barbed wire nicks, brands, and natures hallmarks. Only true leather can boast these marks, and pride of ownership is enhanced due to this individuality. Please note these marks are not defects but characteristics of full top grain leathers.

Protected Leather
No upholstery material is easier to care for than genuine top grain leather. Dust frequently with a clean dry cloth. Wipe occasionally with a mild Ivory soap and water solution on a clean damp cloth. Repeat with a clean damp cloth and dry with a clean cloth to restore the beautiful patina of the leather. DO NOT use saddle soap, polish, wax or any cleaning agents other than a mild Ivory soap and water solution. The use of any cleaning substance other than a mild Ivory soap and water solution will negate any warranties from the leather tannery.

Unprotected Leather
This is a natural leather that cannot be cleaned because it does not have a protective coating. Dust frequently with a clean dry cloth. This leather will fade if exposed to direct sunlight. Leather Solutions has products available that may help the performance of this leather.

You may contact Leather Solutions for assistance at
(336) 629 - 4998.

Cleaning Instructions for Fabric

Code S
To prevent overall soil and to remove dust and grime, frequent vacuuming or light brushing is recommended. Spot clean using a mild water-free solvent or dry cleaning product. Cleaning by a professional furniture cleaning service only is recommended. Caution: Never remove cushion covers for separate dry cleaning or washing, even though they do have zippers. Do not use bleach at any time. The use of steam, water or water based cleaners may cause excessive shrinking or staining of this particular fabric. Do not use any tumble method cleaning service, as this may destroy the backing of the fabric, shrink or otherwise damage the upholstery fabric.

Code W

Caution: Never remove cushion covers for separate dry cleaning or washing, even though they do have zippers. FINISHES.

Wood owes its inherent beauty to variations in color, grain and texture. As a result, there may be minor variations from one piece of furniture to the next even though they are finished at the same time. Exposure to light and the aging process will cause a darkening of natural wood products. For these reasons, Cabot Wrenn does not guarantee the exact matching of grain, pattern and color.

Special Finishes for Seating

One-time Formulation Charge $375 NET, **plus** an upcharge of 5% COM net per unit. For large quantities, contact Cabot Wrenn Customer Service. Purchase Orders with a custom wood finish will be scheduled into production upon receipt of written approval of the finish match. Special finish charge does not apply to Opaque, Painted, Two Tone or High Sheen finishes.

Special Finishes for Tables
All table orders that request a match wood finish will incure a $100 net upcharge added to the order along with a one-time Formulation Charge of $375 net. Special finish charge does not apply to Opaque, Painted, Two Tone or High Sheen finishes.

Light Finishes
Light finishes will not hide or mask natural characteristics or beauty of the wood, such as natural discolorations of the wood substance. It is very important that the dealer and end user understand this, and these natural characteristics are not considered defects by Cabot Wrenn.
