Contract Award Notification

Title	:	Group 05600 – Gasoline & E-85 (Statewide) Classification Code(s): 15
Award Number	:	<u>23092</u> (Replaces Awards 22782 and 22951)
Contract Period	:	December 19, 2018 – March 17, 2022
Bid Opening Date	:	September 19, 2018
Date of Issue	:	December 13, 2018 (Revised December 10, 2021)
Specification Reference	:	As Incorporated Herein
Contractor Information	:	Appears on Page 2 of this Award

Address Inquiries To:

State Agencies & Vendors	Political Subdivisions & Others
Name : Bryant Kirk Title : Contract Management Specialist 2 Phone : 518-402-3021 E-mail : bryant.kirk@ogs.ny.gov	Procurement Services Customer Services Phone : 518-474-6717 E-mail : customer.services@ogs.ny.gov

Procurement Services values your input.
Complete and return "Contract Performance Report" at end of document.

Description

The purpose of this Award is to provide Authorized Users with a means of acquiring various grades of Gasoline and E-85 by bulk delivery to an Authorized User's storage facility for use in the Authorized User's own pumps. The product shall be Contractor furnished, delivered and unloaded as specified herein.

For current contract prices, please go to the Pricing Information link on the Award page.

Links to the base contract, current prices, updates, and delivery schedules are located on the Award page at: <http://www.ogs.ny.gov/purchase/spg/awards/0560023092CAN.HTM>

NOTE: See individual contract items to determine actual awardees.

Cash Discount, If Shown, Should be Given Special Attention.

INVOICES MUST BE SENT DIRECTLY TO THE ORDERING AGENCY FOR PAYMENT.
 (See "Contract Payments" and "Electronic Payments" in this document.)

AGENCIES SHOULD NOTIFY PROCUREMENT SERVICES PROMPTLY IF THE CONTRACTOR FAILS TO MEET DELIVERY OR OTHER TERMS OF THIS CONTRACT. PRODUCTS OR SERVICES WHICH DO NOT COMPLY WITH THE SPECIFICATIONS OR ARE OTHERWISE UNSATISFACTORY TO THE AGENCY SHOULD ALSO BE REPORTED TO PROCUREMENT SERVICES.

SMALL, MINORITY AND WOMEN-OWNED BUSINESSES:

The letters SB listed under the Contract Number indicate the contractor is a NYS small business. Additionally, the letters MBE and WBE indicate the contractor is a Minority-owned Business Enterprise and/or Woman-owned Business Enterprise.

RECYCLED, REMANUFACTURED AND ENERGY EFFICIENT PRODUCTS:

Procurement Services supports and encourages the purchase of recycled, remanufactured, energy efficient and "energy star" products. If one of the following codes appears as a suffix in the Award Number or is noted under the individual Contract Number(s) in this Contract Award Notification, please look at the individual awarded items for more information on products meeting the suffix description.

RS, RP, RA	Recycled
RM	Remanufactured
SW	Solid Waste Impact
EE	Energy Efficient
E*	EPA Energy Star
ES	Environmentally Sensitive

NOTE TO AUTHORIZED USERS:

When placing purchase orders under the contract(s), the authorized user should be familiar with and follow the terms and conditions governing its use which usually appears at the end of this document. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

**ITEMS IN RED WILL NOT BE AVAILABLE ON THIS AWARD
AFTER DECEMBER 16, 2021. PLEASE SEE AWARD 23237.**

AWARDS BY COUNTY

The pricing included in this section is the original pricing bid by the contractors. Current contract pricing is found in the “Pricing Information” link on the Award page.

NEW ACCOUNTS:

All new accounts must follow the procedure outlined in the Delivery Schedules section of this award. Contractor may ask State Agencies and other Authorized Users to provide information in order to facilitate the opening of a customer account, including documentation of eligibility to use New York State Contracts, agency code, name, address, and contact person. State Agencies shall not be required to provide credit references.

Contractors must notify OGS Procurement Services of any new business created from Authorized Users' requests for delivery, so that OGS Procurement Services can make adjustments to the Delivery Schedules to capture these new accounts. All cases shall require Contractors to notify both contract user

and OGS Procurement Services of any locations not originally on the Delivery Schedules, within thirty (30) days after the first delivery is made.

