

Attachment 1 - Pricing	
Contractor:	JSM Consulting Inc
Contract Number:	1A, 1B, 2
Lots Awarded:	PB70543
<p>Authorized Users Please Note the Following:</p> <p>A competitive Mini-Bid is required for every transaction under this Centralized Contract. (Section 1.3 of Attachment 16 - How to Use this Contract)</p> <p>The Contractor acknowledges that any mini-bid under this Centralized Contract which includes pricing in excess of the “maximum Not-To-Exceed price” shall be rejected by the Authorized User. (Sections 7.9 of the Contract - Reasonableness of Price)</p> <p>Price increases will only apply to the OGS Centralized Contracts and shall not be applied retroactively to Authorized User Agreements or any Mini-bids already submitted to an Authorized User. (Section 8.5 of the Contract - Pricelist Adjustments)</p> <p>When provided for in the Mini-Bid and resultant Authorized User Agreement, an Authorized User may reimburse travel expenses. All rules and regulations associated with this travel can be found at http://osc.state.ny.us/agencies/travel/travel.htm. In no case will any travel reimbursement be paid that exceeds these rates. All travel will be paid only as part of a deliverable specified within the Authorized User Agreement and must be billed with that associated Invoice with receipts attached. (Section 7.12 of the Contract - Travel, Meals and Lodging)</p>	

JSM Consulting Inc Approved Price List			Number of Approved Titles:	130	Last Updated:	6/16/2025
Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
1	BA-1	Business Analyst - Junior	Analyzes an organization or business domain (real or hypothetical) and documents its business or processes or systems, assessing the business model or its integration with technology with distinct deliverables to a solution.	BS	1	\$34.16
2	BA-2	Business Analyst - Mid	Creates computer software. May specialize in one area of computer software or may write code for many kinds of software	BS	3	\$48.22
3	BA-3	Business Analyst - Senior	Uses specialized software to store and organize data, which may include capacity planning, installation, configuration, database design, migration, performance monitoring, security and troubleshooting, as well as backup and data recovery.	BS	5	\$66.50
4	BA-4	Business Analyst - Expert	Uses specialized software to store and organize data, which may include capacity planning, installation, configuration, database design, migration, performance monitoring, security and troubleshooting, as well as backup and data recovery.	BS	9	\$76.35
5	CE-5	Cloud Engineer - Junior	beginner To build and maintain cloud cloud infrastructure	BS	1	\$44.71
6	CE-6	Cloud Engineer - Mid	To build and maintain cloud cloud infrastructure	BS	3	\$62.29
7	CE-7	Cloud Engineer - Senior	To build and maintain cloud cloud infrastructure and maintain architecture	BS	5	\$79.86
8	CE-8	Cloud Engineer - Expert	To build and maintain cloud cloud infrastructure and design	BS	9	\$94.63
9	DA-9	Database Administrator - Junior	developing and maintaining databases, ensuring data security, tuning performance, backing up data, and providing training and support to users.	BS	1	\$40.49
10	DA-10	Database Administrator - Mid	developing and maintaining databases, ensuring data security, tuning performance, backing up data, and providing training and support to users.	BS	3	\$53.85
11	DA-11	Database Administrator - Senior	developing and maintaining databases, ensuring data security, tuning performance, backing up data, and providing training and support to users.	BS	5	\$72.13
12	DA-12	Database Administrator- Expert	developing and maintaining databases, ensuring data security, tuning performance, backing up data, and providing training and support to users.	BS	9	\$86.90
13	DA-13	Database Architect - Junior	developing and architect databases, ensuring data security, tuning performance, backing up data, and providing training and support to users.	BS	1	\$39.78
14	DA-14	Database Architect - Mid	developing and architect databases, ensuring data security, tuning performance, backing up data, and providing training and support to users.	BS	3	\$55.25
15	DA-15	Database Architect - Senior	developing and architect databases, ensuring data security, tuning performance, backing up data, and providing training and support to users.	BS	5	\$75.65
16	DA-16	Database Architect- Expert	developing and architect databases, ensuring data security, tuning performance, backing up data, and providing training and support to users.	BS	9	\$92.17
17	DM-17	Database Manager - Junior	manages, develops and maintains a company's data storage methods, databases and database retrieval systems	BS	1	\$39.78
18	DM-18	Database Manager - Mid	manages, develops and maintains a company's data storage methods, databases and database retrieval systems	BS	3	\$48.22
19	DM-19	Database Manager - Senior	manages, develops and maintains a company's data storage methods, databases and database retrieval systems	BS	5	\$71.18
20	DM-20	Database Manager- Expert	manages, develops and maintains a company's data storage methods, databases and database retrieval systems	BS	9	\$86.90
