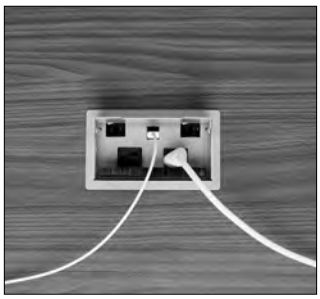
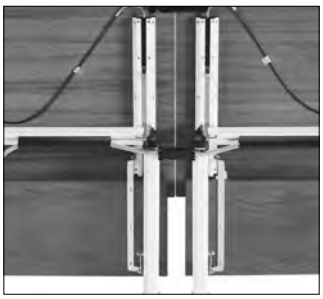
Terina is a simple flip top table series that transforms any space into sophisticated areas for training, meetings and collaboration. Terina features unique and elegant aluminum, angled t-leg design paired with high pressure laminate or veneer surface, with optional modesty panels. Surface power modules offer an easy way to charge electronic devices without the need to drop down cords. Wires are managed below the worksurface with snap-in cable clips. Terina can be ganged together with optional flush ganging plates. Single hand release mechanism is active from the center of the user side of the table. Tables can be nested together in an upright position to minimize storage space.

Features and Benefits

- Training, meeting or conferencing. A multi-purpose table that allows you quickly and simply adapt your space to suit your needs.
- Simple flip top mechanism designed for single handed operation.
- Tops offered in high pressure laminate or wood veneer
- 10" modesty panel articulates when tables fold down
- Legs and crossbeam offered in 7 paint finishes
- Optional flush ganging plates
- Tables can be nested together when not in use.



Optional power block includes power and data



Optional ganging plates and daisy chain power management

Tables can be nested together when not in use.

TERINA™- NOTES

GENERAL INFORMATION

- Terina flip top tables transform any space into sophisticated areas for training, meetings and collaboration.
- Simple flip top mechanism is designed for one handed operation.
- Unique, angled "T" leg design.
- Shipped R.T.A. (Ready to Assemble).
- For environmental certifications, please visit globalfurnituregroup.com.

WORKSURFACES

- Laminate surfaces are 1-1/16" thick tops constructed of 45 lb. density particle board with high pressure laminate and finished on the underside of the surface with a kraft paper backing.
- Veneer surfaces are 1-3/16" thick tops constructed of 45 lb. density particle board and are balanced on the underside with veneer (unfinished)
- Worksurfaces are pre-drilled for alignment of the Terina base

BASE

- Tables feature an aluminum leg, cross beam and die-cast foot.
- Legs and cross beam are available in (7) different finish options.
- Die-cast foot is always in polished aluminum finish.
- Foot span is 23"

EDGING

- Laminate surfaces offer a selection of matching + coordinated edgeband. Specify separately from the surface finish.
- Veneer tops are finished with a 6mm hardwood edge, stained to match

CASTERS

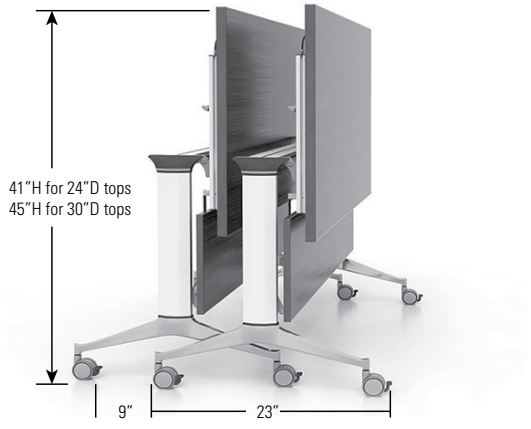
- Casters are standard on all tables.
- 2-3/8" dual wheel casters with manual lock. Full 360° swivel.
- Suggested for carpeted surfaces.
- Available in grey only

GANGING PLATES

- Ganging plates are available for ganging adjoining tables together.
- Ganging plates are black epoxy coated steel plates with two thumbscrews

WIRE MANAGEMENT

- Wire management option is a snap-in channel that fits on the interior of the leg or on the underside of the flip-top cross beam



MODESTY PANELS

- 10" modesty panel affixes to the top and base, articulating when it folds down.
- Available in all standard laminates
- Modesty panels up to 60"w have vertical grain. Modesty panels 66" and wider will have horizontal grain.

GROMMETS

- Grommets are available in all tops (left, center or right). Order as: **AG1, AG2 or AG3. Add $103.**
- Grommet hole dimensions are 3 ¼" wide x 1 7/8" deep.
- Available on all table widths and depths.
- Placement of cut-outs for in-surface power modules is by request. Typical placement for Terina tables is 17" from user edge on 30"D tops or 14" for 24"D tops so as not to interfere with the operation of the GFTxxM folding modesty. If not using a modesty, a custom cut-out location can be requested.
- Grommets may be placed at non-standard locations. Order as: **AGS - Add $103.** A drawing must be supplied with vertical and horizontal dimensions to the center of the cut-out (as in drawing above). Please refer to CUSTOM GROMMET LOCATION FORM in the back reference section.
- **Please note limited user space when cut-outs are specified. See dimensions on diagram below**.

ZOOK™

Zook was designed for today's dynamic and diverse learning environments. The tables are lightweight and can be reconfigured easily to create interactive environments and support collaboration.

Choose from a variety of organic and geometric shaped table tops to optimize flexibility. They are available in a wide array of sizes and finishes in both thermally fused laminate and high pressure laminate. Zook's color palette also includes nine new bold finishes available in high pressure laminate only.

Tops are available in 1" thick thermally fused laminate or 1-1/16" high pressure laminate with Global's preferred matching edge or a new optional ergo friendly edge.

Features and Benefits

- Tops are 1" thick thermally fused laminate or 1-1/16" high pressure laminate.
- Tops are constructed of 45 lb. density particle board.
- Global's preferred matching edge or optional ergo friendly edge.
- Tops are available in organic and geometric shapes.
- Surfaces include factory installed metal inserts for solid and secure leg connections.
- Group table's cable tower is constructed from thermally fused laminate with a removable access panel and inside clearance of 9" x 9". Available on group tables ZK44848P, ZK45959P and ZK65990 only.
- Easy to assemble

Variety of organic and geometric shapes

Multiple table configurations. Ideal for group study and encouraging collaboration.

Optional ergo friendly edge

GENERAL INFORMATION

- Zook is a series of tables designed for classrooms and diverse learning environments.
- Organic shapes and rectangular tops are available to create a variety of configurations that naturally bring people together.

- For environmental certifications, please visit globalfurnituregroup.com.

ZOOK GROUP TABLES

- Organic shaped tops available in three sizes: 48" x 48", 59" x 59" or 59" x 90".
- Tops supported by 3" diameter fixed height post legs.
- Select models available with cut-out options for power modules; these select models also include a cable tower for managing cables to floor monuments..

ZOOK POD TABLES

- Available in four geometric shapes; three that when used adjacent to one another, can create various pod configurations as well as rectangular tables in a number of sizes.
- ADA compliant heights available for select models.
- 1.5" diameter fixed height post legs.
- Tables may be specified on levelers or with casters for greater mobility and flexibility

ZOOK ACTIVITY TABLES

- Available in three shapes, all based on a 54" wide footprint.
- Tops are available with two types of mating edges: curved or straight. When planning to mate tables, do not mix mating edge styles.
- 2" diameter tapered legs on levelers or casters.

ZOOK FLIP-TOP TABLES

- Available in three sizes, 30"w x 22"d with concave shaped top; 30"w x 24"d and 60"w x 24"d rectangular top with radius corners.
- Supported by Y legs, equipped with smooth glide casters (two locking). Tungsten (**TTU**) finish only.
- 60"w tables optional with AG1, AG2, AG3 grommet; ZKFR3024 available with optional AG2 grommet
- Modesty panels are available separately in Tungsten (**TUN**) finish only.
- Tops and bases sold separately.
- **Caution**: to meet BIFMA standards for performance and stability, appropriate base size must be specified with corresponding top sizes identified.

WORKSURFACES

- Tops are available in 1" thick thermally fused laminate or 1-1/16" thick high pressure laminate
- Available in many finishes in both thermally fused laminate or high pressure laminate
- Worksurface core is made of 45 lb. density particleboard
- Surfaces include factory-installed metal inserts for solid and secure leg connections

WRITEABLE SURFACE OPTION

STANDARD FEATURES

- Tables are available in three shapes, multiple sizes, two edge styles, three top materials and three base types including: sled, wood and polished Chrome bases.
- Table bases are fixed and do not swivel.
- Wood bases are made from beechwood and are available in all standard wood finishes.
- Sled bases are standard in painted metal.
- Chrome base tables are available in polished Chrome only.
- All table tops are available with flat edge. High pressure laminate (HPL) and solid surface top tables are also available with knife edge.
- Laminate flat edge tops are available in either (TFL) 1" thick thermally fused laminate with 2mm edgeband or (HPL) 1-1/16" thick high pressure laminate with 2mm edgeband, with upcharge.
- Laminate knife edge tops are 1-3/16" thick with 2.5mm edgeband, available in high pressure laminate (HPL) only.
- Solid surface table tops are 1.25" thick, available on models with flat or knife edge. For detailed material information, please reference WilsonArt's Solid Surface collection.
- Wood and Chrome bases are equipped with White non-marking polycarbonate glides suitable for most hard and carpeted floor surfaces.
- Sled bases are available with clear polycarbonate glides, standard.
- Wood and sled bases may be specified with a variety of optional glide types to suit various flooring materials. (See Glide Types for additional glide options and upcharges.)
- Tables are shipped fully assembled.

LITE LIFT II

LITE LIFT II	MODEL#	DIMENSIONS D x W x H	FREIGHT CLASS	WT/LBS.	CUBIC FT.	LIST PRICE

Notes:

- Lightweight construction allows tables to easily and safely be lifted and moved by one person.
- Polypropylene top is fully water resistant and easy to clean and maintain.
- Thick, high impact radius corner helps protect individuals from injury.
- Folding legs automatically lock by a gravity activated mechanism when opened.
- Non-marring plastic glides protect floors from scratching when tables are moved.
- Structural side aprons allow tables to easily stack.
- Lite Lift II tables pass all BIFMA standards for strength and stability.

RIVER+ TABLES

RIVER+ TABLES

42" Square Coffee Table model R27858

Outside Curve End Table model R27864

18" Dia. Round Laptop Table model 7743

STANDARD FEATURES

- A modular series that is composed of straight and curved sections, as well as freestanding units.
- Linking units can be used together in any combination with River+ seating and bench units to create a wide variety of layouts. Ganging hardware is standard and is factory installed. Ganging hardware swivels out of the way when not in use.
- Front and back faces of end (linking) tables angles slightly inwards. This inward slant matches the inward angles of River seating so all units coordinate in visual appearance.
- The standard 6.5", welded steel legs are straight (vertical) as standard. Linking models are optionally available with an angled back leg to visually align with River+ seating units.
- Legs are standard in Chrome with Black, non-marking, height adjustable glides.
- Tables are made with high pressure laminate. Custom high pressure laminate finishes will be considered upon request.
- Laptop tables have 1" thick laminate tops.
- Laptop table painted metal base finishes are available in Black and Tungsten only.

OPTIONAL FEATURES

- Legs of coffee and end (linking) tables are available in 3" (**S3**) and 8" (**S8**) heights. All leg heights are available with fixed-to-floor (**F3**) and (**F8**) options. Add $106.
- To match adjacent lounge seating, straight front and angled back 6.5" or 8" legs are available on linking/end tables. Specify (**SA**). No upcharge.
- Power units are available on all tables except laptop tables. Each unit includes one AC outlet and two USB-a,10 watt charging ports. Add $661 upcharge per unit.
- Power location options include top, front or end. See electrical placement diagrams. Electrical units must be factory installed.
- Power units are available in either Jet Black (**J**) or White (**W**) with 120", three-prong matching cords.
- Most products can be weighted to reduce the ease of movement. For additional weight options, specify (**CW**). See each model for available additional weight and upcharge.

