Metallic paints, due to varying reflectance, may appear to have less visual color consistency than other paint finishes, even when L/A/B values are exactly the same. (L/A/B — measurable aspects of color — values are maintained within a specified range, to ensure consistent appearance of paint colors.)

Forest Stewardship Council (FSC) is a non-profit organization devoted to encouraging the responsible management of the world's forests. FSC sets high standards that ensure forestry is practiced in an environmentally responsible, socially beneficial, and economically viable way. Allsteel received its FSC Chain of Custody certification in 2010 and can offer FSC Certified products. Select wood-based products can be ordered as FSC certified, either by choosing the FSC option or selecting an FSC laminate or veneer finish at the time of order. For more information, please contact Customer Support at 888-255-7833. (FSC Trademark license code: FSC-CO14704.)

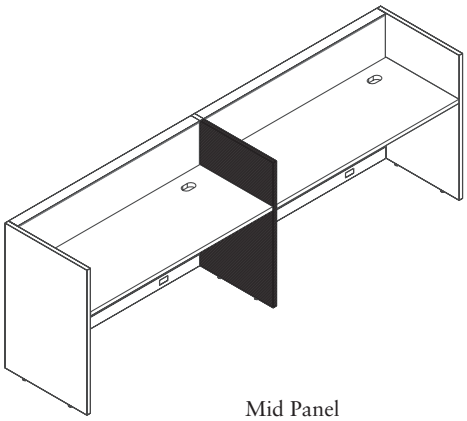
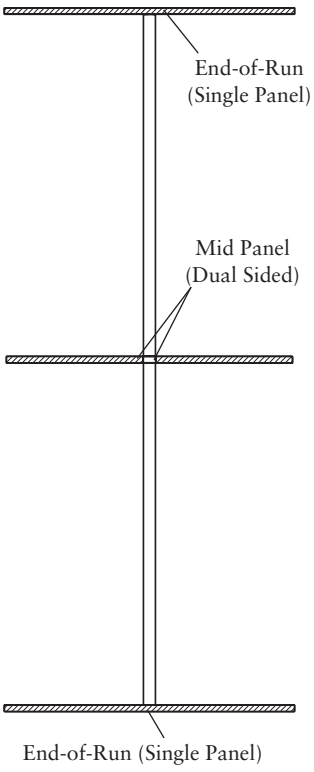
Gallery Panels

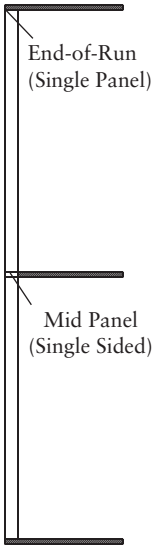


Gallery Panels are ideal for bringing natural wood elements to workstations and providing privacy. Allsteel Gallery Panels are designed to work universally across 5 product platforms. Please follow the product guidelines for proper specification.

End Panel (Dual-Sided)

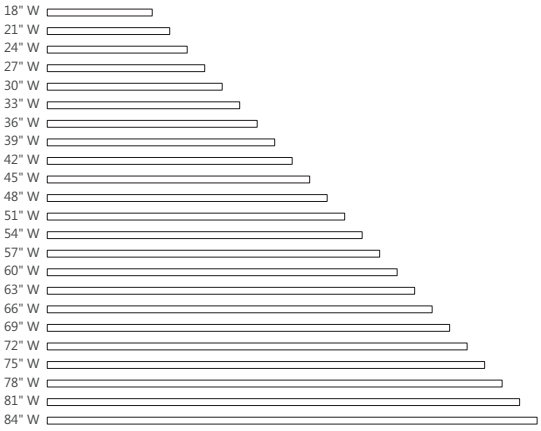
End Panel (Single-Sided)



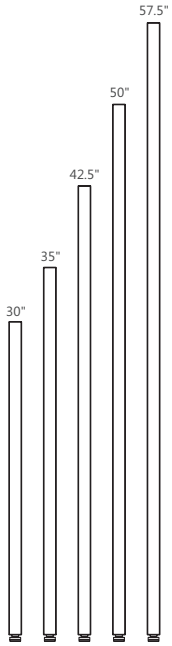


Mid Panel

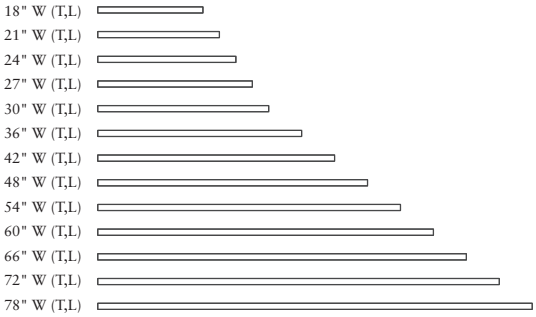
- Available to connect to Frame & Tile, Monolithic, Benching systems, and other Gallery Panels
- Standard Gallery Panels connect to Benching, Frame & Tile, and Monolithic systems, and Gallery-to-Gallery panels connect to other Gallery Panels
- Gallery Panels can be used in freestanding applications. See page 547 for specification requirements.



Standard Gallery Panels

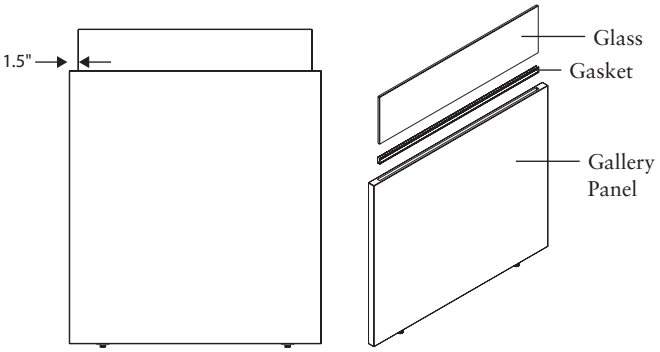


- Standard Gallery panels connect to Benching, Frame & Tile, and Monolithic systems and are available as End-of-Run Single and Mid Panels (panel systems only)
- Made of 1⅛" board with HPL laminate.
- Can be specified with matching or contrasting edge.
- Edge band is 2mm ABS
- Available in woodgrain and solid laminates.
- Woodgrain laminates can be specified with vertical grain up to 60"W. Horizontal grain is available on all sizes.
- Single Panel widths are available in 3" increments from 18"W to 84"W.
- Optimize panels can only be used with single panel Gallery panels, 18"W–84"W.
- Standard Gallery Panel sizes up to 84"W come as a single piece.
- Gallery Panels offer 2½" leveling capability.
- Overall heights line up with adjacent panel or benching systems.
- Standard Gallery panel widths are true to size
- Available with and without the integrated glass option.
- Glass is specified separately.
- Gallery Panels for use with glass have separate model numbers.
- All configurations are non-handed.
- Please adhere to all standard systems specification guidelines.
- Additional support is required after every 60" in gallery panel width (i.e. storage or worksurface tie-in)

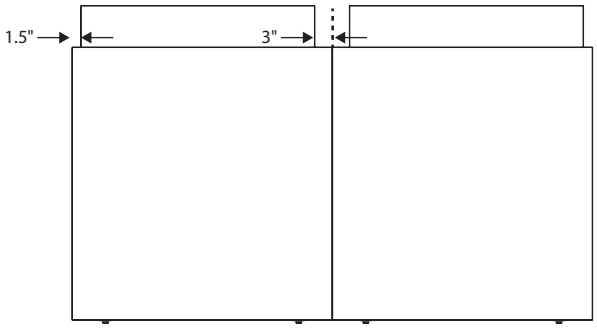


Standard Gallery Panel Widths

Gallery Panel Heights



Gallery-to-Gallery Panel L/T Widths

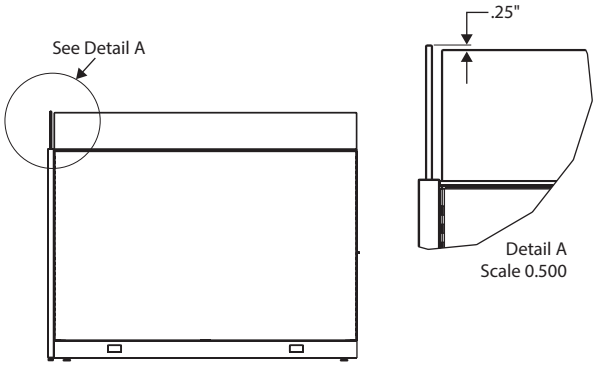


Gallery Panels

Standard Gallery Panels

- Gallery Panels for use with glass offer a routed top edge.
- Glass mounts directly into the Gallery Panel route via a gasket.
- The routing is inset 1½" from each end of the panel.
- Single-piece Gallery Panels for use with integrated glass require glass 3" shorter than the panel width.
- For split Gallery Panels, specify glass for each piece separately.
- Split Gallery Panels for use with integrated glass require glass that is 4½" shorter than panel width (individual piece).
- Glass is available in 3 colors: Clear, Frosted, Smoked.
- Glass height is available in 7½"H, 13"H, and 15"H.
- Glass is available on all Gallery Panel widths.
- For benching systems, maximum allowable benching height cannot exceed 50"H with or without glass. Overall Gallery Panel height includes the glass.
- Specify glass models separate from Gallery Panel models.
- Glass Panels at 30"W and under are not UL listed.

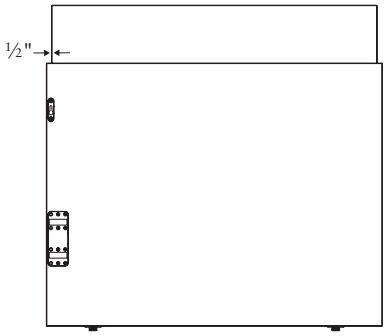
Standard Single Panel with Glass



Standard Split Panel with Glass

Find the Gallery Glass width appropriate for your Gallery Panel width.

Shaded example: For the 18"W Gallery Panel, Gallery Glass should be ordered with width of 15".



Gallery Panel Width \ Gallery Glass Height	7.5"H, 13"H, 15"H

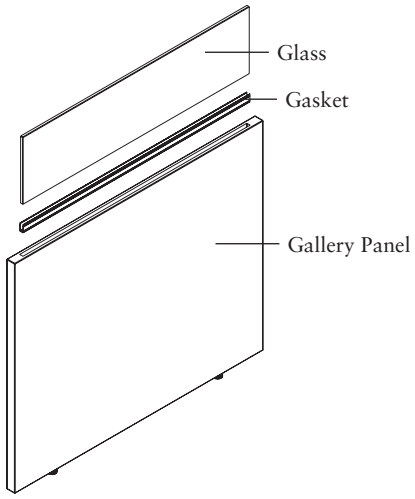
147"W Split Panel	69"W

NOTE: Integrated glass height will align with Frameless Glass on Stride and will sit ¼" higher than Frameless Glass on Terrace (see detail below).

Gallery-to-Gallery Panels



- Gallery Panels for use with glass offer a routed top edge.
- Glass mounts directly into the Gallery Panel route via a gasket.
- The routing is inset ½" from each end of the panel.
- Gallery-to-Gallery Panels for use with integrated glass require glass equal to the panel width.
- Glass is available in 3 colors: Clear, Frosted, Smoked.
- Glass height is available in 7½"H, 13"H, and 15"H
- Glass is available on all Gallery Panel widths. Glass panels at 30"W and under are not UL listed.
- Specify glass models separate from Gallery Panel models

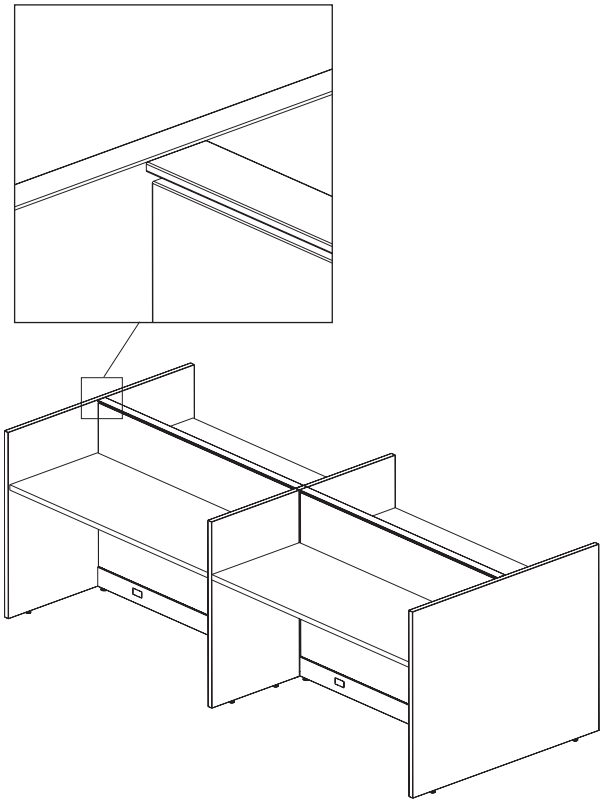
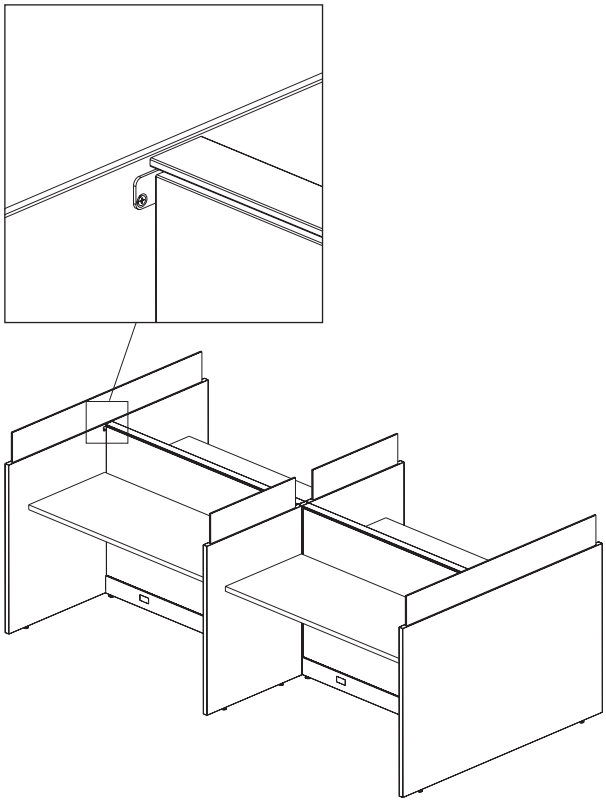
Gallery Panels

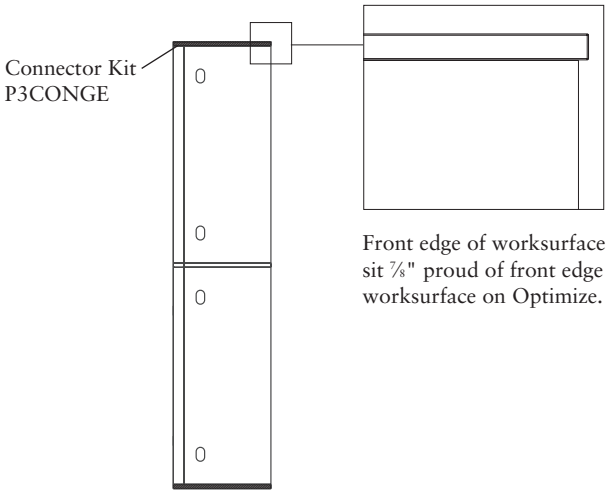


Optimize™ System - End Panel (Dual-Sided)

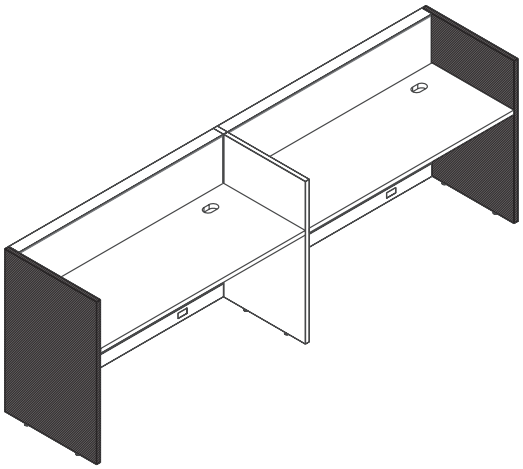
- Provides privacy to one or both ends of the system in a dual sided application.
- Single piece End Panels can be used for off-modular planning. Connector kit location must be field measured.
- End Gallery Panels cannot be shorter than spine panel.
- Optimize Gallery End Panels without integrated glass connect using P3CONGE connector kit.
- Optimize Gallery End Panels with integrated glass that match the height of the spine panel connect using P3CONGEG connector kit. (P3CONGEG only for use with dual-sided end panels with glass.)
- Must follow Optimize panel stability rules.

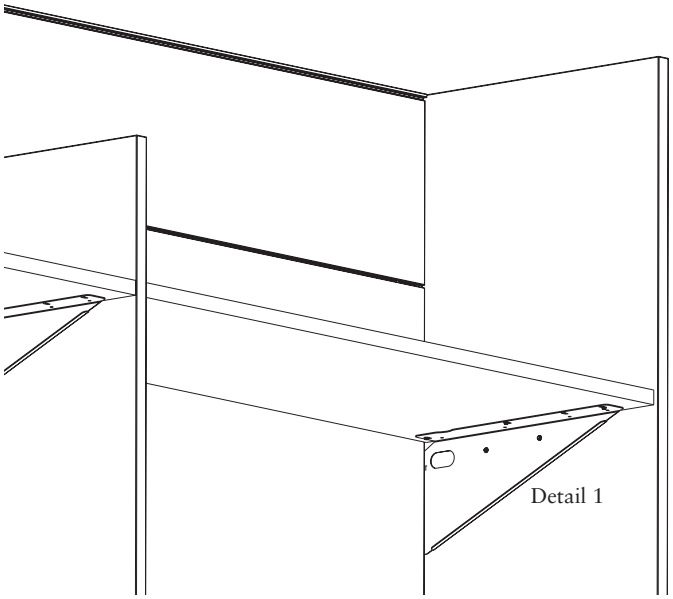


Front edge of Gallery Panel will sit ½" proud of front edge of worksurface on Optimize.



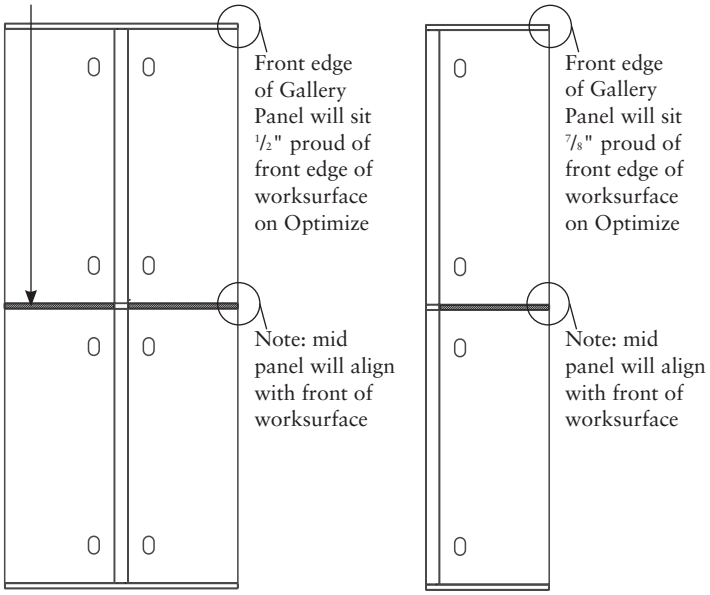
Detail of P3CONGE
Invisible connection on standard panels



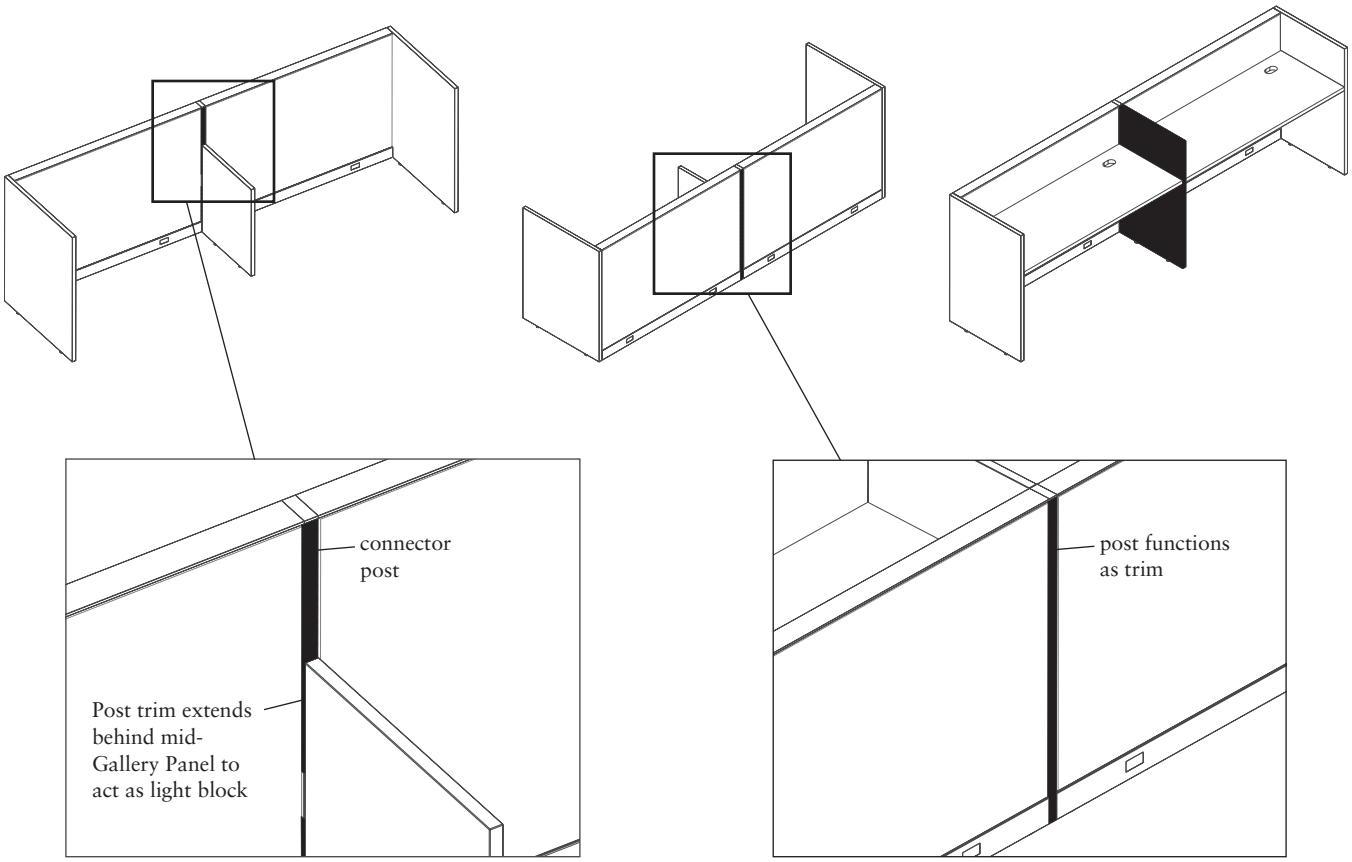


Detail of P3CONGEG
Visual of end connector on panels with integrated glass

- Provides privacy to one or both ends of the system in a single sided application.
- Single-Sided End Panels cap over the System panel. Accommodate for 2⅛" frame thickness when planning with Optimize panel system.
- All Optimize End Panels (Single-Sided) require connector kit P3CONGE to attach to parent run.
- Gallery Panel sizes 63"W or greater require storage or worksurface tie-in. Please reference storage and worksurface support sections for more details.
- Due to thickness of the Optimize panel Single-Sided End Panel overhangs by approximately ⅞" in front of a worksurface.
- End Gallery Panels cannot be shorter than spine panel.
- Optimize Gallery Single-Sided End Panels both with and without integrated glass connect using P3CONGE connector kit.
- When using stackers on the spine, use stacker bracket provided with connector kit OR fixed worksurfaces with cantilevers must be tied to the Gallery Panels. (See detail 1 below.)



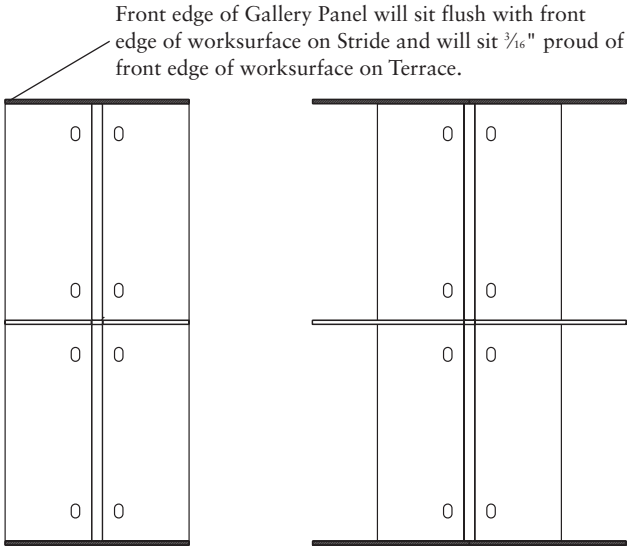
Gallery Panels



Optimize™ System - Mid Panel

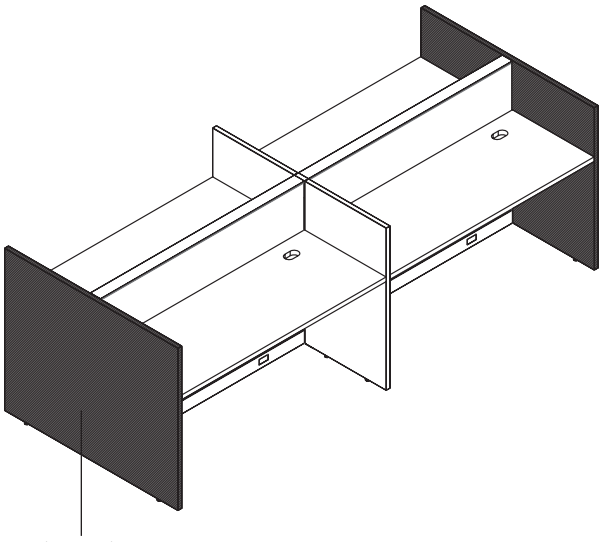
- Mid panels do not overlap parent system panel.
- When specifying single-sided Mid panels, one gallery panel single-sided mid connector kit is required to space the System panels out 1⅛". Kits include: Connector post, connector strap, bracketry and a top cap.
- When specifying dual-sided Mid panels, one gallery panel dual-sided mid connector kit is required to space the System panels out 1⅛". Kits include: Connector post, connector strap, bracketry and a top cap.
- Connector models must match the height of the parent run.
- Specify one mid-connector kit per "t" or "x" connection.
- When using a Mid panel, both panel frames in spine must be of equal height.
- Mid Panels may not vary in height of parent run by more than 15".
- Trims can be painted to match the System panel trims.
- Mid Panels are available in 18"-84" widths in 3" increments.
- Gallery Panel sizes 63"W or greater require storage or worksurface tie-in. Please reference storage and worksurface support sections for more details.
- Spanning top cap available through Allsteel Tailored Solution Group.

Dual-sided



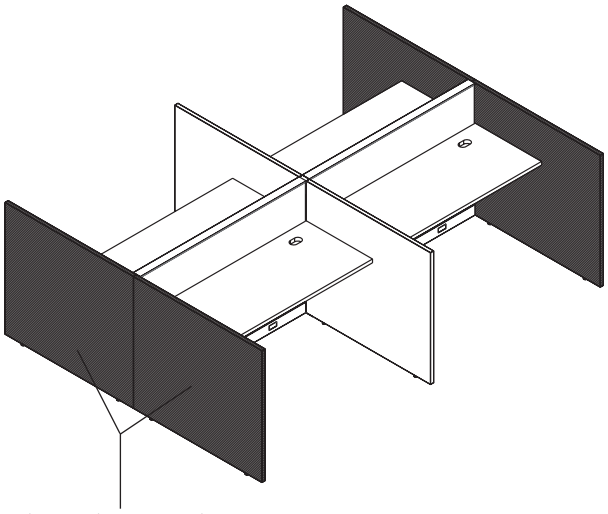
Single-sided

Gallery Panels



Stride® and Terrace® System - End Panel (Dual-Sided)

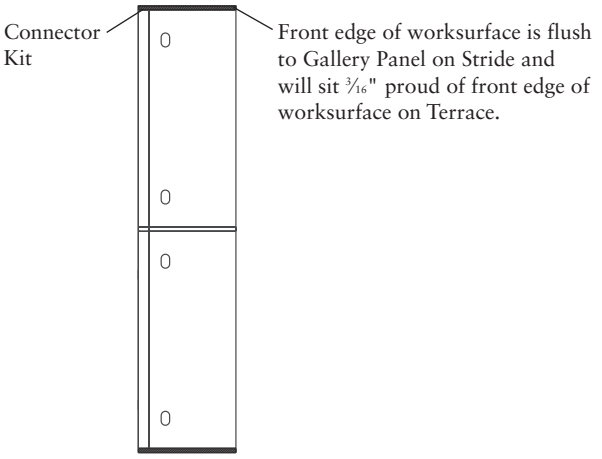
- Provides privacy to one or both ends of the system in a dual sided application.
- All Stride End Panels connect using GZCKP connector kit.
- All Terrace Single End Panels (Dual-Sided) connect using GTKCKP connector kit.
- All Terrace Split End Panels connect using GTSKCKP connector kit.
- GTKGK30 is required when a 30"H Terrace panel with frameless glass is attached to a Gallery Panel in an End configuration.
- Gallery Panel sizes 129"W or greater require storage or worksurface tie in on both sides of panel. Please reference storage and worksurface support sections for more details.
- When System panel is higher than the Gallery Panel, variable height System's trim must be specified to finish off exposed frame.
- Stride 30"H panel frames can be ordered via the Standard Specials catalog until available as standard.
- Single piece End Panels can be used for off-modular planning. Connector kit location must be field measured.
- Split End Panel seams must align with parent run.
- Split End Panels can be specified as asymmetrical. Contact Allsteel Tailored Solutions Group for details.

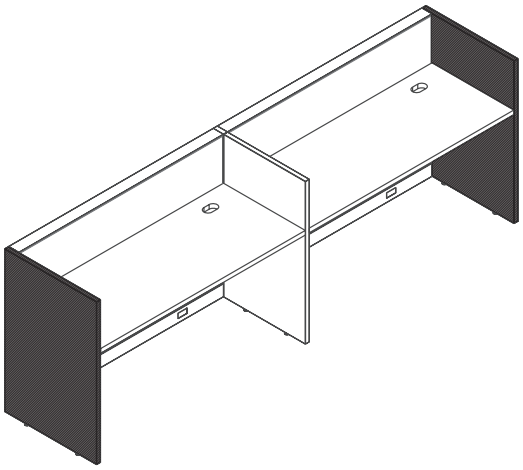


Single Panel Configuration

Split Panel Configuration

Single panel up to 84"W



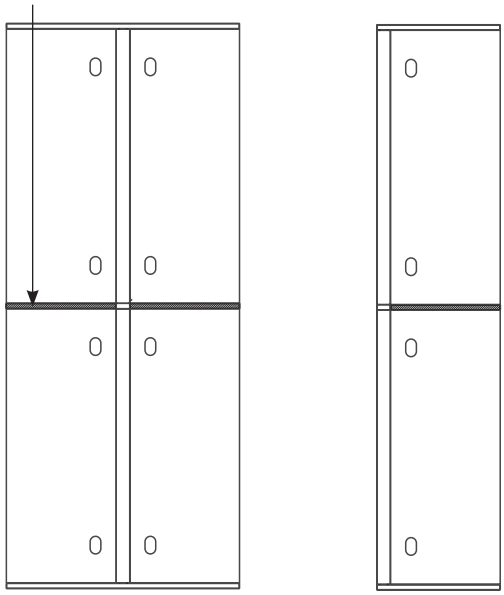


Split panel 87"W and greater

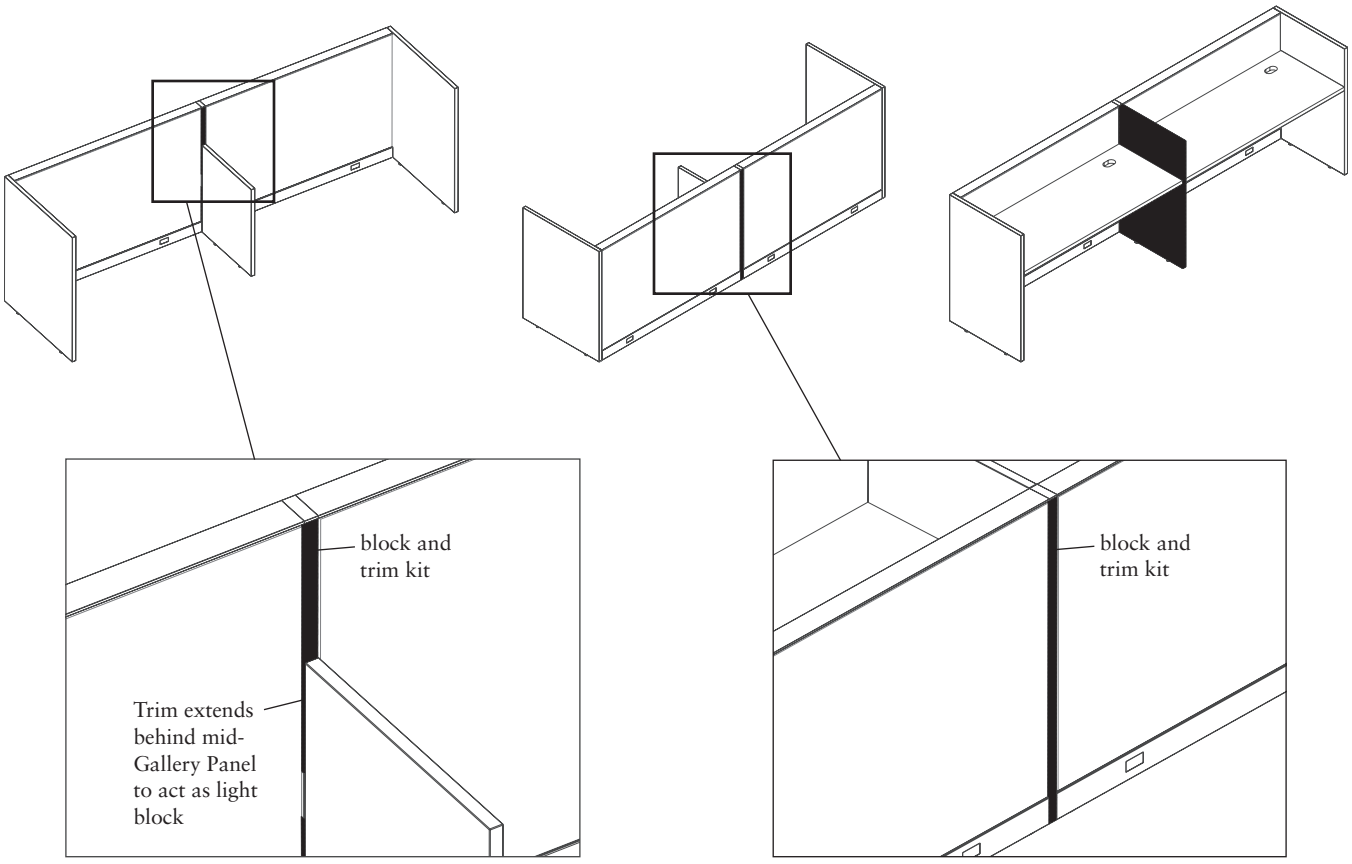
Gallery Panels

Stride® and Terrace® System - End Panel (Single-Sided)

- Provides privacy to one or both ends of the system in a single sided application.
- Single-Sided End Panels cap over the System panel. Accommodate for 3" frame thickness when planning with Stride panel system and 2⅝" frame thickness when planning with Terrace panel system.
- All Stride End Panels (Single-Sided) require connector kit GZCKP to attach to parent run.
- All Terrace End Panels (Single-Sided) require connector kit GTKCKP to attach to parent run.
- Gallery Panel sizes 63"W or greater require storage or worksurface tie-in. Please reference storage and worksurface support sections for more details.
- When System panel is higher than the Gallery Panel, variable height system's trim must be specified to finish off exposed frame.
- Stride 30"H panel frames can be ordered via the Standard Specials catalog until available as standard.
- Due to thickness of the Terrace panel Single-Sided End Panel overhangs by approximately 3/16" on both sides.
- Accommodate for 2⅝" frame thickness planning when with Terrace panel system.
- GTKGK30 is required when a 30"H Terrace panel with frameless glass is attached to a Gallery Panel in an End configuration.

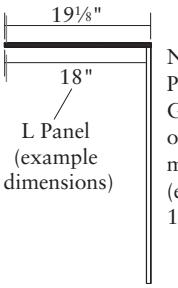


Gallery Panels



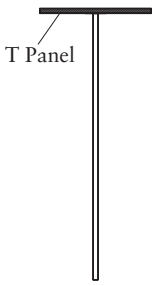
Stride® and Terrace® System - Mid Panel

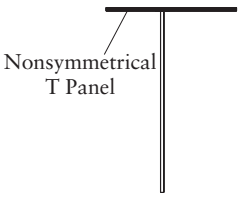
- Mid panels do not overlap parent system panel.
- When specifying Mid panels, one gallery panel "block and trim" kit (GZ3CONxx for Stride, GTK3CONXX for Terrace) is required to space the System panels out 1⅛". Kits include: Connector blocks, vertical trim and a top cap.
- "Block and trim" models must match the height of the parent run.
- Specify one mid-connector kit (GCKPM) per gallery panel to attach to parent run. Gallery panel and mid-connector kit attach over "block and trim" kit. Dual sided application requires two connector kit models.
- When using a Mid panel, both panel frames in spine must be of equal height.
- Mid Panels may not exceed height of parent run by more than 15".
- Trims can be painted to match the System panel trims.
- Mid Panels are available in 18"-84" widths in 3" increments.
- Gallery Panel sizes 63"W or greater require storage or worksurface tie-in. Please reference storage and worksurface support sections for more details.
- Spanning top cap available through Allsteel Tailored Solution Group.



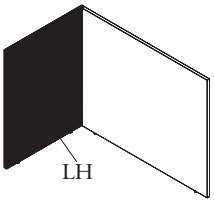
Dual-sided

Single-sided

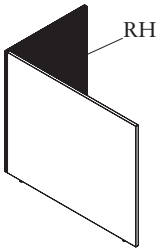


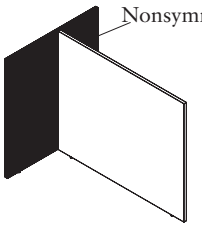


Gallery-to-Gallery Panels

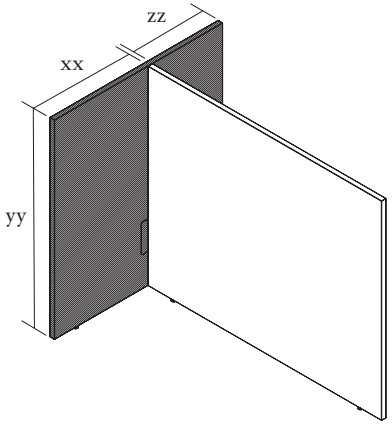


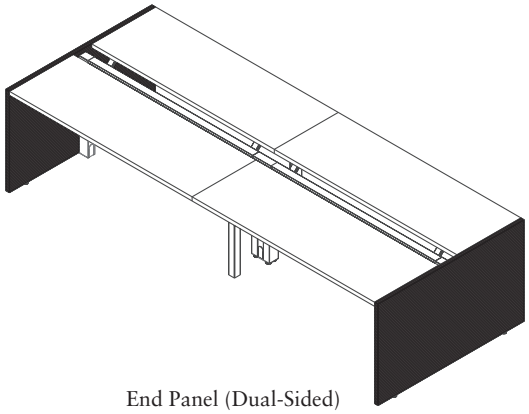
- Gallery-to-Gallery panels connect to other gallery panels and are available in L-, T-, and Nonsymmetrical T- configurations.
- When specifying Gallery-to-Gallery panels, the installation template (GTEMP) is required. The recommendation is 1 template for every 30 panels. Templates are reusable.
- Gallery-to-Gallery panels cap over Standard Gallery panels and are oversized by 1⅛" to maintain true interior dimensions
- Gallery-to-Gallery panels must be of equal or lower height than the Standard Gallery panel attached. The Gallery-to-Gallery panel cannot be taller than the adjacent panel. If this is required, please reach out to TPG for a custom solution.
- Made of 1⅛" board with HPL laminate.
- Can be specified with matching or contrasting edge.
- Edge band is 2mm ABS
- Available in woodgrain and solid laminates.
- Woodgrain laminates can be specified with vertical grain up to 54"W. Horizontal grain is available on all sizes.
- Gallery-to-Gallery panel widths are available in 3" increments from 18"W to 30"W and in 6" increments from 30"W to 78"W
- Gallery Panels offer 2½" leveling capability.
- Overall heights line up with adjacent panel or benching systems.
- Available with and without the integrated glass option.
- Glass is specified separately.
- Gallery Panels for use with glass have separate model numbers.
- Gallery-to-Gallery panels are secured with an inset flat bracket under a painted metal cover.
- L- and Nonsymmetrical T- panels are handed.
- Please adhere to all standard systems specification guidelines.
- Additional support is required after every 60" in gallery panel width (i.e. storage or worksurface tie-in)
- Nonsymmetrical T Panels are specified in the format GTyyxxzz. Substitute yy as panel height, xx as LH nominal length, and zz as RH nominal length

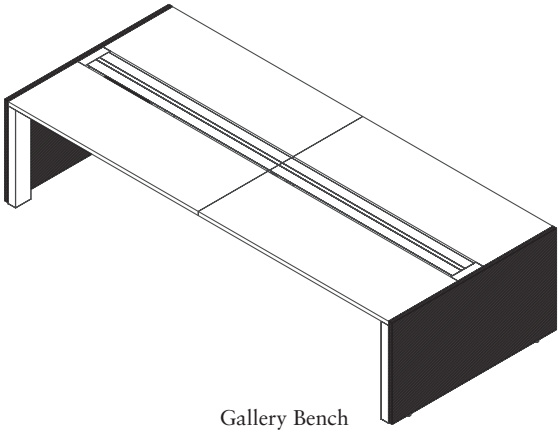




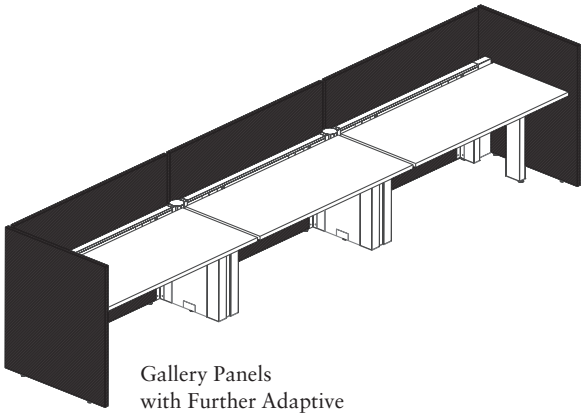
Note: Gallery-to-Gallery Panels cap over standard Gallery Panels and are oversized by 1⅛" to maintain modular interior dimensions. (ex: 18" panel is actually 19⅛"W)







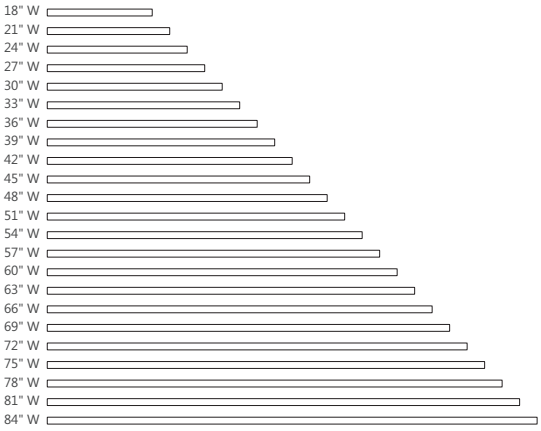
Gallery Panels



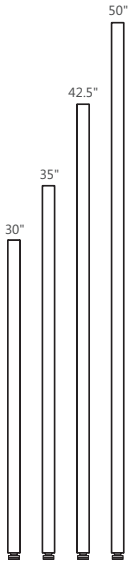
Gallery Panels are ideal for bringing natural wood elements to workstations and providing privacy. Allsteel Gallery Panels are designed to work universally across 4 product platforms. Please follow the product guidelines for proper specification.

End Panel (Dual-Sided)

Gallery Bench

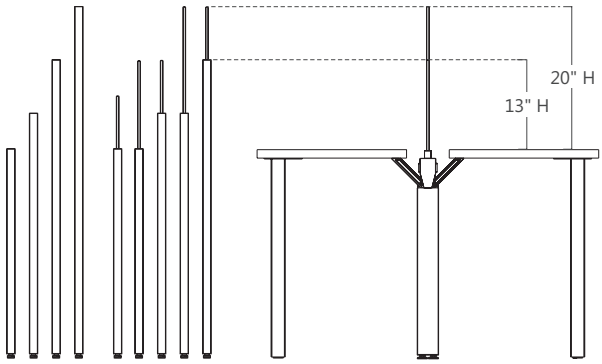


Gallery Panels
with Further Adaptive



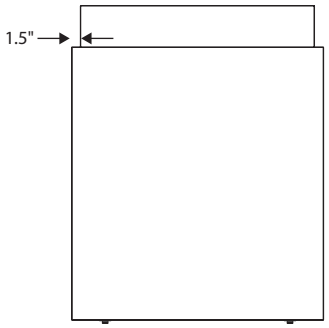
Gallery Panels

Basic Characteristics



- Available in End configuration.
- Made of 1⅛" board with HPL laminate.
- Use 1⅛" thickness for space planning.
- Can be specified with matching or contrasting edge.
- Edge band is 2mm ABS.
- Available in woodgrain and solid laminates.
- Horizontal laminate available on all sizes. Vertical laminate is available on widths 18"W to 60"W, and 87"W to 117"W.
- Widths are available in 3" increments from 33"W to 87"W.
- Sizes up to 84"W come as a single piece. Sizes 87"W though 147"W are split panels and come in two-pieces.
- Standard benching Gallery Panels are specified in single-piece panels. Contact Allsteel Tailored Products Group for split panels.
- Grain matching is not available on split panels.
- Gallery Panels offer 2½" leveling capability.
- Overall heights line up with adjacent panel or benching systems.
- Gallery Panel widths are true to size.
- Available with and without the integrated glass option.
- Glass is specified separately.
- Gallery Panels for use with glass have separate model numbers.
- Can be used with Single Sided Further adaptive for privacy and stability along the beam.
- All configurations are non-handed and secured using hidden fasteners.
- Please adhere to all standard systems specification guidelines.
- Gallery Panels are constructed of laminated particle board. Because of their nature, such components have a tendency to bow due to humidity and changes in climate.

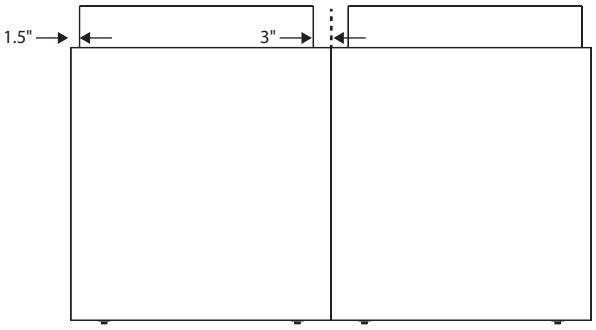
Gallery Panel Widths



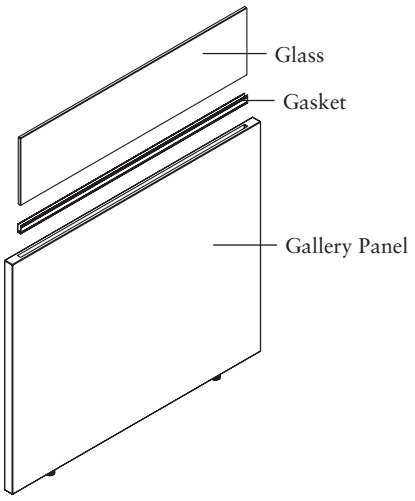
Gallery Panel Heights

Gallery Panels

- Gallery Panels for use with glass offer a routed top edge.
- Glass mounts directly into the Gallery Panel route via a gasket.
- The routing is inset 1½" from each end of the panel.
- Single-piece Gallery Panels for use with integrated glass require glass 3" shorter than the panel width.
- Glass is available in 3 colors: Clear, Frosted, Smoked.
- Glass height is available in 7½"H, 13"H, 15"H.
- Glass is available on all Gallery Panel widths.
- For benching systems, maximum allowable benching height cannot exceed 50"H with or without glass. Overall Gallery Panel height includes the glass.
- Specify glass models separate from Gallery Panel models.
- Glass Panels at 30"W and under are not UL listed.



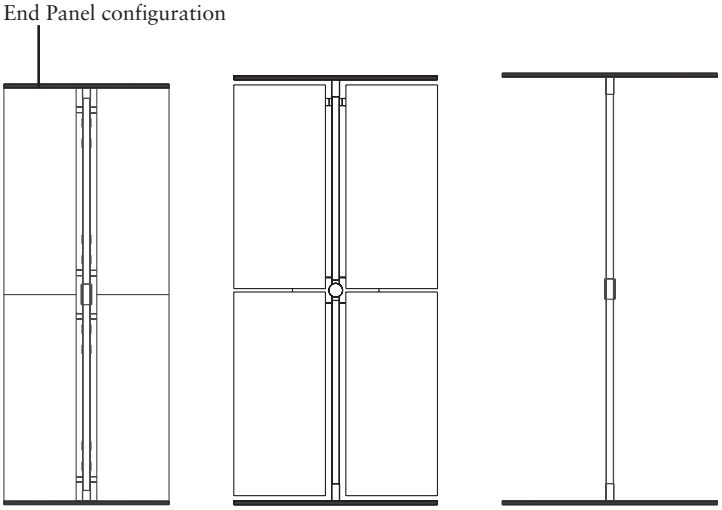
Single Panel with Glass



Find the Gallery Glass width appropriate for your Gallery Panel width.

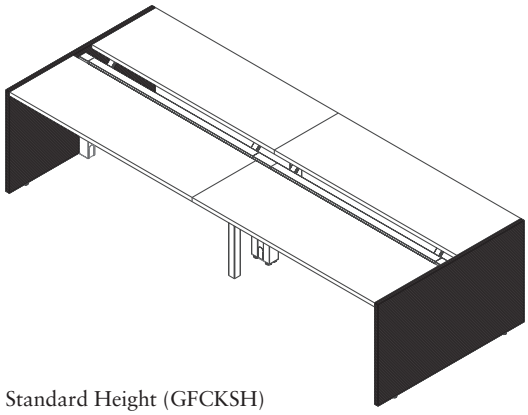
Shaded example: For the 18"W Gallery Panel, Gallery Glass should be ordered with width of 15".

Gallery Panel Width \ Gallery Glass Height	7.5"H
	Gallery Glass Order Width
18"W Gallery Panel	15"W
21"W Gallery Panel	18"W
24"W Gallery Panel	21"W
27"W Gallery Panel	24"W
30"W Gallery Panel	27"W
33"W Gallery Panel	30"W
36"W Gallery Panel	33"W
39"W Gallery Panel	36"W
42"W Gallery Panel	39"W
45"W Gallery Panel	42"W
48"W Gallery Panel	45"W
51"W Gallery Panel	48"W
54"W Gallery Panel	51"W
57"W Gallery Panel	54"W
60"W Gallery Panel	57"W
63"W Gallery Panel	60"W
66"W Gallery Panel	63"W
69"W Gallery Panel	66"W
72"W Gallery Panel	69"W
75"W Gallery Panel	72"W
78"W Gallery Panel	75"W
81"W Gallery Panel	78"W
84"W Gallery Panel	81"W



Split Panel with Glass

- Gallery Panels provide support for beam and worksurfaces.
- Provides privacy to one or both ends of the system in a dual-sided application.
- End Panel sizes are available from 48"W to 84"W.
- Maximum overall height is 50"H. Integrated glass is included in overall height.
- All T-configurations connect using one of the following connector kits:
  - GFCKSH - standard-height tethered applications
  - GFCKA - Adaptive or standard-height freestanding beam applications.
  - GFCKLH - low freestanding beam applications
- Connector kits are infeed and data accessible.
- Chicago and NY electrical junction boxes are not compatible with the kits.
- Connector kits do not accept power poles.
- End Panel can be used for off-modular planning, connector kit location must be field-measured.
- In standard height tethered applications, use Z6LB bracket to tie worksurface to Gallery Panel.
- Gallery Panels line up with the edge of the worksurface.
- In tethered applications, the gallery panel must meet or exceed the depth of the worksurfaces.
- In a freestanding application, minimum beam run must total 98"W. This includes connector kit.



Front edge of worksurface is flush to Gallery Panel in End Panel configuration

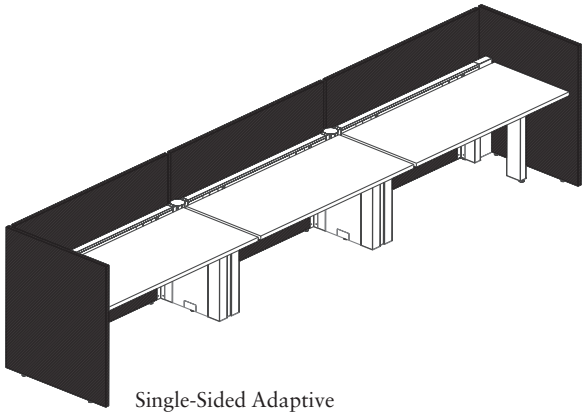
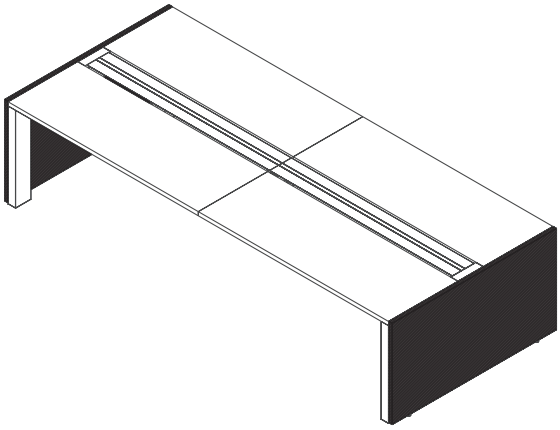
Gallery Panels

Further™ - End Panel (Single-Sided)

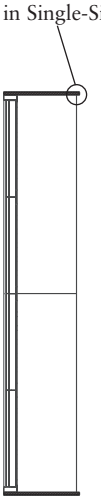


- Gallery Panels provide support for beam and worksurface.
- Provides privacy to one or both ends of the system in a single-sided application.
- Single-Sided End Panel sizes are available from 33"W to 84"W.
- Maximum overall height is 50"H. Integrated glass is included in overall height.
- All Single-Sided End Panels connect using one of the following connector kits:
  - GFCKSH - standard-height tethered applications
  - GFCKA - Adaptive or standard-height freestanding beam applications.
  - GFCKLH - low freestanding beam applications
- Connector kits are infeed and data accessible. Connector kits do not accept power poles.
- Chicago and NY electrical junction boxes are not compatible with the kits.
- In standard height tethered applications, use Z6LB bracket to tie worksurface to Gallery Panel.
- Gallery Panels extend 1½" past front edge of the worksurface. Specify gallery panel 6" longer than the depth of worksurface.
- In tethered applications, the gallery panel must meet or exceed the depth of the worksurfaces.
- In a freestanding application, minimum beam run must total 98"W. This includes connector kit.
- Single-Sided End Panels may not utilize a single beam between two gallery panels.
- Gallery Panel sizes 66"W or greater require storage or worksurface tie in. Please reference storage and worksurface support sections for more details.
- Single-sided Adaptive requires a minimum of 42"H Gallery Panels along the beam run. Panel widths must match worksurface widths.
- One connector kit (U6GPSS) required for each gallery panel – ordered separately.
- Standard specification creates 1" gap between all gallery panels.
- End Gallery Panels may be specified to align with back panels.
- U3SSHAFA used to mount single-sided Adaptive supports to floor if Gallery panels are not desired.
- Kit includes brackets for 2 end supports and 2 mid-supports.
- Hardware for mounting to floor is not included.

Standard | Single-Sided Adaptive | Freestanding



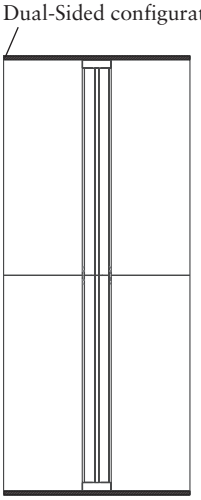
Standard Height Single-Sided End Panel



Single-Sided Adaptive

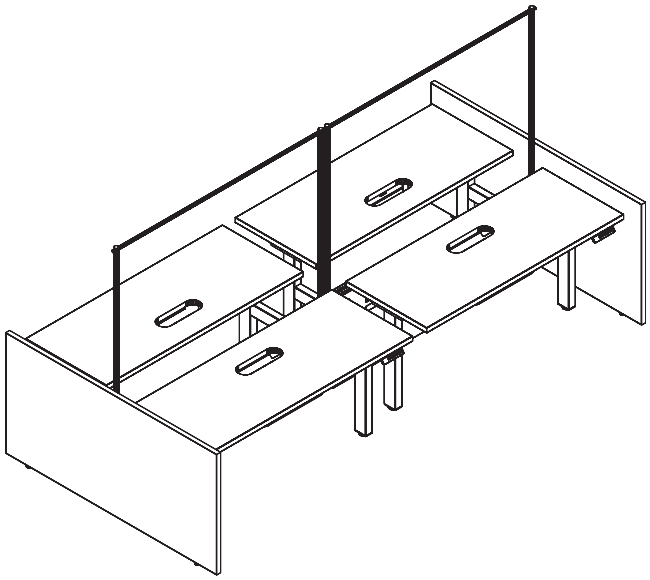
Gallery Panels

- Provides privacy to one or both ends of the system.
- End Panel (Dual-Sided) sizes are available from 54"W to 84"W.
- End Panel (Single-Sided) sizes are available from 33"W to 84"W.
- Maximum overall height is 50"H. Integrated glass is included in overall height.

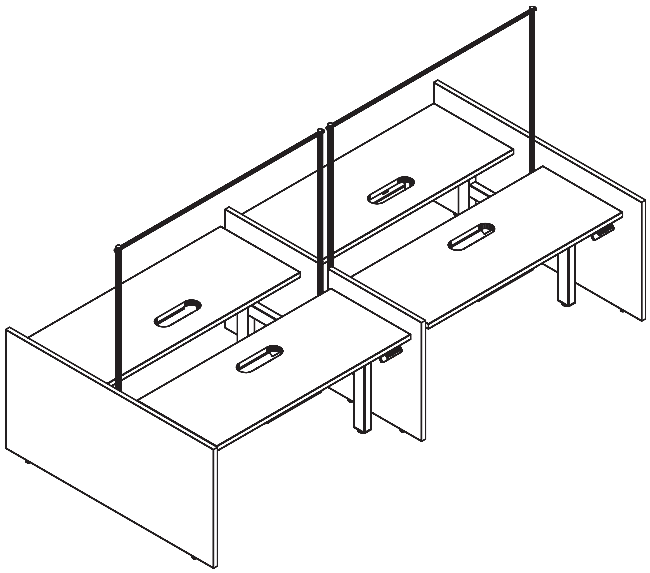


Front edge of panel sits 1¼" proud of worksurface in Single-Sided configuration

Single-Sided

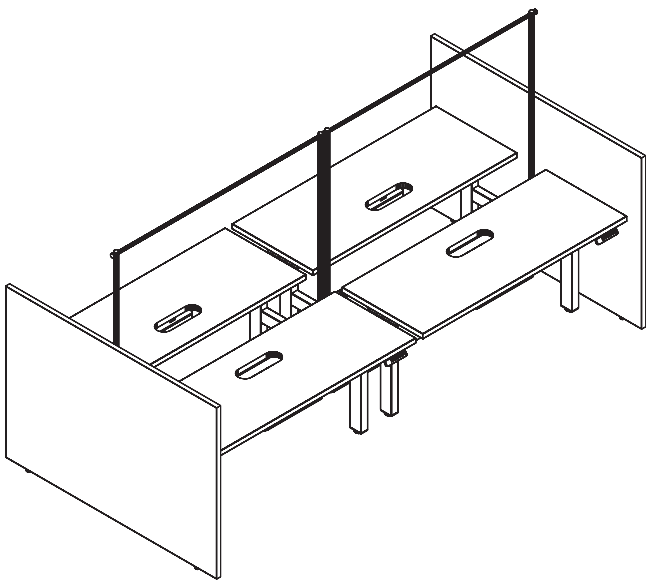


Front edge of worksurface is flush to Gallery Panel in Dual-Sided configuration



Dual-Sided

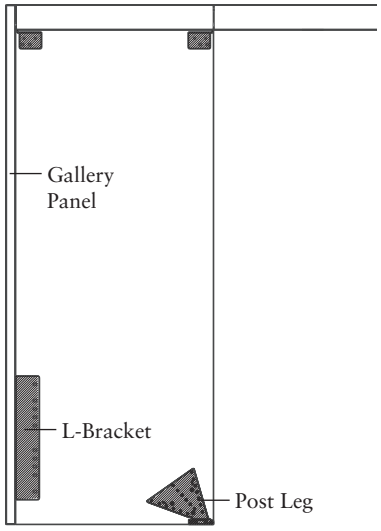
Gallery Panels



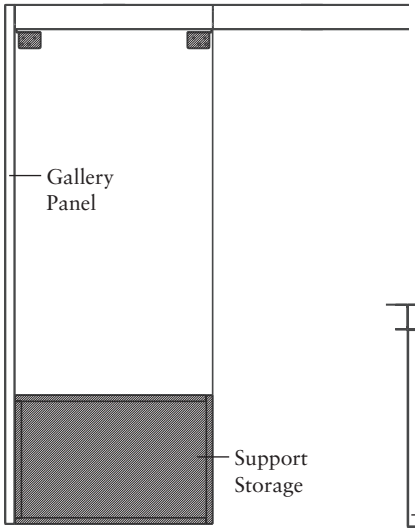
Overview:
- Gallery Panels provide support for fence and worksurfaces.
- Provides privacy to one or both ends of the system in a dual-sided application.
- Gallery Panels line up with the edge of the worksurface.
- Freestanding Mural to Gallery Panels (no integrated tables) requires a minimum 98" of Mural system spine length OR gallery panels on both ends of spine.
- Maximum overall height is 50"H. Integrated glass is included in overall height.
- In tethered applications, the gallery panel must meet or exceed the depth of the worksurfaces.

End Panel:
- Dual-sided applications end of run available in all single and split gallery panel sizes.
- Single-sided applications available in all single gallery panel sizes.
- Mural end panels connect using GSCKP connector kit.
- When split gallery panels are specified, hardware kit must also be specified GSHW.
- Single End Panel sizes are available from 48"W to 84"W.
- Split End Panel seams must align with parent run.
- Gallery Panel sizes 129"W or greater require storage or worksurface tie in on both sides of panel. Please reference storage and worksurface support sections for more details.

Mid-Panel:
- Dual-sided applications with mid-placement available in all single gallery panel sizes.
- Single-sided applications available in all single gallery panel sizes.
- Mid-connector kit required per gallery panel to attach to fence.
- For dual-sided applications, specify GSCKPMD.
- For single-sided applications, specify GSCKPMS.
- Mid Panels are available in 18"-84" widths in 3" increments.
- Gallery panels 66"W and greater require worksurface or storage tie-in. Please reference storage and worksurface support section for details.

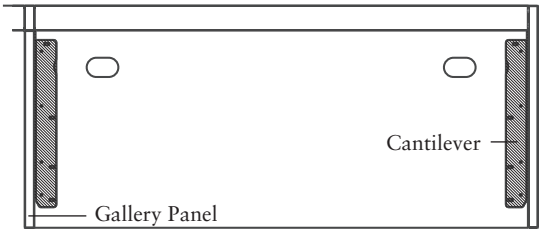


Connector Kits:
- Connector kits are infeed and data accessible.
- Connector kits do not accept power poles.
- End Panel can be used for off-modular planning, connector kit location must be field-measured.



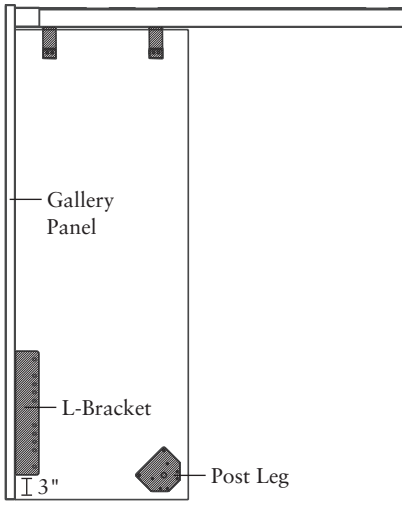
Gallery Panels

- To connect to laminate storage use GSGKL or GSGKM for metal storage.
- To connect to worksurface use Z6LB bracket when used in perpendicular to parent run or use standard systems cantilever brackets when used in parallel to parent run in panel systems.
- Perpendicular surfaces connected to a Gallery Panel over 60"W require (2) Z6LB Brackets.

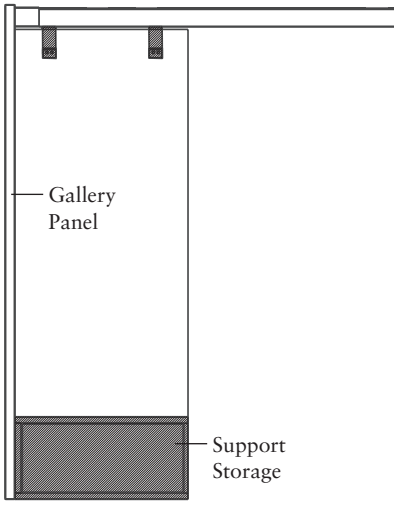


Panel Systems

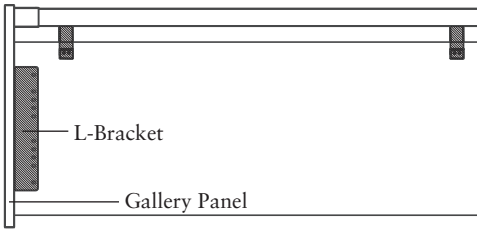
Perpendicular panel system with L-bracket (Z6LB) and post leg.



Perpendicular panel system with storage support.

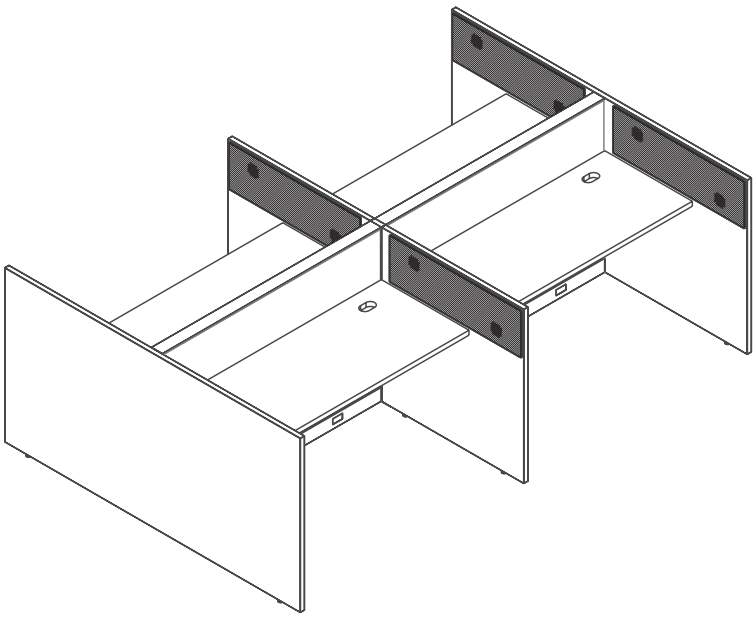


Panel system with cantilever support.

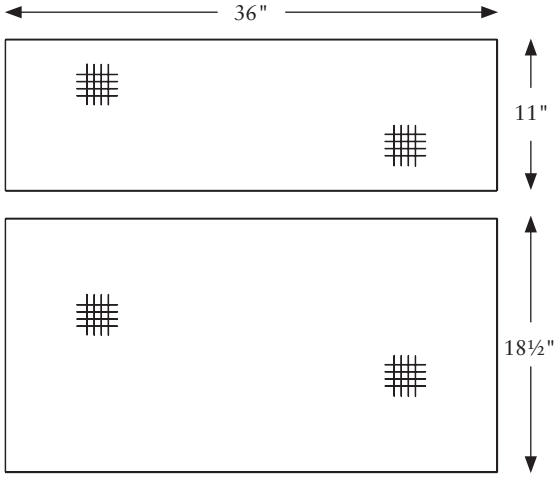


Further System

Further perpendicular with L-bracket (Z6LB), worksurface brackets, and post leg.



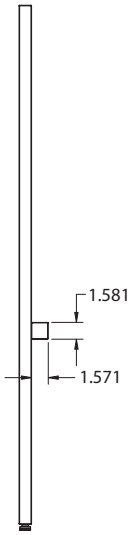
Further perpendicular with storage support and worksurface brackets.



Further perpendicular with L-bracket (Z6LB) and worksurface brackets.

Gallery Panels

- Provides tackable surface
- Comes with steel-painted trim
- Available in 36"W and in two heights: 11"H and 18½"H
- For use with a minimum 39"W Gallery Panel
- Mounts directly to Gallery Panel. Mounting hardware included.

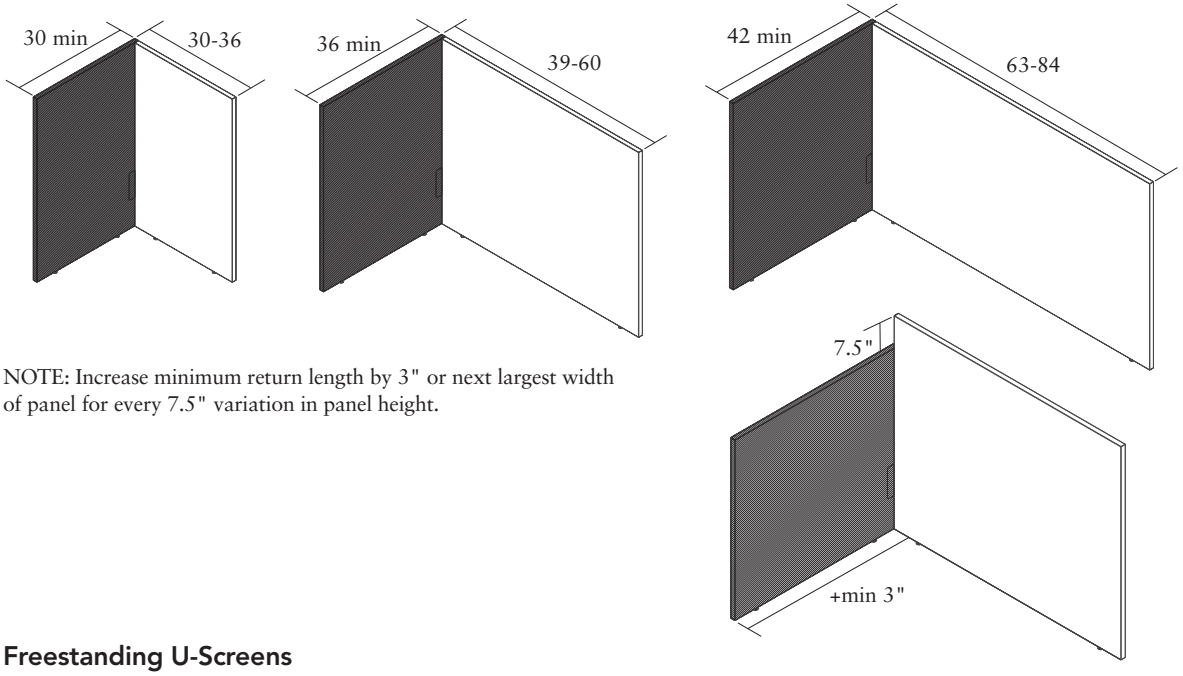


Tackboard Accessory on Mid and End Gallery Panels. Example of the typical is illustrated using a Panel System.

Tackboard Accessory dimensions

Gallery Panel Stiffeners

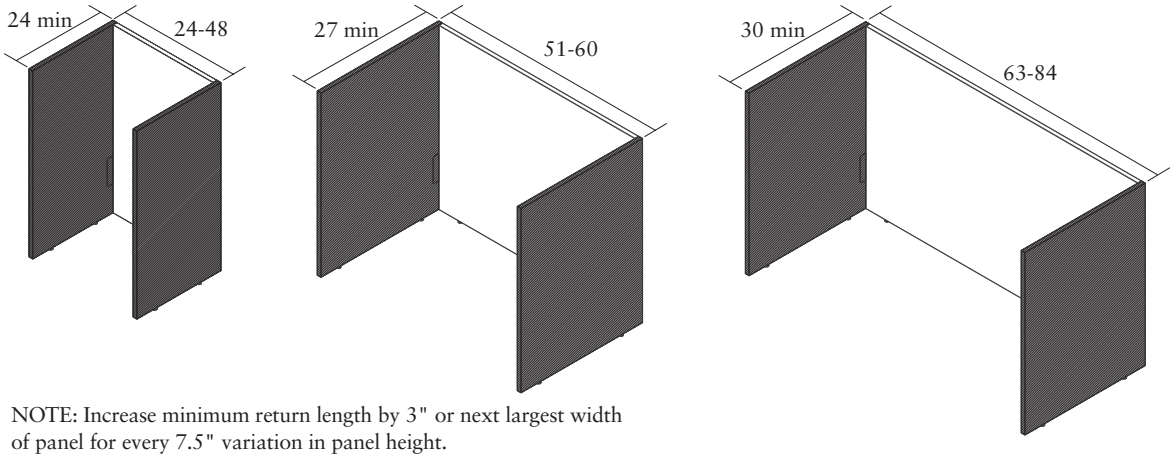
- Required for single-piece panels 75"W and greater that are used in a wing or single-sided end condition and do not have a horizontally-mounted credenza.
- For panels 75"W and 78"W, order model (GSTFN7578). Stiffener width is 72".
- For panels 81"W and 84"W, order model (GSTFN8184). Stiffener width is 78".
- Attaches directly to one side of the Gallery Panel with a painted metal cover, attachment hardware included.
- Placement on panel face must be at least 18" above the floor but is not restricted to a specific location on the panel.
- Stiffener is 1½" x 1½".
- Available in any Allsteel standard paint color



Gallery Panels

Freestanding Screens can be specified using Standard Gallery panels and Gallery-to-Gallery (depicted by the shaded panels in the illustrations below). Overall height, including glass, cannot exceed 72.5". Gallery Panel sizes 63"W or greater require storage or worksurface tie-in.

Freestanding L-Screens

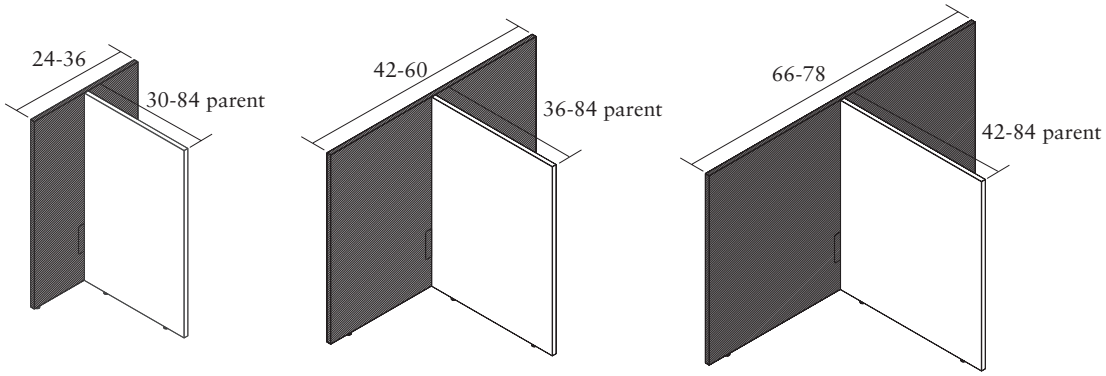


Parent	Minimum Return
18-24	Not Valid
30-36	30
39-60	36
63-84	42

NOTE: Increase minimum return length by 3" or next largest width of panel for every 7.5" variation in panel height.

Freestanding U-Screens

Parent	Minimum Return
18-21	Not Valid
24-48	24
51-60	27
63-84	30



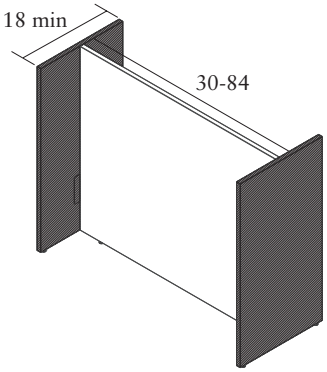
NOTE: Increase minimum return length by 3" or next largest width of panel for every 7.5" variation in panel height.

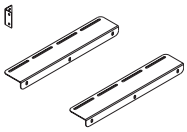
Gallery Panels

Note: 24"W, 27"W, and 30"W T Gallery-to-Gallery panels with 4 rounded corners of any height are not to be specified in freestanding applications as they do not pass all stability tests due to their limited width.

Freestanding T-Screens

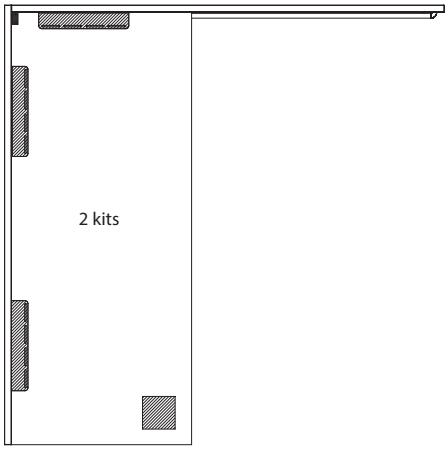
T-Return	Minimum Parent
18-21	Not Valid
24-36	30-84
42-60	36-84
66-78	42-84



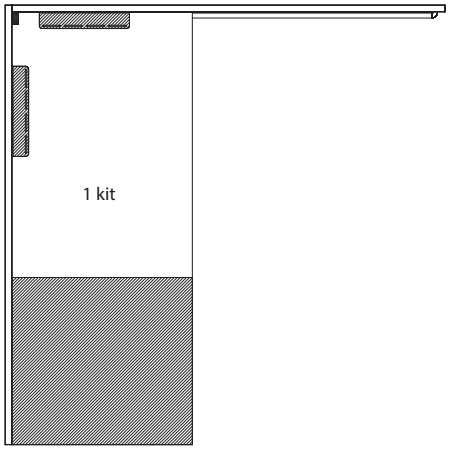


NOTE: Increase minimum return length by 3" or next largest width of panel for every 7.5" variation in panel height.

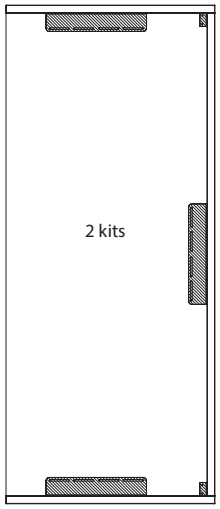
Freestanding H-Screens

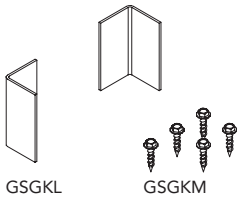


Parent	Minimum H-Return
30-84	18

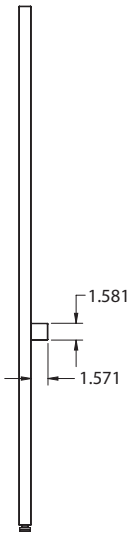


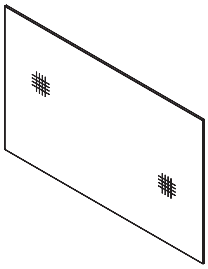
NOTE: Increase minimum return length by 3" or next largest width of panel for every 7.5" variation in panel height.

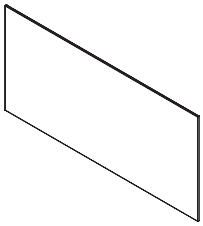




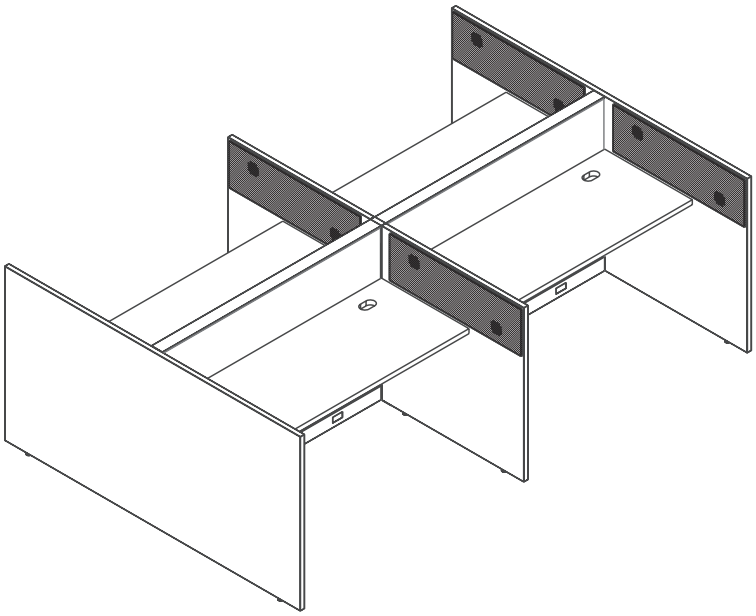
Worksurface Mounting Bracket (page 619)
- Used to mount a fixed-height worksurface to a Gallery panel.
- Can be painted any Allsteel Standard Paint color.
- A worksurface stiffener is required for surfaces 60"W or greater.
- One bracket kit (GWSBK) is required for each worksurface end attached to Gallery Panels.
- One bracket kit (GWSBK) includes two large L- brackets and one small corner L- bracket.





