ERG offers over 1000 standard laminate choices from Nevamar, Wilsonart, Formica and Pionite. Wood veneer is available in transparent stain colors - custom stain matching available for an upcharge.

Edge Selections

ERG offers a wide variety of table top edge materials including PVC, wood, aluminum and resin/urethane.
Special Edge Note: When ganging or butting tables together, ERG recommends using 3MM flat edge or flat wood edge. Square tables using **T-MOLD** edge will have a 3" radius on all corners.

Note: When ordering modesty panel, table and panel must have 3MM edge.

Specification Details & How to Order

Table Top Specifications

Table Top Details

Corsa standard thickness is 1.25" on all models - standard materials, stone and solid surface may vary. We use CARB compliant high-density particle board cores with no added urea formaldehyde or any other toxic VOC's. Tables are finished with a phenolic backing for a seamless finish underneath. Our adhesives? 100% water-soluble, non-toxic and planet friendly.

Construction Details

No shortcuts here. All tops ship with factory-installed metal inserts for secure metal-to-metal connections. Tables hold up better over time (hello less callbacks and service requests) - makes for faster, easier installation. System also allows for easy replacement for future updates. Less waste. Less labor. More peace of mind.

Base Specifications

Column: 3" or 6" diameter stainless steel
Base Spread: 17", 22" or 28"
Base Height: 27.25"
Square Top Plate: 10x10", 12x12", 14x14" or 24x24"
Glides: Nylon glides
Assembly: Top plate is welded to the vertical column, which is attached to the disc using (2) bolts. Base mounts to tabletop with ¼-20 x 1" machine screws into metal inserts.

Base Finish Options

Standard Finish: Stainless Steel
Optional Finish: Powder Coat or Polished Chrome

Freight On Us

We make it easy to get your pieces where they need to go. Orders over $7,000 list ship free - no extra freight fees and no surprises. For orders $6,999 and under, a simple flat rate of $195 will be applied.

Table Top Finish Options

Laminate

We'll source your selection for any project, because life is too short to limit options here. Standard or otherwise, grading in any premiums. Want the field narrowed in? Check out page 4 to view our standard palette.

FENIX®

A high-design surface material with a low-sheen aesthetic. Sleek, ultra-matte, soft-touch and naturally fingerprint resistant; it's equally satisfying to look at as it is easy to live with. We stock a core palette of 8 colors, but happy to chase a custom color if your project calls for it.

Wood Veneer

Real wood, real character. We select our veneers for consistency, not sameness - expect clean grain and warm, natural variation.

Other

Looking for a custom material? Connect with our quoting team via sales@erginternational.com so we can look into options. If it's a specific stone or solid surface, we'll need the exact pattern and quantity of tables to get an accurate quote - none are priced the same!

Sustainability, Built In

We believe better design starts with better materials - and that true quality means making things that last. Because carefreely doesn't mean carelessly, it means caring enough to build responsibly, for people and the planet. Learn more and see current certifications here >>

Lifetime Warranty

Built to last. Backed for life.
That's Carefreely - our promise that every piece is made with lasting quality, with a support team that always has your back. If something needs fixing, we're here to repair or replace - whatever it takes to keep your space working beautifully.

Specification Details & How to Order

Table Top Specifications

Table top core is CARB Phase I & Phase II Compliant. Laminate, wood veneer and phenolic backing are glued with water based adhesives.

Base Specifications

Tables are covered top and sides with high pressure laminate, or choose Optional Two Different Color Laminates: top portion of table in one color, sides of table in another color. Square tables feature a 3" corner radius.

Surface Finish Options

Laminate

We'll source your selection for any project, because life is too short to limit options here. Standard or otherwise, grading in any premiums. Want the field narrowed in? Check out page 3 to view our standard palette that matches the 3MM edge options we stock.

FENIX®

A high-design surface material with a low-sheen aesthetic. Sleek, ultra-matte, soft-touch and naturally fingerprint resistant; it's equally satisfying to look at as it is easy to live with. We stock a core palette of 8 colors, but happy to chase a custom color if your project calls for it.

Wood Veneer

Real wood, real character. We select our veneers for consistency, not sameness - expect clean grain and warm, natural variation.

