To all State Agencies and others authorized to use State Contracts, please note the following:

The following contract document has been revised:

Document	Update
How to Use the Distributor Umbrella Contract	Section 2.6, Projected Spend and Securing Future Discounts Authorized Users are permitted to include RFQ language that allows them to hold pricing for Products that they intend to re-purchase within a specified timeframe designated by the Authorized User. Although a lengthier time frame of 6 to 12 months may be appropriate for high dollar items, OGS suggests not exceeding a 3 month timeframe for low dollar items, as a timeframe over 3 months may discourage contractors from providing responsive bids. Authorized Users should refrain from overstating their volume needs and attempt to make accurate predictions as to realistic purchase estimates. Sample Language: <i>“Agency will purchase some, all or more of the quantities of the products and services detailed in the Financial Template (see Excel spreadsheet) over a three (3) month period from date of award, but not necessarily at one time. The Agency requires that the prices be held for three (3) months from the date of award.”</i>

To all State Agencies and others authorized to use State Contracts, please note the following:

Software and/or Hardware offered through this Contract is generally offered with “click through”, “shrink wrap” or other pass-through terms and conditions imposed by the Product Manufacturer. Authorized Users are reminded that best practice is for the Authorized User to ask Contractors if Product Manufacturer terms and conditions are applicable when issuing an RFQ, and to have the Authorized User’s counsel review and approve such terms and conditions prior to ordering the Software and/or Hardware.

The RFQ template has been updated to remind both Authorized Users and Contractors to make receipt of pass through terms and conditions part of the RFQ process:

Document	Update
RFQ Template	The following language has been added to the Request for Quote Template: <i>Contractors should be aware of “click through”, “shrink wrap” or other pass-through terms and conditions that will be imposed by the Product Manufacturer and if present, are encouraged to provide them to the Authorized User in their response to this RFQ.</i>

Authorized users are encouraged to familiarize themselves with the IT Umbrella Distributor contract’s “How to Use” document for guidelines on contract procedures. Section 3.5, Pass-Through Terms and Conditions of that document should be reviewed specifically for guidelines on pass-through manufacturer terms and conditions.

To all State Agencies and others authorized to use State Contracts, please note the following update:

The following documents have been updated:

Document	Update
Appendix H – Contract Rates	<p>The manufacturer <i>Zscaler, Inc.</i> has been removed from the Lot 1- Software, Category 1 Manufacturer list because the manufacturer has confirmed that all their products no longer fall within scope of the Contract.</p> <p>OGS has posted an updated Appendix H - Contract Rates for all contractors dated November 18, 2019, addressing the identified issue. The updated price lists may be found at the following link: https://online.ogs.ny.gov/purchase/snt/awardnotes/7360022876ContractorPage.pdf.</p>
How to Use the Distributor Contract	<p>This document has been updated to include the following section:</p> <p>Section 5. Frequently Asked Questions and Answers</p>
RFQ Template	<p>This document has been updated with additional information regarding the following:</p> <p>General Information for Authorized Users</p> <p>Pass-Through Terms and Conditions: “Software and/or Hardware offered through this Contract is generally offered with “click through”, “shrink wrap” or other pass-through terms and conditions imposed by the Product Manufacturer. OGS has NOT reviewed or approved these “click through”, “shrink wrap” or other pass-through terms and conditions. An Authorized User looking to acquire Software and/or Hardware under this Contract must review the terms and conditions associated with the Products. The Authorized User must ask if “click through”, “shrink wrap” or other pass-through terms and conditions are present, and if so, the Authorized User is responsible for having its agency counsel review and approve such terms and conditions prior to ordering the Software and/or Hardware. If the terms and conditions are not acceptable to agency counsel, it is the responsibility of such agency counsel to negotiate any needed amendments with the Distributor and/or Manufacturer.”</p>

OGS.sm.Ps.DistUmbrella.Contractors@ogs.ny.gov

CONTRACT NO.: Various CONTRACTOR: Various

To all State Agencies and others authorized to use State Contracts, please note the following updates:

- The “How to Use the Distributor Umbrella Contract” document has been updated with additional instructions and information regarding, but not limited to, the following:
 - Cloud Products:
“The Contract prohibits the sale and purchase of all Cloud products.”
 - *Section 1.1 Contract Scope*:
“The Information Technology Umbrella Contract – Distributor Based (Statewide) Contract was designed to replace the expired Miscellaneous Software Contract, Award 21961, with the addition of a Lot for Hardware. It serves as a “catch-all” contract for products not found on the Information Technology Umbrella Contract – Manufacturer Based (Statewide), or any other OGS Centralized Contract for the sale of Software and Hardware.”
 - *Section 1.3, Lot Overview - On-Premise Software with Cloud options*:
“Some Software Products only contain cloud in the name, or are On-Premises Software that contain Cloud options, and fall outside of the definition of Cloud as defined in the Contract. If a Software Product only has cloud in the name, but does not meet the definition of Cloud, it can be sold. If a Product is On-Premises with Cloud options, it can be sold, yet it is the responsibility of the Authorized Contract User to refrain from using the Cloud options, as Cloud services are not covered by the Contract.”
 - *Section 1.4, Prohibited Uses*
“Utilizing this Contract in the below noted ways is **prohibited**:
 - Submitting a Purchase Order directly to a Contractor without first utilizing the RFQ process (except as provided for in Appendix B, Section 27(e)).
 - Comparing prices between Contractors, then submitting a Purchase Order to the Contractor with the lowest price.
 - Calling Contractors for pricing, then submitting a Purchase Order to the Contractor that quotes the lowest price.
 - Purchasing products not on contract on the same Purchase Order as Contract products.”
 - *Section 1.5, Price Lists and Cost Plus/Cost Minus*
“The Appendix H – Contract Rates pages, which contain the price list for the Contract, do not contain Products or prices. Instead, they have Cost-Plus and Cost-Minus percentages listed for a variety of pre-established Manufacturers. The Cost-Plus or Cost-Minus percentages for

these Manufacturers are listed under “Category 1” in both Lot 1 – Software and Lot 2 – Hardware columns.

