NOTE TO AUTHORIZED USERS:

When placing purchase orders under the contract(s), the authorized user should be familiar with and follow the terms and conditions governing its use which usually appears at the end of this document. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible. Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- The reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

ORDER OF PRECEDENCE:

The list of documents below address clarifications agreed to by the Contractor and the Office of General Services (OGS) and resolved by the parties and set forth herein in an order of precedence for the Contract award. The documents listed below were included in Solicitation #23044 or provided by the Contractor. Unless otherwise set

forth in the procurement or contract documents, conflicts among documents shall be resolved in the following order of precedence:

1. Appendix A (January 2014), Standard Clauses for NYS Contracts (previously provided);
2. Contract Award Letter;
3. Revisions and Clarifications to Bid Specifications dated January 19, 2018 (previously provided);
4. Solicitation #23044prb including all Appendices and Attachments referenced therein (previously provided);
5. Contractor's Bid Prices as stated in Attachment 1 – Pricelist
6. Contractor's Bid

OVERVIEW:

This Contract provides Authorized Users with a means of acquiring Serials and Database Access Products and Services by New York State Agencies and Non-State agencies, including political subdivisions, school districts and others authorized by law (See Section 5.48, *Non-State Agencies Participation in Centralized Contracts* and Section 5.50, *Extension of Use*).. Products for purchase by all Authorized Users are described in the Section titled, *Scope*.

Procurement Instructions describing requirements for Authorized Users to purchase from the Centralized Contract are found in the Section titled, *Procurement Instructions*.

ESTIMATED QUANTITIES:

All quantities or dollar values listed within this Contract are estimates. No specific quantities or volumes are represented or guaranteed and the State provides no guarantee of individual Authorized User participation. The Contractor(s) must furnish all quantities or dollar values actually ordered. The anticipated dollar value of the award for this Solicitation, based on historical purchases under previous awards was approximately \$55,000,000.00 annually for Lot 1 and \$20,000,000.00 annually for Lot 2. The individual value of each resultant Contract is indeterminate and will depend upon the number of Contracts issued and the competitiveness of the pricing offered. Authorized Users will be encouraged to purchase from Contractors who offer the Products and pricing that best meets their needs in the most practical and economical manner. See Appendix B, §28, *Estimated/Specific Quantity Contracts* and §25, *Participation in Centralized Contracts*.

Numerous factors could cause the actual value of the Contract to vary substantially from the historical value. Such factors include, but are not limited to, the following:

- The Contract is a nonexclusive Contract;
- There is no guarantee of volume to be purchased, nor is there any guarantee that demand will continue in any manner consistent with previous purchases;
- The individual value of the Contract is indeterminate and will depend upon actual Authorized User demand, and actual quantities ordered during the Contract period; and,
- The State reserves the right to terminate the Contract for cause or convenience prior to the end of the term pursuant to the terms and conditions of the Contract.

In Procurement Service's experience, depending on the price of a particular item, the actual volume of purchases for that item could be substantially in excess of, or substantially below, estimated volumes. Specifically, if actual Contract pricing is lower than anticipated or historical pricing, actual quantities purchased could be substantially greater than the estimates; conversely, if actual contract pricing is higher than anticipated or historical pricing, actual quantities purchased could be substantially lower than the estimates. Contractor acknowledges the foregoing and agrees that actual good faith purchasing volumes during the term of the Contract could vary substantially from the estimates/historical values provided in this Contract.

DEFINITIONS:

Terms used in the IFB documents that have a capitalized first letter shall be defined in accordance with Appendix B, §2 *Definitions*, which is hereby incorporated by reference. The following definitions shall apply:

Term	Definition
Active Request	Refers to an End User submitted search request transaction to the licensor's online service that has not yet received a response from the licensor's system.
Aggregator	A bibliographic service that provides online access to the digital full-text of Periodicals published by different Publishers. See also Database Publisher.

