Sheet #1: Pricing Schedule

Authorized Users please note the following:

A competitive Mini-Bid is required for every transaction under this Centralized Contract.
(Section 5.1 of the Contract)

The Contractor acknowledges that any mini-bid under this Centralized Contract which includes pricing in excess of the "maximum Not-To-Exceed price" shall be rejected by the Authorized User.
(Sections 4.4 and 6.9 of the Contract)

Price increases will only apply to the OGS Centralized Contracts and shall not be applied retroactively to Authorized User Agreements or any Mini-bids already submitted to an Authorized User.
(Section 4.23 of the Contract)

When provided for in the Mini-Bid and resultant Authorized User Agreement, an Authorized User may reimburse travel expenses. All rules and regulations associated with this travel can be found at <http://osc.state.ny.us/agencies/travel/travel.htm>. In no case will any travel reimbursement be paid that exceeds these rates. All travel will be paid only as part of a deliverable specified within the Authorized User Agreement and must be billed with that associated Invoice with receipts attached.
(Section 6.10 of the Contract)

APPENDIX D: PRICING SCHEDULE

CONTRACTOR NAME:	NAGARRO INC.
FEDERAL ID:	522195628
NYS VENDOR ID:	1100131600
CONTRACT NUMBER:	PB118AA
DATE PRICELIST APPROVED BY OGS:	2/3/2016; Updated 9/26/2019; updated 09/24/2020; Update 10/13/2021; Updated 8/8/2023; 9/8/2023

Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
1	PM-II	Project Manager II	Experience overseeing small-scale, non-complex projects, comprised of a small number of deliverables and/or a small number of phases; typically coordinates and delegates assignments; focal point of contact for client regarding project status, meetings, reporting requirements, scope changes, and issues and concerns raised by the team or the client.	Bachelors degree or equivalent	2	\$80.63
2	PM-III	Project Manager III	Experience overseeing medium-scale projects comprised of sub-projects and distinct deliverables; typically coordinates and delegates assignments; focal point of contact for client regarding project status, meetings, reporting requirements; scope changes, and financial, administrative, and technical issues and concerns raised by the team or the client.	Bachelors degree or equivalent	4	\$93.53
3	PM-IV	Project Manager IV	Experience overseeing medium to large-scale projects comprised of sub-projects and distinct deliverables, often comprising a program with multiple work streams; typically coordinates and delegates assignments; focal point of contact for client regarding project status, meetings, reporting requirements, scope changes, and financial, administrative, and technical issues and concerns raised by the team or the client.	Bachelors degree or equivalent	6	\$108.59
4	PM-V	Project Manager V	Experience overseeing large-scale projects comprised of sub-projects and distinct deliverables, often comprising a program with multiple work streams; typically coordinates and delegates assignments; focal point of contact for client regarding project status, meetings, reporting requirements, scope changes, and financial, administrative, and technical issues and concerns raised by the team or the client.	Bachelors degree or equivalent	8	\$133.31

Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
5	DEV-II	Programmer II	Experience writing application software, data analysis, data access, data structures, data manipulation, databases, design, programming, testing and implementation, technical and user documentation, software conversions; environments include but are not limited to mainframe, personal computers, web, and mobile.	Bachelors degree or equivalent	2	\$77.41
6	DEV-III	Programmer III	Experience writing application software, data analysis, data access, data structures, data manipulation, databases, design, programming, testing and implementation, technical and user documentation, software conversions; environments include but are not limited to mainframe, personal computers, web, and mobile. Able to assist in the design of program specifications and the implementation of software solutions.	Bachelors degree or equivalent	4	\$89.24
7	DEV-IV	Programmer IV	Experience writing application software, data analysis, data access, data structures, data manipulation, databases, design, programming, testing and implementation, technical and user documentation, software conversions; environments include but are not limited to mainframe, personal computers, web, and mobile. Able to assist and/or lead in the design of program specifications and the implementation of software solutions.	Bachelors degree or equivalent	6	\$105.37
8	DEV-V	Programmer V	Experience writing application software, data analysis, data access, data structures, data manipulation, databases, design, programming, testing and implementation, technical and user documentation, software conversions; environments include but are not limited to mainframe, personal computers, web, and mobile. Able to lead in the design of program specifications and the implementation of software solutions.	Bachelors degree or equivalent	8	\$127.94
9	SPL-II	Specialist II	Experience with a particular technical and/or business application.	Bachelors degree or equivalent	2	\$72.03

Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
10	SPL-III	Specialist III	Experience with a particular technical and/or business application; customizing the application to the needs of the client.	Bachelors degree or equivalent	4	\$94.62
11	SPL-IV	Specialist IV	Experience with a particular technical and/or business application; customizing the application to the needs of the client; integrating the application with other systems and/or business processes.	Bachelors degree or equivalent	8	\$126.87
12	SPL-V	Specialist V	Experience with a particular technical and/or business application; customizing the application to the needs of the client; integrating the application with other systems and/or business processes.	Bachelors degree or equivalent	10	\$154.82
13	ALA-II	Analyst II	Experience documenting specialized knowledge of system requirements and programming specifications. Designs solutions based on customer needs and technical considerations.	Bachelors degree or equivalent	2	\$80.63
14	ALA-III	Analyst III	Experience documenting specialized knowledge of system requirements and programming specifications. Designs solutions based on customer needs and technical considerations. Analyzes job tasks, organizational structure and user requirements to provide system-wide solutions.	Bachelors degree or equivalent	4	\$93.53
15	ALA-IV	Analyst IV	Experience documenting specialized knowledge of system requirements and programming specifications. Designs solutions based on customer needs and technical considerations. Analyzes job tasks, organizational structure and user requirements to provide system-wide solutions. Applies analytical expertise to assist in defining, analyzing, validating and documenting medium-to-complex operating environments, states of technology, and current processes.	Bachelors degree or equivalent	6	\$108.59
16	ANA-V	Analyst V	Experience documenting specialized knowledge of system requirements and programming specifications. Designs solutions based on customer needs and technical considerations. Analyzes job tasks, organizational structure and user requirements to provide system-wide solutions. Applies analytical expertise to assist in defining, analyzing, validating and documenting complex operating environments, states of technology, and current processes.	Bachelors degree or equivalent	8	\$133.31

Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
17	TEC-I	Technician I	Experience providing specialized knowledge of simple-to-medium complexity customer processes and requirements. Applies technical expertise to assist in defining, analyzing, validating, and documenting simple-to-medium complexity operating environments, states of technology and current engineering processes.	Bachelors degree or equivalent	2	\$72.03
18	TEC-II	Technician II	Experience providing specialized knowledge of simple-to-medium complexity customer processes and requirements. Applies technical expertise to assist in defining, analyzing, validating, and documenting simple-to-medium complexity operating environments, states of technology and current engineering processes.	Bachelors degree or equivalent	4	\$94.62
19	TEC-III	Technician III	Experience providing specialized knowledge of medium-to-large complexity customer processes and requirements. Applies technical expertise to assist in defining, analyzing, validating, and documenting medium-to-large complexity operating environments, states of technology and current engineering processes.	Bachelors degree or equivalent	6	\$108.59
20	TEC-IV	Technician IV	Experience providing specialized knowledge of complex customer processes and requirements. Applies technical expertise to assist in defining, analyzing, validating, and documenting complex operating environments, states of technology and current engineering processes.	Bachelors degree or equivalent	8	\$131.16
21	TEC-V	Technician V	Experience providing specialized knowledge of complex customer processes and requirements. Applies technical expertise to assist in defining, analyzing, validating, and documenting complex operating environments, states of technology and current engineering processes. Conducts complex technical investigations through advanced research techniques, analysis or development phases of engineering projects.	Bachelors degree or equivalent	10	\$159.12
22	QA-II	Quality Assurance Technician II	Experience designing, developing, and executing test cases for small-to-medium complexity projects; documenting test results; experience with the end-to-end defect management lifecycle.	Bachelors degree or equivalent	2	\$78.49

Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
23	QA-III	Quality Assurance Technician III	Experience designing, developing, and executing test cases for medium-to-large complexity projects; documenting test results; experience with the end-to-end defect management lifecycle; testing automation using UI and/or data-driven testing.	Bachelors degree or equivalent	4	\$105.37
24	UX-I	Usability Expert I	Experience designing applications based on human-computer interaction best practices; creating wireframes; interfacing with the graphics designer to create visual designs consistent with client branding; creating user personas.	Bachelors degree or equivalent	4	\$92.46
25	UX-II	Usability Expert II	Experience designing applications based on human-computer interaction best practices; creating wireframes; interfacing with the graphics designer to create visual designs; creating user personas; conducting usability tests.	Bachelors degree or equivalent	6	\$105.37
26	UX-III	Usability Expert III	Experience designing applications based on human-computer interaction best practices; creating wireframes; interfacing with the graphics designer to create visual designs; creating user personas; conducting usability tests; creating branding guidelines and best practices.	Bachelors degree or equivalent	8	\$133.31
27	GD-II	Graphics Designer II	Experience creating visual designs consistent with client branding; designing user interface elements that are modern, intuitive, and easy-to-navigate.	Bachelors degree or equivalent	2	\$74.18
28	GD-III	Graphics Designer III	Experience creating visual designs consistent with client branding; designing user interface elements that are modern, intuitive, and easy-to-navigate; working with usability expert/s to incorporate human-computer interaction best practices.	Bachelors degree or equivalent	4	\$97.84
29	PA IV	Platform Architect IV	Experience in enterprise-level applications, substantial development experience, seamless integration of applications across diverse systems and business processes, delivering efficient and tailored solutions.	Bachelors degree or equivalent	8	\$172.00

Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
30	PA V	Platform Architect V	<p>Experience in enterprise-level applications, adept at customization to meet client needs. customizing enterprise applications to client specifications, Expertise in integrating applications with diverse systems and business processes. Platform Architect will play a pivotal role in enhancing the organization's technological landscape. The Platform Architect will be responsible for leveraging their expertise in enterprise-level applications, including mobile solutions and web services, to drive the optimization of business processes. This role demands proficiency in configuring, troubleshooting, and integrating applications across various platforms, ensuring seamless functionality and alignment with business objectives.</p>	Bachelors degree or equivalent	10	\$220.00
