NOTICE TO AUTHORIZED USERS OF AWARD #23295 - Furniture, All Types (Except Hospital Room and Patient Handling)

This pricelist/catalog **may** contain items that are not within the Scope of the Contract Award and/or not within this Contractors approved furniture Categories. All Authorized Users are strongly encouraged to review the Scope of the Award and the Contractors Category Matrix prior to selecting items for purchase under the Contract. Per Solicitation Section 4.5 (D) - Procurement Instructions for Authorized Users: When placing orders under this Award, the Authorized User should follow and be familiar with the terms and conditions governing the Contract and are responsible for determining that the product(s) they intend to purchase fit within the scope of the Award.

References to other government contracts that may be included in a Contractor's pricelist/catalog, including any additional terms or conditions, are void under the OGS Award and should be disregarded. Only OGS' Terms and Conditions, including those within a Contractor's posted Contractor Information and Supplemental Information sheet, are valid under the Contract.

Additionally, Authorized Users are reminded that where discrepancies exist between Price List documents, the lowest price shall prevail (see Section 5.3 Price).

All orders must be placed with the Contractor, or the Contractor's OGS approved Authorized Reseller listed on the OGS website under the Award. Orders placed with a reseller not approved by OGS are not considered contract orders and therefore are not subject to the same terms and conditions of the OGS Award.

Authorized Users should contact the OGS Contract Manager listed on the Award with any questions pertaining to this pricelist/ catalog.

NYS Price List Effective 1/15/26

NATURAL

Price Guide - 2025 R3

Thank you for choosing BRC

Established in 1979 and incorporated in 1983, BRC Group has grown into a leader in the research, development and manufacturing of high quality ergonomic office furniture. BRC is a Canadian-owned private company with modern manufacturing facilities in Georgetown, Ontario, Canada.

BRC is a forerunner in blending environmental initiatives with the manufacturing of renewable and recyclable products. BRC uses materials and manufacturing processes which virtually eliminate Volatile Organic Chemical (VOC) emissions in the office environment. Raw materials are responsibly sourced, assuring that only the best and most sustainable components are converted to finished goods. BRC is committed to developing and offering the best-value products for the middle and higher end markets.

From OEM solutions to obscure designer requests to simply striving to be better, BRC provides creative and innovative customized solutions to complement any environment and use. Flexible manufacturing offers the ability for BRC to respond to client's special needs in addition to having standard catalogue solutions. A wide collection of textiles and laminate finishes allows companies and individuals to express their brand and culture through a unique signature look.

All furniture is designed and manufactured to meet or exceed ANSI-BIFMA standards. Standard construction uses a combination of 3/4" and 1" material with optional LPL & HPL tops and metal to metal commercial grade connections for solid enduring assembly. The newest edge banding technology, in which the edge tape is melted directly to the edge of the board, enables BRC to manufacture products with virtually invisible glue lines.

The BRC Team works hard to earn and keep your business - our success depends on it. If you have any questions or inquires, please contact us at info@brc.group or toll free at 1-877-260-4309.

We appreciate your business and look forward to hearing from you.

Warranty, Terms & Conditions

BRC is pleased to offer one of the most competitive warranties in the industry. All furniture products carry a 12 year limited structural warranty. BRC furniture panel and table electrical cabling carry a 3 year limited warranty. All moving user adjustable components carry a 5 year limited structural warranty. All other electrical or electronic elements of BRC furniture carry a 1 year limited warranty.

For full warranty details, terms and conditions, please visit www.brc.group/warranty

Shipping Rates & Policies

Shipping costs are calculated based on net order value and destination. In many cases, the freight cost may be included in your order. For detailed information, visit our website at www.brc.group/freight

DESCRIPTION OF FEATURES AND INCLUDED ITEMS

Features & Specifications
- 3/4" Thick LPL case construction with one inch of leveling
- File hanging bars and lock(s) included
- Laminate codes - M1: 1" LPL, H1: 1" HPL (top only)
- Specify handedness left 'L' or right 'R' when ordering

OPTIONS AND FEATURES AVAILABLE AT NO EXTRA CHARGE

No Charge Options
- All standard laminate finishes available
- Specify lock option: BRC standard black *'LBB'*, silver *'LBS'*

Optional Extra
- High pressure drawer fronts add code *'HF'* and add $207
- Counterweight add code *'CW'* and add $101

OPTIONS OR FEATURES AVAILABLE BUT AT ADDITIONAL CHARGE. ADD CODE WHERE APPLICABLE, AND ADDITIONAL PRICE TO TOTAL

SPECIAL NOTES
- This storage product must be secured or ganged to an additional support structure (eg: wall, adjacent cabinet).

Technical Specifications

General Construction

All BRC products have been designed using best practices based on ANSI/BIFMA standards. On products that contain box or file drawers, BRC advises full loading of the bottom drawer before loading any top drawer(s). Always load heavy files in the bottom drawer to prevent tipping. Pedestals, credenzas, storage units and hutches are shipped fully assembled. The following are general construction principles used on the Natural series product line:

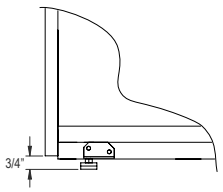
- Standard casegoods construction is ¾" thick low pressure laminate (LPL).
- Box drawer handles are placed in the center of the drawer face.
- Door and drawer fronts may be available in ¾" high pressure laminate finishes. Most low pressure laminate finishes can be matched to high pressure laminate. Contact your BRC representative for a quote.
- Low pressure laminate (LPL) panels are finished both sides.
- Products are manufactured with matching 3/32" (2mm), thermo-applied flat edging.
- Most parts are manufactured in a way that allows for replacement in the field.
- One pencil tray is included in every product with a box drawer.
- Box drawers have 100 lb. rated, steel ball bearing sliders with full extension. Lateral file drawers have 150lb rated sliders with 1" over travel.
- Storage units with two or more lateral file drawers have a standard inter-lock mechanism when ordered as stand-alone cabinetry. Interlock mechanisms assist with anti-tipping of a storage unit but do not provide 100% tip-free functionality.
- Counterweights are sold separately where applicable.
- A counterweight is required when specified in a freestanding application. Contact BRC for specific application details.
- Lateral file drawers accommodate letter and legal size files front to back or side to side.
- Product heights listed at 29" are typical heights with 1" top '*M1*' or '*H1*'.
- Hinged single or double door option is determined by size. Widths of 21" or less are single, hinged doors wider than 21" are double.
- Modesty panels are inset by 6" from the edge where 'Recessed Modesty' is specified.
- Modesty panels are available in full height, half height (12") and one quarter height (7").
- Grommets if required must be specified on all tables when ordering (GL, GC, GR). Multiple grommets can be specified on one table.
- All half gables include grommet pass through holes as standard. Gables are constructed of 1" thick LPL as standard.
- All products in the Natural Series use glass classified as 'clear glass'. Low iron or 'optically clear glass' may be available for an upcharge. Contact BRC sales for more details and pricing.

Locks

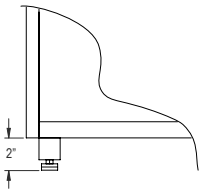
BRC offers lock options in two finishes (black or silver). All BRC locks will be factory installed at no extra charge. They will be randomly keyed with cores installed unless the customer specifies a keyed alike option. All orders requiring keyed alike cores must be noted at the time of order, and the specific requirements clearly detailed on the order. There is no upcharge for keyed alike cores, however, they will not be installed in the lock barrels to facilitate easy key co-ordination in the field. BRC offers housing and core finishes in black and chrome with matching rosette.
Note: If key alike core numbers are specified, key numbers from 500-509 and 551-700 may be selected. Quantities of each key number must be specified on the order. Upon request, BRC will provide a lock summary to assist with this process.

Cabinet Base Detail

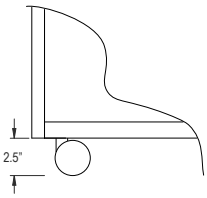
Most storage items are available with four standard base styles and where applicable, the last letter of the product code indicates which base style:



Full Front or 1" Kick (Z)



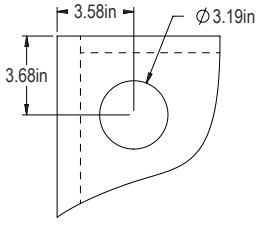
Post Legs (Y)

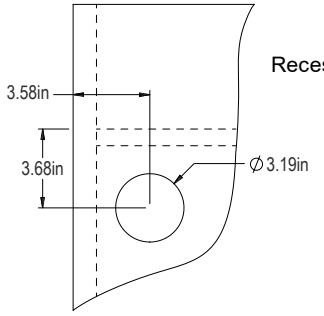


Mobile (M)

Grommet Location

Grommets are optional in Natural Series. When specified, grommets are located 3.58" from the side and 3.68" from the back. On recessed modesty applications, the grommet is located on the users side of the modesty as shown below.





Recessed Modesty Desk

Frequently Used Codes & Terms

Laminates

Most laminates are available in matching low pressure (LPL) and high pressure (HPL) finishes in 1.00” thick material. Consult BRC’s current finish line up for specific details on availability at www.brc.group/materials. When specifying laminate top finish codes, the code applies to the worksurface or top of product only. These codes are:

M3 - Indicates 0.75” thick LPL laminate
M1 - Indicates 1.00” thick LPL laminate
H1 - Indicates 1.00” thick HPL (actual thickness is 1.063”)

Certain products are available with high pressure (HPL) door or drawer fronts and provide additional durability. This option is at extra cost and is designated by the code:

HF - Indicates 1.00” thick LPL laminate

Modesty Panels

Modesty panels are available in four sizes depending on the product. Consult each individual product page for availability. Product order codes for modesty panels are:

QM - Quarter (7” high) modesty panel (additional charges may apply)
TM - Half (12” high) modesty panel
SM - Three quarter (20” high) modesty panel
FM - Full modesty panel (full height of product)

Grommets

Grommets are available on all desks and tables at additional cost. Grommet holes will be cut and a 3” (nominal) plastic grommet provided when specified in the order code. Multiple grommets can be specified in one table if required. Plastic grommets are also available separately and can be field installed. If grommets are required at time of order, the following codes should be added:

GL - Grommet installed on left hand user side, 91mm/3.58” from left edge and 93.5mm/3.68” from back edge
GC - Grommet installed in the center, 93.5mm/3.68” from back edge
GR - Grommet installed on right hand user side, 91mm/3.58” from right edge and 93.5mm/3.68” from back edge

Locks

Locks are available for most closed drawer and door applications. Consult each individual product page for availability. In Natural Series, two lock finish options are offered, black or silver. The codes used for these options are:

LBB - Standard BRC CL lock and core in black finish
LBS - Standard BRC CL lock and core in silver finish
LBB-P - Standard BRC CL push lock and core in black finish
LBS-P - Standard BRC CL push lock and core in silver finish

File drawers

BRC uses common industry abbreviations to denote file drawers. The codes used for these are:

PBBF - Pencil box box file drawers
BBF - Box box file drawers
FF - File file drawers

Other Codes

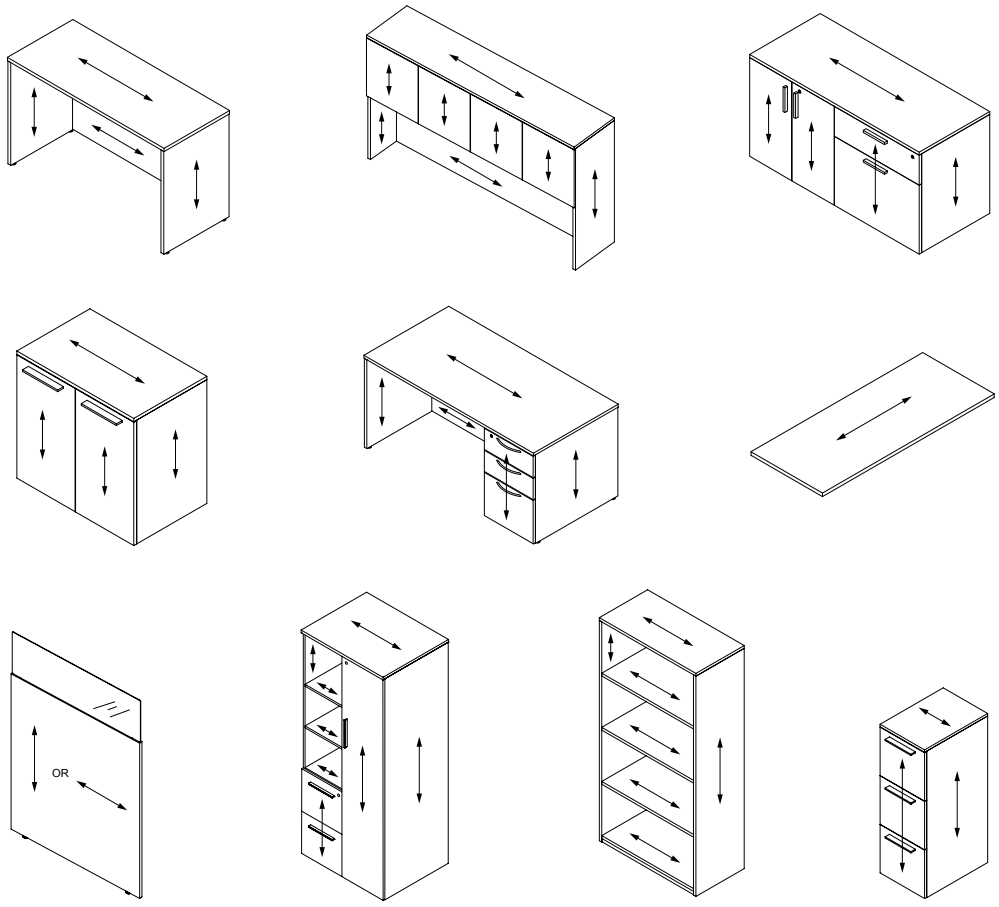
Other codes used throughout this price guide are:

CW - Indicates counterweight option. Additional charges apply where applicable
CW2 - Indicates two counterweight option. Additional charges apply where applicable

Woodgrain Laminate Direction

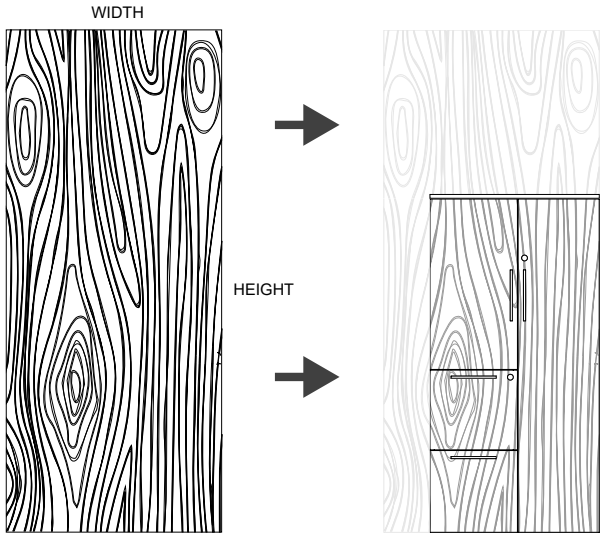
The following information can be used to identify woodgrain direction on various standard furniture items. In general, the direction can be limited by the size of the laminate sheet. Custom sizes follow the standard but due to size limitations, the woodgrain direction may change. Check with BRC to confirm woodgrain direction on your custom product before order.

Woodgrain Direction Typical Examples



Woodgrain Pattern Typical Lay Up

On cabinets with multiple drawers and doors, the entire sheet of woodgrain laminate is cut and applied in such a way that the grains will align (see image at right). If the width of the raw sheet exceeds the width of the cabinet, every effort is made to coordinate the additional sheets so that the grain patterns will be similar.



Full Sheet of Woodgrain Laminate

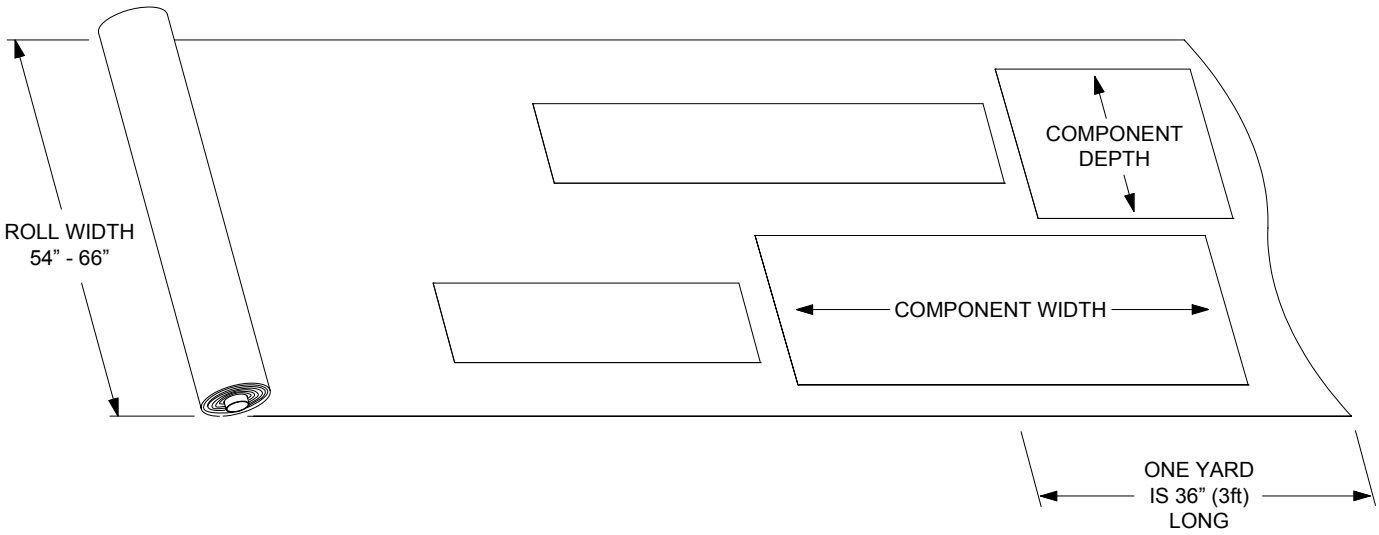
Full Sheet Applied to Cabinet

Fabric Specifications

The following information details the way fabric is applied and COM yardage requirements.

Standard BRC Fabric

BRC offers non directional fabric as standard. The fabric is cut in either direction to acheive the best yield. Customer's Own Material is considred a grade 0 fabric, BRC offers three additional grades as detailed below.



Customer's Own Material (COM) Fabric - Grade 0

Due to the variation in textile patterns, roll sizes and fabric types, BRC handles each COM on a per order basis. This ensures that the minumum amount of fabric is ordered, and in turn the minimum amount of waste from offcuts is generated. Please use the chart below as a rough guide to calculate approximate use on non-directional fabrics:

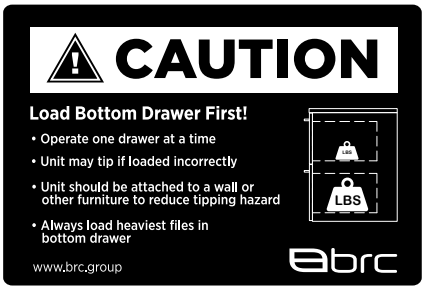
FABRIC USE PER YARD	
CUSHION SIZE W x D (1" & 2" THICK)	NUMBER OF YARDS REQUIRED
15.75" x 18", 20", 22", 24"	1 YARD
30" x 18"	1.25 YARDS
36" x 18.75"	1.5 YARDS
42" x 20"	1.5 YARDS
TACKBOARD WIDTH (48" HEIGHT & BELOW)	NUMBER OF YARDS REQUIRED
24", 30", 36", 42", 48"	1 YARD
54", 60"	1.25 YARDS
66", 72"	1.5 YARDS
78", 84", 96"	2 YARDS

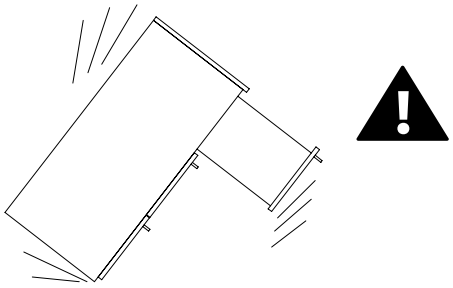
File Drawers

Load Considerations

Filing drawers can be one of the most convenient storage items in the office environment. Careful consideration must be paid to how the drawers are loaded, how much load and when to secure the cabinet to an additional support structure. File drawers must always be loaded from the bottom first. This puts the center of gravity lower and reduces the tipping hazard. Depending on application, cabinets should be secured to adjacent cabinets, a wall or another support structure for additional assurance. All drawer cabinets can be susceptible to tipping so careful planning is essential for prevention. Contact your BRC representative for more information.