21	GD-21	Graphic Designer - Junior	create visual concepts, using computer software or by hand, to communicate ideas that inspire, inform, and captivate consumers.	BS	1	\$34.16
22	GD-22	Graphic Designer - Mid	create visual concepts, using computer software or by hand, to communicate ideas that inspire, inform, and captivate consumers.	BS	3	\$41.19
23	GD-23	Graphic Designer - Senior	create visual concepts, using computer software or by hand, to communicate ideas that inspire, inform, and captivate consumers.	BS	5	\$51.74
24	GD-24	Graphic Designer- Expert	create visual concepts, using computer software or by hand, to communicate ideas that inspire, inform, and captivate consumers.	BS	9	\$65.80
25	HDM-25	Help Desk Manager - Junior	Triage and solve the assigned requests according to the service desk's standard operating procedure. Ensure Service Level Agreements (SLAs) are met to maintain high-quality service. Escalate issues as needed.	BS	1	\$30.64
26	HDM-26	Help Desk Manager - Mid	Triage and solve the assigned requests according to the service desk's standard operating procedure. Ensure Service Level Agreements (SLAs) are met to maintain high-quality service. Escalate issues as needed.	BS	3	\$39.78
27	HDM-27	Help Desk Manager - Senior	Triage and solve the assigned requests according to the service desk's standard operating procedure. Ensure Service Level Agreements (SLAs) are met to maintain high-quality service. Escalate issues as needed.	BS	5	\$50.33
28	HDM-28	Help Desk Manager- Expert	Triage and solve the assigned requests according to the service desk's standard operating procedure. Ensure Service Level Agreements (SLAs) are met to maintain high-quality service. Escalate issues as needed.	BS	9	\$60.18
29	ITM-29	IT Manager - Junior	Triage and solve the assigned requests according to the service desk's standard operating procedure. Ensure Service Level Agreements (SLAs) are met to maintain high-quality service. Escalate issues as needed.	BS	1	\$39.78
30	ITM-30	IT Manager - Mid	Triage and solve the assigned requests according to the service desk's standard operating procedure. Ensure Service Level Agreements (SLAs) are met to maintain high-quality service. Escalate issues as needed.	BS	3	\$50.33
31	ITM-31	IT Manager - Senior	Triage and solve the assigned requests according to the service desk's standard operating procedure. Ensure Service Level Agreements (SLAs) are met to maintain high-quality service. Escalate issues as needed.	BS	5	\$69.32
32	ITM-32	IT Manager- Expert	Triage and solve the assigned requests according to the service desk's standard operating procedure. Ensure Service Level Agreements (SLAs) are met to maintain high-quality service. Escalate issues as needed.	BS	9	\$81.27
33	ITS-33	IT Specialist - Junior	Triage and solve the assigned requests according to the service desk's standard operating procedure. Ensure Service Level Agreements (SLAs) are met to maintain high-quality service. Escalate issues as needed.	BS	1	\$41.19
34	ITS-34	IT Specialist - Mid	Triage and solve the assigned requests according to the service desk's standard operating procedure. Ensure Service Level Agreements (SLAs) are met to maintain high-quality service. Escalate issues as needed.	BS	3	\$54.55
35	ITS-35	IT Specialist - Senior	Triage and solve the assigned requests according to the service desk's standard operating procedure. Ensure Service Level Agreements (SLAs) are met to maintain high-quality service. Escalate issues as needed.	BS	5	\$66.65

36	ITS-36	IT Specialist- Expert	Triage and solve the assigned requests according to the service desk's standard operating procedure. Ensure Service Level Agreements (SLAs) are met to maintain high-quality service. Escalate issues as needed.	BS	9	\$76.25
37	NA-37	Network Administrator - Junior	Designing and implementing new network solutions and/or improving the efficiency of current networks. Installing, configuring and supporting network equipment including routers, proxy servers, switches, WAN accelerators, DNS and DHCP	BS	1	\$37.67
38	NA-38	Network Administrator - Mid	Designing and implementing new network solutions and/or improving the efficiency of current networks. Installing, configuring and supporting network equipment including routers, proxy servers, switches, WAN accelerators, DNS and DHCP	BS	3	\$48.22
39	NA-39	Network Administrator - Senior	Designing and implementing new network solutions and/or improving the efficiency of current networks. Installing, configuring and supporting network equipment including routers, proxy servers, switches, WAN accelerators, DNS and DHCP	BS	5	\$62.29
40	NA-40	Network Administrator- Expert	Designing and implementing new network solutions and/or improving the efficiency of current networks. Installing, configuring and supporting network equipment including routers, proxy servers, switches, WAN accelerators, DNS and DHCP	BS	9	\$76.35
41	NA-41	Network Architect - Junior	Architecting new network solutions and/or improving the efficiency of current networks. Installing, configuring and supporting network equipment including routers, proxy servers, switches, WAN accelerators, DNS and DHCP	BS	1	\$41.19