NOTE TO AUTHORIZED USERS:

When placing purchase orders under the contract(s), the authorized user should be familiar with and follow the terms and conditions governing its use which usually appears at the end of this document. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

NON-STATE AGENCIES PARTICIPATION IN CENTRALIZED CONTRACTS:

New York State political subdivisions and others authorized by New York State law may participate in Centralized Contracts. These include, but are not limited to, local governments, public authorities, public school and fire districts, public and nonprofit libraries, and certain other nonpublic/nonprofit organizations. See Appendix B, Participation in Centralized Contracts. For Purchase Orders issued by the Port Authority of New York and New Jersey (or any other authorized entity that may have delivery locations adjacent to New York State), the terms of the Price clause shall be modified to include delivery to locations adjacent to New York State.

Upon request, all eligible non-State agencies must furnish Contractors with the proper tax exemption certificates and documentation certifying eligibility to use State contracts. A list of categories of eligible entities is available on the OGS web site (<https://www.ogs.ny.gov/purchase/snt/othersuse.asp>). Questions regarding an organization's eligibility to purchase from New York State Contracts may also be directed to NYS Procurement Services Customer Services at 518-474-6717.

EXTENSION OF USE:

This Contract may be extended to additional States or governmental jurisdictions upon mutual written agreement between New York State and the Contractor. Political subdivisions and other authorized entities within each participating state or governmental jurisdiction may also participate in any resultant Contract if such state normally allows participation by such entities. New York State reserves the right to negotiate additional discounts based on any increased volume generated by such extensions.

ESTIMATED QUANTITIES:

This Contract is an estimated quantity Contract. The estimated quantities are based on requirements submitted to OGS by Authorized Users to purchase from this Contract. These Authorized Users have agreed not to enter into any other contracts for the Gasoline and E-85 that they filed for during the Contract period, and will purchase all their Gasoline and E-85 requirement needs from awarded contracts. No specific quantities are represented or guaranteed and the State provides no guarantee of individual Authorized User participation. The Contractor must furnish all quantities actually ordered at or below the Contract prices. The individual value of this Contract is indeterminate. OGS makes no

guarantee as to how much fuel will actually be ordered and/or delivered. See Section 2.28, Delivery Schedules.

PRICE:

Prices quoted shall be billed net per gallon, F.O.B. agency storage tanks. Prices quoted shall include all applicable customs, taxes, including LUST, license and research fees (e.g. NORA), and surcharges.

Pricing for Contract purchases shall be based on the pricing in effect at the time the Authorized User places the order (Prompt Will-call). Authorized Users that are on automatic delivery shall be priced on the day of delivery, unless the Authorized User requests a delivery. The price shall then reflect the day of the order.

Pricing shall reflect the day of delivery for orders placed by the Authorized User that go beyond the guaranteed delivery timeframe of 24 (twenty-four) hours. For example, the Authorized User orders 500 gallons of gasoline on Wednesday, and requests that the delivery be made on the following Tuesday.

It shall be the Contractor's responsibility to satisfy Authorized User requirements by furnishing blended product when called for during the time period indicated in this Contract.

NOTE: The State of New York and its political subdivisions are exempt from New York State and local sales taxes and federal excise taxes.

ORDERING:

Purchase Orders shall be made in accordance with the terms set forth in Appendix B, Purchase Orders. Authorized Users may submit orders over the phone, and, if available, may submit orders electronically via web-based ordering, e-mail, or facsimile at any time. Orders submitted shall be deemed received by Contractor on the date submitted.

All orders shall reference Contract number, requisition, and/or Purchase Order number (if applicable). Upon Contractor's receipt of an order, confirmation is to be provided to the Authorized User electronically or via facsimile. Order confirmation should be sufficiently detailed, and include, at a minimum, purchase price, date of order, delivery information (if applicable), Authorized User name, and sales representative (if applicable).

