Cash Discount, If Shown, Should be Given Special Attention.

**INVOICES MUST BE SENT DIRECTLY TO THE ORDERING AGENCY FOR PAYMENT.  
(See "Contract Payments" and "Electronic Payments" in this document.)**

AGENCIES SHOULD NOTIFY NEW YORK STATE PROCUREMENT SERVICES PROMPTLY IF THE CONTRACTOR FAILS TO MEET DELIVERY OR OTHER TERMS OF THIS CONTRACT. PRODUCTS OR SERVICES WHICH DO NOT COMPLY WITH THE SPECIFICATIONS OR ARE OTHERWISE UNSATISFACTORY TO THE AGENCY SHOULD ALSO BE REPORTED TO PROCUREMENT SERVICES.

**SMALL, MINORITY AND WOMEN-OWNED BUSINESSES:**

The letters SB listed under the Contract Number indicate the contractor is a NYS small business. Additionally, the letters MBE and WBE indicate the contractor is a Minority-owned Business Enterprise and/or Woman-owned Business Enterprise.

**RECYCLED, REMANUFACTURED AND ENERGY EFFICIENT PRODUCTS:**

Procurement Services supports and encourages the purchase of recycled, remanufactured, energy efficient and "energy star" products. If one of the following codes appears as a suffix in the Award Number or is noted under the individual Contract Number(s) in this Contract Award Notification, please look at the individual awarded items for more information on products meeting the suffix description.

RS, RP, RA	Recycled
RM	Remanufactured
SW	Solid Waste Impact
EE	Energy Efficient
E*	EPA Energy Star
ES	Environmentally Sensitive

**NOTE TO AUTHORIZED USERS:**

When placing purchase orders under the contract(s), the authorized user should be familiar with and follow the terms and conditions governing its use which usually appears at the end of this document. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

(continued)

## Scope

This Award Notification is issued by the New York State (“NYS”) Office of General Services (“OGS”), Procurement Services to provide Authorized Users with a means of acquiring Natural Gas to Authorized Users’ facilities. This concept is in accordance with gas deregulation actions of the Federal Energy Regulatory Commission, the New York State Legislature, and the New York State Public Service Commission.

## Estimated Quantities

This Contract is an estimated quantity Contract. The estimated quantities are based on requirements submitted to OGS by Authorized Users to purchase from this Contract. These Authorized Users have agreed not to enter into any other contracts for Natural Gas that they filed for during the Contract period and will purchase all their Natural Gas requirement needs from awarded contracts. No specific quantities are represented or guaranteed and the State provides no guarantee of individual Authorized User participation. The Contractor must furnish all quantities actually ordered at or below the Contract prices. The individual value of this Contract is indeterminate. OGS makes no guarantee as to how much fuel will actually be ordered and/or delivered.

## Detailed Scope

The Natural Gas contract places special obligations on a participating Customer and is governed by Uniform Commercial Code § 2-306. A Customer that wishes to purchase must commit in advance to make all necessary purchases for Natural Gas from the awarded Contractor. In the Fixed Price – Firm Supply, Indexed Price – Firm Supply and the Indexed Price – Interruptible Supply Lots, the quantities listed are intended to be indicative of the amount of Natural Gas to be purchased. However, the contract shall only be for the quantities actually used during the contract term, unless the Customer is participating in the monthly excess/deficiency usage adjustment program. See also clause 25, “Participating in Centralized Contracts” and clause 28, “Estimated/Specific Quantity Contracts” in Appendix B, OGS General Specifications.

## Contract Types

The sales and deliveries of Natural Gas shall commence as soon as practicable after the completion of necessary transportation arrangements. Each contract type has distinct characteristics and requires specific Customer commitments and obligations. The more significant aspects of each contract type are described as follows:

- A. Fixed Price – Firm Supply
  1. The Customer will receive Firm Supply.
  2. The Customer will pay for quantities actually used.
  3. The Customer will pay one final Fixed Price for the life of the contract.
  4. The Contractor is responsible for all Balancing to the Burner Tip.
  5. The Contractor is required to deliver Natural Gas at all times. Firm supply specified in this Award Notification means primary firm non-recallable primary delivery point capacity to the City Gate and not secondary Firm Supply as defined below.
  
- B. Indexed Price – Firm Supply
  1. The Customer will receive Firm Supply.
  2. The Customer will pay for quantities actually used.
  3. The commodity price for Natural Gas will vary monthly based on the New York Mercantile Exchange (NYMEX) futures commodity prices. A fixed Basis Cost will be added to the commodity price to determine each month’s Indexed Price. Prices are revised and scheduled for release by OGS Procurement Services during the last week of the month preceding the month of delivery.
  4. The Contractor is responsible for all Balancing to the Burner Tip.

