# Contract Award Notification Update

**Subject:** **Expiration of Contract; Survival of Authorized User Agreements and Replacement of CANU 22802pm483**

**DATE:** July 1, 2025

**AWARD #:** [22802](#)

**GROUP #:** 73600

**AWARD DESCRIPTION:** Information Technology Umbrella Contract – Manufacturer Based (Statewide)

**CONTRACT PERIOD:** November 30, 2015 to November 29, 2025

**CONTACT:** **Authorized Users** MfrUmbrella.AuthorizedUsers@ogs.ny.gov  
**Contractors** MfrUmbrella.Contractors@ogs.ny.gov

**CONTRACT NO.:** Various **CONTRACTOR:** Various

To All State Agencies and others authorized to use State Contracts:

This Contract Award Notification Update (CANU) is issued to provide guidance and clarification on the survivability of Authorized User Agreements beyond the expiration of the Mfr. Umbrella Contract. This CANU (22802pm490) supersedes and replaces in its entirety the CANU (22802pm483) previously issued on April 25, 2025.

1. OGS is in the process of extending the Mfr. Umbrella Contracts. OGS does not anticipate a lapse in the master contract but cannot guarantee this will not occur and not all Contracts may be extended.
2. Purchases under the Mfr. Umbrella Contract (including subscriptions or licensing) may survive the expiration of the Mfr. Umbrella Contract as follows:

| Survivability <sup>1</sup> | Type of Transaction   |
|----------------------------|---|
| Up to One Year             | <ul style="list-style-type: none"><li>• New<sup>2</sup> Base License, Software<sup>3</sup></li><li>• Any New Hardware acquisition</li><li>• Any New Hardware Installations</li><li>• Any Related Software to New Hardware</li><li>• New Base License, Cloud<sup>4</sup></li></ul> |

<sup>1</sup> The ability of any Transaction or Purchase Order to survive beyond the expiration of the Centralized Contract.

<sup>2</sup> Prior to issuing the Purchase Order or Transaction for the Software, Hardware, or Cloud, the Authorized User did not have an installed base of the Contractor's Software, Hardware, or Cloud.

<sup>3</sup> The fundamental agreement (in a single SKU) that: grants an Authorized User the right to install and use the software on their own hardware and infrastructure; is either a one-time purchase or perpetual license, allowing for long-term usage if the terms of the license are met; and is installed on the Authorized User's server or local computer, only accessed through that specific device, and is not a Cloud Solution.

<sup>4</sup> The fundamental, core license (in a single SKU) required for using a Cloud Solution, which is the starting point for accessing the platform's core functionalities; and includes essential features without the more advanced or specialized additions available through additional licenses or subscriptions.

| Survivability <sup>1</sup> | Type of Transaction   |
|----------------------------|---|
| Up to Two (2) Years        | <ul style="list-style-type: none"> <li>Consumption (Pay-As-You-Go) Maintenance or Support for Software, Hardware, or Cloud</li> <li>Renewal<sup>5</sup> Base License, Software where the Base License, Software is also acquired on a Consumption basis and includes Embedded Maintenance/Embedded Support<sup>6</sup></li> <li>Renewal Base License, Cloud where the Base License, Cloud is also acquired on a Consumption basis and includes Embedded Maintenance/Embedded Support</li> </ul> |
| Up to Five (5) Years       | <ul style="list-style-type: none"> <li>Prepaid Renewal Base License, Software that includes Embedded Maintenance/Embedded Support</li> <li>Prepaid Renewal Base License, Cloud that includes Embedded Maintenance/Embedded Support</li> <li>Prepaid Maintenance and Support Only for Software, Hardware, or Cloud (no Base License, Software and no Base License, Cloud)</li> <li>Implementation</li> </ul>   |

3. To determine if a Base License, Cloud or Base License, Software contains Embedded Maintenance/Embedded Support, Authorized Users must document the following:
- There is only a Base License (either Base Software, Cloud or Base License, Cloud) and no Add-On Licenses<sup>7</sup>; and
  - The Base License contains Maintenance/Support as outlined in Section 2.32 of the Mfr. Umbrella Contract

To document that the Base License contains Maintenance/Support, the Authorized User must include a document listing the various requirements of Section 2.32 and how the Base License contains these offerings and supporting links to the Contractor's Documentation.