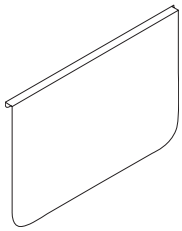


Storage Ganging Kits (page 611)
- The laminate storage ganging kit (GSGKL) is used to connect a Gallery Panel to a laminate storage unit.
- The metal storage ganging kit (GSGKM) is used to connect a Gallery Panel to a metal storage unit.

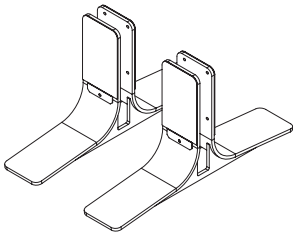


Gallery Panel Stiffeners (page 611)
- Required for single-piece panels 75"W and greater that are used in a wing or single-sided end condition and do not have a horizontally-mounted credenza.
- For panels 75"W and 78"W, order model (GSTFN7578). Stiffener width is 72".
- For panels 81"W and 84"W, order model (GSTFN8184). Stiffener width is 78".
- Attaches directly to one side of the Gallery Panel with a painted metal cover, attachment hardware included.
- Placement on panel face must be at least 18" above the floor but is not restricted to a specific location on the panel.
- Stiffener is 1½" x 1½".
- Available in any Allsteel standard paint color

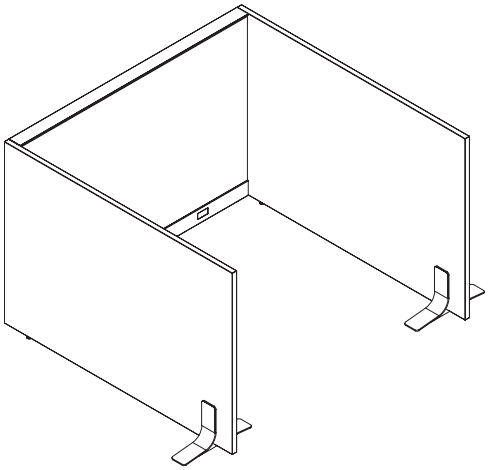
Tackboards (page 620)
- Provides tackable surface.
- Comes with steel-painted trim.
- Available in the following heights: 15", 22½"
- Available in the following *widths: 24", 30", 36", 42", 48", 54", 60".
  *Nominal widths, true width is undersized by ½"
- Depth of .45"
- Mounts directly to Gallery Panel. Mounting hardware included. Will deface the panel.



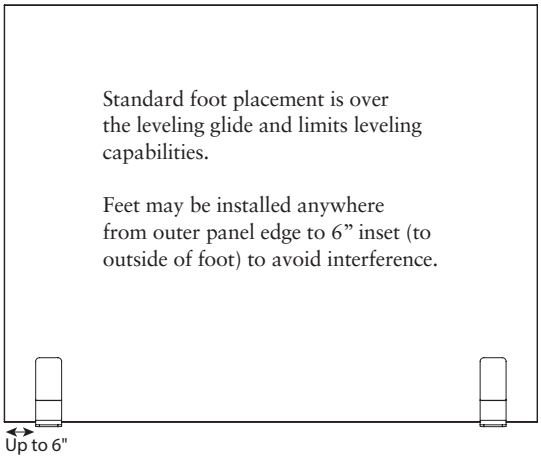
Magnet or Marker Boards (page 620)
- Provides writable and magnetic surface when painted in marker board paint.
- Provides magnetic surface, NON-writable, when painted in other Allsteel paint colors.
- Available in the following heights: 15", 22½"
- Available in the following *widths: 24", 30", 36", 42", 48", 54", 60".
  *Nominal widths, true width is undersized by ½"
- Depth of .45"
- Mounts directly to Gallery Panel. Mounting hardware included. Will deface the panel.

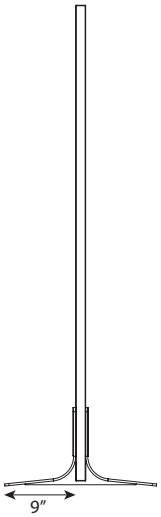


Tackboard Accessory on Mid and End Gallery Panels

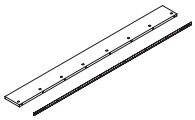


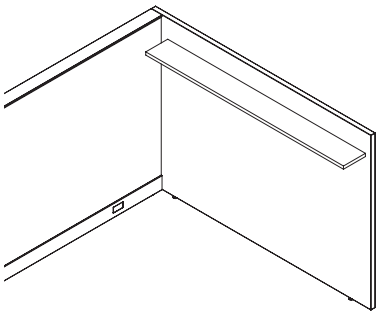
Gallery Panels



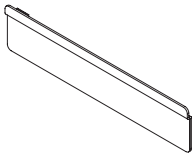


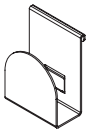
Hanging Magnet or Marker Boards (page 620)
- Hangs over Gallery panel or sits on top of worksurface.
- Provides writable and magnetic surface when painted in marker board paint.
- Provides magnetic surface, NON-writable, when painted in other Allsteel paint colors.
- Cannot be installed back-to-back when hanging in the same location.
- Available in 30"W and in two heights: 20"H and 26"H.

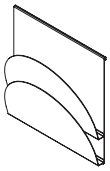




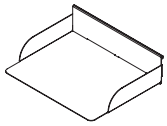
Gallery Panel Foot (page 620)
- Single foot provides rigidity to large wing panel.
- Using two feet on a single Gallery Panel allows for a freestanding application on panels greater than 24"W.
- Available in any textured Allsteel paint.
- Foot extends 9" from either side of the panel.



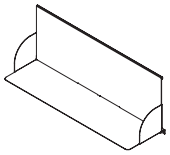




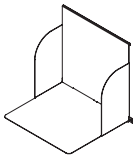
Floating Laminate Shelves (page 621)
- 6" depth.
- ¾" thickness.
- Constructed of HPL laminate with 0.8mm ABS edgebanding.
- Available in solid or horizontal woodgrain laminate.
- Available with contrasting or matching edge.
- Widths available every 6" from 12" to 78"W.
- Widths from 54" to 78" satisfy a stiffener requirement and are meant to be mounted to a panel that is 6" wider than the shelf. (e.g., 84"W panel would accept a 78"W stiffener shelf.)
- Shelves narrower than 54"W do not act as a stiffener.
- Weight capacity is 10lbs per linear foot.



GACRL12



GCHRB



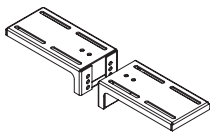
G2AGF

G1PTR

GWPSF

GBRSF

Accessory Rail and Paper Management (page 621)

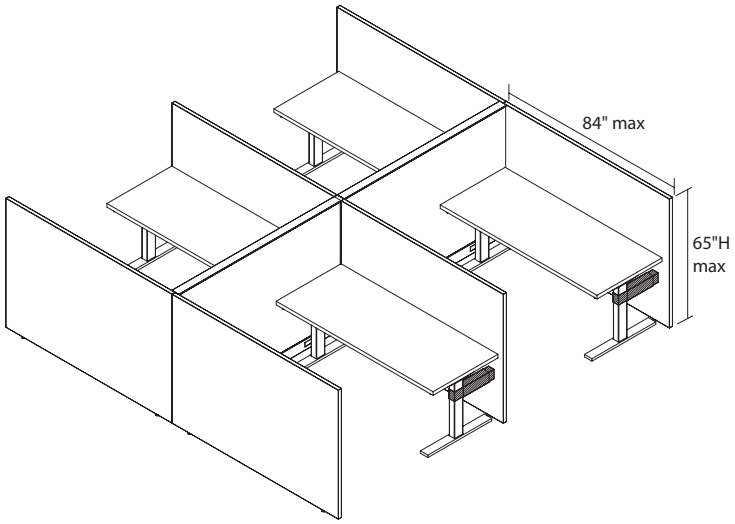


- Accessory Rail provides mounting for paper management accessories, listed below.
- Rail is 2.6"H and is available in the following widths: 12", 18", 24", 30", 36".
- Rails can be installed in any location on the Gallery Panel, as long as the rail does not extend beyond the top of the panel, and can be placed in-line to span panel length.
- Rail and accessories can be painted any standard Allsteel paint color.
- Mounts directly to the Gallery panel, attachment hardware included.
- Extensions accessories are NOT compatible with the accessory rail.
- These accessories are compatible with panel system tool tiles and rails.
- Includes a rail cover to hide hardware and provide magnetic surface.
- Compatible Rail Accessories:
  - Coat Hook (Rail-based, a mounted version is also available to attach directly to the panel)
    - Rail Based dimensions: 4"x 3"x 1¾"
    - Mounted dimensions: 4"x 3" x 1½"
    - Weight limit: 25 lbs
  - Angle File (Triple, Dual, and Single heights)
    - Depth of 2"
    - Heights: Triple = 15⅓", Dual = 12⅓", Single = 9⅓"
  - Paper Tray (Triple, Dual, and Single heights)
    - Depth of 10"
    - Heights: Triple = 9⅓", Dual = 6⅓", Single = 3⅓"
  - Personal Shelf
    - 9⅓" x 24" x 10⅗"
    - Weight limit: 25 lbs
  - Binder Shelf
    - 12⅓" x 12" x 11⅓"
    - Weight limit: 25lbs

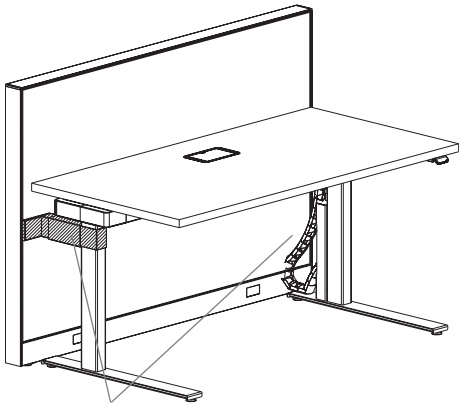
NOTE: When accessory tools are attached to freestanding Gallery Panel screens, excess weight may affect overall panel stability.

Wall Start (page 619)

- Wall Starts are 1⅛" by 1⅛" rectangular mounting posts that are meant to affix a Gallery Panel to a permanent building wall.
- Wall starts add 1⅛" to panel run.
- Attachment hardware not included.
- Must be specified at the same height as the connecting panel.



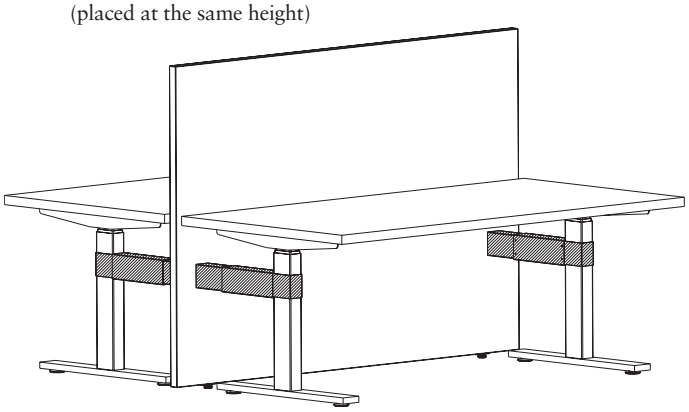
Countertop Brackets (page 619)



- Includes attachment hardware.
- Countertops are flush with the top of the panel and can be flush with the ends of the panel or shorter than the panel width.
- For straight countertops, two countertop brackets must be ordered.
- For corner countertops, three countertop brackets must be ordered.
- Will deface the Gallery Panel.
- May be used in conjunction with Stride, Terrace, or Optimize panels. When transitioning from a Panel spine to a Gallery Panel wing with a corner countertop, use countertop model of the panel system.

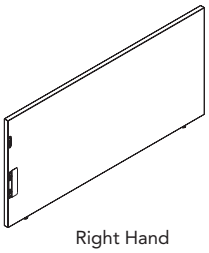
Height Adjustable Table Tie-In Brackets (Gallery Panels)

- Improves panel rigidity. Does not function as a panel stability solution.
- AGBKT to be specified for connection to a T leg HAT
- AGBKC to be specified for connection to a C leg HAT
- Reusable mounting template is required and must be ordered separately (AGBKTMP).
- Brackets telescope to account for 24" and 30" worksurface depths and screen attachments.
- A6 C legs with a 30"D worksurface and a screen must be specified with T leg brackets
- Brackets used with a height adjustable table and an above/below screen may have interference when lowering the table to its lowest position. Please take this into consideration when planning as the gallery to panel bracket may need to be mounted lower to accommodate the screen.
- Can be used with Altitude MAX bases when attaching to Gallery panels or Fit panels.
- Height adjustable table brackets must be installed to both sides of the panel to substitute for a return panel in a dual-sided panel bench application. When a single bracket is connected to a wing panel as shown in the 4-pack image, the HAT bracket can substitute for a return panel.
- Freestanding panel can be connected to height adjustable table if it is supported by HAT brackets on both sides of the table and panel spine.



SINGLE BRACKET
Gallery Panel Application:
Max Height (with Glass): 65"H
Max Width: 75"W; No top size restrictions

Note: Wire chain cannot be installed on the same leg as a HAT tie-in bracket.



DUAL SIDED PANEL BENCH
Gallery Panel Application:
Max Height (with Glass): 65"H
Bracket Needed: Single Panel (75" max) with Brackets on each leg (placed at the same height)

Note: Radius Gallery-to-Gallery Panels can be used for both Left and Right hand applications.

Note: The radius corners are a 3" Radius.

Note: When specifying radius corners adjacent to storage or worksurfaces, it is recommended to use gallery panels that are 3" longer than original depth to help conceal any exposed corners that may otherwise be visible.

Note: Radius Gallery Panels cannot be used on mid-run Fit applications.

54"W (LH) – Top Left Corner Rounded	**GL5054LRSSS**	$ 2010	$ 2072	$ 2131
54"W (RH) – Top Right Corner Rounded	**GL5054RSRSS**	$ 2010	$ 2072	$ 2131

Note: Radius Gallery-to-Gallery Panels can be used for both Left and Right hand applications.

Note: The radius corners are a 3" Radius.

Note: When specifying radius corners adjacent to storage or worksurfaces, it is recommended to use gallery panels that are 3" longer than original depth to help conceal any exposed corners that may otherwise be visible.

Note: Radius Gallery Panels cannot be used on mid-run Fit applications.

147"W (All Corners Rounded)	**GS50147RRRR**	$ 3594	$ 3708	$ 3819
147"W (Top Corners Rounded)	**GS50147RRSS**	$ 3594	$ 3708	$ 3819

Note: Radius Split Gallery Panels can be used for both Left and Right hand applications.

Note: The radius corners are a 3" Radius.

Note: When specifying radius corners adjacent to storage or worksurfaces, it is recommended to use gallery panels that are 3" longer than original depth to help conceal any exposed corners that may otherwise be visible.

Note: Radius Gallery Panels cannot be used on mid-run Fit applications.

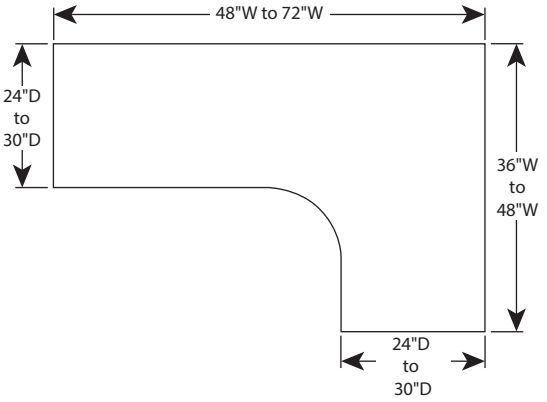
Range Adjustment	2-Stage 27⅞" to 46⅞" + ½" Adjustable Glide
Includes Standard Allsteel 1⅛" Work Surface	3-Stage 22⅞" to 48⅜" + ½" Adjustable Glide
Foot Configuration	• T Foot or C Foot • Standard options include leveling glide, slide glides, and casters
Leg Options	2 and 3 leg
UL Certified Weight Rating	• 250 lbs for 2-leg • 350 lbs for 2-leg Max • 375 lbs for 3-leg • 500 lbs for 3-leg Max
Cross Bar Design	A6 models ordered prior to 4/5/2021 have cross bar understructure, A6 models ordered after 4/5/2021 do not
Colors	20 Allsteel Paint Finishes offered, see Altitude Tables Finishes page
Control Pad	Basic up/down, memory preset, paddle, foot pedal
Wire Management	Allsteel standard options available
Power Access	Desktop power modules available
Warranty	If purchased before 3/1/2021: 10 Years Metal Base, 7 Years Electronics If purchased between 3/1/2021 and 12/31/2025: 10 Years for Entire Product If purchased after 1/1/2026: 12 Years for Entire Product

Height-Adjustable Worksurfaces, Bases, and Controls

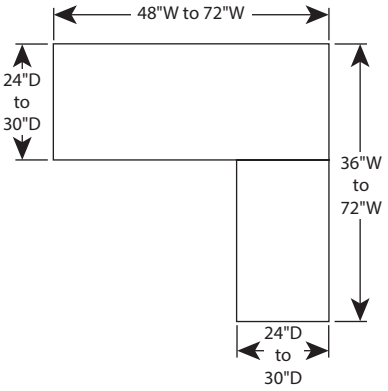
Height-Adjustable Worksurfaces (page 654)

- Height-adjustable worksurfaces are available in laminate with flat edge and rectangular veneer with matching square edge.
- T-mold is used on the edge of curved worksurfaces. This will have a noticeable visual difference when directly adjacent to straight worksurfaces.
- Worksurface dimensions are nominal. Actual widths are reduced by 2" (1" each side) and worksurface depths are reduced by ¾". Corner cove depth is nominal, actual is 1" less.
- Rectangular undersized worksurface models' (model number ending in -U) actual widths and depths are reduced by 2".
- Corner Cove undersized worksurface models' (model number ending in -LD) actual dimensions are reduced by 2".
- Altitude worksurfaces are pre-drilled with mounting location for bases.
- Rectangular worksurface grommet location is limited to center location due to mounting of worksurface supports at each end of the worksurface.
- Certain two-piece top configurations may require two stiffeners depending on the footprint of your station.
- 2-leg standard bases can accommodate worksurface configurations from 24"D x 24"W to 30"D x 72"W.
- 2-leg Max bases can accommodate worksurface configurations from 24"D x 24"W to 30"D x 96"W.
- 3-Leg standard bases can accommodate worksurface configurations from 24"D x 48"W x 36"W to 30"D x 72"W x 48"W.
- 3-Leg Max bases can accommodate worksurface configurations from 24"D x 48"W x 36"W to 30"D x 72"W x 72"W.
- Altitude A6 bases specified with a work surface 60"W and greater require the use of an external stiffener. An external stiffener is included in Altitude work surface models 60"W and greater (all models ending with letter -D). If a non-Altitude work surface is being used, an external stiffener may need to be specified separately.

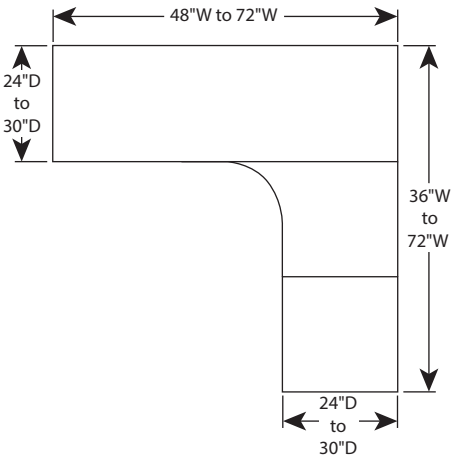
Height-Adjustable Bases (pages 652-653)



- Electronic height-adjustable base units are available in six styles: A6-T Base with 2 legs, A6-C Base with 2 legs, A6-T Base with 3 legs, A6-C Base with 3 legs, A6-T Max Base with 2 legs, A6-C Max Base with 2 legs, A6-T Max Base with 3 legs, and A6-C Max Base with 3 legs.
- A6 2-stage and 3-stage have a travel speed of 1.25"/second. A-6 Max bases have a travel speed of 1.96"/second. Motor devices have a continuous cycle time of 2 minutes with an 18 minute rest period before it can be cycled again.
- Control box is powered by 110-120V/60Hz/4A. Standby power is < 0.1 Watts. Power cords on A6-T models are 9'.
- Pedestals taller than 24½" for 2-stage models and 19½" for 3-stage models when placed under table will limit range in lowest position.
- Mobile box/file pedestals will clear feet on height adjustable base but will extend past edge of worksurface in that position. See chart on page 627.
- Moving worksurfaces can collide with other components. It is important to ensure free range of motion prior to operating the table.
- All tables have adjustable glides providing ½" adjustment on A6.
- Slide glides offered as a .option and model level. Only available on 2-leg bases.
- Casters available on model level for retrofitting on 2-Leg Bases ONLY.
- Altitude A6 tables feature collision detection, a feature designed to stop table travel when the table detects an obstacle.
- A6 load capacity is 250 lbs for 2-leg models, 375 lbs for 3-leg models, 350 lbs for 2-leg Max models, and 500 lbs for 3-leg Max models. This includes the weight of the worksurface.
- G1 Glide enables the A63-stage height adjustable bases to reach the BIFMA G1 height requirements. Glides come in a pack of 4. Glide is always black.



Note: Not TAA compliant unless ordered with a TAA compliant configurable end product.



A6 Control Options

- Memory Controls are now a .option.
- Up/Down: Basic Up/Down control.
- Memory Control: 4 memory pre-set options allow the user to adjust their height to their preferred heights.
- Paddle: Simple, aesthetic control with 1 memory pre-set option and reminder mode.
- Bluetooth Capability: A6 optional Bluetooth capability is sold as accessory model A6BLUETOOTH. Bluetooth is enabled through smartphone app AiDesk. Bluetooth control will only work with 2-leg A6 tables. Bluetooth control will **not** work with 3-leg A6 tables. No additional controls are required for use, but they can be used in addition to the bluetooth control (bluetooth plug in uses different port than other controls).

Note: HAT-to-Panel bracket does not work with the Max Base.

For specification information see page 628.

Rectangular Laminate Tops – 24"D

Base Model(s)	Actual Dimensions
AF5RS4824, AVF5RS4824	46"W x 23¼"D
AF5RS5424, AVF5RS5424	52"W x 23¼"D
AF5RS6024D, AVF5RS6024D	58"W x 23¼"D
AF5RS6624D, AVF5RS6624D	64"W x 23¼"D
AF5RS7224D, AVF5RS7224D	70"W x 23¼"D
AF5RS7824D	76"W x 23¼"D
AF5RS8424D	82"W x 23¼"D
AF5RS9024D	88"W x 23¼"D
AF5RS9624D	94"W x 23¼"D

Rounded Corner Laminate Tops – 24"D

Base Model(s)	Actual Dimensions
AF5RND4824	46"W x 23¼"D
AF5RND5424	52"W x 23¼"D
AF5RND6024D	58"W x 23¼"D
AF5RND6624D	64"W x 23¼"D
AF5RND7224D	70"W x 23¼"D
AF5RND7824D	76"W x 23¼"D
AF5RND8424D	82"W x 23¼"D
AF5RND9024D	88"W x 23¼"D
AF5RND9624D	94"W x 23¼"D

Rectangular Laminate Tops – 30"D

Base Model(s)	Actual Dimensions
AF5RS4830, AVF5RS4830	46"W x 29¼"D
AF5RS5430, AVF5RS5430	52"W x 29¼"D
AF5RS6030D, AVF5RS6030D	58"W x 29¼"D
AF5RS6630D, AVF5RS6630D	64"W x 29¼"D
AF5RS7230D, AVF5RS7230D	70"W x 29¼"D
AF5RS7830D	76"W x 29¼"D
AF5RS8430D	82"W x 29¼"D
AF5RS9030D	88"W x 29¼"D
AF5RS9630D	94"W x 29¼"D

Rounded Corner Laminate Tops – 30"D

Base Model(s)	Actual Dimensions
AF5RND4830	46"W x 29¼"D
AF5RND5430	52"W x 29¼"D
AF5RND6030D	58"W x 29¼"D
AF5RND6630D	64"W x 29¼"D
AF5RND7230D	70"W x 29¼"D
AF5RND7830D	76"W x 29¼"D
AF5RND8430D	82"W x 29¼"D
AF5RND9030D	88"W x 29¼"D
AF5RND9630D	94"W x 29¼"D

Undersized Rectangular Worksurface – 24"D

Base Model(s)	Actual Dimensions
AF5RS3624U	34"W x 22"D
AF5RS4224U	40"W x 22"D
AF5RS4824U	46"W x 22"D
AF5RS54 24U	52"W x 22"D
AF5RS6024UD	58"W x 22"D
AF5RS6624UD	64"W x 22"D
AF5RS7224UD	70"W x 22"D
AF5RS7824UD	76"W x 22"D
AF5RS8424UD	82"W x 22"D
AF5RS9024UD	88"W x 22"D
AF5RS9624UD	94"W x 22"D

Undersized Rectangular Worksurface – 30"D

Base Model(s)	Actual Dimensions
AF5RS3630U	34"W x 28"D
AF5RS4230U	40"W x 28"D
AF5RS4830U	46"W x 28"D
AF5RS5430U	52"W x 28"D
AF5RS6030UD	58"W x 28"D
AF5RS6630UD	64"W x 28"D
AF5RS7230UD	70"W x 28"D
AF5RS7830UD	76"W x 28"D
AF5RS8430UD	82"W x 28"D
AF5RS9030UD	88"W x 28"D
AF5RS9630UD	94"W x 28"D

120 Degree Corner Worksurface – 24"D

Base Model(s)	Actual Dimensions
AF5120S4224D	22"A x 40"B x 40"C x 22"D
AF5120S4824D	22"A x 46"B x 46"C x 22"D
AF5120S5424D	22"A x 52"B x 52"C x 22"D

120 Degree Corner Worksurface – 30"D

Base Model(s)	Actual Dimensions
AF5120S4224D	28"A x 40"B x 40"C x 28"D
AF5120S4824D	28"A x 46"B x 46"C x 28"D
AF5120S5424D	28"A x 52"B x 52"C x 28"D

For specification information see page 628.

Corner Cove Laminate Tops – 24"D Extended Left

Base Model(s)	Actual Dimensions
A5822ELS	23¼"A x 58¼"B x 34½"C x 23¼"D
A5622ELS	23¼"A x 58¼"B x 46¼"C x 23¼"D
A5922ELS	23¼"A x 70¼"B x 34½"C x 23¼"D
A7222ELS	23¼"A x 70¼"B x 46¼"C x 23¼"D

Corner Cove Laminate Tops – 24"D Extended Right

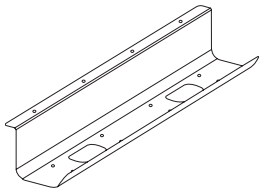
Base Model(s)	Actual Dimensions
A5822ERS	23¼"A x 58¼"B x 34½"C x 23¼"D
A5622ERS	23¼"A x 58¼"B x 46¼"C x 23¼"D
A5922ERS	23¼"A x 70¼"B x 34½"C x 23¼"D
A7222ERS	23¼"A x 70¼"B x 46¼"C x 23¼"D

Undersized Corner Cove Worksurface, Left Hand – 24"D

Base Model(s)	Actual Dimensions
AF5CCS603624LD	22"A x 58"B x 34"C x 22"D
AF5CCS604824LD	22"A x 58"B x 46"C x 22"D
AF5CCS723624LD	22"A x 70"B x 34"C x 22"D
AF6CCS724824LD	22"A x 70"B x 46"C x 22"D

Undersized Corner Cove Worksurface, Right Hand – 24"D

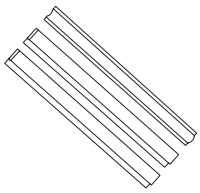
Base Model(s)	Actual Dimensions
AF5CCS603624RD	22"A x 58"B x 34"C x 22"D
AF5CCS604824RD	22"A x 58"B x 46"C x 22"D
AF5CCS723624RD	22"A x 70"B x 34"C x 22"D
AF6CCS724824RD	22"A x 70"B x 46"C x 22"D



Undersized Corner Cove Worksurface, Left Hand – 30"D

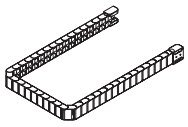
Base Model(s)	Actual Dimensions
AF5CCS604830LD	28"A x 58"B x 46"C x 28"D
AF5CCS724830LD	28"A x 70"B x 46"C x 28"D

Undersized Corner Cove Worksurface, Right Hand – 30"D



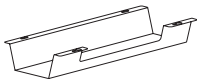
Base Model(s)	Actual Dimensions
AF5CCS604830RD	28"A x 58"B x 46"C x 28"D
AF5CCS724830RD	28"A x 70"B x 46"C x 28"D

Cable & Wire Management



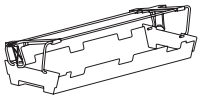
AJTRGH24 or AJTRGH36

Cable Management Tray (page 657)
- Attaches under the worksurface to contain cables.
- Metal tray shelf is 4" deep. Can hold electrical power strip and/or surge protector.
- 24" and 36" lengths, use multiple units for larger worksurfaces.
- Attachment hardware included, paint option is black only.
- Zip tie attachment points located in base of tray. Zip ties not included.
- Limited paint offering. Available in all Grade P1 and Grade P2 paint finishes for Altitude Bases with the exception of Night Bronze (P8B).



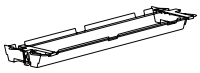
AWRSTRIP

Wire Management Strips/Channels (page 657)
- Self adhesive backing to attach to panels and underside of worksurfaces.
- Flexible strips allow cabling to enter/exit and can be contained inside the strips' cavities.
- Includes two wire management profiles. Smaller profile allows for qty. 3, .3" diameter cords, has area of .32 in^2. Larger "J" shaped profile allows for qty. 10, .3" diameter cords, has area of 1.14 in^2.



A9CLWMC or WKSWMC

Cord Management Chains (page 657)
- Works with Approach and Altitude A6-units.
- Used to route and conceal power/data cables from control box and other devices. Includes all mounting hardware and a plate to secure to a leveling glide.
- Houses 6 cables at 0.300" diameter.
- Made of plastic chain with plastic attachment brackets at each end.
- Specify WKSWMC for 58" chain. Only comes in Black finish.
- Specify A9CLWMC for 36" chain. Comes in Black, White, and Silver.
- Has two connecting points: Top section connects underneath a worksurface and bottom section can connect underneath power rails or to panel raceways using double-sided tape. Hardware included.

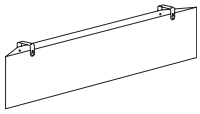


APWRTRGH17 or APWRTRGH36

Under Worksurface Trough (page 657)
- Used to conceal wires and control box below worksurfaces. Trough can be configured at various height/width combinations to meet capacity needs. Ships flat and is bent to desired shape.
- On 48"W and 54"W worksurfaces use one 17"W trough. 54"W has space to use 2 – 17"W, if necessary.
- On 60"W, 66"W, and 72"W worksurfaces use the 36" trough.
- On 84"W worksurface use 2 – 17"W troughs.

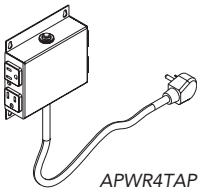
AFDTRGH20

AFDTRGH32



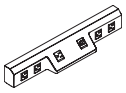
Flip-Down Wire Trough (page 657)
- Mounts beneath a worksurface. Used to conceal extra cord slack and power strips.
- May be used in conjunction with quad tap unit APWR4TAP to reduce the number of cords routed from a worksurface to a beam.
- For any worksurface less than 58"W, a 20"W Flip-Down Trough is recommended.
- For worksurfaces 58"W and wider, a 20"W or 32"W Flip-Down Trough may be used.
- Flush-mount Radii Storages are not recommended to use in conjunction with Flip-Down Trough.
- Only AKTSHORT keyboard tray is recommended for use in conjunction with the Flip-Down Trough.

AWIRECLT



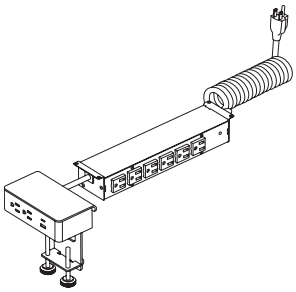
Metal Wire Cleat (page 657)
- Supplied with screws and VHB tape for attachment to various surface types.
- For wood/particle board/MDF surfaces, use screw attachment.
- For painted metal/glass/non-porous surfaces, use VHB tape.
- Example use cases:
  1) Used alongside telescoping/fabric HAT wire chases to secure excess length of cord at plug-end.
  2) Secured to wall next to TV monitor in meeting room to manage HDMI cable when not in use.
  3) Screwed underneath worksurface to provide quick and easy management of excess length of cords and cabling.

Cable & Wire Management



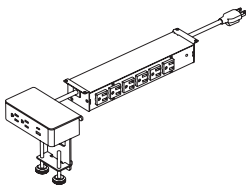
APWRMODEST36 or APWRMODEST48

Fabric Power Modesty (page 659)
- Fabric Power Modesty presents as modesty panel hanging by leather straps under a worksurface; inner compartment conceals cords and power strips as a wire management application.
- Recommended worksurface width pairings:
  1) 48-60"W Desk — Use APWRMODEST36 Centered.
  2) 66-72"W Desk — Use APWRMODEST48 Centered or APWRMODEST36 offset.
  3) 84"W Desk — Use APWRMODEST48 offset.
- Modesty fills 11.5 inches below the bottom of the worksurface with space for cords to enter/exit between the worksurface and the top of the Power Modesty.
- Two entry/exit points for cords are located at the bottom of the Power Modesty unit.
- Modesty panel is designed to present as a thin modesty panel from the front, but provides 3" depth cavity for wires, power strips, etc.
- Maximum weight capacity for Power Modesty is 25 lbs.
- Modesty panel not to be used to store electronics that require airflow for thermal management (computers).
- Users can access interior of panel (to modify wire placement) via "wings" on either side of product, secured via user-operable Velcro connection.
- Users may also dismount Power Modesty from leather straps by unlooping leather straps from button attachments.
- Leather straps on Power Modesty always come in medium brown color.
- Power Modesty available in Appoint, Binary, Centurion, Noble, Reflections, Disperse, and Spin fabric series.



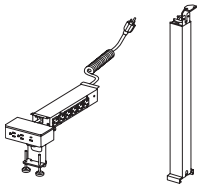
APWR4TAP

Power Module — Under Worksurface, Quad Tap (page 658)
- Under surface mounting, used on any worksurface with a 5" x 5" x 1.5" clearance.
- 10' Power cord. UL Listed.
- May be used in conjunction with Flip-Down Trough to reduce the number of cords routed from a worksurface to a beam.
- 4 receptacles, unit is black finish only, no specification needed.



FDPWRC, CFDPWRC, FDPWRSC, or CFDPWRSC

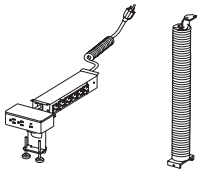
Concealed Power Module (page 658)
- Contains 5 simplex outlets, 1 USB-A, and 1 USB-C.
- Available in plastic or metal. Metal power module is required for Chicago code.
- Cord options include straight and curly.
  – Straight cord is 144"
  – Curly cord is 120"
- If desired application is to set power module inside an under worksurface trough, MUST be specified with SPLA-ALT-BEAMA (contact Allsteel TPG for more information).
- Cannot be attached directly to the bottom of the worksurface.



AABPWRMOD.AC.Q

AABPWRMOD.AC.S

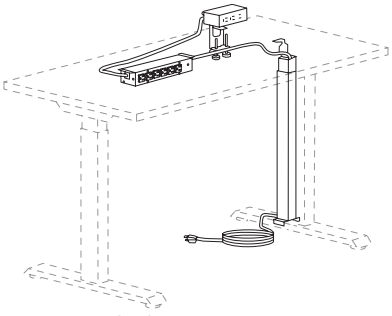
Power Module — Above/Below Worksurface (page 659)
- Above/Below power module provides access to power on the desktop and below the worksurface.
- Desktop mount can be used on any surface with a 6"W x 3"D clearance along the worksurface edge.
- Under surface mounting can be used with a 12"W x 3"D x 2"H clearance under the surface.
- Plugs will take additional depth (approx. 3").
- Two wire management "P-Clips" included with mounting hardware.
- Below worksurface power strip supplies six grounded A/C receptacles, desktop unit supplies two receptacles, 1 USB-A port, and 1 USB-C port.
- Desktop and under worksurface units are connected by a 2' long straight cord and cannot be disconnected.
- Power cord choices include a 6' straight cord or a coiled cord that is 6' long uncoiled, approximately 8" long coiled (compressed).
- Desktop unit available in White and Gray finishes.
- Under worksurface unit available in black only, no specification needed.
- UL 962A and UL 111 Listed. UL 1310 Recognized.



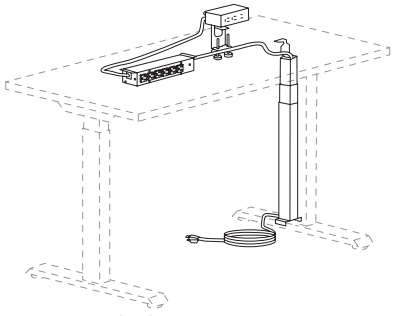
Cable & Wire Management

AHATPWRMOD2S or AHATPWRMOD3S

Metal Telescoping HAT Wire Management (page 660)

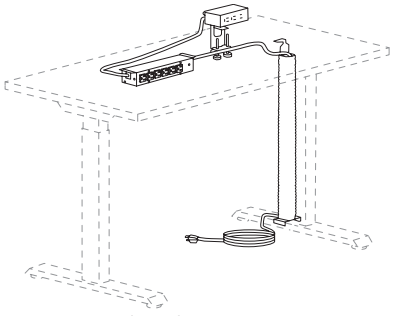


- Separate models available for use on either 2-Stage or 3-Stage Altitude A6 Tables. Not compatible with Altitude A3, A5, or A8.
- Equipped with 2-Stage or 3-Stage Telescoping Wire Chase and custom Above/Below Power Module intended for cord management on 2- and 3-Stage height adjustable tables.
- Telescoping chase includes a unique Above/Below Power Module and is NOT compatible with any other power module.
- Above/Below Power Module supplies 6 grounded A/C receptacles below the worksurface and 2 receptacles, 1 USB-A, and 1 USB-C port above the worksurface on the desktop unit. Desktop power module available in White and Gray finishes, below-worksurface power strip only available in black only.
- Telescoping Chase available in the same paint finishes as the Altitude height adjustable bases except for "Nickel."
- To match Metal Telescoping Chase to HAT base, specify matching paint color as HAT base. To match Telescoping Chase to a "Nickel" HAT base, specify "Platinum Metallic," or "PR2."
- Two "P-Clips" included for wire management between desktop power module and under worksurface power strip.



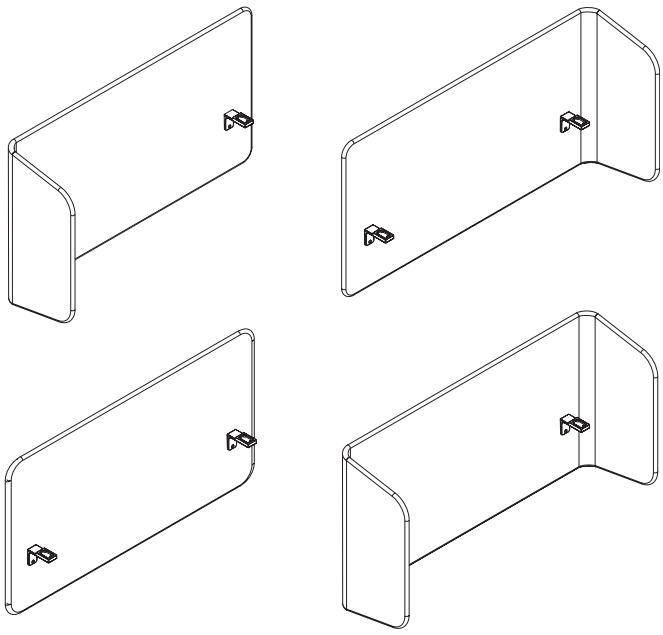
AHATPWRMODF

Fabric Elastic HAT Wire Management (page 660)

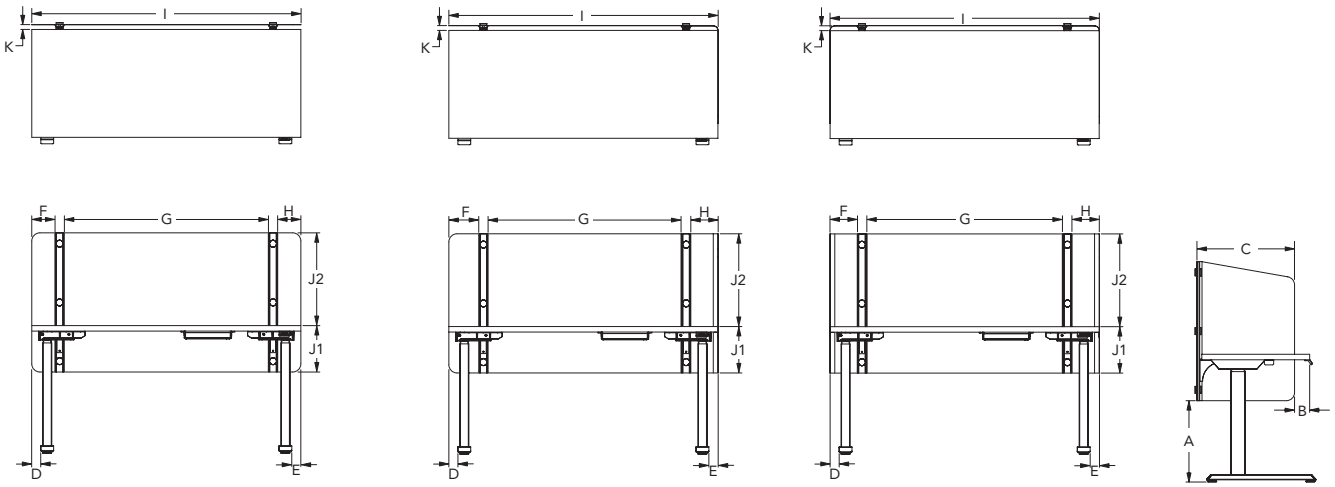


- Model compatible for use on either 2-Stage or 3-Stage Altitude A6 Tables. Not compatible with Altitude A3, A5, or A8.
- Equipped with Fabric Elastic Wire Chase and custom Above/Below Power Module intended for cord management on 2- and 3-Stage height adjustable tables.
- Fabric Elastic Chase includes a unique Above/Below Power Module and is NOT compatible with any other power module.
- Above/Below Power Module supplies 6 grounded A/C receptacles below the worksurface and 2 receptacles, 1 USB-A, and 1 USB-C port above the worksurface on the desktop unit.
- Desktop power module available in White and Gray finishes, below-worksurface power strip only available in black only.
- Fabric Elastic Chase available in Light, Medium, and Dark fabric finishes.
- Includes a metal foot and an under worksurface mounting bracket to attach Fabric Elastic Chase along the side of a HAT leg.
- To match metal brackets to HAT base, specify matching paint color as HAT base. To match brackets to a "Nickel" HAT base, specify "Platinum Metallic," or "PR2."
- Two "P-Clips" included for wire management between desktop power module and under worksurface power strip.

2-Stage Metal Telescoping HAT Wire Management



3-Stage Metal Telescoping HAT Wire Management



2 or 3-stage Fabric Elastic HAT Wire Management

*For more power and wire management options, please visit the **Extensions** pages.*

Screens

- See Table 1 for overall table width and depth for each screen shape.
- Adding a screen adds 3" to depth of the table.
- Adding a screen adds 1" to the width of the table per return wing.
- RH L-screens have return wing on user's right; LH opposite.
- When using a 24"D worksurface with Altitude screens, you must specify a T-foot.

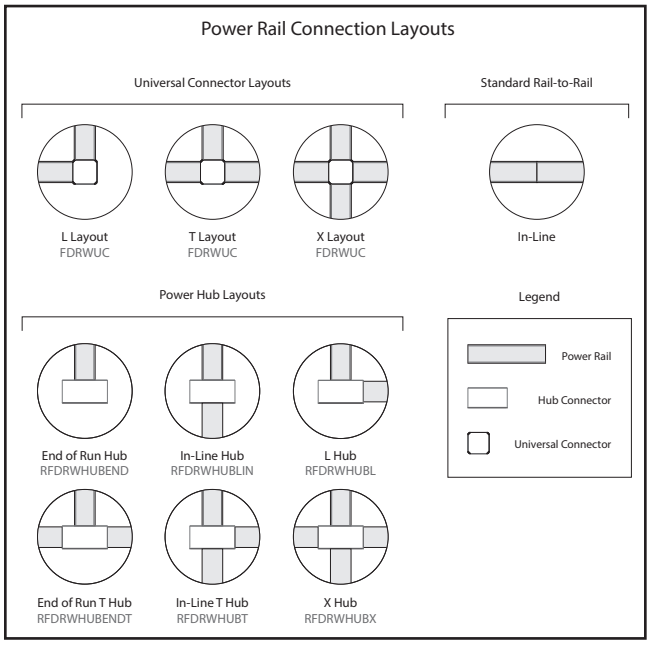
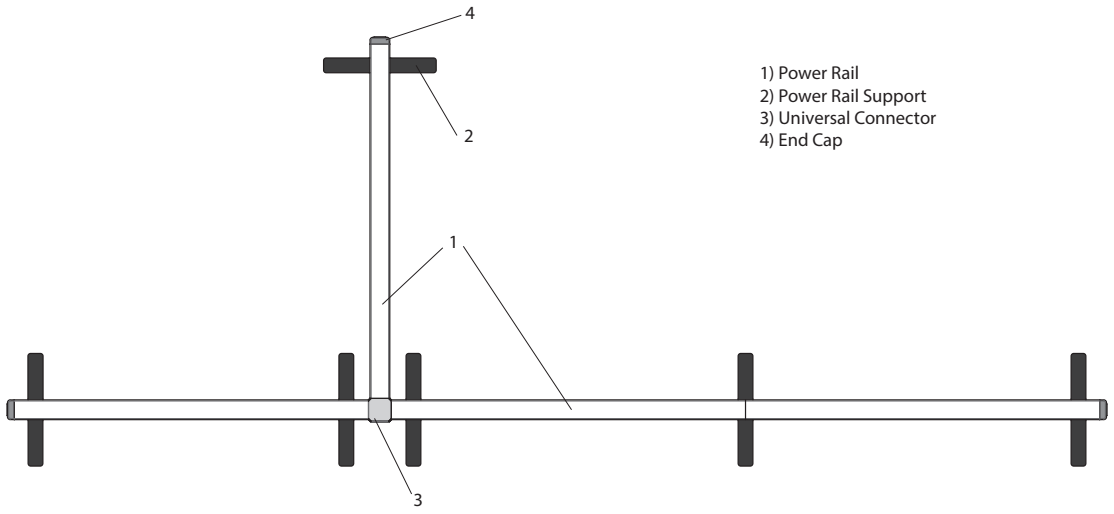
Altitude — Metal Screens (page 664)
- Powder coated magnetic metal privacy screen.
- Metal surfaces can be easily disinfected with cleaners. See cleaning guide for more details at AllsteelOffice.com.
- Available in all standard paint colors.
- Provides 1" gap along the back for accessory mount and cord drop.
- Available in 48"W, 54"W, 60"W, 66"W and 72"W.
- 66"W and 72"W screens include 3rd center bracket.
- Available in Straight, L- and U-shape configurations. Above and Above/Below desk applications.
- L- and U-Shape screens are not compatible with shrouded Height Adjustable Table legs.
- Optional tackable accessories specified separately.
- 66"W tackable accessory comes as a set of (2) 24"W.
- 72"W tackable accessory comes as a set of (2) 20"W.
- Available in standard and extended wings.
- Wings mount flush to the edge of the surface with an L-Bracket.
- 20"W tackable accessory must only be applied to both standard and extended wings without accessory slots.
- Wings are available with accessory slots that accept Radii Hot File, Side Saddle and Coat hook.
- Top slot can accept one Radii accessory.
- Bottom slot can accept a Coat hook and one other accessory.
- Accessories can hang on either side of the wing.
- TIP: If the Hot File is used in the top slot, it will block access for accessories in the bottom slot.
- Do not hang more than 5lbs of weight on wings.
- Screens are compatible with Radii undermount storage.
- Not compatible with standard 120-worksurfaces. Contact Allsteel TPG for custom sizes.
- When using a 24"D worksurface with Altitude screens, you must specify a T-foot.

Size Reference Matrix

Tackboards	Wing	48"W	54"W	60"W	66"W	72"W
Actual Dimensions	20"W	30"W	36"W	42"W	20"W	24"W
Set of Tackboards	1	1	1	1	2	2

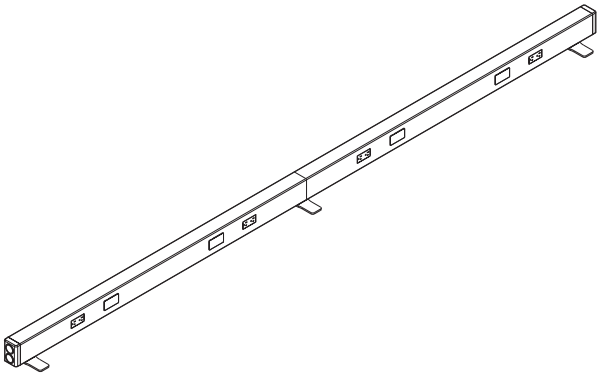


Accessories — Tackboard (page 665)
- Tackable accessories come with metal frame available in standard paint colors and fabric options.
- Attach to the screen using a dual lock tape (included in hardware).



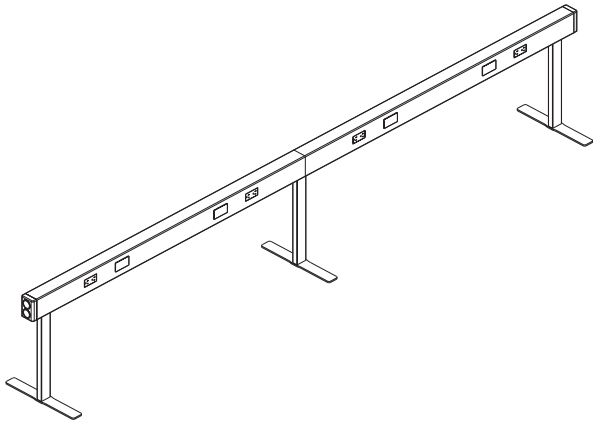
Accessories — Radii (page 665)
- Wings are available with accessory slots that accept Radii Hot File, Side Saddle and Coat hook.
- Top slot can accept one Radii accessory.
- Bottom slot can accept a Coat hook and one other accessory.
- Accessories can hang on either side of the wing.
- TIP: If the Hot File is used in the top slot, it will block access for accessories in the bottom slot.

Accessories — Further Worksurface Rail Mount (page 520)
- Accessory rail must be field cut to fit between the screen brackets.
- The following accessories are not compatible with screens: U9WTC and U9TM.



GENERAL OVERVIEW

- Accommodates power and lay-in capacity for data cables.
- Available in 48", 54", 60", 66", and 72" lengths.
- Maximum of 2 duplexes and 2 data ports per side of rail.
- Models come equipped with hardware for in-line connections.
- Fiber optic cables can follow 90 degree turns at the intersection of the power rails.
- Power harnesses snap into electrical brackets within the power rail and accept duplex receptacles.
- Electrical power harness accepts up to 2 duplex receptacles per side of rail.
- End caps are required at an end-of-run, unless connected to an end-of-run power pole or a hub.
- Power rail can be set low to the floor using the floor legs or raised off the floor at 20½"H with elevated legs.



1) Power Rail
2) Power Rail Support
3) Universal Connector
4) End Cap

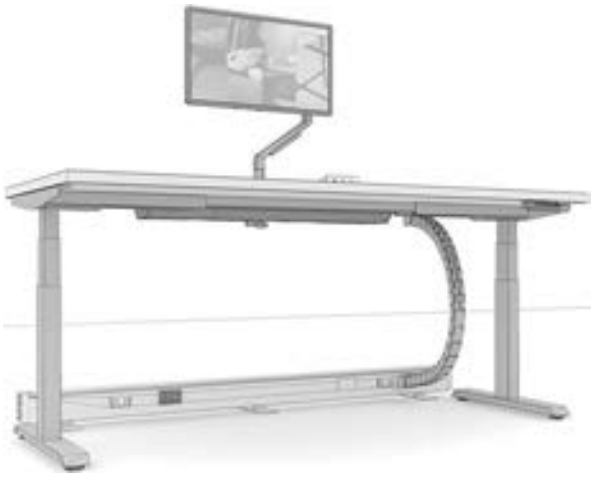
X-Configuration with Screens

WORKING WITH ALTITUDE POWER RAILS

Low Rail with Floor Legs:



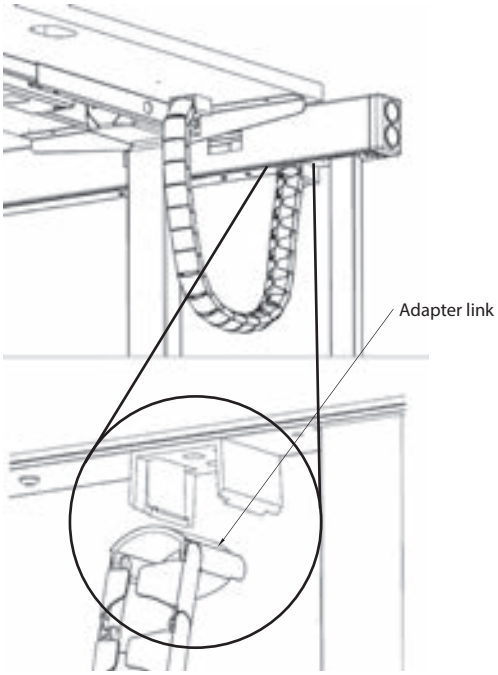
- Each power rail is supported by (2) floor legs.
- Floor legs have a leveling mechanism that can adjust up to 1¼"H.
- Legs are specified separately and come in qty of 1. Each leg is 7¼"D x 2¼"W.
- Leg is inset 2.8" from end of the power rail.
- Universal connector allows “L”, “T” and “X” configurations.
- Can connect directly to another power rail in linear applications without use of the universal connector.
- Cannot mount screens on the low rail.
- Power infeed can access the power rail in multiple ways:
  - through a receptacle position on the power rail (side infeed).
  - through the end cap on to the first power block.
  - through power pole using a power pole connector kit.

Raised Rail

- Power rails can be raised up to 20½"H using Elevated Legs and/or Hubs.
- Elevated Legs and Hubs can be used in conjunction to create the desired capability and aesthetic.
- Can be in Linear, L-, T- or X-configurations using Elevated Legs, Hubs or Universal Connector.
- Supports screens. See screens section for more details.
- Elevated Legs
  - Inset 2.8" from end of the power rail.
  - Can be shared in between the two rails in linear configuration.
  - Cannot route power and/or data.
  - Specified separately and come in qty of 1. Foot is included.
  - Leg is 15¼"D x 2¼"W x 17¾"H.
  - Order RFDRWAB separately to anchor to floor. Appropriate fasteners per floor type sourced locally.
- Support Hubs
  - Connect directly to the power rail.
  - Can be shared in between the two rails.
  - L-, T- and X-hubs can be shared in between power rails.
  - End of Run hub is only specified at end condition.
  - Can route power and/or data.
  - Can integrate power pole. Power Pole connector kit is specified separately and come in qty of 1. Foot is included.

Screens

- Constructed of painted steel material.
- Standard Allsteel paint options can be applied.
- Screen height is 20"H, provides overall height of 42"H above fixed floor.
- Painted steel is magnetic and cleanable. Refer to cleaning solutions page at Allsteel Office website.
- Attachment hardware included.



Altitude Desk + 60"W Low Rail + WKSWMC

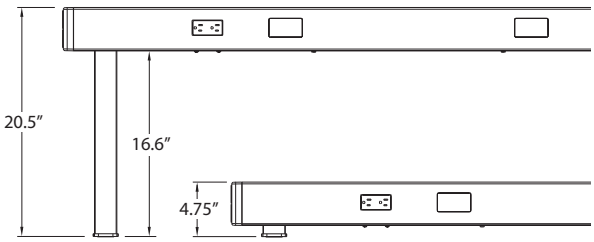
WORKING WITH CABLE MANAGEMENT

- Used to route and conceal power/data cables from control box and other devices. Includes all mounting hardware.
- Houses 6 cables @ 0.300" diameter.
- Specify WKSWMC for 58" chain. Only comes in Black Finish. Recommended for use with Low Rail.
- Specify A9CLWMC for 36" chain. Comes in Black, White and Silver. Recommended for use with Raised Rail.
- Links the power rail to a height adjustable desk.
- Has two connecting points: Top section connects underneath the Height Adjustable Desk and the bottom section connects underneath the power rail using a double-sided tape. Hardware included.
- When mounting the chain to underneath the rail, an adapter link is required. Included in the hardware.

Altitude Desk + 60"W Raised Rail + A9CLWMC

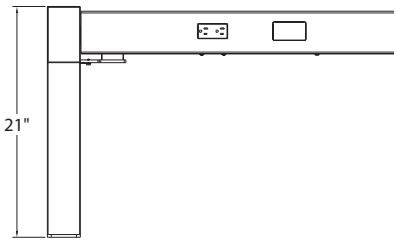
WORKING WITH POWER RAIL ELECTRICALS

General Notes about Electrical and Circuitry:



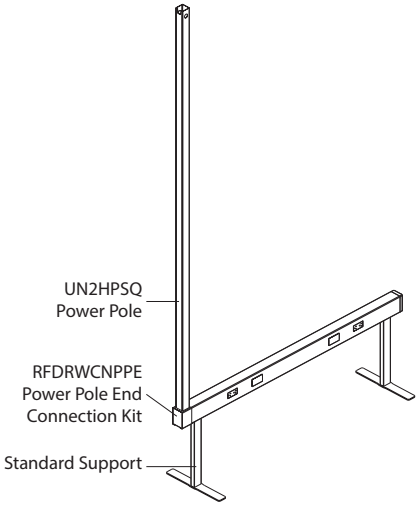
- Power Rail offers a choice of four electrical systems:
  - Four-circuit, 3 + 1
  - Four-circuit, 2 + 2
  - Three-circuit, separate neutrals
  - Eight circuits; two four-circuit systems provided back to back.
  - See Altitude Pricer section "Working with Electrical" for a detailed explanation of each electrical system.
  - All four systems utilize an 8-wire electrical system, rated at 20 amps.
- Per circuit (15 amps Canadian) — 16 amps plannable in U.S.
  - Power Rail and electrical components are UL Listed. Electrical
- Components are also CSA certified.
  - Installation and use of the electrical system, the number of receptacles.
- Used on a given circuit and connections to the building power supply.
- Should follow all local and national electrical codes.

Electrical Infeeds

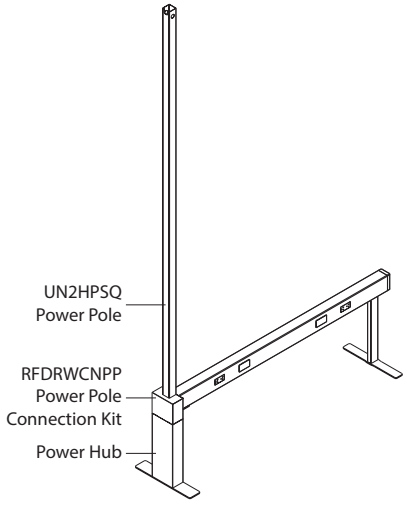


- Power infeed cables deliver power from building to panel's electrical system.
- Infeed cables are housed in conduit to separate electrical system from communications and data lines.
- Select quantity of base or ceiling infeed cables depending on individual power requirements.
- Refer to rail supports for infeed access points.

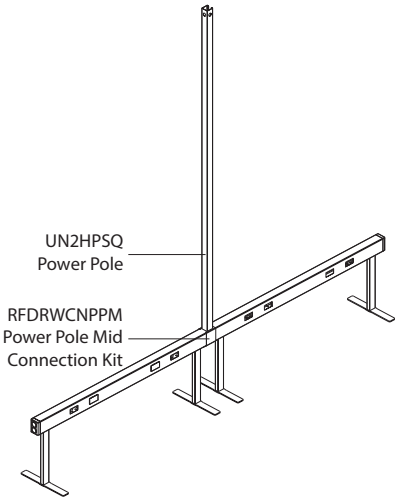
Routing Power



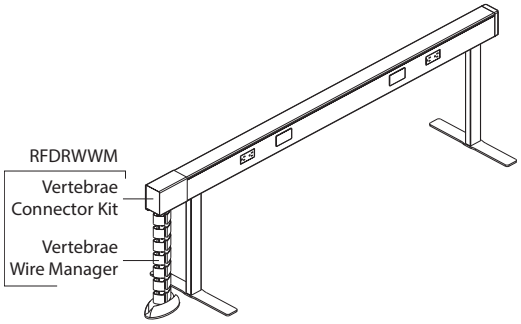
- Power infeed can access the raised power rail in multiple ways:
  - Through power pole using a power pole connector kit.
  - Through Support Hubs.
  - Through the infeed vertebrae.



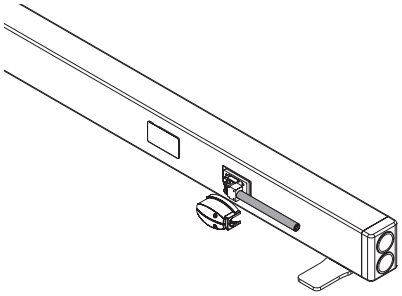
Raised Rail & Low Rail



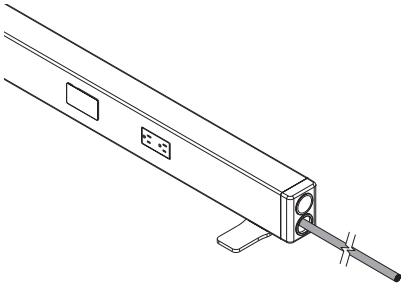
End of Run Hub



RFDRWCNPPE + UN2HPSQ
Connected to 60"W Rail



RFDRWHUBEND + RFDRWCNPP
UN2HPSQ connected to 60"W Rail



UN2HPSQ + RFDRWCNPPM

Connected to 60"W Rail through
Receptacle Knockout

A877012 Infeed
Connected to 60"W Rail through End Cap

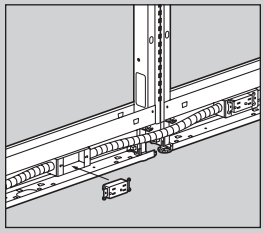
Electrical Systems

General Notes about Electric, Circuitry, and Chicago Code:

- Power Rail offers a choice of four electrical systems:
  - Four-circuit, 3 + 1
  - Four-circuit, 2 + 2
  - Three-circuit, separate neutrals
  - Eight circuits; two four-circuit systems provided back to back.
- See pages 644-645 for a detailed explanation of each electrical system.
- All four systems utilize an 8-wire electrical system, rated at 20 amps per circuit (15 amps Canadian) — 16 amps plannable in U.S.
- Power Rail and electrical components are UL Listed. Electrical components are also CSA certified.
- Installation and use of the electrical system, the number of receptacles used on a given circuit and connections to the building power supply should be in compliance with all local and national electrical codes.

Caution: Electrical equipment cords or extension cords MUST NOT BE ROUTED through cable openings in frame sides.

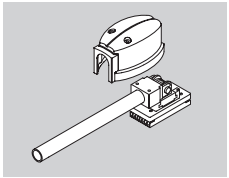
Note: No more than one conduit that is connected to a harness mounted to horizontal can be routed through the same cut out in the same horizontal at beltline. Attempting to use more will cause binding of conduit and may affect reveals on receptacles.



Hardwire New York Code (page 662)

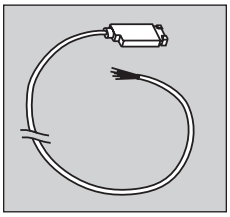
- Hardwire (New York Code) junction box (model A871400) is used when local electrical codes require hardwire entry.
- For use in panels 48"W to 72"W.
- Unit must connect to a power harness.
- Customer to furnish all cabling and wiring from power entry to power source.
- Junction box can be positioned at any duplex receptacle location.
- For NY infeed through the end cap:
  - Order 24" pass-thru harness with power block A871124.
  - Will not have power at first cut-out from infeed.
- For NY infeed through a power rail cut-out:
  - Order 48"-72" pass-thru harness with power block. *Harness width must match power rail width.*
  - Will not have power at cut-out location used for infeed.
- For any power rail not used for infeed, order standard electrical power harness.

Hardwire Chicago Code (page 663)



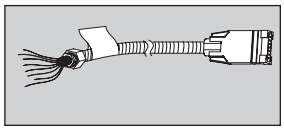
- Wiring harnesses and snap connectors are not allowed in Chicago — base pathways must be comprised of all-metallic components.
- The base pathway, junction box (model 873600) clips directly into receptacle locations and can be used both single- and double-sided.
- Customer must furnish conduit, wiring, and designer-type receptacles for the base pathway and conduit, wiring, designer-type receptacles, and receptacle covers for the beltline.
- Power entry can be routed from the floor into a junction box (model 873600).

Electrical Infeeds



- Power infeed cables deliver power from building to panel's electrical system.
- Infeed cables are housed in conduit to separate electrical system from communications and data lines.
- Select quantity of base or ceiling infeed cables depending on individual power requirements.

Base Infeed (page 662)



- Sealtight base pathway power infeed mounts into any receptacle position in the base pathway area.
- A heavy rubber sheathing shields conduit, allowing infeed to be exposed.
- A jumper is required to connect base pathway power to beltline.

Sealtight Electrical Infeed (page 662)

- Sealtight electrical infeed cable is used with footed panels.
- Should not be ordered prior to installation to have pre-wired as infeed must be routed from inside of panel out to be connected to power.
- Cannot be connected to power harness in panel frame that infeed is brought into unless additional pass-thru harness without power block is used to feed from below beltline to above beltline.

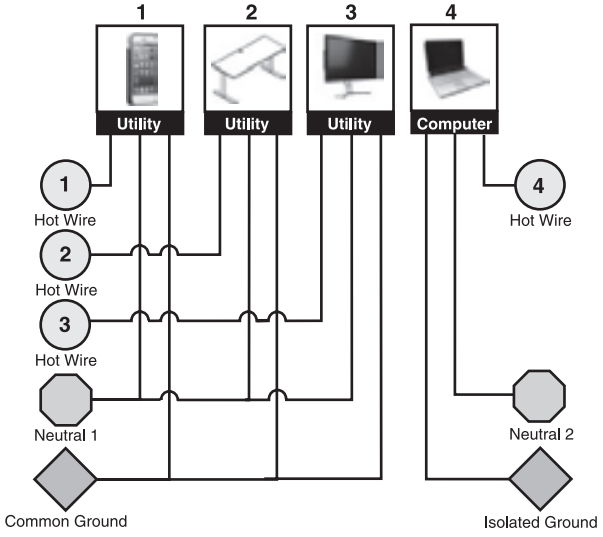
Power Infeed (page 662)

- Power infeed connects to a prewired electrical harness in the power rail.
- Most codes allow flex conduit to be exposed after installation. Verify code requirements before ordering for exposed application.

To Order:

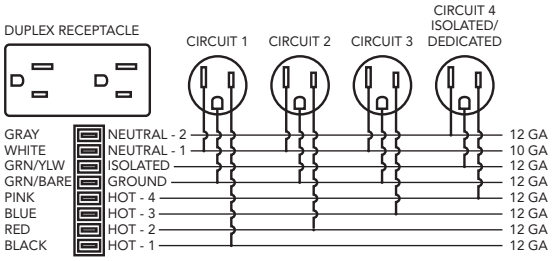
1. Determine which electrical system you will use after consulting your electrician and computer support personnel:
   - The Four-circuit system (4-Hot/2-Neutral/2-Ground)
     - 3 + 1 option
     - 2 + 2 option
   - The three-circuit system (3-Hot/3-Neutral/2-Ground)
   - The eight-circuit system (back-to-back four-circuit systems)
2. Determine location, quantity, and circuit of duplexes.
3. Determine the appropriate choice and use of isolated, isolated/dedicated, and separate neutrals circuits.
4. Specify appropriate power harnesses* and pass-thru cables.*
5. Determine the location, quantity, and type of power infeed needed.

* Select power harness models (A8712XX), with the last two digits corresponding with the panel width into which the component is to be positioned.
The initial cable length can be stretched approximately 3" to transverse "T", "X", "L", and extended straight connectors.



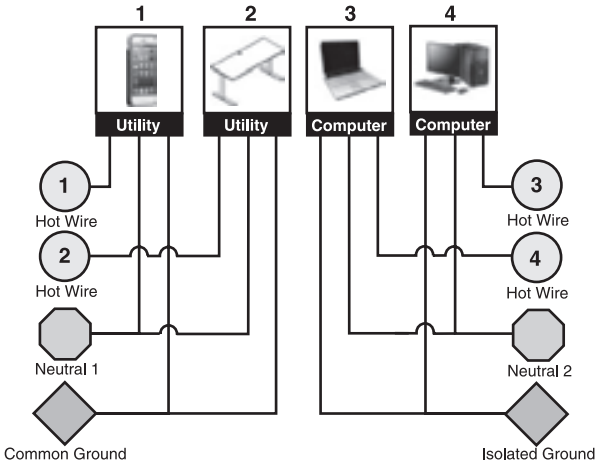
Flexconnect™ Electrical System Options

The four-circuit, eight-wire electrical system is widely specified and trusted by hundreds of thousands of end-users. This proven system delivers four circuits for every power infeed in either a 3 + 1 or 2 + 2 configuration. The isolated/dedicated circuits are ideal for sensitive computing equipment, while the common circuits are suitable for faxes, copiers, task lights and other peripherals. Both the 3 + 1 and 2 + 2 systems use the same pre-wired components, making it easy to adjust as electrical needs change.

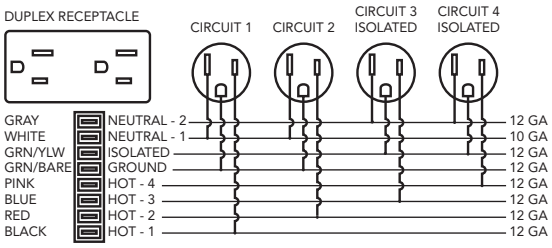


You can also choose a three-circuit, eight-wire system that has a dedicated neutral for every hot circuit. The three-circuit components have model numbers with an “A” suffix and appear in a gray box in this pricer.

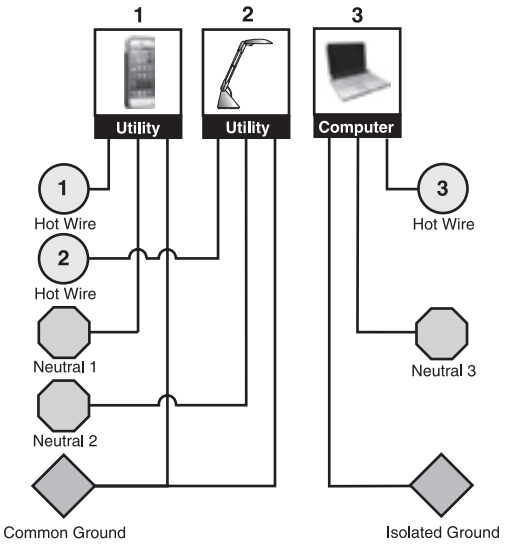
All three systems utilize an eight-wire electrical system rated at 20 amps per circuit (15 amps Canadian).



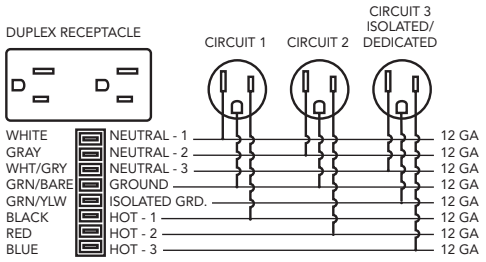
Four-circuit, 3 + 1 Receptacle Option



The 3 + 1 option is the electrical standard used on Allsteel systems for many years in most installations. This wiring option provides three utility circuits plus an isolated/dedicated circuit for more sensitive equipment. Circuit 2 (one of the 3 common circuits sharing a neutral wire) cannot be used with single-phase building electrical supply.



Four-circuit, 2 + 2 Receptacle Option



The 2 + 2 option is a wiring option that provides two utility circuits and two isolated circuits for more extensive computer usage applications.

Three-circuit, separate neutrals

The three-circuit, separate neutrals configuration is a wiring option that provides separate neutrals for each of the three circuits. Two circuits share a common ground, and one circuit is isolated/ dedicated. The three-circuit components have model numbers with an "A" suffix.

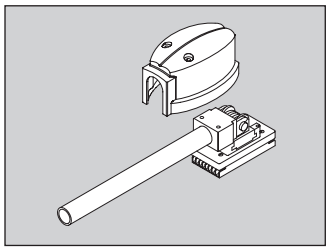
Altitude System Receptacle Usage

Two 8-wire, 20 amp (15 amp Canadian) electrical systems are offered					
Electrical System	Circuitry	Receptacle Capacity			
Four-circuit 4-Hot/2-Neutral/2-Ground	**3 + 1**	Common Circuit-1 **A873501**	Common Circuit-2 (1) **A873502**	Common C ircuit-3 **A873503**	Iso/Dedicated Circuit-4 **A873504**
	2 + 2	Common Circuit-1 **A873501**	Common Cir- cuit-2 **A873502**	Isolated Circuit-3 **A873506**	Isolated Circuit-4 **A873504**
Three-circuit 3-Hot/3-Neutral/2-Ground	**w/separate neutrals**	Common Circuit-1 **A871501A**	Common Circuit-2 **A871502A**	Iso/Dedicated Circuit-3 **A871503A**	N/A

(1) Circuit 2 (one of the 3 common circuits sharing a neutral wire) cannot be used with a single-phase building electrical supply.

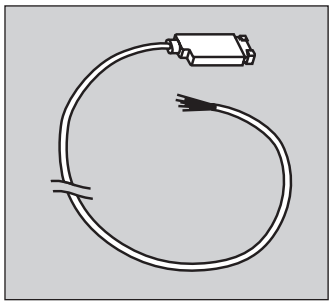
Notes:

- Four-circuit components and three-circuit components (with suffix "A") cannot be used together.
- Components of the two systems are keyed differently to prevent components of one system being connected to components of another system.
- Allsteel model numbers are printed on the UL labels, and components are color-coded to provide visual identification of the different components.
- Four-circuit components have black plastic parts.
- Three-circuit components have rust-colored terminal ends and receptacle backs are rust-colored.



Duplex Receptacle

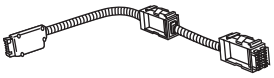
15 amp receptacle



Infeeds

- Power infeed cables deliver power from building to Power Rail's electrical system.
- Infeed cables are housed in conduit to separate electrical system from communications and data lines.
- Select quantity of infeed cables depending on individual power requirements.

Base Infeed:

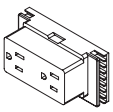


- Sealtight base pathway power infeed mounts into any receptacle position in the power rail housing.
- A heavy rubber sheathing shields conduit, allowing infeed to be exposed.

Sealtight Electrical Infeed:

- Sealtight electrical infeed is used for power entering through the end cap.
- Should not be ordered prior to installation to have pre-wired as infeed must be routed from inside of the power rail out to be connected to power.

Power Harness



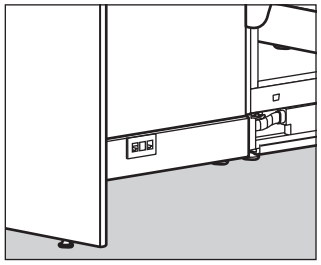
Electrical power harnesses are used to distribute power in the power rail. **Power blocks** on electrical power harness accept duplex receptacles.

- Electrical power harnesses are used to distribute power in Power Rails. Harnesses must be installed in each power rail housing.
- Specify harness length to match rail housing length. Each power harness accepts four duplex receptacles (two on each side of power rail housing).
- Connectors at both ends of power harnesses allow power distribution in either direction.
- Harness power blocks snap directly onto brackets in power rail housing.

Power Blocks

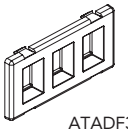
- Power blocks snap directly onto brackets in the power rail and accept receptacles (sold separately) on each side of harness.

Duplexes



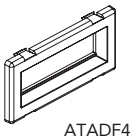
Duplex Receptacles

Receptacle Color Recommended to Coordinate with Paint Color



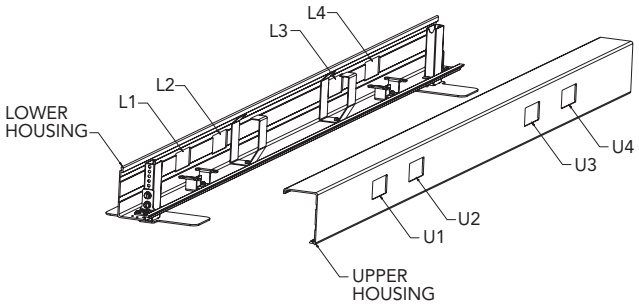
Paint Color	Receptacle Color
Champagne Metallic — PR5	Muslin — EU
Cinder — P7Q	Brownstone — EY
Fossil — P28	Flint — E9
Gunmetal Metallic — PR3	Brownstone — EY
Platinum — PR2	Loft — EV
Platinum Metallic — P42	Silver — E5
Salt — P8C	Silver — E5
Titanium — P8T	Silver — E5

- Duplex receptacles snap into power blocks of power harnesses.
- Duplexes are available in multiple colors. See inside front cover for finishes.
- Each receptacle is labeled to indicate which circuit it will be connected to: 1, 2, 3 or 4.
- Duplexes are model specific to support either 3 + 1 and 2 + 2 electrical infeed; or have an "A" suffix and are designed to support a three-circuit separate neutral electrical infeed.
- At least one duplex must be installed in upper housing side of rail housing assembly (see page 648, "Working with Electrical and Data").



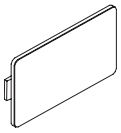
Data

Voice/Data Receptacle



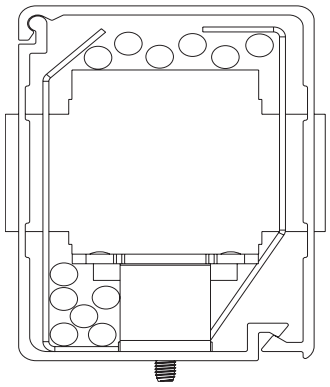
ATADF3

ATADF4



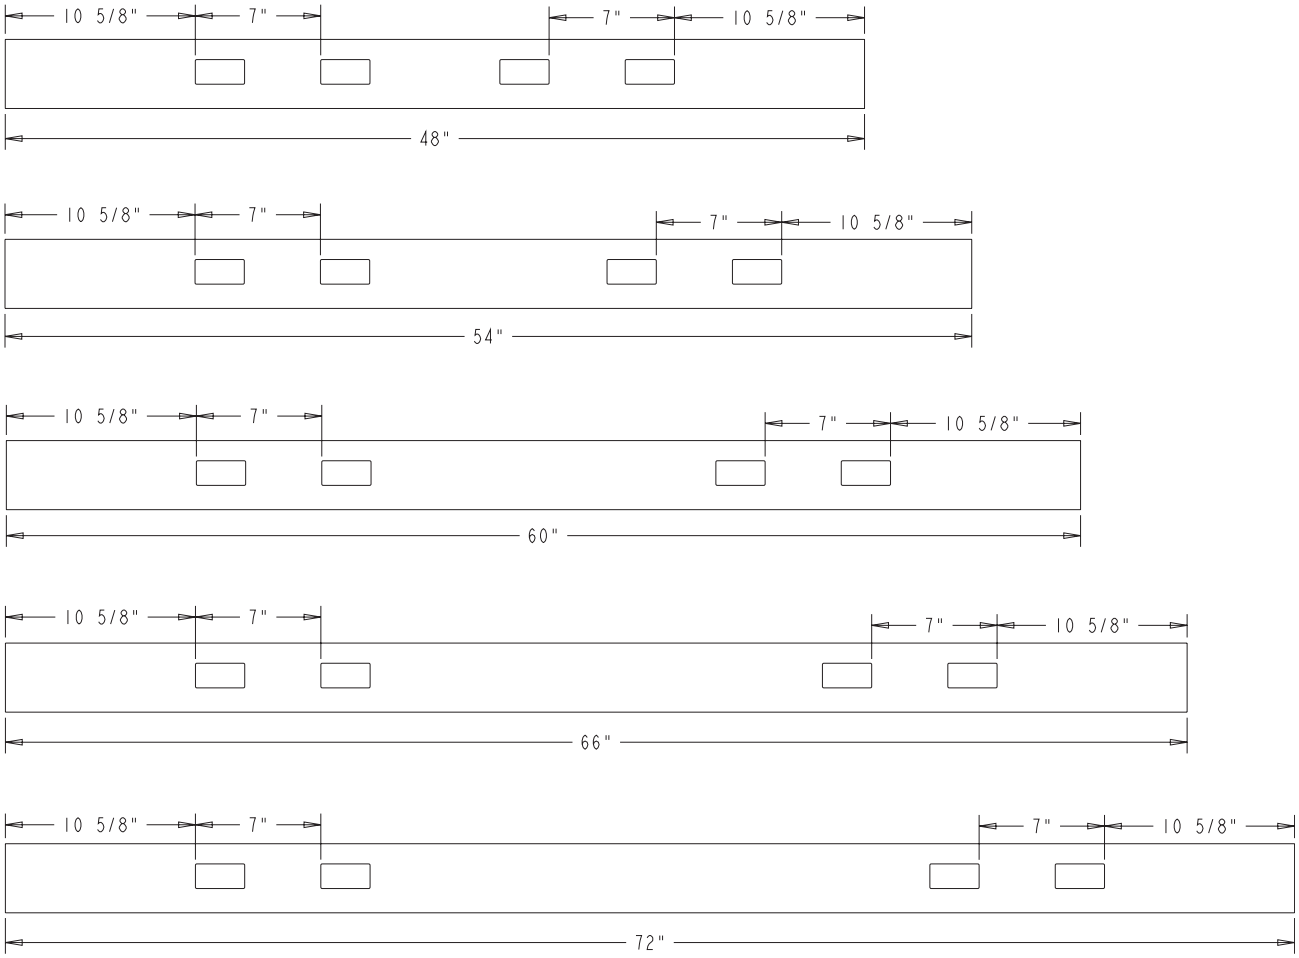
Data Faceplates:

- Fit into data port openings in Power Rail Housing.
- Due to rail housing depth, data modules should not be used back-to-back.