(continued)

5. The Contractor is required to deliver a Firm Supply of Natural Gas at all times. Firm Supply specified in this Award Notification means primary firm non-recallable primary delivery point capacity to the City Gate and not secondary Firm Supply as defined below.
  6. The Customer/facility can burn an Alternate Fuel for the purpose of testing or maintaining the equipment's capability of burning an Alternate Fuel, or in the event of the need for fuel tank turnover (burning and replacing the Alternate Fuel) to maintain the integrity of stored fuel. The Customer/facility MUST notify the Contractor via E-mail at least 14 Business Days prior to switching. The Customer/facility MUST provide the Contractor with an estimate of the duration of the anticipated Alternate Fuel use.
- C. Indexed Price – Interruptible Supply
1. The Customer must have 100% dual fuel capability.
  2. The commodity price for Natural Gas will vary monthly based on the New York Mercantile Exchange (NYMEX) futures commodity prices. A fixed Basis Cost will be added to the commodity price to determine each month's indexed price. Prices are revised and scheduled for release by OGS Procurement Services during the last week of the month preceding the month of delivery.
  3. The Contractor is responsible for all Balancing to the Burner Tip.
  4. During upstream pipeline interruptions which prevent City Gate delivery of Customer's gas, the Contractor shall use all commercially reasonable efforts to secure replacement gas for the Customers. Such efforts shall include, but not be limited to, supplies on alternate pipelines serving the affected LDC, requests to other ESCO's, and requests to the affected LDC's of the availability of excess system supply gas ("excess city gas supply"). Contractor shall provide written documentation to Customer of such efforts. If successful, Contractor must obtain facilities authorized personnel pre-approval and then confirm the transaction by submitting a Transaction Confirmation in the format as approved by the North American Energy Standards Board \*NAESB).  
Price per Dekatherm will be calculated as follows:  
Contractor's actual cost + \$.30  
Contractor's actual cost is defined as the price listed on the above-mentioned Transaction Confirmation Sheet. This confirmation sheet is required for all quantities of gas purchased. Authorized User must document the reasonableness of price in the procurement record.
  5. The Customer shall notify the Contractor in writing not less than five (5) Business Days before the first day of each delivery of the estimated monthly and/or daily gas Nomination of the Customer. If agreed to by the Contractor, Nominations may be submitted to the Contractor on an alternate date. The Contractor should make certain that the using Customer submits a Nomination each month, even if the nomination is zero. If Customer nominations are not timely, the Contractor may contact the OGS Procurement Services contract administrator for assistance.
  6. Customers in an interruptible service can only implement Alternate Fuel usage if decided at time of monthly nomination "0" and the Alternate Fuel is determined to be less costly based on price information available at the time of nomination. Other arrangements can be made providing mutual consent is established between the Contractor and the end user. Also, the Customer may have its gas supply interrupted when the supplier can provide satisfactory justification for an interruption or Curtailment under the conditions stipulated in the Solicitation and the subsequent award.
  7. INTERRUPTIBLE CUSTOMERS ARE NOT PERMITTED TO FUEL SWITCH DURING THE DELIVERY MONTH EXCEPT WHEN THERE IS A PIPELINE OR UTILITY INTERRUPTION/OPERATION FLOW ORDER (OFO) UNLESS MUTUALLY AGREED UPON BY CONTRACTOR AND INDIVIDUAL FACILITY.

(continued)

---

## Definitions

Capitalized terms used in the Solicitation shall be defined in accordance with Appendix B, Definitions, or as below.

**“Alternate Fuel”** shall refer to fuel used other than Natural Gas.

**“Balancing”** shall refer to the Contractor’s managing of a Customer’s Natural Gas supply to enable the Contractor to match the Customer’s daily usage with the confirmed pipeline delivery of Natural Gas supplies by the utility company.

**“Basis Cost”** shall refer to the sum of the immediate upstream supply trading point basis plus the transportation basis to the LDC’s City Gate. The immediate upstream supply trading point basis shall be bid as Component 1 of the total basis. Examples of an immediate upstream trading point basis would be Dominion, South Point Natural Gas (Platts IFERC) basis futures, Columbia Gas TCO (Platts IFERC) basis futures. Component 2, transportation basis, shall include all transportation fixed and variable costs, LUFG, line loss, LDC Balancing, overhead, and profit. Total Basis equals (=) (Immediate Upstream Supply Trading Point plus (+) Transportation Basis) carried to the fourth decimal place. Total Basis Cost shall be firm for the life of the contract and does not include the commodity cost.

**“Broker”** shall refer to a retail agent who arranges or negotiates for the purchase and sale of Natural Gas. Brokers usually act on behalf of others and do not buy energy for their own end-use Customers.

**“BTU”** shall refer to British thermal unit – this standard unit of measurement is used to measure heat energy and to convert CCFs to therms. It is the amount of heat required to increase the temperature of a pint of water (which weighs exactly 16 ounces) by one degree Fahrenheit.

**“Burner Tip”** shall refer to the point at which Natural Gas is used as a fuel consumption at end user’s billing meter.

