

Attachment 1 - Pricing	
Contractor:	Sligo Software Solutions Inc
Contract Number:	PB70756
Lots Awarded:	1A, 1B, 2
<p>Authorized Users Please Note the Following:</p> <p>A competitive Mini-Bid is required for every transaction under this Centralized Contract. (Section 1.3 of Attachment 16 - How to Use this Contract)</p> <p>The Contractor acknowledges that any mini-bid under this Centralized Contract which includes pricing in excess of the “maximum Not-To-Exceed price” shall be rejected by the Authorized User. (Sections 7.9 of the Contract - Reasonableness of Price)</p> <p>Price increases will only apply to the OGS Centralized Contracts and shall not be applied retroactively to Authorized User Agreements or any Mini-bids already submitted to an Authorized User. (Section 8.5 of the Contract - Pricelist Adjustments)</p> <p>When provided for in the Mini-Bid and resultant Authorized User Agreement, an Authorized User may reimburse travel expenses. All rules and regulations associated with this travel can be found at http://osc.state.ny.us/agencies/travel/travel.htm. In no case will any travel reimbursement be paid that exceeds these rates. All travel will be paid only as part of a deliverable specified within the Authorized User Agreement and must be billed with that associated Invoice with receipts attached. (Section 7.12 of the Contract - Travel, Meals and Lodging)</p>	

Sligo Software Solutions Inc Approved Price List			Number of Approved Titles:	124	Last Updated:	6/16/2025
Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
1	SLG0010	Business Analyst-Junior	Analyzes an organization or business domain (real or hypothetical) and documents its business or processes or systems, assessing the business model or its integration with technology with distinct deliverables to a solution.	BS	3	\$42.81
2	SLG0011	Business Analyst-Mid-Level	Analyzes an organization or business domain (real or hypothetical) and documents its business or processes or systems, assessing the business model or its integration with technology with distinct deliverables to a solution.	BS	5	\$55.16
3	SLG0012	Business Analyst-Senior	Analyzes an organization or business domain (real or hypothetical) and documents its business or processes or systems, assessing the business model or its integration with technology with distinct deliverables to a solution.	BS	7	\$69.21
4	SLG0013	Business Analyst-Expert	Analyzes an organization or business domain (real or hypothetical) and documents its business or processes or systems, assessing the business model or its integration with technology with distinct deliverables to a solution.	BS	9	\$77.97
5	SLG0020	Cloud Engineer-Junior	Applies engineering disciplines to cloud computing and brings a systematic approach to concerns of commercialization, standardization, and governance of cloud computing applications. Leverages the methods and tools of engineering in conceiving, developing, operating and maintaining cloud computing systems and solutions. Uses the economics of cloud resources to solve business problems.	BS	3	\$55.22
6	SLG0021	Cloud Engineer-Mid-Level	Applies engineering disciplines to cloud computing and brings a systematic approach to concerns of commercialization, standardization, and governance of cloud computing applications. Leverages the methods and tools of engineering in conceiving, developing, operating and maintaining cloud computing systems and solutions. Uses the economics of cloud resources to solve business problems.	BS	5	\$75.60
7	SLG0022	Cloud Engineer-Senior	Applies engineering disciplines to cloud computing and brings a systematic approach to concerns of commercialization, standardization, and governance of cloud computing applications. Leverages the methods and tools of engineering in conceiving, developing, operating and maintaining cloud computing systems and solutions. Uses the economics of cloud resources to solve business problems.	BS	7	\$85.63
8	SLG0023	Cloud Engineer-Expert	Applies engineering disciplines to cloud computing and brings a systematic approach to concerns of commercialization, standardization, and governance of cloud computing applications. Leverages the methods and tools of engineering in conceiving, developing, operating and maintaining cloud computing systems and solutions. Uses the economics of cloud resources to solve business problems.	BS	9	\$98.64
9	SLG0030	Database Administrator-Junior	Uses specialized software to store and organize data, which may include capacity planning, installation, configuration, database design, migration, performance monitoring, security and troubleshooting, as well as backup and data recovery	BS	3	\$47.44
10	SLG0031	Database Administrator-Mid-Level	Uses specialized software to store and organize data, which may include capacity planning, installation, configuration, database design, migration, performance monitoring, security and troubleshooting, as well as backup and data recovery	BS	5	\$59.79