Care and Cleaning

Textiles

Fabrics: To extend the life of your seating upholstered in fabric, regularly dust the chair to prevent airborne particles from penetrating the fabric surface.

For light soiling, use a damp cloth and blot the spot with very slight pressure, taking care never to soak the fabric. Dry with a clean cloth by blotting - never rub fabric. More intense stains can be treated the same way, but with a mild detergent. Always test fabric first in an unseen area before using any cleaning method.

Leather: For regular cleaning, simply use a soft damp cloth, taking care not to soak the leather. For more thorough treatment, soak a soft cloth in mild soap solution and wipe surface in a light circular motion. Repeat with clean water. Allow to dry and polish with a soft dry cloth. Do not use detergents, aerosol sprays or other polishes.

Hard Surfaces

Wood Veneer Finishes: Waxing or polishing catalyzed finishes is not recommended because this will give a greasy, cloudy or uneven appearance to the product and could void your warranty. Global's conversion varnish is best cleaned by wiping the surface with a damp cloth, followed by a soft dry cloth in the direction of the grain. If the surfaces are heavily soiled, a gentle product like "Windex" can be used, following the same instructions as above.

Laminate, painted & plated metal finishes, and solid surfaces: Wipe the surface with a clean soft damp cloth; if needed, a mild soap solution (i.e. Ivory dishwashing liquid) can be used. To prevent streaks, dry the surface with a clean, dry soft cloth moving in a circular motion.

Textiles

- **Water-Based Cleaner:** Spot clean, using the foam only from a water-based cleaning agent, such as a mild detergent or non-solvent upholstery shampoo product. Apply foam with a soft brush in a circular motion. Vacuum when dry. Pretest small area before proceeding.
- **Solvent Cleaner:** Spot clean, using a mild water-free solvent or dry cleaning product. Clean only in a well-ventilated room and avoid any product containing carbon tetrachloride or other toxic materials. Pretest a small area before proceeding.
- **Water/Solvent Cleaner:** Spot clean with a mild solvent, an upholstery shampoo, or the foam from a mild detergent. When using a solvent or dry cleaning product, follow instructions carefully and clean only in a well-ventilated room. Avoid any product that contains carbon tetrachloride or other toxic materials. With either method, pretest a small area before proceeding.
- **Vacuum Only:** Clean this fabric only by vacuuming or light brushing to prevent accumulation of dust and grime. Water-based foam cleaning agents of any kind may cause excessive shrinking, staining, or distortion of the surface pile and therefore, should not be used.
- **Crypton Cleaning:** Generally stains are removed with plain water and powdered enzyme detergent. Upholstery foam shampoo, waterbased cleaning products and germicidal detergents can be used. Be sure to remove all residue from cleaning products with clean water. Do not use solvent-based cleaners or dry cleaning products.
- These recommendations and codes were developed by fabric specialists. However, because of the various ways fabric can be stained or damaged, there is no guarantee that the results will be completely successful. Use suggested methods on your own responsibility. To help prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is recommended. Use professional furniture cleaning services when overall soiled condition has been reached.

Blend Seating Textiles

The grid below outlines the grade structure for using multiple textiles on select seating series. Blended textiles occur when one textile is chosen for one part of the chair and a different textile is selected for another part of the chair, resulting in a revised blended grade. For opportunities regarding more than two different textiles, please contact Global CustomerCare for approval process and grading.

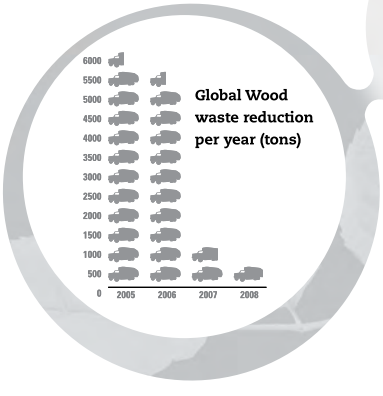
THE ENVIRONMENT We believe now more than ever, that it is our responsibility to protect the environment and our precious natural resources for future generations. The growing importance of energy and environmental concerns continues to challenge us in this ever changing marketplace.

As an industry leader, Global continues to take proactive steps towards reducing the negative impacts on the environment. We are building "healthier" offices; investing in Research & Development and new technologies; reducing waste and the consumption of energy; and improving the quality of the air we breathe, all which can have a significant impact on our quality of life.

Epoxy Powder coating process is solvent free. No harmful VOC's or lead. No toxins are released into the atmosphere.

Global has the products and resources to help your projects achieve LEED certification.

Global's recycled fabrics offer affordable, environmentally responsible alternatives to commercial textiles. We recycle 35,000 lbs of fabric offcuts weekly.



New technology allows us to reduce glue usage by 50%. In addition, our polyurethane glue reduces emissions and requires less energy to apply.

This illustrated price list has been designed to facilitate fast reference and easy use. Products are categorized into "seating", "desks", "files", "panels", or "tables", and are listed numerically within their categories. The line drawings match actual photographs (where possible) to aid in instant recognition of the total range within a series.

Sales of Global Furniture Group ("Global") products are made only on Global's standard Terms and Conditions of sale which are contained in this price book. These standard terms and conditions may be modified or supplemented only by a separately written document signed by Global's authorized personnel at its head office in Marlton, NJ. Any term or condition contained in any purchase order or other form used by dealer/purchaser to order goods (including standard, printed language) which is different from, in addition to, or in any way inconsistent with Global's standard terms and conditions shall be of no force or effect whatsoever.

All illustrations, specifications and prices in this list price book are based on the latest product information available at time of publication. Global reserves the right to make changes at any time and without prior notice to prices, colors, materials, specifications and models offered.

Description
Each product shown or described in this price list is standard Global product. Available options are noted at the beginning of each series. Available options may require additional delivery time and cost, and may affect the warranty given. Sizes and weights shown are approximate and are subject to slight changes from time to time.

Prices and Payment
The prices shown in this book, as well as those quoted by Global, are in United States dollars for orders shipped to destinations in the U.S. and Mexico.

If shipping date requested is more than 90 days from date of order, Global shall reserve right to use published list prices effective at the time of shipment.

Orders are invoiced at the time of shipment. Terms of payment are net 30 days from date of invoice unless otherwise stated. The customer agrees that Global shall have the right to enforce a charge amounting to 1.5% per month (18% per year) on invoices outstanding more than 30 days.

If dealer/purchaser's most recent annual net volume is less than $5,000.00, payment must be made in advance.

Any products sold by Global shall remain the personal property of Global until fully paid.

Prices are suggested list prices only and are subject to change without notice. Global will, however, attempt to keep dealer/purchasers up-to-date on all developments including price changes.

Taxes
All prices shown in this book are exclusive of sales, use, excise and other applicable taxes and are the dealer/purchaser's responsibility as per the invoice issued by Global. If dealer/purchaser claims an exemption from such taxes, it shall be the dealer/purchaser's responsibility to furnish Global with an appropriate exemption certificate at time of order.

Ordering Information
To avoid errors and/or duplication, Global requires that all orders be submitted in writing. All orders submitted to Global in writing and will be acknowledged on Global's acknowledgment forms governing the transaction. The details appearing on this acknowledgment will describe the items to be shipped and the approximate shipping date. It is the dealer/purchaser's responsibility to determine that the information in the acknowledgment is correct. In the event of an error, the dealer/purchaser must notify Global immediately by telephone followed by written confirmation. Shipping dates are assigned to orders based on the item having the longest manufacturing lead time (unless instructed to partial ship).

When ordering, please provide the following information:

1) Account number (if possible)
2) P.O. number
3) "Bill to" and "ship to" name and address
4) Complete model number
5) Description
6) Options:
   a. Upholstery fabric type and color (specify by name and number)
   b. Color of paint finish, laminate or wood (if applicable)
   c. Trim options (frame)
   d. Arms
   e. Base, Casters
   f. Mechanism
   g. Accessories

Dealer/purchaser is responsible for providing correct information when placing an order. Orders with incorrect information (finish, etc.) will be scheduled for manufacturing upon receipt of complete information.

All phone orders must be confirmed in writing by the customer within 7 days.

To prevent a delay in processing orders, please specify delivery routing.

Changes and Cancellations
After the date of Global's acknowledgment of a dealer/purchaser's order, the order may not be changed or canceled by dealer/purchaser without the written consent of Global. Special order items, C.O.M. and fabric-covered items already in production are not subject to change or cancellation under any circumstances. Textile-covered items are considered to be in production once the textile is scheduled for cutting. Other standard items already in production are subject to a minimum 35% cancellation charge.

Errors and Omissions
All quotations, acknowledgements and invoices are subject to corrections for any errors and omissions.

FINISHES
Wood Finishes
For custom stain requests, submit a special request for quotation. Non-standard wood finish orders will incur a one time charge of $250 net to dealer per matching custom wood stain. This one time fee will be valid for 5 years from the time of matching. After 5 years, a new $250 net to dealer charge will apply. All custom wood stain products will receive a 10% list per unit upcharge, included on the special quote. Requests with unit quantities of 30 or more, may be considered for reduced or eliminated upcharge. At time of order, a 3" x 3" color sample is required to be submitted with order. Extended order lead time is required for custom matching and approval process..

File Finishes
All non-standard file finishes must be approved by Global prior to acceptance of order and may be subject to an upcharge.

Laminate Tops - pricing for all non-standard finishes and sizes must be provided by Global Customer Service and may be subject to an upcharge.

Desk Finishes
Because the distinctive characteristics and the nature of wood products cause variations, exact matches are not always possible.

Global has launched a finishes program between marketing companies within the Global Group to match products as best as possible when same finishes are specified.

Customers Own Material (COM)
Use of COM must be approved by Global prior to acceptance of order. Please refer to the back of the Seating List Price Book and fill out the Authorization Request Form. Photocopy and use this form as often as necessary. The customer must provide a 12" x 12" fabric sample and advise how the fabric is to be applied. **Textile yardage requirement will be advised by the factory, and additional yardage may be required if pattern requires matching.** Yardage shown in the List Price Book does not allow for pattern repeat/matching. Send to the address provided on shipping document upon approval from Global. If C.O.M. is difficult to apply or if product shall be modified, extra charges shall be made. Global reserves the right to cancel an order at any time if C.O.M. is inadequate for any reason. Customer's Own Material must be shipped freight and duties paid to our factory. Such shipment must be fully identified with purchaser's order number, RGA # provided by Global, and the item for which material is intended. Performance of C.O.M. when applied to product is the sole responsibility of the purchaser. Global's standard product warranty shall not apply to C.O.M. Use of C.O.M. will not reduce the published list price.

Textile Grading
All products are priced according to their standard textile grade. Lower grade textiles are available (unless otherwise specified) at same price as standard textile grade.

The listing of prices for each model indicates the prices for higher upholstery grades. Prices are based on yardage in imperial measurements.

TEXTILE PRICE GRADES - GLOBAL TEXTILES

Grade	Upholstery (Seating Fabrics)
1	Carrera, Dobby, Fusion, Illusion, Jenny, Quilt, Terrace, Trak, Urban, Waterfall, Wavelength
2	Allante FRee, Elevate, Etch, GC Linen, Imprint, Luxhide, Release
6	Novaro Genuine Leather

Grade	Upholstery (Panel Fabrics)
2	Lola
3	Anchorage, Merge

The charts above do not include textiles offered by Alliance Partners: Arc-Com Fabrics, CF Stinson, Designtex, Knoll Textiles, Green Hides, LDI Interiors, Luum Textiles, Maharam, Mayer Fabrics, Momentum, and Ultrafabrics.

Upholstery Coverings
Slight variations in color may occur between dye lots. Although Global attempts to minimize these variances, they do occur and must be accepted as normal and will not be considered defects.

Yardage
Required yardage (ydg) is based on unmatched materials with widths of 54" for seating, 63" for panels. Yardage calculations are based on imperial measurements.

Arms
A wide selection of arms are available for some series. See Arm Charts in the Seating price list for details.