**“Business Day”** shall refer to Monday through Friday, excluding NYS Holidays and federal holidays.

**“Business Hours”** shall refer to 8:00 AM to 5:00 PM ET on Business Days.

**“City Gate”** shall refer to a point or measuring station at which a distributing gas utility receives gas from a Natural Gas pipeline company or transmission system.

**“Curtailement”** shall refer to a reduction in gas deliveries or gas sales necessitated by a shortage of supply or pipeline capacity.

**“Customer”** shall mean Authorized User.

**“Dekatherm”** shall mean one Dekatherm of Natural Gas which contains one million BTU (one MMBTU) of energy. One Dekatherm is equal to 10 therms.

**“Delivery Point”** shall mean the point where Natural Gas exits one system and enters another.

**“ESCO”** shall refer to an Energy Service Company that offers Customers energy and energy related products and services; usually required to be approved by state public utility companies.

**“Event”** shall refer to any day when an Authorized User is receiving Firm Supply to the City Gate and is required by the LDC to switch to its Alternate Fuel.

**“FERC”** shall refer to the Federal Energy Regulatory Commission. This federal agency is responsible for the regulation of the production, transmission, and sale of Natural Gas and electric power, as well as the transportation of oil.

(continued)

**“Firm Supply”** shall refer to service that anticipates no interruptions. Firm Supply means primary firm, non-recallable primary delivery point capacity to the City Gate and does not mean secondary Firm Supply. All Natural Gas specified herein as Firm Supply shall be primary Firm Supply.

**“Fixed Price”** shall refer to the combined price of the NYMEX commodity cost and the Basis Cost as one price that does not change for the term of the contract.

**“Indexed Price”** shall refer to the combined price of indexed commodity cost and the Basis Cost. The commodity price may vary monthly based on the Last Day’s Settlement Price of the New York Mercantile Exchange (NYMEX) futures contract expire price. A fixed Basis Cost will be added to the commodity price to determine each month’s Indexed Price.

**“Interruptible Supply”** shall refer to a gas service that is subject to interruption at the option of the pipeline or LDC.

**“Last Day’s Settlement Price (LDS)”** shall refer to the final price at which the financial settlement of all open futures contracts for a particular commodity and delivery month occurs. The price determined by the NYMEX is actually an average of all trading activity in the last 30 minutes of trading.

**“Local Distribution Company (LDC)”** shall refer to the entity responsible for receiving Natural Gas or power from the wholesale transmission system and distributing it to end use Customers. LDCs are state-jurisdictional entities whereas most transmission providers are federal jurisdictional. In addition to local delivery of energy, the LDC is typically also responsible for providing metering and billing services.

**“Lot”** shall, for the purpose of the Solicitation, refer to a grouping of Authorized Users by utility company (e.g., ConEd, NYSE&G, etc.), price/delivery (e.g., fixed, Indexed, Interruptible, etc.), and by Authorized User’s delivery locations in order to consolidate usage.

**“May”** shall denote the permissive in the IFB or a resulting Contract, clause, or specification. “May” does not mean “required”. See also “Shall” and “Must”.

**“MDQ”** shall mean maximum daily quantity of Natural Gas contracted by the Contractor to the Authorized User.

**“MMBtu’s”** shall refer to ten therms or one million British Thermal Units, also known as a Dekatherm (Dth).

**“Month”** shall refer to a period beginning at 10:00 AM on the first day of a calendar month and ending at 10:00 AM on the first day of the calendar month immediately following.

**“Must”** shall denote the imperative in the IFB or a resulting Contract, clause, or specification. “Must” is synonymous with “required”. See also “Shall” and “May”.

**“MWBE”** shall refer to a business certified with NYS Empire State Development (“ESD”) as a Minority- and/or Women-owned Business Enterprise.

**“N/A”** shall mean not applicable or not available, used to indicate when information in a certain field on a table is not provided, either because it does not apply to a particular case in question or because it is not available.

**“Natural Gas”** shall refer to a naturally occurring mixture of hydrocarbon and non-hydrocarbon gases found in geologic formations beneath the earth’s surface and used as a fuel.

**“Nomination”** shall refer to a request for delivery of Natural Gas for a specific quantity over a specific period of time or for its delivery at a specific point under a purchase.

(continued)

“**NYMEX**” shall refer to New York Mercantile Exchange. The commodity exchanges based in New York where Natural Gas futures contracts and other energy futures are traded.

“**NYS Holidays**” refers to the legal holidays for State employees in the classified service of the executive branch, as more particularly specified on the website of the NYS Department of Civil Service. This includes the following: New Year’s Day; Martin Luther King Day; Washington’s Birthday (observed); Memorial Day; Independence Day; Labor Day; Columbus Day; Veteran’s Day; Thanksgiving Day; and Christmas Day.

“**NYS Vendor File**” shall refer to a centralized repository to maintain timely and reliable information on all Contractors registered to do business with the State. The Office of the State Comptroller’s Bureau of State Expenditures created the Vendor Management Unit (VMU) to manage this file.

“**NYS Vendor ID**” is a unique ten-character identifier issued by the NYS Office of the State Comptroller (OSC) when the vendor is registered on the Vendor File System.