State Agencies whose purchases are subject to approval by the NYS Office of the State Comptroller must provide this to OSC as part of their package requesting OSC approval.

4. To demonstrate that a Base License, Cloud or Base License, Software is a "Renewal" and not "New," the Authorized User must document the following:
- The Authorized User must document that it had an installed base of the Contractor's Products prior to issuing the RFQ that resulted in the current Purchase Order or Transaction; and
  - The Authorized User must document that the Contractor's Product that comprised the installed base were used to meet a similar Authorized User Need. For example, Authorized User A originally had Contractor B's Cloud HR System Version 4 and has upgraded as part of its Renewal to Contractor B's Cloud HR System Version 6.

State Agencies whose purchases are subject to approval by the NYS Office of the State Comptroller must provide this to OSC as part of their package requesting OSC approval.

All other terms and conditions remain the same.

<sup>5</sup> When an Authorized User has an installed base of a Contractor's Product under a previous enrollment and the Authorized User has renewed its enrollment.

<sup>6</sup> When the Base License, Software or Base License, Cloud (in a single SKU) contains all the Maintenance and/or Support Functions and there is no separate Add-On License for Maintenance/Support.

<sup>7</sup> Any separate License from the Base License that is not necessary for using the Cloud Solution but provides additional access and features to the Authorized User.

To All State Agencies and others authorized to use State Contracts:

1. OGS is posting a new form which Authorized Users may use to document if Maintenance and Support is included in the Base License, Software<sup>1</sup> or Base License, Cloud<sup>2</sup> as per Item # 3 of Award 22802, CANU # 483, dated 4/25/2025. The spreadsheet, titled *Maintenance Support Agreement Worksheet*, lists the various requirements of Section 2.32 General Maintenance and Support Provisions and provides a corresponding section for each requirement where the Contractor can describe how the Base License contains these offerings and also include supporting links to the Contractor's Documentation. This form may be found on the General Contract Documents & Information page at <https://ogs.ny.gov/Award-22802-Template>
2. An Authorized User that intends to enter into a New transaction under a Mfr. Umbrella Contract, which cannot survive, in whole or part, the expiration of the Centralized Contract, but wants to continue to acquire the Contractor's offerings once the NYS Office of the State Comptroller (OSC) approves the Centralized Contract extension without a new Request for Quotes (RFQ) must incorporate the following as part of their RFQ and resulting Authorized User Agreement:
  - A. For the RFQ Financial Evaluation, an Authorized User must ask Bidders to provide both:
    - i. pricing for the entire duration of the expected term of the transaction (including the period after OSC has approved the extension of the Centralized Contract); and
    - ii. pricing (including pro-rated pricing) for the period through (or before) November 29<sup>th</sup>, 2025;

AND

<sup>1</sup> The fundamental agreement (in a single SKU) that: grants an Authorized User the right to install and use the software on their own hardware and infrastructure; is either a one-time purchase or perpetual license, allowing for long-term usage if the terms of the license are met; and is installed on the Authorized User's server or local computer, only accessed through that specific device, and is not a Cloud Solution.

<sup>2</sup> The fundamental, core license (in a single SKU) required for using a Cloud Solution, which is the starting point for accessing the platform's core functionalities; and includes essential features without the more advanced or specialized additions available through additional licenses or subscriptions.

