# METAL COLORS

All Great Openings products are finished with a hybrid powder formula (epoxy and polyester), which ensures an exceptionally durable, consistent finish. Simply select from our 72 Standard Colors, Industry Favorites (viewed online), or Custom Colors.

## 72 STANDARD COLORS

All at standard lead times and price, standard colors are smooth, except those identified as textured.

## CUSTOM COLORS

When you need a color that's not included in our 72 Standard Colors or Industry Favorites, simply send us a paint chip and we'll get it matched. A special lead time or cost will likely be included, but we can almost certainly supply exactly the color you need.

- No minimum order size on Custom Colors
- Custom Color up-charge is applied on a per unit basis
- Minimum lead-time is 15 working days after we receive your written color approval
- We must receive a purchase order before exchanging custom color samples.

Check our website for Custom Color Idea Starters, a sampling of trending new custom colors!

Here's how it works for custom colors:

1. Along with your purchase order, send us a 2" X 2" sample of your desired Custom Color (a metal chip is best, but often a laminate or paper sample will work).
2. We'll work with our paint suppliers to find a match, a process that typically takes 10 to 15 business days. Then we'll send a metal sample of our recommended paint color back to you, along with a sign-off sheet, total net up-charge, and lead-time requirements.
3. You'll return the sign-off sheet, we'll send you an order acknowledgment, and away we go!

Two-tone cabinets, with fronts painted a different color than the cabinet are available. Contact Sales for a quote.

**Please note:** Our objective is to order exactly the correct amount of paint for each order so that we can offer you the lowest possible price. For this reason, if you happen to order the same custom color again weeks, months, or years later, paint inventory will likely not exist and any additional costs will once again be charged per unit, no matter the order size.

## Great Openings Laminate Program

Great Openings offers the laminates listed below, at a standard price and lead time. We also make it easy to order other laminates and edge bands, as described below as "Special Laminates". For memo samples, please go to [wilsonart.com](http://wilsonart.com) or [formica.com](http://formica.com).

## Special Laminates

When you need a laminate or edge band that's not included in our Standard Laminates & Edges, call Great Openings to request a special quote and lead-time. We have access to WilsonArt®, Formica®, Nevamar®, Pionite® and many more.

Please note that special laminates or edges will require additional charges, lead-time, and minimum order quantities.

When it's time to place your custom laminate order, include the following information on your PO:

- name of your laminate and edge
- manufacturer names
- pattern names
- identification numbers

Special laminates and edges cannot be changed or canceled after the order has been confirmed by our Customer Service Department and an order acknowledgment has been sent.

## Standard Work Surface Specifications

### Specifications for (HPL) high pressure laminate work surfaces, cabinet tops, and drawer fronts

- Industrial grade particleboard, single-sided decorative laminate overlay
- High performance, high pressure laminate backer
- California Air Regulation Board Compliant to Phase 2. FSC Controlled Wood Status
- Water based, formaldehyde free, GREENGUARD® certified adhesive
- Finished thickness of horizontal application work surfaces is 1.2"
- Finished thickness of vertical application drawer fronts and doors is .8"
- Edge bands are 2mm or 3mm
- Cayenne laminate tops are 5/8" thick

### Specifications for (HPL) high pressure laminate doors

- Identical to the specification shown above, except doors feature two-sided decorative high pressure laminate, so the appearance is identical inside and out

### Specifications for (TFL) thermal fused laminates for drawer fronts and doors

- TFL is a cost effective, durable product used on vertical services such as drawer fronts and doors
- TFL offers the same abrasion resistance as High Pressure Laminate and slightly less impact resistance, therefore it's appropriate for use on drawer fronts and doors. Thermal Fused Laminates do not meet NEMA specification requirements, scratch resistance, or ball drop tests
- Doors feature two-sided decorative TFL, so the appearance is identical inside and out
- California Air Regulation Board Compliant to Phase 2. FSC Controlled Wood Status
- Finished thickness of TFL drawer fronts and doors is .75"
- Edge bands are 2mm or 3mm (identical to those used on HPL fronts)

## Products Available with Laminate Fronts

Any of the following Great Openings cabinets may be special-ordered to include factory-installed laminate fronts. Laminates may be one of Great Openings' standards, or a special ordered laminate. Laminate wood grain is positioned vertically on all fronts, including tower doors. Laminate fronts must be specified to include any one of our loop pulls. UM Series locks are included as standard. When ordering more than 50 of any single laminate size, please call Sales for a quote.

	Notes	Product
	Pedestal drawer fronts and lock strip will be laminate. Cushion pedestals will not include a loop pull on the lock strip. Not available on 3" pencil drawers.	box/file pedestal file/file pedestal box/box/file pedestal
	Lateral drawer fronts and lock strip will be laminate. The lateral top and base are both visible from the front of the cabinet, and will be metal.	Box/file lateral (any width) 2-high lateral (any width) 3-high lateral (any width) 4-high lateral (any width) 5-high lateral (any width) 6-high lateral (any width)
	Laminate drawer and door fronts are full-width. The tower top and base are both visible from the front of the cabinet, and will be metal.	Cupboard wardrobe tower (any height)
	Double door storage fronts are full-width. The cabinet top and base are both visible from the front of the cabinet, and will be metal.	2-high storage cabinet (any width) 3-high double door cabinet (any width)
	Cayenne drawer fronts are full width, and the lock is located in the bottom drawer.	Cayenne two drawer cabinet (any width)
	In the storage section of this pricebook, you'll find laminate front options already priced, as an alternative to metal fronts.