“**OGS Procurement Services**” shall refer to a division of the New York State Office of General Services (OGS), which is authorized by law to issue centralized, statewide Contracts for use by New York State agencies, political subdivisions, schools, libraries, and other authorized by law to participate in such contracts. Formerly known as New York State Procurement (“NYSPRO”) and Procurement Services Group (“PSG”).

“**Operational Flow Order**” shall refer to orders which are issued by a pipeline to protect the operational integrity of the system. The Orders may restrict service or require actions by shippers to correct the problem.

“**PSC/DPS**” shall refer to New York State Public Service Commission.

“**Procurement Services**” shall refer to a business unit of OGS, formerly known as New York State Procurement (“NYSPRO”) and Procurement Services Group (“PSG”).

“**SDVOB**” shall refer to a NYS-certified Service-Disabled Veteran-Owned Business.

“**Shall**” shall denote the imperative in the IFB or a resulting Contract, clause, or specification. “Shall” is synonymous with “required”. Also see “Must” and “May”.

“**System Alert**” shall refer to an announcement of actual or pending Events that if unchecked may result in an Operational Flow Order.

“**Tariff**” shall refer to compilation of all of the effective rate schedules for a company, along with general terms and conditions.

“**Trigger(ed)(ing) Price**” shall refer to pricing alternative made available under the Indexed Price-Firm Supply and Indexed Price – Interruptible Supply that authorizes designated agency individual to instruct the Contractor to fix the commodity price for a future month(s) based on the NYMEX Natural Gas futures price.

“**Weighted Average Price**” shall refer to the weighting of the Triggered Price and volume and the Indexed Price and volume.

(continued)

## Conflict of Terms

Conflicts among the documents shall be resolved in the following order of precedence:

1. Appendix A, Standard Clauses for New York State Contracts;
2. Contract Award Letter;
3. Solicitation 23161 including all Updates and Appendices (except Appendix A) and Attachments referenced therein;
4. Appendix B, General Specifications;
5. Contractor's Bid.

## Delivery

Subject to the terms and conditions of the contract, the Contractor agrees to sell and deliver to designated facilities, and Customers agree to purchase and accept from the Contractor the nominated quantity of MMBtu's of Natural Gas per month listed in the Delivery Schedule, which reflects estimated quantities only. The Delivery Schedule, based on Authorized Users' requirements submitted to Procurement Services by Requirement Letter RL209, are available as a guide to indicate proposed Delivery Points and estimated annual quantities. This information is available to clarify delivery conditions, where possible. Any specific questions regarding the site conditions should be directed to the end-user via any communication available, as shown on Delivery Schedule.

Any Authorized User, which has not filed a requirement with OGS and requests a Contractor to add a location to the Delivery Schedule, shall be eligible to be added to the Delivery Schedule as a new account at the Contractor's option. This being done upon placement of a valid purchase order (or other ordering mechanism between the Contractor and the ordering entity) to the Contractor's address as indicated in the award. Contractors must notify OGS of any new business created from Authorized Users request for delivery so that OGS Procurement Services can make adjustments to the Delivery Schedule to capture these new accounts (See New Accounts).

The sale and delivery of gas by the Contractor shall be on an interruptible or firm basis, as specified within each Lot (See Delivery Schedule). Where interruptible gas is specified, the Contractor shall not be liable to the State for any interruption or Curtailment of deliveries of Natural Gas to the State where satisfactory justification for such action can be provided in writing to OGS Procurement Services.

## Customer and Contractor Responsibilities

### Customer Responsibilities

- Customers with Interruptible Supply will be responsible for placing Nominations for Natural Gas supply to the Contractor "in writing" not less than five (5) Business Days prior to the first day of the month for which supply is needed; or at a later date if mutually agreed upon by Contractor and the Customer.
- Customer will be responsible for supplying usage data to Contractor on an as-needed basis as required by the Contractor in order to serve Customer under the utility/LDC.
- Customer will be responsible for supplying faxed meter reads to Contractor on an as-needed basis.
- Customer will be responsible for having installed and utility approved remote telemeter devices, if needed.
- Customer will be responsible for timely completion of utilities aggregation form upon receipt from Contractor for further submission to the utility company.
- Customer will be responsible for completion of any additional documentation as deemed necessary by Contractor and utility/LDC.
- Customer will be responsible for notifying Contractor of any changes in plant usage (significant increased usage, shutdowns/closures, Maintenance etc.) that will affect the nomination of gas usage either positively or negatively (Also see Facility Closure Mandate).