Delays
Global's order acknowledgement will state a shipping date which is Global's best estimate at the time the order is acknowledged. However, Global shall not incur any obligation or liability to Purchaser for failure to ship by specified date unless Global has agreed to an unequivocal shipping date in a separately signed written document executed by its authorized personnel at its head office. In addition, Global shall not be liable for any loss or damage resulting from any delay or failure in shipment or other failure to perform all or any part of the agreement between the parties with respect to the goods shown on the face of the order acknowledgement where such delay, failure, loss or damage is the proximate result of any act of any governmental authority or political subdivision thereof, revolution, riot, civil disorder or disturbance, delay or default in transportation, strike disputes among or between labor unions or other labor disputes, delay or inability in obtaining materials and facilities, fire, flood, act of God or any cause not within the reasonable control of the company, whether of the class of causes enumerated or otherwise.

F.O.B.
F.O.B. point is Global's Factory, Downsview, Ontario, Canada, or any Global Regional Distribution Center.

FedEx and UPS Shipments
Seating products marked with a FedEx or UPS symbol are packaged for shipment via FedEx or UPS.

Handling
Non-UPS/FedEx orders under $10,000 list incur $100 net handling fee. Small packages (FedEx, UPS) incur $25 net handling fee per carton (up to four cartons).

Special Delivery Requirements
Global's delivered pricing provides for dock delivery during normal business hours (considered to be 8 am to 4 pm Monday through Friday) to customer/end user only. Additional delivery requirements such as inside delivery, lift gate, limited access sites, installations and weekend deliveries will incur an additional expense and will be the responsibility of the dealer.

Service
Service requests are normally the responsibility of Global's authorized dealers. Where this cannot be accomplished on a local level, service problems should be referred to Global's Customer Service Department in the nearest distribution center.

Returns
No returns of goods will be accepted without written consent and shipping instruction of Global. A minimum re-stocking charge of 35% is made on all authorized returns for credit or refund, provided goods are received by Global in the condition in which they left the factory. This may increase depending on the type of product. Global's Return Goods Authorization (R.G.A.) numbers must appear prominently on all authorized returns. Global will not be responsible for freight costs. No credit will be given if goods cannot be reused as new. Special order items, non-stock items and C.O.M. products are in no event subject to return. All returns must be approved and authorized in writing by Global Customer Service. Global reserves the right to refuse delivery of any unauthorized returns.

Claims
All goods are sold FOB plant or Global Distribution Center. Global is not responsible for damage which occurs in transit (or in storage). The carrier signs for all goods received in apparently good order. It is the dealer/purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier for losses or damage to the product occurring during transit, including concealed damage.

Any claims made against Global for apparent defects, errors or shortages must be made by the dealer/purchaser, in writing, within 15 working days after any delivery. Failure by the dealer/purchaser to make any claim against Global within 15 days shall constitute acceptance of the goods and a waiver of any apparent defects, errors or shortages.

Suspension
In the event that the dealer/purchaser defaults in the payment of any sum due to Global, or in the event the dealer/purchaser's financial condition becomes unsatisfactory to Global, Global shall have the right to defer or discontinue shipment of any goods until such time as the default is cured or the dealer/purchaser provides assurance of payment to Global.

Trademarks
All trademarks are owned by Global Furniture Group other than OBUSFORME™ which is owned by OBUSFORME LTD. and are used under license. OBUSFORME® and the distinctive backrest design are registered trademarks of OBUSFORME LTD.

Designs and Patents
Many of the products produced by Global are protected by design registrations, design patents and/or patents. Design and specifications are subject to change, discontinuance or additions without notice.

For a full listing of issued trademarks, please visit globalfurnituregroup.com.

Cubic Measure
The stated volume is an approximate cubic foot measure to calculate freight costs. The figure shown is the total shipping volume of a unit (e.g. if a part is sent in 2 cartons the volume indicated reflects both cartons together) and is subject to change without notice. It is most economical to purchase the specified number per carton.

Combined Shipments
Global will make every effort to combine shipments and orders on written request. However, Global cannot be held responsible where such request is not complied with.

Offer of Sale
Possession of this price list or any other literature shall not imply the company's willingness to sell to the holder and shall not be construed as a direct offer of sale.

If a conflict arises between: (i) prices found in software support packages furnished to the customer by Global or by any other source on behalf of Global; and (ii) Global's current pricing found on Global's website, then the most current shall prevail.

Disclaimer
All dimensions are in inches. Prices shown are current manufacturer's suggested list prices at the time of printing. Updated pricing is available on Global's website. All applicable taxes are extra. Descriptions, specifications and prices are subject to change without notice. Errors and omissions are subject to correction.

Testing Qualifications
Many Global products pass or exceed the most stringent industry testing standards.

Flammability
The foam used in Global chairs meets the requirements of California TB117:2013. In addition to the foam, upholstery materials must also meet the California TB117 smolder resistant requirements. Please contact Customer Care to determine if a selected textile meets the California TB117 requirement.

LIMITED LIFETIME WARRANTY

CASEGOODS

Global will repair or replace, at Global's option, as the sole remedy for any defect covered by the warranty. The warranty applies to products manufactured after March 22, 2016.

Global makes no warranty that any of its products are suitable for any particular purpose and makes no other warranties, express or implied, other than those set out here. As codes and standards vary from one jurisdiction to another, references to compliance are solely for convenience and without any representation as to accuracy or suitability. Users must verify the suitability of such information or product for their specific application. In no event shall Global be liable in either tort or contract for any loss or direct, special, incidental, consequential, or exemplary damages. The warranty applies to single shift, standard commercial usage, defined as a standard eight (8) hour day, forty (40) hour week for users weighing up to 300 pounds.

General Commercial Seating
Global's warranty for general commercial seating covers all chair components including pneumatic cylinders, bases, casters, glides, frames, arms, plastic seats, backs and other structural components.

Exceptions to the warranty for general commercial seating are as follows:

- Foam, textiles (as sampled on Global branded and textile program cards), mesh material and electrical devices, are warranted for five (5) Years. Novaro Leather is warranted for one (1) year.
- Control mechanisms are warranted for twelve (12) Years
- Heavy duty seating and Indoor/Outdoor Furniture are not defined as General commercial seating (see below for warranty exceptions)

Heavy Duty Seating
Global offers products designed for multiple shift applications (24 hours a day / 7 days a week) and larger individuals weighing up to 400, 500 and/or 600 pounds (depending on series and/or model). Global warrants these products for twelve (12) years to the original purchaser. All components (including control mechanisms, pneumatic cylinders, bases, casters, glides, frames, arms, plastic seats/backs, etc.) are covered for 24/7 applications under the warranty. The exceptions are foam, upholstery and textiles, which are covered for five (5) years. Fabric or upholstery material on these products must exceed 100,000 double rubs for the textile portion of the warranty to apply. Heavy Duty product series that apply under this warranty can be found in the Heavy Duty section of this list price book.

Outdoor Furniture
Global offers products designed for use indoors or outdoors. Global warrants these products for three (3) years to the original purchaser. This warranty applies to single shift (eight (8) hour day, forty (40) hour week) for users weighing up to 275 pounds, unless noted otherwise. Outdoor furniture must be stored indoors during inclement or extreme weather such as extreme cold, extreme heat, or excessive wind.

Exceptions to the warranty for indoor/outdoor furniture is as follows:

- Only Global branded textiles and Alliance Partner carded textile program materials expressly identified for outdoor application are covered for three (3) years when used outdoors.

Global's Warranty does not apply (for any product category) to the following:

- Products not purchased directly from authorized Global resellers
- Nominal or normal amount of wear and tear that can occur over time
- Failures which result from negligence, abuse, accident or misuse
- Failure to apply, install or maintain products according to Global's written instructions and warnings
- Modifications, attachments or repair methods not approved by Global
- Damage caused by a carrier in transit, or delivery/installation contractors
- The matching of colors, grains or textures (wood, leather, etc.) of natural materials
- Products exposed to extreme hot or cold temperatures or excessively dry or humid environments
- Colorfastness or the matching of color of textiles, dye lots of textile can vary
- Damage by markings or staining; damage by sharp objects or imprinting from instruments
- Damage to textiles or laminate and wood surfaces/edges from exposure to sunlight (including UV rays)
- Products used for rental purposes
- Purchased parts are warranted for one (1) year
- Failure to follow specific cleaning and disinfecting instructions posted on globalfurnituregroup.com

SYMBOL IDENTIFICATION

Global's Certified Products are in compliance with the stringent emission guidelines set by the GREENGUARD Environmental Institute and include all Upholstered Seating. To obtain a GREENGUARD Certificate for any product, please go to the product page on our website www.globalfurnituregroup.com and click on "View GREENGUARD Certificate".

level™ certification, based on the ANSI/BIFMA e3-2012 furniture sustainability standard, sets furniture manufacturers on a path toward greater sustainability over time. Based on environmental and social criteria set forth in the standard, a product's entire supply chain is assessed.

Certification assessment includes an evaluation of specific corporate policies and guidelines and an assessment of associated company manufacturing facilities. Products must meet quantifiable milestones of environmental and social performance at every step of development.

The quantitative assessment addresses four categories: material use, energy and atmosphere impacts, human and ecosystem health and social responsibility.

Manufacturers earn points in each of the four categories. The level™ brand and its numeric rating of 1, 2 or 3 indicate what threshold of certification a product has achieved. level™ 3 is the highest rating.

PRIME LOCKERS - NOTES

GENERAL INFORMATION

- Comprehensive range of personal storage in a variety of sizes and configurations starting at:
  - 35"H single column widths up to 72"H triple column widths.
  - In widths of 12", 15", 18", 24", 30", 36", 42" depending on configuration
- Configurations include units with 1, 2, 3, 4, 6, 8, 9, 12 individual compartments depending on size.
- Lockers provide individual storage solutions for personal and work-related materials. Extensive range of configurations and aesthetic choices available to complement any space plan; in personal or shared workspaces, providing flexibility, convenience and security. Ideal for flex spaces and hybrid work schedules; can be used to help define space in an open area or a bank along a wall, or used as barriers between work areas and to help guide workplace foot traffic flow.
- Painted metal case with door front options available in painted metal or thermally fused laminate to add warmth and complement desking products or millwork.
- Multiple door pull options including integrated full metal pulls or applied pulls to match Global desking series to seamlessly integrate with any existing products to customize the overall aesthetic.
- Digital keyless lock options with keypad entry, programmable for "assigned" or single use "hotelling" applications. Be sure to specify master programming key and manager key(s) for each installation site.
- Inside access to leveling glides for ease of installation.
- Optional angle tops available to convert a standard flat top locker to one with a sloped top.
- Angle tops are 5" high and can be added to any Prime locker.
- Units ship fully assembled.

CONSTRUCTION SPECIFICATIONS

- Steel case construction of top and bottom, back and sides are 20 gauge flanged steel.
- Welded case is reinforced with 20 gauge steel horizontal and vertical channels to ensure strength.
- Steel doors are constructed of 22 gauge flanged steel and reinforced with 22 gauge steel vertical braces
- Full overlay hinged doors with 110° opening angle
- Laminate doors are thermally fused laminate with 1mm matching edge band.
- Two and three column lockers have vertical dividers constructed of double wall 20 gauge steel fastened to the base and top
- Meets applicable ANSI/BIFMA standards for optimum durability and performance.
  Note: All **12**", **15**" or **18**" **wide lockers must be ganged** to another locker or anchored to a fixed wall or adjacent cabinet for compliance with applicable ANSI/BIFMA X5.6 storage standards. Ganging instructions are available separately.

DESIGN & CONSTRUCTION FEATURES OF 2500 SERIES

- Cases and components are painted with a high-solids polyester and epoxy blend of powder electrostatically applied to 2 mil thickness and baked at 450˚ for 15 minutes to a hard and durable finish.
- **25" case depth** in both legal and letter widths. Case construction combines spot and mig welding for greater durability.
- Top cap has a seamless front giving a clean smooth appearance while increasing strength and rigidity.
- Additional strength is provided by four vertical steel channels.
- **Locks are standard** on all 2500 series models.
- All tenon locks have removable cores for keying alike or later modification in your office. Master keys and core keys are available; please contact your Global customer service representative.
- Standard thumb latch prevents accidental drawer opening or bounce back.
- High wall drawer sides accommodate front-to-back hanging file folders.
- A follower block is standard in every drawer for holding "non-hanging" file folders upright. Removable to maximize space.
- Leveling glide option NOT available
- Full extension ball-bearing suspension provides smooth and durable drawer movement. Built-in guides for easy drawer removal and insertion to adapt to changing filing needs.
- Lifetime Warranty. (See Terms and Conditions)

Care and Cleaning

Textiles

Fabrics: To extend the life of your seating upholstered in fabric, regularly dust the chair to prevent airborne particles from penetrating the fabric surface.

