

<b>Attachment 1 - Pricing</b>	
<b>Contractor:</b>	Information Resource Group, Inc
<b>Contract Number:</b>	PB70601
<b>Lots Awarded:</b>	2
<p><b>Authorized Users Please Note the Following:</b></p> <p>A competitive Mini-Bid is required for every transaction under this Centralized Contract. (Section 1.3 of Attachment 16 - How to Use this Contract)</p> <p>The Contractor acknowledges that any mini-bid under this Centralized Contract which includes pricing in excess of the “maximum Not-To-Exceed price” shall be rejected by the Authorized User. (Sections 7.9 of the Contract - Reasonableness of Price)</p> <p>Price increases will only apply to the OGS Centralized Contracts and shall not be applied retroactively to Authorized User Agreements or any Mini-bids already submitted to an Authorized User. (Section 8.5 of the Contract - Pricelist Adjustments)</p> <p>When provided for in the Mini-Bid and resultant Authorized User Agreement, an Authorized User may reimburse travel expenses. All rules and regulations associated with this travel can be found at <a href="http://osc.state.ny.us/agencies/travel/travel.htm">http://osc.state.ny.us/agencies/travel/travel.htm</a>. In no case will any travel reimbursement be paid that exceeds these rates. All travel will be paid only as part of a deliverable specified within the Authorized User Agreement and must be billed with that associated Invoice with receipts attached. (Section 7.12 of the Contract - Travel, Meals and Lodging)</p>	

Information Resource Group, Inc Approved Price List			Number of Approved Titles:	82	Last Updated:	6/16/2025
Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
1	IRG001	Application Support and Development Services - Junior	research, new development, prototyping, modification, re-use, re-engineering, maintenance, or any other activities that result in software products. Services may include the necessary knowledge of commercial off-the shelf software (COTS) platforms, web/mobile application design, content development, client side/server-side scripting, or web server, development.	Not Applicable	1	\$76.00
2	IRG002	Application Support and Development Services - Mid	research, new development, prototyping, modification, re-use, re-engineering, maintenance, or any other activities that result in software products. Services may include the necessary knowledge of commercial off-the shelf software (COTS) platforms, web/mobile application design, content development, client side/server-side scripting, or web server, development.	College Degree	4	\$96.00
3	IRG003	Application Support and Development Services - Senior	research, new development, prototyping, modification, re-use, re-engineering, maintenance, or any other activities that result in software products. Services may include the necessary knowledge of commercial off-the shelf software (COTS) platforms, web/mobile application design, content development, client side/server-side scripting, or web server, development.	College Degree	7	\$143.00
4	IRG004	IT Project Management, Planning, & Analysis Services - Junior	Project management, planning and analysis includes developing and maintaining project charters, project plans, schedules, risk and issue logs, mitigation strategies, communication plans, resource/capability plan, and executive briefings, evaluation and design, planning for or directing large-scale integration efforts, and implementing IT standards and guidelines, managing	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$85.00
5	IRG005	IT Project Management, Planning, & Analysis Services - Mid	Project management, planning and analysis includes developing and maintaining project charters, project plans, schedules, risk and issue logs, mitigation strategies, communication plans, resource/capability plan, and executive briefings, evaluation and design, planning for or directing large-scale integration efforts, and implementing IT standards and guidelines, managing	Bachelor's Degree in Computer Science or any related field	4	\$125.00
6	IRG006	IT Project Management, Planning, & Analysis Services - Senior	Project management, planning and analysis includes developing and maintaining project charters, project plans, schedules, risk and issue logs, mitigation strategies, communication plans, resource/capability plan, and executive briefings, evaluation and design, planning for or directing large-scale integration efforts, and implementing IT standards and guidelines, managing	Bachelor's Degree in Computer Science or any related field	7	\$140.00
7	IRG007	Agile Scrum Master	Project management, planning and analysis includes developing and maintaining project charters, project plans, schedules, risk and issue logs, mitigation strategies, communication plans, resource/capability plan, and executive briefings, evaluation and design, planning for or directing large-scale integration efforts, and implementing IT standards and guidelines, managing	Bachelor's Degree in Computer Science or any related field	4	\$170.00
8	IRG008	Database Administrator - Junior	database administration, modification and upgrade including system performance analysis, database upgrading and performance tuning, data extract/transform/load (ETL), stored procedure development, query optimization and data migration, managing and monitoring production databases in an N tier environment, automated routine backups and refreshes, and data recovery. Business intelligence (BI) services	Not Applicable	1	\$76.00
