I. New York State Law

Pursuant to New York State Executive Law Article 15-A and Parts 140-145 of Title 5 of the New York Codes, Rules and Regulations (“NYCRR”), the New York State Office of General Services (“OGS”) is required to promote opportunities for the maximum feasible participation of New York State-certified Minority- and Women-Owned Business Enterprises (“MWBEs”) and the employment of minority group members and women in the performance of OGS contracts.

II. General Provisions

- A. OGS is required to implement the provisions of New York State Executive Law Article 15-A and 5 NYCRR Parts 140-145 (“MWBE Regulations”) for all State contracts as defined therein, with a value (1) in excess of \$25,000 for labor, services, equipment, materials, or any combination of the foregoing or (2) in excess of \$100,000 for real property renovations and construction.
- B. The Contractor agrees, in addition to any other nondiscrimination provision of the Contract and at no additional cost to OGS, to fully comply and cooperate with OGS in the implementation of New York State Executive Law Article 15-A and the regulations promulgated thereunder. These requirements include equal employment opportunities for minority group members and women (“EEO”) and contracting opportunities for MWBEs. Contractor’s demonstration of “good faith efforts” pursuant to 5 NYCRR § 142.8 shall be a part of these requirements. These provisions shall be deemed supplementary to, and not in lieu of, the nondiscrimination provisions required by New York State Executive Law Article 15 (the “Human Rights Law”) or other applicable federal, State, or local laws.
- C. Failure to comply with all of the requirements herein may result in a finding of non-responsiveness, a finding of non-responsibility, breach of contract, withholding of funds, suspension or termination of the Contract, and/or such other actions or enforcement proceedings as allowed by the Contract and applicable law.

III. Equal Employment Opportunity (EEO)

- A. The provisions of Article 15-A of the Executive Law and the rules and regulations promulgated thereunder pertaining to equal employment opportunities for minority group members and women shall apply to all Contractors, and any subcontractors, awarded a subcontract over \$25,000 for labor, services, including legal, financial and other professional services, travel, supplies, equipment, materials, or any combination of the foregoing, to be performed for, or rendered or furnished to, the contracting State agency (the “Work”) except where the Work is for the beneficial use of the Contractor.
 - 1. Contractor and subcontractors shall undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability, or marital status. For these purposes, EEO shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff or termination, and rates of pay or other forms of compensation. This requirement does not apply to: (i) the performance of work or the provision of services or any other

activity that is unrelated, separate, or distinct from the Contract; or (ii) employment outside New York State.

2. By entering into this Contract, Contractor certifies that the text set forth in clause 12 of Appendix A, attached hereto and made a part hereof, is Contractor's equal employment opportunity policy. In addition, Contractor agrees to comply with the Non-Discrimination Requirements set forth in clause 5 of Appendix A.

B. Form EEO 100 – Staffing Plan

To ensure compliance with this section, the Contractor agrees to submit, or has submitted with the Bid, a staffing plan on Form EEO 100 to OGS to document the composition of the proposed workforce to be utilized in the performance of the Contract by the specified categories listed, including ethnic background, gender, and federal occupational categories.

C. NYS Contract System Workforce Utilization Reporting Module (Commodities & Services)

1. The Contractor shall complete and shall require each of its subcontractors to complete a Workforce Audit on a quarterly basis throughout the term of this Contract, by the 10th day of April, July, October, and January. To report the actual workforce utilized in the performance of the Contract by the specified categories listed including ethnic background, gender, and Federal occupational categories. Contractor shall coordinate with its subcontractors to ensure that all workers associated with this Contract are properly counted and reported. To prepare the report, Contractor and its subcontractors shall use the NYS Contract System Workforce Audit Module found at the following website: <https://ny.newnycontracts.com>.
2. Separate audits shall be completed by Contractor and all subcontractors utilized on this contract and the Contractor is responsible for ensuring timely submission of the Workforce Audit by their subcontractors.
3. In limited instances, the Contractor or subcontractor may not be able to separate out the workforce utilized in the performance of the Contract from its total workforce. When a separation can be made, the Contractor or subcontractor shall complete the Workforce Audit and indicate that the information provided relates to the actual workforce utilized on the Contract. When the workforce to be utilized on the Contract cannot be separated out from the Contractor's or subcontractor's total workforce, the Contractor or subcontractor shall complete the Workforce Audit and indicate that the information provided is the Contractor's or subcontractor's total workforce during the subject time frame, not limited to work specifically performed under the Contract.

- D. Contractor shall comply with the provisions of the Human Rights Law and all other State and federal statutory and constitutional non-discrimination provisions. Contractor and subcontractors shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status, or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

IV. Contract Goals

- A. For purposes of this procurement, OGS conducted a comprehensive search and determined that the Contract does not offer sufficient opportunities to set goals for participation by MWBEs as subcontractors, service providers, or suppliers to Contractor. Contractor is, however, encouraged to make every good faith effort to promote and assist the participation of MWBEs on this Contract for the provision of services and materials. The directory of New York State Certified MWBEs can be viewed at: <https://ny.newnycontracts.com/>. Additionally, following Contract execution, Contractor is encouraged to

B. Good Faith Efforts

Pursuant to 5 NYCRR § 142.8, evidence of good faith efforts shall include, but not be limited to, the following:

1. A list of the general circulation, trade, and MWBE-oriented publications and dates of publications in which the Contractor solicited the participation of certified MWBEs as subcontractors/suppliers, copies of such solicitations, and any responses thereto.
2. A list of the certified MWBEs appearing in the Empire State Development ("ESD") MWBE directory that were solicited for this Contract. Provide proof of dates or copies of the solicitations and copies of the responses made by the certified MWBEs. Describe specific reasons that responding certified MWBEs were not selected.
3. Descriptions of the Contract documents/plans/specifications made available to certified MWBEs by the Contractor when soliciting their participation and steps taken to structure the scope of work for the purpose of subcontracting with, or obtaining supplies from, certified MWBEs.
4. A description of the negotiations between the Contractor and certified MWBEs for the purposes of complying with the MWBE goals of this Contract.
5. Dates of any pre-bid, pre-award, or other meetings attended by Contractor, if any, scheduled by OGS with certified MWBEs whom OGS determined were capable of fulfilling the MWBE goals set in the Contract.
6. Other information deemed relevant to the request.

V. Fraud

Any suspicion of fraud, waste, or abuse involving the contracting or certification of MWBEs shall be immediately reported to ESD's Division of Minority and Women's Business Development at (855) 373-4692.

The Contract is amended to add the following new Section 4.12 Participation Opportunities For New York State Certified Service-Disabled Veteran Owned Businesses to read as follows:

4.12 PARTICIPATION OPPORTUNITIES FOR NEW YORK STATE CERTIFIED SERVICE-DISABLED VETERAN OWNED BUSINESSES

Article 3 of the New York State Veterans' Services Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses ("SDVOBs"), thereby further integrating such businesses into New York State's economy. OGS recognizes the need to promote the employment of service-disabled veterans and to ensure that certified service-disabled veteran-owned businesses have opportunities for maximum feasible participation in the performance of OGS contracts.

In recognition of the service and sacrifices made by service-disabled veterans and in recognition of their economic activity in doing business in New York State, Bidders/Contractors are strongly encouraged and expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles.

The directory of New York State Certified SDVOBs can be viewed at: <https://ogs.ny.gov/Veterans/>

STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, “the contract” or “this contract”) agree to be bound by the following clauses which are hereby made a part of the contract (the word “Contractor” herein refers to any party other than the State, whether a contractor, licenser, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State’s previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller’s approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor’s business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State’s prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER’S APPROVAL. In accordance with Section 112 of the State Finance Law, if this contract exceeds \$50,000 (or \$75,000 for State University of New York or City University of New York contracts for goods, services, construction and printing, and \$150,000 for State University Health Care Facilities) or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$25,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller’s approval of contracts let by the Office of General Services, either for itself or its customer agencies by the Office of General Services Business Services Center, is required when such contracts exceed \$85,000. Comptroller’s approval of contracts established as centralized contracts through the Office of General Services is required when such contracts exceed \$125,000, and when a purchase order or other procurement transaction issued under such centralized contract exceeds \$200,000.