## Key-Alike Process and Charges:

- Your key-alike request can be ordered on the original purchase order or under separate cover.
- Key-alike requests for the UM, SL, LL and K Series locks are processed at no charge as long as the quantity of key/core sets match the quantity of cabinets.
- When including the UM, SL, and LL Series locks, products will be shipped with randomly assigned cores/keys. Your key-alike requests for all lock series will be shipped separately and labeled to allow for easy change-out in the field, after the product is installed.
- A core-removal key is provided at no charge with each key-alike request.
- Additional keys, cores, master keys, and core keys may be purchased separately. The cost is \$4 net per item, plus \$15 net for shipping costs.

When ordering products to be keyed-alike, include this Key Order Form with your purchase order. An electronic version of this form can be found at [greatopenings.com](http://greatopenings.com) under "Resources".

This guide provides specific information to keep your Great Openings and Sparkeology products like new. With proper care, you can expect years of trouble-free use.

## Cleaning Painted Metal

1. Apply a small amount of nonabrasive cleaner such as Simple Green®, Windex®, or 409®, using a paper towel or a clean, dry, lint-free microfiber cloth.
2. Rub gently to remove dirt.
3. Wipe clean using a new paper towel or cloth.

## Cleaning Laminate

1. Apply a vinegar-and-water solution to a paper towel or a clean, lint-free microfiber cloth.
2. Gently wipe the surface to remove any surface dust. **Caution:** do not use furniture polish that contains waxes and oils on laminate surfaces. Do not use bleached-based cleaners on laminate as it may discolor. Do not use hard bristle brushes that may scratch the surface.
3. To spot clean laminate, use a mild soap-and-water solution or Windex®.
4. Rub the soiled area in the direction of the grain. If no grain is present, rub in a circular motion.

## Cleaning Fabric

1. Regularly clean your fabric by vacuuming or light brushing.
2. Always check the fabric-specific cleaning instructions before deciding which cleaning product to use.
3. Test the cleaning product in an inconspicuous area first to guard against color bleeding or fabric shrinkage.

## Cleaning Acrylic Screens and Resin Tops

1. Use mild soap-and-water, applied with a dry lint-free cloth.
2. Wipe clean to remove soap and moisture residue.

## Basic Construction

- Trace lateral files feature horizontal lines and full-width fronts consistent with all other Trace products
- All Great Openings products meet or exceed applicable ANSI-BIFMA standards for durability and safety
- Welded steel frame construction and formed channels ensure strength in key areas
- Reinforced vertical and horizontal channels ensure dimensional stability
- Top and side channels are 20 gauge cold rolled steel. Fronts, tops, outer panels are 20 and 22 gauge. Drawer bins and shelves are 18 and 20 gauge
- The lock strip on 4-high and 5-high laterals is located above the fourth drawer. In 6-high laterals, the lock strip is located above the fifth drawer
- Four leveling glides with 1-1/4" adjustment ensure proper alignment and operation
- The front-facing kick plate on Trace lateral files is 3.25" high

## Features

- The top opening of 5-high and 6-high Trace laterals features an over-the-top flipper door with 13-1/4" inside clear height that will accommodate standard height binder storage
- All drawers and roll-out shelves include full extension steel ball-bearing slides with anti-rebound features to ensure smooth operation
- Trace lateral file metal and laminate tops are sized to be flush with the sides of the cabinet, so that files installed side-to-side will have no gaps between
- Drawers include full-height side panels
- Two file bars are included in each drawer, for side-to-side filing. File conversion bars for front-to-back filing are sold separately
- Drawer bins will accommodate A4, Letter, and Legal size filing

## Options and Accessories

- All options and accessories are sold separately or are available as an upgrade
- Laminate drawer fronts may be specified. See the Specification Guide for details
- Common laminate tops
- Polyethylene drawer front fillers increase sound absorption
- Individually locking drawers, either keyed or electronic
- File conversion bars for front-to-back filing
- Magnetic shelf dividers
- Magnetic label
- Magnetic drawer dividers for lateral box drawers

## Lock System

- All Great Openings products include randomly-assigned UM Series locks
- UM locks are black-faced, master-keyed, and core-removable
- Locks may be keyed-alike in the field
- Other key series are available, including Haworth SL, bright nickel LL, and Knoll K. See the Specification Guide for details and how to order

- Trace lateral file locking system captures drawer fronts on both sides
- Trace lateral files may be ordered to include individually locking security drawers