Other

Looking for a custom material? Connect with our quoting team via sales@erginternational.com so we can look into options. If it's a specific stone or solid surface, we'll need the exact pattern and quantity of tables to get an accurate quote - none are priced the same!

Freight On Us

We make it easy to get your pieces where they need to go. Orders over $7,000 list ship free - no extra freight fees and no surprises. For orders $6,999 and under, a simple flat rate of $195 will be applied.

Sustainability, Built In

We believe better design starts with better materials - and that true quality means making things that last. Because carefreely doesn't mean carelessly, it means caring enough to build responsibly, for people and the planet.Learn more and see current certifications here >>

Lifetime Warranty

Built to last. Backed for life. That's Carefreely - our promise that every piece is made with lasting quality, with a support team that always has your back. If something needs fixing, we're here to repair or replace - whatever it takes to keep your space working beautifully.

The ERG Quick Stitch (a few textile considerations)

Natural puckering + wrinkling can be normal - fabrics have personality!

All COM must meet industry standards and codes - we'll flag anything unsuitable

Yardage is based on 54" solid material. Repeats & patterns = extra fabric

The Fabric Fine Print

Graded in Textiles

No need for COM unless you really want to. We have partnerships with most major textile companies, regardless of whether or not a pattern appears on a card, we've likely got a grade attached to it. That means more time designing and less time chasing down numbers.

Textile Testing Made Easy

We love textiles as much as the next person, but not every fabric plays nice with our seating collections, and Carlton is one of our pickier collections requiring testing. 10x10 memos can ship to us in California:

ERG International
attn: Fabric Testing
361 Bernoulli Circle
Oxnard, CA 93030
TAG: *quote no & customer service rep*

COM Guidelines

If you are sending us your own material, please be sure it meets all codes and regulations. (Reminder we don't work with anything containing PFAS as of 1/1/2025). ERG does reserve the right to reject fabric or leather we find unsuitable for upholstery. Responsibility for performance, color accuracy and durability rests with the customer. In the off chance that we do see an issue, we'll let you know before moving forward. Please check at the time of PO which facility to send your material to.

Repeats & Yardage

All yardage listed in our price guides is based on a 54" wide, plain / non-directional fabrics. Extra yardage will be needed for repeats, patterns, or narrower goods. Please reach out to our team to confirm yardage on any repeat or patterned textiles. To avoid any extra back and forth, send your drawing - we'll need that to accurately calculate since we automatically pattern match.

COM Guidelines

	54" Wide	53"-51" Wide	50"-48" Wide	47"-45" Wide	44"-36" Wide

Disclaimers

We live for great textile moments and combos, but every fabric has a mind of its own. Natural puckering, wrinkling, or other variations may occur - and that's just part of the personality of upholstered furniture. ERG cannot be held responsible for these characteristics.
Reminder that lead times kick in after all materials are on-hand, reserving your textiles (and providing us with the reserve number) can go a long way to streamline the process on projects with tight turn-around!

Direction Matters

Fabric can be applied in two ways: **Off the Bolt**, where the fabric is applied in the same direction it comes off the roll - often-times requiring seaming on units 48" or longer. OR, **Railroad**, where the fabric is turned and run across the roll, allowing for a seamless look. We'll do our best to honor your requests but ERG reserves the right to run textiles at our teams' discretion to ensure best upholstery outcome.

GENERAL SPECIFICATIONS

Upholstery / Foam

Seat and back are covered in choice of fabric, vinyl, leather or COM. ERG uses only water based glues and adhesives in our upholstery process. Contrasting fabrics are available. Seat cushions are 4" graded high resiliency (H.R.) block foam with back 3" (H.R.) foam, covered entirely with special bonded polyester fiber to protect final upholstery.

Frame Construction

The Hazel frame is constructed of hardwood and multi-ply hardwood. We use tongue and groove, secured with glue and staples. Frames are also reinforced with corner blocks.
No sag-springs are installed in seat & back along with interlocking helicoil springs to prevent sagging and provide additional lower back and seat support.

