### Contract users please note the following advisory regarding the contract listed above:

The OGS Centralized Contract has established a set of standardized terms and conditions, guidelines, processes and templates that all Contractors must comply with when providing personnel under the contract, and that Authorized Users must comply with to obtain such personnel. (See Contract Section 1.1, Scope and Overview). The OGS Centralized Contract requires Authorized Users issue a competitive Request for Quote (RFQ) to obtain personnel under the Contract.

If the Authorized User intends to impose any additional requirements (e.g., confidentiality requirements, holiday coverage, overtime issues, electronic timekeeping, specific certifications, request that the winning Contractor make attempts to hire current security guards already working at Authorized User's location, etc.), then those additional requirements must be set forth in the RFQ. (See Contract §2.8, Procurement Instructions). Please note that all personnel to be provided under this Contract regardless of the Contractor must meet the same level of qualifications and must comply with the same terms and conditions as specified in the RFQ.

OGS Procurement Services has become aware that individual contractors have offered Authorized Users guidance in varying formats on how to contract with a specific Contractor. Contractors are reminded of the following:

1. any "advertisements, or promotional literature, regardless of the medium, referring to an awarded Contract must be reviewed and approved by the Commissioner prior to issuance." See Appendix B, General Specifications, § 21, Contract Publicity.
2. Authorized Users must issue an RFQ to all Contractors in the Region in order to obtain services under the contract. See Contract § 2.8 Procurement Instructions.