9	IRG009	Database Administrator - Mid	database administration, modification and upgrade including system performance analysis, database upgrading and performance tuning, data extract/transform/load (ETL), stored procedure development, query optimization and data migration, managing and monitoring production databases in an N tier environment, automated routine backups and refreshes, and data recovery. Business intelligence (BI) services	College Degree	4	\$96.00
10	IRG010	Database Administrator- Senior	database administration, modification and upgrade including system performance analysis, database upgrading and performance tuning, data extract/transform/load (ETL), stored procedure development, query optimization and data migration, managing and monitoring production databases in an N tier environment, automated routine backups and refreshes, and data recovery. Business intelligence (BI) services	College Degree	7	\$143.00
11	IRG011	Systems Administrator - Junior	programming services in support of operating systems and utility installations for operating systems, such as Cloud platform, Windows, and Linux open source variants. Planning and configuration in support of file servers, application servers, database servers, virtual servers, VM support services, remote site integration, Active Directory domain setup/support/administration, user account and password management, support of computer storage devices attached direct/fiber/other and storage area networks	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$75.00
12	IRG012	Systems Administrator - Mid	programming services in support of operating systems and utility installations for operating systems, such as Cloud platform, Windows, and Linux open source variants. Planning and configuration in support of file servers, application servers, database servers, virtual servers, VM support services, remote site integration, Active Directory domain setup/support/administration, user account and password management, support of computer storage devices attached direct/fiber/other and storage area networks	Not Applicable	4	\$93.00
13	IRG013	Systems Administrator - Senior	programming services in support of operating systems and utility installations for operating systems, such as Cloud platform, Windows, and Linux open source variants. Planning and configuration in support of file servers, application servers, database servers, virtual servers, VM support services, remote site integration, Active Directory domain setup/support/administration, user account and password management, support of computer storage devices attached direct/fiber/other and storage area networks	Not Applicable	7	\$138.00

Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
14	IRG014	Data Conversion Services - Junior	data entry projects that require data capture through scanning, and/or manual key entry to correct data through scanning, and /or capturing images through scanning	Not Applicable	1	\$76.00
15	IRG015	Data Conversion Services - Mid	data entry projects that require data capture through scanning, and/or manual key entry to correct data through scanning, and /or capturing images through scanning	Not Applicable	4	\$93.00
16	IRG016	Data Conversion Services - Senior	data entry projects that require data capture through scanning, and/or manual key entry to correct data through scanning, and /or capturing images through scanning	Not Applicable	7	\$138.00
17	IRG017	Security Analyst	advisory services relating to the secure design and deployment of computer systems, LAN/WAN, Firewalls, Virtual Private Networks (VPN), wireless networks and access, access/identity management, Intrusion Detection Systems (IDS), Intrusion Prevention Systems (IPS), logging/monitoring, Security Operation Center (SOC)/Network Operation Center (NOC) deployment, Application/Software Security, Cloud Computing, Online Payment Systems, Mobile/Web Platforms, and all related policy and procedure development	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$105.00
18	IRG018	Security Analyst - Senior	advisory services relating to the secure design and deployment of computer systems, LAN/WAN, Firewalls, Virtual Private Networks (VPN), wireless networks and access, access/identity management, Intrusion Detection Systems (IDS), Intrusion Prevention Systems (IPS), logging/monitoring, Security Operation Center (SOC)/Network Operation Center (NOC) deployment, Application/Software Security, Cloud Computing, Online Payment Systems, Mobile/Web Platforms, and all related policy and procedure development	Bachelor's Degree in Computer Science or any related field	7	\$135.00
19	IRG019	Business Analyst - Junior	evaluate, document and recommend changes to business processes, development, implementation and support of process improvements to eliminate redundancy and increase productivity and reduce cost; interview subject matter experts and others to develop requirements for engineered or commercial off the shelf software and systems	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$68.00
20	IRG020	Business Analyst - Mid	evaluate, document and recommend changes to business processes, development, implementation and support of process improvements to eliminate redundancy and increase productivity and reduce cost; interview subject matter experts and others to develop requirements for engineered or commercial off the shelf software and systems	Bachelor's Degree in Computer Science or any related field	4	\$82.00
