BACKGROUND AND INTENT

In accordance with Article XI Section 163 of the New York State Finance Law, the Commissioner of General Services (hereinafter "OGS", "State" or "Purchaser"), may authorize purchases required by New York State agencies or other authorized purchasers by approving the use of a contract let by any department, agency or instrumentality of the United States government and/or any department, agency, office, political subdivision or instrumentality of any state or states. Procurement Services, on behalf of the Commissioner, found it necessary and desirable to enter into a contract based on the Piggyback Agreement (hereinafter "New York State Contract") with **FFF Enterprises, Inc.** (hereinafter "Vendor" or "Contractor") for the purchase of specified products under the terms and conditions established pursuant to **MMCAP Contract No. MMS14003 for Influenza Vaccine** (hereinafter "Master Contract") by State agencies and other authorized purchasers.

SHORT TERM EXTENSION

In the event the replacement contract has not been issued, any contract let and awarded hereunder by the State, may be extended unilaterally by the State for an additional period of up to one month upon notice to the contractor with the same terms and conditions as the original contract including, but not limited to, quantities (prorated for such one month extension), prices, and delivery requirements. With the concurrence of the contractor, the extension may be for a period of up to three months in lieu of one month. However, this extension terminates should the replacement contract be issued in the interim.

NOTE TO AUTHORIZED USERS

When placing purchase orders under the contract(s), the authorized user should be familiar with and follow the terms and conditions governing its use which usually appears at the end of this document. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).