Look for this warning label placed inside all file drawers manufactured by BRC

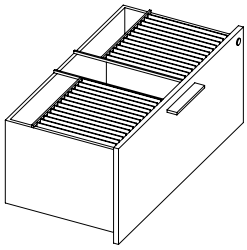




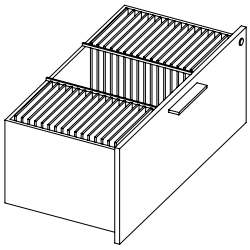
Capacity & Filing Options

BRC File drawers can accommodate letter and legal hanging file folders. Standard size file drawers in 30”, 36” & 42” widths include two side to side hanging bars and two front to back hanging bars (24” wide drawers include only one of each). The side to side hanging bar can be positioned to fit letter and legal files. The front to back hanging bars can be positioned to accommodate two rows front to back of letter and legal depending on drawer width. Pedestal file drawers include one side to side hanging bar that can to positioned to accommodate letter and legal side to side. Pedestal file drawers can accommodate letter only front to back.

STANDARD SIZE FILE DRAWER CAPACITY			
NOMINAL WIDTH	INTERIOR WIDTH	INTERIOR DEPTH	MAXIMUM LOAD (LBS)*
24”	20.4”	15.14”	55
30”	26.4”	15.14”	72
36”	32.4”	15.14”	90

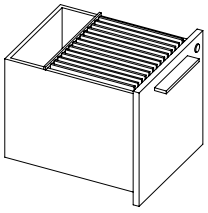


FILE RAILS ACCOMMODATE LEGAL SIDE TO SIDE; FILE BARS CAN BE USED TO ACCOMMODATE LETTER SIDE TO SIDE

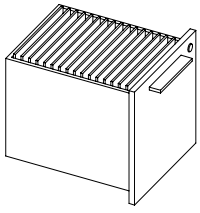


FRONT TO BACK BARS POSITIONED TO ACCOMMODATE LETTER OR LEGAL

PEDESTAL FILE DRAWER CAPACITY			
NOMINAL WIDTH	INTERIOR WIDTH	INTERIOR DEPTH	MAXIMUM LOAD (LBS)*
15.75”	12.18”	15.14”	33



FILE RAILS ACCOMMODATE LEGAL SIDE TO SIDE; FILE BAR CAN BE USED TO ACCOMMODATE LETTER SIDE TO SIDE



FRONT TO BACK ACCOMMODATES LETTER ONLY

*Loads are expressed as weight rating for filing, not bottom loading

Counterweights

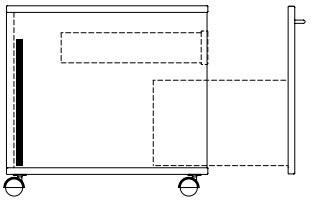
Product Safety

All of BRC's storage products that contain box drawers and file drawers include full extension drawer slides. This presents a unique challenge as the further a drawer is extended, the further away the center of gravity is from the main body of the product. Depending on the load, the storage product may tip over. There are several ways to prevent this from happening and BRC recommends the following solutions be considered depending on the installation. For more information on your specific layout, contact your BRC representative for advice.

Counterweights

Counterweights are designed to help balance a load in a drawer or several drawers. Depending on the size of the storage product and the load it intends to carry, a counterweight may be the best option. For smaller cabinets, freestanding or mobile, BRC recommends using a counterweight to prevent the product from tipping over. Some of BRC's mobile storage options already include a 5th wheel caster in the front of the drawer which prevents tip over. In this case, the counterweight will not be listed as an option on the individual product page.

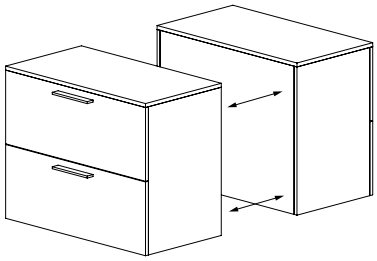
Counterweight located in back of cabinet (shown) or underneath cabinet

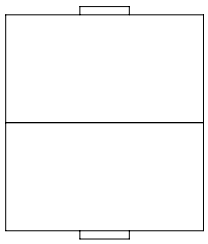


Ganging

When cabinets are installed in a long run or back to back, ganging them together may be the most cost effective solution. When installing, the drawers can be removed to gain access to the inside back or side gable of the product. After leveling the cabinet layout, by simply using self tapping wood screws with or without pilot holes, items can be ganged together.

Ganging cabinets back to back or side to side provides a cost effective solution

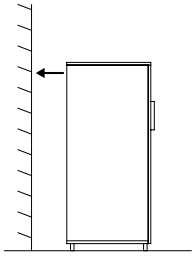




Wall Mounting

Where applicable, wall mounting can provide a cost effective solution to using a counterweight and provide greater tip over protection. For taller cabinets, bookcases and lockers BRC recommends wall mounting to provide a secure and safe environment. Ensure the wall structure contains wood studs or a wood backing. Attaching to metal studs alone is not recommended. Remove the drawers to gain access to the inside back or side gable of the product. After leveling the cabinet, simply use self tapping wood screws with or without pilot holes and secure the cabinet to the wall. Replace the drawers to complete installation.

Wall mounting all tall storage cabinets, bookcases and lockers is recommended



Product Safety

Wall Mounted Products

Wall mounted items require special consideration before installation. Any product attached to the wall, especially overhead mounted items, must be anchored and secured to the wall to ensure safety and stability. BRC provides the following guidelines & warnings when using wall mounted products:

• This product must be anchored to wall to ensure stability & safety.
• It is the owner and installers responsibility to ensure that the wall type and construction is of sufficient strength to carry the loads of any wall mounted products and their contents.
• Failure of the wall and anchors to support all imposed loads may result in property damage or personal injury.
• BRC can provide size and empty weight of its products only. As wall blocking is considered a building construction process, BRC cannot provide recommendations in this respect and cannot be responsible for damage or injury that may occur as a result of improper installation and/or blocking.

Look for this warning label on all wall mounted BRC products

Mobile Product Instability

Mobile items on casters such as flip top, personal and movable tables of any type and storage items of any type may present an instability hazard if not secured correctly while in use or in storage. Flip top tables or training tables of any type, are inherently more unstable when folded. BRC provides the following guidelines & warnings when using mobile products:

• Lock casters immediately after moving. Do not leave the casters unlocked when in use or in storage.
• Motion may increase the instability of any item with casters. If the wheels hit an obstruction the table's forward momentum often causes overturn, especially if the item is not equipped with wheel extensions. Exercise strong caution while moving these items.
• Use caution when abrupt level changes in the floor are present (such as a doorway or room threshold) as caster failure or tipping may result.
• Do not stand, sit or lean on mobile items for support. They are not intended for this use and personal injury or property damage may result.
• Mobile units that feature height adjustable elements must be lowered to the minimum compressed height when moving to prevent instability. It is also recommended the user remove all computer equipment or other accessories to prevent possible weight imbalance or damage to equipment.
• Failure to follow the guidelines above may result in property damage or personal injury.

Look for this warning label on all mobile BRC products

Cleaning & Maintenance

BEST PRACTICES
To keep your furniture products looking their best, BRC recommends the following general care and maintenance:

Low Pressure (LPL) LAMINATES Cleaning:
Dust laminated surfaces off prior to cleaning. Wet a damp cloth with water, a mild soap or one of our approved cleaning products. Do not use abrasive cleaners as they may scratch or affect the surface appearance. Wipe the surface with the grain (where applicable) using a dry soft cloth.

Approved cleaning products: Glass Plus®, Dawn®, Pledge®, Mr. Clean® , Windex®,
For disinfecting surfaces use products such as: LYSOL ®, VIREX®, PURELL®, VIROX®

After use of the above disinfectants ensure that the surfaces are wiped with a damp cloth to remove any product residue.

Take note that any product with Hydrochloric, Sulfuric, or Phosphoric acid may permanently damage the surface. Abrasive elements and excessively acidic or alkaline solutions should be avoided. Prolonged exposure to wet surfaces and/or direct contact with water should be avoided.

High Pressure (HPL) LAMINATES Cleaning:
Dust laminated surfaces off prior to cleaning. Wet a damp cloth with water, a mild soap or one of our approved cleaning products. Do not use abrasive cleaners as they may scratch or affect the surface appearance. Wipe the surface with the grain (where applicable) using a dry soft cloth.

Approved cleaning products: Glass Plus®, Dawn®, Pledge®, Mr. Clean® , Windex®,
For disinfecting surfaces use products such as: LYSOL®, VIREX®, PURELL®, VIROX®, Fantastik®, multi-surface disinfectant, Clorox® Disinfecting Wipes, Caviwipes™, Cavicide™

After use of the above disinfectants ensure that the surfaces are wiped with a damp cloth to remove any product residue.

Take note that any product with Hydrochloric, Sulfuric, or Phosphoric acid may permanently damage the surface. Abrasive elements and excessively acidic or alkaline solutions should be avoided. Prolonged exposure to wet surfaces and/or direct contact with water should be avoided.

Acrylic Tiles And Panels:
Dust regularly to keep surfaces free of dust particles. Clean any dirt or stain with a damp cloth. Do not use chemical cleaners or window cleaners as it may alter or permanently affect the surface appearance.

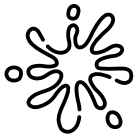
Tempered & Laminated Glass:
Dust regularly to keep surfaces free of dust particles. Clean any dirt or stain with a damp cloth. Do not use chemical cleaners or window cleaners as it may alter or permanently affect the surface appearance.

Edge Trim:
To remove minor scuff marks and general dirt from bases and connectors, use warm water and a soft cloth. Do not use harsh abrasive cleaners, as they may cause permanent scratches on the surface.

Painted Metals:
Clean these products, use a damp cloth, using only a small amount of lukewarm water if necessary. Abrasive elements and excessively acidic or alkaline solutions should be avoided. Prolonged exposure to wet surfaces and/or direct contact with water should be avoided.

Standard Fabrics:
Standard Care Label W-S. Clean with water based cleaning agents, foam or pure, water free solvents. Vacuuming or light brushing is recommended to prevent dust and soil buildup.

Bleach Cleanable Fabrics:
Bleach is an effective disinfectant, which means it kills most bacteria, fungi and viruses. When fabrics need to be disinfected or sterilized, use a 1:10 household bleach-to-water solution.



Do not saturate or soak furniture with cleaner

Use spray or damp cloth only

Wipe with damp cloth using fresh water after cleaning

Custom Sizing

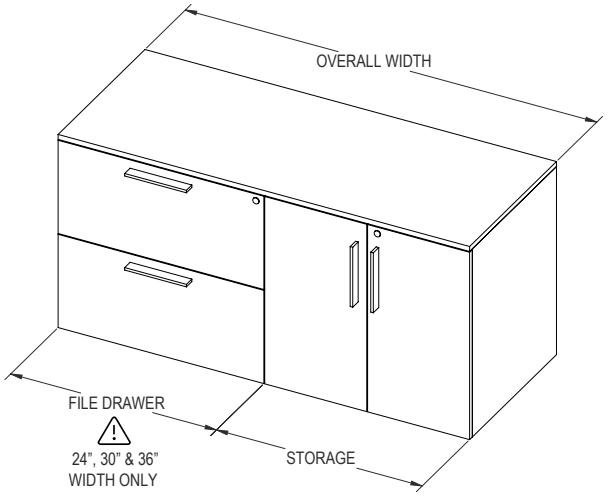
BRC has built a reputation on custom tailored product based on our standard offering. Many sizes not listed in the Natural catalog can still be ordered without requesting a custom quote. The next two pages are meant as a guide to enable users to specify and order a custom size right from the price guide. Follow the guidelines below for specifying and ordering sizes that are not listed in this guide.

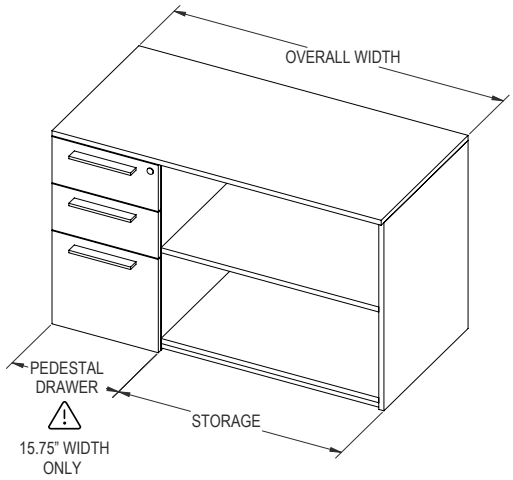
Pedestal & File Drawer Restrictions

Pedestal drawers in box/box/file, file/file, box/file and pencil/box/file have a width restriction of 15.75" wide. This means that as the overall cabinet width changes, the pedestal drawer width remains constant. In all size variations, the width of the pedestal drawers will be 15.75".

File drawers are available in three widths only: 24", 30" and 36". As the overall cabinet width changes, the file drawer width will remain at either 24", 30" or 36" as specified by the purchaser in the product code. In all size variations, the file drawers will remain at these widths.

Adjacent open storage and closed door storage will accommodate all sizes within the minimum and maximum listed in the price guide.



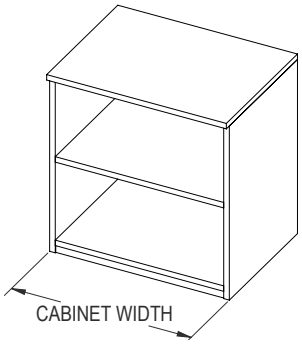


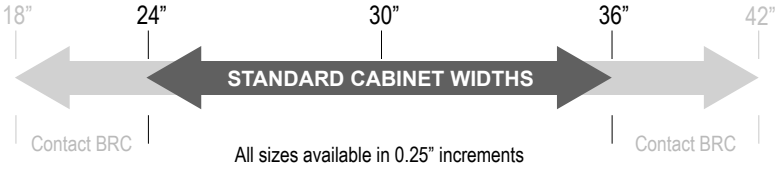
Custom Size Availability

Most products can be ordered in 0.25" (1/4") increments in either width, depth or height depending on the sizes listed in the price guide. Custom increments are available between the minimum and maximum sizes listed on the price page (taking into account the pedestal and file drawer restrictions listed above). For instance, in the example below, an open cabinet that has a minimum width of 24" and a maximum width of 36" is available in any size in between the minumim and maximum, for example, 27.25" wide or 35.75" wide.

The example details width only but custom size availability applies to depth and height as well. If applicable, all variables (width, depth & height) can be customized together in one product. For example, the below item could be ordered with a custom width, depth and height.

Custom sizes outside of the listed minimum and maximum may still be available but require a quote from BRC. Please contact your representative or send your inquiry to quotes@brc.group.





Next Size Up Pricing

Whenever specifying a custom size, use the pricing applicable to the next size up listed in the price guide. For instance, if you need a 25.5" depth and a 24" depth is $300 and a 30" depth at $400 as listed in the price guide, for a 28.5" depth you would use the $400 price.

For more information on next size up pricing, please contact your representative or send your inquiry to quotes@brc.group.

Custom Sizing

Order Sample Code

Ordering custom sizes is as easy as placing the size you want in the ordering code and adding an “SP-” prefix to the code. The example below shows how an open storage product can be customized and ordered. NLOSZ Open storage product is available in widths from 18” - 36”, depths from 18.75” - 30” but only available in 22.25” height. In the order code for a custom size, “NLOSZ” becomes “SP-NLOSZ”.

Low Open Storage with Top, 1” Kick — NLOSZ

NCSAY	W60	D24	H22.25	L24	R36	*M1*	*R*	*LBS*	*HF*

Features & Specifications

- 3/4” Thick LPL case construction with one inch of leveling
- Includes lock(s)
- One 3/4” thick adjustable shelf in storage space
- Laminate codes - *M1*: 1” LPL, *H1*: 1” HPL (top only)
- Specify handedness left *‘L’* or right *‘R’* when ordering

No Charge Options

- All standard laminates and metal finishes available
- Specify lock option: BRC standard black *‘LBB’*, silver *‘LBS’*

Optional Extra

- For high pressure drawer fronts, add option code ‘*HF*’ and +$107

SPECIAL NOTES

- This storage product must be secured or ganged to an additional support structure (eg: wall, adjacent cabinet).

ITEM CODE	WIDTH	DEPTH	HEIGHT	LOCK	OPTION
NLBUY	W30	D20	H28	*LBB*	*CW*

Features & Specifications

- 3/4” Thick LPL case construction with one inch of leveling
- File hanging bars and lock(s) included

No Charge Options

- All standard laminate & metal finishes available
- Specify lock option: BRC standard black *‘LBB’*, silver *‘LBS’*

Optional Extra

- For high pressure drawer fronts, add option code ‘*HF*’ and +$337
- For counterweight, add option code ‘*CW*’ and +$156

SPECIAL NOTES

- This storage product must be secured or ganged to an additional support structure (eg: wall, adjacent cabinet)

ORDER CODE SAMPLE				
ITEM CODE	WIDTH	DEPTH	LAMINATE	OPTION
NTOPN	W36	D24	*M1*	*GR*

Features & Specifications

- Can be used in storage top and worksurface applications
- Does not include inserts or pilot holes under the worksurface
- Laminate codes - *M1*: 1" LPL, *H1*: 1" HPL
- LPL surfaces are finished on both sides; HPL surfaces are finished on one side only with backer on underside

No Charge Options

- All standard laminate finishes available

Optional Extra

- For 3" grommet (AG30A), add option code(s) '*GL*', '*GC*' and/or '*GR*', add +$86 per grommet
- Grommets are applicable to tops ranging from 42" to 84" in width and 24" to 42" in depth

Component Worksurface Panel - 28-36" Deep

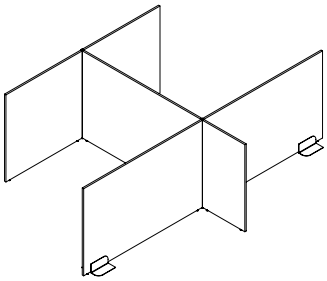
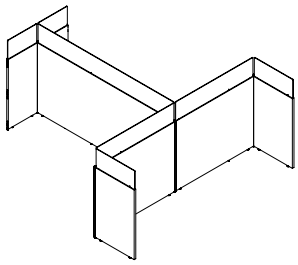
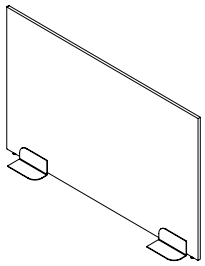
Summary

BRC expands on its gallery panels by offering new ways of connecting that allows for a semi-freestanding and fully freestanding application. By using a combination of gallery panel spines and supporting feet, offices can be configured to provide more privacy. The following pages can be used as a guideline to configure and select the best layout for your needs. Contact your BRC representative if you need more assistance.

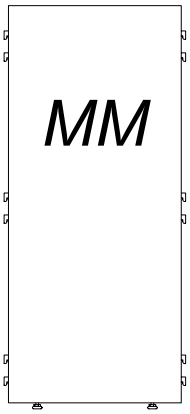




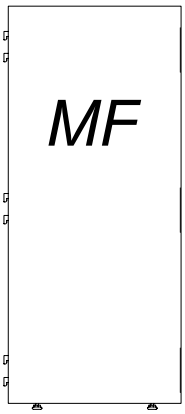


Panel Configuration

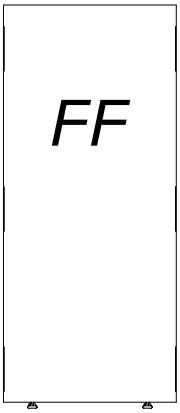
All panels are 1" LPL construction, edged on all sides and include levelers. Male and female connectors, and a blank end (no connectors) can be configured to allow 6 different panel options as follows:



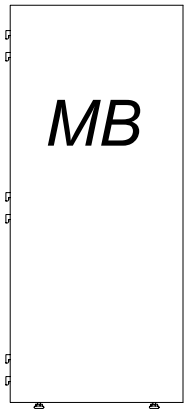
Both sides have male connectors.



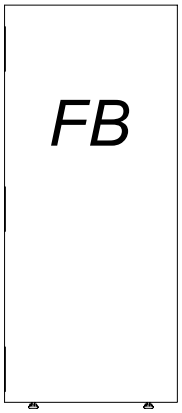
Male connector on one side, female connector on the other side.



