

<b>Attachment 1 - Pricing</b>	
<b>Contractor:</b>	Esystems, Inc.
<b>Contract Number:</b>	PB70749
<b>Lots Awarded:</b>	Lot 2, Lot 3
<p><b>Authorized Users Please Note the Following:</b></p> <p>A competitive Mini-Bid is required for every transaction under this Centralized Contract. (Section 1.3 of Attachment 16 - How to Use this Contract)</p> <p>The Contractor acknowledges that any mini-bid under this Centralized Contract which includes pricing in excess of the “maximum Not-To-Exceed price” shall be rejected by the Authorized User. (Sections 7.9 of the Contract - Reasonableness of Price)</p> <p>Price increases will only apply to the OGS Centralized Contracts and shall not be applied retroactively to Authorized User Agreements or any Mini-bids already submitted to an Authorized User. (Section 8.5 of the Contract - Pricelist Adjustments)</p> <p>When provided for in the Mini-Bid and resultant Authorized User Agreement, an Authorized User may reimburse travel expenses. All rules and regulations associated with this travel can be found at <a href="http://osc.state.ny.us/agencies/travel/travel.htm">http://osc.state.ny.us/agencies/travel/travel.htm</a>. In no case will any travel reimbursement be paid that exceeds these rates. All travel will be paid only as part of a deliverable specified within the Authorized User Agreement and must be billed with that associated Invoice with receipts attached. (Section 7.12 of the Contract - Travel, Meals and Lodging)</p>	

Esystems, Inc. Approved Price List			Number of Approved Titles:	65	Last Updated:	6/16/2025
Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
1	eSys01	Administrator, Systems	Responsible for maintaining and optimizing IT infrastructure, ensuring seamless operation of systems, and providing technical support in a dynamic network environment.	Bachelors Degree or 5 years of relevant experience	2	\$111.00
2	eSys02	Analyst, Computer Software/Integration (Senior)	Responsible for evaluating, designing, and implementing comprehensive software solutions, ensuring seamless integration within complex systems to optimize business processes.	Bachelors Degree or 5 years of relevant experience	7	\$176.00
3	eSys03	Analyst, Computer Systems (Junior)	Assist in the analysis, troubleshooting, and enhancement of computer systems to support efficient operations and contribute to overall organizational productivity.	Bachelors Degree or 5 years of relevant experience	2	\$105.00
4	eSys04	Analyst, Computer Systems (Senior)	Lead in-depth analysis, optimization, and strategic development of computer systems to enhance operational efficiency and drive technological advancements within the organization.	Bachelors Degree or 5 years of relevant experience	7	\$130.00
5	eSys05	Analyst, Financial	Conduct comprehensive analysis, interpreting data, and providing strategic insights to support informed decision-making and optimize financial performance.	Bachelors Degree or 5 years of relevant experience	2	\$105.00
6	eSys06	Analyst, Financial (Senior)	Oversee advanced financial analysis, forecasting, and strategic planning to drive informed decision-making and optimize organizational financial performance.	Bachelors Degree or 5 years of relevant experience	7	\$130.00
7	eSys07	Analyst, Systems (Senior)	Orchestrate advanced analysis, optimization, and strategic implementation of computer systems to enhance operational efficiency and support organizational objectives.	Bachelors Degree or 5 years of relevant experience	7	\$130.00
8	eSys08	Application Developer, Advanced Technology (Senior)	Specializes in advanced technology, leading the design, development, and implementation of innovative applications to meet complex business requirements.	Bachelors Degree or 5 years of relevant experience	10	\$192.00
9	eSys09	Applications Development Expert	Proficient in crafting and implementing cutting-edge software solutions, combining technical expertise with strategic insights to meet and exceed organizational objectives.	Bachelors Degree or 5 years of relevant experience	7	\$176.00
10	eSys10	Applications Programmer	Proficient in designing, coding, testing, and debugging software applications, ensuring functionality and performance align with project requirements.	Bachelors Degree or 5 years of relevant experience	3	\$130.00
11	eSys11	Architect, Application (Senior)	Lead the design and implementation of complex and scalable software solutions, aligning technology strategy with business goals to achieve optimal system architecture.	Bachelors Degree or 5 years of relevant experience	10	\$230.00