Business Day	Monday through Friday from 8:00 AM – 5:00 PM ET, excluding New York State and federal holidays.
Concurrent Users	Specified number of simultaneous End Users accessing an Electronic Publication or Database.
Concurrent Sessions	Concurrent User is interpreted to include any End User station device which, at the point in time of measurement, has established a logical session path to the licensor's online service, enabling an immediate search request to be made directly to the licensor's search software. This is the common meaning of such expressions as being "signed on" or "logged on" to the online service. Under this definition, any signed on terminal or End User station device is counted as part of the concurrent use total, regardless of whether the End User is at the End User station; formulating a new search request; waiting for the licensor's system to respond to a search request; or digesting the results of a previous request.
Concurrent Use License	Where licensing of Electronic Publications is based upon "Concurrent Users" the Contractor shall obtain from the publisher the right of the Authorized User to obtain license rights to the specified number of Concurrent Users actually executing the licensed programs, without reference to location or named End Users.
Continuing Directory	A list of people, companies, institutions, organizations, etc., in alphabetical or classified order, providing contact information (names, addresses, phone/fax numbers, etc.) and other pertinent details (affiliations, conferences, publications, membership, etc.) in brief format, often published serially (i.e. Continuing resources (not complete as first issued and intended to be ongoing, though not necessarily indefinitely).
Customization	Changes to the function, layout and/or appearance of a Database which does not alter the Database content.
Database	A large, regularly updated file of digitized information (bibliographic records, abstracts, full-text documents, directory entries, images, statistics, etc.) related to a specific subject or field, consisting of records of uniform format organized for ease and speed of search and retrieval and managed with the aid of database management system (DBMS) software. Content is created by the Database producer, which usually publishes a print version and leases the content to one or more Database vendors that provide electronic access to the data after it has been converted to machine-readable form, usually on CD-ROM or online via the Internet, using proprietary search software.
Database Management System (DBMS)	A computer application designed to control the storage, retrieval, security, integrity, and reporting of data in the form of uniform records organized in a large searchable file called a Database. The range of available DBMS software extends from simple systems intended for personal computers to highly complex systems designed to run on mainframes.
Database Publisher	Company that uses specialized techniques to generate documents from source data and provide to End Users through a Database. See also Aggregator.
Discipline Specific Database	Information provided is focused on a discipline or area, however may include information from multiple related subject areas.

Synonymous with published price, retail price, and sticker price.

Price Adjustments for Lot 1 Optional Products and Services

All prices for Optional Products and Services may be adjusted annually following the first year of the Contract on the basis of the Not Seasonally Adjusted Consumer Price Index – All Urban Consumers, U.S. City Average, All Items Less Food, Series ID: CUUR0000SA0L1, published monthly by the US Department of Labor Bureau of Labor Statistics. There shall be no price adjustments during the first year of the Contract. The adjustment shall be established as follows. Following the first year of the Contract and annually thereafter, the Contractor may make a formal request for a price adjustment in the succeeding Contract year. This request must be made in writing to the contract manager identified on the front page of the resultant Contract Award Notification; thirty (30) calendar days after the anniversary date of the Contract. The thirty (30) calendar days includes the anniversary date of the Contract. If the Contractor fails to submit a written request, he/she forfeits its opportunity to receive a price adjustment in the succeeding Contract year.

Price adjustments for monetary amounts for Optional Products and Services shall begin with the second year of the start date of the Contract and annually thereafter. The adjustment shall be based on the percentage of increase or decrease in the above referenced index in the preceding twelve months ending three months prior to the effective date of the adjustments. In no case shall price increases exceed five percent (5%) annually. All adjusted prices will be rounded up or down to the nearest whole cent. The Office of General Services shall notify all parties of the price adjustments through the issuance of written notification by the Procurement Services.

Below is an example calculation. Values used are for illustrative purposes only.

CPI for current period	193.676
Less CPI for previous period	188.326
Equals Index point change	5.350
Divided by previous period CPI	188.326
Equals	0.028
Result multiplied by 100	0.028 x 100
Equals percent change	2.8

Should the referenced CPI become discontinued during the course of the contract, it will be replaced by the Not Seasonally Adjusted Consumer Price Index – All Urban Consumers, U.S. City Average, All Items, Series Id: CUUR0000SA0, and adjustments will be calculated based on the same methodology as outlined above, but with data from the new replacement index.

