

<b>Attachment 1 - Pricing</b>	
<b>Contractor:</b>	Trigent Solutions Inc
<b>Contract Number:</b>	PB70763
<b>Lots Awarded:</b>	2
<p><b>Authorized Users Please Note the Following:</b></p> <p>A competitive Mini-Bid is required for every transaction under this Centralized Contract. (Section 1.3 of Attachment 16 - How to Use this Contract)</p> <p>The Contractor acknowledges that any mini-bid under this Centralized Contract which includes pricing in excess of the “maximum Not-To-Exceed price” shall be rejected by the Authorized User. (Sections 7.9 of the Contract - Reasonableness of Price)</p> <p>Price increases will only apply to the OGS Centralized Contracts and shall not be applied retroactively to Authorized User Agreements or any Mini-bids already submitted to an Authorized User. (Section 8.5 of the Contract - Pricelist Adjustments)</p> <p>When provided for in the Mini-Bid and resultant Authorized User Agreement, an Authorized User may reimburse travel expenses. All rules and regulations associated with this travel can be found at <a href="http://osc.state.ny.us/agencies/travel/travel.htm">http://osc.state.ny.us/agencies/travel/travel.htm</a>. In no case will any travel reimbursement be paid that exceeds these rates. All travel will be paid only as part of a deliverable specified within the Authorized User Agreement and must be billed with that associated Invoice with receipts attached. (Section 7.12 of the Contract - Travel, Meals and Lodging)</p>	

Trigent Solutions Inc Approved Price List			Number of Approved Titles:	124	Last Updated:	10/17/2025
Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
1	101	Junior Business Intelligence Analyst	Produce financial and market intelligence by querying data repositories and generating periodic reports. Devise methods for identifying data patterns and trends in available information sources.	BA/BS	1	\$70.30
2	102	Journeyman Business Intelligence Analyst	Produce financial and market intelligence by querying data repositories and generating periodic reports. Devise methods for identifying data patterns and trends in available information sources.	BA/BS	3	\$94.43
3	103	Senior Business Intelligence Analyst	Produce financial and market intelligence by querying data repositories and generating periodic reports. Devise methods for identifying data patterns and trends in available information sources.	MA/MS	5	\$110.34
4	104	SME - Business Intelligence Analyst	Produce financial and market intelligence by querying data repositories and generating periodic reports. Devise methods for identifying data patterns and trends in available information sources.	MA/MS	10+	\$130.31
5	111	Junior Computer and Information Research Scientist	Conduct research into fundamental computer and information science as theorists, designers, or investors. Develop solutions to problems in the field of computer hardware and software.	BA/BS	1	\$67.46
6	112	Journeyman Computer and Information Research Scientist	Conduct research into fundamental computer and information science as theorists, designers, or investors. Develop solutions to problems in the field of computer hardware and software.	BA/BS	3	\$81.85
7	113	Senior Computer and Information Research Scientist	Conduct research into fundamental computer and information science as theorists, designers, or investors. Develop solutions to problems in the field of computer hardware and software.	MA/MS	5	\$103.56
8	114	SME - Computer and Information Research Scientist	Conduct research into fundamental computer and information science as theorists, designers, or investors. Develop solutions to problems in the field of computer hardware and software.	MA/MS	10+	\$128.26
9	121	Junior Computer and Information Systems Manager	Plan, direct, or coordinate activities in such fields as electronic data processing, information systems, systems analysis, and computer programming.	BA/BS	1	\$67.56
10	122	Journeyman Computer and Information Systems Manager	Plan, direct, or coordinate activities in such fields as electronic data processing, information systems, systems analysis, and computer programming.	BA/BS	3	\$88.83
11	123	Senior Computer and Information Systems Manager	Plan, direct, or coordinate activities in such fields as electronic data processing, information systems, systems analysis, and computer programming.	MA/MS	5	\$106.41
12	124	SME - Computer and Information Systems Manager	Plan, direct, or coordinate activities in such fields as electronic data processing, information systems, systems analysis, and computer programming.	MA/MS	10+	\$130.15
13	131	Junior Computer Hardware Engineer	Research, design, develop, or test computer or computer-related equipment for commercial, industrial, military, or scientific use. May supervise the manufacturing and installation of computer or computer-related equipment and components.	BA/BS	1	\$65.56
14	132	Journeyman Computer Hardware Engineer	Research, design, develop, or test computer or computer-related equipment for commercial, industrial, military, or scientific use. May supervise the manufacturing and installation of computer or computer-related equipment and components.	BA/BS	3	\$78.85