- Ports 1 and 4 accept duplexes, port covers and base infeeds.
- Ports 2 and 3 accept data and port covers.
- Either U1 or U4 must always contain a duplex.
- Data cannot be back-to-back (data in L2 + U2 or L3 + U3 combinations are not permitted).

Port Cover

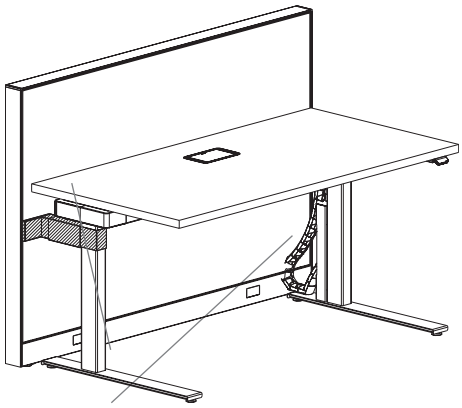


- Port covers must be used where no duplex or data faceplate is present.
- Fits into Power Rail port locations in place of duplex receptacles and data faceplates.
- Does not fit into port sizes of other product lines.

Cable Capacity

- The power rail housing allows continuous voice and data lines to run without interruption.
- Lay-in is provided for environments where systems furniture or cabling are subject to frequent change.
- Lower cavity allows 6 voice/data cables (¼" dia).
- Upper cavity lay-in allows 6 voice/data cables (¼" dia).

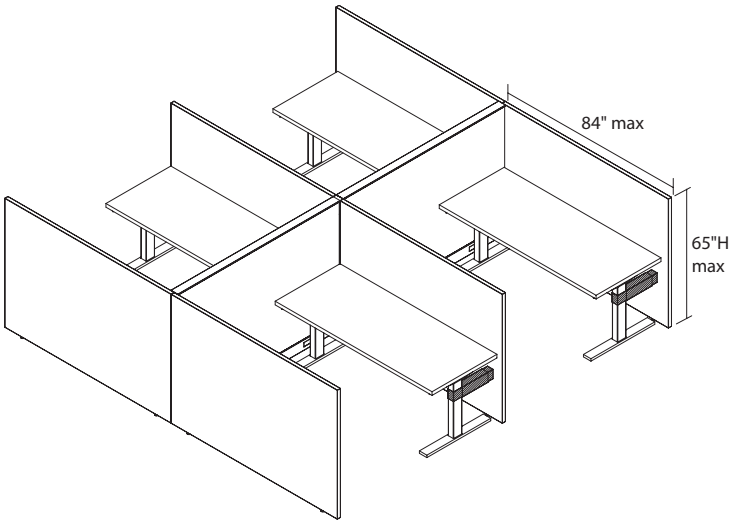
Power Rail Receptacle Locations



- For example, in a four-circuit system:
  Circuit 1 — calculators, fans, etc.
  Circuit 2 — task lights (could be wired to wall switch)
  Circuit 3 — CRT or flat screen monitors
  Circuit 4 — CPUs
- Use circuit 4 for power-sensitive electronic equipment.

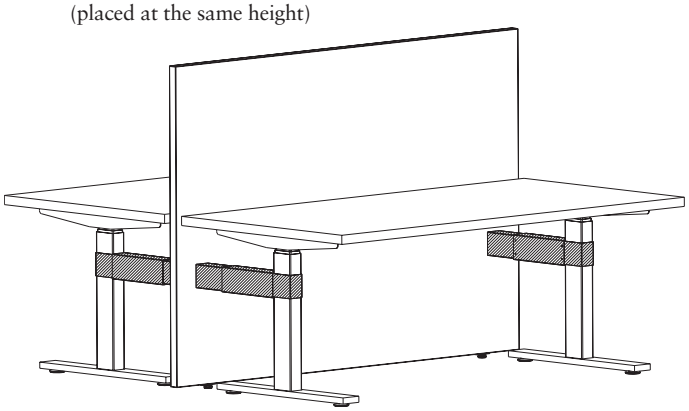
Placement of pedestals and lateral files may render some duplex locations inaccessible. Pedestal placement may also affect compatibility with pull-up receptacles.

HAT to Panel Brackets



Height Adjustable Table Tie-In Brackets (Gallery Panels)

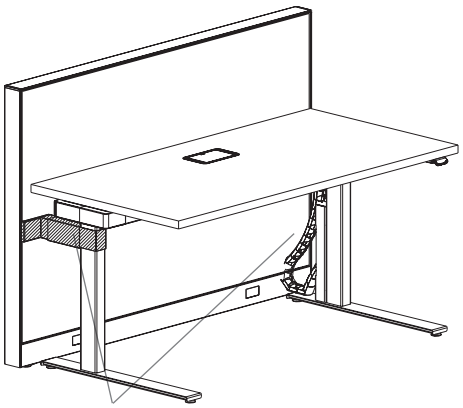
- Improves panel rigidity. Does not function as a panel stability solution.
- AGBKT to be specified for connection to a T leg HAT
- AGBKC to be specified for connection to a C leg HAT
- Reusable mounting template is required and must be ordered separately (AGBKTMP).
- Brackets telescope to account for 24" and 30" worksurface depths and screen attachments.
- A6 C legs with a 30"D worksurface and a screen must be specified with T leg brackets
- Can be used with Altitude MAX bases when attaching to Gallery panels or Fit panels.
- Height adjustable table brackets must be installed to both sides of the panel to substitute for a return panel in a dual-sided panel bench application. When a single bracket is connected to a wing panel as shown in the 4-pack image, the HAT bracket can substitute for a return panel.
- Freestanding panel can be connected to height adjustable table if it is supported by HAT brackets on both sides of the table and panel spine.



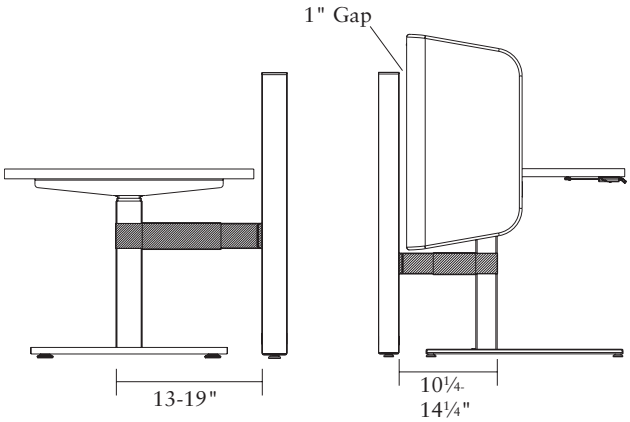
Note: Wire chain cannot be installed on the same leg as a HAT tie-in bracket.

SINGLE BRACKET
Gallery Panel Application:
Max Height (with Glass): 65"H
Max Width: 75"W; No top size restrictions

DUAL SIDED PANEL BENCH
Gallery Panel Application:
Max Height (with Glass): 65"H
Bracket Needed: Single Panel (75" max) with Brackets on each leg (placed at the same height)



Freestanding Gallery Panel Application

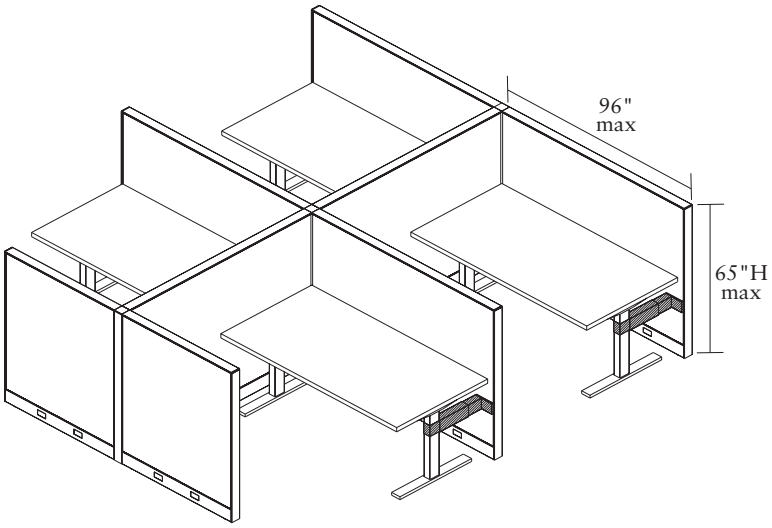


HAT to Panel Brackets

Height Adjustable Table Tie-In Brackets (Optimize, Stride, and Terrace)

- Improves panel rigidity.
- ABKTL to be specified for connection to a LH T-leg HAT
- ABKTR to be specified for connection to a RH T-leg HAT
- ABKCL to be specified for connection to a LH C-leg HAT
- ABKCR to be specified for connection to a RH C-let HAT
- Brackets mount into slotted standard.
- Brackets telescope to account for 24" and 30" worksurface depths and screen attachments.
- A6 C legs with a 30"D worksurface and a screen must be specified with T leg brackets
- NOT compatible with Altitude MAX bases
- Height adjustable table brackets must be installed to both sides of the panel to substitute for a return panel in a dual-sided panel bench application. When a single bracket is connected to a wing panel as shown in the 4-pack image, the HAT bracket can substitute for a return panel.
- Freestanding panel can be connected to height adjustable table if it is supported by HAT brackets on both sides of the table and panel spine for A8, A3, and A6.
- Dual sided A5 tables cannot support a freestanding panel. (A5 was discontinued on 12/31/2020)

Note: Wire chain cannot be installed on the same leg as a HAT tie-in bracket.



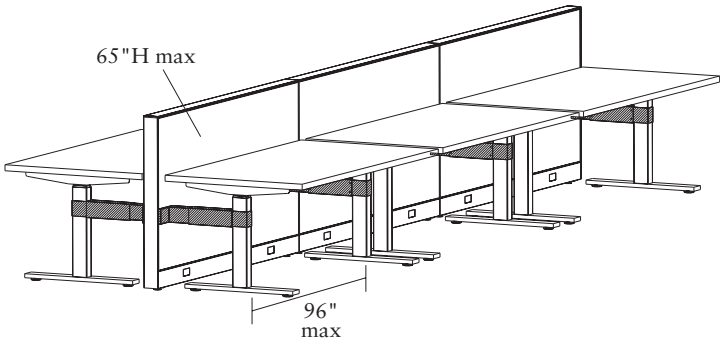
SINGLE BRACKET

Systems Application:

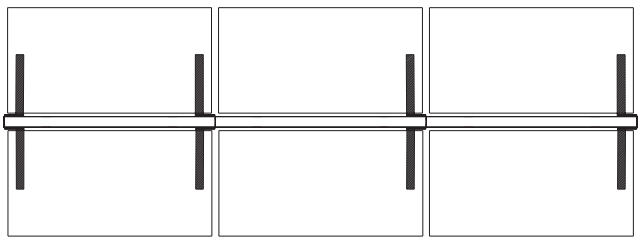
Max Height (with Glass): 65"H

Max Width: 96"W; Note: tops greater than 72"W will not align.

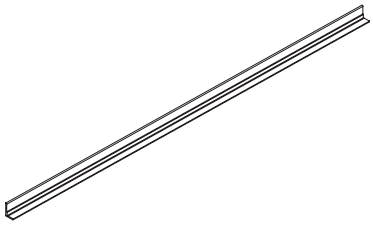
Overheads cannot be used without return panel



DUAL SIDED PANEL BENCH



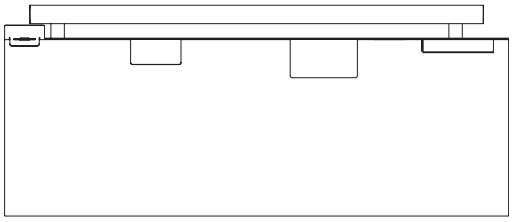
Systems Application:



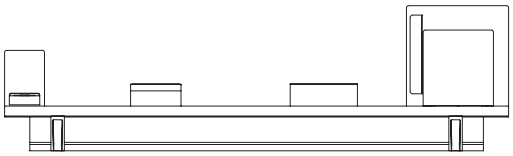
Max Height (with Glass): 65"H

Bracket Needed: Every 96" on both sides (placed at the same height). Note: tops greater than 72"W will not align.

Overheads cannot be used without return panel



Rail Accessories



Side View

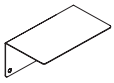
Top View

Phone/ Tablet Stand | Pencil Holder | Rail Mounted Shelf | Vertical Paper Tray

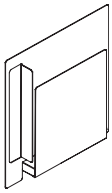
Front View

Worksurface Mounted Rail (page 520)
- Aluminum extrusion designed to mount to flat edge worksurfaces. Comes with rail and hardware for mounting.
- Mounted rail extends ¾" on underside of worksurface which may interfere with the mounting of storage and screens.
- Widths available for Altitude tables 12" through 66" in 6" increments. Can pass across seams of ganged worksurfaces in tethered applications.
- Passes behind worksurface bracket on tethered applications.
- For freestanding applications rail should be 6" shorter than worksurface (i.e. 54" rail for 60" worksurface).

Rail Mounted Accessories

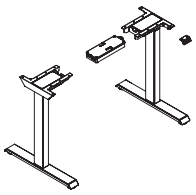


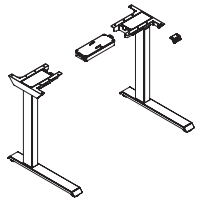
Not recommended for use on panel systems with attached worksurfaces due to fit up issues created with worksurface and panel. Adding accessory rail shifts worksurface — 3/16" away from panel along that edge. Forcing worksurface into place crushes fabric tile and with tiles of other material (steel, marker board, etc) is likely to scratch, dent, or otherwise damage tile during installation.

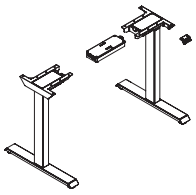


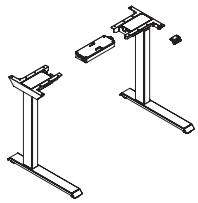
U9TM Phone/Tablet Stand (page 520)
- 6⅝"H x 4¾"W and angles back 1¾".
- Has a ¼" x 1" slot in bottom flange to allow for routing cables. Requires 1¾" space behind worksurface edge in order to be used.

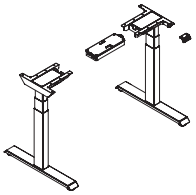
U9TP Pencil Holder (page 520)
- 2⅝"H x 6"W x 3"D.
- Holds approximately twenty #2 pencils.

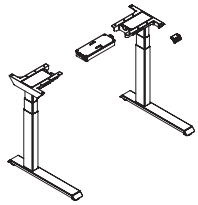






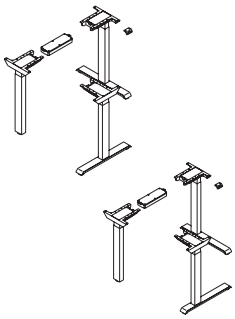






U9TS Rail Mounted Shelf (page 520)
- 8"W x 4½"D and sits 2⅝" higher than top of worksurface.
- Holds up to 8 pounds.

U9TF Vertical Paper Tray (page 520)
- Sits 12"H x 1½"W x 12"D from back of worksurface.
- Folder front stands 9" high from worksurface top, 1¼" space holds about 280 sheets of copy paper.



U9WTC Cord Organizer (page 520)
- Can attach to both bottom of worksurface or slides into rail.
- 4"W x ⅞"D, made from sheet metal.
- Top sits flush with worksurface if mounted to worksurface.
- 4 cable cut outs: 2 – .250" diameter and 2 – 0.147" diameter; .250" diameter cut outs are centered between the .147" diameter cut outs.

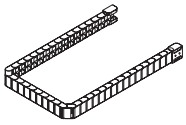
AJTRGH24

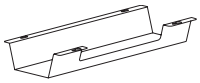
Description	Model	List Price P1	P2	P3
Cable Management Trays				
24"W	**AJTRGH24** S	$ 132	$ 147	N/A
36"W	**AJTRGH36** S	$ 158	$ 175	N/A



- Available in 24" or 36" widths.
- Available in all Grade P1 and Grade P2 paint finishes for Altitude Bases with the exception of Night Bronze (P8B). Specify desired finish.
- *Example: AJTRGH24.PJW*

AWRSTRIP

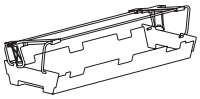
Wire Management Strips/Channels				
	AWRSTRIP S	$ 290	N/A	N/A



- Four wire management strips/channels in black only, no specification needed.
- *Example: AWRSTRIP*

WKSWMC

Wire Management Chains				
36"	**A9CLWMC** S	$ 395	N/A	N/A
58"	**WKSWMC** S	$ 473	N/A	N/A



- Specify model A9CLWMC for 36" chain, specify model WKSWMC for 58" chain.
- A9CLWMC available in Black (E4), White (DW), or Silver (TI).
- WKSWMC available in Black only, no specification needed.
- *Example: A9CLWMC.DW or WKSWMC*

APWRTRGH17

Under Worksurface Troughs				
17"W	**APWRTRGH17** S	$ 117	N/A	N/A
36"W	**APWRTRGH36** S	$ 203	N/A	N/A

- Available in 17" or 36" widths.
- Under Worksurface Troughs available in Black only, no specification needed.
- *Example: APWRTRGH17*

AFDTRGH20

Flip-Down Wire Management Trough				
20"W	**AFDTRGH20** S	$ 253	N/A	N/A
32"W	**AFDTRGH32** S	$ 461	N/A	N/A

- Available in 20" or 32" widths.
- Flip-Down Troughs available in Black only, specify "P" for Black.
- *Example: AFTRGH20.P*

AWIRECLT

Metal Wire Cleat				
	AWIRECLT S	$ 406	$ 422	$ 428

- Available in standard metal paint finishes, see page 624 for options and specify desired finish.
- *Example: AWIRECLT.PJW*

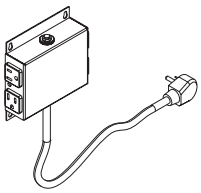
How to specify —

Select the Model Number from above.

1st Option:

Paint
(if applicable):

See page 624 for finishes.

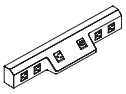


Plastics
(if applicable):

DW White
TI Silver
E4 Black

Examples: **AJTRGH24.PJW** **A9CLWMC.DW** **AWIRECLT.PR6**

S *Shippable by small-package carrier.*



For specification information see page 632.

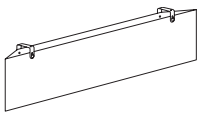
APWR4TAP

Description	Model	List Price
Power Module — Under Worksurface, Quad Tap		
7"W x 12"D x 3"H	**APWR4TAP** S	**$ 490**

- 4 receptacles.
- 10' Straight cord only, no specification needed.
- Available in Black only, no specification needed.
- *Example: APWR4TAP*

FDPWRC

Concealed Power Module		
Corded, 1 USB-A, 1 USB-C	**FDPWRC** S	**$ 821**
Corded Chicago Code, 1 USB-A, 1 USB-C	**CFDPWRC** S	**$ 1400**
Spiral Cord, 1 USB-A, 1 USB-C	**FDPWRSC** S	**$ 865**
Spiral Cord Chicago Code, 1 USB-A, 1 USB-C	**CFDPWRSC** S	**$ 1435**



- FDPWRC is plastic, straight cord unit with 4 receptacles, 1 USB-A and 1 USB-C port.
- CFDPWRC is metal, straight cord Chicago Code unit with 4 receptacles, 1 USB-A and 1 USB-C port.
- FDPWRSC is plastic, coiled cord unit with 4 receptacles, 1 USB-A and 1-USB-C port.
- CFDPWRSC is metal, coiled cord unit with 4 receptacles, 1 USB-A and 1 USB-C port.
- Available in Storm (STRM) only, specify Storm.
- *Example: FDPWRC.STRM*

How to specify —	*1st Option:*
Select the Model Number from above.	**Paint** *(if applicable)*: **STRM** Storm

Examples: **APWR4TAP** **FDPWRC.STRM**

S *Shippable by small-package carrier.*

For specification information see page 632.

Fabric Power Modesty			
	APWRMODEST36 S	**$ 1246**	**$ 1286**
	APWRMODEST48 S	**$ 1349**	**$ 1394**

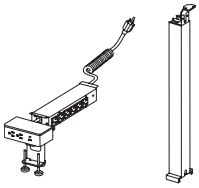
- Available in Appoint, Binary, Centurion, Noble, Reflections, Disperse, and Spin panel fabric series.
- Specify desired fabric.
- *Example: APWRMODEST36.NBLE16*

How to specify —	*1st Option:*
Select the Model Number from above.	**Fabric** *(if applicable)*: See page 17 for fabrics.
_____ .	___

Example: **APWRMODEST36.NBLE16**

AABPWRMOD.AC.S

Description	Model	List Price
Power Module — Above/Below Worksurface		
8¼"W x 16"D x 4½"H	**AABPWRMOD** S	**$ 1323**

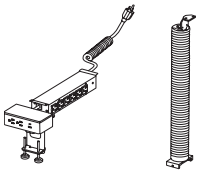


- Desktop unit includes 2 receptacles, 1 USB-A, & 1 USB-C (AC).
- Under worksurface unit include 6 receptacles.
- Power cord choices include a 6' Straight cord (S) or Coiled cord (Q).
- Desktop unit available in White (DWT) or Gray (DGY).
- *Example: AABPWRMOD.AC.S.DWT*

How to specify —	*1st Option:*	*2nd Option:*	*3rd Option:*
Select the Model Number from above.	**Ports** *(Final port option if applicable)*: **AC** USB-A+C	**Cord Type** *(Power Module cord type if applicable)*: **S** Straight Cord **Q** Coiled Cord	**Color Option** *(if applicable)*: **DWT** White **DGY** Gray
AABPWRMOD .	AC .	.	

Example: **AABPWRMOD.AC.Q.DWT**

S *Shippable by small-package carrier.*



For specification information see page 633.

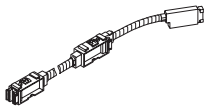
AHATPWRMOD2S or AHATPWRMOD3S

Description	Model		List Price P1	P2	P3
Metal Telescoping HAT Wire Management					
	AHATPWRMOD2S	S	$ 1731	$ 1777	$ 1799
	AHATPWRMOD3S	S	$ 1765	$ 1815	$ 1838

- AHATPWRMOD2S pairs with 2-stage HAT bases.
- AHATPWRMOD3S pairs with 3-stage HAT bases.
- Desktop power module comes with 2 receptacles, 1 USB-A, and 1 USB-C port only, specify "AC" for this power configuration.
- Desktop power module available in White (DWT) or Gray (DGY) finishes, specify desired finish.
- Under worksurface power strip comes with 6 receptacles and is available in Black only, no specification needed.
- Metal Telescoping Chase available in the same paint finishes as Altitude HAT bases, specify desired paint finish.
- *Example: AHATPWRMOD2S.AC.DWT.PJW*

AHATPWRMODF

Fabric HAT Wire Management					
	AHATPWRMODF	S	$ 1583	$ 1614	$ 1629



- AHATPWRMODF pairs with 2-stage and 3-stage HAT bases.
- Desktop power module comes with 2 receptacles, 1 USBA, and 1 USB-C port only, specify "AC" for this power configuration.
- Desktop power module available in White (DWT) or Gray (DGY) finishes, specify desired finish.
- Under worksurface power strip comes with 6 receptacles and is available in Black only, no specification needed.
- Fabric HAT Chase available in three fabric finishes of Light (LGT), Medium (MDD), and Dark (DRK), specify desired fabric finish.
- Fabric HAT mounting brackets available in the same paint finishes as Altitude HAT bases, specify desired paint finish.
- *Example: AHATPWRMODF.AC.DGY.LGT.PR5*

How to specify —	*1st Option:*	*2nd Option:*	*3rd Option:*	*4th Option:*
Select the Model Number from above.	**Ports** *(Final port option if applicable)*: **AC** USB-A+C	**Power Module Color Option** *(if applicable)*: **DWT** White **DGY** Gray	**Fabric Chase Finish** *(if applicable)*: **LGT** Light **MDD** Medium **DRK** Dark	**Metal Paint Option** *(if applicable)*: See page 624 for finishes.

In the open plan, organizations are looking for ways to create spaces to flex with the needs of teams. Daybook creates division and collaboration for adjacent neighborhoods. Inserts can be customized to team needs — from a place to brainstorm to a celebration of project milestones. As teams change and new "neighbors" are added, the partition can be reconfigured to meet the needs of today and tomorrow.

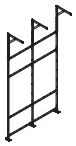
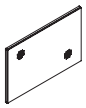
Bookcase			X



Daybook is a furniture partition product, not a structural wall. It cannot support a door or other wall elements. It is anchored to the floor and ceiling/deck (or customer-provided structure) at the top and bottom of each vertical. When installing in a seismic zone, it is up to the trade partner (dealer/installer) managing the site to assess what is needed to be compliant with local codes.

Neighborhood Division
Creates neighborhood division by visibly *dividing space* and *harnessing local collaboration*. Permeable privacy is created through open-air inserts and a floor-to-ceiling design.

Team Culture
Drive team culture through *user choice* and *ownership* of product/space. A variety of materials and finishes enables designers to give teams their own flair and function without straying from corporate standards. The product can be a shared resource, but intuitively can feel owned by groups due to location or application.



Flexible Design
Daybook's flexible design allows it to be used in an *adaptive workplace*. Meaningful applications exist throughout the office; complementing different team and individual settings. Inserts and accessories can be easily swapped out to adjust to changes in team needs.

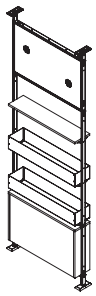
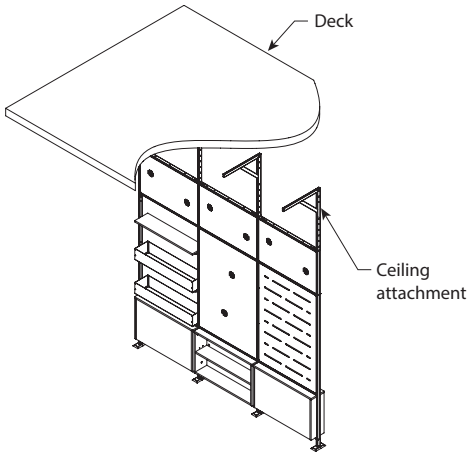
Frame (page 674)
- Frame is available in standard finishes.
- Recommended 5-6 sections per run (1 base frame, 3-4 frame extensions). Maximum run will depend on slope of floor. Floor must have less than 2" of height variance across the total run of the Daybook partition. Failure to meet this requirement could cause lack of stability resulting in product damage, property damage, or serious bodily injury.
- Every 36" requires ceiling attachment and floor attachment, these attachments come with NHBRHDFRM (base frame) and NHBRHDFRMEXT (frame extension) for simple specification. Hardware not included.
- Hardware finish is always black.
- Linear configurations only. Any configurations needing non-linear runs will need to be separate units on either side of the turn and will not be ganged or connected to each other.
- To add frame extensions after initial installation, you must disassemble frame and add extension pieces to the middle (NHBRHDFRM will always be on outside).

Ceiling Attachment (page 674)
- Attachment brackets ship with frame. Hardware is not included.
- Matches frame color specification.
- Ceiling brackets can be positioned on either side of the partition.
- Above ceiling bracket can mount directly to deck, but can also be mounted to built-out ceiling structure.
- Hardware is not included. Fasteners will vary depending on ceiling construction. Choose fasteners specific for your application.
- Grommets/shrouds for ceiling attachment must be sourced separately.
- "HI" spec: targeted mounting height 162" (13.5') to 207" (17') from floor.
- "MED" spec: targeted mounting height 138" (11.5') to 162" (13.25') from floor.
- "LO" spec: targeted mounting height 109" (9.125'), 126" (10.5') – 138" (11.25').
- For custom heights, please contact the Allsteel Tailored Products Group.

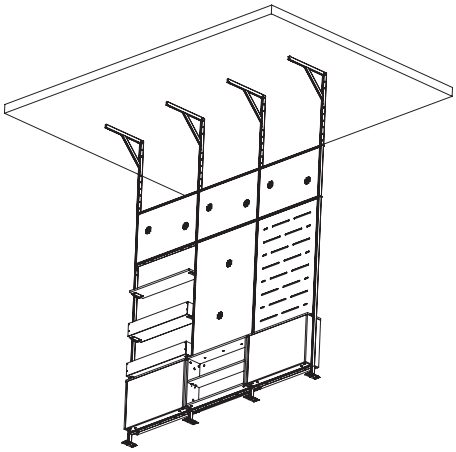


Floor Attachment (page 674)
- Attachment brackets ship with frame. Hardware is not included.
- Matches frame color specification.
- Foot design accepts customer-provided floor fastener up to ⅜" diameter.
- Finished floor anchor overall height maximum 7/16".



Inserts (pages 675-679)
- Top/Bottom inserts and middle inserts available to create customizable solution.
- Every partition has a "front" and a "back" and models must be specified as such to allow for proper attachment clips.
- Day 2 insert customers will only need to order "back" models for tile to tile retrofit opportunities.
- All front and back inserts can be different to match application need.
- Slotted metal inserts will show back of tile through the slots depending on what insert it is being used with. Weight capacity for slotted metal inserts/Radii tools: 50 lbs. distributed.
- Weight capacity for slotted metal inserts/Radii tools: 50 lbs. distributed.
- Top/Bottom Inserts feature Metal, Slotted Metal, Fabric, and Laminate materials.
- Middle inserts feature Metal, Slotted Metal, Fabric, and Glass Marker Board.
- Laminate inserts have a vertical grain direction. For fabric inserts, all Allsteel standard paints are available for the pan.
- Must install frame before installing inserts. Order in which inserts are installed does not matter.

Floating Shelf/Bookcase (page 680)
- Laminate shelf perfect for team displays and collaboration tools.
- Available in Allsteel standard laminates.
- 20 lbs. (distributed) load capacity per shelf.
- Floating shelf utilizes universal brackets.
- Bookshelf utilizes hardware for frame attachment. Available in Allsteel standard paint finishes.
- Shelves and bookcases are dual-sided inserts. Only one is required within specification (does not require a front and back model, like other inserts).
- Maximum of three shelves per middle section.
- Shelves can only be used as a middle inserts. Bookcases can only be used as a bottom insert.



Planter (page 681)
- Planter can be used for light storage or to introduce biophilia into a space.
- Painted steel planter available in Allsteel standard paints. Brackets will match paint specified with planter.
- Plant liner must be sourced separately, standard sizes available in the market.
- Planters can only be used as a middle insert.
- 30 lbs. weight capacity (distributed).
- Maximum of three planters per middle section.
- Planters are dual-sided inserts. Only one is required within specification (does not require a front and back model, like other inserts).

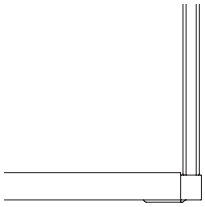
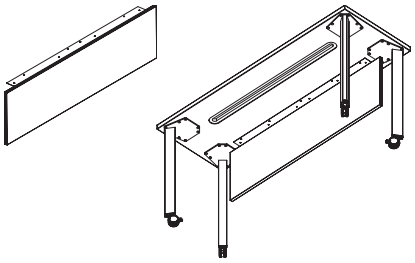
Beam Mounted Screen

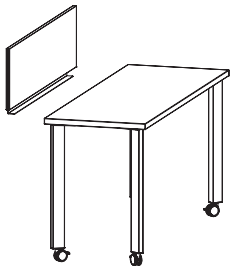
Beam Mounted Screens (pages 685 and 687)

- Attach to the top or bottom of a beam, available in 6" increments at 13"H and 20½"H.
- Options available for tackable fabric up to 60"W, and glass up to 96"W.
- Fabric required when mounting screen to the bottom of a beam.
- Mounting top trim required to use screens on the top of a beam.
- May pass over a hub, h-leg, or in-line support without the use of split top trim.
- Beam mounted storage may be used on the same beam as a screen. Subtract the width of the storage unit from the screen.
- Worksurface mounted modesty screens are possible, but will interfere with cord management.
- Beam mounted modesty panels must be specified 6" shorter than beams when with Further Adaptive.

Elevated Version







Flush Mount

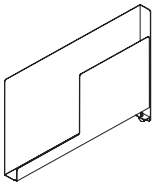


Table Mounted Screens (pages 686 and 687)

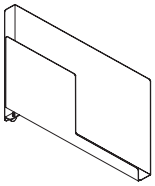
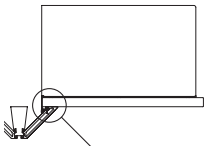
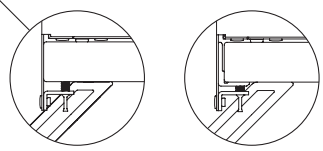
- Attach to the edge of a worksurface, available in 6" increments at 13" and 20½"H from 30"- 60"W.
- Flush-mounted option available in tackable fabric and glass.
- Glass screens only allowed on 27" deep worksurfaces.
- Elevated option available in fabric only.
- Elevated screens provide 1¼" clearance for routing cords and attachment of monitor arms.
- Flush-mounted screens should be specified 12" shorter than width of worksurface when used between Table legs – see example left.



Space Division — Further™ Screens





U6BL1221ML

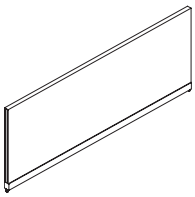
U6BL1221MR

Side View of Lateral Screen Attached to a Worksurface

Close-up of Attachment — Without Accessories Rail and With Accessories Rail

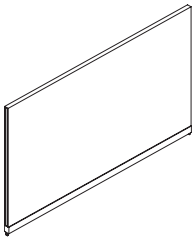
Table Mounted Modesty (page 686)

- Attaches to the underside of a worksurface, available in 6" increments at 13"H from 18"- 60"W.
- Specify 13" shorter than width of worksurface when used between Table legs – see example left.
- Must be inset at least 3" from back edge of worksurface if used with table mounted or user movable screens.



User Movable Screen (page 688)

- Mounts to the edge of a worksurface and may be transferred to other locations with ease. Available in 6" increments at 13"H from 18"-60"W.
- Specify 12" shorter than worksurface edge when used between Table legs – see example left.
- Cannot be placed on mid support edge of worksurface when used with Further Adaptive.



Lateral Screen (page 688)

- Clamps to back edge of worksurface at 12"H.
- 20" or 26"D models available. Screen is designed to sit back from front edge of worksurface.
- Space for folders is 1½" and holds approximately 340 sheets of paper.
- Folder storage is one-sided – LH and RH options available.
- Cannot be located right above run off support beams on Adaptive worksurfaces.

For specification information see page 683.

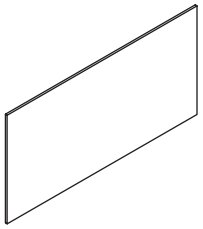
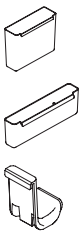
Lateral Divider Screens (page 692)
- Optional addition to the bench that provides space division and privacy. Lateral divider screens run perpendicular to the center trough.
- Lateral divider screens are sized to match worksurface depth, however it is not required that they are used on worksurface of the same depth.
- Standard depth screens will overhang worksurface ½".
- There are three types of lateral divider screens: tackable fabric, Frosted or Clear glass, and writable glass.
- Lateral divider screens attach to the underside on the back of the worksurface anywhere along the length of the bench within 7½" of each end.
- Lateral divider screens do not have to be mounted at the worksurface seam.
- Lateral divider screens may be used on standard systems worksurfaces, however, the screen mounts and aligns with the back edge of the worksurface. Not to be used on standard rabbet edge worksurfaces.
- Specify a shorter depth screen if using a lateral screen on a Stride Sit-to-Stand surface.
- Screens that match surface depths are available through Allsteel Tailored Products.

Tackable Fabric Lateral Divider Screens (page 692)
- ¾" thick tackable fabric
- Available 8"H and 13"H.
- Nominal depths are 27", 30", and 36".
- Actual depths are 22¾"D, 25¾"D, and 31¾"D.



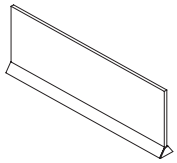
Glass Lateral Divider Screens (page 692)
- ⅜" thick laminated clear or frosted glass.
- Available 8"H and 13"H.
- Nominal depths are 27", 30", and 36".
- Actual depths are 22¾"D, 25¾"D, and 31¾"D.



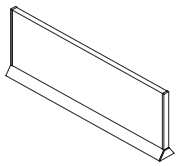
Further Adaptive — Metal Screens (page 693)
- Powder coated magnetic metal privacy screen.
- Metal surfaces can be easily disinfected with cleaners. See cleaning guide for more details at AllsteelOffice.com.
- Available in all standard paint colors.
- Provides ½" gap along the back for accessory mount and cord drop.
- Available in 48"W, 54"W, 60"W, 66"W and 72"W.
- 66"W and 72"W screens include 3rd center bracket.
- Available in Straight, L- and U-shape configurations. Above the desk only.
- L- and U-Shape screens are compatible with shrouded Further Adaptive Desk legs.
- Optional tackable accessories specified separately.
- 66"W tackable accessory comes as a set of (2) 24"W.
- 72"W tackable accessory comes as a set of (2) 20"W.
- Available in standard and extended wings.
- Wings mount flush to the edge of the surface with a VHB tape (included in hardware).
- 20"W tackable accessory must only be applied to both standard and extended wings without accessory slots.
- Wings are available with accessory slots that accept Radii Hot File, Side Saddle and Coat hook.
- Top slot can accept one Radii accessory.
- Bottom slot can accept a Coat hook and one other accessory.
- Accessories can hang on either side of the wing.
- TIP: If the Hot File is used in the top slot, it will block access for accessories in the bottom slot.
- Do not hang more than 5lbs of weight on wings.
- Screens are compatible with Radii undermount storage.
- Not compatible with standard 120-worksurfaces. Contact Allsteel TPG for custom sizes.

Size Reference Matrix

Tackboards	Wing	48"W	54"W	60"W	66"W	72"W
Actual Dimensions	20"W	30"W	36"W	42"W	20"W	24"W
Set of Tackboards	1	1	1	1	2	2



Accessories — Tackboard (page 693)
- Tackable accessories come with metal frame available in standard paint colors and fabric options.
- Attach to the screen using a dual lock tape (included in hardware).



Accessories — Radii (page 694)
- Wings are available with accessory slots that accept Radii Hot File, Side Saddle and Coat hook.
- Top slot can accept one Radii accessory.
- Bottom slot can accept a Coat hook and one other accessory.
- Accessories can hang on either side of the wing.
- TIP: If the Hot File is used in the top slot, it will block access for accessories in the bottom slot.

Accessories — Further Worksurface Rail Mount (page 520)
- Accessory rail must be field cut to fit between the screen brackets.
- The following accessories are not compatible with screens: U9WTC and U9TM.

For specification information see page 690.

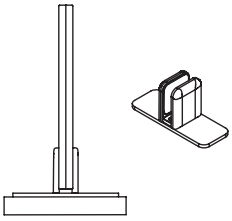
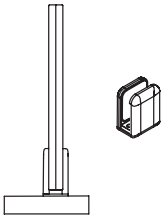
* Recommended mounting location for modesty screens is inset 3-6" from approach edge of worksurface. Screens can be mounted flush to the edge if desired. When using modesty panels, please check for interference with worksurface supports based on inset location.



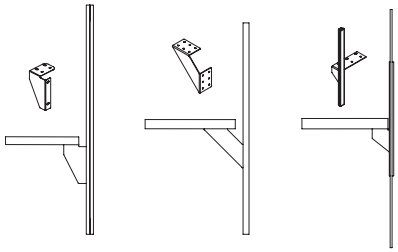
SCREEN MOUNTING TECH AND SPEC INFORMATION

Movable Above/Below



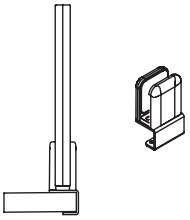
- Available in Fabric only.
- Screen is offset from edge of worksurface by 1" for cord management and to allow the use of worksurface-mounted accessories.
- Mounting brackets attach to underside of worksurface.
- Screen is secured to brackets with thumb screws, allowing users to adjust height up/down.
- Min. height above or below worksurface is 6".
- Brackets are secured on the outside edge of the screen.
- Brackets are available in standard paint options and ship uninstalled.

Sit-on-Surface Screen



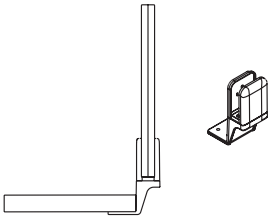
- Available in Fabric or Acrylic.
- Screen is slightly offset from top of worksurface.
- Brackets come with anti-slip neoprene foam pads and do not physically attach to worksurface.
- Brackets are designed to be rotated 90 degrees when needed.
- Screen is secured to brackets by tightening two set screws in bracket against screen material.
- Brackets are available in standard paint options and ship uninstalled.

Top Mount Screen



- Available in Fabric or Acrylic.
- Screen is slightly offset from top of worksurface.
- Mounting brackets attach to the top of the worksurface with either double-sided tape or wood screws.
- Screen is secured to brackets by tightening two set screws in bracket against screen material.
- Bracket location flexible and can be adjusted as needed. Recommended inset location is ~6-12" from edge of screen.
- Brackets are available in standard paint options and ship uninstalled.

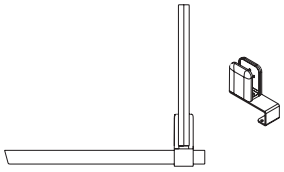
Fixed Above/Below



- Available in Fabric, Acrylic, or Laminate.
- Screen is offset from edge of worksurface by 1" for cord management and to allow the use of worksurface-mounted accessories.
- Mounting brackets attach to underside of worksurface.
- Fabric Screens are secured to brackets via metal fasteners to threaded inserts embedded in screen. Brackets are inset 10" (30-40"W) or 12" (42"W+) from edge of screen depending on size. Brackets are available in black paint only and ship installed.
- Acrylic Screens are secured to brackets via a metal fastener. Brackets are located on edge of screen. Brackets are available in standard paint options and ship uninstalled.
- Laminate Screens are secured to brackets via wood screws. Brackets are inset 10" (30-42"W) or 12" (48"W+). Brackets are available in black paint only and ship uninstalled.

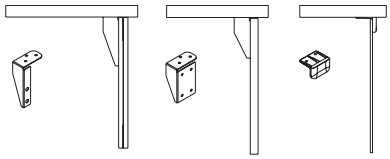
Side Mount Screen

- Available in Fabric or Acrylic.
- Screen is slightly offset from top of worksurface.
- Mounting brackets wrap around the side edge of the worksurface.
- Screen is secured to brackets by tightening two set screws in bracket against screen material.
- Bracket location flexible and can be adjusted as needed. Recommended inset location is ~6-12" from edge of screen.
- Can only be used with flat-edged worksurfaces/tables.
- Brackets are available in standard paint options and ship uninstalled.



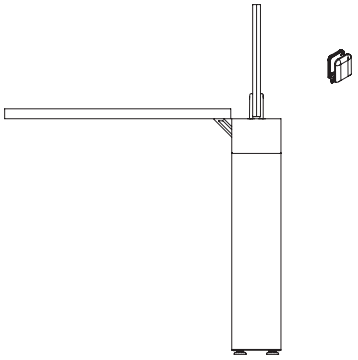
Elevated Screen

- Available in Fabric, Acrylic, or Glass.
- Screen is offset from top of worksurface by 1" for cord management and to allow the use of worksurface-mounted accessories.
- Mounting brackets attach to the underside of the worksurface.
- Screen is secured to brackets by tightening two set screws in bracket against screen material.
- Bracket location flexible and can be adjusted as needed. Recommended inset location is ~6-12" from edge of screen.
- Can only be used with flat-edged worksurfaces/tables.
- Brackets are available in standard paint options and ship uninstalled.



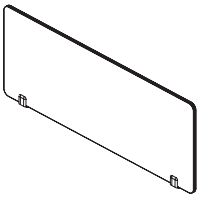
SCREEN MOUNTING TECH AND SPEC INFORMATION

Front-to-Back Screen



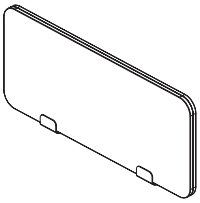
- Available in Fabric, Acrylic, or Glass.
- Screen is slightly offset from top of worksurface.
- Mounting brackets wrap around front and rear edge of the worksurface.
- Screen is secured to brackets by tightening two set screws in bracket against screen material.
- Bracket location is fixed on either side of the screen.
- Can only be used with flat-edged worksurfaces/tables.
- Brackets are available in standard paint options and ship uninstalled.

Modesty Panel



- Available in Fabric, Acrylic, or Laminate.
- Mounting brackets attach to the underside of the worksurface.
- Fabric modesty is secured to brackets via metal fasteners to threaded inserts embedded in screen. Brackets are inset 10" (30-40"W) or 12" (42"W+) from edge of screen depending on size. Brackets are available in black paint only and ship installed.
- Acrylic modesty is secured to brackets via metal fasteners through predrilled holes in modesty panel. Brackets are inset 10" (36"W) or 12" (42"W+) from edge of screen depending on size. Brackets are available in standard paint options and ship uninstalled.
- Laminate modesty is secured to brackets via wood screws. Brackets are inset 10" (30-42"W) or 12" (48"W+). Brackets are available in black paint only and ship uninstalled.

Further Beam Mount



- Available in Fabric, Glass, Acrylic, or Laminate.
- Mounting brackets secure to slot in center of beam.
- Screens will provide access between screen and rear edge of worksurface for access to power rail or for mounting worksurface accessories.
- Screen is secured to brackets by tightening two set screws in bracket against screen material.
- Bracket location flexible and can be adjusted as needed. Recommended inset location is ~6-12" from edge of screen.
- For Further Adaptive applications select a desktop-mounted screen.
- Brackets are available in standard paint options and ship uninstalled.

For specification information see pages 698-701.

Casegoods — Approach™

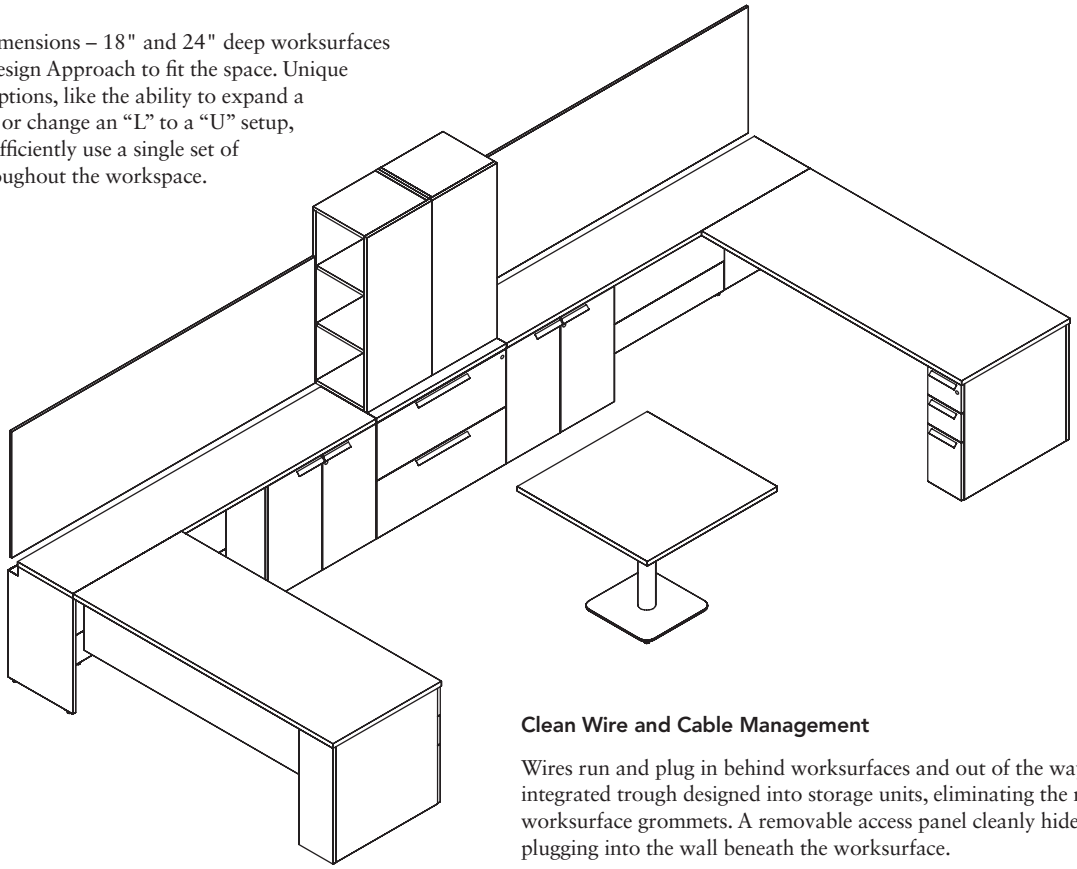
A new way to optimize the private office.

Many executives spend more time outside their offices than in them. When they do touch down for focused work, they want to feel like they've reached home base. An office for the way they work. Confidential files stored securely, coffee mug in its rightful place.

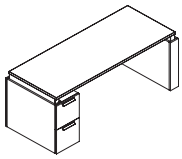
Offices may be getting smaller, but they can't be less functional. Approach provides a portfolio of modular options that inspires you to rethink how the private office can be designed to address today's needs, change over time, and even serve more than one purpose.

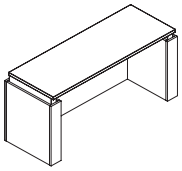


Approach complements Allsteel's open-plan solutions for a cohesive aesthetic throughout the space.

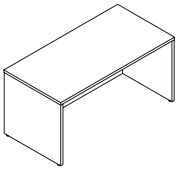
Adaptability

Two planning dimensions – 18" and 24" deep worksurfaces – allow you to design Approach to fit the space. Unique configurability options, like the ability to expand a simple "L" setup or change an "L" to a "U" setup, make it easy to efficiently use a single set of components throughout the workspace.

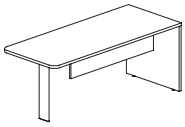




Clean Wire and Cable Management



Wires run and plug in behind worksurfaces and out of the way in an integrated trough designed into storage units, eliminating the need for worksurface grommets. A removable access panel cleanly hides cords plugging into the wall beneath the worksurface.



Casegoods — Approach™

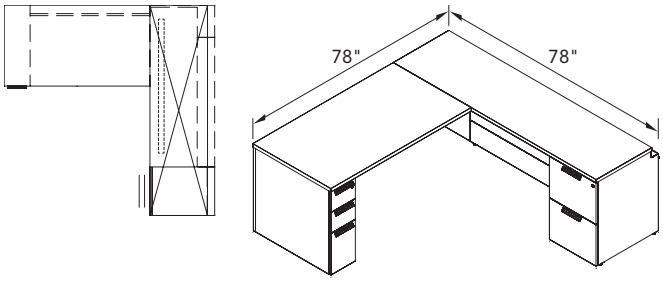
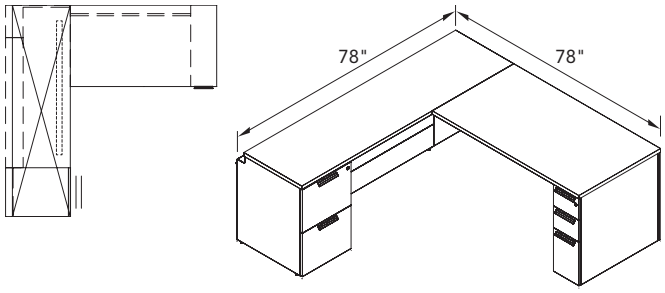
Functional Design

Sit-to-stand worksurfaces enable users to vary their posture throughout the day, while promoting wellness in the workplace. Height-adjustable legs are concealed within a shroud or pedestal storage. Smart storage, like a side-access tower, credenzas in multiple configurations at two heights, stack-ons and wall-mounted overheads with marker board fronts, and a slim pedestal, provide options for any storage need.



Aesthetic Choices



Approach offers a to-the-floor base or a lighter-scale footed design. Choose from eight solid and woodgrain laminate colors, numerous fabrics for tackboards and pedestal seat cushions, and five storage pull styles. Approach offers a mix of materials to support the design vision.

*Column, End Cap, Foot, and Leg models are only available in these three colors.

*** These colors are intended to be an inspirational option for the trending market. Product application is limited and color availability is approximately two years to coincide with evolving workplace trends.

Metallic paints, due to varying reflectance, may appear to have less visual color consistency than other paint finishes, even when L/A/B values are exactly the same. (L/A/B — measurable aspects of color — values are maintained within a specified range, to ensure consistent appearance of paint colors.)

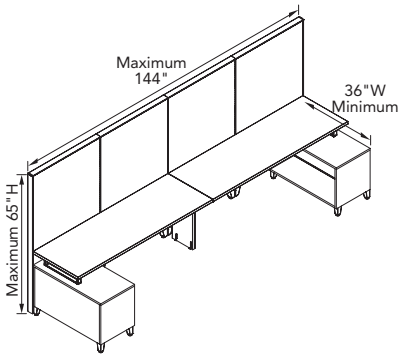
Approach™ Laminate Storage Brackets

WORKING WITH LAMINATE BRACKETS		
Product Line	**Brackets Which Work with All Laminate and Wood Storage**	**Model:**
Involve 	Panel mounting kit – Compatible with all laminate storage with inset back	K6_ _PBK_
Involve 	O-Leg to Panel bracket – Compatible any 28"H O-Legs	KOLGBRK_FT
Terrace 	Flat Bracket 12D, 24D, or 30D – Compatible with all laminate storage	T6_ _FB

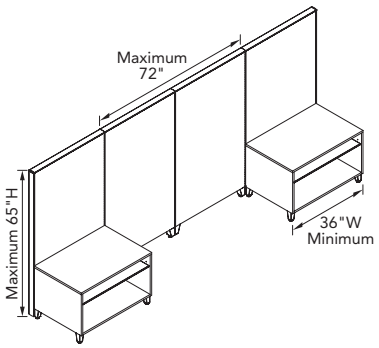
Product Line	**Brackets Which Potentially Work with Multiple Lines**	**Model:**
Stride 	"L" Bracket for Worksurface connections – Stride & Further have pilot holes, theoretically could be used with all laminate storage.	Z6LB
Gallery 	Storage to Gallery Panel ganging kit – Involve finished back units have pilot holes, theoretically could be used with all finished back laminate storage.	GSGKL



Product Line	**Brackets Which Work with All Laminate and Wood Storage**	**Model:**
Involve	Involve Tower to Overhead kit – Involve and Stride overheads as they have flat base panels, not Approach as it has a recessed bottom for integrated lighting.	K6TBK
Approach 	Approach mini tap bracket – Made for use with Approach Mini Tap – could be used to attach the Mini Tap to other storage products. *Note:* Any other storage units do not have pilot holes.	WKMTMB
	Individual pull packs include 2 or 3 pulls and hardware compatible with Approach, Involve, Further, Align, and Radii.	YPPULL2/3

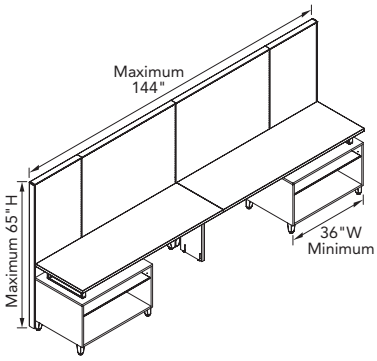
Approach™ and Involve® Laminate Wood Storage Storage with Panel Frames

Leg or plinth base models available. Leg base units are shown below.



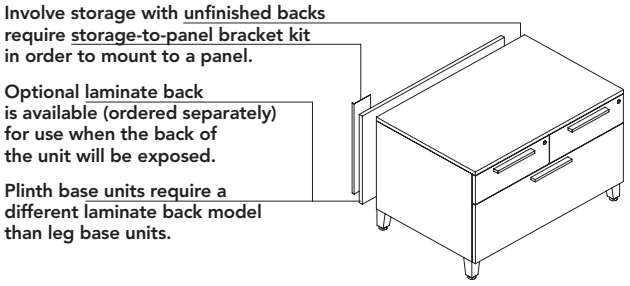
Side-mounted Credenzas

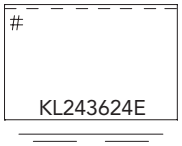
Use 1 storage-to-panel bracket per credenza — 1 LH and 1 RH.
The minimum credenza size is 24"H x 36"W x 18"D.
With a mid-run floor support, the maximum panel run is 144".
Without a mid-run floor support, the maximum panel run is 96".
Overheads and shelves cannot be used with 24"H side mounted credenzas.
Worksurfaces (if specified) must be mounted on the same side of the parent run as the credenzas.
Panel frame maximum height is 65".



Back-mounted Credenzas — Modular

Use 2 storage-to-panel brackets per credenza — 1 LH and 1 RH.
The minimum credenza size is 24"H x 36"W x 24"D.
The maximum panel run between back-mounted credenzas is 72".
Overheads and shelves cannot be used with 24"H back mounted credenzas.
Worksurfaces (if specified) must be mounted on the same side of the parent run as the credenzas.
Panel frame maximum height is 65".

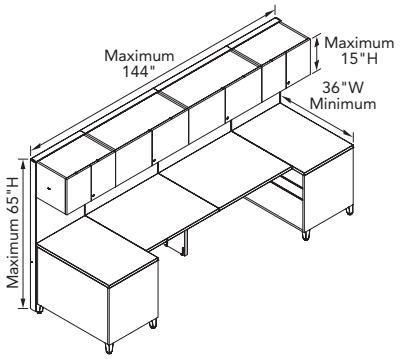




Back-mounted Credenzas — Off-Modular Ends

Use 1 storage-to-panel bracket per credenza — 1 LH and 1 RH.
The minimum credenza size is 24"H x 36"W x 24"D.
With a mid-run floor support, the maximum panel run is 144"
Without a mid-run floor support, the maximum panel run is 96".
Overheads and shelves cannot be used with 24"H back mounted credenzas.
Worksurfaces (if specified) must be mounted on the same side of the parent run as the credenzas.
Panel frame maximum height is 65".

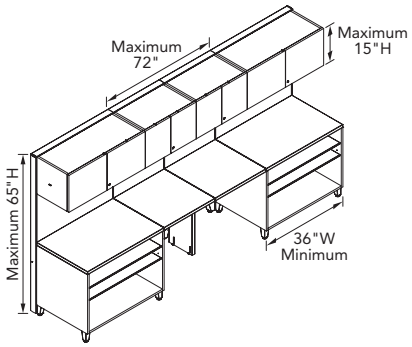
Note: Storage with unfinished metal backs require storage-to-panel bracket kit in order to mount to a panel. Left- or right-handed storage-to-panel bracket is determined by slots on panel — left-handed bracket required when attaching to left panel slots and right-handed bracket required when attaching to right panel slots.



An example of a 2D CAD symbol for Involve is shown at left. Note the dashed line that represents the unfinished metal back. The pound sign indicates that counterweight kits may need to be added depending on the application. *See page 858 for counterweight specification rules.*

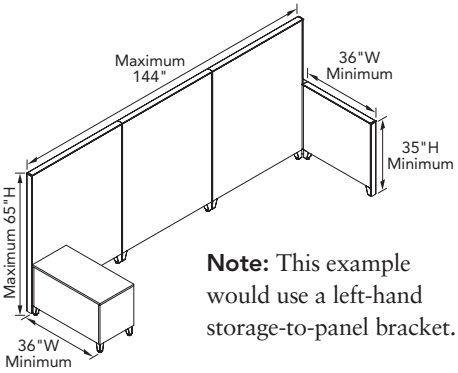
Approach™ and Involve® Laminate Wood Storage Storage with Panel Frames

Leg or Plinth Base models available. Leg base units are shown below.



Side-mounted Credenzas — Modular for Overheads and Worksurfaces

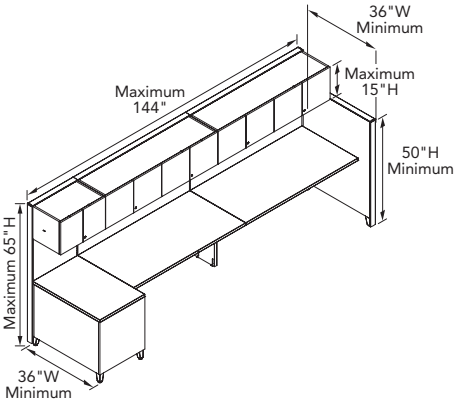
Use 2 storage-to-panel brackets per credenza — 1 LH and 1 RH.
The minimum credenza size is 28"H x 36"W x 24"D.
28"H side mounted credenzas must be mounted modular when using overheads and worksurfaces on panels.
With a mid-run floor support, the maximum panel run is 144".
Without a mid-run floor support, the maximum panel run is 96".
Overheads, shelves, and worksurfaces must be mounted on the same side of the parent run as the credenzas.
Maximum overhead height is 15".
Panel frame maximum height is 65".



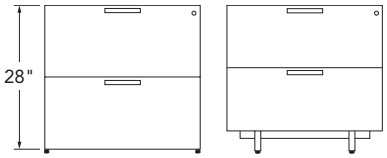
Back-mounted Credenzas — Modular for Overheads and Worksurfaces

Use 2 storage-to-panel brackets per credenza — 1 LH and 1 RH.
The minimum credenza size is 28"H x 36"W x 24"D.
Full back units without trough due to stability, only troughless Approach or Involve allowed.
With a mid-run floor support, the maximum panel run is 144".
Without a mid-run floor support, the maximum panel run is 96".
The maximum panel run between back-mounted credenzas is 72".
Overheads, shelves, and worksurfaces must be mounted on the same side of the parent run as the credenzas.
Maximum overhead height is 15".
Panel frame maximum height is 65".

Side-mounted Credenzas — with Return Panel



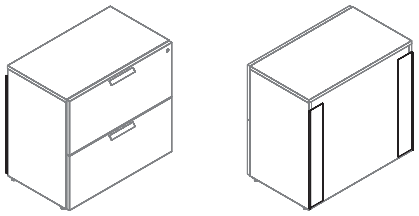
Use 1 storage-to-panel bracket on credenza.
The minimum credenza size is 24"H x 36"W x 18"D.
The minimum size for panel return is 35"H x 36"W.
With a mid-run floor support, the maximum panel run is 144"
Without a mid-run floor support, the maximum panel run is 96".
Overheads and shelves cannot be used with 24"H side mounted credenzas.
Worksurfaces (if specified) must be mounted on the same side of the parent run as the credenzas.
Panel frame maximum height is 65".



Note: This example would use a left-hand storage-to-panel bracket.

Side-mounted Credenzas — Modular for Overheads and Worksurfaces

Use 2 storage-to-panel brackets per credenza — 1 LH and 1 RH.
The minimum credenza size is 28"H x 36"W x 24"D.
The minimum size for panel return is 50"H x 36"W.
28"H side mounted credenzas must be mounted modular when using overheads and worksurfaces on panels.
With a mid-run floor support, the maximum panel run is 144"
Without a mid-run floor support, the maximum panel run is 72".
Overheads, shelves, and worksurfaces must be mounted on the same side of the parent run as the credenzas.
Maximum overhead height is 15".
Panel frame maximum height is 65".



Approach components utilize Involve storage to panel brackets to tie storage into panel slotted standards.

Approach General Construction

- Cases are made of ¾" particle board with 0.5mm edgeband. Worksurfaces and end supports are made of 1⅛" particle board with 2mm edgeband and laminate on both sides of all surfaces.
- Matching laminate fronts — all vertically stacked sets have grain matched parts. Horizontally adjacent units do not match.
- Box and file drawers are miter fold, ½" thick particle board.
- All Drawers lock
  - Lock is located in the top right corner of upper drawer on credenzas, desks, and skinny peds. Drawer locks all drawers in the vertical stack.
  - Mobile ped lock is in upper right corner of bottom drawer.
  - Omit core and keyed alike options. Omit core option ships with standard lock cores installed, customer is credited to order keyed alike cores to be replaced at installation.
  - Lock core color is Matte Silver.
- For door-locking, see product categories for details.
- All drawer units have holes drilled for pulls
  - User selects pull choice of beam, halo, square, arch, or bar. Beam and Halo available in Designer White, Silver, Pyrite, and Solar Black. Square pull available in Designer White, Flint, Loft, Matte Silver, Pyrite, and Solar Black. Bar pull available in Designer White, Silver, or Black.
  - Pulls are 1" to hole center from top of drawer.
  - Drawer bodies are light woodgrain finish with Black hangrails.
- Adjustable shelves are ¾" laminate and have 3 hole adjustable positions with 1¼" (32mm) hole spacing. One above and one below location specified in internal dimensioning table.
- Left-hand (LH) hinged units have hinges located on the left of the unit, right-hand (RH) hinged units have hinges on the right.
- Case end panels are the same depth regardless if fronts are assembled.
- Some models require counterweight — see specification table on pages 768-769.

Casegoods — Approach™

Counterweights

Counterweight(s) may need to be added to Approach credenzas and storage depending on configuration and usage. Models that may require counterweights are flagged with a number sign # following the model number in the pricing section. Reference model and intended usage column in chart below. Some models require two counterweights. Open shelf and hinged door models do not require counterweights and are not listed.

Approach Counterweight Kits — See page 832

Casegoods — Approach™

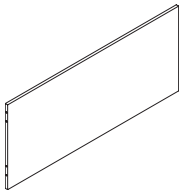
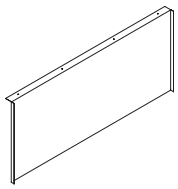
Pedestal/Shroud Height-Adjustable Desk (page 790)



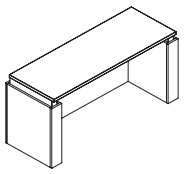
- New models available April 2021 for A6 2 stage compatibility, see specification page for model transition.
- Available in RH and LH orientations, hand is determined by location of ped, RH Ped = RH Desk.
- 72"W x 36"D, 72"W x 30"D, and 66"W x 30"D desks available.
- Both depths include same 30"D support shroud and RH or LH pedestal shroud.
- Desk footprint dimensions are nominal. Example: 72"W x 30"D required for space planning. Worksurfaces are undersized by 1" on all sides to prevent pinch points when raising and lowering worksurface.
- Load capacity is 250 pounds, including the worksurface and metal shrouds.
- Laminate finish options include top, chassis, and front.
- User can specify grommet locations (L Left, R Right, B Both, C Centered, X None). See page 774.
- No slide glide option due to application.
- Single order desk models include HAT bases which are PR6 silver.
- Laminate shroud remains on the ground with 2" of leveling.
- Metal shroud, available in standard paint colors, attaches to and rises with worksurface.
- Laminate File/File ped is fixed with ¾" of leveling.
- Both drawers lock via side lock.
- Height-adjustable mechanism provides 27¾"-47⅜" min/max adjustability.
- Height-adjustable mechanism is same as used on A6 Altitude® tables. Reference the Altitude series for additional specification information.
- Standard up/down control shipped with unit.
- Memory Controls are now a .option.
- Up/Down: Basic Up/Down control.
- Memory Control: 4 memory pre-set options allow the user to adjust their height to their preferred heights.
- Paddle: Simple, aesthetic control with 1 memory pre-set option and reminder mode.
- Foot Control: Basic up/down wireless, hands free control. Can be paired with hand controls for multi-control option.
- Ships flat in multiple cartons for field assembly.
- Specify optional floating worksurface modesty panel 24" shorter than worksurface width.
- Modesties are non-handed and mount to the external stiffener included with the unit.
- Anti collision available on desking models April 2021.

Double Shroud Height-Adjustable Desk (page 790)



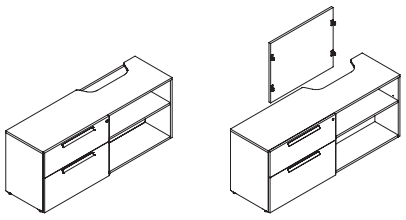
- New models available April 2021 for A6 2 stage compatibility, see specification page for model transition.
- 72"W x 36"D, 72"W x 30"D, and 66"W x 30"D desks available.
- Both depths use same 30"D support shroud.
- Desk footprint dimensions are nominal. Example: 72"W x 30"D required for space planning. Worksurfaces are undersized by 1" on all sides to prevent pinch points when raising and lowering worksurface.
- Laminate finish options include top, chassis, and front.
- User can specify grommet locations (L Left, R Right, B Both, C Centered, X None). See page 774.
- Laminate shroud is fixed with 2" of leveling.
- Metal shrouds available in standard paint colors, attach to and rise with worksurface.
- Height-adjustable mechanism provides 27¾"-47⅜" min/max adjustability.
- Height-adjustable mechanism is same as used on A6 Altitude® tables. Reference the Altitude series for additional specification information.
- Standard up/down control shipped with unit.
- Memory Controls are now a .option.
- Up/Down: Basic Up/Down control.

- Memory Control: 4 memory pre-set options allow the user to adjust their height to their preferred heights.
- Paddle: Simple, aesthetic control with 1 memory pre-set option and reminder mode.
- Foot Control: Basic up/down wireless, hands free control. Can be paired with hand controls for multi-control option.
- Ships flat in multiple cartons for field assembly.
- Specify optional floating worksurface modesty panel 12" shorter than worksurface width.
- Modesties are non-handed and mount to the external stiffener included with the unit.
- Anti collision available on desking models April 2021.

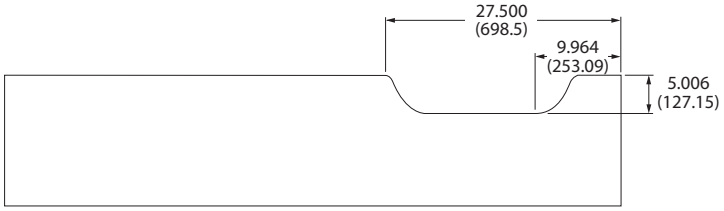


Fixed Layered Height Modesty For Height Adjustable Desks:

- Fixed laminate modesty for height adjustable table (24"H AFF) and metal hanging backdrop modesty compatible with double shroud height adjustable desks.
- Fixed laminate modesty for height adjustable tables is inset 3" between standard shrouds with a bracket visible under the work surface on the user side.
- Connection bracket is available in Allsteel standard paints.

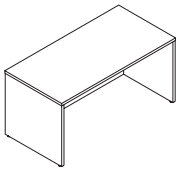


Metal Hanging Modesty for Height Adjustable Desks:

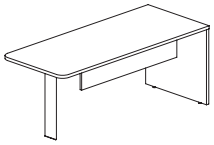


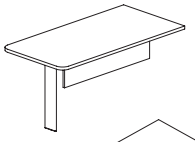
- Metal hanging modesty (offered in Flint) mounts to the worksurface nested to the stiffener and has 1" distance from fixed laminate modesty.
- Metal hanging modesty is 8¼" less in width than the worksurface to avoid interference has reveal on each side between shroud metal and metal modesty.
- Metal modesty has bent side folds for a clean curved aesthetic from the guest side.

24"D Height-Adjustable Work Wall Desk with Full-Height Modesty Panel (page 790)



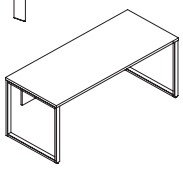
- New models available April 2021 for A6 2 stage compatibility, see specification page for model transition.
- Specifically designed for wall facing application to keep cords hidden from sight.
- True shroud depth of 22" and worksurface depth of 21".
- 48", 54", 60", 66", and 72"W desks available.
- Desk footprint dimensions are nominal. Example: 72"W x 24"D required for space planning. Worksurfaces are undersized by 1" on all sides to prevent pinch points when raising and lowering worksurface.
- Laminate finish options include top, chassis, and front.
- User can specify grommet locations (L Left, R Right, B Both, C Centered, X None). See page 774.
- Includes laminate shrouds fixed with 2" of leveling.
- Metal shrouds available in all standard Allsteel paint colors attach to and rise with worksurface.
- Laminate modesty ties into the laminate shrouds and remains on the ground. Modesty has unfinished back and is intended to be used against a wall.
- Metal modesty (Flint only) attaches and rises with the worksurface.
- Height-adjustable mechanism provides 27¾"-47⅜" min/max adjustability.
- Height-adjustable mechanism is same as used on A6 Altitude® tables. Reference the Altitude series for additional specification information.
- Standard up/down control shipped with unit.
- Memory Controls are now a .option.
- Up/Down: Basic Up/Down control.
- Memory Control: 4 memory pre-set options allow the user to adjust their height to their preferred heights.
- Paddle: Simple, aesthetic control with 1 memory pre-set option and reminder mode.
- Foot Control: Basic up/down wireless, hands free control. Can be paired with hand controls for multi-control option.
- Ships flat in multiple cartons for field assembly.
- Anti collision available on desking models April 2021.



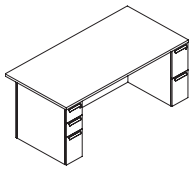


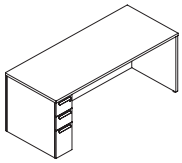
Credenza for Integrated Height Adjustable Table (page 795)

- 60"W and 72"W x 18"D and 24"D sizes available.
- Laminate finish options include top, chassis, and front.
- Credenzas for HAT are non-handed and configurable at installation. The three units included in these Credenzas are shipped separately (open credenza, box/file credenza, and top).
- User can adjust credenza orientation by reversing top and credenzas of base model at install. Example: Top scallop and open file on right side or top scallop and open file on left side.
- Credenzas for HAT compatible with 2-stage C and T base HAT tables to be ordered separately.
- Height-adjustable mechanism chosen should provide 27¾" as it's minimum.
- Altitude tables height-adjustable mechanism is compatible. Reference the Altitude series for additional specification information.
- Credenzas for HAT are non-footed with finished backs and no trough.
- Drawer stacked units have mechanical interlock, allowing only one drawer to open at a time.
- Shortest distance from edge of scallop is consistent across all tops. Scallop dimensions the same across all HAT tops. Depth of Scallop is 5".
- Compatible with A6
- Footed units come with a black recessed center foot.



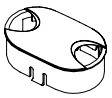
Shell Desks (page 791)
- Units ship knocked down for field assembly.
- Units are 29"H x 30"D, available in 60", 66" and 72"W.
- Laminate finish is the same for top, end panels and modesty.
- Only full-height modesty options available.
- Standard worksurface grommet options and placement.
- Full height laminate modesty is inset 3½" on guest side.





Racetrack Top Desks with End Panel, Half-Height Modesty, and Column Base (page 791)
- 30"D, non-handed.
- 72" and 66"W models have end panel support, 29½"H support column, and bracket to attach to a worksurface or desk.
- 48", 54", and 60"W models have 29½"H support column.
- Column support end has 3" round corners.
- Racetrack modesty is 18" shorter than worksurface length.
- Ships flat in multiple cartons for field assembly.

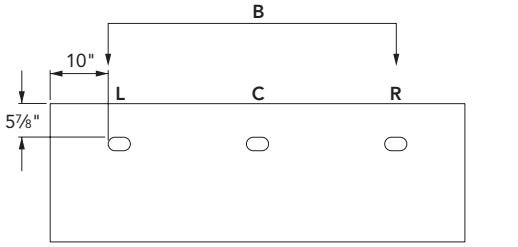
O-leg Table Desks (page 791)
- 30"D x 66" or 72"W.
- A variety of standard Allsteel paint colors.
- User can specify grommet locations (L Left, R Right, B Both, C Centered, X None). See page 774.
- O-legs installed on both ends of worksurface are inset ¼" from end of worksurface.
- See notes on O-leg for leveling and dimensions.
- 14"H half-height modesty is 12" shorter than worksurface width. Attaches to external stiffener on worksurface.
- Ships flat in multiple cartons for field assembly.



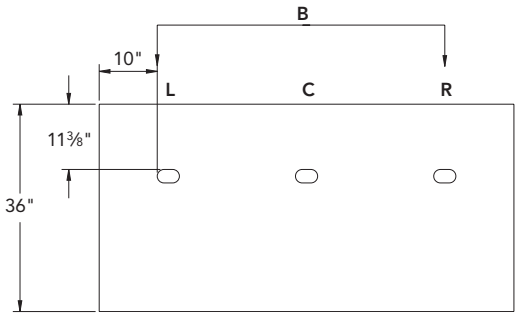
Double Ped Desk (page 792)
- 36"D x 72"W, ped base is 29¾"D.
- Laminate finish options include top, chassis, and front.
- User can specify grommet locations (L Left, R Right, B Both, C Centered, X None). See page 774.
- Box/Box/File on left and File/File on right from main user view.
- Full height modesty, ties into both ped end panels 9" from back of worksurface. Modesties go to the floor and match end panel height.

Single Ped Desks (page 792)
- Right- and left-hand versions
- RH = ped on right side from main user view
- LH = ped on left side from main user view
- Laminate finish options include top, chassis, and front.
- User can specify grommet locations (L Left, R Right, B Both, C Centered, X None). See page 774.
- Ped Desks available with 9"W and 15"W Ped Options.
- Box/Box/File only — slim peds (9½" width), see notes on slim peds for dimensions and leveling.
- Box/Box/File and File/File configurations available for the 15"W Pedestal.
- Panel base (1⅛" thick) is opposite the storage.
- 14"H half- or full-height modesty panel options, designated by dot option. Modesty panel ties into both end panel and pedestal.
- 30"D x 60", 66", or 72"W
  - Ped and panel base are both 29¾" in depth.
  - Modesty panel is 3" from back of worksurface.
- 36"D x 72"W
  - 36"D X 72"W available with 9"W Ped ONLY.
  - Ped base is 29¾" deep. Panel base is 35¾" deep.
  - Modesty panel is 9" from back of worksurface.

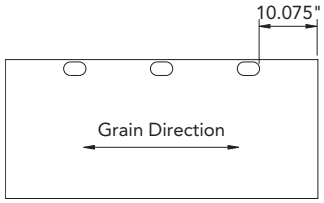
GROMMET SPECIFICATIONS



Grommets



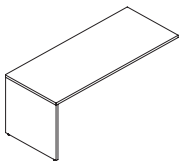
Plastic grommets are made of durable ABS plastic and match edge color of laminate worksurfaces. Metal grommets are available in oval or square in Matte Silver.

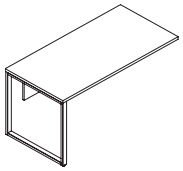


Grommet Position Option Codes

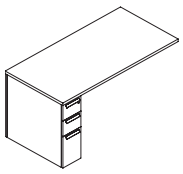
B Both Left and Right — Pair of grommets each 10" from side edge – 5⅞" from approach side to grommet edge; 7¼" from rear to grommet center.
C Centered Side-to-Side — One grommet 5⅞" from approach side to grommet edge; 7¼" from approach side to grommet center.
L 10" from Left Side — 5⅞" from approach side to grommet edge; 7¼" from approach side to grommet center.
R 10" from Right Side — 5⅞" from approach side to grommet edge; 7¼" from approach side to grommet center.
X No grommet.

Note: On 36"D tops, approach side to grommets is 11⅜". See 36"D illustration below.