## Counterweights & Interlock

- The safety interlock mechanism is integrated into the drawer slides, allowing only one drawer to open at a time
- All lateral files with drawers and roll-out shelves used as freestanding cabinets must have counterweight if not ganged together or otherwise anchored
- Counterweights may be factory-installed or purchased separately to be installed in the field

## Load Capacity

- Drawer and roll-out shelf load capacity:
  - 30", 36", and 42" wide drawers is 125 lb
- Fixed and adjustable shelf load capacity:
  - 30" shelf: 95 lbs
  - 36" shelf: 116 lbs
  - 42" shelf: 136 lbs
- Lateral file metal top load capacity:
  - 30" wide top: 140 lbs
  - 36" wide top: 168 lbs
  - 42" wide top: 192 lbs

## TRACE Lateral File

- 5-high and 6-high include top flipper door that stows over-the-top, revealing either a roll-out or fixed shelf
- Flipper compartment features 13-1/4" inside clear height for binder storage
- Counterweight is required if not ganged together or otherwise anchored
- Laminate tops are sold separately for individual laterals and laterals paired side-by-side or back-to-back (see lateral accessory section). Please note that a laminate top may not be placed on top of a Trace lateral that includes a flipper door on the top opening
- Trace lateral files with flipper door on top, when installed in a "built-in" wall situation will require a minimum of 1-1/2" clearance above the cabinet for the flipper door to go up and over the top

# TRACE LATERAL FILES

SIN 33721

## TRACE Low Height Lateral File

- Trace box/file lateral files require counterweight unless they are ganged back-to-back with another lateral file or otherwise tethered to a permanent structure. Without counterweights, ganging box/file lateral files side-by-side will not ensure stability
- Choosing counterweight for lateral files with box drawers requires special attention. Select the appropriate counterweight by the height of the cabinet, rather than by the number of drawers
- Open shelf lateral files do not need counterweight
- Cushion is 1-1/2" tall, an upholstered board factory-installed with screws
- 3/4 linear yard required for COM fabric (20 units or fewer)
- Unless otherwise specified, the fabric grain on all cushions will run "front-to-back"
- Open shelf unit allows for binder height storage on one shelf. Shelves adjust in 1/2" increments, and counterweight is not necessary

## TRACE Lateral File with Box Drawers

- All lateral files with drawers used as freestanding cabinets must have counterweight if not ganged together or otherwise anchored
- Choosing counterweight for lateral files with box drawers requires special attention. Select the appropriate counterweight by the height of the cabinet, rather than by the number of drawers

- High security locking system with a double-bit keyed lock
- Will not key-alike with a standard UM series lock
- Drawer fronts are captured on both sides
- A security pan is included between each drawer
- The standard gang lock, which typically locks all drawers together, is not included
- A safety interlock, which allows for just one drawer to be opened at a time, is included
- Counterweight is required if not ganged together or otherwise anchored
- Contact Customer Service to discuss key series availability and lead time
- To change the keyed lock to an electronic lock, change the "RG" to an "RE" in the first part number and add \$350 list per drawer. Electronic locks may only be specified with an "A: Full Pull" drawer front
- 5-high and 6-high laterals include a non-locking flipper door with fixed shelf in the top opening

## Lateral File Ganging Kit

- Rather than install a counterweight, an alternate method of ensuring lateral file stability is to gang two or more laterals together side-by-side or back-to-back
- Trace box/file laterals require a counterweight unless they are ganged back-to-back with another lateral file or otherwise tethered to a permanent structure. Without counterweights, ganging box/file laterals side-by-side will not ensure stability
- Ganging kit includes a drill template, screws, and instructions

## TRACE Individual Lateral File Laminate Top

- Laminate top may be factory-installed or shipped separately
- A laminate top may not be placed on a Trace lateral file that includes a flipper door in the top opening
- When factory-installed, the list price shown will be added to the accompanying lateral file price
- A metal top is not included when using a laminate top
- The finish height of a Trace lateral file will be 5/8" taller when using a 1-1/4" laminate top than the height of a Trace lateral file with metal top
- Specify any standard GO laminate and edge. Special order laminates may require an up-charge and/or extended lead-time; call for details
- Laminate tops used on individual lateral files are sized to be flush with the sides of the lateral file case, so that individual files installed side-by-side will have no gaps between

## Basic Construction

- While TRACE lateral files feature horizontal lines and full-width fronts consistent with all other TRACE products, Recessed Front lateral files have in-set drawer fronts and the flipper doors stow inside the cabinet
- Recessed Front lateral files finish at different heights and have completely different horizontal lines than the TRACE products
- Recessed Front lateral files are available with three different front styles:  
A: Full Pull, F: Square Recessed Pull, and H: HW Pull. These recessed style pulls allow the 12" flipper door to recede fully inside the cabinets
- All Great Openings products meet or exceed applicable ANSI-BIFMA standards for durability and safety
- Steel frame construction is welded and channels are formed in key areas for strength
- Reinforced vertical and horizontal channels ensure dimensional stability
- Inner frame is 20 gauge metal. Fronts, tops, outer panels are 20 and 22 gauge. Drawer bins and shelves are 18 and 20 gauge
- Four leveling glides with 7/8" adjustment are included to ensure proper drawer alignment and operation