15	133	Senior Computer Hardware Engineer	Research, design, develop, or test computer or computer-related equipment for commercial, industrial, military, or scientific use. May supervise the manufacturing and installation of computer or computer-related equipment and components.	MA/MS	5	\$90.25
16	134	SME - Computer Hardware Engineer	Research, design, develop, or test computer or computer-related equipment for commercial, industrial, military, or scientific use. May supervise the manufacturing and installation of computer or computer-related equipment and components.	MA/MS	10+	\$114.01
17	141	Junior Computer Network Architect	Design and implement computer and information networks, such as local area networks (LAN), wide area networks (WAN), intranets, extranets, and other data communications networks. Perform network modeling, analysis, and planning. May also design network and computer security measures. May research and recommend network and data communications hardware and software.	BA/BS	1	\$71.26
18	142	Journeyman Computer Network Architect	Design and implement computer and information networks, such as local area networks (LAN), wide area networks (WAN), intranets, extranets, and other data communications networks. Perform network modeling, analysis, and planning. May also design network and computer security measures. May research and recommend network and data communications hardware and software.	BA/BS	3	\$95.01
19	143	Senior Computer Network Architect	Design and implement computer and information networks, such as local area networks (LAN), wide area networks (WAN), intranets, extranets, and other data communications networks. Perform network modeling, analysis, and planning. May also design network and computer security measures. May research and recommend network and data communications hardware and software.	MA/MS	5	\$133.20

Trigent Solutions Inc Approved Price List			Number of Approved Titles:	124	Last Updated:	10/17/2025
Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
20	144	SME - Computer Network Architect	Design and implement computer and information networks, such as local area networks (LAN), wide area networks (WAN), intranets, extranets, and other data communications networks. Perform network modeling, analysis, and planning. May also design network and computer security measures. May research and recommend network and data communications hardware and software.	MA/MS	10+	\$164.36
21	151	Junior Computer Network Support Specialist	Analyze, test, troubleshoot, and evaluate existing network systems, such as local area network (LAN), wide area network (WAN), and Internet systems or a segment of a network system. Perform network maintenance to ensure networks operate correctly with minimal interruption.	BA/BS	1	\$61.75
22	152	Journeyman Computer Network Support Specialist	Analyze, test, troubleshoot, and evaluate existing network systems, such as local area network (LAN), wide area network (WAN), and Internet systems or a segment of a network system. Perform network maintenance to ensure networks operate correctly with minimal interruption.	BA/BS	3	\$73.15
23	153	Senior Computer Network Support Specialist	Analyze, test, troubleshoot, and evaluate existing network systems, such as local area network (LAN), wide area network (WAN), and Internet systems or a segment of a network system. Perform network maintenance to ensure networks operate correctly with minimal interruption.	MA/MS	5	\$94.05
24	154	SME - Computer Network Support Specialist	Analyze, test, troubleshoot, and evaluate existing network systems, such as local area network (LAN), wide area network (WAN), and Internet systems or a segment of a network system. Perform network maintenance to ensure networks operate correctly with minimal interruption.	MA/MS	10+	\$113.05
25	161	Junior Computer Operator	Monitor and control electronic and peripheral electronic data processing equipment to process business, scientific, engineering, and other data according to operating instructions. Monitor and respond to operating and error messages. May enter commands at a computer terminal and set controls on computer and peripheral devices.	BA/BS	1	\$37.33
26	162	Journeyman Computer Operator	Monitor and control electronic and peripheral electronic data processing equipment to process business, scientific, engineering, and other data according to operating instructions. Monitor and respond to operating and error messages. May enter commands at a computer terminal and set controls on computer and peripheral devices.	BA/BS	3	\$41.81
27	163	Senior Computer Operator	Monitor and control electronic and peripheral electronic data processing equipment to process business, scientific, engineering, and other data according to operating instructions. Monitor and respond to operating and error messages. May enter commands at a computer terminal and set controls on computer and peripheral devices.	MA/MS	5	\$46.55