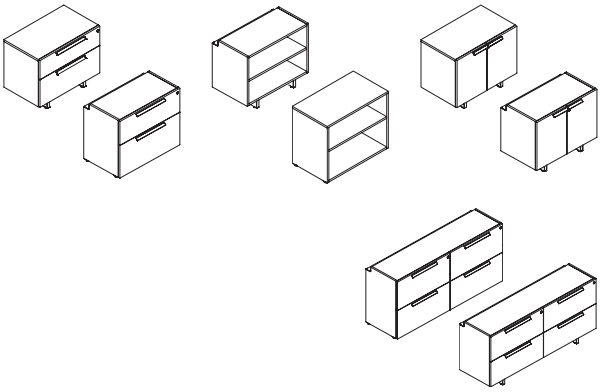


Credenza Top

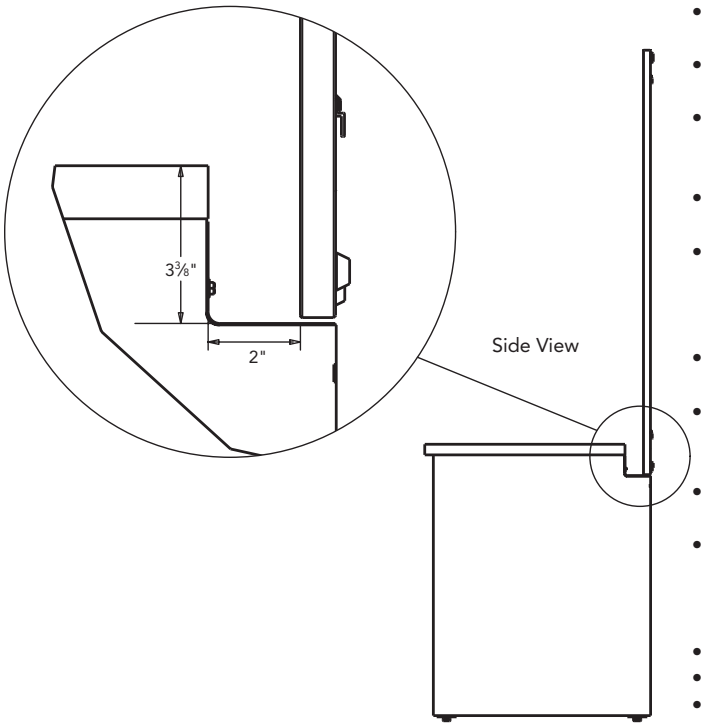


Grommet positions other than those shown above are considered non-standard. Location allows ease of install for offered support, i.e. O-Leg, Column, and Panel.

Support Panel Run-off Desks (page 791)
- 30"D x 48", 54", 60", 66", and 72"W
- Right- and left-hand models.
- Laminate finish options include top and chassis.
- User can specify grommet locations (L Left, R Right, B Both, C Centered, X None). See page 774.
- Support Panel is 1⅛" thick.
- 14"H half-height modesty attaches to end panel, 3" from back of worksurface. Modesty is ¼" short on opposite end of support.
- Run-off desks are able to attach to existing single ped desk or racetrack top desk with end panel.
- Ships flat in multiple cartons for field assembly.



O-leg Run-off Desks (page 791)
- 30"D x 48", 54", 60", 66", 72", 78", and 84"W
- Non-handed, O-leg can be installed on either side of worksurface.
- Laminate finish options include top and chassis.
- User can specify grommet locations (L Left, R Right, B Both, C Centered, X None). See page 774.
- See notes on O-leg for leveling and dimensions.
- 14"H half-height modesty is 12" shorter than worksurface width. Attaches to external stiffener included with worksurface.
- Ships flat in multiple cartons for field assembly.



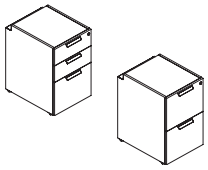
Pedestal Run-off Desks (page 792)
- 30"D x 48", 54", 60", 66", or 72"W
- Right- and left-hand models.
- Laminate finish options include top, chassis, and front.
- User can specify grommet locations (L Left, R Right, B Both, C Centered, X None). See page 774.
- Box/Box/File only — slim peds (9½" width), see notes on slim peds for dimensions and leveling.
- 14"H half-height modesty panel attaches to ped end of panel 3" in from back of worksurface. Modesty is ¼" short on opposite end of support.
- Run-off desk can attach to existing single ped desk or racetrack top desk with end panel.

Casegoods — Approach™

Working with Credenzas & Pedestals

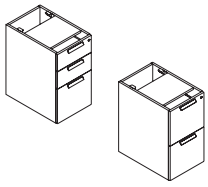
Credenzas (pages 795-803)

- 30"W and 36"W units contain single column of drawers, open cavity or hinged doors. 42", 48", 60", and 72"W units contain two columns of drawers, open cavities, hinged doors, or a combination of both.
- Full height 28⅜"H, footed and non-footed, 18"D and 24"D. 29½"H with added credenza worksurface.
- Layered height 24¾"H, footed and non-footed, 18"D. 25⅞"H with added credenza worksurface.
- Trough credenzas have inset top construction where no-trough credenzas have top over construction.
- Laminate finish options include chassis and front.
- Multi File units feature a cubby at the top left of the top project drawer with lateral drawer front. This allows for many applications and concealed storage.
- All credenza units contain 1½" adjustable glides
- All units can be standalone with or without credenza top.
- Full extension file drawers extend 13¼" on 18"D models, and 17¼" on 24"D models.
- Some models require counterweight – see specification table on pages 768-769.
- Vertically stacked units have mechanical interlock, allowing only one drawer to open at a time. Exception is Box/Box/File which allows bottom file drawer and top box drawers to open at the same time.
- Trough available for power application and no-trough available for open plan applications.
- Wire management trough
  - Trough is 2"D x 3⅜"H with tackboard, see illustration at left.
  - Accessories available (ordered separately): Byrne mini tap, monitor arm, clamp style, light.
- No-trough credenzas have top over construction and have finished backs.
- Finish height is consistent across both trough and no-trough units, example both troughed and no-trough 28"H units are the same height.
- All other credenza models have a finished back option available for order. See page 806.
- Two styles of feet are available, post and blade feet.
  - Blade Feet are receded 6" in from each side on 30" and 36" units, and 8½"-9½" in from each side on 42"-72" units.
  - Post feet are inset 1⅛" from each side of unit across all units.
- Center stability foot is included on units 60"W and larger.
- No ganging option available.
- Unit's ship assembled except for feet and pulls.

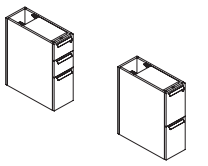


Mobile Pedestal (page 793)

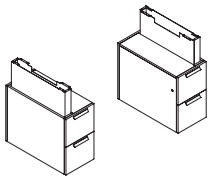
- 21½"H x 15¾"W x 20"D.
- Laminate finish options include chassis and front.
- Box/File drawer configuration.
- Front-to-back filing capable without use of rails.
- Side-to-side filing available with use of file hangrails (included).
- Casters are recessed to provide clean aesthetic.
- Units ship assembled except casters and pulls.



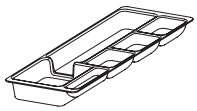
24"H Pedestal (page 793)



- 24¾"H x 18"W x 18"D.
- 25⅞"H with added laminate worksurface.
- Laminate finish options include chassis and front.
- Box/File drawer configuration.
- Front-to-back letter filing capable with use of file hangrail (included).
- Side-to-side letter filing available without use of rails.
- No interlock between drawers.
- Counterweight may be needed. See pages 768-769.
- Finished backs available, see page 806.
- Units ship assembled except pulls.

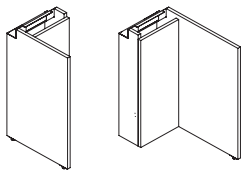


Support Pedestals (page 793)
- 28⅜"H x 18"W x 18" or 24"D.
- Box/Box/File and File/File drawer configurations.
- Laminate finish options include chassis and front.
- Same construction as credenza units.
- Support Pedestals with wire management trough do not have back panels.
- No interlock between drawers.
- Counterweight may be needed. See pages 768-769.
- Finished backs available, see page 806.
- Units ship assembled except pulls.

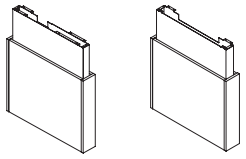


15"W Support Pedestal (page 794)
- 28⅜"H x 15"W x 24" or 30"D.
- Box/Box/File or File/File configurations available.
- Laminate finish options include chassis & front.
- Units must be mounted under worksurface, hardware included.
- Units have finished backs.
- Footed & Non-Footed configurations available. Overall Heights remain the same.
- No interlock between drawers.
- Glides provide 1½" adjustment.
- Units Ship assembled except pulls.

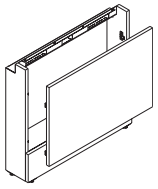
Slim Pedestals for Freestanding Desks (page 793)
- 28⅜"H x 9½"W x 24" or 30"D.
- Box/Box/File and File/File drawer configurations.
- Laminate finish options include chassis and front.
- Units must be mounted under worksurface, hardware included.
- Support Pedestals without wire management trough have back panels.
- Side-to-side filing available with hangrail (included). Narrow width does not permit front-to-back filing.
- Glides provide ¾" of adjustment
- Units ship assembled except pulls.



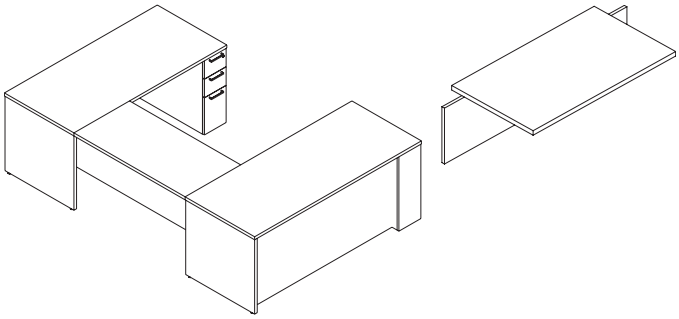
Slim Pedestal Shroud Kits (page 793)
- New models available April 2021 for A6 2 stage compatibility, see specification page for model transition.
- File/File only drawer configuration, available in left- and right-hand options determined from the primary user perspective.
- Both drawers lock via side lock.
- Includes laminate pedestal that remains on the ground and metal shroud, available in all standard Allsteel paint colors, that rises with the worksurface. Requires Altitude® 2-stage, A6 C-leg or A6 T-leg electric powered base purchased separately, see page 835.
- Pedestal is 14¼"W x 30"D x 24"H with ¾" of leveling.
- Metal shroud elevates with worksurface 27¾"–47⅜"H.
- Can be used in any combination of supports: Open T-Leg, C-Leg, Laminate Shroud, Slim Pedestal Shroud.
- The shroud fits over the height-adjustable leg of a 2" x 3" column.
- In order to have the desk line up flush, T-Leg must be specified.



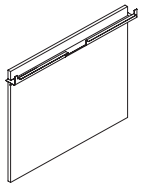
15W Box Drawer Pedestals and Accessory (page 794)
- Box drawers do not include pencil tray.
- Order pencil tray separately - A2280-000



Casegoods — Approach™

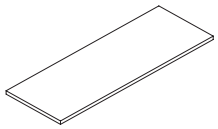


False Ped (page 809)
- 12"W x 28⅜"H
- End panel depth is 14", 18", or 24"D.
- LH and RH options.
- Designed to be used adjacent to wall access panel.
- Aligns with wall access panel.
- Used to continue wire trough and to support the end of credenza top.
- 14"D false ped worksurface must be supported on opposite end by a full-depth support.
- Maximum unsupported worksurface span is 48" with 14"D models, and 72" with 18"D and 24"D models.
- Metal wire trough ships separately and attaches directly to worksurface.

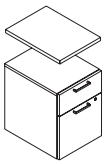


Height-Adjustable Shroud Kits (page 835)
- New models available April 2021 for A6 2 stage compatibility, see specification page for model transition.
- Available in non-handed for simple specification and optimal reconfigurability.
- Includes laminate shroud that remains on the ground and metal shroud, available in standard Allsteel paints, that rises with the worksurface. Requires Altitude® 2-stage, A6 C-leg or A6 T-leg electric powered base purchased separately, see page 835.
- Laminate shroud is 5⅜" x 30"D x 24"H with 2" of leveling.
- Metal shroud elevates with worksurface 27¾"–47⅜"H.
- Can be used in any combination of supports: Open T-Leg, C-Leg, Laminate Shroud, Slim Pedestal Shroud.
- The shroud fits over the height-adjustable leg of a 2" x 3" column purchased separately.
- Models available April 2021 for A6 height adjustable 2-stage bases.
- In order to have the desk line up flush, T-Leg must be specified.

Wall Access Panel (page 809)
- Designed to be used adjacent to false ped or supported by another unit such as tower or credenza and is non-handed.
- 18-48"W x 6½"D x 28⅜"H.
- ¾" removable front.
- Metal wire trough ships separately and attaches directly to worksurface.



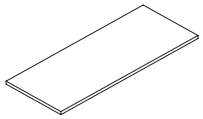
Bridge (page 809)
- 24"D x 42"W or 48"W.
- 48"W bridge ships with external support stiffener.
- Comes with 14"H half-height modesty panel, which is 12" wider than the worksurface.
- Flat brackets onto both sides of fixed height adjacent units.
- To mount, use a flat bracket on both sides fixed to an adjacent unit. Flat brackets are included for ease of installation.



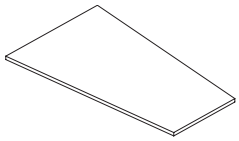
Back Panels (page 806)

- All credenzas have a finished back option available for order, see page 806.
  - All back panels are inset of credenza end panels.
  - Back panels include a filler piece for a clean back. Specify color options at time of order entry (colors are Black, Designer White and Silver to match pull or feet colors).
- 3 Heights available.
  - 20" is used on 24"H footed models, ex: **WKCSFY243018-BF**
  - 24" is used on 24"H non-footed models, ex: **WKCSFN243018-BF**
  - 24" is used on 28"H footed models, ex: **WKCSFY283624-LF**
  - 28" is used on 28"H non-footed models, ex: **WKCSFN283624-LF**

Credenza and Pedestal Tops (page 804)



- Tops are 1⅛" thick with 2mm Edgeband.
- Tops ship with double sided tape supplied in hardware packs.
- Double sided tape attach tops to top of credenza and pedestal units.
- Tops must cover at least one storage unit and may span multiple.
- External stiffeners need to be added to credenza tops if they are spanning a distance greater than 60".
- Shortened Tops for Trough Units
  - Depth is shortened by 2½" less than listed to accommodate wire management trough.
  - 18"D models are 15½"D (2½" less than actual).
  - 24"D models are 21½"D (2½" less than actual).
- Full Depth Tops
  - Width & Depth is nominal to size, (example 24"–24.0").
  - Optional Grommet locations allow user access to the trough.
  - 18"–36"W tops have center grommet option only.
  - 42"–96"W tops can specify grommet locations (L Left, R Right, B Both, C Center, X None).
  - Grommets available in Oval plastic, Square Metal, or Oval Metal.
  - Use for covering trough or top for troughless units.



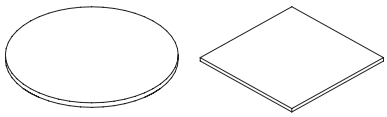
Credenza and Pedestal Cushions (page 804)

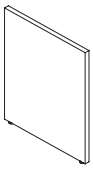
- A seat cushion can be placed on top of credenzas or 20"D mobile pedestals.
- Designed to fit flush with front of drawer fronts.
- Credenza cushions are undersized by 3" in depth to accommodate wire management trough, 18"D are actually 15"D.
- Seat cushion adds approximately 2"H to credenza or pedestal.

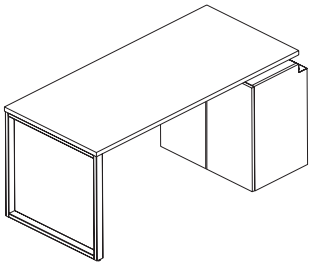
Casegoods — Approach™

Primary Worksurfaces (page 812)
- All Worksurfaces are 1⅛" thick with 2MM edgeband.
- Width and depth are nominal to size, (example 24"W or 24"D = 24.000").
- Units 48"W or greater ship with external support stiffener.
- User can specify grommet locations (L Left, R Right, B Both, C Centered, X None). See page 774.
- User can specify grommet material (Plastic Oval, Metal Oval, Metal Rectangular).
- Plastic oval grommets automatically match worksurface edgeband selection.
- Includes pilot holes for standard supports and modesty panel locations.

Double Sightline Surfaces (page 811)
- Double Sightline Surfaces: 6 sizes, measure as (Width, Depth 1, Depth 2).
- Reference the table base specifications in Seating & Tables price list for applicable models and size limitations
- Utilized mainly in team spaces, collaboration touch points, and/or a useful space division in the workplace if set with O-Leg or end-panel supports from a storage support.







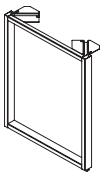


Table Top Worksurfaces (page 810)
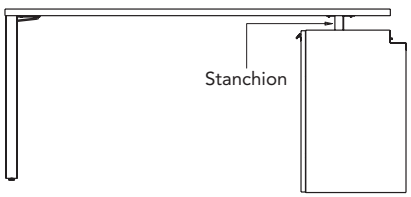
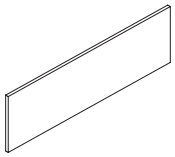
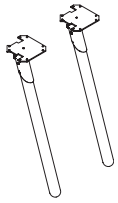
- All Worksurfaces are 1⅛" thick with 2MM Edgeband
- Reference table base specifications in Seating & Tables price list for applicable models and size limitations
- Square Surfaces: 36", 42", and 48" available.
- Round Surfaces: 36", 42", and 48" available.
- Approved with splay legs.



End Panels (page 815)
- 1⅛" particleboard with laminate on both surfaces.
- 2MM edge band on all edges.
- End panels are used to create run-off set-ups.
- 14", 24", 30", and 36" depths. Actual depths are 13¾", 23¾", 29¾", and 35¾"D.
- RH and LH options used separately. Model supports one side of a worksurface, not both unless using a full height modesty.
- 14"D end panels can only be used with 24"D primary worksurfaces.
- 24"D, 30"D and 36" end panels require primary worksurface depths to match the end panel.
- Maximum worksurface length is 48" with 14" end panel, and 72" with 24", 30" and 36" end panels.
- Attaches to worksurface with cam/pin/dowel mechanical fastener, providing strength and stability to desking application.
- Must order same hand modesty panel to tie into support and worksurface.

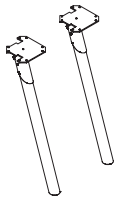


O-legs (page 813)
- 28⅜"H x 24"D or 30"D.
- 1" x 2" steel tube construction welded to mounting brackets.
- Leveling glides with 2" of adjustability.
- Actual Depth is 23¾" and 29¾".
- Mounting plate width is 6", visual width is 2".



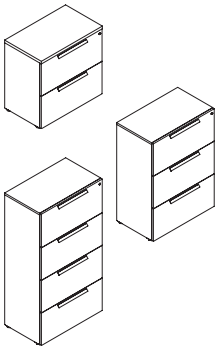
Stanchions (page 814)
- 12" and 18"D in two heights:
  - 24"D worksurface uses 12"D stanchion.
  - 30"D worksurface uses 18"D stanchion.
  - 36"D worksurface uses 2–12"D stanchions.
  - 4"H — credenza to primary worksurface
  - 3"H — credenza with top to primary worksurface
- Formed sheet metal construction, P02 Flint only.
- Attaches to upper worksurface with screws and industrial VHB tape to lower worksurface/credenza. See illustration at left. Stanchion is centered on credenza and when paired with a blade foot gives a floating aesthetic.

Modesty Panels (page 815)
- Horizontal Grain Direction:
  - 14"H x 30", 36", 42", 48", 54", 60", 66", and 72"W.
  - 28"H x 48", 54", 60", 66", 72"W.
  - 14"H Modular, RH modesty panel and LH modesty panel version for laminate end panel, non-handed 14"H modesties used in all other applications.
  - 14"H Modular mounts to worksurface stiffener with worksurface.
  - RH and LH modesty panels must attach to RH or LH laminate end panel. Specify same hand as end panel.
  - 28"H Modular, non-handed modesty panel version for laminate left and right end panel.

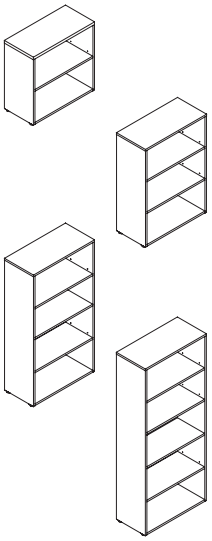


Splay Legs

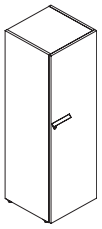
Wood Splay Legs (page 813)



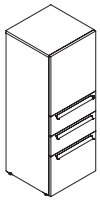
- Includes pair of legs (non-handed, mounted to top plate) and attaching hardware.
- Available in oak and walnut toned wood.
- Natural wood has variance between color and wood grain which is not the same visual as woodgrain laminate. Allsteel does not guarantee the exact matching of grain, pattern or color.
- Shroud available in standard paint selection.
- Used to support one corner of a worksurface or table.
- Standard worksurface support height
- Height adjustable legs provide a 1⅞" range of adjustment.
- Splay legs are for use on worksurface spans up to 72"W.
- Height adjustable leveling feature requires common tools to adjust height.
- Optional push-pin glide and felt pad included in hardware pack.



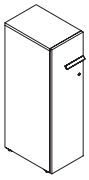
Metal Splay Legs (page 813)



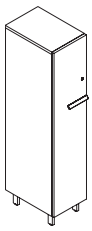
- Includes pair of legs (non-handed, mounted to top plate) and attaching hardware.
- Standard paint finish options include leg and shroud.
- Used to support one corner of a worksurface or table.
- Standard worksurface support height.
- Height adjustable legs provide a 1⅞" range of adjustment.
- Splay legs are for use on worksurface spans up to 72"W.
- Height adjustable leveling feature requires common tools to adjust height.
- Floor protection provides ½" of additional adjustment.
- Approved for runoff or freestanding applications up to 72"W.



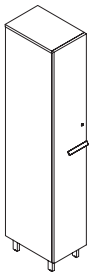
Freestanding Laterals (page 807)
- Laminate finish options include chassis and front.
- Ships assembled except for pulls.
- No footed option available.
- Outside overall dimensions:
  - Heights: 2H = 29½"H, 3H = 42¼"H, 4H = 56⅝"H
  - Widths and Depths: 30"W and 36"W; 18"D and 24"D with the exception of 2H which is 18⅛"D and 24⅛"D.
- 2H has 1⅛" top built-in to case construction. Cannot be used under a spanning top workwall of 28"H units.
- All units include interlock drawers.
- Inner drawer dimensions and filing configurations are the same as credenzas. See page 760.
- Full extension file drawers: 13¼"D on 18"D, and 17¼"D on 24"D models.
- Drawer unit ships with hangrail to accommodate side-to-side filing.



Freestanding Bookcase (page 808)
- Laminate finish options include chassis.
- Outside overall dimensions:
  - Width is nominal to dimension (i.e. 30"W = 30") with the exception of 2H which is 30.04"W
  - Heights: 2H = 29½"H, 3H = 42¼"H, 4H = 56⅝"H, 5H = 71⅛"H.
  - Depth: 15"D = 14¼"D actual.
- Shelves:
  - 2H – 1 adjustable shelf
  - 3H – 2 adjustable shelves
  - 4H – 2 adjustable, 1 fixed shelf at worksurface height
  - 5H – 3 adjustable, 1 fixed shelf at worksurface height
  - Internal shelves are ¾" laminate and adjustable to three levels.
- 2H bookcase has built-in 1⅛" top. Cannot be used under a spanning top workwall of 28"H units.
- 1½" adjustable glides
- Pin-and-cam fasteners visible from the front are covered with cam covers.
- No footed option available for bookcases.

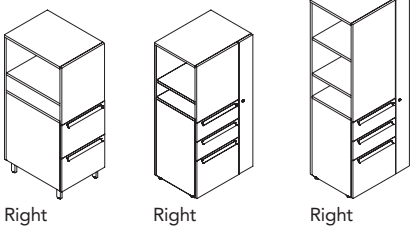


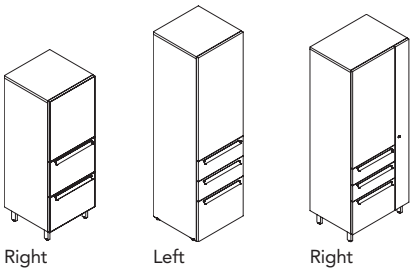
Left



All Towers (page 825)
- Laminate finish options include chassis and front.
- Ships assembled except for pulls and side access towers which are assembled in field.
- 1½" adjustable glides on all except Open Access which have ½" adjustment.
- Footed and Non Footed Options Available.
  - Tower/Wardrobe models ending in HDL/H-HDL/CFL are available without feet only.
- 24"D x 24"W and 24"D x 30"W non-footed wardrobes and towers can be freestanding. Pullout towers can also be freestanding. All other wardrobes and towers are not for use in freestanding applications and must be ganged to adjoining units. All footed wardrobes and towers must be ganged to adjoining units.
  - Use included attachment hardware pack to attach through adjoining end panels utilizing the pilot holes underneath bottom-most shelf of wardrobe tower.
  - See instruction manual for installation steps.

Left

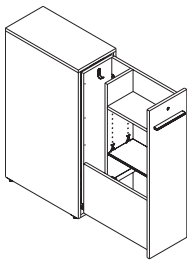




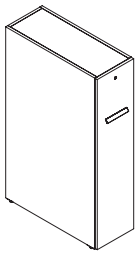
Left

Left

- Hinged door
  - Sizes Available:
    Heights – 42½", 50", 57½", 65½", 72"
    Widths – 12", 18" & 24"
    Depths – 18" & 24"
  - 18"D Towers have 2 coat hooks in unit
    24"D Towers have a coat rod in unit, except models ending in HDL
  - 12" & 18" Wide have RH and LH configurations
    12" & 18" Wide towers have single door, 24" Wide has two doors non-handed
  - Shelving:
    42½" & 50" – 1 adjustable, 1 fixed
    57½" – 2 adjustable, 1 fixed
    65" & 72" – 3 adjustable, 1 fixed
  - Refer to page 752 for interior dimensions.

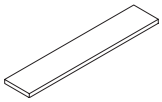


Towers—continued (pages 817-820 and 825)

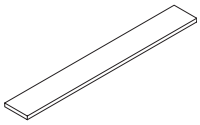


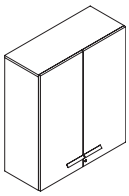
- Personal Combination and Side Access
  - Sizes:
    Heights – 50", 57½", 65½", 72"
    Widths – 18", 24"
    Depths – 18", 24"
  - Personal combination and side access towers 24"W coat hanging options under fixed shelf are two coat hooks in 18"D models and a coat rod in 24"D units for hangers.
  - Available in right-hand and left-hand configurations
  - Push latch wardrobe door on 18 and 24 wide combo and side access units
  - Side access opening is at 29½" to line up with worksurface
  - 2 adjustable shelves behind hinged door
  - Shelving behind hinged door or in open cavity:
    50" & 57½" – 1 Shelf
    65½" & 72" – 2 shelves
  - Refer to pages 753-754 for interior dimensions.
  - Combo Towers have hinged door on front of unit
    Side Access Towers have open shelving on side of unit
  - File drawer interior dimensions and filing are the same as 18"W ped
  - Box/Box/File and File/File configurations available
    30"W Combo tower has File/File configuration only with pulls on all doors and drawers
  - Interior Dimensions for Box/Box/File and File/File are the same as 18"W Ped
- 30"W Wardrobe
  - 5H only
  - Depth: 24"D.
  - Shelves:
  - 3 adjustable, 1 fixed
  - Refer to page 752 for interior dimensions.

Cubby Storage (page 821)

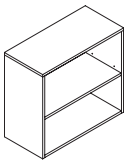


- 7"H x 14"D x 18", 24", or 30"W.
- Installs under a worksurface, hardware included.
- Ships flat for field assembly.

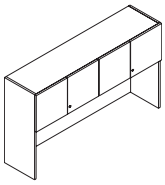




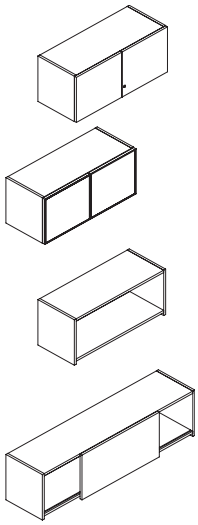
Pullout Towers (page 816)



- Tower ships fully assembled.
- Laminate finish options include chassis, front, and drawer.
  - Drawer finish options limited to Loft, Flint, and Designer White
- Sizes Available:
  - Heights – 42½", 50"
  - Widths – 12"
  - Depths – 24", 30"
- LH & RH configurations available.
- Tower Drawer contains two coat hooks.
- Shelving (See page 755 for specifications):
  - 42½"H – 1 adjustable & 1 fixed shelf
  - Adjustable shelf has 2½" height adjustment
  - 50"H – 2 adjustable & 1 fixed shelf
  - Bottom adjustable shelf has 4⅝" adjustment
  - Top adjustable shelf has 2½" adjustment
- Tower Drawer contains file capabilities (See page 751 for specifications).
- Case height contains 1½" adjustable glides.
- Tower Drawer contains 1½" adjustable caster.



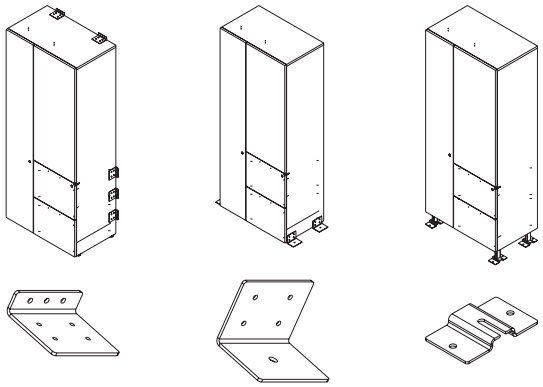
Floating Shelf (page 827)
- 30"–78" Widths available.
- Shelf is 8" in depth.
- Brackets ship with shelf.
- Maximum 10 lbs. per linear foot load capacity. Shelf can be mounted to any surface. Hardware to mount shelf not included and specified by contractor.



Stack-On Storage (pages 827-829)
- Ships assembled except for pulls.
- Outside overall dimensions:
  - Width is nominal to dimension (i.e. 18"W = 18")
  - Heights: 4H = 29⅛", 5H = 42⅛"
  - Depths: 15"D = 15" from drawer front to rear edge of end panel. Open shelf units subtract ¾" for front thickness.
- Laminate finish options include chassis and front on hinged door units and chassis on open and side access units.
- Shelves:
  - 4H = 1 adjustable
  - 5H = 2 adjustable
- Pin-and-cam fasteners visible from the front are covered with cam covers
- 18"W hinged door available in right- and left-hand configurations.
- Side access available in right- and left-hand configurations.
- Writable front models available.
- Units must be placed on top of 1¼" thick worksurface and are attached with industrial VHB tape.

Hutches (page 829)
- Sizes:
  - Height – 35"
  - Width – 48", 60", 66", 72", 78"
  - Depth – 14"
- Fully enclosed back; includes a 1¼", full width pass-through for 3-prong electrical plugs; facilitates routing cords and reaching wall electrical outlets.
- Lower back panel can be attached with cord pass-through at bottom next to the worksurface or at top for close proximity to task light cord.
- Lower back panel can be removed to facilitate collaboration in teaming configurations.
- Valence hides task light.
- Vertical clearance for computer monitor is 20".
- Available with laminate or frosted glass/silver doors.
- Units are equipped with self-closing, adjustable hinges.
- Laminate hinged door units are available with or without a lock.
- For tackboards, see page 829.
- For task lights, see page 1037.
- Units attach to worksurface using double sided tape.

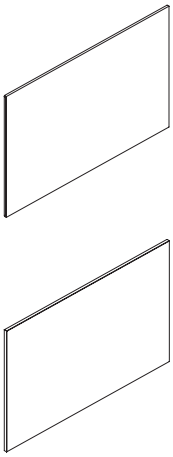
Overheads (page 826)
- Ship fully assembled.
- Laminate finish options include chassis and front.
- Wall mounted – standard – ships with hardware for unit connection to bracket. Hardware for bracket connection to wall is not included.
- Outside overall dimensions:
  - Widths: 30"W = 29⅞", 36"W = 35⅞", 60"W = 59⅞", 72"W = 71⅞".
  - Heights: 15"H = 15⅛"
  - Depths: 15"H = 15⅛" open case depth; 15⅞" for overheads with doors.
- Pin-and-cam fasteners visible from the front are covered with cam covers



- Hinged door — laminate
  - 30"W, 36"W and 42"W (2 doors, 1 lock)
  - 48"W (3 doors, 1 lock)
  - 60"W, 66"W, 72"W and 78"W (4 doors, 2 locks)
  - Locking — standard, omit, and non-locking options.
- Hinged door with frosted glass
  - 30"W, 36"W and 42"W (2 doors)
  - 48"W (3 doors)
  - 60"W, 66"W, 72"W and 78"W (4 doors)
  - Non-locking
- Open
  - 30"W and 36"W
- Sliding door — one half-width laminate door
  - 48"W, 60"W, 66"W, 72"W, and 78"W cabinets.
  - Locking on left side only.
- Specify low profile LED task lights to mount beneath laminate overhead cabinets. See pages 1035-1038.

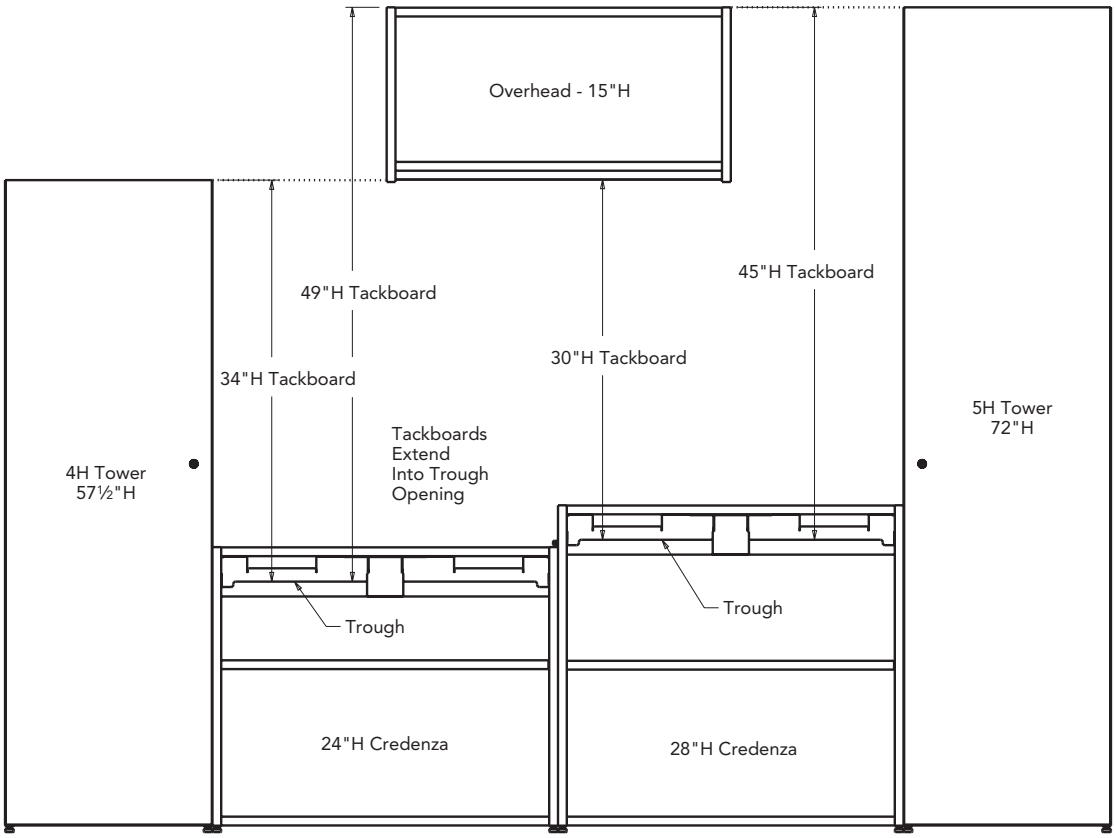
Overhead Mounting Kit for Beyond Walls (page 826)

- Able to mount Approach overheads onto beyond frame wall.
- Need to order beyond slotted standard bracket, model **BFSFHB.L**.
- Able to mount off-modular, maximum 6" total for 30"–48"W units, and 12" total for 60"–78"W overheads.
- WKOHBW30AK includes 2 brackets.
- WKOHBW60AK includes 3 brackets. Required for 78" overheads and any setup that spans 2 or more glass sections.

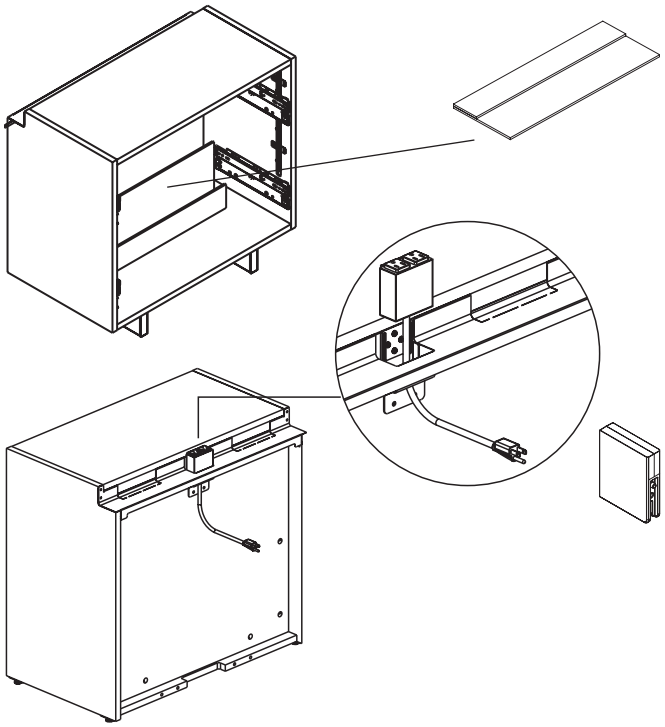


Seismic Attachment Bracket Kits (page 788)

- Kits come in quantity of 4 brackets.
- Wall or Floor mount brackets required to be HCAI Complaint for any unit 72" or taller.
- Wall Mount Bracket Kits compatible with all storage units.
- Wall Mount Bracket Kit installation is dependent on Install Site Common Mid Point (CPM)
- Floor Mount Bracket Kit compatible with all *Non-footed (N)* storage units
- Floor Mount Clip Kit compatible with all *Post foot (Y)* storage units
- Additional information regarding HCAI compliance available via *HCAI Certification FAQ* available through www.allsteeloffice.com site.



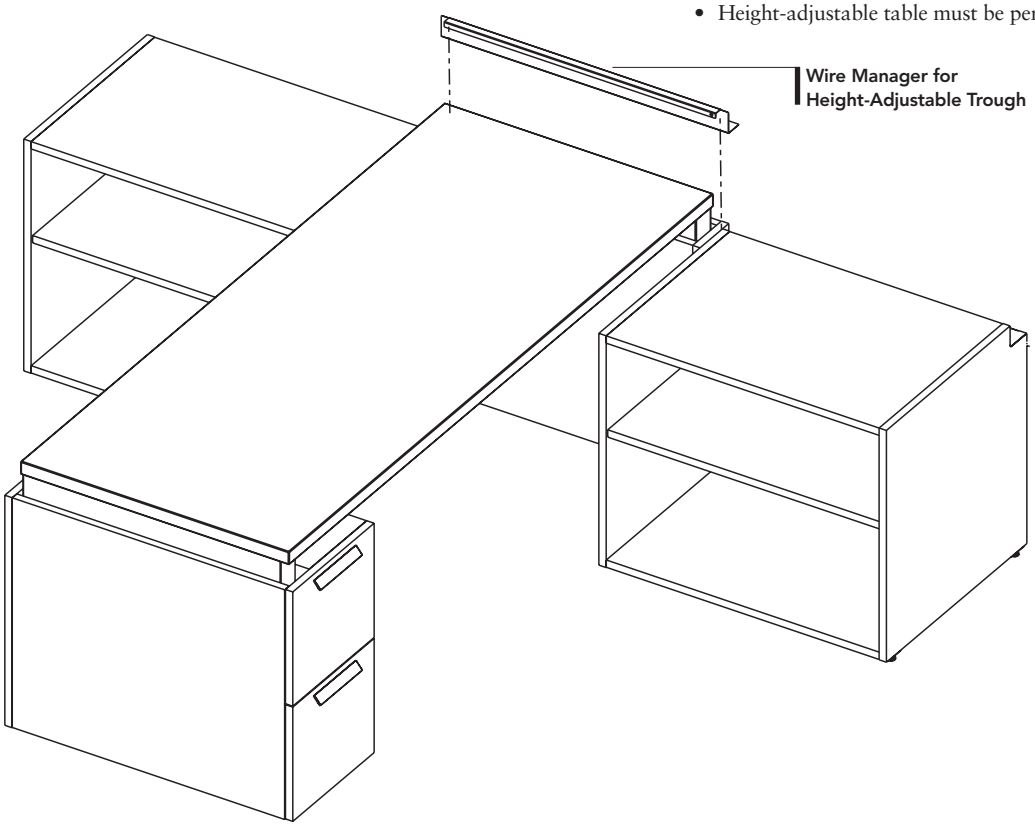
Casegoods — Approach™



Working with Tackboards & Writable Boards

Tackboards and Writable Boards (pages 830-831)

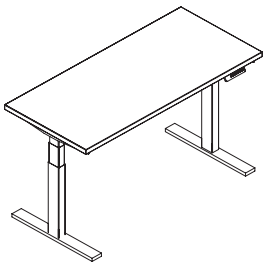
- Available in upholstered tackboards and writable surface boards.
- Available to match 4H and 5H storage heights at layered and full height applications.
- Available 30"W - 96"W at 6" increments.
- Tackboards 66" and greater consists of multiple segments.
- Writable boards 54" and greater consists of multiple segments.
- If 4H tower unit is specified then use 4H board. Select height based on layered or full height credenza. See illustration at bottom.
- If 5H tower unit is specified then use 5H board. Select height based on layered or full height credenza. See illustration at bottom.
- If 5H tower unit is specified with an overhead unit then use 4H board. Select height based on layered or full height credenza. See illustration at bottom.
- Units are wall mounted using 'Z-Mounting' bracket. Z-Mounting brackets ship automatically with Approach tackboard models.
- Tackboards and writable surface boards are not meant to be used with finished back credenza kits.
- Tackboards and writable board heights are in alignment with Trough heights.
- Troughless units are for open plan/workstations and will need tackboard to raise 3" or set behind credenza. Or contact tailored products group.



Counterweight Kits (page 832)
- Counterweight is attached to the back of a pedestal or credenza to inhibit tipping. See illustration at left.
- Kits must be ordered separately (see pages 768-769) based on type and depth of unit and are field-installed.
- Units that may require counterweight kits, depending on how they are configured, are flagged with a pound sign # after the model number listing on pages 793 and 801.

Mini-tap Power (page 832)
- Installs into back bracket of unit on 18"D models. See illustration at left. Includes 6' black power cord.
- Units available as 2 Power or 1 Power/1 USB.
- Requires additional mounting bracket WKMTMB (ordered separately) on 24"D models and wall access panels.
- 12"W, 18"W, 24"W, 30"W, and 36"W units have 1 knockout; 42"W, 48"W, 60"W, and 72"W units have 2 knockouts for mini-tap power modules.

End Cap (page 832)
- Used to finish trough at end of run.
- Branded with Allsteel Logo.
- Available in Black, Designer White, and Silver.
- Specify Full Height or Enclosed Height end caps based on top specified.
- **Credenza Top is required.**
- For Open Trough Tops specify Full Height End Caps.
- For Closed Trough Tops specify enclosed Shortened Height End Caps.

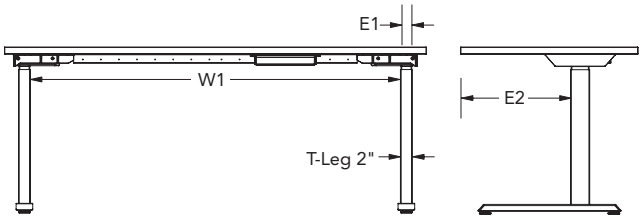


*Note: Top will cover top of end cap.

Wire Manager for Height-Adjustable Trough (page 832)
- 30"W, Flint only.
- Installs onto height-adjustable laminate shroud. See below.
- Spans two credenzas on either end of height-adjustable desk.
- Height-adjustable table must be perpendicular to wall.

Casegoods — Approach™ Working with Altitude® Height-Adjustable Tops and Bases

Altitude height-adjustable bases are available in two styles for Approach:



A6 T & C Electric Base
with Rectangular Worksurface

Compatible with Credenza
for Integrated leg new shroud
models available April 2021

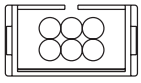
Bottom Views

2-Stage
with C-Legs

Height-Adjustable Worksurfaces, Bases, and Controls

Height-Adjustable Worksurfaces (page 833)
- Height-adjustable worksurfaces are available in laminate with flat edge and rectangular veneer with matching square edge.
- Worksurface dimensions are nominal. Actual widths are reduced by 2" (1" each side). Corner cove depth is nominal, actual is 1" less.
- Altitude worksurfaces are pre-drilled with mounting location for bases.
- Any open span 60" and greater requires an external support channel. Altitude 66"-72"W rectangular worksurfaces include an external support channel.
- Rectangular worksurface grommet location is limited to center location due to mounting of worksurface supports at each end of the worksurface.
- C-Leg load capacity is 300 pounds for 2-leg model including weight of worksurface. A3-T load capacity is 250 pounds for 2-leg model including weight of worksurface.

Height-Adjustable Bases (page 835)
- Electric height-adjustable base units are available in two styles for Approach: A6 with T-Leg or A6 with C-Leg.
- A6 models are available in Black, Brownstone, Cinder, Designer White, Flint, Fossil, Loft, Muslin, Nickel, Parchment, Pebble, Pewter, Salt, Titanium, Champagne Metallic, Gunmetal Metallic, Night Bronze, Platinum Metallic, and Silver.
- A6 models travel at 1.2" per second. Motor devices have a continuous cycle time of 2 minutes with an 18 minute rest period before it can be cycled again.
- Control box is powered by 110-120V/60Hz/4A. Standby power is <0.1 Watts. Power cords on A6-T models are 9'.
- Pedestals taller than 24½" for 2-stage models and 19½" for 3-stage models when placed under table will limit range in lower position.
- Mobile box/file pedestals will clear feet on height adjustable base but will extend past edge of worksurface in that position. See chart on page 751.
- Moving worksurfaces can collide with other components. It is important to ensure free range of motion prior to operating the table.
- All tables have adjustable glides providing ½" adjustment on A6.
- Altitude A6 tables feature anti-collision, a feature designed to stop table travel when the table detects an obstacle.
- Altitude A6 bases specified with a worksurface 60"W and greater require the use of an external stiffener. An external stiffener is included in Altitude worksurface models 60"W and greater. If a non-Altitude worksurface is being used, an external stiffener may need to be specified separately.
- A6 2-stage models (2-leg and 3-leg) can be used with shrouds.



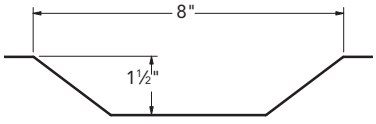
Shrouds (page 835)
- A6 2-stage models (2-leg and 3-leg) can be used with shrouds.
- A6 3-stage standard and Max bases cannot be used with shrouds. The shrouds interfere with the reset of the base as it is not able to reach its lowest setting.

Cable & Wire Management

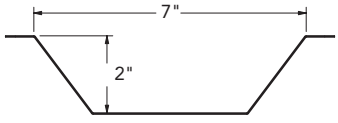
Cable Management Tray (page 834)
- Attaches under the worksurface to contain cables.
- Metal tray shelf is 4" deep. Can hold electrical power strip and/or surge protector.
- 24" and 36" lengths, use multiple units for larger worksurfaces.
- Attachment hardware included, paint option is black only.
- Zip tie attachment points located in base of tray. Zip ties not included.
- Limited paint offering. Available in all Grade P1 and Grade P2 paint finishes for Altitude Bases with the exception of Night Bronze (P8B).

Wire Management Strips/Channels (page 834)
- Self adhesive backing to attach to panels and underside of worksurfaces.
- Flexible strips allow cabling to enter/exit and can be contained inside the strips' cavities.
- Includes two wire management profiles. Smaller profile allows for qty. 3, .3" diameter cords, has area of .32 in². Larger "J" shaped profile allows for qty. 10, .3" diameter cords, has area of 1.14 in².

Cord Management Chain (page 834)
- Works with Approach and Altitude A3 and A5-Series product.
- Used to route and conceal power/data cables from control box and other devices. Includes all mounting hardware and a plate to secure to a leveling glide.
- Houses 6 cables @ 0.300" diameter.
- Made of plastic chain with plastic attachment brackets at each end. Only comes in Black finish.



6 cables (.300" dia.)



Under Worksurface Trough (page 834)
- Used to conceal wires and control box below worksurfaces. Trough can be configured at various height/width combinations to meet capacity needs — see illustrations below.
- On 48"W and 54"W worksurfaces use one 17"W trough. 54"W has space to use 2 – 17"W, if necessary.
- On 60"W, 66"W, and 72"W worksurfaces use the 36" trough.
- On 84"W worksurface use 2 – 17"W troughs.

Panel Mounted Wire Chase (page 834)
- Attaches between panels on Stride, Terrace, and Optimize via a slotted standard.
- Designed to sit below a worksurface and provide additional cord management from the base rail to beltline/under-worksurface height.
- Available in standard metal paint finishes.

Metallic paints, due to varying reflectance, may appear to have less visual color consistency than other paint finishes, even when L/A/B values are exactly the same. (L/A/B — measurable aspects of color — values are maintained within a specified range, to ensure consistent appearance of paint colors.)

****These colors are intended to be an inspirational option for the trending market. Product application is limited and color availability is approximately two years to coincide with evolving workplace trends.*

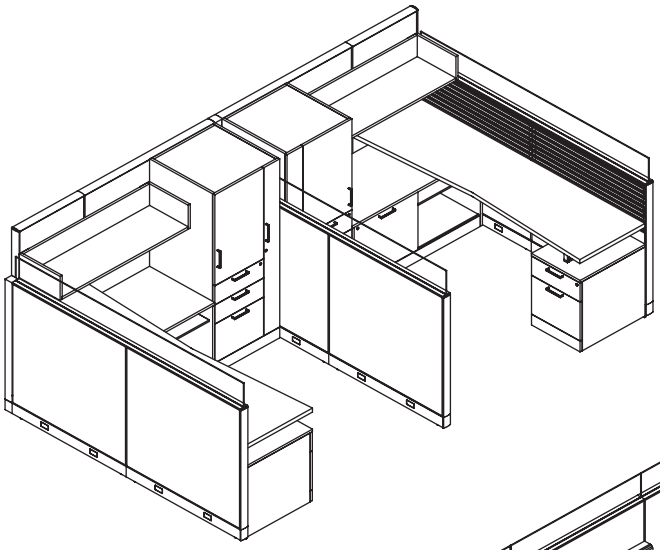
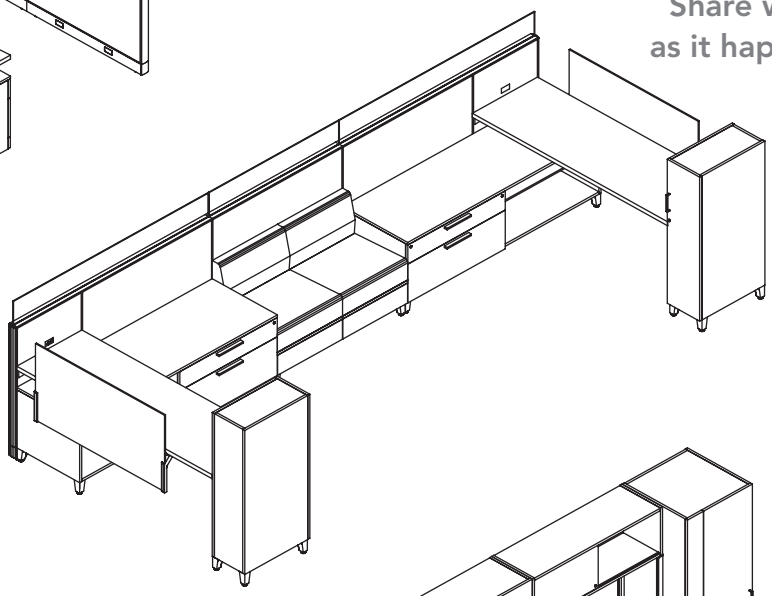
Modesty Panels and Screens

Modesty Panels | Back Panels | Privacy Panels | Divider Panels

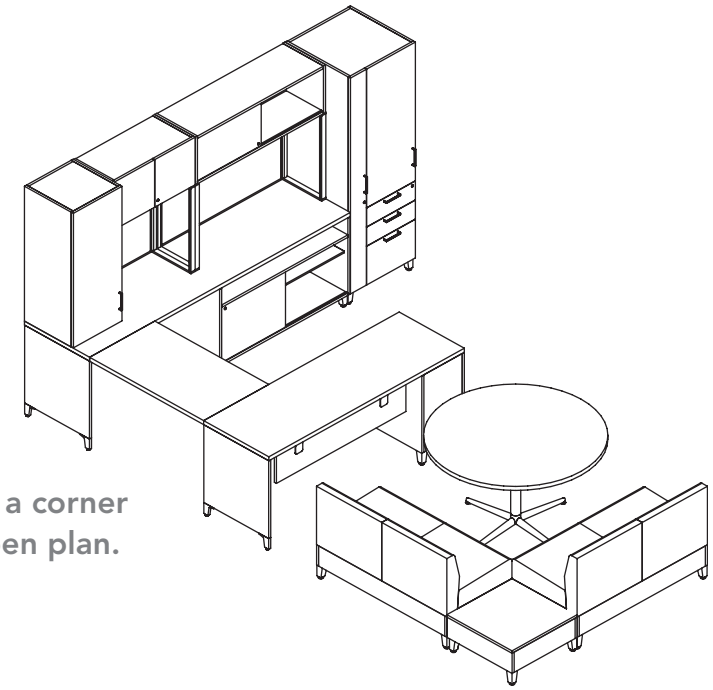
Accessories



Ped/Credenza Cushion | Pullout Shelf | Extra Metal Shelf | Power Module



Where, how, and even what defines work is changing constantly. It's obvious that businesses are trying to understand what it means to successfully change with the culture and trends.



With Involve, we set out to discover how furniture can be used today as an impetus to an organizations change and yet perform well into the future as the organization continues to evolve.

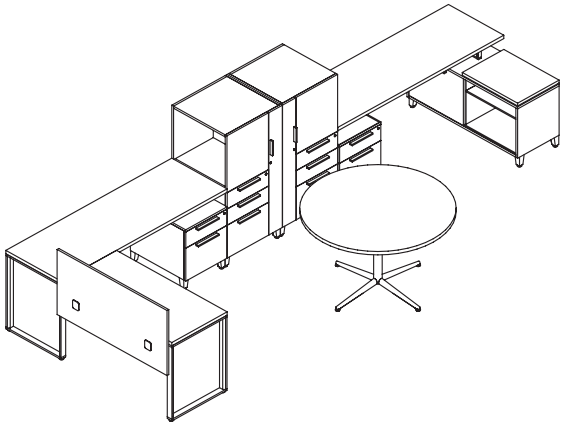
Involve… one solution for all your needs.

Share work as it happens.

Involve is as comfortable in a corner or shared office as in an open plan.

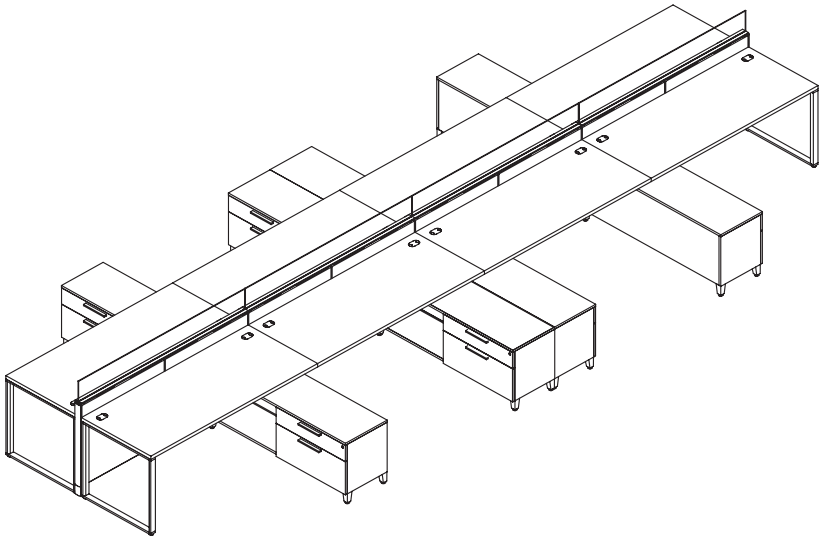
A Fresh Approach

Furniture needs to work today with a fresh approach and innovative features. But support of tomorrow's needs is vitally important.

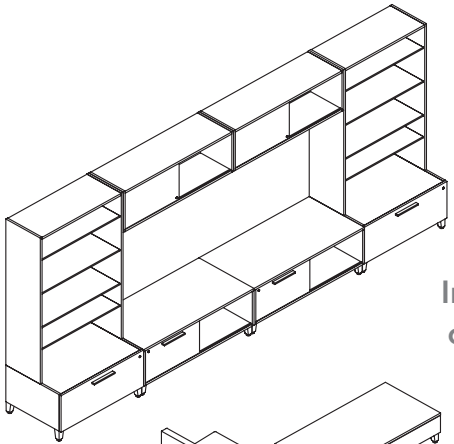


- Expand functionality of systems furniture, energize existing installs, and support changing work styles with Involve. Take existing investment and add functionality and relevance by changing out a few key pieces.
- The soft seating can be used within panel walls or pulled into freestanding or huddle room applications. The same casegoods work in private office or open plan configurations.
- Modularity of components allows for flexing of product application into the future. Involve lets you design for collaboration now while building in opportunity for future head count growth.

Changing Work Styles

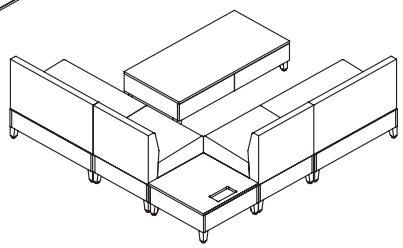


From editing to brainstorming, number crunching to researching, today's work doesn't just happen in a task chair pulled up to a desk surface.



- Tired of the stodgy cubicle, users should be inspired by a fresh approach with innovative features that feel like furniture and less like a system.
- A task chair works for one job function and lounge seating works better for another. Involve supports the preferred posture for these activities while maintaining the desired home base for individuals.
- Untethered from the primary workstation, sharing of information can happen spontaneously around a screen or face to face. Involve components can be used across the floorplan offering the user multiple places to go as they work.

Get inspired by Involve.



Involve's modular design accommodates all the different ways work gets done.

Involve moves out of dedicated user spaces to create comfortable, functional meeting areas.

Involve® Laminate Wood Storage

Credenzas and pedestals ship fully assembled except for tops on 28"H and 42"H units are ordered separately to allow one surface to span multiple credenzas and pedestals. Tops are available in laminate with flat edge detail.

Optional ganging bracket can be used to gang credenzas or pedestals in line.

Various pull options are offered. See below for details.

Tops for 28"H and 42"H units must be ordered separately and can span multiple units. Most units are available in 18" or 24" depths.

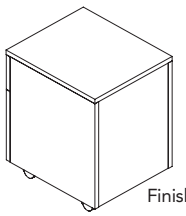
Available in solid and woodgrain laminate colors. On units with fronts, you can select one laminate for the case and a second laminate for the drawers fronts and doors.

Units can be shipped with lock cores removed; cores can be installed after units are in place. Core removable lock feature allows key numbers to be easily changed in the field.

Units are constructed from ¾" thick laminated particleboard with edge banding and European cam-and-pin construction.

Stride feet for Involve have sleeves to conceal the leveling glides which have a 1½" leveling range. Terrace feet have a leveling range 2¼". The hex-head design of the stem allows leveling to be done even when the unit is fully loaded.

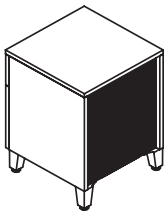
On two-tone casegoods, the credenza top including front "header" is the same color as the case on all credenzas that ship with a top. *Example:* Units with frosty white case and charcoal walnut front has a frosty white top and header.



All drawers use full extension slides. Interlocks are used where needed for stability.

Choose footed design or plinth base for storage that sits on the floor.

Internal shelves are painted metal and adjustable to three levels (unless noted as fixed).

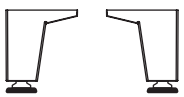


Feet are recessed ¾" from the front, 1/16" from the sides, and are flush to the back. On dual-access units feet are recessed ¾" on front and back.

Single sided sliding door units are non-handed; open half depends on door position. Doors lock in either position.

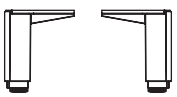
Finished back

Open and partially open units come assembled with a finished laminate back.

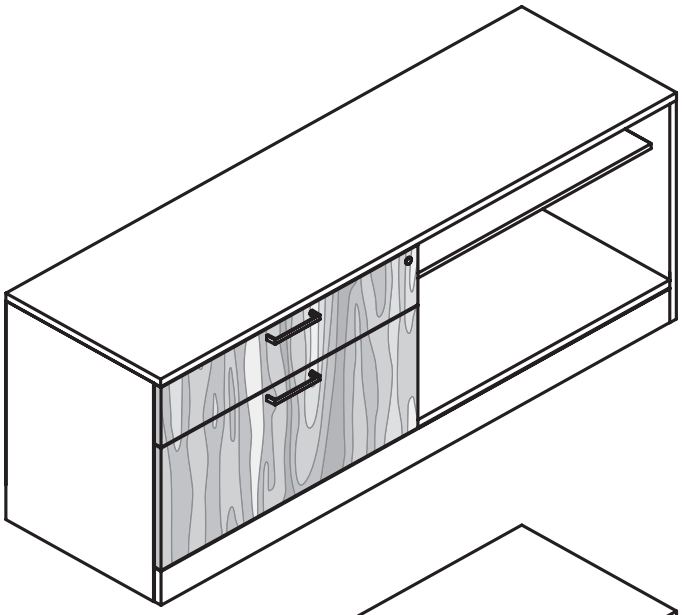


Units with drawers or doors come with an unfinished back that is recessed. A laminate back is available for units up to 28"H (ordered separately) for use when the back of the unit will be exposed.

Available pull styles:

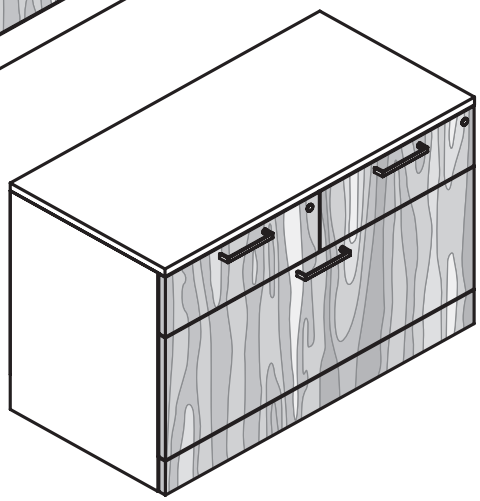


Arch Halo Beam Square

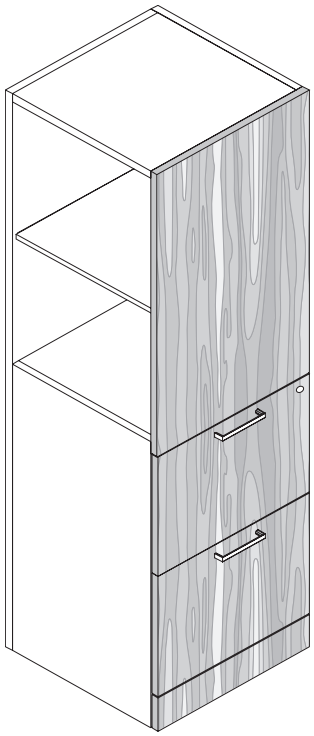


Storage that sits on the floor is available with plinth base or feet. Footed design provides increased air flow. **Two feet options** are available to integrate with Terrace or Stride Systems. Units ship assembled except for feet and pulls.

Terrace



Stride

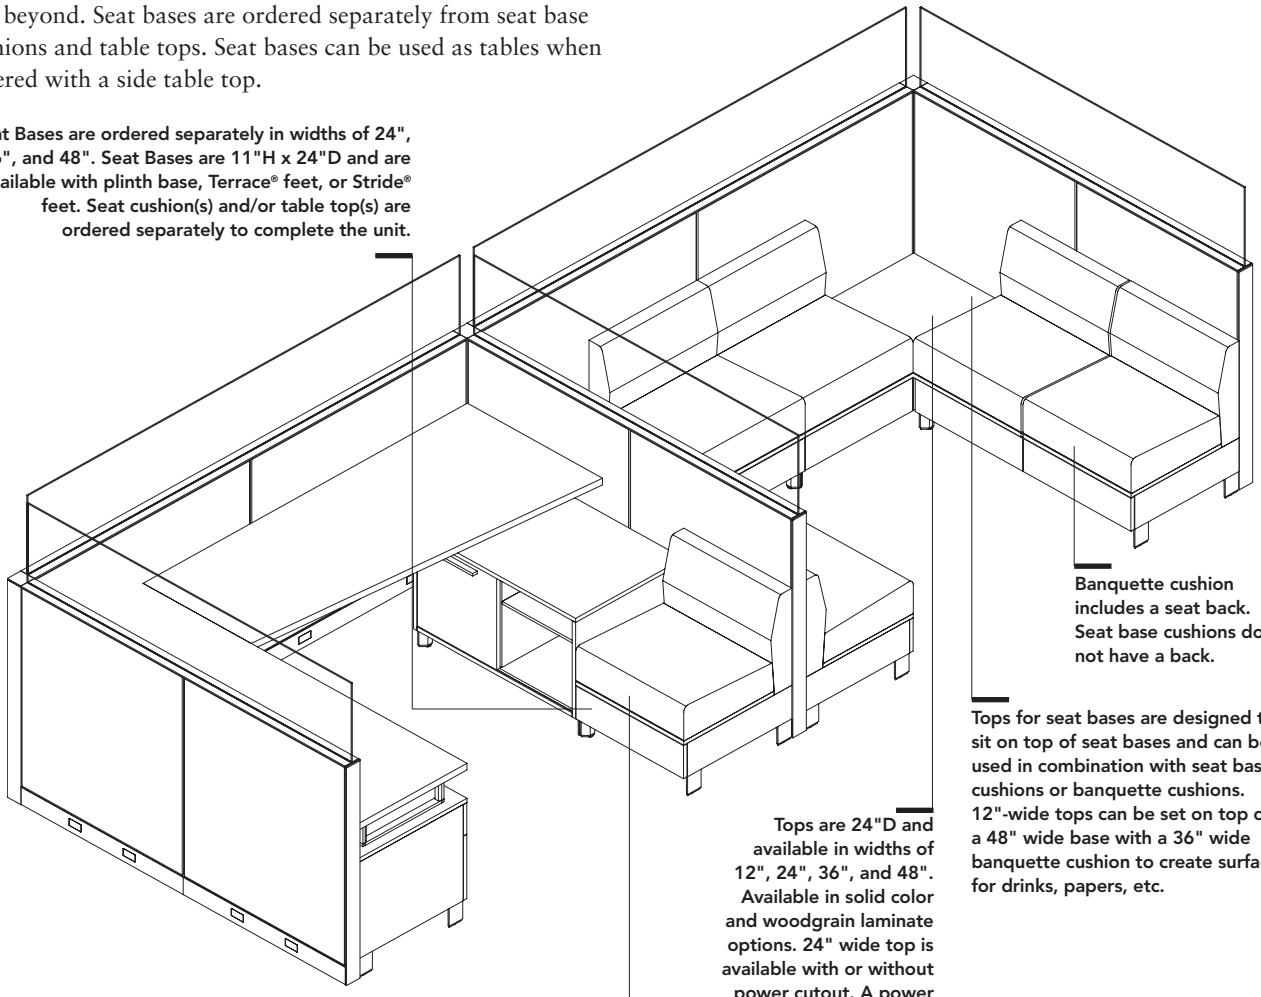


Two Tone Combo Credenzas

- Chassis, top, and plinth base will match. See illustration at left.
- Door/drawer fronts will match.

Two Tone Credenza (non-combo unit)

- Chassis and top will match. See illustration at left.
- Drawer fronts and plinth base will match.
- For best aesthetics avoid placing aside of a two-tone combo unit.



Two Tone Tower and Wardrobe Plinth

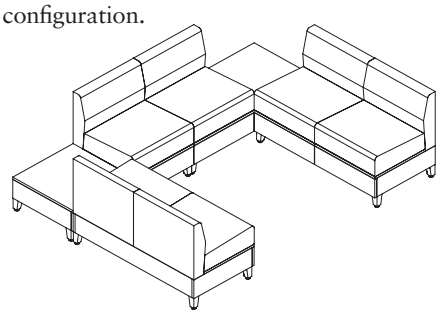
- Units have matched front and kickplate as shown here.

Note: Plinth base follows front laminate on non-combo units, and chassis & top on combo units. For best aesthetics avoid placing a two-tone combo along side of a two-tone non-combo unit.

Involve® Laminate Wood Storage

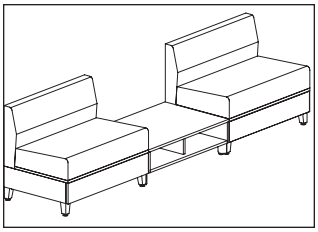
A seat cushion can be placed on the credenza or pedestal top for additional seating. **Soft seating units** are also available for use within the private office, open plan, reception areas, and beyond. Seat bases are ordered separately from seat base cushions and table tops. Seat bases can be used as tables when ordered with a side table top.

Seat Bases are ordered separately in widths of 24", 36", and 48". Seat Bases are 11"H x 24"D and are available with plinth base, Terrace® feet, or Stride® feet. Seat cushion(s) and/or table top(s) are ordered separately to complete the unit.



Banquette cushion includes a seat back. Seat base cushions do not have a back.

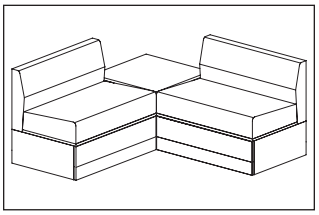
Tops for seat bases are designed to sit on top of seat bases and can be used in combination with seat base cushions or banquette cushions. 12"-wide tops can be set on top of a 48" wide base with a 36" wide banquette cushion to create surface for drinks, papers, etc.



Tops are 24"D and available in widths of 12", 24", 36", and 48". Available in solid color and woodgrain laminate options. 24" wide top is available with or without power cutout. A power module is ordered separately.

Seat cushions are designed to attach to the top of the seat bases. Offering includes: 24"W or 36"W banquette cushions or 24"W seat base cushions.

Seat base offering includes: with drawer or open. 48"W seat base with drawer has two drawers; design allows access to outbound drawers in corner applications. See illustration below showing four 48"W seat bases with 24"W cushions and tops in a U-shape configuration.



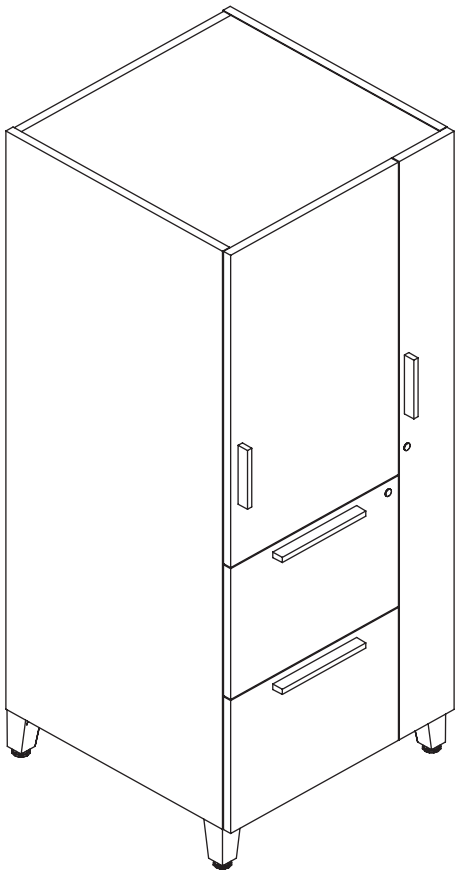
Seat bases are available in solid or woodgrain laminate options. Seat base with drawer can have a different laminate color on the drawer front than the case.

Open table is 11" high and is open at the front and back. Available in widths of 36" or 48" and depths of 18" and 24". Tables can be used to support electronics with back open for cord passage or can be used as a coffee table. 48" wide unit has a septum in the middle of the unit.

Corner table is used in a soft seating application. Corner table is 17½" high, 24" wide, and 24" deep. Illustration below is shown using plinth base units.

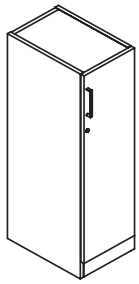
Aesthetic Alignment
Tower heights align with Stride® and Terrace® panel segmentation.

Construction and Options
See page 852 for Involve storage construction details; and base, pull, and finish options.



Shelves
Internal shelves are painted metal and adjustable to three levels.

Filing
File drawers can accommodate front-to-back letter filing.



Wardrobe Door
All 24"W towers have full-height wardrobe doors with a coat hook.

Core Removable Locks
Towers can be shipped with lock cores removed; cores can then be installed after towers are placed. Core removable lock feature allows key numbers to be easily changed in the field. It also facilitates installation.

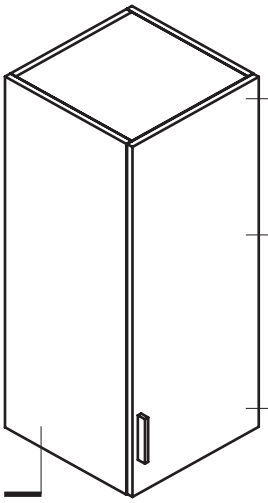
Quantity of Lock Cores
Wardrobes with shelves, 18"W towers, and 12"W towers have one lock to secure door. All other towers have two locks — one secures the wardrobe door and the other secures all drawers.

Configurations
Towers are available in five heights: 42½", 50", 57½" 65" and 72½"H. Drawer configurations include box/box/file and file/file with portion above drawers being a hinged door; 50"H and 57½"H units offer a side access option in place of front facing hinged door. All 24"W units with drawers have a full-height 6"W wardrobe; 18"W units do not. Full wardrobes with 2 adjustable shelves and a coat hook are available in 65"H and 72½"H. 12"W units include 2 coat hooks and must be panel mounted or attached to a credenza or worksurface. Left- and right-handed units available for all configurations. Units ship assembled except for feet and pulls.

Worksurface Support
Tower can accommodate addition of an "L" tower bracket or tower rail.

An "L" tower bracket can be ordered separately and fitted to any tower to support worksurfaces at 29½"H.

A tower rail can be ordered separately and fitted to any tower to support worksurfaces at a height range of 27½"H to 30½"H.



See page 882 for visuals of a "L" tower bracket and a tower rail.

Number of Adjustable Shelves in Tower			
Unit Height	Sides Access	Front Access	12" Wide
42½"H	N/A	N/A	1
50"H	1	0*	2
57½"H	1	1	2
65"H	N/A	2	2
72½"H	N/A	2	N/A

*Shelf can be ordered separately on page 875.

Involve® Laminate Wood Storage

Stacking storage ships fully assembled. Units are designed to be placed on top of a worksurface or credenza and are attached with double-sided tape. Units line up on-module with Stride® and Terrace® elevations when mounted atop everything except a 24" high credenza. Units are available with hinged doors and open configurations.

Available in solid, wood grain and two-tone laminate colors on units with fronts.

Internal shelves are painted metal and adjustable.

Units feature three styles of pull options — arch, square or straight.

Constructed from ¾" laminated particleboard with edge banding and concealed fastener construction.

Product Dimensions

Stacking Storage

Width 18", 24"
Inside Width 16⅜", 22⅜"
Depth 18"
Inside Depth 16⅜"
Actual Height 19¾", 27¼", 34¾", 42¼"

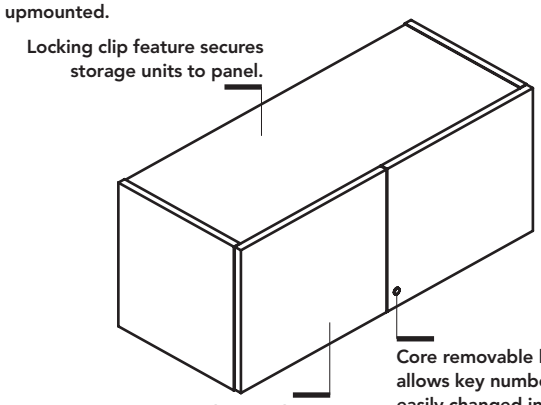
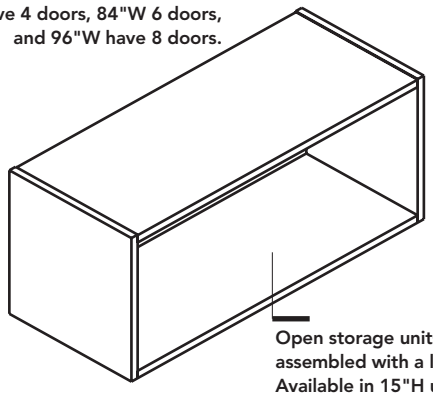
Inside Width 17⅛", 23⅛", 29⅛", 35⅛" per side
Depth 15"
Inside Depth – Slider 15¼"
Open 16¾"
Height 15"
Inside Height 13⅜"



Overhead storage components maximize the use of space in the workstation and provide convenient access to binders, reference materials, software packages, and miscellaneous supplies. Overhead cabinets are available with sliding doors, hinged doors, open, and dual access with sliding door or open. Laminate selection includes solid color, woodgrain, or two-tone (case/doors).

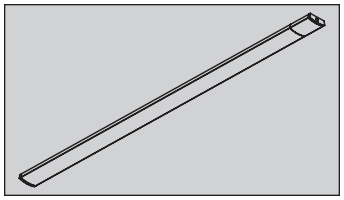
Overheads are constructed from ¾" thick laminated particleboard with edge banding and concealed fasteners.

Units can be shipped with lock cores removed; cores can be installed after units are in place.



15"H cabinets can be panel-mounted on module on Stride or Terrace Systems (order brackets separately) and 15"H or 22½"H units can be wall-mounted with horizontal wall track; dual access cabinets can be upmounted.

Locking clip feature secures storage units to panel.



Core removable lock feature allows key numbers to be easily changed in the field.

24", 30"W, 36"W have 2 doors, 42"W 3 doors, and 48"W, 60"W, and 72"W have 4 doors, 84"W 6 doors, and 96"W have 8 doors.

Open storage units come assembled with a laminate back. Available in 15"H units.

LED undercabinet light can be mounted beneath laminate overhead cabinets for a low profile lighting option. (Recessed tasklights not recommended as bottom of laminate wood storage is not recessed.)

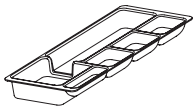
Wood Storage — Floor Based
- Plinth base or footed design with choice of feet that coordinate with either Stride® or Terrace®. (Unless unit is mobile.)
- Units ship assembled except for feet and pulls.
- Three pull options: arch, square, or straight.
- ¾" thick laminated particleboard with edge banding and European cam-and-pin construction.
- Available laminates: solid, woodgrain, or two-tone (case one laminate / front (door or drawer) a different laminate).
- 72"W units require Solid color laminate case, front can be woodgrain or solid.
- Doors and drawers lock except for stacking storage units and hinged cupboard doors on towers.
- Single sided sliding door units are non-handed; open half depends on door position. Door locks in either position.
- Some models require counterweights, wood backs, or ganging — see page 858.
- File drawers 30"W and wider accommodate legal size documents.
- Center stability foot is included on units 60"W or larger and is always black.

Mobile Pedestal (Plinth base or footed page 865)
- Box/file drawers; 24"H x 15⅝"W x 18"D.
- Has a top and finished back. Ships with counterweight.

Freestanding Pedestals (Plinth base or footed page 865)
- Box/file drawers; 24"H x 18"W x 18"D or 24"D.
- Have a top and unfinished back.
- Requires counterweight (order separately) if freestanding — see page 858.
- Units ship assembled except for feet and pulls.

Support Pedestals (Plinth base or footed page 865)
- Support pedestals include box/box/file, file/file, or open with one adjustable metal shelf.
- Support pedestals are 15⅝"W or 18"W; 18"D, 24"D and 30"D; and 28"H. They are meant to support worksurfaces; optional tops are available. With a top they are 29½"H.
- 30"D pedestals are designed to support 30"D worksurfaces; drawer depths are the same as 24"D pedestals.
- Open w/shelf models have finished laminate backs; backs on other models are open with spanner bar with optional laminate back ordered separately if back is exposed.

17½"H Credenzas (Plinth base or footed page 866)
- 18"D or 24"D; includes tops. Some models require counterweights or ganging — see page 858.
- Single lateral has one drawer, 30"W or 36"W. Requires counterweights. Optional laminate back ordered separately.
- Single lateral w/open side cubby is handed — drawer, left, or right; 48"W, 60"W, or 72"W.
- Center stability foot is included on units 60"W or larger and is always black.
- Table (closed base) units are 24"W x 24"D.
- Units ship assembled except for feet and pulls.