21	IRG021	Business Analyst - Senior	evaluate, document and recommend changes to business processes, development, implementation and support of process improvements to eliminate redundancy and increase productivity and reduce cost; interview subject matter experts and others to develop requirements for engineered or commercial off the shelf software and systems	Bachelor's Degree in Computer Science or any related field	7	\$95.00
22	IRG022	Infrastructure Analyst -Junior	infrastructure design, setup, installation, diagnosis, repair and maintenance. Contractor may be required to support enterprise class storage, blade and server technologies; and perform inter connectivity, performance, failover, deployment and/or administration of VMware product suite. Services range from advance system administrative functions in a VMware environment to various complex blade and storage (SAN/SCSI/etc.) to ongoing support of Citrix and Windows Server environments.	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$75.00
23	IRG023	Infrastructure Analyst- Mid	infrastructure design, setup, installation, diagnosis, repair and maintenance. Contractor may be required to support enterprise class storage, blade and server technologies; and perform inter connectivity, performance, failover, deployment and/or administration of VMware product suite. Services range from advance system administrative functions in a VMware environment to various complex blade and storage (SAN/SCSI/etc.) to ongoing support of Citrix and Windows Server environments.	Bachelor's Degree in Computer Science or any related field	4	\$90.00
24	IRG024	Infrastructure Analyst- Senior	infrastructure design, setup, installation, diagnosis, repair and maintenance. Contractor may be required to support enterprise class storage, blade and server technologies; and perform inter connectivity, performance, failover, deployment and/or administration of VMware product suite. Services range from advance system administrative functions in a VMware environment to various complex blade and storage (SAN/SCSI/etc.) to ongoing support of Citrix and Windows Server environments.	Bachelor's Degree in Computer Science or any related field	7	\$98.00
25	IRG025	GIS Analyst	Define, develop, configure, implement and maintain GIS solutions, including COTS packages, provide services to integrate, store, edit, analyze, and display geographically-referenced information in a client/server or web-based environment, GIS system and data maintenance	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$85.00
26	IRG026	GIS Developer	Define, develop, configure, implement and maintain GIS solutions, including COTS packages, provide services to integrate, store, edit, analyze, and display geographically-referenced information in a client/server or web-based environment, GIS system and data maintenance	Bachelor's Degree in Computer Science or any related field	4	\$125.00
27	IRG027	GIS DBA	Define, develop, configure, implement and maintain GIS solutions, including COTS packages, provide services to integrate, store, edit, analyze, and display geographically-referenced information in a client/server or web-based environment, GIS system and data maintenance	Bachelor's Degree in Computer Science or any related field	4	\$115.00

Information Resource Group, Inc Approved Price List			Number of Approved Titles:	82	Last Updated:	6/16/2025
Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
28	IRG028	GIS Analyst - Senior	Define, develop, configure, implement and maintain GIS solutions, including COTS packages, provide services to integrate, store, edit, analyze, and display geographically-referenced information in a client/server or web-based environment. GIS system and data maintenance	Bachelor's Degree in Computer Science or any related field	7	\$105.00
29	IRG029	Strategic Planning Consultant – Junior	provide assistance in developing long-range information technology plans, IT-enabled business plans, and program effectiveness measures related to proposed IT investments. Assistance with agency-level strategic planning for IT to ensure consistency with State-level (i.e., enterprise) plans and initiatives.	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$115
30	IRG030	Strategic Planning Consultant - Mid	provide assistance in developing long-range information technology plans, IT-enabled business plans, and program effectiveness measures related to proposed IT investments. Assistance with agency-level strategic planning for IT to ensure consistency with State-level (i.e., enterprise) plans and initiatives.	Bachelor's Degree in Computer Science or any related field	4	\$125.00
31	IRG031	Strategic Planning Consultant - Senior	provide assistance in developing long-range information technology plans, IT-enabled business plans, and program effectiveness measures related to proposed IT investments. Assistance with agency-level strategic planning for IT to ensure consistency with State-level (i.e., enterprise) plans and initiatives.	Bachelor's Degree in Computer Science or any related field	7	\$140.00
32	IRG032	IV&V Analyst – Junior	Assess risks and/or review technical risk assessments of an IT project including security, data classification(s), subsystem designs, architectures, and computer systems in terms of their impact on costs, benefits, schedule and technical performance, provide the Secretary of ADS/CIO an independent expert review of any Agency recommendation for any information technology activity	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$85.00
