JANNA

model GC7609

STANDARD FEATURES

- Very often tight spaces create a challenge when additional seating is required for guests. Janna's unique folding frame is the perfect solution for temporary seating, especially where space is at a premium.
- Molded wood veneer frame.
- Concealed folding mechanism uses metal-to- metal construction details with lock tight fasteners.
- For added comfort, seats are standard with high density foam.
- Non-marking nylon glides are standard.
- For Globalcare textiles, visit the website at globalfurnituregroup.com.
- Can be upholstered in standard Global textiles if Healthcare compliance is not required
- Shipped fully assembled.

OPTIONAL FEATURES

- Wood frame available in Absolute (AAM), Black (BKM), Cherry (ACM), English Oak (EOM), Espresso Cafe (ECM), Fruitwood (TFM), Gray (HGM), Honey (AHM), Mahogany (TMM), Maple (AVM), Medium Walnut (MWM), Natural Walnut (NLW), Night (ASM), Noce Biondo (NBM), Noce Grigio (NGM), Noce Leggero (NEM), Noce Medio (NMM), Sandy Beach (SKM), Shaker Cherry (SKM), Silver Oak (SOM), Walnut (TWM), WC Cream (WTM), White (WHM) and Winter Cherry (WCM). Please specify.
- Optional cushion glide is available - **Add $15** list upcharge.
- Optional wall bracket (model GC7607) allows chairs to be conveniently stored while not in use. (Underside of chair seat is predrilled to accept wall bracket.)
- For moisture barrier (seat only), **Add $119** list upcharge.

NOURISH

model GC3683F

model GC3685

Headrest adjustment handle

Casters and height adjustable legs

Transfer arm

STANDARD FEATURES

- Nourish is an innovative state of the art patient chair, developed in consultation with leading healthcare professionals. It embraces the body, cultivating comfort during periods of recovery. Housekeeping and infection prevention control will appreciate the hassle-free maintenance and clean design.
- All chair models have a pair of **transfer arms** that are very easy to operate. Transfer arms provide easy access for less mobile users who need transfer to or from a wheelchair, while substantially fostering caregiver safety when patient assistance is required.
- **Height adjustable legs** are standard on all models (except Bariatric chair, ottoman and GC3698 - 4 caster model). Legs can be conveniently adapted to provide patients with a seat height range of 17" to 20" for maximum fit. Additional models (-20) provide a seat height range of 20" to 23" ensuring the perfect seating solution is available for multiple applications. Front and back legs can be adjusted separately allowing modification of seat pitch, forward or rearward.
- Models with **rear casters** allow for 'tip and move' so the chair can be conveniently and easily repositioned without lifting.
- Select models have a unique **depth adjustable headrest** solution integrated into the upper back area, preventing any possible loss or misplacement of the headrest. This also makes cleaning and disinfecting easy. The Schukra depth adjustment is placed under the upholstery in the neck region. The depth is controlled by a handle on the lower outer back cushion. The ability to set the intensity of the headrest promotes a healthier, more personal level of comfort during the convalescence period.
- **Schukra Depth adjustable lumbar support** for additional comfort is standard on selected models.
- Flex Back models feature a torsion control mechanism, which allows the back to move in a soothing rocking motion.
- For added comfort, seats are standard with high density foam.
- Metal frame is available in Black (BLK), Latte (LAB), Kalua (KAL), Mocha (J52), Shadow (SHW), Toast (TOA) and Tungsten (TUN). Please specify.
- Self-skinned urethane (SSU) armcaps are available in Black (BLK), Latte (LAB), Kalua (KAL), Mocha (J52), Shadow (SHW) and Toast (TOA). Please specify.
- Arm body is only available in Tungsten.
- Active weight capacity for standard single seat is 350 lbs. and 750 lbs for bariatric seating.
- For textile and finish options, visit the website at www.globalfurnituregroup.com.
- Can be upholstered in standard Global textiles if Healthcare compliance is not required.

OPTIONAL FEATURES

- **Easy grip push bar** is optional on Nourish patient chairs to assist in ease of movement of the chair. Available for all height adjustable leg models in Toast (**TOA**), Shadow (**SHW**), Tungsten (**TUN**) and Black (**BLK**). Please specify. Add $138.
- As an option, seams can be sealed to prevent penetration of fluids through the stitching. For high back models, add $66. For bariatric models, add $155. For ottoman, add $30. Contact Customer Care for approved textiles.
- For moisture barrier (seat only), add $119 per seat. For Bariatric models, add $170 per seat.

SUGGESTED APPLICATIONS

- Bariatric seating (some models)
- Lounge/Waiting
- Patient rooms
- Resident rooms
- Treatment/Exam rooms

OAKVILLE

model GC36500
High back lounge chair

STANDARD FEATURES

- Oakville offers a modern take on wingback seating for social settings, resident rooms and lounge areas.
- The seating in this series is available to specify with two textiles, one for the seat cushion and one for the back, arms and front rail (see model image).
- For pricing, start with the base price and add both back/arms graded textile upcharge and the seat graded textile upcharge.
- A clean through design is provided around the seat cushion for easy housekeeping.
- Legs are available in wood or urethane (see upcharge).
- Choose from standard non-marking glides, steel cushioned glides, rubber non-slip glides, or felt glides (upcharges apply).
- The seat underside is sealed with a non-porous material to support housekeeping and infection control protocols.
- For added comfort, seat cushions are standard with high density Ultracell foam.
- The Globalcare warranty (for healthcare and 24/7 environments) applies for all Oakville models when performance textiles are selected. Visit the website at globalfurnituregroup.com/healthcare.
- Global's standard lifetime warranty applies when approved standard Global textiles are selected.
- For alternate textile applications, contact Global specials. The Blended Textile matrix does not apply to this series.
- Shipped fully assembled.

SUGGESTED APPLICATIONS

DESCRIPTION | MODEL# | STANDARD FABRIC GRADES

GC3616W Dining armchair with open arms

Primacare™ set a benchmark for healthcare seating. All the features, all the looks and quite possibly the most extensive offering of its kind for both acute care and long-term care applications.

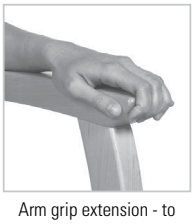
Under the skin of every Primacare chair is a heart of solid steel waiting to meet the rigorous demands of any environment.

The Primacare series includes more than 40 models that extend from patient rooms to waiting areas, dining rooms to treatment centers including bariatric hip chair solutions.

FEATURES

Open arms

Closed arms - fully upholstered side panels

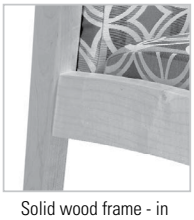


Arm grip extension - to assist getting in and out of the chair safely

Separate seat and back - provides clean out for housekeeping staff

Fold down headrest - to provide access for caregiver assistance

Removable upholstery - for ease of cleaning and replacement



Solid wood frame - in hardwood for long life and a warm look

Metal-to-metal connector - provides unparalleled strength and durability

Metal mesh pan - superior comfort and hygiene for patient incontinence

Wall safe legs - offer first contact to protect walls and chair backs on most models

AVAILABLE TEXTILES AND FINISHES

Please see the Globalcare Textile and Finishes section at www.globalfurnituregroup.com for all details including wood finishes.

SUGGESTED APPLICATIONS

- Bariatric seating (some models)
- Dining/Cafeteria
- Guest seating
- Lobbies
- Lounge/Waiting
- Patient rooms
- Resident rooms
- Treatment/Exam rooms

DINING - available with wood or metal frames

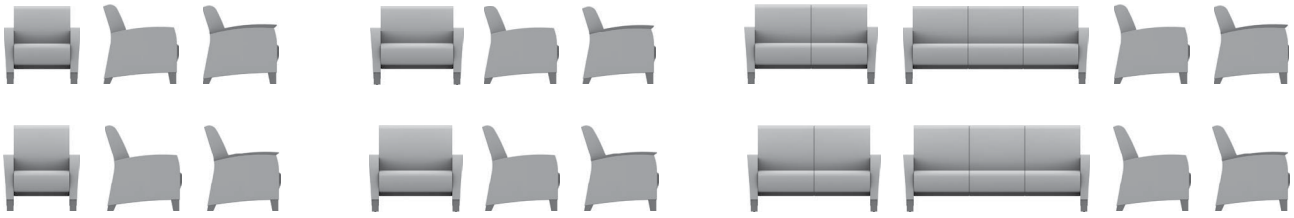
GUEST - available with wood or metal frames

PATIENT - available with wood or metal frames

HIP CHAIRS - available with wood or metal frames

LOUNGE - available with wood or metal legs

FULLY UPHOLSTERED LOUNGE - available with wood or metal legs



WINGBACK ARMCHAIR - available with wood or metal armcaps and legs

RECLINERS - available with wood or metal armcaps

SLEEPERS - available with wood or metal armcaps

BENCHES - available with wood or metal legs

(SSU or wood legs only)

MODULAR GUEST/PATIENT - see page 154.

PRIMACARE DINING

model GC3616CA (HT)

model GC3616W (Wood)

STANDARD FEATURES

- Primacare is a family of products offering the most significant return on investment approach in the industry since every component can be repaired or replaced on site.
- **High traffic (HT) models**: Metal frame with die cast zinc connectors and metal-to-metal fasteners. Available in the following finishes: Black (BLK), Latte (LAB), Kalua (KAL), Mocha (J52), Shadow (SHW), Toast (TOA) and Tungsten (TUN).
- **Wood models**: Solid hardwood frame with die cast zinc connectors and metal-to-metal fastening. Available in the following finishes: Absolute (AAM), Charcoal Java (CJM), Cherry (ACM), Empire Mahogany (EMM), English Oak (EOM), Espresso Cafe (ECM), Fruitwood (TFM), Gray (HGM), Harvest Oak (HOM), Honey (AHM), Jet Onyx (JOM), Light Honey (LHM), Mahogany (TMM), Maple (AVM), Medium Walnut (MWM), Natural Walnut (NLW), Night (ASM), Noce Biondo (NBM), Noce Grigio (NGM), Noce Leggero (NEM), Noce Medio (NMM), Sandy Beach (SBM), Shaker Cherry (SKM), Silver Oak (SOM), Walnut (TWM), White (WHM), WC Cream (WTM) and Winter Cherry (WCM).
- Armcaps are securely fastened with metal-to-metal connectors which allow for field replacement if required.
- Easy grip forward extending armcap on models with arms.
- Wood armcaps are standard.
- Replaceable seat covers and replaceable and/or removable seat cushions are standard.
- Waterfall cleanout between the seat and back cushions.
- Models are standard with metal mesh seat deck. For behavioral health applications, the metal mesh seat deck can be covered with a solid moisture resistant surface, held in place with tamperproof fasteners. Contact your Global sales rep for a special quotation.
- All seat frames feature a wall saver design to prevent back contact with wall.
- **GC3616WCA** and **GC3616CA** have upholstered panel arm inserts closing the arm. (Closed arm panels are designed to be replaceable. Request a special quote to have them secured with tamperproof fasteners.)
- For Globalcare textile options, visit the website at www.globalfurnituregroup.com.
- Can be upholstered in standard Global textiles if healthcare compliance is not required.
- It is recommeded that High Traffic (HT) models be specified in textiles that meet or exceed 100,000 double rubs for added abrasion performance.
- Shipped fully assembled.
- **HIGH TRAFFIC (HT) MODELS ARE LISTED FIRST, FOLLOWED BY WOOD MODELS.**

OPTIONAL FEATURES

- Self-skinned urethane (SSU) armcaps are available. See far left column "High traffic (HT) models" for finishes. Please specify. *Refer to individual models for availability and pricing.*
- For moisture barrier (seat only), add $119 list upcharge per seat.
- To add sealed seams to your product contact Customer Care. Upcharges vary.
- For Primacare tables, see page 54.

PRIMACARE PATIENT

model GC3631 (HT)

model GC3632WCA (Wood)

STANDARD FEATURES

- Primacare is a family of products offering the most significant return on investment approach in the industry since every component can be repaired or replaced on site.
- **High traffic (HT) models**: Metal frame with die cast zinc connectors and metal-to-metal fasteners. Available in the following finishes: Black (BLK), Latte (LAB), Kalua (KAL), Mocha (J52), Shadow (SHW), Toast (TOA) and Tungsten (TUN).
- **Wood models**: Solid hardwood frame with die cast zinc connectors and metal-to-metal fastening. Available in the following finishes: Absolute (AAM), Charcoal Java (CJM), Cherry (ACM), Empire Mahogany (EMM), English Oak (EOM), Espresso Cafe (ECM), Fruitwood (TFM), Gray (HGM), Harvest Oak (HOM), Honey (AHM), Jet Onyx (JOM), Light Honey (LHM), Mahogany (TMM), Maple (AVM), Medium Walnut (MWM), Natural Walnut (NLW), Night (ASM), Noce Biondo (NBM), Noce Grigio (NGM), Noce Leggero (NEM), Noce Medio (NMM),Sandy Beach (SBM), Shaker Cherry (SKM), Silver Oak (SOM), Walnut (TWM), White (WHM), WC Cream (WTM) and Winter Cherry (WCM).
- Armcaps are securely fastened with metal-to-metal connectors which allow for field replacement if required.
- Easy grip forward extending armcap on models with arms.
- Replaceable seat covers and replaceable and/or removable seat cushions are standard.
- Wood armcaps are standard.
- Waterfall cleanout between the seat and back cushions.
- Models are standard with metal mesh seat deck. For behavioral health applications, the metal mesh seat deck can be covered with a solid moisture resistant surface, held in place with tamperproof fasteners. Contact your sales rep for a special quotation.
- All seat frames feature a wall saver design to prevent back contact with wall.
- Models ending in **CA** / **ARC**, have upholstered panel arm inserts closing the arm. (Closed arm panels are designed to be replaceable. Request a special quote to have them secured with tamperproof fasteners.)
- For Globalcare textile options, visit the website at www.globalfurnituregroup.com.
- Can be upholstered in standard Global textiles if healthcare compliance is not required.
- It is recommeded that High Traffic (HT) models be specified in textiles that meet or exceed 100,000 double rubs for added abrasion performance.
- Shipped fully assembled.

- **High traffic (HT) models are listed first, followed by wood models**.

OPTIONAL FEATURES

- Self-skinned urethane (SSU) armcaps are available. Please specify. *Refer to individual models for availability and pricing.*
- For moisture barrier (seat only), add **$119** list upcharge per seat. For Bariatric Models: GC3638W, GC3638WCA, GC3639W, GC3639WCA, GC3640W, GC3640WCA, GC3656W and GC3656WCA - **Add $183** list upcharge per seat.
- To add sealed seams to your product contact Customer Care. Upcharges vary.
- For Primacare tables, see page 54.

SUGGESTED APPLICATIONS

- Bariatric seating
- Guest seating
- Lobbies
- Lounge/Waiting
- Patient rooms
- Resident rooms
- Treatment/Exam rooms

PRIMACARE LOUNGE

model GC3641 (HT)

model GC3641W (Wood)

STANDARD FEATURES

- Primacare is a family of products offering the most significant return on investment approach in the industry since every component can be repaired or replaced on site.
- **High traffic (HT) models**: Metal frame and self-skinned urethane (SSU) armcaps with die cast zinc connectors and metal-to-metal fasteners. Available in the following finishes: Black (BLK), Latte (LAB), Kalua (KAL), Mocha (J52), Shadow (SHW), Toast (TOA) and Tungsten (TUN).
- **Wood models**: Solid hardwood frame and armcaps with die cast zinc connectors and metal-to-metal fastening. Available in the following finishes: Absolute (AAM), Charcoal Java (CJM), Cherry (ACM), Empire Mahogany (EMM), English Oak (EOM), Espresso Cafe (ECM), Fruitwood (TFM), Gray (HGM), Harvest Oak (HOM), Honey (AHM), Jet Onyx (JOM), Light Honey (LHM), Mahogany (TMM), Maple (AVM), Medium Walnut (MWM), Night (ASM), Natural Walnut (NLW), Noce Biondo (NBM), Noce Grigio (NGM), Noce Leggero (NEM), Noce Medio (NMM), Sandy Beach (SBM), Shaker Cherry (SKM), Silver Oak (SOM), Walnut (TWM), White (WHM), WC Cream (WTM) and Winter Cherry (WCM).
- Armcaps are securely fastened with metal-to-metal connectors which allow for field replacement if required.
- Easy grip forward extending armcap on models with arms.
- Replaceable seat covers and replaceable and/or removable seat cushions are standard.
- Waterfall cleanout between the seat and back cushions.
- Models are standard with metal mesh seat deck. For behavioral health applications, the metal mesh seat deck can be covered with a solid moisture resistant surface, held in place with tamperproof fasteners. Contact your sales rep for a special quotation.
- All seat frames feature a wall saver design to prevent back contact with wall.
- Models ending in **CA** have upholstered panel arm inserts closing the arm. (Closed arm panels are designed to be replaceable. Request a special quote to have them secured with tamperproof fasteners.)
- For Globalcare textile options, visit the website at globalfurnituregroup.com.
- Can be upholstered in standard Global textiles if healthcare compliance is not required.
- It is recommeded that High Traffic (HT) models be specified in textiles that meet or exceed 100,000 double rubs for added abrasion performance.
- Shipped fully assembled.
- **High traffic (HT) models are listed first, followed by wood models**.

OPTIONAL FEATURES

- **High traffic (HT) models**: Wood armcaps are available. See far left column "Wood models" for finishes. Please specify. No upcharge.
- **High traffic (HT) and wood models**: Self-skinned urethane (SSU) armcaps are available. Please specify. *Refer to individual models for availability and pricing.*
- For moisture barrier (seat only), add **$178** list upcharge per seat. For bariatric models: GC3640, GC3640CA, GC3640W, and GC3640WCA - Add **$183** list upcharge per seat.
- To add sealed seams to your product contact Customer Care. Upcharges vary.
- For Primacare tables, see page page 54.

SUGGESTED APPLICATIONS

- Bariatric seating
- Guest seating
- Lobbies
- Lounge/Waiting
- Patient rooms
- Resident rooms

PRIMACARE™ FULLY UPHOLSTERED LOUNGE

PRIMACARE FULLY UPHOLSTERED LOUNGE

model GC3676HB

model GC3677

STANDARD FEATURES

- Primacare is a family of products offering the most significant return on investment approach in the industry since every component can be repaired or replaced on site.
- Standard with fully upholstered arms and Black self-skinned urethane (SSU) legs.
- Solid hardwood frame with die cast zinc connectors and metal-to-metal fastening.
- Replaceable seat covers and replaceable and/or removable seat cushions are standard.
- Waterfall cleanout between the seat and back cushions.
- Models are standard with metal mesh seat deck. For behavioral health applications, the metal mesh seat deck can be covered with a solid moisture resistant surface, held in place with tamperproof fasteners. Contact your sales rep for a special quotation.
- All seat frames feature a wall saver design to prevent back contact with wall.
- For Globalcare textile options, visit the website at www.globalfurnituregroup.com.
- Can be upholstered in standard Global textiles if healthcare compliance is not required.
- Shipped fully assembled.

SUGGESTED APPLICATIONS

- Guest seating
- Lobbies
- Lounge/Waiting
- Patient rooms
- Resident rooms

OPTIONAL FEATURES

- Optional self-skinned urethane (SSU) armcaps available in the following finishes: Black (BLK), Latte (LAB), Kalua (KAL), Mocha (J52), Shadow (SHW), and Toast (TOA). Add $410.
- Optional wood legs and armcaps available in the following finishes: Absolute (AAM), Charcoal Java (CJM), Cherry (ACM), Empire Mahogany (EMM), English Oak (EOM), Espresso Cafe (ECM), Fruitwood (TFM), Gray (HGM), Harvest Oak (HOM), Honey (AHM), Jet Onyx (JOM), Light Honey (LHM), Mahogany (TMM), Maple (AVM), Medium Walnut (MWM), Nautral Walnut (NLW), Night (ASM), Noce Biondo (NBM), Noce Grigio (NGM), Noce Leggero (NEM), Noce Medio (NMM), Sandy Beach (SBM), Silver Oak (SOM), Walnut (TWM), White (WHM), WC Cream (WTM) and Winter Cherry (WCM). See features column for upcharges.
- When specified with armcaps: armcaps are securely fastened with metal-to-metal connectors which allow for field replacement if required.
- For moisture barrier on seat, please specify (**MB**). **Add $178** list upcharge per seat.
- To add sealed seams to your product contact Customer Care. Upcharges vary.
- For Primacare tables, see page 54

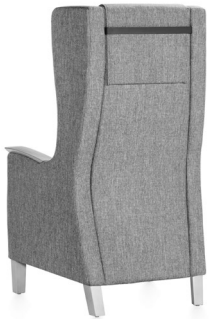
PRIMACARE™ WINGBACK

PRIMACARE WINGBACK

models GC3694HR and GC3696



model GC3691HR

STANDARD FEATURES

- Primacare is a family of products offering the most significant return on investment approach in the industry since every component can be repaired or replaced on site.
- Standard with Black self-skinned urethane (SSU) legs and armcaps.
- Armcaps are securely fastened with metal-to-metal connectors which allow for field replacement if required.
- Easy grip forward extending armcap on models with arms.
- For added comfort, seat and back are standard with high density foam.
- Replaceable seat covers and replaceable and/or removable seat cushions are standard.
- Waterfall cleanout between the seat and back cushions.
- Models are standard with metal mesh seat deck. For mental health applications, the metal mesh seat deck can be covered with a solid moisture resistant surface, held in place with tamperproof fasteners. Contact your sales rep for a special quotation.
- Models GC3691HR, GC3692HR and GC3694HR are standard with headrest. The metal headrest retainer bar finish must be specified. Available in Toast (TOA), Mocha (J52), Shadow (SHW) and Black (BLK).
- For Globalcare textiles and finish options, visit the website at www.globalfurnituregroup.com
- Can be upholstered in standard Global textiles if healthcare compliance is not required.

OPTIONAL FEATURES

- Optional self-skinned urethane (SSU) legs and armcaps available in the following finishes: Latte (LAB), Kalua (KAL), (Mocha (J52), Shadow (SHW) and Toast (TOA). No upcharge.
- For optional wood legs and armcaps, refer to the Seating wood finishes in the Textiles + Finishes section.
- Additional headrest colors are available based on quantity. Please contact your Global representative for a special quotation.
- For moisture barrier on seat, please specify (**MB**). For single seater, add $183. For two seater, add $363. For bariatric models, add $243.
- As an option, seams can be sealed to prevent penetration of fluids through the stitching. Please contact customer care for more information.
- For Primacare tables, see page 54

PRIMACARE MODULAR

STANDARD FEATURES

- Modular seating tops: Linking applications are available for medium and high back patient top units, low back guest top units and lounge top units.
- All modular seating top units are complete with frame and cushions. Leg/arm frames are ordered separately according to the desired specification.
- Frame design features a wall saver leg to prevent damage to walls. Frame construction ensures metal-to-metal fastening.
- For leg/arm frames and modular tables with power/USB module, refer to models ending in "M". Module includes two power outlets, four USB charging ports and a 6 foot long power cord. Available in Black or White (must be specified at time of order).
- Replaceable and/or removable seat and back cushions with replaceable cushion covers are standard.
- Seat cushion has a seamless waterfall front and clean out between and around the seat and back cushions.
- All (**CA**) models have closed upholstered arm panel inserts at each arm position.
- For added comfort, seats are standard with high density foam.
- Active weight capacity up to 500 lbs/seat when using metal frame, fully upholstered frame or on bariatric models; up to 350 lbs/seat when using wood frame.
- For textile options, visit the website at www.globalfurnituregroup.com.
- Can be upholstered in standard Global textiles if healthcare compliance is not required.
- Left and right position reference is determined from the seated position.

SUGGESTED APPLICATIONS

- Bariatric seating
- Guest seating
- Lobbies
- Lounge/Waiting

OPTIONAL FEATURES

- Self-skinned urethane (SSU) finishes are available on armcaps and on models with SSU legs in the following: Black (BLK), Latte (LAB), Kalua (KAL), Mocha (J52), Shadow (SHW) and Toast (TOA). Refer to individual models for availability and pricing.
- Metal leg/arm frames are available in the following finishes: Black (BLK), Latte (LAB), Kalua (KAL), Mocha (J52), Shadow (SHW), Toast (TOA) and Tungsten (TUN). Please specify.
- Wood legs and armcaps available in the following finishes: Absolute (AAM), Charcoal Java (CJM), Cherry (ACM), Empire Mahogany (EMM), English Oak (EOM), Espresso Cafe (ECM), Fruitwood (TFM), Gray (HGM), Harvest Oak (HOM), Honey (AHM), Jet Onyx (JOM), Light Honey (LHM), Mahogany (TMM), Maple (AVM), Medium Walnut (MWM), Natural Walnut (NLW), Night (ASM), Noce Biondo (NBM), Noce Grigio (NGM), Noce Leggero (NEM), Noce Medio (NMM), Sandy Beach (SBM), Shaker Cherry (SKM), Silver Oak (SOM), Walnut (TWM), White (WHM), WC Cream (WTM) and Winter Cherry (WCM). Refer to individual models for availability and pricing.
- Armcaps are securely fastened with metal-to-metal connectors which allows for field replacement if required. *Armcaps cannot be retrofitted in the field on units with no existing armcaps.*
- For moisture barrier on seat, please specify (**MB**). Add $119 per seat. For bariatric/lounge models, - Add $183 per seat.
- To add sealed seams to your product contact Customer Care. Upcharges vary.

For Primacare freestanding tables, see page 54
For Primacare Modular tables, see page 199
For Primacare Modular lounge tables, see page 210

MODULAR TABLES

Modular tables are offered with wood or metal legs. 1" thick table tops are available in thermally fused laminate (LP) and high pressure laminate (HP). Please select the appropriate model number for the finish you prefer.

Note: Modular tables are shipped KD (knock down) as per the published cube and weight. For Primacare freestanding tables, see page 54.

Thermally fused laminate (LP):

Absolute Acajou (ACJ)
Asian Night (ASN)
Avant Cherry (AWC)
Avant Honey (AWH)
Brushed Cobalt (BRC)
Clear Maple (CMB)
Dark Espresso (DES)
Designer White (DWT)
Hayden Grey (HGT)
Noce Biondo (NBL)
Noce Grigio (NGL)
Noce Leggero (NEL)
Noce Medio (NML)
Quartered Mahogany (QTM)
Tiger Fruitwood (TFW)
Tiger Walnut (TWL)
Walnut Heights (WHE)
White Chocolate (WHC)
Winter Cherry (WCR)

High pressure laminate (HP):

Absolute Acajou (ACJ)
Asian Night (ASN)
Avant Cherry (W357)
Avant Honey (W356)
Brushed Cobalt (BRC)
Clear Maple (CMB)
Dark Espresso (W142)
Designer White (DWT)
Hayden Grey (HGT)
Noce Biondo (NBL)
Noce Grigio (NGL)
Noce Leggero (NEL)
Noce Medio (NML)
Quartered Mahogany (QTM)
Tiger Fruitwood (TFW)
Tiger Walnut (W819)
Walnut Heights (WHE)
White Chocolate (WHC)
Winter Cherry (WCR)

Metal leg and frame finishes:

Available in Black (BLK), Latte (LAB), Kalua (KAL), Mocha (J52), Shadow (SHW), Toast (TOA) and Tungsten (TUN). Please specify.

SHIPPING INFORMATION:

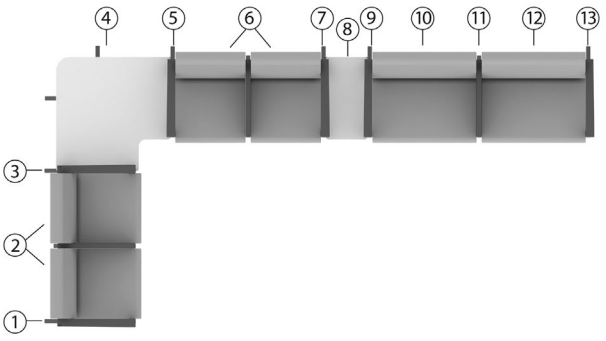
Product components and parts will be shipped knocked down (**KD**). Weight and volume are indicated with each item KD. They will not be shipped assembled.

Assembled with drawing:

Product orders that are part of a linked application may require a combination of complete units and components for build up to achieve the limitless configurations that are possible. CAD drawing must be submitted with order when requesting units ship assembled.
Globalcare will provide assembled units under the following conditions:

1. Detailed drawing clearly indicating:
   - The layout and location of each model number being ordered (see sample following).
   - If multiple textiles are used - textile color codes must be clearly identified on drawing.
2. Globalcare will carton assemble orders to a maximum of 3 regular seat positions, which is the largest carton available.
3. Globalcare reserves the right to determine the best method of assembly based on the information provided with the order.

PACKAGE 1 - Primacare HT



Always call out components as if seated in the chairs.

PRIMACARE™ MODULAR - LOUNGE

Modular tables for use with modular lounge and fully upholstered lounge units:
Tops are 1" thick.

Wooden leg tables:

Metal leg tables:

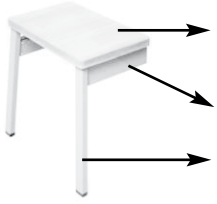

Table top finishes:

Thermally Fused Laminate (**LP**)
- Absolute Acajou (ACJ)
- Asian Night (ASN)
- Avant Cherry (AWC)
- Avant Honey (AWH)
- Brushed Cobalt (BRC)
- Clear Maple (CMB)
- Dark Espresso (DES)
- Designer White (DWT)
- Hayden Grey (HGT)
- Noce Biondo (NBL)
- Noce Grigio (NGL)
- Noce Leggero (NEL)
- Noce Medio (NML)
- Quartered Mahogany (QTM)
- Tiger Fruitwood (TFW)
- Tiger Walnut (TWL)
- Walnut Heights (WHE)
- White Chocolate (WHC)
- Winter Cherry (WCR)

High Pressure Laminate (**HP**)
- Absolute Acajou (ACJ)
- Asian Night (ASN)
- Avant Cherry (W357)
- Avant Honey (W356)
- Brushed Cobalt (BRC)
- Clear Maple (CMB)
- Dark Espresso (W142)
- Designer White (DWT)
- Hayden Grey (HGT)
- Noce Biondo (NBL)
- Noce Grigio (NGL)
- Noce Leggero (NEL)
- Noce Medio (NML)
- Quartered Mahogany (QTM)
- Tiger Fruitwood (TFW)
- Tiger Walnut (W819)
- Walnut Heights (WHE)
- White Chocolate (WHC)
- Winter Cherry (WCR)

Wooden leg finishes (top, base, legs & apron):

- Absolute (AAM)
- Charcoal Java (CJM)
- Cherry (ACM)
- Empire Mahogany (EMM)
- English Oak (EOM)
- Espresso Cafe (ECM)
- Fruitwood (TFM)
- Gray (HGM)
- Harvest Oak (HOM)
- Honey (AHM)
- Jet Onyx (JOM)
- Light Honey (LHM)
- Mahogany (TMM)
- Maple (AVM)
- Medium Walnut (MWM)
- Natural Walnut (NLW)
- Night (ASM)
- Noce Biondo (NBM)
- Noce Grigio (NGM)
- Noce Leggero (NEM)
- Noce Medio (NMM)
- Sandy Beach (SBM)
- Shaker Cherry (SKM)
- Silver Oak (SOM)
- Walnut (TWM)
- White (WHM)
- WC Cream (WTM)
- Winter Cherry (WCM)

Metal leg finishes:

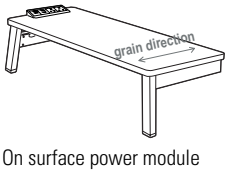
Black (BLK), Latte (LAB), Kalua (KAL), Mocha (J52), Shadow (SHW), Toast (TOA) and Tungsten (TUN). Please specify.

Metal frame finishes:

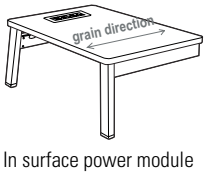
Black (BLK), Latte (LAB), Kalua (KAL), Mocha (J52), Shadow (SHW), Toast (TOA) and Tungsten (TUN). Please specify.

Power/USB modules:

For modular tables with power/USB module, refer to models ending in "M". Module includes two power outlets, four USB charging ports and a 6 foot long power cord. Available in Black or White (must be specified at time of order). Power module is mounted **on surface** on narrow tables; mounted **in surface** on larger tables.



On surface power module on narrow tables



In surface power module on larger tables

PRIMACARE™ MODULAR - LOUNGE

MODULAR TABLES	MODEL#	DIMENSIONS D x W x H	FREIGHT CLASS	WT/LBS.	CUBIC FT.	LIST PRICE
	GC36401-LP	28 x 20.25 x 13	125	23	3.5	**$981**
	GC36401M-LP With power					**$2074**

	GC36401M-HP With power					**$2118**

- *For a thermally fused laminate top (LP), specify model GC36401-LP.*
- *For a high pressure laminate top (HP), specify model GC36401-HP.*

- Models GC36401M-LP and GC36401M-HP have **power/USB** module mounted in surface.

Center Table

Coordinating 2mm edge. Regular center table for **wood or metal lounge** frame. Must be connected to full arm and leg with **lounge** frames (GC36406TLA/TRA, GC36406TLCA/TRCA, GC36406WTLA/TRA, CG36406WTLCA/TRCA). 1 per carton.

	GC36402-LP	28 x 12 x 13	100	20	2.1	**$936**
	GC36402M-LP With power					**$2032**
	GC36402-HP	28 x 12 x 13	100	20	2.1	**$981**
	GC36402M-HP With power					**$2074**

- *For a thermally fused laminate top (LP), specify model GC36402-LP.*
- *For a high pressure laminate top (HP), specify model GC36402-HP.*

- Models GC36402M-LP and GC36402M-HP have **power/USB** module mounted in surface.

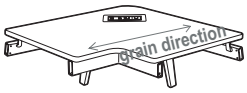
Narrow Center Table

Coordinating 2mm edge. Narrow center table for **wood or metal** lounge frame. Must be connected to full arm and leg with **lounge** frames (GC36406TLA/TRA, GC36406TLCA/TRCA, GC36406WTLA/TRA, GC36406TLCA/TRCA). 1 per carton.

	GC36403WL-LP	37.12 x 37.12 x 13	125	46	6	**$1674**
	GC36403WLM-LP With power					**$2771**
	GC36403WL-HP	37.12 x 37.12 x 13	125	46	6	**$1773**
	GC36403WLM-HP With power					**$2868**

- *For a thermally fused laminate top (LP), specify model GC36403WL-LP.*
- *For a high pressure laminate top (HP), specify model GC36403WL-HP.*

- Models GC36403WLM-LP and GC36403WLM-HP have **power/USB** module mounted in surface.



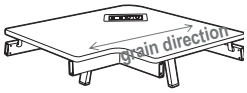
Left Corner Table, Wood Legs

Coordinating 2mm edge. Must be connected to full arm and leg with **wood lounge** frames (GC36406WTLA/TRA, GC36406WTLCA/TRCA). This table allows for kneespace when specifying chairs in a corner position. 1 per carton.
- Includes 2 rear wood legs (not shown).

	GC36403L-LP	37.12 x 37.12 x 13	125	46	6	**$1761**
	GC36403LM-LP With power					**$2854**
	GC36403L-HP	37.12 x 37.12 x 13	125	46	6	**$1860**
	GC36403LM-HP With power					**$2955**

- *For a thermally fused laminate top (LP), specify model GC36403L-LP.*
- *For a high pressure laminate top (HP), specify model GC36403L-HP.*

- Models GC36403LM-LP and GC36403LM-HP have **power/USB** module mounted in surface.



Left Corner Table, Metal Legs

Coordinating 2mm edge. Must be connected to full arm and leg with **metal lounge** frames (GC36406TLA/TRA, GC36406TLCA/TRCA). This table allows for kneespace when specifying chairs in a corner position. 1 per carton.
- Includes 2 rear metal legs (not shown).

MODULAR TABLES	MODEL#	DIMENSIONS D x W x H	FREIGHT CLASS	WT/LBS.	CUBIC FT.	LIST PRICE

On Surface Power/Data Module

Surface top mount power/data module with one power outlet, two USB charging ports. 6 foot cord. White. Can be mounted to all freestanding and modular tables.

RIVER+™

Meet River+™, the next generation of our highly popular River lounge series. Now with industry-leading support for workplace, education and healthcare, River+ performs at three times the BIFMA standard for true 24/7 applications in demanding environments. All models have been active weight tested to 600 lbs. including bariatric use. Multiple back and seat heights, 120-degree configurations and modular Aluminum arms are just a few of the many options that will make it yours.