4. WORKERS’ COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers’ Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment, nor subject any individual to harassment, because of age, race, creed, color, national origin, citizenship or immigration status, sexual orientation, gender identity or expression, military status, sex, disability, predisposing genetic characteristics, familial status, marital status, or domestic violence victim status or because the individual has opposed any practices forbidden under the Human Rights Law or has filed a complaint, testified, or assisted in any proceeding under the Human Rights Law. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor’s employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in

accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2 NYCRR § 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, the "Records"). The Records

must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION. (a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. (c) The Contractor agrees to make reasonable efforts to provide notification to New York State residents of employment opportunities on this project through listing any such positions with the Job Service Division of the New York State Department of Labor, or providing such notification in such manner as is consistent with existing collective bargaining contracts or agreements. The Contractor agrees to document these efforts and to provide said documentation to the State upon request; and

(d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

21. RECIPROCITY AND SANCTIONS PROVISIONS. Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively, codified in State Finance Law § 165(6) and Public Authorities Law § 2879(5)) require that they be denied contracts which they would otherwise obtain. NOTE: As of May 2023, the list of discriminatory jurisdictions subject to this provision includes the states of South Carolina, Alaska, West Virginia, Wyoming, Louisiana and Hawaii.

22. COMPLIANCE WITH BREACH NOTIFICATION AND DATA SECURITY LAWS. Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law §§ 899-aa and 899-bb and State Technology Law § 208).

23. COMPLIANCE WITH CONSULTANT DISCLOSURE LAW. If this is a contract for consulting services, defined for purposes of this requirement to include analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal or similar services, then, in accordance with Section 163 (4)(g) of the State Finance Law (as amended by Chapter 10 of the Laws of 2006), the Contractor shall timely, accurately and properly comply with the requirement to submit an annual employment report for the contract to the agency that awarded the contract, the Department of Civil Service and the State Comptroller.

24. PROCUREMENT LOBBYING. To the extent this agreement is a “procurement contract” as defined by State Finance Law §§ 139-j and 139-k, by signing this agreement the contractor certifies and affirms that all disclosures made in accordance with State Finance Law §§ 139-j and 139-k are complete, true and accurate. In the event such certification is found to be intentionally false or intentionally incomplete, the State may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS.

To the extent this agreement is a contract as defined by Tax Law § 5-a, if the contractor fails to make the certification required by Tax Law § 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law § 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

26. IRAN DIVESTMENT ACT. By entering into this Agreement, Contractor certifies in accordance with State Finance Law § 165-a that it is not on the “Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012” (“Prohibited Entities List”) posted at: <https://ogs.ny.gov/iran-divestment-act-2012>

Contractor further certifies that it will not utilize on this Contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this Contract, it must provide the same certification at the time the Contract is renewed or extended. Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

During the term of the Contract, should the state agency receive information that a person (as defined in State Finance Law § 165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

The state agency reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

27. ADMISSIBILITY OF REPRODUCTION OF CONTRACT. Notwithstanding the best evidence rule or any other legal principle or rule of evidence to the contrary, the Contractor acknowledges and agrees that it waives any and all objections to the admissibility into evidence at any court proceeding or to the use at any examination before trial of an electronic reproduction of this contract, in the form approved by the State Comptroller, if such approval was required, regardless of whether the original of said contract is in existence.

APPENDIX D

Authorized users that may want to seek federal funds from the federal funding agencies for the purchase of goods or services during a declared disaster are advised that federal funding agencies require particular terms and conditions be included in the contract for those goods and services. For the convenience of authorized users, those terms and conditions are set out below and can also be found at the FEMA website.

Authorized users of statewide contracts should consider adding this language to future purchase orders and secondary level competitions (often referred to as RFQs or mini- bids), unless the language is already attached to the statewide contract. State agencies making purchases to respond to disasters through a vehicle other than a centralized contract are required by Section H.6. of [Budget Bulletin H-501R](#) to include these and other terms into their contracts using the Appendix set forth in the Budget Bulletin.

Federal Funding Agency Mandatory Terms and Conditions

The following provisions are required by federal funding agencies in order for expenditures by Authorized Users to be eligible for federal reimbursement in the event of a State declaration of disaster emergency pursuant to Section 28 of the Executive Law.

1. REMEDIES

Remedies for Contractor failure to observe or perform any term or condition shall be as provided in the OGS centralized contract (if applicable), including all appendices.

2. TERMINATION FOR CAUSE AND CONVENIENCE

Termination for cause and convenience will be in accordance with Termination, Appendix B, General Specifications, if a statewide centralized contract, and Section 5, Copeland Anti-Kickback Act, of this document and/or the rules and regulations of your governing authority.

3. EQUAL EMPLOYMENT OPPORTUNITY

During the performance of the contract, OGS centralized contract (if applicable) or any purchase by an Authorized User, the Contractor agrees as follows:

- A. The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

- B. The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
- C. The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the

compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

- D. The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- E. The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- F. The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- G. In the event of the Contractor's noncompliance with the nondiscrimination clauses of the OGS centralized contract or with any of the said rules, regulations, or orders, the OGS centralized contract may be canceled, terminated, or suspended in whole or in part, and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- H. The Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

The Authorized User further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the Authorized User so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The Authorized User agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision

of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The Authorized User further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon Contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the Authorized User agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the Authorized User under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such Authorized User; and refer the case to the Department of Justice for appropriate legal proceedings.

- D. Subcontracts. The Contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. THIS AGREEMENT (hereinafter the “Contract,” “Centralized Contract,” “Master Contract” or the “Agreement”) is made by and between the People of the State of New York, acting by and through the Commissioner of General Services, whose office is on the 41st Floor, Corning Tower Building, Governor Nelson A. WHEREAS, OGS is statutorily authorized to enter into Centralized Contracts for services for use by Authorized Users; and

WHEREAS, OGS has identified a need by Authorized Users for Recycling and Trash Removal Services, as further described herein; and

SECTION 1: INTRODUCTION

1.1 SCOPE

This Master Contract is executed by the New York State Office of General Services (OGS), a New York State (NYS) agency authorized by law to issue Centralized Contracts for use by NYS Agencies and other Authorized Users.

This Contract is a Centralized Contract to provide Recycling and Trash Removal Services to NYS Authorized Users, by Lot and Region. Further information regarding Lots, Regions, and Pricing can be found in the following sections: Sections 2.20, *Recycling and Trash Removal Services*, 2.24, *Regions*, and 2.22, *Pricing*. The specific Lots and Regions awarded to Contractor may be found in Attachment 1 – *Summary of Lots and Regions Awarded*

This Centralized Contract establishes a set of standardized terms and conditions, guidelines, and a template for the award of Recycling and Trash Removal Services, at the Authorized User transactional level, through a Mini-Bid process. The Contractor agrees to the terms and conditions set forth in this Centralized Contract and the Contractor is willing to provide such services as set forth herein to Authorized Users.

This Centralized Contract sets forth a two-step process for each transaction. The first step was the establishment of this Master Contract. The second step will be competitive, based on the development of a specific Project Definition by an Authorized User in accordance with the contractual terms. Recycling and Trash Removal needs will be identified by an Authorized User, and documented in a Project Definition. The Project Definition will then be distributed to Contractors based on specific Regions, via the Mini-Bid process. A Mini-Bid award shall be based on lowest price.

The Mini-Bid award will result in a Mini-Bid Contract for Recycling and Trash Removal Services between Contractor and the Authorized User. Each Mini-Bid Contract will be governed by the terms and conditions specified herein and by terms and conditions added to the Authorized User Mini-Bid.

1.2 ESTIMATED QUANTITIES

This Contract is an Indefinite Delivery, Indefinite Quantity (IDIQ) Contract. All quantities or dollar values listed within this Contract are estimates.

Numerous factors could cause the actual volume of sales under this Contract to vary substantially from the estimates. Such factors include, but are not limited to, the following:

- This Contract is a nonexclusive Contract;
- There is no guarantee of volume to be purchased, nor is there any guarantee that demand will continue in any manner consistent with previous purchases;
- The individual value of the Contract is indeterminate and will depend upon actual Authorized User demand, and actual quantities ordered during the Contract period; and,
- The State reserves the right to terminate any Contract for cause or convenience prior to the end of the term pursuant to the terms and conditions of the Contract.

In Procurement Services's experience, depending on the price of a particular item, the actual volume of purchases for that item could be substantially in excess of, or substantially below, estimated volumes. Specifically, if actual Contract pricing is lower than anticipated or historical pricing, actual quantities purchased could be substantially greater than the estimates; conversely, if actual Contract pricing is higher than anticipated or historical pricing, actual quantities purchased could be substantially lower than the estimates. Contractor acknowledges the foregoing and agrees that actual good faith purchasing volumes during the term of the Contract could vary substantially from any estimates provided in this Contract.

The historical dollar value of all contracts awarded under the previous award for Rubbish Removal (Group 79013, Award 18850) was approximately \$4.5 million per year, but please note that this award did not contain the recycling lots included in RFP 22760.