33	IRG033	IV&V Analyst – Mid	Assess risks and/or review technical risk assessments of an IT project including security, data classification(s), subsystem designs, architectures, and computer systems in terms of their impact on costs, benefits, schedule and technical performance, provide the Secretary of ADS/CIO an independent expert review of any Agency recommendation for any information technology activity	Bachelor's Degree in Computer Science or any related field	4	\$95.00
34	IRG034	IV&V Analyst - Senior	Assess risks and/or review technical risk assessments of an IT project including security, data classification(s), subsystem designs, architectures, and computer systems in terms of their impact on costs, benefits, schedule and technical performance, provide the Secretary of ADS/CIO an independent expert review of any Agency recommendation for any information technology activity	Bachelor's Degree in Computer Science or any related field	7	\$110.00
35	IRG035	ECM Analyst – Junior	provide services to establish or maintain electronic document imaging, document management, document workflow, and associated technologies in the context of enterprise strategy, records management policies, and existing assets	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$75.00
36	IRG036	ECM Analyst - Mid	provide services to establish or maintain electronic document imaging, document management, document workflow, and associated technologies in the context of enterprise strategy, records management policies, and existing assets	Bachelor's Degree in Computer Science or any related field	4	\$95.00
37	IRG037	ECM Analyst - Senior	provide services to establish or maintain electronic document imaging, document management, document workflow, and associated technologies in the context of enterprise strategy, records management policies, and existing assets	Bachelor's Degree in Computer Science or any related field	7	\$115.00
38	IRG038	ERP Analyst	I provide services to support PeopleSoft ERP platforms: HR and Financials, PeopleSoft HR (HCM, North American Payroll, Benefits Admin, Time and Labor, Talent Acquisition, Candidate Gateway), Financials (GL, AR, AM, AP, Billing, Inventory, Purchasing)	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$125.00
39	IRG039	ERP Analyst- Senior	I provide services to support PeopleSoft ERP platforms: HR and Financials, PeopleSoft HR (HCM, North American Payroll, Benefits Admin, Time and Labor, Talent Acquisition, Candidate Gateway), Financials (GL, AR, AM, AP, Billing, Inventory, Purchasing)	Bachelor's Degree in Computer Science or any related field	7	\$150.00
40	IRG040	ERP Developer	I provide services to support PeopleSoft ERP platforms: HR and Financials, PeopleSoft HR (HCM, North American Payroll, Benefits Admin, Time and Labor, Talent Acquisition, Candidate Gateway), Financials (GL, AR, AM, AP, Billing, Inventory, Purchasing)	Bachelor's Degree in Computer Science or any related field	4	\$110.00
41	IRG041	ERP Developer- Senior	I provide services to support PeopleSoft ERP platforms: HR and Financials, PeopleSoft HR (HCM, North American Payroll, Benefits Admin, Time and Labor, Talent Acquisition, Candidate Gateway), Financials (GL, AR, AM, AP, Billing, Inventory, Purchasing)	Bachelor's Degree in Computer Science or any related field	7	\$135.00
42	IRG042	Mobile App Developer - Junior	Provide a seamless omni-channel experience on any device, Advanced data structures to provide actionable insights, Cutting-edge security features to protect your users, processes, and data, Analytics & Reporting Q & C testing	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$95.00
43	IRG043	Mobile App Developer - Mid	Provide a seamless omni-channel experience on any device, Advanced data structures to provide actionable insights, Cutting-edge security features to protect your users, processes, and data, Analytics & Reporting Q & C testing	Bachelor's Degree in Computer Science or any related field	4	\$105.00

Information Resource Group, Inc Approved Price List			Number of Approved Titles:	82	Last Updated:	6/16/2025
Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
44	IRG044	Mobile App Developer - Senior	Provide a seamless omni-channel experience on any device. Advanced data structures to provide actionable insights, Cutting-edge security features to protect your users, processes, and data, Analytics & Reporting Q & C testing	Bachelor's Degree in Computer Science or any related field	7	\$125.00
45	IRG045	Technical Architect - Junior	Architecting the overall system, by using prototyping and proof of concepts, Developing product roadmaps, backlogs, and measurable success criteria, and writing user stories (i.e., can establish a path to delivery for breaking down stories)	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$125.00
46	IRG046	Technical Architect- Mid	Architecting the overall system, by using prototyping and proof of concepts, Developing product roadmaps, backlogs, and measurable success criteria, and writing user stories (i.e., can establish a path to delivery for breaking down stories)	Bachelor's Degree in Computer Science or any related field	4	\$155.00
47	IRG047	Technical Architect - Senior	Architecting the overall system, by using prototyping and proof of concepts, Developing product roadmaps, backlogs, and measurable success criteria, and writing user stories (i.e., can establish a path to delivery for breaking down stories)	Bachelor's Degree in Computer Science or any related field	7	\$175.00