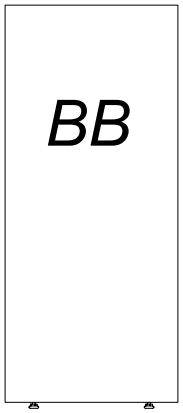
Both sides have female connectors.



Male connector on one side, blank end on the other side.



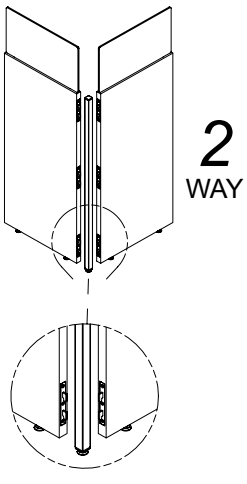
Female connector on one side, blank end on the other side.

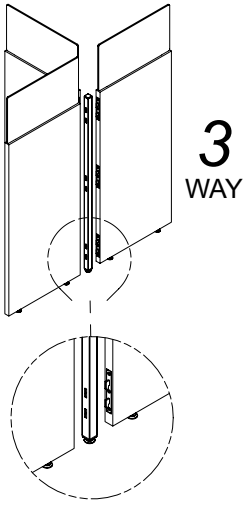


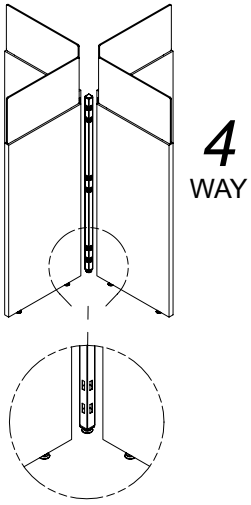
Both sides have a blank end.

Gallery Spine

BRC's gallery spine is a 1" x 1" steel support that runs the entire vertical length of the panel. Any gallery panel with a male connector (MM, MF or MB) can be attached. The spine is available in two way, three way or four way 90° configurations. A spine is not required to connect panels end to end at 180°; panels with a male end and female end can be connected directly. Reference the following page for application examples.

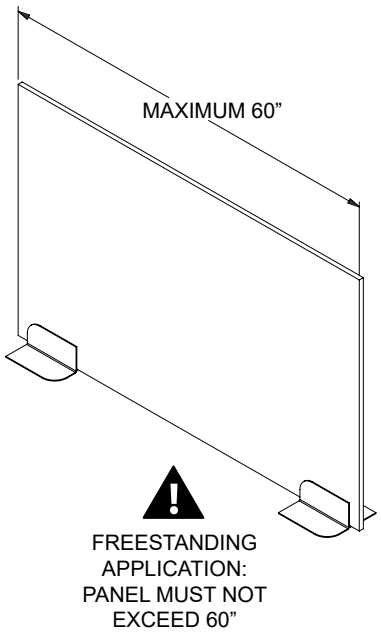




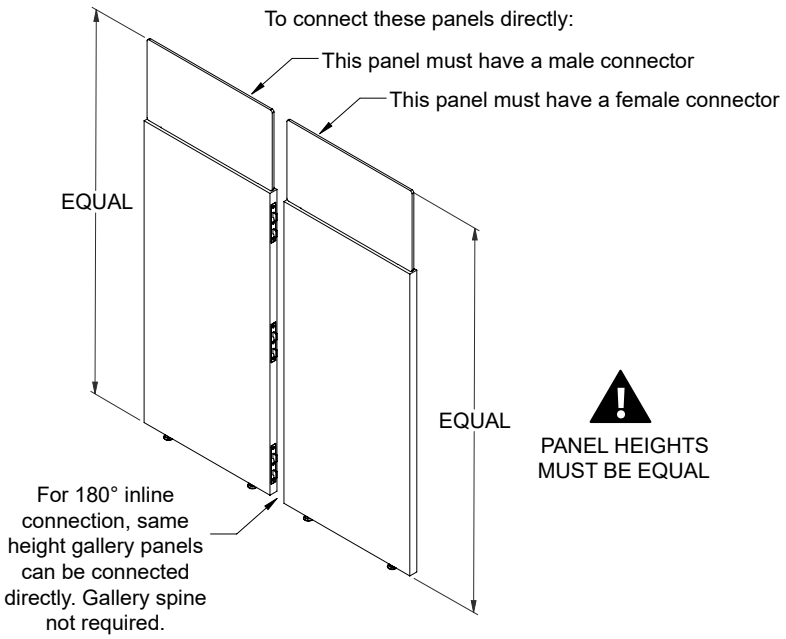


General Guidelines

- Gallery Panels are best paired with Full Front (Z) models to ensure alignment at the base datum line
- All panels connected in a run must be the same height
- Laminate only panels and panels with glazing cannot be combined in a single run
- A support foot must be used whenever an end of panel run exceeds 54”
- A single panel can be supported by two feet no longer than 60”
- Due to laminate woodgrain size restrictions, gallery panels are divided into two codes, one for widths 18`-60` and one for widths 66`-96
- Woodgrain direction (if applicable) runs vertical on the smaller widths (18`-60`) and horizontal on the larger widths (66`-96`)



Freestanding Application



180° Direct Connection

Application Examples

Use the following examples to reference how a panel layout can be structured. The codes used below can be found on the next few product pages. Note, sizes are not listed as the examples are to be used for configuration only. As per application guidelines, all panels in a single run are the same type (laminate only or glazing) and also the same height. For help with your layout, contact the BRC sales department at quotes@brc.group.

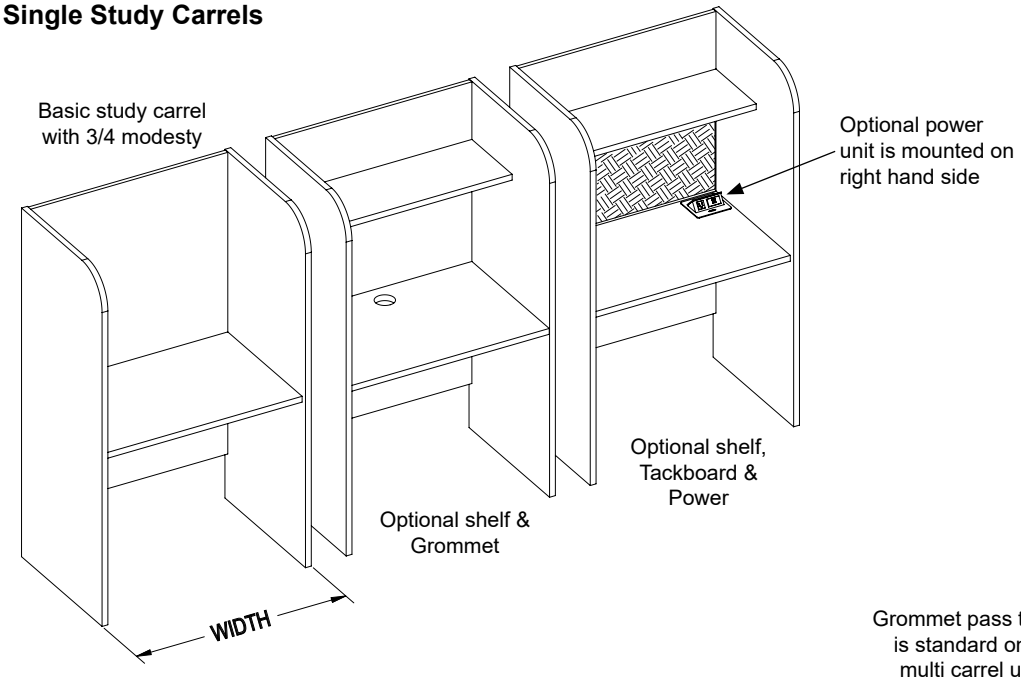
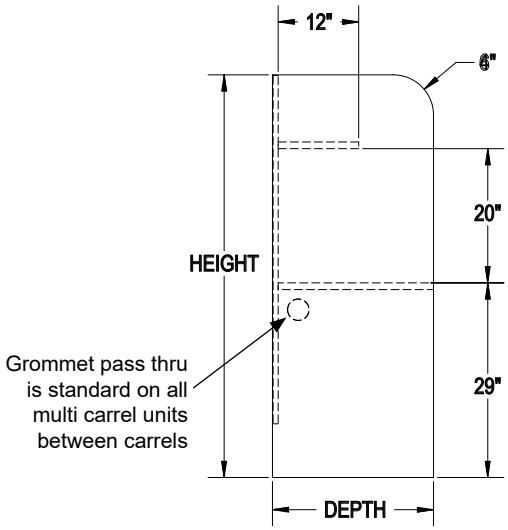
Summary

Created for education applications, BRC's study carrels can also be used in office and healthcare environments. Available with shelf, tackboard and power options, the study carrels can be configured to suit any environment. Use this page to assist with configuration and application.

Single Study Carrels

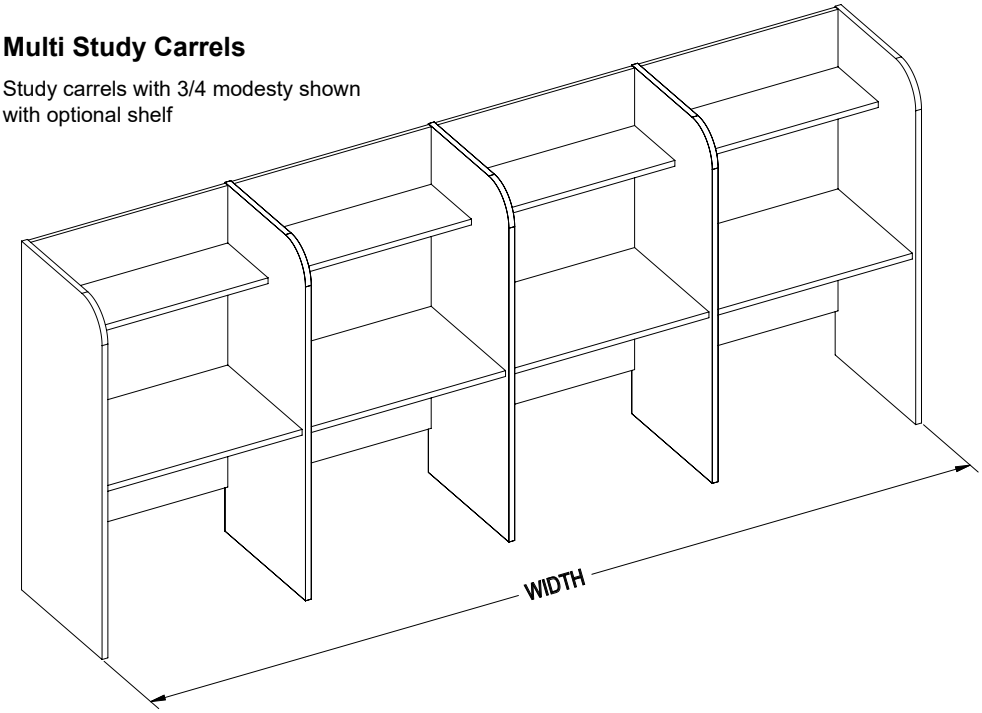




Dimensions apply to both single and multi unit carrels

Multi Study Carrels

Study carrels with 3/4 modesty shown with optional shelf



Multi Unit Specs:

- Multi unit carrels share the side gable in between carrels
- Options apply to all carrels, for instance, if *CG* is specified, all carrels will have a center grommet
- Undersurface grommet pass thru is included by default between the carrels but not on the ends
- When the default power option is specified:
  - The study carrels ship with BRC's product AT1FE (flip up 1 power & 2 USB ports)
  - The power module is always mounted on the right hand side at the back by default
  - Power modules are not gangable; installers must use extension cords if ganging is required

Integrated Cabinets

Summary

Height adjustable tables have become common place in office environments and BRC offers several options to integrate these tables into adjacent cabinetry. The option listed below, AA, is the same regardless of cabinet type. AA Indicates a removable back panel is typically used for wire access and management. The panels have snap in connectors for easy installation and removal. By default, integrated credenza cabinets ship with no back panel and a fixed inside panel. Add AA option code to tailor the cabinet to your needs. For further information and assistance, contact your BRC representative.

NFCBY	W60	D24	H19.25	*M1*	*F30*	*L*	*LBB*	*AA*

Features & Specifications

- 3/4" Thick LPL case construction with one inch of leveling
- File hanging bars and lock(s) included; One 3/4" thick adjustable shelf in storage space
- Height is 19.25" to accommodate BIFMA table heights; includes NABSA anti-tip bracket
- Accommodates height adjustable T leg configuration only; BRC Mesa
- Works with HM Motia & Nevi T Leg extended range; 30" depth with 24 foot, 36" with 30" foot
- Laminate codes - *M1*: 1" LPL, *H1*: 1" HPL (top only)
- Specify handedness left *'L'* or right *'R'* when ordering
- 2" wire management gap at the top of the back panel

No Charge Options

- All standard laminate and metal finishes available
- Specify lock option: BRC standard black *'LBB'*, silver *'LBS'*

Optional Extra

- To add rear laminate cover, add option code '*AA*' and +$239
- To add metal grommet for T leg, add option code '*SG*' and +$82
- For counterweight, add option code '*CW*' and +$156
- For high pressure drawer fronts, add option code '*HF*' and +$212

Islands

BRC Introduces its newest open space office products: Islands. A collection of closed and open storage, lockers, bases and worksurfaces that work together to create touch down areas, media centers, lunch room stations or permanent work areas.

Mix and match a large selection of items to create your own unique layout. When a worksurface is added, the finished height is 42”. Use the following pages for design inspiration or contact BRC if you need assistance.

Island Sample Layouts

Use the examples on this page to configure your own unique layouts. Worksurfaces and end panels can be ordered in custom widths, depths or heights as required. It is recommended to attach end or cover panels to cabinetry by first removing drawers (if applicable) and screwing in through side or back gables.

Island Table with Three Lateral Drawers & O Leg Base

Do not exceed 60" of unsupported space under worksurface

Island Table Exploded View

Island Table with Three Lateral Drawers & Center Gable

ITEM CODE	WIDTH	DEPTH	LAMINATE
NYWSN	W72	D30	*M1*

Features & Specifications

- Can be used in storage top and worksurface applications
- Does not include inserts or pilot holes under the worksurface
- Laminate codes - *M1*: 1” LPL, *H1*: 1” HPL
- LPL surfaces are finished on both sides; HPL surfaces are finished on one side only with backer on underside
- Individual sheet sizes are maximum 96” long. Laminate sheets are not edged on seam where multiple sheets are joined. Joining hardware included for multiple sheet sizes.

No Charge Options

- All standard laminate finishes available

SPECIAL NOTES

- Maximum unsupported span should not exceed 60”. Placing a seam on an unsupported area is not recommended. Contact BRC for layout options and support mechanisms.

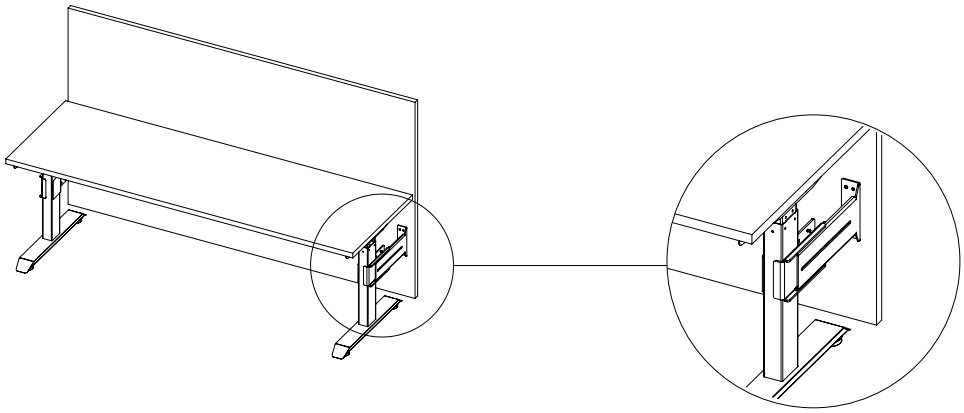
Height Adjustable Table Support Brackets

Height adjustable tables present unique challenges when mounting to adjacent furniture. BRC's table support brackets allow direct connection to Gallery Panels, tall storage, credenzas and other items while allowing full height adjustable functionality. These brackets have been designed specifically for our Mesa T leg and C leg bases but may be applicable to non-BRC product. Contact a BRC representative for full details.

T Leg Rear Mount Bracket

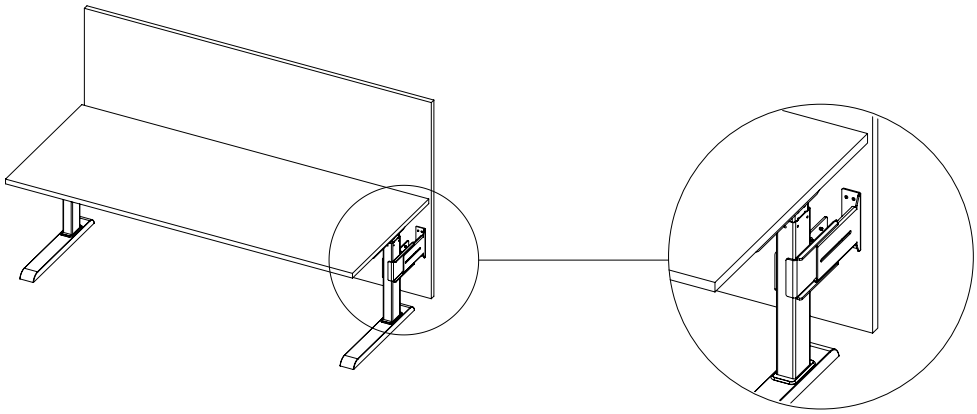
Product Code: NABRA



For use on Mesa T leg tables 24", 30" and 36" deep. Connection to rear panel or similar is permanent by way of screws or bolts. Connection to T leg is a clamping mechanism that does not damage or alter the base.

C Leg Rear Mount Bracket

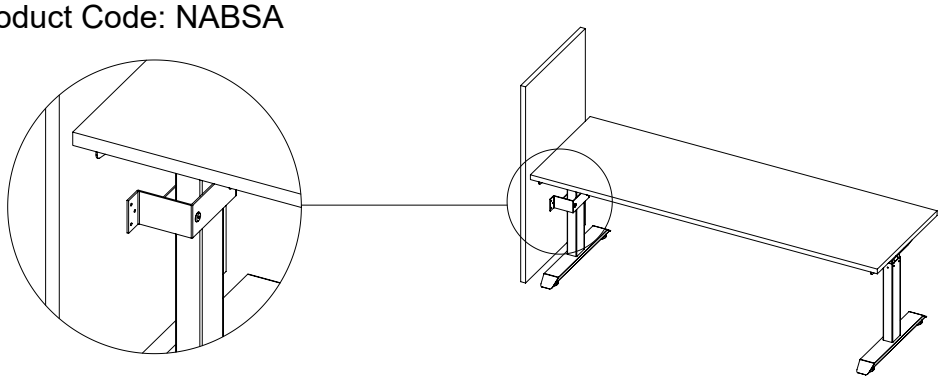
Product Code: NABCA



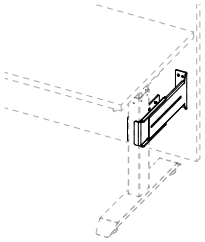
For use on Mesa C leg tables 24", 30" and 36" deep. Connection to rear panel or similar is permanent by way of screws or bolts. Connection to T leg is a clamping mechanism that does not damage or alter the base.

C Leg or T Leg Side Mount Bracket

Product Code: NABSA



For use on Mesa C leg or T leg tables 24" and 30" deep. Connection to side panel or similar is permanent by way of screws or bolts. Connection to T leg is a clamping mechanism that does not damage or alter the base.