## Features

- Positive self-closing hinges and door follower channel provide superior flipper door tracking and a snug door closure. The doors are drawn in when closed to ensure uniform door alignment
- Flipper doors include a built-in sound absorption feature in the flipper door for quiet operation
- 12" receding flipper doors stow completely inside the cabinet
- 15" receding flipper doors extend 2-1/4" outside the front of the cabinet. Please allow for this clearance when creating your floor plan
- All drawers and roll-out shelves include full extension steel ball-bearing slides with anti-rebound features to ensure smooth operation
- Drawer includes full-height side panels
- Two file bars are included in each drawer for side-to-side filing
- All Great Openings' lateral drawer bins will accommodate A4, Letter, and Legal size filing

## Options and Accessories

- All options and accessories are sold separately or are available as an upgrade
- Laminate drawer fronts may be specified. See the Specification Guide for details
- Common laminate tops
- Polyethylene drawer front fillers increase sound absorption
- File conversion bars for front-to-back filing
- Magnetic shelf dividers
- Magnetic label

## Lock System

- All Great Openings products include randomly-assigned UM Series locks
- UM locks are black-faced, master-keyed, and core-removable
- Locks may be keyed-alike in the field
- Other key series are available, including Haworth SL, bright nickel LL, and Knoll K. See the Specification Guide for details and how to order
- The locking system captures drawer fronts on both sides

## Counterweight & Interlock

- The safety interlock mechanism is integrated into the drawer slides, allowing only one drawer to open at a time
- All lateral files with drawers and roll-out shelves used as freestanding cabinets must have counterweight if not ganged together or otherwise anchored
- Counterweights may be factory-installed or purchased separately to be installed in the field

## Load Capacity

- Drawer and roll-out shelf load capacity:
  - 30", 36", and 42" wide drawers: 125 lb
- Fixed and adjustable shelf load capacity:
  - 30" shelf: 95 lbs
  - 36" shelf: 116 lbs
  - 42" shelf: 136 lbs
- Lateral file metal top load capacity:
  - 30" wide top: 140 lbs

## Drawer Front Filler For Recessed Lateral Files

- Lateral drawers may be upgraded to include a closed cell polyethylene filler piece that adheres to the inside of the drawer front for improved sound dampening
- Drawer Front Filler upgrades, priced per drawer, will be added to the product list price
- For Recessed Front Lateral Files, these drawer front fillers are not needed on flipper doors, because we provide other sound-absorbent material in the door construction

## Basic Construction

- All Great Openings products meet or exceed applicable ANSI-BIFMA standards for durability and safety
- Welded steel frame construction and formed channels ensure strength in key areas
- Double wall construction on side panels
- Bottom channels, top and shelves are all 18 gauge
- Back panel, side channels and side panels are 22 gauge.
- Shelves are 1" tall and are adjustable in 1/2" increments
- Four leveling glides with 5/8" adjustment ensure proper alignment and operation
- Actual outside widths of bookcases are:
  - 30" = 29-11/16"
  - 36" = 35-11/16"
  - 42" = 41-11/16"
- Outer side panels are flush with the sides of bookcase top, so there's no gap between bookcases when installed side-by-side
- To ensure stability, 4, 5, and 6-high bookcases should be installed against a wall or other solid object
- Shelf capacity, all widths: 140 lbs

## Features

- 2-high bookcases will accommodate binder-height storage on both shelves. For all other bookcases, binder-height storage is available on all but one shelf
- Top is mechanically fastened, so may be replaced with a laminate top

## Options and Accessories

- All options and accessories are sold separately or are available as an upgrade
- Additional shelves are available for order
- Magnetic shelf divider, sold in packages of three

Note that the 2-high bookcase is slightly shorter than the 2-high lateral file and double door storage cabinet. The bookcase is designed to fit under a work surface.

### Basic Construction

- Cayenne storage cabinets feature 3" high architectural legs, available in two styles
- The Cayenne cabinet and drawer front heights do not match those of Trace storage
- All Great Openings products meet or exceed applicable ANSI-BIFMA standards for durability and safety
- Welded steel frame construction and formed channels ensure strength in key areas
- Reinforced vertical and horizontal channels ensure dimensional stability
- Top and side channels are 20 gauge cold rolled steel. Fronts, tops, outer panels are 20 and 22 gauge. Drawer bins and shelves are 18 and 20 gauge
- Metal and laminate tops are 5/8" thick
- Four leveling glides with 1/2" adjustment ensure proper alignment and operation

### Features

- Cayenne cabinet and desk legs are painted 02R1 Nickel; any Great Openings cabinet or desk products may be painted that same color with no extra charge
- All drawers and roll-out shelves include full extension steel ball-bearing slides with anti-rebound features to ensure smooth operation
- Cayenne storage metal and laminate tops are sized to be flush with the sides of the cabinet, so that files installed side-to-side will have no gaps between
- Drawers include full-height side panels
- Two file bars are included in each drawer, for side-to-side filing. File conversion bars for front-to-back filing are sold separately
- Drawer bins will accommodate A4, Letter, and Legal size filing

