

Attachment 1 - Pricing	
Contractor:	GENESYS Consulting Services, Inc
Contract Number:	PB70493
Lots Awarded:	1A, 1B
<p>Authorized Users Please Note the Following:</p> <p>A competitive Mini-Bid is required for every transaction under this Centralized Contract. (Section 1.3 of Attachment 16 - How to Use this Contract)</p> <p>The Contractor acknowledges that any mini-bid under this Centralized Contract which includes pricing in excess of the “maximum Not-To-Exceed price” shall be rejected by the Authorized User. (Sections 7.9 of the Contract - Reasonableness of Price)</p> <p>Price increases will only apply to the OGS Centralized Contracts and shall not be applied retroactively to Authorized User Agreements or any Mini-bids already submitted to an Authorized User. (Section 8.5 of the Contract - Pricelist Adjustments)</p> <p>When provided for in the Mini-Bid and resultant Authorized User Agreement, an Authorized User may reimburse travel expenses. All rules and regulations associated with this travel can be found at http://osc.state.ny.us/agencies/travel/travel.htm. In no case will any travel reimbursement be paid that exceeds these rates. All travel will be paid only as part of a deliverable specified within the Authorized User Agreement and must be billed with that associated Invoice with receipts attached. (Section 7.12 of the Contract - Travel, Meals and Lodging)</p>	

GENESYS Consulting Services, Inc Approved Price List			Number of Approved Titles:	44	Last Updated:	10/22/2025
Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
1	BAJR	Business Analyst Junior	Analyzes an organization or business domain (real or hypothetical) and documents its business or processes or systems, assessing the business model or its integration with technology with <u>distinct deliverables to a solution.</u>	High School Diploma	1	\$38.73
2	BAMID	Business Analyst Mid-Level	Analyzes an organization or business domain (real or hypothetical) and documents its business or processes or systems, assessing the business model or its integration with technology with <u>distinct deliverables to a solution.</u>	High School Diploma	3	\$51.24
3	BASR	Business Analyst Senior	Analyzes an organization or business domain (real or hypothetical) and documents its business or processes or systems, assessing the business model or its integration with technology with <u>distinct deliverables to a solution.</u>	Associate's Degree	5	\$69.49
4	BAEXP	Business Analyst Expert	Analyzes an organization or business domain (real or hypothetical) and documents its business or processes or systems, assessing the business model or its integration with technology with <u>distinct deliverables to a solution.</u>	Bachelor's Degree	7	\$79.55
5	DBAJR	Database Administrator Junior	Uses specialized software to store and organize data, which may include capacity planning, installation, configuration, database design, migration, performance monitoring, security and troubleshooting, as well as <u>backup and data recovery.</u>	High School Diploma	1	\$42.44
6	DBAMID	Database Administrator Mid-Level	Uses specialized software to store and organize data, which may include capacity planning, installation, configuration, database design, migration, performance monitoring, security and troubleshooting, as well as <u>backup and data recovery.</u>	High School Diploma	3	\$53.05
7	DBASR	Database Administrator Senior	Uses specialized software to store and organize data, which may include capacity planning, installation, configuration, database design, migration, performance monitoring, security and troubleshooting, as well as <u>backup and data recovery.</u>	Associate's Degree	5	\$71.08
8	DBAEXP	Database Administrator Expert	Uses specialized software to store and organize data, which may include capacity planning, installation, configuration, database design, migration, performance monitoring, security and troubleshooting, as well as <u>backup and data recovery.</u>	Bachelor's Degree	7	\$80.10
9	DAJR	Database Architect Junior	Determines database structural requirements by analyzing client operations, applications, and programming; reviews objectives with clients; evaluates current systems; provides database support by coding utilities, <u>responding to user questions, and resolving problems.</u>	High School Diploma	1	\$45.62
10	DAMID	Database Architect Mid-Level	Determines database structural requirements by analyzing client operations, applications, and programming; reviews objectives with clients; evaluates current systems; provides database support by coding utilities, <u>responding to user questions, and resolving problems.</u>	High School Diploma	3	\$59.41
11	DASR	Database Architect Senior	Determines database structural requirements by analyzing client operations, applications, and programming; reviews objectives with clients; evaluates current systems; provides database support by coding utilities, <u>responding to user questions, and resolving problems.</u>	Associate's Degree	5	\$85.21