SECTION 2: SPECIFICATIONS

2.1 GENERAL REQUIREMENTS

This is a full service contract. For the purposes of this Contract, ‘full service contract’ shall mean that the bidder's price includes all labor and materials required to provide the Recycling and Trash Removal Services outlined in this Contract and subsequent Project Definitions including but not necessarily limited to the supply, installation, maintenance, cleaning and servicing of the container(s) and the transport of all materials for either disposal and/or recycling; all administrative, reporting or other requirements, and all overhead costs and profit. It shall also include all travel costs, parking fees, and any other ancillary fees and costs including permits, licenses, insurance, etc.

The Contractor is responsible for meeting all licensing and/or permitting requirements within the region that it is operating in. Failure to comply with all licensing and permitting requirements will result in rejection of the Contractor’s Mini-Bids for Project Definitions and the region will be removed from the Master Contract and may result in a finding of non-responsibility for the Contractor.

The Authorized User is responsible for providing an adequate base for the placement of equipment and designating any electrical requirements, special restrictions or security requirements in the Project Definition.

This Contract does not permit the Contractor to provide services of abatement, removal, repair, replacement, enclosure, encapsulation and/or disposal of any petroleum, petroleum product, hazardous material or substances or any bio-med waste (red bag waste). Should Contractor discover any such materials in the products to be disposed of or recycled, the Contractor shall notify the Authorized User immediately, provide them with the location of the waste and the time it was discovered, and the Authorized User shall arrange for the waste to be properly disposed of.

2.2 SECURITY REQUIREMENTS

Authorized Users may have ongoing and/or periodic delivery and/or security restrictions that may affect service, particularly at correctional facilities. In addition, Contractor may be required to obtain security badges from the Authorized User for its employees.

Authorized Users shall identify all such restrictions and requirements in the Project Definition, and Contractors are responsible for meeting all security requirements and shall take these restrictions into account when bidding on specific projects. All costs for meeting security requirements shall be included in the prices bid.

2.3 BACKGROUND CHECKS

The Requirements of this section shall apply to the Contractor for all Mini-Bid Contracts who will be performing on-site work for the Authorized User unless otherwise specified in the Project Definition.

Applicability:

- (1) Contractors shall perform background checks and make suitability determinations on the Contractor’s employees before the individual employees can perform on-site Contract services for the Authorized User.
- (2) The Contractor shall maintain a continuous list of background checks and suitability determinations noted above, and shall provide this list to the Authorized User’s Facility Manager prior to the Mini-Bid Contract commencement date. The list shall be updated and resubmitted to the Facility Manager as changes occur, continually keeping the Facility Manager updated.
- (3) The Authorized User, on a case by case basis, may, either temporarily or permanently, waive the requirements of this clause, in whole or in part, if they determine in writing that background checks and suitability determinations are not necessary at a specific location or for a specific individual.

Background Checks:

The Contractor is responsible, at its own expense, for completing background checks and making suitability determinations on its employees prior to the employee beginning any on-site work, and to making them available to the Authorized User when requested. Compliance with the requirement for performing a background check and making a suitability determination shall not be construed as providing a Contractor’s employee clearance to secured areas.

At a minimum, the background check and suitability determination must include an evaluation of:

1. Verification that the individual is not listed on a national watched person database. The following link has information about data available. <http://www.treasury.gov/resource-center/sanctions/SDN-List/Pages/default.aspx>. The following link has a PDF file of a list of SPECIALLY DESIGNATED NATIONALS AND BLOCKED PERSONS: <http://www.treasury.gov/ofac/downloads/t11sdn.pdf>;

(continued)

2. Criminal History checks (using a national database that contains criminal histories and supplement this search by checks of NYS Office of Court Administration and comparable searches of states where the person has lived, worked or attended school during the past 5 years) Or by obtaining the record of convictions from NYSOCA directly and from their equivalents from other states where the person might have lived, worked or attended school during the last 5 years;
3. DMV driving records;
4. Social Security Number trace;
5. Verification of U.S. citizenship or legal resident status; and
6. Residence (past 3 years) (should be requested on employment application to compare against data from DMV license and other searches for verification);

Background Check Guidelines:

In making a suitability determination, the Contractor shall consider the following factors and evaluate them against the work to be performed, the performance location, and the degree of risk to Authorized Users:

1. Any loyalty or terrorism issue;
2. Patterns of conduct (e.g., alcoholism/drug addiction, financial irresponsibility/major liabilities, dishonesty, unemployability for negligence or misconduct, criminal conduct);

9. Illegal use of firearms/explosives; and
10. Employment related misconduct involving dishonesty, criminal or violent behavior.

The Contractor shall evaluate any adverse information about an individual by considering the following factors before making a suitability determination:

1. The nature, extent and seriousness of the conduct;
2. The circumstances surrounding the conduct;
3. The frequency and recentness of the conduct;
4. The individual's age and maturity at the time of the conduct;
5. The presence or absence of rehabilitation and other pertinent behavior changes;
6. The potential for pressure, coercion, exploitation, or duress;
7. The likelihood of continuation of the conduct;
8. How, and if, the conduct bears upon potential job responsibilities; and
9. The employee's employment history before and after the conduct.

Each suitability determination should be documented in a narrative. If negative items are mitigated by subsequent passage of time or completion of substance abuse programs this rationale should be included in the narrative. A negative suitability determination must be supported by a finding that the adverse information has a direct bearing on the potential job duties or that it is deemed sufficiently serious to bar the employee from a State site.

Employee Removal:

Whenever a Contractor becomes aware that any employee working at an on-site location becomes an unacceptable risk to the Authorized User the Contractor shall immediately remove that employee from the site, notify the Authorized User that such a removal has taken place, and replace them with a qualified substitute. If the approval of the Authorized User was initially required for the removed employee, then approval is required for the replacement employee.

Authorized User Notification

Prior to commencement of on-site Contract performance, the Contractor shall notify the Authorized User that the background checks and suitability determinations required by this clause have been completed for affected individuals.

Uniforms and Security Badges:

All Contractor employees must be provided with company uniforms containing an identifiable company logo. 2.21 RECYCLING LOTS THAT CONTAIN A REVENUE SHARING COMPONENT

Lots 5 through 13 contain a Revenue Sharing Component which shall be paid by the Contractor to the Authorized User on a monthly basis in the form of a credit against the amount due to the Contractor as shown on the Contractor's monthly invoice. In order to ensure that proper documentation is provided to the Authorized User, the credit for the previous month's recycling may be applied to the invoice for the current month's service.

The amount paid to the Authorized User shall be determined by multiplying the Revenue Sharing Percentage by either the Recyclable Floor Price awarded or the actual sale price that the recycler receives for the recyclable materials, whichever is greater. The Recyclable Floor Price and Revenue Sharing Percentage are listed in Attachment 1 – Summary of Lots and Regions Awarded. Should the value of the recyclables fall below the Recyclable Floor Price the amount paid to the Authorized User shall be based on the Floor Price.

All invoices for Lots containing a Revenue Sharing Component shall be accompanied by acceptable documentation showing the actual weight of material recycled, the actual revenue generated by the recyclables (including the price per ton and total revenue), and the Revenue Sharing amount either paid or credited to the Authorized User. Examples of acceptable documentation are a bill of sale for the materials listing the date of the sale, the type of materials sold, the material weights, the price obtained and the names of both the buyer and seller. Failure to include acceptable documentation with the monthly invoice may result in non-payment of the invoice by the Authorized User.

2.22 PRICING

Pricing shall include the cost of meeting all specifications contained in this Contract and will include two prices. The first are prices under this Contract, contained in Attachment 1 – *Summary of Lots and Regions Awarded* (referred to as Master Contract Unit Prices) and the second are prices submitted during responses to Mini-Bids which are let in the future (referred to as Mini-Bid Unit Prices). The Master Contract Unit Prices apply to the entire range of container sizes listed for each item specified in the lot descriptions. The Mini-Bid Unit Prices are the prices bid for specific Project Definitions using the lots, items, number of containers, container sizes and pickup frequency specified by the Authorized User.

For all Unit Pricing the prices bid during the Mini-Bid shall be less than or equal to the corresponding Unit Prices awarded for the Master Contract with the exception of the Recyclable Floor Price and Revenue Sharing Percentage, for which the prices bid during the Mini-Bid must be equal to or greater than the corresponding Unit Prices awarded for the Master Contract. At no time during the term of a Mini-bid contract may the Mini-bid Contract unit pricing exceed the prevailing Master Contract unit pricing.

For Mini-Bids that include a Roll-Off container or a Compactor that is rented for less than one month, the Mini-Bid Rental Fee Unit Price cannot exceed the Master Contract Rental Fee Unit Price on a prorated basis.