11	SLG0032	Database Administrator-Senior	Uses specialized software to store and organize data, which may include capacity planning, installation, configuration, database design, migration, performance monitoring, security and troubleshooting, as well as backup and data recovery	BS	7	\$76.70
12	SLG0033	Database Administrator-Expert	Uses specialized software to store and organize data, which may include capacity planning, installation, configuration, database design, migration, performance monitoring, security and troubleshooting, as well as backup and data recovery	BS	9	\$88.74
13	SLG0040	Database Architect-Junior	Determines database structural requirements by analyzing client operations, applications, and programming; reviews objectives with clients; evaluates current systems; provides database support by coding utilities, responding to user questions, and resolving problems.	BS	3	\$51.22
14	SLG0041	Database Architect-Mid-Level	Determines database structural requirements by analyzing client operations, applications, and programming; reviews objectives with clients; evaluates current systems; provides database support by coding utilities, responding to user questions, and resolving problems.	BS	5	\$69.71
15	SLG0042	Database Architect-Senior	Determines database structural requirements by analyzing client operations, applications, and programming; reviews objectives with clients; evaluates current systems; provides database support by coding utilities, responding to user questions, and resolving problems.	BS	7	\$83.20

Sligo Software Solutions Inc Approved Price List			Number of Approved Titles:	124	Last Updated:	6/16/2025
Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
16	SLG0043	Database Architect-Expert	Determines database structural requirements by analyzing client operations, applications, and programming; reviews objectives with clients; evaluates current systems; provides database support by coding utilities, responding to user questions, and resolving problems.	BS	9	\$96.27
17	SLG0050	Database Manager-Junior	Keeps senior technical management informed by preparing reports on system performance and problems. Upgrades hardware and software by assessing transaction processing and database production options. Maintains database performance by troubleshooting problems.	BS	3	\$51.42
18	SLG0051	Database Manager-Mid-Level	Keeps senior technical management informed by preparing reports on system performance and problems. Upgrades hardware and software by assessing transaction processing and database production options. Maintains database performance by troubleshooting problems.	BS	5	\$63.07
19	SLG0052	Database Manager-Senior	Keeps senior technical management informed by preparing reports on system performance and problems. Upgrades hardware and software by assessing transaction processing and database production options. Maintains database performance by troubleshooting problems.	BS	7	\$83.63
20	SLG0053	Database Manager-Expert	Keeps senior technical management informed by preparing reports on system performance and problems. Upgrades hardware and software by assessing transaction processing and database production options. Maintains database performance by troubleshooting problems.	BS	9	\$98.30
21	SLG0060	Graphic Designer-Junior	Assembles together images, typography, or motion graphics to create a piece of design in a way that is both accessible and memorable. Creates the graphics primarily for published, printed or electronic media, such as brochures and advertising. May also be responsible for typesetting, illustration, user interfaces, and web design.	BS	3	\$42.04
22	SLG0061	Graphic Designer-Mid-Level	Assembles together images, typography, or motion graphics to create a piece of design in a way that is both accessible and memorable. Creates the graphics primarily for published, printed or electronic media, such as brochures and advertising. May also be responsible for typesetting, illustration, user interfaces, and web design.	BS	5	\$53.50
23	SLG0062	Graphic Designer-Senior	Assembles together images, typography, or motion graphics to create a piece of design in a way that is both accessible and memorable. Creates the graphics primarily for published, printed or electronic media, such as brochures and advertising. May also be responsible for typesetting, illustration, user interfaces, and web design.	BS	7	\$67.21
24	SLG0063	Graphic Designer-Expert	Assembles together images, typography, or motion graphics to create a piece of design in a way that is both accessible and memorable. Creates the graphics primarily for published, printed or electronic media, such as brochures and advertising. May also be responsible for typesetting, illustration, user interfaces, and web design.	BS	9	\$72.52
25	SLG0070	Help Desk Manager-Junior	Help desk managers complete both technical support and organizational duties, including answering telephones, communicating with clients, diagnosing hardware and software malfunctions, troubleshooting problems, replacing hardware and installing new software on clients' machines.	BS	3	\$42.04
