D46080C: Provide RMHU Sewage Pump Station - Marcy CFStatus: **Open**
Estimated Cost: **\$924,145**

This Utilization Plan has been Approved. Scroll down to view the details of the plan. Click the button to transfer some or all of the subcontract records to an existing contract. Once a record is transferred it cannot be transferred again. However if any subcontractors are not included in the transfer they will remain available for transfer. After the transfer process is complete a Linked Contract field will appear to provide quick access to the contract. Use the Linked Contract field to access the contract that subs were previously transferred to.

Utilization Plan Information

Estimated Bid/Transaction Amount	\$924,145
Private Comments	Compliance Specialists, please ensure contractor identifies the proper credit to be granted to brokers, manufacturers, and suppliers.

Primary Bidder/Prime Contractor

Vendor Name	Cert	Inc in Goal	\$ Total	\$ Self Perf	\$ For Credit	Actions
 CARVER CONSTRUCTION INC	No	No	\$924,145	\$849,185 91.89%	-	View

Work Code Validation Symbol Legend:  All assigned work codes are valid;  Some assigned codes are not valid;  No assigned work codes are valid;  No work codes are assigned.

Subcontractors

Subcontractor Name	Sub Tier	Cert	Inc in Goal	Type	Valid Work Code	\$ Commit	\$ Self Perf	\$ For Credit	Actions
 Allen & Daughters Trucking, LLC	1		 WBE	Sub 100%		\$55,460 6.00%	\$55,460 6.00%	\$55,460 6.00%	View
 ZEHR'S Flowers and Landscaping LLC	1		 MBE	Sub 100%		\$19,500 2.11%	\$19,500 2.11%	\$19,500 2.11%	View

Goal & Waiver Summary

Goal Type	Goal	Plan	Status	\$ to Reach Goal	Waiver Status
-----------	------	------	--------	------------------	---------------

Overall Goal	30.00%	8.11%	-21.89% below goal	\$202,283	Waiver request saved	
	As discussed, this project has limited opportunities for subcontracting due to the nature of the work associated with this contract. We were able to obtain participation for the installation of the Erosion Control (Silt Fence) and final seeding of disturbed areas by Zehrs. Additionally, Allen & Daughters will be supplying as well as delivering the aggregates and topsoil needed to the project. The only other element which would have potentially been able to be subcontracted would be the milling and paving which we were not able to find a MWBE subcontractor interested in that work so we intend to subcontract that to a Non- MWBE firm at this time.

Additional Instructions

Additional Instructions to Vendor	
Special Instructions to Vendor	<p>The MWBE utilization credit for Work performed by MWBEs will be determined as follows: a. Where an MWBE is not the Contractor - MWBE utilization credit will vary depending on how the MWBE performs Work under the Contract, as follows: i. Where the MWBE performs Work under the Contract as a subcontractor, MWBE utilization credit will be 100% of the dollar value of the Work performed by the MWBE. ii. Where the MWBE performs Work under the Contract as a manufacturer, MWBE utilization credit will be 100% of the dollar value of the Work performed by the MWBE. iii. Where the MWBE assists in the performance of the Work under the Contract as a supplier, MWBE utilization credit will be 60% of the dollar value of the Work performed by the MWBE. For purposes of this Contract, a supplier is a firm that operates a store, warehouse, or other establishment where materials, supplies, or equipment required under the Contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. Suppliers purchase and sell products as their principal business under their own name. A supplier must purchase and keep materials in stock, and have a method to sell those materials to the public, through a storefront or website, and cannot supply materials specifically for a single contract. Suppliers of large bulk items must derive over 40% of their business from inventory in their warehouse and must take legal responsibility of the items, even if some items are drop-shipped. iv. Where the MWBE assists in the performance of the Work under the Contract as a broker, MWBE utilization credit will be equal to the percentage of the commission, or the mark-up percentage, of the items brokered, applied to the dollar value of the Work performed by the MWBE. For purposes of this Contract, a broker is a firm that fills orders for a client by ordering, purchasing, or receiving supplies from a third-party supplier rather than out of its own existing inventory and, in light of the standard industry practices, provides no substantial services other than acting as an intermediary between a supplier and a customer. v. Where the MWBE assists in the performance of the Work under the Contract as a manufacturer's representative, MWBE utilization credit will be equal to the percentage of the commission, or the mark-up percentage, of the items brokered, applied to the dollar value of the Work performed by the MWBE. For purposes of this Contract, a manufacturer's representative is considered to be a broker.</p>