28	164	SME - Computer Operator	Monitor and control electronic and peripheral electronic data processing equipment to process business, scientific, engineering, and other data according to operating instructions. Monitor and respond to operating and error messages. May enter commands at a computer terminal and set controls on computer and peripheral devices.	MA/MS	10+	\$51.02
29	171	Junior Computer Programmer	Create, modify, and test the code, forms, and script that allow computer applications to run. Work from specifications drawn up by software developers or other individuals. May assist software developers by analyzing user needs and designing software solutions. May develop and write computer programs to store, locate, and retrieve specific documents, data, and information.	BA/BS	1	\$63.65
30	172	Journeyman Computer Programmer	Create, modify, and test the code, forms, and script that allow computer applications to run. Work from specifications drawn up by software developers or other individuals. May assist software developers by analyzing user needs and designing software solutions. May develop and write computer programs to store, locate, and retrieve specific documents, data, and information.	BA/BS	3	\$77.91
31	173	Senior Computer Programmer	Create, modify, and test the code, forms, and script that allow computer applications to run. Work from specifications drawn up by software developers or other individuals. May assist software developers by analyzing user needs and designing software solutions. May develop and write computer programs to store, locate, and retrieve specific documents, data, and information.	MA/MS	5	\$100.70
32	174	SME - Computer Programmer	Create, modify, and test the code, forms, and script that allow computer applications to run. Work from specifications drawn up by software developers or other individuals. May assist software developers by analyzing user needs and designing software solutions. May develop and write computer programs to store, locate, and retrieve specific documents, data, and information.	MA/MS	10+	\$133.57

Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
33	181	Junior Computer Systems Analyst	Analyze science, engineering, business, and other data processing problems to implement and improve computer systems. Analyze user requirements, procedures, and problems to automate or improve existing systems and review computer system capabilities, workflow, and scheduling limitations. May analyze or recommend commercially available software.	BA/BS	1	\$68.40
34	182	Journeyman Computer Systems Analyst	Analyze science, engineering, business, and other data processing problems to implement and improve computer systems. Analyze user requirements, procedures, and problems to automate or improve existing systems and review computer system capabilities, workflow, and scheduling limitations. May analyze or recommend commercially available software.	BA/BS	3	\$81.70
35	183	Senior Computer Systems Analyst	Analyze science, engineering, business, and other data processing problems to implement and improve computer systems. Analyze user requirements, procedures, and problems to automate or improve existing systems and review computer system capabilities, workflow, and scheduling limitations. May analyze or recommend commercially available software.	MA/MS	5	\$101.65
36	184	SME - Computer Systems Analyst	Analyze science, engineering, business, and other data processing problems to implement and improve computer systems. Analyze user requirements, procedures, and problems to automate or improve existing systems and review computer system capabilities, workflow, and scheduling limitations. May analyze or recommend commercially available software.	MA/MS	10+	\$128.26
37	191	Junior Computer Systems Engineer/Architect	Design and develop solutions to complex application problems, system administration issues, or network concerns. Perform systems management and integration functions.	BA/BS	1	\$71.26
38	192	Journeyman Computer Systems Engineer/Architect	Design and develop solutions to complex application problems, system administration issues, or network concerns. Perform systems management and integration functions.	BA/BS	3	\$96.91
39	193	Senior Computer Systems Engineer/Architect	Design and develop solutions to complex application problems, system administration issues, or network concerns. Perform systems management and integration functions.	MA/MS	5	\$133.01
40	194	SME - Computer Systems Engineer/Architect	Design and develop solutions to complex application problems, system administration issues, or network concerns. Perform systems management and integration functions.	MA/MS	10+	\$172.90
41	201	Junior Computer User Support Specialist	Provide technical assistance to computer users. Answer questions or resolve computer problems for clients in person, or via telephone or electronically. May provide assistance concerning the use of computer hardware and software, including printing, installation, word processing, electronic mail, and operating systems.	BA/BS	1	\$47.50
