OGS Procurement Services has received approval from the Office of State Comptroller for Award 23344, which will replace Award 23237 starting February 14, 2025.

In the interim, awarded Contractors will be reaching out to the Authorized Users that filed requirements with OGS to set up new accounts under Award 23344. Authorized Users should work with the Contractor(s) awarded the fuel type(s) the Authorized User filed for to set up the new account to prevent any future delivery delays.

Authorized Users must wait until February 14, 2025 to place orders against the new contracts.

The current contracts run through and including February 13, 2025. Authorized Users should plan accordingly and ensure any necessary actions are taken to avoid fuel outages during this transition.

All other terms and conditions of the contract remain the same.

----------------------	---	--------------------	---

Please be advised that Hazardous Substance Superfund financing rate (petroleum Superfund tax rate) on domestic crude oil and imported petroleum products will be adjusted for calendar year 2024.

**Effective January 1<sup>st</sup>, 2024 the rate will increased by \$0.0001 per gallon resulting in the Superfund tax per gallon as indicated in the table below.**

As per the terms and conditions stated in Section 2.12 – Price, Contractors have the option of including the after-imposed tax as a separate line item at the price per gallon listed below for the fuel type. The tax per gallon was truncated to four decimal places from the 16.4 cents per barrel of the taxable fuel.

Fuel Type	Superfund tax per gallon
Conventional Gasoline (Regular, Mid, Premium)	\$ 0.0036
OPRG (E) Gasoline (Regular, Mid, Premium)	\$ 0.0036
E-85	\$ 0.0006

**Please note:** Contractors may itemize fees, taxes, or other charges in an invoice, but the total price of the fuel and itemized charges must be equal to or less than the OGS posted price. The Superfund tax is the only allowable charge in addition to the total fuel price per gallon.

All other terms and conditions of the contract remain the same.

Please be advised that all Authorized Users utilizing the Minimum Order section of the contract for top-offs should work with your fuel supplier to ensure that all orders are deliverable. This requires the Authorized User to know the ullage of the fuel tank and current level of fuel before ordering, and to only order amounts that can be safely placed in the tank. In addition, orders for less than the minimum order amount specified in the contract are at the Contractors option and may be subject to an optional surcharge. OGS requests that Authorized Users plan ahead as other facilities may be designated human needs customers placing them as a higher priority and possibly delaying your order.

Please note: The Contract Award Notification Update dated April 8, 2022, was incorreccted posted with a footer of 23237p11 instead of 23237p01.

All other terms and conditions of the contract remain the same.