For light soiling, use a damp cloth and blot the spot with very slight pressure, taking care never to soak the fabric. Dry with a clean cloth by blotting - never rub fabric. More intense stains can be treated the same way, but with a mild detergent. Always test fabric first in an unseen area before using any cleaning method.

Leather: For regular cleaning, simply use a soft damp cloth, taking care not to soak the leather. For more thorough treatment, soak a soft cloth in mild soap solution and wipe surface in a light circular motion. Repeat with clean water. Allow to dry and polish with a soft dry cloth. Do not use detergents, aerosol sprays or other polishes.

Hard Surfaces

Wood Veneer Finishes: Waxing or polishing catalyzed finishes is not recommended because this will give a greasy, cloudy or uneven appearance to the product and could void your warranty. Global's conversion varnish is best cleaned by wiping the surface with a damp cloth, followed by a soft dry cloth in the direction of the grain. If the surfaces are heavily soiled, a gentle product like "Windex" can be used, following the same instructions as above.

Laminate & Painted Metal Finishes: Simply wipe the surface with a clean soft damp cloth; if needed, a mild soap solution (i.e. Ivory dishwashing liquid) may be used. To prevent streaks, dry the surface with a clean dry soft cloth moving in a circular motion.

Textiles

- **Water-Based Cleaner:** Spot clean, using the foam only from a water-based cleaning agent, such as a mild detergent or non-solvent upholstery shampoo product. Apply foam with a soft brush in a circular motion. Vacuum when dry. Pretest small area before proceeding.
- **Solvent Cleaner:** Spot clean, using a mild water-free solvent or dry cleaning product. Clean only in a well-ventilated room and avoid any product containing carbon tetrachloride or other toxic materials. Pretest a small area before proceeding.
- **Water/Solvent Cleaner:** Spot clean with a mild solvent, an upholstery shampoo, or the foam from a mild detergent. When using a solvent or dry cleaning product, follow instructions carefully and clean only in a well-ventilated room. Avoid any product that contains carbon tetrachloride or other toxic materials. With either method, pretest a small area before proceeding.
- **Vacuum Only:** Clean this fabric only by vacuuming or light brushing to prevent accumulation of dust and grime. Water-based foam cleaning agents of any kind may cause excessive shrinking, staining, or distortion of the surface pile and therefore, should not be used.
- **Crypton Cleaning:** Generally stains are removed with plain water and powdered enzyme detergent. Upholstery foam shampoo, waterbased cleaning products and germicidal detergents can be used. Be sure to remove all residue from cleaning products with clean water. Do not use solvent-based cleaners or dry cleaning products.
- These recommendations and codes were developed by fabric specialists. However, because of the various ways fabric can be stained or damaged, there is no guarantee that the results will be completely successful. Use suggested methods on your own responsibility. To help prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is recommended. Use professional furniture cleaning service when overall soiled condition has been reached.

Blend Seating Textiles

The grid below outlines the grade structure for using multiple textiles on select seating series. Blended textiles occur when one textile is chosen for one part of the chair and a different textile is selected for another part of the chair, resulting in a revised blended grade. For opportunities regarding more than two different textiles, please contact Global CustomerCare for approval process and grading.

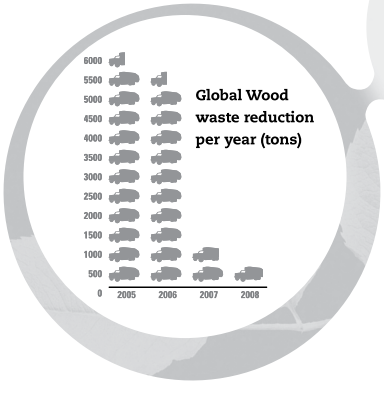
THE ENVIRONMENT We believe now more than ever, that it is our responsibility to protect the environment and our precious natural resources for future generations. The growing importance of energy and environmental concerns continues to challenge us in this ever changing marketplace.

As an industry leader, Global continues to take proactive steps towards reducing the negative impacts on the environment. We are building "healthier" offices; investing in Research & Development and new technologies; reducing waste and the consumption of energy; and improving the quality of the air we breathe, all which can have a significant impact on our quality of life.

Epoxy Powder coating process is solvent free. No harmful VOC's or lead. No toxins are released into the atmosphere.

Global has the products and resources to help your projects achieve LEED certification.

Global's recycled fabrics offer affordable, environmentally responsible alternatives to commercial textiles. We recycle 35,000 lbs of fabric offcuts weekly.



New technology allows us to reduce glue usage by 50%. In addition, our polyurethane glue reduces emissions and requires less energy to apply.

This illustrated price list has been designed to facilitate fast reference and easy use. Products are categorized into "seating", "desks", "files", "panels", or "tables", and are listed numerically within their categories. The line drawings match actual photographs (where possible) to aid in instant recognition of the total range within a series.

Sales of Global Furniture Group ("Global") products are made only on Global's standard Terms and Conditions of sale which are contained in this price book. These standard terms and conditions may be modified or supplemented only by a separately written document signed by Global's authorized personnel at its head office in Marlton, NJ. Any term or condition contained in any purchase order or other form used by dealer/purchaser to order goods (including standard, printed language) which is different from, in addition to, or in any way inconsistent with Global's standard terms and conditions shall be of no force or effect whatsoever.

All illustrations, specifications and prices in this list price book are based on the latest product information available at time of publication. Global reserves the right to make changes at any time and without prior notice to prices, colors, materials, specifications and models offered.

Description
Each product shown or described in this price list is standard Global product. Available options are noted at the beginning of each series. Available options may require additional delivery time and cost, and may affect the warranty given. Sizes and weights shown are approximate and are subject to slight changes from time to time.

Prices and Payment
The prices shown in this book, as well as those quoted by Global, are in United States dollars for orders shipped to destinations in the U.S. and Mexico.

If shipping date requested is more than 90 days from date of order, Global shall reserve right to use published list prices effective at the time of shipment.

Orders are invoiced at the time of shipment. Terms of payment are net 30 days from date of invoice unless otherwise stated. The customer agrees that Global shall have the right to enforce a charge amounting to 1.5% per month (18% per year) on invoices outstanding more than 30 days.

If dealer/purchaser's most recent annual net volume is less than $5,000.00, payment must be made in advance.

Any products sold by Global shall remain the personal property of Global until fully paid.

Prices are suggested list prices only and are subject to change without notice. Global will, however, attempt to keep dealer/purchasers up-to-date on all developments including price changes.

Taxes
All prices shown in this book are exclusive of sales, use, excise and other applicable taxes and are the dealer/purchaser's responsibility as per the invoice issued by Global. If dealer/purchaser claims an exemption from such taxes, it shall be the dealer/purchaser's responsibility to furnish Global with an appropriate exemption certificate at time of order.

Ordering Information
To avoid errors and/or duplication, Global requires that all orders be submitted in writing. All orders submitted to Global in writing and will be acknowledged on Global's acknowledgment forms governing the transaction. The details appearing on this acknowledgment will describe the items to be shipped and the approximate shipping date. It is the dealer/purchaser's responsibility to determine that the information in the acknowledgment is correct. In the event of an error, the dealer/purchaser must notify Global immediately by telephone followed by written confirmation. Shipping dates are assigned to orders based on the item having the longest manufacturing lead time (unless instructed to partial ship).

When ordering, please provide the following information:

1) Account number (if possible)
2) P.O. number
3) "Bill to" and "ship to" name and address
4) Complete model number
5) Description
6) Options:
   a. Upholstery fabric type and color (specify by name and number)
   b. Color of paint finish, laminate or wood (if applicable)
   c. Trim options (frame)
   d. Arms
   e. Base, Casters
   f. Mechanism
   g. Accessories

Dealer/purchaser is responsible for providing correct information when placing an order. Orders with incorrect information (finish, etc.) will be scheduled for manufacturing upon receipt of complete information.

All phone orders must be confirmed in writing by the customer within 7 days.

To prevent a delay in processing orders, please specify delivery routing.

Changes and Cancellations
After the date of Global's acknowledgment of a dealer/purchaser's order, the order may not be changed or canceled by dealer/purchaser without the written consent of Global. Special order items, C.O.M. and fabric-covered items already in production are not subject to change or cancellation under any circumstances. Textile-covered items are considered to be in production once the textile is scheduled for cutting. Other standard items already in production are subject to a minimum 35% cancellation charge.

Errors and Omissions
All quotations, acknowledgements and invoices are subject to corrections for any errors and omissions.

FINISHES
Wood Finishes
For custom stain requests, submit a special request for quotation. Non-standard wood finish orders will incur a one time charge of $250 net to dealer per matching custom wood stain. This one time fee will be valid for 5 years from the time of matching. After 5 years, a new $250 net to dealer charge will apply. All custom wood stain products will receive a 10% list per unit upcharge, included on the special quote. Requests with unit quantities of 30 or more, may be considered for reduced or eliminated upcharge. At time of order, a 3" x 3" color sample is required to be submitted with order. Extended order lead time is required for custom matching and approval process..

File Finishes
All non-standard file finishes must be approved by Global prior to acceptance of order and may be subject to an upcharge.

Laminate Tops - pricing for all non-standard finishes and sizes must be provided by Global Customer Service and may be subject to an upcharge.

Desk Finishes
Because the distinctive characteristics and the nature of wood products cause variations, exact matches are not always possible.

Global has launched a finishes program between marketing companies within the Global Group to match products as best as possible when same finishes are specified.

Customers Own Material (COM)
Use of COM must be approved by Global prior to acceptance of order. Please refer to the back of the Seating List Price Book and fill out the Authorization Request Form. Photocopy and use this form as often as necessary. The customer must provide a 12" x 12" fabric sample and advise how the fabric is to be applied. **Textile yardage requirement will be advised by the factory, and additional yardage may be required if pattern requires matching.** Yardage shown in the List Price Book does not allow for pattern repeat/matching. Send to the address provided on shipping document upon approval from Global. If C.O.M. is difficult to apply or if product shall be modified, extra charges shall be made. Global reserves the right to cancel an order at any time if C.O.M. is inadequate for any reason. Customer's Own Material must be shipped freight and duties paid to our factory. Such shipment must be fully identified with purchaser's order number, RGA # provided by Global, and the item for which material is intended. Performance of C.O.M. when applied to product is the sole responsibility of the purchaser. Global's standard product warranty shall not apply to C.O.M. Use of C.O.M. will not reduce the published list price.

Textile Grading
All products are priced according to their standard textile grade. Lower grade textiles are available (unless otherwise specified) at same price as standard textile grade.

The listing of prices for each model indicates the prices for higher upholstery grades. Prices are based on yardage in imperial measurements.

TEXTILE PRICE GRADES - GLOBAL TEXTILES

Grade	Upholstery (Seating Fabrics)
1	Carrera, Dobby, Fusion, Illusion, Jenny, Quilt, Terrace, Trak, Urban, Waterfall, Wavelength
2	Allante FRee, Elevate, Etch, GC Linen, Imprint, Luxhide, Release
6	Novaro Genuine Leather

Grade	Upholstery (Panel Fabrics)
2	Lola
3	Anchorage, Merge

The charts above do not include textiles offered by Alliance Partners: Arc-Com Fabrics, CF Stinson, Designtex, Knoll Textiles, Green Hides, LDI Interiors, Luum Textiles, Maharam, Mayer Fabrics, Momentum, and Ultrafabrics.

Upholstery Coverings
Slight variations in color may occur between dye lots. Although Global attempts to minimize these variances, they do occur and must be accepted as normal and will not be considered defects.