42	NA-42	Network Architect - Mid	Architecting new network solutions and/or improving the efficiency of current networks. Installing, configuring and supporting network equipment including routers, proxy servers, switches, WAN accelerators, DNS and DHCP	BS	3	\$51.74
43	NA-43	Network Architect - Senior	Architecting new network solutions and/or improving the efficiency of current networks. Installing, configuring and supporting network equipment including routers, proxy servers, switches, WAN accelerators, DNS and DHCP	BS	5	\$65.80
44	NA-44	Network Architect- Expert	Architecting new network solutions and/or improving the efficiency of current networks. Installing, configuring and supporting network equipment including routers, proxy servers, switches, WAN accelerators, DNS and DHCP	BS	9	\$79.86
45	OM-45	Operations Manager - Junior	maintaining and increasing the efficiency of a business, government agency, or non-profit organization	BS	1	\$39.78
46	OM-46	Operations Manager - Mid	maintaining and increasing the efficiency of a business, government agency, or non-profit organization	BS	3	\$50.33
47	OM-47	Operations Manager - Senior	maintaining and increasing the efficiency of a business, government agency, or non-profit organization	BS	5	\$69.32
48	OM-48	Operations Manager- Expert	maintaining and increasing the efficiency of a business, government agency, or non-profit organization	BS	9	\$81.27
49	P-49	Programmer - Junior	programmer roles and responsibilities include many different routine tasks, such as writing clean code, integrating third-party programs into systems, and determining areas for improvement based on user feedback.	BS	1	\$44.71
50	P-50	Programmer - Mid	programmer roles and responsibilities include many different routine tasks, such as writing clean code, integrating third-party programs into systems, and determining areas for improvement based on user feedback.	BS	3	\$60.18
51	P-51	Programmer - Senior	programmer roles and responsibilities include many different routine tasks, such as writing clean code, integrating third-party programs into systems, and determining areas for improvement based on user feedback.	BS	5	\$70.72
52	P-52	Programmer- Expert	programmer roles and responsibilities include many different routine tasks, such as writing clean code, integrating third-party programs into systems, and determining areas for improvement based on user feedback.	BS	9	\$81.27
53	PM-53	Project Manager - Junior	managing the production of the required deliverables. planning and monitoring the project. adopting any delegation and use of project assurance roles within agreed reporting structures.	BS	1	\$44.71
54	PM-54	Project Manager - Mid	managing the production of the required deliverables. planning and monitoring the project. adopting any delegation and use of project assurance roles within agreed reporting structures.	BS	3	\$55.61
55	PM-55	Project Manager - Senior	managing the production of the required deliverables. planning and monitoring the project. adopting any delegation and use of project assurance roles within agreed reporting structures.	BS	5	\$76.21
56	PM-56	Project Manager- Expert	managing the production of the required deliverables. planning and monitoring the project. adopting any delegation and use of project assurance roles within agreed reporting structures.	BS	9	\$93.93
57	SA-57	Security Analyst - Junior	identify and fix problems within security systems by analyzing risks, vulnerabilities, threats and incidents. They perform a ton of security analyses to recommend solutions for preventing cyberattacks	BS	1	\$44.71
58	SA-58	Security Analyst - Mid	identify and fix problems within security systems by analyzing risks, vulnerabilities, threats and incidents. They perform a ton of security analyses to recommend solutions for preventing cyberattacks	BS	3	\$58.77
59	SA-59	Security Analyst - Senior	identify and fix problems within security systems by analyzing risks, vulnerabilities, threats and incidents. They perform a ton of security analyses to recommend solutions for preventing cyberattacks	BS	5	\$79.86
60	SA-60	Security Analyst- Expert	identify and fix problems within security systems by analyzing risks, vulnerabilities, threats and incidents. They perform a ton of security analyses to recommend solutions for preventing cyberattacks	BS	9	\$90.41
61	SM-61	Security Manager - Junior	Managing and organising tasks required in the security department to support the overall objectives of the security department including report gathering, information analysis, responding to incidents, access control measures or supporting officers in official visits and events, managing contractors, tracking progress	BS	1	\$44.71
62	SM-62	Security Manager - Mid	Managing and organising tasks required in the security department to support the overall objectives of the security department including report gathering, information analysis, responding to incidents, access control measures or supporting officers in official visits and events, managing contractors, tracking progress	BS	3	\$65.80