If, during the term of an awarded Mini-Bid, it becomes necessary to change the container size, number of containers or pickup frequency, service may be continued under the existing contract without performing a new Mini-Bid provided that the pricing does not exceed the awarded Mini-Bid unit prices.

2.23 DOCUMENTATION OF MATERIAL WEIGHTS AND DISPOSAL/RECYCLING LOCATIONS

(continued)

The Contractor shall maintain a record of the weights of all materials either disposed of or recycled and shall provide this information in reports as specified in *Section 3.7 Reporting Requirements*.

Unless otherwise specified by the Authorized User weights shall be determined as follows:

If specified in the Project Definition, weights of recyclable materials shall be determined by actual weighing of the materials using an inspected/certified and sealed scale, and weigh slips shall be provided along with monthly invoices. For Project Definitions not requiring the use of a certified scale, weights of recyclable materials may be calculated by actual weighing of the materials or by performing a volume conversion. For volume conversions, the Authorized User and Contractor must agree, prior to the start of the work, on a system for estimating the actual volume of materials in the container (is the container 25%, 50%, 75% full) and a conversion factor for converting the volume measurement to a weight.

For trash disposed of in roll-off containers or compactors, weights shall be determined by actual weighing of the materials using an inspected/certified and sealed scale, and weigh slips shall be provided along with monthly invoices.

For trash disposed of in bins and rear or front end loaded dumpsters, the weights may be calculated by actual weighing of the materials or by performing a volume conversion. For volume conversions, the Authorized User and Contractor must agree, prior to the start of the work, on a system for estimating the actual volume of materials in the container (is the container 25%, 50%, 75% full) and a conversion factor for converting the volume measurement to a weight.

In addition, the Contractor shall provide documentation of where the material was either recycled or disposed of to the Authorized User, and must provide this documentation within two weeks of a request from an Authorized User.

SECTION 3: GENERAL TERMS AND CONDITIONS

3.1 CONTRACT PERIOD

The term of this Master Contract shall commence upon mailing of approval by the Office of the General Services Procurement Services. The term shall end on the date specified in the initial Contract Award Notification posted on the OGS website, such that the first Contract(s) awarded under the Solicitation will have a term of five years. Contracts awarded under any additional periodic recruitments periods will have a lesser initial Contract term so that the Contracts from periodic recruitments and the initial awards will end on the same date, regardless of start date. Also, please refer to Section 3.3 *Price Adjustments* for price changes which will be allowed after the first year of the Contract.

If mutually agreed between OGS Procurement Services and the Contractor, the Master Contract may be renewed under the same terms and conditions for additional periods up to a maximum of four years.

Mini-Bid Contracts awarded during the term of the Master Contract may have a term which ends up to three years after the end date of the Master Contract, provided that no Mini-bid contract term exceeds five years, including any extensions.

3.2 SHORT TERM EXTENSION

In the event a replacement contract has not been issued, any contract let and awarded hereunder by the State may be extended unilaterally by the State for an additional period of up to three (3) months upon notice to the Contractor with the same terms and conditions as the original contract including, but not limited to, quantities (prorated for such extension), prices, and delivery requirements. Any extension terminates upon Award of a replacement contract.

3.3 PRICE ADJUSTMENTS

CPI Adjustments

Awarded bid pricing will be in effect for one (1) year from the start date of the Contract. The CPI adjustment shall apply to all Master Contract and Mini-bid Contract unit pricing except for the Recyclable Floor Price and Revenue Sharing Percentage.

On each annual anniversary date of the Master Contract the Contractor may request a rate change (increase or decrease) from Procurement Services for the respective Master Contract Unit Prices based upon fluctuations in the latest published copy of the Consumer Price Index for all urban consumers as published by the U.S. Department of Labor, Bureau of Labor Statistics, Washington, D.C. 20212.

- The index is also available through the Internet at the Bureau of Labor Statistics web site at <http://stats.bls.gov/>. Go to “Subjects” > “Inflation and Prices Overview” > “Consumer Price Index” > “CPI Tables” and then refer to “Table Containing History of CPI-U U.S. All Items Indexes and Annual Percent Changes From 1913 to Present is now available in the CPI Detailed Report as Table 24”.

Similarly, on each annual anniversary date of a Mini-Bid Contract, the Contractor may request a rate change (increase or decrease) from the Authorized User to the Mini-Bid Unit Prices using the same methodology. At no time during the term of a Mini-bid contract may the Mini-bid Contract unit pricing exceed the prevailing Master Contract unit pricing.

In addition, the Contractor may reduce fees at any time, with the exception of the Recyclable Floor Price and Revenue Sharing Percentage, by submitting a request to Procurement Services and/or the Authorized User. The Recyclable Floor Price and Revenue Sharing Percentage may be increased at any time by submitting a request to Procurement Services and/or the Authorized User.

The Contractor is solely responsible for notifying Procurement Services or the Authorized User that the Contractor wishes to receive the CPI rate change and to submit a request for the adjusted rate on the Master Contract anniversary date, or the Mini-bid Contract anniversary date as the case may be. Contractor shall provide a copy of the index and other supporting documentation necessary to support the increase or decrease to Procurement Services or the Authorized User(s), as appropriate. Should the Contractor fail to make a request and submit supporting documentation to Procurement Services or the Authorized User within ninety (90) days after the applicable anniversary date, the Contractor shall be deemed to have waived its right to any increase in price for that year, but Procurement Services or the Authorized User(s) shall not be barred from making the appropriate adjustment in the case of a decrease determined in accordance with the above methodology.

Price adjustments using the CPI involve changing the base payment by the percent change in the level of the CPI for the current year compared to the previous year. This is calculated by first determining the index point change between the two readings and then the percent change. The price adjustment shall be calculated as follows: Take the CPI value for the 3rd month prior to the current anniversary

(continued)

date of the Contract and subtract the CPI value for the 3rd month prior to the previous anniversary date of the Contract (15 months prior to the current anniversary date) [e.g.: If the Contract start date was in April, take the January CPI value of the current year and subtract the January CPI value of the previous year]. That sum is then divided by the previous period CPI value and this result is then multiplied by 100 to equal the percent change which is the price adjustment value. This percentage change (increase or decrease) shall be applied to the next Contract year, upon release of a Contract Addendum from Procurement Services.

The following example illustrates the computation of percent change for a hypothetical April 2004 anniversary calculation:

CPI FOR CURRENT PERIOD (JANUARY 2004)	185.2
LESS CPI FOR PREVIOUS PERIOD (JANUARY 2003)	181.7
EQUALS INDEX POINT CHANGE	3.5
DIVIDED BY PREVIOUS PERIOD CPI	181.7
EQUALS	0.0192
RESULT MULTIPLIED BY 100	<u>0.019 X 100</u>
EQUALS PERCENT CHANGE	1.9%

Requests for Increases in Master Contract Unit Prices Due to Market Conditions Outside Contractor’s Control

Should the above referenced method of price adjustment become, in the sole judgment of the State, unworkable due to market conditions outside of the Contractor’s control, such as substantial increases in Tipping or Recyclable Processing Fees, the closing of landfill sites, or restrictions placed on dumping specific types of wastes, New York State reserves the right to negotiate an amendment to increase the then prevailing Master Contract Unit Price for the particular service affected, provided that the Contractor establishes to OGS’s satisfaction that it has sustained at least a 25% increase in the cost of providing the affected service within a one year period and that the following conditions are met:

- The Contractor submitted with its bid the following information:
 - A list of the Waste Processing site(s) or Recyclers utilized by the Contractor for the purposes of this Contract.
 - The haul charge to and from the applicable site.
 - The Tipping or Recyclable Processing fees for the above referenced site.
- The Contractor agrees to bill the Authorized User at the existing Mini-bid Unit Prices until the amendment is approved and a new Mini-bid can be performed, which will be done at the discretion of the Authorized User
- It shall be incumbent on the Contractor to request any Master Contract Unit price increases due to market conditions outside its control. Any approved changes in Master Contract Unit prices hereunder shall apply prospectively only. Failure to provide any of the information in the subdivisions above, shall render null or void any later claims by the Contractor for increased compensation for increased costs.

3.4 LIQUIDATED DAMAGES

If the Contractor fails to complete services in accordance with specifications contained in either this Master Contract, a Project Definition or the Mini-Bid Contract, it is understood, and the Contractor hereby agrees that the value for such incomplete service will be an amount equal to one and one-half (1 ½) times the Authorized User’s cost to remedy the deviations.