CPI-U data may be obtained at www.bls.gov.

The following example illustrates the computation of percent change:

CPI for current period	230.000
Less CPI for previous period	225.000
Equals index point change	5.000
Divided by previous period CPI	225.000
Equals	0.022

CONTRACTOR REQUIREMENTS AND PROCEDURES FOR EQUAL EMPLOYMENT AND BUSINESS PARTICIPATION OPPORTUNITIES FOR MINORITY GROUP MEMBERS AND NEW YORK STATE CERTIFIED MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES:**Policy Statement**

The New York State Office of General Services (“OGS”), as part of its responsibility, recognizes the need to promote the employment of minority group members and women and to ensure that certified minority- and women-owned business enterprises have opportunities for maximum feasible participation in the performance of OGS contracts.

In 2006, the State of New York commissioned a disparity study to evaluate whether minority- and women-owned business enterprises had a full and fair opportunity to participate in State contracting. The findings of the study were published on April 29, 2010, under the title “The State of Minority- and Women-Owned Business Enterprises: Evidence from New York” (the “Disparity Study”). The Disparity Study found evidence of statistically significant disparities between the level of participation of minority- and women-owned business enterprises in State procurement contracting versus the number of minority- and women-owned business enterprises that were ready, willing and able to participate in State procurements. As a result of these findings, the Disparity Study made recommendations concerning the implementation and operation of the Statewide certified minority- and women-owned business enterprises program. The recommendations from the Disparity Study culminated in the enactment and the implementation of New York State Executive Law Article 15-A, which requires, among other things, that OGS establish goals for maximum feasible participation of New York State certified minority- and women-owned business enterprises (“MWBE”) and the employment of minority groups members and women in the performance of New York State contracts.

General Provisions

OGS is required to implement the provisions of New York State Executive Law Article 15-A and 5 NYCRR Parts 140-145 (“MWBE Regulations”) for all State contracts as defined therein, with a value (1) in excess of \$25,000 for

labor, services, equipment, materials, or any combination of the foregoing or (2) in excess of \$100,000 for real property renovations and construction.

The Contractor agrees, in addition to any other nondiscrimination provision of the Contract and at no additional cost to OGS, to fully comply and cooperate with OGS in the implementation of New York State Executive Law Article 15-A. These requirements include equal employment opportunities for minority group members and women (“EEO”) and contracting opportunities for New York State certified minority- and women-owned business enterprises (“MWBEs”). Contractor’s demonstration of “good faith efforts” pursuant to 5 NYCRR §142.8 shall be a part of these requirements. These provisions shall be deemed supplementary to, and not in lieu of, the nondiscrimination provisions required by New York State Executive Law Article 15 (the “Human Rights Law”) or other applicable federal, State or local laws.

The Contractor further agrees to be bound by the provisions of Article 15-A and the MWBE Regulations. If any of these terms or provisions conflict with applicable law or regulations, such laws and regulations shall supersede these requirements.

Failure to comply with all of the requirements herein may result in a finding of non-responsiveness, non-responsibility, breach of contract, withholding of funds, suspension or termination of the Contract and/or such other actions or enforcement proceedings as allowed by the Contract.

Equal Employment Opportunity (EEO)

Contractor shall comply with the provisions of Article 15-A set forth below. These provisions apply to all Contractors, and any subcontractors, awarded a subcontract over \$25,000, for labor, services, including legal, financial and other professional services, travel, supplies, equipment, materials, or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting State agency (the “Work”) except where the Work is for the beneficial use of the Contractor.

1. Contractor and subcontractors shall undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, EEO shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation. This requirement does not apply to: (i) the performance of work or the provision of services or any other activity that is unrelated, separate or distinct from the Contract; or (ii) employment outside New York State.
2. By entering into this Contract, Contractor certifies that the text set forth in clause 12 of Appendix A, attached hereto and made a part hereof, is Contractor’s equal employment opportunity policy.