NABRA	
FEATURES & SPECIFICATIONS	PRICE
• For application to the rear of a height adjustable T leg table • Works with BRC Mesa Table	$259

ORDER CODE SAMPLE				
ITEM CODE	WIDTH	DEPTH	HEIGHT	OPTION
NPLTD	W48	H24	H7	*ML*

Features & Specifications

- 3/4” Thick LPL case construction
- Intended to be mounted on BRC undermount storage components
- 3/4” Fasteners included
- Grain direction runs vertical where applicable
- Metal liner is finished in black powdercoat

No Charge Options

- All standard laminate finishes available

Optional Extra

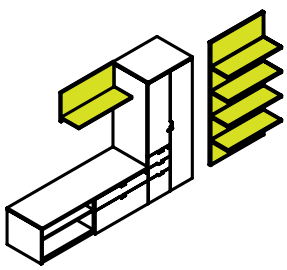
- Includes laminate surround only; for metal liner, add code *‘ML’* and price as shown above

SPECIAL NOTES

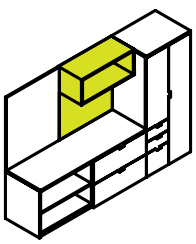
- LPL Laminate can be permanently damaged by water intrusion; although manufactured to be leak proof, the use of a metal liner may not fully protect the laminate from water intrusion

Elements

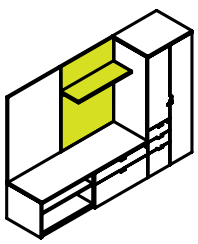
BRC Introduces a complete wall mounted accessory solution that integrates seamlessly with our Natural Series product. Floating shelves, whiteboards and tackboards can be installed alone or integrated into an office layout. Panels can specified full height or stacked in line according to requirements. Find more information on each section by clicking below.



Element Free Panels



Element Desk Panels



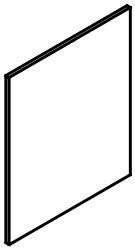
Element Low Panels

Element Wall Panel System

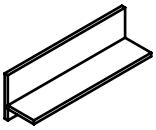
The following components are included in the Element wall mount panel system.

Components

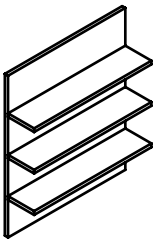
Laminate Panel



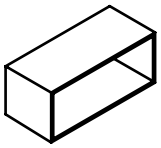
Single Shelf



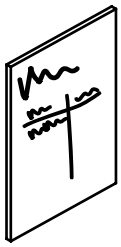
Multiple Shelves



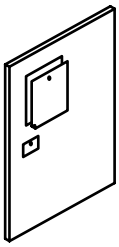
Open Storage



Marker Board

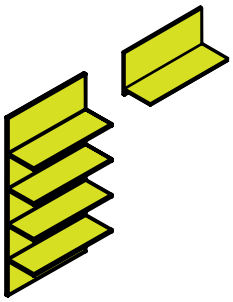


Tackboard



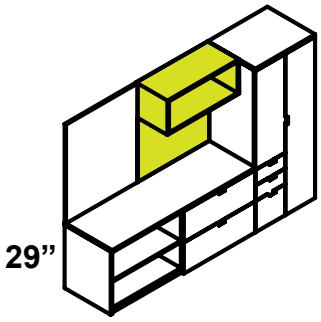
Grouping

The offering is divided into three distinct groups depending on how the products will be used.



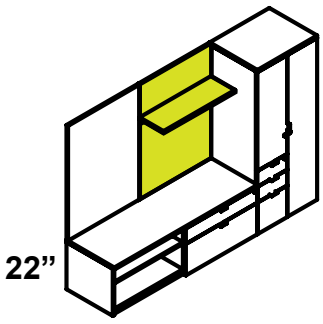
Element Free Panels

These components work with each other but are intended to be used independently from desk or storage furniture



Element Desk Panels

These components work with each other and are sized to be mounted above desk height (29”) storage components and tables. The overall height of these elements will align with a hutch or tall storage (eg, 66”, 72”, etc.)

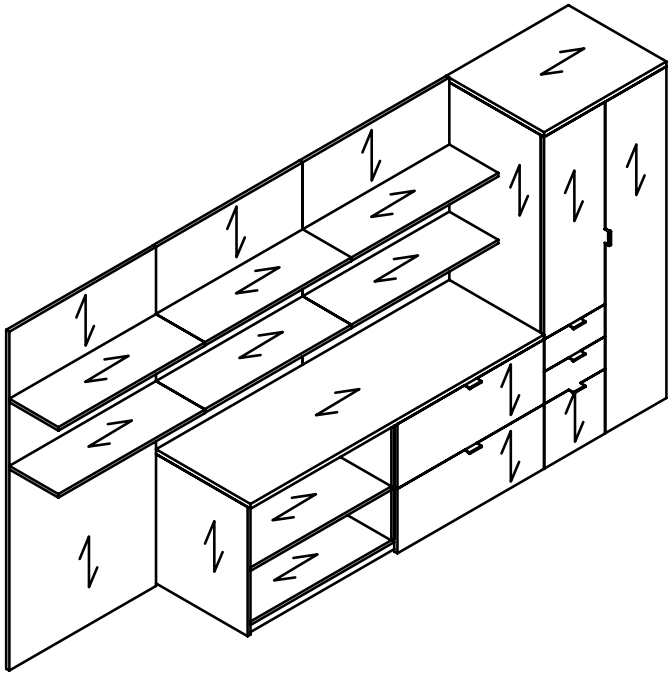


Element Low Panels

These components work with each other and are sized to be mounted above low storage (22”) components. The overall height of these elements will align with a hutch or tall storage (eg, 66”, 72”, etc.)

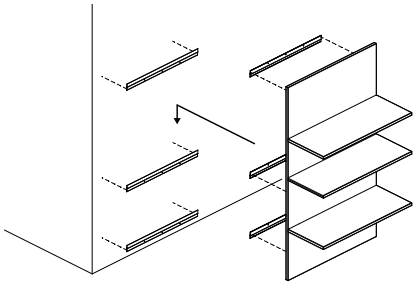
Grain Direction

The grain direction on the wall panels always runs vertical as shown below. Shelving and overhead storage grain runs horizontal to match adjacent desk and storage products if applicable.

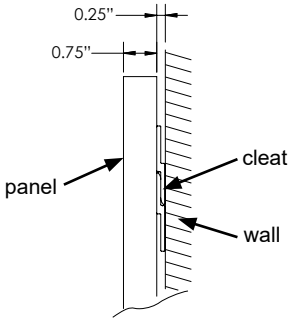


Mounting

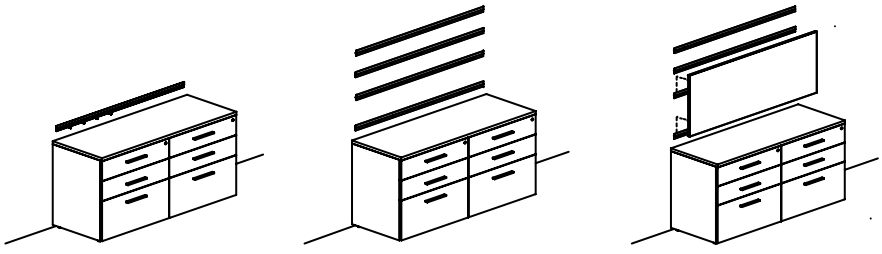
All components use an aluminum cleat based mounting system. The cleat on the back of the panel is pre-installed at the factory and matching wall cleats are provided for installation on site. After installation, the back of the wall panel sits 1/4" (0.25") out from the wall which is the total thickness of the cleat. The back panel, shelves and general construction is 3/4" thick laminate. Reference our Element Wall Panel System Installation guide for further details.



Wall panels drop into cleat



Total depth from wall is 1.00"



Multiple cleats are used as wall panel size and quantity increases (stacked panels)

Element Free Panels

Element Free Panels are the best solution for stand alone wall mount needs. Whiteboard, tackboard and floating shelves can be used together or independently. Use the examples on this page to configure your own unique layouts.

NEFTF	W18	D16	H17

Features & Specifications

- 3/4” Thick LPL construction, with a 1” thick top
- Interior cabinet depth is 15”
- Overall unit height is 17”, cabinet height is 15”; matches floating shelf NEFFF
- Includes mounting cleat and hardware
- Units 42” wide and over include center divider

No Charge Options

- All standard laminate finishes available

SPECIAL NOTES

- Each shelf can hold a maximum of 18kg or 40lbs.
- Wall cleats must be secured to wood studs; metal studs not recommended without additional support

Element Desk Panels

These components work with each other and are sized to be mounted above desk height (29”) storage components and tables. The overall height of these elements will align with hutch or tall storage (eg, 66”, 72”, etc.). Use the examples on this page to configure your own unique layouts.

Features & Specifications

- 3/4” Thick LPL construction, with a 1” thick top
- Interior cabinet depth is 15”
- Includes mounting cleat and hardware
- Units over 42” wide include center divider

No Charge Options

- All standard laminate finishes available

SPECIAL NOTES

- Each shelf can hold a maximum of 18kg or 40lbs.
- Wall cleats must be secured to wood studs; metal studs not recommended without additional support

Element Low Panels

These components work with each other and are sized to be mounted above low storage (22”) components. The overall height of these elements will align with hutch or tall storage (eg, 66”, 72”, etc.). Use the examples on this page to configure your own unique layouts.

Thank you for choosing BRC

Established in 1979 and incorporated in 1983, BRC Group has grown into a leader in the research, development and manufacturing of high quality ergonomic office furniture. BRC is a Canadian-owned private company with modern manufacturing facilities in Georgetown, Ontario, Canada.

BRC is a forerunner in blending environmental initiatives with the manufacturing of renewable and recyclable products. BRC uses materials and manufacturing processes which virtually eliminate Volatile Organic Chemical (VOC) emissions in the office environment. Raw materials are responsibly sourced, assuring that only the best and most sustainable components are converted to finished goods. BRC is committed to developing and offering the best-value products for the middle and higher end markets.

From OEM solutions to obscure designer requests to simply striving to be better, BRC provides creative and innovative customized solutions to complement any environment and use. Flexible manufacturing offers the ability for BRC to respond to client's special needs rather than having standard catalogue solutions. A wide collection of textiles and laminate finishes allows companies and individuals to express their brand and culture through a unique signature look.

All furniture is designed and manufactured to meet or exceed ANSI-BIFMA standards. Standard construction uses a combination of 3/4" and 1" material and metal to metal commercial grade connections for solid enduring assembly. The newest edge banding technology, in which the edge tape is melted directly to the edge of the board, enables BRC to manufacture products with virtually invisible glue lines.

The BRC Team works hard to earn and keep your business - our success depends on it. If you have any questions or inquires, please contact us at info@brc.group or toll free at 1-877-260-4309.

We appreciate your business and look forward to hearing from you.

Warranty, Terms & Conditions

BRC is pleased to offer one of the most competitive warranties in the industry. All furniture products carry a 12 year limited structural warranty. BRC furniture panel and table electrical cabling carry a 3 year limited warranty. All moving user adjustable components carry a 5 year limited structural warranty. All other electrical or electronic elements of BRC furniture carry a 1 year limited warranty.

For full warranty details, terms and conditions, please visit www.brc.group/warranty

Shipping Rates & Policies

Emotion product should be assumed to ship knocked down. Assembly of the worksurface to the base frame and the frame foot to the base frame assembly will be required on Viva product. Mesa product will be shipped with the worksurface separate and be accompanied by one box for a 2 leg table, and two boxes for a 3 leg table. Assembly instructions are included in the box or available for download on our website at www.brc.group/installation

Shipping costs are calculated based on net order value and destination. In many cases, the freight cost may be included in your order. For detailed information, visit our website at www.brc.group/freight

Emotion Height Adjustable Tables

BRC's Emotion series is a tested and proven height adjustable solution both in the lab and in the field. The product has sustained over 20 years of success and during that time undergone constant refinements and improvements. Rugged construction and reliable electronic components have been tested and certified to ANSI BIFMA & CGSB standards assuring the highest quality.

A Workstation for Everyone

Stationary desks and workstations present a problem to natural instinct. The human body is designed to benefit from motion which is important for spinal health, improving circulation and reducing muscle fatigue. Height adjustable tables can encourage movement by offering the user multiple sitting and standing positions.

Another benefit is the ability for the user to adjust the desk to the optimal working height for their body both in a sitting and standing position. Even two people who are the same height may have different resting elbow positions and in turn prefer different sitting and standing heights. The benefit is that a workstation can accommodate virtually all users at a cost that is only marginally higher than a fixed height desk providing users an opportunity to break their static posture without leaving the work area.

Height adjustable tables can also provide an inclusive atmosphere for everyone. BRC's line of Mesa and Viva height adjustable electric desks provide a modesty free ADA solution that is wheelchair accessible. In addition, these product lines offer a collision free mechanism that stops table movement when resistance in encountered, preventing injury.

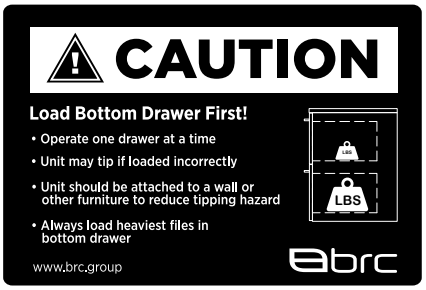
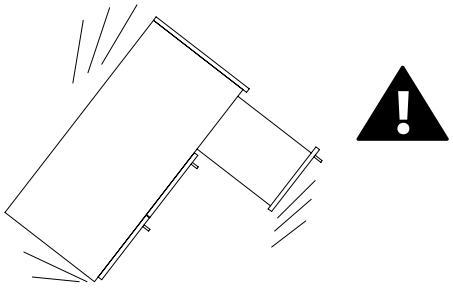
File Drawers

Load Considerations

Filing drawers can be one of the most convenient storage items in the office environment. Careful consideration must be paid to how the drawers are loaded, how much load and when to secure the cabinet to an additional support structure. File drawers must always be loaded from the bottom first. This puts the center of gravity lower and reduces the tipping hazard. Depending on application, cabinets should be secured to adjacent cabinets, a wall or another support structure for additional assurance. All drawer cabinets can be susceptible to tipping so careful planning is essential for prevention. Contact your BRC representative for more information.

Look for this warning label placed inside all file drawers manufactured by BRC





Capacity & Filing Options

BRC File drawers can accommodate letter and legal hanging file folders. Standard size file drawers in 30”, 36” & 42” widths include two side to side hanging bars and two front to back hanging bars (24” wide drawers include only one of each). The side to side hanging bar can be positioned to fit letter and legal files. The front to back hanging bars can be positioned to accommodate two rows front to back of letter and legal depending on drawer width. Pedestal file drawers include one side to side hanging bar that can to positioned to accommodate letter and legal side to side. Pedestal file drawers can accommodate letter only front to back.

STANDARD SIZE FILE DRAWER CAPACITY

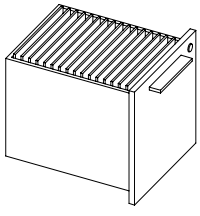
FILE RAILS ACCOMMODATE LEGAL SIDE TO SIDE; FILE BAR CAN BE USED TO ACCOMMODATE LETTER SIDE TO SIDE



FRONT TO BACK ACCOMMODATES LETTER ONLY

*Loads are expressed as weight rating for filing, not bottom loading

Counterweights

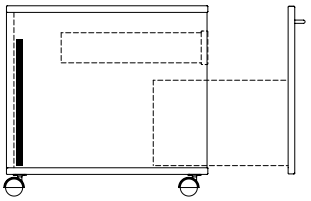
Product Safety

All of BRC's storage products that contain box drawers and file drawers include full extension drawer slides. This presents a unique challenge as the further a drawer is extended, the further away the center of gravity is from the main body of the product. Depending on the load, the storage product may tip over. There are several ways to prevent this from happening and BRC recommends the following solutions be considered depending on the installation. For more information on your specific layout, contact your BRC representative for advice.

Counterweights

Counterweights are designed to help balance a load in a drawer or several drawers. Depending on the size of the storage product and the load it intends to carry, a counterweight may be the best option. For smaller cabinets, freestanding or mobile, BRC recommends using a counterweight to prevent the product from tipping over. Some of BRC's mobile storage options already include a 5th wheel caster in the front of the drawer which prevents tip over. In this case, the counterweight will not be listed as an option on the individual product page.

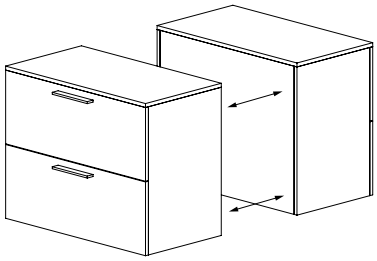
Counterweight located in back of cabinet (shown) or underneath cabinet

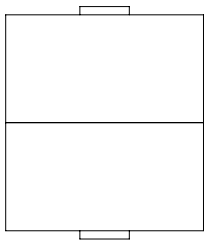


Ganging

When cabinets are installed in a long run or back to back, ganging them together may be the most cost effective solution. When installing, the drawers can be removed to gain access to the inside back or side gable of the product. After leveling the cabinet layout, by simply using self tapping wood screws with or without pilot holes, items can be ganged together.

Ganging cabinets back to back or side to side provides a cost effective solution

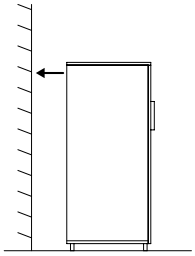




Wall Mounting

Where applicable, wall mounting can provide a cost effective solution to using a counterweight and provide greater tip over protection. For taller cabinets, bookcases and lockers BRC recommends wall mounting to provide a secure and safe environment. Ensure the wall structure contains wood studs or a wood backing. Attaching to metal studs alone is not recommended. Remove the drawers to gain access to the inside back or side gable of the product. After leveling the cabinet, simply use self tapping wood screws with or without pilot holes and secure the cabinet to the wall. Replace the drawers to complete installation.

Wall mounting all tall storage cabinets, bookcases and lockers is recommended



Product Safety

Wall Mounted Products

Wall mounted items require special consideration before installation. Any product attached to the wall, especially overhead mounted items, must be anchored and secured to the wall to ensure safety and stability. BRC provides the following guidelines & warnings when using wall mounted products:

• This product must be anchored to wall to ensure stability & safety.
• It is the owner and installers responsibility to ensure that the wall type and construction is of sufficient strength to carry the loads of any wall mounted products and their contents.
• Failure of the wall and anchors to support all imposed loads may result in property damage or personal injury.
• BRC can provide size and empty weight of its products only. As wall blocking is considered a building construction process, BRC cannot provide recommendations in this respect and cannot be responsible for damage or injury that may occur as a result of improper installation and/or blocking.

Look for this warning label on all wall mounted BRC products

Mobile Product Instability

Mobile items on casters such as flip top, personal and movable tables of any type and storage items of any type may present an instability hazard if not secured correctly while in use or in storage. Flip top tables or training tables of any type, are inherently more unstable when folded. BRC provides the following guidelines & warnings when using mobile products:

• Lock casters immediately after moving. Do not leave the casters unlocked when in use or in storage.
• Motion may increase the instability of any item with casters. If the wheels hit an obstruction the table's forward momentum often causes overturn, especially if the item is not equipped with wheel extensions. Exercise strong caution while moving these items.
• Use caution when abrupt level changes in the floor are present (such as a doorway or room threshold) as caster failure or tipping may result.
• Do not stand, sit or lean on mobile items for support. They are not intended for this use and personal injury or property damage may result.
• Mobile units that feature height adjustable elements must be lowered to the minimum compressed height when moving to prevent instability. It is also recommended the user remove all computer equipment or other accessories to prevent possible weight imbalance or damage to equipment.
• Failure to follow the guidelines above may result in property damage or personal injury.

Look for this warning label on all mobile BRC products

Cleaning & Maintenance

BEST PRACTICES
To keep your furniture products looking their best, BRC recommends the following general care and maintenance:

Low Pressure (LPL) LAMINATES Cleaning:
Dust laminated surfaces off prior to cleaning. Wet a damp cloth with water, a mild soap or one of our approved cleaning products. Do not use abrasive cleaners as they may scratch or affect the surface appearance. Wipe the surface with the grain (where applicable) using a dry soft cloth.

Approved cleaning products: Glass Plus®, Dawn®, Pledge®, Mr. Clean® , Windex®,
For disinfecting surfaces use products such as: LYSOL®, VIREX®, PURELL®, VIROX®

After use of the above disinfectants ensure that the surfaces are wiped with a damp cloth to remove any product residue.

Take note that any product with Hydrochloric, Sulfuric, or Phosphoric acid may permanently damage the surface. Abrasive elements and excessively acidic or alkaline solutions should be avoided. Prolonged exposure to wet surfaces and/or direct contact with water should be avoided.

High Pressure (HPL) LAMINATES Cleaning:
Dust laminated surfaces off prior to cleaning. Wet a damp cloth with water, a mild soap or one of our approved cleaning products. Do not use abrasive cleaners as they may scratch or affect the surface appearance. Wipe the surface with the grain (where applicable) using a dry soft cloth.