- B. The following language to define the term of the resulting Authorized User Agreement:  
*Section 2.37 of the Mfr. Umbrella Contract allows only certain Authorized User Agreements to survive the expiration of the Centralized Contract. The Mfr. Umbrella Contract is set to expire on November 29, 2025. OGS Procurement Services is in the process of extending the Mfr. Umbrella Contract and does not anticipate a lapse in coverage.*

*However, as the term of the Authorized User Agreement resulting from this RFQ cannot extend beyond the expiration of the Centralized Contract, the start date for the Authorized User Agreement resulting from this RFQ will be upon issuance of a Purchase Order with an initial term ending with the expiration of the Centralized Contract; provided, however, the resulting Authorized User Agreement may be extended for up to X once the NYS Office of the State Comptroller approves the extension of (insert Contractor's name) Centralized Contract # (Insert Centralized Contract #).*

3. To assist Authorized Users in determining if they have an installed base of a Contractor's Products and provide general guidance, OGS is publishing the following FAQs:

- A. I currently have Contractor A's on-premises (Lot 1) Software for my HR System. I'm entering into a new enrollment with Contractor A using their Cloud (Lot 3) Products for my HR System. Do I have an installed base of Contractor A's Products?

*Answer:*

*Yes, you have an installed base of Contractor A's Products as you are currently using their Software for a similar function as the Cloud Product you are looking to acquire.*

- B. My current enrollment with Contractor A for their Cloud Product is ending on 10/1/2025. I'd like to renew my enrollment with Contractor A for a newer version of their Cloud Product and issue an RFQ for a three-year term. The Base License includes Contractor A's maintenance and support. Contractor A only needs to perform minimal Configuration (mostly Pre-Packaged Configuration and Pre-Packaged Installation) to activate and deploy the newer version of their Cloud Product and will not be performing any Business Analysis, Consulting, Programming, Customization, or Custom Training. Is this a renewal?

*Answer:*

*Yes, this is a Renewal as you currently have an installed base of Contractor A's Cloud Products.*

- C. I'm preparing an RFQ to acquire a New Cloud HR System for my organization. We are not going to use the Manufacturer of our current Software but instead are using Contractor B's System. We will be acquiring both Lot 3 Cloud Licenses and Lot 4 Implementation Services. The Cloud Licenses are acquired on an annual subscription basis, but it appears that cannot survive the expiration of the Centralized Contract. How do we handle the Cloud Licenses in our RFQ?

*Answer:*

*The Implementation can last for up to five years and survive the expiration of the Centralized Contract. For the Cloud Products, please follow OGS' instructions in Item 2 of this Contract Award Notification Update.*

- D. I'm preparing to issue an RFQ to Contractor A for New Lot 3 Cloud Products and Lot 4 Implementation Services. I am including the required information from Item 2 of this CANU as part of the RFQ. If Contractor A's Centralized Contract is not extended, will I need to acquire the New Cloud Products separately with a different procurement method after the expiration of the Centralized Contract?

Answer:

*Yes, if Contractor A's Centralized Contract is not extended, you will need to use a different procurement method to obtain the New Cloud Products.*

4. The following Contract Price List updates have been made:

| Contract #   | Contractor  | Price List Updates   |

# Contract Award Notification Update

## Subject: Expiration of Contract; Survival of Authorized User Agreements

**DATE:** April 25, 2025

**AWARD #:** [22802](#)

**GROUP #:** 73600

**AWARD DESCRIPTION:** Information Technology Umbrella Contract – Manufacturer Based (Statewide)

**CONTRACT PERIOD:** November 30, 2015 to November 29, 2025

**CONTACT:** **Authorized Users** MfrUmbrella.AuthorizedUsers@ogs.ny.gov  
**Contractors** MfrUmbrella.Contractors@ogs.ny.gov

**CONTRACT NO.:** Various **CONTRACTOR:** Various

To All State Agencies and others authorized to use State Contracts:

This CANU is to provide clarification and guidance on the survivability of Authorized User Agreements beyond the expiration of the Mfr. Umbrella Contract.