### Options and Accessories

- Cayenne storage may be ordered with metal top, laminate top, or no top. The no top option should be used when ganging two cabinets side-by-side with a common laminate top
- Cushions with non-slip backing are available in five sizes
- All options and accessories are sold separately or are available as an upgrade
- Laminate drawer fronts may be specified. See the Specification Guide for details
- Common laminate tops
- Individually locking drawers, either keyed or electronic
- File conversion bars for front-to-back filing
- Magnetic drawer dividers for Cayenne box drawers

### Lock System

- All Great Openings products include randomly-assigned UM Series locks
- UM locks are black-faced, master-keyed, and core-removable
- Locks may be keyed-alike in the field
- Other key series are available, including Haworth SL, bright nickel LL, and Knoll K. See the Specification Guide for details and how to order
- The Cayenne lock system captures just the right hand side of drawer fronts
- Cayenne storage may not be ordered to include individually locking security drawers

### Counterweights & Interlock

- The safety interlock mechanism is integrated into the drawer slides, allowing only one drawer to open at a time
- Counterweight is included as standard in Two Drawer cabinets and Rollout Shelf cabinets

### Drawer Load Capacity

Drawers and rollout shelf load capacity:

-30", 36", and 42" wide drawers: 125 lb

## Work Surfaces

Work surfaces are 1.250" thick with 3mm PVC vinyl edge

**Grommets:**

Cayenne work surfaces do not include grommets as standard. If a single center grommet is needed (surfaces 24" - 60" wide), simply add a "G" suffix to the part number and add \$15 list to the work surface price. If two grommets are needed (surfaces 66" - 72" wide) add an "LR" suffix to the part number and \$30 list to the work surface price

**Grommet locations:**

When ordered with grommets, work surfaces will include one center grommet when 60" or less in width, and two grommets when 66" or more in width. Grommets are positioned 18.5" from either side and 2" from the back of the work surface

Work Surface  
Stiffeners

Work surfaces that span 60" or more unsupported by legs or a work surface supporting pedestal should include a metal stiffener to prevent sagging. Stiffeners are factory-installed, in-set into the work surface so that there is no interference with pedestals or personal drawers that may be installed underneath

The Trace Freestanding Desk is a modular system of desk shells, returns, bridges, corner units, tables, and individual components that can be mixed and matched with a comprehensive selection of Great Openings storage. All components are shipped knocked down.

## Our mission in designing the Freestanding Desk

- **Ease of specification.** All work surfaces rest primarily on panel and corner legs, rather than pedestals. Storage options are innumerable, and simply slide beneath the desk shells, return shells, and corner desks for quick installation
- **Ease of assembly.** All metal attachment points are pre-drilled, so that no “drill point” screws are required during installation. All modesty panels attach to panel legs and corner legs, rather than to pedestals
- **Ease-of-work surface installation.** Pre-drilled work surfaces make it easy to position legs, pedestals, and center drawers
- **Wire management.** Covered metal channels, work surface and panel leg grommets, and “place it yourself” plastic wire management channels provide a complete wire management solution
- **Clean lines.** All modesty panels are single piece, to minimize vertical lines. Desk legs, pedestals, and full height modesty panels are identical in height so that horizontal lines are consistent
- **Horizontal lines consistent with other products.**

## Detailed Component Specifications

### 23" and 29" Panel Leg Specifications

- Panel legs are non handed, and 27-3/4" high when leveling glides are fully recessed. Leveling glides provide 7/8" adjustment
- All panel legs are 1-1/2" wide so that work surface fasteners are positioned within the leg itself, allowing for storage to set snug against the leg
- 23" and 29" panel legs each require one gusset when no modesty panel is present
- Each leg is pre-drilled for both partial and full height modesty panel attachment
- All panel legs include (1) 18" plastic wire management channel that is equipped with adhesive strips and may be attached to a modesty panel, work surface, or storage cabinet
- 23" and 29" panel legs are available with or without two rectangular 3-1/2" x 2" plastic grommets (inside clear dimensions: 2-3/4" x 1-1/2"), positioned at the top of the leg
- Full height metal panel leg covers close-out vertical channels integrated into the panel legs (two per leg), and are sold separately. Each cover includes two grommets, located at top and bottom
- Panel legs and metal wire management covers consist of 20 gauge steel

### Corner Leg Specifications

- “L” shaped corner leg is 7-1/2" x 7-1/2", and 1-1/2" wide so that work surface fasteners are positioned within the leg itself
- Corner legs are 27-3/4" high when leveling glides are fully recessed. Leveling glides provide 7/8" adjustment
- Each leg is pre-drilled for both partial and full height modesty attachment
- All corner legs include (1) 18" plastic wire management channel that is equipped with adhesive strips and may be attached to a modesty panel, work surface, or storage cabinet
- Metal wire management cover attaches and removes easily, closing out the triangular leg to capture wires within, and are sold separately
- Corner legs and covers consist of 20 gauge steel