24"H Credenzas (Plinth base or footed pages 867-868)
- 18"D or 24"D with tops.
- Box/lateral is 30"W and box/box/lateral is 36"W. Optional laminate back ordered separately.
- Box/lateral w/open side are handed — drawer, left, or right; 48"W, 60"W, or 72"W.
- Center stability foot is included on units 60"W or larger and is always black.
- Sliding door w/adjustable metal shelf; 36"W or 48"W.
- Open binder units have an adjustable metal shelf; 18"W, 24"W, 30"W, or 36"W.
- Units ship assembled except for feet and pulls.

28"H Support Credenzas (Plinth Base or footed pages 869-870)
- 18"D or 24"D without tops.
- Units are designed to support worksurfaces; tops must be ordered separately. With top, credenzas are 29½"H.
- Box/box/lateral are 24"W or 30"W. box/box/project drawer/ lateral is 36"W. Optional laminate back ordered separately.
- Lateral/laterals are 30"W or 36"W. May require counterweights — see page 858. Optional laminate back ordered separately.
- Sliding door units w/adjustable metal shelf and an open top shelf; non-handed, 36"W or 48"W.
- Open cubby models have an adjustable metal shelf; 24"W, 30"W, or 36"W.
- Units ship assembled except for feet and pulls.

42"H Credenzas (Plinth base or footed page 871)
- Units are 18"D and designed to support worksurfaces; tops must be ordered separately. With worksurface, credenzas are 43½"H.
- 3-drawer lateral has a laminate back with seams and is 36"W. Aesthetic should be considered in applications where back is visible.
- Units ship assembled except for feet and pulls.

Cam Cover Kits (page 874)
- 17½"H, 24"H, and 28"H credenzas ship without cam covers. Cam cover kits can be ordered separately. 20 cam covers in each kit.

15"W Box Drawer Pedestals and Accessory (page 866)
- Box drawers do not include pencil tray.
- Order pencil tray separately - A2280-000

Involve® Laminate Wood Storage

Bookcases and Bookcases with Lateral File (Plinth base or footed page 872)

- Open bookcases are 15"D. 65"H have 2 adjustable and 1 fixed shelves. 72½"H have 2 adjustable and 2 fixed shelves.
- Bookcases w/lateral are 24"D with 15"D upper bookcase. 65"H have 2 fixed shelves. 72½"H have 1 fixed and 2 adjustable shelves.
- Pin-and-cam fasteners visible from the front are covered with cam covers.
- Backs of all units have exposed pin-and-cam fasteners. Optional cam covers are available to order. Aesthetic should be considered in applications where back is visible.
- Units ship assembled except for feet and pulls.

Tops and Cushions for Pedestals and Credenzas (page 873)

- Laminate tops are 1¼" thick and 18"D or 24"D, for use on storage without tops in freestanding applications. Certain freestanding applications require counterweights or ganging — see below.
- Cushions are for use on 17½"H and 24"H storage with tops to create additional seating.

Counterweight Kits (page 874)

- Counterweight is attached to the bottom of a credenza to inhibit tipping.
- Kits must be ordered separately (see page 874) based on type and depth of unit and field-installed.
- Units designated to be ganged must be ganged to at minimum a 36"W unit with non extendable elements (i.e. KL243618N).
- Counterweight kits required for freestanding pedestals and credenzas:

HEIGHT / WIDTH	DEPTH	REQUIRED KITS
24"H Pedestals		
18"W	18"D	2 Kits & Wood Back
	24"D	2 Kits*
	30"D	0 Kits
28"H Pedestals		
15"W or 18"W	18"D	2 Kits & Wood Back
	24"D	2 Kits
	30"D	0 Kits
17"H Single Lateral Credenzas		
30"W or 36"W	18"D	2 Kits & Ganged*
	24"D	0 Kits & Ganged
17"H Single Lateral w/Open Side Credenzas		
48"W, 60"W, or 72"W	18"D	1 Kit
	24"D	0 Kits
24"H Lateral w/Box Drawer(s) Credenzas		
30"W or 36"W	18"D	4 Kits & Ganged*
	24"D	4 Kits & Ganged*
24"H Lateral w/Open Side Credenzas		
48"W, 60"W, or 72"W	18"D	3 Kits
	24"D	0 Kits
28"H Lateral w/Box Drawers Credenzas		
24"W	18"D	2 Kits & Ganged*
	24"D	2 Kits & Ganged*
30"W or 36"W	18"D	4 Kits, Wood Back, & Ganged
	24"D	1 Kit & Ganged*
28"H Lateral/Lateral Credenzas		
30"W or 36"W	18"D	3 Kits & Wood Back
	24"D	3 Kits*

Units designated with an '' may have 1 counterweight kit removed if a finished wood back is installed.

- Counterweight kit(s) and/or wood backs are not required if ganged back-to-back.
- One counterweight kit can be removed for each additional 36" width of ganged storage to units with non extendable elements.

Example: (1) 28"H x 36"W x 24"D Lateral/Lateral Credenza
\+ (2) 28"H x 36"W x 24"D Open Credenzas
(3) kits - (2) kits for 72" ganged = **(1) total kit required**

Ganging Brackets (page 874)

- Ganging brackets attach to underside of Credenzas.
- Can be used in place of Counterweight Kits based on counterweight requirements above.
- Unique ganging bracket models for footed and plinth base models.

Metal Shelves (page 875)

- Pullout shelves have a 50 lb. weight capacity and are field-installed using supplied template.
- Pullout shelves are 2"H x 18"W, 24"W, 30"W, or 36"W; and 12"D, 18"D or 24"D in P1, P2, and P3 paint colors.
- Pullout shelves can be used in open cubby space with box/lateral credenzas with septum (exception of sliding door credenzas with septum).
- Additional metal shelves with pins in dimensions for open units are available in P1, P2, and P3 paint colors.

Soft Seating — Bases/Tops/Cushions and Tables (Plinth base or footed pages 876-877)

- Bases, either plinth base or leg base units, are ordered separately from seat cushions and table tops. 11"H x 24"D seat base comes with drawer(s) or open shelves; unfinished back and no top. 24"W, 36"W or 48"W.
- Order seat base top(s) 12"W, 24"W, 36"W, or 48"W; or 24"W seat base cushion(s); or banquette cushion(s) (24"W or 36"W) separately to fill entire width of seat base.
- 24"W seat base top is available with power module cutout. Power modules ordered separately with USB, iPod, or Ports.
- Seat base drawer fronts have finger pocket on underside.
- Low open table with top is 11"H and can be used in a soft seating application; 36"W or 48"W and 18"D or 24"D.
- Corner table w/top is closed on all sides; 17½"H x 24" x 24".
- When creating a 90° setup using three seat bases, use of ganging bracket replaces front visible foot on corner seat base.

Personal Towers (Plinth base or footed pages 878-882)
- Available in heights of 42½", 50", 57½", 65", and 72½".
- Available in right-hand and left-hand configurations. Box/box/file and file/file — front hinged door or side access models with or without 6" wide full-height wardrobe.
- 12"W towers must be attached to a panel, worksurface, or credenza.
- 18"W towers must be attached to a worksurface with Z6LB or a credenza with an inset back using bracket KLGK.
- Pilot holes in case to use "L" tower bracket or tower rail.
- Shelves in hinged door models are adjustable.
- Shelves in side access models are adjustable.
- Full width wardrobe 18"W or 24"W with 2 adjustable metal shelves on 65"H or 72½"H. 24"D have hanging rod; 18"D have double-hook.
- Pin-and-cam fasteners visible from the front and behind a door are covered with cam covers.

"L" Tower Bracket (page 882)
- Used to support a worksurface at 29½"H.
- Attaches using pre-drilled holes inside the tower.
- For use with laminate and painted wood storage only.
- The depth of the worksurface and tower should be equal.

Tower Rail (page 882)
- The tower rail mounts to the user side of towers and is used to attach worksurfaces at a height range of 27½"H to 30½"H.
- Attaches using pre-drilled holes inside the tower.
- Requires rail bracket kit for worksurface — order separately.

Stacking Storage (page 883)
- Units are 18" deep; 20", 27½", 35", and 42½"H. Open units 18"W or 24"W and hinged door units 18"W. 24"W hinged door with 6"W side display available 20"H or 27½"H.
- Units are non-locking and designed to be attached with double-sided tape on top of a 28"H properly supported storage unit worksurface and align with Stride®, Terrace® or Optimize™ elevations.
- Stacking Storage units can not be stacked on each other.
- 42½"H units have two adjustable-height metal shelves; 27½"H and 35"H units have one adjustable shelf.
- Pin-and-cam fasteners visible from the front and behind a door are covered with cam covers.

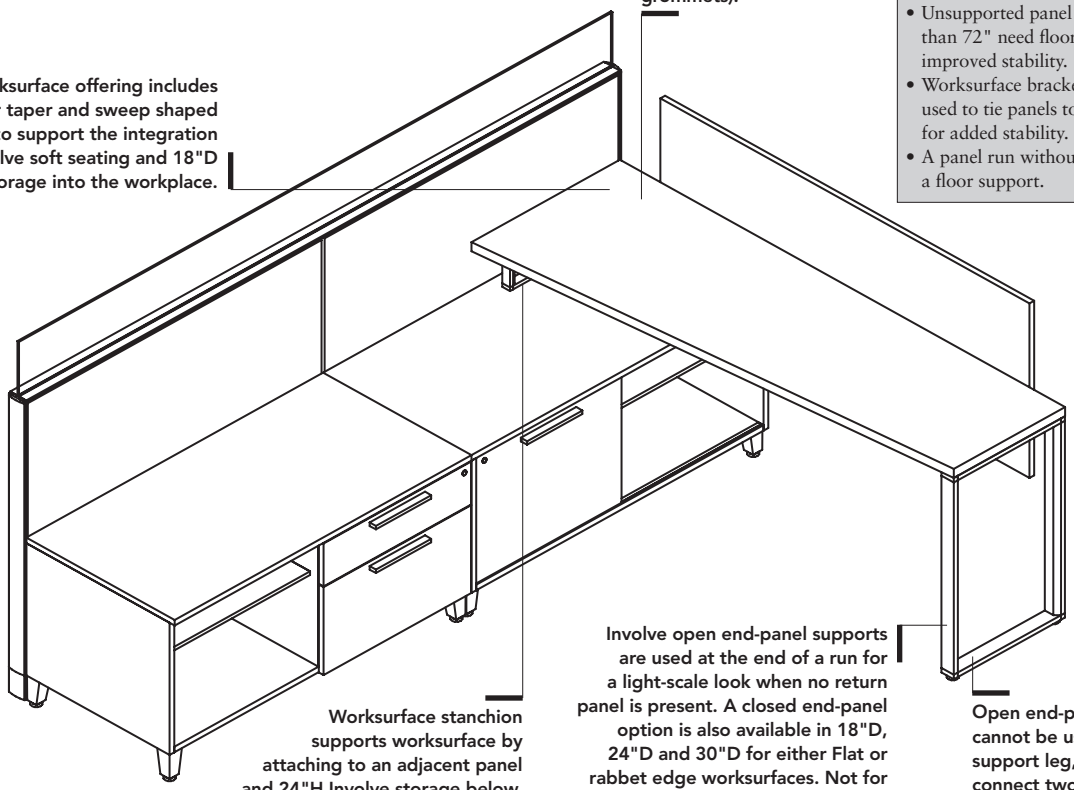
Overhead Storage (pages 884-885)
- Units include: hinged door, sliding door, dual-access, and open.
- 15"H units are designed to mount on module to a panel (Terrace or Stride — order panel mount brackets separately) or mount atop stanchions — ordered separately. 15"H and 22½"H units mount to a hard wall using horizontal wall-mount bracket — ordered separately. 22½"H have fixed metal shelf and can only be wall mounted. *See page 854 for panel mounting rules*.
- No double stacking of laminate overheads.
- 24"-36"W hinged door cabinets have 2 doors with one lock on the front of the cabinet; 42"W 3 doors with two locks; 48"W, 60"W, and 72"W have 4 doors with a center security septum and two locks; 84"W 6 doors, two septums, and three locks; 96"W 8 doors, three septums, and four locks.
- Sliding door overheads have one door with one lock that can only be locked when the door is in the left-hand position.
- Back side of single sided units are not meant to be exposed.
- Dual-access units are 18"D and designed to be used between two stations with Terrace panel system. Open units are 36"W, 48"W or 60"W.
- Overhead cabinets feature self-engaging safety latch to secure the cabinet to panel.
- Specify low profile LED tasklights. See page 886.
- Pin-and-cam fasteners visible from the front, bottom, and behind a door are covered with cam covers.
- Overheads 72"W or greater cannot be panel mounted. For stanchion mounting and wall mounting only.
- When stanchion mounting 72"W or greater overheads, a taskpanel kit is required on one or both sides.
- A mid stanchion is required with overheads 72"W and wider.
- A taskpanel kit is required when attaching 72"W and wider overheads to a single adjacent tower using the tower-to-overhead bracket kit.
- Taskpanel kits are not required when attaching 72"W and wider overheads to two towers using the tower-to-overhead bracket kits.
- When wall mounting overheads 72"W and wider use two brackets: 2–36"W for 72"W, 2–42"W for 84"W, and 2–48"W for 96"W.
- When ordering a two-tone option for overheads 72"W or greater, the case must always be a solid laminate color.
- Woodgrain laminate option limited to doors for overheads 72"W or greater. Case must be a solid laminate color.

Laminate Shelf, Book Shelf, and Open Box (page 885)
- Units are designed to mount on module to a panel (Optimize®, Terrace® or Stride® — brackets provided).
- Must conform to specific panel system rules for Overhead mounting
- Cannot be wall-mounted.
- Ship with panel mount brackets installed.
- Capacity not to exceed 50 lbs. on laminate shelf.

Overhead Stanchions (page 886)
- Aluminum, mid, and non-handed; 5", 11", 12", 18", 19¼", 26", and 27"H.
- 15"D used with single sided overheads, 18"D with dual access.
- Stanchions for 24"H credenzas with tops aligns unit with panel or storage: 11" stanchions align with 35"H; 18"H aligns with 42½"H; 26" aligns with 50"H.
- Stanchions for 28"H credenzas on 29½"H surface aligns unit with panel or storage: 5" stanchions align with 50"H; 12"H aligns with 57½"H; 19¼" aligns with 65"H; 27"H aligns with 72½"H.
- Overheads 72"W and wider require a mid overhead stanchion.
- Unfinished back may be exposed in freestanding application.
- Overhead stanchions are not recommended to be used on freestanding desks.

Tower-to-Overhead Bracket (page 886)
- Used when stanchion mounting 72"W, 84"W, or 96"W overheads to an adjacent tower.

Horizontal Wall-Mount Brackets (page 886)
- Use to attach an overhead directly to wall.
- Attachment hardware not included.



LED Undercabinet Light (page 886)
- Low profile energy-efficient LED tasklight for use with Involve overhead storage cabinets. Attachment hardware included.
- 95 footcandles at 18"; 3500K color temperature.
- 15W power supply is attached to plug: allow 1⅞"D space at outlet. Includes 3 cord retainer clips.

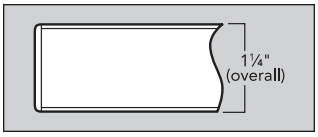
Hutches (page 888)
- Units include: hinged door, sliding door, and open.
- Designed for use on top of 28"H credenzas with a worksurface of same or greater width — 35"H align with 65"H and 42½"H with 72½"H elevation.
- Laminate hutches are not recommended to be used on freestanding open gable desks.
- Laminate hutches ship fully assembled and attach to a worksurface with double sided tape.
- When ordering a two-tone hutch with a woodgrain case 66"W and wider, the woodgrain direction on the lower back runs horizontal (tackboard recommended). The upper back woodgrain runs in a vertical direction.
- 48"-72"W hinged door cabinets have 4 doors with two locks on the front of the cabinet and a center security septum, 84"W has 6 doors with three locks and two security septums.
- 48"-66"W sliding door overheads have one door with one lock. 72" and 84"W have 2 doors with two locks and two security septums. Doors can only be locked when the door is in the left-hand position.
- 35"H have 19¾" of clearance and 42½"H have 27¼".
- Specify low profile LED task lights.
- Pin-and-cam fasteners visible from the front, bottom, and behind a door are covered with cam covers.

Tackboards for Hutches (page 889)
- Use tackboards to finish the back of a hutch.
- Tackboards are recommended on woodgrain laminate hutches since woodgrain runs horizontal as opposed to vertical.
- Specify paint color for metal frame and panel fabric.
- 66"W, 72"W, and 84"W ship as two tackboards and a center splicer for routing cables.

Primary Center Grommet Worksurfaces for use with Hutches (page 890)
- For use with Involve laminate hutches (72"W and 84"W) when a grommet or scallop is needed in the center of the worksurface which the hutch is sitting on.
- Rectangular only, in 72"W and 84"W — laminate with flat or rabbet edge and veneer with square or rabbet edge.
- Always includes center grommet position; left, right, or left and right additional grommet positions are optional.
- Oval plastic grommets are standard; metal grommet(s) are optional.

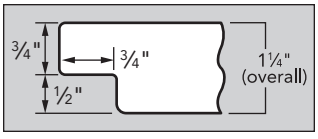
Laminate worksurfaces are 1¼" thick with particle board core and with top surfaces finished in high-pressure laminate. Bottom surfaces are covered with a backer sheet.

Primary worksurfaces are available in 18", 24", and 30" depths. Nominal worksurface width is equal to nominal panel width. Unsupported worksurface spans of 60"W-84"W require an external worksurface support channel. It is recommended for spans 48"W-59"W. See pages 862 and 892. Support hardware is ordered separately.



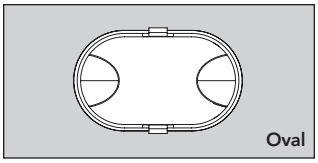
Corner worksurfaces with woodgrain laminate and veneer have grain direction diagonal to adjacent worksurfaces. One rear center support bracket is included. All other support hardware is ordered separately.

Secondary worksurfaces are available in 12", 18", and 24" depths. Support hardware is ordered separately.

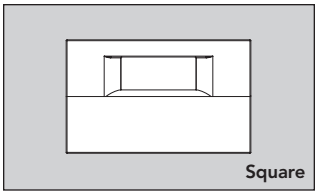


Credenza and pedestal tops are specified separately for 28"H and 42"H units to allow the spanning of multiple peds or credenzas.

Threaded-metal inserts are standard for ease of installation and a positive fit. Worksurfaces can be panel hung or used in freestanding applications.



Worksurface stanchions are used to support worksurface when mounted atop a 24" high Involve credenza. Worksurface stanchions are 5¼"H and made of aluminum. They are available in depths of 12" and 18" and used to support surfaces 18", 24", and 30" deep.



Flat Edge trim is available on laminate tops in eleven standard colors (customer specified) to match solid laminates and to complement patterned or in fourteen woodgrain edges color matched to the woodgrain laminates. Veneer worksurfaces have veneer edge.

Rabbet Edge trim is available on select laminate and veneer tops. These worksurfaces and credenza tops have rabbet edge detail on all sides.

Wire management grommets are standard in most worksurfaces and are specified in plastic or metal. **Metal grommets** are available in oval or square (shown above).

Involve® Worksurfaces and Supports

Specification Information

Primary and EZ View Worksurfaces (page 890)
- Wire management grommets standard, one for widths up to 42", two on widths 48"W and greater. Add "N" suffix for no grommets.
- Worksurfaces 66" and over require a cantilever bracket for center support in panel mounted applications. Specify 18" cantilever on 24"D, and 24" cantilever on 30"D worksurfaces.
- Desking worksurfaces should be specified for spans 60" and over when worksurfaces are not panel-attached with additional support along the width. For desking applications and widths greater than 72", additional to-the-floor support is recommended.
- Laminate flat edge worksurfaces can be specified with scallop wire management detail with no upcharge by adding suffix "S" to the model number.

Primary Desking Worksurfaces (page 890)
- Ships with an external worksurface support channel which extends 1½" below the worksurface and is inset 6" from each end. Support channel is field installed to allow for larger worksurface spans and ships separately.
- Wire management grommets standard, one for widths up to 42", two on widths 48"W and greater. Add "N" suffix for no grommets.
- Laminate flat edge worksurfaces can be specified with scallop wire management detail with no upcharge by adding suffix "S" to the model number.

EZ View Transition Worksurfaces (page 890)
- Surface is non-handed, with one wire management grommet centered on the 36"D end. Add "N" suffix for no grommets.

External Worksurface Support Channel (page 892)
- Extends 1½" below the worksurface. Installs 7" from user's edge.
- Is required on a systems worksurface for additional support for spans greater than 60"; or if a full depth horizontal storage unit is installed under the worksurface.
- Required when mounting a Stride® modesty panel.
- When using Involve supports, specify a standard worksurface and an external support channel of a smaller size. The size of the external support channel will depend on the distance between supports.

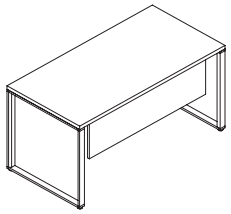
Freestanding O-Leg Supports - Metal (page 892)
- Available 29½"H and 18"D, 24"D, 30"D, and 36"D. Non-handed.
- Will work on both flat- and rabbet-edge worksurfaces.
- Can be used to build a free-standing table.
- Adjustable glides have a leveling range of 2".

Panel-Mounted Brackets for O-Leg (page 892)
- Available in left- or right-handed.
- Brackets are optional and are used to tie to a Stride, Terrace, or Optimize panel.

Freestanding Closed End Panel Supports — Laminate (page 891)
- Available 29½"H and 18"D, 24"D and 30"D. Non-handed.
- Can be used to build a freestanding desk or console table if specified with a full height modesty panel. See chart on page 893.
- Can not be used with rabbet edge worksurfaces.
- Includes laminate end-panel, attaching hardware and adjustable glides.
- Adjustable glides have a leveling range of 2¾".

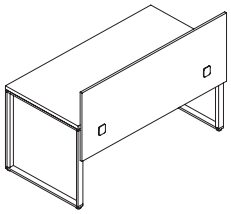
Panel-Mounted Closed End Panel Supports — Laminate (page 891)
- Available 29½"H and 18"D, 24"D and 30"D. Non-handed.
- Can not be used with rabbet edge worksurfaces.
- May not be used to build a freestanding table.
- Includes laminate end-panel, panel mount bracket (non-handed), attaching hardware and adjustable glides.
- Adjustable glides have a leveling range of 2¾".
- Includes hardware to convert freestanding end-panel to panel mount. 24"H or 30"H and left- or right-handed.

Storage-to-Panel Brackets (page 891)
- Used to attach the back or side of storage to a panel frame to provide stability when used with Stride, Terrace, or Optimize frames.
- Handedness is determined by side of storage that attaches to panel when facing panel run.



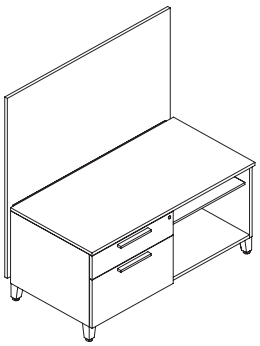
Post Leg (page 892)
- Used to support worksurfaces at 29½"H.
- Adjustable glides have a leveling range of 2¾".

Worksurface Stanchion (page 892)
- Worksurface stanchions are 5¼"H for Involve credenza and made of aluminum.
- Used to support worksurface when mounted atop a 24"H Involve credenza. (4"H designed for 22"H Stride credenza.)
- Stanchions are field located on 24"H storage, either centered or offset 3" from edge to create additional piling space between storage and worksurface.
- Available in depths of 12" and 18". 12" is designed to work with 18"D worksurfaces and 18" with 24"D worksurfaces. Use two stanchions when mounting a 30"D or deeper worksurface. Stanchion orientation should run parallel to the length of the worksurface it is supporting.

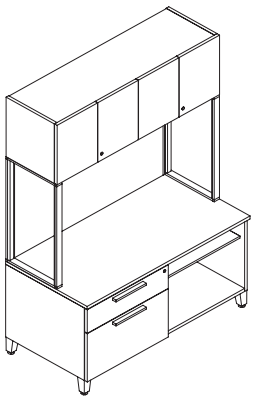


"L" Tower Bracket (page 892)
- Used to support a worksurface at 29½"H.
- Attaches using pre-drilled holes inside the tower.
- For use with laminate and painted wood storage only.
- The depth of the worksurface and tower should be equal.

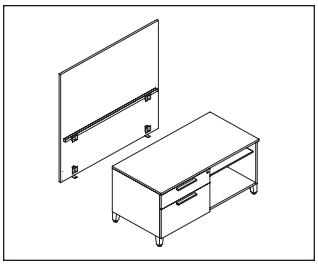
Tower Rail (page 892)
- The tower rail mounts to the user side of towers and is used to attach worksurfaces at a height range of 27½"H to 30½"H.
- Attaches using pre-drilled holes inside the Tower.
- Requires rail bracket kit for worksurface — order separately.



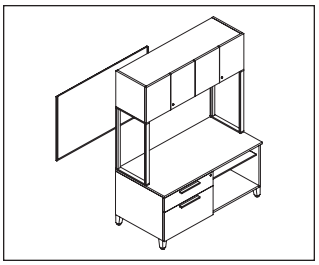
Light-scale screens provide space division. There are four options available: surface mounted modesties, privacy panels, divider panels, and taskpanels.



Surface mounted modesties are mounted to the underside of the desking worksurface or worksurface with external support channel. They are 11"H and available in laminate or frosted glass. Single or shared (laminate only) mounting models are available. Laminate models include a wire tray on one side of single units and on both sides of shared models. There is an optional wire tray available for glass units.



Privacy panels extend above and below the desking worksurface acting as both a screen and a modesty panel. They are 25"H and available in laminate or glass (frosted or writable). Single or shared (laminate only) mounting models are available. Laminate models include a wire tray on one side of single units and on both sides of shared models. There is an optional wire tray available for glass units.



Divider panels attach to laminate back of credenza to provide space division between workstations. They are available in laminate in a 50" height.

Taskpanels mount between stanchions under overhead storage cabinets. They are available as tackable, marker board, or laminate in 12", 18", 19", 26", or 27" heights.

Specification Rules for Modesties and Privacy Panels

When mounting a modesty panel or a privacy panel use a desking worksurface or worksurface with an external support channel added. When mounting a modesty flush to the edge of a worksurface supported by O-Legs the modesty is to be 7" in from the front edge, the modesty must be 14" narrower than worksurface width.

When using a power/data module between a privacy panel and a worksurface, the privacy panel must be mounted 1" away from edge of the worksurface. Privacy panel can be mounted flush to the edge of the worksurface if power/data module is not used.

When using a power/data module with a surface mounted modesty panel, the modesty panel must be inset a minimum of 2" in from the edge of the worksurface.

Privacy panel width can be same width as worksurface. *Example:* 60"W privacy panel can be used on a 30"D x 60"W worksurface. Width of panel is undersized by ¼" providing a ⅛" gap when centered. Placement or use of a modesty must be 12" narrower than worksurface width when using Involve open and closed gable ends.

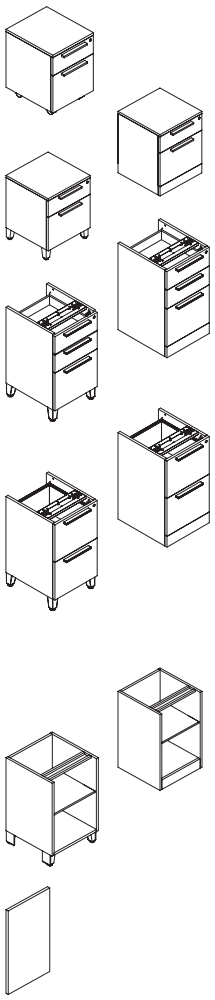
When using modesty with a Stride post leg, the width of the modesty can be the same as the worksurface, but must be mounted 8" or more in from the front edge of the worksurface.

Freestanding Table Applications:
Privacy panels require a minimum worksurface depth of 30" for freestanding applications. Surface mounted modesties can be used with any depth freestanding application.

Panel Applications:
When using a privacy panel in a back-to-back application the adjacent panel run requires an extended straight connector to compensate for depth of shared privacy panel.

Full-Height Modesty Panels (page 893)

- Full height modesty panels are designed to create a desk. A desk can be created with a modesty panel, worksurface, and storage or gable ends on each side — see chart on page 893.
- Available in solid and woodgrain laminate color options. Modesties 61" wide or larger are limited to solid laminate colors only.
- It is recommended to recess the modesty in from the edge of the worksurface. When using with a 24"D surface, recess modesty 6". When using a 30"D surface, recess modesty 6" or 12".
- If attaching desk to a panel on one side, use a storage-to-panel bracket kit.



Divider Panels (page 894)

- Divider panels can be attached to the back of 24"H credenzas to provide space division between workstations.
- Offered in laminate in widths to attach to 30"W, 36"W, 48"W, and 60"W credenzas; and height to align with 50"H modules.
- Mounting brackets provide a 1" cord drop space between edge of worksurface and the ¾" thick divider panel.
- A cableway is provided on the inside of the divider panel to facilitate the passage of wires.
- Mounting brackets and cableway are available in black only.
- The mounting of the divider panel is designed to center the ¾" thick panel within the lateral space created by adding an extended straight connector in a panel spine.
- When specifying a divider panel to be attached to a credenza with an unfinished back, a laminate credenza back must also be specified for attachment of the divider panel brackets.
- Divider panel cannot span two credenzas side-to-side.
- Divider panels are designed to be used in single-sided application.
- Divider panel lines up with bottom of credenza case.
- Counterweight kits are still required in credenzas as rules state on page 858.

Taskpanels (page 895)

- Taskpanels are available in tackable material and attach between stanchions supporting and overhead storage cabinet.
- Taskpanels are available in 30"W, 36"W, 42"W, 48"W, 60"W, 72"W, 84"W, and 96"W. 72"W and wider consist of two panels. Nominal width of taskpanel should match width of overhead storage cabinet.
- Taskpanels are available 18"H or 26"H for use with 24"H credenzas; and 12"H, 19"H, or 27"H for use with 28"H credenzas. Nominal height of taskpanel should match stanchion height.
- Laminate and tackable taskpanels are encapsulated in a painted metal pan on sides and bottom.
- Back of unit has exposed fasteners. Aesthetic should be considered in applications where back is visible.

For specification information see pages 852-860.

Notes

- 2- and 3-Bay credenzas ship fully assembled.
- Available in solid and woodgrain laminate colors. You can select one laminate for the case and a second laminate for the front doors and back panels. Credenza top including front edge is the same color as the case.
- Painted mesh in Designer White, Flint, or Silver at top and bottom of the front and back sides of unit provides passive ventilation.
- Edge guards on mesh and wire manager protects cords and fingers.
- Grommet models feature square Silver metal grommet.
- Six leveling glides on 72"W, four glides on 48"W. Leveling range is 1".
- Credenzas are constructed from ¾" thick high-pressure laminated particleboard with 1 mm edge banding and European cam-and-pin construction.
- Units are shipped with either lock cores removed or as non-locking. Core removable lock option allows key numbers to be easily changed in the field. Cores available on page 947. Note: Middle cabinet on 3-Bay units do not lock.
- Shelves are painted metal. Base shelves are secured, except center shelf in 72"W credenza.
- Interior bay dimensions are 22"W x 28⅛"H x 22⅜"D. Secured bottom shelves are 19"D to account for ventilation and wire management. Rated for 50 lbs.
- Removable back(s) snap on for easy component installation.
- Bottom wire management channel runs entire width of credenza.
- Optional top hung drawers (8½"H) use full extension slides; limit of one drawer per bay. Drawers cannot be used in same bay with AV rack, waste pullout, and will limit size of refrigerator.
- Slide out A/V storage rack features EIA spacing with twelve usable rack spaces.
- Units ship with one adjustable shelf per bay. Shelves are adjustable in 6" increments.
- Additional metal shelves are field-installed using supplied template, maximum of three per bay.

- 2- and 3-Bay credenzas ship fully assembled.
- Available in solid and woodgrain laminate colors. You can select one laminate for the case and back, and a second laminate for the front doors. Credenza top including front edge is the same color as the case.
- Painted mesh in Designer White, Flint, or Silver at bottom of the front side of unit matches buffet credenza.
- **Waste bins and inserts are not included** with Recycle Credenzas. Recommend 25 gallon waste bins 16¼" x 16¼" x 27"H by Tough Guy, Rubbermaid, Continental, or Safco. Order inserts separately.
- Credenzas are constructed from ¾" thick high-pressure laminated particleboard with 1 mm edge banding and European cam-and-pin construction.
- Front plates and optional inserts are metal.
- Septums in 3-Bay units provide separation and support.
- Units come with 3 of each label with 57"W units; and 2 of each label with 36"W units. Silver and white units come with Black labels; Flint comes with White labels.
- Back is inset ⅞" for easy handling and flush fit against wall.
- Leveling glide range is 1".

***These colors are intended to be an inspirational option for the trending market. Product application is limited and color availability is approximately two years to coincide with evolving workplace trends.

Metallic paints, due to varying reflectance, may appear to have less visual color consistency than other paint finishes, even when L/A/B values are exactly the same. (L/A/B — measurable aspects of color — values are maintained within a specified range, to ensure consistent appearance of paint colors.)

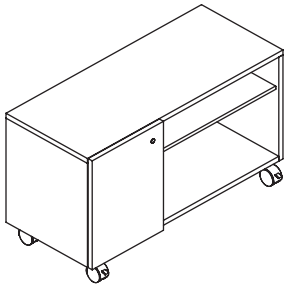
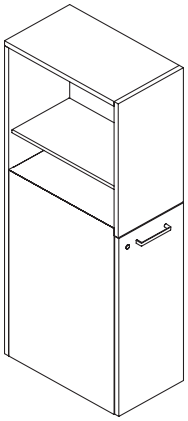
10"W x 27"D Support Pedestal Open
w/ Personal Bin — Right **U7P1027PBR**

All Storage



- All storage is made from ¾" thick with particleboard core with top and bottom surfaces finished in laminate. Horizontal storage sides and back are painted steel.
- Edge band is made of 1mm thick ABS plastic — flat edge trim only.
- Cam and pin construction. Storage is plinth base only unless unit is mobile.
- Available in solid and woodgrain laminates, models with doors or drawers are available with a two-tone option.
- Pull options: arch, square, linear, straight. All standard in PR6 Silver.
- Locks have a silver finish.

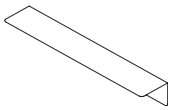


U7P1027PBR

U7P1521PD

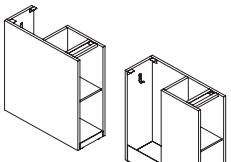
U7MC203615HL

U7T501221ADR



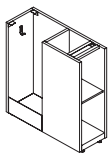
Open Support Pedestals (page 904)
- Constructed of laminate, shelves are painted steel.
- Open Support Pedestals may be used to add additional stability — see Further Stability Requirements on page 438.
- Support pedestals may be used to create freestanding desks, storage depth must match worksurface depth.
- 27"D models have a coat/bag hook located in back of unit.

Pull-Out Drawer Support Pedestal (page 904)
- Case is constructed of laminate and painted steel.
- Box and file drawers are miter fold, ½" thick particle board, polypropylene wrapped.
- Configuration is box/box/file and one shelf at top of unit.
- Shelf is not adjustable but can be removed.
- All drawers hidden behind single laminate front.
- Straight , linear, arch and square pulls available as options.
- 1⅝" leveling.
- Cannot be used as a freestanding, standalone unit.
- Outside overall dimensions: 15⅝"W and 21" or 27"D
- Box drawers extend 16" for both model depths.
- File drawers extend 16" on 21"D models and 20" on 27"D models.
- Front to back filing, standard letter size
- One lock, located in upper right hand corner of drawer front.
- Two-tone laminate option for drawer fronts
- Can be used to make a freestanding desk.



Mobile Credenza (page 904)
- Constructed of laminate, shelf is painted steel.
- Mobile credenza has a hinged door with lock, no pull.
- Front casters are locking, back casters are non-locking.

Side Access Towers (page 905)
- Top and sides are laminate, shelves are painted steel.
- Side Access Towers may be used to add additional stability — see page 438.
- 12" wide towers must be attached to a worksurface.
- Z6LB tower "L" bracket required when supporting a worksurface with a tower — storage depth must match worksurface depth.
- Tower drawers do not extend fully — 27"D towers have a 25"D drawer with 20" travel slides; 21"D towers have a 19"D drawer with 16" travel slides.
- 27"D models have a coat/bag hook located in back of drawer.



"L" Tower Bracket (page 905)
- Z6LB tower "L" bracket required when supporting a worksurface with a tower.
- Storage depth must match worksurface depth.

For specification information see pages 902-903.

Metallic paints, due to varying reflectance, may appear to have less visual color consistency than other paint finishes, even when L/A/B values are exactly the same. (L/A/B — measurable aspects of color — values are maintained within a specified range, to ensure consistent appearance of paint colors.)

****These colors are intended to be an inspirational option for the trending market. Product application is limited and color availability is approximately two years to coincide with evolving workplace trends.*

The beauty of wood is the natural variation of grain patterns and colors that make each piece unique. This variation is also influenced by lighting conditions, orientation of mated parts, and varying acceptance of the finishing process. The varying colors and physical characteristics naturally occur in all wood species but are most pronounced in lighter colored woods, and are especially evident in natural finishes.

GROMMETS ON VENEER WORKSURFACES

Wire management grommets come standard on most veneer worksurfaces. Choose between metal or plastic grommet option. Note: Plastic grommet color is predetermined based on finish selection.

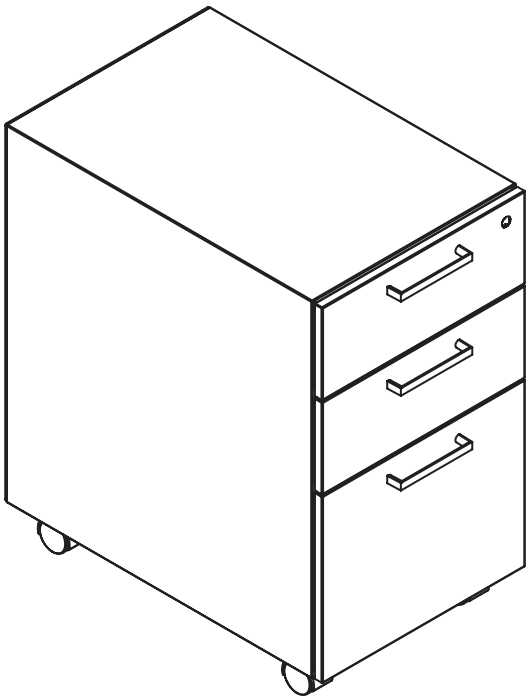
"O" Frame Construction
Heavy duty outer shell and front and rear perimeter frames provides significant strength; helps keep the cabinet true to square.



File and Box Drawers
Full extension file and box drawers glide easily on steel ball-bearing suspensions; allows complete access to drawer contents with a quiet drawer motion.

Filing
File drawers can accommodate front-to-back and side-to-side filing. Order hanging frames separately.

Full Front Drawer Design
Drawer front is square and extends fully across the case.

Counterweight
Counterweights (standard on mobile pedestal units) inhibit tipping when drawers are opened. Optional counterweight kits.

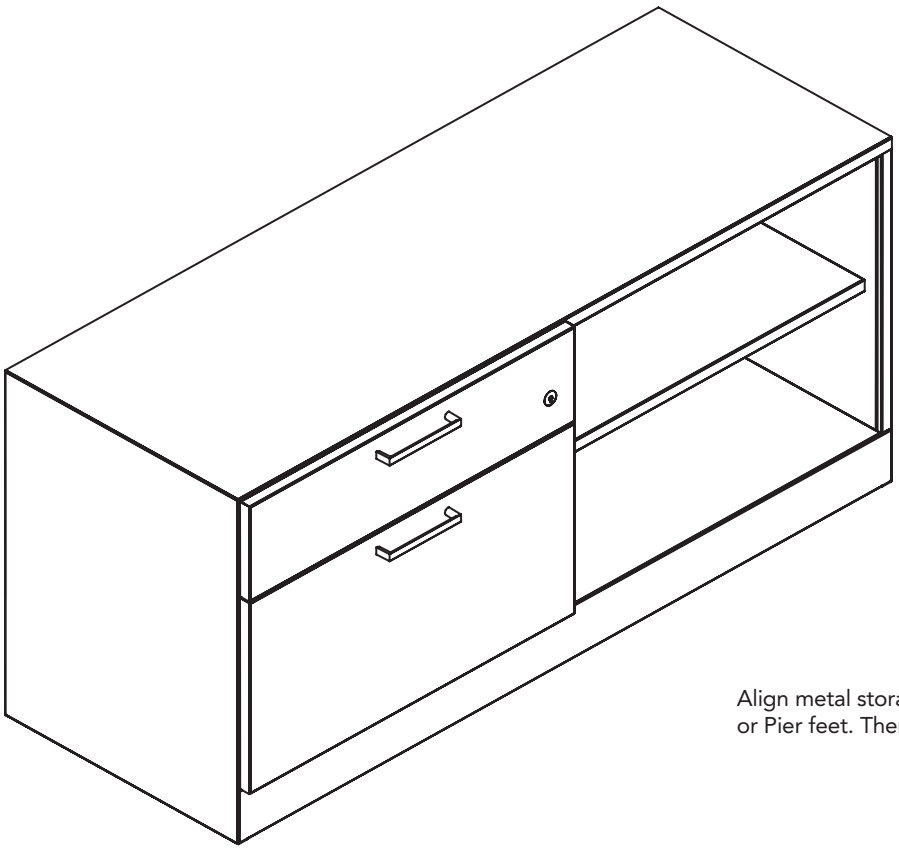
Aesthetic Alignment
Drawer alignment matches across Align storage offering. Base height matches Stride® and Terrace® panel base.

Locking System
Robust lock system for security and reliability.

Core Removable Locks
Master-keyed core removable lock feature allows key numbers to be easily changed in the field and facilitates one-key access.

Omit Lock Core
Units can be shipped with lock cores removed; cores can then be installed after units are placed. Different storage components can be keyed alike within a workstation.

Mobile Pedestals
Mobile pedestals provide flexible storage and can be nested under worksurfaces. (Take into consideration when planning offices which may have uneven floors.)



Support Pedestals
Support pedestals can support one end of a panel-attached worksurface, in lieu of other worksurface supports, and can be used to support worksurfaces in desking applications. Drawers align with laterals.

Freestanding Pedestals
Freestanding pedestal drawers align with credenzas.

Depth
Pedestals are 18", 23¼", and 29¼"D, and credenzas are 18" and 24"D, both can be used with systems worksurfaces. Placement may affect access to receptacles in base pathway and worksurface grommets.

Pull Styles
Choice of pull styles, available on pedestals, credenzas, towers, and laterals, allows for total design coordination on projects.

Veneer and Landscape Fronts
Contact Allsteel Tailored Products Group for availability.

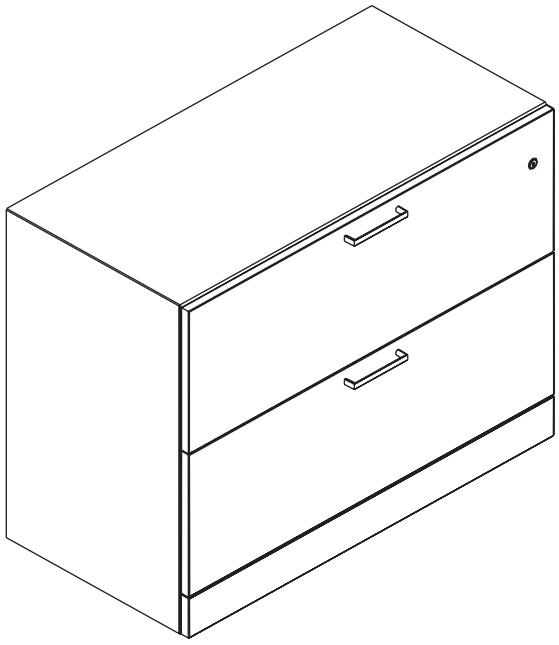
Align metal storage models are available with Terrace, Stride, or Pier feet. There is also a laminate front option.

Seven-formation Front Post Design
Steel front posts are formed with seven formations to provide unparalleled stability and strength. This unique design allows unmatched longevity for Allsteel files.

Dual-side Locking
Drawers and doors lock on both sides to prevent being pried open. The locking system is enclosed within the case to hide mechanisms which can snag and scratch. This feature is not found on most other manufacturers' files.

Dual Interlock
This mechanism inhibits roll out of more than one drawer, either sequentially or simultaneously.

Adjustable Drawer Backs
Backs are adjustable to three depths to accommodate letter, A4, and legal documents side to side without the need for extra components.



Infinitely Adjustable Divider
This Allsteel exclusive design allows the divider to also function as a compressor in that it can be located where it is needed versus being limited to pre-set positions.

Offset Construction
As a result of the back and the top of the case sides being offset, the file case has a finished appearance with smooth seams and no overlaps.

Fully Enclosed Bottom
Unlike many files, the Allsteel file features a fully enclosed steel bottom to help prevent moisture and dust from affecting the filed documents. Double bottoms are welded into all files for added rigidity.

Side Knockouts
Files have two knockouts on each side to allow easy ganging of freestanding units to inhibit tipping.

Four Hex-head Leveling Glides
Leveling glides can be adjusted from outside or inside the case. Because of the hex-head design of the stem, leveling can be done even when the file is fully loaded. Range is 1½".

Suspension
Extra heavy-duty, telescoping, ball-bearing slides.

Hanging Frames
Front-to-back and side-to-side are both standard. For front-to-back filing, backs should be set on rear position for maximum storage capacity.

Core Removable Lock
Core removable lock feature allows key numbers to be easily changed in the field. It also facilitates installation.

Omit Lock Core
Files can be shipped with lock cores removed; cores can then be installed after files are placed. Laterals can be keyed alike with pedestals, laterals, credenzas, towers, and overhead cabinets.

Full Front Drawer Style
Features core removable lock located in top drawer on the right.

Front Drawer Options
Optional veneer and Landscape™ fronts available on laterals, contact Allsteel Tailored Products Group.

Pull Styles
Choice of pull styles, available on pedestals, credenzas, towers, lockers, wardrobes and laterals, allows for total design coordination on projects.

Double-wall Drawer Front Construction
Drawer fronts are fully lined to reduce noise and to prevent damage from drawer contents.

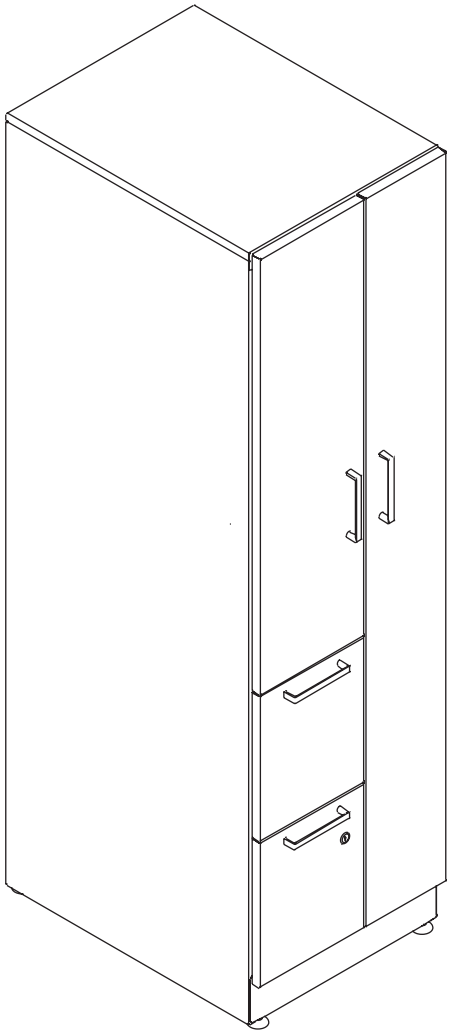
Counterweight Kit
The unique design of the counterweight allows easy installation because, unlike some files, the drawers and shelves in Allsteel files do not have to be removed to install the required counterweights.

Drawer Interiors
Painted same color as case.

Paint Finish
Durable baked enamel finish is applied over rust-inhibiting phosphate pre-treatment.

Four Hex-head Leveling Glides
Hex-head design of the stem allows leveling to be done even when the cabinet is fully loaded (plinth units only). Plinth units include leveling glides that can be adjusted 1½" from outside or inside the case. Footed units include leveling glides that can be adjusted 2⁹⁄₁₀" from outside the case only.

Aesthetic Alignment
Drawer alignment matches other Align storage.



Full Front Design
Drawer and door fronts extend fully across the case.

Pull Styles
Choice of pull styles, available on pedestals, credenzas, towers, lockers, wardrobes and laterals, allows for total design coordination on projects.

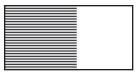
Suspension
Heavy-duty, telescoping ball-bearing slides.

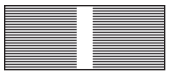
Omit Lock Core
Units can be shipped with lock cores removed; cores can then be installed after storage units are placed. Laterals can be keyed alike with pedestals, towers, and overhead cabinets.

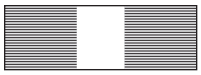
Core Removable Locks
Core removable lock feature allows key numbers to be easily changed in the field. It also facilitates installation.

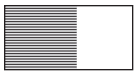
Locking
All door & drawer locks are controlled by one lock core located on the top drawer. Standard core removable locks, see page 947.

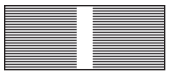
European Hinges
Wardrobe and cabinet door both contain European-style hinged door.

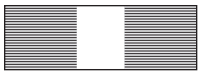


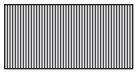


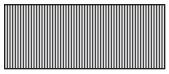


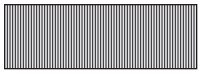












Filing
File drawers in 24"W towers accommodate front-to-back and side-to-side filing. Order file rails for side-to-side separately. File drawers in 18"W slim towers accommodate side-to-side filing only, hang rails are included.

Counterweight
Towers are factory-installed with counterweights to allow them to be freestanding.

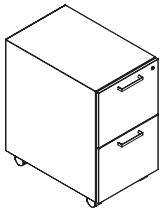
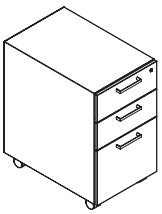
12"	87 lbs. (Metal)	107 lbs. (Metal)	126 lbs.



ANSI/BIFMA Standards
Allsteel lateral files, incorporating the **required counterweights** in freestanding situations, meet or exceed the applicable ANSI/BIFMA Storage Unit Test Standards X5.9-2012.

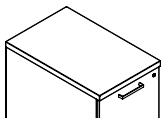


Align Metal Support, Freestanding, and Mobile Pedestals

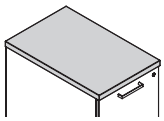
- Heavy-duty steel O-frame.
- Steel, ball-bearing slide suspension with full-extension drawers.
- Support pedestals are available with flush or recessed plinth base, and Terrace, Stride, or Pier feet.
- Full front drawers are available as metal or laminate.
- Box drawers have an adjustable divider.
- Standard core removable locks, see page 947.
- For locking specification, see pages 1044-1046.

Align Metal Support Pedestals (pages 929-933)

- Support pedestals have a fully enclosed top with exposed pre-drilled holes for top attachment. An additional top is required.
- Available as box/box/file or file/file drawers.
- Pencil trays included — one per pedestal with a box drawer.
- File drawer front reveals of support pedestals will align with Align metal laterals, towers, and credenzas.
- Leveling glides standard on freestanding pedestals.
- Hardware for attaching pedestal to worksurface is included
- 28⅛"H pedestals can be used to support worksurface at 29½"H.
- Align metal support pedestals are available with flush or recessed base, and Terrace, Stride, or Pier feet.



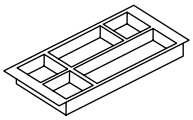
Align Metal Freestanding Pedestals (page 931)



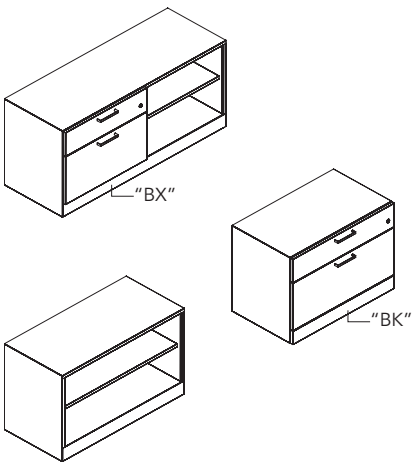
- Available as box/file drawers.
- Pencil tray included in box drawer.
- Drawer reveals of freestanding pedestals will align with Align credenzas.
- Leveling glides standard on freestanding pedestals.
- Align metal freestanding pedestals are available with Terrace, Stride, or Pier feet.

Align Metal Mobile Pedestals (pages 929-933)

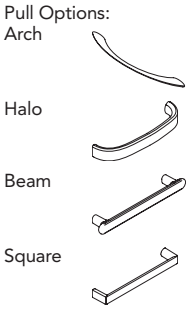
- Available as box/file, box/box/file or file/file drawers.
- To allow clearance under worksurfaces, an Align mobile pedestal is 1½" shorter than an equivalent Align support pedestal. This, combined with the leveling range of Align support pedestals, personal files, towers, laterals, and credenzas will result in an offset of horizontal drawer reveals of 1½" to 3".
- Counterweight is standard in mobile pedestals.
- Four casters.
- Pencil trays included — one per pedestal with a box drawer.



Align Metal Support and Mobile Pedestal Tops and Accessories

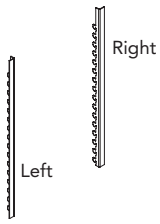


Align Pedestal Tops (page 933)
Field installed tops create additional storage and work areas on metal support or mobile pedestals.

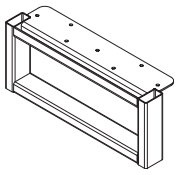


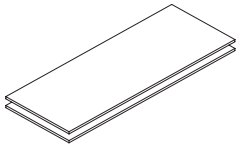
- Laminate and veneer tops are 1¼" thick.
- Seat cushion provides quick and convenient additional seating on box/file pedestals.
- Seat cushion adds approximately 2"H to pedestal.
- YPPA prefix models have stitched corners and bumpers on bottom.
- Seat cushion to be used on steel (mobile) pedestal top only.
- COM yardage for seat cushion is 0.9 yards.

Align Pedestal Accessories (page 933)

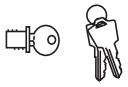


- Accessories are for use with Align metal: pedestals, personal files, and personal towers.

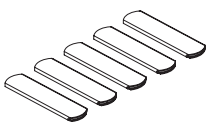




Load Capacities (per current ANSI/BIFMA standards)

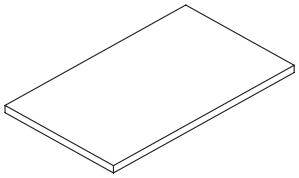


Align 22"H Credenzas	24" Wide	30" Wide	36" Wide
3⅞"H Box Drawer	19 lbs.	24 lbs.	30 lbs.
10½"H Box Drawer	50 lbs.	64 lbs.	78 lbs.



Credenzas (pages 934-942)
- Full metal construction with finished top and back.
- Welded case with "O" frame construction for added strength.
- Full front design with proud, double wall drawer fronts.
- Units are 18"D or 24"D, 17¼"D or 23¼"D on open bookcases.
- Interlock and full extension ball bearing slides on all drawers.
- Enclosed bottom pan on open bookcase and on box/lateral/open units.
- Available with Terrace, Stride, or Pier feet. Also available with plinth base, either flush or recessed.
- Drawer fronts are available as metal or laminate.
- Plinth base option on drawer only units: recessed or flush.
- Leveling glides can be extended 1½".
- Side-to-side filing bar included. Front-to-back filing with optional filing bar. Two rows of front to back letter filing on drawers 30"W or wider drawers, order 2 filing bars. See page 916.
- Accessories include: seat cushions, laminate tops.
- Planning: requires panel bracket, worksurface stanchion, or counterweight (sold separately) for units with drawers. See page 924 for specification examples.

Storage-to-Panel Bracket (page 946)
- Used to attach the back or side of storage to a panel frame to provide stability when used with Stride, Terrace, or Optimize panel frames.
- Handedness is determined by side of storage that attaches to panel when facing panel run.

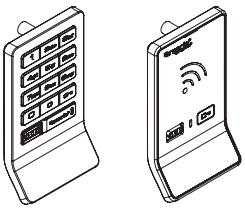


Worksurface Support Stanchions (page 946)
- Worksurface stanchions are PR6 Silver and made of aluminum.
- Use 5"H stanchions for 22"H Align credenza with worksurface, or 6"H stanchions for credenza without a worksurface.
- Available in depths of 12" and 18". 12" is designed to work with 18"D worksurfaces and 18" with 24"D worksurfaces. Use two stanchions when mounting a 30"D or deeper worksurface.
- Stanchion orientation should run perpendicular to the length of the worksurface it is supporting.

Front-to-Back Filing Bar (page 947)
- Front-to-back filing bar can be positioned to accommodate letter, A4, or legal size documents. 30"W and wider drawers can accommodate two rows requiring two bars. See page 916.

Counterweight Kits for 22"H Credenzas (page 947)
- Metal weight attached to back of freestanding files to inhibit tipping; field installed only. The use of a a storage-to-panel bracket and worksurface stanchion may eliminate the need for counterweight, see page 924.
- Counterweight kit required for freestanding files:
  42"W and 48"W Credenzas..... 25 LB kit
  24"W, 60"W, and 72"W Credenzas..... 35 LB kit
  30"W and 36"W Credenzas..... 50 LB kit

Matte Silver Removable Lock Core Kit (page 947)
- Matte Silver used on Align credenzas with drawers. Includes one core, two keys, one core removal tool, adapter and instructions.
- The Allsteel Easy Lock Program simplifies the lock-core ordering process when multiple cores are being specified. To ensure ease of ordering in different situations the Easy Lock cores can be specified in three different ways — Random, Specified or Sequential. See page 1046 for complete details and examples on the Allsteel Easy Lock program.



Magnetic Label Holder - Available July 2021 (page 947)
- 5 pack of magnetic label holders.

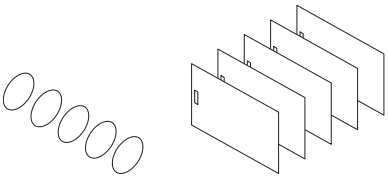
Credenza Cushions (page 948)

- Cushions are for use on 22"H Align credenzas to create additional seating.
- Cushions can be placed directly on metal top of unit or on laminate top.
- Freestanding applications require counterweights — see page 920.

Available on Align Lockers and Wardrobes (pages 962-973)

Keypad lock, left
RFID lock, right

The digital keypad & RFID lock options support applications where workstations or storage banks are shared by multiple users. This is an alternative to a standard key lock. This feature facilitates the use of storage by multiple users through eliminating the need to keep and hand-off physical keys. These locks ship in "shared mode" by default; shared mode indicates that the lock will "forget" the paired 4-digit code or RFID badge after the lock is opened, allowing the unit to be used by multiple users.



Digital keypad & RFID locks:

- Offered on Align™ lockers and wardrobes
- Ship factory installed
- Offered in a polished silver finish
- Digital keypad lock requires input of a user-selected 4-digit code
- RFID lock requires a compatible RFID card or sticker
- Digital keypad and RFID locks are powered using 4 premium AA batteries.
- Battery life is dependent on the frequency of operation but can last up to 5-7 years
- To order Align wardrobes or lockers with a digital lock option, add "E" suffix to base model number. The digital lock has an integrated pull, so no pull will be specified.

RFID locks require user to present a compatible RFID card or sticker to the lock in order to gain access. This is the same technology as "badge" systems that allows employers to grant employee with cards that can be scanned to gain access to entrances and buildings. Allsteel locks *may or may not be* compatible with these existing badge systems.

- For existing RFID badge system compatibility, badges must operate on a 13.56 MHz frequency with both iClass (ISO 15693) and Mifare (ISO 14443).
- If existing badge system is not compatible with 13.56 MHz frequency, compatible RFID badges or RFID stickers are sold separately as an accessory model.

Additional information about setup and common troubleshooting problems can be found here: Digital Lock Overview.

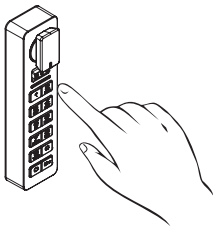
Digital Lock Accessory Models (page 973)

- RFID-compatible cards and stickers are sold as accessory models in increments of 5, 25, or 100.
- RFID cards are plain white and have a lanyard cut in them.
- RFID stickers are plain white, approximately 1" in diameter, and may be added to the back of an existing badge or employee identification card.
- **Every digital keypad or RFID installation site will require *one* Programming Key and *at least one* Manager Key, sold separately.**

Programming Key

- A Programming Key is a device used to initialize locks out of factory default mode and register Manager Keys to the locks.
- Only one Programming Key should be specified per installation site because multiple Programming Keys are not compatible with each other.
- Once a programming key is used with a unit, it is tied to that lock. Another programming key can not be used.
- Add-on digital lock orders should be programmed with the original programming key.

Manager Key



- A Manager Key is used to bypass a locked unit; this operates as the "master" key and it is recommended that building facilitators have at least one Manager Key.
- Up to 6 Manager Keys may be registered to each lock.
- Manager Keys provide external power to locks in case of battery failure.

Description	Model	List Price
Digital Lock Keys and Accessories		
Programming Key	**YPLDIGPRG**	**$ 377**
Manager Key	**YPLDIGMGR**	**$ 291**
5pk RFID Stickers	**YPLRFID5S**	**$ 126**
5pk RFID Cards	**YPLRFID5C**	**$ 251**
25pk RFID Stickers	**YPLRFID25S**	**$ 595**
25pk RFID Cards	**YPLRFID25C**	**$ 1187**

*Digital Lock users must purchase a programming key to operate. Programming keys and manager keys are purchased separately from locks.

Digital Keypad Lock

Available on Align (Pedestals, Credenzas, Towers) and Radii Products

The digital keypad lock options support applications where workstations or storage banks are shared by multiple users. This is an alternative to a standard key lock. This feature facilitates the use of storage by multiple users through eliminating the need to keep and hand-off physical keys. These locks ship in "shared mode" by default; shared mode indicates that the lock will "forget" the paired 4-digit code, allowing the unit to be used by multiple users.

Digital keypad locks:

- Ship factory installed
- Offered in a polished silver finish
- Digital keypad lock requires input of a user-selected 4-digit code
- Digital keypad powered using 2 premium lithium CR2450 batteries
- Battery life is dependent on the frequency of operation but can last up to 5-7 years
- Digital keypad locks are installed horizontally on Align pedestals, credenzas, and towers

Additional information about setup and common troubleshooting problems can be found here: Digital Lock Overview.

Programming Key

- A Programming Key is a device used to initialize locks out of factory default mode and register Manager Keys to the locks.
- Only one Programming Key should be specified per installation site because multiple Programming Keys are not compatible with each other.
- Once a programming key is used with a unit, it is tied to that lock. Another programming key can not be used.
- Add-on digital lock orders should be programmed with the original programming key.

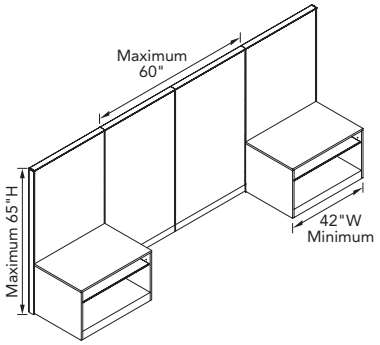
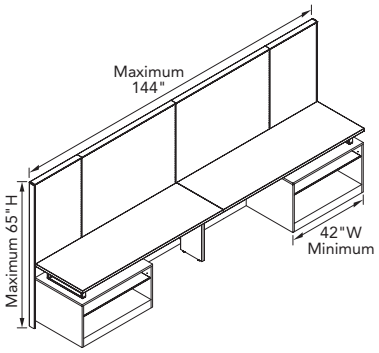
Plinth Base models available.



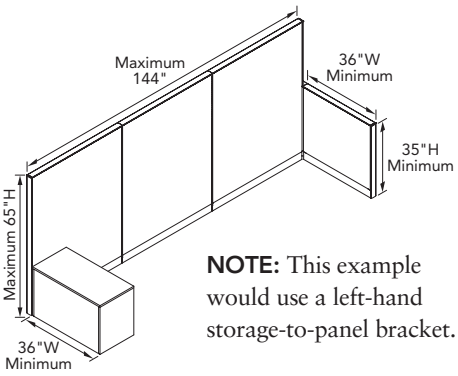
Side-mounted Credenzas

Use 1 storage-to-panel bracket per Credenza — 1 LH and 1 RH.
The minimum credenza size is 22"H x 36"W x 18"D or 24"D.
With a mid-run floor support, the maximum panel run is 144".
Without a mid-run floor support, the maximum panel run is 96".
Overheads and shelves cannot be used with 22"H side mounted credenzas.
Worksurfaces (if specified) must be mounted on the same side of the parent run as the credenzas.
Panel frame maximum height is 65".
Counterweight is required.



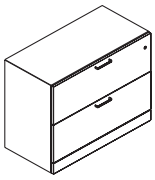
Back-mounted Credenzas — Modular

Use 2 storage-to-panel brackets per Credenza — 2 LH and 2 RH.
The minimum Credenza size is 22"H x 42"W x 18"D or 24"D.
The maximum panel run between back-mounted Credenzas is 60".
Overheads and shelves cannot be used with 22"H back mounted Credenzas.
Worksurfaces (if specified) must be mounted on the same side of the parent run as the Credenzas.
Panel frame maximum height is 65".

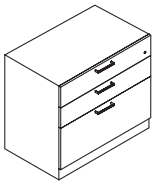


Back-mounted Credenzas — Off-Modular Ends

Use 1 storage-to-panel bracket per Credenza — 1 LH and 1 RH.
The minimum Credenza size is 22"H x 42"W x 18"D or 24"D.
With a mid-run floor support, the maximum panel run is 144"
Without a mid-run floor support, the maximum panel run is 96".
Overheads and shelves cannot be used with 22"H back mounted Credenzas.
Worksurfaces (if specified) must be mounted on the same side of the parent run as the Credenzas.
Panel frame maximum height is 65".



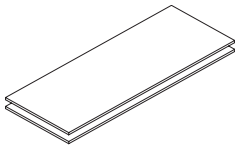
Side-mounted Credenzas — with Return Panel



Use 1 storage-to-panel bracket on Credenza.
The minimum Credenza size is 22"H x 36"W x 18"D or 24"D.
The minimum size for panel return is 35"H x 36"W.
With a mid-run floor support, the maximum panel run is 144"
Without a mid-run floor support, the maximum panel run is 96".
Overheads and shelves cannot be used with 22"H side mounted Credenzas.
Worksurfaces (if specified) must be mounted on the same side of the parent run as the Credenzas.
Panel frame maximum height is 65".
Counterweight is required.

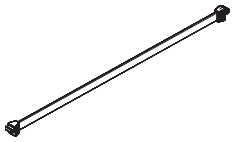
NOTE: This example would use a left-hand storage-to-panel bracket.

Align Lateral Files, Personal Files, and Accessories



28"H Align Lateral Files, Personal Files, and Bookcases (page 949)

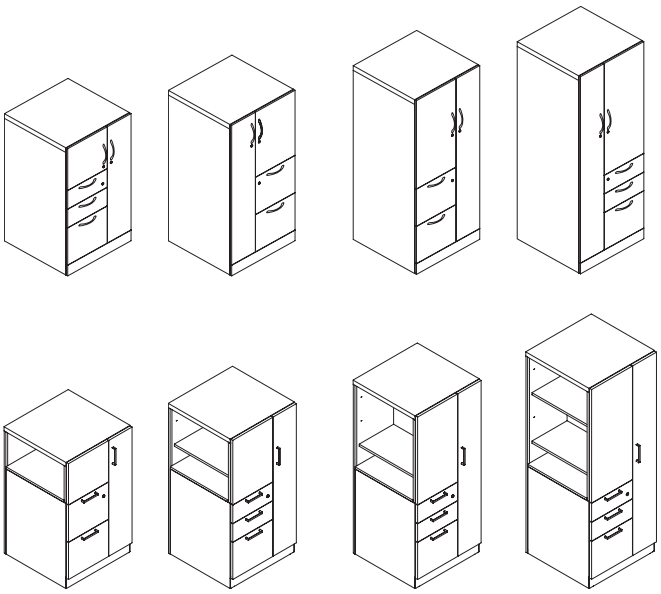
- Square edge full front.
- Beam, Halo, Square, and Arch metal pulls are customer installed.
- All files are 18"D.
- Files ship with glides fully recessed. Extend glides on 2-high files ¾" to align with support pedestals.
- Hanging frames and dividers installed on-site.
- 2-high units have one lock.
- For locking specifications, see pages 1044-1046.
- Tops are available — order separately.
- 28"H Bookcases include one adjustable shelf.
- Adjustable shelf has 3 locations in 3.75" increments:
  - Bottom shelf location is 6.9" from bottom of case.
  - Middle shelf location is centered in case.
  - Top shelf location is 6.9" from top of case.
- Lateral Files come with file bars to accommodate either front-to-back or side-to-side filing. Personal files come with file bars to accommodate side-to-side filing only; front-to-back filing bars may be purchased separately.



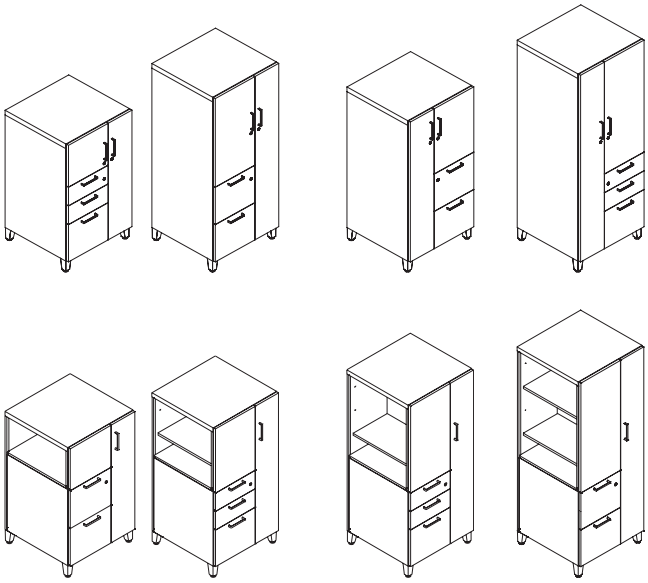
Note: Counterweight kits are required for freestanding lateral files (i.e., files that are not positioned under a worksurface, ganged to an adjacent file, or bolted to the floor or wall.)

Align Accessories

Counterweight kit(s) for 28"H Credenzas (page 948)



- Counterweight kit(s) required for freestanding files:
  2-high 30"W file.....50 lbs.
  2-high 36"W files ..... 57½ lbs.
  2-high 42"W files .....70 lbs.
- Metal weight placed in bottom of freestanding files to inhibit tipping; field installed only.

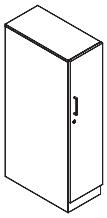


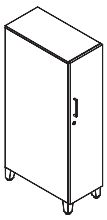
Front-to-back Filing Bar (page 947)

- Front-to-back filing bar can be positioned to accommodate letter, A4, legal or EDP size documents. See page 917 for complete filing information. Front-to-back filing bar must be used with side-to-side hanging frame.
- For 12"H interiors.

Plinth Base – Flush or Recessed

Foot Base – Stride®, Pier or Terrace DNA®



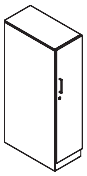


NEW & IMPROVED 18"W and 24"W Align Metal Towers
(pages 950-961)
This specification information is for Align tower models with the new model logic, ordered & produced after March 2020.

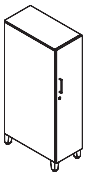
- Front-access personal towers include locking cabinet section, locking wardrobe section, and locking drawered section. Side-access personal towers include open side access bookcase, locking wardrobe section, and locking drawered section.
- 24"W towers offer the option of box/box/file or file/file drawer configuration. 18"W tower offers file/file drawer configuration only.
- Available with Terrace, Stride, or Pier feet. Also available with plinth base, either flush or recessed. Plinth is approximately 3.35"H and matches other Align storage. 18"W tower is also available as a mobile tower with casters.
- 18"W Mobile towers have two locking casters (in front) and two non-locking casters.
- Full front drawers and doors are available as metal or laminate. Laminate fronts have grain running vertically and are grain-matched.
- Optional markerboard finish is available only on side-access units with metal fronts. Only the front panel of the side-access portion will be finished with markerboard paint, the remaining drawer and door fronts will be painted to match the chassis. Markerboard finish is white.
- 24"W tower wardrobe portion is approximately 9"W. 18"W tower wardrobe portion is approximately 8⅓"W.
- The wardrobe portion of each tower comes installed with a rod accessory to accept clothing hanger(s) or a Radii work tool coat hook can be added. Radii coat hook is sold separately.
- Units can be shipped with lock cores removed; cores can then be installed after storage units are placed. Towers can be keyed alike with pedestals, credenzas, laterals, and overhead cabinets.
- Towers can be used to support a work surface. In order to bracket a work surface to a tower, order bracket model YPWTAWSBKT24.
- All drawers use heavy-duty, telescoping ball-bearing slides. All drawers feature 100% drawer extension.
- Case has a finished appearance with smooth seams and no overlaps.
- Drawer alignment matches other Align storage.
- 24"W tower is available with all pull styles. 18"W tower is available only with arch and square pull styles due to slim width of drawer.
- Cabinet door on 50"H and 57½"H units include one adjustable shelf. 65"H units include two adjustable shelves in this area. 42½"H unit does not include an adjustable shelf in the cabinet section.
- Side access portion door on 50"H and 57½"H units include one adjustable shelf. 65"H units include two adjustable shelves in this area. 42½"H unit does not include an adjustable shelf in the side-access portion.

Note: 18"W towers – For hanging folder document filing, refer to page 933 for pedestal accessories.

Plinth or Foot Base — 12"W Wardrobe / Locker



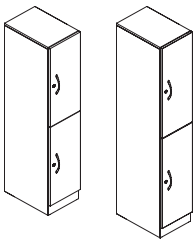
NEW & IMPROVED 12"W Align Metal Wardrobe/Single Door Locker (pages 962-964)
This specification information is for Align wardrobe models with the new model logic, ordered & produced after March 2020.



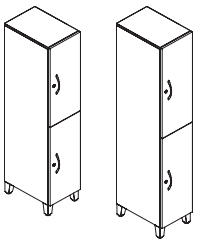
- Available in 42½", 50", and 65"H. Available in 18" or 24"D.
- Available with Terrace, Stride, or Pier feet. Also available with plinth base, either flush or recessed. Plinth is approximately 3.35"H and matches other Align storage.
- Full front doors are available as metal or laminate. Laminate fronts have grain running vertically.
- 18"D Wardrobes: 42"H and 50"H plinth wardrobes can be freestanding. 18" D footed units must be attached to a panel, worksurface, or ganged to another unit.
- 24"D Wardrobes: 42"H and 50"H plinth and footed wardrobes can be freestanding.
- 65"H wardrobes: 18"D and 24"D wardrobes must be attached to a panel, worksurface, or ganged to another unit.
- To attach wardrobes to a panel, use brackets AP22PBKLH or AP22PBKRH.
- Wardrobes can be used to support a work surface. In order to bracket a work surface to a tower, order bracket model YPWTAWSBKT18 or YPWTAWSBKT24.
- Wardrobes come installed with a rod accessory to accept clothing hanger(s) or a Radii work tool coat hook can be added. Radii coat hook is sold separately.
- Wardrobes have slots cut into the inner liner that allow the user to hang Radii work tool accessories inside the unit. 42"H wardrobes have 2 slots, 50"H and 65"H wardrobes have 4 slots.
- Wardrobes are shipped with one adjustable shelf. 42"H and 50"H wardrobes have 3 shelf locations; 65"H wardrobes have 6 shelf locations.
- Units can be shipped with lock cores removed; cores can then be installed after storage units are placed. Towers can be keyed alike with pedestals, credenzas, laterals, and overhead cabinets.
- Wardrobes are also offered with a digital locking option. Digital lock replaces the pull. For digital lock specification information, see page 973.

SINGLE LOCKERS

Plinth Base – Flush or Recessed

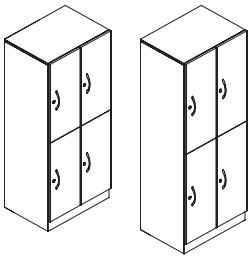


Foot Base – Stride, Terrace, or Pier

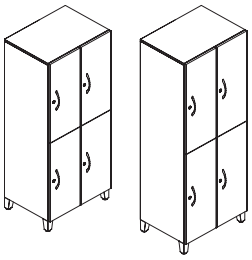


DOUBLE LOCKERS

Plinth Base – Flush or Recessed

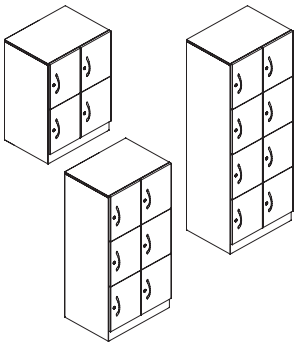


Foot Base – Stride, Terrace, or Pier

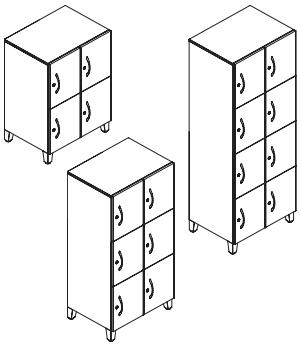


QUAD LOCKERS

Plinth Base – Flush or Recessed



Foot Base – Stride, Terrace, or Pier

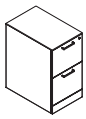


CUBBY LOCKERS

Plinth Base – Flush or Recessed

Foot Base – Stride, Terrace, or Pier

Align lockers provide a comprehensive solution of secure storage outside the primary workstation. Whether you're minimizing the overall workstation footprint or have mobile workers needing a place for their personal belongings, lockers provide the right amount of storage.

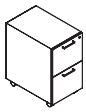


Align lockers include single, double, and quad locker variations, as well as an additional cubby solution. Designers have the freedom to select from a variety of aesthetic options including plinth or footed based, painted and laminate fronts, and a variety of pull options, to reflect any company culture.

NEW & IMPROVED Align Lockers (pages 962-972)
This specification information is for Align locker models with the new model logic, ordered & produced after March 2020.

Align Lockers (pages 962-972)

- Available in 42½", 50", and 65"H. Available in 18"D.
- Available with Terrace, Stride, or Pier feet. Also available with plinth base, either flush or recessed. Plinth is approximately 3.35"H and matches other Align storage.
- Full front doors are available as metal or laminate. Laminate fronts have grain running vertically and are grain-matched.
- Units can be shipped with lock cores removed; cores can then be installed after storage units are placed. Towers can be keyed alike with pedestals, credenzas, laterals, and overhead cabinets.
- Lockers can be ganged either side-to-side or back-to-back.
- "Double" and "Quad" lockers include two double coat hooks in each compartment.
- **42"H x 12"W** and **50"H x 12"W plinth** lockers can be freestanding. **65"H x 12"W plinth** lockers and all heights of **12"W footed** lockers must be attached to a panel, worksurface, or ganged to another unit.



For specification information see pages 912 and 918-919.

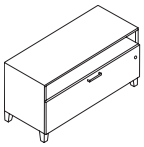
Notes: For use with A6 2-stage C and T bases, 24"D or 30"D.

Install Tip: will not accommodate pre-drilled Altitude A6 top locations in captured panel systems setups due to offset position in credenza and will require field location from Credenza leg to bottom of top.



Recommended to use vertical fabric wire manager model FBRZPWM to manage cords from worksurface to inside credenza through grommet opening. See page 945.

Y P C _ _ _ _ _ _ _ .	**BK** Flush Plinth **BX** Recessed Plinth B	P1 P2 P3 See page 910 for finishes. P2 upcharge $64 P3 upcharge $151	Specify "NA" for shelf color to match case color; or specify a different color and add $0 for P1, $21 for P2, or $47 for P3.

Example: **YPCP223018ROHAT.BX.P27.NA**

Footed, Integrated HAT Open Shelf Credenzas		
22"H x 30"W x 18"D	**YPCF223018ROHAT** (shown)	**$ 2178**
22"H x 36"W x 18"D	**YPCF223618ROHAT**	**$ 2346**
22"H x 42"W x 18"D	**YPCF224218ROHAT**	**$ 2566**
22"H x 36"W x 18"D	**YPCF223018LOHAT**	**$ 2178**
22"H x 36"W x 18"D	**YPCF223618LOHAT** (shown)	**$ 2346**
22"H x 42"W x 18"D	**YPCF224218LOHAT**	**$ 2566**

Notes: For use with A6 2-stage C and T bases, 24"D or 30"D.

Install Tip: will not accommodate pre-drilled Altitude A6 top locations in captured panel systems setups due to offset position in credenza and will require field location from Credenza leg to bottom of top.

Recommended to use vertical fabric wire manager model FBRZPWM to manage cords from worksurface to inside credenza through grommet opening. See page 945.