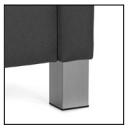
To see the full River+ series, please refer to the Seating price list at: globalfurnituregroup.com/workplace/resources/price-lists

Features and Benefits

- A modular series that is composed of straight, curved and corner lounge sections, a wide assortment of benches and tables, and media hearths.
- Lounge and linking tables can be linked together in any combination to create a wide variety of layouts. Ganging hardware is standard and is factory installed. Ganging hardware swivels out of the way when not in use.
- Seating frames are constructed of heavy duty plywood, and are made for active environments. Seats are high density with highly resilient foam.
- River+ seating is rated for an active weight up to 600 lbs. per seat and 24/7 use.
- For 24/7 use and/or heavy duty application use, Global's Heavy Duty warranty is only on models specified with performance textiles, rated for 150,000 double rubs or more.
- A clean-out gap is created by seat-to-back connector brackets available in three finishes.
- The tapered legs are made of welded steel. The standard leg height is 6.5" with optional 3" and 8" legs available on select models. The leg height makes it easy to clean under the product.
- Modular, polished Aluminum loop arms can be relocated and retrofit to support changing layouts.
- A back shelf is available on most units in many laminate finishes.
- For improved safety, housekeeping and infection control, optional features include: sealed seams, sealed seat underside, and tamperproof bottom enclosures.
- For easy user access, optional power units are available for specification in a variety of locations across most River+ lounges, benches, and tables.
- For environmental certifications, please visit globalfurnituregroup.com.

SENATOR

model GC3392



STANDARD FEATURES

- The flared back design and creative curves enhance any healthcare environment without sacrificing comfort.
- Waterfall seamless front upholstered design with removable seat cushions for easy cleaning and protecting against bacteria.
- For added comfort, seats are standard with high density foam.
- Standard with wood legs.
- For healthcare textiles and wood finish options, visit the website at globalfurnituregroup.com.
- Can be upholstered in standard Global textiles if healthcare compliance is not required.
- Shipped fully assembled.

OPTIONAL FEATURES

- Optional metal legs are available in Black (BLK), Latte (LAB), Kalua (KAL), Mocha (J52), Shadow (SHW), Toast (TOA) and Tungsten (TUN). Please specify. No upcharge.
- For non-slip glides specify (**NS**) - **Add $32**.
- For moisture barrier on seat, please specify (**MB**). **Add $178** per seat.

SUGGESTED APPLICATIONS

- Lobbies
- Lounge/Waiting
- Patient rooms
- Resident rooms

SLEEP-EEZ

model GC3614

STANDARD FEATURES

- Sleep-Eez provides incredible comfort, requires zero wall clearance and can be easily opened and closed by one person.
- It can be adjusted to create three functional positions: a chair, a chaise lounge and a sleep surface.
- The heavy duty steel mechanism will provide long-term performance.
- Commercial grade casters are standard. Front casters are non-swivel manual locking. Back casters are non-locking and swivel for better steering when moving the chair.
- Clean out space is provided between the seat and back cushions for housekeeping and infection prevention control.
- Sleep-Eez's construction allows for on-site replacement of all components, eliminating down time and enhancing the product's life.
- Standard with Black self-skinned urethane (SSU) fully extended arms with a grip for ease of entry and exit from chair.
- For Globalcare textile options, visit the website at www.globalfurnituregroup.com.
- Can be upholstered in standard Global textiles if healthcare compliance is not required.
- Ships fully assembled.
- Measurements:
  Chair: 34.5"W x 37"D x 34.25"H
  Chaise lounge: 34.5"W x 64"D x 34.25"H
  Sleep surface: 24"W x 77"D

OPTIONAL FEATURES

- For moisture barrier on seat, please specify (**MB**). Add $178.
- To add sealed seams to your product, please specify (**SS**). Add $317.

SUGGESTED APPLICATIONS

- Lobbies
- Lounge/Waiting
- Office/Meeting
- Patient rooms
- Resident rooms
- Treatment/Exam rooms

Please add option codes in the following order:

- **Model number**
  GC3614 Single sleeper chair
- **Textile**
  Specify fabric code.
- **Armcap finish**
  (**SS**) Black SSU armcap
  (**KL**) Kalua SSU armcap
  (**LT**) Latte SSU armcap
  (**MC**) Mocha SSU armcap
  (**SW**) Shadow SSU armcap
  (**TO**) Toast SSU armcap
  (**AB**) Absolute wood armcap
  (**CJ**) Charcoal Java wood armcap
  (**AC**) Cherry wood armcap
  (**EP**) Empire Mahogany wood armcap

STRAND

model GC3707HB

model GC3702

FEATURES

- Strand is the perfect synthesis of versatility, comfort, durability and value pricing. Strand offers a pleasing look in a diverse range of solutions from single patient room chairs to waiting areas and public spaces.
- All models are standard in oval metal tube frame.
- Frame available in Black (BLK), Latte (LAB), Kalua (KAL), Mocha (J52), Shadow (SHW), Toast (TOA) and Tungsten (TUN). Please specify.
- The frame can be weighted and made with tamper proof fasteners for greater security in more challenging mental health spaces or correctional facilities.
- Armcaps are standard in Black self-skinned urethane (SSU).
- **Left and Right Position Reference** is determined based on being seated in the chair.
- The seat and back are removable and field replaceable.
- For added comfort, seats are standard with high density foam.
- All seat frames feature a wall saver design to prevent back contact with wall. Footstool and benches do not have wall saver legs.
- Standard seat height on all models is 18".
- Cleanout space is provided between the seat and back cushions for easy housekeeping.
- Standard with Black plastic glides.
- Select models are offered with rear tip and move wheels. To activate wheels, tilt the chair back so the casters are in contact with the floor. This feature makes it easy to relocate the chair while unoccupied.
- Flex back models allow the back to move in a soothing rocking motion.
- Active weight capacity for standard single seat is 350 lbs. and 750 lbs for bariatric seating.
- For Globalcare textiles and finish options, visit the website at www.globalfurnituregroup.com
- Can be upholstered in standard Global textiles if healthcare compliance is not required.

OPTIONAL FEATURES

- Wood armcaps are also available in all healthcare wood seating finishes.
  Single Seat - Add $165
  Two Seater - Add $244.
  Three Seater - Add $326.
- Non-marking White glides are available. Please specify (**WH**). No upcharge.
- For moisture barrier on seat, add **$119** per seat. For bariatric models - Add **$183** per seat.
- As an option, seams can be sealed to prevent penetration of fluids through the stitching. Contact Customer Care for approved textiles.
  For Low Back Models - Add $75 per seat.
  For Low Back Bariatric Models - Add $80 per seat.
  For High Back Models - Add $87 per seat.
  For High Back Bariatric Models - Add $90 per seat.
  For Split-Back models - Add $131
  For Ottoman - Add $23
  For Single Seat Bench - Add $30
  For Two Seat Bench - Add $59
  For Three Seat Bench - Add $87
- For complementary tables, please refer to the GC-Belong **freestanding** tables, page 39 (*Not for use with GC-Belong table bridges.*)

SUGGESTED APPLICATIONS

- Bariatric seating (some models)
- Guest seating
- Lobbies
- Lounge/Waiting
- Patient rooms
- Resident rooms
- Treatment/Exam rooms

DESCRIPTION	MODEL#	STANDARD FABRIC GRADES

WINGBACK

model GC3787C

STANDARD FEATURES

- Traditional styling, easy to exit and features removable and replaceable seats.
- For added comfort, seats are standard with high density foam.
- Standard glide is plastic.
- Wood legs are available in a variety of finishes. Available in Maple wood only species.
- For textile and finish options, visit the website at globalfurnituregroup.com
- Can be upholstered in standard Global textiles if Healthcare compliance is not required.
- Shipped fully assembled.

OPTIONAL FEATURES

- For non-slip glides specify (**NS**) - Add **$32**
- For moisture barrier (seat only) - Add **$178** per seat.

SUGGESTED APPLICATIONS

- Guest seating
- Lobbies
- Lounge/Waiting
- Patient rooms
- Resident rooms

TEXTILES & FINISHES

Blended Seating Textiles

The grid below outlines the grade structure for using multiple textiles on select seating series. Blended textiles occur when one textile is chosen for one part of the chair and a different textile is selected for another part of the chair, resulting in a revised "blended grade".

NOT FOR USE with Calidon, Erin or Collingwood. See series price list pages for pricing.

For specification and pricing for more than two different textiles, please contact Global Customer Care for approval and pricing.

MAIL FORM AND TEXTILE SAMPLE ONLY TO:

GLOBAL - COM Department
17 West Stow Road
Marlton, NJ 08053 | 856.596.3390

Please contact your local GLOBAL Distribution Center for status of all COM requests. When textile is approved and an authorization number issued, a set of shipping instructions will be faxed or e-mailed to you.

Approved textiles are to be shipped to the address that will be included with instructions. Do not ship textiles to the address on this form. Dealer is responsible for the shipping expenses. Brokerage fees will be paid for by Global. However, duties imposed by North American Governments related to textile materials, content and Country of Origin, additional fees may apply and will be billed separately.

Please Note: C.O.M Textiles may not be shipped without shipping documents. GLOBAL is not responsible for any material shipped without the authorization number.

Please be advised that Global has phased out the use of textiles that contain certain Phthalates, including but not limited to: DEHP (di (2-ethylhexyl) phthalate), DBP (di-n-butyl phthalate), BBP (butyl benzyl phthalate) and DINP (di-isononyl phthalate) (collectively the "Listed Chemiclas"). The Listed Chemicals are used in certain types of vinyls. Global cannot accept orders for textiles that contain the Listed Chemicals, if such orders are to be shipped to the U.S.A. or are intended for customers in the U.S.A. If you are not sure if the C.O.M you have selected contains the Listed Chemicals, please contact the manufacturer or supplier of the fabric to verify.

THE ENVIRONMENT We believe now more than ever, that it is our responsibility to protect the environment and our precious natural resources for future generations. The growing importance of energy and environmental concerns continues to challenge us in this ever changing marketplace.

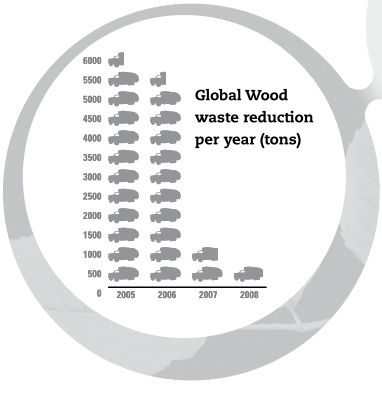
As an industry leader, Global continues to take proactive steps towards reducing the negative impacts on the environment. We are building "healthier" offices; investing in Research & Development and new technologies; reducing waste and the consumption of energy; and improving the quality of the air we breathe, all which can have a significant impact on our quality of life.

Epoxy Powder coating process is solvent free. No harmful VOC's or lead. No toxins are released into the atmosphere.

Global has the products and resources to help your projects achieve LEED certification.

Global's recycled fabrics offer affordable, environmentally responsible alternatives to commercial textiles. We recycle 35,000 lbs of fabric offcuts weekly.

New technology allows us to reduce glue usage by 50%. In addition, our polyurethane glue reduces emissions and requires less energy to apply.



powder paint process:
98% paint recovery and reuse

more recycled fabric
less to the landfill

talk to us about our
leed partnership program

we've diverted
90% of our wood waste from landfill in four years

For further information on Global's environmental initiatives, please visit http://www.globaltotaloffice.com/enviro/

Global is focused on providing furniture products for use in healthcare environments. This illustrated price list book has been designed to facilitate fast reference and easy use. Products are categorized into "personal room furniture", "tables" or "seating" and are listed numerically within their categories. The line drawings match actual photographs (where possible) to aid in instant recognition of the total range within a series.

Sales of healthcare products are made only on Global's standard Terms and Conditions of sale which are contained in this price book. The "Purchaser" in these Terms, Conditions and General Information shall refer to dealers and those who originally purchase directly from Global for use or resale. These standard terms and conditions may be modified or supplemented only by a separately written document signed by Global's authorized personnel at its head office in Marlton, NJ. Any term or condition contained in any purchase order or other form used by the Purchaser to order goods (including standard, printed language) which is different from, in addition to, or in any way inconsistent with Global's standard terms and conditions shall be of no force or effect whatsoever.

All illustrations, specifications and prices in this list price book are based on the latest product information available at the time of publication. Global reserves the right to make changes, at any time and without prior notice to prices, colors, materials, specifications and models offered.

DESCRIPTION
Each product shown or described in this price list is standard healthcare product. Available options are noted at the beginning of each series. Available options may require additional delivery time and cost, and may affect the warranty given. Sizes and weights shown are approximate and are subject to slight changes from time to time.

PRICES AND PAYMENT
The prices shown in this book, as well as those quoted by Global, are in United States dollars for orders shipped to destinations in the U.S., Mexico and Puerto Rico.

If shipping date requested is more than 90 days from date of order, Global shall reserve the right to use published list prices effective at the time of shipment.

Orders are invoiced at the time of shipment. **Terms of payment are net 30 days from date of invoice (1% 15 days) unless otherwise stated.** The Purchaser agrees that Global shall reserve the right to enforce a charge amounting to 1.5% per month (18% per year) on invoices outstanding more than 30 days.

If the Purchaser's most recent annual net volume is less than $5,000, payment must be made in advance.

All orders are subject to the Purchaser complying with Global's prevailing credit policy.

Any products sold by Global shall remain the property of Global until fully paid.

Prices are suggested list prices only and are subject to change without notice. Global will, however, attempt to keep the Purchaser up-to-date on all developments including price changes.

TAXES
All prices shown in this list price book are exclusive of sales, use, excise and other applicable taxes and are the Purchaser's responsibility as per the invoice issued by Global. If the Purchaser claims an exemption from such taxes, it shall be the Purchaser's responsibility to furnish Global with an appropriate exemption certificate at time of order.

ORDERING INFORMATION
Global requires that all orders be submitted in writing and will be acknowledged on Global's acknowledgment forms governing the transaction.

The details appearing on this acknowledgement will describe the items to be shipped and the approximate shipping date. It is the Purchaser's responsibility to determine that the information in the acknowledgment is correct. In the event of an error, the Purchaser must notify Global immediately by telephone followed by written confirmation. Shipping dates are assigned to orders based on the item having the longest manufacturing lead time (unless instructed to partial ship).

At the time of order, please provide the following information:
1. Account number (if possible)
2. PO number
3. "Bill to" and/or "Ship to" name and address
4. Complete model number and selected options, including textiles/finishes
5. Special instructions and tag information
6. Shipping instructions
7. Special quote (SQ) # or MTM # (if applicable)
8. Customer's Own Material (COM), Global Purchased Material (GPM), Customer's Own Leather (COL), see below.
9. For specials and custom quoted product, please indicate the custom quote # on your PO. If changes are made to the quote, a new quote must be issued prior to submitting the order. It is the Purchaser's responsibility to determine that the information on the quote is correct. Global will not be responsible for wrong product due to errors in the quote.

The above points will be checked by Global for accuracy. Global will process orders using the codes provided by the Purchaser. Price discrepancy is the responsibility of the Purchaser. The Purchaser must notify Global prior to invoicing.

The Purchaser is responsible for providing correct information when placing an order. Orders with incorrect information (finish, etc.) will be scheduled for manufacturing upon receipt of complete information.

To prevent a delay in processing orders, please specify delivery routing.

CHANGES AND CANCELLATIONS
After the date of Global's acknowledgment of a Purchaser's order, the order may not be changed or canceled by Purchaser without the written consent of Global. Special order items, C.O.M. and fabric-covered items already in production are not subject to change or cancellation under any circumstances. Fabric-covered items are considered to be in production once the fabric is scheduled for cutting.

ERRORS AND OMISSIONS
All quotations, acknowledgements and invoices are subject to corrections for any errors and omissions.

FINISHES
Seating Finishes - Painted
Where painted frames are not a standard color, there is a one time charge of $613 list price per order for custom wood staining/color matching. Restrictions may apply. The customer must provide a 3"x 3" color chip/sample for review and approval. Non-standard finishes must be approved by Global prior to acceptance of order.

Seating Finishes - Wood Stained
Because the distinctive characteristics and the nature of wood products cause variations, exact matches are not always possible.

Global coordinates its finishes program between marketing divisions within the Global Group to match products as best as possible when same finishes are specified. However, Global will not be held responsible if the finishes cannot be matched.

Customers Own Material (COM)
Use of COM must be approved by Global prior to acceptance of order. Please submit the Authorization Request Form. Photocopy and use this form as often as necessary. The customer must provide a 12" x 12" fabric sample and advise how the fabric is to be applied and quantity of fabric being sent. **Textile yardage requirement will be advised by factory, and additional yardage may be required if pattern requires matching**. Upon approval from Global, send textile to your Customer Care Representative. If COM is difficult to apply or if product is required to be modified, extra charges will apply. Global reserves the right to cancel an order at any time if COM is inadequate for any reason. COM must be shipped freight and duties paid (if applicable) to our factory. Such shipment must be fully identified with the Purchaser's order number, RGA # provided by Global, and the item for which material is intended. Performance of COM when applied to product is the sole responsibility of the Purchaser. Global's standard product warranty shall not apply to COM. Use of COM will not reduce the published list price.

C.S.M. (Customer Specified Material)
Use of Customer Specified Material must be approved by Global prior to acceptance of order. If C.S.M. is difficult to apply or if product is required to be modified, extra charges shall apply. Global reserves the right to cancel an order at any time if C.S.M. is inadequate for any reason. Performance of C.S.M. when applied to product is the sole responsibility of the Purchaser. Globla's standard product warranty shall not apply to C.S.M.

VINYL AND FABRIC GRADING
All products are priced according to their standard vinyl and fabric grade. Lower grade vinyls and fabrics are available (unless otherwise specified) at same price as standard. The listing of prices for each model indicates a price for each of the upholstery grades. Prices are based on yardage in imperial measurements. Please refer to the Textiles & Finishes section of the Global website for the most up to date listing.

UPHOLSTERY COVERINGS
Slight variations in color may occur between dye lots. Although Global attempts to minimize these variances, they do occur and must be accepted as normal and will not be considered defects.

YARDAGE
Required yardage (ydg) is based on unmatched materials with widths of 54" for seating. Yardage calculations are based on imperial measurements.

WEIGHT
This figure indicates the weight of one part and its packaging, regardless of the number of parts shipped in a single carton. In order to estimate the approximate shipping weight for an order, you have to multiply the indicated weight by the number of parts per carton. (e.g. if a part weight is 10 lbs. and is shipped 4 per carton, shipment weight should be calculated as: 4 x 10 = 40 lbs.)

CUBIC MEASURE
The stated cubage is an approximate cubic foot measure to calculate freight costs. The figure shown is the volume for the total shipment of a part (e.g. if a part is sent in 2 cartons the volume indicated reflects the cubage of both cartons together) and is subject to change without notice. It is most economical to purchase the specified number per carton.

DELAYS
Global's shipping confirmation will state a shipping date which is Global's best estimate at the time the order is acknowledged. However, Global shall not incur any obligation or liability to Purchaser for failure to ship by specified date unless Global has agreed to an unequivocal shipping date in a separately signed written document executed by its authorized personnel at its head office. In addition, Global shall not be liable for any loss or damage resulting from any delay or failure in shipment or other failure to perform all or any part of the agreement between the parties with respect to the goods shown on the face of the order acknowledgement where such delay, failure, loss or damage is the proximate result of any act of any governmental authority or political subdivision thereof, revolution, riot, civil disorder or disturbance, delay or default in transportation, electrical power failure, strike disputes among or between labor unions or other labor disputes, delay or inability in obtaining materials and facilities, fire, flood, act of God or any cause not within the reasonable control of Global, whether of the class of causes enumerated or otherwise.

SUSPENSION
In the event that the Purchaser defaults in the payment of any sum due to Global, or in the event the Purchaser's financial condition becomes unsatisfactory to Global, Global shall have the right to defer or discontinue shipment of any goods until such time as the default is cured or the Purchaser provides assurance of payment to Global.

F.O.B.
F.O.B. point is Global's Factory, Downsview, Ontario, Canada, or any Global Regional Distribution Center.

SERVICE
Service requests are normally the responsibility of Global's authorized dealers. Where this cannot be accomplished on a local level, service problems should be referred to Global's Customer Service Department at the nearest distribution center.

RETURNS
No returns of goods will be accepted without written consent and shipping instruction of Global. A minimum re-stocking charge of 35% is made on all authorized returns for credit or refund, provided goods are received by Global in the condition in which they left the factory. This may increase depending on the type of product. Global's Return Goods Authorization (R.G.A.) numbers must appear prominently on all authorized returns. Global will not be responsible for freight costs. No credit will be given if goods cannot be reused as new. Special order items and C.O.M. products are in no event subject to return. All returns must be approved and authorized in writing by Global Customer Care. Global reserves the right to refuse delivery of any unauthorized returns.

STORAGE CHARGE
Global reserves the right to assess storage charges if a customer does not accept shipment of an order within a week of shipment or requested ship date.

CLAIMS
All goods are sold F.O.B. plant or Global Distribution Center. Global is not responsible for damage which occurs in transit (or in storage). The carrier signs for all goods received in apparently good order. It is the Purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier for losses or damage to the product occurring during transit, including concealed damage.

Any claims made against Global for apparent defects, errors or shortages must be made by the Purchaser, in writing, within 15 working days after any delivery. Failure by the Purchaser to make any claim against Global within 15 days shall constitute acceptance of the goods and a waiver of any apparent defects, errors or shortages.

COMBINED SHIPMENTS
Global will make every effort to combine shipments and orders on written request. However, Global cannot be held responsible where such request is not complied with.

UPS SHIPMENTS
Seating products marked with a UPS symbol next to the CARTON COUNT are packaged for UPS-able shipments.

OFFER OF SALE
Possession of this price list or any other literature shall not imply Global's willingness to sell to the holder and shall not be construed as a direct offer of sale.

If a conflict arises between: (i) prices found in software support packages furnished to the customer by Global or by any other source on behalf of Global; and (ii) Global's current printed price lists, then the printed price list shall prevail.

TESTING QUALIFICATIONS
Many Global products pass or exceed the most stringent testing procedures. Where tests are significant, they are marked as C.G.S.B. (Canadian General Standards Board) qualified and as passing ANSI/BIFMA (American National Standards Institute/ Business Institutional Furniture Manufacturer's Association).

DISCLAIMER
All dimensions are in inches. Prices shown are current manufacturer's suggested list prices at the time of printing. All applicable taxes are extra. Descriptions, specifications and prices are subject to change without notice. Errors and omissions are subject to correction.

COPYRIGHT
All catalogs, photographs, drawings, price lists and other printed material are protected by copyright. All rights reserved.

TRADEMARKS
All trademarks are owned by Global other than OBUSFORME™ which is owned by OBUSFORME LTD. and are used under license and MOR-CARE™ which is owned by MORBERN INC. OBUSFORME® and the distinctive backrest design are registered trademarks of OBUSFORME LTD.

DESIGNS
Many of the products produced by Global are protected by Industrial Design Registrations, Design Patents and/or Patents. Designs and specifications are subject to change, discontinuance or additions without notice.

FLAMMABILITY
The foam used in Global chairs meets the requirements of California TB117:2013. In addition to the foam, upholstery materials must also meet the California TB117 smolder resistant requirements. Please contact Customer Care to determine if a selected textile meets the California TB117 requirement.

This list price book is effective as of July 5, 2022.

For periodic updates, please check the PDF at www.globalfurnituregroup.com. Global warrants that all commercial products are free from defects in material and workmanship, for the life of the product, to the original purchaser.

LIMITED LIFETIME WARRANTY HEALTHCARE

Global warrants that all commercial products are free from defects in material and workmanship, for the life of the product, to the original purchaser.

Global will repair or replace, at Global's option, as the sole remedy for any defect covered by the warranty. The warranty applies to products manufactured after March 22, 2016.

Global makes no warranty that any of its products are suitable for any particular purpose and makes no other warranties, express or implied, other than those set out here. As codes and standards vary from one jurisdiction to another, references to compliance are solely for convenience and without any representation as to accuracy or suitability. Users must verify the suitability of such information or product for their specific application. In no event shall Global be liable in either tort or contract for any loss or direct, special, incidental, consequential, or exemplary damages.

General Healthcare Seating

Global's healthcare warranty for general seating covers all chair components including pneumatic cylinders, bases, casters, glides, frames, arms, plastic seats, backs and other structural components.

The warranty applies to single shift, standard usage, defined as a standard eight (8) hour day, forty (40) hour week as noted with each model number.

Exceptions to the warranty for general seating are as follows:

- Foam, upholstery, textiles (as sampled on Global branded and textile program cards), mesh material and electrical devices are warranted for five (5) years
- Control mechanisms are warranted for twelve (12) years
- Heavy Duty Seating is not defined as General Healthcare Seating (see below for warranty exceptions)

Heavy Duty / Bariatric Seating

Global offers products designed for multiple shift applications (24 hours a day / 7 days a week) and larger individuals weighing up to 350 and/or 500 lbs or 750 lbs (depending on series and/or model). Global warrants these products for twelve (12) years to the original Purchaser. All components (including control mechanisms, pneumatic cylinders, bases, casters, glides, frames, arms, plastic seats/backs, etc.) are covered for 24/7 applications under the warranty. The exceptions are foam and textiles, which are covered for five (5) years. Fabric or upholstery material on these products must exceed 100,000 double rubs for the textile portion of the warranty to apply. Please refer to www.globalfurnituregroup.com for an up to date list of series and/or applicable models.

Files, Desks, Modular Furniture, Tables, Panels & Accessories

Global warrants all components of metal storage and filing, laminate and wood veneer desks, laminate and wood veneer tables, metal leg components and panels for the lifetime of the product to the original Purchaser.

Seating Warranty Summary

Seating Type	Components Warranty For Original Purchaser	Use Time For Warranty Coverage	Exceptions
General healthcare seating	lifetime	8 hours/5 days per week	foam/upholstery/textiles/mesh/electrical devices - 5 Years control mechanisms - 12 years
Heavy duty / bariatric seating	12 years	24 hours/7 days per week	foam/upholstery/textiles - 5 years

Files, Desks, Modular Furniture, Tables & Accessories Warranty Summary

Product Type	Components Warranty For Original Purchaser	Exceptions
Metal storage and filing	lifetime	none
Laminate/wood veneer desks and modular furniture	lifetime	tackboard textiles, electrical devices, task lights - 5 years
Boardroom, conference and training tables	lifetime	electrical devices - 5 years moving parts - 5 years

Global's healthcare warranty does not apply (for any product category) to the following:

- Nominal or normal amount of wear and tear that can occur over time
- Failures which result from negligence, abuse, accident or misuse
- Failure to apply, install or maintain products according to Global's written instructions and warnings
- Modifications, attachments or repair methods not approved by Global
- Damage caused by a carrier in transit, or delivery/installation contractors
- The matching of colors, grains or textures (wood, leather, etc.) of natural materials
- Products exposed to extreme hot or cold temperatures or excessively dry or humid environments
- Colorfastness or the matching of color of textiles; dye lots of textile can vary
- Damage by markings or staining; damage by sharp objects or imprinting from instruments
- Damage to textiles or laminate and wood surfaces/edges from exposure to sunlight (including UV rays)
- Products used for rental purposes
- Purchased parts are warranted for one (1) year
- Failure to follow specific cleaning and disinfecting instructions by the textile supplier

Warranty does not cover the costs of transportation or labor. Repair or replacement will be at Global's discretion.

Textiles and Finishes

Global warrants Global branded textiles and Global carded textile programs inclusive of fabrics, vinyls and leather products for five (5) years. Global does not warrant COM (Customer's Own Material) or GPM (Global Purchased Materials) that are customer specified materials, or graded-in and purchased by Global for a customer. For GPM or COM products, please contact the textile supplier for performance information and warranty details. Please refer to our website at www.globalfurnituregroup.com for a link to the supplier's recommendation for cleaning and disinfecting procedures. Improper usage of disinfecting/cleaning products may void the warranty.

Global texiles and finishes are updated periodically to meet the demand and trends of the market. As a result, some textiles and finishes may be discontinued by Global or the manufacturer. In the event that a texile or finish is discontinued, Global will make every reasonable effort to provide an alternative product(s) of comparable function.

PROTECTING THE ENVIRONMENT FOR FUTURE GENERATIONS

Our environmental success story began with the challenge to create an office system that would meet today's business requirements while maintaining a firm commitment to save and protect the environment.

Sustainability became a part of the creative focus and development of Compile that incorporates the latest technology and design features to provide excellent performance at a competitive price.

As government and industry environment ratings such as LEEDS & Greenguard become more prevalent, Compile offers designers and architects functional, attractive, and economical office designs that meet these standards.

Evolve Furniture Group is a leader in reducing waste in the manufacturing of its products as well as utilizing recycled materials wherever possible. We make extensive use of recycled plastic and wood waste from other Global factories.

Evolve Furniture Group is committed to the continuous improvement of our environmental systems, the prevention of pollution, and to comply with both the spirit and the letter of all relevant environmental legislation.

Compile Panels are 100% recyclable at the end of their lifespan. Nothing from an Evolve Panel needs to end up in a landfill.

SUSTAINABILITY INFORMATION

Compile offers fabrics that are made from 100% recycled polyester, which means less waste going to landfills. These fabrics also reduced the demand for petroleum products, and decrease the environmental impacts of processing those petroleum products into polyester.

Compile's epoxy powder coating process involves no liquids and is solvent free. It contains no harmful VOC's or lead. Up to 99% of over sprayed powdered is reclaimed, mixed with virgin powder and reused.

Compiles's entire panel is up to 82% recycled.

Compile masonite is up to 85% recycled.

Compile's entire product line is up to 99% recyclable.

PANELS

- Panel Fabric modules consist of Module Frames, Module Interiors and Fabric Skins.

Fabric

- Fabric offerings include selections woven with 100% recycled yarn.

Panel Frame

- Typical workstation contains up to 62.2% recycled material.
- Panel is made of 82.3% recycled material.
- Acoustic panels are light tackable with 0.70 NRC and a 26 STC rating.
- Non Acoustic panels are not tackable with 0.17 NRC and a 28 STC rating.
- Raceway covers are aluminum.
- Plastic top cap vs Aluminum top cap.

Metal Components/Raceway Finish

- All aluminum components are painted with environmentally friendly epoxy powder.
- Raceway interiors are coated with recycled epoxy powder.
- The entire Compile Panel and the processes used to manufacture it are designed to save and protect the environment. Compile Panels are made from recycled materials and are 99% recyclable.

Panel Options

- Compile Panels come in 4 heights: 30", 42", 54" and 66".
- Panel widths come in 7 sizes including: 24", 30", 36", 42", 48", 54" and 60".
- Panels conform to CGSB and ANSI/BIFMA standards. - This is your assurance that the quality, and performance level of these Panels have been tested to equal or exceed the requirements of the US government.
- Rigid, aluminum Panel Frame is 2 3/8" thick.
- Aluminum Panel Frame combined with easy to assemble "Quick Connect" clips, create a rigid Panel Wall.
- Levelling glides extend 2". Enables the client to deal with severe undulations in the flooring levels of a building.
- Compile makes it easy to select a Panel function that is suitable for your application.
- Compile makes it easy to select a Panel type and height that is suitable for your application.

VOICE/DATA AND ELECTRICAL POWER

- Voice/data cables can be inserted at the base. 8 wire, 4 circuit electrical capability, 2 utility + 2 dedicated circuits, each with 10 gauge (oversized) neutrals. All circuits can support up to 20 amps (15 CSA).
- Raceway Cover opening sizes conform to the ANSI/TIA/EIA Furniture Opening Standard of 1.345"x 2.680".
- Panels 24" wide include raceway covers with one knockout.
- Panels 30" wide include raceway covers with two knockouts.
- Panels 36"-60" wide include raceway covers with three knockouts.
- Panels and electrical components are CSA/UL approved.
- Compile panel raceway is roughly 2.13" x 4.6" without power distribution housing installed. With power distribution housing installed inside, the dimension is reduced to roughly 2.13" x 2.13
- The base raceway cavity accommodates 50 .25" diameter communication cables without power installed or 30 .25" diameter communication cables with power installed.
- 90-degree posts accommodate 25 .25"diameter communication cables without a ceiling infeed or 20 .25" diameter communication cables with a ceiling infeed installed.
- 120-degree posts may not be utilized for power infeeds or communication cables. 90-degree posts may be utilized at the end of a 120-degree configuration if ceiling infeed of power and/or data cables is required.
- No tools are required to install electrical in the Compile Panel System.

WORKSURFACES

- 1" thick worksurfaces come in a variety of shapes and sizes. Essentially, they are 24" or 30" deep and are available in 6" increments from 24" to 84" wide.
- Cable scoops located at the back of each Worksurface provide routing of power and data cables.
- This convenient feature, together with a 3/8" gap between the Worksurface and the Panel, allows access to cables without having grommet holes in the Worksurface.
- With this choice of product, we can tailor each installation to your requirements. The addition of custom sizes shows a commitment to client satisfaction that not every manufacturer offers.
- Thermally fused laminate tops are standard.
- All Worksurfaces utilize balanced construction.
- Predrilled holes in worksurfaces enable installer to properly align worksurface.

STORAGE

- 19", 23" and 29" deep Pedestals. Freestanding and Worksurface supporting options available.
- Drawer divider and pencil tray included in all Freestanding Pedestals containing box drawers. Drawer divider and pencil tray not included in Worksurface Supporting Pedestals.
- Adjustable glides are accessible from the inside of the cabinet.
- Positive and secure locking system on all Pedestals is standard.
- Full height drawer sides are standard on all file drawers. This enables you to hang files from the drawer side so no extra hardware is necessary. File drawers accept letter sized files. Optional file bars are available to file legal and metric sized files.
- Steel construction guarantees the performance of the product over the long term. Welded joints with a full top, back and base ensure that the Pedestal will sit square and adequately support the Worksurface where necessary.
- Worksurface supporting Pedestals are standard with Compile.
- Shelves feature all metal construction.
- All storage components as well as the Panel Frames are epoxy powder coated.
- Glides enable you to level the cabinet to the floor and or Worksurface. The convenient adjustment feature allows the installer to adjust the height of the cabinet while it is under the Worksurface. This saves time in the installation process.
- For additional security and peace of mind, locks can be keyed alike or master keyed for additional convenience. Standard recessed handle offers uncluttered aesthetic.
- "Environmentally friendly" epoxy powder coat is 15 times more durable in independent testing than a wet paint spray. This helps maintain the look of the product over its many years of service.

WARRANTIES AND PERFORMANCE

- A Lifetime Warranty
- Non Obsolescence Warranty
- Reduced cost of assembly and reconfiguration
- ISO9001:2008 Registered
- ISO14001:2004 Registered
- GreenGuard Certified
- Level 2 Certified
- ANSI/BIFMA CGSB testing on all products
- For piece of mind over the long term, we cover you with a comprehensive warranty that is supported by our dealer network.
- Some installation companies claim that the Compile Panels System can be installed in half the time it takes to install most of our competitor's segmented panels. This cost saving can amount to thousands of dollars over the lifetime of our furniture.
- Your assurance of consistent quality to an international standard. Evolve Furniture Group is committed to design, manufacture and distribute superior quality office furniture, which meets or exceeds the requirements of our customers.
- Confirmation that Evolve Furniture Group is committed (1) to providing product that, through their entire life cycle, minimize negative environmental impacts on the environment, (2) to continuous improvement to our environmental systems and programs and (3) to comply to all relevant environmental legislation and regulations.
- Compile Panel System can help a company meet LEED requirements for office furniture.
- Compile components are tested to the highest standard in the industry. This is your assurance of quality and longevity.
- Panel textiles, adjustable keyboard mechanisms, task lights and electrical devices = five (5) Years
- Other parts = Lifetime Warranty

Compile products have been coded using alphas that correspond with the product name. This creates an easy-to-remember code. The following breaks down the coding logic and highlights the required code components needed to order within each product category.

Panels

Example: **Product**: Compile Fabric Monolithic Panel

Specify: (1) **C M F M**

C

M

F

M

Base Code found on the product page to the left of the product name and a simple product illustration.

Co**M**pile product line

Fabric-covered Panel

Monolithic panel category

(2) CMFM**6648**

Panel size offering. Listed on every product page with price listing.
Note: Additional dimensions are provided for most products on the far right hand side of each page. These dimensions are not required in the ordering code.

(3) CMFM6648–**BK**

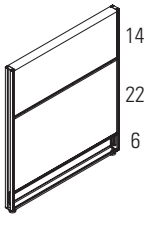
Standard paint code for frame. See the Fabric & Finish listing in this section.

To specify fabric for a Compile Panel, please note:

(4) CMFM6648–BK–**B84A**

Fabric code for all modules on both sides of the Panel*. See the Fabric & Finish listing in this section.

* **NOTE**: If different fabrics are to be included on a Compile Panel, please use the following ordering format. **Start at the bottom** of one side of a Panel and work to the top module of that Panel. Then start the process over on the other side of the Panel. As an example:



= 42

Position 2

Position 1

I1	B86A	I = Inside
I2	B84A	O = Outside
O1	B86A	
O2	B84A	

Electrical

Example: **Product:** Flexible Mesh Jumper Cable

Specify:

1 **C E 8 C P 1 7**

C — **C**ompile product line.

E — **E**lectrical category.

C — **C**able Panel.

P — **P**ass-Through.

2 CE8CP**17** — Product size offering – length. Listed on every product page with price listing. Note: Additional dimensions are provided for most products on the far right hand side of each page. These dimensions are not required in the ordering code.

Worksurfaces

Example: **Product:** Curvilinear Worksurface – Left

Specify:

1 **C W V L**

C — **C**ompile product line.

W — **W**orksurface category.

V — Cur**V**ilinear shape.

L — **L**eft hand configuration.

2 CWVL**3042** — Worksurface size offering. Listed on every product page with price listing. Note: Additional dimensions are provided for most products on the far right hand side of each page. These dimensions are not required in the ordering code.