Form EEO 100 – Staffing Plan

To ensure compliance with this section, the Contractor agrees to submit or has submitted with the Bid a staffing plan on Form EEO 100 to OGS to document the composition of the proposed workforce to be utilized in the performance of the Contract by the specified categories listed, including ethnic background, gender, and federal occupational categories.

Form EEO - 101 - Workforce Utilization Reporting Form (Commodities and Services) (“Form EEO-101-Commodities and Services”)

The Contractor shall submit, and shall require each of its subcontractors to submit, a Form EEO-101-Commodities and Services to OGS to report the actual workforce utilized in the performance of the Contract by the specified categories listed including ethnic background, gender, and Federal occupational categories. The Form EEO-101-Commodities and Services must be submitted electronically to OGS at EEO_CentCon@ogs.ny.gov on a quarterly basis during the term of the Contract by the 10th day of April, July, October, and January. Separate forms shall be completed by Contractor and any subcontractor.

If Contractor's EEO Form 100 - Staffing Plan provides that Contractor is unable to separate out the actual workforce utilized in the performance of the Contract from its total workforce, the following clause shall apply: Contractor and OGS agree that Contractor is unable to separate out the workforce utilized in the performance of the Contract from Contractor's and/or subcontractor's total workforce and that the information provided on the previously submitted Staffing Plan is Contractor's total workforce during the subject time frame, not limited to work specifically under the Contract.

Contractor shall comply with the provisions of the Human Rights Law, all other State and federal statutory and constitutional non-discrimination provisions. Contractor and subcontractors shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal and conviction and prior arrest.

Contract Goals

For purposes of this procurement, OGS conducted a comprehensive search and determined that the Contract does not offer sufficient opportunities to set goals for participation by MWBEs as subcontractors, service providers and suppliers to Contractor. Contractor is, however, encouraged to make every good faith effort to promote and assist the participation of MWBEs on this Contract for the provision of services and materials. The directory of New York State Certified MWBEs can be viewed at <https://ny.newnycontracts.com/FrontEnd/VendorSearchPublic.asp?TN=ny&XID=2528> Additionally, following Contract execution, Contractor is encouraged to contact the Division of Minority and Women's Business Development ((518) 292-5250; (212) 803-2414; or (716) 846-8200) to discuss additional methods of maximizing participation by MWBEs on the Contract.

Good Faith Efforts

Pursuant to 5 NYCRR § 142.8, evidence of good faith efforts shall include, but not be limited to, the following:

1. A list of the general circulation, trade and MWBE-oriented publications and dates of publications in which the Contractor solicited the participation of certified MWBEs as subcontractors/suppliers and copies of such solicitations and any responses thereto.
2. A list of the certified MWBEs appearing in the Empire State Development MWBE directory that were solicited for this Contract. Provide proof of dates or copies of the solicitations and copies of the responses made by the certified MWBEs. Describe specific reasons that responding certified MWBEs were not selected.
3. Descriptions of the Contract documents/plans/specifications made available to certified MWBEs by the Contractor when soliciting their participation and steps taken to structure the scope of work for the purpose of subcontracting with or obtaining supplies from certified MWBEs.
4. A description of the negotiations between the Contractor and certified MWBEs for the purposes of complying with the MWBE goals of this Contract.
5. Dates of any pre-bid, pre-award or other meetings attended by Contractor, if any, scheduled by OGS with certified MWBEs whom OGS determined were capable of fulfilling the MWBE goals set in the Contract.
6. Other information deemed relevant to the request.

NEW YORK STATE FINANCIAL SYSTEM (SFS):

New York State is currently operating on an Enterprise Resource Planning (ERP) system, Oracle PeopleSoft software, referred to as the Statewide Financial System (SFS). SFS is currently on PeopleSoft Financials version 9.2 Bundle 18, operating on PeopleTools version 8.49.33. SFS supports requisition-to-payment processing and financial management functions.

