## List of OGS Previously-Approved\* Subcontractors - 11/05/12

\* This list is provided as a convenience to OGS emergency-contracting vendors involved in the Hurricane Sandy disaster relief effort. It consists of subcontractors who have previously worked on jobs for the NYS Office of General Services (OGS) and who were approved from a vendor-responsibility standpoint. Inclusion on the list does not imply endorsement of the firm by OGS. The existing procedures for contractors to submit subcontractors for vendor-responsibility review must be followed and a BDC 329 is required for approval and payment purposes.