Deviations for which liquidated damages will apply are:

1. Failure to make a scheduled pickup and/or stop.
2. Early arrival or early departure from the designated pick-up schedule which results in a partial pick-up.
3. Spillage of waste, debris or materials which aren’t cleaned up.
4. Failure to maintain equipment in a clean and sanitary condition.
5. Failure to maintain equipment in good operating condition

In each of the aforementioned instances the Contractor will be subject to an assessment of liquidated damages at the rate of one and one-half (1 ½) times the Authorized User’s total cost for removal and disposal of materials or the cost of cleanup. For lots which include a Revenue Sharing Component, the Supplier will also be subject to an assessment of liquidated damages at the rate of one and one-half (1 ½) times any lost revenue due to the Authorized User in addition to the liquidated damages assessed for removal and disposal of the materials.

The collective amount of these liquidated damages shall be deducted from the monies due the Contractor for each day/site missed, not as a penalty, but as liquidated damages. However, the Contractor shall not be liable if failure to perform arises out of causes beyond its control and without the fault or negligence of the Contractor (Acts of God, the public enemy, fires, floods, freight embargoes, etc.).

(continued)

3.5 PREVAILING WAGE RATE - PUBLIC WORKS AND BUILDING SERVICES CONTRACTS

Prevailing Wage Rate as part of the requirements of Article 8 (Sections 220-223) and Article 9 (Sections 230-239) of the New York State Labor Law, requires public work Contractors and subcontractors to pay laborers, workers or mechanics employed in the performance of a public work contract not less than the prevailing rate of wage and to provide supplements (fringe benefits) in accordance with prevailing practices in the locality where the work is performed.

Work under this Contract is subject to the prevailing wage rate provisions of New York State Labor Law Article 9 Sections 230-239. See "Prevailing Wage Rates - Public Works and Building Services Contracts" in Appendix B, OGS General Specifications.

3.6 PERIODIC RECRUITMENT

After the initial bidding process is completed and the initial Master Contracts are awarded, the State reserves the right to accept proposals at any time determined by the State to be in its best interest. If the proposal is accepted, a Master Contract shall be awarded and the Contractor shall be placed on the list of prequalified Contractors for the remaining term of the initial agreement.

These periodic recruitments are open to either new Contractors or Contractors who already hold a Master Contract and wish to bid on regions or services that they were not awarded. Once the proposal is evaluated, Master Contracts shall be awarded to all Contractors who are deemed qualified. After award, only those Contractors who hold a Master Contract for a particular region shall be allowed to bid specific projects or facilities in that region utilizing the Project Definition Template as part of the Mini-Bid process.

3.7 REPORTING REQUIREMENTS

Contractor shall provide the following reports for the Master Contract and any subsequently awarded Mini-Bid Contracts:

1. Authorized User Reports

The Contractor shall provide quarterly and annual reports to each Authorized User that include a sum of the weight or volume of waste disposed of and the weight or volume of materials recycled and/or composted by type of recycling and location, and shall also maintain a continuous record of these materials.

In addition, the Contractor shall also provide a monthly report to the Authorized User (unless Authorized User requests reports on a less frequent basis) which shall be attached to the Invoice and shall detail all work completed that month and shall compare scheduled work versus actual work completed. The report shall include the schedule of pick-ups, container sizes, weights, tare slips, and any other documentation the user may need to verify pricing.

2. New York State Procurement Services Reports

In addition to reports for the Authorized User, the Contractor shall also provide an annual report to Procurement Services detailing all services provided under the Contract. The report shall be in Microsoft Excel format and shall be emailed to the individual listed on the front page of the Contract Award Notification and shall reference the Contractor's name, Master Contract number, Mini-Bid Contract number, sales period, authorized user name, location of service, type of service (lot description), type of containers provided, size of containers provided, frequency of pickup, monthly charge and total dollar value of the service.

Please note that additional related sales information and/or detailed Authorized User purchases may be required and must be supplied upon request, and that failure to submit the required reports may result in a determination that the Contractor is non-responsible.

3.8 NON-STATE AGENCIES PARTICIPATION IN CENTRALIZED CONTRACTS

New York State political subdivisions and others authorized by New York State law may participate in contracts. These include, but are not limited to local governments, public authorities, public school and fire districts, public and nonprofit libraries, and certain other nonpublic/nonprofit organizations. See "*Participation in Centralized Contracts*" in Appendix B, *OGS General Specifications*. Upon request, all eligible non-State agencies must furnish Contractors with the proper tax exemption certificates and documentation certifying eligibility to use State contracts. Questions regarding an organization's eligibility to purchase from New York State contracts may also be directed to OGS Procurement Services Customer Services at 518-474-6717.

3.9 NEW YORK STATE STATEWIDE FINANCIAL SYSTEM

The New York State Statewide Financial System (SFS) went live for NYS agencies in April 2012. Future SFS procurement functionality envisions the ability to fully host Contract catalogs, to integrate Contractor-hosted punch-out catalogs, and/or to submit and process invoices electronically. OGS reserves the right to integrate any or all of these future catalog functions with a Contractor during the Contract period, and by submittal of a bid, a Bidder agrees to coordinate with SFS, OGS and/or a third party host, for integration, if OGS exercises its right to do so. No costs or expenses associated with providing information and integration shall be charged to NYS. Technical Requirements for the data elements, such as data types, maximum field lengths, and cXML element names shall be provided by SFS, OGS and/or a third party host during integration. For more information on SFS, its use, and its capabilities please visit the SFS website here: <http://www.sfs.ny.gov/>.

The Commissioner of OGS or her designee, in his or her sole discretion, reserves the right to suspend any or all activities under this Contract, at any time, when he or she discovers information that calls into question the responsibility of the Contractor. Contract activity may resume at such time as the Commissioner of OGS or her designee issues a written notice authorizing a resumption of performance under the Contract.

Upon written notice to the Contractor, and a reasonable opportunity to be heard with appropriate OGS officials or staff, the Contract may be terminated by the Commissioner of OGS or her designee at the Contractor's expense where the Contractor is determined by the Commissioner of OGS or her designee to be non-responsible. In such event, the Commissioner of OGS or her designee may complete the contractual requirements in any manner he or she may deem advisable and pursue available legal or equitable remedies for breach. In no case shall such termination of the Contract by the State be deemed a breach thereof, nor shall the State be liable for any damages for lost profits or otherwise, which may be sustained by the Contractor as a result of such termination.

3.15 TAX LAW §5-A

Section 5-a of the Tax Law requires certain Contractors awarded State Contracts for commodities, services and technology valued at more than \$100,000 to certify to the NYS Department of Taxation and Finance (DTF) that they are registered to collect New York State and local sales and compensating use taxes. The law applies to Contracts where the total amount of such Contractors' sales delivered into New York State are in excess of \$300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made, and with respect to any affiliates and subcontractors whose sales delivered into New York State exceeded \$300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made.

A Contractor is required to file the completed and notarized Form ST-220-CA with OGS certifying that the Contractor filed the ST-220-TD with DTF. Note: NYS DTF receives the completed Form ST-220-TD, not OGS. OGS ONLY receives the Form ST-220-CA.

(continued)

Form ST-220-CA must be filed with the bid and submitted to the procuring covered Agency certifying that the Contractor filed the ST-220-TD with DTF. Contractor should complete and return the certification forms within five (5) business days of request (if the forms are not completed and returned with bid submission). Failure to make either of these filings may render a Contractor non-responsive and non-responsible. Contractor shall take the necessary steps to provide properly certified forms within a timely manner to ensure compliance with the law.

Website links to the Contractor certification forms and instructions are provided below. Form ST-220-TD must be filed with and returned directly to DTF and can be found at http://www.tax.ny.gov/pdf/current_forms/st/st220td_fill_in.pdf. Unless the information upon which the ST-220-TD is based changes, this form only needs to be filed once with DTF. If the information changes for the Contractor, its affiliate(s), or its subcontractor(s), a new Form No. ST-220-TD must be filed with DTF.

Form ST-220-CA must be submitted to OGS. This form provides the required certification that the Contractor filed the ST-220-TD with DTF. This form can be found at http://www.tax.ny.gov/pdf/current_forms/st/st220ca_fill_in.pdf.