MALIBU

The Malibu collection presents a variety of designs that offers a modern seating style and a clean tapered leg design, in wood or metal. The banquettes create a sleek dining setting and offers both a clean out option and privacy panels. The modular units offer straight and curved units with optional privacy panels, that can create unique configurations and can customize the look with three arm styles for in between or outside the units. The Malibu lounge has four styles including the straight arm, slope arm, metal quad arm and a laminate or veneer wrap. The ottomans come in many sizes and benches that include online tables, to accompany the rest of the collection in creating multiple touch-down spots for collaboration. Malibu is a versatile collection that will enhance any space or public environment.

GENERAL SPECIFICATIONS

Upholstery / Foam

Seat and back are covered in choice of fabric, vinyl, crypton, leather or COM. ERG uses only water based glues and adhesives in our upholstery process. Contrasting fabrics are available. All foam is fully bonded to frame. Seat cushions are 4" graded high resiliency (H.R.) block foam, covered entirely with special bonded polyester fiber to protect final upholstery.

Frame Construction

Frame assembly is constructed of multi-ply hardwood, with tongue and groove construction. No sag-springs are installed in seat & back along with interlocking helicoil springs to prevent sagging and provide additional lower back and seat support.

Platform

Wooden platform is solid maple that is finished in transparent wood stain colors. All stains, sealers and lacquers used by ERG are water based and 100% environmentally friendly.

Online Table

The online table, with or without the optional inset storage shelf and magazine rack, will be finished on all sides in laminate or optional veneer to coordinate with your choice of standard stain colors for the wood platform base. Note: On-Line Tables receiving stain will color match the wood frame unless specified otherwise.

Lightweight, heavy-duty, and very easy to operate. On folding models, lightweight designer-styled mechanism offers soft visual aesthetics ("non-industrial look"), consists of a nylon injection molded housing, cast aluminum pivot and metal locking slider. Rigid, taper locking design is activated by single lever that also locks in folded position. Legs fold flat and can be stored horizontally. ANSI/BIFMA tested. Round legs are only available on folding.

The ERG Quick Stitch (a few textile considerations)

Natural puckering + wrinkling can be normal - fabrics have personality!

All COM must meet industry standards and codes - we'll flag anything unsuitable

Yardage is based on 54" solid material. Repeats & patterns = extra fabric

Weight Limit	
Metal Legs Models	350 lbs.
Wood Legs Models	250 lbs.

The Fabric Fine Print

Graded in Textiles

No need for COM unless you really want to. We have partnerships with most major textile companies, regardless of whether or not a pattern appears on a card, we've likely got a grade attached to it. That means more time designing and less time chasing down numbers.

Textile Testing Made Easy

We love textiles as much as the next person, but not every fabric plays nice with our seating collections, and Roman is one of our pickier collections requiring testing. 10x10 memos can ship to us in California:

ERG International
attn: Fabric Testing

TAG: *quote no & customer service rep*

COM Guidelines

If you are sending us your own material, please be sure it meets all codes and regulations. (Reminder we don't work with anything containing PFAS as of 1/1/2025). ERG does reserve the right to reject fabric or leather we find unsuitable for upholstery. Responsibility for performance, color accuracy and durability rests with the customer. In the off chance that we do see an issue, we'll let you know before moving forward. Please check at the time of PO which facility to send your material to.

Repeats & Yardage

All yardage listed in our price guides is based on a 54" wide, plain / non-directional fabrics. Extra yardage will be needed for repeats, patterns, or narrower goods. Please reach out to our team to confirm yardage on any repeat or patterned textiles. To avoid any extra back and forth, send your drawing - we'll need that to accurately calculate since we automatically pattern match.

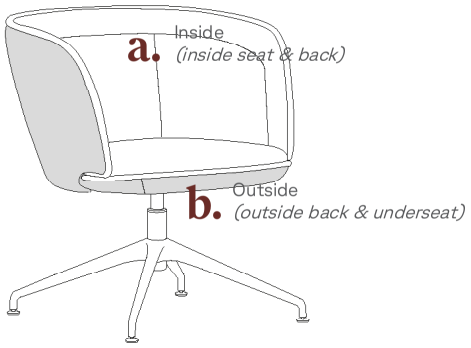
Disclaimers

We live for great textile moments and combos, but every fabric has a mind of its own. Natural puckering, wrinkling, or other variations may occur - and that's just part of the personality of upholstered furniture. ERG cannot be held responsible for these characteristics.
Reminder that lead times kick in after all materials are on-hand, reserving your textiles (and providing us with the reserve number) can go a long way to streamline the process on projects with tight turn-around!