MINIMUM ORDER:

Minimum delivery shall be 500 gallons to each tank at each delivery location (site) as determined by the Delivery Schedule. Minimum order for Motor Transport deliveries shall be 5,500 gallons. Deliveries under 500 gallons are at the Contractor's option, except for tank top-offs for testing.

All deliveries requested by an Authorized User of less than the minimum order size, including tank top-offs for tank testing, shall qualify for contract pricing. In addition, the following tiered schedule of surcharges may be utilized by the Contractor (except for automatic replenishment):

Determination for total gross tank capacity shall include all manifold tanks. All locations granted a request from the Contractor for "automatic replenishment", per the *Automatic Replenishment* clause of this Contract, shall be exempt from minimum order requirements, including other factors out of the control of Authorized Users (e.g., short filling, mechanical issues, inadequate fuel supply). In no case shall a surcharge be applied to a location while on "automatic replenishment".

Tank Capacity (in gallons)	Amount Delivered (in gallons)	Optional Surcharge
1000 or more	Under 500 to 250	\$50.00
	Under 250	\$75.00
Less than 1000	Under 500 to 250	\$25.00
	Under 250	\$50.00

Upon written direction by OGS, an Authorized User shall have one (1) delivery per tank per contract year for tank top-off testing that is exempt from any minimum order surcharge.

If delivering to same property, but to separate tanks, minimum delivery charge will only be applicable if total delivery to property is less than minimum order size.

PURCHASING CARD ORDERS

If the Contractor accepts orders using the State's Purchasing Card (see Appendix B, Purchasing Card), also referred to as the Procurement Card, the Contractor shall not charge or bill the Authorized User for any additional charges related to the use of the Purchasing Card, including but not limited to processing charges, surcharges or other fees.

INVOICING AND PAYMENT:

Invoicing and payment shall be made in accordance with the terms set forth in Appendix B, *Contract Invoicing*. The Contractor is required to provide the Authorized User with one invoice for each Purchase Order at the time of delivery. The invoice must include detailed line item information to allow Authorized Users to verify that pricing at point of receipt matches the Contract price on the original date of order. At a minimum, the following fields must be included on each invoice:

- Contractor Name
- Contractor Billing Address
- Contractor Federal ID Number
- NYS Vendor ID Number
- Account Number
- NYS Contract Number
- Name of Authorized User indicated on the Purchase Order
- NYS Agency Unit ID (if applicable)
- Customer Delivery Location ID number as shown on Delivery Schedule (if applicable)
- Authorized User's Purchase Order Number
- Order Date
- Invoice Date
- Invoice Number
- Invoice Amount
- Product Descriptions
- Unit Price
- Quantity
- Unit of Measure
- Dates of Service/Delivery (if applicable)

Cost centers or branch offices within an Authorized User may require separate invoicing as specified by each Authorized User. The Contractor's billing system shall be flexible enough to meet the needs of varying ordering systems in use by different Authorized Users. Visit the following link for further guidance for vendors on invoicing: <https://bsc.ogs.ny.gov/content/vendor-information>.

SHIPPING CHARGES:

Prices for all Items include all customs duties and charges for delivery, and are net FOB destination for delivery to any location designated by the Authorized User within a given County in New York State. In addition, upon mutual agreement, delivery locations may be expanded per the *Extension of Use* clause.

PRODUCT DELIVERY:

Delivery of all Contract Products shall be made in accordance with Appendix B, *Product Delivery and Shipping/Receipt of Product*. Delivery shall be made as specified and in accordance with instructions furnished with each order, unless otherwise directed in writing. Contractor must be prepared, at all times, to make prompt delivery. Every bid states what the maximum time a delivery will take from the moment of order, but the time shall never exceed 24 hours. In State declared emergencies, fuel must be delivered within eight (8) to twelve (12) hours of notification. Should there be a State declared emergency, an after-hours or weekend emergency, or should an agency run out of fuel at any time creating an emergency situation, the Contractor shall be required to provide product within eight (8) to twelve (12) hours of a telephone call from the agency.