12	DAEXP	Database Architect Expert	Determines database structural requirements by analyzing client operations, applications, and programming; reviews objectives with clients; evaluates current systems; provides database support by coding utilities, <u>responding to user questions, and resolving problems.</u>	Bachelor's Degree	7	\$95.80
13	ITSPJR	IT Specialist Junior	Works in the field of Information Technology, experienced in the usage and support of a collection of development platforms, technical architectures or business applications and products that run on those platforms <u>- beyond that of a Programmer.</u>	High School Diploma	1	\$38.19

Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
14	ITSPMID	IT Specialist Mid-Level	Works in the field of Information Technology, experienced in the usage and support of a collection of development platforms, technical architectures or business applications and products that run on those platforms - beyond that of a Programmer.	High School Diploma	3	\$51.98
15	ITSPSR	IT Specialist Senior	Works in the field of Information Technology, experienced in the usage and support of a collection of development platforms, technical architectures or business applications and products that run on those platforms - beyond that of a Programmer.	Associate's Degree	5	\$78.51
16	ITSPEXP	IT Specialist Expert	Works in the field of Information Technology, experienced in the usage and support of a collection of development platforms, technical architectures or business applications and products that run on those platforms - beyond that of a Programmer.	Bachelor's Degree	7	\$92.30
17	PROGJR	Programmer Junior	Creates computer software. May specialize in one area of computer software or may write code for many kinds of software.	High School Diploma	1	\$37.13
18	PROGMID	Programmer Mid-Level	Creates computer software. May specialize in one area of computer software or may write code for many kinds of software.	High School Diploma	3	\$53.05
19	PROGSR	Programmer Senior	Creates computer software. May specialize in one area of computer software or may write code for many kinds of software.	Associate's Degree	5	\$70.02
20	PROGEXP	Programmer Expert	Creates computer software. May specialize in one area of computer software or may write code for many kinds of software.	Bachelor's Degree	7	\$81.69
21	PMJR	Project Manager Junior	Plans, organizes and integrates cross-functional information technology projects that are significant in scope and impact	High School Diploma	1	\$43.50
22	PMMID	Project Manager Mid-Level	Plans, organizes and integrates cross-functional information technology projects that are significant in scope and impact	High School Diploma	3	\$56.23
23	PMSR	Project Manager Senior	Plans, organizes and integrates cross-functional information technology projects that are significant in scope and impact	Associate's Degree	5	\$80.73
24	PMEXP	Project Manager Expert	Plans, organizes and integrates cross-functional information technology projects that are significant in scope and impact	Bachelor's Degree	7	\$101.68
25	SANJR	Software Analyst Junior	Studies the software application domain, prepares software requirements, and specification documents. Liaises between the software users and the software developers. Conveys the demands of software users to the developers. Skills include: working knowledge of software technology; computer programming experience/expertise; general business knowledge; problem solving/reduction skills; interpersonal relation skills; flexibility and adaptability.	High School Diploma	1	\$40.65
26	SANMID	Software Analyst Mid-Level	Studies the software application domain, prepares software requirements, and specification documents. Liaises between the software users and the software developers. Conveys the demands of software users to the developers. Skills include: working knowledge of software technology; computer programming experience/expertise; general business knowledge; problem solving/reduction skills; interpersonal relation skills; flexibility and adaptability.	High School Diploma	3	\$53.81
27	SANSR	Software Analyst Senior	Studies the software application domain, prepares software requirements, and specification documents. Liaises between the software users and the software developers. Conveys the demands of software users to the developers. Skills include: working knowledge of software technology; computer programming experience/expertise; general business knowledge; problem solving/reduction skills; interpersonal relation skills; flexibility and adaptability.	Associate's Degree	5	\$72.97
28	SANEXP	Software Analyst Expert	Studies the software application domain, prepares software requirements, and specification documents. Liaises between the software users and the software developers. Conveys the demands of software users to the developers. Skills include: working knowledge of software technology; computer programming experience/expertise; general business knowledge; problem solving/reduction skills; interpersonal relation skills; flexibility and adaptability.	Bachelor's Degree	7	\$83.66