63	SM-63	Security Manager - Senior	Managing and organising tasks required in the security department to support the overall objectives of the security department including report gathering, information analysis, responding to incidents, access control measures or supporting officers in official visits and events, managing contractors, tracking progress	BS	5	\$83.38
64	SM-64	Security Manager- Expert	Managing and organising tasks required in the security department to support the overall objectives of the security department including report gathering, information analysis, responding to incidents, access control measures or supporting officers in official visits and events, managing contractors, tracking progress	BS	9	\$97.44
65	SA-65	Software Analyst - Junior	monitors the software development process, performs configuration management, identifies safety, performance, and compliance issues, and prepares software requirements and specification (Software Requirements Specification) documents.	BS	1	\$44.71

JSM Consulting Inc Approved Price List			Number of Approved Titles:	130	Last Updated:	6/16/2025
Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
66	SA-66	Software Analyst - Mid	monitors the software development process, performs configuration management, identifies safety, performance, and compliance issues, and prepares software requirements and specification (Software Requirements Specification) documents.	BS	3	\$55.25
67	SA-67	Software Analyst - Senior	monitors the software development process, performs configuration management, identifies safety, performance, and compliance issues, and prepares software requirements and specification (Software Requirements Specification) documents.	BS	5	\$69.32
68	SA-68	Software Analyst- Expert	monitors the software development process, performs configuration management, identifies safety, performance, and compliance issues, and prepares software requirements and specification (Software Requirements Specification) documents.	BS	9	\$90.90
69	SA-69	Software Architect - Junior	designs high-level concepts and user interface (UI) layouts for software applications. They collaborate with other architects and software engineers to ensure that the final product meets all requirements outlined in the original designs.	BS	1	\$44.71
70	SA-70	Software Architect - Mid	designs high-level concepts and user interface (UI) layouts for software applications. They collaborate with other architects and software engineers to ensure that the final product meets all requirements outlined in the original designs.	BS	3	\$62.29
71	SA-71	Software Architect - Senior	designs high-level concepts and user interface (UI) layouts for software applications. They collaborate with other architects and software engineers to ensure that the final product meets all requirements outlined in the original designs.	BS	5	\$79.86
72	SA-72	Software Architect- Expert	designs high-level concepts and user interface (UI) layouts for software applications. They collaborate with other architects and software engineers to ensure that the final product meets all requirements outlined in the original designs.	BS	9	\$100.96
73	SD-73	Software Developer - Junior	designs high-level concepts and user interface (UI) layouts for software applications. They collaborate with other architects and software engineers to ensure that the final product meets all requirements outlined in the original designs.	BS	1	\$44.71
74	SD-74	Software Developer - Mid	designs high-level concepts and user interface (UI) layouts for software applications. They collaborate with other architects and software engineers to ensure that the final product meets all requirements outlined in the original designs.	BS	3	\$60.18
75	SD-75	Software Developer - Senior	designs high-level concepts and user interface (UI) layouts for software applications. They collaborate with other architects and software engineers to ensure that the final product meets all requirements outlined in the original designs.	BS	5	\$70.72
76	SD-76	Software Developer- Expert	designs high-level concepts and user interface (UI) layouts for software applications. They collaborate with other architects and software engineers to ensure that the final product meets all requirements outlined in the original designs.	BS	9	\$81.27
77	SM-77	Software Manager - Senior	lead teams in the design, development, implementation, optimization, maintenance, and troubleshooting of software programs and applications.	BS	1	\$44.00
78	SM-78	Software Manager - Mid	lead teams in the design, development, implementation, optimization, maintenance, and troubleshooting of software programs and applications.	BS	3	\$55.25
79	SM-79	Software Manager - Senior	lead teams in the design, development, implementation, optimization, maintenance, and troubleshooting of software programs and applications.	BS	5	\$75.65
80	SM-80	Software Manager- Expert	lead teams in the design, development, implementation, optimization, maintenance, and troubleshooting of software programs and applications.	BS	9	\$93.93