26	SLG0071	Help Desk Manager-Mid-Level	Help desk managers complete both technical support and organizational duties, including answering telephones, communicating with clients, diagnosing hardware and software malfunctions, troubleshooting problems, replacing hardware and installing new software on clients' machines.	BS	5	\$48.17
27	SLG0072	Help Desk Manager-Senior	Help desk managers complete both technical support and organizational duties, including answering telephones, communicating with clients, diagnosing hardware and software malfunctions, troubleshooting problems, replacing hardware and installing new software on clients' machines.	BS	7	\$58.37
28	SLG0073	Help Desk Manager-Expert	Help desk managers complete both technical support and organizational duties, including answering telephones, communicating with clients, diagnosing hardware and software malfunctions, troubleshooting problems, replacing hardware and installing new software on clients' machines.	BS	9	\$68.40
29	SLG0080	IT Manager-Junior	Ensures the secure and effective operation of all computer systems, related applications and hardware and software that is used. Plans strategies and transitions projects into operations.	BS	3	\$50.53

Sligo Software Solutions Inc Approved Price List			Number of Approved Titles:	124	Last Updated:	6/16/2025
Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
30	SLG0081	IT Manager-Mid-Level	Ensures the secure and effective operation of all computer systems, related applications and hardware and software that is used. Plans strategies and transitions projects into operations.	BS	5	\$63.49
31	SLG0082	IT Manager-Senior	Ensures the secure and effective operation of all computer systems, related applications and hardware and software that is used. Plans strategies and transitions projects into operations.	BS	7	\$79.46
32	SLG0083	IT Manager-Expert	Ensures the secure and effective operation of all computer systems, related applications and hardware and software that is used. Plans strategies and transitions projects into operations.	BS	9	\$89.94
33	SLG0090	IT Specialist-Junior	Works in the field of Information Technology, experienced in the usage and support of a collection of development platforms, technical architectures or business applications and products that run on those platforms - beyond that of a Programmer.	BS	3	\$45.90
34	SLG0091	IT Specialist-Mid-Level	Works in the field of Information Technology, experienced in the usage and support of a collection of development platforms, technical architectures or business applications and products that run on those platforms - beyond that of a Programmer.	BS	5	\$63.77
35	SLG0092	IT Specialist-Senior	Works in the field of Information Technology, experienced in the usage and support of a collection of development platforms, technical architectures or business applications and products that run on those platforms - beyond that of a Programmer.	BS	7	\$80.25
36	SLG0093	IT Specialist-Expert	Works in the field of Information Technology, experienced in the usage and support of a collection of development platforms, technical architectures or business applications and products that run on those platforms - beyond that of a Programmer.	BS	9	\$89.19
37	SLG0100	Network Administrator-Junior	Maintains computer infrastructures with emphasis on networking. Key areas of expertise are with on-site servers, software-network interactions and network integrity/resilience.	BS	3	\$45.90
38	SLG0101	Network Administrator-Mid-Level	Maintains computer infrastructures with emphasis on networking. Key areas of expertise are with on-site servers, software-network interactions and network integrity/resilience.	BS	5	\$60.68
39	SLG0102	Network Administrator-Senior	Maintains computer infrastructures with emphasis on networking. Key areas of expertise are with on-site servers, software-network interactions and network integrity/resilience.	BS	7	\$78.54
40	SLG0103	Network Administrator-Expert	Maintains computer infrastructures with emphasis on networking. Key areas of expertise are with on-site servers, software-network interactions and network integrity/resilience.	BS	9	\$89.37
41	SLG0110	Network Architect-Junior	Designs and implements computer and information networks, such as local area networks (LAN), wide area networks (WAN), intranets, extranets, and other data communications networks. Performs network modeling, analysis, and planning.	BS	3	\$55.86
42	SLG0111	Network Architect-Mid-Level	Designs and implements computer and information networks, such as local area networks (LAN), wide area networks (WAN), intranets, extranets, and other data communications networks. Performs network modeling, analysis, and planning.	BS	5	\$67.31
43	SLG0112	Network Architect-Senior	Designs and implements computer and information networks, such as local area networks (LAN), wide area networks (WAN), intranets, extranets, and other data communications networks. Performs network modeling, analysis, and planning.	BS	7	\$82.97