Yardage
Required yardage (ydg) is based on unmatched materials with widths of 54" for seating, 63" for panels. Yardage calculations are based on imperial measurements.

Arms
A wide selection of arms are available for some series. See Arm Charts in the Seating price list for details.

Delays
Global's order acknowledgement will state a shipping date which is Global's best estimate at the time the order is acknowledged. However, Global shall not incur any obligation or liability to Purchaser for failure to ship by specified date unless Global has agreed to an unequivocal shipping date in a separately signed written document executed by its authorized personnel at its head office. In addition, Global shall not be liable for any loss or damage resulting from any delay or failure in shipment or other failure to perform all or any part of the agreement between the parties with respect to the goods shown on the face of the order acknowledgement where such delay, failure, loss or damage is the proximate result of any act of any governmental authority or political subdivision thereof, revolution, riot, civil disorder or disturbance, delay or default in transportation, strike disputes among or between labor unions or other labor disputes, delay or inability in obtaining materials and facilities, fire, flood, act of God or any cause not within the reasonable control of the company, whether of the class of causes enumerated or otherwise.

F.O.B.
F.O.B. point is Global's Factory, Downsview, Ontario, Canada, or any Global Regional Distribution Center.

FedEx and UPS Shipments
Seating products marked with a FedEx or UPS symbol are packaged for shipment via FedEx or UPS.

Handling
Non-UPS/FedEx orders under $10,000 list incur $100 net handling fee. Small packages (FedEx, UPS) incur $25 net handling fee per carton (up to four cartons).

Special Delivery Requirements
Global's delivered pricing provides for dock delivery during normal business hours (considered to be 8 am to 4 pm Monday through Friday) to customer/end user only. Additional delivery requirements such as inside delivery, lift gate, limited access sites, installations and weekend deliveries will incur an additional expense and will be the responsibility of the dealer.

Service
Service requests are normally the responsibility of Global's authorized dealers. Where this cannot be accomplished on a local level, service problems should be referred to Global's Customer Service Department in the nearest distribution center.

Returns
No returns of goods will be accepted without written consent and shipping instruction of Global. A minimum re-stocking charge of 35% is made on all authorized returns for credit or refund, provided goods are received by Global in the condition in which they left the factory. This may increase depending on the type of product. Global's Return Goods Authorization (R.G.A.) numbers must appear prominently on all authorized returns. Global will not be responsible for freight costs. No credit will be given if goods cannot be reused as new. Special order items, non-stock items and C.O.M. products are in no event subject to return. All returns must be approved and authorized in writing by Global Customer Service. Global reserves the right to refuse delivery of any unauthorized returns.

Claims
All goods are sold FOB plant or Global Distribution Center. Global is not responsible for damage which occurs in transit (or in storage). The carrier signs for all goods received in apparently good order. It is the dealer/purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier for losses or damage to the product occurring during transit, including concealed damage.

Any claims made against Global for apparent defects, errors or shortages must be made by the dealer/purchaser, in writing, within 15 working days after any delivery. Failure by the dealer/purchaser to make any claim against Global within 15 days shall constitute acceptance of the goods and a waiver of any apparent defects, errors or shortages.

Suspension
In the event that the dealer/purchaser defaults in the payment of any sum due to Global, or in the event the dealer/purchaser's financial condition becomes unsatisfactory to Global, Global shall have the right to defer or discontinue shipment of any goods until such time as the default is cured or the dealer/purchaser provides assurance of payment to Global.

Copyright
All catalogs, photographs, drawings, price lists and other printed material are protected by copyright. All rights reserved.

Trademarks
All trademarks are owned by Global Furniture Group other than OBUSFORME™ which is owned by OBUSFORME LTD. and are used under license. OBUSFORME® and the distinctive backrest design are registered trademarks of OBUSFORME LTD.

Designs and Patents
Many of the products produced by Global are protected by design registrations, design patents and/or patents. Design and specifications are subject to change, discontinuance or additions without notice.

For a full listing of issued trademarks, please visit globalfurnituregroup.com.

Cubic Measure
The stated volume is an approximate cubic foot measure to calculate freight costs. The figure shown is the total shipping volume of a unit (e.g. if a part is sent in 2 cartons the volume indicated reflects both cartons together) and is subject to change without notice. It is most economical to purchase the specified number per carton.

Combined Shipments
Global will make every effort to combine shipments and orders on written request. However, Global cannot be held responsible where such request is not complied with.

Offer of Sale
Possession of this price list or any other literature shall not imply the company's willingness to sell to the holder and shall not be construed as a direct offer of sale.

If a conflict arises between: (i) prices found in software support packages furnished to the customer by Global or by any other source on behalf of Global; and (ii) Global's current pricing found on Global's website, then the most current shall prevail.

Disclaimer
All dimensions are in inches. Prices shown are current manufacturer's suggested list prices at the time of printing. Updated pricing is available on Global's website. All applicable taxes are extra. Descriptions, specifications and prices are subject to change without notice. Errors and omissions are subject to correction.

Testing Qualifications
Many Global products pass or exceed the most stringent industry testing standards.

Flammability
The foam used in Global chairs meets the requirements of California TB117:2013. In addition to the foam, upholstery materials must also meet the California TB117 smolder resistant requirements. Please contact Customer Care to determine if a selected textile meets the California TB117 requirement.

From here you will have the option to select either the Seating, Desking + Tables or Metal Filing + Storage price list books. Global warrants that all commercial products are free from defects in material and workmanship, for the life of the product, to the original Purchaser.

LIMITED LIFETIME WARRANTY

Global will repair or replace, at Global's option, as the sole remedy for any defect covered by the warranty. The warranty applies to products manufactured after March 22, 2016.

Global makes no warranty that any of its products are suitable for any particular purpose and makes no other warranties, express or implied, other than those set out here. As codes and standards vary from one jurisdiction to another, references to compliance are solely for convenience and without any representation as to accuracy or suitability. Users must verify the suitability of such information or product for their specific application. In no event shall Global be liable in either tort or contract for any loss or direct, special, incidental, consequential, or exemplary damages. The warranty applies to single shift, standard commercial usage, defined as a standard eight (8) hour day, forty (40) hour week for users weighing up to 300 pounds.

General Commercial Seating
Global's warranty for general commercial seating covers all chair components including pneumatic cylinders, bases, casters, glides, frames, arms, plastic seats, backs and other structural components.

Exceptions to the warranty for general commercial seating are as follows:

- Foam, textiles (as sampled on Global branded and textile program cards), mesh material and electrical devices, are warranted for five (5) Years. Novaro Leather is warranted for one (1) year.
- Control mechanisms are warranted for twelve (12) Years
- Heavy duty seating and Indoor/Outdoor Furniture are not defined as General commercial seating (see below for warranty exceptions)

Global warrants these products for twelve (12) years to the original purchaser. All components (including control mechanisms, pneumatic cylinders, bases, casters, glides, frames, arms, plastic seats/backs, etc.) are covered for 24/7 applications under the warranty. The exceptions are foam, upholstery and textiles, which are covered for five (5) years. Fabric or upholstery material on these products must exceed 100,000 double rubs for the textile portion of the warranty to apply. Heavy Duty product series that apply under this warranty can be found in the Heavy Duty section of this list price book.

Outdoor Furniture
Global offers products designed for use indoors or outdoors. Global warrants these products for three (3) years to the original purchaser. This warranty applies to single shift (eight (8) hour day, forty (40) hour week) for users weighing up to 275 pounds, unless noted otherwise. Outdoor furniture must be stored indoors during inclement or extreme weather such as extreme cold, extreme heat, or excessive wind.

Exceptions to the warranty for indoor/outdoor furniture is as follows:

- Only Global branded textiles and Alliance Partner carded textile program materials expressly identified for outdoor application are covered for three (3) years when used outdoors.

Global's Warranty does not apply (for any product category) to the following:

- Products not purchased directly from authorized Global resellers
- Nominal or normal amount of wear and tear that can occur over time
- Failures which result from negligence, abuse, accident or misuse
- Failure to apply, install or maintain products according to Global's written instructions and warnings
- Modifications, attachments or repair methods not approved by Global
- Damage caused by a carrier in transit, or delivery/installation contractors
- The matching of colors, grains or textures (wood, leather, etc.) of natural materials
- Products exposed to extreme hot or cold temperatures or excessively dry or humid environments
- Colorfastness or the matching of color of textiles, dye lots of textile can vary
- Damage by markings or staining; damage by sharp objects or imprinting from instruments
- Damage to textiles or laminate and wood surfaces/edges from exposure to sunlight (including UV rays)
- Products used for rental purposes
- Purchased parts are warranted for one (1) year
- Failure to follow specific cleaning and disinfecting instructions posted on globalfurnituregroup.com

SYMBOL IDENTIFICATION

Global's Certified Products are in compliance with the stringent emission guidelines set by the GREENGUARD Environmental Institute and include all Upholstered Seating. To obtain a GREENGUARD Certificate for any product, please go to the product page on our website www.globaltotaloffice.com and click on "View GREENGUARD Certificate".

level™ certification, based on the ANSI/BIFMA e3-2012 furniture sustainability standard, sets furniture manufacturers on a path toward greater sustainability over time. Based on environmental and social criteria set forth in the standard, a product's entire supply chain is assessed.

Certification assessment includes an evaluation of specific corporate policies and guidelines and an assessment of associated company manufacturing facilities. Products must meet quantifiable milestones of environmental and social performance at every step of development.

The quantitative assessment addresses four categories: material use, energy and atmosphere impacts, human and ecosystem health and social responsibility.

Manufacturers earn points in each of the four categories. The level™ brand and its numeric rating of 1, 2 or 3 indicate what threshold of certification a product has achieved. level™ 3 is the highest rating.

WOOD VENEER DESK NOTES

The following applies to all VENEER Series - Corby, Dufferin, Foundations, Kingston, Lufton and Philadelphia (unless otherwise noted).

CONSTRUCTION:

- "Number one select, architectural grade A" oak, American black walnut, American black cherry, and hard maple. Wood worksurface moulded edges are solid oak, walnut, cherry, or maple (except where square self-edges exist, i.e. credenza and computer worksurface back edges that are most commonly against walls).

FINISH:

- Conversion varnish (similar to catalyzed lacquer, but tougher), 25 degree sheen. Finishes are not buffed or rubbed.
- All Global wood casegood products are veneered and finished on the back sides (360 degree finishing), except modular under-surface storage - tops and backs are unfinished.
- Touch up kits available, includes a touch up marker and fill crayon. Order **VTOUCHUPKIT**, **$164** list. Specify finish when ordering.

PEDESTALS:

- Pedestals are fully assembled units. Undersurface storage units provide standard locks.
- All drawers are standard as vinyl-wrapped black embossed with V-groove construction.
- Drawers are "5-sided". The drawer front is an applied element to a four-sided drawer. Drawer fronts can be removed or replaced in the field.
- Pedestal drawers and lateral file drawers are supported by steel ball bearing suspensions. All suspensions carry a full lifetime warranty against defects.
- All drawers have full extension.

HARDWARE:

- All necessary hardware items for attaching furniture items are included in the shipment. Actual wall attachment fasteners for wall cabinets, tackboards and visualboards are not included due to variation between site conditions.
- **Leveling glides** are are shipped installed on the unit. Levelers have a 1" range of adjustment.
- **Hanging file rails** are pre-installed on file drawer perimeters with additional front-to-back rails found in the bottom of the filing drawers. These rails hang onto plastic clips and do not require any tools to install. Legal filing can be achieved either as side-to-side or front-to-back. Letter filing can be achieved as front-to-back filing only.
- **Flat plates** for attaching bridge and return to desk are shipped pre-attached to the bottom of the bridge or return. **Mini flat plates** for securing bridge modesty panels to desk or credenza end panels, and **quick connectors** for securing modular corner units to adjacent pieces (Dufferin Series) are shipped along with screws in a plastic bag attached to the bottom of the bridge or return. CAUTION: using screws other than those supplied by Global could result in damage to finished tops.

