Contract Award Notification Update

Subject: Contract Extensions

DATE: August 23, 2018 **AWARD #:** [22772](#) **GROUP #:** 73600
AWARD DESCRIPTION: Project Based Information Technology Consulting Services (PBITS)
(Statewide)
CONTRACT PERIOD: September 9, 2015 – September 8, 2018
FOR AUTHORIZED USERS: PBITS.AuthorizedUsers@ogs.ny.gov
FOR CONTRACTORS: PBITS.Contractors@ogs.ny.gov
CONTRACT NO.: All **CONTRACTOR:** All PBITS Contractors

To All State Agencies and others authorized to use State Contracts:

All PBITS Centralized Contracts resulting from PBITS Solicitation Group 73600, Award 22772, and the First Periodic Recruitment, have a co-terminus end date of **September 8, 2018**. As noted in the Terms and Conditions, Section 2.3. *OGS Centralized Contract Start Date, Term and Extension* after the initial term the State has the right to extend the contract for two three-year extensions. Therefore, OGS will be extending the PBITS Contract for a six (6) year term. The State will approve the Contract Extensions on a rolling basis. Note that any PBITS Contractor retains the right to decline a Contract Extension as stated in Contract in the above noted section.

After September 8, 2018, the current Mailing List By Lot document that contains all of the PBITS Contractor's designated emails will be removed from the PBITS Landing Page on the OGS website. The Mailing List By Lot document will be updated on a rolling basis based on the number of approved Contract Extensions in each individual Lot. When the number of approved Contract Extensions reaches a number that is able to provide a sufficient bidder pool that enables competition in each Lot, then that updated Lot will be added to the updated Mailing List By Lot document. Once the goal to provide a sufficient bidder pool that enables competition is met the Mailing List By Lot document will be updated on a continuing basis.

Contract Award Notification Update

Subject: Insurance Update

DATE: May 5, 2016

CONTRACT PERIOD: September 9, 2015 – September 8, 2018

FOR CONTRACTORS: PBITS.Contractors@ogs.ny.gov

CONTRACT NO.: Various

CONTRACTOR: Various

To all Current Contractors, State Agencies and others authorized to use State Contracts.

This Bulletin makes clear that the requirement that insurance coverage be primary and non-contributory does not apply to Technology Errors and Omissions, Crime, Workers' Compensation, and Disability Benefits Insurance coverages.

The Insurance Requirements for Project Based Information Technology Consulting Services provide as follows:

Primary Coverage. All insurance policies shall provide that the required coverage shall be primary and non-contributory to other insurance available to the People of the State of New York, the New York State Office of General Services, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees. Any other insurance maintained by the People of the State of New York, the New York State Office of General Services, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees shall be excess of and shall not contribute with the Vendor/Contractor's insurance.

This requirement is found in Appendix H of the First Periodic Recruitment Solicitation, Section A(4); Amendment # 1 to the Original Contract, Section A(4), for all current Contractors; and, the substance of the requirement is also found in Section 4.16.1(A)(4) of the Original Contract for all current Contractors who have not yet executed Amendment # 1.

However, this requirement does not apply to the Technology Errors and Omissions, Crime, Workers' Compensation, and Disability Benefits Insurance coverages because there is no legal effect to these particular coverages being primary and non-contributory based on the nature of the coverages. Moreover, as an industry standard, insurers do not or cannot provide primary and non-contributory Technology Errors and Omissions, Crime, Workers' Compensation, and Disability Benefits Insurance coverages. Thus, this requirement is a nullity with respect to these particular coverages.

CONTRACT NO.: Various

To all Current Contractors, State Agencies and others authorized to use State Contracts.

This Bulletin makes clear that the requirement that insurance coverage be primary and non-contributory does not apply to Technology Errors and Omissions, Crime, Workers' Compensation, and Disability Benefits Insurance coverages.

The Insurance Requirements for Project Based Information Technology Consulting Services provide as follows:

Primary Coverage. All insurance policies shall provide that the required coverage shall be primary and non-contributory to other insurance available to the People of the State of New York, the New York State Office of General Services, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees. Any other insurance maintained by the People of the State of New York, the New York State Office of General Services, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees shall be excess of and shall not contribute with the Vendor/Contractor's insurance.

This requirement is found in Appendix H of the First Periodic Recruitment Solicitation, Section A(4); Amendment # 1 to the Original Contract, Section A(4), for all current Contractors; and, the substance of the requirement is also found in Section 4.16.1(A)(4) of the Original Contract for all current Contractors who have not yet executed Amendment # 1.

However, this requirement does not apply to the Technology Errors and Omissions, Crime, Workers' Compensation, and Disability Benefits Insurance coverages because there is no legal effect to these particular coverages being primary and non-contributory based on the nature of the coverages. Moreover, as an industry standard, insurers do not or cannot provide primary and non-contributory Technology Errors and Omissions, Crime, Workers' Compensation, and Disability Benefits Insurance coverages. Thus, this requirement is a nullity with respect to these particular coverages.