1. OGS is in the process of extending the Mfr. Umbrella Contracts. OGS does not anticipate a lapse in the Contracts but cannot guarantee this will not occur and not all Contracts may be extended.
2. Purchases under the Mfr. Umbrella Contract (including subscriptions or licensing) may survive the expiration of the Mfr. Umbrella Contract as follows:

| Survivability <sup>1</sup>   | Type of Transaction   |
|--|---|
| None (Transaction cannot survive the expiration of the Centralized Contract) | <ul style="list-style-type: none"><li>• New<sup>2</sup> Base License, Software<sup>3</sup></li><li>• Any New Hardware acquisition</li><li>• Any New Hardware Installations</li><li>• Any Related Software to New Hardware</li><li>• New Base License, Cloud<sup>4</sup></li></ul> |

<sup>1</sup> The ability of any Transaction or Purchase Order to survive beyond the expiration of the Centralized Contract.

<sup>2</sup> Prior to issuing the Purchase Order or Transaction for the Software, Hardware, or Cloud, the Authorized User did not have an installed base of the Contractor's Software, Hardware, or Cloud.

<sup>3</sup> The fundamental agreement (in a single SKU) that: grants an Authorized User the right to install and use the software on their own hardware and infrastructure; is either a one-time purchase or perpetual license, allowing for long-term usage if the terms of the license are met; and is installed on the Authorized User's server or local computer, only accessed through that specific device, and is not a Cloud Solution.

<sup>4</sup> The fundamental, core license (in a single SKU) required for using a Cloud Solution, which is the starting point for accessing the platform's core functionalities; and includes essential features without the more advanced or specialized additions available through additional licenses or subscriptions.

| <b>Survivability<sup>1</sup></b> | <b>Type of Transaction</b>  |
|----------------------------------|---|
| Up to Two (2) Years              | <ul style="list-style-type: none"> <li>• Consumption (Pay-As-You-Go) Maintenance or Support for Software, Hardware, or Cloud</li> <li>• Renewal<sup>5</sup> Base License, Software where the Base License, Software is also acquired on a Consumption basis and includes Embedded Maintenance/Embedded Support<sup>6</sup></li> <li>• Renewal Base License, Cloud where the Base License, Cloud is also acquired on a Consumption basis and includes Embedded Maintenance/Embedded Support</li> </ul> |
| Up to Five (5) Years             | <ul style="list-style-type: none"> <li>• Prepaid Renewal Base License, Software that includes Embedded Maintenance/Embedded Support</li> <li>• Prepaid Renewal Base License, Cloud that includes Embedded Maintenance/Embedded Support</li> <li>• Prepaid Maintenance and Support Only for Software, Hardware, or Cloud (no Base License, Software and no Base License, Cloud)</li> <li>• Implementation</li> </ul>   |

3. To determine if a Base License, Cloud or Base License, Software contains Embedded Maintenance/Embedded Support, Authorized Users must document the following:
  - A. There is only a Base License (either Base Software, Cloud or Base License, Cloud) and no Add-On Licenses<sup>7</sup>; and
  - B. The Base License contains Maintenance/Support as outlined in section 2.32 of the Mfr. Umbrella Contract

To document that the Base License contains Maintenance/Support, the Authorized User must include a document listing the various requirements of Section 2.32 and how the Base License contains these offerings and supporting links to the Contractor's Documentation.

State Agencies whose purchases are subject to approval by the NYS Office of the State Comptroller must provide this to OSC as part of their package requesting OSC approval.

4. To demonstrate that a Base License, Cloud or Base License, Software is a "Renewal" and not "New," the Authorized User must document the following:
  - A. The Authorized User must document that it had an installed base of the Contractor's Products prior to issuing the RFQ that resulted in the current Purchase Order or Transaction; and
  - B. The Authorized User must document that the Contractor's Product that comprised the installed base were used to meet a similar Authorized User Need. For example, Authorized User A originally had Contractor B's Cloud HR System Version 4 and has upgraded as part of its Renewal to Contractor B's Cloud HR System Version 6.

State Agencies whose purchases are subject to approval by the NYS Office of the State Comptroller must provide this to OSC as part of their package requesting OSC approval.

All other terms and conditions remain the same.