42	202	Journeyman Computer User Support Specialist	Provide technical assistance to computer users. Answer questions or resolve computer problems for clients in person, or via telephone or electronically. May provide assistance concerning the use of computer hardware and software, including printing, installation, word processing, electronic mail, and operating systems.	BA/BS	3	\$57.01
43	203	Senior Computer User Support Specialist	Provide technical assistance to computer users. Answer questions or resolve computer problems for clients in person, or via telephone or electronically. May provide assistance concerning the use of computer hardware and software, including printing, installation, word processing, electronic mail, and operating systems.	MA/MS	5	\$67.46
44	204	SME - Computer User Support Specialist	Provide technical assistance to computer users. Answer questions or resolve computer problems for clients in person, or via telephone or electronically. May provide assistance concerning the use of computer hardware and software, including printing, installation, word processing, electronic mail, and operating systems.	MA/MS	10+	\$80.76
45	211	Junior Data Warehousing Specialist	Design, model, or implement corporate data warehousing activities. Program and configure warehouses of database information and provide support to warehouse users.	BA/BS	1	\$70.30
46	212	Journeyman Data Warehousing Specialist	Design, model, or implement corporate data warehousing activities. Program and configure warehouses of database information and provide support to warehouse users.	BA/BS	3	\$101.65
47	213	Senior Data Warehousing Specialist	Design, model, or implement corporate data warehousing activities. Program and configure warehouses of database information and provide support to warehouse users.	MA/MS	5	\$118.75
48	214	SME - Data Warehousing Specialist	Design, model, or implement corporate data warehousing activities. Program and configure warehouses of database information and provide support to warehouse users.	MA/MS	10+	\$140.89
49	221	Junior Database Administrator	Administer, test, and implement computer databases, applying knowledge of database management systems. Coordinate changes to computer databases. May plan, coordinate, and implement security measures to safeguard computer databases.	BA/BS	1	\$67.46
50	222	Journeyman Database Administrator	Administer, test, and implement computer databases, applying knowledge of database management systems. Coordinate changes to computer databases. May plan, coordinate, and implement security measures to safeguard computer databases.	BA/BS	3	\$98.34

Integrate new systems with existing warehouse structure and refine system performance and functionality.	MA/MS	10+	\$153.90
57	241	Junior Document Management Specialist	Implement and administer enterprise-wide document management systems and related procedures that allow organizations to capture, store, retrieve, share, and destroy electronic records and documents.	BA/BS	1	\$57.01
58	242	Journeyman Document Management Specialist	Implement and administer enterprise-wide document management systems and related procedures that allow organizations to capture, store, retrieve, share, and destroy electronic records and documents.	BA/BS	3	\$66.50
59	243	Senior Document Management Specialist	Implement and administer enterprise-wide document management systems and related procedures that allow organizations to capture, store, retrieve, share, and destroy electronic records and documents.	MA/MS	5	\$75.06
60	244	SME - Document Management Specialist	Implement and administer enterprise-wide document management systems and related procedures that allow organizations to capture, store, retrieve, share, and destroy electronic records and documents.	MA/MS	10+	\$86.46
61	251	Junior Geographic Information Systems Technician	Assist scientists, technologists, or related professionals in building, maintaining, modifying, or using geographic information systems (GIS) databases. May also perform some custom application development or provide user support.	BA/BS	1	\$71.26
62	252	Journeyman Geographic Information Systems Technician	Assist scientists, technologists, or related professionals in building, maintaining, modifying, or using geographic information systems (GIS) databases. May also perform some custom application development or provide user support.	BA/BS	3	\$94.53
63	253	Senior Geographic Information Systems Technician	Assist scientists, technologists, or related professionals in building, maintaining, modifying, or using geographic information systems (GIS) databases. May also perform some custom application development or provide user support.	MA/MS	5	\$110.78
64	254	SME - Geographic Information Systems Technician	Assist scientists, technologists, or related professionals in building, maintaining, modifying, or using geographic information systems (GIS) databases. May also perform some custom application development or provide user support.	MA/MS	10+	\$130.15