Approved cleaning products: Glass Plus®, Dawn®, Pledge®, Mr. Clean® , Windex®,
For disinfecting surfaces use products such as: LYSOL®, VIREX®, PURELL®, VIROX®, Fantastik®, multi-surface disinfectant, Clorox® Disinfecting Wipes, Caviwipes™, Cavicide™

After use of the above disinfectants ensure that the surfaces are wiped with a damp cloth to remove any product residue.

Take note that any product with Hydrochloric, Sulfuric, or Phosphoric acid may permanently damage the surface. Abrasive elements and excessively acidic or alkaline solutions should be avoided. Prolonged exposure to wet surfaces and/or direct contact with water should be avoided.

Acrylic Tiles And Panels:
Dust regularly to keep surfaces free of dust particles.
Clean any dirt or stain with a damp cloth. Do not use chemical cleaners or window cleaners as it may alter or permanently affect the surface appearance.

Tempered & Laminated Glass:
Dust regularly to keep surfaces free of dust particles.
Clean any dirt or stain with a damp cloth. Do not use chemical cleaners or window cleaners as it may alter or permanently affect the surface appearance.

Edge Trim:
To remove minor scuff marks and general dirt from bases and connectors, use warm water and a soft cloth. Do not use harsh abrasive cleaners, as they may cause permanent scratches on the surface.

Painted Metals:
Clean these products, use a damp cloth, using only a small amount of lukewarm water if necessary. Abrasive elements and excessively acidic or alkaline solutions should be avoided. Prolonged exposure to wet surfaces and/or direct contact with water should be avoided.

Standard Fabrics:
Standard Care Label W-S. Clean with water based cleaning agents, foam or pure, water free solvents. Vacuuming or light brushing is recommended to prevent dust and soil buildup.

Bleach Cleanable Fabrics:
Bleach is an effective disinfectant, which means it kills most bacteria, fungi and viruses. When fabrics need to be disinfected or sterilized, use a 1:10 household bleach-to-water solution.

Do not saturate or soak furniture with cleaner

Use spray or damp cloth only

Wipe with damp cloth using fresh water after cleaning

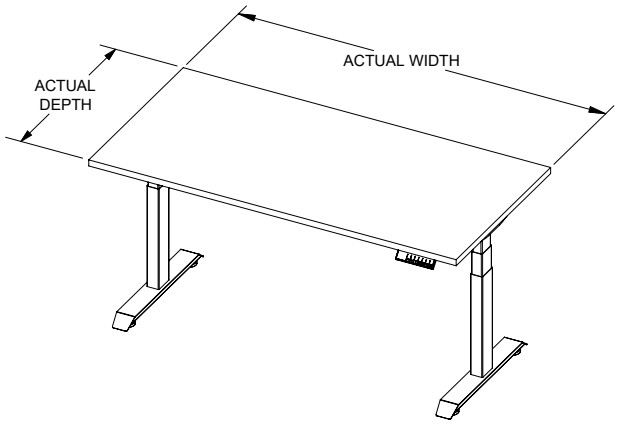
Standard & Custom Sizing

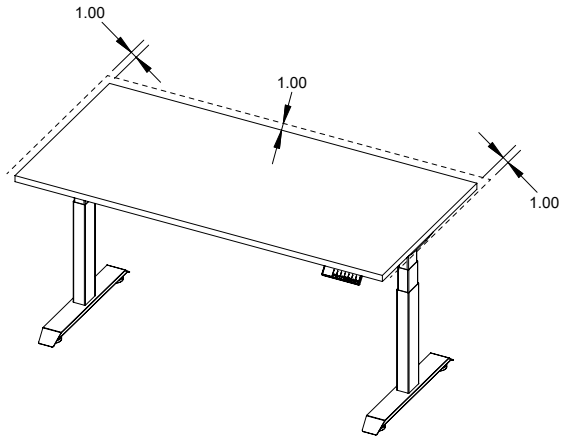
BRC has built a reputation on custom tailored product based on our standard offering. Many sizes not listed in the Emotion catalog can still be ordered without requesting a custom quote. The next two pages are meant as a guide to enable users to specify and order a custom size right from the price guide. Follow the guidelines below for specifying and ordering sizes that are not listed in this guide.

Worksurface Size & Pinch Clearance

Standard worksurface sizes listed in the size chart on each page are actual sizes. For instance, a 60” x 24” height adjustable table is manufactured to 60.00” x 24.00”. This applies to all products in this guide - Mesa, Viva, SoHo and NoLita.

All Mesa and Viva height adjustable tables are sized to allow for one inch of pinch clearance at the back and on each side of the table. This allows for wire access behind and to the side of the table and provides clearance to avoid pinch points.



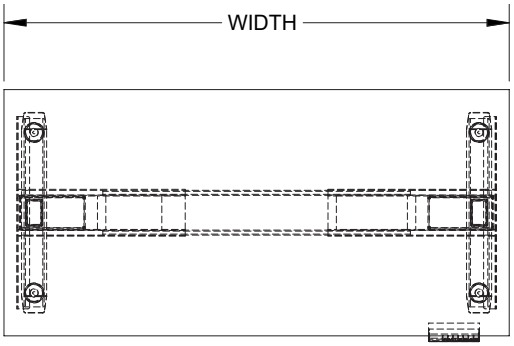


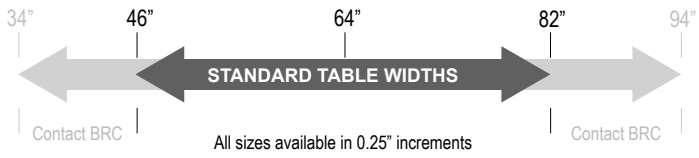
Custom Size Availability

Most products can be ordered in 0.25” (1/4”) increments in either width or depth depending on the sizes listed in the price guide. Custom increments are available between the minimum and maximum sizes listed on the price page. For instance, in the example below, a Mesa table that has a minimum width of 46” and a maximum width of 82” is available in any size in between the minumim and maximum, for example, 54.25” wide or 70.75” wide. When specifying custom, indicate the actual size required, no additions or deductions will be made by BRC. For example, a custom specified width of 65” will be made at 65.00” exactly.

The example details width only but custom size availability applies to depth as well. If applicable, all variables (width, depth & height) can be customized together in one product. For example, the below item could be ordered with a custom width and depth.

Custom sizes outside of the listed minimum and maximum may still be available but require a quote from BRC. Please contact your representative or send your inquiry to quotes@brc.group.





Next Size Up Pricing

When specifying a custom size, use the pricing applicable to the next size up listed in the price guide. For instance, for a 50.5” width overall, the next largest standard width is 54” at $400 list, so for a 50.5” depth you would use the $400 list price.

For more information on next size up pricing, please contact your representative or send your inquiry to quotes@brc.group.

Custom Sizing

Order Sample Code

Ordering custom sizes is as easy as placing the size you want in the ordering code and adding an “SP-” prefix to the code. The example below shows how a height adjustable table can be customized and ordered. MWEE Viva product is available in widths from 26” - 82” and depths from 23” - 35”. In the order code for a custom size, “MWEE” becomes “SP-MWEE”.

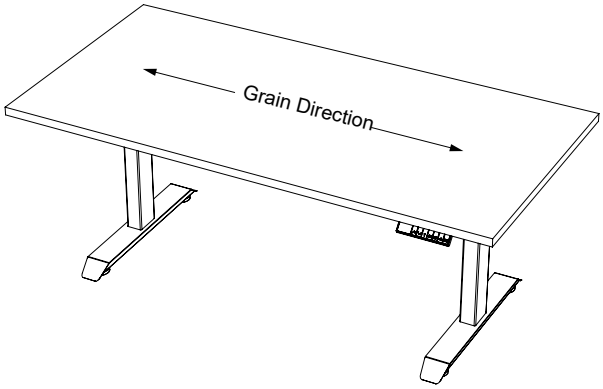
Economical Electric Height Adjustable Tables

Standard Features:

- LPL & HPL Worksurfaces available with overall height adjustability from 22.75” to 48.75”
- Programmable anti collision enabled - table will stop if obstruction is encountered
- Full undersurface adjustable width frame prevents lateral movement
- Power ratings: 456W, 3.8 Amp working, 0.5W standby, 108” power cord
- Includes cable management ties for under surface attachment
- Four position memory handset with digital height display
- Modesty free design meets ADA accessibility requirements
- Dual motor with a lift capacity up to 275lbs.
- Optional modesty panel is 10” high



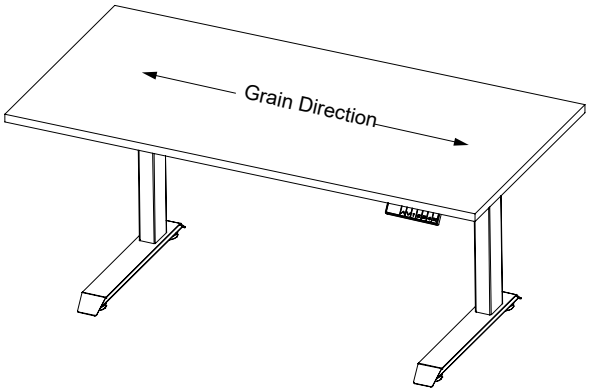
Basic Dimensions:

T-LEG, C-LEG

- Column: 1.9” x 3.0” [48mm x 76mm]
- Foot: 2.95” x 23.65” [75mm x 601mm]
- Foot height: 1.59” [40mm]

FRAME

- 1.25” horizontal top frame



Finishes:

BASE

- Powdercoat silver, black & white

WORKSURFACE

- 1” LPL & HPL in all standard BRC laminates

General Product Overview:

Table bases are metal and have a durable scratch resistant, heat cured powder coat paint finish. Metal uprights are 14 gauge tubing and incorporate plastic sleeves throughout for quiet and smooth operation. Low profile foot is constructed of heavy gauge welded steel, with waterfall front and back edges. Feet have oversize levelers for greater stability.

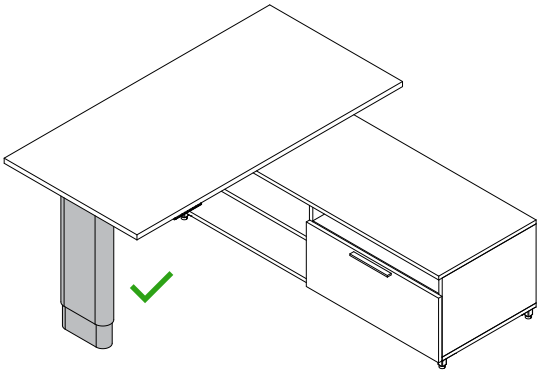
Amplify Telescoping Metal Surround

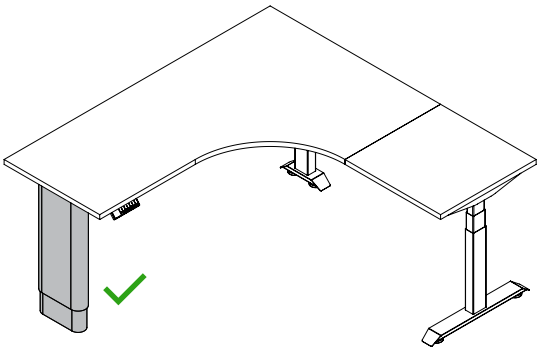
Summary

The Amplify Telescoping Metal Surround is specifically designed to encase the T-leg of Mesa Height Adjustable Tables. When installing the surround, the foot and the upper cantilever of the T-leg must be removed. Due to this design detail, there are specific application guidelines that must be followed to ensure proper support. Please refer to the application layouts below for guidance.

Surround can only be used with T-leg Mesa Height Adjustable Tables

Correct Applications:





Incorrect Applications:

Features & Specifications

- 16 gauge steel construction for upper and lower sleeve with one inch of leveling
- 3/4” fasteners included
- Accommodates 23” & 29” deep BRC Mesa Sit-Stand Height Adjustable T leg configuration only
- Can not be used in a freestanding application
- The surround can be retrofitted on existing BRC Mesa Sit-Stand Height Adjustable bases (T leg only) directly in the field

No Charge Options

- Available in silver finish only

SPECIAL NOTES

- Handset requires reprogramming as per page 2 of install guide

Viva

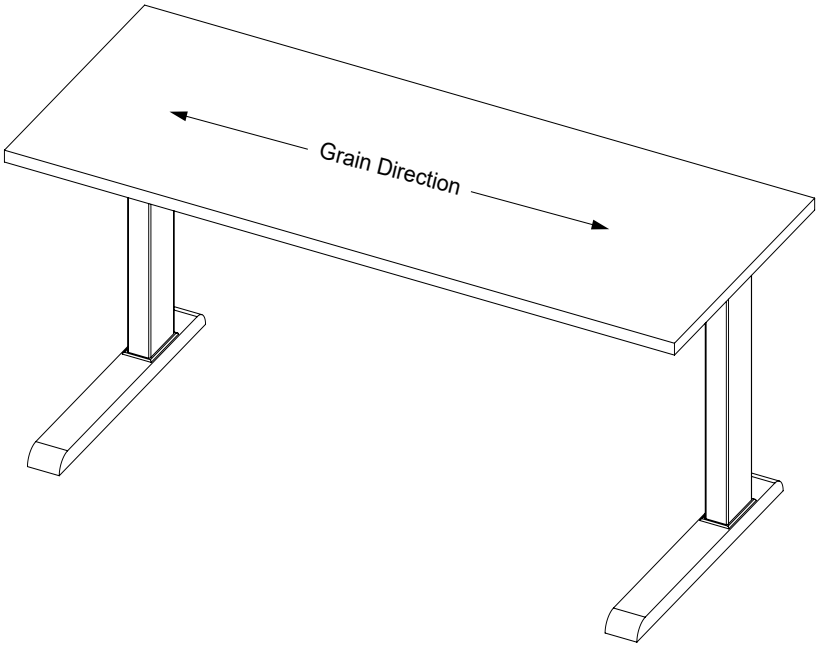
Premium Electric Height Adjustable Tables

Standard Features:

- LPL & HPL Worksurfaces available with overall height adjustability from 22.25” to 48.25”
- Dual motor with a lift capacity up to 300lbs and 1.5” [38.1mm] per second travel
- Anti collision piezoelectric sensor stops movement when obstruction is encountered
- Power ratings: 450W, 3.75 Amp working, 0.1W standby. 125” Cord length
- C Base two and three leg table configurations
- Whisper quiet motion at only 55 decibels
- Foot design matches all Viva line product

Optional Features:

- Bluetooth with Desk Control App
- Rechargable Battery for wireless operation
- Multiple handset options
- Left, right and center grommets
- Keyboard tray adaptable
- Modesty panel is 10” high



Basic Dimensions:

C-LEG

- Column: 2” x 3” [50.8mm x 76.2mm]
- Foot: 2.88” x 24” [73.2mm x 609.6mm]
- Foot height: 1.375” [34.9mm]

Finishes:

BASE

- Powdercoat silver, black & white

WORKSURFACE

- 1” or 1.5” LPL & HPL in all standard BRC laminates

General Product Overview:

Table bases are metal and have a durable scratch resistant, heat cured powder coat paint finish. Metal uprights are of 14 gauge tubing 2” thick by 3” wide. Low profile foot is constructed of drawn steel, with waterfall front and back edges. The interior of the foot is double walled with 11 gauge steel supports. These feet have easy to access levelers for ease of installation and balancing. ANSI Bifma and CGSB (Canadian General Standards Board) tested and qualified. This ensures that BRC products adhere to the highest standards of quality and durability in North America. UL Certified electronics.

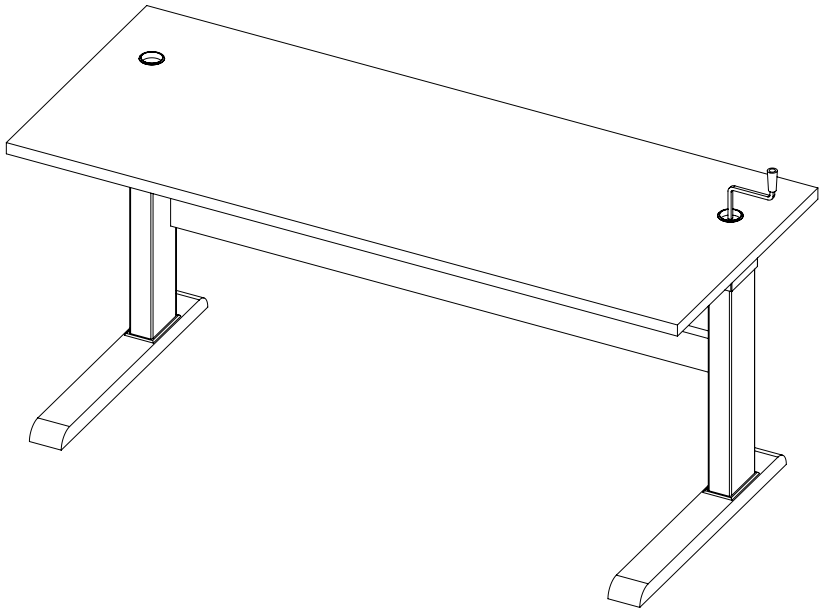
Viva

Manually Operated Height Adjustable Tables

Standard Features:

- LPL & HPL worksurfaces with overall height adjustability from 24” to 36”
- Top access crank handle & grommets are standard (UTS)
- Handle turns 6 revolutions for each 1” of travel
- C Base two and three leg configurations
- Foot design matches all Viva line products
- No electrical power requirements



Optional Features:

- Left, right and center grommets
- Undermount crank handle position

Basic Dimensions:

C-LEG

- Column: 2.0” x 4.0” [51mm x 102mm]
- Foot: 2.88” x 24” [73.2mm x 609.6mm]
- Foot height: 1.375” [34.9mm]

FRAME

- 1.25” x 1.25” [32 x 32mm] spans full width

Finishes:

BASE

- Powdercoat silver, black & white

WORKSURFACE

- 1” & 1.5” LPL & HPL in all standard BRC laminates

General Product Overview:

Table bases are metal and have a durable scratch resistant, heat cured powder coat paint finish. Metal uprights are of 14 gauge tubing 2” thick by 4” wide. On all tables, inserts are of 14 gauge tubing and incorporate Teflon-like slides for smooth operation and low maintenance. All table bases have a 1” x 3” horizontal modesty bar of 16 gauge steel attached to each leg to assure strength and stability throughout the entire range of motion. Low profile foot is constructed of drawn steel, with waterfall front and back edges. The interior of the foot is double walled with 11 gauge steel supports. These feet have easy to access levelers for ease of installation and balancing.

ANSI Bifma and CGSB (Canadian General Standards Board) tested and qualified. This ensures that BRC products adhere to the highest standards of quality and durability in North America.

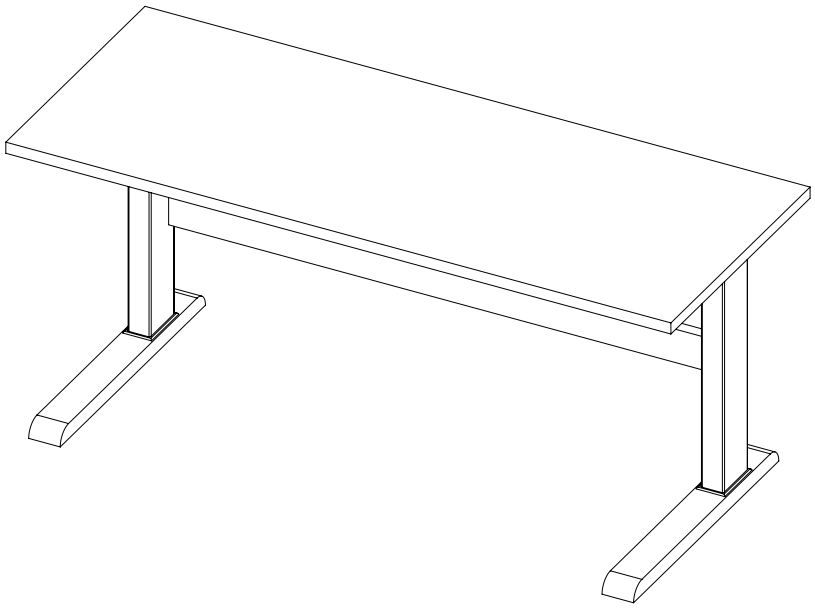
Viva

Incremental Height Adjustable Tables

Standard Features:

- LPL & HPL worksurfaces with overall height adjustability from 24” to 36” in one inch increments
- C Base two and three leg configurations
- Foot design matches all Viva line products
- No electrical power requirements



Optional Features:

- Left, right and center grommets

Basic Dimensions:

C-LEG

- Column: 2.0” x 4.0” [51mm x 102mm]
- Foot: 2.88” x 24” [73.2mm x 609.6mm]
- Foot height: 1.375” [34.9mm]

Finishes:

BASE

- Powdercoat silver, black & white

WORKSURFACE

- 1” & 1.5” LPL & HPL in all standard BRC laminates

General Product Overview:

Table bases are metal and have a durable scratch resistant, heat cured powder coat paint finish. Metal uprights are of 14 gauge tubing 2” thick by 4” wide. All table bases have a 1” x 3” horizontal modesty bar of 16 gauge steel attached to each leg to assure strength and stability. Incremental adjustment is made by removing the socket cap bolt on the back of each leg, setting height required and replacing bolt. Low profile foot is constructed of drawn steel, with waterfall front and back edges. The interior of the foot is double walled with 11 gauge steel supports. These feet have easy to access levelers for ease of installation and balancing.