### Post Leg

- Post leg 27-3/4" high and 3" in diameter, with adjustable leveling glide
- Each leg is pre-drilled for both partial and full height modesty panel attachment

### 12" Panel Leg Specifications

- 12" panel legs are designed to sit perpendicular to the edge of the work surface, providing additional support and knee space. 12" panel legs may not be used at the end of work surface runs
- Unlike 23" and 29" panel legs, 12" panel legs do not require gussets when there is no modesty panel because they may not be used at the end of a work surface run
- 12" panel legs may also be used in mid-run to support two work surfaces simultaneously
- Each leg is pre-drilled on both sides for both partial and full height modesty panel attachment, and are unhandled
- All panel legs include (1) 18" plastic wire management channel that is equipped with adhesive strips and may be attached to a modesty panel, work surface, or storage cabinet
- A single grommet is included at the top of each 12" panel leg. Grommets are black plastic, 3-1/2" x 2" (inside clear dimensions: 2-3/4" x 1-1/2")
- A metal wire management cover is included with each 12" panel leg
- Panel legs and covers consist of 20 gauge steel

### Gussets

- One gusset is required to support 23" and 29" panel legs when no modesty panel or pedestal positioned adjacent to the panel leg is present
- A gusset will prevent a mobile ped from sitting snugly against the panel leg
- Gussets consist of 18 gauge steel

Critical Dimensions:

Modesty Panel Specifications

- All Trace modesty panels are single-piece construction
- Modesty panels consist of 22 gauge steel, with forms on each edge for added strength and ease of attachment to panel legs and work surfaces

Modesty Panel Offset Brackets

- Modesty panels attach to pre-drilled holes located on the inside edges of panel legs. When a modesty panel must attach to the end of a panel leg, as with a return or bridge, then a modesty panel offset bracket is required to connect pre-drilled attachment points. Modesty panel offset brackets are included with returns and bridges, when ordered with modesty panels and are also sold separately

Work Surface Grommets

All TRACE work surfaces come standard with one or two grommets, which are black plastic with removable covers.

- Rectangular work surfaces 60" and narrower include one grommet in center
- Rectangular work surfaces 66" and wider include two grommets, with grommet center point 20" from each side edge
- Corner desks include one grommet in corner
- Peninsulas include two grommets centered on non-rounded end

Work Surface Over-Hang

Allow for 1/2" overhang on front, back, and sides of all desks. Work surfaces are pre-drilled for proper panel leg positioning

Work Surface Option

For large projects, it is possible to include metal inserts in work surfaces when required for attachment of panel legs, modesty panels, etc. Call for details

Work Surface Grommets

End-of-run corners are designed with a 23" or 29" panel leg located on the "D" side of the corner desk. This panel allows desking runs to be terminated at the corner in a way that ensures stability and offers a clean, finished look. An end-of-run may be used as an end run, it must be attached to a bridge or return on the side with the 12" panel leg.

Cannot be used with modesty panels.

- Tackable board is covered on both sides with fabric of your choice. Brackets and fasteners are included, which allow the screen to be fastened to the underside of the work surface
- 12 gauge metal mounting brackets slide between these back-to-back tackable boards and are hidden from sight (See cut-away diagram below)
- Please note that tackable privacy screens may not be added to a desk when modesty panels are in use because the screen mounting brackets interfere with the modesty panel location
- Screens 35" and narrower include two mounting brackets
- Screens 41" and wider include three mounting brackets
- Privacy screen widths may be matched to that of the corresponding work surface size
- Screens measure one inch less than the work surface widths to allow for even spacing between screens, wire management, and cornering applications
- For yardage requirements see "Ordering COM Fabrics" in this price book on page 10

## COMMERCIAL TERMS & CONDITIONS

These conditions of sale supersede all previous selling policies. Prices, discounts, lead-times and product offerings are subject to change without notice.

### Order Placement

Great Openings requires that all orders be submitted in writing to avoid errors and/or duplication. Sales of all Great Openings' products are made only on the Company's standard terms and conditions of sale, unless modified in writing by an authorized Great Openings representative.

Orders received at Great Openings after 4:00pm EST will be processed the following day.

### Order Acknowledgement

We diligently issue order acknowledgements via e-mail within 24 hours of purchase order receipt. If you do not receive an acknowledgement within 24 hours, please call our Customer Service department to determine the reason; we may not have received your order, or we may have questions that are delaying order entry.

**PLEASE CHECK  
ACKNOWLEDGEMENTS  
FOR ERRORS  
IMMEDIATELY UPON RECEIPT.**

The order acknowledgement process is designed to ensure protection for both the buyer and the seller. We strongly urge the buyer to make sure the acknowledgement accurately reflects the intended purchase.

### Order Discrepancies

Great Openings will not be held responsible for extra costs due to errors resulting from purchase order inaccuracies. If and when a discrepancy is detected on the purchase order or acknowledgement, all corrections must be received in writing before further order processing can occur.