3.16 CONTRACTOR REQUIREMENTS AND PROCEDURES FOR EQUAL EMPLOYMENT AND BUSINESS PARTICIPATION OPPORTUNITIES FOR MINORITY GROUP MEMBERS AND NEW YORK STATE CERTIFIED MINORITY- AND WOMEN-OWNED BUSINESS ENTERPRISES

I. General Provisions

- A. OGS is required to implement the provisions of New York State Executive Law Article 15-A and 5 NYCRR Parts 140-145 (“MWBE Regulations”) for all State contracts as defined therein, with a value (1) in excess of \$25,000 for labor, services, equipment, materials, or any combination of the foregoing or (2) in excess of \$100,000 for real property renovations and construction.
- B. The Contractor agrees, in addition to any other nondiscrimination provision of the Contract and at no additional cost to OGS, to fully comply and cooperate with OGS in the implementation of New York State Executive Law Article 15-A. These requirements include equal employment opportunities for minority group members and women (“EEO”) and contracting opportunities for New York State certified minority- and women-owned business enterprises (“MWBEs”). Contractor’s demonstration of “good faith efforts” pursuant to 5 NYCRR §142.8 shall be a part of these requirements. These provisions shall be deemed supplementary to, and not in lieu of, the nondiscrimination provisions required by New York State Executive Law Article 15 (the “Human Rights Law”) or other applicable federal, State or local laws.
- C. The Contractor further agrees to be bound by the provisions of Article 15-A and the MWBE Regulations. If any of these terms or provisions conflict with applicable law or regulations, such laws and regulations shall supersede these requirements.
- D. Failure to comply with all of the requirements herein may result in a finding of non-responsiveness, non-responsibility and/or a breach of contract, leading to the withholding of funds, suspension or termination of the Contract or such other actions or enforcement proceedings as allowed by the Contract.

II. Contract Goals

- A. For purposes of this procurement, OGS conducted a comprehensive search and determined that this contract does not offer sufficient opportunities to set goals for participation by MWBEs as subcontractors, service providers and suppliers to Contractor. Contractor is, however, encouraged to make every good faith effort to promote and assist the participation of MWBEs on this Contract for the provision of services and materials. The directory of New York State Certified MWBEs can be viewed at: <https://ny.newnycontracts.com/FrontEnd/VendorSearchPublic.asp?TN=ny&XID=2528> Additionally, Contractor is encouraged to contact the Division of Minority and Women’s Business Development ((518) 292-5250; (212) 803-2414; or (716) 846-8200) to discuss additional methods of maximizing participation by MWBEs on the Contract.

B. Good Faith Efforts

Pursuant to 5 NYCRR § 142.8, evidence of good faith efforts shall include, but not be limited to, the following:

- (1) A list of the general circulation, trade and MWBE-oriented publications and dates of publications in which the Contractor solicited the participation of certified MWBEs as subcontractors/suppliers and copies of such solicitations and any responses thereto.
- (2) A list of the certified MWBEs appearing in the Empire State Development MWBE directory that were solicited for this Contract. Provide proof of dates or copies of the solicitations and copies of the responses made by the certified MWBEs. Describe specific reasons that responding certified MWBEs were not selected.
- (3) Descriptions of the Contract documents/plans/specifications made available to certified MWBEs by the Contractor when soliciting their participation and steps taken to structure the scope of work for the purpose of subcontracting with or obtaining supplies from certified MWBEs.

(continued)

- (4) A description of the negotiations between the Contractor and certified MWBEs for the purposes of complying with the MWBE goals of this Contract.
- (5) Dates of any pre-bid, pre-award or other meetings attended by Contractor, if any, scheduled by OGS with certified MWBEs whom OGS determined were capable of fulfilling the MWBE goals set in the Contract.
- (6) Other information deemed relevant to the request.

III. Equal Employment Opportunity (EEO)

A. Contractor shall comply with the following provisions of Article 15-A:

1. Contractor and Subcontractors shall undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, EEO shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation.
2. By entering into this Contract, Contractor certifies that the text set forth in clause 12 of Appendix A, attached hereto and made a part hereof, is Contractor's equal employment opportunity policy.

B. Form EEO 100 – Staffing Plan

To ensure compliance with this section, the Contractor submitted a staffing plan on Form EEO 100 to document the composition of the proposed workforce to be utilized in the performance of the Contract by the specified categories listed, including ethnic background, gender, and federal occupational categories. Contractor shall complete the Staffing plan form and submit it as part of their contract.

C. Form EEO 101 - Workforce Employment Utilization Report (“Workforce Report”)

1. If Contractor's Form EEO 100- Staffing Plan provides that Contractor is able to report the actual workforce utilized in the performance of this Contract, the following clause shall apply: Contractor agrees it will, upon request, submit to OGS, a workforce utilization report on Form EEO 101, identifying the workforce actually utilized on the Contract if known.
2. If Contractor's EEO Form 100 - Staffing Plan provides that Contractor is unable to separate out the actual workforce utilized in the performance of the Contract from its total workforce, the following clause shall apply: Contractor and OGS agree that Contractor is unable to separate out the workforce utilized in the performance of the Contract from Contractor's and/or subcontractor's total workforce and that the information provided on the previously submitted Staffing Plan is Contractor's total workforce during the subject time frame, not limited to work specifically under the Contract.

- #### D. Contractor shall comply with the provisions of the Human Rights Law, all other State and federal statutory and constitutional non-discrimination provisions. Contractor and subcontractors shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal and conviction and prior arrest.

ALL FORMS ARE AVAILABLE AT: <http://www.ogs.ny.gov/MWBE/Forms.asp>

3.17 CENTRALIZED CONTRACT MODIFICATION PROCESS

A. OGS, an Authorized User, or the Contractor may suggest modifications to the Centralized Contract or its Appendices. Except as specifically provided herein, modifications to the terms and conditions set forth herein may only be made with mutual written agreement of the Parties. Modifications may take the form of an update or an amendment. “Updates” are changes that do not require a change to the established Centralized Contract terms and conditions. A request to add new products at the same or better price level is an example of an update. “Amendments” are any changes that are not specifically covered by the terms and conditions of the Centralized Contract, but inclusion is found to be in the best interest of the State. A request to change a contractual term and condition is an example of an amendment.

B. Updates to the Centralized Contract and the Appendices may be made in accordance with the contractual terms and conditions to incorporate new products or services, make price level revisions, delete products or services, or to make such other updates to the

(continued)

established Centralized Contract terms and conditions, not resulting in a change to such terms and conditions, which are deemed to be in the best interest of the State.

C. OGS reserves the right to consider modifications which are not specifically covered by the terms of the Centralized Contract, but are judged to be in the best interest of the State. Such modifications are deemed amendments to the Centralized Contract and may require negotiations between Contractor and OGS before execution.

D. All modifications proposed by Contractor, shall be processed in accordance with Appendix C, Contract Modification Procedure. The Contractor shall submit all requests in the form and format contained in Appendix C, Contract Modification Procedure. The form contained within Appendix C is subject to change at the sole discretion of OGS.

E. Modifications proposed by OGS or an Authorized User, including updates and amendments, shall be processed in accordance with the terms of the Centralized Contract and Appendix B, §40.

3.18 OVERLAPPING CONTRACT ITEMS

Products/services available under the Contract may also be available from other New York State contracts. Authorized Users will be advised to select the most cost effective procurement alternative that meets their program requirements and to maintain a procurement record documenting the basis for this selection.

3.19 CONFLICT OF TERMS

Conflicts among the documents shall be resolved in the following order or precedence:

1. Appendix A *Standard Clauses for New York State Contracts*;
2. The Master Contract (the portion of this document preceding the signature of the parties, including all attachments);
3. Appendix B *General Specifications*.
4. Any Mini-Bid Contract.

3.20 INSURANCE REQUIREMENTS

The Contractor shall procure and at its sole cost and expense and shall maintain in force at all times during the term of the Contract all policies of insurance pursuant to the requirements outlined in Attachment 2, *Insurance Requirements*.

3.21 USE OF SUBCONTRACTORS

The use of subcontractors is permissible under this Contract provided that: the subcontractor must agree to the same terms and conditions as the Contractor, and the Contractor remains responsible for performance of the Contract terms and conditions. In the event of dissatisfactory performance of the subcontractor, the Contractor is ultimately responsible. OGS reserves the right to approve or disapprove subcontractors. See Appendix B, § 42, *Employees, Subcontractors, and Agents*.

3.22 PREFERRED SOURCE PRODUCTS

NYS State Finance Law §162 requires that governmental entities afford first priority to the products/services of preferred source suppliers such as Correctional Industries (Corcraft), New York State Preferred Source Program for People who are Blind, and NYS Industries for the Disabled, when such products/services meet the form, function and utility of the Authorized User. An Authorized User must determine if a particular commodity or service is approved for a Preferred Source and follow the requirements of State Finance Law §162(3) or (4)(b), respectively, before engaging the Contractor.