ANSI Bifma and CGSB (Canadian General Standards Board) tested and qualified. This ensures that BRC products adhere to the highest standards of quality and durability in North America.

Finishes:

BASE

• Powdercoat silver, black & white

WORKSURFACE

• 1” & 1.5” LPL & HPL in all standard BRC laminates

General Product Overview:

Table bases are metal and have a durable scratch resistant, heat cured powder coat paint finish. Table surfaces are supported by a 3/4” x 1 1/2” steel frame designed for strength and ease of connections. Metal uprights are of 14 gauge tubing 2” thick by 4” wide. On all tables, inserts are of 14 gauge tubing and incorporate Teflon-like slides for smooth operation and low maintenance. All table bases have a 1” x 3” horizontal modesty bar of 16 gauge steel attached to each leg to assure strength and stability throughout the entire range of motion. Low profile foot is constructed of drawn steel, with waterfall front and back edges. The interior of the foot is double walled with 11 gauge steel supports. These feet have easy to access levelers for ease of installation and balancing.

ANSI Bifma and CGSB (Canadian General Standards Board) tested and qualified. This ensures that BRC products adhere to the highest standards of quality and durability in North America.

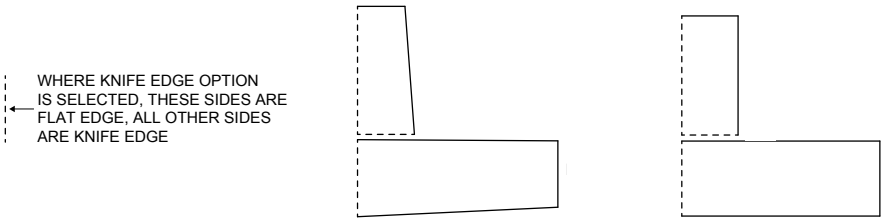
- 1.25” HPL knife edge on three sides; flat edge on back side

Trim:

- Optional knife edge trimdoes not cover entire perimeter; see graphic below for details



General Product Overview:

Lower cover fascia is made from LP laminate available in all BRC standard finishes. Lower cover fascia end and top trim caps are metal and painted to match the lifting columns. Table base internal frames are metal and have a durable scratch resistant, heat cured powder coat paint finish. Table surfaces are supported by a 1 1/4” tubular steel frame designed for strength and ease of connections. One or both surfaces are available to be height adjustable. The concealed modesty panel is available as standard on one surface only. Due to the nature of this product, extended lead times may apply. Please contact orders@brc.group for details before ordering.

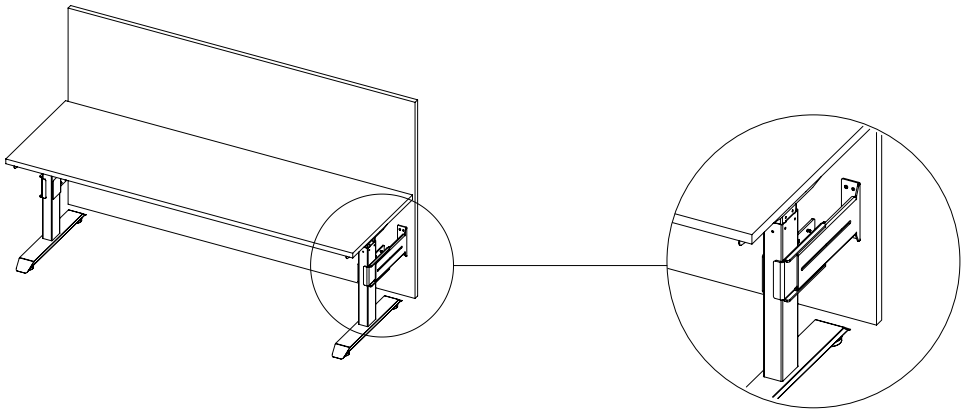
Height Adjustable Table Support Brackets

Height adjustable tables present unique challenges when mounting to adjacent furniture. BRC's table support brackets allow direct connection to Gallery Panels, tall storage, credenzas and other items while allowing full height adjustable functionality. These brackets have been designed specifically for our Mesa T leg and C leg bases but may be applicable to non-BRC product. Contact a BRC representative for full details.

T Leg Rear Mount Bracket

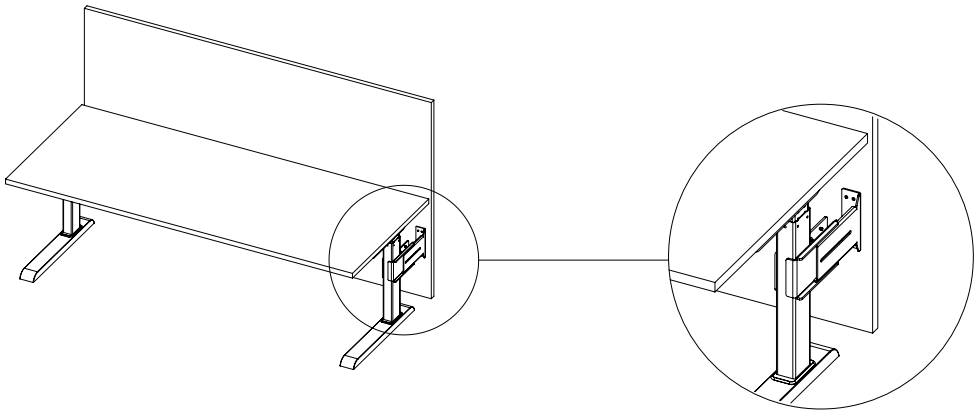
Product Code: MABRA



For use on Mesa T leg tables 24", 30" and 36" deep. Connection to rear panel or similar is permanent by way of screws or bolts. Connection to T leg is a clamping mechanism that does not damage or alter the base.

C Leg Rear Mount Bracket

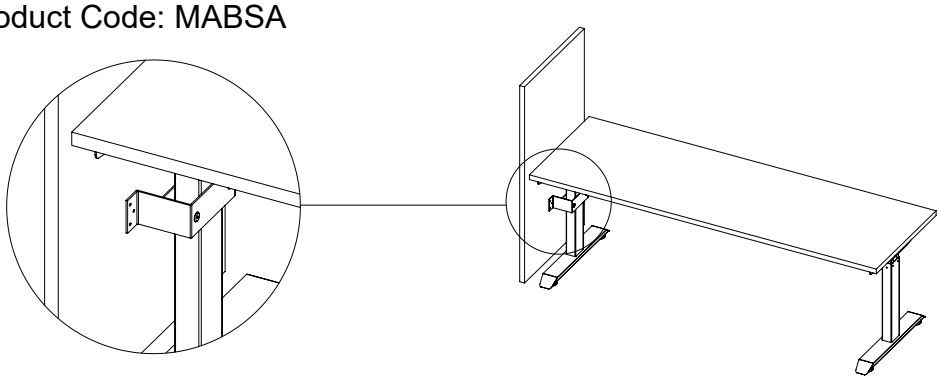
Product Code: MABCA



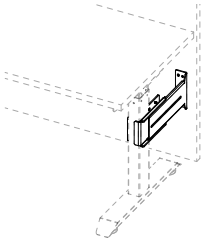
For use on Mesa C leg tables 24", 30" and 36" deep. Connection to rear panel or similar is permanent by way of screws or bolts. Connection to T leg is a clamping mechanism that does not damage or alter the base.

C Leg or T Leg Side Mount Bracket

Product Code: MABSA



For use on Mesa C leg or T leg tables 24" and 30" deep. Connection to side panel or similar is permanent by way of screws or bolts. Connection to T leg is a clamping mechanism that does not damage or alter the base.



MABRA	
FEATURES & SPECIFICATIONS	PRICE

TABLES

Price Guide - 2025 R2

Thank you for choosing BRC

Established in 1979 and incorporated in 1983, BRC Group has grown into a leader in the research, development and manufacturing of high quality ergonomic office furniture. BRC is a Canadian-owned private company with modern manufacturing facilities in Georgetown, Ontario, Canada.

BRC is a forerunner in blending environmental initiatives with the manufacturing of renewable and recyclable products. BRC uses materials and manufacturing processes which virtually eliminate Volatile Organic Chemical (VOC) emissions in the office environment. Raw materials are responsibly sourced, assuring that only the best and most sustainable components are converted to finished goods. BRC is committed to developing and offering the best-value products for the middle and higher end markets.

From OEM solutions to obscure designer requests to simply striving to be better, BRC provides creative and innovative customized solutions to complement any environment and use. Flexible manufacturing offers the ability for BRC to respond to client's special needs rather than having standard catalogue solutions. A wide collection of textiles, laminate finishes and wood veneer allows companies and individuals to express their brand and culture through a unique signature look.

All furniture is designed and manufactured to meet or exceed ANSI-BIFMA standards. Standard construction uses a combination of 3/4" and metal to metal commercial grade connections for solid enduring assembly. The newest edge banding technology, in which the edge tape is melted directly to the edge of the board, enables BRC to manufacture products with virtually invisible glue lines.

The BRC Team works hard to earn and keep your business - our success depends on it. If you have any questions or inquires, please contact us at info@brc.group or toll free at 1-877-260-4309.

We appreciate your business and look forward to hearing from you.

Warranty, Terms & Conditions

BRC is pleased to offer one of the most competitive warranties in the industry. All furniture products carry a 12 year limited structural warranty. BRC furniture panel and table electrical cabling carry a 3 year limited warranty. All moving user adjustable components carry a 5 year limited structural warranty. All other electrical or electronic elements of BRC furniture carry a 1 year limited warranty.

For full warranty details, terms and conditions, please visit www.brc.group/warranty

Shipping Rates & Policies

Shipping costs are calculated based on net order value and destination. In many cases, the freight cost may be included in your order. For detailed information, visit our website at www.brc.group/freight

Power Module Guidance & Ordering

Orders with Power

Power modules are optional when ordering tables. Prices should be added in addition to the table price according to the “Power Options” pages for each product. When ordering a table that requires power, simply follow these steps:

Step 1 - On the first line of the purchase order, indicate the Item code with width, depth and laminate type, these items are required to be specified.
Step 2 - At the end of the table code add the option if required (in this example, “CC”). If selected add the option charge to the table price.
Step 3 - Specify the power options on the second line of the purchase order, Line 1.1. Add multiple lines for additional power options (eg. Line 1.2).

STEP 1 STEP 2

LINE 1	TABLE	ITEM CODE	WIDTH	DEPTH	LAMINATE	OPTION
		TFRTT	W96	D48	*M1*	*CC*
LINE 1.1	POWER & DATA	POWER OPTION	FINISH / TRIM FINISH / COVER CODE	BODY FINISH / OPTION	POWER QTY	
		AF2RE	*SLV*	*D*	*1*	

STEP 3

A complete order code including power and the optional curved corner for the above is: **TFRTT W96 D48 M1 CC AF2RE SLV D 1**

Orders without Power

When ordering a table without power, omit the power and data section:

LINE 1	TABLE	ITEM CODE	WIDTH	DEPTH	LAMINATE	OPTION
		TFRTT	W96	D48	*M1*	*CC*
LINE 1.1	POWER & DATA	POWER OPTION	FINISH / TRIM FINISH / COVER CODE	BODY FINISH / OPTION	POWER QTY	
		AF2RE	*SLV*	*D*	*1*	

A complete order code without power and optional curved corner for the above is: **TFRTT W96 D48 M1 CC**

Finish Abbreviations

The following abbreviations are used throughout this guide and can be specified when ordering.

Finish	Abbreviated Code
Black	**BLK**
Silver	**SLV**
White	**WHT**
Anodized Aluminum	**BAA**
Stainless Steel	**BSS**
Grey	**GRY**
Orange	**ORN**
Red	**RED**
Green	**GRN**
Blue	**BLU**

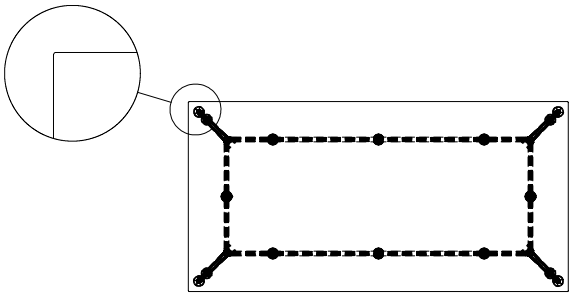
General Specifications

Summary

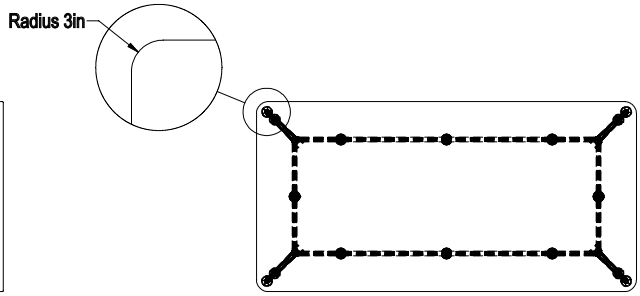
BRC's tables series product can be used as an effective way to add boardroom, meeting and occasional worksurfaces to any office environment. The information on this page applies to all items in this price guide. For specific information on the product type, consult its section specification page or its individual product page.

Corner Options

Standard configurations include square corners but can be configured with 3" radius corners as an optional upcharge.



Straight Corners *(Standard)*

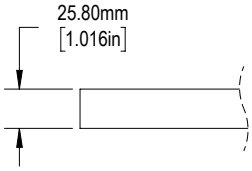


Curved Corners *'CC'*

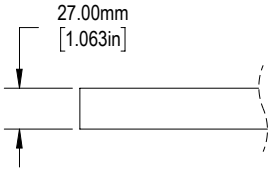
Laminates

Most laminates are available in matching low pressure (LPL) and high pressure (HPL) finishes in 1.00" and 1.25" thick material with 2.5mm edge trim. Consult BRC's current finish line up for specific details on availability at www.brc.group/materials. When specifying laminate top finish codes, the code applies to the worksurface or top of product only. These codes are:

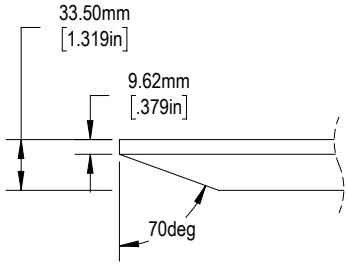
M1 - Indicates 1.00" thick LPL laminate



H1 - Indicates 1.00" thick HPL (actual thickness is 1.125")



K1 - Indicates 1.25" thick HPL laminate with knife edge



Custom Sizing

BRC has built a reputation on custom tailored product based on our standard offering. Most items can be ordered in sizes that are not listed in this price guide, especially sizes that are between the minimum and maximum sizes offered. Please contact your BRC representative to help with your custom project.

Cleaning & Maintenance

BEST PRACTICES
To keep your furniture products looking their best, BRC recommends the following general care and maintenance:

Low Pressure (LPL) LAMINATES Cleaning:
Dust laminated surfaces off prior to cleaning. Wet a damp cloth with water, a mild soap or one of our approved cleaning products. Do not use abrasive cleaners as they may scratch or affect the surface appearance. Wipe the surface with the grain (where applicable) using a dry soft cloth.

Approved cleaning products: Glass Plus®, Dawn®, Pledge®, Mr. Clean® , Windex®,
For disinfecting surfaces use products such as: LYSOL®, VIREX®, PURELL®, VIROX®

After use of the above disinfectants ensure that the surfaces are wiped with a damp cloth to remove any product residue.

Take note that any product with Hydrochloric, Sulfuric, or Phosphoric acid may permanently damage the surface. Abrasive elements and excessively acidic or alkaline solutions should be avoided. Prolonged exposure to wet surfaces and/or direct contact with water should be avoided.

High Pressure (HPL) LAMINATES Cleaning:
Dust laminated surfaces off prior to cleaning. Wet a damp cloth with water, a mild soap or one of our approved cleaning products. Do not use abrasive cleaners as they may scratch or affect the surface appearance. Wipe the surface with the grain (where applicable) using a dry soft cloth.

Approved cleaning products: Glass Plus®, Dawn®, Pledge®, Mr. Clean® , Windex®,
For disinfecting surfaces use products such as: LYSOL®, VIREX®, PURELL®, VIROX®, Fantastik®, multi-surface disinfectant, Clorox® Disinfecting Wipes, Caviwipes™, Cavicide™

After use of the above disinfectants ensure that the surfaces are wiped with a damp cloth to remove any product residue.

Take note that any product with Hydrochloric, Sulfuric, or Phosphoric acid may permanently damage the surface. Abrasive elements and excessively acidic or alkaline solutions should be avoided. Prolonged exposure to wet surfaces and/or direct contact with water should be avoided.

Acrylic Tiles And Panels:
Dust regularly to keep surfaces free of dust particles. Clean any dirt or stain with a damp cloth. Do not use chemical cleaners or window cleaners as it may alter or permanently affect the surface appearance.

Tempered & Laminated Glass:
Dust regularly to keep surfaces free of dust particles. Clean any dirt or stain with a damp cloth. Do not use chemical cleaners or window cleaners as it may alter or permanently affect the surface appearance.

Edge Trim:
To remove minor scuff marks and general dirt from bases and connectors, use warm water and a soft cloth. Do not use harsh abrasive cleaners, as they may cause permanent scratches on the surface.

Painted Metals:
Clean these products, use a damp cloth, using only a small amount of lukewarm water if necessary. Abrasive elements and excessively acidic or alkaline solutions should be avoided. Prolonged exposure to wet surfaces and/or direct contact with water should be avoided.

Standard Fabrics:
Standard Care Label W-S. Clean with water based cleaning agents, foam or pure, water free solvents. Vacuuming or light brushing is recommended to prevent dust and soil buildup.

Bleach Cleanable Fabrics:
Bleach is an effective disinfectant, which means it kills most bacteria, fungi and viruses. When fabrics need to be disinfected or sterilized, use a 1:10 household bleach-to-water solution.

Do not saturate or soak furniture with cleaner

Use spray or damp cloth only

Wipe with damp cloth using fresh water after cleaning

Conference Tables

For more than 20 years, BRC's Architectural Base Tables were a staple in our product line-up, even going so far as to manufacture these tables for our OEM partners. Building on that history, BRC introduces its new line of boardroom tables called Nova. Updated bases, table shapes and wire management take your boardroom to the next level without breaking the bank. Our new disc base adition and also the updated Fit and Panel tables offering round out our extensive boardroom and meeting table selection.

Conference Tables Section Guide

Summary

Table sections are driven by the overall table width. Regardless of the base type, all tops are sectioned as below.

From 72” up to 96” width, the table will be one section only. From 108” up to 192” width, the table will be in two sections. From 204” up to 288” width, the table top will be three sections.

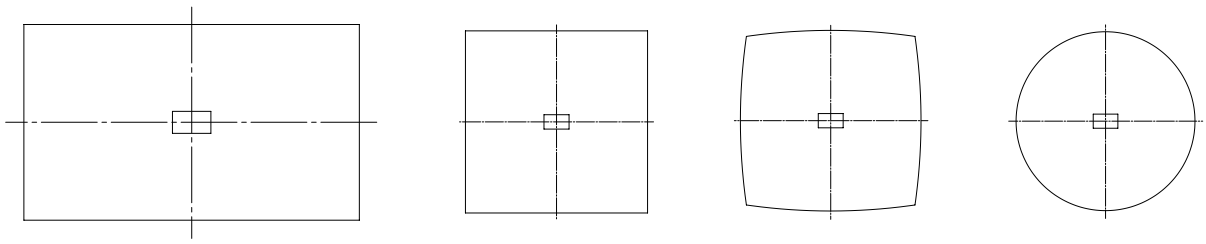
Power & Data Locations: Conference Tables

Summary

By default, electrical modules for Fit, Nova and Disc base, when specified from this price guide, are located in the center of each section. A sample of their location is shown in the following drawings.

