**NOTE TO AUTHORIZED USERS:**

When placing purchase orders under the contract(s), the authorized user should be familiar with and follow the terms and conditions governing its use which usually appears at the end of this document. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

**PRICE:**

Pricing is as set forth in Attachment 1 – *NYS Pricing*.

All Net Prices **include** all applicable shipping, handling, insurance, and associated delivery charges (F.O.B. Destination the dock/delivery location of the Authorized User). See Appendix B, *Shipping/Receipt of Product and Title and Risk of Loss for Products Other Than Technology Products*.

All Service rates include travel time and costs associated with accessing the site of the Equipment to be serviced. Travel costs are limited to NYS rates approved by the NYS Office of the State Comptroller (OSC).

**DISCOUNTS:**

Pricing offered for Equipment is a Percent (%) Discount from List Price/MSRP. Pricing offered for Services is either a Total Hourly Rate or a Percent (%) Markup Over the Prevailing Wage Rate and Supplemental Benefits, depending on the nature of the Installation, Integration, and/or Maintenance being performed.

(continued)

**VOLUME DISCOUNTS:**

Volume discounts may be applied per Purchase Order, cumulatively per ordering entity, or cumulatively statewide as specified in Contractors' Pricelist. Volume discounts shall be defined and applied as follows:

- A. Purchase Order volume discounts shall be additional discounts applied to individual Purchase Orders over a specified dollar amount.
- B. Cumulative agency volume discounts shall be additional discounts applied to all future orders made by an individual ordering entity once an established volume has been met by that entity.
- C. Cumulative statewide volume discounts shall be additional discounts applied to all future orders for all state and non-state orders once an established volume has been met under the Contract.

**UTILIZATION OF RESELLERS:**

Contractors may utilize Resellers to sell Equipment, and, if applicable, provide Services. Resellers must be eligible to quote regionally or statewide, independently and lower than Manufacturer (Contract) pricing for procurements under resulting Contracts. Resellers must also be able to accept orders, invoice and receive payment.

**SUBCONTRACTORS:**

Contractors awarded Lot 2 are permitted to charge a Subcontractor Percent (%) Markup for all work performed by Subcontractors on Authorized User Agreements, provided the Contractor has an approved Subcontractor Percent (%) Markup in its pricing pages on the OGS website. This Subcontractor Percent (%) Markup covers all back-office costs as specified in the contract.

**HOW TO USE:**

Attachment 7 – *How to Use* provides guidance to both Contractors and Authorized Users on utilizing the Contract.