65	261	Junior Geospatial Information Scientist and Technologist	Research or develop geospatial technologies. May produce databases, perform applications programming, or coordinate projects. May specialize in areas such as agriculture, mining, health care, retail trade, urban planning, or military intelligence.	BA/BS	1	\$74.11
66	262	Journeyman Geospatial Information Scientist and Technologist	Research or develop geospatial technologies. May produce databases, perform applications programming, or coordinate projects. May specialize in areas such as agriculture, mining, health care, retail trade, urban planning, or military intelligence.	BA/BS	3	\$99.75
67	263	Senior Geospatial Information Scientist and Technologist	Research or develop geospatial technologies. May produce databases, perform applications programming, or coordinate projects. May specialize in areas such as agriculture, mining, health care, retail trade, urban planning, or military intelligence.	MA/MS	5	\$114.96
68	264	SME - Geospatial Information Scientist and Technologist	Research or develop geospatial technologies. May produce databases, perform applications programming, or coordinate projects. May specialize in areas such as agriculture, mining, health care, retail trade, urban planning, or military intelligence.	MA/MS	10+	\$133.01

69	271	Junior Information Security Analyst	Plan, implement, upgrade, or monitor security measures for the protection of computer networks and information. May ensure appropriate security controls are in place that will safeguard digital files and vital electronic infrastructure. May respond to computer security breaches and viruses.	BA/BS	1	\$71.26
70	272	Journeyman Information Security Analyst	Plan, implement, upgrade, or monitor security measures for the protection of computer networks and information. May ensure appropriate security controls are in place that will safeguard digital files and vital electronic infrastructure. May respond to computer security breaches and viruses.	BA/BS	3	\$93.11
71	273	Senior Information Security Analyst	Plan, implement, upgrade, or monitor security measures for the protection of computer networks and information. May ensure appropriate security controls are in place that will safeguard digital files and vital electronic infrastructure. May respond to computer security breaches and viruses.	MA/MS	5	\$120.66
72	274	SME - Information Security Analyst	Plan, implement, upgrade, or monitor security measures for the protection of computer networks and information. May ensure appropriate security controls are in place that will safeguard digital files and vital electronic infrastructure. May respond to computer security breaches and viruses.	MA/MS	10+	\$158.67
73	281	Junior Information Technology Project Manager	Plan, initiate, and manage information technology (IT) projects. Lead and guide the work of technical staff. Serve as liaison between business and technical aspects of projects. Plan project stages and assess business implications for each stage. Monitor progress to assure deadlines, standards, and cost targets are met.	BA/BS	1	\$73.15
74	282	Journeyman Information Technology Project Manager	Plan, initiate, and manage information technology (IT) projects. Lead and guide the work of technical staff. Serve as liaison between business and technical aspects of projects. Plan project stages and assess business implications for each stage. Monitor progress to assure deadlines, standards, and cost targets are met.	BA/BS	3	\$95.01
75	283	Senior Information Technology Project Manager	Plan, initiate, and manage information technology (IT) projects. Lead and guide the work of technical staff. Serve as liaison between business and technical aspects of projects. Plan project stages and assess business implications for each stage. Monitor progress to assure deadlines, standards, and cost targets are met.	MA/MS	5	\$128.26
76	284	SME - Information Technology Project Manager	Plan, initiate, and manage information technology (IT) projects. Lead and guide the work of technical staff. Serve as liaison between business and technical aspects of projects. Plan project stages and assess business implications for each stage. Monitor progress to assure deadlines, standards, and cost targets are met.	MA/MS	10+	\$156.76
77	291	Junior Management Analyst	Conduct organizational studies and evaluations, design systems and procedures, conduct work simplification and measurement studies, and prepare operations and procedures manuals to assist management in operating more efficiently and effectively. Includes program analysts and management consultants.	BA/BS	1	\$71.26
78	292	Journeyman Management Analyst	Conduct organizational studies and evaluations, design systems and procedures, conduct work simplification and measurement studies, and prepare operations and procedures manuals to assist management in operating more efficiently and effectively. Includes program analysts and management consultants.	BA/BS	3	\$83.14
