

List of OGS Previously-Approved* Restoration Firms - 11/05/12

* This list is provided as a convenience to OGS emergency-contracting vendors involved in the Hurricane Sandy disaster relief effort. It consists of **disaster-restoration** firms that have previously worked on jobs for the NYS Office of General Services (OGS) and who were approved from a vendor-responsibility standpoint. Inclusion on the list does not imply endorsement of the firm by OGS. The existing procedures for contractors to submit subcontractors for vendor-responsibility review must be followed and a BDC 329 is required for approval and payment purposes.

Company	Contact	Address	City	State	Zip	Phone	Area	Email	Web