44	SLG0113	Network Architect-Expert	Designs and implements computer and information networks, such as local area networks (LAN), wide area networks (WAN), intranets, extranets, and other data communications networks. Performs network modeling, analysis, and planning.	BS	9	\$101.81
45	SLG0120	Operations Manager-Junior	Maintains the operational integrity of the technologies and services provided. Keeps hardware and software functioning. Uses monitoring applications to track performance. Responds to support the needs of business users when outages occur or are imminent.	BS	3	\$48.44
46	SLG0121	Operations Manager-Mid-Level	Maintains the operational integrity of the technologies and services provided. Keeps hardware and software functioning. Uses monitoring applications to track performance. Responds to support the needs of business users when outages occur or are imminent.	BS	5	\$61.72
47	SLG0122	Operations Manager-Senior	Maintains the operational integrity of the technologies and services provided. Keeps hardware and software functioning. Uses monitoring applications to track performance. Responds to support the needs of business users when outages occur or are imminent.	BS	7	\$79.13

Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
48	SLG0123	Operations Manager-Expert	Maintains the operational integrity of the technologies and services provided. Keeps hardware and software functioning. Uses monitoring applications to track performance. Responds to support the needs of business users when outages occur or are imminent.	BS	9	\$88.99
49	SLG0130	Programmer-Junior	Creates computer software. May specialize in one area of computer software or may write code for many kinds of software.	BS	3	\$43.89
50	SLG0131	Programmer-Mid-Level	Creates computer software. May specialize in one area of computer software or may write code for many kinds of software.	BS	5	\$62.99
51	SLG0132	Programmer-Senior	Creates computer software. May specialize in one area of computer software or may write code for many kinds of software.	BS	7	\$76.12
52	SLG0133	Programmer-Expert	Creates computer software. May specialize in one area of computer software or may write code for many kinds of software.	BS	9	\$85.95
53	SLG0140	Project Manager-Junior	Plans, organizes and integrates cross-functional information technology projects that are significant in scope and impact.	BS	3	\$50.53
54	SLG0141	Project Manager-Mid-Level	Plans, organizes and integrates cross-functional information technology projects that are significant in scope and impact.	BS	5	\$62.10
55	SLG0142	Project Manager-Senior	Plans, organizes and integrates cross-functional information technology projects that are significant in scope and impact.	BS	7	\$84.27
56	SLG0143	Project Manager-Expert	Plans, organizes and integrates cross-functional information technology projects that are significant in scope and impact.	BS	9	\$98.84
57	SLG0150	Security Analyst-Junior	Plans and carries out security measures to protect an organization's computer networks and systems.	BS	3	\$52.84
58	SLG0151	Security Analyst-Mid-Level	Plans and carries out security measures to protect an organization's computer networks and systems.	BS	5	\$68.93
59	SLG0152	Security Analyst-Senior	Plans and carries out security measures to protect an organization's computer networks and systems.	BS	7	\$83.56
60	SLG0153	Security Analyst-Expert	Plans and carries out security measures to protect an organization's computer networks and systems.	BS	9	\$93.12
61	SLG0160	Security Manager-Junior	Monitors networks for security breaches and investigates violations when they occurs. Helps to design, implement, and maintain the organization's cybersecurity plan.	BS	3	\$54.58
62	SLG0161	Security Manager-Mid-Level	Monitors networks for security breaches and investigates violations when they occurs. Helps to design, implement, and maintain the organization's cybersecurity plan.	BS	5	\$76.13
63	SLG0162	Security Manager-Senior	Monitors networks for security breaches and investigates violations when they occurs. Helps to design, implement, and maintain the organization's cybersecurity plan.	BS	7	\$96.62
64	SLG0163	Security Manager-Expert	Monitors networks for security breaches and investigates violations when they occurs. Helps to design, implement, and maintain the organization's cybersecurity plan.	BS	9	\$104.71
65	SLG0170	Software Analyst-Junior	Studies the software application domain, prepares software requirements, and specification documents. Liaises between the software users and the software developers. Conveys the demands of software users to the developers. Skills include: working knowledge of software technology; computer programming experience/expertise; general business knowledge; problem solving/reduction skills; interpersonal relation skills; flexibility and adaptability.	BS	3	\$51.84
