### Description

**Electronic Poll Book Equipment and Connectivity**

This Contract allows Authorized Users to obtain approved Electronic Poll Book iPads and applicable connectivity service components for an Electronic Poll Book System, as defined in the NYS Electronic Poll Book Systems centralized contract (Group 76000, Award 23167). The price list for this Contract lists the iPads and connectivity plans that were approved by NYS Board of Elections (SBOE). OGS identified qualified contractors to provide Electronic Poll Book iPads and applicable connectivity services and established statewide, centralized piggyback agreements under the contractor's NASPO ValuePoint contract for wireless communications and equipment. This Contract supplements Award 23167 and provides Authorized Users of that award with alternate means of procuring SBOE-approved equipment and connectivity for their Electronic Poll Book solution.

**NOTE TO AUTHORIZED USERS:**

When placing purchase orders under the contract(s), the authorized user should be familiar with and follow the terms and conditions governing its use. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).