The State is also implementing an eProcurement application that supports the requisitioning process for State Agencies to procure goods and services in SFS. This application provides catalog capabilities. Vendors with Centralized Contracts have the ability to provide a “hosted” or “punch-out” catalog that integrates with SFS and is available to Authorized Users via a centralized eMarketplace website. There are no fees required for a Vendor’s participation in the catalog site development or management. Upon completion and activation of an on-line catalog, State Agencies will process their orders through the SFS functionality and other Authorized Users can access the catalog site to fulfill orders directly.

The State is also implementing the PeopleSoft Inventory module in the near future to track inventory items within the item master table. Further information regarding business processes, interfaces, and file layouts may be found at: www.sfs.ny.gov and <http://www.osc.state.ny.us/agencies/guide/MyWebHelp/>.

USE OF RECYCLED OR REMANUFACTURED MATERIALS:

New York State supports and encourages vendors to use recycled, remanufactured or recovered materials in the manufacture of products and packaging to the maximum extent practicable without jeopardizing the performance or intended end use of the product or packaging unless such use is precluded due to health or safety requirements or product specifications contained herein. Refurbished or remanufactured components or products are required to be restored to original performance and regulatory standards and functions and are required to meet all other requirements of this Contract. Warranties on refurbished or remanufactured components or products must be identical to the manufacturer's new equipment warranty or industry's normal warranty when remanufacturer does not offer new equipment. See Appendix B, §38, *Repaired or Replaced Products, Parts or Components*.

BULK DELIVERY AND ALTERNATE PACKAGING:

New York State encourages the use of innovative packaging that reduces the weight of packaging and the generation of packaging waste. A contractor is encouraged to use reusable materials and containers and to utilize packaging configurations that take advantage of storage containers designed to be part of the product for the shipment of multi-unit purchases. New York State recognizes that these packaging methods are in the development stage and may not be currently available. Authorized Users are urged to inquire about these programs at the time of purchase and determine the best solution for their needs.

SURPLUS/TAKE-BACK/RECYCLING:

1. A State agency is reminded of its obligation to comply with the NY State Finance Law §§167, Transfer and Disposal of Personal Property, and 168, The Management of Surplus Computer Equipment, regarding transfer and disposal of surplus personal property before utilizing take-back, recycling, or other options for disposition of equipment that is still in operable condition.
2. If Contractor offers a take-back/recycling program, then Contractor shall provide a record of disposition to each Authorized User who participates in the take-back/recycling program for units transferred for disposition. Contractor shall provide documentation that the units were disposed of in an environmentally sound manner in compliance with applicable local, state and federal laws. See Section 3 below for specific requirements governing electronic equipment recycling.
3. The NYS Department of Environmental Conservation (DEC) Electronic Equipment Recycling and Reuse Act (“Act”) (Environmental Conservation Law, Article 27, Title 26, Electronic Equipment Recycling and Reuse), requires manufacturers to establish a convenient system for the collection, handling, and recycling or reuse of electronic waste. If Contractor is a manufacturer of electronic equipment covered by the Act, Contractor agrees to comply with the requirements of the Act. More information regarding the Act can be found on the DEC website at: <http://www.dec.ny.gov/chemical/65583.html>.
4. If a Contractor offers a take-back/recycling program or offers an electronic equipment recycling program pursuant to the Act, and an Authorized User participates in same, then the Authorized User shall ensure the destruction of all data from any hard drives surrendered with the machines/covered electronic equipment. Contractor shall not require an Authorized User to surrender the hard drive, as an Authorized User may wish to retain the hard drive for security purposes. Contractor shall advise the Authorized User in advance if the

retention of the hard drive results in additional fees or reduction in trade-in value. It is recommended that an Authorized User use a procedure for ensuring the destruction of confidential data stored on hard drives or other storage media that meets or exceeds the National Institute of Standards and Technology (NIST) Guidelines for Media Sanitation as found in NIST Special Publication 800-88.