<sup>5</sup> When an Authorized User has an installed base of a Contractor's Product under a previous enrollment and the Authorized User has renewed its enrollment.

<sup>6</sup> When the Base License, Software or Base License, Cloud (in a single sku) contains all the Maintenance and/or Support Functions and there is no separate Add-On License for Maintenance/Support.

<sup>7</sup> Any separate License from the Base License that is not necessary for using the Cloud Solution but provides additional access and features to the Authorized User.

To All State Agencies and others authorized to use State Contracts:

OGS is writing to remind Authorized Users of the new requirements under Section 220-I of the NYS Labor Law that go into effect on December 30<sup>th</sup>, 2024.

All contractors and subcontractors submitting bids or performing construction, demolition, reconstruction, excavation, rehabilitation, repair, installation, renovation, alteration, or custom fabrication work on public work projects or private projects covered by Article 8 of the Labor Law are required to register with the New York State Department of Labor under Labor Law Section 220-I.

Labor Law Section 220-I (6) prohibits contractors from bidding on public work and subcontractors from commencing work unless the contractor or subcontractor is registered with NYSDOL. This section requires contractors to submit their Certificate of Registration with their bid materials. NYSDOL recommends adding a requirement to all solicitations for bids or project announcements that contractors are required to provide proof of registration as required by Labor Law Section 220-I as a minimum qualification and that failure to provide proof of registration will disqualify a bidder. Each Certificate of Registration will have a unique registration number. Contractor registration data will be available to the public at New York's Open Data website after December 30, 2024 to confirm registration validity. State and local agencies should report any concerns or complaints about contractors or subcontractors violating Labor Law 220-I to the Public Work team at NYSDOL by emailing [labor.sm.pwask@labor.ny.gov](mailto:labor.sm.pwask@labor.ny.gov).

If you have any additional questions please contact the Department of Labor, Bureau of Public Works using the information at the following link:

# Contract Award Notification Update

## Subject: COMeT RFQ System

**DATE:** April 26, 2024

**AWARD #:** [22802](#)

**GROUP #:** 73600

**AWARD DESCRIPTION:** Information Technology Umbrella Contract – Manufacturer Based (Statewide)

**CONTRACT PERIOD:** November 30, 2015 to November 29, 2025

**CONTACT:** **Authorized Users** [MfrUmbrella.AuthorizedUsers@ogs.ny.gov](mailto:MfrUmbrella.AuthorizedUsers@ogs.ny.gov)  
**Contractors** [MfrUmbrella.Contractors@ogs.ny.gov](mailto:MfrUmbrella.Contractors@ogs.ny.gov)

**CONTRACT NO.:** Various **CONTRACTOR:** Various

To All State Agencies and others authorized to use State Contracts:

This is a reminder that RFQs off this contract may be done through the COMeT portal at <https://ogs.ny.gov/comet>.

COMeT is an eProcurement tool that makes it faster and easier for Authorized Users and vendors to engage in procurement activities for Award 22802. COMeT allows buyers to easily create a Request for Quote (RFQ) by:

- Using web forms and templates
- Selecting items directly from approved pricelists
- Identifying the bidder pool and issuing the RFQ
- Receiving and responding to inquiries
- Receiving bids and issuing awards
- Exporting procurement records
- Saving RFQs in the system for future reference

To use COMeT, Authorized Users must sign up for an account here:

<https://comet.ogs.ny.gov/Account/Login/Register?returnUrl=0>. Once registered for an account, users will be brought to their profile page. At minimum here, please complete your first and last name and hit Update at the bottom. Once your account has been created you will receive an e-mail asking you to confirm your e-mail address.

To request access to the RFQ functionality, select your name in the upper right corner of the screen. From the dropdown, choose Assign Roles. Your first and last name should be prefilled on this next page. Fill them in here if needed. On the next screen hit the Request Portal Role button under the Portal Role Management Section. In the new window that appears select Request Authorized User Role. Once you select the Authorized User role you will be prompted to identify your organization. Enter your organization name in the organization field. The role request will be sent to OGS for review. You can monitor the status of the request from this screen. An email will be received once your request has been approved.