### Changes, Cancellations

Orders may not be changed, corrected or cancelled, in whole or in part, after Great Openings has issued its order acknowledgement without the written consent of an authorized Great Openings representative. Special order items (special or custom cabinets, Customer's Own Materials (COM) fabric and laminates) already in production are not subject to change or cancellation under any circumstances.

### Canadian Orders

Canadian orders may be processed using this price book. The pricing and payment terms included in this book are in U.S. funds. Custom brokerage fees and GST/HST taxes will be charged as separate line items on the invoice. All prices are freight included; FOB: Destination. A Regional Small Order Freight Charge applies to all orders less than \$5,000 list (does not apply to accessory orders). See regional map for applicable fee.

### Lead-Time

Lead-times are measured in working days, and begin after receipt of clean order.

Lead-times may change without notice. Stated lead-times will not commence until purchase order is actually entered into our system. We are not responsible for delays caused by order discrepancies or late receipt of COM items.

### Special Shipping Instructions

Great Openings will accommodate special shipping/delivery requests whenever possible. Purchaser will be responsible for any and all extra costs incurred by reason of Great Openings complying with a special shipping request. Examples of special requests that may cause extra charges (dollar amounts shown are approximate, actual amounts may vary):

- special carrier/lift gate: starting at \$85.00
- inside delivery: starting at \$50.00
- expediting, re-consignment, delays causing carrier storage: starting at \$50.00
- truck load delivery times after 3:00 pm, Monday through Thursday start at \$400
- truck load delivery after 3:00 pm, on Friday: \$800
- delivery times outside normal business hours including weekends and holidays: starting at \$450.00 per truck
- exact, narrow scheduling window (elevator time): starting at \$150.00
- non-commercial/residential deliveries: starting at \$60.00

The maximum amount of time allowed for off-loading product from trailers is 3 hours. Carrier costs associated with any additional delivery time will be charged to the dealer. Any additional charges that result from the purchaser failing to accept a shipment as agreed upon will be the responsibility of the purchaser.

### Special Delivery Charges

Once a delivery truck arrives at a destination, if the recipient is not ready to accept delivery as scheduled and the truck must wait, deliver "after hours", or make a second drop at a later time, the carrier charges a penalty for that delay which Great Openings must pass on to the customer.

These charges are as follows (dollar amounts shown are approximate, actual amounts may vary):

#### Night Delivery:

3:30-4:30 p.m.: \$400 additional charge  
4:30-5:30 p.m.: \$450 additional charge  
5:30 p.m. and later: \$500 additional charge  
Detention fee will be \$75 per hour after two hours. Drop charge will be \$75 per drop.

Weekend and holiday deliveries will be quoted per load depending on location and delivery time.

Please use caution when planning and communicating delivery requirements so that these exorbitant fees will not be necessary.

### Key-Alike Services

Key-alike service is offered free of charge provided the key-alike request is associated with an order for a matching quantity of cabinets. Additional key/core sets, master and core keys are available for a nominal charge. All Great Openings products are keyed randomly prior to shipment. Special cores and keys are shipped separately to be changed-out in the field. See the Specification Guide in the front of this book.

### COM & Fabric Grades

If COM materials are difficult to apply or inadequate, Great Openings reserves the right to apply extra charges or to cancel the order. Great Openings has no control over COM material quality or performance and will not be held responsible for material defects or damage caused by improper use or application.

### Limited Lifetime Warranty

Great Openings warrants its Great Openings brand Metal Case-goods, Trace and Cayenne Desks, Files, Storage, Lockers and Sparkeology products to be free from defects in materials and workmanship for the life of the product, except as set forth below. This warranty applies to Great Openings products delivered in the United States and Canada and is non-transferable. The warranty is valid from the date of delivery to the End User. This warranty does not cover ordinary wear and tear, improper installation, outdoor use, or direct mis-use of the product. This warranty does not apply to Customer's Own Materials (COM) for fabric, laminates, or edge bands. In addition, supplier warranties will apply to products not manufactured by Great Openings. End User means the final purchaser acquiring a product from Great Openings or the Great Openings Dealer channel for the purchaser's own use and not for resale, remarketing or distribution. Great Openings will not be liable for loss of time, inconvenience, commercial loss, incidental or consequential damages.

### EXCEPTIONS TO THE LIFETIME COVERAGE

GSA: Project outside of USA	\$30,000.00	2.16%

# COMMERCIAL TERMS & CONDITIONS

## Regional Pricing

Great Openings reserves the right to adopt regional discount programs and small order freight charges to address the freight cost impact applicable to each geographic region. A buyer's region will be determined by shipping destination.

## Payment Terms

Orders are invoiced at the time of shipment and payment is due upon receipt of the invoice. Invoices unpaid thirty (30) days after the invoice date are subject to a late payment charge in the amount of one and one-half percent (1-1/2%) per month on the unpaid balance until paid. Great Openings reserves the right to modify or establish special credit arrangement for any customers at any time at its sole discretion. All prices are subject to change without notice.