81	SA-81	Systems Administrator - Junior	maintain a company's IT network, servers, and security systems. They work in a company's IT department and may manage ticket queues and set departmental priorities. They travel to remote sites and customer locations to resolve issues with software and hardware.	BS	1	\$31.35
82	SA-82	Systems Administrator - Mid	maintain a company's IT network, servers, and security systems. They work in a company's IT department and may manage ticket queues and set departmental priorities. They travel to remote sites and customer locations to resolve issues with software and hardware.	BS	3	\$48.22
83	SA-83	Systems Administrator - Senior	maintain a company's IT network, servers, and security systems. They work in a company's IT department and may manage ticket queues and set departmental priorities. They travel to remote sites and customer locations to resolve issues with software and hardware.	BS	5	\$70.72
84	SA-84	Systems Administrator- Expert	maintain a company's IT network, servers, and security systems. They work in a company's IT department and may manage ticket queues and set departmental priorities. They travel to remote sites and customer locations to resolve issues with software and hardware.	BS	9	\$79.86
85	SA-85	Systems Analyst - Junior	uses analysis and design techniques to solve business problems using information technology. Systems analysts may serve as change agents who identify the organizational improvements needed, design systems to implement those changes, and train and motivate others to use the systems.	BS	1	\$40.14
86	SA-86	Systems Analyst - Mid	uses analysis and design techniques to solve business problems using information technology. Systems analysts may serve as change agents who identify the organizational improvements needed, design systems to implement those changes, and train and motivate others to use the systems.	BS	3	\$51.03
87	SA-87	Systems Analyst - Senior	uses analysis and design techniques to solve business problems using information technology. Systems analysts may serve as change agents who identify the organizational improvements needed, design systems to implement those changes, and train and motivate others to use the systems.	BS	5	\$61.93
88	SA-88	Systems Analyst- Expert	uses analysis and design techniques to solve business problems using information technology. Systems analysts may serve as change agents who identify the organizational improvements needed, design systems to implement those changes, and train and motivate others to use the systems.	BS	9	\$72.83
89	SA-89	Systems Architect - Junior	devising, configuring, operating, and maintaining both computer and networking systems. They objectively analyze desired processes and outcomes and advise on the right combination of IT systems and components to achieve specific business, department, team, or functional goals.	BS	1	\$41.19

JSM Consulting Inc Approved Price List			Number of Approved Titles:	130	Last Updated:	6/16/2025

90	SA-90	Systems Architect - Mid	devising, configuring, operating, and maintaining both computer and networking systems. They objectively analyze desired processes and outcomes and advise on the right combination of IT systems and components to achieve specific business, department, team, or functional goals.	BS	3	\$51.74
91	SA-91	Systems Architect - Senior	devising, configuring, operating, and maintaining both computer and networking systems. They objectively analyze desired processes and outcomes and advise on the right combination of IT systems and components to achieve specific business, department, team, or functional goals.	BS	5	\$75.65
92	SA-92	Systems Architect- Expert	devising, configuring, operating, and maintaining both computer and networking systems. They objectively analyze desired processes and outcomes and advise on the right combination of IT systems and components to achieve specific business, department, team, or functional goals.	BS	9	\$96.04
93	SD-93	Systems Developer - Junior	Functions may include analyzing functional and systems requirements, developing application and database architecture and design, writing code, validating data acquisition and output media/formats, designing user interfaces, developing and maintaining websites, interactive applications.	BS	1	\$44.71
94	SD-94	Systems Developer - Mid	Functions may include analyzing functional and systems requirements, developing application and database architecture and design, writing code, validating data acquisition and output media/formats, designing user interfaces, developing and maintaining websites, interactive applications.	BS	3	\$60.18
95	SD-95	Systems Developer - Senior	Functions may include analyzing functional and systems requirements, developing application and database architecture and design, writing code, validating data acquisition and output media/formats, designing user interfaces, developing and maintaining websites, interactive applications.	BS	5	\$70.72
