Wood Finishes

Keilhauer tables are available in standard finishes. All of our veneers are carefully selected for uniformity of color and grain, however, wood is a natural substance and minor variations may occur due to the unique nature of the material and may not be an exact match to our samples.

Wood is a natural product that will have color variation within a single piece of furniture. There may also be variation from one piece to the next. Light finishes do not hide or mask these natural characteristics and it is important that the customer understand there will be variations from piece to piece. Other factors also affect color over time such as exposure to light.

The finishes on tables may vary slightly from those on seating due to the natural characteristics of the wood.

Special Finishes (for Awla, Juxta & Syz, Tables)
Keilhauer will make every effort to accommodate special finish requests from our customers. These requests, when available, are subject to a $250 net coloration charge plus a 5% net upcharge. Additional lead times may be required for these items. Special finish orders will not be acknowledged until the Special Finish is approved in writing and received at Keilhauer Customer Service.

Power Configurations (for Syz and Juxta Tables)
Data & HDMI slots are available upon request and we can configure the 4 slots to your specifications. Please consult the factory if this is required. Additional lead times may be required for these special requests.

Oversized Pieces (for Garner Sofa)
Note that Garner models that are 93" or wider are oversized pieces of furniture, and Keilhauer takes no responsibility for challenges during installation.