(continued)

Contractor Responsibilities

- Contractor will be responsible for placing Nominations for Natural Gas supply to LDC “in writing” in accordance with utilities nomination schedule (see Appendix B, “Estimated/ Specific Quantity Contracts”)
- Contractor, for each lot they are awarded, will be responsible to inform each Authorized User to the format and manner of billing, including whether commodity will be billed separately by the Contractor, or whether the Contractor will be billing for the utility transportation on a single bill. Contractor will provide to the Authorized User a sample of the stated billing format prior to the first invoice.
- Contractor will be responsible for requesting faxed meter reads from the Customer locations as deemed necessary by the Contractor in order to serve Customer under the applicable utility company’s program.
- Contractor will be responsible for executing the completion and submission of the utilities aggregation form as required by the utility/LDC.
- Contractor will be responsible for creating a pool of Customers within the LDC’s pooled balancing program to better facilitate its daily Balancing responsibilities. This pool will consist of Customers included in the Delivery Schedule, but may also include other Customers served by the successful bidder within this LDC territory.
- Contractor is responsible for monitoring Customer accounts at all times, including but not limited to System Alerts.
- Contractor will be responsible for requesting any usage data from the Customer locations as deemed necessary by the Contractor in order to serve Customer under utility/LDC’s program.
- Contractor will be responsible for completion of any additional documentation as deemed necessary by the OGS Procurement Services or utility/LDC.
- Contractor will be responsible for any and all daily/end-of-month “cash outs” as imposed by LDC, if applicable.
- Contractor will adhere to MDQ procedures as outlined in each utility companies Tariff established through the NYS Public Service Commission.
- Contractor shall bill Customer for actual quantities of Natural Gas consumed.
- Contractor shall be required to deliver 100% of the Authorized Users’ Natural Gas requirements on a daily basis and shall be required to balance deliveries to conform to actual consumption by Lot on a daily basis. For Interruptible Supply, refer to, Contract Types.
- Contractor must be compliant with all Federal, State, and NYS Public Service Commission filed and approved utility Tariffs governing each individual utility territory bid, including but not limited to load aggregations, Balancing, and individual utility programs.
- Contractor will be responsible for notifying the OGS Procurement Services contract administrator immediately of any difficulties obtaining meter reads from individual facilities.
- Contractor, where required (all Lots excluding Interruptible Supply), will secure adequate upstream capacity (and storage, when applicable) to ensure that service is “firm”.
- Contractor will be responsible to own the balance control account for all agencies listed herein, in accordance with individual utility/LDC when applicable.

## Facility Closure Mandate:

If as the result of an Executive or Legislative mandate that requires the closure of a facility in any Fixed Price – Firm Supply or Indexed Price – Firm Supply Lot(s) awarded under the Solicitation, the sole and exclusive remedy for the remainder of that facility’s contract requirement shall be settled as follows:

## Forward Triggered Price Volumes:

All remaining Trigger Priced months shall be priced at the difference between the Weighted Average of Trigger Price plus contract Basis Cost minus the Forward Natural Gas Cost plus the Forward Basis Price times the Triggered volume. The difference, whether positive or negative, shall be credited or debited accordingly by the Contractor to the Customer on that month’s invoice.

(continued)

#### Non -Triggered Price Volumes:

Shall be priced at the difference between the contract Basis Cost minus the Forward Basis Price times the remaining monthly contract quantity. The difference, whether positive or negative, shall be credited or debited accordingly by the Contractor to the Customer on that month's invoice.

Note: In the event the Forward Basis Price publication does not quote a City Gate basis, the Forward Basis Price shall be calculated by using the quote for the immediate upstream pipeline trading point (i.e. Columbia Gas Appalachia, Dominion South Point) plus the Pipeline Firm Transportation rates in effect if the facility was receiving Firm Supply or in the case of the facility receiving Interruptible Supply the lesser of the Pipelines Interruptible Tariff rate or the forward capacity release market for the remaining contract period.

#### Customer Training

Contractor is responsible for conducting training sessions of appropriate length for critical Customer personnel. Such sessions shall explain the mechanism of the transportation gas contract and shall be scheduled as requested by the Customer.

#### Natural Gas Quality and Measurement

All Gas delivered by Contractor shall meet the pressure, quality and heat content requirements of the Receiving Transporter. The unit of quantity measurement for purposes of this Contract shall be one MMBtu dry. Measurement of Gas quantities hereunder shall be in accordance with the established procedures of the Receiving Transporter.

#### Hedging/Forward Triggering

OGS Energy Procurement has designated the following state agency accounts as being eligible for triggering: Lots: 3, 14, 15, 20, 23, 34, 41, 45, 50, 51, 52, 61, 66, and 71.