3 CWVL3042–**T431** — Laminate code for surface. See the Fabric & Finish listing in this section.

4 CWVL3042–T890–**CR** — PVC code for trim. See the Fabric & Finish listing in this section.

Worksurfaces – Hardware

Example: **Product:** End Panel

Specify:

1 **C H E P**

C — **C**ompile product line.

H — **H**ardware category.

E — **E**nd Panel.

P — End **P**anel.

Base Code found on the product page to the left of the product name and a simple product illustration.

2 CHEP–**T431**

Laminte code for End Panel. See the Fabric & Finish listing in this section.

Storage

Example: **Product:** Box, Box, File Pedestal

Specify:

1 **C S 1 9 2 3 B B F**

C — **C**ompile product line.

S — **S**torage category.

Base Code found on the product page to the left of the product name and a simple product illustration.

2 CS**19**23BBF — **19** Product Series.

3 CS19**23**BBF — **23**" Pedestal depth in inches.

4 CS1923**BBF** — **B**ox drawer, **B**ox drawer, **F**ile drawer.

panels

THE INFORMATION LISTED BELOW PROVIDES YOU WITH BASIC FEATURES OF COMPILE PANELS:

- Compile Panels are:
  - Available in four (4) heights: 30", 42", 54" and 66"; and seven (7) widths: 24", 30" 36", 42", 48", 54" and 60".
  - 2 3/8" thick.
  - Monolithic, Segmented, Acoustic, and Glazed.
- Acoustic panels are lightly tackable with 0.70 NRC rating and a 26 STC rating.
- Compile Non - Acoustic panels are not tackable.
- Raceway openings are 1.375" x 2.680".
- Panels 24" wide include raceway covers with one knockout.
- Panels 30" wide include raceway covers with three knockouts.
- Panels 36"- 60" wide include raceway covers with three knockouts.
- Opposite sides of each Module may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at the highest grade.
- Standard with aluminum frame.
- Individual fabric covered acoustic modules incorporated into an aluminum frame.
- Reinforced aluminum raceway covers are included when ordering panel packages or may be ordered and shipped separately. Raceway covers can be replaced in the field to change a panel from non-powered to powered (or vice versa).
- Base raceway lifts up and locks in an upright 90-degree position, or can be removed for open access to base raceway.
- Electric knockouts in the raceway have black plastic covers that snap into place from the outside of the cover, when a duplex is not required. Electric knockout covers must be specified separately. Available in standard paint finishes.
- 3 panel connector brackets per side for 30"h, 42"h and 54"h come installed on panels and universal posts.
- 4 panel connector brackets per side for 66"h panels come installed on panels and universal posts.
- Panel connector brackets are opposite direction of each other per panel side, and can be removed with one screw per bracket.

Package Components

Package 1 CMFM6636N0

A. (1) 66"h x 36"w Monolithic Fabric Panel

B. (2) 36"w Raceway Covers Without Knockouts

Package 2 CMFF6636P2

C. (1) 66"h x 36"w Single Segmented Fabric Panel

D. (2) 36"w Raceway Covers With Knockouts

E. (1) 36"w Power Distribution Housing

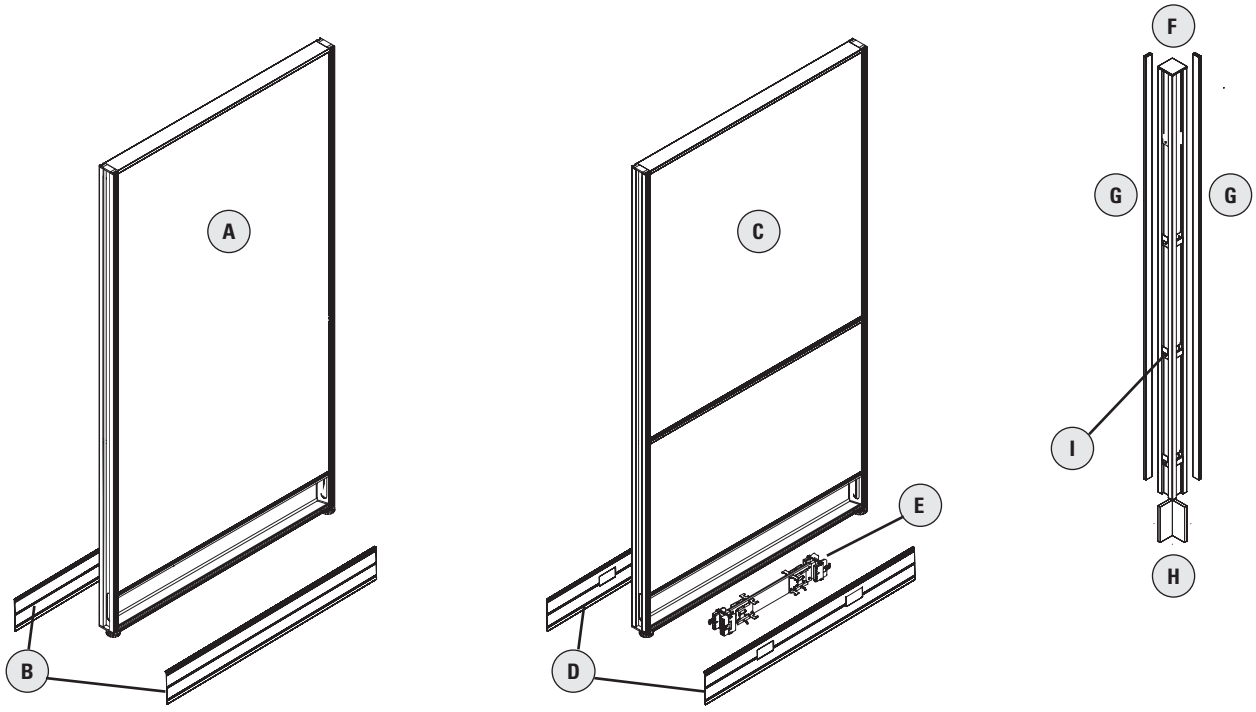
Package 3 CHP66-2

F. (1) 66"h Universal Corner Post

G. (2) Trim Inserts for 66" Universal Corner Post

H. (1) Post Base Cover for 2-Way Application

I. "Quick Connect" comes standard with Panels and Universal Corner Post



CMFMXXYYN_ - NON-POWERED COMPILE FABRIC MONOLITHIC PANEL PACKAGE

- Non powered.
- Includes one panel and two raceway covers with no punchouts.
- Individual fabric-covered modules incorporated into an aluminum frame.
- Opposite sides of each module may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- Panels are not tackable or acoustical.
- Note: Trim is not required at a straight connection between two panels of the same height.
- 3 Panel connector brackets per side come standard with 30"h, 42"h, 48"h and 54"h panels.
- 4 Panel connector brackets per side come standard with 66"h panels.
- Panels contain leveling glides. Maximum extension of glides is 2".

- Individual fabric-covered modules incorporated into an aluminum frame.
- Opposite sides of each module may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- Panels are not tackable or acoustical.
- Note: Trim is not required at a straight connection between two panels of the same height.
- 3 Panel connector brackets per side come standard with 42"h, 48"h and 54"h panels.
- 4 Panel connector brackets per side come standard with 66"h panels.
- Panels contain leveling glides. Maximum extension of glides is 2".

CMLLMXXYYP_ - MONOLITHIC LAMINATE DOUBLE SIDED PANEL – POWERED

- Individual laminate modules incorporated into an aluminum frame.
- Modules have laminate on both sides.
- Opposite sides of each module may have a different laminate within the same grade at no upcharge.
- 3 panel connector brackets per side come standard with 30"h, 42"h, 48"h and 54"h panels.
- 4 panel connector brackets per side come standard with 66"h panels.
- 24" wide panels have two punchouts, one for electrical and one for data.
- 30" wide panels and wider have three punchouts, two for electrical and one for data.
- Note: Trim is not required at a straight connection between two panels of the same height.

CMWWXXYYN_ - SEGMENTED WRITE BOARD DOUBLE SIDED PANEL – NON-POWERED

- Individual fabric or write board covered modules incorporated into an aluminum frame.
- Modules have write board on two sides at the top and fabric on two sides at the bottom.
- Opposite sides of each module may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- Panels are not tackable.
- Note: Trim is not required at a straight connection between two panels of the same height.
- 3 Panel connector brackets per side come standard with 48"h. and 54"h. panels.
- 4 Panel connector brackets per side come standard with 66"h. panels.
- 24" wide panels have two punchouts, one for electrical and one for data.
- 30" wide panels and wider have three punchouts, two for electrical and one for data.

CMPGXXYYP_ - COMPILE PARTLY GLAZED PANEL PACKAGE – POWERED

- With power distribution harness.
- Includes one panel, power harness, one raceway cover with punchout and one raceway cover with no punchout.
- Individual fabric-covered modules incorporated into an aluminum frame.
- Opposite sides of each module may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- Panels are not tackable or acoustical.
- Trim is not required at a straight connection between two panels of the same height.
- 3 Panel connector brackets per side come standard with 48"h and 54"h panels.
- 4 Panel connector brackets per side come standard with 66"h panels.
- Panels contain leveling glides. Maximum extension of glides is 2".
- Standard clear (CLR) plexi.
- Optional Smoked Plexi-Glass or Frosted Plexi with 15% upcharge. Please note the smoked glass has 51% light transmittance
- PVC glass retainer in matching paint color.
- Glazing is 14" nominal from the top of the panel.

CMLXPLXXXXNC - EXTENSION END OF RUN, LEFT, NO CONNECTION

- Provides floor standing support while enclosing the end of a gallery panel run.
- Attached at the end of a gallery panel to extend the gallery panel run.
- Connections only at one exposed end.
- Includes all attachment hardware and glides.
- Total height is inclusive of panel glides extended to their full height.
- Please specify LP laminate finish and PVC edge finish.
- If a wood grain laminate is chosen, grain direction run horizontally.
- Gallery panel is edged in PVC on exposed edges and self edged on edge connecting to panel.

	Corner Bracket	CMHLPCB01	40	1.5	4	4

CMPDSL/R - SLIDING PRIVACY DOOR

- Sliding Privacy Door attaches to Compile Panels using standard connectors to add privacy. Brackets that attach to Connectors are included.
- This door must mount on panels of equal width. It is also intended to be used for openings of equal width.
- Left (L) or right-handedness (R) is determined by the direction of door movement (from compressed to expanded position), while facing the door on the panel mounted side.
- Painted frame may match any Compile Standard Paint Finish. The door interior is standard with a louvered acrylic finish.
- STL paint on Compile sliding doors is a smooth finish paint comparable to the standard STL paint offering."
- Telescoping arms eliminate the need for thresholds, wheels or casters.
- Thickness of louvered acrylic is 6 mm.

CMFMA - MINI PANEL KIT

- Compile's Mini Panel Kits are now available to our dealers and their sales staff. The Compile mini panel is an excellent sales tool featuring two panel and samples of various hardware and electrical components and consists of the following:
- One Monolithic Mini Panel (Laminate side one / Acoustic side two).
- One Segmented Glazed Mini panel.
- One 2-way Universal Corner Post Kit.
- Two 24" Raceway Cover with Punch Out.
- Two 24" Raceway Cover with out Punch Out.
- One Raceway Cut Out Cover.
- One 3-way Post Base Cover.
- One End of Run Trim.
- One Pair of Corner Brackets.
- One Mid span Worksurface Support Bracket.
- One Duplex.
- One Power Distribution Harness.
- One Mesh jumper.
- One Carry Bag.

CHP - 90-DEGREE UNIVERSAL CORNER POST

- Available in 42", 54" and 66"h.
- Standard Compile paint options.
- Specify the corner post height that matches the tallest or smallest panel connection.
- Can be used for any variation of 90-degree connections: 2-way, 3-way or 4-way.
- Requires post trim inserts to finish off post where there are no panel connections. Post trim inserts are specified separately.
- 6" shorter than panel height to accommodate electric in base.
- Requires a post basecover to finish off post at the base (for 2- or 3-way). Refer to CMPC.
- See Panel Configuration Tips for application.
- Made of aluminum.

DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D

electrical

STEP-BY-STEP SPECIFICATION – 8-WIRE ELECTRICAL SYSTEM

Step 1 **Determine the location of the source power entering the Panel Run.**

1. At the base of the Panel.
   (a) Use CE8FR1 Reversible Floor Power Entry (default to CE8FR1).
   (b) Select the Panel to which the Floor Power Entry will be attached.
   (c) Select the side of the Panel and the receptacle outlet to which the Floor Power Entry is to be attached.

   Note: When using Pass Through Connectors in conditions other than a straight line, you must use a CE8CI-1 I-Connector along with a CE8CP17 Flexible Mesh Jumper Cable through the corner post.

Step 2 **Determine which Panels are to be powered.**

1. Use CE8PD Power Distribution Housing that corresponds with the width of the Panel.

Step 3 **Connect power to the powered Panels.**

1. Use CE8CP17 Flexible Mesh Jumper Cable between two adjacent powered Panels.
2. Use CE8CP17 Flexible Mesh Jumper Cable between two adjacent powered Panels separated by a post.
3. Use CE8CP17 Flexible Mesh cable (to turn the post) and a CE8CI-1 "I" Connector to attach the CE8CP Pass Through Cable.
   (a) The length of the Pass-Through Cable is calculated by adding together the widths of the non-powered Panels that separate the two powered Panels and applying an additional 16" to the total. (CE8PD Power Distribution Housing is positioned 8" in from the ends of the powered Panel.)
   (b) An additional 3" must be added to the Pass-Through Cable for each post that the cable passes through.
   (c) Subtract 17" from the total length to find the pass through cable length required.
4. From the price list, select the CE8CP Pass-Through Cable that matches the calculated length. If the length is between listed sizes, use the next size up.

Step 4 **Determine the location and circuitry of the receptacles.**

1. Each powered Panel has four (4) potential locations for CE8RD Duplex Receptacles – 2 per side. (Exception: 24" wide Panel has only two potential locations – 1 per side.)
2. At each receptacle location there is a choice of four circuit options. Select a circuit option for each location. Circuits one & two are utility circuits; circuits A & B are dedicated circuits.

COMPILE'S 8-WIRE ELECTRICAL SYSTEM

Electrical
This modification allows for the integration of the commonly required "2+2" configuration (2 utility circuits, 2 dedicated circuits) found in the source power of most of today's North American buildings.

This system is rated for connection to:

1. A grounded 120/240V, single phase, 20 A, 60Hz
2. A 120/208V, 3 phase, 20 A, 60Hz branch circuit

Data/Comm

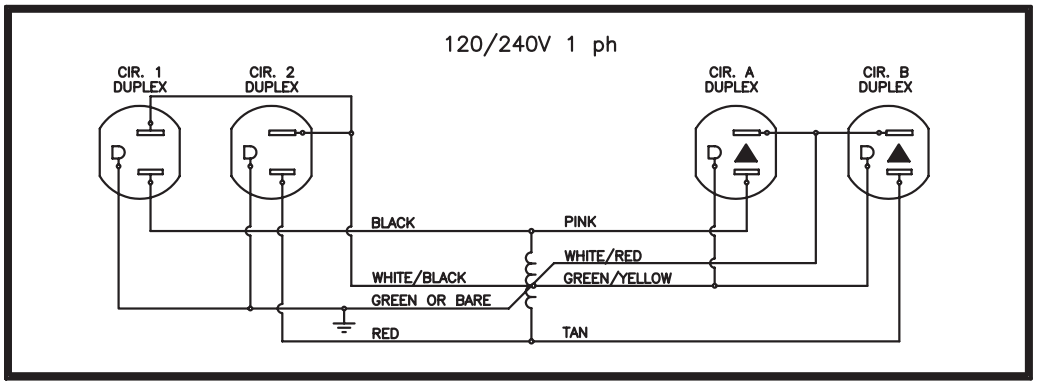
Compile's duplex receptacle openings (1.345 x 2.80) will conform to the ANSI/TIA/EIA Furniture Opening Standard of 1.38 +/- .035 x 2.71 +/- .04

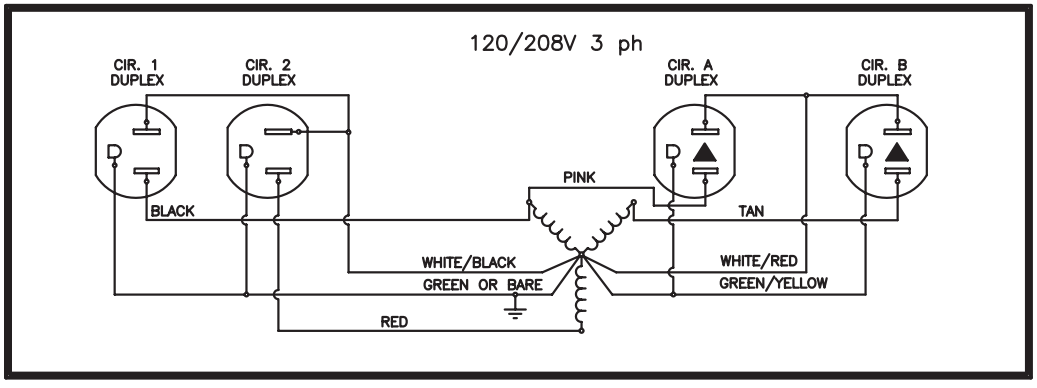
EQUIPMENT AMPERAGE

Calculator	0.25
Electric Eraser	0.50
Pencil Sharpener	1.00
Radio	0.05
Paper Shredder	4.40 - 13.00
Electric Typewriter	1.20
Personal Computer	2.00 - 4.00
Video Display Terminal	0.08
Draft / Letter Quality Printer	1.20 - 3.00
Laser Printer	5.00 - 8.00
Processor / Disk Unit	1.00 - 10.00
Desk Top Plotter	1.50
Fan	1.00
Heater	8.50 - 12.50
Coffee Pot	15.00
Task Light	1.00
Slide Projector	2.00 - 6.00

Since some equipment, such as large copiers, printers, plotters, heaters and coffee makers would occupy most of the circuit capacity, it is recommended that such devices be supplied with the power directly from the wall or building receptacle.

Wiring Schematic





Defining "2 + 2" Wiring Configurations

2 + 2 Configuration (8 wire, 4 circuit)
Two Utility Circuits [Compile's new #1 & #2 circuits] share one neutral wire and one ground wire.
(2 hot [circuit] wires + 1 neutral wire*** + 1 green ground wire* = 4 wires)

Two Dedicated Circuits [Compile's new "A" & "B" circuits] share one neutral wire and one ground wire.
(2 hot [circuit] wires + 1 neutral wire *** + 1 green/yellow ground wire** = 4 wires)

Note:
It is the ground wire that makes the difference between "Utility" and "Dedicated" circuits. Refer to Wiring Schematics found above.

* A Green ground wire is a "system" ground. This means it could be grounded to any piece of metal, including the Panel.
** A Green/Yellow ground wire is isolated, within the wiring conduit, all the way back to the box at the source (building ground).
*** All Neutral Wires are 10 gauge rather than 12 gauge meaning they are larger than normal, allowing greater protection against "noise" or interference on the circuit.

This page provides an exploded view of a sample configuration highlighting each **Electrical** component required when specifying this configuration.

Components

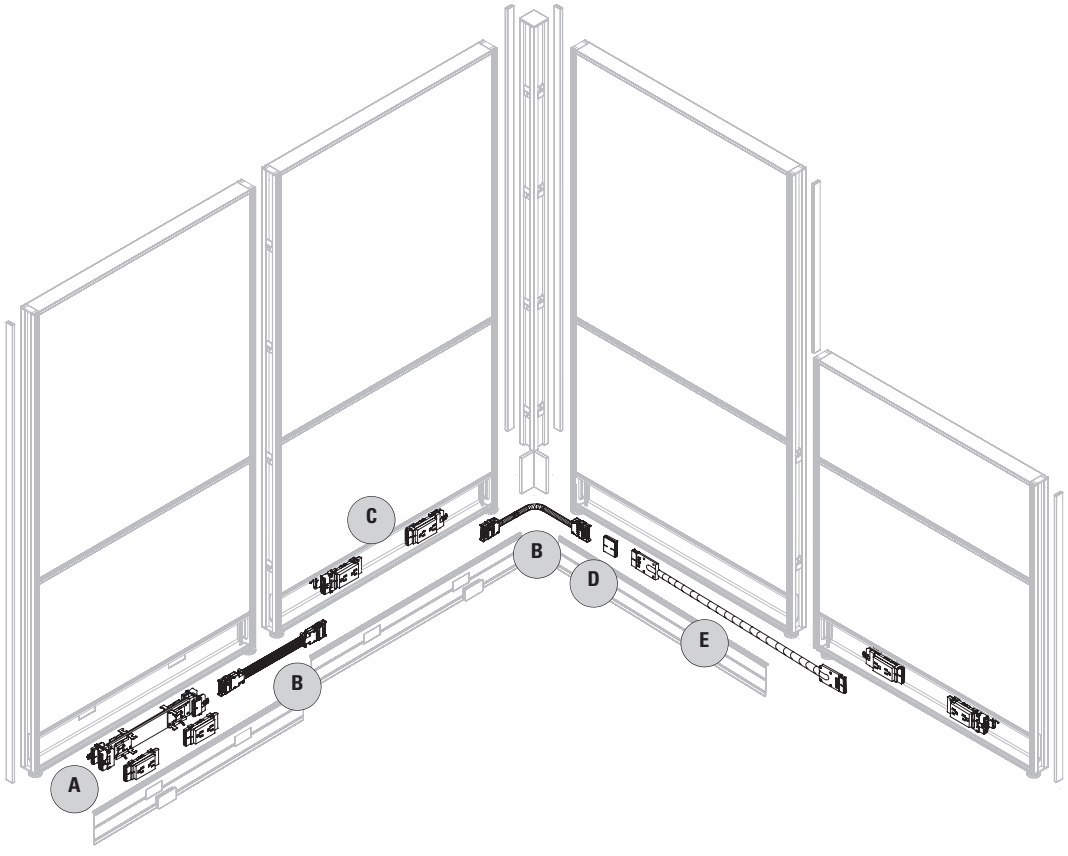
A. CE8PD36 Power Distribution Housing
Note: 8 wire, 4 circuits, 2+2 configuration

B. CE8CP17 Flexible Mesh Jumper Cable (connects two panels side by side or separated by a post)

C. CE8RD Duplex Receptacle

D. CE8CI-1 "I" Connector

E. CE8CP Pass-Through Cable
Note: Must run in a straight line application only
Note: Pass-Through Extension Cable (CE8CPF154) available – extends power capability beyond 208".



E8PD - POWER DISTRIBUTION HOUSING

- Power housing is specified per panel size (e.g. CE8PD36 is for use in a 36" panel).
- 8 wire, 4 circuits (4th circuit dedicated).
- Power distribution housing is required for each powered panel, the power distribution housing should equal the width of the panel that it is specified in.
- Provides two duplex receptacle ports per panel side on all panel widths except the 24" wide panel.
- 24" wide panel allows for only one (1) duplex receptacle on one panel side.
- Each power distribution housing supports 15-20 amps.
- Must specify Raceway Cover with Knockouts on panels, where Power Distribution Housings will be utilized.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Power Distribution Housing	CE8PD24	140		6 1/4	
		CE8PD30	190		11 1/2	
		CE8PD36	199		17 1/2	
		CE8PD42	203		23 1/2	
		CE8PD48	219		29 1/2	
		CE8PD54	220		39 1/4	
		CE8PD60	221		41 1/2	
		CE8PD66	238		51 1/4	
		CE8PD72	252		57 1/4	

CE8CP17 - FLEXIBLE MESH JUMPER CABLE

- 17" mesh jumper.
- Jumper cable is used to pass through a post or connect two panels together.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Flexible Mesh Jumper Cable	CE8CP17	109		17	

CE8CP - PASS THROUGH CABLE

- Flexible metal conduit is used to distribute electrical power through non-powered panels.
- Metal conduit pass through cables should be in used in a straight runs. Metal conduit pass through cables cannot pass through a post.
- Flexible conduit is required to turn a post. This only comes as 17"w. If panels at the posts do not all have power distribution housings, they must be added even if duplexes are not specified.
- To calculate the length of a Pass-Through Cable, add the widths of the non-powered panels separating the powered panels (panels with distribution housing attached). To this add 16" (distance from the edge of the panel to the distribution housing x 2).
- Add additional 3" when passing through a corner post. See the Tips at the beginning of the section for more details.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Pass Through Cable	CE8CP28	144		28 1/2

	Pass Through Extension Cable	CE8CPF154	279		154 1/2	

CE8CI-1 - "I" CONNECTOR

- Female - Female connector connects two Pass-Through Cables.
- Connects 17" Flexible Jumper Cable or ceiling feeds to pass through cables.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	"I" Connector	CE8CI-1	80			

CE8RD - DUPLEX RECEPTACLE

- Up to 3 receptacles per circuit
- Up to 6 receptacles per circuit (24 per infeed), not to exceed total of 15 Amps per circuit.
- Duplex Receptacles standard in Black (BLK).
- CE8RD1 = Circuit #1 (utility circuit)
- CE8RD2 = Circuit #2 (utility circuit)
- CE8RDA = Circuit A (dedicated)
- CE8RDB = Circuit B (dedicated)
- CE8RD1 and CE8RD2 (#1 and #2 share common ground)
- CE8RDA and CE8RDB (A and B share common ground)

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Duplex Receptacle	CE8RD1	30			
		CE8RD2	30			
		CE8RDA	30			
		CE8RDB	30			

CE8RDXCA - CALIFORNIA CONTROLLED DUPLEX RECEPTACLE

- California Title 24 meets federal and LEED certification guidelines
- Allows circuit to be controlled or switched off when utility is not in use.
- Duplex receptacles are rated for 15 Amps.
- CE8RD1CA = Circuit #1 (utility circuit)
- CE8RD2CA = Circuit #2 (utility circuit)
- CE8RDACA = Circuit A (dedicated)
- CE8RDBCA = Circuit B (dedicated)

NOTE:

- CE8RD1CA and CE8RD2CA (#1 and #2 share common ground)
- CE8RDACA and CE8RDBCA (A and B share common ground)
- Up to 6 receptacles per circuit (24 per infeed), not to exceed total of 15 Amps per circuit.
- Available in BLK finish only.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Duplex Receptacle	CE8RD1CA	34	2	4 5⁄8	1 1⁄4
		CE8RD2CA	34	2	4 5⁄8	1 1⁄4
		CE8RDACA	34	2	4 5⁄8	1 1⁄4
		CE8RDBCA	34	2	4 5⁄8	1 1⁄4

CE8FR1 - REVERSIBLE FLOOR POWER ENTRY

- Takes the place of a duplex receptable by snapping into the base power way.
- Includes 72" long flexible metal conduit.
- Must be hard wired to source power by a licensed electrician.
- Diameter is 0.85"

CE8FR2 - REVERSIBLE FLOOR POWER ENTRY

- Takes the place of a duplex receptacle by snapping into the base power way.
- Includes 144" long flexible metal conduit.
- Must be hard wired to source power by a licensed electrician.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Reversible Floor Power Entry	CE8FR1 CE8FR2	315 406		72 144	

CE8F - FLOOR POWER ENTRY

- Snaps in end of power distribution housing.
- Includes flexible vinyl conduit.
- Must be hard wired to source power by a licensed electrician.
- Diameter is 0.85"

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
	Reversible Floor Power Entry	CE8F1P CE8F2P	324 419		72 144	

CMEB01 - ELECTRICAL BOX - CHICAGO

- Can be retrofitted in any size of panel at the receptacle location.
- Gives access from one side only at each location.
- Customer to supply conduit, wiring, receptacle, and face plate.
- 2 per panel ,except 24" panel only one
- Note: A licensed electrician must provide hardware connection with the junction box.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Electrical Box - Chicago	CMEB01	91			

CMEB02NY - ELECTRICAL BOX - NEW YORK

- Shipped assembled.
- Comes with pig tail electric.
- Use with 30" wide Panel of larger
- Post extension cable capacities: without electric, 30 with electric, 20
- Includes ceiling bezel and screws.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Electrical Box - New York	CMEB02NY	403			

CEPEXX - POST EXTENSION

- Same profile as post.
- Includes two post extension brackets, four screws and four trim inserts.
- Includes ceiling bezel and screws.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Post Extension	CEPE64	174	64		
		CEPE82	219	82		

CE8ECX - CEILING FEED

- Snaps into the end of a Power Distribution Housing.
- Flexible metal conduit extends into the ceiling through a corner post and post extension.
- Must be hard wired to source power by a licensed electrician.
- 4" junction box included.
- Post extension ordered separately

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Ceiling Feed	CE8EC1	242	132		
		CE8EC2	426	144		
		CE8EC3	481	180		

CMECC - CABLE COVER

- Attaches to panels vertically between modules to provide enclosures for power or data cords.
- Available in 21" and 36" lengths, 6 per pack.
- Available in Steel (STL), Black (BLK), Nevada (NEV) only.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Cord Cover	CMECC21	29	21	0.5	1
		CMECC36	45	36	0.5	1

CMLEDES - STARTER LED TASK LIGHT

- Undercabinet slim profile LED linear light fixture with lens and On/Off switch.
- May be used as stand-alone or extended with add-on section below (CMLEDES_DSC).
- Plug-in power supply with 72" cord length plus 78" DC cable.
- Includes magnet mounting bracket with optional adhesive metal plate.
- Light enclosure in clear anodizing finish. Color temperature cool white 4000K.
- Lifespan rated 30,000 hours.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Led Task Light	CMLEDES24	251	1	22.9	1
		CMLEDES30	280	1	33.5	1
		CMLEDES36	289	1	45.5	1

CMLEDES - ADD-ON LED TASK LIGHT

- Undercabinet slim profile LED linear add-on light fixture with lens.
- Daisy chain unit with 39" linking cable, no power supply.
- Add-on units can only be linked up to a total of 48 watts per power supply; this is equivalent to 10 feet of nominal length of light per power supply.
- Includes magnet mounting bracket with optional adhesive metal plate. Light enclosure in clear anodizing finish. Color temperature cool white 4000K. Lifespan rated 30,000 hours.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Led Task Light	CMLEDES24DSC	206	1	24	39
		CMLEDES36DSC	242	1	36	39
		CMLEDES48DSC	275	1	48	39

CMLEDESOS - OCCUPANCY SENSOR

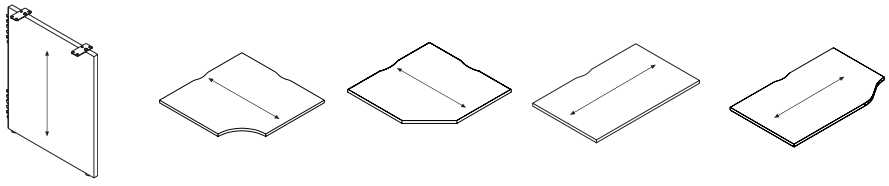
- Inline add-on controller for dimming and occupancy sensor.
- Sensor bypass switch.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Occupancy Sensor	CMLEDESOS	103	6	2.4	2

worksurfaces

The information listed below provides you with basic features of Compile Worksurfaces.

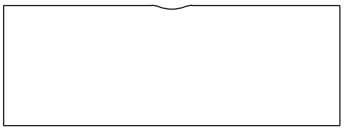
- Compile thermally fused Worksurfaces are 1" thick and are finished with 3 mm PVC edging on all sides.
- Worksurfaces are predrilled to enable proper alignment with worksurface supports.
- Standard laminate offerings are available in thermally-fused (T). See laminate listings for details.
- Wood grain laminates on corner Worksurfaces up to 42" available in laminate run diagonally for an upcharge. Otherwise, standard horizontal application of laminate will be used.
- Most wood grain laminate Worksurfaces will have matching woodgrain trim unless specified otherwise.
- Depth of the Worksurface scoops are 1 1/8" when measured from the Panel the Worksurface is attached to.
- All Worksurfaces require support items. These are priced separately within this section.
- Grain Direction for Worksurfaces are as follows:



CHEP End Panels **CWCC Worksurfaces** **CWCF Worksurfaces** **CWS Worksurfaces** **CWVL/R Worksurfaces**

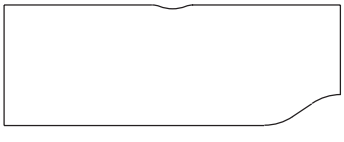
- Communication and electrical wires are routed through a cable scoop located at the back of the Worksurface. When specifying a Straight Worksurface (CWS) or a Curvilinear Worksurface (CWVL), note that the number of cable scoops depends upon the width of the Worksurface. All other Worksurface shapes have one scoop on Panel edges.

One Scoop
CWS 24" – 48"



Two Scoops
CWS 54" – 84"

One Scoop
CWVL 24" – 48"



Two Scoops
CWVL 54" – 84"

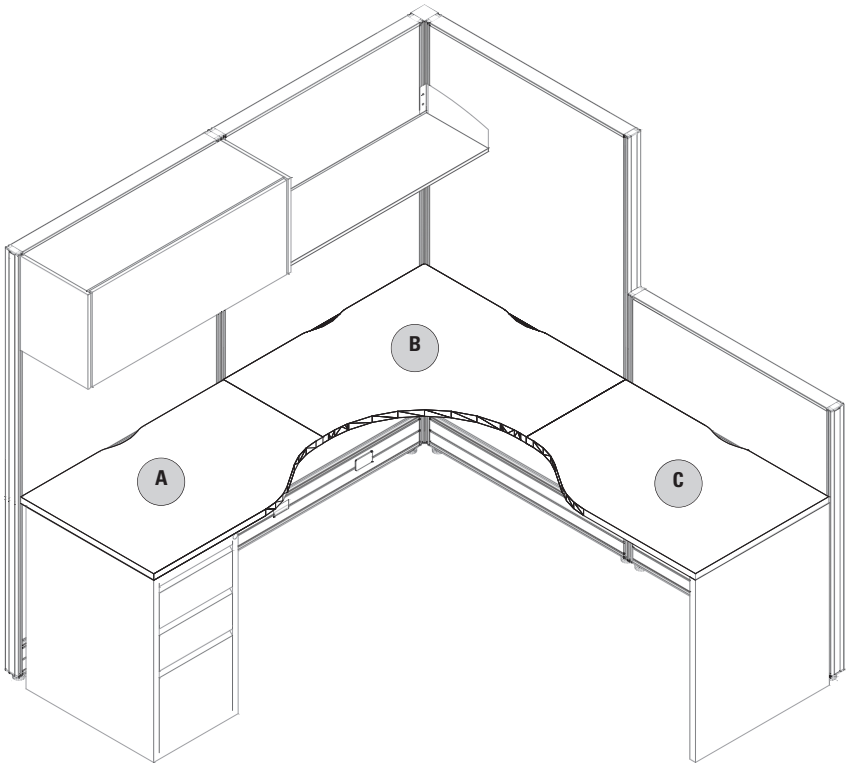
This page provides a three dimensional view of a sample configuration highlighting each **Worksurface** component required when specifying this configuration.

Components

A. CWVL2436 Curvilinear Worksurface – Left
Note: When deepest end equals 24", opposite depth is 18"
When deepest end equals 30", opposite depth is 24"

B. CWCC3618 Corner Curved Worksurface

C. CWVR2436 Curvilinear Worksurface – Right



CWS - RECTANGULAR WORKSURFACES

- All tops are thermally fused 1" thick with pilot holes to enable proper alignment with worksurface supports. Wood screws must be used.
- Compile worksurfaces feature a 3mm edge.
- Support hardware must be ordered separately. See the listings in this section.
- Width and depth dimensions listed include a nominal measurement (3/8") to account for wire management between the worksurface and adjoining panel.
- All surfaces over 48" will have two scoops, all others have one.
- Worksurfaces greater than 48" wide require additional structural support.

CWSNSC - STRAIGHT WORKSURFACE NO SCOOP

- There is no scoop on this worksurface.
- Worksurface depth is exact, not nominal.
- Support hardware must be ordered separately. See listing in this section of the price book.
- For use with Bridges II or Princeton style legs.
- Surfaces not available in HPW.
- Worksurfaces greater than 48" wide require additional structural support.

CWCC - CORNER CURVED WORKSURFACES

- All tops are thermally fused 1" thick with pilot holes to enable proper alignment with worksurface supports. Wood screws must be used.
- Compile worksurfaces feature a 3mm edge.
- Support hardware must be ordered separately. See the listings in this section.
- Note: Width and depth dimensions listed include a nominal measurement (3⁄8") to account for wire management between the worksurface and adjoining panel.
- Note: Wood grain laminates do not run diagonally on corner worksurfaces.
- Worksurfaces greater than 48" wide require additional structural support.