3.23 DIESEL EMISSIONS REDUCTION ACT

Pursuant to N.Y. Environmental Conservation Law §19 0323 (“the Law”) it is a requirement that heavy duty diesel vehicles in excess of 8,500 pounds use the best available retrofit technology (“BART”) and ultra-low sulfur diesel fuel (“ULSD”). The requirement of the Law applies to all vehicles owned, operated by or on behalf of, or leased by State agencies and State or regional public authorities. It also requires that such vehicles owned, operated by or on behalf of, or leased by State agencies and State or regional public authorities with more than half of its governing body appointed by the Governor utilize BART.

The Law may be applicable to vehicles used by contract vendors “on behalf of” State agencies and public authorities and require certain reports from contract vendors. All heavy duty diesel vehicles must have BART by December 31, 2015 (unless further extended by Law). The Law also provides a list of exempted vehicles. Regulations set forth in 6 NYCRR Parts 248 and 249 provide further guidance. The Bidder/Contractor hereby certifies and warrants that all heavy duty vehicles, as defined in NYECL §19 0323, to be used under this Contract, will comply with the specifications and provisions of NYECL §19 0323, and 6 NYCRR Parts 248 and 249.

3.24 SURPLUS/TAKE-BACK/RECYCLING

I. A State agency is reminded of its obligation to comply with the NY State Finance Law §§ 167, Transfer and Disposal of Personal Property, and 168, The Management of Surplus Computer Equipment, regarding transfer and disposal of surplus personal property before utilizing take-back, recycling, or other options for disposition of equipment that is still in operable condition.

II. If Contractor offers a take-back/recycling program, then Contractor shall provide a record of disposition to each Authorized User who participates in the take-back/recycling program for units transferred for disposition. Contractor shall provide documentation that the units were disposed of in an environmentally sound manner in compliance with applicable local, state and federal laws. See Section III below for specific requirements governing electronic equipment recycling.

III. The NYS Department of Environmental Conservation (DEC) Electronic Equipment Recycling and Reuse Act (“Act”) (Environmental Conservation Law, Article 27, Title 26, Electronic Equipment Recycling and Reuse), requires manufacturers to establish a convenient system for the collection, handling, and recycling or reuse of electronic waste. If Contractor is a manufacturer of electronic equipment covered by the Act, Contractor agrees to comply with the requirements of the Act. More information regarding the Act can be found on the DEC website at: <http://www.dec.ny.gov/chemical/65583.html>.

IV. If a Contractor offers a take-back/recycling program or offers an electronic equipment recycling program pursuant to the Act, and an Authorized User participates in same, then the Authorized User shall ensure the destruction of all data from any hard drives surrendered with the machines/covered electronic equipment. Contractor shall not require an Authorized User to surrender the hard drive, as an Authorized User may wish to retain the hard drive for security purposes. Contractor shall advise the Authorized User in advance if the retention of the hard drive results in additional fees or reduction in trade-in value. It is recommended that an Authorized User use a procedure for ensuring the destruction of confidential data stored on hard drives or other storage media that meets or exceeds the National Institute of Standards and Technology (NIST) Guidelines for Media Sanitation as found in NIST Special Publication 800-88.

3.25 ENVIRONMENTAL ATTRIBUTES AND NYS EXECUTIVE ORDER NO. 4

New York State is committed to environmental sustainability and endeavors to procure products with reduced environmental impact. One example of this commitment may be found in Executive Order No. 4 (Establishing a State Green Procurement and Agency Sustainability Program), which imposes certain requirements on state agencies, authorities, and public benefit corporations when procuring commodities, services, and technology. More information on Executive Order No. 4 may be found at <http://ogs.ny.gov/EO/4/Default.asp>.

SECTION 4: PROCUREMENT INSTRUCTIONS

This Contract is issued under a multiple award structure. Authorized Users shall procure Products that best meet their form, function, and utility requirements. Before proceeding with a purchase, Authorized Users shall check the list of Preferred Source offerings and are reminded that they must comply with State Finance Law, particularly §162, regarding Products provided by Preferred Source suppliers.

Pursuant to State Finance Law § 163(10)(c), at the time of purchase, Authorized Users must base their selection among multiple Contracts upon which is the most practical and economical alternative that is in the best interests of the State. Under this Master Contract, Authorized Users will purchase using a Mini-Bid process to satisfy this statutory requirement.

4.1 RESERVED:

4.2 MINI-BID PROCESS:

For procurements under this Contract, Authorized Users must utilize the Mini-Bid process.

The steps in the Mini-Bid process are as follows:

- A. The Authorized User will identify service requirements, in addition to those identified in the Master Contract, as well as the Mini-Bid Contract term, and other additional terms, in a Project Definition, using the *Project Definition Template*, provided as Attachment 4. OGS reserves the right to unilaterally make revisions, changes and/or updates to the Project Definition Template without processing a formal amendment to the Contract.
- B. The Authorized User will review the location of their facility(ies) to determine what region they are located in. Please note that if an Authorized User is seeking services at multiple sites located in several regions, then separate Mini-Bids must be done for each region.
- C. The Authorized User will review the list of services available in the applicable region.
- D. The Authorized User is required to distribute a completed Project Definition to all Contractors who hold Master Contracts in the region that the facility(ies) are located in where the Authorized User needs services performed. The Authorized User will email or mail the eligible Contractors in the region a copy of the Project Definition.
- E. Prior to receiving Mini-Bids, the Authorized User may conduct site visits, a pre-bid conference, and receive and respond to vendor inquiries.
- F. The Authorized User will receive Mini-Bids from Contractors, containing Mini-Bid pricing, pursuant to a schedule developed in the Project Definition and then evaluate all Mini-Bids.
- G. The Mini-Bids will be evaluated, and a Mini-Bid Contract award will be made, based on the following: (1) compliance with all mandatory requirements set forth in the Project Definition; (2) requirement that the Contractor's Mini-Bid Unit Prices are less than or equal to the Master Contract Unit Prices for all pricing except for the Recyclable Floor Price and Revenue Sharing Percentage; (3) requirement that the Contractor's Mini-Bid Unit Prices for the Recyclable Floor Price and Revenue Sharing Percentage are greater than or equal to the Master Contract Unit Prices; and (4) lowest bid.
- H. For Project Definitions that contain more than one Lot, Award may be made to one Contractor for all Lots on the basis of Total Lowest Cost (the costs for the individual Lots are summed to create the Total Cost) or separate Awards may be made for individual Lots at the discretion of the Authorized User.
- I. For all Mini-Bid awards, the Contractor must be prequalified for the Lot(s) and Region being bid on, and the Mini-Bid Unit Pricing must meet the requirements of Section 2.22 Pricing.
- J. Should a protest be submitted by a Contractor regarding a Mini-bid award, the protest will be considered and decided by the Authorized User.

- K. Once a Mini-Bid Contract award is made, the Authorized User will provide a copy of the Project Definition used for the Mini-Bid and winning bidder's Mini-bid to the Procurement Services Contract Manager listed on the Contract Award Notification document or contract landing page.
- L. The Procurement Services Contract Manager will provide the Authorized User with a Contract Number for the awarded Contractor.
- M. The Authorized User will issue encumbrance documents or other written orders that are effective and binding on the Contractor when placed in the mail addressed to the Contractor at the address shown on the signature page.
- N. Upon notification by the Authorized User of Mini-Bid award, the Contractor shall assist in selecting the optimum equipment type/size, pick up frequencies, and the schedule for installation and delivery of equipment. This information shall be summarized in a 'Schedule of Work' which will be submitted to the Authorized User for their review and approval prior to the start of the work.

4.3 MINI-BID CONTRACT NUMBER

A Mini-Bid Contract Number must be issued to the selected Contractor for all Mini-Bid procurements.

For Mini-Bid awards, the Master Contract Number is modified by replacing the last "A" with the letter "B" the first time a Contractor is awarded a Mini-Bid and then following with "C", "D", "E", etc. for subsequent awards.

For example, if a Contractor was assigned a Master Contract Number PS1000AA then the first Mini-Bid would be assigned the number PS1000AB, the second PS1000AC and the third PS1000AD and so on.

To obtain a Contract Number for a Mini-Bid, contact the Contract Manager listed on the front of the Contract Award Notification or contract landing page and submit to them a copy of the Project Definition and winning Bidder's Mini-Bid.

For Authorized Users who are not State agencies, a purchase order or other written order may be issued for the work following the Mini-Bid. Written orders are effective and binding on the Contractor when placed in the mail addressed to the Contractor at the address shown on the signature page.

4.4 METHOD OF PAYMENT

Payments are made each month against the purchase orders or other written orders.

Invoices for payment shall be submitted to the Authorized User at the end of each month on a New York State Standard Voucher or company invoice for services satisfactorily completed during that month.

This voucher or invoice shall contain the Contract ID number (i.e.: CMUXXXX); the name of the Authorized User; the location where service was performed; and itemize all services rendered.