Mix It Up: 2FO

Want a little contrast? 2FO lets you combine two fabrics for a custom look that's all your own. Play with pattern here and there, or pull in a coated textile only where you need the utmost durability. If your selections come from different grades, our team will confirm the correct combined grade before you place your order.



Direction Matters

Fabric can be applied in two ways: **Off the Bolt**, where the fabric is applied in the same direction it comes off the roll - often-times requiring seaming on units 48" or longer. OR, **Railroad**, where the fabric is turned and run across the roll, allowing for a seamless look. We'll do our best to honor your requests but ERG reserves the right to run textiles at our teams' discretion to ensure best upholstery outcome.

The ERG Quick Stitch (a few textile considerations)

Natural puckering + wrinkling can be normal - fabrics have personality!

All COM must meet industry standards and codes - we'll flag anything unsuitable

Yardage is based on 54" solid material. Repeats & patterns = extra fabric

Weight Limit	
Metal Legs Models	500 lbs.
Wood Legs Models	350 lbs.

The Fabric Fine Print

Graded in Textiles
No need for COM unless you really want to. We have partnerships with most major textile companies, regardless of whether or not a pattern appears on a card, we've likely got a grade attached to it. That means more time designing and less time chasing down numbers.

Textile Testing Made Easy
We love textiles as much as the next person, but not every fabric plays nice with our seating collections, and Wesley is one of our pickier collections requiring testing. 10x10 memos can ship to us in California:

ERG International
attn: Fabric Testing
361 Bernoulli Circle
Oxnard, CA 93030
TAG: *quote no & customer service rep*

COM Guidelines
If you are sending us your own material, please be sure it meets all codes and regulations. (Reminder we don't work with anything containing PFAS as of 1/1/2025). ERG does reserve the right to reject fabric or leather we find unsuitable for upholstery. Responsibility for performance, color accuracy and durability rests with the customer. In the off chance that we do see an issue, we'll let you know before moving forward. Please check at the time of PO which facility to send your material to.

Repeats & Yardage
All yardage listed in our price guides is based on a 54" wide, plain / non-directional fabrics. Extra yardage will be needed for repeats, patterns, or narrower goods. Please reach out to our team to confirm yardage on any repeat or patterned textiles. To avoid any extra back and forth, send your drawing - we'll need that to accurately calculate since we automatically pattern match.

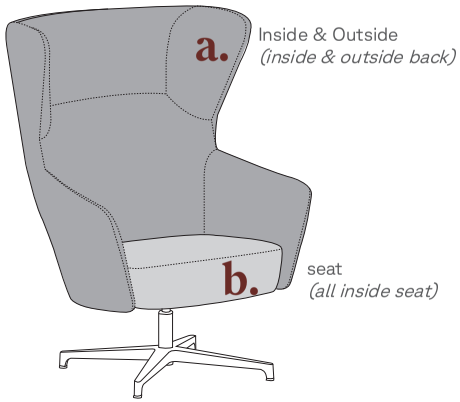
Disclaimers
We live for great textile moments and combos, but every fabric has a mind of its own. Natural puckering, wrinkling, or other variations may occur - and that's just part of the personality of upholstered furniture. ERG cannot be held responsible for these characteristics.
Reminder that lead times kick in after all materials are on-hand, reserving your textiles (and providing us with the reserve number) can go a long way to streamline the process on projects with tight turn-around!

Mix It Up: 2FO

Want a little contrast? 2FO lets you combine two fabrics for a custom look that's all your own. Play with pattern here and there, or pull in a coated textile only where you need the utmost durability. If your selections come from different grades, our team will confirm the correct combined grade before you place your order.



Direction Matters

Fabric can be applied in two ways: **Off the Bolt**, where the fabric is applied in the same direction it comes off the roll - often-times requiring seaming on units 48" or longer. OR, **Railroad**, where the fabric is turned and run across the roll, allowing for a seamless look. We'll do our best to honor your requests but ERG reserves the right to run textiles at our teams' discretion to ensure best upholstery outcome.