79	293	Senior Management Analyst	Conduct organizational studies and evaluations, design systems and procedures, conduct work simplification and measurement studies, and prepare operations and procedures manuals to assist management in operating more efficiently and effectively. Includes program analysts and management consultants.	MA/MS	5	\$110.78
80	294	SME - Management Analyst	Conduct organizational studies and evaluations, design systems and procedures, conduct work simplification and measurement studies, and prepare operations and procedures manuals to assist management in operating more efficiently and effectively. Includes program analysts and management consultants.	MA/MS	10+	\$134.92
81	301	Junior Network and Computer Systems Administrator	Install, configure, and support an organization's local area network (LAN), wide area network (WAN), and Internet systems or a segment of a network system. Monitor network to ensure network availability to all system users and may perform necessary maintenance to support network availability. May monitor and test Web site performance to ensure Web sites operate correctly and without interruption. May assist in network modeling, analysis, planning, and coordination between network and data communications hardware and software. May supervise computer user support specialists and computer network support specialists. May administer network security measures.	BA/BS	1	\$67.46

82	302	Journeyman Network and Computer Systems Administrator	Install, configure, and support an organization's local area network (LAN), wide area network (WAN), and Internet systems or a segment of a network system. Monitor network to ensure network availability to all system users and may perform necessary maintenance to support network availability. May monitor and test Web site performance to ensure Web sites operate correctly and without interruption. May assist in network modeling, analysis, planning, and coordination between network and data communications hardware and software. May supervise computer user support specialists and computer network support specialists. May administer network security measures.	BA/BS	3	\$98.34
83	303	Senior Network and Computer Systems Administrator	Install, configure, and support an organization's local area network (LAN), wide area network (WAN), and Internet systems or a segment of a network system. Monitor network to ensure network availability to all system users and may perform necessary maintenance to support network availability. May monitor and test Web site performance to ensure Web sites operate correctly and without interruption. May assist in network modeling, analysis, planning, and coordination between network and data communications hardware and software. May supervise computer user support specialists and computer network support specialists. May administer network security measures.	MA/MS	5	\$114.01
84	304	SME - Network and Computer Systems Administrator	Install, configure, and support an organization's local area network (LAN), wide area network (WAN), and Internet systems or a segment of a network system. Monitor network to ensure network availability to all system users and may perform necessary maintenance to support network availability. May monitor and test Web site performance to ensure Web sites operate correctly and without interruption. May assist in network modeling, analysis, planning, and coordination between network and data communications hardware and software. May supervise computer user support specialists and computer network support specialists. May administer network security measures.	MA/MS	10+	\$135.85
85	311	Junior Software Developer, Applications	Develop, create, and modify general computer applications software or specialized utility programs. Analyze user needs and develop software solutions. Design software or customize software for client use with the aim of optimizing operational efficiency. May analyze and design databases within an application area, working individually or coordinating database development as part of a team. May supervise computer programmers.	BA/BS	1	\$67.46
86	312	Journeyman Software Developer, Applications	Develop, create, and modify general computer applications software or specialized utility programs. Analyze user needs and develop software solutions. Design software or customize software for client use with the aim of optimizing operational efficiency. May analyze and design databases within an application area, working individually or coordinating database development as part of a team. May supervise computer programmers.	BA/BS	3	\$85.50
87	313	Senior Software Developer, Applications	Develop, create, and modify general computer applications software or specialized utility programs. Analyze user needs and develop software solutions. Design software or customize software for client use with the aim of optimizing operational efficiency. May analyze and design databases within an application area, working individually or coordinating database development as part of a team. May supervise computer programmers.	MA/MS	5	\$106.41