CHCB2 - CORNER BRACKET

- Attaches the corner of any worksurface to a panel connector.
- Priced and shipped in pairs.
- Available in standard paint colors.
- Cannot be used off modular.
- Can be used when a panel is the same depth as the worksurface in the front and back application.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES D	W
	Corner Bracket	CHCB2	20	2.5	

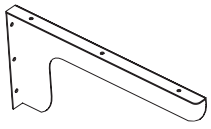
CHWB1 - MID SPAN SUPPORT BRACKET

- Does not need to be on module.
- Used when a panel exceeds the depth of the adjacent worksurface.
- Can only be used with a Segmented Panel.
- Comes in unfinished zinc.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES D	W
	Mid Span Support Bracket	CHWB1	12		

CHC15 & CHC22- CANTILEVER

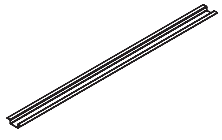
- Attaches a worksurface to a panel.
- Use one cantilever to support two convergent worksurfaces when specified with 3 Flat Brackets or two cantilevers with one flat bracket to support two convergent worksurfaces.
- Does not include Flat Brackets.
- Priced individually
- Specify handedness of each cantilever
- Available in standard paint colors.
- Right and left Cantilever needs to be specified unless flat brackets are also specified.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES D	W
Cantilever - 15"	CHC15L	45	15	6
	CHC15R	45	15	6
Cantilever - 22"	CHC22L	70	22	6
	CHC22R	70	22	6

CMHC - WORKSURFACE SUPPORT CHANNEL

- Support channel attaches to underside of worksurface with screws
- Support channel should be 14" shorter than top length.
- Screws are included.
- Only available in Black.
- Tops with post legs should be specified with support channel for structural reinforcement.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES L	D
Worksurface Support Channel	CMHC40 - for 54" wide table	76	40	5
	CMHC46 - for 60" wide table	82	46	5

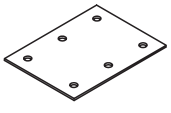
	CMHC70 - for 84" wide table	125	70	5

CHFB1 - FLAT BRACKET

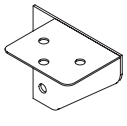
- Use in conjunction with Cantilever to make it a shared Cantilever to support convergent worksurfaces.
- Used at the front of 2 convergent worksurfaces to keep worksurfaces flush at seams.
- Available in Black only.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES D	W
Flat Bracket	CHFB1	19	3	4

CHTB2 - TRANSACTION TOP BRACKETS

- Securely attaches a transaction surface to the top of a panel.
- One pair must be on each side of transaction surface.
- Priced and shipped in pairs.
- Available in Anodized Aluminum only.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES D	W
Flat Bracket	CHTB2	20	2.5	

CHEP - END PANEL

- Supports the worksurface and enhances the stability of connected panels.
- Provides solid support at the end of a run of worksurfaces.
- Finished in thermally-fused laminate.
- Includes flat brackets and hardware.
- End panel height is inclusive of panel glides extended to their fullest height.
- If wood grains is selected, grain runs vertically.

LATERAL FILE FEATURES

DRAWERS/SHELVES

- Drawer interlocking system
- Three-stage, anti-bounceback suspension
- Pre-installed, side-to-side file bars for letter, legal and A4
- Front-to-back file bars – optional
- Full-height dividers – optional
- Angled full pull

CONSTRUCTION

- Top stiffener bar
- Corner gussets
- Four (4) ganging drill points are marked to ensure correct positioning
- Cam lock included
- Leveling glides
- Counterweights are included in 2, 3 and 4 drawer cabinets. BIFMA does not require counterweight in 5 drawer cabinets.

PEDESTAL FEATURES

DRAWERS/SHELVES

- All drawer fronts feature a recessed, angled full pull.
- Drawers feature ball bearing suspension.

CONSTRUCTION

- Central Core removable cam locks.
- Pedestals are 15" wide.
- Counterweight is standard on all Freestanding models.
- Worksurfaces supporting models have holes drilled in top to attach underneath a worksurface.

STANDARD PAINT COLORS

BLACK	BLK
DESIGNER WHITE	DWT

	Touch-Up Paint Kit	CATP91	45			

NOTES

textiles and finishes

Care and Cleaning

The following guide encompasses the Compile System line.
The guide was compiled using information from our "raw" material suppliers and is relevant only to our standard offering finishes and textiles.

FABRICS

To extend the life of your upholstered panels, regularly dust the panel to prevent airborne particles from penetrating the fabric surface.

For light soiling, use a damp cloth and blot the spot with very slight pressure, taking care never to soak the fabric. Dry with a clean cloth by blotting - never rub fabric. More intense stains can be treated the same way, but with a mild detergent. Always test fabric first in an unseen area before using any cleaning method.

PANEL FRAMES

The panel frames are manufactured out of sturdy aluminum with a powder coated enamel paint finish. To clean the frames of the panels, and all hardware associated with the Evolve line, simply utilize a clean, damp cloth. For stubborn stains on the panel frames, you may consider adding a mild detergent.

GLAZED PANELS

Cleaning of the glazing in panels should only be done with a damp lint-free cloth. A mild detergent can be used if necessary. Do not use paper towels in combination with a window cleaner-this may cause scratches to the glazing.

WORKSURFACES

The worksurfaces are manufactured using primarily Nevamar Brand laminates as the exposed surface. To properly clean these areas, it is best to use a clean, damp cloth and circular motion to prevent streaks. For stubborn stains, you are able to add a mild detergent to the water. Be certain not to use an ammonia-based solution. It will react with the PVC, or wood edge trim, causing permanent damage to the contacted areas.

ACCESSORIES

The accessories sold with the Evolve product line can be simply cleaned with a clean, damp cloth. If they are really dirty, a mild, non-abrasive solution may be added. Wipe with a damp cloth after the solution, and finally, a dry cloth.

GLOBAL - COM Department
17 West Stow Road
Marlton, NJ 08053 | 856.596.3390

Please contact your local EVOLVE CustomeCare representative for status of all COM requests. When textile is approved and an authorization number issued, a set of shipping instructions will be faxed or e-mailed to you.

Approved textiles are to be shipped to the address that will be included with instructions. Do not ship textiles to the address on this form. Dealer is responsible for the shipping expenses. Brokerage fees will be paid for by Global. However, duties imposed by North American Governments related to textile materials, content and Country of Origin, additional fees may apply and will be billed separately.

Please Note: C.O.M Textiles may not be shipped without shipping documents. GLOBAL is not responsible for any material shipped without the authorization number.

Please be advised that Global has phased out the use of textiles that contain certain Phthalates, including but not limited to: DEHP (di (2-ethylhexyl) phthalate), DBP (di-n-butyl phthalate), BBP (butyl benzyl phthalate) and DINP (di-isononyl phthalate) (collectively the "Listed Chemiclas"). The Listed Chemicals are used in certain types of vinyls. Global cannot accept orders for textiles that contain the Listed Chemicals, if such orders are to be shipped to the U.S.A. or are intended for customer in the U.S.A. If you are not sure if the C.O.M you have selected contains the Listed Chemicals, please contact the manufacturer or supplier of the fabric to verify.

TERMS & CONDITIONS

APPLICATION OF STANDARD TERMS

Sales of Evolve products are made only on Evolve standard terms and conditions of sale which are contained in the Price Book and in Evolve's order acknowledgments. These standard terms and conditions may be modified or supplemented only by a separately written document signed by Evolve's authorized personnel at its head office in Marlton, New Jersey. An offer by Purchaser of said terms and conditions shall not be binding until accepted by Evolve in writing.

All illustrations, specifications and prices in this Price List are based on the latest product information available at the time of publication. Evolve reserves the right to make changes, at any time and without prior notice, to prices, colors, materials, specifications and models offered.

PRICES AND PAYMENT

The prices shown in this Price List, as well as those quoted by Evolve, shall be in US dollars for orders shipped to destinations within the continental United States.

Prices listed herein are for standard product. Quotations for special product are available through Evolve Customer Support Department in Marlton, New Jersey.

If shipping date requested is more than 90 days from date of order Evolve shall use published list prices effective at the time of shipment.

Not included in the list price are special or export packing, unpacking and installation. Orders are invoiced at the time of shipment. The Customer agrees to pay a charge of 2% per month of invoices outstanding more than 30 days.

FOR PAYMENTS ONLY, MAIL TO:

Evolve Furniture Group, a division of:
Global Industries, Inc.
17 West Stow Road
P.O. Box 562
Marlton, New Jersey 08053

Any products sold shall remain the property of Evolve until fully paid for in cash. The Purchaser agrees to perform all acts which may be necessary to perfect and assure retention of title to such products to Evolve until such time as the goods have been paid for in full.

Freight charges will be prepaid by Evolve to destinations within the contiguous United States on shipments of $10,000 list and greater. For shipments less than $10,000 list, the freight charge will be 5% of the total list price.

Please note exception below:
All showroom and mock-up orders will be subject to actual freight charges.

Evolve shall, in its sole discretion, determine the most appropriate method of shipment routing and carrier. Shipments of less than a full trailer load (LTL) shall ship via common carrier. **These LTL shipments are not subject to specific delivery days or times.** Full trailer loads will provide for dedicated delivery time and schedule. Purchaser may request special packaging or method of shipment at Purchaser's sole expense.

TAXES

All sales, use, excise and other applicable taxes and the collection and reporting thereof (excluding only taxes on the net income of Evolve) are the Purchaser's responsibility and will be invoiced to the Purchaser. If Purchaser claims an exemption from such taxes, it shall be the Purchaser's responsibility to furnish an appropriate exemption certificate to Evolve.

ORDER INFORMATION

Evolve requires that **all orders be submitted in writing** to avoid errors and/or duplication. Orders will be acknowledged with Evolve's acknowledgement forms governing the transaction. The details appearing on the acknowledgement will describe the items to be shipped to Purchaser who must ascertain that they are correct. If not correct, Purchaser should notify Evolve immediately by telephone or fax followed by written confirmation. Acknowledgment shows approximate shipping date of items ordered. **Shipping dates are assigned to orders based on the item having the longest manufacturing lead time.** Orders with Customer's Own Material (C.O.M.), or missing or incorrect information (finish selections, fabric selections, etc.) will be scheduled for manufacturing upon receipt of COM or correct complete information. Purchaser must indicate if multiple shipping schedules are required including noting if the shipping date requested is longer than standard posted lead time. Each shipment will be invoiced at time of shipping and will be subject to payment terms described herein.

C.O.M. CUSTOMER'S OWN MATERIAL

Should Purchaser request a fabric, not standard to the Evolve upholstery line, Purchaser shall submit a sample of not less than two yards for approval. Evolve will determine whether fabric is suitable to manufacturing process and applicable UL or code requirements. Should Evolve be required to test such fabric, it shall so advise Purchaser, and Purchaser shall be responsible for all costs associated therewith. This includes all duty and brokerage fees.

Fabric yardage requirement will be determined by Evolve. An additional charge may be made to cover the cost of cutting, matching or sewing unusual or directional patterns. Evolve shall have no responsibility for condition, quality, performance, physical properties or any other aspect of C.O.M. For panels, price as if grade 1 fabric is used.

Evolve reserves the right to reject any C.O.M. deemed unsuitable.

Evolve reserves the right to cancel an order at any time if C.O.M. is, in the sole judgement of Evolve, inadequate for any reason.

CHANGES AND CANCELLATION

The order may not be changed or cancelled by Purchaser without the written consent of Evolve. This charge can be as much as 100% based upon proximity to scheduled shipment date. Special order items and fabric-covered items already in production are not subject to change or cancellation under any circumstances. Fabric-covered items are considered to be in production once the fabric has been cut.

DEPOSIT ON SPECIAL ORDERS

Orders for nonstandard products may, at Evolve's discretion, require deposit prior to scheduling of production, the amount of the deposit being credited against the total price of the project.

SUSPENSION

In the event that the Purchaser defaults in the payment of any sum due Evolve, or in the event the Purchaser's financial condition becomes unsatisfactory to Evolve, Evolve shall have the right at its option, upon written notice to the Purchaser, to cancel shipment of any goods, unless within ten (10) days of Purchaser's receipt of such notice Purchaser provides assurance of payment to Evolve in such form, content and/or amounts as Evolve, in its sole discretion, deems adequate.

COMBINED SHIPMENTS

Evolve will make every effort to combine shipments and orders on written request. However, acceptance of such request shall be with Evolve's sole discretion.

CODE RESTRICTIONS

Evolve portable furniture may be subject to local fire, electrical and/or building codes applicable to portable furniture. It shall be Purchaser's sole responsibility for the proper application of Evolve items within the limitations of such local codes, which may be different from area to area.

SERVICE

Service problems shall be handled by the authorized Evolve dealer. Where this cannot be accomplished on a local level, service problems should be referred to:
Evolve Furniture Group
Customer Support
17 West Stow Road
Marlton, New Jersey USA 08053
856-552-4000 888-827-2500
Attention: Evolve Operations Manager

STORAGE

In the event Purchaser requests postponement of delivery beyond the acknowledged shipping date, Evolve may transfer the goods to storage on Purchaser's account and at Purchaser's risk and expense subject to a daily storage rate. Such transfer to storage shall be deemed shipment to Purchaser for all purposes, including invoicing and payment.

DELAYS

Evolve's order acknowledgement will state a shipping date which is Evolve's best estimate at the time the order is acknowledged. However, Evolve shall not incur any obligation or liability to Purchaser for failure to ship by a specified date. In addition, Evolve shall not be liable for any loss or damage resulting from any delay or failure in shipment or other failure to perform all or any part of the agreement between the parties with respect to the goods shown on the face of the order acknowledgement where such delay, failure, loss or damage is the proximate result of any act of any governmental authority or political subdivision thereof, revolution, riot, civil disorder or disturbance, act of enemies, delay or default in transportation, strike disputes among or between unions or other labor disputes, delay or inability in obtaining materials and facilities, fire, flood, act of God or any cause not within the reasonable control of Evolve, whether of the class of causes enumerated or otherwise. Without limiting the generality of the foregoing, Evolve may, without causing any breach or incurring liability, allocate goods which are in short supply, regardless of the reasons therefore, among purchasers, in any manner which Evolve, in its sole discretion, deems advisable.

BACK CHARGES

Evolve will not accept charges for expense incurred by the Purchaser in expediting shipments or otherwise. Evolve will not accept charges for the repair of damage by others.

CLAIMS

All goods are sold F.O.B. Toronto, Canada, unless otherwise agreed to in writing by Evolve. Evolve is not responsible for damage which occurs in transit or in storage. The carrier signs for all goods received in good order. It is the Purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier. Any claims made against Evolve for apparent defects, errors or shortages must be made by the Purchaser in writing, within fifteen (15) working days after any delivery. Failure by the Purchaser to make any claim against Evolve within the above-described fifteen days shall constitute acceptance of the goods and a waiver of any apparent defects, errors or shortages.

RETURNS

No returns of goods will be accepted without written consent and shipping instructions, including Evolve's Return Goods Authorization (R.G.A.) numbers, to Evolve. A minimum restocking charge of 35% is made on all authorized returns for credit or refund, provided goods are received by Evolve in the condition in which they left the factory. No credit will be given if goods cannot be reused. Special order items and fabric-covered items are in no event subject to return. All returns must be approved and authorized in writing by Evolve Customer Support, Marlton, New Jersey.

LIFETIME WARRANTY

Evolve warrants that all commercial products are free from defects in material and workmanship, for the life of the product, to the original purchaser. This warranty is made by Evolve only to original customers acquiring the product directly from Evolve's authorized dealers. The customer's sole remedy pursuant to this warranty is limited to repair or replacement of parts or product at Evolve's option. Consent from Evolve must be obtained before any warranty work is performed. This warranty shall not apply to any products which must be replaced because of normal wear and tear, negligence, abuse or "accident", shipping damage, or product use and installation other than in accordance with written instructions or warnings. It shall also not apply when product has been modified or altered, repaired or refurbished by someone other than Evolve or an authorized dealer or because of natural variations over which Evolve has no control. In the event of repair and/or replacement of any defective product, Evolve does not warrant matching color, grain, texture or dye lots. Evolve's warranty does not cover the cost of transportation or labor. Repair or replacement will be at Evolve's option. Evolve makes no warranty that any of its products are suitable for any particular purpose and makes no other warranties, expressed or implied, other than those set forth in this Price List. As codes and standards vary from one jurisdiction to another, references to compliance are solely for convenience and without any representation as to accuracy or suitability. Users must verify the suitability of such information or product for their specific application. In no event shall Evolve be liable in either tort or contract for any loss or direct, special, incidental, consequential, or exemplary damages.

This Lifetime Warranty is NOT applicable to customers who use Evolve products for rental purposes and is effective only for products, parts or components manufactured after January 1, 2011.

Exceptions to this warranty include:

- Global fabrics and wood veneers, which are warranted for five years from date of delivery.
- Electrical components, which are warranted for ten years from the date of delivery.
- Moving parts such as glides, slides, casters, user-adjustable worksurface mechanisms, which are warranted for five years from date of delivery.
- Fading on fabric and wood veneers can be caused by exposure to U.V. rays/sunlight. Natural wood veneer, being a natural material, will have shade differences between veneer sheers, the difference will be more apparent between dye lots.

Evolve does not warrant color fastness on Customer's Own Material.

Because of natural variations over which Evolve has no control, this warranty does not extend to color, grain or texture of wood, and Evolve does not warrant matching of color, grain or texture.
Evolve makes no warranties, including implied warranties of merchantability and fitness for a particular purpose, other than the express warranties contained herein.

LIMITATION OF REMEDY

Purchaser's sole and exclusive remedy (excluding the repair or replacement of goods for breach of the express warranty above) for any matter or claim arising under or relating to these terms and conditions, the goods covered hereby and any transaction involving or relating to such goods, whether in contract, tort (including negligence) or otherwise, shall be payment of the lesser of the cost to repair or replace said product or the purchase price for the goods to which the claim relates. In no event shall Evolve be liable for any special, indirect, consequential, or incidental damages, including without limitation, damages for loss of business profits, business interruptions, or loss of information.

EVOLVE'S WARRANTY DOES NOT APPLY (FOR ANY PRODUCT CATEGORY) TO THE FOLLOWING:

- Failures due to wear and tear
- Failures which result from negligence, abuse, accident or misuse
- Failure to apply, install or maintain products according to Evolve's written instructions and warnings
- Modifications, attachments or repair methods not approved by Evolve
- Damage caused by a carrier in transit, or delivery/installation contractors
- The matching of colors, grains or textures (wood, leather, etc.) of natural materials and color matching of textiles
- Products exposed to extreme hot or cold temperatures or excessively dry or humid environments
- Colorfastness or the matching of color of textiles
- Damage by markings or staining; damage by sharp objects or imprinting from instruments
- Damage to textiles or laminate and wood surfaces/edges from exposure to sunlight (including UV rays)
- Products used for rental purposes

Evolve's warranty applies to products sold within the United States of America, Mexico, the Commonwealth of Puerto Rico and Canada.

PROTECTING THE ENVIRONMENT FOR FUTURE GENERATIONS

Our environmental success story began with the challenge to create an office system that would meet today's business requirements while maintaining a firm commitment to save and protect the environment.

Sustainability became a part of the creative focus and development of Evolve that incorporates the latest technology and design features to provide excellent performance at a competitive price.

As government and industry environment ratings such as LEEDS & Greenguard become more prevalent, Evolve offers designers and architects functional, attractive, and economical office designs that meet these standards.

Evolve is a leader in reducing waste in the manufacturing of its products as well as utilizing recycled materials wherever possible. We make extensive use of recycled plastic and wood waste from other Global factories.

Evolve is committed to the continuous improvement of our environmental systems, the prevention of pollution, and to comply with both the spirit and the letter of all relevant environmental legislation.

Evolve Panels are 100% recyclable at the end of their lifespan. Nothing from an Evolve Panel needs to end up in a landfill.

PRODUCT INFORMATION

Evolve offers fabrics that are made from 100% recycled polyester, which means less waste going to landfills. These fabrics also reduced the demand for petroleum products, and decrease the environmental impacts of processing those petroleum products into polyester.

Evolve has developed a Panel interior made from 100% recycled wood and polypropylene. Through innovative design and technology, Evolve utilizes waste that would have normally been sent to landfill.

Evolve Panels are insulated with Roxul, a mineral wood insulation made from slag, an inert steel by-product, and basalt rock. Roxul is a high density product that provides maximum sound absorption to reduce noise in the work environment. Roxul insulation is fire resistant, water repellent and will not support the growth of fungi or mildew.

Evolve's epoxy powder coating process involves no liquids and is solvent free. It contains no harmful VOC's or lead. Up to 99% of over sprayed powdered is reclaimed, mixed with virgin powder and reused.

BEAM

Power Beam

- All metal components are painted with environmentally friendly epoxy powder.
- Raceway Interiors are coated with recycled epoxy powder.
- The entire Evolve Power Beam and the processes used to manufacture it are designed to save and protect the environment. Evolve panels are made from recycled materials and are 100% recyclable.
- Componets conform to CGSB and ANSI/BIFMA Standards
- The quality and performance level of these panels have been tested to equal or exceed the requirements of the U.S. Government.
- Power Beam has a steel frame and is 2 7⁄8" thick. Corner posts create a panel creep of 3 1⁄4".
- Leveling Glides extend 1 1⁄2" high.

Power Beam Options

- Power Beams are available in the following heights: 24", 30", and 36".
- Module widths come in seven (7) sizes: 36", 42", 48", 54", 60", 66" and 72"
- Straight, 90 Degree & 120 Degree

Extension Module Options

- Acoustic Fabric (Tackable), Glazed, Open, Laminate, Whiteboard,, Air Flow.
- Attaches to the top of the Power Beam or another extension module (not to exceed 42"h above finished floor).
- Offered in 6", 12", and 18" heights
- Can be stacked up to 42" high above the finished floor (A.F.F.)

Beam Reconfiguration

- Extension Modules can be modified on site by replacing fabric modules with Glazed, Open, Laminate, Whiteboard or Air Flow at any time after the initial installation.
- Fabric can be replaced easily; using pre-cut segments of fabric, a drawstring (C-Jex) is sewn in around the edges. Then a rubber spline is used to 'screen' the fabric in place.

VOICE/DATA AND ELECTRICAL POWER

- NOTE: Panels and Electric components are CSA/UL approved. Tools are not required to install electrical in the Power Beam.

Electric Information

- Electric can be run in all three Power Beam heights (24'h, 30"h or 36"h)
  - 8-Wire, 4-Circuit Capability
  - 2 Utility + 2 Dedicated Circuits
  - 10 Gauge (oversized) Neutrals
- All circuits can support up to 20 amps (15 CSA)
- Contact Evolve customer care for additional wiring options.

Raceway Information

- Raceway knockouts sizes conform to the ANSI/TIA/EIA Furniture Opening Standard of 1.38" x 2.71".
- Power Beam raceway is available at 36"- 72" wide.
- 36"- 60" - 2 electric / 1 data on each side.
- 66" & 72" - 4 electric / 1 data on each side. (When specifying 4 duplexes on one side 2 i-connectors are required per side.)
- Standard data face mount plates can be used without the need of adapter plates (supplied by others).
- **Cabling Capacities**
  (calculations below are based on .25" diameter communication cables.)
- **Power Modules**
  - Without Electric – 65 Cables
  - With Electric – 54 Cables
- **Panel Connectors - 90 Degree Connector Posts**
  - Without Electric – 45 cables
  - With Electric – 25 Cables

WORK TABLES

Freestanding Tables

- Foli height adjustable (23" or 29"d)
- Bungee (20", 24" or 30"d)
- Junction (20", 24" or 30"d)
- 2gether (18" or 24"d)

- **Power Beam is a freestanding beam system and does not support attachment of an Evolve brackets or overhead storage including cantilevers or other support brackets.**

WARRANTIES AND PERFORMANCE

- A Lifetime Warranty
- Non Obsolescence Warranty
- Reduced cost of assembly and reconfiguration
- ISO9001:2000 Registered
- ISO14001:2004 Registered
- GreenGuard Certified
- ANSI/BIFMA CGSB testing on all products
- For piece of mind over the long term, we cover you with a comprehensive warranty that is supported by our dealer network.
- Some installation companies claim that the Evolve Panels System can be installed in half the time it takes to install most of our competitor's segmented panels. This cost saving can amount to thousands of dollars over the lifetime of our furniture.
- Your assurance of consistent quality to an international standard. Evolve Systems is committed to design, manufacture and distribute superior quality office furniture, which meets or exceeds the requirements of our customers.
- Confirmation that Evolve is committed (1) to providing product that, through their entire life cycle, minimize negative environmental impacts on the environment, (2) to continuous improvement to our environmental systems and programs and (3) to comply to all relevant environmental legislation and regulations.
- Evolve Systems can help a company meet LEED requirements for office furniture.
- Evolve components are tested to the highest standard in the industry. This is your assurance of quality and longevity.

TECHNICAL FEATURES OF POWER BEAM:

- Evolve Power Beam is 2 7⁄8" thick.
- An aluminum low profile top cap is included with Power Beams.
- Power Beam will accommodate 65 .25" diameter communication cables without electrical or 54 .25" diameter communication cables with electrical.
- 90-degree post extension accommodates 45 .25" diameter communication cables without electrical and 25 .25" diameter communication cables with electric.
- Raceway knockout openings are 1.38" x 2.71".

BASIC FEATURES OF POWER BEAM:

- Power Beam is available in three (3) heights: 24"h, 30"h and 36"h; and seven (7) widths: 36"w, 42"w, 48"w, 54"w, 60"w, 66"w and 72"w.
- There is no panel creep in a straight Beam-to-Beam configuration; however, a corner post (2, 3, 4 way) will add 3.25" inches to a beam run.

BASIC FEATURES OF EXTENSION MODULES:

- Extension modules stack on the top of a Power Beam or another extension module (maximum height - 42"h, above finished floor).
- Fabric extension modules may have different fabrics on opposite sides within the same grade with no up-charge.
- If different grades of fabric are used on one module, the entire modules will be priced utilizing the fabric with the highest grade.

GENERAL WARRANTY INFORMATION:

- Panel and tackboard textiles, adjustable keyboard mechanisms, tasklights and electrical devices = ten (10) Years
- Other parts = Lifetime Warranty

EVPBGICBS - POWER BEAM SLOTTED CONNECTOR WITH BASE FOR GLIDE

- Slotted connector allows to attached brackets for worksurfaces
- Connects two power beams on equal height
- Includes slotted connector with glide and connecting hardware

DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	EVPBGICBS24	64	24	2	
	EVPBGICBS30	70	30	2	
	EVPBGICBS36	76	36	2	

Note: Power Beam to be installed in stable configuration using two way posts, three way posts, four way posts to provide support for worksurfaces.

EVPBLS - POWER BEAM SLOTTED CONNECTOR WITH LEG

- Slotted connector allows to attached brackets for worksurfaces
- Connects two power beams on equal height
- Includes slotted connector with leg, glides and connecting hardware

DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	EVPBLS24	98	24	18	
	EVPBLS30	103	30	18	
	EVPBLS36	108	36	18	

Note: Power Beam to be installed in stable configuration using two way posts, three way posts, four way posts to provide support for worksurfaces.

EVPBFCGS - VERTICAL BASE POWER FEED COVER WITH GLIDE

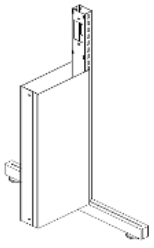
- Slotted connector allows to attached brackets for worksurfaces
- Connects to electrical cut out power beam
- Includes vertical covers and slotted connector with glide base, end-of-run trim below power beam. Power Beam with electrical cut out to be ordered separately.

DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	EVPBFCGS24	168	24	6	3
	EVPBFCGS30	190	30	6	3
	EVPBFCGS36	216	36	6	3

Note: Power Beam to be installed in stable configuration using two way posts, three way posts, four way posts to provide support for worksurfaces.

EVPBFCLS - VERTICAL BASE POWER FEED COVER WITH SLOTTED LEG

- Slotted connector allows to attached brackets for worksurfaces
- Connects to electrical cut out power beam
- Includes vertical covers and slotted connector with leg, end-of-run trim below power beam. Power Beam with electrical cut out to be ordered separately



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	EVPBFCLS24	199	24	6	21
	EVPBFCLS30	223	30	6	21
	EVPBFCLS36	246	36	6	21

Note: Power Beam to be installed in stable configuration using two way posts, three way posts, four way posts to provide support for worksurfaces.

EVPBIEC - EXTENSION CONNECTOR SLOTTED FOR POWER

- Attaches to power beam connector
- Includes slotted extension connector and connecting hardware
- Must be attached to power beam connector with provided screw before installing power beam

DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	EVPBIECS06	44	6	2.875	
	EVPBIECS12	44	12	2.875	
	EVPBIECS18	52	18	2.875	
	EVPBIECS24	52	24	2.875	

EVPBLERT - END OF RUN TRIM FOR CONNECTOR

- Finishes exposed connector at the end of a run of Power Beam
- Power Beam connector nor included

DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	EVPBLERT48	77	45.4	2.875	
	EVPBLERT54	81	51.4	2.875	
	EVPBLERT66	86	63.4	2.875	

Note: Power Beam to be installed in stable configuration using two way posts, three way posts, four way posts to provide support for worksurfaces.

EVPBGICBM - POWER BEAM CONNECTOR WITH BASE AND CASTOR

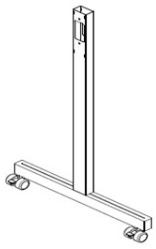
- Connects two power beams on equal height
- Includes connector with castor and connecting hardware
- Castors are lockable
- Laminate end panel with castors must be used at end with T leg for stability

DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	EVPBGICB24M	80	25	2	
	EVPBGICB30M	86	31	2	
	EVPBGICB36M	91	37	2	

Note: Castors to be locked when power feed is connected to wall outlet. Disconnect power feed from power before moving power beam.

EVPBLM - POWER BEAM CONNECTOR WITH LEG AND CASTORS

- Connects two power beams on equal height
- Includes connector with leg, castors and connecting hardware
- Castors are lockable
- Laminate end panel with castors must be used at end for stability

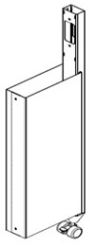


DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	EVPBL24M	129	25	18	
	EVPBL30M	133	31	18	
	EVPBL36M	138	37	18	

Note: Castors to be locked when power feed is connected to wall outlet. Disconnect power feed from power before moving power beam.

EVPBFCGM - VERTICAL BASE POWER FEED COVER WITH CASTOR

- Connects to electrical cut out power beam
- Includes vertical covers and connector with castor
- Castors are lockable
- End of run trim below power beam included
- Power beam with electrical cut out to be ordered separately
- Power beam base feed with plug to be used, to be ordered separately
- Laminate end panel with castors must be used at end with T leg for stability



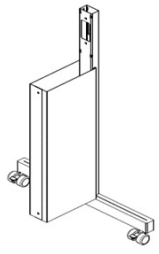
DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	EVPBFCG24M	182	25	6	3
	EVPBFCG30M	206	31	6	3
	EVPBFCG36M	231	37	6	3

Note: Castors to be locked when power feed is connected to wall outlet. Disconnect power feed from power before moving power beam.

POWER BEAM MOBILE

EVPBFCLM - VERTICAL BASE POWER FEED COVER WITH LEG AND CASTORS

- Connects to electrical cut out power beam
- Includes vertical covers and connector with leg with castors
- Castors are lockable
- End of run trim below power beam included
- Power beam with electrical cut out to be ordered separately
- Power beam base feed with plug to be used, to be ordered separately
- Laminate end panel with castors must be used at end with T leg for stability



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D

Note: Castors to be locked when power feed is connected to wall outlet. Disconnect power feed from power before moving power beam.

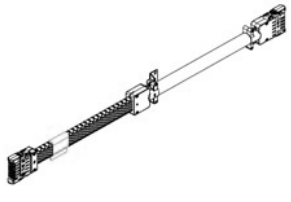
EVE8FR3PBP - POWER ENTRY FOR POWER BEAM WITH PLUG FOR WALL PLATE INFEED

- Snaps in to power distribution housing
- Includes 48" long flexible vinyl conduit with Dekko plug
- Includes bracket to attach to Vertical raceway panel
- Power beam with electrical cut out must be ordered
- 71" long base feed will work with 24"and 36" H Power beam
- Power beam base feed with Dekko plug will fit only into wall plate infeed
- Wall plate infeed must be hardwired to source by licensed electrician



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	EVE8FR3PBP	312		71	

Note: Only compatible with wall plate infeed EVE8WPIPB

EVE8WPIPB - WALL PLATE INFEED FOR POWER BEAM WITH DEKKO PLUG

- Wall plate infeed must be installed and hardwired to source by licensed electrician
- Only Power beam base feed with Dekko plug will fit into Wall plate infeed
- Power beam base feed with Dekko plug to be ordered separately

DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	EVE8WPIPB	509	5.25	5.25	1.75

Note: Only compatible with power beam base feed with Dekko plug EVE8FR3PBP

EVE8CP-H - CEILING PASS THRU CABLES WITH WIRE MESH

- Pass thru cable to connect from ceiling to power beam
- Pass thru cables with wire mesh allows to connect thru ceiling post to Panels, Beltline and Power beam
- In ceiling connects thru "I" connector to hardwired standard ceiling feed laying in ceiling
- "I" connector and standard ceiling feed to be ordered separately

DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D

TIPS!!

When ordering Beam Extension Modules, Inline Extension Connectors (EVPIEC) must be ordered separately. Please see EVPBIEC for details.

Inline Extension Connectors for Power Beam connect two Beam Extension Modules of equal height in a straight run.

Extension connectors do **not** provide support for hang-on storage components.

EVPFE - FABRIC PANEL EXTENSION MODULE

- Attaches on top of a panel.
- Modules can be stacked to add privacy or divide space.
- Each side of the fabric module may have a different fabric within the same grade at no charge.
- Panel Extension Modules cannot install higher than 42" high above finished floor.
- If different grades of fabric are used on one module, the entire module must be priced at highest grade.
- When ordering Panel Extension Modules, additional connectors are required.
- Fabric on 66" and 72" wide fabric panel extension modules is applied railroaded. Any connecting beams in other widths should be specified with railroaded fabric as well to match.
- *Top Trims are not included with Extension Modules.

EVPBLEPSS - POWER BEAM LAMINATE SINGLE SIDED GALLERY PANEL, CONNECTOR ENDS

- Attaches to power beam channel.
- To be installed at end of power beam run on one side.
- Finished in thermally fused laminate.
- Locking connection both sides.
- Laminate Gallery Panel height is inclusive of panel glides extended to their full height.
- If wood grain is selected, grain runs horizontally.
- Power beam channel and bottom connecting bracket to be ordered separately.

EVPBLEPDCNC - POWER BEAM LAMINATE DOUBLE SIDED MIDDLE GALLERY PANEL, 24" ELECTRICAL CUTOUT, FINISHED ENDS

- Attaches to power beam channel.
- To be installed in middle between two power beam in straight run.
- Cut out for electric at 24" power beam height
- Finished in thermally fused laminate.
- No connection both sides.
- Laminate Gallery Panel height is inclusive of panel glides extended to their full height.
- If wood grain is selected, grain runs horizontally.
- Power beam channel and bottom connecting bracket to be ordered separately.

EVLXPM - LAMINATE GALLERY STRAIGHT EXTENSION PANEL, CONNECTOR ENDS

- Locking connection both sides.
- Finished in thermally fused laminate.
- Laminate Gallery Panel height is inclusive of panel glides extended to their full height.
- If wood grain is selected, grain runs horizontally.
- Bottom connecting brackets to be ordered separately.

EVPBLEP - LAMINATE END PANEL FOR POWER BEAM

- Connects to a power beam support leg with foot at the end of a run
- Includes brackets to attach to support leg with foot
- Finished in thermally fused laminate. If wood grain is selected, grain runs horizontally
- Laminate End Panel height is inclusive of panel glides extended to their full height
- Laminate end panel must connect to a support leg with foot and will not connect to a support leg with glide
- Must be used with Connectors with T-Leg

		EVE8PD66	244		41 1⁄2	
		EVE8PD72	258		41 1⁄2	

EVE8CP - FLEXIBLE MESH JUMPER CABLE

- Used to connect two power distribution housings in a straight run, 90-degree or 120-degree connections.
- 18.5" flexible mesh jumper replaces EVE8CP20 jumper for corner post applications.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
	Flexible Mesh Jumper Cable	EVE8CP17	114		17 1/2	
		EVE8CP18	141		18 1/2	

EVE8CPXX-H - PASS-THROUGH CABLE

- Flexible metal conduit with wire mesh distributes electrical power through non-powered beams.
- To calculate the length of a Pass-Through Cable, add the widths of the non-powered beam separating the powered panels (panels with distribution housing attached). To this, add 16" (distance from the edge of the panel to the distribution housing x 2).
- Add additional 3" when passing through a post. See the Tips at the beginning of the section for more details.
- Hybrid pass-through cables with wire mesh allows connection at 90 degree post at one end for Evolve panels including Beltline and Power Beam.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D

EVE8CP50-H - JUMPER CABLE PANEL TO POWER BEAM

- Jumper cable to connect panel power distribution housing to power beam
- Hybrid jumper cable with metal conduit and with 24" long wire mesh end to be able to plug into power beam
- Panel to Power beam Post with vertical base feed covers to be ordered separately
- Power beam with electrical cut out must be ordered
- 50" long Jumper cable will work with 24", 30" and 36" H Power beam

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
	Jumper cable Panel to Power Beam	EVE8CP50-H	194		50	

EVE8CI-1 - "I" CONNECTOR

- Female - Female connector used to connect two Pass-Through Cables
- Connects receptacles for 66" w and 72" w modules when two are required on one end

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	"I" Connector	EVE8CI-1	85			

EVE8RD - DUPLEX RECEPTACLE

- Duplex receptacles are rated for 15 Amps.
- EVE8RD1 = Circuit #1 (utility circuit)
- EVE8RD2 = Circuit #2 (utility circuit)
- EVE8RDA = Circuit A (dedicated)
- EVE8RDB = Circuit B (dedicated)

NOTE:

- EVE8RD1 and EVE8RD2 (#1 and #2 share common ground)
- EVE8RDA and EVE8RDB (A and B share common ground)
- Up to 8 receptacles on average per circuit (24 per infeed), not to exceed total of 15 Amps per circuit.
- Actual quantity of receptacles is determined by individual electrical requirements as determined by the customer.
- Standard in black. Available in White or Nevada with upcharge, add $3.00.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D

EVE8RDXCA - CALIFORNIA CONTROLLED DUPLEX RECEPTACLE

- California Title 24 meets federal and LEED certification guidelines
- Allows circuit to be controlled or switched off when utility is not in use.
- Duplex receptacles are rated for 15 Amps.
- EVE8RD1CA = Circuit #1 (utility circuit)
- EVE8RD2CA = Circuit #2 (utility circuit)
- EVE8RDACA = Circuit A (dedicated)
- EVE8RDBCA = Circuit B (dedicated)

NOTE:

- EVE8RD1CA and EVE8RD2CA (#1 and #2 share common ground)
- EVE8RDACA and EVE8RDBCA (A and B share common ground)
- Up to 6 receptacles per circuit (24 per infeed), not to exceed total of 15 Amps per circuit.
- Available in BLK finish only.