INSTALLATION:

Wall-mounted cabinets and visual boards are pre-attached with horizontal wall rails to the back of each unit. The wall-side components need to be detached from the unit and fastened to the wall accordingly. Wall fasteners are not included due to variation between site conditions. Securing the wall rail to a vertical structural member is the required manner of installation. The cabinet or visualboard is then lowered on to the wall rail. It is important to level the wall rail before installation. Wall cabinets are equipped with levelers at the bottoms of the side panels for proper cabinet alignment. It is recommended to use a single drywall screw through the back of the cabinet and the wall-mounted rail, to further secure the wall attachment.

Wall-mounted tackboards have vertical grooves in the back for tasklight wiring. Horizontal wall rails are provided. Fasteners are not included due to variation between site conditions. The site installer need to position the wall rail and determine the type of screw to be used for the application. The tackboard is hung on the wall rail. Using a level will also aid in the tackboard installation.

Hutches are installed with double-faced tape applied on the bottom of the end panels. Global utilizes a non-marring method of hutch attachment. The tape is shipped in a plastic bag found in the hutch. Removal of the hutch requires moderate pressure to be applied on the top of the unit towards the wall for at least a minute for the pressure-sensitive tape to release. At the dealer or installer's discretion, additional support may be added by installing flat plates along the back of the attached units. These flat plates are not included in the shipment.

Hutch tackboards are factory installed.

Modular storage units have pre-drilled holes through the tops for securing to the bottom of the worksurfaces. Disassemble the modular unit first before relocating the entire unit to avoid damage or body injuries.

5-Sided corner tables and adjoining bridge and credenza run-offs are attached with MP-53 mending plates. Accurate leveling is critical for these units to align and connect properly.

NOTE: Leveling wood office furniture properly is the most important procedure to ensure proper functioning and alignment of drawers, locks and doors. Upon completing installation, wipe furniture with a damp cloth, followed with a dry soft cloth - always in the direction of the grain.

CORBY - NOTES

Introducing the Corby Collection of wood veneer and laminate desks, tables and storage elements. Christopher Wright has reflected on the mid-century modern vernacular to design a unique series of workplace furnishings that reward a new generation of pioneers and nation builders.

Corby is suited for any office environment, private office, boardrooms, open desking and collaborative areas. Its timeless design is expressed in subtle details - flared legs that elevate storage off the floor, tapered aprons on the bottom of storage pieces which reflect the knife edge detail of the worksurface. Standard height and counter height tables combined with tiered storage pieces offer a reprieve from formal boardrooms and deliver a more casual style for meeting areas.

Corby is a fresh take on desking, blending the warmth and comfort of residential-style furniture with the features and long lasting quality you'd expect from Global.

Features and Benefits

- Tapered solid wood legs in two heights
- Modesty panel in two heights
- Drawers are standard vinyl-wrapped construction with black drawer sides and bottom.

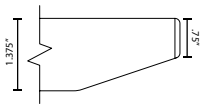
GENERAL INFORMATION

- Corby detailing is new century modern with a knife edge on table tops.
- Solid walnut, cherry, oak and maple edging on 1-3/8" tops (veneer).
- 3mm matching PVC edge on laminate surfaces.
- Tapered, solid wood legs are used to support the peninsula, work, collaboration and occasional tables.
- Pedestal, credenza and bookcase bottoms include 1 3/8" thick painted, beveled profile and tapered solid wood legs (4"H or 11 1/2"H).
- Productivity Solutions by Global offers multiple desktop power options that can be retrofitted into grommets, or clamp mounting on the edge of worksurfaces. Under mount options provide a clean way to power accessories in storage cabinets.
- For environmental certifications, please visit globalfurnituregroup.com.

WORKSURFACES

- Standard with 1 3/8" top thickness
- Veneer surfaces constructed from grade "A" veneers
- When laminate is specificed, all surfaces constructed using high pressure laminate.
- Peninsula tables, freestanding work tables, collaboration tables and coffee tables feature a contemporary 2" overhang knife edge on all sides. All other surfaces feature a self-edge veneer.



CONSTRUCTION

- "Number one select, architectural grade A" oak, American black walnut, American black cherry, and hard maple. Wood worksurface moulded edges are solid oak, walnut, cherry or maple (except where square self-edges exist, i.e. credenza and computer worksurface back edges that are most commonly against walls).
- Stack-on unit back panels are a solid thermally fused laminate color.
- When veneer is specified, tapered, solid wood legs (walnut, cherry, oak and maple) are used to support the Peninsula, Work, Collaboration and Occasional Tables.
- When laminate is specified, tapered, solid poplar legs are used to support the Peninsula, Work, Collaboration and Occasional Tables.
- Pedestal, Credenza and Bookcase bottoms include 1 3/8" thick painted, beveled profile and tapered solid wood legs.

FINISHES

- Conversion varnish (similar to catalyzed lacquer, but tougher), 25 degree sheen. Finishes are not buffed or rubbed.
- Global Corby Wood Veneer Desking products are veneered and finished on the back sides (360° finishing)
- Touch up kits available, includes a touch up marker and fill crayon. Order **VTOUCHUPKIT**, **$175** list. Specify finish when ordering.
- Global standard finish, on oak and walnut, is open pore and on cherry and maple is semi-closed pore. If a full finish is required for walnut, cherry, anigre and maple tops, Add the suffix "2" to the finish code and Add 5% to the base pricing for each product. **CUSTOM FINISH IS AVAILABLE.**

PEDESTALS, STORAGE CABINETS, CREDENZAS AND BOOKCASES

- All units are elevated 4" (xxLB = Low Base), or 11.5" (xxHB = High Base) off the floor by tapered, solid wood legs.

HANDLES

- All box and lateral drawers have one vertical handle PL89 (chrome finish) installed. Doors are equipped with touch latch mechanism with no handles.
- Handles can be purchased separately and installed in the field - no template is provided.

STACK-ON BOOKCASES AND STORAGE CABINETS

- Stack-on units are designed to be placed and installed on top of the credenzas with low and high base

LOCKS

- Front locking is standard on the Pedestals with box/file and file drawers, credenzas with box/lateral and lateral drawers. Box/box drawer units are non-locking. Optional locking on doors is available. Specify **LO**, **add $429**.

DRAWER SUSPENSIONS

- Pedestal drawer suspensions are metal ball-bearing type. Both box and file drawers are full extension.

HANGING FILE RAILS

- Pre-installed on file drawer perimeters. The back rail in a lateral file drawer is designed for both legal and letter size filing. Legal filing can be achieved either as side-to-side or front-to-back. Letter filing can be achieved as front-to-back filing only.

DRAWER CONSTRUCTION

- Drawers are standard vinyl-wrapped construction with black drawer sides and bottom

DRAWER FRONTS

- The drawer front is an applied element to a four sided drawer. Drawer fronts are veneered on all surfaces. Drawer fronts can be removed or replaced in the field.

LEVELING GLIDES

- Levelers have a 1" range of adjustment

HARDWARE

- All necessary hardware for attaching furniture is included in the shipment

dufferin

DUFFERIN

The **Dufferin** series is a unique entity in that it integrates wood veneer and laminate. Worksurfaces, drawer and cabinet fronts use genuine wood veneer while the chassis and cabinets are finished in your choice of laminate or wood veneer. The result is a rich, two tone appearance to coordinate with any contemporary business interior.

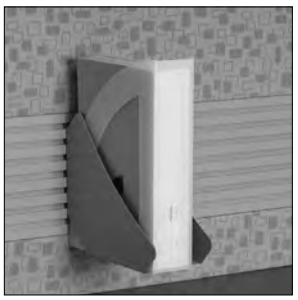
Key features include a two inch knife edge providing clean, crisp detailing, grommets, a reverse profile/self edge edge on connecting worksurfaces, square or round post leg on islands, base and modesty panel upgrades and endless electrical options.

Storage options are available in 29", 48", 54", 66", 72" and 84" heights. Various models include storage cabinets, file modules, mixed storage cabinets, open shelving, wardrobe cabinets and personal towers.

Above worksurface storage selections include overhead storage and hutches with or without pigeon-hole storage. Hutch doors are available in a choice of veneer or glass with an aluminum frame. Tackboards are offered in all fabric or with a built-in accessory rail for organizing folders, binders, cds and more!

Contemporary **two inch overhang knife edge** on user and guest sides. Self-edge veneer on ends and wall sides.

Optional **base upgrades** include a rectangular two tone base (shown) and elliptical base. Available on most islands.



Tackboards with **accessory rails** accommodate letter trays, binder bins and file holders.

Features and Benefits

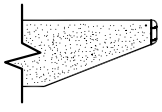
- Choice of ten handle options on every door/drawer that features handles
- Modesty panel options include veneer and straight glass (translucent) tungsten frame.
- Base upgrades to replace standard monopost on islands are available in four styles
- Drawers are standard vinyl-wrapped construction with black drawer sides and bottom.
- 75 lb box - 150 lb. file drawer weight capacity with full height sides with pencil tray included in box drawer
- Lateral file drawers can accommodate legal or letter documents
- Premium full extension progressive ball bearing slides on file drawers
- Box drawers mounted on 3/4 extension premium ball bearing slides.
- Power / Data accessories are available to be factory installed on any Dufferin unit, including Boardroom Tables, to meet all today's technological requirements
- A full array of complementary Boardroom and Reception area furnishings are available to coordinate the entire office

GENERAL INFORMATION

- Dufferin is a veneer and laminate desking system composed of hundreds of models, capable of furnishing executive suites, boardrooms and reception areas.
- 1 3/16" thick worksurfaces utilizing pedestal and panel construction with top over side panel design.
- Full modesty panels on desks are available in either a straight or breakfront style
- For environmental certification, please visit globalfurnituregroup.com

WORKSURFACES

- Standard with 1 3/16" top thickness
- All surfaces constructed from grade "A" veneers
- All top surfaces feature a contemporary 2" overhang knife edge on user and guest sides. Self-edge veneer on ends and wall sides.



Contemporary 2" overhanging knife edge

CONSTRUCTION

- "Number one select, architectural grade A" oak, American black walnut, American black cherry, hard maple and lyptus. Wood worksurface molded edges are solid oak, walnut, cherry, maple or lyptus (except where square self-edges exist, i.e. credenza and computer worksurface back edges that are most commonly against walls).

FINISHES

- Conversion varnish (similar to catalyzed lacquer, but tougher), 35 to 40 degree sheen. Finishes are not buffed or rubbed.
- All Global wood casegood products are veneered and finished on the back sides (360° finishing), except modular under-surface storage - tops and backs are unfinished.
- Touch up kits available, includes a touch up marker and fill crayon. Order **VTOUCHUPKIT**, **$175** list. Specify finish when ordering.
- Global standard finish, on oak and walnut, is open pore and on cherry and maple is semi-closed pore. If a full finish is required for walnut, cherry, anigre and maple tops, Add the suffix "2" to the finish code and Add 5% to the base pricing for each product. **CUSTOM FINISH IS AVAILABLE.**
- High Pressure laminate inlays are available at no upcharge. Contact Customer Care for specification information.

PEDESTALS

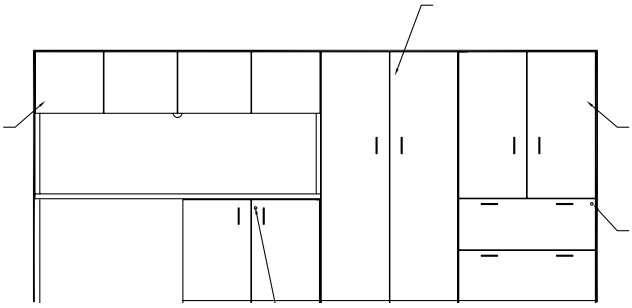
- Black embossed vinyl-wrapped construction drawer sides and bottom are standard.
- All pedestals are full to floor and locking.
- Double pedestal models feature a choice of four drawer configurations: two file/file pedestals (EE), two box/box/file pedestals (DD), file/file on left, box/box/file on right (ED), or file/file on right, box/box/file on left (DE).
- Single pedestal models feature a choice of two drawer configurations: one file/file pedestal (E) or one box/box/file pedestal (D) on the left or right.