88	314	SME - Software Developer, Applications	Develop, create, and modify general computer applications software or specialized utility programs. Analyze user needs and develop software solutions. Design software or customize software for client use with the aim of optimizing operational efficiency. May analyze and design databases within an application area, working individually or coordinating database development as part of a team. May supervise computer programmers.	MA/MS	10+	\$127.31
89	321	Junior Software Developer, Systems Software	Research, design, develop and test operating systems-level software, compilers, and network distribution software for medical, industrial, military, communications, aerospace, business, scientific, and general computing applications. Set operational specifications and formulate and analyze software requirements. May design embedded systems software. Apply principles and techniques of computer science, engineering, and mathematical analysis.	BA/BS	1	\$72.20

Set operational specifications and formulate and analyze software requirements. May design embedded systems software. Apply principles and techniques of computer science, engineering, and mathematical analysis.	MA/MS	10+	\$130.15
93	331	Junior Software Quality Assurance Engineer and Tester	Develop and execute software test plans in order to identify software problems and their causes.	BA/BS	1	\$63.95
94	332	Journeyman Software Quality Assurance Engineer and Tester	Develop and execute software test plans in order to identify software problems and their causes.	BA/BS	3	\$79.24
95	333	Senior Software Quality Assurance Engineer and Tester	Develop and execute software test plans in order to identify software problems and their causes.	MA/MS	5	\$93.11
96	334	SME - Software Quality Assurance Engineer and Tester	Develop and execute software test plans in order to identify software problems and their causes.	MA/MS	10+	\$118.75
97	341	Junior Technical Writer	Write technical materials, such as equipment manuals, appendices, or operating and maintenance instructions. May assist in layout work.	BA/BS	1	\$57.01
98	342	Journeyman Technical Writer	Write technical materials, such as equipment manuals, appendices, or operating and maintenance instructions. May assist in layout work.	BA/BS	3	\$63.65
99	343	Senior Technical Writer	Write technical materials, such as equipment manuals, appendices, or operating and maintenance instructions. May assist in layout work.	MA/MS	5	\$71.26
100	344	SME - Technical Writer	Write technical materials, such as equipment manuals, appendices, or operating and maintenance instructions. May assist in layout work.	MA/MS	10+	\$88.83
101	351	Junior Telecommunications Engineering Specialist	Design or configure voice, video, and data communications systems. Supervise installation and post-installation service and maintenance.	BA/BS	1	\$67.46
102	352	Journeyman Telecommunications Engineering Specialist	Design or configure voice, video, and data communications systems. Supervise installation and post-installation service and maintenance.	BA/BS	3	\$93.11
103	353	Senior Telecommunications Engineering Specialist	Design or configure voice, video, and data communications systems. Supervise installation and post-installation service and maintenance.	MA/MS	5	\$114.01
104	354	SME - Telecommunications Engineering Specialist	Design or configure voice, video, and data communications systems. Supervise installation and post-installation service and maintenance.	MA/MS	10+	\$134.92
105	361	Junior Telecommunications Equipment Installer and Repairer	Install, set-up, rearrange, or remove switching, distribution, routing, and dialing equipment used in central offices or headends. Service or repair telephone, cable television, Internet, and other communications equipment on customers' property. May install communications equipment or communications wiring in buildings.	BA/BS	1	\$64.23
106	362	Journeyman Telecommunications Equipment Installer and Repairer	Install, set-up, rearrange, or remove switching, distribution, routing, and dialing equipment used in central offices or headends. Service or repair telephone, cable television, Internet, and other communications equipment on customers' property. May install communications equipment or communications wiring in buildings.	BA/BS	3	\$78.52
107	363	Senior Telecommunications Equipment Installer and Repairer	Install, set-up, rearrange, or remove switching, distribution, routing, and dialing equipment used in central offices or headends. Service or repair telephone, cable television, Internet, and other communications equipment on customers' property. May install communications equipment or communications wiring in buildings.	MA/MS	5	\$94.53