ENVIRONMENTAL ATTRIBUTES AND NYS EXECUTIVE ORDER NUMBER 4:

New York State is committed to environmental sustainability and endeavors to procure products with reduced environmental impact. One example of this commitment may be found in Executive Order No. 4 (Establishing a State Green Procurement and Agency Sustainability Program), which imposes certain requirements on state agencies, authorities, and public benefit corporations when procuring commodities, services, and technology. More information on Executive Order No. 4, including specifications for offerings covered by this Contract, may be found at: <http://ogs.ny.gov/EO/4/Default.asp>. State entities subject to Executive Order No. 4 are advised to become familiar with the specifications that have been developed in accordance with the Order, and to incorporate them, as applicable, when making purchases under this Contract.

PREFERRED SOURCE PRODUCTS:

Section 162 of the State Finance Law requires that agencies, including Executive Agencies, afford first priority to the products of preferred source suppliers such as Corcraft (the marketplace name for the NYS Department of Corrections and Community Supervision, Division of Industries), New York State Preferred Source Program for People who are Blind (NYSPSP), and New York State Industries for the Disabled (NYSID), and others determined by law, when such products meet the form, function and utility of the agency. Some products in the resultant Contract(s) may be available from one or more preferred sources. An Authorized User must determine if a particular commodity or service is approved for a Preferred Source and follow the requirements of State Finance Law Section 162(3) or (4)(b), respectively, before engaging the Contractor.

NEW YORK STATE VENDOR RESPONSIBILITY:

The Contractor shall at all times during the Contract term remain responsible. The Contractor agrees, if requested by the Commissioner of OGS or her designee, to present evidence of its continuing legal authority to do business in New York State, integrity, experience, ability, prior performance, and organizational and financial capacity.

The Commissioner of OGS or her designee, her sole discretion, reserves the right to suspend any or all activities under this Contract, at any time, when she discovers information that calls into question the responsibility of the Contractor. In the event of such suspension, the Contractor will be given written notice outlining the particulars of such suspension. Upon issuance of such notice, the Contractor must comply with the terms of the suspension order. Contract activity may resume at such time as the Commissioner of OGS or her designee issues a written notice authorizing a resumption of performance under the Contract. The Contractor agrees that if it is found by the State that the Contractor's responses to the Questionnaire were intentionally false or intentionally incomplete, on such finding, the Commissioner may terminate the Contract.

Upon written notice to the Contractor, and a reasonable opportunity to be heard with appropriate OGS officials or staff, the Contract may be terminated by the Commissioner of OGS or her designee at the Contractor's expense where the Contractor is determined by the Commissioner of OGS or her designee to be non-responsible. In such event, the Commissioner of OGS or her designee may complete the contractual requirements in any manner he or she may deem advisable and pursue available legal or equitable remedies for breach.

In no case shall such termination of the Contract by the State be deemed a breach thereof, nor shall the State be liable for any damages for lost profits or otherwise, which may be sustained by the Contractor as a result of such termination.

NEW YORK STATE TAX LAW SECTION 5-A:

Tax Law Section 5-a requires certain Contractors awarded state Contracts for commodities, services and technology valued at more than \$100,000 to certify to NYS Department of Taxation and Finance (DTF) that they are registered to collect New York State and local sales and compensating use taxes. The law applies to Contracts where the total amount of such Contractors' sales delivered into New York State is in excess of \$300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made, and with respect to any affiliates and subcontractors whose sales delivered into New York State exceeded \$300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made.

Contractors may consult with DTF's website at <http://www.tax.ny.gov/> for additional information and frequently asked questions.

Authorized Users will be advised to select the most cost effective procurement alternative that meets their program requirements and to maintain a procurement record documenting the basis for this selection.

NON-STATE AGENCIES PARTICIPATION IN CENTRALIZED CONTRACTS:

New York State political subdivisions and others authorized by New York State law may participate in contracts. These include, but are not limited to local governments, public authorities, public school and fire districts, public and nonprofit libraries, and certain other nonpublic/nonprofit organizations. See Appendix B, §25, *Participation in Centralized Contracts*. For purchase orders issued by the Port Authority of New York and New Jersey (or any other authorized entity that may have delivery locations adjacent to New York State), the terms of the "Price" clause shall be modified to include delivery to locations adjacent to New York State.