Contractor will endeavor to lock in and confirm a Triggered NYMEX price only if the parties agree on a proposed Triggered Price and Authorized User provides Notification to Contractor prior to 12:00 Noon on the applicable NYMEX contract expiration date of its desire to purchase at the agreed-to proposed Triggered Price. The contract price shall include Basis Cost plus the Triggered Price for any volumes Triggered. "Notification" shall mean transmission between Authorized User and Contractor by facsimile, email, or recorded telephone call, and shall be communicated by Authorized User to Contractor's agreed-to designated contact listed in the Contractor's designated contact list for Hedging/Forward Triggering located at the beginning of this Award Notification. Authorized User agrees that such Notification shall constitute Authorized User's firm irrevocable offer to purchase (i.e., "lock in") at the proposed Triggered Price for the term, volume, and fixed price as set forth in the Notification. If Contractor accepts such offer, Contractor will confirm such Notification by returning a Trigger confirmation to Authorized User via facsimile or e-mail. Triggered volumes are the first volumes delivered to Authorized User during the month. To provide Authorized User with a Triggered Price, Contractor will take positions in the Natural Gas futures market. Except for the provisions of Facilities Closure Mandate, Authorized User agrees to pay any damages suffered by Contractor with respect to such positions as a result of or in connection with Authorized User terminating the Contract before the end of the term. The pricing provision(s) otherwise applicable under the Contract will be used for non-triggered volumes. There shall be no tolerance on over-use or under-use of Triggered volumes, (i.e., swing tolerance for Triggered volumes is 0%). Force majeure shall not affect Authorized User's responsibility for losses related to Triggered volumes described above. To the extent any Triggered Price gas is not consumed in the month for which it was Triggered, Authorized User shall be liable to Contractor for any losses incurred by Contractor as a result of Authorized User's failure to consume such Triggered Price gas during such month. Such losses shall be equal to the positive difference, if any, of such Triggered Price minus Basis Cost (per applicable Lot) minus the monthly NYMEX expiration price (per Dth) for such gas

(continued)

which Authorized User fails to consume; provided that Contractor shall credit Authorized User for any negative difference.

#### Calculation Commodity Price When Triggered

“ $CP = \Sigma (T * V1) + (\text{Indexed Price} * V2) / M$ ” where:

- **CP** = Commodity Price
- **T** = Triggered Price plus Basis Cost of individual transaction
- **V1** = Triggered Volume
- **V2** = - Triggered Volume (V1) minus monthly facility usage
- **M** = Total monthly usage at the facility
- **Indexed Price** = NYMEX Last Day's Settlement Price + Basis Cost

#### Utility Classified Interruptible Transportation Rate

##### INDEXED PRICE – FIRM SUPPLY

Locations which are utility classified as interruptible transportation rate when facility is receiving Firm Supply and the facility is required by the LDC to switch to an alternative fuel (an Event), the Contractor shall during such Event, establish/calculate the excess City Gate gas as the quantities of gas that were published in the Invitation for Bids divided by the number of days in the month and multiplied by the number of days of the Event. When the interruption last less than 24 hours, the Contractor shall determine the excess city gas quantities on a prorated hourly basis.

Note: Contractor shall indicate on the invoice for supplies whether the sale of excess City Gate gas supplies occurred upstream of the City Gate or at the City Gate, and shall provide the Customer with documentation of the sale.

##### **TRIGGERED / HEDGED ACCOUNTS WITH UTILITY INTERRUPTIBLE SUPPLY - OGS ENERGY PROCUREMENT DESIGNATED STATE AGENCY ACCOUNTS ONLY.**

In the event an eligible designated agency's Triggered/hedged account is interrupted by the utility company the following process will apply:

**FOR NATIONAL GRID, NYSEG & NATIONAL FUEL TERRITORIES – LOTS: 14, 15, 20, 23, 34, 41, 45, 50, 51, 52, 61, 66, and 71.**

##### **Sales Upstream of the City Gate**

- **November through March:** During these months, the price for the excess City Gate gas will equal the difference between the Triggered (contract) Price (for LDC nominated amount) and the price reported by Platt's Gas Daily Price Survey Midpoint for the Event day using the nominated under Natural Gas Spot Prices for Dominion North Point. If that is not posted, the Dominion South Point will be used.
- **April through October:** During these months, the excess City Gate gas will equal the difference between the Triggered (contract) Price (for LDC nominated amount) and the price reported by Platt's Gas Daily Price Survey Midpoint for the Event day under Natural Gas Spot Prices for Dominion South Point.

##### **Sales at the City Gate**

- **November through March:** During these months, the price for the excess City Gate gas will equal the difference between the Triggered (contract) Price (for LDC nominated amount) and the price reported by Platt's Gas Daily Price Survey Midpoint for the Event day under Natural Gas Spot Prices for Dominion North Point plus DTI Firm transportation variable and fixed charges plus losses to the City Gate in effect at the time of the Event. If that is not posted, the Dominion South Point will be used.

(continued)

- **April through October:** During these months, the price for the excess City Gate gas will equal the difference between the Triggered (contract) Price (for LDC nominated amount) and the price reported by Platt's Gas Daily Price Survey Midpoint for the Event day under Natural Gas Spot Prices for Dominion North Point plus DTI Firm transportation variable and fixed charges plus losses to the City Gate in effect at the time of the Event.

- Note: City Gate sales shall include any LDC that has DTI primary Delivery Points.

### **FOR CON EDISON TERRITORY AND CENTRAL HUDSON TERRITORY LOT: 3.**

#### **Sales Upstream of the City Gate**

- During any month the price for the excess City Gate gas will equal the difference between the Triggered (contract) Price (for LDC nominated amount) and the price reported by Platt's Gas Daily Price Survey Midpoint for the Event day under Natural Gas Spot Prices for Transco, Zone 6, Non-NY for Central Hudson, and Transco-NY for Con Edison.