Delivery shall be made in accordance with instructions on the Purchase Order from each Authorized User. If there is a discrepancy between the Purchase Order and what is listed on the Contract, it is the Contractor's obligation to seek clarification from the ordering Authorized User and, if applicable, from OGS, Procurement Services. On occasion, to prevent fuel run outs during storms or other emergency situations, the Contractor must allow Authorized Users the flexibility to manually schedule deliveries to top-off tank inventories. Normal deliveries are considered to take place Monday through Friday (8:00 am - 5:00 pm). Saturday/Sunday deliveries are not standard and are to be made on an emergency basis (and not a regular basis) ONLY, or if a run out is imminent before the next normal delivery day. Delivery of fuel should give first priority to "Human Needs Customers."

Failure to make prompt delivery may result in an Authorized User's submission of a Contract Performance Report to OGS. In addition to any available remedies per Appendix B, Section 48 Remedies for Breach, (a), (d) and (e), the Authorized User shall have the right to purchase sufficient Gasoline and E-85 on the open market to fill such tank or tanks and to charge any increase in price paid over the current contract price to the account of the Contractor

Authorized Users shall be responsible for insuring that tanks are accessible to the Contractor. Authorized Users should also make certain that receiving personnel are available at time of delivery. Failure of the Authorized User to make appropriate delivery arrangements, which prevents the delivery of product upon Contractor's arrival at delivery site, may result in a charge to the Authorized User for the Contractor's transportation costs. The Contractor must notify the Authorized User of the attempted delivery prior to charging for any future delivery attempts for the same circumstance. The Contractor must state the amount that would be charged for the direct cost of this subsequent delivery attempt, and provide supporting documentation that substantiates the direct cost for the failed delivery at the fault of the Authorized User. The Authorized User must agree in writing to any such costs for subsequent delivery attempts, prior to the Contractor making the subsequent delivery. At no time should a charge be applied to an Authorized User for an attempted delivery that failed at no fault of their own.

AUTOMATIC REPLENISHMENT:

Requests for automatic replenishment are preferred in WRITING from an Authorized User, and may be required by the Contractor. Subsequent WRITTEN notification back from the Contractor, will establish automatic replenishment for tanks equal to or larger than 1,000 gallons.

Automatic replenishment for tank capacities less than 1,000 gallons will be at the Contractor's option. If an Authorized User has not received written notification for automatic replenishment from the Contractor, a minimum order charge may apply (see Minimum Order).

Determination for total gross tank capacity shall include all manifolded tanks.

If the Contractor, after having accepted the request from an Authorized User and provided written notification back to the Authorized User for automatic replenishment, permits the level of the fuel to fall below the percentages of the total capacity of the purchaser's tank or tanks indicated in the following

table, the purchaser shall have the right to purchase sufficient fuel on the open market to fill such tank or tanks and to charge any increase in price paid over the current contract price to the account of the Contractor.

MINIMUM LEVEL	TOTAL - TANK CAPACITY/GALS
10%	Under 5500
15%	5,500 and over

The minimum order size of 500 gallons stipulated in Section MINIMUM ORDER shall not apply to deliveries being made to Authorized Users on an automatic delivery schedule as the Contractor controls the frequency, delivery dates, and quantities of the deliveries being made.

METHOD OF DELIVERY

TW: Delivery by tank wagon into storage tanks of less than 5,500 gallons

MT: Minimum delivery of 5,500 gallons to one or more tanks from one fixed location of the delivery vehicle. All such deliveries shall first be recorded directly into the transporting vehicle.

DELIVERY SCHEDULES:

The delivery schedules, based on Authorized Users' requirements submitted to Procurement Services by Requirement Letter RL205, are available as a guide to indicate proposed delivery points and estimated annual quantities. Delivery schedules may be revised or clarified as necessary. This information is available to clarify delivery conditions, where possible. Any specific questions regarding the site conditions should be directed to the end-user via any communication available, as shown on the Delivery Schedule. The delivery schedules are available on the OGS website.