12	eSys12	Architect, Internet/Web	Design and oversee the development of robust and scalable web-based solutions, ensuring alignment with industry best practices and organizational objectives.	Bachelors Degree or 5 years of relevant experience	7	\$186.00
13	eSys13	Architect, Systems (Senior)	Orchestrate the strategic design and implementation of complex IT systems, ensuring optimal performance, scalability, and alignment with organizational goals.	Bachelors Degree or 5 years of relevant experience	10	\$230.00
14	eSys14	Architect, Systems Design	Specializes in creating and implementing comprehensive blueprints for complex IT systems, ensuring seamless integration and optimal performance.	Bachelors Degree or 5 years of relevant experience	7	\$192.00
15	eSys15	Computer Programmer (Junior)	Code, debug, and maintain software applications, contributing to the development and enhancement of efficient and functional programs.	Bachelors Degree or 5 years of relevant experience	2	\$105.00
16	eSys16	Computer Programmer (Senior)	Design, develop, and maintain sophisticated software solutions, leveraging advanced coding skills and industry best practices for optimal program performance.	Bachelors Degree or 5 years of relevant experience	7	\$149.00
17	eSys17	Computer Specialist	Proficient in diagnosing, troubleshooting, and resolving hardware and software issues, ensuring the seamless operation and maintenance of computer systems.	Bachelors Degree or 5 years of relevant experience	7	\$180.00
18	eSys18	Computer Specialist (Senior)	Lead advanced diagnostics, troubleshooting, and strategic solutions for complex hardware and software issues, ensuring optimal performance and reliability of computer systems.	Bachelors Degree or 5 years of relevant experience	10	\$211.00
19	eSys19	Computer Systems Programmer	Specializes in designing and implementing software solutions, ensuring the efficient and secure operation of computer systems to meet organizational needs.	Bachelors Degree or 5 years of relevant experience	5	\$149.00
20	eSys20	Computer Systems Programmer (Junior)	Assists in coding, testing, and debugging software programs to support the development and maintenance of computer systems.	Bachelors Degree or 5 years of relevant experience	3	\$134.00
21	eSys21	Database Management Specialist (Junior)	Proficient in implementing and maintaining database systems, ensuring data integrity, security, and efficient retrieval for organizational needs.	Bachelors Degree or 5 years of relevant experience	5	\$149.00
22	eSys22	Database Manager	Oversee the strategic design, implementation, and optimization of database systems, ensuring data integrity, security, and efficient management for organizational requirements.	Bachelors Degree or 5 years of relevant experience	10	\$230.00
23	eSys23	Documentation Specialist	Proficient in creating, organizing, and maintaining comprehensive documentation to facilitate efficient communication and enhance understanding of processes and procedures within the organization.	Bachelors Degree or 5 years of relevant experience	2	\$105.00
24	eSys24	Engineer, Information	Responsible for designing, implementing, and managing advanced information systems to optimize data flow, security, and accessibility for organizational efficiency.	Bachelors Degree or 5 years of relevant experience	2	\$105.00
25	eSys25	Engineer, Information Security	Specializes in designing, implementing, and maintaining robust security measures to safeguard organizational data and ensure the integrity and confidentiality of information assets.	Bachelors Degree or 5 years of relevant experience	3	\$134.00
26	eSys26	Engineer, Network Security	Specializes in designing, implementing, and managing robust security measures to safeguard organizational networks, ensuring the integrity and confidentiality of data transmissions.	Bachelors Degree or 5 years of relevant experience	3	\$149.00
27	eSys27	Engineer, Software	Proficient in designing, developing, and maintaining high-quality software solutions, combining technical expertise and creativity to meet project requirements and industry standards.	Bachelors Degree or 5 years of relevant experience	3	\$134.00
28	eSys28	Engineer, Systems	Responsible for designing, implementing, and maintaining complex IT systems, ensuring seamless integration and optimal performance to support organizational objectives.	Bachelors Degree or 5 years of relevant experience	2	\$105.00
29	eSys29	Engineer, Systems (Senior)	Lead strategic design, implementation, and optimization of sophisticated IT systems, ensuring seamless integration and superior performance to meet organizational goals.	Bachelors Degree or 5 years of relevant experience	3	\$134.00