For more information on using COMeT, please see the Authorized User guide under the COMeT "Templates and Guides" link here: <https://ogs.ny.gov/comet-templates-and-guides>.

The following 2 contractors have joined the previously announced 105 contractors who have agreed to the new 2022 PR2 Terms and Conditions and extended their contract until November 29, 2025.

Effective 11/30/2022, the remaining contracts have expired. These expired contractors cannot advertise or quote off their expired NYS contract and no Purchase Orders or agreements may be issued against an expired contract. OGS will approve extending expired contractors who complete their extension/amendment process prior to the extension processing period closing (date TBD by OGS). Payments against existing agreements put in place prior to the contract expiration will still be able to be made against the contract.

Updated terms and conditions can be found at the following link:

To All State Agencies and others authorized to use State Contracts:

The following 4 contractors have joined the previously announced 101 contractors who have agreed to the new 2022 PR2 Terms and Conditions and extended their contract until November 29, 2025.

Effective 11/30/2022, the remaining contracts have expired. These expired contractors cannot advertise or quote off their expired NYS contract and no Purchase Orders or agreements may be issued against an expired contract. OGS will approve extending expired contractors who complete their extension/amendment process prior to the extension processing period closing (date TBD by OGS). Payments against existing agreements put in place prior to the contract expiration will still be able to be made against the contract.

Updated terms and conditions can be found at the following link:

**CONTRACT NO.:** Various **CONTRACTOR:** Various

To All State Agencies and others authorized to use State Contracts:

The following 5 contractors have joined the previously announced 96 contractors who have agreed to the new 2022 PR2 Terms and Conditions and extended their contract until November 29, 2025.

Effective 11/30/2022, the remaining contracts have expired. These expired contractors cannot advertise or quote off their expired NYS contract and no Purchase Orders or agreements may be issued against an expired contract. OGS will approve extending expired contractors who complete their extension/amendment process prior to the extension processing period closing (DATE TBD by OGS). Payments against existing agreements put in place prior to the contract expiration will still be able to be made against the contract.

To All State Agencies and others authorized to use State Contracts:

The following 5 contractors have joined the previously announced 91 contractors who have agreed to the new 2022 PR2 Terms and Conditions and extended their contract until November 29, 2025.

Effective 11/30/2022, the remaining contracts have expired. These expired contractors cannot advertise or quote off their expired NYS contract and no Purchase Orders or agreements may be issued against an expired contract. OGS will approve extending expired contractors who complete their extension/amendment process prior to the extension processing period closing (DATE TBD by OGS). Payments against existing agreements put in place prior to the contract expiration will still be able to be made against the contract.

To All State Agencies and others authorized to use State Contracts:

The following 3 contractors have joined the previously announced 83 contractors who have agreed to the new 2022 PR2 Terms and Conditions and extended their contract until November 29, 2025.

Effective 11/30/2022, the remaining contracts have expired. These expired contractors cannot advertise or quote off their expired NYS contract and no Purchase Orders or agreements may be issued against an expired contract. OGS will approve extending expired contractors who complete their extension/amendment process prior to the extension processing period closing (DATE TBD by OGS). Payments against existing agreements put in place prior to the contract expiration will still be able to be made against the contract.

OGS has extended the existing moratorium on Contractor's submitting product changes, price modifications, and lot adds or changes that are not immediately needed by an Authorized User through December 31, 2022. OGS has the same staff dedicated to executing new contracts and extending existing contracts as will be tasked with reviewing these requests. In practice, this means that any Contractor submitting a routine catalog update for products and/or pricing and/or requesting to add or change a Lot will be asked to wait until after the moratorium for those to be reviewed.

However, if any Authorized User has an immediate need that requires a Contractor to update pricing, add a SKU, or a Lot add or change, the Authorized User should email OGS directly, identifying the specific SKU's it needs added or updated (including for adding or changing Lots).