Upon request, all eligible non-State agencies must furnish contractors with the proper tax exemption certificates and documentation certifying eligibility to use State contracts. A list of categories of eligible entities is available on the OGS web site (www.ogs.state.ny.us). Questions regarding an organization's eligibility to purchase from New York State Contracts may also be directed to OGS Procurement Services' Customer Services at 518-474-6717.

NOTE TO ALL NON-STATE AGENCIES AND BIDDERS:

All such participating non-State agencies and Bidders understand, acknowledge and agree that the primary responsibility in regard to performance of the Contract, of any obligation, covenant, condition or term thereunder by either such party thereto shall be borne and is expressly assumed by the participating non-State agencies and Contractor and not by the State. In the event of a failure or breach in performance of any such Contract by a non-State Agency or Contractor, the State specifically and expressly disclaims any and all liability for such defective performance or breach, and the eligible participating non-State agencies and Contractor guarantee to save the State, its officers, agents and employees harmless from any liability that may be or is imposed by the failure of either party to perform in accordance with its obligations, covenants and the terms and conditions of the State Centralized Contract.

EXTENSION OF USE:

The contract may be extended to additional States or governmental jurisdictions upon mutual written agreement between New York State (the lead contracting State) and the Contractor. Political subdivisions and other authorized entities within each participating State or governmental jurisdiction may also participate in any resultant Contract if such State normally allows participation by such entities. New York State reserves the right to negotiate additional discounts based on any increased volume generated by such extensions.

CONTRACTOR PERFORMANCE:

Authorized Users should notify the Procurement Services Contract administrator promptly if the Contractor fails to meet the requirements of this Contract. Performance which is otherwise unsatisfactory to the Authorized User should also be reported to Procurement Services.

MERCURY-ADDED CONSUMER PRODUCTS:

Contractor agrees that it will not sell or distribute fever thermometers containing mercury or any products containing elemental mercury for any purpose under this Contract.

UNANTICIPATED EXCESSIVE PURCHASE:

The State reserves the right to negotiate lower pricing, or to advertise for bids, any unanticipated excessive purchase. An “unanticipated excessive purchase” is defined as an unexpected order for a Contract product(s) totaling more than \$50,000.00.

AMERICANS WITH DISABILITIES ACT (ADA):

The Federal ADA Act, signed into law July 26, 1990, bars employment discrimination and requires all levels of Government to provide necessary and reasonable accommodations to qualified workers with disabilities. Contractors are required to identify and offer any software or hardware products they manufacture or adapt which may be used or adapted for use by visually, hearing, or any other physically impaired individuals. Although it is not mandatory for Contractors to have this equipment in order to receive an award, it is necessary to identify any such equipment offered they have which falls into the above category.

ADDITIONAL REQUIREMENTS:

1. **NO DRUGS OR ALCOHOL**

For reasons of safety and public policy, in any Contract resulting from this procurement, the use of illegal drugs and/or alcoholic beverages by the Contractor or its personnel shall not be permitted while performing any phase of the work herein specified.

WEBSITE ACCESSIBILITY:

Responsibility for Content: Contractor is solely responsible for administration, content, intellectual property rights and all materials at Contractor’s website. Contractor is solely responsible for its actions and those of its agents, employees, resellers, Sub-Contractors or assigns, and agrees that neither Contractor nor any of the foregoing has any authority to act or speak on behalf of the State. As applicable, Contractor agrees to comply with the Office of Information Technology Services f/k/a Office for Technology policy NYS-P08-005 Accessibility of Web-Based Information and Applications, as may be amended, the stated purpose of which is to make State Agency web-based Intranet and Internet information accessible for persons with disabilities. The Authorized User must ask the Contractor if “click through”, “shrink wrap” or other pass-through or licensing/subscription terms and conditions are present, and if so, the Authorized User is responsible for reviewing and approving such terms and conditions prior to ordering the Products and services. If the terms and conditions are not acceptable to the Authorized User, it is the responsibility of such Authorized User to negotiate any needed amendments. *Any additional licensing terms agreed to by the Authorized User shall not conflict with Appendix A, this Solicitation, any resultant Contract, or Appendix B.