30	eSys30	Engineer, Systems Design	Specializes in crafting and implementing strategic blueprints for complex IT systems, ensuring seamless integration and optimal performance to meet organizational objectives.	Bachelors Degree or 5 years of relevant experience	5	\$180.00
31	eSys31	IT Professional (Senior)	Manage and optimize IT infrastructure, implementing strategic solutions, and providing leadership to enhance organizational technology capabilities.	Bachelors Degree or 5 years of relevant experience	3	\$149.00
32	eSys32	Planner, Information Technology (Senior)	Oversee strategic planning, resource allocation, and technology roadmaps to align IT initiatives with organizational goals for optimal efficiency and innovation.	Bachelors Degree or 5 years of relevant experience	7	\$181.00
33	eSys33	Program Administration Specialist	Coordinate and oversee program activities, managing resources, and ensuring effective implementation of administrative processes for successful program outcomes.	Bachelors Degree or 5 years of relevant experience	3	\$149.00
34	eSys34	Program Manager	Oversee the planning, execution, and successful delivery of multiple complex projects, ensuring alignment with organizational goals and stakeholder expectations.	Bachelors Degree or 5 years of relevant experience, PMP Certification	10	\$230.00

Esystems, Inc. Approved Price List			Number of Approved Titles:	65	Last Updated:	6/16/2025
Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
35	eSys35	Project Control Specialist	Overseeing project schedules, budgets, and resource allocation to ensure timely and cost-effective project delivery.	Bachelors Degree or 5 years of relevant experience	7	\$184.00
36	eSys36	Project Manager	Leading cross-functional teams to achieve project goals within scope, budget, and schedule, while ensuring high-quality deliverables.	Bachelors Degree or 5 years of relevant experience, PMP Certification	10	\$230.00
37	eSys37	Qualist Assurance Consultant (Senior)	Drives excellence in product quality, process improvement, and compliance through strategic planning and implementation of quality assurance methodologies.	Bachelors Degree or 5 years of relevant experience	3	\$134.00
38	eSys38	Qualist Assurance Manager	Directing and optimizing quality assurance processes to ensure product excellence, regulatory compliance, and continuous improvement within the organization.	Bachelors Degree or 5 years of relevant experience	7	\$180.00
39	eSys39	Qualist Assurance Specialist	Execute and monitor quality control processes to ensure adherence to standards, regulatory requirements, and optimal product performance.	Bachelors Degree or 5 years of relevant experience	5	\$149.00
40	eSys40	Security, Computer Systems Specialist	Safeguards computer systems by implementing and managing robust security measures, ensuring the confidentiality, integrity, and availability of information.	Bachelors Degree or 5 years of relevant experience	7	\$180.00
41	eSys41	Security, Data Specialist	Implements and maintains data security protocols to safeguard sensitive information, ensuring confidentiality, integrity, and availability of data assets.	Bachelors Degree or 5 years of relevant experience	10	\$230.00
42	eSys42	Subject Matter Expert	Provides in-depth knowledge and expertise in a specific field to guide and support decision-making, problem-solving, and strategic initiatives within the organization.	Bachelors Degree or 5 years of relevant experience	10	\$230.00
43	eSys43	Subject Matter Expert (Senior)	Offers advanced-level knowledge and strategic insight in a specialized field, guiding and shaping organizational decisions and initiatives.	Bachelors Degree or 5 years of relevant experience	12	\$230.00
44	eSys44	System Security Specialist	Implements and manages comprehensive security measures to protect computer systems, networks, and data from unauthorized access and cyber threats.	Bachelors Degree or 5 years of relevant experience	7	\$180.00
45	eSys45	System Security Specialist (Junior)	Assists in the implementation and maintenance of security measures to safeguard computer systems, networks, and data from unauthorized access and potential threats.	Bachelors Degree or 5 years of relevant experience	3	\$130.00
46	eSys46	Testing Specialist	Conducts comprehensive testing and quality assurance processes to ensure the functionality, reliability, and performance of software applications or systems.	Bachelors Degree or 5 years of relevant experience	3	\$130.00
47	eSys47	Training Specialist / Instructor	Develops and delivers effective training programs to enhance skills and knowledge, fostering professional development within the organization.	Bachelors Degree or 5 years of relevant experience	5	\$149.00