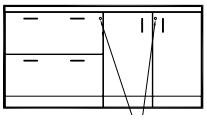
HARDWARE

- All necessary hardware items for attaching furniture items are included in the shipment. Actual wall attachment fasteners for wall cabinets, tackboards and visualboards are not included due to variation between site conditions.
- **Leveling glides** are shipped in a plastic bag attached to the bottom of the item or inside the pedestal. It is important to install leveling glides to ensure the unit is level. Levelers have a 1" range of adjustment.
- **Hanging file rails** are pre-installed on file drawer perimeters with additional front-to-back rails found in the bottom of the filing drawers. These rails hang onto plastic clips and do not require any tools to install. Legal filing can be achieved either as side-to-side or front-to-back. Letter filing can be achieved as front-to-back filing only.
- **Flat plates** for attaching bridge and return to desk are shipped pre-attached to the bottom of the bridge or return. **Mini flat plates** for securing bridge modesty panels to desk or credenza end panels, and quick connectors for securing modular corner units to adjacent pieces (Dufferin Series) are shipped along with screws in a plastic bag attached to the bottom of the bridge or return. **CAUTION**: using screws other than those supplied by Global could result in damage to finished tops.

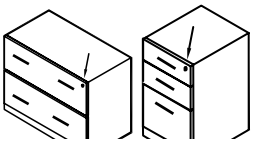
LOCKS

- Locks are standard on all "below worksurface level" drawer and door storage units with the exception of the stationary organizer, pull-out tray units and single lateral file drawer combination tray/slot units. Combination storage unit comes with lock for file and lateral file drawer only, box drawers cannot lock.
- Optional locks may be ordered on all "above worksurface level" closed storage, Factory Installed. Please specify **LO, add $143**.





DCF7224
Style Credenza: File lock is on the inside gable behind the bookcase door. Lock for doors is on the front.



DWF **DWD**

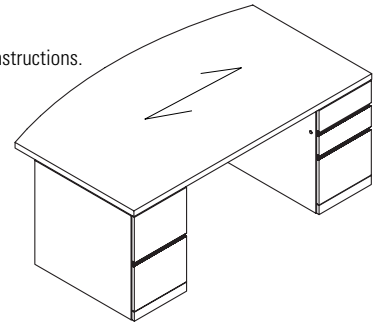
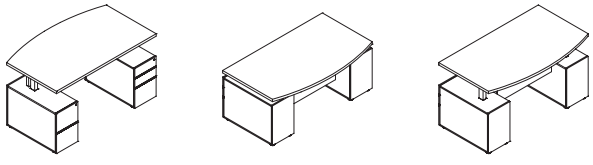
ELECTRIC HEIGHT ADJUSTABLE UNITS - NOTES

- All Height Adjustable (HA) units are shipped fully assembled.
- Simple Up / Down function enables the height adjustment of the worksurface.
- The height adjustment range for desks is 29" to 45", for table and bridge top 26" to 43" (including worksurface).
- Single stage HA mechanism with an electric motor in each column is used.
- The height adjustable mechanism operates at 1.5" per second.
- Max. weight / lift is 265 lbs.
- All columns are integrated into fully functional pedestals, or pedestal bases with the exception of the HA table and the HA bridge top.
- Height adjustable bases are available in three colors: **Black (BLK), Tungsten (TUN),** and **Designer White (DWT)**
- All desks include two (2) PVC wire management channels (L & R side) allowing for cabling through the pedestals.
- Hanging wood modesty panel on desk is standard. Hanging glass (aluminum framed) modesty panel is optional.
- To avoid risk of pinching:
  - 4.9" / 124mm gap is kept between the pedestal and the lowest point of the worksurface.
  - Wood spacer HASP must be used to attach height adjustable unit in the "U" or "L" configuration. See assembly instructions.
  - 2" gap is required between the worksurfaces when using the HA Table or the HA Bridge Top.
  - Includes collision detector
- Optional grommet locations: **TL** - Top Left or **TR** - Top Right





Note: Arrow indicates direction of grain.

FOUNDATIONS

Contemporary. Minimal. Inspirational. **Foundations** desking draws upon a contemporary minimal aesthetic, paring down furniture structure and surface to its essence to reveal an architecture of simple horizontal and vertical planar elements.

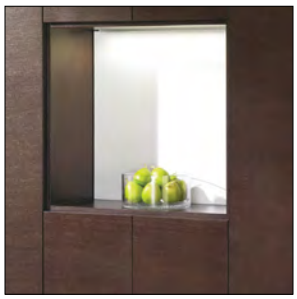
Each piece is designed to serve the needs of a changing office landscape, elevating the look and function of the private office and taking into account the diverse uses of meeting rooms in the modern work environment. Designed by Christopher Wright.

Foundations components for the private office include modular desks, credenzas and wall storage units punctuated by niches set into the vertical plane of the unit. Personal items or work tools can be stored in niches, desks and storage components that combine to suit individual work styles.

Features and Benefits

- Workwalls support configurations or function as display backdrops
- Niches are designed to accept tackboards, remote-controlled LED lighting and flat screen monitors
- Wall units can be specified with LED lighting.
- Power, data and cable management accessories are available on any Foundations unit, including boardroom tables to meet exact requirements.
- A full array of complementary conference room furnishings are available to coordinate the entire office.

Open frame leg



Workwall niche offers a surface, storage or display.

Workwall with integrated storage credenza.

GENERAL INFORMATION

- Foundations includes workwalls, single- and double-pedestal desks and executive desk extensions, bridges and transaction counters
- Storage components include credenzas, bench storage, wall-mounted and freestanding storage
- Two- or three-tone finish options allow for a distinctive aesthetic
- Executive desk extensions are supported by an open frame leg or elevated pedestals
- Modular wall units, pedestals and credenzas allow for scalable storage solutions; components accommodate L- and U-shaped configurations, as well as desk and workwall/credenza combinations.
- For environmental certification, please visit globalfurnituregroup.com

CONSTRUCTION

- Engineered veneer is real wood that through a manufacturing process of slicing, dyeing, gluing and re-slicing achieves consistent wood grain and color structure.
- Veneer is purchased by the block and sliced into a rift cut slip matched pattern to a thickness of 0.6mm (1/42"). Global lays up rift cut veneers in a slip match method.

FINISHES

- Conversion varnish (similar to catalyzed lacquer, but tougher), 25 degree sheen. Finishes are not buffed or rubbed.
- All Global wood casegood products are veneered and finished on the back sides (360° finishing), except modular under-surface storage - tops and backs are unfinished.
- Touch up kits available, includes a touch up marker and fill crayon. Order **VTOUCHUPKIT**, **$175** list. Specify finish when ordering.
- Global standard finish, on oak and walnut, is open pore and on cherry and maple is semi-closed pore. If a full finish is required for walnut, cherry, anigre and maple tops, Add the suffix "2" to the finish code and Add 5% to the base pricing for each product. **CUSTOM FINISH IS AVAILABLE.**

PEDESTALS AND CREDENZAS

- Suspended 7.5" off the floor by an open framed aluminum leg
- Locks are always located on the side panel.
- Handle placement is offset from the center, towards the lock
- Overall height is 26.5"
- Pedestal drawer suspensions are metal ball bearing type. Both box and file drawers are full extension.
- Hanging file rails are pre-installed on file drawer perimeters. The back rail in a lateral file drawer is designed for both letter and legal size filing.
- Drawer sides and bottoms are wrapped black vinyl.
- Drawer front is an applied element to a four sided drawer. Drawer fronts are veneered on all surfaces. Drawer fronts can be removed or replaced in the field.
- Leveling glides have 1" range of adjustment.

HARDWARE

- All necessary hardware to assemble the furniture is included in the shipment. Actual wall-attachment fasteners for wall cabinets and tackboards are not included due to variable site conditions.
- Hanging file rails are pre-installed on file drawer perimeters and accommodate both legal and letter size filing. Legal filing can be achieved either as side-to-side or front-to-back. Letter filing can be achieved as front-to-back filing only.
- Connecting brackets are used to attached bridges and returns to desk, and are shipped pre-attached to the bottom of the bridge or return. Additional screws are shiped in a plastic bag.

INSTALLATION

- **Wall-mounted cabinets and tackboards** are shipped with preattached horizontal wall rails at the back of each unit. The wall-side components must be detached from the unit and fastened to the wall accordingly. Wall fasteners are not included due to the variable site conditions. Securing the wall rail to a vertical structural member is the required manner of installation. The cabinet or tackboard is then lowered on to the wall rail. It is important to level the wall rail before installation. Wall cabinets are equipped with levelers at the bottom of the back panels for proper cabinet alignment. Units with doors are equipped with adjustable European door hinges to assist in door alignment. It is required to use a #8 wood screw through the back of the cabinet and the wall-mounted rail, to further secure the wall attachment. Tackboards have vertical grooves in the back for tasklight wiring.
- **Transaction counter and decorative panels** are shipped knock down. To assemble it follow the assembly instruction sheet included. To secure the transaction counter to the desk, double sided tape is applied to the bottom of the end panels. Included screws must be used to attach the decorative panel to the desk.
- **Modular storage units**: Have pre-drilled holes through the tops for securing to the bottom of the work surfaces. Screws and lock keys are included in a plastic bag fastened inside the pedestal. Pedestals may be installed flush or offset. Disassemble the modular unit first before relocating the entire unit to avoid damage or bodily injuries.
- **Work Walls**: Incorporate storage units, credenzas and niches of different sizes, attached to the base with connecting bolts. Upper units are installed with plastic dowels. Small connectors are supplied to secure the units thru the side panels. Complete assembly instruction is included with the wall unit. All necessary connectors and dowels are shipped in a plastic bag.
- **Credenza backpanels and display walls**: Optional credenza backpanels and display walls are attached to the units with supplied quick connectors. To assemble the display wall follow the assembly instructions included. All connectors and screws are shipped in a plastic bag.
- **Tables**: All table components are shipped in multiple boxes. Screws and table connectors are packed in a separate box identifi ed with the lable "Hardware Enclosed". Assembly instructions for specific tables are included.

DESKS - NOTES

- Horizontal grain direction is standard on all engineered finishes.
- Tops are constructed with two 3/4" thick panels, laminated together to create a total thickness of 1.5".
- All pedestals are suspended 7.5" off the floor by an open framed leg, and can be installed flush or offset
- Pedestals are handed:
  - Left pedestals have the handle offset from the center to the right, and the lock is placed on the right end panel
  - Right pedestals have the handle offset from the center to the left, and the lock is placed on the left end panel
- Modesty panels are available as an optional upgrade in wood or glass on Desks
- Grommets are available as an option on Desks and most Credenzas.

CREDENZAS - NOTES

D x W x H

- Horizontal grain direction is standard on all engineered finishes.
- Tops are constructed with two 3/4" thick panels, laminated together to create a total thickness of 1.5".
- All pedestals are suspended 7.5" off the floor by an open framed leg, and can be installed flush or offset
- Pedestals are handed:
  - Left pedestals have the handle offset from the center to the right, and the lock is placed on the right end panel
  - Right pedestals have the handle offset from the center to the left, and the lock is placed on the left end panel
- Modesty panels are available in wood or glass
- Grommets can be specified on Credenza Tops.
- **NOTE**: Arrow indicates direction of grain

KINGSTON

Kingston is a modern expression of old world craftsmanship. The classic proportion, attentive detailing, exquisite hand-matched veneers and solid wood edge details convey refined elegance with timeless beauty. Designed to highlight the warmth and majestic nature of real wood, Kingston offers an impressive array of storage components, fixed and freestanding worksurfaces that can be arranged to meet virtually any functional requirement.

Kingston detailing is contemporary with a 1" overhang on all edges. Solid walnut, cherry, maple, oak that bands worksurface perimeter is 1" wide by 1-3/8" thick for an overall thickness of 1-3/8". Kingston is a "top over pedestal" detailed series with a 1/4" reveal between the top and end panel. Tops have a 1" overhang. Floor storage unit bases are integrated in drawer faces. Products that are normally positioned against walls, such as credenzas, have a self-edge veneered back edge detail.