Payment of purchases made by Authorized Users other than State Agencies under shall be the sole responsibility of such entities and the Contractor shall bill such entities directly on vouchers authorized by the said entities.

4.5 M/WBE UTILIZATION GOAL REQUIREMENTS IN THE MINI-BID

In accordance with Article 15-A of the New York State Executive Law and regulations adopted pursuant thereto, a State Agency [as defined in New York State Executive Law §310(11)] may establish separate goals for participation of New York State Certified minority and women-owned business enterprises, at the time of the Mini-Bid, if the Mini-Bid will result in a State contract (1) in excess of \$25,000 for labor, services, equipment, materials, or any combination of the foregoing or (2) in excess of \$100,000 for real property renovations and construction. As a condition of Award of the Master Contract, the Contractor agrees to be bound by the State Agency's implementation of the provisions of Article 15-A of the New York State Executive Law. For further guidance, please refer to Attachment 11 - Project Definition Template.

4.6 NOTICES

4.8 SEVERABILITY

4.9 COUNTERPARTS

This Contract may be executed in one or more counterparts, each of which shall be deemed to be an original, but all of which together shall constitute the same Contract. Any signature page of any such counterpart may be attached or appended to any counterpart to complete a fully executed counterpart of this Contract, and shall bind such party.

This Contract and the referenced appendices and attachments constitute the entire agreement between the Parties thereto and no statement, promise, condition, understanding, inducement or representation, oral or written, expressed or implied, which is not contained herein shall be binding or valid and the Contract shall not be changed, modified or altered in any manner except by an instrument in writing executed by the State and the Contractor, with all necessary approvals. SECTION 4: PROCUREMENT INSTRUCTIONS

This Contract is issued under a multiple award structure. Authorized Users shall procure Products that best meet their form, function, and utility requirements. Before proceeding with a purchase, Authorized Users shall check the list of Preferred Source offerings and are reminded that they must comply with State Finance Law, particularly §162, regarding Products provided by Preferred Source suppliers.

Pursuant to State Finance Law § 163(10)(c), at the time of purchase, Authorized Users must base their selection among multiple Contracts upon which is the most practical and economical alternative that is in the best interests of the State. Under this Master Contract, Authorized Users will purchase using a Mini-Bid process to satisfy this statutory requirement.

4.1 RESERVED:

4.2 MINI-BID PROCESS:

For procurements under this Contract, Authorized Users must utilize the Mini-Bid process.

The steps in the Mini-Bid process are as follows:

- A. The Authorized User will identify service requirements, in addition to those identified in the Master Contract, as well as the Mini-Bid Contract term, and other additional terms, in a Project Definition, using the *Project Definition Template*, provided as Attachment 4. OGS reserves the right to unilaterally make revisions, changes and/or updates to the Project Definition Template without processing a formal amendment to the Contract.
- B. The Authorized User will review the location of their facility(ies) to determine what region they are located in. Please note that if an Authorized User is seeking services at multiple sites located in several regions, then separate Mini-Bids must be done for each region.
- C. The Authorized User will review the list of services available in the applicable region.
- D. The Authorized User is required to distribute a completed Project Definition to all Contractors who hold Master Contracts in the region that the facility(ies) are located in where the Authorized User needs services performed. The Authorized User will email or mail the eligible Contractors in the region a copy of the Project Definition.
- E. Prior to receiving Mini-Bids, the Authorized User may conduct site visits, a pre-bid conference, and receive and respond to vendor inquiries.
- F. The Authorized User will receive Mini-Bids from Contractors, containing Mini-Bid pricing, pursuant to a schedule developed in the Project Definition and then evaluate all Mini-Bids.
- G. The Mini-Bids will be evaluated, and a Mini-Bid Contract award will be made, based on the following: (1) compliance will all mandatory requirements set forth in the Project Definition; (2) requirement that the Contractor's Mini-Bid Unit Prices are less than or equal to the Master Contract Unit Prices for all pricing except for the Recyclable Floor Price and Revenue Sharing Percentage; (3) requirement that the Contractor's Mini-Bid Unit Prices for the Recyclable Floor Price and Revenue Sharing Percentage are greater than or equal to the Master Contract Unit Prices; and (4) lowest bid.
- H. For Project Definitions that contain more than one Lot, Award may be made to one Contractor for all Lots on the basis of Total Lowest Cost (the costs for the individual Lots are summed to create the Total Cost) or separate Awards may be made for individual Lots at the discretion of the Authorized User.
- I. For all Mini-Bid awards, the Contractor must be prequalified for the Lot(s) and Region being bid on, and the Mini-Bid Unit Pricing must meet the requirements of Section 2.22 Pricing.
- J. Should a protest be submitted by a Contractor regarding a Mini-bid award, the protest will be considered and decided by the Authorized User.

STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licenser, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State's previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER'S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds \$50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$25,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed \$85,000 (State Finance Law § 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

4. WORKERS' COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the

Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment, nor subject any individual to harassment, because of age, race, creed, color, national origin, sexual orientation, gender identity or expression, military status, sex, disability, predisposing genetic characteristics, familial status, marital status, or domestic violence victim status or because the individual has opposed any practices forbidden under the Human Rights Law or has filed a complaint, testified, or assisted in any proceeding under the Human Rights Law. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-

a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2 NYCRR § 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, the "Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the

agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION. (a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law and 5 NYCRR Part 143, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of

\$25,000.00, whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of \$100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of \$100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor's equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of "a," "b," and "c" above, in every subcontract over \$25,000.00 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work") except where the Work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this clause. The

contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development's Division of Minority and Women's Business Development pertaining hereto.

13. CONFLICTING TERMS. In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A shall control.

14. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

15. LATE PAYMENT. Timeliness of payment and any interest to be paid to Contractor for late payment shall be governed by Article 11-A of the State Finance Law to the extent required by law.

16. NO ARBITRATION. Disputes involving this contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ("CPLR"), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

18. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS. The Contractor certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of Section 165 of the State Finance Law, (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the contractor to establish to meet with the approval of the State.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by

any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in § 165 State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive. Under bidder certifications, proof of qualification for exemption will be the responsibility of the Contractor to meet with the approval of the State.

19. MACBRIDE FAIR EMPLOYMENT PRINCIPLES. In accordance with the MacBride Fair Employment Principles (Chapter 807 of the Laws of 1992), the Contractor hereby stipulates that the Contractor either (a) has no business operations in Northern Ireland, or (b) shall take lawful steps in good faith to conduct any business operations in Northern Ireland in accordance with the MacBride Fair Employment Principles (as described in Section 165 of the New York State Finance Law), and shall permit independent monitoring of compliance with such principles.

23. COMPLIANCE WITH CONSULTANT DISCLOSURE LAW. If this is a contract for consulting services, defined for purposes of this requirement to include analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal or similar services, then, in accordance with Section 163 (4)(g) of the State Finance Law (as amended by Chapter 10 of the Laws of 2006), the Contractor shall timely, accurately and properly comply with the requirement to submit an annual employment report for the contract to the agency that awarded the contract, the Department of Civil Service and the State Comptroller.

24. PROCUREMENT LOBBYING. To the extent this agreement is a "procurement contract" as defined by State Finance Law §§ 139-j and 139-k, by signing this agreement the contractor certifies and affirms that all disclosures made in accordance with State Finance Law §§ 139-j and 139-k are complete, true and accurate. In the event such certification is found to be intentionally false or intentionally incomplete, the State may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS.

To the extent this agreement is a contract as defined by Tax Law § 5-a, if the contractor fails to make the certification required by Tax Law § 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law § 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

26. IRAN DIVESTMENT ACT. By entering into this Agreement, Contractor certifies in accordance with State Finance Law § 165-a that it is not on the "Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012" ("Prohibited Entities List") posted at: <https://ogs.ny.gov/list-entities-determined-be-non-responsive-biddersofferers-pursuant-nys-iran-divestment-act-2012>

Contractor further certifies that it will not utilize on this Contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this Contract, it must provide the same certification at the time the Contract is renewed or extended. Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

During the term of the Contract, should the state agency receive information that a person (as defined in State Finance Law § 165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

The state agency reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

27. ADMISSIBILITY OF REPRODUCTION OF CONTRACT. Notwithstanding the best evidence rule or any other legal principle or rule of evidence to the contrary, the Contractor acknowledges and agrees that it waives any and all objections to the admissibility into evidence at any court proceeding or to the use at any examination before trial of an electronic reproduction of this contract, in the form approved by the State Comptroller, if such approval was required, regardless of whether the original of said contract is in existence.