Products from Manufacturers not listed by name on the price list can still be purchased, provided the Manufacturer does not hold another OGS Contract for the sale of Software and/or Hardware, and Products do not fall under Cloud as defined in the Contract (see Section 1.1 Contract Scope). For Manufacturers who are not listed by name, the Cost-Plus/Cost-Minus percentage will be the percentage listed as “Cost-Plus or Cost-Minus Percentage for all Manufacturers not listed above in Category 1”.

The Cost-Plus percentages cannot be increased and the Cost-Minus percentages cannot be decreased. A Cost-Plus percentage is the percentage added to the cost that the Contractor pays the Manufacturer. For example, if the Contractor buys the Product from the Manufacturer for \$100, and the Cost-Plus percentage is 5%, then the cost to the Authorized User would be \$105. A Cost-Minus percentage is the percentage subtracted from the cost the Contractor pays the vendor. For example, if the Contractor buys the Product from the Manufacturer for \$100, and the Cost-Minus percentage is 5%, then the cost to the Authorized User will be \$95.”

- *Section 2.1, RFQ Format*

“Authorized Users are not required to use these templates and can utilize another RFQ format as long as that format includes core information from the templates (See Section 2.2 below). If an Authorized User chooses to use their own RFQ document, it must reference Group 73600, Award 22876 Information Technology Umbrella Contracts – Distributor Based (Statewide).” (Section 2.2 refers to Section 2.2 of the “How to Use” document.)

- *Section 2.2, Minimum Requirements of the RFQ*

The following has been added to factors that should be included in an Authorized User’s RFQ document:

- ❖ RFQ Title
- ❖ RFQ Number
- ❖ Authorized User Information
- ❖ Procurement Lobbying Law/Restricted Period
- ❖ Key Events/Dates
- ❖ E-Rate Eligibility

- *Section 2.4, Related Services*

“Related services are limited to the following items if listed in the Manufacturer’s pricelist: Installation; Implementation; Configuration; Pre-packaged Training; and Volume License Agreement management.”

“In order for Related Services to be purchased they must be listed on the Manufacturer’s price list. Related Services may be performed by the Manufacturer or by another company, excluding any company that holds a Distributor Umbrella Contract. All entities are limited to selling only Related Services included on the Manufacturer’s price list and the Related Services cost to Contractor cannot exceed the pricing on the Manufacturer’s price list.

Authorized Users may put a requirement in their RFQ that the Related Services must be performed by the Manufacturer. This requirement may only be included if the Related Services are offered by the Manufacturer.”

- *Section 2.5, Projected Spend and Securing Future Discounts*

“OGS recommends that Authorized Users include RFQ language that allows them to hold pricing for Products that they intend to re-purchase within in the next 6 to 12 months. Authorized Users should refrain from overstating their volume needs and attempt to make

accurate predictions as to realistic purchase estimates. Sample Language: *'Agency will purchase some, all or more of the quantities of the products and services detailed in the Financial Response (see Excel spreadsheet) over a twelve (12) month period from date of award, but not necessarily at one time. The Agency requires that the prices be held for twelve (12) months from the date of award.'*

- *Section 2.6, "OGS or Less"*
"There is no "OGS or Less" clause in the Information Technology Distributor Based Contract. That clause is relative to commodities contracts and generally does not apply to IT procurements. As stated on page 7 of The NYS Procurement Guidelines, 'In addition, pursuant to State Finance Law § 163(3)(a)(v), OGS centralized commodities contracts that contain a clause known as "OGS or Less" may allow an agency to obtain needed commodities from a non-contract vendor in order to take advantage of non-contract savings that may develop in the marketplace.'"
 - *Section 3.2, Less Than Three Responsive Proposals Received*
"If the Contractor does not respond to the no-bid/no-reply canvass, the Authorized User is not responsible to reach out any further. Authorized Users should make note of the no-bid/no-reply canvass for their procurement record."
 - *Section 3.3, Evaluation of Quotes and Method of Award*
"Authorized Users are permitted to require the Contractor to supply a copy of the Product quotes the Contractor received from the Manufacturer. If the Authorized User wants to require this of the Contractor, language stating the requirement should be added to the RFQ Template in Section B. Authorized User Terms and Conditions."
- The "RFQ Template" has been updated with additional instructions and information regarding the following:
 - Procurement Lobbying Law/Restricted Period:
"Executive State agencies and certain other entities are required to comply with Procurement Lobbying Law which requires the inclusion of a Restricted Period in procurements." If an Authorized User is not certain whether or not they are required to include a Restricted Period, please use the link on the cover page of the RFQ Template for additional information resources.
 - Manufacturer's Quote to Contractor:
"The Authorized User reserves the right to require the Contractor to supply a copy of the quote the Contractor received from the Manufacturer for any Products included in this RFQ."
 - The "Appendix G – Report of Contract Sales" has been updated with additional columns and formulas.