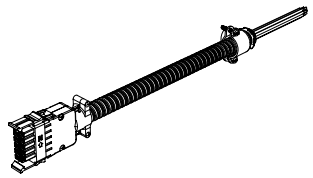
EVE8FR3PB - POWER ENTRY FOR POWER BEAM

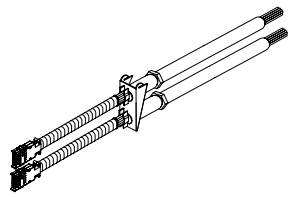
- Snaps in to power distribution housing
- Includes 84" long flexible vinyl conduit
- Includes bracket to attach within vertical infeed cover
- Must be hardwired to source by licensed electrican



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	EVE8FR3PB	440		84	

EVE8FR3PBD - DOUBLE POWER ENTRY FOR POWER BEAM

- Each power feed entry snaps into separate power distribution housing
- Includes two 84" long flexible vinyl conduit
- Includes double bracket to attach to Vertical base power feed cover leg
- Must be installed in middle between two power beams, one base feed plugs to power beam on opposite side of leg than attached bracket
- Vertical base power feed cover with leg to be ordered separately
- Must be hardwired to source by licensed electrician

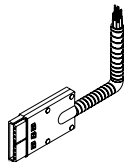


DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	EVE8FR3PBD	734		84	

NOTE: Always determine that each individual harness is electrically connected to only one power supply.

EVE8EC - CEILING POWER ENTRY

- Must specify at a 90 or 120 Degree Post
- Post extension specified separate
- Floor plate must be separate on post with ceiling infeed



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
Ceiling Power Entry	EVE8EC1	258		132	
	EVE8EC2	451		144	
	EVE8EC3	509		180	

EVEENY-2PB - HARDWARE POWER ENTRY BOX - NEW YORK FOR POWER BEAM

- A licensed electrician must provide hard wire connection within the junction box.
- Box attaches vertically with screws to leg between Vertical base feed covers
- Vertical base power feed cover with leg to be ordered separately
- Must be installed in middle between two power beams, plugs to power beam on opposite side of leg than attached box
- For use with Power Beam only

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Hardware Power Entry Box - New York	EVEENY2PB	427	3	28	2 1⁄5

EVEJBC-1PB - HARDWARE JUNCTION BOX - CHICAGO FOR POWER BEAM

- Can be retrofitted in any size of power beam at the receptacle location.
- Gives access from one side only at each location.
- Customer to supply conduit, wiring, receptacle, and face plate.
- A licensed electrician must provide hardware connection with the junction box.
- 2 per power beam
- For use with Power Beam only

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Hardware Junction Box - Chicago	EVEJBC-1PB	98			

EVDPE - POST EXTENSION DATA/ COMM LAY-IN

- Attaches to the top of post to bring power and/or data cables from ceiling to panel power way
- Three-sided power pole with snap-on fourth side
- Post extension can be open on one side for lay-in or power and/or data cables
- Made of aluminum and can be field cut
- Accommodates up to 25 CAT 5 cables with electric. Accommodates up to 45 CAT 5 cables without electric
- Ceiling infeed installed on one way post with T Leg requires securing post with two Floor mount plates
- Post extension bigger then 82"H is made from two parts

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D

EVAFMB01 - FLOOR MOUNT PLATE

- Attaches to floor.
- Secures beam to floor.
- Attachement screws are not included.
- Care should be taken to use correct fastners for type of floor.
- Available in chrome finish only.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Floor Mount Plate	EVAFMB01	82	0.25	5	2.5

EVPBECH34 - E-CHAIN WITH BRACKET

- E-Chain provides cable management from the Power Beam to a height adjustable table
- Includes bracket to attach to bottom of Power Beam
- E-chain provides wire management for all height adjustable table heights
- Available in black only

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	E-Chain with Bracket	EVPBECH34	380	41	1	2

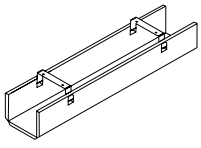
EVPBT01 - POWER BEAM TRAY

- Power beam tray provides support for wires
- Can be used with power beam only
- Available in standard and premium paint finishes

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Power Beam Tray	EVPBT01	40	12	1.25	3.5

EVAFWMXXP - WIRE MANAGER

- PET Wire manager installed under worksurface
- Including attachment brackets
- Available in standard felt colors



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
PET Wire Manager	EVAFWM22P	116	3.375	22	4

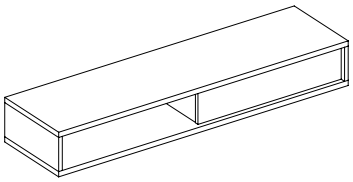
EVSDAOH - POWER BEAM DUAL ACCESS OVERHEAD

- Inside dimensions 6.500"high x 13"deep
- Laminate Overhead
- Available in standard Evolve laminate finishes
- Top mount on power beam
- Dual Access Overhead Support Brackets to be ordered separately
- Horizontal tube with trim and power beam legs for storage to be ordered separetly
- Power Beam shared storage cabinet must be installed at bottom for stability
- Power beam legs for storage must be used

DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
Dual Access Overhead	EVSDAOH60	1214	8.5	60	16
	EVSDAOH72	1233	8.6	72	16



EVPBSCGD - POWER BEAM SHARED STORAGE CABINET WITH SLIDING GLASS DOOR

- Inside dimensions 13"high x 13"deep
- Laminate storage cabinet, available in standard Evolve laminate finishes
- Available in Temperete Frosted Glass only, glass with hole to pull
- Tracks for sliding glass available in Tungsten only
- To be used with 24" H Power beam only
- To be installed under power beam between T legs
- Power Beam Storage cabinet attaches to bottom of power beam with brackets
- For ease of installation, levelers in middle included

DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D

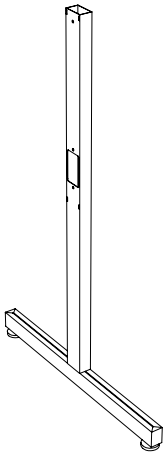
Connector with Leg for Storage	EVPBL36S	109	36	18	16



NOTES

textiles and finishes

Care and Cleaning

The following guide encompasses the Power Beam System line.
The guide was compiled using information from our "raw" material suppliers and is relevant only to our standard offering finishes and textiles.

FABRICS

To extend the life of your upholstered panels, regularly dust the panel to prevent airborne particles from penetrating the fabric surface.

For light soiling, use a damp cloth and blot the spot with very slight pressure, taking care never to soak the fabric. Dry with a clean cloth by blotting - never rub fabric. More intense stains can be treated the same way, but with a mild detergent. Always test fabric first in an unseen area before using any cleaning method.

PANEL FRAMES

The panel frames are manufactured out of sturdy aluminum with a powder coated enamel paint finish. To clean the frames of the panels, and all hardware associated with the Evolve line, simply utilize a clean, damp cloth. For stubborn stains on the panel frames, you may consider adding a mild detergent.

GLAZED PANELS

Cleaning of the glazing in panels should only be done with a damp lint-free cloth. A mild detergent can be used if necessary. Do not use paper towels in combination with a window cleaner-this may cause scratches to the glazing.

WORKSURFACES

The worksurfaces are manufactured using primarily Nevamar Brand laminates as the exposed surface. To properly clean these areas, it is best to use a clean, damp cloth and circular motion to prevent streaks. For stubborn stains, you are able to add a mild detergent to the water. Be certain not to use an ammonia-based solution. It will react with the PVC, or wood edge trim, causing permanent damage to the contacted areas.

ACCESSORIES

The accessories sold with the Evolve product line can be simply cleaned with a clean, damp cloth. If they are really dirty, a mild, non-abrasive solution may be added. Wipe with a damp cloth after the solution, and finally, a dry cloth.

Willow*	**WIL**

*Premium paint selections are available on the following components: Panels (top trim and frame), Hardware, End-of run/Post Kits, and Accessories at a 22% upcharge. Storage with no upcharge.

*Please note all Double Wall Storage units must be ordered in a minimum quantity of 50 when ordering in a premium paint finish. Different model types can be combined to achieve the minimum quantity required. See pages 192-193 for affected models.

All special and premium paint match orders of 50 panels or less will incur a $500 net setup fee. Panels, hardware, accessories and storage may be combined on orders to achieve minimum of 50 pieces or more and will not be subject to $500 net set up fee. Add on orders will not have that charge for 90 days after the original order has shipped and must have the original PO# quoted otherwise they will not qualify for the program.

Global matte paint finishes are available on most Evolve Storage pieces without an up charge regardless of quantities.

All Mica and Metallic paint finishes will incur a minimum up charge of 10%.

All non-standard paint finishes must be approved by Evolve prior to placing an order.

ADA Overheads are not available in Evolve premium color paints. ADA Overheads are available in Evolve standard paint colors only.

Frames for all Open Panel models, all panel retainers, PVC components for panels and connectors are unavailable in premium or special/custom paint colors. They are available in standard Evolve paint colors only.

PREVIOUSLY APPROVED TEXTILE

Fax completed form to: 856.596.5684

MAIL FORM AND TEXTILE SAMPLE ONLY TO:

GLOBAL - COM Department
17 West Stow Road
Marlton, NJ 08053 | 856.596.3390

Please contact your local EVOLVE CustomeCare representative for status of all COM requests. When textile is approved and an authorization number issued, a set of shipping instructions will be faxed or e-mailed to you.

Approved textiles are to be shipped to the address that will be included with instructions. Do not ship textiles to the address on this form. Dealer is responsible for the shipping expenses. Brokerage fees will be paid for by Global. However, duties imposed by North American Governments related to textile materials, content and Country of Origin, additional fees may apply and will be billed separately.

Please Note: C.O.M Textiles may not be shipped without shipping documents. GLOBAL is not responsible for any material shipped without the authorization number.

Please be advised that Global has phased out the use of textiles that contain certain Phthalates, including but not limited to: DEHP (di (2-ethylhexyl) phthalate), DBP (di-n-butyl phthalate), BBP (butyl benzyl phthalate) and DINP (di-isononyl phthalate) (collectively the "Listed Chemiclas"). The Listed Chemicals are used in certain types of vinyls. Global cannot accept orders for textiles that contain the Listed Chemicals, if such orders are to be shipped to the U.S.A. or are intended for customer in the U.S.A. If you are not sure if the C.O.M you have selected contains the Listed Chemicals, please contact the manufacturer or supplier of the fabric to verify.

TERMS & CONDITIONS

APPLICATION OF STANDARD TERMS

Sales of Evolve products are made only on Evolve standard terms and conditions of sale which are contained in the Price Book and in Evolve's order acknowledgments. These standard terms and conditions may be modified or supplemented only by a separately written document signed by Evolve's authorized personnel at its head office in Marlton, New Jersey. An offer by Purchaser of said terms and conditions shall not be binding until accepted by Evolve in writing.

All illustrations, specifications and prices in this Price List are based on the latest product information available at the time of publication. Evolve reserves the right to make changes, at any time and without prior notice, to prices, colors, materials, specifications and models offered.

PRICES AND PAYMENT

The prices shown in this Price List, as well as those quoted by Evolve, shall be in US dollars for orders shipped to destinations within the continental United States.

Prices listed herein are for standard product. Quotations for special product are available through Evolve Customer Support Department in Marlton, New Jersey.

If shipping date requested is more than 90 days from date of order Evolve shall use published list prices effective at the time of shipment.

Not included in the list price are special or export packing, unpacking and installation. Orders are invoiced at the time of shipment. The Customer agrees to pay a charge of 2% per month of invoices outstanding more than 30 days.

FOR PAYMENTS ONLY, MAIL TO:

Evolve Furniture Group, a division of:
Global Industries, Inc.
17 West Stow Road
P.O. Box 562
Marlton, New Jersey 08053

Any products sold shall remain the property of Evolve until fully paid for in cash. The Purchaser agrees to perform all acts which may be necessary to perfect and assure retention of title to such products to Evolve until such time as the goods have been paid for in full.

Freight charges will be prepaid by Evolve to destinations within the contiguous United States on shipments of $10,000 list and greater. For shipments less than $10,000 list, the freight charge will be 5% of the total list price.

Please note exception below:
All showroom and mock-up orders will be subject to actual freight charges.

Evolve shall, in its sole discretion, determine the most appropriate method of shipment routing and carrier. Shipments of less than a full trailer load (LTL) shall ship via common carrier. **These LTL shipments are not subject to specific delivery days or times.** Full trailer loads will provide for dedicated delivery time and schedule. Purchaser may request special packaging or method of shipment at Purchaser's sole expense.

TAXES

All sales, use, excise and other applicable taxes and the collection and reporting thereof (excluding only taxes on the net income of Evolve) are the Purchaser's responsibility and will be invoiced to the Purchaser. If Purchaser claims an exemption from such taxes, it shall be the Purchaser's responsibility to furnish an appropriate exemption certificate to Evolve.

ORDER INFORMATION

Evolve requires that **all orders be submitted in writing** to avoid errors and/or duplication. Orders will be acknowledged with Evolve's acknowledgement forms governing the transaction. The details appearing on the acknowledgement will describe the items to be shipped to Purchaser who must ascertain that they are correct. If not correct, Purchaser should notify Evolve immediately by telephone or fax followed by written confirmation. Acknowledgment shows approximate shipping date of items ordered. **Shipping dates are assigned to orders based on the item having the longest manufacturing lead time.** Orders with Customer's Own Material (C.O.M.), or missing or incorrect information (finish selections, fabric selections, etc.) will be scheduled for manufacturing upon receipt of COM or correct complete information. Purchaser must indicate if multiple shipping schedules are required including noting if the shipping date requested is longer than standard posted lead time. Each shipment will be invoiced at time of shipping and will be subject to payment terms described herein.

C.O.M. CUSTOMER'S OWN MATERIAL

Should Purchaser request a fabric, not standard to the Evolve upholstery line, Purchaser shall submit a sample of not less than two yards for approval. Evolve will determine whether fabric is suitable to manufacturing process and applicable UL or code requirements. Should Evolve be required to test such fabric, it shall so advise Purchaser, and Purchaser shall be responsible for all costs associated therewith. This includes all duty and brokerage fees.

Fabric yardage requirement will be determined by Evolve. An additional charge may be made to cover the cost of cutting, matching or sewing unusual or directional patterns. Evolve shall have no responsibility for condition, quality, performance, physical properties or any other aspect of C.O.M. For panels, price as if grade 1 fabric is used.

Evolve reserves the right to reject any C.O.M. deemed unsuitable.

Evolve reserves the right to cancel an order at any time if C.O.M. is, in the sole judgement of Evolve, inadequate for any reason.

CHANGES AND CANCELLATION

The order may not be changed or cancelled by Purchaser without the written consent of Evolve. This charge can be as much as 100% based upon proximity to scheduled shipment date. Special order items and fabric-covered items already in production are not subject to change or cancellation under any circumstances. Fabric-covered items are considered to be in production once the fabric has been cut.

DEPOSIT ON SPECIAL ORDERS

Orders for nonstandard products may, at Evolve's discretion, require deposit prior to scheduling of production, the amount of the deposit being credited against the total price of the project.

SUSPENSION

In the event that the Purchaser defaults in the payment of any sum due Evolve, or in the event the Purchaser's financial condition becomes unsatisfactory to Evolve, Evolve shall have the right at its option, upon written notice to the Purchaser, to cancel shipment of any goods, unless within ten (10) days of Purchaser's receipt of such notice Purchaser provides assurance of payment to Evolve in such form, content and/or amounts as Evolve, in its sole discretion, deems adequate.

COMBINED SHIPMENTS

Evolve will make every effort to combine shipments and orders on written request. However, acceptance of such request shall be with Evolve's sole discretion.

CODE RESTRICTIONS

Evolve portable furniture may be subject to local fire, electrical and/or building codes applicable to portable furniture. It shall be Purchaser's sole responsibility for the proper application of Evolve items within the limitations of such local codes, which may be different from area to area.

SERVICE

Service problems shall be handled by the authorized Evolve dealer. Where this cannot be accomplished on a local level, service problems should be referred to:
Evolve Furniture Group
Customer Support
17 West Stow Road
Marlton, New Jersey USA 08053
856-552-4000 888-827-2500
Attention: Evolve Operations Manager

STORAGE

In the event Purchaser requests postponement of delivery beyond the acknowledged shipping date, Evolve may transfer the goods to storage on Purchaser's account and at Purchaser's risk and expense subject to a daily storage rate. Such transfer to storage shall be deemed shipment to Purchaser for all purposes, including invoicing and payment.

DELAYS

Evolve's order acknowledgement will state a shipping date which is Evolve's best estimate at the time the order is acknowledged. However, Evolve shall not incur any obligation or liability to Purchaser for failure to ship by a specified date. In addition, Evolve shall not be liable for any loss or damage resulting from any delay or failure in shipment or other failure to perform all or any part of the agreement between the parties with respect to the goods shown on the face of the order acknowledgement where such delay, failure, loss or damage is the proximate result of any act of any governmental authority or political subdivision thereof, revolution, riot, civil disorder or disturbance, act of enemies, delay or default in transportation, strike disputes among or between unions or other labor disputes, delay or inability in obtaining materials and facilities, fire, flood, act of God or any cause not within the reasonable control of Evolve, whether of the class of causes enumerated or otherwise. Without limiting the generality of the foregoing, Evolve may, without causing any breach or incurring liability, allocate goods which are in short supply, regardless of the reasons therefore, among purchasers, in any manner which Evolve, in its sole discretion, deems advisable.

BACK CHARGES

Evolve will not accept charges for expense incurred by the Purchaser in expediting shipments or otherwise. Evolve will not accept charges for the repair of damage by others.

CLAIMS

All goods are sold F.O.B. Toronto, Canada, unless otherwise agreed to in writing by Evolve. Evolve is not responsible for damage which occurs in transit or in storage. The carrier signs for all goods received in good order. It is the Purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier. Any claims made against Evolve for apparent defects, errors or shortages must be made by the Purchaser in writing, within fifteen (15) working days after any delivery. Failure by the Purchaser to make any claim against Evolve within the above-described fifteen days shall constitute acceptance of the goods and a waiver of any apparent defects, errors or shortages.

RETURNS

No returns of goods will be accepted without written consent and shipping instructions, including Evolve's Return Goods Authorization (R.G.A.) numbers, to Evolve. A minimum restocking charge of 35% is made on all authorized returns for credit or refund, provided goods are received by Evolve in the condition in which they left the factory. No credit will be given if goods cannot be reused. Special order items and fabric-covered items are in no event subject to return. All returns must be approved and authorized in writing by Evolve Customer Support, Marlton, New Jersey.

LIFETIME WARRANTY

Evolve warrants that all commercial products are free from defects in material and workmanship, for the life of the product, to the original purchaser. This warranty is made by Evolve only to original customers acquiring the product directly from Evolve's authorized dealers. The customer's sole remedy pursuant to this warranty is limited to repair or replacement of parts or product at Evolve's option. Consent from Evolve must be obtained before any warranty work is performed. This warranty shall not apply to any products which must be replaced because of normal wear and tear, negligence, abuse or "accident", shipping damage, or product use and installation other than in accordance with written instructions or warnings. It shall also not apply when product has been modified or altered, repaired or refurbished by someone other than Evolve or an authorized dealer or because of natural variations over which Evolve has no control. In the event of repair and/or replacement of any defective product, Evolve does not warrant matching color, grain, texture or dye lots. Evolve's warranty does not cover the cost of transportation or labor. Repair or replacement will be at Evolve's option. Evolve makes no warranty that any of its products are suitable for any particular purpose and makes no other warranties, expressed or implied, other than those set forth in this Price List. As codes and standards vary from one jurisdiction to another, references to compliance are soley for convenience and without any representation as to accuracy or suitability. Users must verify the suitability of such information or product for their specific application. In no event shall Evolve be liable in either tort or contract for any loss or direct, special, incidental, consequential, or exemplary damages.

This Lifetime Warranty is NOT applicable to customers who use Evolve products for rental purposes and is effective only for products, parts or components manufactured after January 1, 2011.

Exceptions to this warranty include:

- Global fabrics and wood veneers, which are warranted for five years from date of delivery.
- Electrical components, which are warranted for ten years from the date of delivery.
- Moving parts such as glides, slides, casters, user-adjustable worksurface mechanisms, which are warranted for five years from date of delivery.
- Fading on fabric and wood veneers can be caused by exposure to U.V. rays/sunlight. Natural wood veneer, being a natural material, will have shade differences between veneer sheers, the difference will be more apparent between dye lots.

Evolve does not warrant color fastness on Customer's Own Material.

Because of natural variations over which Evolve has no control, this warranty does not extend to color, grain or texture of wood, and Evolve does not warrant matching of color, grain or texture.

Evolve makes no warranties, including implied warranties of merchantability and fitness for a particular purpose, other than the express warranties contained herein.

LIMITATION OF REMEDY

Purchaser's sole and exclusive remedy (excluding the repair or replacement of goods for breach of the express warranty above) for any matter or claim arising under or relating to these terms and conditions, the goods covered hereby and any transaction involving or relating to such goods, whether in contract, tort (including negligence) or otherwise, shall be payment of the lesser of the cost to repair or replace said product or the purchase price for the goods to which the claim relates. In no event shall Evolve be liable for any special, indirect, consequential, or incidental damages, including without limitation, damages for loss of business profits, business interruptions, or loss of information.

EVOLVE'S WARRANTY DOES NOT APPLY (FOR ANY PRODUCT CATEGORY) TO THE FOLLOWING:

- Failures due to wear and tear
- Failures which result from negligence, abuse, accident or misuse
- Failure to apply, install or maintain products according to Evolve's written instructions and warnings
- Modifications, attachments or repair methods not approved by Evolve
- Damage caused by a carrier in transit, or delivery/installation contractors
- The matching of colors, grains or textures (wood, leather, etc.) of natural materials and color matching of textiles
- Products exposed to extreme hot or cold temperatures or excessively dry or humid environments
- Colorfastness or the matching of color of textiles
- Damage by markings or staining; damage by sharp objects or imprinting from instruments
- Damage to textiles or laminate and wood surfaces/edges from exposure to sunlight (including UV rays)
- Products used for rental purposes

Evolve's warranty applies to products sold within the United States of America, Mexico, the Commonwealth of Puerto Rico and Canada.

PROTECTING THE ENVIRONMENT FOR FUTURE GENERATIONS

Our environmental success story began with the challenge to create an office system that would meet today's business requirements while maintaining a firm commitment to save and protect the environment.

Sustainability became a part of the creative focus and development of Evolve that incorporates the latest technology and design features to provide excellent performance at a competitive price.

As government and industry environment ratings such as LEEDS & Greenguard become more prevalent, Evolve offers designers and architects functional, attractive, and economical office designs that meet these standards.

Evolve is a leader in reducing waste in the manufacturing of its products as well as utilizing recycled materials wherever possible. We make extensive use of recycled plastic and wood waste from other Global factories.

Evolve is committed to the continuous improvement of our environmental systems, the prevention of pollution, and to comply with both the spirit and the letter of all relevant environmental legislation.

Evolve Panels are 100% recyclable at the end of their lifespan. Nothing from an Evolve Panel needs to end up in a landfill.

PRODUCT INFORMATION

Evolve offers fabrics that are made from 100% recycled polyester, which means less waste going to landfills. These fabrics also reduced the demand for petroleum products, and decrease the environmental impacts of processing those petroleum products into polyester.

Evolve has developed a Panel interior made from 100% recycled wood and polypropylene. Through innovative design and technology, Evolve utilizes waste that would have normally been sent to landfill.

Evolve Panels are insulated with Roxul, a mineral wood insulation made from slag, an inert steel by-product, and basalt rock. Roxul is a high density product that provides maximum sound absorption to reduce noise in the work environment. Roxul insulation is fire resistant, water repellent and will not support the growth of fungi or mildew.

Evolve's epoxy powder coating process involves no liquids and is solvent free. It contains no harmful VOC's or lead. Up to 99% of over sprayed powdered is reclaimed, mixed with virgin powder and reused.

PANELS

- NOTE: Panels consist of module frames, module interiors and a variety of skins.

Panel Information

- All metal components are painted with environmentally friendly epoxy powder.
- Raceway Interiors are coated with recycled epoxy powder.
- The entire Evolve Panel and the processes used to manufacture it are designed to save and protect the environment. Evolve panels are made from recycled materials and are 100% recyclable.
- Panels conform to CGSB and ANSI/BIFMA Standards
- The quality and performance level of these panels have been tested to equal or exceed the requirements of the U.S. Government.
- Classified as Acoustic, these panels meet the acoustical requirements of the U.S. Government with the following ratings:
  - .65 NRC
  - 23 STC
- Panel has a steel frame and is 2 7⁄8" thick. Corner posts create a panel creep of 3 1⁄4".
- Leveling Glides extend 2 1⁄2" high. (Carpet grippers are available, contact Evolve Customer Support).

Panel Options

- Standard, Beltline and Light* Segmented Panels are available in the following heights: 30", 42", 54" and 66".
- Standard, Beltline and Light* Monolithic Panels are available in the following heights: 42", 48", 54" and 66"

  * Light panels do not contain a base raceway, therefore the listed heights consider the 6" open space that would have contained a raceway.
- Standard and Light Panel widths come in (8) sizes: 18", 24", 30", 36", 42", 48" 54" and 60"
- Beltline Panel widths come in (7) sizes: 24", 30", 36", 42", 48", 54" and 60". The 6" Power Belt Module is metal with knockouts on both sides.
- Beltline Panel with Chimney widths come in (2) sizes: 36" and 42".

Panel Skin Options

- Acoustic Fabric (Tackable), Glazed, Open, Laminate, Whiteboard, Metal, Air Flow, Slat

Panel Extension Modules

- Attaches to the top of Standard, Beltline or Light panels.
- Offered in 6", 12", 18" and 24" heights
- Can be stacked in an excess of 14'-0". (Contact the Evolve Specification Department regarding additional support required.)

Extension Module Options

- Fabric, Glazed, Open, Laminate, Whiteboard and Airflow. Laminate and Whiteboard available in single and double sided.

Panel Reconfiguration

- Panels can be modified on site by replacing fabric modules with Glazed, Open, Laminate, Whiteboard or Air Flow at any time after the initial installation*.
- All panel types existing on site can have their height altered by replacing the vertical liners (on each side of the panel) and adding or subtracting modules* as required.
- Fabric can be replaced easily; using pre-cut segments of fabric, a drawstring (C-Jex) is sewn in around the edges. Then a rubber spline is used to 'screen' the fabric in place.
- Panels can be removed from the workstation, without having to remove an overhead or worksurface.
- Corner connectors can be converted from 2-way to 3-way, etc., by attaching an in-line connector with one screw.
- The Power Belt Module for the Beltline Panels cannot be relocated.

  *Contact Evolve Customer Support for information on field installed modules (they are available in heights of 6", 12" and 24")

VOICE/DATA AND ELECTRICAL POWER

- NOTE: Panels and Electric components are CSA/UL approved. Tools are not required to install electrical in the Evolve Panel System.

Voice and Data can be run at the following levels:

- Standard Panels–Base of the panel.
- Beltline Panels – Base, Beltline of the panel.
- Beltline Light Panels – Beltline of the panel.

Electric can be run at the following levels:

- Standard Panels–Base raceway
- Beltline Panels – Base and/or Beltline raceway
- Light Panels – Do not contain a raceway for electric.
- Beltline Light Panels – Beltline raceway

Additional Data and Electric Options

- A panel mounted power bar can be mounted on-module at any level and contains a 14' cord.
- Desktop modules are available to install in the worksurface scoop for electric and data.
- 6" Vertical Panel provides electric and data above the worksurface and electric just below the worksurface.

Electric Information

- Electric can be run in any raceway whether it is at the base or Beltline.
  - 8-Wire, 4-Circuit Capability
  - 2 Utility + 2 Dedicated Circuits
  - 10 Gauge (oversized) Neutrals.
- All circuits can support up to 20 amps (15 CSA).

Raceway Information

- Raceway knockouts sizes conform to the ANSI/TIA/EIA Furniture Opening Standard of 1.38" x 2.71" at the base and Beltline.
- Panels 24" wide include raceway covers with one knockout.
- Panels 30" wide include raceway covers with two knockouts.
- Panels 36"-60" wide include raceway covers with three knockouts.
- Standard data face mount plates can be used without the need of adapter plates (supplied by others).
- **Cabling Capacities**
  (calculations below are based on CAT5 cables)
- **Base Raceway – for Standard and Beltline Panels**
  - Without Electric – 140 Cables
  - With Electric – 48 Cables
- **Beltline Raceway – for Beltline and Light Beltline Panels**
  - Without Electric – 65 Cables
  - With Electric – 54 Cables
- **Panel Connectors - 45 Degree Connectors Posts**
  - Without Electric – 20 Cables
  - With Electric – 6 Cables
- **Panel Connectors - 60 Degree Connector Posts**
  - Without Electric – 20 cables
  - With Electric – 6 Cables
- **Post Extension - 90 Degree Post**
  - Without Electric - 45 Cables
  - With Electric - 25 Cables
- **Post Extension - 45 Degree Post**
  - Without Electric - 20 Cables
  - With Electric - 6 Cables
- **Post Extension - 60 Degree Post**
  - Without Electric - 20 Cables
  - With Electric - 6 Cables

WORKSURFACES

- NOTE: Worksurfaces come in a variety of shapes and sizes.

Worksurface Options

- Standard worksurface depths are 18"d, 24"d and 30"d.
- Standard worksurface widths range from 24"w – 84"w standard depending on the shape.

Worksurface Laminate Options

- Thermally Fused – 1" thick
- High Pressure – 1-1/16" thick
- High Pressure – 1-7/16" thick
- Wood Veneer – Contact Customer Support for Quotes

Worksurface Information

- Cable scoops are located in the back of each worksurface to route power and data cables
- Depth from center of scoop to panel is 1-1/8".
- Once installed there is a 3/8" gap between the worksurface and the panels for additional cabling needs.
- Custom sizes are available, contact Customer Support for Quotes.
- Metal inserts are standard for a metal to metal connection between the worksurface and the supporting hardware. This will allow product to be reconfigured many times and still perform.
- All worksurfaces utilize balanced construction.

STORAGE

Pedestals

- Available as Worksurface Supporting, Freestanding and Mobile.
- Mobile pedestals are available with or without a cushion. Mobile pedestals with a cushion can have an upholstery fabric applied to them.
- Standard Pedestal Depths are 18"d, 19"d, 23"d, 24"d, 29"d and 30"d
- Pedestal widths are 15"w. Please note maximum extension of pedestal glide is 1".

File Drawers

- 150 lb Full Extension Slides
- Full height drawer sides are standard on all File drawers which enables the hanging of files from the drawer side so no extra hardware is necessary. File drawers accept legal, letter and metric sized files.

Box Drawers

- 75 lb Single Action Slides

Drawer Information

- Steel construction guarantees the performance of the product over the long term.
- Welded joints with a full top, back and base ensure that the pedestal will sit square and adequately support the worksurface where necessary.
- Double wall drawer face
- 20 gauge steel
- Metal roller ball bearing slides
- Adjustable glides are accessible from the inside of the pedestal.
- Standard positive and secure locking system.
- Epoxy powder coated.
- Locks can be keyed alike or master keyed*. Please note Key list(s) required to key alike.
- *Master Key must be ordered separate.
- Standard recessed handle offers uncluttered aesthetic.

Lateral Files

- All lateral files are 18" deep
- Standard widths are 30"w, 36"w and 42"w.
- Standard EV12 Heights are 27.75"h, 40.5"h, 54"h and 65.88"h.
- Available with fixed front drawers, receding doors with roll-out shelf, and half height drawers (See page 184 for more information Lateral File)

Lateral File Information

- Drawer anti-locking system
- Three Stage, anti-bounceback suspension
- Receding door features 16 gauge, spring loaded hinges
- Premium drawer slides with black zinc coating for smoother, quieter motion.
- Pre-Installed file bars
- 18-20 gauge steel
- Adjustable glides are accessible from the inside of the lateral file. Please note maximum extension for lateral glide is 5/8"

Storage Towers

- Features all metal construction and a choice of 20 different configurations.
- Heights include 50"h, 54"h and 65.875"h. 42"h and 48"h available upon request.
- 24"w x 24"d
- Side shelving available.

Bookcases and Storage Cabinets

- Features all metal construction.
- Available in widths of 30"w, 36"w and 42"w.
- Heights include 27.75"h, 40.5"h, 54"h and 65.88"h.

Overhead Storage

- Standard widths include 24"w (not available on all units), 30"w, 36"w, 42"w, 48"w, 54"w and 60"w. Please note ADA and Double Wall Overheads are not available in 24"
- Standard heights range from 12"h to 17.5"h.
- Overhead Options
- Flat Front 12" Flipper Door
- Full Pull 13" Flipper Door
- Full Pull Double Wall Flipper Door (also available with shelf option)
- Full Pull 16" Flipper Door (door retracts inside cabinet)
- Sliding glass doors
- ADA Compliant Overhead with soft close mechanism
- High and Low Profile Shelf
- A magnetic whiteboard is available for metal front overheads.

WARRANTIES AND PERFORMANCE

- A Lifetime Warranty
- Non Obsolescence Warranty
- Reduced cost of assembly and reconfiguration
- ISO9001:2000 Registered
- ISO14001:2004 Registered
- GreenGuard Certified
- ANSI/BIFMA CGSB testing on all products
- For piece of mind over the long term, we cover you with a comprehensive warranty that is supported by our dealer network.
- Some installation companies claim that the Evolve Panels System can be installed in half the time it takes to install most of our competitor's segmented panels. This cost saving can amount to thousands of dollars over the lifetime of our furniture.
- Your assurance of consistent quality to an international standard. Evolve Systems is committed to design, manufacture and distribute superior quality office furniture, which meets or exceeds the requirements of our customers.
- Confirmation that Evolve is committed (1) to providing product that, through their entire life cycle, minimize negative environmental impacts on the environment, (2) to continuous improvement to our environmental systems and programs and (3) to comply to all relevant environmental legislation and regulations.
- Evolve Systems can help a company meet LEED requirements for office furniture.
- Evolve components are tested to the highest standard in the industry. This is your assurance of quality and longevity.

Evolve products have been coded using alphas that correspond with the product name. This creates an easy-to-remember code. The following breaks down the coding logic and highlights the required code components needed to order within each product category.

PANELS

Example: **Product:** **Segmented Panel**

Specify (1) **E V P F A**

EV — P — F — A

Base Code found on the product page to the left of the product name and a simple product illustration.

EVolve product line

Panel category

Fabric-covered or partly fabric-covered Panel

Acoustic Panel
(EVPF P – represents Premium Acoustic)

(2) EVPFA**6648**

Panel size offering. Listed on every product page with price listing.
Note: Additional dimensions are provided for most products on the far right hand side of each page. These dimensions are not required in the ordering code.

(3) EVPFA6648 –**BLK**

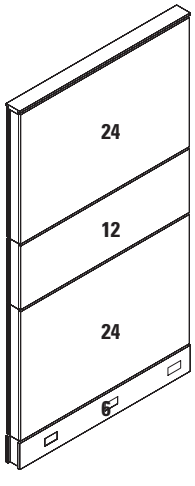
Finish code for frame. See Textiles & Finishes pages 251-252.

To specify fabric for an Evolve Panel, please note:

(4) EVPFA6648–BLK–**B84A**

Fabric code for all modules on both sides of the Panel*.
See Textiles & Finishes pages 251-252.

*** NOTE:** If different fabrics are to be included on an Evolve Panel, please use the following ordering format. **Start at the bottom** of one side of a Panel and work to the top module of that Panel. Then start the process over on the other side of the Panel. As an example:



= 66
Position 3
Position 2
Position 1

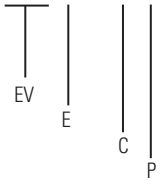
I1	B86A	I = Inside
I2	B84A	O = Outside
I3	B86A	
01	B86A	
02	B86A	
03	B86A	

ELECTRICAL

Example: **Product:** **Pass-Through Cables**

Specify

1 **E V E 8 C P**



Base Code found on the product page to the left of the product name and a simple product illustration.