66	SLG0171	Software Analyst-Mid-Level	Studies the software application domain, prepares software requirements, and specification documents. Liaises between the software users and the software developers. Conveys the demands of software users to the developers. Skills include: working knowledge of software technology; computer programming experience/expertise; general business knowledge; problem solving/reduction skills; interpersonal relation skills; flexibility and adaptability.	BS	5	\$64.43
67	SLG0172	Software Analyst-Senior	Studies the software application domain, prepares software requirements, and specification documents. Liaises between the software users and the software developers. Conveys the demands of software users to the developers. Skills include: working knowledge of software technology; computer programming experience/expertise; general business knowledge; problem solving/reduction skills; interpersonal relation skills; flexibility and adaptability.	BS	7	\$77.73

Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
68	SLG0173	Software Analyst-Expert	Studies the software application domain, prepares software requirements, and specification documents. Liaises between the software users and the software developers. Conveys the demands of software users to the developers. Skills include: working knowledge of software technology; computer programming experience/expertise; general business knowledge; problem solving/reduction skills; interpersonal relation skills; flexibility and adaptability.	BS	9	\$84.39
69	SLG0180	Software Architect-Junior	Makes high-level design choices and dictates technical standards, including software coding standards, tools, and platforms. Designs multi-leveled architecture or component interactions of a large scale software system.	BS	3	\$55.54
70	SLG0181	Software Architect-Mid-Level	Makes high-level design choices and dictates technical standards, including software coding standards, tools, and platforms. Designs multi-leveled architecture or component interactions of a large scale software system.	BS	5	\$71.27
71	SLG0182	Software Architect-Senior	Makes high-level design choices and dictates technical standards, including software coding standards, tools, and platforms. Designs multi-leveled architecture or component interactions of a large scale software system.	BS	7	\$87.08
72	SLG0183	Software Architect-Expert	Makes high-level design choices and dictates technical standards, including software coding standards, tools, and platforms. Designs multi-leveled architecture or component interactions of a large scale software system.	BS	9	\$98.99
73	SLG0190	Software Developer-Junior	Is involved with all facets of the software development process, including the research, design, programming, testing and implementation of computer software.	BS	3	\$46.05
74	SLG0191	Software Developer-Mid-Level	Is involved with all facets of the software development process, including the research, design, programming, testing and implementation of computer software.	BS	5	\$61.52
75	SLG0192	Software Developer-Senior	Is involved with all facets of the software development process, including the research, design, programming, testing and implementation of computer software.	BS	7	\$76.96
76	SLG0193	Software Developer-Expert	Is involved with all facets of the software development process, including the research, design, programming, testing and implementation of computer software.	BS	9	\$86.06
77	SLG0200	Software Manager-Junior	Oversees and coordinates the people, resources and processes required to deliver new software or to upgrade existing products. May take a hands-on role in software development.	BS	3	\$52.46
78	SLG0201	Software Manager-Mid-Level	Oversees and coordinates the people, resources and processes required to deliver new software or to upgrade existing products. May take a hands-on role in software development.	BS	5	\$72.90
79	SLG0202	Software Manager-Senior	Oversees and coordinates the people, resources and processes required to deliver new software or to upgrade existing products. May take a hands-on role in software development.	BS	7	\$87.69
80	SLG0203	Software Manager-Expert	Oversees and coordinates the people, resources and processes required to deliver new software or to upgrade existing products. May take a hands-on role in software development.	BS	9	\$101.20
81	SLG0210	Systems Administrator-Junior	Maintains the upkeep, configuration, and reliable operation of computer systems; especially multi-user computers, such as servers. Ensures that the uptime, performance, resources and security of the computers he or she manages meet the needs of the users.	BS	3	\$44.17
82	SLG0211	Systems Administrator-Mid-Level	Maintains the upkeep, configuration, and reliable operation of computer systems; especially multi-user computers, such as servers. Ensures that the uptime, performance, resources and security of the computers he or she manages meet the needs of the users.	BS	5	\$55.92
83	SLG0212	Systems Administrator-Senior	Maintains the upkeep, configuration, and reliable operation of computer systems; especially multi-user computers, such as servers. Ensures that the uptime, performance, resources and security of the computers he or she manages meet the needs of the users.	BS	7	\$67.63
