

List of OGS Previously-Approved Restoration Firms, 07/02/13

* This list is provided as a convenience to OGS emergency-contracting vendors and other public and private organizations involved in the disaster relief efforts in New York State. The list consists of **disaster-restoration** firms that have previously worked on jobs for the NYS Office of General Services (OGS) and who were approved from a vendor-responsibility standpoint. Inclusion on the list does not imply endorsement of the firm by OGS. For OGS projects, the existing procedures for contractors to submit subcontractors for vendor-responsibility review must be followed and a BDC 329 is required for approval and payment purposes.

Company	Contact	Address	City	State	Zip	Phone	Area	Email	Web