How to specify — Select the Model Number from above.	*1st Option:* **Base Option:**	*2nd Option:* **Foot Finish:**	*3rd Option:* **Paint Case:**	*4th Option:* **Paint Shelf:**

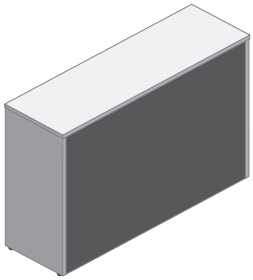
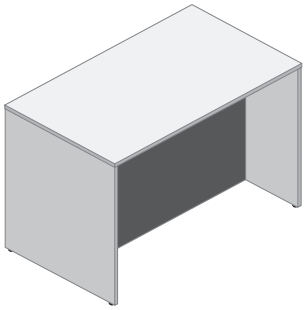
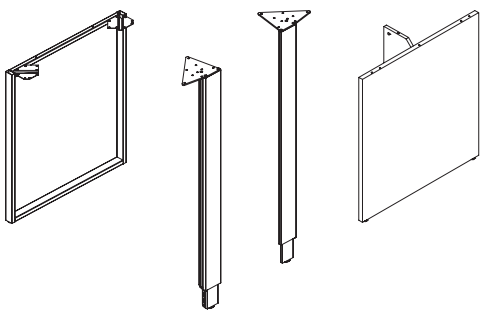
Storage Islands are a new application for Align and Essentials Storage Lines.



***Essentials 3H Storage and Align 42½"H Lockers and Wardrobes**

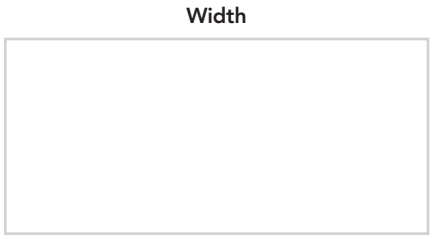


Top: (pages 978-981)
- Available in 18"D and 36"D.
- Tops made of 1¼" particle board with 2mm edgeband, High Pressure laminate on one side and paper back on the other. Grain direction on all tops runs horizontal.
- Tops specified specific to the application.
  Example: Storage island tops with end panels will have proper pilot holes in the top to accept attachment hardware.
- External Support Channel should be used in applications where +48"W tops are unsupported.



End Panel: (page 982)
- Panels made of 1¼" particle board with 2mm edgeband and High-Pressure Laminate on both sides.
- Grain direction on all End Panels runs vertical.
- End Panels are shipped with mounting hardware.
- All 36"D End Panels and Tops accept a septum, however, it is not necessary to put one in for all applications.

Back/Septum: (page 982)
- Model is considered a back when used in 18"D configurations to encase back of storage units.
- Model is considered septum when used in 36"D configurations to create division down the center of 36"D top.
- Backs/septums are made of ¾" particle board with 0.5mm edgeband and High-Pressure Laminate on both sides.
- Grain direction on all backs/septums runs horizontal.
- Ship with mounting hardware.
- The width and number of units spanned on the septum must match the width and number of units spanned on the top.



End of Run Supports: (pages 983-984)
- O-legs installed in peninsula application are centered front to back on the worksurface. The O-leg will be ½" inset from the edge of the worksurface.
- When specifying a peninsula application, at least one side of the open worksurface span must be supported with undersurface storage. Island tops cannot be specified with only O-leg, Stride Post Legs, or Laminate Return Panel supports.
- Stride Legs are height-adjustable and able to be used with Align or Essentials platforming.
- End of Run laminate supports can be specified as a "waterfall" return on peninsula applications.

Working with Storage Islands

Top Sizes: (pages 978-981)
Top models are decided by what is needed in the application. If a storage island is specifying end panels, a different top model is needed than when a non-paneled island is configured. Storage Island Tops for use with End Panels are dimensionally larger to accommodate the needed attachment. The below chart highlights how the depth changes when panels and backs are specified.

	Depths
18"D No Back, No End panels	18.190
18"D No Back, With End panels	18.440
18"D Back and End Panels	19.455
36"D No Back, No End Panels	36.690
36"D End Panels	

End Panel sizes: (pages 982-984)
Storage islands can be designed using Essentials and Align. These storage platforms have a 2" variance making storage island dimensions different depending on storage platform used. See the chart to the right for dimensions of end panels.

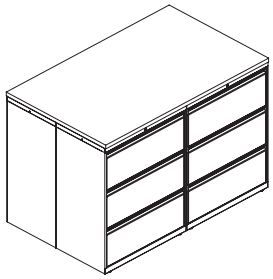
*Recommend usage of panels when top is specified and storage sides are exposed. Storage will have gap between back-to-back units if top is flush with storage units.

	Depths	Height
18"D No Back, Align	18.190	40.8
18"D No Back, Essentials		38.8
18"D With Back, Align	19.204	40.8
18"D With Back, Essentials		38.8
36"D End Panels, Align	36.440	40.8
36"D End Panels, Essentials		38.8

As the storage island configuration grows, the top width also increases. The below chart outlines how to calculate these dimensions when considering how many units are spanned and if end panels are specified. When specifying your model for the storage island top, the model will end with the correlating span. These spanning guidelines assume all storage units are the same model and does not take into account mixing and matching of units. When mixing and matching of storage units, use the below chart to find required top dimensions and pick top model with this information. Spanning indicated on model may not be indicative of configuration when mixing and matching.

	Width Sizes						
	Span 1	Span 2	Span 3	Span 4	Span 5	Span 6	Span 7
No End Panels	Listed Model Dimensions	Span 1 + 0.125	Span 1 + 0.25	Span 1 + 0.375	Span 1 + 0.5	Span 1 + 0.625	Span 1 + 0.75
1 End Panel	Listed Model Dimensions + 1.372						
2 End Panels	Listed Model Dimensions + 2.744						

Span 1 tops indicate it will only cover a single storage unit. Start with the span 1 number displayed in the table above. Depending on your Islands configuration, the top width increases accordingly based on the 2 factors below.

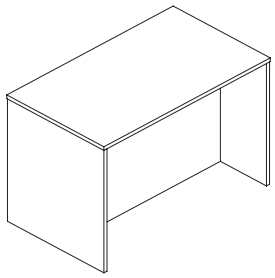


1). The number of end panels you attach to the worksurface. As you add end panels, 1.372" is also added to the top dimensions per end panel specified.
2). The number of side-to-side storage units the surface spans. The spanning from one unit to another takes into account .125" gap between each storage unit.

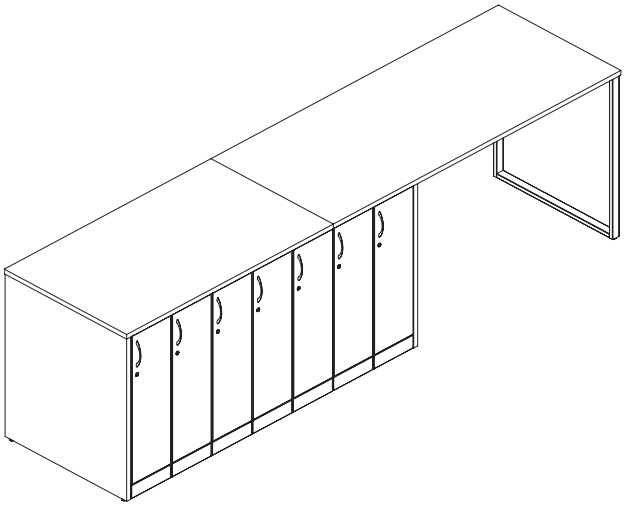
**Be sure to use the width of the worksurface you select. Models correspond to the correct surface width.*
**Span represents the total number of side-to-side units. Front-to-back units do not factor into number of units spanned.*

Example: *Two 24"W laterals are specified side-to-side. The top will span across two units making it a "S2." The configuration will also include two end panels, so the overall width of the configuration is 48" + 2.744" + .125" = 50.869"W.*

Working with Storage Islands



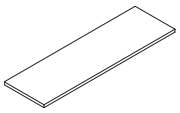
Application Overview

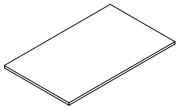


Simple Storage Island:
Simple Storage Islands only consist of adding a top to Align or Essentials storage configurations. Simple Storage Islands allow users to flex storage spaces into usable spaces.

Fully Shrouded Storage Island:
Fully Shrouded Storage Islands consist of adding a top, back/septum, and end panels. Single- (18"D top) or double-sided (36"D top) applications can be specified as fully shrouded. By adding these additional parts and pieces to Essentials or Align Storage platforms users can create more permanent and visually appealing storage spaces.

- When specifying like applications, both end panels must be specified with the back. The back piece cannot connect to another back.
- In a counter top application, the unsupported 18"D surface will require an external stiffener based on the unsupported width.





Collaborative Storage Peninsula:
Collaborative Storage Peninsulas consist of tops, septum, end panels, and end of run supports. Peninsulas create usable storage spaces and collaborative work areas all in one configuration.

- Peninsula applications can only be completed with 36"D worksurfaces and end panels.
- Back to back storage specified without an end panel will result in a ~⅜"gap between storage units.
- In a peninsula application, one end of the worksurface must be supported by undersurface storage. The opposing end can be supported with an O-leg, Stride Post Legs, or laminate return panel.

For specification information see pages 975-977.

Metallic paints, due to varying reflectance, may appear to have less visual color consistency than other paint finishes, even when L/A/B values are exactly the same. (L/A/B — measurable aspects of color — values are maintained within a specified range, to ensure consistent appearance of paint colors.)

****These colors are intended to be an inspirational option for the trending market. Product application is limited and color availability is approximately two years to coincide with evolving workplace trends.*

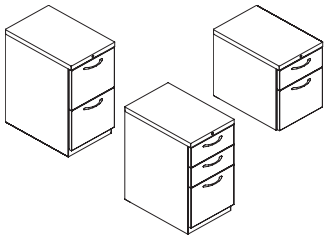
Essentials Pedestals

- File drawers can accommodate front-to-back filing on all models, and side-to-side filing on 22⅞"D and 28⅞"D models.
- Support pedestals of a maximum depth, relative to the worksurface depth, result in one panel receptacle position being inaccessible.
- 28⅞"D units cannot be used with any 24"D panel-hung worksurface.
- For locking specifications, see pages 1044-1046.
- Leveling capacity is 2" on 28"H pedestals.



Support pedestals can support one end of a panel-attached worksurface, in lieu of other worksurface supports by using a 28"H support pedestal but cannot be used to support freestanding desking without an end panel.

Suspended pedestals mount to the underside of the worksurface using keyhole slots in top of pedestals. Do not mount suspended pedestals on bridges or peninsulas. Always mount suspended pedestals at end of worksurfaces.

When using suspended units on systems, a return panel should extend 18" minimum beyond leading edge of worksurface on which unit(s) is mounted.

Mobile Pedestals can be used to provide flexible storage. The nominal height of a mobile pedestal is equal to that of a freestanding pedestal of equivalent design. There is no need to add extra height for the casters.

Both 26⅞"H and 28"H mobile pedestals can be nested under worksurfaces mounted at 29½"H. If using 28"H Essentials mobile pedestals underneath a panel mounted worksurface on Stride®, Terrace®, or Optimize™ the panel glides will need to be extended a minimum of ¾" to allow for the mobile pedestals to slide underneath the worksurface.

Mobile pedestals cannot be leveled. Take this into consideration when planning offices which may have uneven floors.

Pedestal Compatibility with Cadence® Desking and Systems Worksurfaces

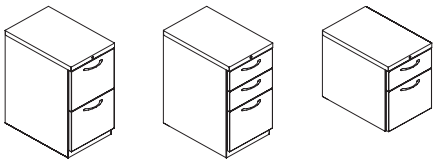
	Freestanding		Systems Panel-hung Worksurfaces	
Pedestal Depth	24" Deep	30" Deep	24" Deep	30" Deep
18"	Yes	Yes	Yes	Yes
19⅞"	Yes*	Yes	Yes*	Yes
22⅞"		Yes	Yes*	Yes
28⅞"				Yes*

*Wire management grommet is blocked in these applications.

Note: Pedestal placement may affect access to receptacles in base pathway.

Essentials storage pedestals are available in 5 styles:

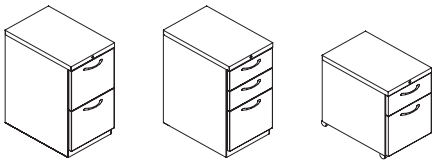
28"H



Worksurface height mobile and worksurface supporting pedestals have a taller base plate, resulting in a taller overall cabinet height. Consideration must be made to ensure that units align visually with each other and with selected Essentials lateral files. The accompanying chart will help you select the correct pedestal for your application.

Essentials Pedestal Model begins with	Style	Overall Height	Base Height	Spacer required below worksurface	Units align with these Essentials Lateral Models begin with
xx11	Seat height	22½"	2"	N/A	N/A
xx14	Suspended	19½"	N/A	N/A	N/A
xx18, xx38	Worksurface height mobile	28"**	3⅛"	N/A	**ELF8** (2-high only)
xx19, xx39	Worksurface supporting*	28"	3⅛"	**No**	**ELF8** (2-high only)

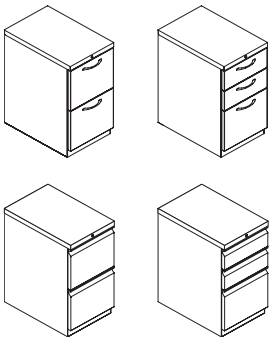
*Units will support conventional 29½" high worksurfaces.



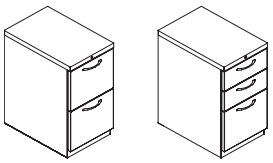
**When using 28"H Essentials mobile pedestals underneath a panel mounted worksurface on Stride or Terrace, the panel glides need to be extended a minimum of ¾" to allow for the mobile pedestals to slide underneath the worksurface.

Essentials™ Pedestals

Essentials Support and Suspended Pedestals (page 993)

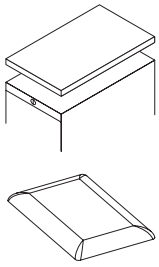


- Steel, ball-bearing slide suspension with full-extension on file drawers.
- File drawer has high sides to allow front-to-back filing.
- Side-to-side filing utilizes follower block and cross rail.
- Follower block (APFB80) sold separately.
- Pencil tray included — one per pedestal with box drawers.
- For improved aesthetics on 28"H pedestals, order flush mount kick plates.
- Support units have four leveling glides.
- Counterweight is standard in mobile pedestals.
- Support pedestals not used to support a worksurface require a counterweight kit — order separately.
- Box drawers have adjustable divider.
- Caster package available to field convert support pedestals to mobile.
- Standard core removable locks.



Essentials Mobile Pedestals (page 993)

- Steel, ball-bearing slide suspension with full-extension on file drawers.
- File drawer has high sides to allow front-to-back filing.
- Side-to-side filing utilizes follower block and cross rail.
- Follower block (APFB80) sold separately.
- Pencil tray included — one per pedestal with box drawers.
- Counterweight is standard in mobile pedestals.
- Box drawers have adjustable divider.
- Rear casters swivel, front casters are fixed.
- Standard core removable locks.
- If using 28"H Essentials mobile pedestals underneath a panel mounted worksurface on Stride®, Terrace®, or Optimize™ the panel glides will need to be extended a minimum of ¾" to allow for the mobile pedestals to slide underneath the worksurface.
- Adjustable glide kit available to field convert mobile pedestals to freestanding.
- Casters on box/file mobile pedestal require installation.
- For improved aesthetics on 28"H pedestals, order flush mount kick plates.



Essentials™ Pedestals

Essentials Basic Support Pedestals (page 994)
- Support pedestals have fully enclosed tops.
- Steel, ball-bearing slide suspension with full extension.
- Follower block (APFB80), pencil tray (A2280-000), and adjustable divider (PD80) for box drawers sold separately.
- Side-to-side filing utilizes two cross rails (AP519495) sold separately.
- File drawer has high sides to allow front-to-back filing.
- Support pedestals not used to support a worksurface require a counterweight kit sold separately.
- Caster package available to field convert support pedestals to mobile.
- Standard core removable locks.
- Adjustable Glide Kit available to field convert mobile pedestals to freestanding.
- For improved aesthetics on 28"H pedestals, order flush mount kick plates.

Essentials Basic Mobile Pedestals (page 994)
- Steel, ball-bearing slide suspension with full extension.
- Follower Block (APFB80), pencil tray (A2280-000), and adjustable divider (PD80) for box drawers sold separately.
- Side-to-side filing utilizes two cross rails (AP519495) sold separately.
- File drawer has high sides to allow front-to-back filing.
- Counterweight is standard in mobile pedestals.
- Support pedestals not used to support a worksurface require a counterweight kit sold separately.

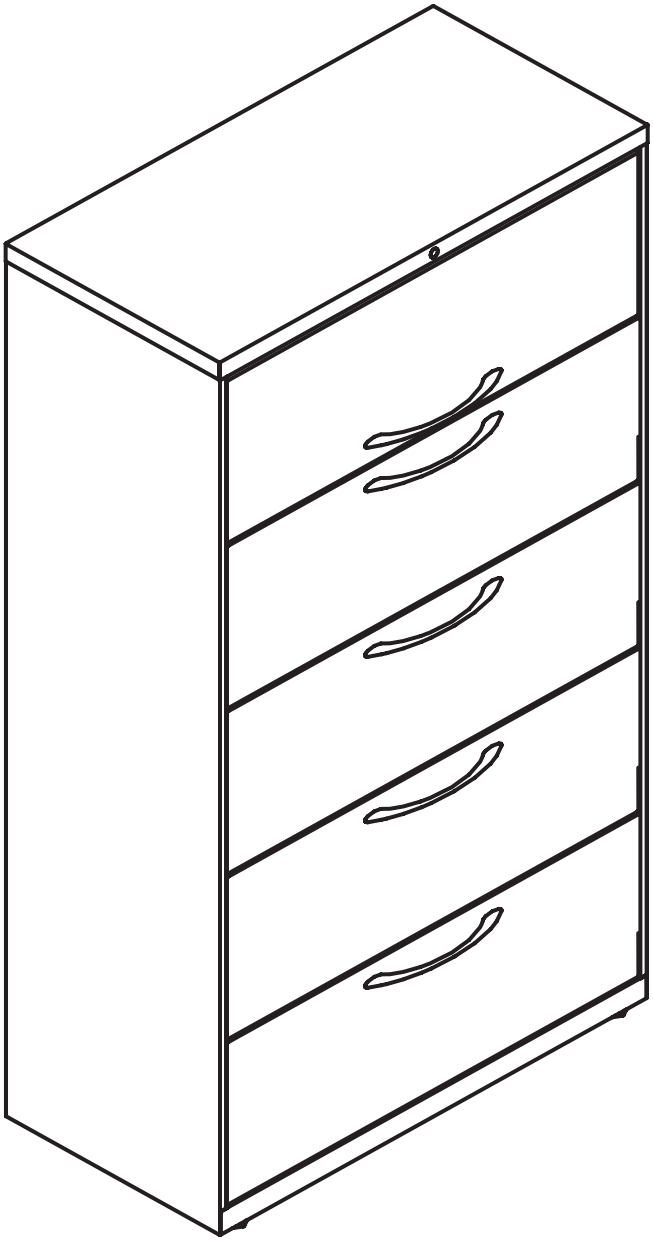
- If using 28"H Essentials mobile pedestals underneath a panel mounted worksurface on Stride®, Terrace®, or Optimize™ the panel glides will need to be extended a minimum of ¾" to allow for the mobile pedestals to slide underneath the worksurface.
- Adjustable glide kit available to field convert 26⅞"H – 28"H mobile pedestals to freestanding.
- For improved aesthetics on 28"H pedestals, order flush mount kick plates.

ASPT-24SC

Essentials Seat Cushion (page 995)
- Seat cushion provides quick and convenient additional seating.
- Seat cushion adds approximately 2"H to pedestal.
- YPPA prefix models have stitched corners and bumpers on bottom.
- ASPT prefix models have wrap around corners and attach with double-sided tape.
- COM yardage for seat cushion is ⅔ yard.

Dual-side Locking
Drawers and doors lock on both sides to prevent being pried open.

Interlock System
This mechanism inhibits roll-out of more than one drawer or shelf, either sequentially or simultaneously.



Fully Enclosed Bottom
Double bottoms are welded into all files for added rigidity.

Four Hex-head Leveling Glides
Leveling glides can be adjusted from outside or inside the case. Because of the hex-head design of the stem, leveling can be done even when the file is fully loaded. Range is 1".

Suspension
Telescoping, ball-bearing slides.

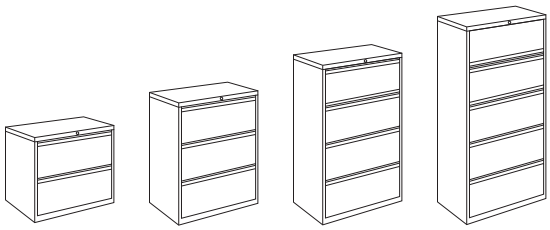
Core Removable Locks
Core removable lock feature allows key numbers to be easily changed in the field which facilitates installation.

Omit Lock Core
Files can be shipped with lock cores removed; cores can then be installed after files are placed. Laterals can be keyed alike with pedestals and overhead cabinets.

Four Pull Styles
Choice of four pull styles, also available on Essentials pedestals, allows for total design coordination on projects.

Side Knockouts
Files have knockouts on each side to allow easy ganging of freestanding units to inhibit tipping.

Inset Drawer Design
Drawers are inset inside the case. Base plate is flush with drawer fronts.



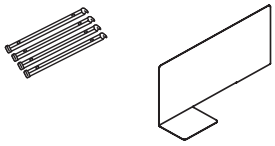
Paint Finish
Durable baked enamel finish is applied over rust-inhibiting phosphate pre-treatment.

Hanging Frames
Side-to-side come standard. Front-to-back filing option — hang rails are required.

Counterweights
Counterweights included and factory installed as required.

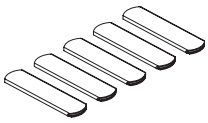
Drawer Interiors
Interiors and all accessories painted gray.

Essentials Lateral Files and Combination Files



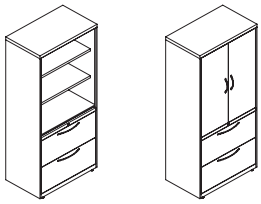
Essentials Lateral Files (page 996)

- Available in four pull options — arch, square, integral, and beveled pulls.
- Load capacities per 12" opening per current ANSI/BIFMA Standards:
  30"W..... 86 lbs.
  36"W..... 105 lbs.
  42"W..... 124 lbs.
- Clearance Dimensions – H x W 30 / 36 / 42" x D
  Roll-out drawer..... 11¼" x 27⅛" / 33⅛" / 39⅛" x 16½"
  Roll-out shelf..... 10½" x 27⅛" / 33⅛" / 39⅛" x 16½"
- For locking specifications, see pages 1044-1046.
- All files are 18" deep.
- Laminate and veneer tops are available — order separately.
- Support-only 2H Lateral does not include a counterweight and must be positioned under a panel-attached worksurface, ganged to an adjacent file, bracketed to a panel, or bolted to the floor or wall. It may not be used in a freestanding manner.



Note: Counterweights are included and factory installed as required except in the case of the 2H support-only lateral.

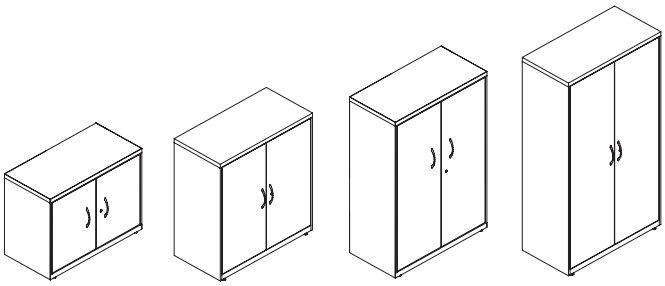
- Starting in July — Magnetic Label Holders available as an accessory model. Units will no longer include label holders.



Essentials Accessories (page 996)

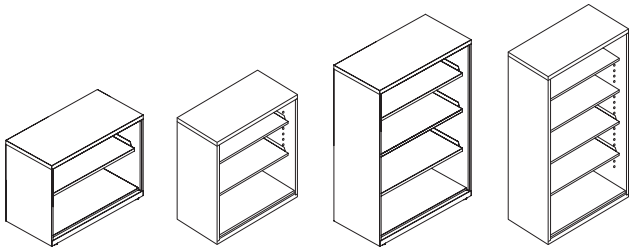
- All accessories are gray.
- Model L919491 used for front-to-back filing of all paper sizes in all drawer sizes.

Magnetic Label Holder - Available July 2021 (page 996)



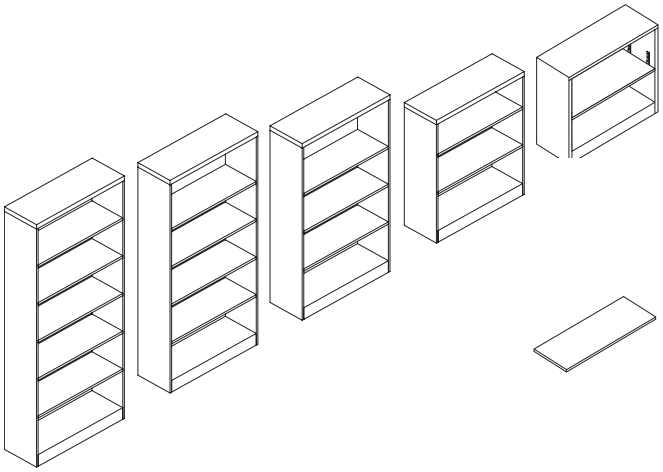
- 5 pack of magnetic label holders.

Essentials Combination Files (page 997)



- Combination cabinets match height of Essentials 5H laterals and storage cabinets.
- Combination cabinets are 30"W or 36"W and available as open shelves or hinged doors.
- Shelves are adjustable in 2" increments and are 15¼"D.
- Available in four pull styles — arch, square, integral, and beveled pulls.
- 64¼" combination cabinet has one fixed shelf and two adjustable shelves.
- Cabinets are fully assembled.
- Drawers feature three-part, telescoping, steel ball-bearing slides.
- Mechanical interlock inhibits opening more than one drawer at a time.
- For locking specifications, see pages 1044-1046.

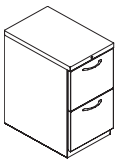
Essentials Storage Cabinets and Bookcases



Essentials Storage Cabinets (page 998)

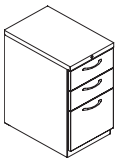
- Storage cabinet matches height of Essentials laterals and combination files.
- Cabinets are 30"W or 36"W and are available in four heights.
- Shelves are adjustable in 2" increments and are 15¼"D.
- Available in four pull styles — arch, square, integral, and beveled pulls.
- Storage cabinets have the following number of adjustable shelves:
  27¼"H.....1 52½"H.....3
  39⅛"H.....2 64¼"H.....4
- Cabinets are fully assembled.
- For locking specifications, see pages 1044-1046.

Essentials 18"D Bookcases (page 999)



- Essentials 18"D bookcases are same height as 2H, 3H, 4H, or 5H Essentials laterals and storage cabinets.
- Essentials 18"D Bookcases are 30"W or 36"W with open shelves.
- Shelves are 1" thick. Interior height 34½"H or 59"H.
- Shelves adjust in 2" increments. Shelf load capacity 107 lbs.
- 27¼"H units have 1 adjustable shelf. 39⅛"H units have 2 adjustable shelves. 52½"H units have 3 adjustable shelves. 64¼"H units have 4 adjustable shelves.
- Inside shelf dimension 34½"W x 15⅛"D.
- Bookcases are fully assembled.
- Bookcases include leveling glides with 1" of adjustment.

Essentials 12⅝"D Bookcases (page 999)



- Available in five heights from 29" to 81".
- All units case dimensions are 33⅞"W x 12⅝"D.
- Inside shelf dimension depth is 12⅛"D.
- Shelves adjust in ½" increments. Shelf load capacity 87 lbs.
- Bookcases have the following number of adjustable shelves:
  29" high .....1 71" high 4
  41" high .....2 81" high 4
  59" high 3
- Shelves are ¾" thick. Interior 4¼" less than height.
- Meets or exceeds ANSI/BIFMA and ISTA performance standards.
- Bookcases do not include leveling glides.

For specification information see pages 987-989.

Metallic paints, due to varying reflectance, may appear to have less visual color consistency than other paint finishes, even when L/A/B values are exactly the same. (L/A/B — measurable aspects of color — values are maintained within a specified range, to ensure consistent appearance of paint colors.)

****These colors are intended to be an inspirational option for the trending market. Product application is limited and color availability is approximately two years to coincide with evolving workplace trends.*

Digital Keypad Lock

Available on Align (Pedestals, Credenzas, Towers) and Radii Products

The digital keypad lock options support applications where workstations or storage banks are shared by multiple users. This is an alternative to a standard key lock. This feature facilitates the use of storage by multiple users through eliminating the need to keep and hand-off physical keys. These locks ship in "shared mode" by default; shared mode indicates that the lock will "forget" the paired 4-digit code, allowing the unit to be used by multiple users.

Digital keypad locks:

- Ship factory installed
- Offered in a polished silver finish
- Digital keypad lock requires input of a user-selected 4-digit code
- Digital keypad powered using 2 premium lithium CR2450 batteries
- Battery life is dependent on the frequency of operation but can last up to 5-7 years
- Digital keypad locks are installed horizontally on Align pedestals, credenzas, and towers

Additional information about setup and common troubleshooting problems can be found here: Digital Lock Overview.

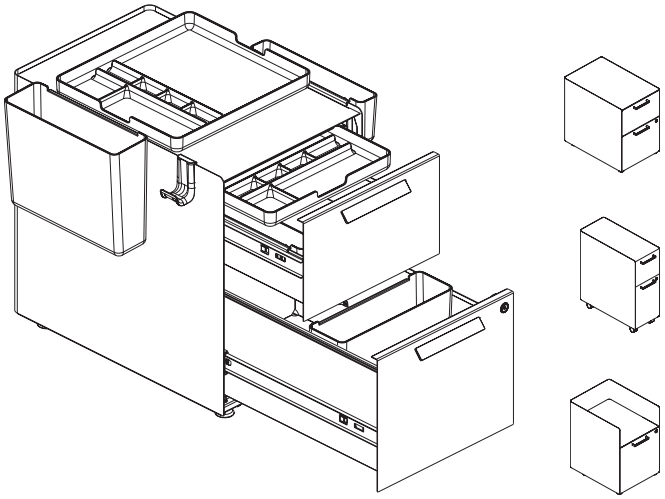
Programming Key

- A Programming Key is a device used to initialize locks out of factory default mode and register Manager Keys to the locks.
- Only one Programming Key should be specified per installation site because multiple Programming Keys are not compatible with each other.
- Once a programming key is used with a unit, it is tied to that lock. Another programming key can not be used.
- Add-on digital lock orders should be programmed with the original programming key.

Manager Key

- A Manager Key is used to bypass a locked unit; this operates as the "master" key and it is recommended that building facilitators have at least one Manager Key.
- Up to 6 Manager Keys may be registered to each lock.
- Manager Keys provide external power to locks in case of battery failure.

Description	Model	List Price
Digital Lock Keys and Accessories		
Programming Key	**YPLDIGPRG**	**$ 377**
Manager Key	**YPLDIGMGR**	**$ 291**



*Digital Lock users must purchase a programming key to operate. Programming keys and manager keys are purchased separately from locks.

Radii™ Metal Storage

Pedestal Functionality with Work Tools

Radii is a new generation of metal storage pedestals, undermounts, and Work Tools designed to accommodate more personal items and less paper. In the evolving digital age, the need to store paper files dwindles, people archive fewer documents, while the need to stow personal belongings grows. Conventional storage options that were designed for lateral paper filing don't adequately accommodate items employees stow, such as a backpack, purse, gym shoes, office supplies, or other everyday essentials workers want to keep within reach.

The desire for products to do more with less is quickly becoming a necessity. Radii delivers efficiency that is obvious in a solution that succinctly stows today's objects in a user-customizable way.

Pedestal Functionality Represented by
Freestanding Pedestal 21½"H
15"W x 23"D Box with Tray/File.
Additional Work Tools ordered separately.

Pedestals

- Available with casters or glides
- Casters allow clearance for pedestal to straddle Altitude foot.
- Rear casters swivel, front casters are fixed, casters do not lock.
- Freestanding pedestals are not meant to support worksurfaces.
- Drawer slides are not full extension.
- Counterweight installed when required. No additional counterweight is required.
- Case wrapper creates a utility lip at top of case from which Work Tools can hang.
- 15"W pedestals can fit a Hot File Bin sideways in drawer to serve as a space divider.
- Hot File and Side Saddle can hang on inside file drawer lip.
- Alcove unit has a single drawer with open enclosure at top to stow backpack or other personal items.
- Drawers are labeled as "Box"/"Box +" and "File"/"File +"; see dimension table below.
- Drawers labeled as "+" have a taller drawer front and added space above the drawer body that can either accept the hidden Radii accessory tray or allow for the drawer to stow larger items, such as a backpack.
- All pedestals with a drawer marked "+" ship with one accessory tray, additional trays may be purchased separately (20⅜"H unit does not ship with or accept hidden tray).
- Radii pedestals offered with a digital locking option
- Slim peds (10"W) with digital locking only accept Square Pull.
- Manager and programming key purchased separately, see page 1045.

Radii™ Metal Storage

Pedestal Functionality with Work Tools

Representative Image	Space Claim
 AUFD	 Flush Undermount Pull-Out Drawer
 AUFH FH HD-Flush	 Flush Undermount RH Hinged Door
 AUFO Open-Flush	 Flush Undermount Open Bin
 AUCL L Shelf-Console	 Console Undermount Open L-Cube
 AUCH RH HD-Console	 Console Undermount RH Hinged Door Bin

Undermounts

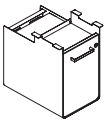
- Undermount units are mounted inset from the left or right edge of the worksurface dependent on table supports.
- Compatible with all Allsteel benching and desking applications, except where noted.
- Can accommodate 2 Hot File units within interior sitting side-by-side.
- Slim tray fits in the Drawer and Open L units only.
- Ensure weight limit of height adjustable table system is considered before adding undermount storage (see table for unit weight and storage capacity).
- Standard BIFMA loading standards based on open volume of storage area.
- For undermount applications with Altitude tables, see the matrix on page 1011.
- Manager and programming key purchased separately, see page 1003.
- Radii pedestals offered with a digital locking option.
- Slim peds (10"W) with digital locking only accept Square Pull.

Flush Undermounts

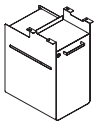
- Unit to be mounted under worksurface using hardware supplied with unit.
- Unit mounts flush to front edge of worksurface.
- Open and hinged door units contain side slot which can be used to hang Work Tools.
- Open and hinged door units do not fit Work Tool Trays.
- Drawer unit ships with hangrail to accommodate side-to-side filing.

Console Undermounts

- Open L unit comes with Work Tool Tray, console soft touch pad, and bottom soft touch liner.
- Hinged Door Console Unit comes with console soft touch pad ONLY.
- Unit available with or without USB. Either version ships with soft touch pad for console and contains a perforation for easy cord routing.
- Slots built into upper portion of case for Work Tools Hook to hang from.
- Unit mounts under worksurface with easy locating interface bracket. Bracket screws to worksurface, unit snaps onto bracket.
- Unit protrudes 6" from front of worksurface.



Work Tools



- Side Saddle and Hot File work on Stride and Terrace Tool Tiles and Tool Rails.
- Bag Hook weight limit 20 lbs.

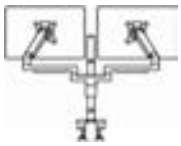
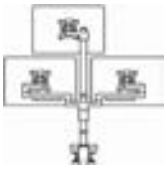
Pivot Standard Weight Monitor Arms





- Adaptable and adjustable to user preference the Pivot monitor arm offers a slim and refined design coupled with easy fingertip adjustment.
- Multiple points of adjustment including 360 degree swivel with optional 180 degree lockout, 18.75" extension, and 10" of height adjustment.
- Monitor tilts +25/-25 degrees.
- Standard weight arms utilize a tension spring that allows for effortless adjustment of monitors to proper ergonomic positions.
- Tension adjustment at multiple points allows for proper adjustment for monitors weight between 6-17 lbs.
- Model includes grommet and worksurface mounting options.
- Desk clamp mounts require ⅞" –2" thick surfaces; grommet mount requires hole diameter of 3/16" to 2" wide and accommodates up to 2" thick surfaces.
- Integrated cable management included with each model. Black models ship with all black cable management pieces, Silver models ship with grey wire management but optional white pieces ship in the box and can be installed on site.
- Dual monitor arm supports up to 25" wide monitors. Wider monitors may require use of optional slider mount model.
- Pivot arms are VESA 75mm and 100mm compatible.
- Quick release feature simplifies monitor installation and changes.

Pivot Slider Mount

- Provides 11.8" of horizontal movement.
- Allows for wider monitors to be used on dual monitor arms and sit flush side by side.
- Not compatible with Pivot Heavy Duty Series.

Pivot Heavy Duty Series

- Adaptable and adjustable to user preference the Pivot monitor arm offers a slim and refined design coupled with easy fingertip adjustment.
- Multiple points of adjustment including 360 degree swivel with optional 180 degree lockout, 20.75" extension, and 12" of height adjustment.
- Monitor tilts +25/-25 degrees.
- Tension adjustment at multiple points allows for proper adjustment for monitors weight between 8-35 lbs.
- Model includes grommet and worksurface mounting options.
- Desk clamp mounts require ⅞" –2" thick surfaces; grommet mount requires hole diameter of 3/16" to 2" wide and accommodates up to 2" thick surfaces.
- Integrated cable management included with each model. Black models ship with all black cable management pieces, Silver models ship with grey wire management but optional white pieces ship in the box and can be installed on site.
- Dual monitor arm supports up to 2 monitors weight 4-17.5 lbs each.
- Pivot arms are VESA 75mm and 100mm compatible.
- Quick release feature simplifies monitor installation and changes.

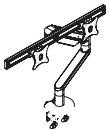
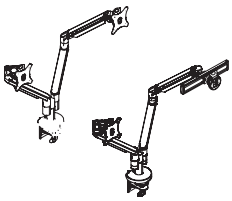
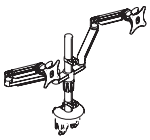
Pivot Post Series

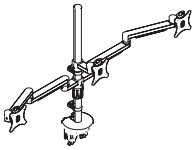
- Adaptable and adjustable to user preference the Pivot monitor arm offers a slim and refined design coupled with easy fingertip adjustment.
- Multiple points of adjustment including 360 degree swivel with 21" extension and 10.6" of height adjustment.
- Monitor tilts +25/-25 degrees.
- Tension adjustment at multiple points allows for proper adjustment for monitors weight between 6.5-17 lbs per arm.
- Model includes grommet and worksurface mounting options.
- Desk clamp mounts require ⅞" –2" thick surfaces; grommet mount requires hole diameter of 3/16" to 2" wide and accommodates up to 2" thick surfaces.
- Integrated cable management included with each model. Silver color option with grey wire management only.
- Dual monitor arm supports up to 25" wide monitors. Wider monitors may require use of optional slider mount model.
- Single and dual models have a post height of 17.7"; Triple monitor model has a post height of 27.5".
- Pivot arms are VESA 75mm and 100mm compatible.
- Quick release feature simplifies monitor installation and changes.

Pivot Counterweight Kit









- Counterweight Kit to be used with monitors weighing less than 6 lbs.
- Gray color only.
- Counterweight weighs 1 lb. 6 oz.

Pivot Conversion Kits

- Kit allows user to transform single monitor arm (Standard, Heavy Duty, or Post) into Dual Arm configuration
- Available in black and silver, Post arm only available in silver
- Required wire management included
- Once assembled, will aesthetically emulate dual configuration of chosen arm

Extensions™

Extensions — Introduction

Extensions accessory line by Allsteel is designed to help you create your own space.

- **Create a personalized space**

  Each person works differently, different work styles require different tools. As our workplace needs shift from paper filing to personal storage, the tools that support us day-to-day need to adapt to the changing ways we are expected to work. Whether it's the need for paper filing, a place to plug a charger in, or a small shelf for trinkets, Extensions help you bear it all.

- **Create a comfortable space**

  Encourage wellness and peace of mind while you work with Extensions. Whether by clearing valuable desk space, routing cords out of the way, powering your technology, or illuminating tasks with a gentle glow, this full line of work tools help you stay calm and in control of your workspace.

- **Create an empowered space**

  Without all the right tools you need to succeed, having a productive workday can feel like an impossible task. With a full line of ergonomic, organization, illumination, power, and wire management tools, Extensions put the right tools within reach, allowing you to get your work done seamlessly and efficiently.

- **Organization tools**

  Embracing organization work tools can help add efficiency and excitement to your daily workflow. Durably made but thoughtfully designed to help you organize and store the tools you need throughout your day, Extensions organizational tools help you find that perfect place for anything.

- **Ergonomic tools**

  Ergonomics is more than just comfort, it's flexibility and safety. The adjustable keyboard options allow users to maintain and vary comfortable wrist and arm positions throughout the day, whether typing or mousing. Monitor Arms offer versatile adjustability while providing optimum comfort for the eyes, neck, and shoulders.

- **Illumination tools**

  Sleek and flexible, our lighting components offer you several choices. Recessed task lights conserve space and feature electronic ballast for longer bulb life and cooler operating temperature. LED tasklights' slim design blends in with its surrounding while utilizing energy-efficient LED technology.

- **Power/Data tools**

  At the heart of every workspace is a power module that keeps you plugged-in and running throughout the day. These indispensable accessories provide wired or wireless connectivity anywhere and everywhere you could possibly need it, transforming your workplace into a hub of activity.

- **Wire Management tools**

  Eliminate the cord clutter under your desk with our extensive wire management offering. Allsteel wire management accessories effortlessly weave wires out of the way and clear your workspace with ease. Both free-standing and height adjustable, table-integrated solutions ensure that your space stays as clear as your workflow.

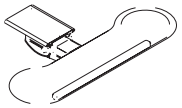
AKTSHORT Keyboard Support (page 1022)

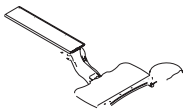
- Lift and lock intuitive height adjustment.
- Compatible with Altitude Height Adjustable Tables
- Positive and negative tilt for best ergonomic positioning.
- +10°/-20° tile adjustment and 360° rotation provides support of neutral position of shoulders, arms and wrists while accommodating multiple working postures.
- Surpasses ANSI/BIFMA standards.
- Black powder coat finish.
- Patented secondary slide and unique arm design provide minimal footprint.

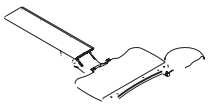
AKTMID and AKTLONG Keyboard Support (page 1022)

- Lift and lock intuitive height adjustment.
- Positive and negative tilt for the best ergonomic positioning.
- +10°/-20° tilt adjustment and 360° rotation provides support of neutral position of shoulders, arms, and wrists while accommodating multiple working postures.
- Non-handed mouse tray can be moved from right hand to left hand side.
- Surpasses ANSI/BIFMA standards.
- Black powder-coat finish.

Keyboard Spacer Kit (page 1022)

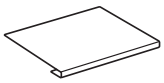






- Keyboard Spacer Kit required for mounting under Altitude worksurfaces.
- Kit provides ten spacers and hardware for mounting keyboard supports beneath an external worksurface support channel.
- Spacers are 2⅛"H providing more room beneath surface for mounting.

CPU Hammock (page 1022)



- Features 360-degree swivel with an 11" track.
- Load capacity is 75 lbs.
- CPU must be minimum of 3¼"W with maximum dimension of 64" in perimeter.
- Handy adjustment tool stores within unit.
- Safety feature prevents accidental release of straps and straps can be adjusted while CPU is installed.
- Can be used on Height Adjustable Tables as long as it is attached with spacer model AKMH. Take into account required leg room for users.

For specification information see page 1021.

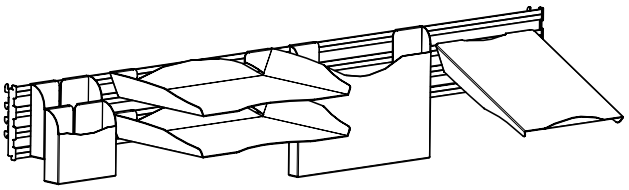
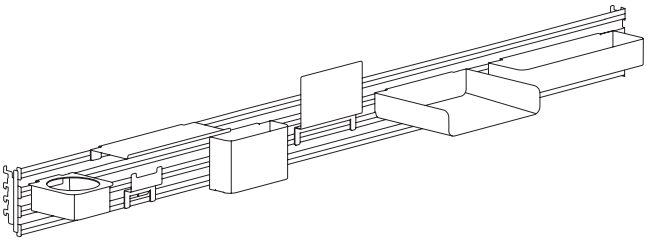
Examples: **AKMH ACPU1**

S *Shippable by small-package carrier.*



Allsteel's tool rail works in conjunction with a variety of accessories. Modular accessories free up worksurface space and provide orderly storage that is well within reach. Units can be arranged and rearranged to respond to changing workflow. The work tools that attach to the tool rail are:

- Mail Box
- Folder Holder
- Phone Caddy
- Binder Bin
- Tool Box
- Clip Caddy™
- Sidebar™ Personal Shelf
- Paper Wave™
- Cup Holder
- Hook
- Hanging File Holder
- Magnetic Picture Holder
- Small Bin
- Small Shelf
- Small Tray

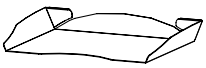


Additional accessories that work with the **tool rail work tools** aesthetically are:

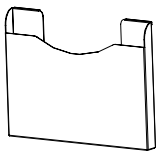
- Bookends
- Freestanding Mail Box

Coat hooks, marker boards and center drawers round out the organization offering.

Tool rail, shown above, is height-adjustable in 1" increments using slots in panels or metal hutch. Tool rail shown with two tool boxes, two mail boxes, folder holder, and phone caddy. Folder holders and binder bins extend below a tool rail. Paper Wave and contents extend above a tool rail.

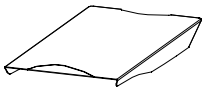


Tool rail, shown with cup holder, small shelf, hook, small bin, magnetic picture holder, small tray, and hanging file holder.

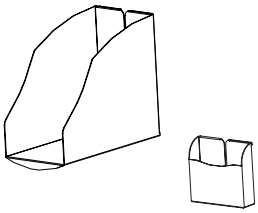


Tool Rails and Work Tools (page 1031)
- Sturdy aluminum extrusion with steel support construction.
- Powder coated for durable finish.
- Use to hang Extensions tools. Cannot be used to support monitor arms.
- Suggested weight capacity not to exceed 80 lbs.
- Consideration needs to be given to height of tools and location of worksurfaces.
- For use with Terrace® and Optimize™ systems.
- 5" high rail (widths coordinate with panels).
- Attachment via vertical reveals.
- Can be hung from wall track. Good solution for above copiers.
- Systems tool rail is off-modular — can be used on a panel of equal width or one size smaller.
- May span two panels of appropriate size, i.e., 60"W Tool Rail on two 30"W panels.

NOTE: The Work Tools are NOT compatible with the Gallery Panel Accessory Rail; they are only compatible with the Tool Rail and the Stride & Terrace Tool Tiles.



Tool Rail for Hutches (page 1031)
- Will work on Universal, Terrace, and Optimize system hutches produced after July 2, 2000 and Align™ metal hutches.
- Sturdy aluminum extrusion with steel support construction.
- Powder coated for durable finish.
- Use to hang Extensions tools. Cannot be used to support monitor arms.
- Suggested weight capacity not to exceed 80 lbs.
- Consideration needs to be given to height of tools and location of worksurfaces.

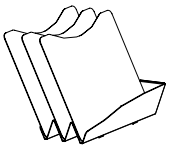


Mail Box (page 1032)
- Holds standard letter-size paper and inter-office envelopes.
- Minimal horizontal intrusion.

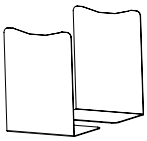
Folder Holder (page 1032)
- Holds manila envelopes.
- Is capable of hanging on other folder holders to maximize space.
- Stores vertically for easy access to files.

Phone Caddy (page 1032)
- Holds telephone at optimum ergonomic angle.
- Wire management cut-outs.
- Accommodates standard phone sizes.

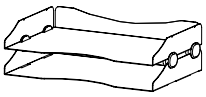
Binder Bin (page 1032)
- Holds folders, binders, and manuals.



Tool Box (page 1032)
- Holds pencils and other writing utensils, large post-it notes, and other desk top accessories.

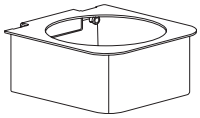


Clip Caddy™ (page 1032)
- Holds paper clips and other small objects.

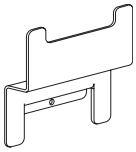


Sidebar™ Personal Shelf (page 1032)
- Holds office supplies and personal effects.

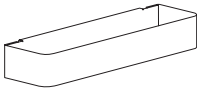
Paper Wave™ (page 1032)
- Provides 3 fully divided slots for organizing files.
- Keeps papers from "bowing" at bottom.



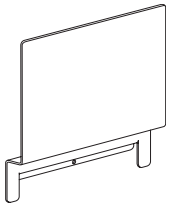
Bookends (page 1032)
- Can be used on shelves or in cabinets.
- Used to hold books, binders, and catalogs upright.



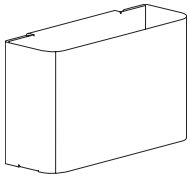
Freestanding Mail Box (page 1032)
- Incorporates similar aesthetic to mounted Mail Box.
- Mounting brackets allow for free access from front and back.
- Sold in pairs of two; will stack up to eight high.
- Individual mail box dimension = 1¾"H.
- Stacking brackets are black.



Coat Hook APMC6 (page 1032)
- Hangs directly into slotted Terrace® or Optimize™ panel frame.
- Use for coat or bag.
- Package of six.
- Available in black only.

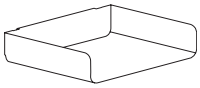


Cup Holder (page 1033)
- Holds most cups and thermoses. Weight capacity is 5 lbs.

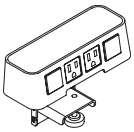


Hook (page 1033)
- Hangs small personal effects such as headphones, keys, or hand wallets. Weight capacity is 10 lbs.

Hanging File Holder (page 1033)
- Hangs files and folders from hanging file clips. Hanging file clips not included. Weight capacity is 5 lbs.

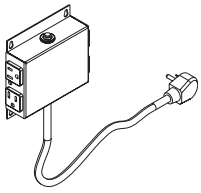


Magnetic Picture Holder (page 1033)
- Allows for pictures to be hung via magnets. Magnets not included. Weight capacity is 5 lbs.

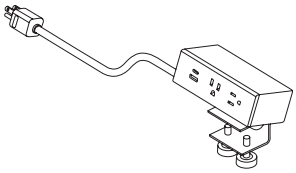


Small Bin (page 1033)
- Houses office supplies or other personal effects such as pencils, pens, sticky notes, journals, etc. Weight capacity is 5 lbs.

Small Shelf (page 1033)
- Provides additional shelf storage in workstation and displays office supplies or personal effects. Weight capacity is 5 lbs.

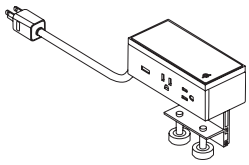


Small Tray (page 1033)
- Holds office supplies and other personal effects. Weight capacity is 5 lbs.



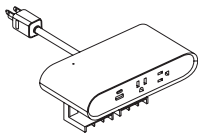
ACPWRMOD

Power/Data Module — Clamp On Worksurface (page 1039)
- On-surface mounting option, fits on any worksurface with a 4" overhang.
- 10' straight power cord only. UL Listed.
- Includes adapters to allow use of commercially available data terminals or blanks to fill unused openings. Many of the AMP, AT&T, Krone, Leviton, and most commercial data terminals can be used.
- Available in Fog only.

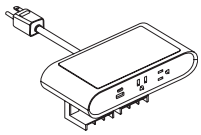


APWR4TAP

Power Module — Under Worksurface, Quad Tap (page 1039)
- Under surface mounting can be used under any surface with a 5" x 5" x 1.5" clearance.
- 10' straight power cord only, no specification needed.
- 4 receptacles, unit is black finish only, no specification needed.

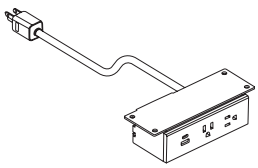


APWRMOD.AC.S

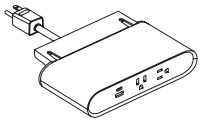


APWRMOD.QA.S

Power Modules — Clamp On Worksurface, Rectangular (page 1039)
- Worksurface clamp can be used on any surface with a 2½" overhang.
- Must be installed at time of initial worksurface installation if installing between a worksurface and panel.
- 10' straight power cord only. UL Listed.
- The USB hub allows simultaneous powering of 2 receptacles, 1 USB-A device, and 1 USB-C device. The USB hub is a charger only, no ability to connect to a PC. The charging capacity is limited and may not charge all devices.
- Four wire management "P-Clips" included with mounting hardware.
- Specify "QA" for Qi compatible wireless charging on AWPRMOD. USB-C port no longer included when wireless charging specified.
- Available in Snow and Storm finishes.

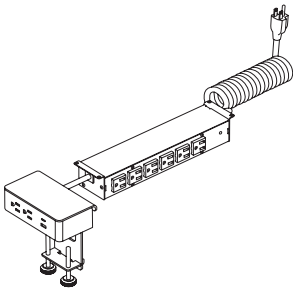


ARNDPWRMOD.QA.S



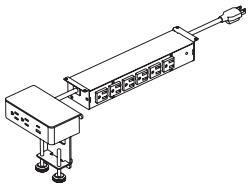
ARNDPWRMOD.AC.S

Power Modules — Clamp On Worksurface, Round (page 1039)
- Worksurface clamp can be used on any surface with a 2½" overhang.
- Must be installed at time of initial worksurface installation if installing between a worksurface and panel.
- 9' straight power cord only. UL Listed.
- The USB hub allows simultaneous powering of 1 USB-A device and 1 USB-C device. The USB hub is a charger only, no ability to connect to a PC. The charging capacity is limited and may not charge all devices.
- Specify "QA" for Qi compatible wireless charging on ARNDPWRMOD.
- Available in Snow and Storm finishes.



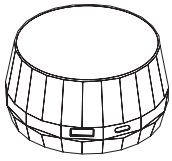
AUPWRMOD.AC.S

Power Module — Under Worksurface, Rectangular (page 1039)
- Under surface mounting can be used on any surface with a 5" clearance.
- Power cord choices include 10' Straight, 5' Interlink, 10' Hardwire, and 10' Chevron Fog & Storm Braided cords. All are UL listed.
- Four wire management "P-Clips" included with mounting hardware.
- Available in Snow, Storm, and Black finishes.

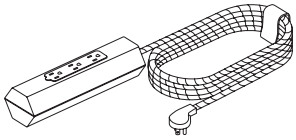


AURNDPWRMOD.AC.S

Power Module — Under Worksurface, Round (page 1039)
- Under surface mounting can be used on any surface with a 5" clearance.
- 9' straight power cord only. UL Listed.
- Available in Snow, Storm, and Black finishes.



AABPWRMOD.AC.Q



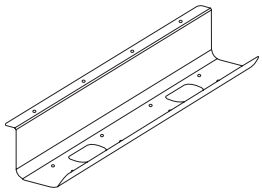
AABPWRMOD.AC.S

Power Module — Above/Below Worksurface (page 1039)
- Above/Below power module provides access to power on the desktop and below the worksurface.
- Desktop mount can be used on any surface with a 6"W x 3"D clearance along the worksurface edge.
- Under surface mounting can be used with a 12"W x 3"D x 2"H clearance under the surface.
- Plugs will take additional depth (approx. 3").
- Two wire management “P-Clips” included with mounting hardware.
- Below worksurface power strip supplies six grounded A/C receptacles, desktop unit supplies two receptacles, 1 USB-A port, and 1 USB-C port.
- Desktop and under worksurface units are connected by a 2' long straight cord and cannot be disconnected.
- Power cord choices include a 6' straight cord or a coiled cord that is 6' long uncoiled, approximately 8" long coiled (compressed).
- Desktop unit available in White and Gray finishes.
- Under worksurface unit available in black only, no specification needed.
- UL 962A and UL 111 Listed. UL 1310 Recognized.

APWRPCK

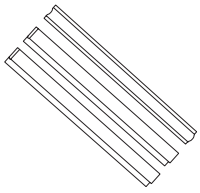
Power Module — Sit-On Worksurface, Puck (page 1040)
- Unit sits on top of a worksurface.
- Includes 5' DC Connector cord, transformer block, and 6' AC straight cord for 11' of total cord length. UL 1310 Listed.
- Unit allows for simultaneous powering of 1 USB-A and 1 USB-C device.
- Unit is a charger only, no ability to connect to a PC other than to charge.
- Available in White and Silver finish only, no specification needed.

APWRSTRP



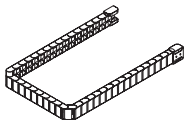
Power Strip — Sit-on-Surface, Wood (page 1040)
- Unit sits on top of a worksurface.
- 10' Braided cord in White nylon, leather cord management strap included. UL Listed.
- Ultra-low profile 45 degree flat plug.
- 3 grounded power outlets.
- Solid Ash Wooden housing, no specification needed.

AVSTA3PWR



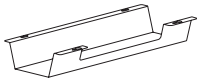
Vesta Mobile Power (page 1040)
- 3 AC power simplex, 1 dual USB-A, 1 USB-C configuration.
- 10' Retractable power cord, UL Listed.
- Unit weighs 13 lbs.
- For cordless, battery-powered unit, please contact the Tailored Product Group (TPG).
- Available in Snow, Storm, Black, and Fog. Separate finish options available for outside and inside of unit.

Cable & Wire Management



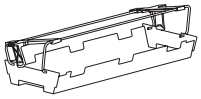
AJTRGH24 or AJTRGH36

Cable Management Tray (page 1041)
- Attaches under the worksurface to contain cables.
- Metal tray shelf is 4" deep. Can hold electrical power strip and/or surge protector.
- 24" and 36" lengths, use multiple units for larger worksurfaces.
- Attachment hardware included, paint option is black only.
- Zip tie attachment points located in base of tray. Zip ties not included.
- Limited paint offering. Available in all Grade P1 and Grade P2 paint finishes for Altitude Bases with the exception of Night Bronze (P8B).



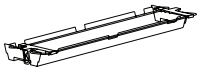
AWRSTRIP

Wire Management Strips/Channels (page 1041)
- Self adhesive backing to attach to panels and underside of worksurfaces.
- Flexible strips allow cabling to enter/exit and can be contained inside the strips' cavities.
- Includes two wire management profiles. Smaller profile allows for qty. 3, .3" diameter cords, has area of .32 in^2. Larger "J" shaped profile allows for qty. 10, .3" diameter cords, has area of 1.14 in^2.



A9CLWMC or WKSWMC

Cord Management Chains (page 1041)
- Works with Approach and Altitude A6-units.
- Used to route and conceal power/data cables from control box and other devices. Includes all mounting hardware and a plate to secure to a leleving glide.
- Houses 6 cables at 0.300" diameter.
- Made of plastic chain with plastic attachment brackets at each end.
- Specify WKSWMC for 58" chain. Only comes in Black finish.
- Specify A9CLWMC for 36" chain. Comes in Black, White, and Silver.
- Has two connecting points: Top section connects underneath a worksurface and bottom section can connect underneath power rails or to panel raceways using double-sided tape. Hardware included.

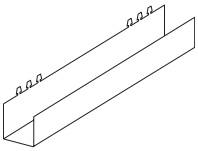


APWRTRGH17 or
APWRTRGH36

Under Worksurface Trough (page 1041)
- Used to conceal wires and control box below worksurfaces. Trough can be configured at various height/width combinations to meet capacity needs. Ships flat and is bent to desired shape.
- On 48"W and 54"W worksurfaces use one 17"W trough. 54"W has space to use 2 – 17"W, if necessary.
- On 60"W, 66"W, and 72"W worksurfaces use the 36" trough.
- On 84"W worksurface use 2 – 17"W troughs.

AFDTRGH20

AFDTRGH32

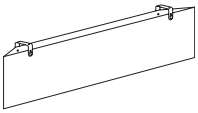


Flip-Down Wire Trough (page 1041)
- Mounts beneath a worksurface. Used to conceal extra cord slack and power strips.
- May be used in conjunction with quad tap unit APWR4TAP to reduce the number of cords routed from a worksurface to a beam.
- For any worksurface less than 58"W, a 20"W Flip-Down Trough is recommended.
- For worksurfaces 58"W and wider, a 20"W or 32"W Flip-Down Trough may be used.
- Flush-mount Radii Storages are not recommended to use in conjunction with Flip-Down Trough.
- Only AKTSHORT keyboard tray is recommended for use in conjunction with the Flip-Down Trough.

ALEGCHASE26

O-Leg Chase (page 1042)
- Works with O-Legs from Allsteel Approach.
- Matches leg profile on models WKTBTL2824 and WKTBTL2830.
- Magnetically aligns and adheres itself to the inside of the leg and allows for user to reposition and adjust wires as needed without the use of tools.
- Metal chase measures 26"H, can fit qty. 12, .3" diameter cords. Has cross section area of 1.56 in^2.
- Available in standard metal paint finishes.

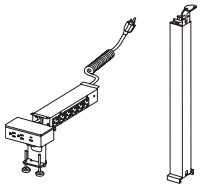
Cable & Wire Management



AMPCHASE

Panel Mounted Wire Chase (page 1042)
- Attaches between panels on Stride, Terrace, and Optimize via a slotted standard.
- Designed to sit below a worksurface and provide additional cord management from the base rail to beltline/under-worksurface height.
- Available in standard metal paint finishes.

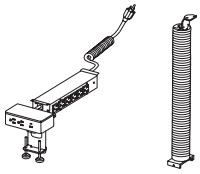
AWIRECLT



Metal Wire Cleat (page 1041)
- Supplied with screws and VHB tape for attachment to various surface types.
- For wood/particle board/MDF surfaces, use screw attachment.
- For painted metal/glass/non-porous surfaces, use VHB tape.
- Example use cases:
  1) Used alongside telescoping/fabric HAT wire chases to secure excess length of cord at plug-end.
  2) Secured to wall next to TV monitor in meeting room to manage HDMI cable when not in use.
  3) Screwed underneath worksurface to provide quick and easy management of excess length of cords and cabling.

APWRMODEST36 or
APWRMODEST48

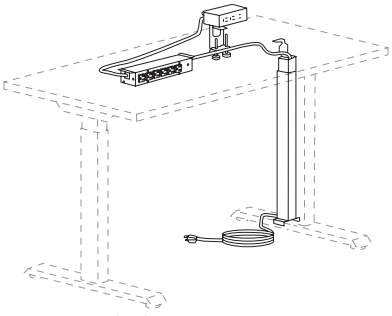
Fabric Power Modesty (page 1043)
- Fabric Power Modesty presents as modesty panel hanging by leather straps under a worksurface; inner compartment conceals cords and power strips as a wire management application.
- Recommended worksurface width pairings:
  1) 48-60"W Desk — Use APWRMODEST36 Centered.
  2) 66-72"W Desk — Use APWRMODEST48 Centered or APWRMODEST36 offset.
  3) 84"W Desk — Use APWRMODEST48 offset.
- Modesty fills 11.5 inches below the bottom of the worksurface with space for cords to enter/exit between the worksurface and the top of the Power Modesty.
- Two entry/exit points for cords are located at the bottom of the Power Modesty unit.
- Modesty panel is designed to present as a thin modesty panel from the front, but provides 3" depth cavity for wires, power strips, etc.
- Maximum weight capacity for Power Modesty is 25 lbs.
- Modesty panel not to be used to store electronics that require airflow for thermal management (computers).
- Users can access interior of panel (to modify wire placement) via “wings” on either side of product, secured via user-operable Velcro connection.
- Users may also dismount Power Modesty from leather straps by unlooping leather straps from button attachments.
- Leather straps on Power Modesty always come in medium brown color.
- Power Modesty available in Appoint, Binary, Centurion, Noble, Reflections, Disperse, and Spin fabric series.



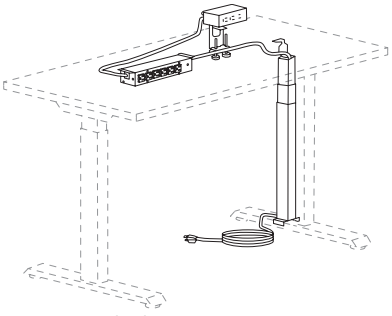
Cable & Wire Management

AHATPWRMOD2S or
AHATPWRMOD3S

Metal Telescoping HAT Wire Management (page 1043)

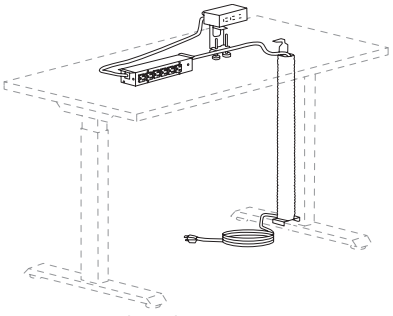


- Separate models available for use on either 2-Stage or 3-Stage Altitude A6 Tables. Not compatible with Altitude A3, A5, or A8.
- Equipped with 2-Stage or 3-Stage Telescoping Wire Chase and custom Above/Below Power Module intended for cord management on 2- and 3-Stage height adjustable tables.
- Telescoping chase includes a unique Above/Below Power Module and is NOT compatible with any other power module.
- Above/Below Power Module supplies 6 grounded A/C receptacles below the worksurface and 2 receptacles, 1 USB-A, and 1 USB-C port above the worksurface on the desktop unit. Desktop power module available in White and Gray finishes, below-worksurface power strip only available in black only.
- Telescoping Chase available in the same paint finishes as the Altitude height adjustable bases except for "Nickel."
- To match Metal Telescoping Chase to HAT base, specify matching paint color as HAT base. To match Telescoping Chase to a "Nickel" HAT base, specify "Platinum Metallic," or "PR2."
- Two "P-Clips" included for wire management between desktop power module and under worksurface power strip.

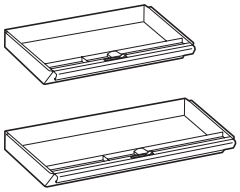


AHATPWRMODF

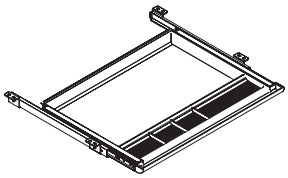
Fabric Elastic HAT Wire Management (page 1043)



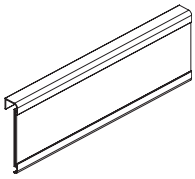
- Model compatible for use on either 2-Stage or 3-Stage Altitude A6 Tables. Not compatible with Altitude A3, A5, or A8.
- Equipped with Fabric Elastic Wire Chase and custom Above/Below Power Module intended for cord management on 2- and 3-Stage height adjustable tables.
- Fabric Elastic Chase includes a unique Above/Below Power Module and is NOT compatible with any other power module.
- Above/Below Power Module supplies 6 grounded A/C receptacles below the worksurface and 2 receptacles, 1 USB-A, and 1 USB-C port above the worksurface on the desktop unit.
- Desktop power module available in White and Gray finishes, below-worksurface power strip only available in black only.
- Fabric Elastic Chase available in Light, Medium, and Dark fabric finishes.
- Includes a metal foot and an under worksurface mounting bracket to attach Fabric Elastic Chase along the side of a HAT leg.
- To match metal brackets to HAT base, specify matching paint color as HAT base. To match brackets to a "Nickel" HAT base, specify "Platinum Metallic," or "PR2."
- Two "P-Clips" included for wire management between desktop power module and under worksurface power strip.



2-Stage Metal Telescoping HAT Wire Management

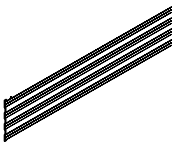


3-Stage Metal Telescoping HAT Wire Management

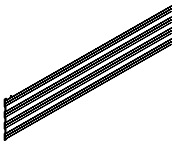


2 or 3-stage Fabric Elastic HAT Wire Management

Metal Center Drawers (page 1034)
- All metal center drawers feature pencil trays with three compartments for storage.
- Center drawers will not fit in center of 24"D worksurfaces which are wider than 60" due to location of center support bracket.
- For locking specifications, see pages 1044-1046.
- Ball-bearing slide suspension.



Polymer Center Drawer - ACD1 (page 1034)
- 20½"W x 17"D x 2"H
- Available in black only
- Made from ABS.
- Minimum clearance for mounting: 23"W x 16¼"D x 2"H.
- Retracts on 16" ball-bearing slides.
- Can be used on worksurfaces with Height Adjustable Bases as long as it is attached with spacer model AKMH.
- Can store up to 25 lbs.



Name Plate (page 1032)
- Comes in a 10-pack.
- Metal backer installs under a Terrace or Optimize top cap, can be used with frameless glass.
- Cover is a transparent polycarbonate insert.
- Full plate is 8½"W x 2⅝"H.

For specification information see pages 1023-1024.

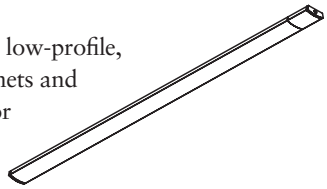
Allsteel Extensions offers Illumination in three styles — Undercabinet LED Light, Wand Light, and Splitty Light.

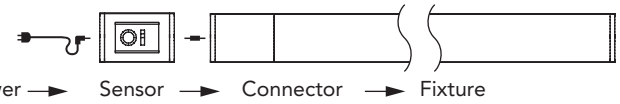


Recessed Undercabinet LED Light

Recessed task lights conserve space and provide an efficient solution for illuminating the workplace. All models are equipped with LED strips.

Recessed task light models mount under storage cabinets or shelves to provide optimal space utilization. Models are available in two styles and three sizes to correspond with the width of the cabinet or shelf. Task lights with a fused plug are available to meet Chicago electrical code.

Undercabinet LED Light



The Undercabinet LED Light is a low-profile, linear solution for overhead cabinets and shelves and is an ideal solution for painted wood storage. It utilizes energy-efficient LED technology which provides a long life. The Undercabinet LED Light provides the opportunity to mount the fixture where light is needed most.

The Undercabinet LED Light features a metal trough reflector with diffuser lens. The light has a sleek ½" thick profile and provides two options for mounting, either magnetically or with hardware. Undercabinet LED Lights can be daisy-chained.

Optional undercabinet occupancy sensor is available which will automatically turn off the fixture after 30 minutes of no detection and back on immediately as the user re-enters the detection range using Passive Infrared (PR) sensor technology. Unit features 360° lens with 90° outward detection angle, providing a 36" coverage diameter at 18". Occupancy sensor comes with connector and is required to be connected in the sequence shown below. Connect occupancy sensor to a light, or first light in daisy chain to control all linked lights.

CONNECTION SEQUENCE*

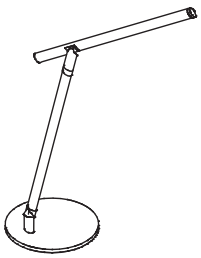
*Cannot deviate from this sequence

Recessed Task Lights (page 1037)

- Black Metal Construction with 9' long black cord attached to right rear corner of the fixture.
- LED strip comes installed within light.
  –50,000 hour life span
  –120V-277V
  –CCT 4000K
  –CRI 80+
- Includes 4 cord retainer clips.
- Shorter width models can be used on wider overheads, shelves and hutches.
- On/Off switch provides individual control of tasklight within the workstation.
- Daisy chain models require a master control model — 10 fixtures maximum.
- RECOMMENDATION: Provide a separate circuit for task lights to ensure proper, long-term operation.

Undercabinet LED Lights (page 1037)

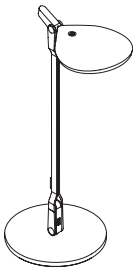
- Low profile energy-efficient LED task light for use with overhead storage cabinets and shelves.
- 20W power supply for 10W 17" unit (.166 amps).
- 20W power supply for 20W 31" unit (.166 amps).
- 60W power supply for daisy-chain starter units (.5 amps). Must order one starter unit for each daisy-chain application.



LED Light Combinations Must Not Exceed 60W in Combination	Power Usage
6X 17"	60W
3X 31"	60W
1X 31" + 4X 17"	60W
2X 31" + 2X 17"	60W

- The combinations that could max out 60W are featured above. *Daisy chained units have a power limit of 60W from one power entry. 17W units use 10W and 31W units use 20W.*
- Specify up to 5 additional 17" interconnect units (ALED17UJMP30) to daisy-chain together with 17" daisy-chain starter fixture (ALED17U60).
  Example: Daisy-chain 4–17" undercabinet LED lights:
  Specify: 1 ALED17U60
  Specify: 3 ALED17UJMP30 with 10" jumper cord
- Specify up to 2 additional 31" interconnect units (ALED31UJMP30) with 10" jumper cords to daisy-chain together with 31" tasklight (ALED31U60); or 17" daisy-chain starter fixture (ALED17U60).
- 3500K color temperature.
- 131 footcandles at 18" on ALED31U; 76 footcandles at 18" on ALED17U.
- Magnetic or screw-mount option — attachment hardware included.
- On 20 watt models, power drive is attached to plug: allow 1⅞"D space at outlet.
- On 60 watt models, power drive brick is in center of cord.
- Includes 3 cord retainer clips.
- Meets California Title 24 Energy Efficiency Standards.
- "Instant On" switch with infinite dimming cycle from 100% to 15% with the last state memory, allowing the user to set their desired level of lighting.
- Fixture automatically turns off after 10 hours of use to reduce unwanted energy use.
- Optional occupancy sensor automatically turns off all interlinked fixtures after 30 minutes of no detection and back on immediately when detection is found.

Overhead Length	Suggested LED Sizes
24	17
30	17
36	17
42	31
48	17 + 17
60	31 + 17
72	31 + 31
Note: LED lights may need to be positioned along length properly to allow jumping to additional overheads. Suggested sizes above are recommendations for single overheads to provide as much light along length of overhead as possible.	



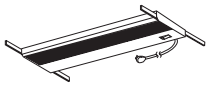
The suggested sizes factor in 4 inches of room for the power inlet and occupancy sensor (optional).

Wand™ Task Light

Wand freestanding task light offers a clean, simple design along with powerful LED technology to illuminate the workspace. The swivel base and arm tilt allow users to position the light just where they need it. The 7.7 watt LED light offers efficiency and long life, providing up to 25 years of daily use. The slim, sleek design makes it easy to integrate into any workspace. Wand task light is 97% recyclable. Occupancy sensor and/or charging models available.

Splitty Task Light

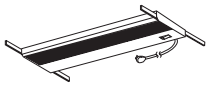
Splitty's organic and modern design compliments the workstation while also bringing rich features to the user. In addition to illuminating the space, Splitty can also be a teleconferencing tool through Splitty's 360-degree light head adjustment and soft touch, continuous dimming. Integrated charging allows for small personal device charging crucial to the modern worker's workplace toolkit while minimizing clutter within the station. Optional clamp or tool tile mounts available as accessories.



Wand LED Freestanding Task Light (page 1038)

- Available in Silver or White. 9'4" cord is Silver.
- Full range dimming from 100% – 10% with last state memory.
- Uses 5W at highest setting and as low as 1 watt at its lowest setting, providing 75 to 12.7 footcandles of light, respectively (16" above worksurface).
- 7½" round swivel base and 16½"H tilt arm allow versatile positioning of the 13" lampshade.
- Designed for 50,000 hours of life.
- Color Temperature: 3500K. Color Rendering Index (CRI): 80.
- Materials: aluminum arm and lampshade, steel base.
- Weight: 4.4 lbs. 97% recyclable, 76% post-consumer.
- Certifications: UL and CUL. TAA compliant.
- Occupancy sensor available with automatic shut-off after 15 minutes if no motion is detected.
- USB model features USB-A (1), USB-C (1) charging within base of unit.
- USB model also features occupancy sensor. 7.5W (A) & 18W (C) power consumption.

Splitty Task Light (page 1038)



- Available in Silver, White, or Black (accessories available in silver only).
- Cord is 12' long.
- Cord is silver when black or silver finish specified, white when white light is specified.
- Soft touch on/off, dimming.
- Continuous dimming (100% – 3%) with last state memory.
- 5.8W of energy consumption. 7W at highest setting, 0.6W at lowest.
- 5" 360-degree swivel light head, 6.54" round swivel base and 17"H arm. Arm has full 180 degree rotation and 360 degree swivel.
- Designed for 60,000 hours of life.
- Color Temperature: 3500K, Color Rendering Index: 90.
- Materials: aluminum, plastic.
- USB-A has 5W of power consumption.
- USB-A (1) charging at bottom of light arm stem. Charging feature compatible for any mounting method.
- Clamp mount compatible with surfaces ¼" – 2¼" thick.
- Tool tile mount has 1⅛" adjustment range, minimum slot height of 5/16".

For specification information see pages 1035-1036.

Description	Watt Usage	Model	List Price

Laterals, Pedestals and Storage, Painted Wood Storage

Standard Options

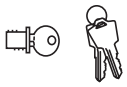
- Random Keying — The factory will assign key(s) arbitrarily using key numbers from chart below.
- Omit Lock Core — The factory will omit lock cores. Removable lock core kits with specific key number must be ordered to facilitate keying alike in the field.

Vertical Files

Standard Options

- Random Keying — The factory will assign key(s) arbitrarily (see below chart for key numbers).

Key Alike Process



- Order standard product which will be shipped with factory installed locks and random numbered cores.
- Order the appropriate quantity of like numbered cores required for each workstation or keyed area.
- Simply replace the factory installed core with the replacement cores after product has been installed.

Replacing Lock Cores

- Lock must be in the unlocked position.
- Insert core removal key and pull core straight out. (Reach units require rotating key 90° clockwise past unlocked position.)
- Insert new core with core removable key, hold core into lock and withdraw core removal key.
- Retain original core for future use.

	Random Keying	Omit Lock Core	Key Numbers	Lock Core Kit	Master Key

(One key) Available to authorized dealers only on electronic orders.Will open ALKF23CN and LKF23CN locks numbered 101N-225N.	**AMF22 S**	**$ 36**

N series lock cores (ALKF23CN) are a replacement part for legacy Allsteel products. N series lock cores were used in all Persona pedestals produced between January 1996 and August 2009 as well as Receding Door Overheads produced between January 1996 and August 2010. N series lock cores are NOT used in current product and should not be ordered for product produced after these dates. E series lock cores are used in current product, see above.

***On existing Premium and Asset lateral, use N-Series locks.**

** Removable Lock Core Kits are intended for use with Allsteel systems furniture and are approved under GSA SIN 33721. When purchased separately and used without Allsteel systems furniture, those Removable Lock Core Kits marked by (**) are considered Open Market.

*** When purchased separately without a configurable TAA compliant end product, not on GSA contract.

S *Shippable by small-package carrier.*

EASY LOCK PROGRAM

The Allsteel Easy Lock Program simplifies the lock-core ordering process when multiple cores are being specified. The Easy Lock cores can be used with Allsteel storage that currently uses the **ALKF23C** cores (all storage except Receding Door Overheads).

To ensure ease of ordering in different situations the Easy Lock cores can be specified in three different ways — Random, Specified or Sequential.

Random Keying

The Random Keying option is provided for instances where there are multiple orders or phases to a project and the offices need to be keyed alike but the key numbering is not required. With the random keying option key numbers are not specified, however, the core kits will be in sequential order from a random starting point.

Example: *There are 15 offices which each have 5 black locks that need to be keyed alike, but the actual key numbers are not important.*

This order would look like: **LKFE5BLK.X.15**

This specifies that 15 5-core kits are needed in black with random key numbers.

Specified Keying

The Specified Keying option is provided for the instances where there is a specific key number desired for all of the cores ordered.

Example: *There are 10 offices which each have 2 silver locks that need to be keyed-alike with key number 202.*

This order would look like: **LKFE2SLV.X202.10**

This specifies that 10 2-core kits are needed in silver with key number 202.

Sequential Keying

Allsteel Sequential Keying option is provided for the instances when there are multiple orders or phases to a project and it is imperative that key numbers are not duplicated.

Example: *A multiple phase project has 60 total offices — 40 offices in Phase I, and 20 offices in Phase II. The project manager has expressed a need to have keyed-alike offices but doesn't want any of the offices to use the same key numbers.*

The first 40 offices have 4 silver locks each that need to be keyed-alike.

This order would look like: **LKFE4SLV.SEQ/101.40**

This specifies that 40 4-core kits are needed in silver and the starting number is 101.

The second set of 20 offices only have 3 silver locks each that need to be keyed-alike; and it is important which key number starts off the sequence to ensure that no key number is duplicated. It is known that the first key range was key numbers 101-140.

The second order would look like: **LKFE3SLV.SEQ/141.20**

This specifies that 20 3-core kits are needed in silver and key sequence has to start at key number 141.

HOW TO ORDER:

Numbers 101-225 are available. Orders without key numbers specified will be keyed at random.

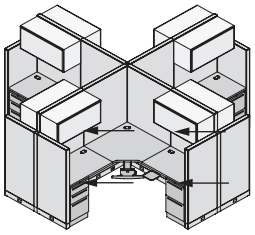
SAMPLE ORDER FOR EXAMPLES GIVEN:

Model	Key Type	Quantity
LKFE5BLK.	X.	15
LKFE2SLV.	X202.	10
LKFE4SLV.	SEQ/101.	40
LKFE3SLV.	SEQ/141.	20

NOTE: Quantity required is last number in model.option string.