84	SLG0213	Systems Administrator-Expert	Maintains the upkeep, configuration, and reliable operation of computer systems; especially multi-user computers, such as servers. Ensures that the uptime, performance, resources and security of the computers he or she manages meet the needs of the users.	BS	9	\$77.74

Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
85	SLG0220	Systems Analyst-Junior	Specializes in analyzing, designing and implementing information systems. Assesses the suitability of information systems in terms of their intended outcomes and liaises with end users, software vendors and programmers in order to achieve these outcomes. Uses analysis and design techniques to solve business problems using information technology. Serves as change agent, who identifies the organizational improvements needed, designs systems to implement those changes and trains and motivates others to use the systems.	BS	3	\$43.57
86	SLG0221	Systems Analyst-Mid-Level	Specializes in analyzing, designing and implementing information systems. Assesses the suitability of information systems in terms of their intended outcomes and liaises with end users, software vendors and programmers in order to achieve these outcomes. Uses analysis and design techniques to solve business problems using information technology. Serves as change agent, who identifies the organizational improvements needed, designs systems to implement those changes and trains and motivates others to use the systems.	BS	5	\$55.51
87	SLG0222	Systems Analyst-Senior	Specializes in analyzing, designing and implementing information systems. Assesses the suitability of information systems in terms of their intended outcomes and liaises with end users, software vendors and programmers in order to achieve these outcomes. Uses analysis and design techniques to solve business problems using information technology. Serves as change agent, who identifies the organizational improvements needed, designs systems to implement those changes and trains and motivates others to use the systems.	BS	7	\$69.01
88	SLG0223	Systems Analyst-Expert	Specializes in analyzing, designing and implementing information systems. Assesses the suitability of information systems in terms of their intended outcomes and liaises with end users, software vendors and programmers in order to achieve these outcomes. Uses analysis and design techniques to solve business problems using information technology. Serves as change agent, who identifies the organizational improvements needed, designs systems to implement those changes and trains and motivates others to use the systems.	BS	9	\$79.35
89	SLG0230	Systems Architect-Junior	Defines the architecture of a computerized system (i.e., a system composed of software and hardware) in order to fulfill certain requirement, including a breakdown of the system into components, the component interactions and interfaces (including with the environment, especially the user), and the technologies and resources to be used in the design.	BS	3	\$54.00
90	SLG0231	Systems Architect-Mid-Level	Defines the architecture of a computerized system (i.e., a system composed of software and hardware) in order to fulfill certain requirement, including a breakdown of the system into components, the component interactions and interfaces (including with the environment, especially the user), and the technologies and resources to be used in the design.	BS	5	\$68.28
91	SLG0232	Systems Architect-Senior	Defines the architecture of a computerized system (i.e., a system composed of software and hardware) in order to fulfill certain requirement, including a breakdown of the system into components, the component interactions and interfaces (including with the environment, especially the user), and the technologies and resources to be used in the design.	BS	7	\$84.09
92	SLG0233	Systems Architect-Expert	Defines the architecture of a computerized system (i.e., a system composed of software and hardware) in order to fulfill certain requirement, including a breakdown of the system into components, the component interactions and interfaces (including with the environment, especially the user), and the technologies and resources to be used in the design.	BS	9	\$96.06
93	SLG0240	Systems Developer-Junior	Develops and implements applications and programs for the backend processing systems used in businesses and organizations.	BS	3	\$48.68
94	SLG0241	Systems Developer-Mid-Level	Develops and implements applications and programs for the backend processing systems used in businesses and organizations.	BS	5	\$66.10
95	SLG0242	Systems Developer-Senior	Develops and implements applications and programs for the backend processing systems used in businesses and organizations.	BS	7	\$78.13
96	SLG0243	Systems Developer-Expert	Develops and implements applications and programs for the backend processing systems used in businesses and organizations.	BS	9	\$86.49