48	eSys48	Technical Writer / Editor	Creates clear and concise technical documentation, manuals, and guides to communicate complex information effectively and ensure accuracy in content.	Bachelors Degree or 5 years of relevant experience	3	\$134.00
49	eSys49	Architect, Information Technology (Senior)	Designs and oversees the implementation of high-level IT solutions, frameworks, and systems to align with organizational goals and maximize efficiency.	Bachelors Degree or 5 years of relevant experience	10	\$230.00
50	eSys50	Engineer, Information (Senior)	Leads the design, development, and implementation of advanced information systems, ensuring optimal functionality, security, and alignment with organizational objectives.	Bachelors Degree or 5 years of relevant experience	3	\$134.00
51	eSys51	Database Management Specialist (Senior)	Orchestrates the design, implementation, and optimization of complex database systems to ensure data integrity, security, and efficient performance for organizational needs.	Bachelors Degree or 5 years of relevant experience	5	\$180.00
52	eSys52	Cúram Architecture Lead	Spearheads the design and implementation of Cúram software architecture, ensuring alignment with business requirements and optimal system performance.	Bachelors Degree or 5 years of relevant experience	7	\$176.00
53	eSys53	Cúram Architect	Designs and oversees the implementation of Cúram software solutions, ensuring the architecture aligns with business needs and industry best practices.	Bachelors Degree or 5 years of relevant experience	6	\$166.00
54	eSys54	Product Owner	Steers the development and enhancement of Cúram software products, ensuring alignment with stakeholder needs and driving product success throughout the lifecycle.	Bachelors Degree or 5 years of relevant experience	7	\$161.00
55	eSys55	Cúram Design Lead	Guides the design and development processes of Cúram software solutions, ensuring architectural integrity and effective alignment with project requirements.	Bachelors Degree or 5 years of relevant experience	7	\$143.00
56	eSys56	Cúram Business Analyst	Analyzes and translates business requirements into functional specifications for Cúram software solutions, facilitating effective communication between stakeholders and development teams.	Bachelors Degree or 5 years of relevant experience	3	\$143.00
57	eSys57	Cúram Rules Specialist	Manages and optimizes rule-based components within Cúram software, ensuring accurate and efficient implementation of business rules to meet system and user requirements.	Bachelors Degree or 5 years of relevant experience	5	\$143.00
58	eSys58	Cúram Specialist	Specializes in the configuration, customization, and support of Cúram software solutions to meet the unique needs of social services and healthcare programs.	Bachelors Degree or 5 years of relevant experience	2	\$134.00
59	eSys59	Cúram Administrator	Oversees the configuration, maintenance, and optimization of Cúram software framework to ensure smooth operations and alignment with organizational requirements.	Bachelors Degree or 5 years of relevant experience	3	\$124.00
60	eSys60	Senior Cúram Developer Team Lead	Leads a team of developers in the design, coding, and implementation of Cúram software solutions, ensuring adherence to best practices and project objectives.	Bachelors Degree or 5 years of relevant experience	5	\$148.00
61	eSys61	Senior Cúram Developer	Takes a senior role in the design, coding, and implementation of Cúram software solutions, ensuring robust functionality and adherence to project specifications.	Bachelors Degree or 5 years of relevant experience	3	\$127.00
62	eSys62	Cúram Developer	Assists in the design, coding, and implementation of Cúram software solutions under the guidance of senior team members, contributing to project development and learning.	Bachelors Degree or 5 years of relevant experience	1	\$100.00
63	eSys63	Senior Cúram Data Architect	Leads the design and implementation of data architecture for Cúram software solutions, ensuring effective data management, integration, and alignment with organizational goals.	Bachelors Degree or 5 years of relevant experience	5	\$148.00
64	eSys64	Cúram ETL/Reports Developer	Designs and develops Extract, Transform, Load (ETL) processes and reports within the Cúram framework to facilitate effective data integration and reporting capabilities.	Bachelors Degree or 5 years of relevant experience	2	\$116.00
65	eSys65	Senior Cúram Business Analyst	Leads the analysis and translation of complex business requirements into functional specifications for Cúram software solutions, ensuring alignment with organizational goals and industry best practices.	Bachelors Degree or 5 years of relevant experience	5	\$148.00