If the Contractor has not submitted the SKU's to be added when the Authorized User contacts OGS, OGS will email the Contractor and request this information be uploaded in COMeT. If the Contractor has already submitted the SKU's to be added or when the Contractor does submit the SKU's, OGS will immediately begin reviewing the request.

We appreciate your patience as we work to extend contracts with existing vendors and add new vendors to the award.

**CONTRACTOR:** Various

To All State Agencies and others authorized to use State Contracts:

OGS anticipates releasing an extension amendment this summer that will extend the current Manufacturer Umbrella contracts until November 29, 2025. OGS has notified current contractors of the planned extension amendment and provided guidance on how to prepare for the transition.

The extension amendments will incorporate language from the recent Umbrella Manufacturer Second Periodic Recruitment (PR2), uniting all contractors under the same terms and conditions.

Two of the clauses addressing contract term and survival of Authorized User Agreements after expiration are included below for reference:

### 2.7 CONTRACT TERM

The term of this Contract shall commence upon the date of execution of the Contract by OGS, as evidenced by the date accompanying the OGS signature line, and shall end on November 29, 2025, or until Contractor executes an amendment incorporating the terms of the Third Periodic Recruitment, whichever occurs first.

The State reserves the right, at its sole discretion, to extend the term of this Contract by an additional five (5) years upon Contractor's agreement thereto.

For the purposes of the City of New York only, the Contract term shall extend 6 months beyond its termination date upon the then-existing terms and conditions. During the 6 month period, the definition of Authorized User shall be deemed to refer only to the City of New York. This extension is in addition to any other extensions available under the Contract.

Notwithstanding the commencement of the term of the Contract, Contractor shall not bid on an RFQ for a specific Lot until the OGS website identifies Contractor as eligible to participate in an RFQ for that specific Lot.

---

## 2.37 EXPIRATION OF CONTRACT; SURVIVAL OF AUTHORIZED USER AGREEMENTS

Authorized User Agreements fully executed prior to the expiration of the OGS Centralized Contract may survive the expiration date of the OGS Centralized Contract, based on the term of the Authorized User Agreement as provided below:

### 2.37.1 Lot 1 – Software and Lot 2 – Hardware

2.37.1.1 Pre-paid Maintenance/Support services within an Authorized User Agreement may survive no longer than 60 months with pricing agreed upon and documented prior to expiration.

2.37.1.2 Consumption based Maintenance/Support services within an Authorized User Agreement may survive no longer than 24 months with pricing agreed upon and documented prior to expiration.

### 2.37.2 Lot 3 – Cloud Solution

2.37.2.1 Pre-paid Maintenance/Support services within an Authorized User Agreement may survive no longer than 60 months with pricing agreed upon and documented prior to expiration.

2.37.2.2 Consumption based Maintenance/Support services within an Authorized User Agreement may survive no longer than 24 months with pricing agreed upon and documented prior to expiration.

### 2.37.3 Lot 4 - Implementation

An Authorized User Agreement for Lot 4, including any time extensions, may survive no longer than 60 months in duration.

To All State Agencies and others authorized to use State Contracts:

Effective February 1, 2022, Appendix E – Pricing Pages (pricelists) posted to the *Contractor Information Summary* page of the OGS website are generated by the COMeT system and therefore have a revised format. COMeT is a new OGS tool for contract management. Pricelists can also be viewed on the COMeT portal, which is available at the following link: <https://ogs.ny.gov/comet>. OGS will add this link to the OGS website in the coming months.

As a reminder, there can be a delay between when a pricelist is approved by OGS and when it appears on the OGS website. The COMeT portal updates automatically once a pricelist is approved by OGS.

On April 1st, 2022, OGS will be adding the link to the COMeT portal to the *Contractor Information Summary* page on the OGS website.

OGS will continue to post contractors' pricelists to the *Contractor Information Summary* page of the OGS website until May 1, 2022. After which, OGS will stop posting pricelists to the OGS website and pricelists will only be available on the COMeT portal.