48	IRG048	Delivery Manager – Junior	Manages one or more agile projects, typically to deliver a specific product or transformation via a multi disciplinary, high-skilled digital team. Adept at delivering complex digital projects, breaking down barriers to the team, and both planning at a higher level and getting into the detail to make things happen when needed.	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$125.00
49	IRG049	Delivery Manager - Mid	Manages one or more agile projects, typically to deliver a specific product or transformation via a multi disciplinary, high-skilled digital team. Adept at delivering complex digital projects, breaking down barriers to the team, and both planning at a higher level and getting into the detail to make things happen when needed.	Bachelor's Degree in Computer Science or any related field	4	\$135.00
50	IRG050	Delivery Manager - Senior	Manages one or more agile projects, typically to deliver a specific product or transformation via a multi disciplinary, high-skilled digital team. Adept at delivering complex digital projects, breaking down barriers to the team, and both planning at a higher level and getting into the detail to make things happen when needed.	Bachelor's Degree in Computer Science or any related field	7	\$150.00
51	IRG051	DevOps Engineer – Junior	Deploying and configuring services using infrastructure as a service providers (e.g., Amazon Web Services, Microsoft Azure, Google Compute Engine, RackSpace/OpenStack), Configuring and managing Linux based servers to serve a dynamic website, Debugging cluster-based computing architectures, Using scripting or basic programming skills to solve problems, Installation and management of open source monitoring tools	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$105.00
52	IRG052	DevOps Engineer - Mid	Deploying and configuring services using infrastructure as a service providers (e.g., Amazon Web Services, Microsoft Azure, Google Compute Engine, RackSpace/OpenStack), Configuring and managing Linux based servers to serve a dynamic website, Debugging cluster-based computing architectures, Using scripting or basic programming skills to solve problems, Installation and management of open source monitoring tools	Bachelor's Degree in Computer Science or any related field	4	\$115.00
53	IRG053	DevOps Engineer - Senior	Deploying and configuring services using infrastructure as a service providers (e.g., Amazon Web Services, Microsoft Azure, Google Compute Engine, RackSpace/OpenStack), Configuring and managing Linux based servers to serve a dynamic website, Debugging cluster-based computing architectures, Using scripting or basic programming skills to solve problems, Installation and management of open source monitoring tools	Bachelor's Degree in Computer Science or any related field	7	\$125.00
54	IRG054	Interaction Designer - Junior	Designs and develops primarily internet/web pages and applications, conducting user research, analysis & synthesis, interaction design, and usability testing to create products that delight our customers.	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$85.00
55	IRG055	Interaction Designer - Mid	Designs and develops primarily internet/web pages and applications, conducting user research, analysis & synthesis, interaction design, and usability testing to create products that delight our customers.	Bachelor's Degree in Computer Science or any related field	4	\$95.00
56	IRG056	Interaction Designer - Senior	Designs and develops primarily internet/web pages and applications, conducting user research, analysis & synthesis, interaction design, and usability testing to create products that delight our customers.	Bachelor's Degree in Computer Science or any related field	7	\$110.00
57	IRG057	Product Manager- Junior	managing the delivery, ongoing success, and continuous improvement of one or more digital products and/or platforms	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$125.00
58	IRG058	Product Manager - Mid	managing the delivery, ongoing success, and continuous improvement of one or more digital products and/or platforms	Bachelor's Degree in Computer Science or any related field	4	\$135.00
59	IRG059	Product Manager - Senior	managing the delivery, ongoing success, and continuous improvement of one or more digital products and/or platforms	Bachelor's Degree in Computer Science or any related field	7	\$145.00
60	IRG060	Visual Designer – Junior	managing project design reviews, resource planning, and execution for all project work related to visual design	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$85.00
61	IRG061	Visual Designer - Mid	managing project design reviews, resource planning, and execution for all project work related to visual design	Bachelor's Degree in Computer Science or any related field	4	\$95.00

Information Resource Group, Inc Approved Price List			Number of Approved Titles:	82	Last Updated:	6/16/2025
Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
62	IRG062	Visual Designer - Senior	managing project design reviews, resource planning, and execution for all project work related to visual design	Bachelor's Degree in Computer Science or any related field	7	\$105.00
63	IRG063	Writer/Content Designer- Junior	developing the strategy and execution of content across digital channels,Assign, edit, and produce content for products, services, and various projects,Plan and facilitate content strategy workshops and brainstorming sessions on developing content and content services (including API development)	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$75.00