#### **Sales at the City Gate**

- During any month the price for the excess City Gate gas will equal the difference between the Triggered (contract) Price (for LDC nominated amount) and the price reported by Platt's Gas Daily Price Survey Midpoint for the Event day under Natural Gas Spot Prices for Algonquin City Gate, for Central Hudson; Con Edison will be Transco-NY.

### Contractor's Responsibilities During Curtailments/Interruptions

If a Customer nominates Natural Gas, and there is pipeline capacity available to the Contractor, the Contractor is expected to supply gas for the entire month and the facility is required to burn gas for the entire month. The State agrees to be interrupted only when the Contractor can provide satisfactory justification of interruptions or Curtailments that occur on pipelines or at the LDC level, as a result of demand for transportation service exceeding capacity.

Contractor shall be responsible for notifying both Customer and OGS Procurement Services, in writing via fax or e-mail, of any pipeline Curtailments as soon as possible after Contractor becomes aware that a Curtailment will take place.

Contractor is required during periods of upstream pipeline interruptions, to contact LDC for the availability of excess City Gate supply, enabling facility to purchase gas directly from the LDC. Price shall be approved prior to purchase by the individual Customer. However, if there are LDC and/or pipeline Curtailment of firm services, to the extent that the Contractor has Firm Supply and firm transportation available at the City Gate delivery shall be made pro-rata to all the Contractor's firm Customers prior to purchasing directly from the LDC.

As a result of a scheduled and confirmed Nomination on the delivering upstream pipeline(s) being interrupted which prevents City Gate delivery of Customer's gas, Contractor shall use all commercially reasonable efforts to secure replacement gas for the Customers. Such efforts shall include, but not be limited to, supplies on alternate pipeline serving the affected LDC requests to other Contractor's, energy Brokers, and requests to the affected LDC for the availability of excess system supply gas. (See additional information in Contract Types).

If gas should flow due to Contractor's failure to notify the Customer and OGS Procurement Services of Curtailment and Customer purchases gas directly from the utility, the Customer will have sufficient justification to apply a charge-back, which shall be the difference between the Contract Natural Gas prices versus the utility supplied price, including any LDC imposed charges.

If Customer nominates "0" or at the time of the monthly Nomination and has notified Contractor of a scheduled plant shutdown/maintenance during said month, and gas flows, Contractor will be liable for all added cost incurred caused by failure to manage Customer's account.

(continued)

Contractor is required to notify Customers and OGS Procurement Services of lifting of Curtailment/interruption as soon as possible and to enable gas flow at the next available opportunity. Contractor will be liable for any charges caused by Contractor's failure to inform Customer and LDC, if applicable, of lifting of Curtailment/interruption.

Neither party shall be entitled to the benefit of the provision of Force Majeure to the extent performance is affected by the Curtailment of interruptible or secondary firm transportation unless primary, in-path, firm transportation is also curtailed.

#### Contract Term and Extensions

A. Base Term. The Contract shall be in effect for the term 9/1/2019 through 8/31/2021.

B. Extensions: If mutually agreed between OGS and the Contractor, the Contract may be extended under the same terms and conditions for up to (2) two years. The Contract extension may be exercised on a month to month basis such as an additional three-month, six month, twelve month, or twenty-four-month period.

#### Short Term Extension

This section shall apply in addition to any rights set forth in Appendix B, Contract Term – Extension. In the event a replacement Contract has not been issued, any Contract let and awarded hereunder by the State may be extended unilaterally by the State for an additional period of up to 3 months upon notice to the Contractor with the same terms and conditions as the original Contract and any approved modifications. With the concurrence of the Contractor, the extension may be for a period of up to 6 months in lieu of 3 months. However, this extension automatically terminates should a replacement Contract be issued in the interim.

#### Sales Title/Transfer Point

Contractor shall be deemed to exercise or continue in control and possession of the gas being delivered and responsible for any damage or injury caused until gas has been delivered at the LDC City Gate (Delivery Point). Also, Contractor shall be responsible for the coordination and scheduling of transportation volumes including completing all arrangements for transportation services for delivery of the Natural Gas to existing meter at each Customer.

#### Transportation Charges

Unless otherwise stated, the Contractor shall pay all costs associated with the transportation of the gas to the LDC City Gate (see Contract Types). The Customer shall enter into a separate agreement with the LDC and pay all costs associated with the transportation of gas from the LDC City Gate to the existing meter at each Customer.

#### Public Service Commission Retail Access Business Rules

The Contractor shall abide by the New York State Public Service Commission (PSC) Uniform Retail Access Business Practices Cases and Tariffs including all updates/revisions during the term of the Contract for all Natural Gas transactions and practices under this Contract. This includes any PSC provisions covering "Single Billing". A copy of the PSC Uniform Retail Access Business Practices is available for download from the PSC web page: <http://www.dps.ny.gov/>.