EVolve product line

Electrical category

Cable Panel.

Pass-Through.

2 EVE8CP**40**

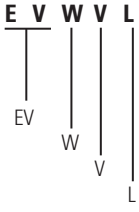
Product size offering – length. Listed on every product page with price listing. Note: Additional dimensions are provided for most products on the far right hand side of each page. These dimensions are not required in the ordering code.

WORKSURFACES

Example: **Product:** **Curvilinear Worksurface - Left**

Specify

1 **E V W V L**



Base Code found on the product page to the left of the product name and a simple product illustration.

EVolve product line

Worksurface category

Cur**V**ilinear shape

Left hand configuration

2 EVWVL**3042**

Worksurface size offering. Listed on every product page with price listing. Note: Additional dimensions are provided for most products on the far right hand side of each page. These dimensions are not required in the ordering code.

3 EVWVL3042–**T431**

Laminate code for surface. See Textiles & Finishes pages 251-252.

4 EVWVL3042–T431–**CHR**

PVC code for trim. See Textiles & Finishes pages 240-241.

WORKSURFACES - HARDWARE

Example: **Product:** **End Panel**

Specify (1) **E V H E P**

EV H E P

Base Code found on the product page to the left of the product name and a simple product illustration.

EVolve product line

Hardware category

End Panel.

End **P**anel.

(2) EVHEP–**T431**

Laminate code for End Panel. See Textiles & Finishes pages 251-252.

STORAGE

Example: **Product:** **Box, Box, File Pedestal**

Specify (1) **E V S 1 2 B B F**

EV S B B F

Base Code found on the product page to the left of the product name and a simple product illustration.

EVolve product line

Storage category

Box drawer

Box drawer

File drawer

ACCESSORIES

Example: **Product:** **White Board**

Specify (1) **E V A W B**

EV A W B

Base Code found on the product page to the left of the product name and a simple product illustration.

EVolve product line

Accessories category

White Board

White Board

panels

TECHNICAL FEATURES OF EVOLVE PANELS:

- Evolve Panels are 2 7⁄8" thick.
- An aluminum low profile top cap is included with the panel.
- Base Raceway will allow for 140 data cables without electrical, or 48 data cables with electrical.
- Beltline Raceway will allow for 65 data cables without electrical or 54 data cables with electrical.
- 90 degree post extension will allow for 45 data cables without electric and 25 data cables with electric.
- Raceway knockout openings are 1.38" x 2.71".
- Acoustic Rating: .65 = NRC - Noise Reduction Coefficient
- STC: 23 = Sound Transmission Coefficient

BASIC FEATURES OF EVOLVE PANELS:

- Evolve Segmented Panels are available in four (4) basic heights: 30", 42", 54" and 66"; and eight (8) widths: 18", 24", 30" 36", 42", 48", 54" High and 60".
- Evolve Monolithic Panels are available in four (4) basic heights: 42", 48", 54" and 66"; and eight (8) widths: 18", 24", 30" 36", 42", 48", 54" and 60".
- Evolve Panels must include the same segmentation on both sides of the panel. Cannot be Monolithic on one side and Segmented on the other.
- Opposite sides of each Fabric Module may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at the highest grade.
- There is no panel creep in a straight Panel-to-Panel configuration; however, a corner post (2, 3, 4 way) will add 3.25" inches to a panel run.
- All Fabric Acoustic Panels (EVPFA) are composed of a 6" raceway module and a 24" base-height module which create the EVPFA30. Subsequent heights are created by adding either a 12" high module to create an EVPFA42 or a 24" high module to create an EVPFA54. The addition of both 12" and 24" modules creates a EVPFA66.
- In contrast, a Premium Panel (EVPFP) is composed of a 6" raceway module, a 24" base-height module and either two (2) or three (3) 12" modules which make up the two premium heights: EVPFP54 and EVPFP66.
- All Panels available with Aluminum trim as a standard option.
- Individual fabric covered acoustic modules incorporated into a rigid steel frame.
- Raceway covers included with panels
- Beltline Panels contain a 6" Power Belt Module that is metal with knockouts on both sides.

BASIC FEATURES OF EXTENSION MODULES:

- Stackability: Evolve Panels can be increased in height in 6", 12", 18" or 24" increments. See Extension Module (pages 82-90) for part numbers.
- Panel Extension Modules stack on the top of a Panel.
- Modules can be stacked to add privacy or divide space.
- Opposite sides of a fabric module may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one Panel, the entire Module must be priced at highest grade.

GENERAL WARRANTY INFORMATION:

- Panel and tackboard textiles, adjustable keyboard mechanisms, tasklights and electrical devices = ten (10) Years
- Other parts = Lifetime Warranty

EVPFAM - MONOLITHIC PANEL

- Monolithic Panel incorporates fabric modules within a solid steel frame.
- Fabric covered modules are tackable and acoustical.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPLFAM - MONOLITHIC LIGHT PANEL

- Monolithic Light Panel incorporates fabric modules within a solid steel frame.
- There is no base raceway in Light Panels to accommodate electrical.
- Light Panel Connectors must be used in conjunction with Light Panels.
- Fabric covered modules are tackable and acoustical.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve Light panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPBFAM - MONOLITHIC BELTLINE POWERED PANEL

- Monolithic Beltline Powered Panel incorporates fabric modules with a power beltline raceway, within a solid steel frame.
- 6"H power beltline raceway, to accommodate electrical, is metal with knockouts on both side.
- A Chimney Panel is required to run electric and data from the base to belt.
- Beltline Connectors must be used in conjunction with beltline panels.
- Fabric covered modules are tackable and acoustical.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPLFP - SEGMENTED LIGHT PANEL - PREMIUM

- Segmented Premium Light Panel incorporates fabric modules within a solid steel frame.
- Segmented Premium panels incorporate 12" H acoustic modules aboove 24"base module , plus 6" H open base.
- There is no base raceway in Light Panels to accommodate electrical.
- Light Panel Connectors must be used in conjunction with Light Panels.
- Fabric covered modules are tackable and acoustical.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve Light panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPBFA - SEGMENTED BELTLINE POWERED PANEL

- Segmented Beltline Powered Panel incorporates fabric modules with a power beltline raceway, within a solid steel frame.
- A Chimney Panel is required to run electric and data from the base to belt.
- 6"H power beltline raceway, to accommodate electrical, is metal with knockouts on both sides.
- Beltline connectors must be used in conjunction with beltline panels.
- Fabric covered modules are tackable and acoustical.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPFPGTU - SEGMENTED 12"H GLAZED PANEL - PREMIUM - TEMPERED GLASS

- Segmented 12"H Glazed Premium Panel incorporates a lower fabric module with a 12"H top position glazed module, into a solid steel frame.
- Premium panels incorporate 12"H acoustic modules above 30"H base section with a 12"H glazed module at the top.
- Fabric covered modules are tackable and acoustical.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.
- Standard in clear (CLR) or smoked glass (SMK) as an option. Please note the smoked glass (SMK) has 51% light transmittance.
- Frosted glass (FRST) 20% upcharge.

EVPF1S - SLATWALL PANEL - SINGLE SIDED

- Slatwall Panel incorporates fabric modules with a single 12"H or 24"H top position slatwall module, into a solid steel frame.
- 66"H panel can be configured with either a 24"H slatwall module at the top or a 12"H slatwall at the middle Position (EVPF1S66xxM)
- Opposite side is fabric covered.
- Slatwall is made of aluminum.
- Accessories can be used on slatwall modules. Please see accessory section for additional details.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPBSFA - FRAMELESS SLATWALL BELTLINE POWERED PANEL - DOUBLE SIDED ONLY

- Frameless Slatwall Beltline Powered Panel incorporates fabric modules with a single 6"H slatwall module above a power beltline raceway, into a solid steel frame.
- Slatwall module has slatwall on both sides only, and is not available Single Sided.
- Slatwall is made of aluminum.
- Slatwall is not encompassed within a frame.
- A Chimney Panel is required to run electric and data from the base to belt
- 6"H power beltline raceway, to accommodate electrical, is metal with knockouts on both sides.
- Beltline Connectors must be used in conjunction with beltline panels.
- Accessories can be used on slatwall modules. Please see accessory section for additional details.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPBCSFA - FRAMELESS SLATWALL BELTLINE POWERED CHIMNEY PANEL - DOUBLE SIDED ONLY

- Frameless Slatwall Beltline Powered Chimney Panel incorporates fabric modules with a single 6"H slatwall module above a power beltline raceway, into a solid steel frame.
- Slatwall module has slatwall on both sides only, and is not available Single Sided.
- Slatwall is made of aluminum.
- Slatwall is not encompassed within a frame.
- A Chimney Panel is required to run electric and data from the base to belt.
- Separate electric harness required to go from base to belt (see EVE8CPCP).
- 6"H power beltline raceway, to accommodate electrical, is metal with knockouts on both sides.
- Beltline Connectors must be used in conjunction with beltline panels.
- Accessories can be used on slatwall modules. Please see accessory section for additional details.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPF1W - WRITE BOARD PANEL - SINGLE SIDED

- Write Board Panel incorporates fabric modules with a single 24"H top position write board module, into a solid steel frame.
- Use erasable writeboard markers only.
- Fabric covered modules are tackable and acoustical.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPH1S - LAMINATE PANEL - SINGLE SIDED

- Laminate Panel incorporates single sided laminate modules, into a solid steel frame.
- Opposite side is fabric covered.
- Laminate faces on all modules provide durable, washable surfaces on Single Sided of the panel.
- Available in high pressure laminate only.
- If wood grain is selected, grain runs horizontally.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPFAF - AIRFLOW PANEL

- Airflow Panel incorporates bottom 24"H airflow module with individual fabric modules, within a steel frame.
- The 24"H Metal airflow module is positioned in the base section to provide air circulation.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPLFAF - AIRFLOW LIGHT PANEL

- Airflow Light Panel incorporates bottom 24"H airflow module with individual fabric modules, within a steel frame.
- The 24"H Metal airflow module is positioned in the base section to provide air circulation.
- There is no base raceway in Light Panels to accommodate electrical.
- Light Panel Connectors must be used in conjunction with Light Panels.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module listings for part numbers

EVPM2S - METAL SKIN PANEL - DOUBLE SIDED

- Metal Skin Panel incorporates double sided metal skin modules, into a solid steel frame.
- Metal faces on all modules provide durable, washable and magnetic surfaces on Single Sided of the panel.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPFOL - OPEN BOTTOM PANEL

- Open Bottom Panel incorporates bottom 24"H open module with individual fabric modules, within a steel frame.
- The 24"H open bottom module in the base section is to provide air circulation and access to electrical or data.
- Opposite sides of each panel may have a different fabric within the same grade at no upcharge.
- If different grades of fabric are used on one panel, the entire panel must be priced at highest grade.
- An aluminum low profile top cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H or 24"H increments. See Extension Module (pages 82-90) for part numbers.

EVPXGTNR - FULLY GLAZED MONOLITHIC NO RACEWAY PANEL

- Fully Glazed Monolithic No Raceway Panels are incorporated in solid steel frame.
- There is no base raceway in No Raceway Panels to accomodate electric.
- No Raceway connectors to be used.
- Standard in clear (CLR) or smoked glass (SMK) as option.
- Frosted glass (FRST) 40% upcharge.
- Size 90"x36"W is maximum size allowed.
- Panel height to align with standard door height.
- Aluminum low profile top and bottom cap is included.
- Stackability: Evolve panels can be increased in height in 6"H, 12"H, 18"H, 24"H increments. See module listing for part numbers.

EVPDSL/R - SLIDING PRIVACY DOOR

- Sliding Privacy Door attaches to Evolve Panels using standard connectors to add privacy. Brackets that attach to Connectors are included.
- This door must mount on panels of equal width. It is also intended to be used for openings of equal width.
- Left (L) or right-handedness (R) is determined by the direction of door movement (from compressed to expanded position), while facing the door on the panel mounted side.
- Painted frame may match any Evolve Standard Paint Finish. The door interior is standard with a louvered acrylic finish.
- Telescoping arms eliminate the need for thresholds, wheels or casters.
- 81"H door must connect to panels 84" or higher.
- Thickness of louvered acrylic is 6 mm.

TIPS!!

When ordering Panel Extension Modules, Inline Panel Extension Connectors (EVPIEC) must be ordered separately. Please see EVPIEC for details.

Inline Panel Extension Connectors connect two panel extension modules of equal height in a straight run.

Extension connectors do **not** provide support for hang-on storage components above 66"H.

When specifying stacking panels up to 66" H and using a single full height connector additional single clamps (EVCLVAR $7 list each) are recommended.
Order 2 clamps per extension module.

NOTES

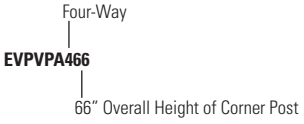
panel connectors

TIPS!!

Slotted posts are included with each Variable-Height Corner Post. The height of each slotted post must be specified when ordering a Variable-Height Corner Post. Slotted post height is determined by the height of the connecting panel run.

Example

Step 1 Specify base code listed on pricing page.



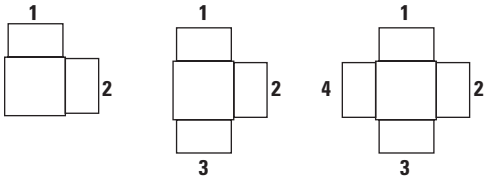
Segmented Panel

Step 2 Specify slotted post heights.

Note: To specify height, use the first number of the connecting panel run height dimension.

Slotted Post Positions

As illustrated in the example below, start with position 1 and continue clockwise specifying the height of each slotted post.



Sample Configuration - EVPVPA466-6654

Upmount End-of Run Post Kit - for Light Panels - Wall Mountable - Aluminum	EVPLUERA66	138	66	2 7/8	

EVPUETA - UPMOUNT END-OF-RUN TRIM - ALUMINUM

- Replaces existing 66"h End-of-Run Trim Only
- Comes with one Upmount Extension Trim EVPUET12 and one Upmount End-of-Run Trim.
- Must be used in conjunction with slotted connectors.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Upmount End-of-Run Trim - Aluminum	EVPUETA66	98		2 7/8	

EVPLUETA - UPMOUNT END-OF-RUN TRIM FOR LIGHT PANELS - ALUMINUM

- Includes one Upmount Extension Trim EVPUETA12 and one Upmount End-of-Run Trim.
- Must be used in conjunction with Slotted Connector.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Upmount End-of-Run Trim for Light Panels - Aluminum	EVPLUETA66	98	63	2 7/8	

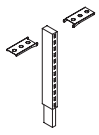
EVAFMB01 - FLOOR MOUNT PLATE

- Attaches to floor.
- Secures panel to floor.
- Attachement screws are not included.
- Care should be taken to use correct fastners for type of floor.
- Available in chrome finish only.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Floor Mount Plate	EVAFMB01	82	0.25	5	2.5

EVPIECS - INLINE EXTENSION CONNECTOR - SLOTTED

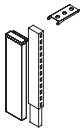
- Connects two extension modules in a straight run.
- Includes one slotted inline extension connector and connecting hardware.
- Provides slotted support for worksurfaces and hang-on storage, up to 66"H.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
Inline Extension Connector - Slotted	EVPIECS06	44	6	2 7/8	
	EVPIECS12	44	12	2 7/8	
	EVPIECS18	52	18	2 7/8	
	EVPIECS24	52	24	2 7/8	

EVPEERSA - END-OF-RUN EXTENSION CONNECTOR - SLOTTED - ALUMINUM TRIM

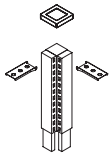
- Connects at the end of a run of extension modules, and can be used to attach a panel to a fixed wall.
- Adds 1" to the width of panel run.
- Includes one slotted inline extension connector, connecting hardware and trim kit.
- Provides slotted support for worksurfaces and hang-on storage, up to 66"H.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
End-of-Run Extension Connector - Slotted - Aluminum Trim	EVPEERSA06	48	6	2 7/8	
	EVPEERSA12	48	12	2 7/8	
	EVPEERSA18	58	18	2 7/8	
	EVPEERSA24	58	24	2 7/8	

EVPCEPSA2 - TWO-WAY POST EXTENSION - SLOTTED - ALUMINUM TRIM

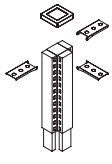
- Connects two extension modules in a 90 degree configuration.
- Post and connecting hardware adds 3.25" to the panel run.
- Includes one post, two slotted inline extension connectors, connecting hardware and trim kit.
- Provides slotted support for worksurfaces and hang-on storage, up to 66"H.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
Two-Way Post Extension - Slotted Aluminum Trim	EVPCEPSA206	83	6	2 7/8	
	EVPCEPSA212	83	12	2 7/8	
	EVPCEPSA218	131	18	2 7/8	
	EVPCEPSA224	131	24	2 7/8	

EVPCEPSA3 - THREE-WAY POST EXTENSION - SLOTTED - ALUMINUM TRIM

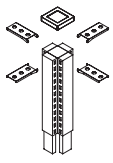
- Connects three extension modules in a "T" configuration.
- Post and connecting hardware adds 3.25" to the panel run.
- Includes one post, three slotted inline extension connectors, connecting hardware and trim kit.
- Provides slotted support for worksurfaces and hang-on storage, up to 66"H.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
Three-Way Post Extension - Slotted Aluminum Trim	EVPCEPSA306	100	6	2 7/8	
	EVPCEPSA312	100	12	2 7/8	
	EVPCEPSA318	154	18	2 7/8	
	EVPCEPSA324	154	24	2 7/8	

EVPCEPS4 - FOUR-WAY POST EXTENSION - SLOTTED

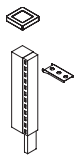
- Connects four extension modules in a "+" configuration.
- Post and connecting hardware adds 3.25" to the panel run.
- Includes one post, four slotted inline extension connectors, connecting hardware and trim kit.
- Provides slotted support for worksurfaces and hang-on storage, up to 66"H.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
Four-Way Post Extension - Slotted	EVPCEPS406	115	6	2 7/8	
	EVPCEPS412	115	12	2 7/8	
	EVPCEPS418	170	18	2 7/8	
	EVPCEPS424	170	24	2 7/8	

EVPCEPSA1 - ONE-WAY POST EXTENSION - SLOTTED - ALUMINUM TRIM

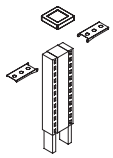
- Connects at the end of a run of extension modules in place of an EVPEERSA – End-of-Run Extension Connector.
- Should not be used to attach a panel to a fixed wall.
- Post and connecting hardware adds 3.25" to the panel run.
- Includes one post, one slotted inline extension connector, connecting hardware and trim kit.
- Provides slotted support for worksurfaces and hang-on storage, up to 66"H.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
One-Way Post Extension - Slotted Aluminum Trim	EVPCEPSA106	81	6	2 7/8	
	EVPCEPSA112	81	12	2 7/8	
	EVPCEPSA118	103	18	2 7/8	
	EVPCEPSA124	103	24	2 7/8	

EVPCEIPSA2 – INLINE TWO-WAY POST EXTENSION - SLOTTED - ALUMINUM TRIM

- Connects two extension modules in a straight line in place of EVPIECS – In-Line Extension Connector.
- Post and connecting hardware adds 3.25" to the panel run.
- Includes one post, two slotted inline extension connectors, connecting hardware and trim kit.
- Provides slotted support for worksurfaces and hang-on storage, up to 66"H.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
Inline Two-Way Post Extension - Slotted Aluminum Trim	EVPCEIPSA206	88	6	2 7/8	
	EVPCEIPSA212	88	12	2 7/8	
	EVPCEIPSA218	143	18	2 7/8	
	EVPCEIPSA224	143	24	2 7/8	

EVP6CEPSA2 - TWO-WAY 60 DEGREE POST EXTENSION - SLOTTED - ALUMINUM TRIM

- Connects two extension modules in a 120 degree configuration.
- Includes one post, two slotted inline extension connectors, connecting hardware and trim kit.
- Provides slotted support for worksurfaces and hang-on storage, up to 66"H.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Two-Way 60 Degree Post Extension - Slotted - Aluminum Trim	EVP6CEPSA206	83	6	3.65	
		EVP6CEPSA212	83	12	3.65	
		EVP6CEPSA218	129	18	3.65	
		EVP6CEPSA224	129	24	3.65	

EVP6CEPS3 - THREE-WAY 60 DEGREE POST EXTENSION - SLOTTED

- Connects three extension modules in a 120 degree configuration.
- Includes one post, three slotted inline extension connectors and connecting hardware.
- Provides slotted support for worksurfaces and hang-on storage, up to 66"H.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Three-Way 60 Degree Post Extension - Slotted	EVP6CEPS306	99	6	3.65	
		EVP6CEPS312	99	12	3.65	
		EVP6CEPS318	154	18	3.65	
		EVP6CEPS324	154	24	3.65	

EVP6CEPSA1 - ONE-WAY 60 DEGREE POST EXTENSION - SLOTTED - ALUMINUM TRIM

- Connects at the end of a run of extension modules in a 120 degree configuration.
- Should not be used to attach a panel to a fixed wall.
- Includes one post, one slotted inline extension connector, connecting hardware and trim kit.
- Provides slotted support for worksurfaces and hang-on storage, up to 66"H.

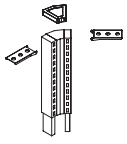
		EVP6CEPSA124	101	24	3.65	

EVP4CEPS2 - TWO-WAY 45 DEGREE POST EXTENSION - SLOTTED - ALUMINUM TRIM

- Connects two extension modules in a 135 degree configuration.
- Includes one post, two slotted inline extension connectors, connecting hardware and trim kit.
- Provides slotted support for worksurfaces and hang-on storage, up to 66"H.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
Two-Way 45 Degree Post Extension - Slotted - Aluminum Trim	EVP4CEPS206	83	6	3.65	
	EVP4CEPS212	83	12	3.65	
	EVP4CEPS218	129	18	3.65	
	EVP4CEPS224	129	24	3.65	

EVP4CEPSA1 - ONE-WAY 45 DEGREE POST EXTENSION - SLOTTED - ALUMINUM TRIM

- Connects at the end of a run of extension modules in a 135 degree configuration.
- Should not be used to attach a panel to a fixed wall.
- Includes one post, one slotted inline extension connector, connecting hardware and trim kit.
- Provides slotted support for worksurfaces and hang-on storage, up to 66"H.

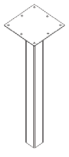
EVHCBP01 - CEILING BRACKET FOR POST

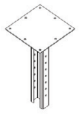
- Used to secure corner post to ceiling deck (not ceiling grid).
- 4.8" x 4.8" top plate with 1.5 x 1.5 square tube 12" H , square tube fits inside aluminum Corner Post.
- Square tube can slide in post , bracket pushed to ceiling to be secured.
- Note: Care should be taken to attach ceiling brackets to secure ceiling using correct fastners. Failure to do so may result in collapse of unit and subsequent possible injury



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
Ceiling Bracket for Post	EVHCBP01	66	12	4.8	4.8

EVHCBIC01 - CEILING BRACKET FOR INLINE CONNECTOR

- Used to secure corner post to ceiling deck (not ceiling grid).
- 4.8" x 4.8" top plate with 7.5"H insert in middle of plate, insert fits inside Inline Connector.
- 7.5" H insert can slide in connector , bracket pushed to ceiling to secure.
- Note: Care should be taken to attach ceiling brackets to secure ceiling using correct fastners. Failure to do so may result in collapse of unit and subsequent possible injury



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
Ceiling Bracket for Inline Connector	EVHCBP01	66	7.5	4.8	4.8

EVHCBER01 - CEILING BRACKET FOR END OF RUN CONNECTOR

- Used to secure corner post to ceiling deck (not ceiling grid).
- 4.8" x 4.8" top plate with 7.5"H insert offset from center of plate, insert fits inside End-of-Run or Inline Connector.
- 7.5" H insert can slide in connector , bracket pushed to ceiling to secure.
- Note: Care should be taken to attach ceiling brackets to secure ceiling using correct fastners. Failure to do so may result in collapse of unit and subsequent possible injury

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Ceiling Bracket for Inline Connector	EVHCBER01	66	7.5	4.8	4.8

EVPUETA - UPMOUNT EXTENSION TRIM - ALUMINUM

- Finishes the exposed connector above a shorter panel.
- Slotted connector not included.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Upmount Extension Trim - Aluminum	EVPUETA12	44	12	2 7/8	

EVPERTA - END-OF-RUN TRIM - ALUMINUM

- Finishes the exposed Connector at the end of a run.
- Slotted Connector not included.
- Please note that actual cut sizes are nominally smaller than quoted

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	End-of-Run Trim - Aluminum	EVPERTA30	49	30	2 7/8	
		EVPERTA42	66	42	2 7/8	
		EVPERTA48	70	48	2 7/8

		EVPTVA24	43	24	2 7/8	
		EVPTVA30	50	30	2 7/8	
		EVPTVA36	58	36	2 7/8	

EVPTEA - PANEL EXTENSION TRIM - ALUMINUM

- Attaches to bottom of exposed end of panel to provide extension for End-of-Run post trim kit when using panel extensions.
- Does not include slotted connector nor connecting hardware.
- Please note that actual cut sizes are nominally smaller than quoted

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Panel Extension Trim - Aluminum	EVPTEA12	24	12	2 7/8	
		EVPTEA18	32	18	2 7/8	
		EVPTEA24	41	24	2 7/8	

EVPVTFA - FLAT TRIM - ALUMINUM

- To be used with 30"H posts as a replacement trim.
- For "U" trim configuration use three flat trim according to height specifications.
- For "L" trim configuration use two flat trim according to height configurations.
- Please note that actual cut sizes are nominally smaller than quoted

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Flat Trim - Aluminum	EVPVTFA30	15	29 1/8	2 7/8	
		EVPVTFA36	16	34 1/8	2 7/8

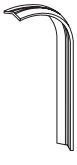
EVSC12 - SLOT COVER

- Covers the slots of a slotted connector between modules as well as corner post situation.
- Available in all standard colors (Black, Charcoal Silver, Taupe, Tungsten, White and Nevada)
- Sold per foot. The desired quantity of the slot covers is the required length in feet.
- An easy way to calculate the required length is to sum the length of all inline connectors used in a project (including the posts) and multiply by 2.
- Should be field cut to required length.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
Slot Cover	EVSC12	8			

electrical

STEP-BY-STEP SPECIFICATION – 8-WIRE ELECTRICAL SYSTEM

Step 1 **Determine the location of the source power entering the Panel Run.**

1. At the base of the Panel.
   (a) Use EVE8FR1 Reversible Floor Power Entry (default to EVE8FR1).
   (b) Select the Panel to which the Floor Power Entry will be attached. This Panel requires an EVEPD Power Distribution Housing.
   (c) Select the side of the Panel and the receptacle outlet to which the Floor Power Entry is to be attached.
2. From the ceiling.
   (a) Use EVE8EC1 Ceiling Power Entry.
   (b) Select the post through which to feed the Ceiling Power Entry.
   (c) One Panel adjacent to the selected post requires an EVEPD Power Distribution Housing.
   (d) Attach Ceiling Power entry to the nearest end of the Power Distribution Housing.

Step 2 **Determine which Panels are to be powered.**

1. Use EVE8PD Power Distribution Housing that corresponds with the width of the Panel.

BELTLINE TIPS:

DO - use a 17" long Mesh Beltline Jumper when making 90 degree turns in the Beltline raceways only.

DO NOT - use a 20" long Metal Flex Jumper when attempting to make 90 degree turns in the Beltline Raceways. The end connector is too long to make the turn.

DO - use a 20" long Metal Flex Jumper when traveling through a Beltline Post, in a straight line only.

DO NOT - use a 17" long Mesh Beltline Jumper Traveling through a Beltline Post, in a straight line only. The Jumper is too short to make the connection.

Step 3 **Connect power to the powered Panels.**

1. Use EVE8CP**16** Jumper Cable between two adjacent powered Panels, separated by an Inline Connector.
2. Use EVE8CP**20** Jumper Cable between two adjacent powered Panels separated by a post.
3. Use EVE8CP Pass-Through Cables to connect powered Panels that are separated by one or more non-powered Panels (maximum distance between the powered Panels is 16 feet).
   (a) The length of the Pass-Through Cable is calculated by adding together the widths of the non-powered Panels (that separate the two powered Panels) and applying an additional 16" to the total. (EVE8PD Power Distribution Housing is positioned 8" in from the ends of the powered Panel.) (b) An additional 3" must be added to the Pass-Through Cable for each post that the cable passes through.
4. From the price list, select the EVE8CP Pass-Through Cable that matches the calculated length. If the length is between listed sizes, use the next size up.

Step 4 **Determine the location and circuitry of the receptacles.**

1. Each powered Panel has four (4) potential locations for EVE8RD Duplex Receptacles – 2 per side. (Exception: 24" wide Panel has only two potential locations – 1 per side, 18" wide Panel has no locations for receptacles.)
2. At each receptacle location there is a choice of four circuit options. Select a circuit option for each location.
   Circuits one & two are utility circuits; circuits A & B are dedicated circuits.

EVOLVE'S MODIFIED 8-WIRE ELECTRICAL SYSTEM

Evolve has modified its 8-Wire Electrical System to stay abreast of changing industry standards.

Evovle's electrical system allows for the integration of the commonly required "2+2" configuration (2 utility circuits, 2 dedicated circuits) found in the source power of most of today's North American buildings.

This system is rated for connection to:

1. A grounded 120/240V, single phase, 20 A, 60Hz
2. A 120/208V, 3 phase, 20 A, 60Hz branch circuit

Data/Comm

Evolve's duplex receptacle openings will now conform to the ANSI/TIA/EIA Furniture Opening Standard of 1.38 +/- .035 x 2.71 +/- .04. There will no longer be the need to use adapter plates to reduce the size of Evolve's raceway opening, or to use Evolve dedicated data plates for data/comm terminations.

Transition

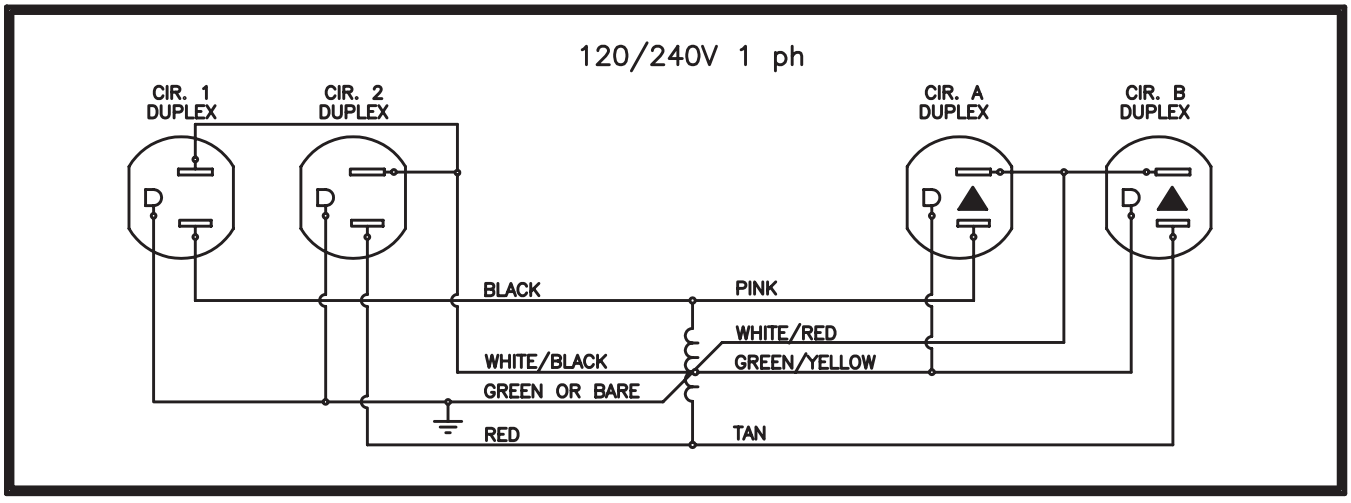
A transition cable is available to connect the previous electrical system prior to April 1, 2005 to the current system when adding Panels to an existing installation. Also, new raceway covers with the smaller openings can be provided and applied to existing Panels when retrofitted with new electrics.

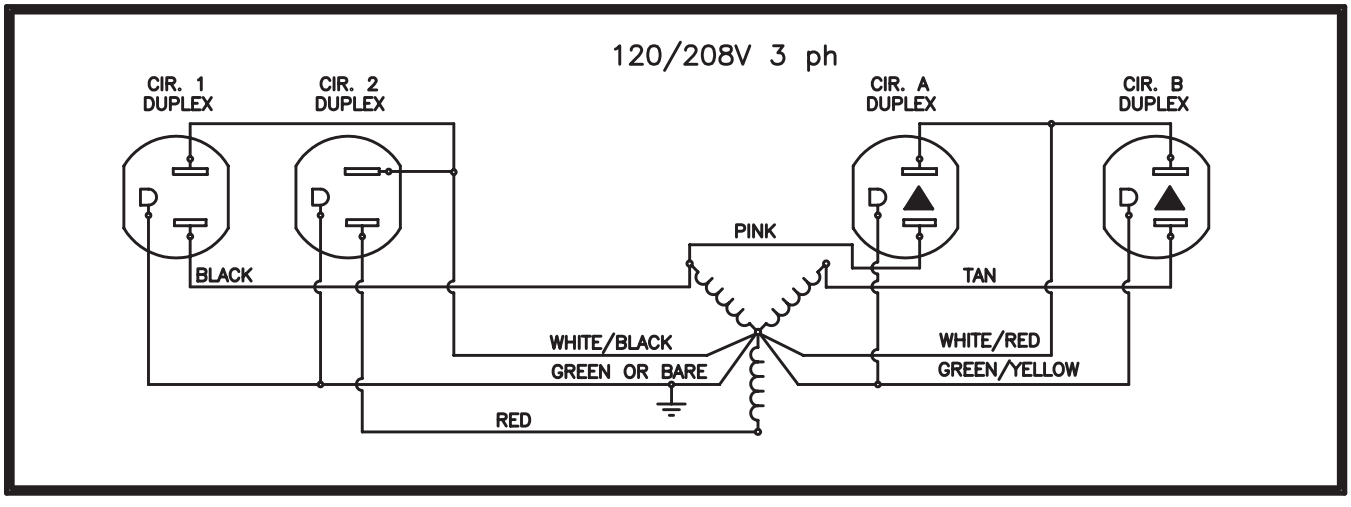
EQUIPMENT AMPERAGE

Calculator	0.25
Electric Eraser	0.50
Pencil Sharpener	1.00
Radio	0.05
Paper Shredder	4.40 - 13.00
Electric Typewriter	1.20
Personal Computer	2.00 - 4.00
Video Display Terminal	0.08
Draft / Letter Quality Printer	1.20 - 3.00
Fan	1.00
Heater	8.50 - 12.50
Coffee Pot	15.00
Task Light	1.00
Slide Projector	2.00 - 6.00
Laser Printer	5.00 - 8.00
Processor / Disk Unit	1.00 - 10.00
Desk Top Plotter	1.50

Some equipment, such as large copiers, printers, plotters, heaters and coffee makers may occupy most of the circuit capacity. It is recommended that such devices be supplied with the power directly from the wall or building receptacle.

WIRING SCHEMATIC





DEFINING "2 + 2" WIRING CONFIGURATIONS

2 + 2 Configuration (8 wire, 4 circuit)
Two Utility Circuits [Evolve's #1 & #2 circuits] share one neutral wire and one ground wire.
(2 hot [circuit] wires + 1 neutral wire*** + 1 green ground wire* = 4 wires)

Two Dedicated Circuits [Evolve's "A" & "B" circuits] share one neutral wire and one ground wire.
(2 hot [circuit] wires + 1 neutral wire *** + 1 green/yellow ground wire** = 4 wires)

NOTE:

It is the ground wire that makes the difference between "Utility" and "Dedicated" circuits. Refer to Wiring Schematics found in the Price List.

* A Green ground wire is a "system" ground. This means it could be grounded to any piece of metal, including the Panel.
** A Green/Yellow ground wire is isolated, within the wiring conduit, all the way back to the box at the source (building ground).
*** All Neutral Wires are 10 gauge rather than 12 gauge meaning they are larger than normal, allowing greater protection against "noise" or interference on the circuit.

This page provides an exploded view of a sample configuration highlighting each **Electrical** component required when specifying this configuration.