29	SARJR	Software Architect Junior	Makes high-level design choices and dictates technical standards, including software coding standards, tools, and platforms. Designs multi-leveled architecture or component interactions of a large scale software system.	High School Diploma	1	\$45.62

30	SARMID	Software Architect Mid-Level	Makes high-level design choices and dictates technical standards, including software coding standards, tools, and platforms. Designs multi-leveled architecture or component interactions of a large scale software system.	High School Diploma	3	\$59.41
31	SARSR	Software Architect Senior	Makes high-level design choices and dictates technical standards, including software coding standards, tools, and platforms. Designs multi-leveled architecture or component interactions of a large scale software system.	Associate's Degree	5	\$81.16
32	SAREXP	Software Architect Expert	Makes high-level design choices and dictates technical standards, including software coding standards, tools, and platforms. Designs multi-leveled architecture or component interactions of a large scale software system.	Bachelor's Degree	7	\$93.36
33	SWDJR	Software Developer Junior	Is involved with all facets of the software development process, including the research, design, programming, testing and implementation of computer software.	High School Diploma	1	\$37.13
34	SWDMID	Software Developer Mid-Level	Is involved with all facets of the software development process, including the research, design, programming, testing and implementation of computer software.	High School Diploma	3	\$53.05
35	SWDSR	Software Developer Senior	Is involved with all facets of the software development process, including the research, design, programming, testing and implementation of computer software.	Associate's Degree	5	\$70.72
36	SWDEXP	Software Developer Expert	Is involved with all facets of the software development process, including the research, design, programming, testing and implementation of computer software.	Bachelor's Degree	7	\$86.99
37	SYSARJR	Systems Architect Junior	Defines the architecture of a computerized system (i.e., a system composed of software and hardware) in order to fulfill certain requirement, including a breakdown of the system into components, the component interactions and interfaces (including with the environment, especially the user), and the technologies and resources to be used in the design.	High School Diploma	1	\$45.62
38	SYSARMID	Systems Architect Mid-Level	Defines the architecture of a computerized system (i.e., a system composed of software and hardware) in order to fulfill certain requirement, including a breakdown of the system into components, the component interactions and interfaces (including with the environment, especially the user), and the technologies and resources to be used in the design.	High School Diploma	3	\$59.41
39	SYSARSR	Systems Architect Senior	Defines the architecture of a computerized system (i.e., a system composed of software and hardware) in order to fulfill certain requirement, including a breakdown of the system into components, the component interactions and interfaces (including with the environment, especially the user), and the technologies and resources to be used in the design.	Associate's Degree	5	\$85.21
40	SYSAREXP	Systems Architect Expert	Defines the architecture of a computerized system (i.e., a system composed of software and hardware) in order to fulfill certain requirement, including a breakdown of the system into components, the component interactions and interfaces (including with the environment, especially the user), and the technologies and resources to be used in the design.	Bachelor's Degree	7	\$95.80
41	TESTJR	Tester Junior	Conducts automated and manual tests to ensure that the software created/upgraded performs as necessary and meets the user requirements. Develops and maintains user and technical documentation and project process documentation for application teams. Understands the view of applications and/or technology and is able to put procedures in a logical sequence.	High School Diploma	1	\$36.61
42	TESTMID	Tester Mid-Level	Conducts automated and manual tests to ensure that the software created/upgraded performs as necessary and meets the user requirements. Develops and maintains user and technical documentation and project process documentation for application teams. Understands the view of applications and/or technology and is able to put procedures in a logical sequence.	High School Diploma	3	\$44.03
43	TESTSR	Tester Senior	Conducts automated and manual tests to ensure that the software created/upgraded performs as necessary and meets the user requirements. Develops and maintains user and technical documentation and project process documentation for application teams. Understands the view of applications and/or technology and is able to put procedures in a logical sequence.	Associate's Degree	5	\$53.58