Description	Model / Color	List Price
Easy Lock Lock-Core		
Lock Core Kit — 1 core, 2 keys	**LKFE1** ⌊__⌋	$ 34
Lock Core Kit — 2 cores, 2 keys	**LKFE2** ⌊__⌋	$ 68
Lock Core Kit — 3 cores, 2 keys	**LKFE3** ⌊__⌋	$ 101
Lock Core Kit — 4 cores, 2 keys	**LKFE4** ⌊__⌋	$ 134
Lock Core Kit — 5 cores, 2 keys	**LKFE5** ⌊__⌋	$ 168

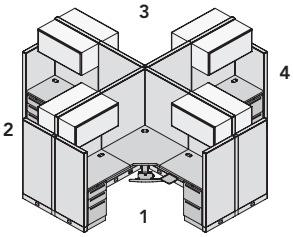
Add color suffix to model: **SLV** Silver, **BLK** Black, **MTS** Matte Silver



Note: One core removal key minimum per order. One additional core removal key per 25 lock-cores will be shipped.

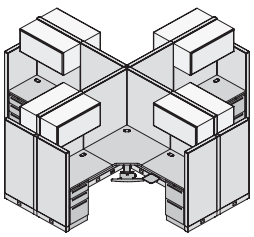
Note: When purchased separately without a configurable TAA compliant end product, not on GSA contract.

Master Key		
(One key) Available to authorized dealers only on faxed orders.	**AMKF22**	$ 36



How to specify using Easy Lock Program:

Step 1 — Count the number of lock cores and color required in each workstation that need to be keyed alike.



2 overheads with 1 lock-core each = 2
2 pedestals with 1 lock-core each = 2
Total silver lock-cores per station = 4

Step 2 — Count the total number of workstations needing 4 lock-cores.

4 total workstations

Step 3 — Specify model number based on total number of lock-cores in a station and quantity of kits based on number of workstations.

LKFE4SLV.X.4
Lock-Cores per station
Color of Core
Number of workstations

FSC Certified Wood at Allsteel

Allsteel has received FSC Chain of Custody certification and can offer FSC certified products. Forest Stewardship Council (FSC) certification is intended to promote the sustainable harvesting of forests worldwide by setting requirements for the forest and everyone who handles the wood from forest to product. Certification provides a Chain of Customer number that we will pass on to customers who are pursuing LEED certification or who want to ensure that materials used to manufacture our wood products come from a well-managed forest. For more information, please contact Customer Support at 888-255-7833.

INTRODUCTION

The Gunlocke Company is dedicated to providing the finest products and service possible. This price list reflects that commitment. Included is a current listing of our casegood models.

Seating and Lounge are presented in a separate price list. Contact your Gunlocke Customer Services Representative for more information, (800) 828-6300.

Designed for easy use, each page of this price list, and the inside front cover fold out provide all information required to order a product correctly. Should additional information be needed, contact your Gunlocke customer service representative.

PRICING

Prices shown cover standard product specifications. Any changes or alterations, other than those listed, will be subject to an additional charge. Prices include cartoning and freight. Authorization and pricing must be secured in advance for orders or contracts calling for large quantities, indefinite quantities, or extended delivery dates. Prices are subject to change without notice; the most current prices are published on http://www.gunlocke.com.

ORDERING

To expedite order entry and to assure proper service, email or fax all orders directly to:

The Gunlocke Company
Attn: Order Entry
One Gunlocke Drive
Wayland, New York 14572

585-728-5111
585-728-8350 FAX
800-828-6300
www.gunlocke.com

Gunlocke will not be responsible for duplicate orders if purchase orders are left unmarked.

ACKNOWLEDGMENT

Each order will be acknowledged by Gunlocke. Customers should check each acknowledgment for accuracy and immediately notify Gunlocke of any discrepancies. The printed acknowledgment is the final agreement between The Gunlocke Company and the customer, superseding all previous communications regarding the order.

SPECIFICATION CHANGES

Gunlocke reserves the right to change specifications for the improvement of products at any time, without notice.

ORDER CHANGES

Gunlocke is not required to accept changes in orders after confirmation. Reasonable changes are subject to additional charges for labor, material and administrative costs.

Order changes of acknowledgment may result in re-scheduling of product.

RETURNED MERCHANDISE

No merchandise may by returned without prior authorization.

SHOWROOMS

For all showroom locations and tour information, please reference the showrooms page online at: www.gunlocke.com/inspiration/showrooms

CANCELLATIONS

Cancellation of orders cannot be accepted since every order is manufactured according to customer specifications.

STORAGE

If delivery cannot be made and products are ready, Gunlocke will transfer products to a storage facility and products will be invoiced at that time. The customer is responsible for storage charges and assumes and bears all risks associated with the storage of that product.

TERMS

Net 30 days from date of invoice. A service charge of eighteen percent (18%) per year or .0004931% per day, compounded monthly, will be added to balance due beyond the thirtieth day. Products are shipped FOB factory, freight prepaid and allowed. Title passes to purchaser and Gunlocke's responsibility ceases when shipment is accepted for transportation by a carrier. A full explanation of all payment terms is found on order and invoice forms.

ORDERING INFORMATION

1a. Intended use: The furniture on this schedule is intended for use by Government executives (or equivalent military rank) in the Executive, Judicial and Legislative Branches of the Federal Government. To help customers make a good purchasing decision based on their needs and budget, GSA has established four grades of furniture. Grade (1) includes furniture that tends to be the most expensive on this schedule, grade (2) furniture tends to be more moderately priced and grades (3) and (4) furniture tend to be affordably priced when compared to grades (1) and (2). Some pieces of furniture on this schedule may be significantly higher in price than GSA Traditional and Contemporary Executive Special Order Program furniture. The ordering agency or service is responsible for determining furniture appropriate for use in its offices which will fit within its budget and comply with applicable Federal or internal agency procurement regulations. Please see reverse for GSA terms and conditions.

GSA/FEDERAL CONTRACT INFORMATION:

Model numbers identified with the following verbiage “When purchased separately without a configurable TAA compliant end product, not on GSA contract” is to mean that these configurable parts or components:

- Have no functionality or capability without being integrated into an end product; and
- Are considered Open Market if purchased without a configurable TAA compliant end product.

Grade 1 All exposed solid parts such as top rims, base rails etc. (except decorative accents, inlays and painted parts) shall be the same species as the face veneer. Top and bottom edges of drawer fronts shall be solid wood in the same species as the face veneers. Drawer sides and backs shall be solid wood.

Grade 2 Exposed wood panel trim and trim on tops shall be the same wood species as the face veneer on the top. Some or all other exposed solid parts, such as base rails can be an alternative wood species (such as poplar or gum) different from the face veneers. Exposed, finished engineered wood core material such as MDF is acceptable only for the edges of drawer fronts. Drawer sides shall be solid wood or veneer core plywood/laminated construction. Silea is grade 2.

Grade 3 Most or all exposed solid parts can be an alternative wood species (such as poplar or gum), different from the face veneers. Exposed, finished engineered wood core material such as MDF is acceptable only for the edges of drawer fronts. Drawer sides shall be solid wood or veneer core plywood/laminated construction. Medley, Kennsington, Credentials, and all tables are grade 3.

Grade 4 Most or all exposed solid parts can be an alternative wood species (such as poplar or gum), different from the face veneers. Exposed, finished engineered wood core material such as MDF is acceptable only for the edges of drawer fronts. Drawer sides shall be composite wood material construction such as MDF. Trio is grade 4.

ITEMS ON GSA CONTRACT

Please note, in order to verify if an item is on GSA Contract or is “Open Market,” please use Compass quoting which is updated in real time with all GSA contract changes. If you need additional assistance, please contact your local sales representative.

For more information visit: https://www.allsteeloffice.com/insights/sustainability/product-certifications.

12 YEAR WARRANTY

Subject to the limitations set forth below. The Gunlocke Company warrants to the original purchaser all product in this price list to be free from defects in material and workmanship for a twelve year period from the date of shipment. This 12-year warranty applies to all products sold and installed by a Gunlocke authorized agent for normal commercial single shift service. Gunlocke will repair, or at its option, replace defective merchandise, free of charge. The following components not manufactured by Gunlocke have the following warranties:

- **High wear components** such as casters and glides are warrantied for five years after date of shipment to original owner.
- **Electrical components** are warrantied 10 years from date of manufacture with exception of lamps and ballasts which are not warrantied. This includes Fluorescent Tasklights.
- **LED tasklights** are warrantied for 3 years from date of shipment to original owner.
- **Drawer suspensions** are warrantied for lifetime of product after shipment to original owner.
- **Personal corners** including covering (leather) are warrantied for three years of single shift and normal use after shipment to original owner.
- **Height adjustable electrical components** are warrantied for five years of single shift and normal use after shipment to original owner.

Any non-standard material selected by the customer is not warrantied. Neither does this warranty apply to damage resulting from accident, alteration, or misuse, as well as damage from normal wear and tear such as dents, nicks, scratches, fading and improper maintenance. That is, Gunlocke's warranty is only valid if products are given proper use and care. Gunlocke assumes no responsibility for product damages resulting from improper installation or user modification.

WOOD FURNITURE

Wood owes its inherent beauty to variations in color, grain, and texture, and therefore, these variations are not considered defects. There may be minor variations from one piece of furniture to the next even though they are finished at the same time. Exposure to light and the aging process will cause a darkening of natural wood products. Light finishes on wood products do not mask the natural characteristics of wood. The Gunlocke Company does not guarantee the exact matching of grain, pattern, and color.

These finishes do not cover any of the natural characteristics of the wood, including nature's colorations, pitch pockets, and the variations of steam-bent wood. Merchandise will not be replaced because of these natural variations.

It is expressly understood and agreed that the buyer's sole and exclusive remedy for any and all losses or damages resulting from nonconforming goods, or from any other cause, shall be repair or replacement of defective parts, and that Gunlocke shall not be liable for damages or injury to persons or property, nor for replacement of the entire commercial unit, if repair or replacement of defective parts can reasonably render the unit conforming.

All warranty claims must be made in writing by the original owner. Owner may be required to produce the invoice or other evidence to establish that a claim is within the warranty period. Warranty claims may be submitted on the Gunlocke website.

As stated and illustrated on the website, serial numbers are required to process a warranty claim. No person, firm or corporation is authorized to assume for Gunlocke any liability in connection with the sale or installation of Gunlocke products except as stated above.

All other warranties, expressed or implied, are excluded. Gunlocke shall not be liable for incidental or consequential damages of any sort.

Within the Continental USA, all orders above $20,000 list are shipped FOB factory, freight prepaid and allowed. All orders less than $20,000 list will be subject to a 5% list freight charge. Products shipped to Alaska and Hawaii FOB factory, freight prepaid and allowed to port of embarkation. Customer is responsible for freight charges from port of embarkation to final destination.

An anticipated shipping date is indicated on the order acknowledgment. Gunlocke cannot accept responsibility for shipping delays caused by outside sources or unforeseen problems. Delay of shipments requested by customers must be approved by Gunlocke. Any resultant storage charges will be charged to the customer.

Gunlocke may await completion of the entire order and ship all at once or may make partial shipments from time to time at its sole discretion unless the customer requests in writing that partial shipments are needed and Gunlocke approves the specific shipping schedule. Additional charges may apply.

Gunlocke is not liable for any delay or failure to deliver or perform due to strikes, lock-outs, or other labor or transportation difficulties, delay of sources or supply, accidents, fires, acts of God, or any other causes of like or unlike nature beyond the control of Gunlocke.

LIABILITY

Gunlocke products and their packaging are tendered to a transportation company only after passing rigid quality control inspection. At that time, title to the product is passed to the purchaser. However the transportation company assumes all liability from acceptance of shipment through its delivery. That is, Gunlocke's liability ceases at the time of shipment.

FILING OF CLAIMS

All claims for damage or loss must be submitted via our website within 15 days after receipt of merchandise. Do not return freight damaged merchandise to Gunlocke. Follow the steps below to expedite processing and resolution of claims.

For Visible Damage

1. Make damage notation on delivery receipt and have driver sign. Do not reject or refuse the shipment.
2. Immediately contact Gunlocke Traffic Department at 585-728-8268.
3. Hold damaged carton and all interior packing for carrier's inspection. These materials will be needed to substantiate the claim.

For Concealed Damage

1. Open cartons within 15 days of receipt and inspect.
2. Follow steps 2, and 3 as listed under Visible Damage.
3. Do not remove product from delivered destination.

For Loss

1. Be sure loss notation is made on delivery receipt and have driver sign.
2. Contact Gunlocke Distribution at 585-728-8268.

Should transportation company seek to limit its liability on concealed, loss, or damage claims, please contact Gunlocke's traffic department. After a thorough investigation of the claim, the traffic department will provide you with guidance in corresponding with the carrier.

Returned merchandise, regardless of delivery method, will not be accepted unless specifically authorized by Gunlocke.

For Damage or Loss of Parcel Post or UPS Shipment

Notify Gunlocke distribution immediately at 585-728-8268.

NORMAL DELIVERY

All normal ground transportation by Gunlocke will be made on a dock-to-dock basis. The Gunlocke traffic department will determine the recommended method of shipment according to the ship to destination. If the delivery on a shipment takes longer than 2 hours to be unloaded, an additional charge will be billed at $60/hour at 15 minute increments. Gunlocke reserves the absolute right to determine the method of shipping unless special delivery instructions have been previously approved.

Gunlocke will make every effort in honoring delivery requests as stated on orders. However, the Company shall have no liability for failure to deliver, perform or delay in delivery due to any cause outside the control of Gunlocke. The Company assumes no liability for costs incurred due to delayed or late deliveries.

If a guaranteed delivery time is needed please call Gunlocke Traffic Department at 585-728-8268 for a quote as additional charges will apply. Weekend or after hours deliveries are subject to additional charges.

WEEKEND DELIVERY

A $500 charge will apply on weekend delivery after 3:00 PM Friday through Sunday evenings.

DROP SHIP / JOB SITE DELIVERY

Orders under $50,000 list will incur a $125 charge for ship to locations other than a designated dealer warehouse.

INSIDE DELIVERY

Inside delivery must be noted on order. A minimum $100 charge will apply.

SPECIAL DELIVERY

Please contact the Gunlocke traffic department for special delivery services such as inside delivery, weekend or after hour deliveries, reconsignment or other special needs. These are billable services.

Gunlocke will make every effort in honoring delivery requests as stated on orders. However, the Company shall have no liability for failure to deliver, perform or delay in delivery due to any cause outside the control of Gunlocke. The Company assumes no liability for costs incurred due to delayed or late deliveries.

DOCK RESTRICTIONS

Gunlocke trailers are 53' x 102"; when attached to truck cab the total length is 75'. If delivery dock will not accommodate trucks of this sizes, the Gunlocke traffic department must be contacted prior to shipping. Alternate arrangements can be made; additional charges may apply.

VENEERS

All exposed wood surfaces utilize select flat cut Cherry, Maple and Walnut veneers or premium quarter cut Walnut and Rift Cut Oak veneers. An optional plank veneer is also available in flat cut Walnut or Rift Cut Oak at veneer 4 pricing. All veneers except plank veneers are carefully selected and slip matched to assure balance and consistency throughout the product, while plank veneers are still carefully selected they are arranged in a deliberately random manner to achieve a unique look.

Specialty Finishes:

- Submit a color sample block (minimum size 3" x 3") to Gunlocke so that a finish formulation can be developed to match the special finish and color.
- Review the approval sample provided by Gunlocke.
- Written approval and sign off is required for Gunlocke customer service.
- Once written approval and sign off is received, the special finish order will be acknowledged.

Note: See our Website at Gunlocke.com for special finish request forms.

All Casegoods & Tables Purchase Orders:

- 10% list upcharge per wood unit to base veneer option receiving special finish.
- $250 net formulation fee for special finish.

Note: This procedure and related costs apply to new and previously formulated special finishes. Special finish orders may receive additional lead time.

VENEERS

veneer 2 (select)	
	Plain Sliced Cherry
	Plain Sliced Maple
	Plain Sliced Walnut
veneer 3 (premium)	
	Quarter Cut Walnut
	Rift Cut Oak
veneer 4 (plank)	
	Random Plank Flat Cut Walnut
	Random Plank Rift Cut Oak

NOTE: For FSC Certified Product add "FSC" to beginning of finish option code.
Example: FSCNC260. A 5% list upcharge will be applied per unit ordered with FSC option.

VENEERS
All exposed wood surfaces utilize select flat cut Cherry, Maple, Walnut veneers, premium quarter cut Walnut, or Rift Cut Oak veneers. An optional plank veneer is also available in flat cut Walnut or Rift Cut Oak at veneer 4 pricing. All veneers except plank veneers are carefully selected and slip matched to assure balance and consistency throughout the product. While plank veneers are still carefully selected they are arranged in a deliberately random manner to achieve a unique look.

VENEER TOPS
Wood veneer tops feature a balanced 3-ply construction. Tops are available with a square-edge profile. Tops are faced with premium veneer and backed with a polymer resin-impregnated moisture resistant material. Parsons, Workbench, and Picnic are 1 1/2" thick and include a 3/32" solid wood edgeband. Miter tables are 3 1/2" thick and include a 1/4" solid wood edgeband. See the following pages for table style specific specifications.

TABLE LEGS AND APRON
Veneer tops pair with solid hardwood legs and aprons. Cherry Veneers use Cherry solids, Maple veneers use Maple solids, and Walnut and Rift Oak veneers use Ash solids. See the following pages for table style specific specifications.

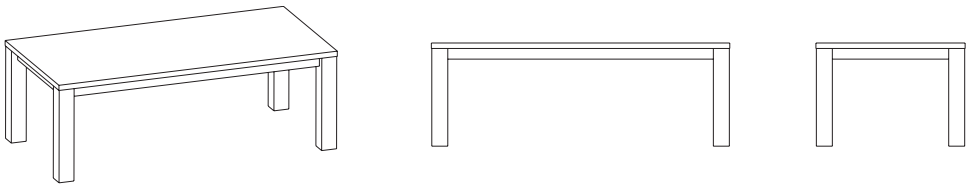
PERIMETER POWER MODULE
Perimeter power modules are 5 1/2"W x 2"H and available in white or black. Unit includes a smooth single-piece cover with cutouts for (2) power and (2) charging USB ports. Each enclosure is rated for 15 amp, 125 volt. Units can be specified with 10' standard plug or 6' hardwire conduit option. Unit is field installed. UL Listed. USB charging ports are 2.1 amps per port.

GLIDES
Glides provide 1 1/8" of vertical leveling adjustment. Glide bottom is durable nonrust nylon.

FINISH
Natural veneer is subject to nature's quality control. Each species will exhibit differences in grain pattern and tone. This is to be expected and, in fact, contributes to the beauty and individuality of each product. Flat Cut veneers emphasize the variations of wood by exhibiting cathedrals in the grain pattern. Quarter Cut and Rift Cut veneers are a premium cut that maintains variations in the grain but without cathedral patterns. Stratawood is a natural, FSC®-certified reconstituted veneer that is designed to exhibit a consistent grain pattern and is available in either a straight grain or cathedral pattern.

Our proprietary wood finish system utilizes a combination of topcoats engineered for the various applications found in the furniture industry. It is exceptionally clear and durable, and allows the beauty of wood to show through. The durability, depth, clarity, and beauty of our wood finishes meet the high expectations of our customers, and meet or exceed indoor air quality (IAQ) standards. All colors and species are not available on all products. Please refer to front cover of price lists for availability of finishes.

CLEANING FINISH
Dust with damp cloth. Remove fingerprints or soiling with mild solution; 3 parts water with small amount of mild dish detergent. Apply solution with spray bottle, wipe clean and dry with soft cloth. Note: Do not use furniture polishes containing oil, wax, or silicone, which can produce and oily film or haze.



TECHNICAL SPECIFICATIONS

INTRODUCTION
The Gunlocke Company is dedicated to providing the finest products and service possible. This price list reflects that commitment. Included is a current listing of our casegood models.

Seating and Lounge are presented in a separate price list. Contact your Gunlocke Customer Services Representative for more information, (800) 828-6300.

Designed for easy use, each page of this price list, and the inside front cover fold out provide all information required to order a product correctly. Should additional information be needed, contact your Gunlocke customer service representative.

PRICING
Prices shown cover standard product specifications. Any changes or alterations, other than those listed, will be subject to an additional charge. Prices include cartoning and freight. Authorization and pricing must be secured in advance for orders or contracts calling for large quantities, indefinite quantities, or extended delivery dates. Prices are subject to change without notice; the most current prices are published on http://www.gunlocke.com.

ORDERING
To expedite order entry and to assure proper service,email or fax all orders directly to:

The Gunlocke Company
Attn: Order Entry
One Gunlocke Drive
Wayland, New York 14572
585-728-5111
585-728-8350 FAX
800-828-6300
www.gunlocke.com

Gunlocke will not be responsible for duplicate orders if purchase orders are left unmarked.

ACKNOWLEDGMENT
Each order will be acknowledged by Gunlocke. Customers should check each acknowledgment for accuracy and immediately notify Gunlocke of any discrepancies. The printed acknowledgment is the final agreement between The Gunlocke Company and the customer, superseding all previous communications regarding the order.

SPECIFICATION CHANGES
Gunlocke reserves the right to change specifications for the improvement of products at any time, without notice.

ORDER CHANGES
Gunlocke is not required to accept changes in orders after confirmation. Reasonable changes are subject to additional charges for labor, material and administrative costs.

Order changes of acknowledgment may result in re-scheduling of product.

RETURNED MERCHANDISE
No merchandise may by returned without prior authorization.

SHOWROOMS
For all showroom locations and tour information, please reference the showrooms page online at: www.gunlocke.com/inspiration/showrooms

CANCELLATIONS
Cancellation of orders cannot be accepted since every order is manufactured according to customer specifications.

STORAGE
If delivery cannot be made and products are ready, Gunlocke will transfer products to a storage facility and products will be invoiced at that time. The customer is responsible for storage charges and assumes and bears all risks associated with the storage of that product.

TERMS
Net 30 days from date of invoice. A service charge of eighteen percent (18%) per year or .0004931% per day, compounded monthly, will be added to balance due beyond the thirtieth day. Products are shipped FOB factory, freight prepaid and allowed. Title passes to purchaser and Gunlocke's responsibility ceases when shipment is accepted for transportation by a carrier. A full explanation of all payment terms is found on order and invoice forms.

ORDERING INFORMATION

1a. **Intended use:** The furniture on this schedule is intended for use by Government executives (or equivalent military rank) in the Executive, Judicial and Legislative Branches of the Federal Government. To help customers make a good purchasing decision based on their needs and budget, GSA has established four grades of furniture. Grade (1) includes furniture that tends to be the most expensive on this schedule, grade (2) furniture tends to be more moderately priced and grades (3) and (4) furniture tend to be affordably priced when compared to grades (1) and (2). Some pieces of furniture on this schedule may be significantly higher in price than GSA Traditional and Contemporary Executive Special Order Program furniture. The ordering agency or service is responsible for determining furniture appropriate for use in its offices which will fit within its budget and comply with applicable Federal or internal agency procurement regulations. Please see reverse for GSA terms and conditions.

GSA/FEDERAL CONTRACT INFORMATION:

Model numbers identified with the following verbiage “When purchased separately without a configurable TAA compliant end product, not on GSA contract” is to mean that these configurable parts or components:

- Have no functionality or capability without being integrated into an end product; and
- Are considered Open Market if purchased without a configurable TAA compliant end product.

Grade 1 All exposed solid parts such as top rims, base rails etc. (except decorative accents, inlays and painted parts) shall be the same species as the face veneer. Top and bottom edges of drawer fronts shall be solid wood in the same species as the face veneers. Drawer sides and backs shall be solid wood.

Grade 2 Exposed wood panel trim and trim on tops shall be the same wood species as the face veneer on the top. Some or all other exposed solid parts, such as base rails can be an alternative wood species (such as poplar or gum) different from the face veneers. Exposed, finished engineered wood core material such as MDF is acceptable only for the edges of drawer fronts. Drawer sides shall be solid wood or veneer core plywood/laminated construction. Silea is grade 2.

Grade 3 Most or all exposed solid parts can be an alternative wood species (such as poplar or gum), different from the face veneers. Exposed, finished engineered wood core material such as MDF is acceptable only for the edges of drawer fronts. Drawer sides shall be solid wood or veneer core plywood/laminated construction. Medley, Kennsington, Credentials, and all tables are grade 3.

Grade 4 Most or all exposed solid parts can be an alternative wood species (such as poplar or gum), different from the face veneers. Exposed, finished engineered wood core material such as MDF is acceptable only for the edges of drawer fronts. Drawer sides shall be composite wood material construction such as MDF. Trio is grade 4.

ITEMS ON GSA CONTRACT

Please note, in order to verify if an item is on GSA Contract or is “Open Market,” please use Compass quoting which is updated in real time with all GSA contract changes. If you need additional assistance, please contact your local sales representative.

For more information visit: https://www.allsteeloffice.com/insights/sustainability/product-certifications.

12 YEAR WARRANTY

Subject to the limitations set forth below. The Gunlocke Company warrants to the original purchaser all product in this price list to be free from defects in material and workmanship for a twelve year period from the date of shipment. This 12-year warranty applies to all products sold and installed by a Gunlocke authorized agent for normal commercial single shift service. Gunlocke will repair, or at its option, replace defective merchandise, free of charge. The following components not manufactured by Gunlocke have the following warranties:

- **High wear components** such as casters and glides are warrantied for five years after date of shipment to original owner.
- **Electrical components** warrantied 10 years from date of manufacture with exception of lamps and ballasts which are not warrantied. This includes Fluorescent Tasklights.
- **Drawer suspensions** are warrantied for lifetime of product after shipment to original owner.
- **Personal corners** including covering (leather) are warrantied for three years of single shift and normal use after shipment to original owner.
- **Height adjustable electrical components** are warrantied for five years of single shift and normal use after shipment to original owner.

Any non-standard material selected by the customer is not warrantied. Neither does this warranty apply to damage resulting from accident, alteration, or misuse, as well as damage from normal wear and tear such as dents, nicks, scratches, fading and improper maintenance. That is, Gunlocke's warranty is only valid if products are given proper use and care. Gunlocke assumes no responsibility for product damages resulting from improper installation or user modification.

WOOD FURNITURE

Wood owes its inherent beauty to variations in color, grain, and texture, and therefore, these variations are not considered defects. There may be minor variations from one piece of furniture to the next even though they are finished at the same time. Exposure to light and the aging process will cause a darkening of natural wood products. Light finishes on wood products do not mask the natural characteristics of wood. The Gunlocke Company does not guarantee the exact matching of grain, pattern, and color.

These finishes do not cover any of the natural characteristics of the wood, including nature's colorations, pitch pockets, and the variations of steambent wood. Merchandise will not be replaced because of these natural variations.

It is expressly understood and agreed that the buyer's sole and exclusive remedy for any and all losses or damages resulting from nonconforming goods, or from any other cause, shall be repair or replacement of defective parts, and that Gunlocke shall not be liable for damages or injury to persons or property, nor for replacement of the entire commercial unit, if repair or replacement of defective parts can reasonably render the unit conforming.

All warranty claims must be made in writing by the original owner. Owner may be required to produce the invoice or other evidence to establish that a claim is within the warranty period. Warranty claims may be submitted on the Gunlocke website.

As stated and illustrated on the website, serial numbers are required to process a warranty claim. No person, firm or corporation is authorized to assume for Gunlocke any liability in connection with the sale or installation of Gunlocke products except as stated above.

All other warranties, expressed or implied, are excluded. Gunlocke shall not be liable for incidental or consequential damages of any sort.

Within the Continental USA, all orders above $20,000 list are shipped FOB factory, freight prepaid and allowed. All orders less than $20,000 list will be subject to a 5% list freight charge. Products shipped to Alaska and Hawaii FOB factory, freight prepaid and allowed to port of embarkation. Customer is responsible for freight charges from port of embarkation to final destination.

An anticipated shipping date is indicated on the order acknowledgment. Gunlocke cannot accept responsibility for shipping delays caused by outside sources or unforeseen problems. Delay of shipments requested by customers must be approved by Gunlocke. Any resultant storage charges will be charged to the customer.

Gunlocke may await completion of the entire order and ship all at once or may make partial shipments from time to time at its sole discretion unless the customer requests in writing that partial shipments are needed and Gunlocke approves the specific shipping schedule. Additional charges may apply.

Gunlocke is not liable for any delay or failure to deliver or perform due to strikes, lock-outs, or other labor or transportation difficulties, delay of sources or supply, accidents, fires, acts of God, or any other causes of like or unlike nature beyond the control of Gunlocke.

LIABILITY

Gunlocke products and their packaging are tendered to a transportation company only after passing rigid quality control inspection. At that time, title to the product is passed to the purchaser. However the transportation company assumes all liability from acceptance of shipment through its delivery. That is, Gunlocke's liability ceases at the time of shipment.

FILING OF CLAIMS

All claims for damage or loss must be submitted via our website within 15 days after receipt of merchandise. Do not return freight damaged merchandise to Gunlocke. Follow the steps below to expedite processing and resolution of claims.

For Visible Damage

1. Make damage notation on delivery receipt and have driver sign. Do not reject or refuse the shipment.
2. Immediately contact Gunlocke Traffic Department at 585-728-8268.
3. Hold damaged carton and all interior packing for carrier's inspection. These materials will be needed to substantiate the claim.

For Concealed Damage

1. Open cartons within 15 days of receipt and inspect.
2. Follow steps 2, and 3 as listed under Visible Damage.
3. Do not remove product from delivered destination.

For Loss

1. Be sure loss notation is made on delivery receipt and have driver sign.
2. Contact Gunlocke Traffic Department at 585-728-8268.

Should transportation company seek to limit its liability on concealed, loss, or damage claims, please contact Gunlocke's traffic department. After a thorough investigation of the claim, the traffic department will provide you with guidance in corresponding with the carrier.

Returned merchandise, regardless of delivery method, will not be accepted unless specifically authorized by Gunlocke.

For Damage or Loss of Parcel Post or UPS Shipment

Notify the Gunlocke traffic department immediately at 585-728-8268.

NORMAL DELIVERY

All normal ground transportation by Gunlocke will be made on a dock-to-dock basis. The Gunlocke traffic department will determine the recommended method of shipment according to the ship to destination. If the delivery on a shipment takes longer than 2 hours to be unloaded, an additional charge will be billed at $60/ hour at 15 minute increments. Gunlocke reserves the absolute right to determine the method of shipping unless special delivery instructions have been previously approved.

Gunlocke will make every effort in honoring delivery requests as stated on orders. However, the Company shall have no liability for failure to deliver, perform or delay in delivery due to any cause outside the control of Gunlocke. The Company assumes no liability for costs incurred due to delayed or late deliveries.

If a guaranteed delivery time is needed please call Gunlocke Traffic Department at 585-728-8268 for a quote as additional charges will apply. Weekend or after hours deliveries are subject to additional charges.

WEEKEND DELIVERY

A $500 charge will apply on weekend delivery after 3:00 PM Friday through Sunday evenings.

DROP SHIP / JOB SITE DELIVERY

Orders under $50,000 list will incur a $125 charge for ship to locations other than a designated dealer warehouse.

INSIDE DELIVERY

Inside delivery must be noted on order. A minimum $100 charge will apply.

SPECIAL DELIVERY

Please contact the Gunlocke traffic department for special delivery services such as inside delivery, weekend or after hour deliveries, reconsignment or other special needs. These are billable services.

Gunlocke will make every effort in honoring delivery requests as stated on orders. However, the Company shall have no liability for failure to deliver, perform or delay in delivery due to any cause outside the control of Gunlocke. The Company assumes no liability for costs incurred due to delayed or late deliveries.

DOCK RESTRICTIONS

Gunlocke trailers are 53' x 102"; when attached to truck cab the total length is 75'. If delivery dock will not accommodate trucks of this sizes, the Gunlocke traffic department must be contacted prior to shipping. Alternate arrangements can be made; additional charges may apply.

SARANAC COLLECTION

Veneers

All exposed wood surfaces utilize select flat cut Cherry, Maple, Walnut veneers or premium quarter cut Walnut, and Rift Cut Oak veneers. Stratawood veneers are also available in Cherry, Maple, Walnut, or Oak. An optional plank veneer is also available in flat cut Walnut or Rift Cut Oak at veneer 4 pricing. All veneers except plank veneers are carefully selected and slip matched to assure balance and consistency throughout the product, while plank veneers are still carefully selected they are arranged in a deliberately random manner to achieve a unique look.

Specialty Finishes:

- Submit a color sample block (minimum size 3" x 3") to Gunlocke so that a finish formulation can be developed to match the special finish and color.
- Review the approval sample provided by Gunlocke.
- Written approval and sign off is required for Gunlocke customer service.
- Once written approval and sign off is received, the special finish order will be acknowledged.

Note: See our Website at Gunlocke.com for special finish request forms.

All Casegoods & Tables Purchase Orders:

- 10% list upcharge per wood unit to base veneer option receiving special finish.
- $250 net formulation fee for special finish.

Note: This procedure and related costs apply to new and previously formulated special finishes. Special finish orders may receive additional lead time.

KEYING

Field Installed Locks | **FL**

Factory Installed Random Key Numbers:
Silver | **RMS**
Black | **RMB**

Designated Key Numbers specify a number between:
Silver | **FT100TAS - FT150TAS**
Black | **FT100TA - FT150TA**

LOCKS & KEYING

Locks are standard on all below worksurface storage units. Two lock options are available. When the factory installed lock option is selected lock cores are installed at the factory. Note: when the random option is selected some units may be shipped with the same key number. When the field installed lock option is selected each unit is shipped with an empty lock cylinder. Locks are Silver or Black.

factory installed locks	option code
Option 1	
SILVER RANDOM KEYS	**RMS**
BLACK RANDOM KEYS	**RMB**
Option 2	Specify a number between
SILVER DESIGNATED KEYS	**100TAS - 150TAS**
BLACK DESIGNATED KEYS	**100TA - 150TA**

Field installed locks are also available. When field installed locks are specified each unit is shipped with an empty lock cylinder. A separate line item must be ordered to receive the numbered lock cores for field installation. Field installed locks are available at an additional charge of $13 list per lock core.

Field installed lock core set, specify model # and key number (add $13 list per core):

model number		Specify a number between
SILVER DESIGNATED KEYS	**ACLCKFLD**	**100TAS - 200TAS**
BLACK DESIGNATED KEYS	**ACLCKFLD**	**100TA - 200TA**

Note: Add $13 list per lock core.

PRODUCT REFERENCE

Product Reference 11-18
Technical Specs 12-13
Scope of Line 14
Rectangular Tables 15
Round and Square Tables 16
Wire Management Options 17-18

VENEERS

All exposed wood surfaces utilize select flat cut Cherry, Maple, Walnut veneers or premium quarter cut Cherry, Maple, Walnut, and Rift Cut Oak veneers. Stratawood veneers are also available in Cherry, Maple, Walnut, or Oak. An optional plank veneer is also available in flat cut Walnut or Rift Cut Oak at veneer 4 pricing. All veneers except plank veneers are carefully selected and slip matched to assure balance and consistency throughout the product. While plank veneers are still carefully selected they are arranged in a deliberately random manner to achieve a unique look.

VENEER TOPS

Wood veneer tops feature a balanced 3-ply construction and are comprised of a premium 1 1/8" thick substrate. Tops are available with an optional square or knife edge profile, and all tops are premium MDF construction. All tables have a finger-pull recessed on the bottom of the edge detail. Tops are faced with premium veneer and backed with a polymer resin impregnated moisture resistant material. Multi-piece tops are connected with 1/8" thick plastic splines for vertical alignment and steel mechanical fasteners for horizontal alignment to firmly connect the tops end to end. All tops utilize 1/2" mitered edgebands on natural veneers, and 3/32" butt jointed edgebands on stratawood veneers.

SOLID SURFACE TOPS

Tops are constructed with 1/2" solid surface material applied to premium 1" plywood. The solid surface has a matte finish. Solid surface is only available on credenza tops.

BACK PAINTED GLASS TOPS

The back painted glass top is 1/2" thick low iron tempered with the top surface soft acid etched. Glass edge is square, aris polished. Back painted glass is only available on credenza tops.

TABLE LEGS AND APRON

All tables include a 1" thick x 2 3/4" high apron to further assist in stability of the product. Single piece tops come with the apron attached, and multi-piece tops will require field installation. Units larger than 96" in length also include steel stiffeners for support. Recessed into the bottom of top is a steel mounting plate with pre-drilled holes for connecting the leg to the bottom of the worksurface. Leg assembly on all tables is field installed using metal corner brackets. The leg is comprised of 3 1/2" x 2" solid hardwood. Veneer tops pair with solid hardwood legs and aprons. Cherry Veneers use Cherry solids, Maple veneers use Maple solids, and Walnut and Rift Oak veneers use Ash solids.

TECHNOLOGY PORTS

Recessed in table top, unit is available as double door and single door port. Cover flips up to access power and data ports. Veneer tops are available with wood, powder coat silver, and polished aluminum doors. Laminate tops are available with powder coat silver and polished aluminum doors. Hinged port doors are on a dampening hinge for smooth open/close. The metal door materials are specified and ship with ports for field installation, and veneer doors are specified and ship with tops for field installation. Wood port doors are a close veneer match to top, but not an exact match.

The sheet metal port assembly that houses the power and Extron components is black powder coated sheet metal. Power units are powder coated sheet metal enclosure and rated for 15 amp, 125 volt with circuit breaker. Units can be specified with 10' grounded standard plug or 6' hardwire conduit option. Unit is field installed. UL Listed. Each USB simplex includes (2) 1 amp USB ports.

- Double port units include (6) simplex power/USB power outlets and (2) double space Extron AAP plates or (4) single space Extron AAP plates.
- Single port units include (3) simplex power/USB power outlets and (1) double space Extron AAP plate or (2) single space Extron AAP plates.

Extron units are ordered separately. For complete specifications on the Extron AAP plates reference the Extron website, Architectural Connectivity – http://www.extron.com/product/index.aspx

PERIMETER POWER MODULE

Perimeter power modules are 5 1/2"W x 2"H and available in white or black. Unit includes a smooth single-piece cover with cutouts for (2) power and (2) charging USB ports. Each enclosure is rated for 15 amp, 125 volt. Units can be specified with 10' standard plug or 6' hardwire conduit option. Unit is field installed. UL Listed. USB charging ports are 2.1 amps per port.

GLIDES

Glides provide 1 1/8" of vertical leveling adjustment. Glide bottom is durable nonrust nylon.

CREDENZAS ON LEGS

Available in standard and buffet heights. Credenza chassis are made with veneer end panels and fronts which are constructed with I" thick balanced 3-ply panels. Panels are securely fastened together with cam fasteners in conjunction with pressed hardwood biscuits that are securely adhered with PVA (white polyvinyl acetate) glue.

Credenza tops are ordered separately. Wood and laminate tops are 3/4" thick. Back painted glass and solid surface tops are 1/2" thick.

Leg base credenzas include a 3 1/2" wide x 2" thick solid wood foot that raises the credenza 5 1/4" off the floor. Legs are attached to 1" thick x 2 3/4" high apron with metal corner brackets. Credenzas ship fully assembled with a filler panel attached to the bottom of leg. The filler panel will need to be removed, and replaced with the adjustable glides. Each unit is equipped with a minimum of four adjustable glides.

All hinged doors include touch latches. All adjustable shelves are standard behind doors.

HINGES

Units with hinged doors include 95° free swinging hinges with touch latches. Hinges are fully adjustable.

LOCKS

Silver or black face locks are optional on all standard height and buffet height credenza units. Locks specified on the buffet credenza are located on the lower hinged doors only, all hidden drawers are non-locking. Lock plugs are either factory or field installed.

KEYING

Keying is available either factory or field installed.

Factory installed keying offers two options: random or designated. When the random keying option is selected an arbitrary key number will be assigned to the unit. Note: some furniture units may have like key numbers when random keying is selected. When the designated keying option is selected a key number must be specified between 100TAS-150TAS for silver lock core and 100TA-150TA for black lock cores. All keys are solid brass.

When the field installed keying option is selected, a lock cylinder will not be included in the furniture unit. A lock master key and lock cylinder package must be specified separately to install the lock cylinders in the field. The master key provides the ability for lock cylinders to be easily installed and removed in the field.

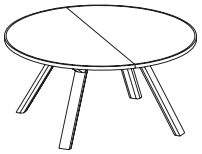
FINISH

Natural veneer is subject to nature's quality control. Each species will exhibit differences in grain pattern and tone. This is to be expected and, in fact, contributes to the beauty and individuality of each product. Flat Cut veneers emphasize the variations of wood by exhibiting cathedrals in the grain pattern. Quarter Cut and Rift Cut veneers are a premium cut that maintains variations in the grain but without cathedral patterns. Stratawood is a natural, FSC®-certified reconstituted veneer that is designed to exhibit a consistent grain pattern and is available in either a straight grain or cathedral pattern.

Our proprietary wood finish system utilizes a combination of topcoats engineered for the various applications found in the furniture industry. It is exceptionally clear and durable, and allows the beauty of wood to show through. The durability, depth, clarity, and beauty of our wood finishes meet the high expectations of our customers, and meet or exceed indoor air quality (IAQ) standards. All colors and species are not available on all products. Please refer to front cover of price lists for availability of finishes.

CLEANING FINISH

Dust with damp cloth. Remove fingerprints or soiling with mild solution; 3 parts water with small amount of mild dish detergent. Apply solution with spray bottle, wipe clean and dry with soft cloth. Note: Do not use furniture polishes containing oil, wax, or silicone, which can produce and oily film or haze.



CLEANING GLASS

Dust with damp cloth. Remove fingerprints or soiling with glass cleaner; use any common glass cleaner on the market. Spray glass cleaner onto the glass and wipe clean using a soft cloth.

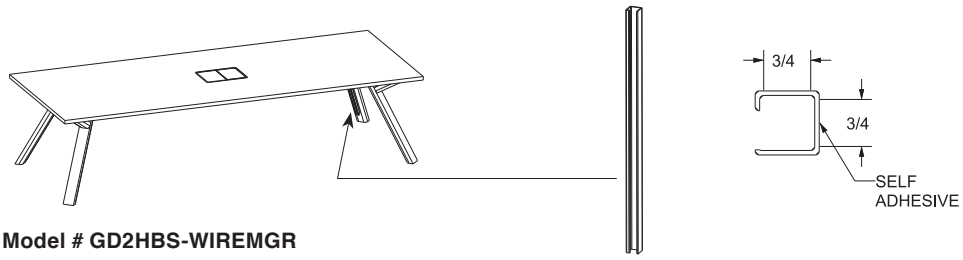
HORIZONTAL WIRE MANAGEMENT

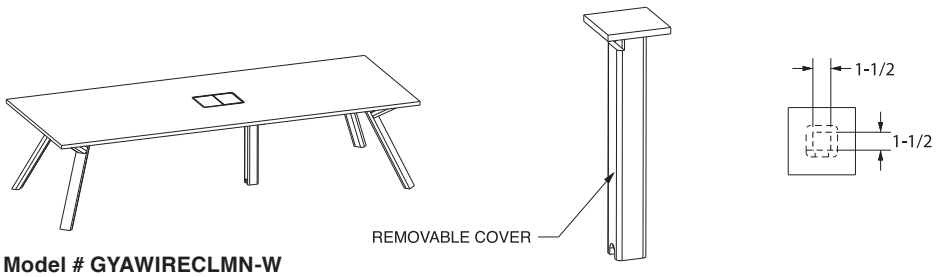
Model # ACWM



Gunlocke model number ACWM is shipped standard with every Saranac table.
The wire manager runs 30" in length and is field installed by attaching to the bottom of the worksurface behind the wood apron.

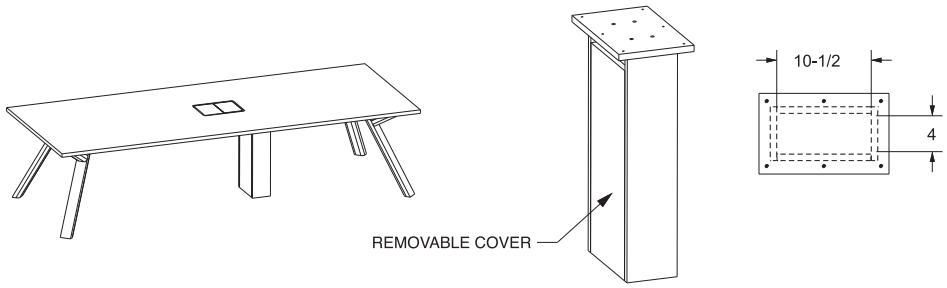
VERTICAL WIRE MANAGEMENT

Model # CVSPINE



Optional wire management for the Saranac table is the wire spine (CVSPINE)
The wire spine is translucent white, and can assist in managing cords to the floor.
The spine is field installed, and must be off center to an y technology ports.

Model # GD2HBS-WIREMGR

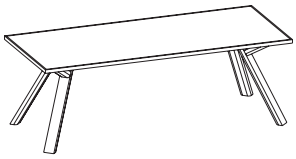


Optional wire management for the Saranac table is the wire management channel (GD2HBS-WIREMGR)
The wire channel is polished stainless steel, and can assist in managing cords to the floor.
The channel is field installed, and runs down the leg of the Saranac table.

VERTICAL WIRE MANAGEMENT

Model # GYAWIRECLMN-W

Optional wire management for the Saranac table is the wire management column (GYAWIRECLMN-W)
The column is solid wood and may be stained in any standard finish option to match the table.
There is a removable access cover that opens to a 1 1/2" x 1 1/2" space for wires.
The column is field installed, and must be off center to any technology ports.



Model # GYAWIREBASE-W

Optional wire management for the Saranac table is the wire management base (GYAWIREBASE-W)
The base is made of veneer panels and may be stained in any standard finish option to match the table.
There is a removable access cover that opens to a 10 1/2" x 4" space for wires.
The base is field installed, and must be off center to any technology ports.

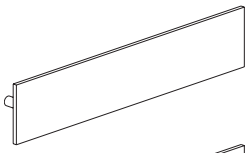
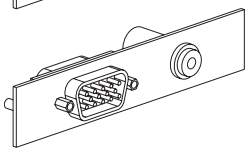
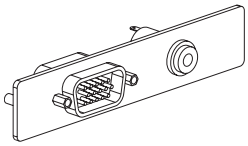
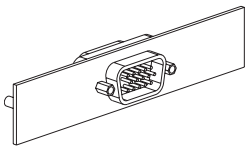
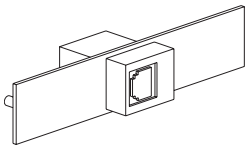
EXTRON TEAMWORK®

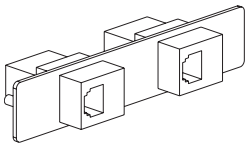


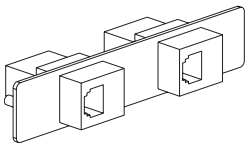












Extron TeamWork® offers a pre-configured collaborative system designed for fast, easy implementation with minimal setup. Allowing for groups of 4 to 6 users to share content by connecting the "Show Me" cable to a laptop or tablet. As soon as a signal is detected, power is automatically directed to the video display. Users can switch the display automatically to another device by pressing the "Share" button on the "Show Me" cable, and the switcher automatically displays the appropriate input on the video display. TeamWork® systems works with most flat panel displays, laptops, and tablets.

Extron TeamWork® system must be ordered directly from Extron. Visit www.extron.com or call 1-800-633-9876 for more information.

Gunlocke recommends an Extron APP double space cable organizer with TeamWork® to help keep the wires untangled and organized. Model AC-7054211.

GSA/FEDERAL CONTRACT INFORMATION:

Model numbers identified with the following verbiage “When purchased separately without a configurable TAA compliant end product, not on GSA contract” is to mean that these configurable parts or components:

- Have no functionality or capability without being integrated into an end product; and
- Are considered Open Market if purchased without a configurable TAA compliant end product.

ITEMS ON GSA CONTRACT

Please note, in order to verify if an item is on GSA Contract or is “Open Market,” please use Compass quoting which is updated in real time with all GSA contract changes. If you need additional assistance, please contact your local sales representative.

For more information visit: https://www.allsteeloffice.com/insights/sustainability/product-certifications.

CONDITIONS OF SALE

INTRODUCTION

The Gunlocke Company is dedicated to providing the finest possible products and service. This price list reflects that commitment. Included is a current listing of our seating models.

Casegoods are presented in a separate price lists. Contact your Gunlocke Customer Services Representative for more information. (800) 828-6300

Designed for easy use, each page of this price list provides all information required to order a product correctly. Should additional information be needed, contact your Gunlocke Customer Service representative.

PRICING

Prices shown covers standard products. Any changes or alterations, other than those listed, will be subject to an additional charge. Prices include cartoning and freight. Contact the Gunlocke Tailored Solutions at gunts@gunlocke.com to request custom quotes. Authorization and pricing must be secured in advance for orders or contracts calling for large quantities, indefinite quantities, or extended delivery dates.

ORDERING

Orders submitted electronically will receive priority service and shorter overall lead times. You can submit your orders electronically via traditional EDI (Electronic Data Interchange), by e-commerce at Gunlocke.com using your XML and SIF files.

Orders in the amount of $75,000 list or larger will require a XML or SIF file to be e-mailed to our order entry department at gunlockeoe@gunlocke.com.

Orders under $75,000 list do not require an XML or SIF file and can be e-mailed to our order entry department at gunlocke-oe@gunlocke.com, faxed to 585-728-8350, or mailed to:

The Gunlocke Company
Attn: Order Entry
One Gunlocke Drive
Wayland, New York 14572

ORDER CHANGES

Gunlocke is not required to accept changes in orders after confirmation. Reasonable changes are subject to additional charges for labor, material and administrative costs.

Order changes of acknowledgment may result in re-scheduling of product.

ACKNOWLEDGMENT

Each order will be acknowledged by Gunlocke. Customers should check each acknowledgment for accuracy and immediately notify Gunlocke of any discrepancies.

This printed acknowledgment is the final agreement between The Gunlocke Company and the customer, superseding all previous communications regarding the order.

SPECIFICATION CHANGES

Gunlocke reserves the right to change specifications for the improvement of products at any time, without notice.

RETURNED MERCHANDISE

No merchandise may by returned without prior authorization.

SHOWROOMS

For all showroom locations and tour information, please reference the showrooms page online at: www.gunlocke.com/inspiration/showrooms

CANCELLATIONS

Cancellations of orders cannot be accepted since every order is manufactured according to customer's specifications.

STORAGE

If delivery cannot be made and products are ready, Gunlocke will transfer products to a storage facility of the customers choice and products will be invoiced at this time. The customer is responsible for storage charges as well and assumes and bears all risks associated with the storage of that product.

TERMS

Net 30 days from date of invoice. A service charge of eighteen percent (18%) per year or .0004931 per day, compounded monthly, will be added to balance due beyond the thirtieth day. Products are shipped **FOB factory, freight prepaid and allowed.**

Title passes to purchaser and Gunlocke's responsibility ceases when shipment is accepted for transportation by a carrier. A full explanation of all payment terms is found on order and invoice forms.

12 YEAR WARRANTY

Subject to the limitations set forth below. The Gunlocke Company warrants to the original purchaser all product in this price list to be free from defects in material and workmanship for a twelve year period from the date of shipment.

This **12-year warranty** applies to all products sold and installed by a Gunlocke authorized agent for normal commercial single shift service. Gunlocke will repair, or at its option, replace defective merchandise, free of charge. The following components not manufactured by Gunlocke have the following warranties:

- **High wear components** Such as casters and glides are warranted for five years after date of shipment to original owner.
- **Seating control mechanisms** are warranted for five years after date of shipment to original owner.
- **Fabric and leather** are warranted for three years if single-shift and normal use after shipment to original owner.

Any non-standard material selected by the customer is not warranted. Neither does this warranty apply to damage resulting from accident, alteration, or misuse, as well as damage from normal wear and tear such as dents, nicks, scratches, fading and improper maintenance. That is, Gunlocke's warranty is only valid if products are given proper use and care. Gunlocke assumes no responsibility for product damages resulting from improper installation or user modification.

WOOD FURNITURE

Wood owes its inherent beauty to variations in color, grain, and texture, and therefore, these variations are not considered defects. There may be minor variations from one piece of furniture to the next even though they are finished at the same time. Exposure to light and the aging process will cause a darkening of natural wood products. Light finishes on wood products do not mask the natural characteristics of wood.

The Gunlocke Company does not guarantee the exact matching of grain, pattern, and color. Gunlocke offers 800 a natural maple finish on maple, 222 a natural cherry on maple, 701 a light cherry finish on cherry or maple, 629 nutmeg walnut on walnut or maple, and 601 light walnut on walnut or maple. These finishes do not cover any of the natural characteristics of the wood, including nature's colorations, pitch pockets, and the variations of steambent wood. Merchandise will not be replaced because of these natural variations.

It is expressly understood and agreed that the buyer's sole and exclusive remedy for any and all losses or damages resulting from nonconforming goods, or from any other cause, shall be repair or replacement of defective parts, and that Gunlocke shall not be liable for damages or injury to persons or property, nor for replacement of the entire commercial unit, if repair or replacement of defective parts can reasonably render the unit conforming.

All warranty claims must be submitted in writing by the original owner via our website.

Owner may be required to produce the invoice or other evidence to establish that a claim is within the warranty period.

As stated and illustrated on the website, serial numbers are required to process a warranty claim. No person, firm, or corporation is authorized to assume for Gunlocke any liability in connection with the sale or installation of Gunlocke products except as stated above.

All other warranties, expressed or implied, are excluded. Gunlocke shall not be liable for incidental or consequential damages of any sort.

SHIPPING INSTRUCTIONS

Within the Continental USA, all orders above $20,000 list are shipped FOB factory, freight prepaid and allowed. All orders less than $20,000 list will be subject to a 5% list freight charge. Products shipped to Alaska and Hawaii FOB factory, freight prepaid and allowed to port of embarkation. Customer is responsible for freight charges from port of embarkation to final destination.

An anticipated shipping date is indicated on the order acknowledgment. Gunlocke cannot accept responsibility for shipping delays caused by outside sources or unforeseen problems. Delay of shipments requested by customers must be approved by Gunlocke. Any resultant storage charges will be charged to the customer.

Gunlocke may await completion of the entire order and ship all at once or may make partial shipments from time to time at its sole discretion unless the customer requests in writing that partial shipments are needed and Gunlocke approves the specific shipping schedule. Additional charges may apply.

Gunlocke is not liable for any delay or failure to deliver or perform due to strikes, lock-outs, or other labor or transportation difficulties, delay of sources or supply, accidents, fires, acts of God, or any other causes of like or unlike nature beyond the control of Gunlocke.

LIABILITY

Gunlocke products and their packaging are tendered to a transportation company only after passing rigid quality control inspection. At that time, title to the product is passed to the purchaser. However the transportation company assumes all liability from acceptance of shipment through its delivery. That is, Gunlocke's liability ceases at the time of shipment.

FILING OF CLAIMS

All claims for damage or loss must be submitted via our website within 15 days after receipt of merchandise. Do not return freight damaged merchandise to Gunlocke. Follow the steps below to expedite processing and resolution of claims.

For Visible Damage

1. Make damage notation on delivery receipt and have driver sign. Do not reject or refuse the shipment.
2. Immediately contact Gunlocke Traffic Department at 585-728-8268.
3. Hold damaged carton and all interior packing for carrier's inspection. These materials will be needed to substantiate the claim.

For Concealed Damage

1. Open cartons within 15 days of receipt and inspect.
2. Follow steps 2, and 3 as listed under Visible Damage.
3. Do not remove product from delivered destination.

For Loss

1. Be sure loss notation is made on delivery receipt and have driver sign.
2. Contact Gunlocke Traffic Department at 585-728-8268.

Should transportation company seek to limit its liability on concealed, loss, or damage claims, please contact Gunlocke's traffic department. After a thorough investigation of the claim, the traffic department will provide you with guidance in corresponding with the carrier.

Returned merchandise, regardless of delivery method, will not be accepted unless specifically authorized by Gunlocke.

For Damage or Loss of Parcel Post or UPS Shipment

Notify the Gunlocke traffic department immediately at 585-728-8268.

NORMAL DELIVERY

All normal ground transportation by Gunlocke will be made on a dock-to-dock basis. The Gunlocke traffic department will determine the recommended method of shipment according to the ship to destination. If the delivery on a shipment takes longer than 3 hours to be unloaded, an additional charge will be billed at $100/hour. Gunlocke reserves the absolute right to determine the method of shipping unless special delivery instructions have been previously approved.

Gunlocke will make every effort in honoring delivery requests as stated on orders. However, the Company shall have no liability for failure to deliver, perform or delay in delivery due to any cause outside the control of Gunlocke. The Company assumes no liability for costs incurred due to delayed or late deliveries.

If a guaranteed delivery time is needed please call Gunlocke Traffic Department at 585-728-8268 for a quote as additional charges will apply. Weekend or after hours deliveries are subject to additional charges.

WEEKEND DELIVERY

A $500 charge will apply on weekend delivery after 3:00 PM Friday through Sunday evenings.

DROP SHIP / JOB SITE DELIVERY

Orders under $50,000 list will incur a $125 charge for ship to locations other than a designated dealer warehouse.

INSIDE DELIVERY

Inside delivery must be noted on order. A minimum $100 charge will apply.

SPECIAL DELIVERY

Please contact the Gunlocke traffic department for special delivery services such as inside delivery, weekend or after hour deliveries, reconsignment or other special needs. These are billable services.

Gunlocke will make every effort in honoring delivery requests as stated on orders. However, the Company shall have no liability for failure to deliver, perform or delay in delivery due to any cause outside the control of Gunlocke. The Company assumes no liability for costs incurred due to delayed or late deliveries.

DOCK RESTRICTIONS

Gunlocke trailers are 53' x 102"; when attached to truck cab the total length is 75'. If delivery dock will not accommodate trucks of this sizes, the Gunlocke traffic department must be contacted prior to shipping. Alternate arrangements can be made; additional charges may apply.

SPECIAL FINISHES

- Submit a color sample block (minimum size 3" x 3") to Gunlocke Order Entry so that a finish formulation can be developed to match the special finish and color.
- Review the approval sample provided by Gunlocke.
- Written approval and sign off is required for Gunlocke Customer Service.
- Once written approval and sign off is received, the special finish order will be acknowledged.

All seating purchase orders:

- **10% list** upcharge per unit to base model receiving special finish.
- **$250 net formulation fee** for special finish.

This procedure and cost apply to new and previously formulated special finishes. Special finish orders may receive additional lead time.

FSC OPTION

For FSC Certified Product add "FSC" to beginning of wood finish option code.
Example: FSC260.
Only models that have wood finish option can be ordered as FSC Certified Product.

UPCHARGES

- 5% list upcharge per unit to base model

MULTIPLE FABRICS PRICING

When multiple fabrics per chair are requested, the chair is priced at the highest grade price.

ETCHED AND LASER CUT BACKS

Eligible Models:
All Molti Seating with Wood Backs

Minimum order quantity: 5 Units

There shall be an initial setup fee of **$250 (NET)** with a **$100** List up-charge per unit. All standard finishes may be specified with backs.For new designs please submit artwork* to Customer Service for review and approval. Once the artwork is accepted, an actual sample will be produced and sent for approval.

*Please allow 3-5 business days upon receipt of the artwork for the sample to be completed.

All artwork must be clean and sharp image. Gunlocke can only accept mailed original artwork. Artwork must be black and white, bold and have crisp lines to be processed. Contact Order Entry for complete order and approval process. (800) 828-6300.

STANDARD TEXTILE AND COM OVERVIEW

GUNLOCKE STANDARD TEXTILE OFFERING AND COM PROGRAM OVERVIEW

Customers purchasing Gunlocke seating can choose coverings from the standard fabric/leather offering or fabrics can be specified outside of the Gunlocke standard fabric offering through a simpler, hassle-free COM process.

Standard Fabric/Leather Partnership Program – select from any one of the Gunlocke standard fabrics or leather offerings listed on the website from the following textile partners: HBF, Maharam, Momentum, Ultrafabrics or Camira. For the most current standard fabric and leather offering, please visit the website at Gunlocke.com.

COM Program – COM coverings can easily be specified and applied your seating products. Gunlocke offers two different processes for the COM program which are outlined below. The Gunlocke To Supply COM process is managed by Gunlocke and Dealer to Supply COM process is managed by the dealer.

- **Gunlocke To Supply (GTS) COM Program –** this is a process for fabrics that are not included in the standard Gunlocke offering. Gunlocke will manage the COM process with the textile supplier and will coordinate with the dealer to approve, grade/price and procure the fabric.

  GTS Guidelines:

  1. Select the fabric you wish to use and check the Gunlocke COM Tool on Gunlocke.com to determine if the fabric you have chosen has already been tested and approved on the product you are interested in. The COM supplier's name, fabric pattern name, and color name will be needed to search for approved fabrics.

  2a. If your fabric is listed as an approved fabric, you may place your order directly with Gunlocke Customer Service. Please use the fabric code (e.g., S216426XP) noted in the COM Tool on your order in the place of the standard fabric code.

  2b. If the fabric has not previously been tested, you must enter a COM request. Your name, company name and email will be prepopulated fields. The secondary email, project name, and bid/contract number are optional information. However, it's best to include any bid/contract information to ensure the code is set up correctly. The supplier, pattern, and color will show a list by clicking in the box and entering the first letter of the name and these are free form text boxes. Once that information is entered click add. (Multiple series can be added to the same request if they are the same supplier, pattern, and color.) Then click submit. An email will be sent to the to the requestor stating the COM Request was successfully submitted. Up to four emails could be received: Testing materials requested, in testing, and final approval/denial. It's rare actual test yardage is required. Testing is mainly done by reviewing the attributes of the fabric. The testing process takes 24-48 hours.

  3. If approved, the final email will include the GTS fabric option code and price grade. Written COM price quotes hold pricing for 90 days after issue date.

- **Dealer to Supply – COM or COL Program** – this is also a process for fabrics/leathers that are not included in the standard Gunlocke offering. The main difference is that the dealer will manage the COM process themselves and will procure the fabric from textile supplier and send to Gunlocke to upholster on the product.

COM/COL Guidelines:

1. Select the fabric you wish to use and check the Gunlocke COM Tool on Gunlocke.com to determine if the fabric you have chosen has already been tested and approved on the product you are interested in. The COM supplier's name, fabric pattern name, and color name will be needed to search for approved fabrics.
2. If your fabric is listed as approved, please reference the upholstery requirements listed in the pricer.
3. If the fabric has not previously been tested, you must enter a COM request. Your name, company name and email will be prepopulated fields. The secondary email, project name, and bid/contract number are optional information. However, it's best to include any bid/contract information to ensure the code is set up correctly. The supplier, pattern, and color will show a list by clicking in the box and entering the first letter of the name and these are free form text boxes. Once that information is entered click add. (Multiple series can be added to the same request if they are the same supplier, pattern, and color.) Then click submit. An email will be sent to the to the requestor stating the COM Request was successfully submitted. Up to four emails could be received: Testing materials requested, in testing, and final approval/denial. It's rare actual test yardage is required. Testing is mainly done by reviewing the attributes of the fabric. The testing process takes 24-48 hours.
4. If approved, the final email will include the Dealer to Supply fabric option code and the COM or COL price grade. Written COM price quotes hold pricing for 90 days after issue date.
5. The dealer is responsible for sending the COM fabric to Gunlocke. Fabric must be marked with "COM – Dealer to Supply", dealer name, order number and seating model #. COM textile should be shipped to the address below the same time as the order submission and reference tracking information on order, to prevent production delays.

   HNI Textile Distribution Center - Dealer PO Number
   Attn: COM Production Yardage
   301 Mulberry Ave.
   Dock Doors 20-22
   Muscatine, IA 52761

6. All COM "Dealer to Supply" orders will be charged grade 4 pricing. Dealers will pay for the COM fabric separately.
7. All COM fabric must be sent on a fabric roll.
8. Once the COM fabric is received, the order will be scheduled in production and acknowledged with a ship date.

Specific to DTS orders - the customer should send only the amount needed for the order. Fabric should arrive no sooner than 4 weeks in advance of order placement. Excess yardage, or yardage not attached to an order will be disposed of at Gunlocke's discretion.

Any canceled orders are subject to cancellation charges up to the full value of the Gunlocke product canceled. Gunlocke will determine the actual cancellation charge at the time the cancellation is requested.

COM | COL GUIDELINES

COM | CUSTOMER'S OWN MATERIAL

1. Gunlocke cannot be held responsible for performance, color accuracy, or weaving of COM materials. All responsibility for COM shipments is between the purchaser and the textile source.
2. Gunlocke assumes no responsibility for the flame retardance of any COM. Customers are solely responsible for making sure that COM shipments comply with all applicable codes and regulations.
3. Gunlocke reserves the right to reject fabrics or leathers we deem unsuitable for upholstery. When this occurs, the customer will be notified in writing with an explanation of the problem. Gunlocke cannot be held responsible for any unsatisfactory results in the application of a COM/COL, and a written release from the customer will be required before the order is processed.
4. Please contact Gunlocke Customer Service if you are planning on having any fabric applied in a non-standard technique. (I.E. using the back side as the face), or have special requirements.
5. Fabric alterations such as laminated backing or fire coding may result in differences in upholstery appearance or stiffness.

YARDAGE REQUIREMENTS

Yardages shown in price list are for non-directional fabric based on 54" wide plain fabric (no repeat pattern). A chart is provided on page 14 to assist in determining the additional COM yardage requirements. Please add the indicated percentage to the yardage shown beside the style number in the price list. This guide will accurately cover most COM orders, but there will be instances due to unusual repeats or designs that additional yardage may be required. **Gunlocke will not be held responsible for any additional COM that may be required.**

Please contact Customer Service for quotations on fabric requirements.

SELF-DECK PLATFORMS

Self-covered platforms in COM are available at no upcharge. Allow additional yardage in the following amounts for 54" material:

One seat sofa	1 yd.
Two seat sofa	1.5 yds.
Three seat sofa	2 yds.

FABRIC APPLICATION

Cutting direction is based on the fabric width and the way the fabric is cut from the roll and applied to Gunlocke products.

There are two cutting directions: Vertical (cut-right) or Horizontal (railroaded). Gunlocke reserves the right to railroad (or apply the fabric according to the weave) whenever possible to avoid seams in large upholstered areas and/or single cushions units. If a fabric is questionable, a cutting of adequate size allowing full repeats must be sent to Customer Service for approval.

COL | CUSTOMER'S OWN LEATHER

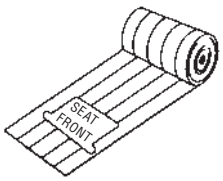
Customer's leather must meet standards set by Gunlocke. All hides must be #1 quality, bear no greater than three defects, and yield a minimum of 45 usable square feet per hide. Imperfections that penetrate the hide, brands, large marks, burns, excessive healed over scars and scratches, and excessive fat wrinkles are considered defects.

COL SPECIFICATIONS

Leather footage requirements listed in the price list refer tousable leather square footage that meet the standards described above. Calf hides must be at least 30 square feet of clean and usable matching hides. When specifying calf hides, add 30% to footage requirements. **Gunlocke will not be held responsible for any additional COL that may be required.**

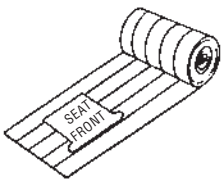
LEATHER SEAT PUDDLING

Leather is a natural material which has elasticity and will form according to usage. For example as a leather seat "breaks in" (similar to leather shoes) stretching may occur. This is an inherent quality of natural leather and is not considered a defect.



LEATHER LOGOS

Leather is a natural material which has elasticity. The degree of stretching occurring in the upholstery process varies by model and may reduce the visual depth of the logo detail.



EMBROIDERED LOGOS

Certain logo geometry may limit threads per inch on embroidered logos.
Logos on Fabric and Leather have a three year warranty see page 8.

FOR SAMPLE CONTACT:
gunts@gunlocke.com

Vertical or Cut-Right

Horizontal or Railroaded

COM | COL ORDERING PROCESS

1. **COM material must be approved by Gunlocke for applicability and yardage requirements before acceptance of an order.**

   Please send large memo sample to COM for approval.

   Additional yardage may be required to determine acceptance for upholstery.

2. COM | COL sample must reference the supplier's company name, pattern, color and number order.

3. **Application instructions must accompany order.** In absence of these instructions, Gunlocke will determine best method of upholstery.

4. **All COM I COL must be shipped prepaid to Gunlocke with package side marked with:**
   - **Dealer Name**
   - **Dealer purchase order number**
   - **Gunlocke seating pattern number**

   HNI Textile Distribution Center - Dealer PO Number
   Attn: COM Production Yardage
   301 Mulberry Ave.
   Dock Doors 20-22
   Muscatine, IA 52761

NOTE

COM and COL orders cannot be scheduled for production or acknowledged as to ship date until COM has been received and approved by Gunlocke. Gunlocke will not warrant application and upholstery technique

PLEASE REFER TO YOUR FABRIC SWATCH CARD FOR HORIZONTAL AND VERTICAL REPEAT REQUIREMENTS.

Fabric Width	Plain Fabric	2"-10" Repeat	11"-20" Repeat	21"-25" Repeat	26"-30" Repeat	31"-37" Repeat	38"-45" Repeat	46"-52" Repeat
54"	0%	10%	15%	20%	25%	30%	35%	40%
52"	15%	20%	25%	30%	35%	40%	45%	50%
50"	25%	30%	35%	40%	45%	50%	55%	60%
48"	35%	40%	45%	50%	55%	60%	65%	70%
45"	45%	50%	55%	60%	65%	70%	75%	80%

Fabric Width	Plain Fabric	2"-10" Repeat	11"-20" Repeat	21"-25" Repeat	26"-30" Repeat	31"-37" Repeat	38"-45" Repeat	46"-52" Repeat
36"	60%	65%	70%	75%	80%	85%	90%	95%

Depending upon the pattern repeat, it may be necessary to cut the fabric vertical (cut-right). <u>This will require 15% additional fabric.</u>

To calculate the correct yardage with repeats (horizontal and vertical), add the horizontal repeat to the vertical repeat for total yardage required.

When calculating repeat, round up to nearest .5 yard.

For example:
A fabric width of 54" with a 8" vertical repeat (requires 10%) + a 20" horizontal repeat (requires 15%) = total additional yardage equals 25%.

Therefore, if the chair requires 2 yards of fabric, multiply 2 by 125% (or 2 x 1.25). Then 2.5 yards will be yardage required.

CUT YARDAGE | REQUIREMENTS

CUT YARDAGE PROGRAM

All Gunlocke Branded textiles and leathers are available on a cut yardage basis.

PRICING

For pricing information, please contact customer support at guncs@gunlocke.com or call 800-828-6300. Please have fabric pattern and color available. Pricing provided will not include shipping charges, storage or insurance charges, sales and other taxes.

ORDERING

Order all fabrics by name and pattern number. All cut-yardage orders will be cut and shipped to the nearest one-eighth yard. Minimum order quantity is one yard. Leathers are sold by the square foot to the closest whole or half hide. When an exact match is necessary, please submit a cutting with order; slight variations in shade cannot be avoided.

ACKNOWLEDGMENT

All orders will be confirmed by Gunlocke in writing. The order acknowledgment is the final expression of the agreement between the customer and Gunlocke and supersedes all prior verbal and written statements regarding the order. The acknowledgment can be modified only in writing with reconfirmation signed by Gunlocke.

CANCELLATIONS

Orders may not be canceled or returned by the customer without the written consent of The Gunlocke Company and are subject to a cancellation or restocking charge of 35% of the total amount of the order.

CREDIT TERMS FOR CUT YARDAGE PROGRAM

Credit may be established upon Gunlocke's written acceptance of satisfactory references. Gunlocke may cancel or change credit terms at its discretion and may request advance payment at any time. All prepaid orders must include shipping and handling charges and tax where applicable. If local taxes are not applied on prepaid orders, customer must complete a resale certificate indicating their tax I.D. number.

FLAMMABILITY GUIDELINES UPHOLSTERY COVERS

Gunlocke makes every effort to ship high quality product, free of defects in material and workmanship. Great care is taken in selecting only first quality upholstery materials from reputable suppliers. **Upholstery material is warranted for 3 years against unusual wear or deterioration; there is no warranty against fading, normal wear, or customer-induced cuts and tears.**

Leather is a natural material. There may by minor variation in markings such as growth wrinkles, healed scars, and grain patterns. Also, subtle variations in the tanning and dyeing process can be seen from one hide to another.

Combinations of Upholstery Covers

Contact Tailored Solutions (gunts@gunlocke.com) for assistance with pricing of fabric, vinyl, leather or upholstery combinations.

SPECIAL TREATMENT/ FLAMMABILITY

Technical Bulletin #133 is a flammability regulation that may be required or requested for certain areas or applications. Most standard Gunlocke fabrics, when used in combination with proper components, can meet the requirements of the composite test for California technical bulletin #133. The composite test requires the use of a full-scale mock-up/sample that in all respects (including fabrics, filling materials, combustible decorative parts and furniture style) reflects the construction of the actual furniture required for a specific area or application.

While Gunlocke has tested several model/upholstery combinations for TB133, not all possible combinations have been tested or certified. Please contact Customer Service to determine if the specific model/upholstery combination you are working with has been tested or if a new test is required. In addition, all COM fabrics must be evaluated on an individual basis and may also require testing. Testing is available as follows:

Specific model & upholstery

- Fire barrier is available as a special treatment. If required, please contact Gunlocke Tailored Solutions to quote as a special: gunts@gunlocke.com.
- Please check with Customer Service to verify testing has been completed with your model and fabric selection.
- Cost of testing a chair is $850 NET, plus the cost of chair and fabric.
- Additional lead-time for testing for CAL 133.
- Additional lead-time for fire barrier cloth is 3-4 weeks.

*Note that specification of the fire barrier cloth does not in itself provide certification. Testing must be completed and pass for the specific model/upholstery combination to obtain a certificate. Once testing is completed, Gunlocke will provide a certification letter specific to the sample tested for CAL 133.

Special Flammability Code Requirements

Please inquire for pricing and lead time.

ACT PERFORMANCE GUIDELINES

Explanation of ACT Icons

All Gunlocke fabrics conform to the Association of Contract Fabrics Guidelines.

FIRE RETARDANCY

Flammability testing determines a fabric's resistance to burning.

Application	Passes
Upholstery	California 117-2013
Panels and Upholstered Walls	ASTM E 84 (unadhered method)

COLORFASTNESS TO WET AND DRY CROCKING

Colorfastness to wet and dry crocking refers to the rubbing off of color from the fabric onto clothing, hands or other materials and can occur under wet or dry conditions.

Application	Passes
Upholstery AATCC 8-1974	Dry Crocking, Class 4 minimum Wet Crocking, Class 3 minimum
Panels and Upholstered Walls	AATCC 8-1974 Class 3 minimum

COLORFASTNESS TO LIGHT

Colorfastness to light is the degree to which fabric will retain its color when exposed to light.

Application	Passes
Upholstery	AATCC 16-A-1974 or AATCC 16-E-1976 Class 4 minimum at 40 hours
Panels and Upholstered Walls	AATCC 16-A-1974 or AATCC 16-E-1976 Class 4 minimum at 40 hours

PHYSICAL PROPERTIES

Three physical property tests include: brush pill test to determine a fabric's pilling. Breaking/tensile strength is the ability of a fabric to withstand tension without breaking or tearing. Seam slippage is the pulling apart of fabrics at the seams.

Application	Passes
Upholstery	Brush pill ASTM D3511, 3-4 minimum Breaking strength ASTM DF-D1682-64 (1975) 50 lbs. minimum in warp and weft Seam slippage ASTM D3597-D434-75 25 lbs. minimum in warp and weft

ABRASION

Abrasion is the ability of a fabric to withstand damage from wear and rubbing. There is a general contract specification as well as a heavy duty specification.

general contract

Application	Passes
General Contract Upholstery	ASTM 3597 modified #10 cotton duck) 15,000 double rubs Wyzenbeek Method
Heavy Duty Upholstery	ASTM 3597 modified (#10 cotton duck) 30,000 double rubs Wyzenbeek method or ASTM D4966 (with 21 oz.weight) 40,000 rubs Martindale method

heavy duty

CONVO™

Frame:

Round tubular steel offered in powder-coats Silver, Black, and Bronze.

Upholstered Seat:

Seat Pan: Rigid fiberglass reinforced urethane pan provides structure to support user load, wrapped in 1/4" dacron.

Top Cushion: High resilient foam overmolded onto rigid fiberglass reinforced urethane pan, wrapped in 1/4" dacron.

Wood Seat:
Consists of 2"x2" solid ash hardwood blocks, glued and contoured to shape.

Glides: Push-fit low density polyethylene; heavy-duty round plastic inserts.

Shipping: Product ships 1 to a box.

BIFMA Rating:

ANSI/BIFMA X5.1 2011
(253lb Weight Rating)

LIV GUEST & STOOL

Frame: Round tubular steel available in 9 powder coat colors (Silver, Black, Designer White, Matte Gold, Pyrite Bronze, Titanium, Solar Black, Regatta Blue, Bullseye Red) or polished chrome.

Laminate Seat: Bent plywood with laminate layer inside and out

Wood Bucket: Bent plywood with quartered cut ash inside and out

Glides: Black Domed Nylon Glide or polished Toggle glide with white nylon and option to purchase nickel or felt caps.

Toggle Glide Caps - 4 pack		
Nickel:	GGLIV19-SVL1	$86.00
Felt:	GGLIV19-SVL2	$87.00

Nylon glides are recommended for hard surfaces, commercial carpet and damp environments. Nickel-plated glides are recommended for carpet. Felt glides are recommended for wood, tile or high-sheen floor surfaces.

Stacking: 5 chairs high limit.
See GK8907. Page 45

Shipping: Product ships 1 to a box except armless versions which stacks 2 to a box.

BIFMA Rating:

ANSI/BIFMA X5.1 2017
(275lb Weight Rating)

MOLTI GUEST & STOOL

Frame: Round tubular steel.

Seat: Foam filled over contoured plastic, upholstered.

Upholstered Back: PVC Foam filled over plywood, upholstered. Triple stitched.

Wood Back: Bent plywood.

Laser Backs: A laser cut logo or insignia is available on wood back.

LSR: Laser Back Chair. See pg. 10 for directions.

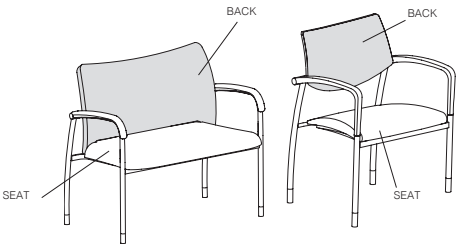
Moderne Arm: Textured polypropylene or RF bent plywood.

Glides: Plastic.

Boot: Flexible textured polyvinyl chloride 2 1/2" high. (glide models only) Black boot on black frame. Grey boot on silver frame.

Casters: 1 1/2" dual wheel hooded; black. Optional.

Shipping: Product ships 2 to a box.



Stacking: 5 chairs high limit or 4 chairs with casters. See GK8907. Page 45

BIFMA Rating:

ANSI/BIFMA X5.1 2017 w/ additional requirements (300lb Weight Rating)

NOTE:
Space required for a stack of chairs 5-high with cart.

SWIVEL SEATING

Swivel Seating 57-73
Swivel Seating Product Specifications 58-61
Avoca™ 62-63
Genesee 64-66
Geneva 67-68
Olla Executive 69-72
Washington Series 73

AVOCA™

Seat: High resilient foam overmolded onto rigid urethane pan, wrapped in 1/2" foam with additional 1/2" high resiliency foam topper.

Back: High resilient foam overmolded onto rigid urethane pan, wrapped in 1/4" foam with additional 1/2" high resiliency foam topper

Arm:

Full Urethane: Self-skinning urethane foam over steel structure.

Full Polished: Polished cast aluminum.

Polished with Urethane Insert: Polished cast aluminum with self-skinning urethane foam pad.

Control: Swivel-tilt with lockout. Or, premium Synchro-tilt with lockout, tilt tension, pneumatic height adjustment, and 3" range of seat depth adjustment.

Base: Black nylon plastic or die-cast polished aluminum 5 star.

Caster: Soft or Hard. Premium casters with chrome finish are optional.

Upholstery: French-stitch around edges, channel stitching optional.

BIFMA Rating:

ANSI/BIFMA X5.1 2017
(300lb Weight Rating)

GENESEE

Seat: High resiliency foam overmolded onto rigid urethane bucket, wrapped in 1/2" foam with additional 1/2" high resiliency foam topper.

Back: High resiliency foam overmolded onto rigid urethane bucket, wrapped in 1/2" foam.

Arm:

Polished aluminum: Polished cast aluminum.

Upholstered: Polished cast aluminum with routed upholstery groove, covered in J" high density foam, upholstery wrapped with welt cord to cover staples.

Control: Black mid-tilt control, tension adjustment, tilt lockout.

Base: Five-star, die-cast polished aluminum.

Casters: Soft or hard. Premium casters with chrome finish optional.

Upholstery: Top-stitch around edges of bucket.

BIFMA Rating:

ANSI/BIFMA X5.1 2017
(300lb Weight Rating)

GENEVA

Frame: Curved plywood

Seat and Back: Dacron over dual density cut foam.

Arm:

Full Urethane: Self-skinning urethane foam over steel structure

Polished with Urethane Insert: Polished cast aluminum with self-skinning urethane foam pad.

Control: Black mid-tilt control, tension adjustment, tilt lockout.

Base: Black nylon plastic or die-cast polished aluminum star.

Casters: Soft or hard.

BIFMA Rating:

ANSI/BIFMA X5.1 2017
(300lb Weight Rating)

OLLA SWIVEL

Seat and Back: Furniture-grade curved plywood covered with high-resiliency molded foam.