#### Rebates

OGS Procurement Services has the right to determine the disposition of any rebates, settlements, restitution, liquidated damages, etc. which arise from the administration of this Contract.

(continued)

## Ordering

Purchase Orders shall be made in accordance with the terms set forth in Appendix B, Purchase Orders. Authorized Users may submit orders over the phone, and, if available, may submit orders electronically via web-based ordering, e-mail, or facsimile at any time. Orders submitted shall be deemed received by Contractor on the date submitted.

All orders shall reference Contract number, requisition, and/or Purchase Order number (if applicable). Upon Contractor's receipt of an order, confirmation is to be provided to the Authorized User electronically or via facsimile. Order confirmation should be sufficiently detailed, and include, at a minimum, purchase price, date of order, delivery information (if applicable), Authorized User name, and sales representative (if applicable).

## Purchasing Card Orders

If the Contractor accepts orders using the State's Purchasing Card (see Appendix B, Purchasing Card), also referred to as the Procurement Card, the Contractor shall not charge or bill the Authorized User for any additional charges related to the use of the Purchasing Card, including but not limited to processing charges, surcharges or other fees.

## Contract Administration

The Contractor shall provide a sufficient number of customer service employees who are knowledgeable and responsive to Authorized User needs and who can effectively service the Contract. Contractor shall also provide an Emergency Contact in the event of an emergency occurring after Business Hours or on weekend/holidays.

Contractor shall provide a dedicated Contract Administrator to support the updating and management of the Contract on a timely basis. Contractor must notify OGS within five Business Days if its Contract Administrator, Emergency Contact, Designated Contact for Hedging/Forward Triggering, or Customer Service employees change, and provide an interim contact person until the position is filled. Changes shall be submitted electronically via e-mail to the OGS Contract Management Specialist.

## Environmental Attributes and NYS Executive Order Number 4

New York State is committed to environmental sustainability and endeavors to procure Products with reduced environmental impact. One example of this commitment may be found in Executive Order No. 4 (Establishing a State Green Procurement and Agency Sustainability Program), which imposes certain requirements on State Agencies, authorities, and public benefit corporations when procuring Products. More information on Executive Order No. 4, including specifications for offerings covered by this Contract, may be found at <https://ogs.ny.gov/greeny/>. State entities subject to Executive Order No. 4 are advised to become familiar with the specifications that have been developed in accordance with the Order, and to incorporate them, as applicable, when making purchases under this Contract.

## Non-State Agencies Participation in Centralized Contracts

New York State political subdivisions and others authorized by New York State law may participate in Centralized Contracts. These include, but are not limited to, local governments, public authorities, public school and fire districts, public and nonprofit libraries, and certain other nonpublic/nonprofit organizations. See Appendix B, Participation in Centralized Contracts. For Purchase Orders issued by the Port Authority of New York and New Jersey (or any other authorized entity that may have delivery locations adjacent to New York State), the terms of the *Price* clause shall be modified to include delivery to locations adjacent to New York State.

Upon request, all eligible non-State agencies must furnish Contractors with the proper tax exemption certificates and documentation certifying eligibility to use State contracts. A list of categories of eligible

(continued)

entities is available on the OGS web site (<https://online.ogs.ny.gov/purchase/snt/othersuse.asp>). Questions regarding an organization's eligibility to purchase from New York State Contracts may also be directed to NYS Procurement Services Customer Services at 518-474-6717.

#### Extension of Use

Any Contract resulting from the Solicitation may be extended to additional States or governmental jurisdictions upon mutual written agreement between New York State and the Contractor. Political subdivisions and other authorized entities within each participating state or governmental jurisdiction may also participate in any resultant Contract if such state normally allows participation by such entities. New York State reserves the right to negotiate additional discounts based on any increased volume generated by such extensions.

#### New Accounts

Contractor may ask State Agencies and other Authorized Users to provide information in order to facilitate the opening of a Customer account, including documentation of eligibility to use New York State Contracts, Customer code, name, address, and contact person. State Agencies shall not be required to provide credit references.

Contractors must notify OGS Procurement Services of any new business created from Authorized Users' requests for delivery, so that OGS Procurement Services can make adjustments to the Delivery Schedule to capture these new accounts. All cases shall require Contractors to notify both Authorized User and OGS Procurement Services of any locations not originally on the Delivery Schedule, within thirty (30) days after the first delivery is made.

#### POOR PERFORMANCE

Authorized Users should notify Procurement Services' Customer Services promptly if the Contractor fails to meet the requirements of this Contract. Performance which does not comply with requirements or is otherwise unsatisfactory to the Authorized User should also be reported to Customer Services: Office of General Services Procurement Services 38th Floor Corning Tower Empire State Plaza Albany, NY 12242 Customer Services E-mail: [customer.services@ogs.ny.gov](mailto:customer.services@ogs.ny.gov) Telephone: (518) 474-6717.