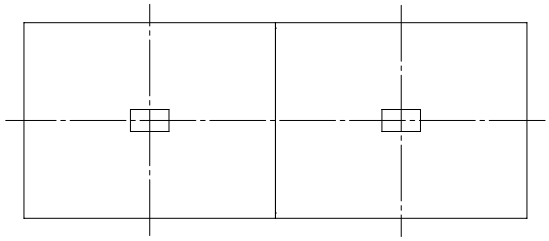
Single Section Table

Only one power module can be selected and it will be located as shown below:



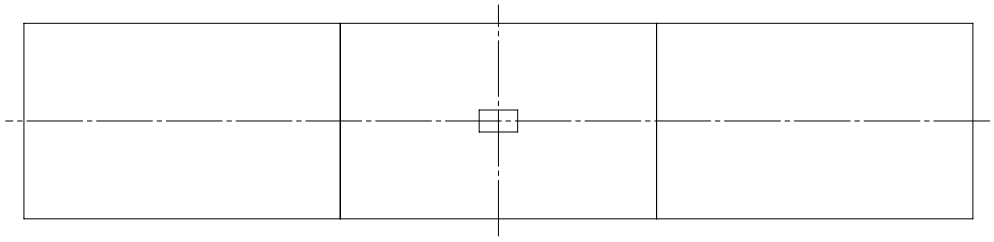
Dual Section Table

Only two power module can be selected and it will be located as shown below:

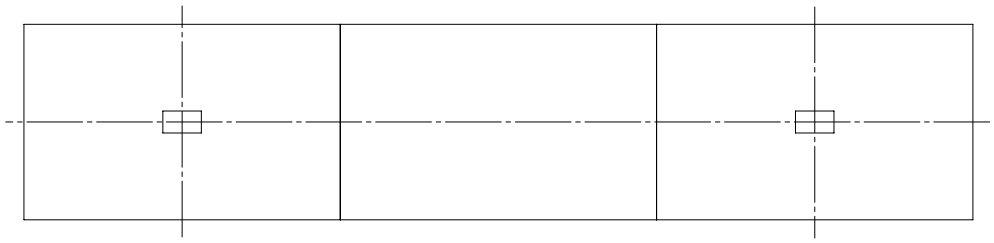


Three Section Table

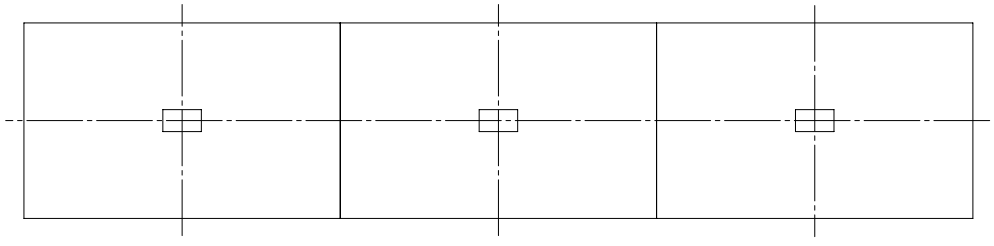
There is option to choose either one , two, or three power modules and based on the selection it will be located as shown below:



One Power Module Selected



Two Power Module Selected

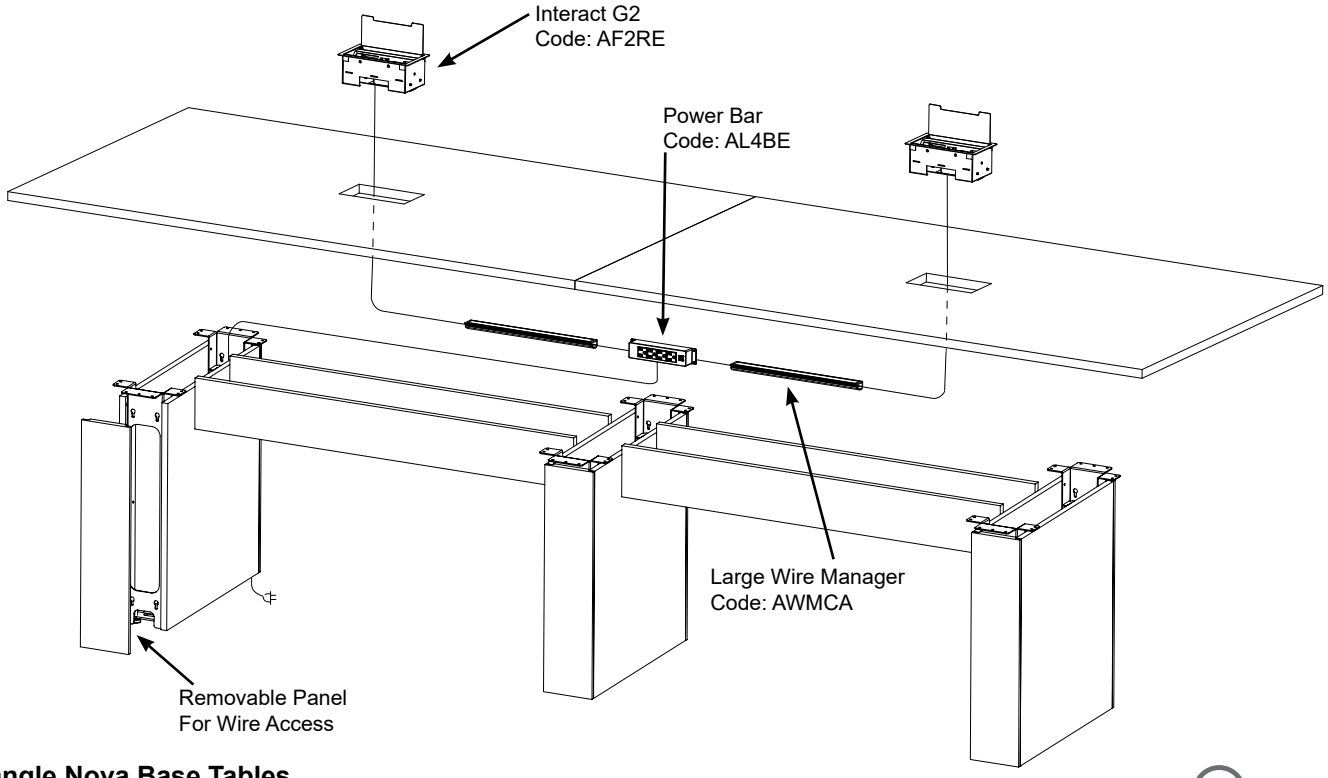


Three Power Module Selected

Wire Management: Nova Base Tables

Rectangle Nova Base Tables

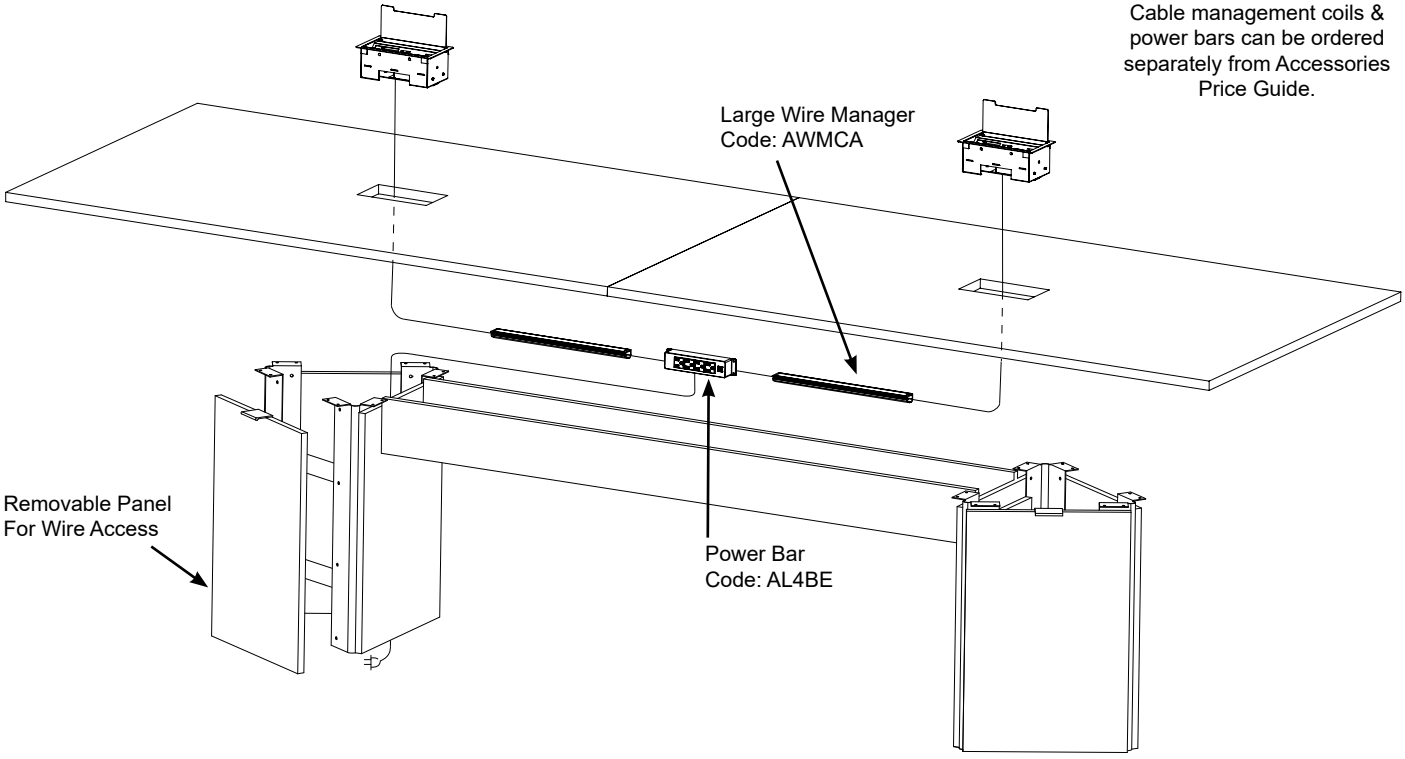
Tables include wire management through the modesty and base as standard.



Triangle Nova Base Tables

Tables include wire management through the modesty and base as standard.

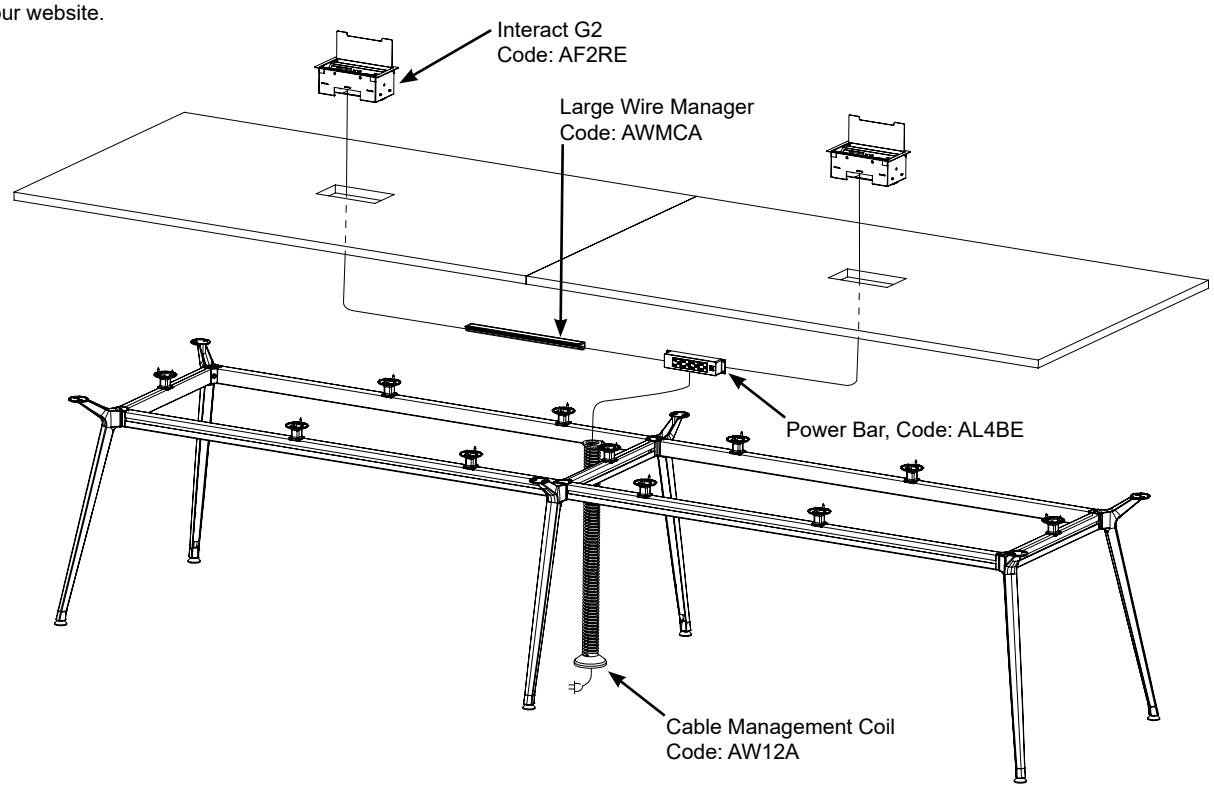
Wire managers will be included with any purchase of power modules. Cable management coils & power bars can be ordered separately from Accessories Price Guide.



Wire Management: Fit & Disc Base Tables

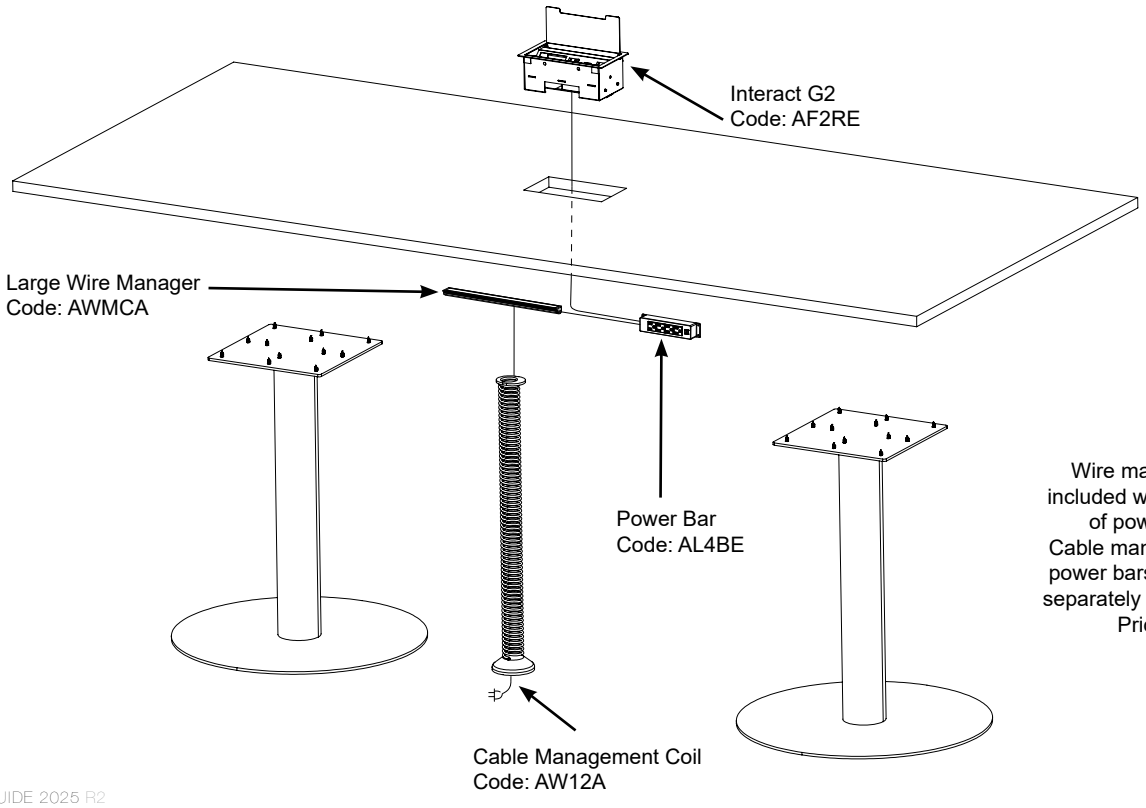
Fit Table

Under table wire management is included when tables are specified with a power module. Wire management to the floor is not provided and can be tailored to the installations individual requirements. Wire coils, spines and other solutions can be specified using BRC's Accessories Price Guide found on our website.



Disc Base Tables

Under table wire management is included when tables are specified with a power module. Wire management to the floor is not provided and can be tailored to the installations individual requirements. Wire coils, spines and other solutions can be specified using BRC's Accessories Price Guide found on our website.

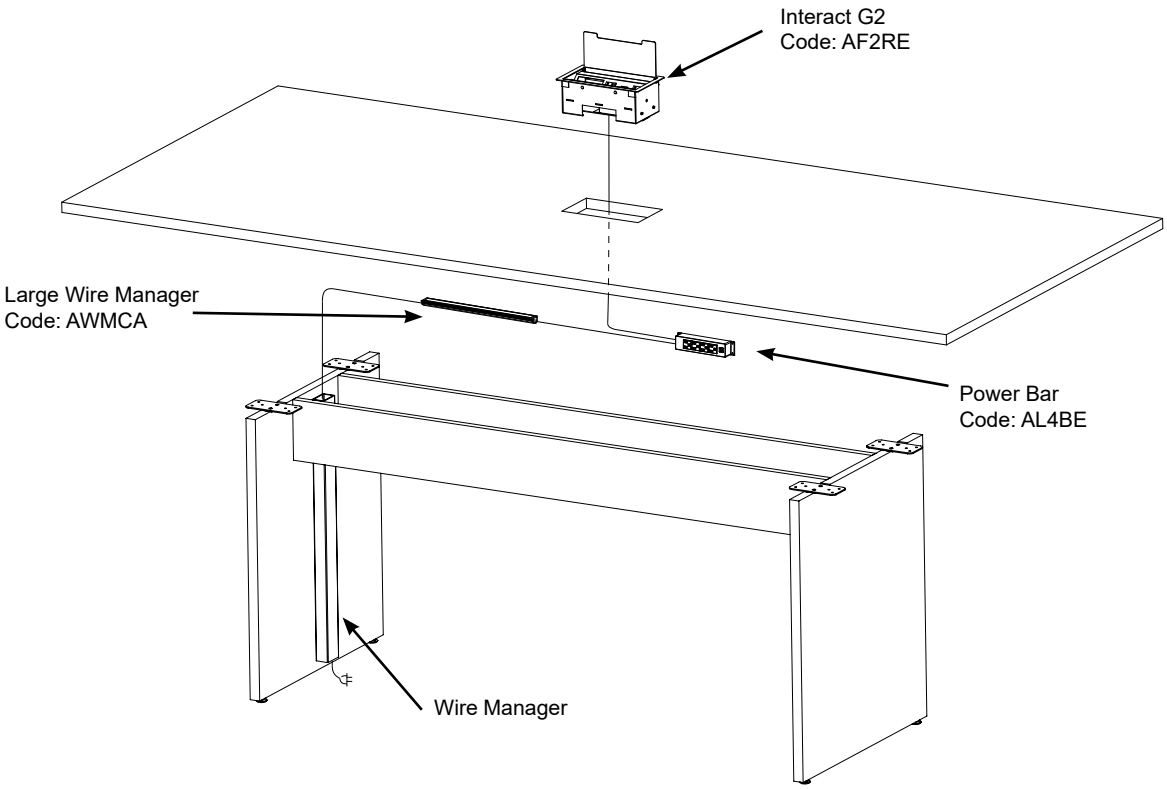


Wire managers will be included with any purchase of power modules. Cable management coils & power bars can be ordered separately from Accessories Price Guide.

Wire Management: Panel Base Tables

Panel Base Table

Under table wire management is included when tables are specified with a power module. Wire management to the floor is not provided and can be tailored to the installations individual requirements.



Wire managers will be included with any purchase of power modules. Cable management coils & power bars can be ordered separately from Accessories Price Guide.

Wire Management: Wall-Mount Conference Tables

Wall-Mount Conference Tables

Under table wire management is included when tables are specified with a power module. Wire management to the floor is not provided and can be tailored to the installations individual requirements. If required, a grommet option is available to run cables from underneath to above the worksurface to accommodate wall mount electronics or similar. The grommet is centered and distanced four inches from the wall as shown below. Specify *'GC'* when ordering.