Seat and Back Wood Decor: Maple or Cherry Veneer over molded formed plywood (GK2804/GK2806).

Metal J-Bar Cover: Black, silver or polished aluminum.

Arm:

Adjustable Arm: Arm height range 4", Forward/Back 2", Width Adjustment 1". Arms available in black only.

Upholstered Arm: Cut foam over furniture-grade plywood.

Urethane Arm: Textured urethane.

Control: Synchronized tilt mechanism control, 5-position lock out, tension control and pneumatic height adjustment. The synchronized tilt ratio is 2.3 to 1 degree.

Seat Depth Adjustment: 2" range with 6 evenly spaced lockable positions.

Tilt Lock: 5 incremental positions. Back tilt travel 21 degrees rearward to a fully reclined position.

Base: 5-star base, die-cast aluminum. Available in black, silver and polished aluminum.

Casters: Soft or hard.

Upholstery: The back and seat upholstery is French-stitched.

BIFMA Rating:

ANSI/BIFMA X5.1 2017 w/ additional requirements (300lb Weight Rating, Adjustable Arms test to 275lbs)

WASHINGTON

Frame: Hardwood joined by Double dowels, corner blocked.

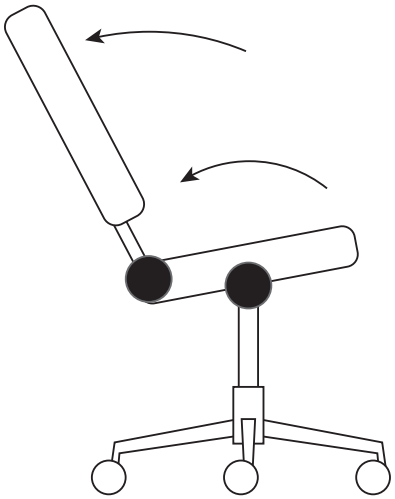
Seat: Spring seat platform with foam and cotton filling. Upholstered. Cushion material is fabricated foam and dacron filled. Welted.

Back: Foam, cotton, and dacron filled over spring foundation. Upholstered. Welted.

Arms: Upholstered over dacron and foam.

Swivel base: Five leg, with brass capped detail. Manual lift.

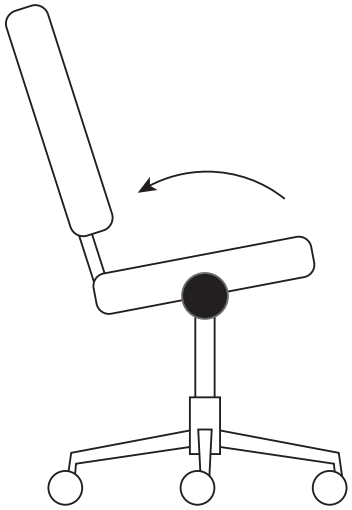
Casters: 2" Bronze Ball.



BIFMA Rating:

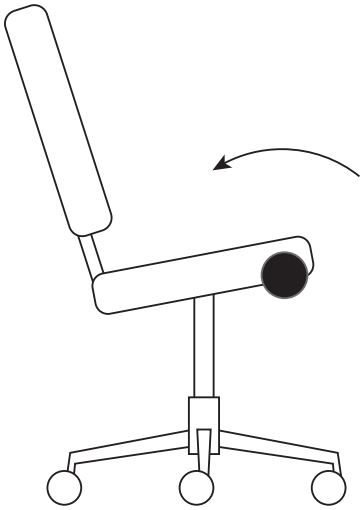
ANSI/BIFMA X5.1 2015 w/ additional requirements (400lb Weight Rating)

SWIVEL ERGONOMICS



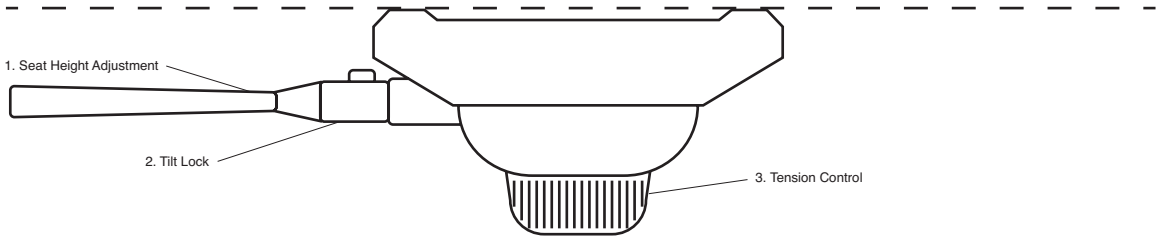
Dual Point Synchro Tilt

In Synchronous tilt, the backrest and seat pan of a chair reclines at a different ratio (usually 2:1) as you lean back. For every 10 degrees of recline in the backrest for example, the seat pan only tilts back 5 degrees



Single Point Mid Tilt

Mid tilt employs a basic tilt mechanism that's located in the center or back of the seat to tilt the seat pan and backrest in tandem. The angle of the front of the seat increases at the same rate as the backrest.

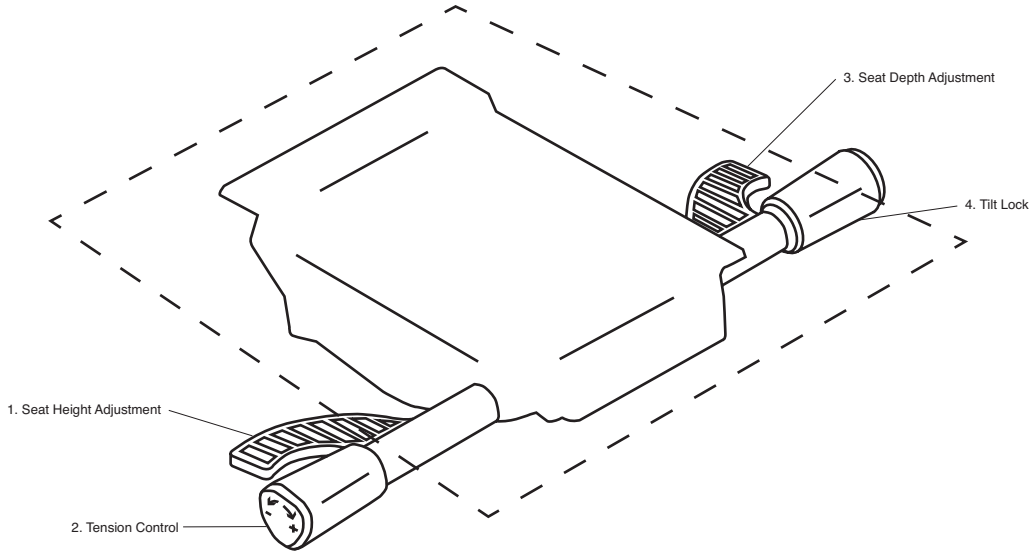


Single Point Knee Tilt

With a Knee tilt, the pivoting point is located near the very front of the seat, resulting in a wide angle tilt that still keeps the front of the seat relatively level. Knee tilt combines some qualities of synchro and mid tilting. With the pivoting point near the front of the seat, your feet remain on the ground even with a larger recline in the seat pan and backrest.

CONTROL HOW TO'S

Mid-Tilt and Knee Tilt Mechanism

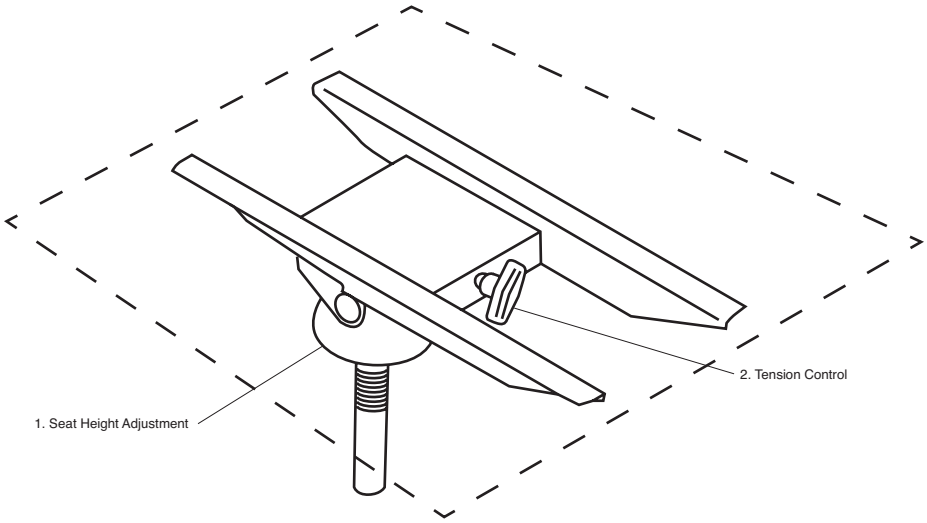


1. SEAT HEIGHT ADJUSTMENT
Slightly lift body weight off seat and pull up on paddle to increase or decrease height. Release lever to lock into desired height.

2. TILT LOCK
Push handle in towards center of control. This will lock the position of the tilt. Pull handle out to allow for free tilting.

3. TENSION CONTROL
Decrease tension by rotating the knob left. Increase tension by rotating the knob right.

Synchro-Tilt Mechanism

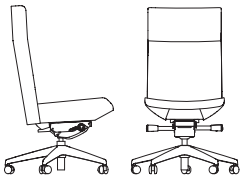


1. SEAT HEIGHT ADJUSTMENT
Slightly lift body weight off seat and pull up on paddle to increase height, or remain seated and pull up on paddle to decrease height. Release paddle to lock into desired height.

2. TENSION CONTROL
Extend Tension Control knob out to adjust. Increase tension by rotating the knob forward. Decrease tension by rotating the knob rearward. Push tension control knob in to original position when finished adjusting tension.

3. SEAT DEPTH ADJUSTMENT
Pull up on lever while seated and slide forward or rearward to desired depth. Release paddle handle to engage.

4. TILT LOCK
Lean back fully back in chair, then rotate handle forward to engage lockout. Rotate handle forward, then lean back into the chair to release the tilt lock feature.



Manual Mechanism

1. SEAT HEIGHT ADJUSTMENT
Slightly lift body weight off seat and rotate bell. Rotating to the right will lower the seat. Rotating to the left will raise seat.

2. TENSION CONTROL
Increase tension by rotating the knob to the right. Decrease tension by rotating the knob left.

Iris 159-164

CALM

Frame: 3/4" x 3/4" steel legs with 3/4" x 2" cross rails, provides consistent 3/4" reveal on all sides.

Deck Frame: Constructed of 3/4" upholstery-grade plywood, assembled with box joint joinery using corner blocks, glue and fasteners.

Seat: Plywood seat frame foundation with stretched sheetwebbing suspension, covered with a 1" crown patch, and dual-layer 4 1/4" foam and dacron.

Back: 2"D top surface tapers to 6 1/2"D lumbar thickness for back support structure.

Back Pillows: 5"thick molded foam pillows, with tapered edges, wrapped in dacron. Has black velour panel on lower section of back surface, with HBF Heartfelt back panel used for attachment.

Note: Corner units must be used for modular turns when back support is needed – features two 5" pillows.

Arms: 2"W top surface tapers to 3 1/2"W at bottom of arm.

Arm Pillows: 3" thick molded foam pillows with tapered edges, wrapped in dacron. Has black velour panel at lower section of back surface, with HBF Heartfelt back panel used for attachment.

Ganging Bracket: Black powder coated steel bracket, with slots to mount into 4 t-nuts (order bracket separately).

Glides: 1/2" adjustable, threaded steel and nylon leveling glides.

BIFMA Rating:

ANSI/BIFMA X5.4 2020
(275lb Weight Rating)

CIJI

Frame: Upholstery-grade plywood built, box joint construction (using corner blocks, glue and fasteners).

Seat & Back Cushions: Dacron and dual-layer foam over plywood base with flexible foundation, upholstered.

Wood Legs: Tapered, three-sided solid maple. Nickel-plated steel glide 5/8" diameter.

Metal Legs: Anodized extruded aluminum. Nickel-plated steel glide 3/4" diameter.

Stitch Detail Option: Quilted, single stitch. Available on plain fabrics only.

Ganging Bracket: Plastic male-female alligator clip, 2 pair per unit. (Order separately).

Note: Specify configuration of seating of seating as if you were seated.

Replacement arm can be installed left or right. The replacement seat is for single seat.

Order multiple units for two and three seat lounges and benches.

BIFMA Rating:

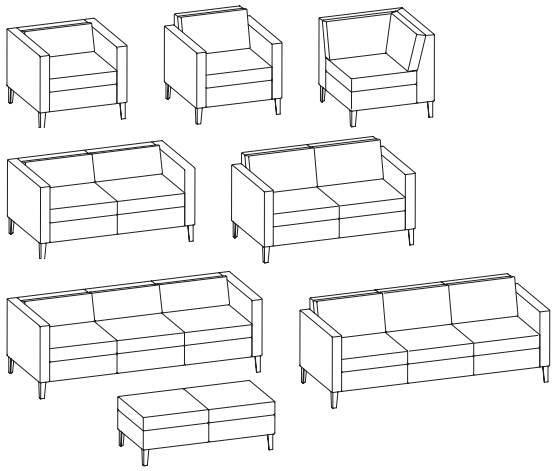
ANSI/BIFMA X5.4 2020
(275lb Weight Rating)

IRIS

Lounge Bucket: Fiberglass-reinforced rigid urethane, with overmolded foam and 1/2" foam topper, wrapped in dacron. Outside edges wrapped in high-resiliency foam.

Headrest: Fiberglass-reinforced rigid urethane, with overmolded foam, wrapped in dacron. Contains two pocketed steel rods to secure headrest to lounge bucket. Outside edge wrapped in high-resiliency foam.

Wood Legs: Four turned maple or ash hardwood legs, secured into steel assembly with mortise-and-tenon leg attachment. Legs mechanically fastened into steel assembly, inset into rigid urethane bucket. Wood legs taper narrower from top to bottom.



Glides: Nickel-plated steel.

Metal Lounge Base: Four-star metal base, standard with return-to-center cylinder, at a fixed seat height. Comes with low-profile swivel tilt control, with tilt lockout.

Metal Ottoman Base: Four-star metal base, standard with fixed post, at a fixed seat height.

BIFMA Rating:

ANSI/BIFMA X5.4 2020
(275lb Weight Rating)

6	357	**15**	1,172	**24**	2,321		
7	440	**16**	1,276	**25**	2,530		
8	525	**17**	1,381	**26**	2,738		
9	608	**18**	1,485	**27**	2,948		

Frame

1		**10**	807	**19**	1,854	**L1**	1,357
2	76	**11**	904	**20**	1,975	**L2**	2,464
3	148	**12**	1,002	**21**	2,098	**L3**	3,795
COM/4	221	**13**	1,122	**22**	2,219	**L4**	4,903
5	318	**14**	1,244	**23**	2,463	**L5**	6,011
6	416	**15**	1,368	**24**	2,707		
7	514	**16**	1,489	**25**	2,951		
8	611	**17**	1,610	**26**	3,193		
9	709	**18**	1,733	**27**	3,439		

To calculate price of lounge with different fabric for cushion and frame; start with Grade 1 price, add appropriate grade price located in second row for cushion, and last add appropriate grade price located in third row for frame to the sum of the Grade 1 and cushion price.

Example: Grade 1 $4,518 + grade 4 fabric cushion $191 + grade 2 fabric frame $76 = $4,785

Select upholstery for everything else other than the seat and back cushions (the outside back, arms, sides, seat frame). You can specify the same fabric as the cushions or select other fabric.

6	630	**15**	2,069	**24**	4,098		
7	776	**16**	2,254	**25**	4,468		
8	925	**17**	2,437	**26**	4,836		
9	1,074	**18**	2,623	**27**	5,205		

To calculate price of lounge with different fabric for cushion and frame; start with Grade 1 price, add appropriate grade price located in second row for cushion, and last add appropriate grade price located in third row for frame to the sum of the Grade 1 and cushion price.

Example: Grade 1 $7,144 + grade 4 fabric cushion $396 + grade 2 fabric frame $114 = $7,654

Select upholstery for everything else other than the seat and back cushions (the outside back, arms, sides, seat frame). You can specify the same fabric as the cushions or select other fabric.

GK1103-3W Low back, armless, Wood legs	**1** 6,201

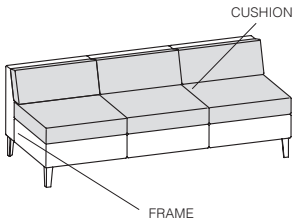
dimensions	W	D	H
Overall	73 5/8"	31 1/2"	27 7/8"
Seat	73"	21"	17 1/4"

Upholstery Requirements: GK1103-3W

	Dual Upholstery	
Fabric yds	Cushions 4.4	Frame 3.2
Leather ft²	Cushions 101.2	Frame 73.6
Shipping weight		161 lbs.
Cube		78.5

Cushion

1		**10**	1,044	**19**	2,401	**L1**	1,598
2	96	**11**	1,170	**20**	2,558	**L2**	2,916
3	193	**12**	1,296	**21**	2,717	**L3**	4,500
COM/4	286	**13**	1,455	**22**	2,874	**L4**	5,820
5	412	**14**	1,611	**23**	3,190	**L5**	7,140
6	539	**15**	1,771	**24**	3,506		
7	666	**16**	1,927	**25**	3,820		
8	792	**17**	2,084	**26**	4,137		
9	918	**18**	2,243	**27**	4,453		



To calculate price of lounge with different fabric for cushion and frame; start with Grade 1 price, add appropriate grade price located in second row for cushion, and last add appropriate grade price located in third row for frame to the sum of the Grade 1 and cushion price.

Example: Grade 1 $6,201 + grade 4 fabric cushion $286 + grade 2 fabric frame $72 = $6,559

Frame

1		**10**	759	**19**	1,747	**L1**	1,162
2	72	**11**	851	**20**	1,863	**L2**	2,121
3	140	**12**	944	**21**	1,976	**L3**	3,274
COM/4	210	**13**	1,057	**22**	2,091	**L4**	4,235
5	301	**14**	1,173	**23**	2,321	**L5**	5,194
6	393	**15**	1,286	**24**	2,551		
7	486	**16**	1,402	**25**	2,779		
8	576	**17**	1,519	**26**	3,009		
9	668	**18**	1,632	**27**	3,239		

Select upholstery for everything else other than the seat and back cushions (the outside back, arms, sides, seat frame). You can specify the same fabric as the cushions or select other fabric.

Cushion

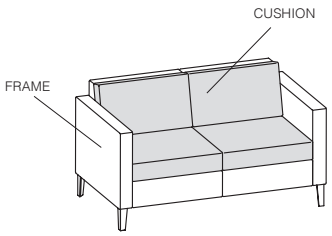
1		**10**	689	**19**	1,583	**L1**	1,054
2	64	**11**	771	**20**	1,687	**L2**	1,924
3	128	**12**	854	**21**	1,791	**L3**	2,967
COM/4	190	**13**	959	**22**	1,895	**L4**	3,837
5	273	**14**	1,063	**23**	2,104	**L5**	4,706
6	356	**15**	1,166	**24**	2,311		
7	439	**16**	1,272	**25**	2,520		
8	523	**17**	1,376	**26**	2,726		
9	605	**18**	1,480	**27**	2,935		



To calculate price of lounge with different fabric for cushion and frame; start with Grade 1 price, add appropriate grade price located in second row for cushion, and last add appropriate grade price located in third row for frame to the sum of the Grade 1 and cushion price.

Example: Grade 1 $5,696 + grade 4 fabric cushion $190 + grade 2 fabric frame $85 = $5,971

Select upholstery for everything else other than the seat and back cushions (the outside back, arms, sides, seat frame). You can specify the same fabric as the cushions or select other fabric.

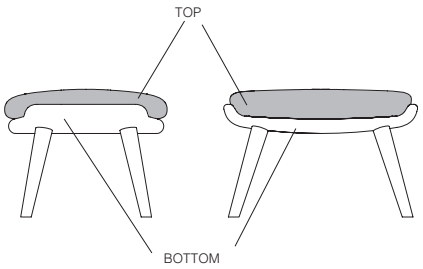
GLIRS17-081 Dual upholstery ottoman, wood legs	**1** 2,075

dimensions	W	D	H
Overall	21 3/4"	17 3/4"	15 1/4"

Upholstery Requirements: GLIRS17-081

	Dual Upholstery	
Fabric yds	Top 0.6	Bottom 1
Leather ft²	Top 10.2	Bottom 17
Shipping weight		20 lbs.
Cube		5.4

Top



1		**10**	145	**19**	329	**L1**	156
2	15	**11**	163	**20**	352	**L2**	287
3	27	**12**	178	**21**	372	**L3**	448
COM/4	42	**13**	201	**22**	394	**L4**	579
5	59	**14**	221	**23**	437	**L5**	712
6	76	**15**	245	**24**	480		
7	93	**16**	265	**25**	523		
8	110	**17**	286	**26**	566		
9	128	**18**	309	**27**	610		

To calculate price of lounge with different fabric for Inside and Outside, start with Grade 1 price, add appropriate grade price located in second row for Top, and last add appropriate grade price located in third row for Bottom to the sum of the Grade 1, Top/Bottom price.

Example: Grade 1 $2,075 + grade 4 fabric Top $42 + grade 2 fabric Bottom $23 = $2,140

INTRODUCTION

The Gunlocke Company is dedicated to providing the finest products and service possible. This price list reflects that commitment. Included is a current listing of our casegood models.

Seating and Lounge are presented in a separate price list. Contact your Gunlocke Customer Services Representative for more information, (800) 828-6300.

Designed for easy use, each page of this price list, and the inside front cover fold out provide all information required to order a product correctly. Should additional information be needed, contact your Gunlocke customer service representative.

PRICING

Prices shown cover standard product specifications. Any changes or alterations, other than those listed, will be subject to an additional charge. Prices include cartoning and freight. Authorization and pricing must be secured in advance for orders or contracts calling for large quantities, indefinite quantities, or extended delivery dates. Prices are subject to change without notice; the most current prices are published on http://www.gunlocke.com.

ORDERING

To expedite order entry and to assure proper service, email or fax all orders directly to:

The Gunlocke Company
Attn: Order Entry
One Gunlocke Drive
Wayland, New York 14572

585-728-5111
585-728-8350 FAX
800-828-6300
www.gunlocke.com

Gunlocke will not be responsible for duplicate orders if purchase orders are left unmarked.

ACKNOWLEDGEMENT

Each order will be acknowledged by Gunlocke. Customers should check each acknowledgment for accuracy and immediately notify Gunlocke of any discrepancies. The printed acknowledgment is the final agreement between The Gunlocke Company and the customer, superseding all previous communications regarding the order.

SPECIFICATION CHANGES

Gunlocke reserves the right to change specifications for the improvement of products at any time, without notice.

ORDER CHANGES

Gunlocke is not required to accept changes in orders after confirmation. Reasonable changes are subject to additional charges for labor, material and administrative costs.

Order changes of acknowledgment may result in re-scheduling of product.

RETURNED MERCHANDISE

No merchandise may by returned without prior authorization.

SHOWROOMS

For all showroom locations and tour information, please reference the showrooms page online at: www.gunlocke.com/inspiration/showrooms

CANCELLATIONS

Cancellation of orders cannot be accepted since every order is manufactured according to customer specifications.

STORAGE

If delivery cannot be made and products are ready, Gunlocke will transfer products to a storage facility and products will be invoiced at that time. The customer is responsible for storage charges and assumes and bears all risks associated with the storage of that product.

TERMS

Net 30 days from date of invoice. A service charge of eighteen percent (18%) per year or .0004931% per day, compounded monthly, will be added to balance due beyond the thirtieth day. Products are shipped FOB factory, freight prepaid and allowed. Title passes to purchaser and Gunlocke's responsibility ceases when shipment is accepted for transportation by a carrier. A full explanation of all payment terms is found on order and invoice forms.

ORDERING INFORMATION

1a. Intended use: The furniture on this schedule is intended for use by Government executives (or equivalent military rank) in the Executive, Judicial and Legislative Branches of the Federal Government. To help customers make a good purchasing decision based on their needs and budget, GSA has established four grades of furniture. Grade (1) includes furniture that tends to be the most expensive on this schedule, grade (2) furniture tends to be more moderately priced and grades (3) and (4) furniture tend to be affordably priced when compared to grades (1) and (2). Some pieces of furniture on this schedule may be significantly higher in price than GSA Traditional and Contemporary Executive Special Order Program furniture. The ordering agency or service is responsible for determining furniture appropriate for use in its offices which will fit within its budget and comply with applicable Federal or internal agency procurement regulations. Please see reverse for GSA terms and conditions.

GSA/FEDERAL CONTRACT INFORMATION:

Model numbers identified with the following verbiage “When purchased separately without a configurable TAA compliant end product, not on GSA contract” is to mean that these configurable parts or components:

- Have no functionality or capability without being integrated into an end product; and
- Are considered Open Market if purchased without a configurable TAA compliant end product.

Grade 1 All exposed solid parts such as top rims, base rails etc. (except decorative accents and inlays) shall be the same species as the face veneer. Top and bottom edges of drawer fronts shall be solid wood in the same species as the face veneers. Drawer sides and backs shall be solid wood.

Grade 2 Exposed wood panel trim and trim on tops shall be the same wood species as the face veneer on the top. Some or all other exposed solid parts, such as base rails can be an alternative wood species (such as poplar or gum) different from the face veneers. Exposed, finished engineered wood core material such as MDF is acceptable only for the edges of drawer fronts. Drawer sides shall be solid wood or veneer core plywood/laminated construction. Silea is grade 2.

Grade 3 Most or all exposed solid parts can be an alternative wood species (such as poplar or gum), different from the face veneers. Exposed, finished engineered wood core material such as MDF is acceptable only for the edges of drawer fronts. Drawer sides shall be solid wood or veneer core plywood/laminated construction. Credentials, and all tables are grade 3.

Grade 4 Most or all exposed solid parts can be an alternative wood species (such as poplar or gum), different from the face veneers. Exposed, finished engineered wood core material such as MDF is acceptable only for the edges of drawer fronts. Drawer sides shall be composite wood material construction such as MDF. Trio is grade 4.

ITEMS ON GSA CONTRACT

Please note, in order to verify if an item is on GSA Contract or is “Open Market,” please use Compass quoting which is updated in real time with all GSA contract changes. If you need additional assistance, please contact your local sales representative.

For more information visit: https://www.allsteeloffice.com/insights/sustainability/product-certifications.

12 YEAR WARRANTY

Subject to the limitations set forth below. The Gunlocke Company warrants to the original purchaser all product in this price list to be free from defects in material and workmanship for a twelve year period from the date of shipment. This 12-year warranty applies to all products sold and installed by a Gunlocke authorized agent for normal commercial single shift service. Gunlocke will repair, or at its option, replace defective merchandise, free of charge. The following components not manufactured by Gunlocke have the following warranties:

- **High wear components** such as casters and glides are warrantied for five years after date of shipment to original owner.
- **Electrical components** are warrantied 10 years from date of manufacture with exception of lamps and ballasts which are not warrantied. This includes Fluorescent Tasklights.
- **LED tasklights** are warrantied for 3 years from date of shipment to original owner.
- **Drawer suspensions** are warrantied for lifetime of product after shipment to original owner.
- **Personal corners** including covering (leather) are warrantied for three years of single shift and normal use after shipment to original owner.
- **Height adjustable electrical components** are warrantied for 7 years of single shift and normal use after shipment to original owner.

Any non-standard material selected by the customer is not warrantied. Neither does this warranty apply to damage resulting from accident, alteration, or misuse, as well as damage from normal wear and tear such as dents, nicks, scratches, fading and improper maintenance. That is, Gunlocke's warranty is only valid if products are given proper use and care. Gunlocke assumes no responsibility for product damages resulting from improper installation or user modification.

WOOD FURNITURE

Wood owes its inherent beauty to variations in color, grain, and texture, and therefore, these variations are not considered defects. There may be minor variations from one piece of furniture to the next even though they are finished at the same time. Exposure to light and the aging process will cause a darkening of natural wood products. Light finishes on wood products do not mask the natural characteristics of wood. The Gunlocke Company does not guarantee the exact matching of grain, pattern, and color.

These finishes do not cover any of the natural characteristics of the wood, including nature's colorations, pitch pockets, and the variations of steam-bent wood. Merchandise will not be replaced because of these natural variations.

It is expressly understood and agreed that the buyer's sole and exclusive remedy for any and all losses or damages resulting from nonconforming goods, or from any other cause, shall be repair or replacement of defective parts, and that Gunlocke shall not be liable for damages or injury to persons or property, nor for replacement of the entire commercial unit, if repair or replacement of defective parts can reasonably render the unit conforming.

All warranty claims must be made in writing by the original owner. Owner may be required to produce the invoice or other evidence to establish that a claim is within the warranty period. Warranty claims may be submitted on the Gunlocke website.

As stated and illustrated on the website, serial numbers are required to process a warranty claim. No person, firm or corporation is authorized to assume for Gunlocke any liability in connection with the sale or installation of Gunlocke products except as stated above.

All other warranties, expressed or implied, are excluded. Gunlocke shall not be liable for incidental or consequential damages of any sort.

Within the Continental USA, all orders above $20,000 list are shipped FOB factory, freight prepaid and allowed. All orders less than $20,000 list will be subject to a $200 net freight charge. Products shipped to Alaska and Hawaii FOB factory, freight prepaid and allowed to port of embarkation. Customer is responsible for freight charges from port of embarkation to final destination.

An anticipated shipping date is indicated on the order acknowledgment. Gunlocke cannot accept responsibility for shipping delays caused by outside sources or unforeseen problems. Delay of shipments requested by customers must be approved by Gunlocke. Any resultant storage charges will be charged to the customer.

Gunlocke may await completion of the entire order and ship all at once or may make partial shipments from time to time at its sole discretion unless the customer requests in writing that partial shipments are needed and Gunlocke approves the specific shipping schedule. Additional charges may apply.

Gunlocke is not liable for any delay or failure to deliver or perform due to strikes, lock-outs, or other labor or transportation difficulties, delay of sources or supply, accidents, fires, acts of God, or any other causes of like or unlike nature beyond the control of Gunlocke.

LIABILITY

Gunlocke products and their packaging are tendered to a transportation company only after passing rigid quality control inspection. At that time, title to the product is passed to the purchaser. However the transportation company assumes all liability from acceptance of shipment through its delivery. That is, Gunlocke's liability ceases at the time of shipment.

FILING OF CLAIMS

All claims for damage or loss must be submitted via our website within 15 days after receipt of merchandise. Do not return freight damaged merchandise to Gunlocke. Follow the steps below to expedite processing and resolution of claims.

For Visible Damage

1. Make damage notation on delivery receipt and have driver sign. Do not reject or refuse the shipment.
2. Immediately contact Gunlocke Traffic Department at 585-728-8268.
3. Hold damaged carton and all interior packing for carrier's inspection. These materials will be needed to substantiate the claim.

For Concealed Damage

1. Open cartons within 15 days of receipt and inspect.
2. Follow steps 2, and 3 as listed under Visible Damage.
3. Do not remove product from delivered destination.

For Loss

1. Be sure loss notation is made on delivery receipt and have driver sign.
2. Contact Gunlocke Distribution at 585-728-8268.

Should transportation company seek to limit its liability on concealed, loss, or damage claims, please contact Gunlocke's traffic department. After a thorough investigation of the claim, the traffic department will provide you with guidance in corresponding with the carrier.

Returned merchandise, regardless of delivery method, will not be accepted unless specifically authorized by Gunlocke.

For Damage or Loss of Parcel Post or UPS Shipment

Notify Gunlocke distribution immediately at 585-728-8268.

NORMAL DELIVERY

All normal ground transportation by Gunlocke will be made on a dock-to-dock basis. The Gunlocke traffic department will determine the recommended method of shipment according to the ship to destination. If the delivery on a shipment takes longer than 2 hours to be unloaded, an additional charge will be billed at $60/hour at 15 minute increments. Gunlocke reserves the absolute right to determine the method of shipping unless special delivery instructions have been previously approved.

Gunlocke will make every effort in honoring delivery requests as stated on orders. However, the Company shall have no liability for failure to deliver, perform or delay in delivery due to any cause outside the control of Gunlocke. The Company assumes no liability for costs incurred due to delayed or late deliveries.

If a guaranteed delivery time is needed please call Gunlocke Traffic Department at 585-728-8268 for a quote as additional charges will apply. Weekend or after hours deliveries are subject to additional charges.

WEEKEND DELIVERY

A $500 charge will apply on weekend delivery after 3:00 PM Friday through Sunday evenings.

DROP SHIP / JOB SITE DELIVERY

Orders under $50,000 list will incur a $125 charge for ship to locations other than a designated dealer warehouse.

INSIDE DELIVERY

Inside delivery must be noted on order. A minimum $100 charge will apply.

SPECIAL DELIVERY

Please contact the Gunlocke traffic department for special delivery services such as inside delivery, weekend or after hour deliveries, reconsignment or other special needs. These are billable services.

Gunlocke will make every effort in honoring delivery requests as stated on orders. However, the Company shall have no liability for failure to deliver, perform or delay in delivery due to any cause outside the control of Gunlocke. The Company assumes no liability for costs incurred due to delayed or late deliveries.

DOCK RESTRICTIONS

Gunlocke trailers are 53' x 102"; when attached to truck cab the total length is 75'. If delivery dock will not accommodate trucks of this sizes, the Gunlocke traffic department must be contacted prior to shipping. Alternate arrangements can be made; additional charges may apply.

VENEERS

All exposed wood surfaces utilize flat cut, rift cut, or straight grain Stratawood (FSC reconstituted veneer), flat cut Cherry, Maple, Walnut veneers, quarter cut Walnut, or Rift Oak veneers. Stratawood veneer is made from rapidly renewable wood veneer, which provides a repeatable grain pattern. Stratawood veneers are available in flat cut Cherry, flat cut Walnut, or Rift Oak at veneer 1 pricing and in straight grain Cherry, Maple, Walnut, Oak, Silver Oak, or Washed Walnut at veneer 2 pricing. Veneers can be specified in vertical or horizontal orientation. All veneers are carefully selected and matched to assure balance and consistency.

SPECIALTY FINISHES

- Submit a color sample block (minimum size 3" x 3") to Gunlocke so that a finish formulation can be developed to match the special finish and color.
- Review the approval sample provided by Gunlocke.
- Written approval and sign off is required for Gunlocke Customer Service.
- Once written approval and sign off is received, the special finish order will be acknowledged.

Note: See our Website at Gunlocke.com for special finish request forms.

All Casegoods & Tables Purchase Orders:

- 10% list upcharge per wood unit to specified veneer option receiving special finish.
- $250 net formulation fee for special finish.

Locks are standard on all below worksurface storage units. Closets and overhead storage are optional locking.

STANDARD OPTIONS

- **Random Keying:** Key(s) arbitrarily assigned and installed at the factory. Factory installed locks are silver.

  Note: When the random option is selected, some units may be shipped with the same key number.

- **Omit Lock Core:** The factory will omit lock cores. Removable lock core kits with specific key numbers must be ordered to facilitate keying alike in the field. A lock program must be specified. Field installed locks are available in Matte Silver, Black, Pyrite, Matte Gold, and Designer White.

KEYING

Random Matte Silver Keying (Factory Installed)	**STD**	
Omit Lock Core (Field Installed)	**OMT**	(If option is chosen, a field installed lock program must be specified)

LOCK PROGRAM (FIELD INSTALLED ONLY)

Random Keying	**X**
Specified Keying	**X101 - X225**
Sequential Keying	**SEQ/101 - SEQ/225**

KEYING COLOR (FIELD INSTALLED ONLY)

Matte Silver	**MTS**
Black	**BLK**
Matte Gold	**MGD**
Pyrite	**PYT**
Designer White	**PJW**

REPLACING LOCK CORES

- Lock must be in the unlocked position.
- Insert core removal key and pull core straight out.
- Insert new core with core removable key, hold core into lock and withdraw core removal key.
- Retain original core for future use.

FIELD INSTALLED LOCK PROGRAMS

For field installed locks, the "Omit Lock Core" option must be chosen. Then, specify lock model based on total quantity of lock cores within each office. To ensure ease of ordering for a variety of situations, lock cores can be specified in 3 ways – Random, Specified or Sequential.

LOCKING MODELS	DESCRIPTION	LIST
GLKFE1	1 core, 2 keys	$20
GLKFE2	2 core, 2 keys	$25
GLKFE3	3 core, 2 keys	$31
GLKFE4	4 core, 2 keys	$36
GLKFE5	5 core, 2 keys	$42

Note: When purchased separately without a configurable TAA compliant end product, not on GSA contract.

Note: One core removal key minimum per order. One additional core removal key per 25 lock cores will be shipped.

MASTER KEY

One key available to authorized dealers **GLKMSTR** **$13**

Note: When purchased separately without a configurable TAA compliant end product, not on GSA contract.

KEY NUMBERS 101-225 ARE AVAILABLE.
Orders without key numbers will be specified at random.

RANDOM KEYING (FIELD INSTALLED)

The Random Keying option is provided for instances where there are multiple orders or phases to a project and the offices need to be keyed alike but the key numbering is not required. With the random keying option, key numbers are not specified. However, the core kits will be in sequential order from a random starting point.

RANDOM KEYING EXAMPLE

• There are 18 offices which have 3 black locks that need to be keyed alike, but the key number is not important.

Model String:

GLKFE3.	**BLK.**	**X.**	**18**
Model	*Color*	*Program*	*# of Offices*

SPECIFIED KEYING (FIELD INSTALLED)

The Specified Keying option is provided for instances where there is a specific key number desired for all of the cores ordered.

SPECIFIED KEYING EXAMPLE

• There are 6 offices which have 2 silver locks that need to be keyed alike with the key number 202.

Model String:

GLKFE2.	**MTS.**	**X202.**	**6**
Model	*Color*	*Program*	*# of Offices*

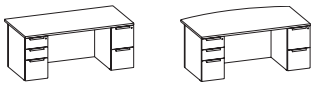
SEQUENTIAL KEYING (FIELD INSTALLED)

The Sequential Keying option is provided for instances when there are multiple orders or phases to a project and it is imperative that key numbers are not duplicated..

SEQUENTIAL KEYING EXAMPLE

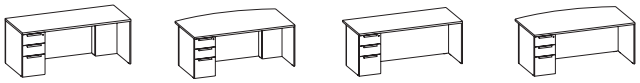
• A multiple phase project has 100 offices - 60 in the first phase with 4 locks, 40 in the second phase with 3 locks. No key number can be duplicated.

Model String (First Phase):



GLKFE4.	**PYT.**	**SEQ/101.**	**60**

Model String (Second Phase)



GLKFE3.	**PYT.**	**SEQ/161.**	**40**
Model	*Color*	*Program*	*# of Offices*

ATTRIBUTE	FEATURE	ADVANTAGE
STYLE/DESIGN	Refined Aesthetic Range	• Application solutions for solo, team and community spaces • Empowers design choice through a flexible aesthetic range • Complete integration of components and functionality options • Curated and compatible materials and finish options embrace diverse styling options • Attention to detail • High level of space customization & functionality • Variety of metal pull options, along with integral pull on wood • Interchangeability of materials provide design flexibility
	Hand Selected Veneer	• Quarter cut walnut • Flat cut cherry, maple and walnut • Rift cut oak • Stratawood veneer (horizontal or vertical orientation)
	Mixed Material Solutions	• 11 woodgrain laminates • 3 solid laminates • 6 back painted glass options • 5 solid surface options • 5 metal finish colors
SCALABILITY	Size & Scale Aesthetic Cost	• Flexibility in material options and components allow for a variety of product planning solutions to meet customer requirements • Standard height and layers height • Application versatility from enclosed spaces to team collaborative settings to community gathering areas
FUNCTIONALITY	Unlimited Outcomes	• High-performance workplaces driven by integration, agility, choice, and aesthetic options.
	Integrated Height Adjustability Solutions	• Mixed material, full modesty and half modesty desks & extensions • Sit to stand bridges, returns and credenzas • Shrouded height adjustable t-bases
		• Layers application sit to stand solutions
	Soft Close Suspensions & Hardware	• Soft close drawers and hinges on all materials
	Magnetic Tack zone	• Back painted glass, wood tack zones provide a magnetic surface for posting papers and magnetic accessories
	Personal Corner	• Creates an ergonomic corner for use
	Collaborative Worksurface Shapes	• Media, sightline and guitar pick tops provide collaborative solutions in the private office or open areas • Integration of private office components that enable effective meeting spaces
	Workwall Solutions	• Progressive meeting office option that allows for collaboration and personalized space • Fits in private office applications or can be pulled into open areas
TECHNOLOGY INTEGRATION	Grommets	• Rectangular grommets in desks and credenzas • Three grommet positions - closed, small opening for cords, larger opening for monitor arms
		• Cutout can utilize a power unit to bring technology to the surface
	Wall Access Panels	• Hinged wall access panels provide simple, clean wire management and access to cords
	Laptop Drawer	• Incorporated into layers applications under runoff worksurfaces to provide technology storage and power to the user and guest
	Lighting	• Optional high-efficiency LED task lighting • Low energy usage

ATTRIBUTE	FEATURE	ADVANTAGE
TECHNOLOGY INTEGRATION	Grommets	• Rectangular grommets in desks and credenzas • Three grommet positions - closed, small opening for cords, larger opening for monitor arm • Cutout can utilize a power unit to bring power to the surface
	Wall Access Panels	• Hinged wall access panels provide simple, clean wire management and access to cords
	Laptop Tray	• Incorporated into layers applications under runoff worksurfaces to provide technology storage and power to the user and guest
	Lighting	• Optional high-efficiency LED task lighting • Low energy usage
STORAGE	Storage Locker	• Provides side access shelving for easy access for the user • Hidden coat hook and personal storage • Door available in wood and laminate • Back Painted Glass doors serve as a whiteboard with a kickstand for collaborative meetings
	Wall Mount and Surface Mount Overheads	• Hinged and sliding doors • Wood models have back painted glass door option • Mix of open and closed storage
	Hidden Accessory Drawers	• Provides clean lines and fewer fronts • Maximize space usage in drawers
SUSTAINABILITY	Designed for the Environment	• FSC certified products available • FSC reconstituted veneer • SCS Indoor Advantage™ Gold Certification • High percentage of recycled content - greater than 43% • BIFMA level® 3 certified • Contribution to LEED V4 and WELL V1 • Energy Efficient LED Task lighting
DURABILITY	Gunlocke Craftsmanship	• High attention to detail, fit, finish and refinement across all material options
PRICE/VALUE	Budget Flexibility	• Range of basic to premium options and materiality choice provides a broad price range to accommodate solutions without sacrificing design or functionality
	Value	• 12-year warranty • Quality/value built into product throughout the manufacturing process

VENEERS

All exposed wood surfaces utilize flat cut, rift cut, or straight grain Stratawood (FSC reconstituted veneer), flat cut Cherry, Maple, Walnut veneers, quarter cut Walnut, or Rift Oak veneers. Stratawood veneer is made from rapidly renewable wood veneer, which provides a repeatable grain pattern. Stratawood veneers are available in flat cut Cherry, flat cut Walnut, or Rift Oak at veneer 1 pricing and in straight grain Cherry, Maple, Walnut, Oak, Silver Oak, or Washed Walnut at veneer 2 pricing. Veneers can be specified in vertical or horizontal orientation. All veneers are carefully selected and matched to assure balance and consistency.

VENEER TOPS

Wood veneer tops feature 3-ply construction and are comprised of a premium 1.125" thick substrate. Tops are available with a square edge profile and are constructed of 45 lb. density particleboard. Tops are faced with premium veneer and backed with a polymer resin impregnated moisture resistant material. Rectangular tops utilize 2mm solid wood edgebands that are species matched except for Rift Cut Oak which is paired with solid ash hardwoods. Non-rectangular tops utilize matching 1mm edgebands that are doubled up for added durability, creating a total thickness of 2mm.

LAMINATE

The standard laminate offering includes solid and woodgrain laminates from Wilsonart. Laminate tops feature a high pressure laminate (HPL), a balanced 3-ply construction and are comprised of a 1.125” thick substrate. Tops are available with a square edge and are made with 45 lb. density particleboard. Laminate tops have a 2mm matching vinyl edgeband on all sides. Chassis and storage components feature a thermally fused laminate (TFL).

For complete technical specifications, visit www.wilsonart.com.

SOLID SURFACE TOPS

Solid surface tops with plywood subtops are a total of 1.25” thick. Tops are constructed with 0.5” solid surface material applied to premium 0.75” plywood with a built up softened edge detail. Solid surface has a matte finish.

BACK PAINTED GLASS

Back painted glass is captured by an extruded aluminum mitered frame. The frame is low profile, allowing only a 0.063” visible frame around the perimeter of the glass from the front view. Aluminum frames are powder coated to match the color of the glass option chosen. Back painted glass is 4mm thick and whiteboard applications include a steel backer for use with magnets – 6 magnets are included with each whiteboard. Back painted glass has a clear glossy finish for use as a writable surface and can be used with dry-erase markers. Whiteboards are mounted to the wall with a z-bracket connection.

CHASSIS & PEDESTAL CONSTRUCTION

All chassis are constructed with a mixture of 3/4" thick balanced 3-ply panels and 3/4" thick panels. Panels are securely fastened together using cam-lock fasteners and dowels. Steel glide plates are attached to single end panels with screws. End panels are pre-bored to accept the stem of the glide. The threaded steel glide plate provides a durable connection from glide to end panel.

Each unit is equipped with a minimum of four adjustable glides.

OVERHEAD CABINET CONSTRUCTION

All cabinets are constructed with a mixture of 0.75" thick balanced 3-ply panels and 0.75” thick MDF panels. Wood panels are securely attached with hidden fasteners and dowels, and are securely adhered with PVAc-dispersion adhesive. All laminate panels are securely fastened together using cam-lock fasteners and dowels.

All surface mount cabinets connect to worksurface with double-sided adhesive tape.

Wall mount cabinets are mounted to the wall with a spade and “z” bracket attachment method. Spade brackets are securely mounted through the back of wall mount cabinets. All units ship with a steel z bracket. This bracket is mounted to the wall by field installers. Installers are responsible for selecting and supplying appropriate fasteners for wall conditions.

GLIDES

Glides provide 1.125” of vertical leveling adjustment. Glide bottom is durable non-rust nylon.

TACKBOARDS

Tackboards are constructed of 0.875" thick material comprised of a 0.125" thick hardboard glued in between a layer of 0.375" thick pressboard on each side. The fabric is precisely aligned and fitted to the tackboard and adhered to the rigid hardboard with staples.

DRAWERS

All drawers are constructed of four sides and a bottom, which are attached to a drawer front with screws for easy removal. Drawer fronts feature matched veneer within each pedestal set. The drawer side material is 3-ply 12mm vinyl wrapped particleboard and are miterfold construction. The bottom material is a 3-ply substrate consisting of vinyl wrapped high density fiberboard core.

SUSPENSIONS

Suspensions utilize cold rolled steel, zinc plated, high-grade drawer suspensions. Box drawers are full extension, featuring precision steel ball bearings for a smoother, quieter range of motion and are load rated for 120 lbs. File drawers are full extension, featuring precision steel ball bearings

for increased weight capacity and are load rated for 120 lbs. Lateral file suspensions are load rated for 150 lbs. and include an anti-tip mechanism that prevents both drawers from being opened at the same time. All suspensions are soft close and are warranted for the lifetime of the product.

HINGES

Doors with metal pulls include a 105° hinge with an integrated soft-close mechanism. Doors with touch latch utilize a 110° hinge. Hinges are fully adjustable.

FILING

The file hanging system is an integral part of the drawer. A highly durable black plastic extrusion is securely fastened into a rout on the top of the drawer. The plastic extrusion was designed to promote optimum filing capacity within the drawer while providing a durable, reliable and maintenance free filing system. (See filing capability section for technical information on drawer dimensions).

LOCKS

Locks are standard on all desks, credenzas, returns, modular pedestals, and storage units. Locks are optional on closets and overhead cabinets. Each pedestal is independently locked.

Keying is available either random (factory installed), or omit (field installed).

When “Random Keying” is chosen, the factory will assign key(s) arbitrarily. Factory installed lock cores will be matte silver.

When “Omit Lock Core” is chosen, the factory will omit lock cores and locks will be field installed. A keying program must be chosen - Random, Specified, or Sequential – to specify keys. Field installed locks will be available in matte silver, black, pyrite, and matte gold.

WIRE MANAGEMENT

Wire management capabilities include optional worksurface grommets that can house cords, a monitor arm, or be replaced with a power unit to bring technology to the worksurface. Cavities in the back of pedestals, removable panels, and wall access panels can be used for cord concealment and management.

Under worksurface wire managers (Model # ACWM) are sold separately to conceal wires between pedestals. These units house and manage wires horizontally around a station.

POWER

Power units are available in three sizes and are offered as surface mount, under worksurface mount, and clamp mount units. Available in black, white or silver, power units incorporate a combination of power, USB power, and data integration. Each enclosure is rated for 15 amp, 125 volt. Units can be specified with 10' standard plug or 6' hardwire conduit option. Unit is field installed. UL Listed. USB charging ports are 2.1 amps per port. For information on each model, reference the “Power Units” page in the price book.

MAGNETIC ACCESSORIES

Magnetic accessories include imbedded magnets and can be positioned anywhere on magnetic tackzones and back painted glass tackzones/whiteboards. The accessories provide quick access to files, pencils, and other work utensils.

PERSONAL CORNER & DESKPADS

Personal corners can be used between two perpendicular worksurfaces to create an ergonomic corner for user. Deskpads are used in-line. All units are wrapped in leather or vinyl. The bottom surface has a felt lining to protect the worksurface. The chassis is made from 10-gauge aluminum. Personal corners are 36W x 12.5D. Deskpads are 36W x 18D. Units are designed to fit over 1 1/8” worksurfaces.

LIGHTING

LED lighting provides high efficiency, low energy lighting with a long life. All LED lights are encased in a silver aluminum extrusion and include a built-in switch to turn the light on/off with a dimming feature. Lights are field installed. All units include a standard plug.

- Low profile strip light 0.625”H x 0.75”D
- Power: 2.92W / Foot
- LED’s per meter: 120
- Color Temp: 3000K
- Certification: UL Listed
- GSA and TAA compliant

HEIGHT ADJUSTABLE

Height adjustable components include:

- Qty (2) height adjustable lifting columns
- Qty (1) control box
- Qty (5) keypad options from basic to premium
- Qty (2) cables connecting lifting columns to control box
- Qty (1) standard plug power cable to connect control box to power source

Lifting columns are rated for 225 lbs. dynamic load per column and are connected to tops using steel support brackets. Height range is 29" to 42.5". Each control box is powered by 120V / 60Hz. 2 lifting columns may draw approximately 1.5 amps total maximum under full load. Standby power is 0.1W.

WORKWALLS

WorkWalls include wall mounted, wall mounted with wall access panels, stack on, and freestanding versions. Incorporating both a collaborative side and personal side, WorkWalls utilize a back painted glass sliding door that can serve as a whiteboard and be secured with a digital lock. The digital lock incorporates a keypad and smartphone app, along with 2 standard USB ports for emergency power jump and battery charging.

FINISH

Natural veneer is subject to nature's quality control. Each species will exhibit differences in grain pattern and tone. This is to be expected and, in fact, contributes to the beauty and individuality of each product. Flat Cut veneers emphasize the variations of wood by exhibiting cathedrals in the grain pattern. Quarter Cut and Rift Cut veneers are a premium cut that maintains variations in the grain but without cathedral patterns. Stratawood is a natural, FSC®-certified reconstituted veneer that is designed to exhibit a consistent grain pattern and is available in either a straight grain or cathedral pattern.

Our proprietary wood finish system utilizes a combination of topcoats engineered for the various applications found in the furniture industry. It is exceptionally clear and durable, and allows the beauty of wood to show through. The durability, depth, clarity, and beauty of our wood finishes meet the high expectations of our customers, and meet or exceed indoor air quality (IAQ) standards. All colors and species are not available on all products. Please refer to front cover of price lists for availability of finishes.

CLEANING CLEARTECH™ FINISH

Dust with a damp cloth. Remove fingerprints or soiling with mild solution; 3 parts water with small amount of mild dish detergent. Apply solution with spray bottle, wipe clean and dry with soft cloth. Note: Do not use furniture polishes containing oil, wax, or silicone, which can produce an oily film or haze.

CLEANING LAMINATE

Dust with a damp cloth. Remove fingerprints or soiling with mild solution; 3 parts water with small amount of mild dish detergent. Apply solution with spray bottle, wipe clean and dry with soft cloth. Note: Do not use furniture polishes containing oil, wax, or silicone, which can produce an oily film or haze.

For specific cleaning instructions on Wilsonart laminates, please visit www.wilsonart.com.

CLEANING GLASS

Dust with a damp cloth. Remove fingerprints or soiling with mild solution; 3 parts water with small amount of mild dish detergent. Apply solution with spray bottle, wipe clean and dry with soft cloth.

CLEANING SOLID SURFACE

Using a damp sponge or cloth, use warm soapy water, an ammonia-based household cleaner, or a dedicated countertop cleaner to clean solid surface. Rub over area using small circular motions, from the front to the back, then side to side, overlapping the circles until the entire area has been cleaned. Rinse the top thoroughly with clean water and wipe surface completely dry.

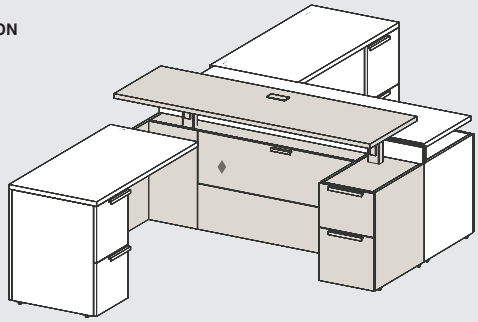
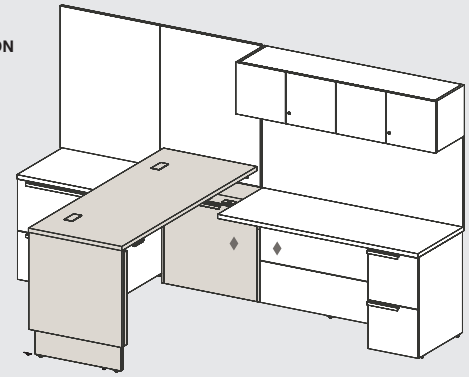
HEIGHT ADJUSTABILITY

Integrated height adjustability enables the healthful rotation of working posture. The virtually concealed electric mechanism supports the quiet and easy transition to standing. Sit-to-stand, concentrate, collaborate. With height adjustability, a desk is more than a desk. It's a way of wellbeing, adjusting the worksurface to the working position that fits best.



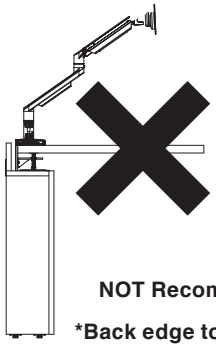
BRIDGE APPLICATION



RETURN APPLICATION

CREDENZA APPLICATION

DESK / EXTENSION APPLICATION

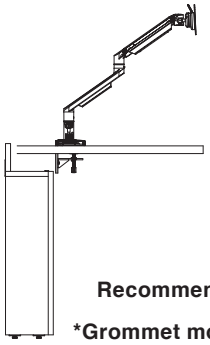


♦ WALL ACCESS PANEL

IMPORTANT SPEC TIP: HEIGHT ADJUSTABILITY WITH MONITOR ARMS

- Monitor arms should **ALWAYS** be installed in grommets on Silea HAT units. Please ensure a grommet location is specified on the top. This allows for bolt mount or clamp mount install of monitor arm.
- Monitor arms should **NOT** be clamped to back edge of top where chassis interference can occur.
- The dimension from top of chassis to bottom of top on many HAT units allows for only approximately 2.250" clearance. Many monitor arm clamps, including Allsteel Pivot Monitor arms, have a taller clamp mount that will crash into the chassis during operation resulting in damage and/or loss of operation.

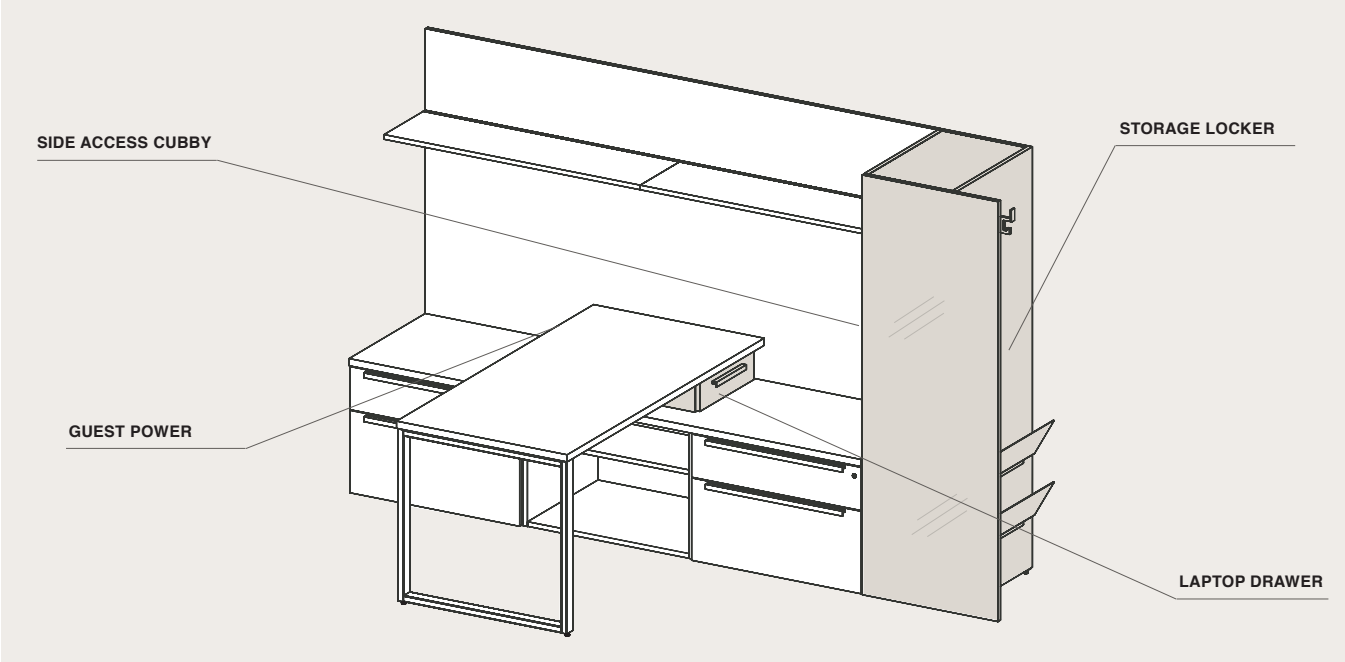
Example 1: Allsteel Pivot Monitor Arm Clamped to back edge of Silea HAT Bridge Top.



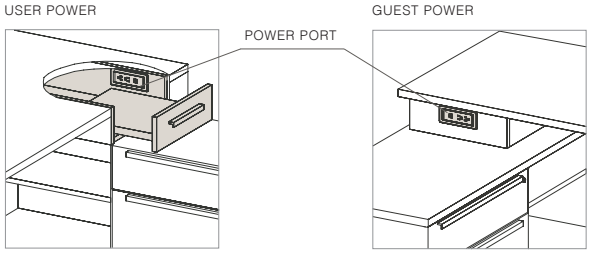
NOT Recommended

***Back edge top mounted**

Example 2: Allsteel Pivot Monitor Arm Clamped in grommet of Silea HAT Bridge Top.

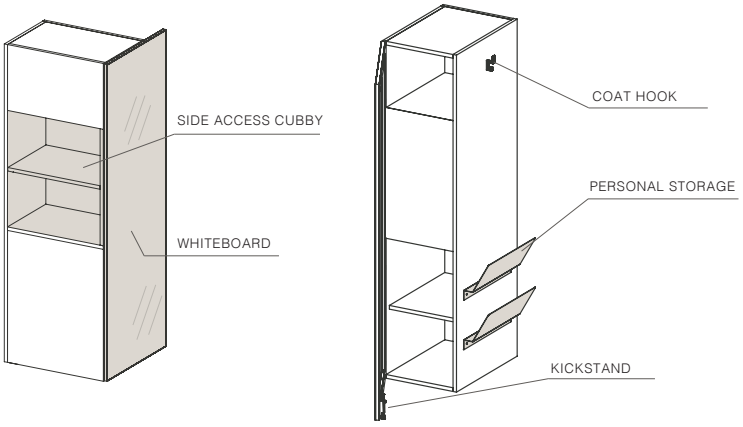


NOTE: ensure proper depth of top specified to provide adequate user space from top to monitors.

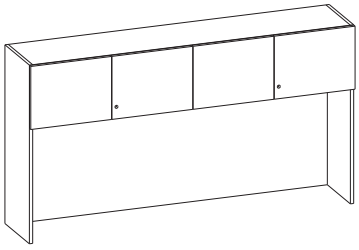


Recommended

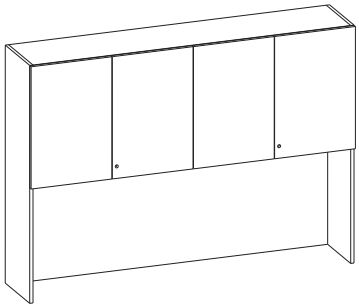
***Grommet mounted**



Storage options feature a nested laptop drawer, thoughtfully placed power access, and a multi-functional storage locker.

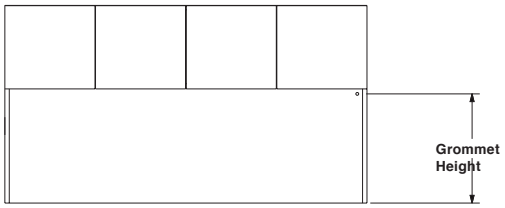


Laptop Drawer



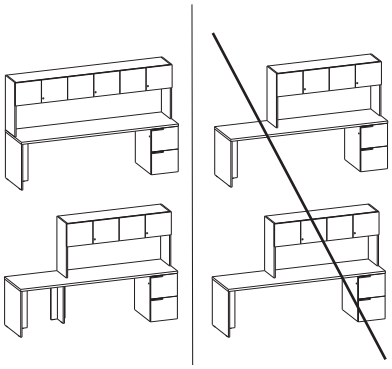
Storage Drawer

SURFACE MOUNT CABINETS



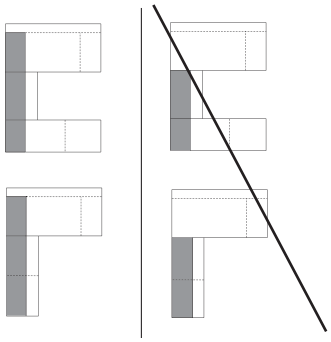
39 High

52 High



Technology information & wire management:

- Tasklight cord grommet optional.
- Located in upper right-hand corner, provides task light cord access to wall outlets.



Grommet Height 39H and 52H = 24

Surface mount overhead cabinets must be supported with adequate pedestal or panel support on ends. In addition, the location where the surface mount cabinet and tower meet the worksurface using intermediate supports.

Recommended Support Examples | **Inadequate Support Examples**

When specifying surface mount storage across multiple units, careful considerations must be used to ensure the correct overall length. An end or back panel of a supporting unit must support the end panel of an overhead cabinet.

Recommended Support Examples | **Inadequate Support Examples**

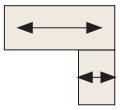
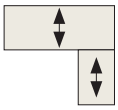
GRAIN DIRECTION SPECIFICATION

The typicals shown below include best practices for specifying grain direction on worksurfaces.

LONG GRAIN:
Grain runs width of top



SHORT GRAIN:
Grain runs depth of top

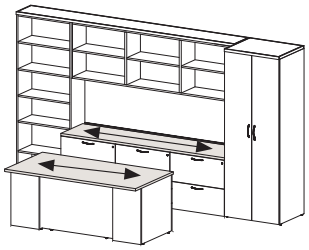


RECOMMENDATIONS

- Grain should run parallel to one another when crossing over worksurface segments
- Avoid running the grain end-to-end when crossing over worksurface segments

YES:

NO:



LAMINATE GUIDELINES

- **Laminate worksurfaces:** Optional grain direction is available on worksurfaces up to 60". For worksurfaces above 60", long grain is standard.
- **Laminate modesty and wall access panels:** Grain direction is not optional. Grain runs vertically on panels up to and including 60". Grain runs horizontally on panels over 60".

- Provides sit to stand electric height adjustment
- 29.5" to 42.5" height adjustment range
- Cantilever extends 3" to support adjoining worksurface

Modesty panel included.

NOTE: If attaching to a return or bridge, a 3" shorter modesty or wall access panel must be used.

PRODUCT INFO

Specify base from user seated position.

All tops long grain standard.

Wood models ship assembled.

Laminate units shipped as separate packages and require field assembly.

Grommet Location
(Add $90 per grommet)

No Grommet	**GN**
Left	**GL**
Right	**GR**
Left & Right	**GB**

Specify location first, then select grommet color or "Empty Cutout" option. When "Empty Cutout" option is selected, a grommet or power unit must be ordered separately for each cutout.

NOTE: Monitor arms should **ALWAYS** be installed in grommets on Silea height adjustable units. Please ensure a grommet location is specified on the top. This allows for bolt mount or clamp mount install of monitor arm. See page 33 for details.

TO ORDER PLEASE SPECIFY THE FOLLOWING:

WOOD TOP, WOOD CHASSIS

1. **MODEL NUMBER + WW**
2. **FSC**
3. **TOP WOOD FINISH + EDGE**
4. **CHASSIS WOOD FINISH**
5. **TOP FINISH**
6. **HAT KEYPAD & BASE COLOR**
7. **GROMMET**

LAM TOP, LAM CHASSIS

1. **MODEL NUMBER + LL**
2. **FSC**
3. **TOP LAM**
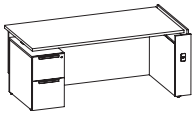
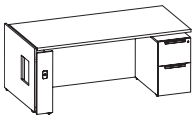
4. **CHASSIS LAM**
5. **EDGE DETAIL**
6. **HAT KEYPAD & BASE COLOR**
7. **GROMMET**





Optional height adjustable keypads available

- **Unit must be wall mounted.**
- Provides sit to stand electric height adjustment
- 29.5" to 42.5" height adjustment range

PRODUCT INFO

Wood tops optional grain standard. Lam tops optional grain up to 60", over 60" long grain standard.

If integral pull is chosen, the wall access panel will have a black knob.

Wood models ship assembled.

Laminate units shipped as separate packages and require field assembly.

Grommet Location
(Add $90 per grommet)

No Grommet	**GN**
Center	**GC**

Specify location first, then select grommet color or "Empty Cutout" option. When "Empty Cutout" option is selected, a grommet or power unit must be ordered separately for each cutout.

NOTE: Monitor arms should **ALWAYS** be installed in grommets on Silea height adjustable units. Please ensure a grommet location is specified on the top. This allows for bolt mount or clamp mount install of monitor arm. See page 33 for details.

TO ORDER PLEASE SPECIFY THE FOLLOWING:

Optional height adjustable keypads available

HAT KEYPAD & BASE COLOR

Basic Up/Down Keypad, Black P71 Column	**UDP71**
Memory Preset Keypad, Black P71 Column	**MEMP71**
Paddle Keypad, Black P71 Column	**PDLP71**

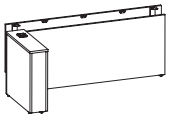
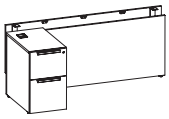
Step 1: Select workwall chassis configuration and total width.

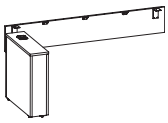
Bridge w/o Pedestals
(non-handed)



Return w/ Pedestal
Left Hand



Return w/ Pedestal
Right Hand



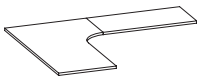
Step 2: Select desk chassis style and size.

Full modesty,
shroud pedestal
(left hand shown)

Full modesty,
pedestal
(left hand shown)

Half modesty,
shroud pedestal
(left hand shown)

Half modesty,
pedestal
(left hand shown)

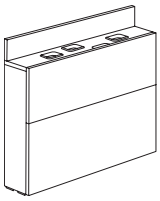


Step 3. Order desk and return rectangular tops OR a 2-piece cockpit shape top.

Desk
30" or 36" Depth

Return
24" or 30" Depth

Cockpit Shape
2-piece
(left hand shown)



Note: for rectangular tops, flat brackets must be ordered separately.

Step 4. Order height adjustable hardware and bracketry kit. Select appropriate 3 motor or 4 motor kit based on total workwall length in Step 1.

Total Workwall Width	# Motors	Model # to Order
Workwall 72"	3	GS4LALNKDPD-3
Workwall 78"	3	GS4LALNKDPD-3
Workwall 84"	3	GS4LALNKDPD-3
Workwall 90"	3	GS4LALNKDPD-3
Workwall 96"	3	GS4LALNKDPD-3
Workwall 102"	4	GS4LALNKDPD-4
Workwall 108"	4	GS4LALNKDPD-4

NOTE: Monitor arms should **ALWAYS** be installed in grommets on Silea height adjustable units. Please ensure a grommet location is specified on the top. This allows for bolt mount or clamp mount install of monitor arm. See page 33 for details.

GALLERY PANELS

- Gallery Panels are constructed of 1 ⅛" particleboard with 2mm edgebanding.
- All laminate gallery panels are made using HPL laminate. All panels greater than 60" in width will run horizontal grain.
- All veneer gallery panels are made using an engineered reconstituted (recon) veneer to provide a consistent matching grain pattern and color across adjoining gallery panels. The 2 types of recon veneer used are:

  1) A Recon veneer chosen as a close match to natural veneers which are used on tops/chassis. See below for recon to natural finish cross-reference:

     – Gallery panels with finish options starting with “EC” for Recon Cherry to be used with “NC” Natural Cherry tops/ chassis.

     – Gallery panels with finish options starting with “ET” for Recon Walnut to be used with “NT” Natural Walnut tops/ chassis.

     – Gallery panels with finish options starting with “EF” for Recon Rift Oak to be used with “RF” Natural Rift Oak tops/ chassis.

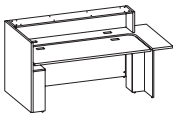
  2) Stratawood veneer is also a reconstitutued veneer in a straight grain pattern. Stratawood veneer is available on both gallery panels and tops/chassis so the same finish option can be carried through the entire office spec.

     – Stratawood is available in “SC” Cherry, “SE” Maple, “ST” Walnut, and “SF” Oak, “SB” Silver Oak, “SW” Washed Walnut veneers and finishes.

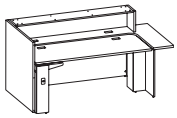
FINISH MATRIX SUMMARY

Gallery Panel Finish Code	Tops/Chassis Finish Code
EC Recon Cherry	NC Natural Cherry
ET Recon Walnut	NT Natural Walnut
EF Recon Rift Oak	RF Natural Rift Oak
SC Stratawood Cherry	SC Stratawood Cherry
SE Stratawood Maple	SE Stratawood Maple
ST Stratawood Walnut	ST Stratawood Walnut
SF Stratawood Oak	SF Stratawood Oak
SB Stratawood Silver Oak	SB Stratawood Silver Oak
SW Stratawood Washed Walnut	SW Stratawood Washed Walnut

WORKING WITH SILEA WELCOME DESKS



Freestanding:
Left Hand Desk



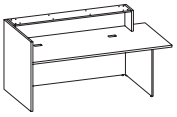
Extensions:
Left Hand Desk

Right Hand Desk

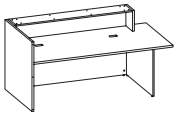
Right Hand Desk

ADVANCED HEIGHT ADJUSTABLE WELCOME DESK

- Split top design provides matching grain on fixed and HAT desk surface.
- For use with waterfall transaction tops only. A waterfall transaction top must be ordered separately and is required (waterfall transaction top substructure included with desk is unfinished).
- Available as Extension Desks or Freestanding Desks.
- Extension desks not for freestanding applications. Must connect to adjoining fixed Welcome bridge or return. Gallery end panel includes boring for connecting to adjoining gallery panels. Includes integrated cantilever support panel for supporting bridge or return top. Must only be used with Welcome bridge or returns with gallery panels.
- Freestanding desks not for use in extension applications with bridges/returns.
- Fixed portion of top always includes left & right grommets. HAT portion of top has optional grommets.
- Available with shroud or 15W desk depth pedestal on conference end.
- Monitor arms should be mounted in HAT top grommets.
- Connecting end shroud includes removable access panel for wire management.

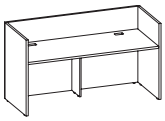


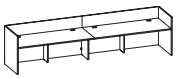
Freestanding:
Left Hand Desk



Extensions:
Left Hand Desk

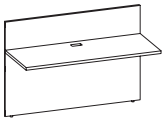
Right Hand Desk





Right Hand Desk

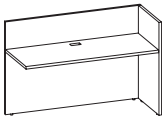
ADVANCED FIXED HEIGHT WELCOME DESK



- For use with waterfall transaction tops only. A waterfall transaction top must be ordered separately and is required (waterfall transaction top substructure included with desk is unfinished).
- Available as Extension Desks or Freestanding Desks.
- Extension desks not for freestanding applications. Must connect to adjoining fixed bridge or return. Gallery end panel includes boring for connecting to adjoining gallery panels. Must only be used with Welcome bridge or returns with gallery panels.
- Freestanding desks not for use in extension applications with bridges/returns.
- Grommets are optional.
- Available with end panel or 15W desk depth pedestal on conference end.

WELCOME DESK SHELL

- Available as Extension Desks or Freestanding Desks.
- Extension desks not for freestanding applications. Must connect to adjoining fixed bridge or return. Gallery end panel includes boring for connecting to adjoining gallery panels. Must only be used with Welcome bridge or returns with gallery panels.
- Freestanding desks not for use in extension applications with bridges/returns.
- Double desk configurations follow the same rules as extension vs. freestanding desks.
- Shell design allows for 30D/36D modular pedestals to be added.
- Specify appropriate desk for transaction top type to be used.
- Grommets are optional.

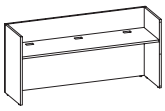


WELCOME DESK BRIDGE

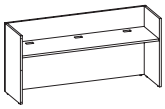
- Connects to adjoining Welcome Desk and Welcome Credenzas with gallery panels.
- Worksurface-to-worksurface flat brackets included.
- Grommets are optional.

Left Hand

Right Hand



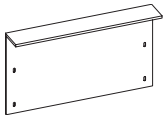
WELCOME DESK RETURNS



- Connects to adjoining Welcome Desk with gallery panels.
- Worksurface-to-worksurface flat brackets included.
- Shell design allows for 24D modular pedestals to be added.
- Grommets are optional.

WORKING WITH SILEA WELCOME DESKS

Left Hand



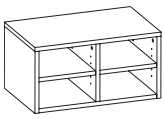
Right Hand

WELCOME DESK CREDENZAS

- Connects to adjoining Welcome Bridge with gallery panels.
- Not for freestanding applications. Gallery end panel includes boring for connecting to adjoining gallery panels.
- Shell design allows for 24D modular pedestals to be added.
- Grommets are optional.

WATERFALL TRANSACTION TOPS

- Mitered assembly.
- For use with Advanced Desks that are for use with Waterfall Transaction Tops.



TRANSACTION TOPS

- Spans across 2 gallery panels.
- 3" guest overhang.
- Attaches to gallery panels with 9" black angle brackets, must be supported by gallery panels on each and across front.

WELCOME DESK TACKBOARD

- Height designed to sit below transaction top attachment brackets.
- To be set on worksurface and attached gallery panels using velcro.

IN/OUT STORAGE UNIT

- ¾" panel construction.
- Center shelf adjustable on 5 hole pattern.
- Single sided access with full back panel.
- Set on worksurface with protective felt tape allows for easy relocation.

PRODUCT INFO

Separate countertop must be specified.

29.5" to 42.5" height adjustment range.

All units shipped as separate packages and require field assembly.

Grommet Location

Specify location first, then select grommet color or "Empty Cutout" option. When "Empty Cutout" option is selected, a grommet or power unit must be ordered separately for each cutout.

No upcharge for "Empty Cutout" option.

(Add +$262 per additional grommet)

Fixed Top always has Left & Right grommets.

Left	**GL**
Right	**GR**
Left & Right	**GB**

NOTE: Monitor arms should **ALWAYS** be installed in grommets on Silea height adjustable units. Please ensure a grommet location is specified on the top. This allows for bolt mount or clamp mount install of monitor arm. See page 33 for details.

TO ORDER PLEASE SPECIFY THE FOLLOWING:

PRODUCT INFO

All units have an unfinished back.

Units with an exposed end require a filler strip.

Note: Counterweights are required when modular pedestals with drawers are used as a freestanding unit or to create a freestanding full bank credenza with a common top. See page 310 for counterweights.

TO ORDER PLEASE SPECIFY THE FOLLOWING:

WOOD CHASSIS

1. **MODEL NUMBER + W**
2. **FSC**
3. **CHASSIS WOOD FINISH**
4. **PULL**
5. **DRAWERS**
6. **KEYING**

LAM CHASSIS

1. **MODEL NUMBER + L**
2. **FSC**
3. **CHASSIS LAM**
4. **FRONT LAM**
5. **PULL**
6. **DRAWERS**
7. **KEYING**

PRODUCT INFO

Unit must be wall mounted.

Top depth 1" shallower than chassis on user and guest sides to accommodate pinch points of adjoining units

29.5" to 42.5" height adjustment range

All units shipped as separate packages and require field assembly.

Grommet Location
(Add $90 per grommet)

No Grommet **GN**
Right **GR**

Specify location first, then select grommet color or "Empty Cutout" option. When "Empty Cutout" option is selected, a grommet or power unit must be ordered separately for each cutout.

NOTE: Monitor arms should **ALWAYS** be installed in grommets on Silea height adjustable units. Please ensure a grommet location is specified on the top. This allows for bolt mount or clamp mount install of monitor arm. See page 33 for details.

Product Specifications:

STANDARD

The fabric on all Gunlocke tackboards is applied in a railroad fashion.

- Tackboard widths less than or equal to 96" are one piece
- Tackboards greater than 96" are two piece and the fabric is pattern matched
- When ordering individual wall mount tackboards to be placed side by side, the fabric pattern will be random matched. If a fabric pattern match is required, contact Gunlocke Bid/Quote for a special quote.

SPECIAL

Fabric applied "up the roll" is a special application. Please see guidelines below and contact Gunlocke Bid/Quote for a special quote.

- Fabrics used on tackboard 48" and under in width can be applied "up the roll"
- Tackboards greater than 48" in width can only be applied railroaded, due to fabric height limitations

PRODUCT INFO

102" and 108" wide tackboards are 2 piece.

See yards listed above for COM fabric requirements.

7/8	108	38 1/4	3.50	**GS2TTKW108**	2,706	2,793	2,883	3,029

- Can be used in height adjustable applications with overheads to create clearance for desk and monitors. Monitor height should be verified.

Product Specifications:

STANDARD

The fabric on all Gunlocke tackboards is applied in a railroad fashion.

- Tackboard widths less than or equal to 96” are one piece
- Tackboards greater than 96” are two piece and the fabric is pattern matched
- When ordering individual wall mount tackboards to be placed side by side, the fabric pattern will be random matched. If a fabric pattern match is required, contact Gunlocke Bid/Quote for a special quote.

SPECIAL

Fabric applied “up the roll” is a special application. Please see guidelines below and contact Gunlocke Bid/Quote for a special quote.

- Fabrics used on tackboard 48” and under in width can be applied “up the roll”
- Tackboards greater than 48” in width can only be applied railroaded, due to fabric height limitations

PRODUCT INFO

54"–96" wide tackboards are 2 piece.

102"–108" wide tackboards are 3 piece.

See yards listed above for COM fabric requirements.

TO ORDER PLEASE SPECIFY THE FOLLOWING:

	• Includes dual USB A+C, 2 power - hardwired				
	2 7/8	8 1/16	1 3/4	**ACTRIOBZL-EEEUD**	670
	• Includes dual USB A+CB, 3 power, 1 data - standard plug				
	2 7/8	8 1/16	1 3/4	**ACTRIOBZL-EEEUD-HW**	670
	• Includes dual USB A+C, 3 power, 1 data - hardwired				

Data Port Kit included where applicable.

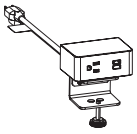
Insert options include:

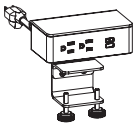
- VGA
- Sieman
- Mini-com
- Commscope
- Ortronios
- Blank
- Cable retainer
- Belden EZ MDVO
- Keystone

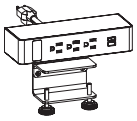
PRODUCT INFO

ACUNOBZL-EU and ACUNOBZL-EU-HW models can be used in grommet cutout location.

10' standard plug or
6' hardwire power source.







TO ORDER PLEASE SPECIFY THE FOLLOWING:

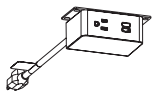
Insert options include:

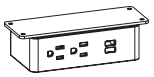
- VGA
- Sieman
- Mini-com
- Commscope
- Ortronios
- Blank
- Cable retainer
- Belden EZ MDVO
- Keystone

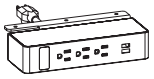
PRODUCT INFO

To be mounted on edge of worksurfaces.

Utilizes a short height clamp so it can be used with HAT units.







10' standard plug or
6' hardwire power source.