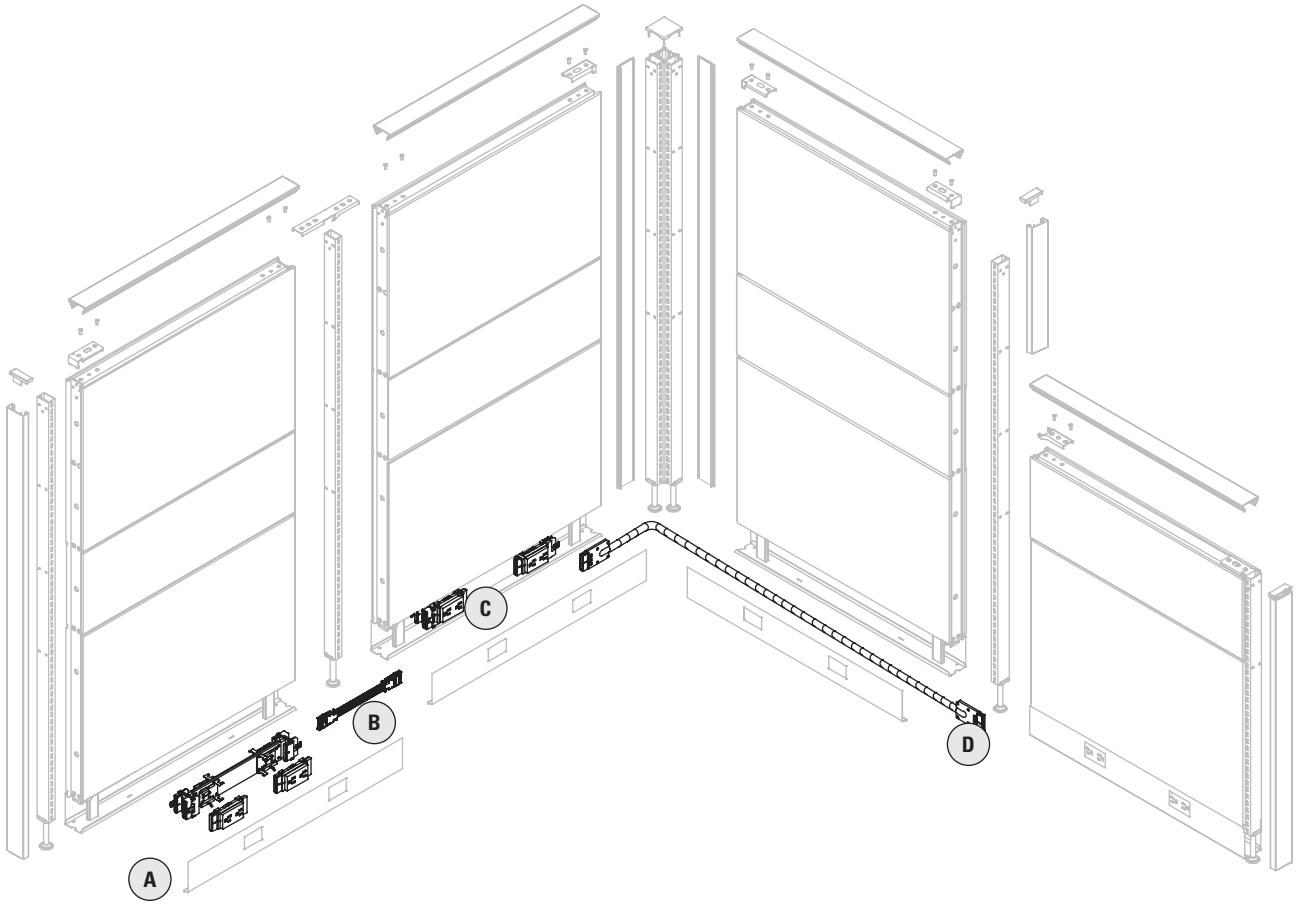
Components

A. EVE8PD42 Power Distribution Housing
Note: 8 wire, 4 circuits (3rd/4th circuits dedicated) labeled A or B.

B. EVE8CP16 Jumper Cable
Note: EVE8CP16 connects two powered panels positioned side by side, separated by an Inline Connector
EVE8CP20 connects two powered panels separated by a post.

C. EVE8RD Duplex Receptacle

D. EVE8CP Pass-Through Cable
Note: Pass-Through Extension Cable (EVE8CPF154) available – extends power capability beyond 208".



This page provides an exploded view of a sample configuration highlighting each **Beltline Power Panel** component required when specifying this configuration.

A. EVE8PD36 Power Distribution Housing
Note: 8 wire, 4 circuits (3rd/4th circuits dedicated) labeled A or B.

B. EVE8CP17 Jumper Cable
Note: EVE8CP17 connects two powered panels positioned side by side, separated by an Inline Connector

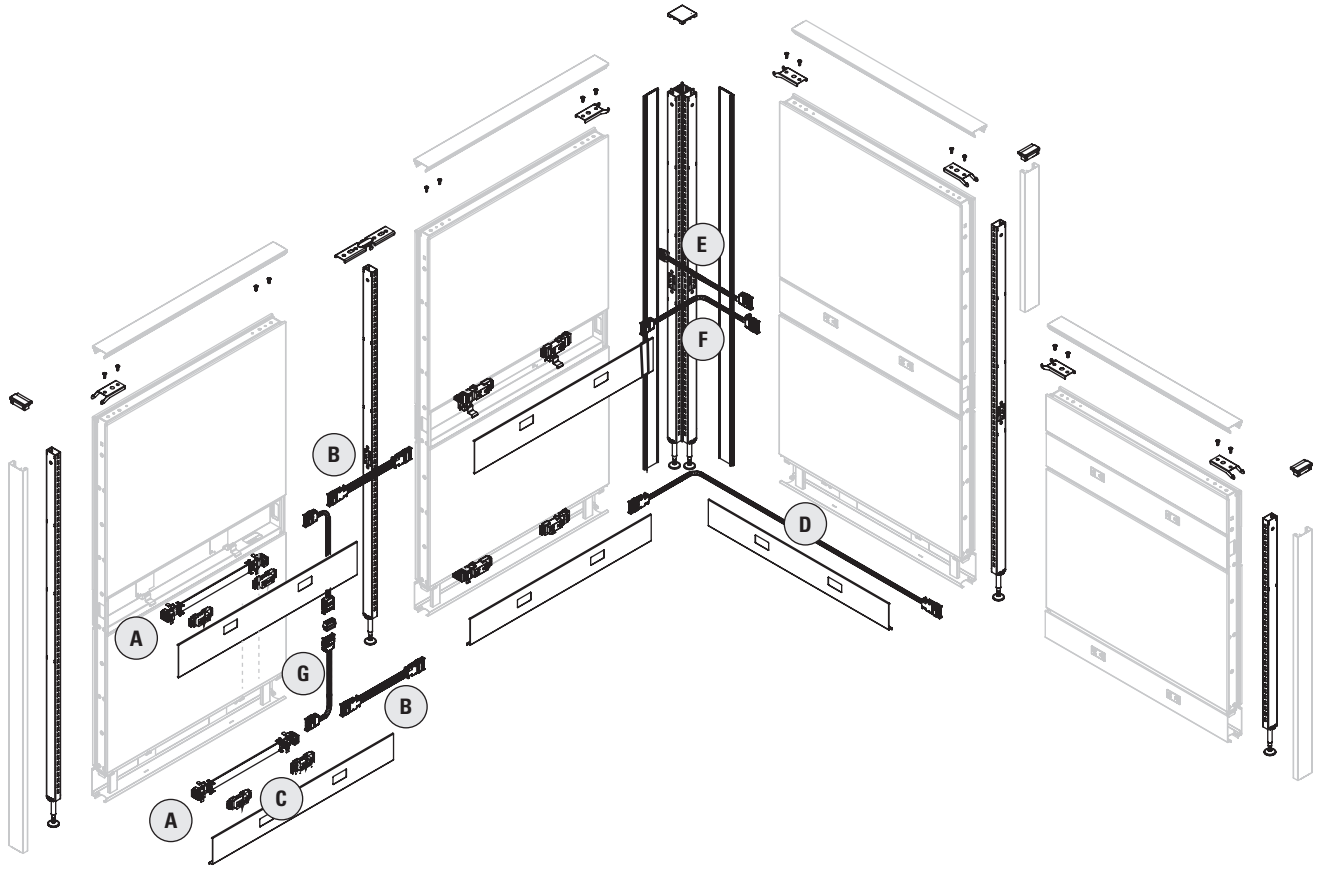
C. EVE8RD Duplex Receptacle

D. EVE8CP Pass-Through Cable
Note: Pass-Through Extension Cable (EVE8CPF154) available – extends power capability beyond 208".

E. EVE8CP20 Jumper Cable
Note: EVE8CP20 connects two powered panels separated by a post, in a straight line.

F. EVE8CP17 Jumper Cable
Note: EVE8CP17 connects two powered panels separated by a post, for turns through post.

G. EVE8CPCP Base to Belt Pass Through Kit
Note: For use in Chimney Panels only.



EVE8PD - POWER DISTRIBUTION HOUSING

- Power housing is specified per panel size (e.g. EVE8PD36 is for use in a 36" panel).
- 8 wire, 4 circuits (2+2 configuration).
- Provides two duplex receptacles per panel side on all panel widths except the 24" wide panel.
- 24" wide panel allows for only one (1) duplex receptacle per panel side.
- Each power distribution housing supports 15-20 amps.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
	Power Distribution Housing	EVE8PD24	148		6 1⁄4	
		EVE8PD30	200		11 1⁄2	
		EVE8PD36	210		17 1⁄2	
		EVE8PD42	215		23 1⁄2	
		EVE8PD48	233		29 1⁄2	
		EVE8PD54	234		39 1⁄4	
		EVE8PD60	235		41 1⁄2	

EVE8CP16 - JUMPER CABLE

- The EVE8CP16 electrically connects two powered panels positioned side by side, separated by an Inline connector.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
	Jumper Cable	EVE8CP16	123		16	

EVE8CP - FLEXIBLE MESH JUMPER CABLE

- Used to connect two power distribution housings at the beltline level at 90 degrees.
- 18.5" flexible mesh jumper replaces EVE8CP20 jumper for corner post applications.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
	Flexible Mesh Jumper Cable	EVE8CP17	114		17 1/2	
		EVE8CP18	141		18 1/2	

EVE8CPCP - CHIMNEY PANEL JUMPER CABLE KIT

- Contains two (2) 17" flexible harnesses and one (1) "I" connector.
- Used to connect electric from the base to the beltline raceway in Beltline Powered Chimney panel.
- Must use in conjunction with base power distribution harness and beltline power distribution harness (sold separately).

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
	Chimney Panel Jumper Cable Kit	EVE8CPCP	310			

EVE8CPXX-H - PASS-THROUGH CABLE

- Flexible metal conduit with wire mesh distributes electrical power through non-powered beams.
- To calculate the length of a Pass-Through Cable, add the widths of the non-powered panels separating the powered panels (panels with distribution housing attached). To this, add 16" (distance from the edge of the panel to the distribution housing x 2).
- Add additional 3" when passing through a post. See the Tips at the beginning of the section for more details.
- Hybrid pass-through cables with wire mesh allows connection at 90 degree post at one end for Evolve panels including Beltline and Power Beam

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
	Pass-Through Cable	EVE8CP40-H	191		40	
		EVE8CP46-H	198		46

		EVE8CP208-H	412		208	

EVE8CI-1 - "I" CONNECTOR

- Female - Female connector used to connect two Pass-Through Cables

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	"I" Connector	EVE8CI-1	85			

EVE8RD - DUPLEX RECEPTACLE

- Duplex receptacles are rated for 15 Amps.
- EVE8RD1 = Circuit #1 (utility circuit)
- EVE8RD2 = Circuit #2 (utility circuit)
- EVE8RDA = Circuit A (dedicated)
- EVE8RDB = Circuit B (dedicated)

NOTE:

- EVE8RD1 and EVE8RD2 (#1 and #2 share common ground)
- EVE8RDA and EVE8RDB (A and B share common ground)
- Up to 6 receptacles per circuit (24 per infeed), not to exceed total of 15 Amps per circuit.
- Standard in black. Available in White or Nevada with upcharge, add $3.00.

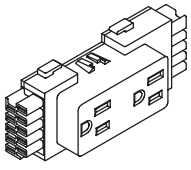
	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Duplex Receptacle	EVE8RD1	32	2	4 5⁄8	1 1⁄4
		EVE8RD2	32	2	4 5⁄8	1 1⁄4
		EVE8RDA	32	2	4 5⁄8	1 1⁄4
		EVE8RDB	32	2	4 5⁄8	1 1⁄4

EVE8RDXCA - CALIFORNIA CONTROLLED DUPLEX RECEPTACLE

- California Title 24 meets federal and LEED certification guidelines
- Allows circuit to be controlled or switched off when utility is not in use.
- Duplex receptacles are rated for 15 Amps.
- EVE8RD1CA = Circuit #1 (utility circuit)
- EVE8RD2CA = Circuit #2 (utility circuit)
- EVE8RDACA = Circuit A (dedicated)
- EVE8RDBCA = Circuit B (dedicated)

NOTE:

- EVE8RD1CA and EVE8RD2CA (#1 and #2 share common ground)
- EVE8RDACA and EVE8RDBCA (A and B share common ground)
- Up to 6 receptacles per circuit (24 per infeed), not to exceed total of 15 Amps per circuit.
- Available in BLK finish only.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
Duplex Receptacle	EVE8RD1CA	35	2	4 5⁄8	1 1⁄4
	EVE8RD2CA	35	2	4 5⁄8	1 1⁄4

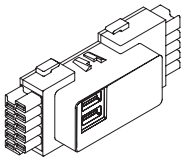
EVEUSB01 - USB MODULE

- Includes two USB ports.
- Available in White and Black.



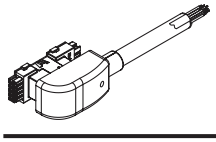
DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
USB Module - White	EVEUSB01WHT	205	2	4 5/8	1 1/4
USB Module - Black	EVEUSB01BLK	205	2	4 5/8	1 1/4

EVE8FR1 - REVERSIBLE FLOOR POWER ENTRY

- Takes the place of a duplex receptacle by snapping into the base power way or Beltline power way.
- Includes 72" long flexible vinyl conduit.
- Must be hard wired to source power by a licensed electrician.
- Diameter is 0.85"

EVE8FR2 - REVERSIBLE FLOOR POWER ENTRY

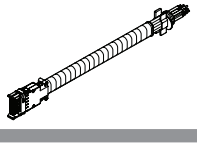
- Takes the place of a duplex receptacle by snapping into the base power way or Beltline power way.
- Includes 144" long flexible vinyl conduit.
- Must be hard wired to source power by a licensed electrician.
- Diameter is 0.85"



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
Reversible Floor Power Entry	EVE8FR1	333		72	
	EVE8FR2	431		144	

EVE8F - FLOOR POWER ENTRY

- Snaps in end of power distribution housing.
- Includes flexible vinyl conduit.
- Must be hard wired to source power by a licensed electrician.
- Diameter is 0.85"



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
Floor Power Entry	EVE8F1P	323		72	
	EVE8F2P	418		144	

VE8EC - CEILING POWER ENTRY

- Snaps into the end of a Power Distribution Housing.
- Flexible metal conduit extends into the ceiling through a corner post and post extension.
- Must be hard wired to source power by a licensed electrician.
- 4" junction box included.
- Post extension ordered separately
- Can feed directly into beltline power when Beltline Post Connectors are specified.
- Cannot feed through Inline or End-of-run Connectors.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
	Ceiling Power Entry	EVE8EC1	258		132	
		EVE8EC2	451		144	
		EVE8EC3	509		180	

EVEENY-2 - HARDWARE POWER ENTRY BOX - NEW YORK

- A licensed electrician must provide hard wire connection within the junction box.
- Not for use in panels less than 36"W.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Hardware Power Entry Box - New York	EVEENY2	427	3	28	2 1⁄5

EVEJBC-1 - HARDWARE JUNCTION BOX - CHICAGO

- Can be retrofitted in any size of panel at the receptacle location.
- Gives access from one side only at each location.
- Customer to supply conduit, wiring, receptacle, and face plate.
- 2 per panel, except 24" panels only one is needed.
- A licensed electrician must provide hardware connection with the junction box.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Hardware Junction Box - Chicago	EVEJBC-1	98			

EVDPE - POST EXTENSION DATA/COMM LAY-IN

- Attaches to the top of a post to bring power and/or data cables from the ceiling to the panel power way
- Three-sided power pole with snap-on fourth side.
- Post extension can be opened on one side for lay-in or power and/or data cables.
- Made of aluminum and can be field cut.
- Accommodates up to 25CAT 5 Cables with electric. Accommodates up to 45 CAT 5 Cables without electric.
- Actual size interior dimension of post, 1.80"x 1.80"

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Post Extension Data/Comm Lay-in	EVDPE64	165	64	2	
		EVDPE82	200	82	2	

EVDP6E - 60º POST EXTENSION DATA/COMM LAY-IN

- Attaches to the top of at 60º corner post to bring power and/or data cables from the ceiling to the panel power way.
- Two-sided power pole with snap-on third side.
- Post extension can be opened on one side for lay-in or power and/or data cables.
- Made of aluminum and can be field cut.
- Accommodates up to 6 CAT 5 Cables with electric. Accommodates up to 20 CAT 5 Cables without electric.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	60º Post Extension Data/Comm Lay-in	EVDP6E64	165	64	2	
		EVDP6E82	200	82	2	

EVDP4E - 45º POST EXTENSION DATA/COMM LAY-IN

- Attaches to the top of at 45º corner post to bring power and/or data cables from the ceiling to the panel power way.
- Two-sided power pole with snap-on third side.
- Post extension can be opened on one side for lay-in or power and/or data cables.
- Made of aluminum and can be field cut.
- Accommodates up to 6 CAT 5 Cables with electric. Accommodates up to 20 CAT 5 Cables without electric.

		EVDP4E84	166	84	3.65	

EVLEDES - STARTER LED TASK LIGHT

- Undercabinet slim profile LED linear light fixture with lens and On/Off switch.
- May be used as stand-alone or extended with add-on section below (EVLEDES_DSC).
- Plug-in power supply with 72" cord length plus 78" DC cable.
- Includes magnet mounting bracket with optional adhesive metal plate.
- Light enclosure in clear anodizing finish. Color temperature cool white 4000K.
- Lifespan rated 30,000 hours.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Led Task Light	EVLEDES24	251	1	22.9	1
		EVLEDES36	289	1	33.5	1
		EVLEDES48	321	1	45.5	1

EVLEDES - ADD-ON LED TASK LIGHT

- Undercabinet slim profile LED linear add-on light fixture with lens.
- Daisy chain unit with 39" linking cable, no power supply.
- Add-on units can only be linked up to a total of 48 watts per power supply; this is equivalent to 10 feet of nominal length of light per power supply.
- Includes magnet mounting bracket with optional adhesive metal plate. Light enclosure in clear anodizing finish. Color temperature cool white 4000K. Lifespan rated 30,000 hours.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D

		EVLEDES36DSC	242	1	36	39
		EVLEDES48DSC	275	1	48	39

EVLEDESOS - OCCUPANCY SENSOR

- Inline add-on controller for dimming and occupancy sensor.
- Sensor bypass switch.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Occupancy Sensor	EVLEDESOS	103	6	2.4	2

EVELEDVS - VOYAGE LED SINGLE LIGHT FIXTURE

- Single arm option with 6 ft. cord.
- Touch & hold dimming capability.
- Brightness adjustment from 100% to 15%.
- Available in Designer White (WHT), Black (BLK) or Silver (SIL).
- Mercury free LEDs and 94% post consumer recyclablility by weight.
- Mounting accessories sold separately.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Voyage LED Single Light Fixture	EVELEDVS	693			
	Voyage LED Single Light Fixture w/Occupancy Sensor	EVELEDVSO	1027			

EVELEDVD - VOYAGE LED DOUBLE LIGHT FIXTURE

- Double arm option with 6 ft. cord.
- Touch & hold dimming capability.
- Brightness adjustment from 100% to 15%.
- Available in Designer White (WHT), Black (BLK) or Silver (SIL).
- Mercury free LEDs and 94% post consumer recyclablility by weight.
- Mounting accessories sold separately.

		EVH8RC54	70	6	54	
		EVH8RC60	77	6	60	

EVEMAE - MINI-ADAPT POWER MODULE

- Attaches to scoop at the back of the worksurface.
- Includes two Simplex outlets.
- 6' black cord
- Available in black only.
- Note: Height (H) is measured above the worksurface.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Mini-Adapt Power Module	EVEMAE1	211	2	3 5⁄8	3

EVEMAD - MINI-ADAPT POWER MODULE

- Attaches to scoop at the back of the worksurface.
- Includes two Voice/Data Port, Voice/Data Adapter Kit.
- Accepts Cat3, Cat 5, Cat 5e, Cat 6 jacks.
- Available in black only.
- Note: Height (H) is measured above the worksurface.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
 	Mini-Adapt Power Module	EVEMAD1	171	2	3 5⁄8	3

EVED - DUO POWER ADAPTER

- Includes two outlets and two USB ports.
- Clamp mounts above worksurface.
- Available in White only, with Tungsten support bracket.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
	Duo Power Adapter	EVED50	419	1.8	5.5	3.2

EVEDU - DUO UNDER POWER ADAPTER

- Includes two outlets and two USB ports.
- Mounts underneath worksurface or table top with 4 screws.
- Available in White only.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
	Duo Under Power Adapter	EVEDU51	362	1.8	6.5	2.8

EVETP - TRIO POWER ADAPTER

- Includes three outlets, USB ports and data port.
- Clamp mounts above worksurface.
- Available in White only, with Tungsten support bracket.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	L	D
	Trio Power Adapter	EVETP53	472	1.8	8	3.2

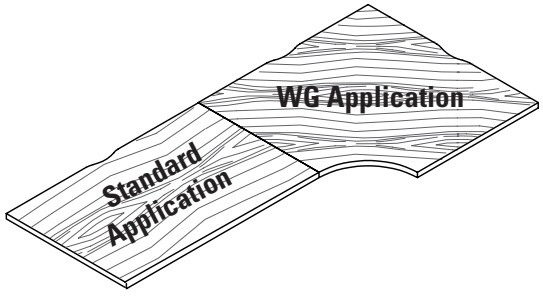
	Trio Under Power Adapter	EVETPU54	437	1.8	8	3.9

worksurfaces

THE INFORMATION LISTED BELOW PROVIDES YOU WITH BASIC FEATURES OF EVOLVE WORKSURFACES.

- Evolve thermally fused worksurfaces are 1" thick, high pressure is 1 1⁄16" and 1 7⁄16" thick. These are finished with 3 mm PVC edging on all sides.
- Standard laminate offerings are available in thermally-fused (TF) and most high pressure laminates (HP). See laminate listings for details.
- Wood grain laminates on corner worksurfaces up to 42" available in laminate run diagonally for an upcharge. Otherwise, standard horizontal application of laminate will be used.
- To avoid unsatisfactory results in laminate application when attaching two corner surfaces side by side, select "WG" surfaces for matching grain.
- Some wood grain laminate worksurfaces will have matching wood grain PVC trim unless specified otherwise.
- The depth of the worksurface scoops are 1 1⁄8" when measured from the panel the worksurface is attached to.



- All worksurfaces have threaded inserts for metal-to-metal connection for support hardware.
- All worksurfaces require support hardware. These are priced separately within this section.
- Communication and electrical wires are routed through a cable scoop located at the back of the worksurface. Depending on the specific surface, note that the number of cable scoops depends upon the width of the worksurface. All worksurface shapes have at least one scoop on the Panel edge.
- A 3/8" separation between the back of the worksurfaces and panels allows for cables to be moves to the panel seams and concealed by wire managers.
- Note: Wood veneer options for worksurfaces are available at an upcharge and with an extended lead time. Contact Evolve Customer Support for details.
- Tungsten (TUN) and Designer White (DWT) trim available at no charge.
- Note the following abbreviations:
  TF = Thermally-Fused Laminate; (1") HP = High-Pressure Laminate (1 1/16"); HPW = High-Pressure Laminate (1 7/16"); WG = Wood Grain

EVTHLEG - EVOLVE BRIDGES LEG

- Leg assembly attaches to panel for application which requires functionality of panels with environment of bridges tables.
- One leg wit horizontal member connection to 1" increment slots in connector. Provides support to panel and panel connected worksurface at end of run- design coordinated with Bridges freestanding tables.
- Supports 24" and 30" deep worksurface
- One leg can support 2 adjoining worksurfaces by specifying 2 flat brackets.
- Leveling glides is standard
- No worksurface supporting beams, use panel cantilever and storage for worksurface support.
- One aluminum leg with steel structure - specify left or right and 24" or 30" deep for corresponding worksurface depth.
- Panel bracket, dislodgment clip and worksurface hardware included.
- Anodized aluminum upcharge $32.00.
- Please specify paint finish.

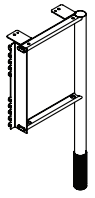
EVHMSL - METAL SUPPORT LEG

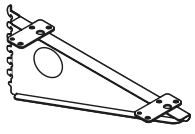
- Supports two adjoining worksurfaces and enhances the stability of connected panels.
- Includes a levelling glide and decorative PVC sleeve to cover the glide.
- Leveling glide may be extended up to 1 1/2" maximum.
- Flat brackets recommended to ensure alignment of neighboring surface.
- Available in standard paint colors.
- Not designed for use at the end of a worksurface.
- Handedness of support leg cannot be changed.
- Not designed to be used with radius worksurfaces.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
Metal Support Leg	EVHMSL12	223	28	11	4

EVHC - CANTILEVER FOR KEYBOARD WORKSURFACES

- Attaches a worksurface to a panel connector.
- Used to support two convergent worksurfaces.
- 2 flat brackets are included.
- Priced individually
- Specify handedness of each cantilever
- Available in standard paint colors.



DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES D	W

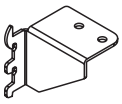
Round Square

EVHCB - CORNER BRACKETS

- Attaches the corner of any worksurface to a panel connector.
- Priced and shipped in pairs.
- Available in black only.

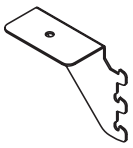
	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES D	W
	Corner Brackets	EVHCB2	28	2.5	3.5



EVHTB - TRANSACTION BRACKETS

- Securely attaches a transaction surface to the top of a panel.
- One pair must be on each side of transaction surface.
- Priced and shipped in pairs.
- Available in standard paint colors.

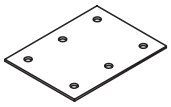
	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES D	W
	Transaction Brackets	EVHTB2	28	2.5	3.5



EVHFB - FLAT BRACKET

- Must be used in conjunction with cantilevers or transaction brackets to ensure alignment of neighboring surfaces.
- Priced individually
- Available in Black only.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES D	W
	Flat Bracket	EVHFB1	19	3	4



EVHPB - PEDESTAL BRACKET

- Attaches to back edge of a pedestal and connects a pedestal to panel connector.
- Available in standard paint colors.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H
	Pedestal Bracket	EVHPB1	32	11

EVHWSC - WORKSURFACE SUPPORT CHANNEL

- Support channel attaches to underside of worksurface with screws
- Support channel should be 14" shorter than top length.
- Screws are included.
- Only available in Black.
- Tops with post legs should be specified with support channel for structural reinforcement.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES L	D
	Worksurface Support Channel	EVHWSC40 - for 54" wide table	72	40	5
		EVHWSC46 - for 60" wide table	78	46	5
		EVHWSC52 - for 66" wide table	83	52	5
		EVHWSC58 - for 72" wide table	94	58	5
		EVHWSC64 - for 78" wide table	105	64	5
		EVHWSC70 - for 84" wide table	115	70	5

EVHWCB1 - WORKSURFACE TO STORAGE BRACKETS

- Bracket connects Worksurface to Storage Towers as additional support.
- Bracket EVHWCB1 cannot fully support a Worksurface. It is to be used in conjunction with a Cantilever.
- Available in standard paint colors.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	D	W
	Worksurface to Storage Brackets	EVHWCB1	11	1.25	2	2

EVHV - SINGLE SLOTTED WALL ADAPTER

- To attach system components to a fixed wall. The vertical wall adapter is a "U" shaped channel with a vertical row of 1" slots on center.
- Mounting hardware not included. Mounting hardware selection to be based on wall material.
- Use of wall rack requires lower tooth of top hook on cantilever or shelf to be notched in the field.
- Available in standard paint colors.
- Shipped & priced per pair.

NOTE:

- Care should be taken to mount adapters only to wall studs using correct fasteners. Failure to do this may result in collapse of the unit and subsequent possible personal injury.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	D
	Single Slotted Wall Track	EVHV01	83	60	.5

EVSPD2015 - PENCIL DRAWER

- Accommodates writing instruments and small items at the workspace.
- Attaches to underside of a worksurface with drawer slides.
- Available in Black ABS plastic only.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	D	W
	Pencil Drawer	EVSPD2015	172	1.5	22.5	17.75

EVDCP - CENTRAL SUPPORT PANEL

- Supports and connects 2 worksurfaces
- Includes two end panel brackets, two levelling glides and modesty inter connect bracket (EVDECCR)
- Attaches to modesty panel
- End panel height is inclusive of panel glides extended to their fullest height
- All Freestanding products are available in thermally fused thickness only.

	DESCRIPTION	PRODUCT CODE	LIST PRICE H	DIMENSIONS/INCHES W	H
	Central Support Panel	EVDCP2910	163	10	28
		EVDCP2914	206	14	28
		EVDCP2610	145	10	28

NOTES

storage

LATERAL FILE FEATURES

LATERAL FILES

- Binder storage
- EDP storage (with optional EDP sides)
- Lifetime Warranty (see Terms & Conditions)
- Counterweights must be specified on lateral files with pull out drawers, unless worksurface supporting, ganged together or anchored to the floor or wall.

DRAWERS/SHELVES

- Drawer interlocking system
- Three-stage, anti-bounceback suspension
- Pre-installed file bars
- Side-to-side file bars for letter, legal and A4
- Looped full pull
- Front-to-back file bars – optional
- Label holder
- Fixed front drawers – available
- Receding door, roll-out shelves – available
- Slotted, pull-out shelves with rolled edge
- Full-height dividers – optional

LATERAL FILES 1200 SERIES

- Receding door series features 16 gauge, spring loaded hinges
- Mig welded top corners
- Thicker receding door with redesigned pivot motion to prevent door rub
- Half height drawers - optional
- Premium drawer slides with black zinc coating for smoother, quieter

MOTION

- Salt spray resistance treatment
- Durable epoxy powder coating
- Superior locking system with anti-lift mechanism
- Large standard color palette
- ANSI / BIFMA approved
- CSGB approved

CONSTRUCTION

- Top stiffener bar
- Corner gussets

*Extended lead times for premium paints apply. Contact Evolve Customer Support for details.

Global matte paint finishes are available on most Evolve Storage pieces without an up charge regardless of quantities.

All Mica and Metallic paint finishes will incur a minimum up charge of 10%.

All non-standard paint finishes must be approved by Evolve prior to placing an order.

GENERAL WARRANTY INFORMATION

- Evolve warrants all components of metal storage and filing for the lifetime of the product to the original purchaser.

This page provides a three dimensional view of a sample configuration highlighting each storage component required when specifying this configuration.

MONITOR ARM SPECIFICATIONS (APPLIES TO ALL EVOLVE MONITOR ARMS LISTED BELOW):

- VESA mounting plate contains 75mm & 100mm mounting configuration.
- VESA plate head is fully adjustable with 180° of tilt, 180° of swivel and 360° of rotation for portrait to landscape viewing.
- Keyhole slots in VESA plate for quick mounting of display screen.
- Counterbalance spring mechanism does not contain gas cylinders (that are prone to leakage).
- Cable management provided on arm swivel joints.
- Arm components manufactured from 100% recyclable aluminum dye cast material, providing stability and durability.
- 13" arm height adjustment on 11" stainless steel pole.
- Pole support ring doubles as cable manager.
- 360° of arm swivel around pole.
- Desk clamp and grommet mounting options standard on pole applications.

EVLCD03 - MONITOR ARM - SINGLE SCREEN/SINGLE EXTENSION

- Display viewing - 180° of tilt, 180° of swivel and 360° of rotation.
- Quick-release VESA plate included.
- 9" pole adjustment.
- Available in White (WHT), Black (BLK) and Silver (SIL). Post is chromed.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	D	W
	Monitor Arm - Single Screen Single Extension	EVLCD03	490			

EVLCD04 - MONITOR ARM - SINGLE SCREEN/DUAL EXTENSION/HEIGHT ADJUSTABLE

- Frees up valuable worksurface space and supports a sit/stand working posture.
- Attaches to any standard worksurface with a flush edge, or through a grommet.
- Monitor arm adjusts from 3" to 12" above worksurface.
- Counterbalanced arm provides an additional 13" of height adjustment.
- Monitor connecting bracket swivels 360° and tilts +/- 90° (180°).
- Double extension has 19" of back and forth movement to allow for different vocal depths of viewing comfort.
- Built-in cable clips on underside of extension arms and pole base allows organized cable management.
- Quick-release VESA plate included.
- Available in White (WHT), Black (BLK) and Silver (SIL). Post is chromed.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Monitor Arm - Single Screen Dual Extension/Height Adjustable	EVLCD04	700			

EVLCD05 - MONITOR ARM - DUAL SCREEN/DUAL EXTENSION

- Frees up valuable worksurface space.
- Used for side-by-side or back-to-back applications.
- Attaches to any standard worksurface with flush edge or through a grommet.
- Monitor arm adjusts from 3" to 12" above worksurface.
- Monitor connecting extension has 19" of back and forth movement to allow for different vocal depths of viewing comfort.
- Built-in cable clips on underside of extension arms and pole base allows organized cable management.
- Quick-release VESA plate included.
- Available in White (WHT), Black (BLK) and Silver (SIL). Post is chromed.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Monitor Arm - Dual Screen	EVLCD05	1028			

EVLCD06 - MONITOR ARM - DUAL SCREEN/DUAL EXTENSION/HEIGHT ADJUSTABLE

- Frees up valuable worksurface space and supports a sit/stand working posture.
- Used for side-by-side or back-to-back applications.
- Attaches to any standard worksurface with flush edge or through a grommet.
- Monitor arm adjusts from 3" to 12" above worksurface.
- Counterbalanced arm provides an additional 13" of height adjustment.
- Monitor connecting bracket swivels 360° and tilts +/- 90° (180°).
- Double extension has 19" of back and forth movement to allow for different vocal depths of viewing comfort.
- Built in cable clips on underside of extension arms and pole base allows organized cable management.
- Quick-release VESA plate included.
- Available in White (WHT), Black (BLK) and Silver (SIL).
- Accommodates flat screen monitors up to 32" in size.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Monitor Arm - Dual Screen Dual Extension/Height Adjustable	EVLCD06	1275			

EVLCD08 - MONITOR ARM - SINGLE SCREEN/DUAL EXTENSION

- 9 1/2" reach from center of pole to front of VESA plate.
- Display viewing - 180° of tilt, 180° of swivel and 360° of rotation.
- Quick-release VESA plate included.
- 9" pole adjustment.
- Available in White (WHT), Black (BLK) and Silver (SIL). Post is chromed.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Monitor Arm - Single Screen Dual Extension	EVLCD08	583			

EVLCD09 - SINGLE SCREEN MONITOR ARM - FOR 5 TO 20LBS

- Adjustable counterbalance cylinder provides smooth 14 ½" of height adjustment with fingertip control - counterbalances monitors from 5 lbs. to 20 lbs.
- Double extension arms provide a maximum of 26 3/4" extension from the rear edge of the mounting surface to the VESA Plate for greater monitor adjustment on deep or corner workstations.
- Arms fold back to a minimum dimension of 4 1/2" to provide maximum desk utilization.
- Weight gauge provided to allow for quick and easy counterbalance adjustment of the arm prior to installing the screen.
- Saves time and guesswork especially for multiple arm installations.
- Die cast aluminum construction provides greater stability and contains high recycled material content with full recyclability.
- Adjustable rotation limiter to restrict arm rotation to 180°, preventing arms from hitting walls.
- Comes with all tools and mounting hardware for quick and easy installation (Tool-free).
- Available in White (WHT), Black (BLK) and Silver Metallic (SIL). Post is chromed.

EVCPU - CPU HOLDER

- CPU holder with soft touch knob.
- Vertical underside storage space.
- Maintains CPU at set height.
- Inside width adjustment 3.5" — 9.25"
- Inside vertical adjustment 12.25" — 22.25"
- Load rating: 85lbs.
- Available in black only.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	CPU Holder	EVCPU01	315	14	8.25	7.75

EVCPU02 - CPU HOLDER ON GLIDE TRACK

- Accepts tower CPUs with a width range of 3.5" to 9.3" and a height range of 12.5" to 22.5".
- Soft touch knob for side clamp adjustment and bayonet lance for vertical height adjustment.
- 12" glide track mounted and 360-degree swivel for easy access to rear of CPU.
- Manufactured from steel and engineered resin, providing rugged durability and support.
- Available in Black only.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	CPU Holder on Glide Track	EVCPU02	333			

EVWALS01 - LAPTOP SUPPORT WITH INTEGRATED 4 PORT USB HUB

- 5 adjustment angles for ergonomic viewing.
- Adjustment arm allows for unrestricted air flow.
- 4 port USB hub powered by a computer, no external power required.
- Fully compliant with universal serial bus specifications 2.0.
- Over current protection for downstream port.
- Compatible with Windows 7, XP, 98, ME, 2000 and Vista. Also compatible with MAC OS 8x, 9x, and 10.
- CE/UL/FCC approved and RoHS compliant. Available in Black and Grey.

