RAZOR SYSTEM

Our Razor System gets it's name from its sleek, sharp edges. With its square connectors, flush base and razor-sharp design, this system is the future of modern offices. See Razor System brochure for details.

SPECIFYING THE RAZOR SYSTEM

DRAWING: Razor Panels can be found in our 20/20 library under the "Razor Panels and Connectors" folder. Razor Tiles can be found in our 20/20 library under the "Razor Tile Panels and Connectors" folder. Razor Panels, Razor Tiles, and unique Razor Connector SKUs are designated w/ a (.T) in our 20/20 Giza and CAP libraries.

PRICING AND QUOTING: Razor Panels, Tiles and Connectors are the same price as our OPS2 Panels, Tiles and Connectors. Razor Panel and Tile SKU's do not show up w/ a .T in the quote as the TB in the header is what denotes the base style. Only unique Razor connector or power parts show w/ a .T in the quote. See p. 19-23 of our Price Book for Razor Connector SKU's. Please let your Customer Service Representative know if you are interested in our Razor System to ensure it is specified correctly.