Contractors shall be obligated to deliver under the resulting contract to any State Agency which places a purchase order under this Contract, whether or not such delivery location is identified in the delivery schedules. Any political subdivision or other non-State entity which has not filed a requirement with OGS as of the date of the bid opening for this award, shall be eligible to receive deliveries and/or be added to the Delivery Schedule at Contractor's option. This will be done upon placement of a valid purchase order (or other ordering mechanism between the Contractor and the ordering entity) to the Contractor's address as indicated in the award. Contractors must notify OGS of any new business created from Authorized Users' requests for delivery so that OGS Procurement Services can make adjustments to the delivery schedules to capture these new accounts. All cases shall require Contractors to notify both Contract user and OGS of any locations not identified on the Delivery Schedules within thirty (30) days after the first delivery is made. See Section New Accounts.

At any time during the Contract term, Contractor may be advised in writing by OGS regarding political subdivisions or other Non-State entities which have filed on a timely basis but do not appear, through no fault of their own, on the delivery schedules.

Filed requirements and delivery schedules may be updated by OGS for any mutually agreed upon extension.

NOTE: On occasion, entities may appear on the wrong delivery schedule as entities self-report. For example, a non- State entity may appear on the Agency schedule on occasion or vice versa. OGS does review and seek clarification of information on the delivery schedules, but does not catch all errors.

FILL AND VENT REQUIREMENTS:

Authorized Users must ensure that fill and vent equipment adequately meet NYS Standards. Contractors have the responsibility of reporting faulty equipment to the end users and the appropriate NYS regulatory agencies.

Authorized Users should also refer to CL-804, dated July 7, 2014, as they are responsible for the implementation of monitoring programs to insure compliance by supplier with these specification requirements.

PETROLEUM TRANSFER REQUIREMENTS:

Contractor's delivery trucks SHALL BE EQUIPPED WITH METERS, with the exception of motor transports, to accurately measure quantities delivered. Metered deliveries must be accompanied by a delivery ticket showing brand or grade and number of gallons delivered.

PRODUCT RETURN AND EXCHANGES:

In addition to the provisions of Appendix B, Sections 34 through 36, *Title and Risk of Loss, Product Substitution, and Rejected Product*, Products returned or exchanged due to quality problems, duplicated shipments, outdated Product, incorrect Product shipped, Contractor errors otherwise not specified, or Products returned or exchanged due to Authorized User errors, shall be replaced with specified Products or the Authorized User shall be credited or refunded for the full purchase price.

Products shall be replaced within ten (10) business days of written notification to the Contractor of the Authorized User's intent to return or exchange the Product. Contractor can charge only a restocking fee for Product returned or exchanged due to Authorized User error that is determined not to be suitable for resale; the restocking fee cannot exceed the net price of the returned or exchanged Product.

Any credit or refund shall be applied against the next bill/invoice submitted by the Contractor to the Authorized User. If no credit or refund, or only a partial credit or refund, is made in such fashion, the Contractor shall pay to the Authorized User the amount of such credit or refund or portion thereof still outstanding, within 30 calendar days of demand.

GUARANTEE:

The Contractor guarantees to furnish adequate protection from damage to Authorized User's buildings, grounds and/or equipment occurring on account of or in connection with, or occasioned by, or resulting from the furnishing and delivering of fuel under the Contract and shall be liable for any damages for which he or his employees are responsible.

This liability includes but is not limited to oil spills occurring during delivery. The Contractor shall provide constant surveillance during delivery by having a person in attendance at all times at the point of transfer. Oil spills of any size shall be immediately reported to the agency Business Office to effect contact with a representative of the Department of Environmental Conservation. More information can be viewed at: <http://www.dec.ny.gov/chemical/8428.html>

A call can be placed twenty-four hours a day with the New York State Spill Hotline at 1-800-457-7362.

ENGINEERING SERVICE:

Contractor must be prepared at all times to furnish engineering service when so requested and/or to investigate a complaint and report to the Authorized User and OGS on any complaint that might arise in connection with the use of Contractor's Fuel in State equipment. This engineering service will include but not be limited to the diagnosis of fuel related engine problems in the Authorized User's equipment utilizing the Contractor's fuel.

POOR PERFORMANCE:

Authorized Users should notify Procurement Services promptly if the Contractor fails to meet the requirements of this Contract. Performance which does not comply with requirements or is otherwise unsatisfactory to the Authorized User should also be reported to Procurement Services.