Features & Specifications

- Laminate codes - M1: 1” LPL, H1: 1” HPL, K1: 1.25” knife edge (top only)
- Base laminate is 3/4” LPL
- Wire management in each leg
- Height is 29” nominal, including levellers
- 108” Wide top is in two sections with seam

No Charge Options

- Available in all standard laminates

Optional Extra

- For 3” curved corners add option code *“CC”* and+$395

POWER & DATA	For detailed specification, cover code finishes, data and telecom options, and pricing of each electrical modules please refer to page “Power & Data Options”.

Features & Specifications

- Laminate codes - M1: 1” LPL, H1: 1” HPL, K1: 1.25” knife edge (top only)
- Base laminate is 3/4” LPL
- Wire management in each leg
- Height is 29” nominal, including levellers, including levellers

No Charge Options

- Available in all standard laminates

Optional Extra

- For 3” curved corners add option code *“CC”* and+$395
- For 3” center grommet (AG30A) add option code *“GC”* and +$86

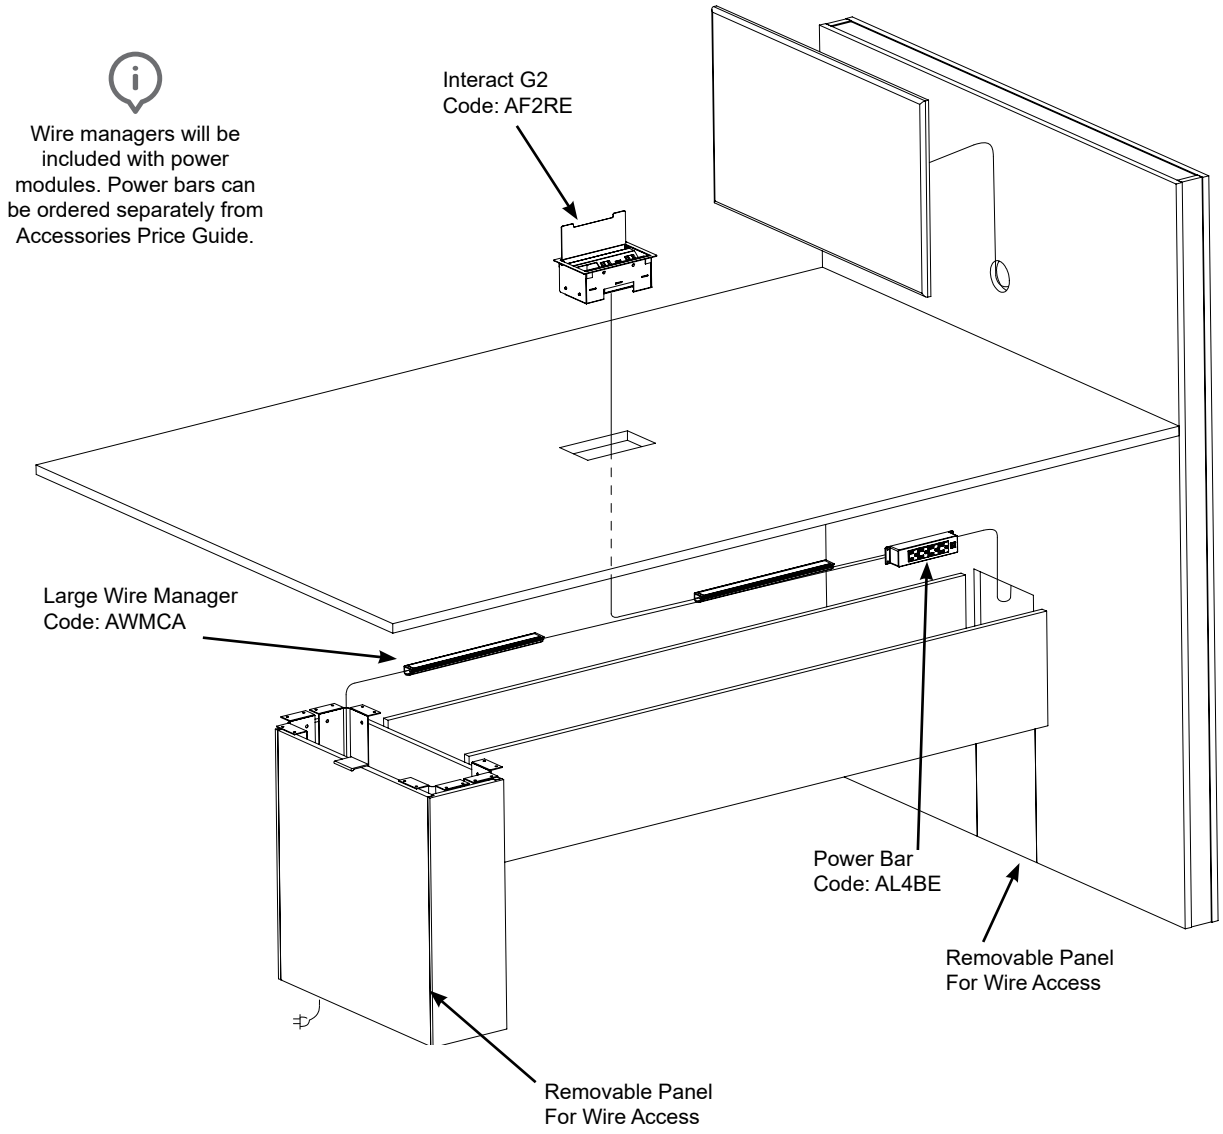
Wire Management & Power & Data Location: Media Tables

Wire Management

Wire management for media tables can be accommodated through the back panel and the front base. Both have removable panels for easy wire access and routing. Wire managers (AWMCA) are included with tables that are ordered with power modules. Additional items, such as power bars, are not included but can be ordered separately, if required, using the Accessories Price Guide on BRC's website.



Power Locations

By default, electrical modules, when specified from this price guide, are located as per below. If one electrical module is spefied it will be located on the center. If there are two specied, the will be distanced equaly in th center.

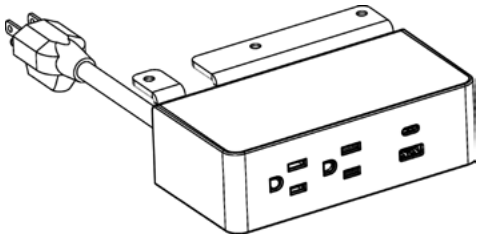
Parsons Table

Great touchdown areas start with great furniture and BRC delivers with its Parsons Table. Available in all BRC standard laminates including our antibacterial options that are perfect for communal spaces. Unique under mount power options provide a clean worksurface for users while providing data and electrics needed for today's electronics. Integrated wire management keeps it looking clean and organized.

Power Options: Parsons Tables

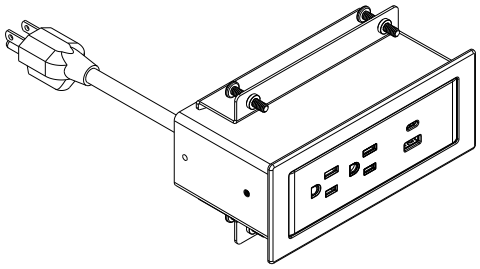
AU2AE: *210 Undermount*



AU2AE	
FEATURES & SPECIFICATIONS	PRICE

• Two 15A, 120V AC power outlets
• One USB-A charging port & one USB-C power delivery port
• 72” Corded plug; optional 10’ cord available
• Size: 5.51”w x 3.85”d x 1.91”h
• Finish options (body/trim):
  • black/black
  • grey/silver
  • white/silver
  • white/white
	$650

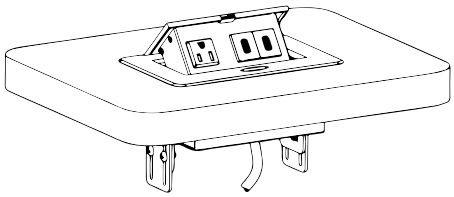
AF2AE: *Duo Flush Mount*



AF2AE	
FEATURES & SPECIFICATIONS	PRICE

• Two 15A, 120V AC power outlets
• One USB-A charging port & one USB-C power delivery port
• 72” Corded plug
• Size: 6.36”w x 2.63”d
• Finish options (body/trim):
  • black/black
  • grey/silver
  • white/silver
  • white/white
	$661

AT1FE: *Top Mount Tilting*



AT1FE	
FEATURES & SPECIFICATIONS	PRICE
• Single outlet • 2 USB charging ports with separate power adapter • Push button tilting mechanism • 96” black power cable • Finish options: silver only	$589

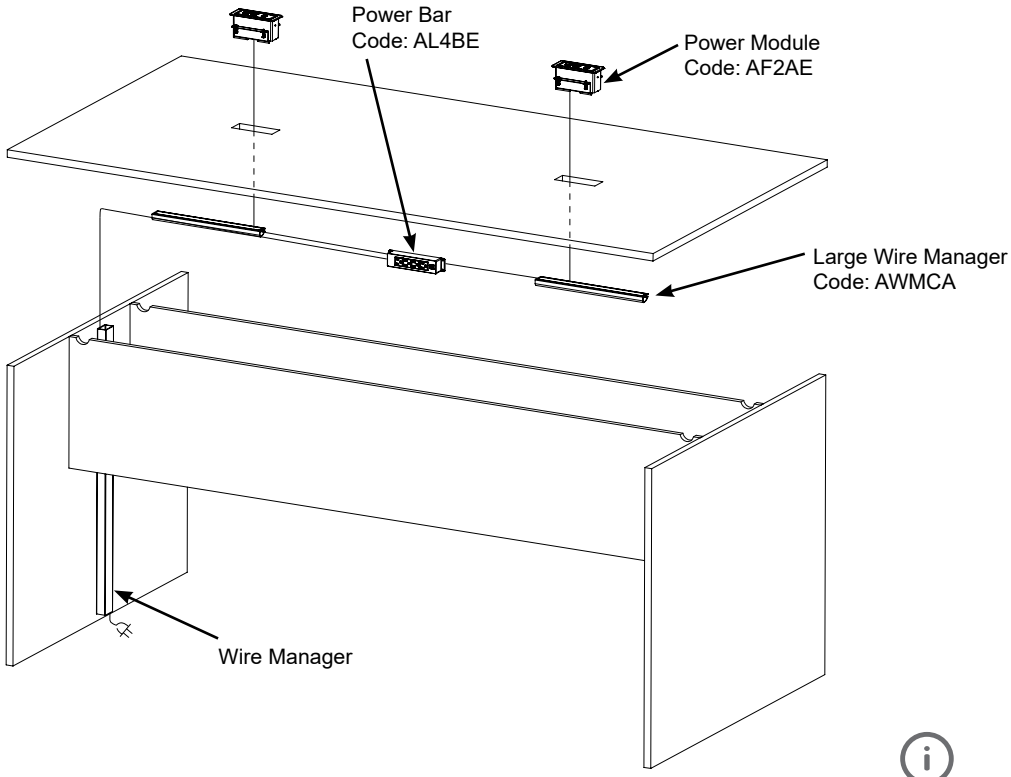
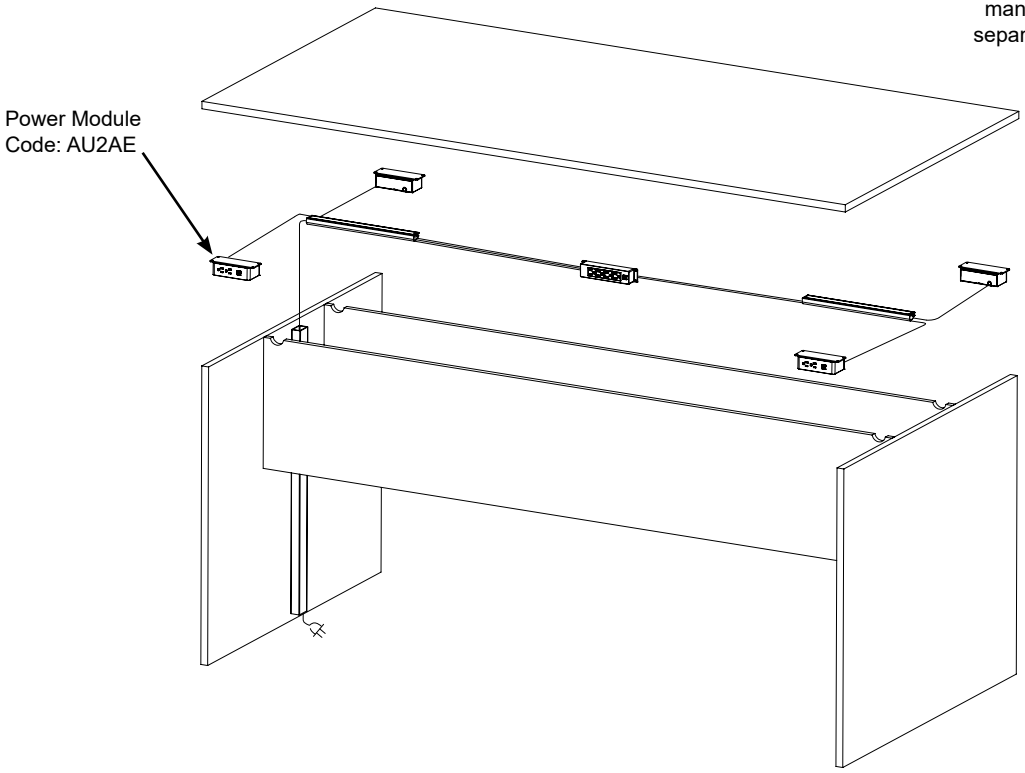
Wire Management: Parsons Tables

Wire Management for AF2AE & AT1FE Power Modules



Horizontal wire managers (AWMCA) are included with power modules. Power bars and other vertical wire managers can be ordered separately from Accessories Price Guide.

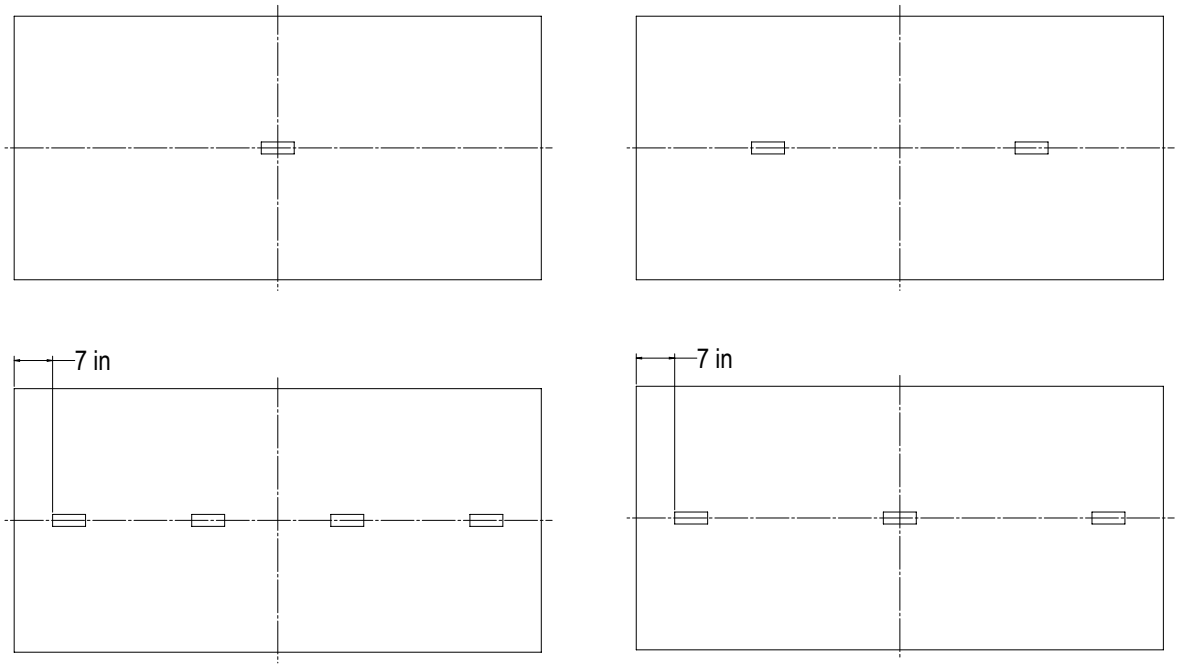
Wire Management for AU2AE Power Module



Power Location: Parsons Tables

AF2AE & AT1FE

When power modules AF2AE and AT1FE are specified, the default location for one, two, three or four modules is shown below:



AU2AE

When power module AU2AE is specified, the recommended location for one, two, three or four modules is shown below. These undersurface modules do not have pilot holes in the worksurface for mounting and therefore can be placed at any point under the surface as required.

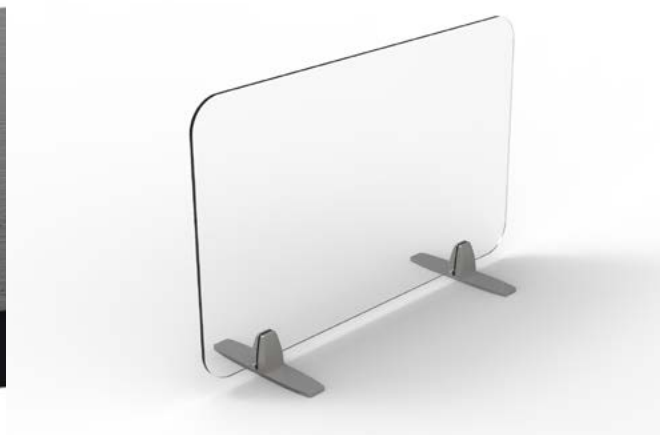
Price Guide - 2025 R3



Product Map
Table of Contents

Thank you for choosing BRC

Established in 1979 and incorporated in 1983, BRC Group has grown into a leader in the research, development and manufacturing of high quality ergonomic office furniture. BRC is a Canadian-owned private company with modern manufacturing facilities in Georgetown, Ontario, Canada.

BRC is a forerunner in blending environmental initiatives with the manufacturing of renewable and recyclable products. BRC uses materials and manufacturing processes which virtually eliminate Volatile Organic Chemical (VOC) emissions in the office environment. Raw materials are responsibly sourced, assuring that only the best and most sustainable components are converted to finished goods. BRC is committed to developing and offering the best-value products for the middle and higher end markets.

From OEM solutions to obscure designer requests to simply striving to be better, BRC provides creative and innovative customized solutions to complement any environment and use. Flexible manufacturing offers the ability for BRC to respond to client's special needs rather than having standard catalogue solutions. A wide collection of textiles, laminate finishes and wood veneer allows companies and individuals to express their brand and culture through a unique signature look.

All furniture is designed and manufactured to meet or exceed ANSI-BIFMA standards. Standard construction uses a combination of 3/4" and 1" material with metal to metal commercial grade connections for solid enduring assembly. The newest edge banding technology, in which the edge tape is melted directly to the edge of the board, enables BRC to manufacture products with virtually invisible glue lines.

The BRC Team works hard to earn and keep your business - our success depends on it. If you have any questions or inquires, please contact us at info@brc.group or toll free at 1-877-260-4309.

We appreciate your business and look forward to hearing from you.

Warranty, Terms & Conditions

BRC is pleased to offer one of the most competitive warranties in the industry. All furniture products carry a 12 year limited structural warranty. BRC furniture panel and table electrical cabling carry a 3 year limited warranty. All moving user adjustable components carry a 5 year limited structural warranty. All other electrical or electronic elements of BRC furniture carry a 1 year limited warranty.

For full warranty details, terms and conditions, please visit www.brc.group/warranty

- Finish: silver only

▽

ORDER CODE SAMPLE	
ITEM CODE	SIZE
ALTFE	*36”*

Good To Know

- Lengths are actual size so when choosing to fit in a space, go a size down. For instance, on a 48” wide hutch, order the 36” size task light as the space inside the hutch is less than 48”.

Freestanding LED Task Light

Features & Specifications

- Intended for drawer box & file replacement only, not for new installations
- Dimensions are exact; measure existing drawer to obtain correct size
- All boxes have a depth of 16” regardless of width or height
- All replacement boxes include mounted slides and top frames to accommodate hanger bars
- Box drawers are black laminate finish
- Does not include drawer front or handle if applicable

Special Notes

- Replacement drawer applies to standard product only. Many custom products are created using standard size drawer boxes. Measure existing drawer to confirm replacement size.
