FINAL REMINDER

Please note that payments against Purchase Orders and Authorized User Agreements for the expired CTS contract will not be made after September 14, 2020.

Any Authorized User Agreements that were entered into between Contractors and Authorized Users for the expired TCS Contract (Award #20268) should have been terminated with the contract expiration on September 15, 2019. Please note that although the Authorized User Agreements have an expiration of no later than September 15, 2019, the Office of the State Comptroller has authorized payment against any Purchase Orders and Authorized User Agreements established on or prior to the expiration of the expired CTS contract (Award #20268) to continue until September 14, 2020. To avoid the possibility of non-payment for services rendered under the expired CTS contract, all Contractors should be migrating, wherever applicable, from the expired CTS contract to the new TCS contract.

Contract Migration

Please note the following terms and conditions regarding migration from the expired Comprehensive Telecommunications Services Contract to the new Telecommunication Connectivity Services Contract:

Migration for State Agencies

All executed Purchase Orders or ordering documents currently held by State Agencies under the Comprehensive Telecommunication Services Contract (Group 77107 Award 20268) with a current Contractor holding a Telecommunication Connectivity Services Contract (Group 77107 Award 23100) for the same Service shall be migrated to the Contractor's Telecommunication Connectivity Services Contract for the balance of that Purchase Order unless the current Purchase Order pricing is lower than the Contractor's price for the Service as listed on its Contractor Pricelist for the Telecommunication Connectivity Services Contract. This migration shall be completed within 90 calendar days from date that the Contractor's Telecommunication Connectivity Services Contract is posted on the OGS website.

If you are a Business Services Center (BSC) customer who needs to transfer the balance of an existing purchase order to the new contract, you should contact the BSC to request a change notice to close and liquidate the remaining purchase order balances and submit a new SFS requisition. The requisition should be for the remaining amount of the agreement, include the coverage terms in the line description, and reference the prior purchase order in the comments. Questions about this process can be directed to bscfinance@ogs.ny.gov, and include "TCS Contract" in the subject line.

Migration for Non-State Agencies

All executed Purchase Orders or ordering documents currently held by Non-State Agency Authorized Users under the Comprehensive Telecommunication Services Contract (Group 77107 Award 20268) with a current Contractor holding a Telecommunication Connectivity Services Contract (Group 77107 Award 23100) for the same Service shall be permitted to migrate to the Contractor's Telecommunication Connectivity Services Contract for the balance of that Purchase Order unless the current Purchase Order pricing is lower than the Contractor's price for the Service as listed on its Contractor Pricelist for the Telecommunication Connectivity Services Contract. This migration shall be completed within 60 calendar days of the date the Authorized User makes their migration request.

Contract Migration and Service Level Agreements

This is a reminder that Contractors who held expired Comprehensive Telecommunications Services (CTS) Contracts (Award #20268) and currently hold NEW Telecommunication Connectivity Services (TCS) Contracts (Award #23100) should be working on migrating customers from the old Contract to the new Contract.

The expired CTS Contract (Award #20268) did allow for minimum service periods for Authorized User Agreements. However, the NEW TCS Contract (Award #23100) does NOT allow for minimum service periods, per **Contract Section 4.6 – Service Period:**

“Contractor must not impose any minimum Service period for Services requested pursuant to this Contract, except for promotional pricing available to all Authorized Users which has been approved in advance by OGS through the Appendix C, Contract Modification Procedure process.”

Please note that payments against Purchase Orders and Authorized User Agreements for the expired CTS contract will not be made after September 14, 2020. Any Authorized User Agreements that were entered into between Contractors and Authorized Users for the expired TCS Contract (Award #20268) should have been terminated with the contract expiration on September 15, 2019. Please note that although the Authorized User Agreements have an expiration of no later than September 15, 2019, the Office of the State Comptroller has authorized payment against any Purchase Orders and Authorized User Agreements established on or prior to the expiration of the expired CTS contract (Award #20268) to continue until September 14, 2020. To avoid the possibility of non-payment for services rendered under the expired CTS contract, all Contractors should be migrating, wherever applicable, from the expired CTS contract to the new TCS contract. For more detailed information on Contract Migration, please scroll down to see the Contract Award Notification Update that OGS posted on September 30.

Contract Migration

Please note the following terms and conditions regarding migration from the expired Comprehensive Telecommunications Services Contract to the new Telecommunication Connectivity Services Contract:

Migration for State Agencies

All executed Purchase Orders or ordering documents currently held by State Agencies under the Comprehensive Telecommunication Services Contract (Group 77107 Award 20268) with a current Contractor holding a Telecommunication Connectivity Services Contract (Group 77107 Award 23100) for the same Service shall be migrated to the Contractor's Telecommunication Connectivity Services Contract for the balance of that Purchase Order unless the current Purchase Order pricing is lower than the Contractor's price for the Service as listed on its Contractor Pricelist for the Telecommunication Connectivity Services Contract. This migration shall be completed within 90 calendar days from date that the Contractor's Telecommunication Connectivity Services Contract is posted on the OGS website.

If you are a Business Services Center (BSC) customer who needs to transfer the balance of an existing purchase order to the new contract, you should contact the BSC to request a change notice to close and liquidate the remaining purchase order balances and submit a new SFS requisition. The requisition should be for the remaining amount of the agreement, include the coverage terms in the line description, and reference the prior purchase order in the comments. Questions about this process can be directed to bscfinance@ogs.ny.gov, and include "TCS Contract" in the subject line.

Migration for Non-State Agencies

All executed Purchase Orders or ordering documents currently held by Non-State Agency Authorized Users under the Comprehensive Telecommunication Services Contract (Group 77107 Award 20268) with a current Contractor holding a Telecommunication Connectivity Services Contract (Group 77107 Award 23100) for the same Service shall be permitted to migrate to the Contractor's Telecommunication Connectivity Services Contract for the balance of that Purchase Order unless the current Purchase Order pricing is lower than the Contractor's price for the Service as listed on its Contractor Pricelist for the Telecommunication Connectivity Services Contract. This migration shall be completed within 60 calendar days of the date the Authorized User makes their migration request.