64	IRG064	Writer/Content Designer- Mid	developing the strategy and execution of content across digital channels,Assign, edit, and produce content for products, services, and various projects,Plan and facilitate content strategy workshops and brainstorming sessions on developing content and content services (including API development)	Bachelor's Degree in Computer Science or any related field	4	\$85.00
65	IRG065	Writer/Content Designer- Senior	developing the strategy and execution of content across digital channels,Assign, edit, and produce content for products, services, and various projects,Plan and facilitate content strategy workshops and brainstorming sessions on developing content and content services (including API development)	Bachelor's Degree in Computer Science or any related field	7	\$95.00
66	IRG066	User Researcher- Junior	conducting user research, analysis & synthesis, and usability testing to guide products that delight our customers,Lead participatory and iterative design activities, including observational studies, customer interviews, usability testing, and other forms of requirements discovery	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$80.00
67	IRG067	User Researcher- Mid	conducting user research, analysis & synthesis, and usability testing to guide products that delight our customers,Lead participatory and iterative design activities, including observational studies, customer interviews, usability testing, and other forms of requirements discovery	Bachelor's Degree in Computer Science or any related field	4	\$95.00
68	IRG068	User Researcher - Senior	conducting user research, analysis & synthesis, and usability testing to guide products that delight our customers,Lead participatory and iterative design activities, including observational studies, customer interviews, usability testing, and other forms of requirements discovery	Bachelor's Degree in Computer Science or any related field	7	\$120.00
69	IRG069	Cyber Security Consultant - Junior	provide Cyber Security Incident Response and Management services necessary to ensure personnel at all levels respond to security incidents	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$105.00
70	IRG070	Cyber Security Consultant - Mid	provide Cyber Security Incident Response and Management services necessary to ensure personnel at all levels respond to security incidents	Bachelor's Degree in Computer Science or any related field	4	\$145.00
71	IRG071	Cyber Security Consultant - Senior	provide Cyber Security Incident Response and Management services necessary to ensure personnel at all levels respond to security incidents	Bachelor's Degree in Computer Science or any related field	7	\$170.00
72	IRG072	Backend Web Developer- Junior	modern, open source software to prototype and deploy backend web applications, including all aspects of server-side processing, data storage, and integration with frontend development.	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$80.00
73	IRG073	Backend Web Developer - Mid	modern, open source software to prototype and deploy backend web applications, including all aspects of server-side processing, data storage, and integration with frontend development.	Bachelor's Degree in Computer Science or any related field	4	\$105.00
74	IRG074	Backend Web Developer- Senior	modern, open source software to prototype and deploy backend web applications, including all aspects of server-side processing, data storage, and integration with frontend development.	Bachelor's Degree in Computer Science or any related field	7	\$125.00
75	IRG075	Frontend Web Developer- Junior	modern, frontend web development tools, techniques, and methods for the creation and deployment of user-facing interfaces. Is comfortable working in an agile and lean environment to routinely deploy changes.	Bachelor's Degree in Computer Science or any related field	1	\$80.00
76	IRG076	Frontend Web Developer - Mid	modern, frontend web development tools, techniques, and methods for the creation and deployment of user-facing interfaces. Is comfortable working in an agile and lean environment to routinely deploy changes.	Bachelor's Degree in Computer Science or any related field	4	\$105.00
77	IRG077	Frontend Web Developer- Senior	modern, frontend web development tools, techniques, and methods for the creation and deployment of user-facing interfaces. Is comfortable working in an agile and lean environment to routinely deploy changes.	Bachelor's Degree in Computer Science or any related field	7	\$125.00
78	IRG078	CRM Analyst – Junior	Salesforce Lightning Edition (Government, Service Cloud, Data Cloud, Community Cloud),System Support,Developer support (Apex, Javascript, etc.),Application support (including mobile app support),Workflow support,Object Model Support,Role-based access controls	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$110.00
79	IRG079	CRM Analyst – Senior - Mid	Salesforce Lightning Edition (Government, Service Cloud, Data Cloud, Community Cloud),System Support,Developer support (Apex, Javascript, etc.),Application support (including mobile app support),Workflow support,Object Model Support,Role-based access controls	Bachelor's Degree in Computer Science or any related field	4	\$120.00
80	IRG080	CRM Developer – Junior	Salesforce Lightning Edition (Government, Service Cloud, Data Cloud, Community Cloud),System Support,Developer support (Apex, Javascript, etc.),Application support (including mobile app support),Workflow support,Object Model Support,Role-based access controls	Associates Degree in Computer Science or related field such as Computer Engineering or any other field	1	\$145.00