96	SD-96	Systems Developer- Expert	Functions may include analyzing functional and systems requirements, developing application and database architecture and design, writing code, validating data acquisition and output media/formats, designing user interfaces, developing and maintaining websites, interactive applications.	BS	9	\$81.27
97	TW-97	Technical Writer - Junior	creating documentation that clarifies the product's features and benefits. They work on requirements like content strategy or scoping out new products to ensure all necessary information has been included for users to understand what they're reading quickly.	BS	1	\$30.64
98	TW-98	Technical Writer - Mid	creating documentation that clarifies the product's features and benefits. They work on requirements like content strategy or scoping out new products to ensure all necessary information has been included for users to understand what they're reading quickly.	BS	3	\$39.08
99	TW-99	Technical Writer - Senior	creating documentation that clarifies the product's features and benefits. They work on requirements like content strategy or scoping out new products to ensure all necessary information has been included for users to understand what they're reading quickly.	BS	5	\$46.11
100	TW-100	Technical Writer- Expert	creating documentation that clarifies the product's features and benefits. They work on requirements like content strategy or scoping out new products to ensure all necessary information has been included for users to understand what they're reading quickly.	BS	9	\$52.44
101	T-101	Tester - Junior	To read all the documents and understand what needs to be tested.Based on the information procured in the above step decide how it is to be tested.Inform the test lead about what all resources will be required for software testing.Execute all the test case and report defects, define severity and priority for each defect.Carry out regression testing every time when changes are made to the code to fix defects.	BS	1	\$37.67
102	T-102	Tester - Mid	To read all the documents and understand what needs to be tested.Based on the information procured in the above step decide how it is to be tested.Inform the test lead about what all resources will be required for software testing.Execute all the test case and report defects, define severity and priority for each defect.Carry out regression testing every time when changes are made to the code to fix defects.	BS	3	\$44.00
103	T-103	Tester - Senior	To read all the documents and understand what needs to be tested.Based on the information procured in the above step decide how it is to be tested.Inform the test lead about what all resources will be required for software testing.Execute all the test case and report defects, define severity and priority for each defect.Carry out regression testing every time when changes are made to the code to fix defects.	BS	5	\$55.25
104	T-104	Tester- Expert	To read all the documents and understand what needs to be tested.Based on the information procured in the above step decide how it is to be tested.Inform the test lead about what all resources will be required for software testing.Execute all the test case and report defects, define severity and priority for each defect.Carry out regression testing every time when changes are made to the code to fix defects.	BS	9	\$60.53
105	TD-105	Training Developer - Junior	Develop and implement training programs. Review and select training materials from a variety of vendors. Update training programs to ensure that they are relevant. Teach training methods and skills to instructors and supervisors.	BS	1	\$30.64
106	TD-106	Training Developer - Mid	Develop and implement training programs. Review and select training materials from a variety of vendors. Update training programs to ensure that they are relevant. Teach training methods and skills to instructors and supervisors.	BS	3	\$37.67
107	TD-107	Training Developer - Senior	Develop and implement training programs. Review and select training materials from a variety of vendors. Update training programs to ensure that they are relevant. Teach training methods and skills to instructors and supervisors.	BS	5	\$48.22
108	TD-108	Training Developer- Expert	Develop and implement training programs. Review and select training materials from a variety of vendors. Update training programs to ensure that they are relevant. Teach training methods and skills to instructors and supervisors.	BS	9	\$55.25
109	WA-109	Web Administrator - Junior	Creates and maintains internal and external websites in collaboration with web developers. Reviews web content, links, and design; provides necessary updates and enhancements in a timely manner. Monitors site security; reports suspected or actual security breaches and denial of service attacks to appropriate staff.	BS	1	\$30.64
110	WA-110	Web Administrator - Mid	Creates and maintains internal and external websites in collaboration with web developers. Reviews web content, links, and design; provides necessary updates and enhancements in a timely manner. Monitors site security; reports suspected or actual security breaches and denial of service attacks to appropriate staff.	BS	3	\$41.19