	DESCRIPTION	PRODUCT CODE	LIST PRICE	DIMENSIONS/INCHES H	W	D
	Laptop Support with Integrated 4 Port USB Hub	EVWALS01	181			

EVWADH01 - DESKTOP DOCUMENT HOLDER

- Dimensions of 16 1/2" wide x 10" high x 8" deep.
- Heavy duty steel easel support.
- Magnetic line glide.
- Available in Black only.

	Touch-Up Paint Kit	EVATP01	46			

NOTES

textiles and finishes

Care and Cleaning

The following guide encompasses the Evolve System line.
The guide was compiled using information from our "raw" material suppliers and is relevant only to our standard offering finishes and textiles.

FABRICS

To extend the life of your upholstered panels, regularly dust the panel to prevent airborne particles from penetrating the fabric surface.

For light soiling, use a damp cloth and blot the spot with very slight pressure, taking care never to soak the fabric. Dry with a clean cloth by blotting - never rub fabric. More intense stains can be treated the same way, but with a mild detergent. Always test fabric first in an unseen area before using any cleaning method.

PANEL FRAMES

The panel frames are manufactured out of sturdy aluminum with a powder coated enamel paint finish. To clean the frames of the panels, and all hardware associated with the Evolve line, simply utilize a clean, damp cloth. For stubborn stains on the panel frames, you may consider adding a mild detergent.

GLAZED PANELS

Cleaning of the glazing in panels should only be done with a damp lint-free cloth. A mild detergent can be used if necessary. Do not use paper towels in combination with a window cleaner-this may cause scratches to the glazing.

WORKSURFACES

The worksurfaces are manufactured using primarily Nevamar Brand laminates as the exposed surface. To properly clean these areas, it is best to use a clean, damp cloth and circular motion to prevent streaks. For stubborn stains, you are able to add a mild detergent to the water. Be certain not to use an ammonia-based solution. It will react with the PVC, or wood edge trim, causing permanent damage to the contacted areas.

ACCESSORIES

The accessories sold with the Evolve product line can be simply cleaned with a clean, damp cloth. If they are really dirty, a mild, non-abrasive solution may be added. Wipe with a damp cloth after the solution, and finally, a dry clot

*Premium paint selections are available on the following components: Panels (top trim and frame), Hardware, End-of run/Post Kits, and Accessories at a 22% upcharge. Storage with no upcharge.

*Please note all Double Wall Storage units must be ordered in a minimum quantity of 50 when ordering in a premium paint finish. Different model types can be combined to achieve the minimum quantity required. See pages 192-193 for affected models.

All special and premium paint match orders of 50 panels or less will incur a $500 net setup fee. Panels, hardware, accessories and storage may be combined on orders to achieve minimum of 50 pieces or more and will not be subject to $500 net set up fee. Add on orders will not have that charge for 90 days after the original order has shipped and must have the original PO# quoted otherwise they will not qualify for the program.

Global matte paint finishes are available on most Evolve Storage pieces without an up charge regardless of quantities.

All Mica and Metallic paint finishes will incur a minimum up charge of 10%.

All non-standard paint finishes must be approved by Evolve prior to placing an order.

ADA Overheads are not available in Evolve premium color paints. ADA Overheads are available in Evolve standard paint colors only.

Frames for all Open Panel models, all panel retainers, PVC components for panels and connectors are unavailable in premium or special/custom paint colors. They are available in standard Evolve paint colors only.

PREVIOUSLY APPROVED TEXTILE

Fax completed form to: 856.596.5684

MAIL FORM AND TEXTILE SAMPLE ONLY TO:

GLOBAL - COM Department
17 West Stow Road
Marlton, NJ 08053 | 856.596.3390

Please contact your local EVOLVE CustomeCare representative for status of all COM requests. When textile is approved and an authorization number issued, a set of shipping instructions will be faxed or e-mailed to you.

Approved textiles are to be shipped to the address that will be included with instructions. Do not ship textiles to the address on this form. Dealer is responsible for the shipping expenses. Brokerage fees will be paid for by Global. However, duties imposed by North American Governments related to textile materials, content and Country of Origin, additional fees may apply and will be billed separately.

Please Note: C.O.M Textiles may not be shipped without shipping documents. GLOBAL is not responsible for any material shipped without the authorization number.

Please be advised that Global has phased out the use of textiles that contain certain Phthalates, including but not limited to: DEHP (di (2-ethylhexyl) phthalate), DBP (di-n-butyl phthalate), BBP (butyl benzyl phthalate) and DINP (di-isononyl phthalate) (collectively the "Listed Chemiclas"). The Listed Chemicals are used in certain types of vinyls. Global cannot accept orders for textiles that contain the Listed Chemicals, if such orders are to be shipped to the U.S.A. or are intended for customer in the U.S.A. If you are not sure if the C.O.M you have selected contains the Listed Chemicals, please contact the manufacturer or supplier of the fabric to verify.

TERMS & CONDITIONS

APPLICATION OF STANDARD TERMS

Sales of Evolve products are made only on Evolve standard terms and conditions of sale which are contained in the Price Book and in Evolve's order acknowledgments. These standard terms and conditions may be modified or supplemented only by a separately written document signed by Evolve's authorized personnel at its head office in Marlton, New Jersey. An offer by Purchaser of said terms and conditions shall not be binding until accepted by Evolve in writing.

All illustrations, specifications and prices in this Price List are based on the latest product information available at the time of publication. Evolve reserves the right to make changes, at any time and without prior notice, to prices, colors, materials, specifications and models offered.

PRICES AND PAYMENT

The prices shown in this Price List, as well as those quoted by Evolve, shall be in US dollars for orders shipped to destinations within the continental United States.

Prices listed herein are for standard product. Quotations for special product are available through Evolve Customer Support Department in Marlton, New Jersey.

If shipping date requested is more than 90 days from date of order Evolve shall use published list prices effective at the time of shipment.

Not included in the list price are special or export packing, unpacking and installation. Orders are invoiced at the time of shipment. The Customer agrees to pay a charge of 2% per month of invoices outstanding more than 30 days.

FOR PAYMENTS ONLY, MAIL TO:

Evolve Furniture Group, a division of:
Global Industries, Inc.
17 West Stow Road
P.O. Box 562
Marlton, New Jersey 08053

Any products sold shall remain the property of Evolve until fully paid for in cash. The Purchaser agrees to perform all acts which may be necessary to perfect and assure retention of title to such products to Evolve until such time as the goods have been paid for in full.

Freight charges will be prepaid by Evolve to destinations within the contiguous United States on shipments of $10,000 list and greater. For shipments less than $10,000 list, the freight charge will be 5% of the total list price.

Please note exception below:
All showroom and mock-up orders will be subject to actual freight charges.

Evolve shall, in its sole discretion, determine the most appropriate method of shipment routing and carrier. Shipments of less than a full trailer load (LTL) shall ship via common carrier. **These LTL shipments are not subject to specific delivery days or times.** Full trailer loads will provide for dedicated delivery time and schedule. Purchaser may request special packaging or method of shipment at Purchaser's sole expense.

TAXES

All sales, use, excise and other applicable taxes and the collection and reporting thereof (excluding only taxes on the net income of Evolve) are the Purchaser's responsibility and will be invoiced to the Purchaser. If Purchaser claims an exemption from such taxes, it shall be the Purchaser's responsibility to furnish an appropriate exemption certificate to Evolve.

ORDER INFORMATION

Evolve requires that **all orders be submitted in writing** to avoid errors and/or duplication. Orders will be acknowledged with Evolve's acknowledgement forms governing the transaction. The details appearing on the acknowledgement will describe the items to be shipped to Purchaser who must ascertain that they are correct. If not correct, Purchaser should notify Evolve immediately by telephone or fax followed by written confirmation. Acknowledgment shows approximate shipping date of items ordered. **Shipping dates are assigned to orders based on the item having the longest manufacturing lead time.** Orders with Customer's Own Material (C.O.M.), or missing or incorrect information (finish selections, fabric selections, etc.) will be scheduled for manufacturing upon receipt of COM or correct complete information. Purchaser must indicate if multiple shipping schedules are required including noting if the shipping date requested is longer than standard posted lead time. Each shipment will be invoiced at time of shipping and will be subject to payment terms described herein.

C.O.M. CUSTOMER'S OWN MATERIAL

Should Purchaser request a fabric, not standard to the Evolve upholstery line, Purchaser shall submit a sample of not less than two yards for approval. Evolve will determine whether fabric is suitable to manufacturing process and applicable UL or code requirements. Should Evolve be required to test such fabric, it shall so advise Purchaser, and Purchaser shall be responsible for all costs associated therewith. This includes all duty and brokerage fees.

Fabric yardage requirement will be determined by Evolve. An additional charge may be made to cover the cost of cutting, matching or sewing unusual or directional patterns. Evolve shall have no responsibility for condition, quality, performance, physical properties or any other aspect of C.O.M. For panels, price as if grade 1 fabric is used.

Evolve reserves the right to reject any C.O.M. deemed unsuitable.

Evolve reserves the right to cancel an order at any time if C.O.M. is, in the sole judgement of Evolve, inadequate for any reason.

CHANGES AND CANCELLATION

The order may not be changed or cancelled by Purchaser without the written consent of Evolve. This charge can be as much as 100% based upon proximity to scheduled shipment date. Special order items and fabric-covered items already in production are not subject to change or cancellation under any circumstances. Fabric-covered items are considered to be in production once the fabric has been cut.

DEPOSIT ON SPECIAL ORDERS

Orders for nonstandard products may, at Evolve's discretion, require deposit prior to scheduling of production, the amount of the deposit being credited against the total price of the project.

SUSPENSION

In the event that the Purchaser defaults in the payment of any sum due Evolve, or in the event the Purchaser's financial condition becomes unsatisfactory to Evolve, Evolve shall have the right at its option, upon written notice to the Purchaser, to cancel shipment of any goods, unless within ten (10) days of Purchaser's receipt of such notice Purchaser provides assurance of payment to Evolve in such form, content and/or amounts as Evolve, in its sole discretion, deems adequate.

COMBINED SHIPMENTS

Evolve will make every effort to combine shipments and orders on written request. However, acceptance of such request shall be with Evolve's sole discretion.

CODE RESTRICTIONS

Evolve portable furniture may be subject to local fire, electrical and/or building codes applicable to portable furniture. It shall be Purchaser's sole responsibility for the proper application of Evolve items within the limitations of such local codes, which may be different from area to area.

SERVICE

Service problems shall be handled by the authorized Evolve dealer. Where this cannot be accomplished on a local level, service problems should be referred to:
Evolve Furniture Group
Customer Support
17 West Stow Road
Marlton, New Jersey USA 08053
856-552-4000 888-827-2500
Attention: Evolve Operations Manager

STORAGE

In the event Purchaser requests postponement of delivery beyond the acknowledged shipping date, Evolve may transfer the goods to storage on Purchaser's account and at Purchaser's risk and expense subject to a daily storage rate. Such transfer to storage shall be deemed shipment to Purchaser for all purposes, including invoicing and payment.

DELAYS

Evolve's order acknowledgement will state a shipping date which is Evolve's best estimate at the time the order is acknowledged. However, Evolve shall not incur any obligation or liability to Purchaser for failure to ship by a specified date. In addition, Evolve shall not be liable for any loss or damage resulting from any delay or failure in shipment or other failure to perform all or any part of the agreement between the parties with respect to the goods shown on the face of the order acknowledgement where such delay, failure, loss or damage is the proximate result of any act of any governmental authority or political subdivision thereof, revolution, riot, civil disorder or disturbance, act of enemies, delay or default in transportation, strike disputes among or between unions or other labor disputes, delay or inability in obtaining materials and facilities, fire, flood, act of God or any cause not within the reasonable control of Evolve, whether of the class of causes enumerated or otherwise. Without limiting the generality of the foregoing, Evolve may, without causing any breach or incurring liability, allocate goods which are in short supply, regardless of the reasons therefore, among purchasers, in any manner which Evolve, in its sole discretion, deems advisable.

BACK CHARGES

Evolve will not accept charges for expense incurred by the Purchaser in expediting shipments or otherwise. Evolve will not accept charges for the repair of damage by others.

CLAIMS

All goods are sold F.O.B. Toronto, Canada, unless otherwise agreed to in writing by Evolve. Evolve is not responsible for damage which occurs in transit or in storage. The carrier signs for all goods received in good order. It is the Purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier. Any claims made against Evolve for apparent defects, errors or shortages must be made by the Purchaser in writing, within fifteen (15) working days after any delivery. Failure by the Purchaser to make any claim against Evolve within the above-described fifteen days shall constitute acceptance of the goods and a waiver of any apparent defects, errors or shortages.

RETURNS

No returns of goods will be accepted without written consent and shipping instructions, including Evolve's Return Goods Authorization (R.G.A.) numbers, to Evolve. A minimum restocking charge of 35% is made on all authorized returns for credit or refund, provided goods are received by Evolve in the condition in which they left the factory. No credit will be given if goods cannot be reused. Special order items and fabric-covered items are in no event subject to return. All returns must be approved and authorized in writing by Evolve Customer Support, Marlton, New Jersey.

LIFETIME WARRANTY

Evolve warrants that all commercial products are free from defects in material and workmanship, for the life of the product, to the original purchaser. This warranty is made by Evolve only to original customers acquiring the product directly from Evolve's authorized dealers. The customer's sole remedy pursuant to this warranty is limited to repair or replacement of parts or product at Evolve's option. Consent from Evolve must be obtained before any warranty work is performed. This warranty shall not apply to any products which must be replaced because of normal wear and tear, negligence, abuse or "accident", shipping damage, or product use and installation other than in accordance with written instructions or warnings. It shall also not apply when product has been modified or altered, repaired or refurbished by someone other than Evolve or an authorized dealer or because of natural variations over which Evolve has no control. In the event of repair and/or replacement of any defective product, Evolve does not warrant matching color, grain, texture or dye lots. Evolve's warranty does not cover the cost of transportation or labor. Repair or replacement will be at Evolve's option. Evolve makes no warranty that any of its products are suitable for any particular purpose and makes no other warranties, expressed or implied, other than those set forth in this Price List. As codes and standards vary from one jurisdiction to another, references to compliance are soley for convenience and without any representation as to accuracy or suitability. Users must verify the suitability of such information or product for their specific application. In no event shall Evolve be liable in either tort or contract for any loss or direct, special, incidental, consequential, or exemplary damages.

This Lifetime Warranty is NOT applicable to customers who use Evolve products for rental purposes and is effective only for products, parts or components manufactured after January 1, 2011.

Exceptions to this warranty include:

- Global fabrics and wood veneers, which are warranted for five years from date of delivery.
- Electrical components, which are warranted for ten years from the date of delivery.
- Moving parts such as glides, slides, casters, user-adjustable worksurface mechanisms, which are warranted for five years from date of delivery.
- Fading on fabric and wood veneers can be caused by exposure to U.V. rays/sunlight. Natural wood veneer, being a natural material, will have shade differences between veneer sheers, the difference will be more apparent between dye lots.

Evolve does not warrant color fastness on Customer's Own Material.

Because of natural variations over which Evolve has no control, this warranty does not extend to color, grain or texture of wood, and Evolve does not warrant matching of color, grain or texture.

Evolve makes no warranties, including implied warranties of merchantability and fitness for a particular purpose, other than the express warranties contained herein.

LIMITATION OF REMEDY

Purchaser's sole and exclusive remedy (excluding the repair or replacement of goods for breach of the express warranty above) for any matter or claim arising under or relating to these terms and conditions, the goods covered hereby and any transaction involving or relating to such goods, whether in contract, tort (including negligence) or otherwise, shall be payment of the lesser of the cost to repair or replace said product or the purchase price for the goods to which the claim relates. In no event shall Evolve be liable for any special, indirect, consequential, or incidental damages, including without limitation, damages for loss of business profits, business interruptions, or loss of information.

EVOLVE'S WARRANTY DOES NOT APPLY (FOR ANY PRODUCT CATEGORY) TO THE FOLLOWING:

- Failures due to wear and tear
- Failures which result from negligence, abuse, accident or misuse
- Failure to apply, install or maintain products according to Evolve's written instructions and warnings
- Modifications, attachments or repair methods not approved by Evolve
- Damage caused by a carrier in transit, or delivery/installation contractors
- The matching of colors, grains or textures (wood, leather, etc.) of natural materials and color matching of textiles
- Products exposed to extreme hot or cold temperatures or excessively dry or humid environments
- Colorfastness or the matching of color of textiles
- Damage by markings or staining; damage by sharp objects or imprinting from instruments
- Damage to textiles or laminate and wood surfaces/edges from exposure to sunlight (including UV rays)
- Products used for rental purposes

Evolve's warranty applies to products sold within the United States of America, Mexico, the Commonwealth of Puerto Rico and Canada.

Think Global. Think Green.

The Environment — We believe now more than ever, that it is our responsibility to protect the environment and our precious natural resources for future generations. The growing importance of energy and environmental concerns continues to challenge us in this ever changing marketplace.

As an industry leader, Global continues to take proactive steps towards reducing the negative impacts on the environment. We are building "healthier" offices; investing in Research & Development and new technologies; reducing waste and the consumption of energy; and improving the quality of the air we breathe, all which can have a significant impact on our quality of life.

Global's recycled fabrics offer affordable, environmentally responsible alternatives to commercial textiles. We recycle 35,000 lbs. of fabric off cuts.	Epoxy powder coating process is solvent free. No harmful VOC's or lead. No toxins are released into the atmosphere.
Global has the products and resources to help your projects achieve LEED certification.	New technology allows us to reduce glue usage by 50%. In addition, our water based glue reduces emissions and requires less energy to apply.

MEMBER BIFMA

Green Key

Greenguard Certification

The GREENGUARD mark means that a product has been tested using stringent environmental chamber methods and found to meet GREENGUARD's Indoor Air Quality Standards. GREENGUARD Certified Products are low emitting and contribute minimal levels of pollutants to indoor environment.

GREENGUARD GREENGUARD GOLD

Level Certification

level™ certification, based on the ANSI/BIFMA e3-2012 furniture sustainability standard, sets furniture manufacturers on a path toward greater sustainability over time. Based on environmental and social criteria set forth in the standard, a product's entire supply chain is assessed.

level

What's covered under the Global Lifetime Warranty?

Global's Lifetime Warranty covers manufacturer defects for seating, desks, tables, panels, metal storage and filing... everything you would need in a contract work environment covered for the life of the product.

NO WORRIES on plastic components, casters, glides, pneumatic cylinders, arm structures, arm caps and bases

NO WORRIES on drawer slides, trays, locks, keys, metal legs and grommets.

NO WORRIES on panel frames, edges and work surfaces.

For complete details, visit www.globalfurnituregroup.com.

What's covered under the Offices to Go® 5 Year Warranty?

Offices To Go® warrants its products to be free from defects in material and workmanship subject to the limitations below.

Under this warranty, claims must be made within the following periods from the original date of purchase: (a) non-moving parts are warranted for five years; (b) drawers, slides, leveling glides, locks, and other moving parts are warranted for two years; (c) gas cylinders, mechanisms, and other moving parts are warranted for two years; (d) upholstery materials and foam are warranted for two years; (e) task light, desk lamp, monitor arm and power grommets are warranted for two years.

Desking and Tables warranty is based on an eight hour, single shift workday. Seating warranty is based on an eight hour, single shift work day for users weighing up to 250 pounds. NOTE: Select light duty stacking chairs; OTG11696, and OTG11697, are warranted for users weighing up to 200 pounds.

Height adjustable bases (OTGHABASE2) electric motors, controllers and moving parts are warranted for 5 years. Height adjustable base warranty is based on an eight hour, single shift work day and maximum lifting capacity of 220lbs.

For complete details, visit www.OfficestoGo.com.

List Price **$1012**

A Tilt Tension

Increase or decrease to match body weight. Allows you to rock comfortably, without heavy pushing, reducing muscle fatigue.

B Chair Tilt Lock

Lock the tilt movement in position(s) to accommodate your working posture. Allows you to lock your chair in a comfortable and supportive position. (can be either single position or infinite style).

C Seat Height

Raise or lower to allow your feet to rest flat on the floor. Avoids pressure under your thighs, easing blood flow.

D Back Height

Raise or lower to position lumbar support in your lumbar area. Reduces likelihood of back pain.

E Seat Depth

Change the depth of the seat to accommodate the length of your thighs. Keeps your back in contact with the backrest while avoiding pressure behind your knees.

G Back Angle

Adjust to change the angle of your torso in relation to your thighs. Helps reduce disc pressure and relaxes your back muscles.

H Arm Height

Raise or lower to support your forearms. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

Truform TS5450-3 - page 17

High Back Multi-Tilter Heavy Duty

List Price **$1113**

L Synchro-Tilt Movement

Backrest reclines at a faster rate than the seat, increasing the angle between your torso and thighs. Enhances comfort and encourages dynamic body movement.

M Waterfall Seat Edge

Reduces pressure at the back of the knee, contributing to good blood flow.

N Properly Contoured Cushions

Support the body effectively, allowing you to sit longer without discomfort.

Q Width Adjustable Arms

Allows outward movement of armrests to match shoulder breadth. Ensures armrests properly support forearms, reducing muscular effort in neck and shoulders.

TOP VIEW

R Arm Rotation

Rotate armcap to support your forearm in various positions. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

S Center-Tilt Movement

Chair tilts from a pivot point under the center of the seat allowing you to rock. When your feet are well supported, blood flow is enhanced.

V Lumbar Depth Adjustment

Increase or decrease curvature of the back to match the profile of your lower back. Enhances comfort and support in the lower lumbar area.

Sidero 6901 - LIMITED QTY AVAILABLE - page 42

Stacking Side Chair - Armless

Dimensions: 21w x 24d x 33h

- The back of the chair is compound curved to provide comfort and support
- Four legged models can be stacked 5 high on the floor
- Standard glide is a durable Black Polypropylene foot
- Urban, Granite Rock (UR20)
- Urban, Black Coal (UR22)

List Price **$491**

Arno 4004 - page 32

High Back Tilter

Dimensions: 25w x 29d x 42h

Ergonomic Features: A, B, C, N, S

- Perforated leather inserts in the seat and back surfaces
- Standard Black (BK) molded flared loop arms
- Luxhide Black (BL20)

List Price **$500**

Sidero 6900 - page 42

Stacking Armchair

Dimensions: 25.5w x 24d x 33h

- Wide curved arms and a round tubular steel frame, with wall safe construction
- Arms are 2 1/8 inches wide and full length, and are made from incredibly strong fiberglass reinforced nylon
- The back of the chair is compound curved to provide comfort and support
- Four legged models can be stacked 5 high on the floor
- Standard glide is a durable Black Polypropylene foot.
- Urban, Granite Rock (UR20)
- Urban, Black Coal (UR22)

List Price **$544**

Spritz 6765C - LIMITED QTY AVAILABLE - page 40

Flip Seat Nesting Chair with Casters

Dimensions: 23.75w x 23d x 33h

Ergonomic Features: G, M, N

- Translucent mesh and models for all applications.
- Features an auto-adjusting comfort back that reacts to body pressure and articulates 12°.
- Flip up seat allowing chairs to nest horizontally.
- Waterfall, Dance (WA54)

List Price **$643**

Roma 1899 - page 19, 41

Mesh Back Nesting Armchair

Dimensions: 24.5w x 23.6d x 36h

Ergonomic Features: M, N

- The horizontal nesting chairs are easy to store. Simply flip the seat upward and then roll into nesting position, like a shopping cart.
- Arms are durable fiberglass reinforced nylon, fixed height. Armcaps are durable polyurethane (SSU), soft and warm to the touch.
- Stocked in Black (BLK).
- (C1) casters are standard.
- Urban, Black Coal (UR22)

List Price **$715**

L Synchro-Tilt Movement

Backrest reclines at a faster rate than the seat, increasing the angle between your torso and thighs. Enhances comfort and encourages dynamic body movement.

M Waterfall Seat Edge

Reduces pressure at the back of the knee, contributing to good blood flow.

N Properly Contoured Cushions

Support the body effectively, allowing you to sit longer without discomfort.

Q Width Adjustable Arms

Allows outward movement of armrests to match shoulder breadth. Ensures armrests properly support forearms, reducing muscular effort in neck and shoulders.

R Arm Rotation

Rotate armcap to support your forearm in various positions. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

S Center-Tilt Movement

Chair tilts from a pivot point under the center of the seat allowing you to rock. When your feet are well supported, blood flow is enhanced.

V Lumbar Depth Adjustment

Increase or decrease curvature of the back to match the profile of your lower back. Enhances comfort and support in the lower lumbar area.

Terms and Conditions

- **All product series have MAXIMUM order quantities which can be fulfilled within the 2 Day Lightning program. These are noted next to each series. For greater quantities, please contact CustomerCare for lead times and terms.**
- Orders must clearly state, "2 Day Lightning" at the time of submittal
- Program is limited to exact models within series listed above
- Program is limited to exact textile patterns listed and exact colorways carded
- Orders cannot be changed or canceled after order acknowledgment
- Current Global list pricing applies at the time of order
- All eligible models are UPSable; Global reserves the right to ship "best way"
- Bakhita, Popcorn, Duet and Sonic models may be multiple packaged and shipped "best way"
- Orders must be clean with correct model numbers, options, textiles, correct pricing, etc., to apply
- Dealer must be in good standing and within terms for order to be processed without delay
- Finished products will ship from our factories in as little as two business days.
- Program available in the 48 contiguous United States
- Orders to ship outside Global's distribution model; order shipment address can be to the dealer or end-user directly
- Standard model options listed under Optional Features section in the price list are available. Standard model options include aluminum bases, painted frame finishes, ballistic nylon backs, glide options and hard surface casters. Memory Foam as a standard option is not available (standard lead-times apply).

work space + meeting areas

Foli Height Adjustable Tables (page 83) with Intelli Beam (pages 80-81).

All seating is nationally stocked and available immediately or part of the 2DAY LIGHTNING program and ships within two business days.

Zira

Zira offers hundreds of mix and match components to meet any design specification. Components can be freestanding for single workstation configurations, or brought together to form multiple work groups.

Silver bar handles (HQ) come standard on our stocked product. Locks and hardware feature a matching silver finish.

1" thick (A3) worksurfaces feature Global's preferred edging in a matching color.

Run-off surfaces feature a silver metal leg with ½" adjustable glides.

Available immediately in the following finish:

Genoa — LIMITED AVAILABILITY WHILE INVENTORY REMAINS

Work with ease and privacy, even in high traffic office environments. Genoa's extended corner island offers users an ergonomically correct Executive suite with ample area for computers of various sizes and shapes, in addition to everyday work materials, while providing an oversized worksurface for conferencing.

1" thick worksurfaces feature self-edging in a matching color.

Lateral files include black pulls and hardware.

File drawers accommodate letter and legal files with standard locks on all pedestals.

Intelli Beam™ with Foli Height Adjustable Tables

Intelli Beam brings forward a new era of open plan environments.

18 x 60 Starter Extension Kit
Starter fabric extension kits include a tackable fabric panel and appropriate hardware to "stack-on" to existing starter kits (IBBSU2460S). The extension kit adds to the height of the beam, providing a greater sense of privacy, space division and some sounds absorption.

Intelli Beam includes two knockouts for duplexes and one knockout for data.

The basefeed powers 4-circuits in a 2+2 electrical configuration (2 utility circuits and 2 dedicated circuits). This must be specified with an IBBSU2460S – this will then power the starter kit and any add-on kit connected to it. The base feed must be hardwired to the building power supply by a licensed electrician.

T-leg with adjustable glides

24 x 60 Starter Beam Kit
The starter kit includes everything you need to create a 2-person workstation (acts as a freestanding piece), or to start a run of more workstations. Just specify duplexes and a basefeed separately to get up and running.

18 x 60 Add-On Extension Kit
Add-on fabric extension kits include a tackable fabric panel and appropriate hardware to "stack-on" to existing add-on kits (IBBAT2460S). The extension kit adds to the height of the beam, providing a greater sense of privacy, space division and some sounds absorption.

24 x 60 Add-On Beam Kit
Add-on kits includes all the pieces required to expand upon the starter kit. Add one additional add-on kit for a 4-pack, two add-on kits for a 6-pack or three for an 8-pack. Add-on kits must be used with one starter kit. Specify duplexes separately.

Workspace Solutions

INstock components

IBBSU2460S
24 x 60 Starter Beam Kit
Includes Intelli Beam raceway, vertical base feed cover, power distribution housing, 17" electrical jumper cable and (2) end of run trims.
List Price **$1375**

IBBAT2460S
24 x 60 Add-On Beam Kit
Includes Intelli Beam raceway, power distribution housing and 17" electrical jumper cable.
List Price **$963**

IBSFE1860S
18 x 60 Starter Extension Kit
Fabric starter extension kit attaches on top of a starter beam kit of the same width. Must be used in conjunction with starter beam kits.
List Price **$717**

IBAFE1860S
18 x 60 Add-On Extension Kit
Fabric add-on extension kit attaches on top of an add-on beam kit of the same width. Must be used in conjunction with add-on beam kits.
List Price **$564**

IBE8RDK1A
A pack of four duplexes (two Circuit 1 duplexes and two Circuit A duplexes). One pack will provide duplexes for one starter beam kit OR one add-on beam kit. Duplexes snap into the power distribution housing within the Intelli Beam raceway.
List Price **$164**

IBE8FR3PB
Base Feed
Provides single power entry from floor or wall located building power supply. Must be hardwired to the building power supply by a licensed electrician.
List Price **$535**

IBE8RDK2B
A pack of four duplexes (two Circuit 2 duplexes and two Circuit B duplexes). One pack will provide duplexes for one starter beam kit OR one add-on beam kit. Duplexes snap into the power distribution housing within the Intelli Beam raceway.
List Price **$164**

- Soft casters (OTG10701) are available (page 171)

List Price **$497**

A Tilt Tension

Increase or decrease to match body weight. Allows you to rock comfortably, without heavy pushing, reducing muscle fatigue.

B Chair Tilt Lock

Lock the tilt movement in position(s) to accommodate your working posture. Allows you to lock your chair in a comfortable and supportive position. (can be either single position or infinite style).

C Seat Height

Raise or lower to allow your feet to rest flat on the floor. Avoids pressure under your thighs, easing blood flow.

D Back Height

Raise or lower to position lumbar support in your lumbar area. Reduces likelihood of back pain.

E Seat Depth

Change the depth of the seat to accommodate the length of your thighs. Keeps your back in contact with the backrest while avoiding pressure behind your knees.

G Back Angle

Adjust to change the angle of your torso in relation to your thighs. Helps reduce disc pressure and relaxes your back muscles.

H Arm Height

Raise or lower to support your forearms. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

Dimensions: 27w x 25d x 38h

Ergonomic Features: A, B, C, H, M, N, S

- Black mesh back with patterned Black fabric seat
- Pneumatic seat height adjustment
- Height adjustable arms with titanium accents
- Single position tilt lock with tilt tension adjustment
- Twin wheel carpet casters
- Soft casters (OTG10701) are available (page 171)

List Price **$622**

L Synchro-Tilt Movement

Backrest reclines at a faster rate than the seat, increasing the angle between your torso and thighs. Enhances comfort and encourages dynamic body movement.

M Waterfall Seat Edge

Reduces pressure at the back of the knee, contributing to good blood flow.

N Properly Contoured Cushions

Support the body effectively, allowing you to sit longer without discomfort.

Q Width Adjustable Arms

Allows outward movement of armrests to match shoulder breadth. Ensures armrests properly support forearms, reducing muscular effort in neck and shoulders.

R Arm Rotation

Rotate armcap to support your forearm in various positions. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

S Center-Tilt Movement

Chair tilts from a pivot point under the center of the seat allowing you to rock. When your feet are well supported, blood flow is enhanced.

V Lumbar Depth Adjustment

Increase or decrease curvature of the back to match the profile of your lower back. Enhances comfort and support in the lower lumbar area.

OTG11685B - page 103

High Back Mesh Back Synchro-Tilter

Dimensions: 25.5w x 24.5d x 41h

List Price **$783**

OTG3101 - LIMITED QTY AVAILABLE - page 97

Mesh Back Synchro-Tilter

Dimensions: 26w x 27d x 38.5h

Ergonomic Features: A, B, C, E, H, L, M, N

- Black mesh back with Black Luxhide upholstered seat
- Pneumatic seat height adjustment
- Height adjustable arms
- Synchro-tilt mechanism
- Infinite seat tilt lock with tilt tension adjustment
- Height and depth adjustable lumbar support
- Twin wheel carpet casters
- Soft casters (OTG10701) are available (page 171)

List Price **$840**

A Tilt Tension

Increase or decrease to match body weight. Allows you to rock comfortably, without heavy pushing, reducing muscle fatigue.

B Chair Tilt Lock

Lock the tilt movement in position(s) to accommodate your working posture. Allows you to lock your chair in a comfortable and supportive position. (can be either single position or infinite style).

C Seat Height

Raise or lower to allow your feet to rest flat on the floor. Avoids pressure under your thighs, easing blood flow.

D Back Height

Raise or lower to position lumbar support in your lumbar area. Reduces likelihood of back pain.

E Seat Depth

Change the depth of the seat to accommodate the length of your thighs. Keeps your back in contact with the backrest while avoiding pressure behind your knees.

G Back Angle

Adjust to change the angle of your torso in relation to your thighs. Helps reduce disc pressure and relaxes your back muscles.

H Arm Height

Raise or lower to support your forearms. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

OTG3103 - LIMITED QTY AVAILABLE - page 97

Mesh Back Multi-Function

List Price **$831**

A Tilt Tension

Increase or decrease to match body weight. Allows you to rock comfortably, without heavy pushing, reducing muscle fatigue.

B Chair Tilt Lock

Lock the tilt movement in position(s) to accommodate your working posture. Allows you to lock your chair in a comfortable and supportive position. (can be either single position or infinite style).

C Seat Height

Raise or lower to allow your feet to rest flat on the floor. Avoids pressure under your thighs, easing blood flow.

D Back Height

Raise or lower to position lumbar support in your lumbar area. Reduces likelihood of back pain.

E Seat Depth

Change the depth of the seat to accommodate the length of your thighs. Keeps your back in contact with the backrest while avoiding pressure behind your knees.

G Back Angle

Adjust to change the angle of your torso in relation to your thighs. Helps reduce disc pressure and relaxes your back muscles.

H Arm Height

Raise or lower to support your forearms. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

OTG11786B
Shown in Luxhide Saddle (BL23).
See pages 202-207 for additional color options.

Seating at a Glance — Conference + Management Seating

L Synchro-Tilt Movement

Backrest reclines at a faster rate than the seat, increasing the angle between your torso and thighs. Enhances comfort and encourages dynamic body movement.

M Waterfall Seat Edge

Reduces pressure at the back of the knee, contributing to good blood flow.

N Properly Contoured Cushions

Support the body effectively, allowing you to sit longer without discomfort.

Q Width Adjustable Arms

Allows outward movement of armrests to match shoulder breadth. Ensures armrests properly support forearms, reducing muscular effort in neck and shoulders.

R Arm Rotation

Rotate armcap to support your forearm in various positions. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

S Center-Tilt Movement

Chair tilts from a pivot point under the center of the seat allowing you to rock. When your feet are well supported, blood flow is enhanced.

V Lumbar Depth Adjustment

Increase or decrease curvature of the back to match the profile of your lower back. Enhances comfort and support in the lower lumbar area.

2DAY SHIP PROGRAM IS TEMPORARILY UNAVAILABLE

WE LOOK FORWARD TO REINTRODUCING THE PROGRAM SOON

Offices to Go 2 Day Ship Seating Terms and Conditions

- **All models have MAXIMUM order quantities which can be fulfilled within the OTG 2 Day Ship program. These are noted below each model. For greater quantities, please contact CustomerCare for lead times and terms.**
- Orders must clearly state "OTG 2 Day Ship" at the time of submittal.
- Program is limited to certain Fabrics and Luxhides shown on pages 204-205
- Orders cannot be changed or canceled after order acknowledgment.
- Current Offices to Go list price applies at time of order.
- All eligible models are UPSable; Offices to Go reserves the right to ship "best way."
- Order must be clean with correct model numbers, options, textiles, correct pricing, etc. to apply.
- Dealers must be in good standing and within terms for order to be processed without delay.
- Program available in the 48 contiguous Unites States.
- Order shipment address can be to the dealer or end-user directly.

OfficestoGo Superior Laminate Workspace Solutions

- Five contemporary finishes include Autumn Walnut (AWL), American Mahogany (AML), American Dark Cherry (ADC), American Espresso (AEL) + Artisan Grey (AGL) all accented with 3mm matching impact resistant edges.
- Box and file drawers feature full extension ball bearing drawer slides.
- Lateral files and file/file pedestals come equipped with a mechanical safety interlock.
- Pedestals, lateral files + multi-storage files are designed to connect to the appropriate desk, credenza + return shells.
- Metal pins + cam fasteners are designed for easy assembly (where applicable. Metal brackets (where applicable) are also included for additional strength and rigidity.
- Autumn Walnut (AWL), American Espresso (AEL) + Artisan Grey (AGL) are standard with silver handles. Black handles optional (an upcharge applies - see page 192 for more information).
- American Mahogany (AML) + American Dark Cherry (ADC) are standard with black handles. Silver handles optional (an upcharge applies - see page 192 for more information).

Features

Black grommets are standard on desks, returns, bridges, credenzas, extended corners and hutches. Silver grommets optional (an upcharge applies - see page 191 for SLGRSIL).