**Remit to: Great Openings**  
**Dept. for Lockbox: 9521-11**  
**PO Box 30516**  
**Lansing, MI 48909-8016**

## Taxes

All sales, use, excise and other applicable taxes (excluding only taxes on the net income of Great Openings) are the purchaser's responsibility and will be invoiced to the purchaser. If purchaser claims an exemption from such taxes, it shall be the purchaser's responsibility to furnish an appropriate exemption certificate to Great Openings.

For Canadian orders, Great Openings does invoice and collect for GST/HST.

## Freight Policy

All prices are freight included, F.O.B. Destination. Prices are based on a single shipment to a single location. A Small Order Freight Charge applies to all orders less than \$5,000 list (does not apply to orders for accessories). See the map below for Small Order Freight Charge by destination. Effective March 1, 2017, orders totaling less than \$5,000 list that are shipped to Michigan, Wisconsin, Illinois, Indiana, Ohio, Kentucky, and West Virginia a Small Order Freight Charge of \$100 net will apply. For orders totalling less than \$5,000 list that are shipped to the remainder of the continental U.S. and southern portions of Canada as shown on the map, a Small Order Freight Charge of \$200 net will apply. For Alaska, Hawaii, and all other portions of Canada, please call for a quote.

A flat rate \$15 FedEx shipping and handling fee will be charged at time of purchase order to handle incidental small product packages (i.e. keys, name plates, file bars, etc.).

## Standard Packaging

All Great Openings' products are packaged in accordance with industry standards and common carrier requirements. Pedestal products are individually boxed with polystyrene corner guard inserts, then palletized, and shrink wrapped. Lateral and storage product packaging consists of corrugated top and bottom trays, corner guards, palletized, shrink wrapped and labeled. For full truckloads only, upon special requests, we can provide a blanket wrapped shipment; please call for a quote.

## Shipment and Delivery

Freight is included in the prices as displayed in this price book. All shipments are FOB destination: free freight to destination in the continental United States. Shipments outside the contiguous 48 states will be freight collect from exit port. Exception for Canadian shipments; see the section on Canadian orders. Great Openings will select the mode and carrier of shipment.

- Partial shipments may be necessary and are at the discretion of Great Openings.
- Great Openings cannot guarantee exact time of delivery.
- Any charges resulting from late deliveries beyond our control are not the responsibility of Great Openings.
- Ship dates contained in order acknowledgements are estimated and not guaranteed.

Great Openings will often consolidate orders to maximize shipping efficiency. In these situations, a customer's designated ship date may change, though Great Openings will make every effort to ensure that requested delivery dates are still met.

## Product Storage Fees

Once an order enters production, it is not possible to stop production on that order if a last-minute request is made to delay shipment. If it is absolutely necessary to hold the product at Great Openings for a later ship date, a holding fee of \$7 net per pallet or \$100 net per trailer will be assessed each week and partial week until the product ships. Weekly storage fees will be the responsibility of the purchaser on any delayed shipment of a produced order.

## Returns

Great Openings will not accept returned goods.

## Claim Policy

**It is the purchaser's responsibility to examine goods upon receipt and to notify Great Openings customer service with any concerns. Any claims against Great Openings for apparent defects, errors or shortages must be made by the purchaser within five (5) working days after any delivery. Failure by the purchaser to make any claim against Great Openings within (5) days shall constitute acceptance of the goods and waiver of any apparent defects, errors or shortages.**

## Freight Damage Claims

Great Openings' terms are FOB destination, Great Openings is not responsible for damage that occurs in transit. All Great Openings' products are carefully inspected prior to shipment. The carrier signs for all goods received in apparent good order.

**It is the buyer's responsibility to inspect goods upon receipt for both apparent and concealed damage. In the rare instance where shipping damage is found, we ask the purchaser NOT to refuse shipment. Accepting shipment will give us more opportunities to remedy the situation through parts (fronts, tops) replacement and within the guidelines of the stated terms.**

## Claim and Replacement Policy

In the case of documented shipping damage, Great Openings will file a claim with the carrier and issue at no charge any replacement parts or product only if the purchaser meets the following conditions:

- Product is shipped via a Great Openings designated carrier
- Accept the shipment
- Retain packaging
- Inspect the shipment and document damage on the bill of lading
- Contact Great Openings immediately upon discovery and documentation of damage

Failure of purchaser to meet these conditions will prevent Great Openings from obtaining carrier reimbursement and thereby require us to charge full price for product replacement.

**Great Openings is not responsible for labor or trip costs associated with freight damage product replacement.**

## Concealed Damage Policy

Concealed damage (damage discovered after acceptance with no bill of lading documentation) should be reported to Great Openings immediately upon discovery. Please retain packaging and request carrier inspection immediately. Carrier liability ceases 7 calendar days after receipt of shipment. Great Openings will investigate on a case-by-case basis. In any case, Great Openings assumes no liability beyond the 7-day carrier liability and reserves the right to apply no remedy and/or various remedies dictated by individual event circumstances.

The buyer may make NO DEDUCTION UNDER ANY CIRCUMSTANCES ensuing from freight claims when settling invoices with Great Openings.