108	364	SME - Telecommunications Equipment Installer and Repairer	Install, set-up, rearrange, or remove switching, distribution, routing, and dialing equipment used in central offices or headends. Service or repair telephone, cable television, Internet, and other communications equipment on customers' property. May install communications equipment or communications wiring in buildings.	MA/MS	10+	\$112.11
109	371	Junior Training and Development Specialist	Design and conduct training and development programs to improve individual and organizational performance. May analyze training needs.	BA/BS	1	\$58.91

Trigent Solutions Inc Approved Price List			Number of Approved Titles:	124	Last Updated:	10/17/2025
Item Number	SKU	Job Title	Job Description	Minimum Education / Certification Level	Minimum Years of Experience	NYS Contract Price (Not to Exceed Hourly Rate, Exclusive of Travel)
110	372	Journeyman Training and Development Specialist	Design and conduct training and development programs to improve individual and organizational performance. May analyze training needs.	BA/BS	3	\$68.40
111	373	Senior Training and Development Specialist	Design and conduct training and development programs to improve individual and organizational performance. May analyze training needs.	MA/MS	5	\$93.11
112	374	SME - Training and Development Specialist	Design and conduct training and development programs to improve individual and organizational performance. May analyze training needs.	MA/MS	10+	\$109.25
113	381	Junior Video Game Designer	Design core features of video games. Specify innovative game and role-play mechanics, story lines, and character biographies. Create and maintain design documentation. Guide and collaborate with production staff to produce video games as designed.	BA/BS	1	\$68.40
114	382	Journeyman Video Game Designer	Design core features of video games. Specify innovative game and role-play mechanics, story lines, and character biographies. Create and maintain design documentation. Guide and collaborate with production staff to produce video games as designed.	BA/BS	3	\$85.11
115	383	Senior Video Game Designer	Design core features of video games. Specify innovative game and role-play mechanics, story lines, and character biographies. Create and maintain design documentation. Guide and collaborate with production staff to produce video games as designed.	MA/MS	5	\$106.41
116	384	SME - Video Game Designer	Design core features of video games. Specify innovative game and role-play mechanics, story lines, and character biographies. Create and maintain design documentation. Guide and collaborate with production staff to produce video games as designed.	MA/MS	10+	\$133.01
177	391	Junior Web Administrator	Manage web environment design, deployment, and maintenance activities. Perform testing and quality assurance of web sites and web applications.	BA/BS	1	\$62.71
118	392	Journeyman Web Administrator	Manage web environment design, deployment, and maintenance activities. Perform testing and quality assurance of web sites and web applications.	BA/BS	3	\$76.00
119	393	Senior Web Administrator	Manage web environment design, deployment, and maintenance activities. Perform testing and quality assurance of web sites and web applications.	MA/MS	5	\$93.11
120	394	SME - Web Administrator	Manage web environment design, deployment, and maintenance activities. Perform testing and quality assurance of web sites and web applications.	MA/MS	10+	\$110.64
121	401	Junior Web Developer	Design, create, and modify Web sites. Analyze user needs to implement Web site content, graphics, performance, and capacity. May integrate Web sites with other computer applications. May convert written, graphic, audio, and video components to compatible Web formats by using software designed to facilitate the creation of Web and multimedia content.	BA/BS	1	\$67.46
122	402	Journeyman Web Developer	Design, create, and modify Web sites. Analyze user needs to implement Web site content, graphics, performance, and capacity. May integrate Web sites with other computer applications. May convert written, graphic, audio, and video components to compatible Web formats by using software designed to facilitate the creation of Web and multimedia content.	BA/BS	3	\$85.50
123	403	Senior Web Developer	Design, create, and modify Web sites. Analyze user needs to implement Web site content, graphics, performance, and capacity. May integrate Web sites with other computer applications. May convert written, graphic, audio, and video components to compatible Web formats by using software designed to facilitate the creation of Web and multimedia content.	MA/MS	5	\$106.41
124	404	SME - Web Developer	Design, create, and modify Web sites. Analyze user needs to implement Web site content, graphics, performance, and capacity. May integrate Web sites with other computer applications. May convert written, graphic, audio, and video components to compatible Web formats by using software designed to facilitate the creation of Web and multimedia content.	MA/MS	10+	\$127.31
