AFFORDABLE INNOVATION. SERVICE EXCELLENCE. FLEXIBILITY.

Whether we're working, collaborating or learning, we spend a lot of time sitting.

At Allseating, we've spent over three decades designing and manufacturing seating solutions that are more comfortable, innovative and functional for the corporate, education and healthcare vertical markets.

From flexible chairs that accommodate your every move, to affordable and sustainable solutions that adjust to your evolving business needs, our seating solutions work with you, and for you. Plus, you'll find total peace of mind with our customer service and warranty.

YOU WORK. YOU LEARN. YOU SUPPORT.

From versatile chairs that accommodate your every move, to service programs that adjust to your evolving business needs, our seating solutions are designed to work the way you do. This includes:

ACCESSIBLE DESIGN

There's one philosophy that drives the design of all our products: to support any situation, any task, and virtually any budget. The result is that our products have a reputation for being highly adjustable, highly durable and still affordable.

From our Therapod® chair to the revolutionary You® chair to our latest Levo® chair, we have a track-record of designing innovative solutions that change the way we sit. We're proud that many of our chairs have been recognized in international competitions, such as GOOD Design and Best of NeoCon.

MASS CUSTOMIZATION CAPABILITIES

As an independently owned company, we have the flexibility to run the type of business we've always wanted to work for: one that's flexible and nimble. We know every customer has a unique set of requirements, so we've established production practices that allow us to adjust to those needs, but without the cost of 'going custom'.

While we officially have 218 chairs in our line-up, when you add up all the various mechanisms, arm combinations, seat sizes and other options, our Allseating's mass customization capabilities allow for roughly 7-million variations. So you know we have the perfect one for you.

COMMITMENT TO CUSTOMER SERVICE

From spec to delivery to maintenance support, we have earned a reputation as being the easiest, most enjoyable manufacturer to do business with – often surprising our partners with our solutions-driven approach to service, product quality and on-time delivery.

We're proud to be recognized as the Office Furniture Dealers Alliance's Seating Manufacturer of choice, and a big reason for this is our customer-centric approach.

We developed our innovative SpecAll™ online specification tool so you can specify, customize, price, save and share your product from any computer or mobile device. Our entire product library is also available at 2020technologies.com.

While we're proud of our highly intuitive specification technologies, we're always happy to work the way you prefer – including supporting traditional order processes over the phone. Simply call our Sales Support representatives and they will assist on all aspects of our products, and can answer all your specification questions.

THE INDUSTRY'S BEST WARRANTY

When your products are as well engineered as ours, you can back them with the best warranty in the business. Ours is simple: 12 years on all parts and approved labor with a 12 year 24|7 on specified product (10 years on Foster Sleep Chair and Recliners, 7 years on Eighty Two seat foam, 3 years on Allseating Pillows).

Of course, we pride ourselves on engineering products that stand up to today's demanding work environments. That said, if something goes wrong, we're known for making it right. So if you receive a product from us that doesn't measure up to your quality standards, we promise to swiftly investigate and solve the problem.

We understand that dealing with warranties is often frustrating. So we developed a dedicated Warranty Response Team to eliminate headaches. They're specially trained to expedite warranty-related issues, so you can get back to business.

DESIGN FOR THE ENVIRONMENT

In addition to being ISO 14001 Certified, the gold standard for helping companies introduce and adopt environmental management systems, Allseating products are Indoor Advantage Gold – Furniture Indoor Air Quality certified, SCS Global Services' highest level of indoor air quality performance for furniture. This certification assures that furniture products support a healthy indoor environment by meeting strict chemical emission limits for volatile organic compounds (VOCs).

To be certified, our products must be tested by independent labs for compliance with the ANSI/BIFMA X7.1 and either ANSI/BIFMA e.3 or CDPH/EHLB Standard Method V1-1 for VOC emissions of concerns.

SCS Global Services has been providing global leadership in third-party quality, environmental and sustainability verification, certification, auditing, testing and standards development for three decades. Its programs span a cross-section of industries, recognizing achievements in green building, product manufacturing, food and agriculture, forestry, power generation, retail, and more.

SCS is accredited to provide services under a wide range of nationally and internationally recognized certification programs. Consistent with its mission, SCS is a chartered benefit corporation and Certified B Corp™, reflecting its commitment to socially and environmentally responsible business practices.

SPECIFICATIONS

Allseating reserves the right to institute changes to materials, specifications and designs, or to discontinue models at any time. Images and line drawings featured in the catalog may not reflect the current product offering. Components are subject to change at Allseating's discretion.

FREIGHT POLICY

Allseating reserves the right to use its own or commercial carriers for the "best way" to ship, at its sole discretion. Normal delivery is dock to dock.

Special requests such as inside delivery, specific delivery dates and times, residential delivery, etc. are subject to additional charges. All additional charges will be the responsibility of the consignee.

Allseating reserves the right to charge for freight services over and above standard "best way" delivery. Delivered pricing is based on shipment to the 48 U.S. contiguous states and Canada excluding N.W.T., YK, and NU. For shipments to other destinations, we reserve the right to add a surcharge.

LOSS / DAMAGE LIABILITY

Every effort is undertaken to effect secure packaging; however, our liability ends when the carrier issues a clear receipt acknowledging that the shipment has been received in good condition. The carrier is then liable for loss or delay or damage. Signing for a shipment without noting damage or deficiencies absolves Allseating of further responsibility and a freight claim will have to be made by the customer.

NOTE: A packing slip signed by the carrier for pick-up at Allseating Warehouse constitutes "Clear Receipt" and absolves Allseating of further responsibility for damage or loss or delay.

Any claim submitted for freight damage must be done within 7 days of receiving the products. Any claims after that time may not be covered under our warranty. If the packaging arrives visibly damaged, then waybill should be signed as "subject to inspection" or "damage noticed".

RETURNS / RESTOCK

Returns are coordinated and authorized by the Return Authorization Coordinator (RAC). Merchandise may not be returned without prior consent and a Return Authorization (RA) Number. All returns must be securely packaged and boxes clearly marked with an assigned RA number on the outside. Carrier for return goods must be specified by Allseating. Goods returned without a RA Number or by an unauthorized carrier will not be accepted.

Unauthorized returned goods will be subject to a restock charge and/or a charge for any required reconditioning. Returns must be shipped prepaid, unless other arrangements have been made. Custom fabricated merchandise may not be returned. Credit on orders returned with an RA number will be issued once inspection has deemed product in good condition.

FIRE CODE

Allseating's entire line of office seating meets California Technical Bulletin 117 (CAL 117-2013). This is a standard by which upholstered furniture has been tested for approval to meet a minimum fire standard. Allseating's chairs can be upgraded to meet the California Technical Bullet (CAL TB133). Additional charges of $565 per chair series (per burn test) and lead times will apply for chairs with special configurations of COM fabrics, not already tested by Allseating.

CAL TB133

CAL TB133 is a standard of furniture flammability required by the California Bureau of Home Furnishings and Thermal Insulation for furniture used in public buildings such as Healthcare facilities, Hospitals, Hotels and Motels, Stadiums, Child Care Facilities, Convalescent Homes, Prisons and Jails.

The CAL TB133 test is a full scale fire test for furniture manufactured for the use in public buildings. The standard does not specify how to construct furniture, but only how it should perform when tested. To pass the fire standard test, a fire blocking liner is placed between the fabric and the foam of our chairs. This liner acts as a fire extinguisher by smothering the flame.

TO ORDER CAL TB133

Clearly specify CAL TB133 on your order.
Please check individual series upcharge.
There is a standard 4 week lead time for CAL TB133.