Features and Benefits

- Choice of 15 handle options for every door/drawer that features handles.
- Choice of six edge options
- Wide selection of storage components, fixed and freestanding worksurfaces.
- Sleek design

GENERAL INFORMATION

- Distinguished by an elegant overhang detailed edge, Kingston pairs sleek European styling with functional design features that address the needs of today's dynamic and tech-savvy executive office.
- Kingston offers six distinctive edge shapes, as well as a multitude of drawer pull options.
- For environmental certification, please visit globalfurnituregroup.com

CONSTRUCTION

- Number One select, architectural grade "A" oak, American black walnut, American black cherry or maple. Wood worksurface molded edges are solid oak, walnut, cherry, or maple.
- Contemporary detailing with 1" overhang on all edges.
- Solid walnut, cherry, maple, oak that bands worksurface perimeter is 1" wide by 1-3/8" thick for an overall thickness of 1-3/8".

FINISHES

- Conversion varnish (similar to catalyzed lacquer, but tougher), 25 degree sheen. Finishes are not buffed or rubbed.
- All Global wood casegood products are veneered and finished on the back sides (360° finishing), except modular under-surface storage - tops and backs are unfinished.
- Touch up kits available, includes a touch up marker and fill crayon. Order **VTOUCHUPKIT**, **$175** list. Specify finish when ordering.
- Global standard finish, on oak and walnut, is open pore and on cherry and maple is semi-closed pore. If a full finish is required for walnut, cherry, anigre and maple tops, Add the suffix "2" to the finish code and Add 5% to the base pricing for each product. **CUSTOM FINISH IS AVAILABLE.**

PEDESTALS

- Full-to-the-floor. Pedestals are fully assembled units that are either installed into desk and credenza shells, or available as modular units. Undersurface storage units include locks.
- Pedestal drawer suspensions are metal ball bearing type. Both box and file drawers are full extension.
- Hanging file rails are pre-installed on file drawer perimeters and accommodate both legal and letter size filing. Legal filing can be achieved either as side-to-side or front-to-back. Letter filing can be achieved as front-to-back filing only.
- Drawers are standard vinyl-wrapped construction with black drawer sides and bottom.
- The drawer front is an applied element to a four sided drawer. Drawer fronts are veneered on all surfaces except the vertical edges, which are solid oak, walnut, cherry and maple then routed with series detailing. Drawer fronts can be removed or replaced in the field.
- Levelers have 1" range of adjustment.

LOCKS

- Locks are standard on all below worksurface level drawer and door storage units, with the exception of pull-out tray units and single lateral file drawer combination tray/slot units.
- Combination storage unit comes with lock for file and lateral file drawer only; box drawers cannot lock.
- Lock color will match the handle option.
- Locks are optional on all above worksurface level closed storage.
- For optional lock, specify **LO**. **Add $143** per lock.

HANDLES

- If no handle is specified, there will be a routed finger pull in drawer fronts and touch latch mechanism for doors.
- See next page for options.

LUFTON

GLOBAL is pleased to introduce the **LUFTON** wood veneer series. This contemporary collection features an all wood veneer construction with a variety of features that emphasize a modern approach to the private office.

1-3/16" worksurfaces include a choice of four ¼" hardwood edges to choose from – Flat (L10), Radius (L20), Fluted (L30) and Soft Tail (L40). A black 5mm PVC inlay between the worksurface and gable provides a striking visual detail.
Drawers and storage items feature eight handle options to choose from (where applicable) – storage options are available in 29", 66" and 72" heights. Various models include different types of storage configurations.

New 23" height credenzas allow for different visual planes – combined with a spacer unit, worksurfaces can be supported over this credenza.

Above worksurface storage selections include overhead storage and hutches with or without pigeon-hole storage. Hutch doors are available in a choice of veneer or glass with an aluminum frame. Tackboards are offered in all fabric or with a built-in accessory rail for organizing folders, binders, CDs and more!

Features and Benefits

- Choice of eight handle options for every door/drawer that features handles.
- Modesty panel options include metal (in Black or Tungsten), veneer, and glass.
- Base upgrades to replace standard monopost on islands are available in four styles.
- Drawers are standard vinyl wrapped construction with black drawer slides and bottom.
- 75 lb. box – 150 lb. file drawer weight capacity with full height sides – pencil tray included in box drawer.
- Lateral file drawers can accommodate legal or letter documents.
- Box drawers mounted on ¾ extension premium ball bearing slides.
- Power/Data accessories are available to be factory installed on any LUFTON unit, including Boardroom Tables to meet all today's technological requirements.
- A full array of complementary Boardroom and Reception area furnishings are available to coordinate the entire office.

GENERAL INFORMATION

- Lufton is a veneer desking system composed of hundreds of models, capable of furnishing executive suites, boardrooms and reception areas.
- 1-3/16" worksurfaces with 1/4" solid Wood Edge all around.
- 5MM Black PVC inlay between top and gables
- **Level 3 Certified**

FINISHES

- Conversion varnish (similar to catalyzed lacquer, but tougher), 35 to 40 degree sheen. Finishes are not buffed or rubbed.
- All Global wood casegood products are veneered and finished on the back sides (3600 finishing), except modular under-surface storage - tops and backs are unfinished.
- Touch up kits available, includes a touch up marker and fill crayon. Order **VTOUCHUPKIT**, **$175** list. Specify finish when ordering.
- Global standard finish, on oak and walnut, is open pore and on cherry and maple is semi-closed pore. If a full finish is required for walnut, cherry, anigre and maple tops, add the suffix "**2**" to the finish code and add 5% to the base pricing for each product. Custom finish on standard veneer is available. Add 15% to the base pricing for each product.
- High Pressure laminate inlays are available at no upcharge. Contact Customer Care for specification information.
- Hanging file rails are pre-installed on file drawer perimeters and accommodate both legal and letter size filing. Legal filing can be achieved either as side-to-side or front-to-back. Letter filing can be achieved as front-to-back filing only.

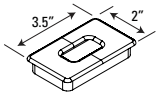
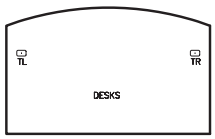
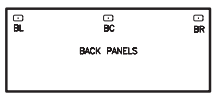
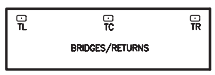
GROMMETS

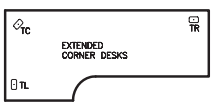
- Standard grommet on all components is **GM5P**. Grommet is included with products where shown in line drawings in price book.
- Optional grommets may be ordered in standard worksurface locations (left, center or right). Order as **GM5PTL, GM5PTC or GM5PTR. Add $103.**
- Grommet hole dimensions are 3.5" x 2".
- To order a grommet cover only, specify **GM5EP** for Black or **GM5KP** for Tungsten. Add **$61**.
- Components that come standard with grommet may be ordered without a grommet. Order as RSG - **Add $57**.

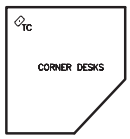


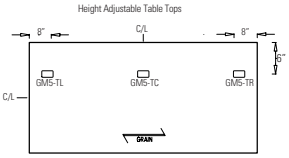












DOUBLE PEDESTAL DESK NOTES

- Can be ordered as a shell or with pedestals.
- Grommets are available as an option on Desks and most Credenzas.
- Hand of Rectangular Desk is determined by location of pedestal from user side.
- Hand of "D" Island is determined by outward orientation of conference end from user projection.

ELECTRIC HEIGHT ADJUSTABLE UNITS	MODEL#	DIMENSIONS D x W x H	FREIGHT CLASS	WT/LBS.	CUBIC FT.	LIST PRICE

- All Height Adjustable (HA) units are shipped fully assembled.
- Simple Up / Down function enables the height adjustment of the worksurface.
- The height adjustment range for desks is 29" to 45", for table and bridge top 26" to 43" (including worksurface).
- Single stage HA mechanism with an electric motor in each column is used.
- The height adjustable mechanism operates at 1.5" per second.
- Max. weight / lift is 265 lbs.
- All columns are integrated into fully functional pedestals, or pedestal bases with the exception of the HA table and the HA bridge top.
- Height adjustable bases are available in three colors: **Black (BLK), Tungsten (TUN),** and **Designer White (DWT)**
- All desks include two (2) PVC wire management channels (L & R side) allowing for cabling through the pedestals.
- Hanging wood modesty panel on desk is standard.
- To avoid risk of pinching:
  - 4.9" / 124mm gap is kept between the pedestal and the lowest point of the worksurface.
  - Wood spacer HASP must be used to attach height adjustable unit in the "U" or "L" configuration. See assembly instructions.
  - 2" gap is required between the worksurfaces when using the HA Table or the HA Bridge Top.
  - Includes collision detector
- Optional grommet locations: **TL** - Top Left or **TR** - Top Right

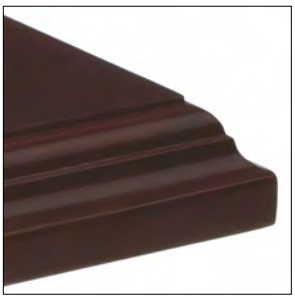
PHILADELPHIA

Philadelphia detailing is traditional with a 1" overhang on all edges. Solid walnut, cherry, maple, oak that bands worksurface perimeter is 1" wide by 1-3/8" thick for an overall thickness of 1-3/8". Philadelphia is a "top over pedestal" detailed series. Philadelphia is standard with a base. Floor storage unit bases (i.e. kick-plates on pedestals, lateral files, bookcases, etc.) are extended out over drawer faces and horizontally grained. Products that are normally positioned against walls, such as credenzas, have a self-edge veneered back edge detail. All primary faces have pin molding decorations.

This elegantly designed traditional furniture series employs state-of-the-art manufacturing to create traditional pieces for executive offices, conference rooms and reception areas. Philadelphia is characterized by solid-wood edge detailing with solid-wood moldings on the cases and brass hardware throughout. The finest clear hardwoods are hand-selected to ensure that the best quality and consistency is achieved. Each piece is protected with a catalyzed conversion varnish to provide one of the most durable finishes in the industry. Philadelphia makes a truly impressive statement for the discerning customer.



1-3/8" thick solid hardwood edge

Antique brass pull (PL40)

Knob on uppers (DK25)

Features and Benefits

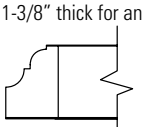
- Philadelphia is a traditional collection characterized by craftsmanship and elegance
- Solid-wood edge detailing with solid-wood moldings on the cases and brass hardware throughout
- Drawers are standard vinyl-wrapped construction with black drawer sides and bottom.
- Pedestals feature antique brass handles, profiled drawer fronts and maple drawer interiors.
- The base is profiled, with pin moldings on desk fronts and sides.
- Bronze glass is standard with clear glass available as an option.
- Modesty panel upgrades are available on select models.

GENERAL INFORMATION

- Philadelphia is comprised of hundreds of models for the traditional executive suite and coordinating meeting areas.
- Solid wood is used on all perimeter worksurface edges, as well as end panel bottoms for mounting leveling glides
- 1" overhang with a traditional detailing is featured on all user and approach sides.
- Brass bulls exclusive to Philadelphia detail the traditional style of the product.
- GM5 grommets are standard on all designated worksurfaces.
- **Level certified**

CONSTRUCTION

- Number One select, architectural grade "A" oak, American black walnut, American black cherry or maple. Wood worksurface molded edges are solid oak, walnut, cherry, or maple.
- Traditional detailing with 1" overhang on all edges.
- Solid walnut, cherry, maple, oak that bands worksurface perimeter is 1" wide by 1-3/8" thick for an overall thickness of 1-3/8".



Edge detail

- Top over pedestal design
- Products that are normally positioned against walls, such as credenzas, have a self-edge veneered back edge detail. All primary faces have pin molding decorations.

FINISHES

- Conversion varnish (similar to catalyzed lacquer, but tougher), 25 degree sheen. Finishes are not buffed or rubbed.
- All Global wood casegood products are veneered and finished on the back sides (360° finishing), except modular under-surface storage - tops and backs are unfinished.
- Touch up kits available, includes a touch up marker and fill crayon. Order **VTOUCHUPKIT**, **$175** list. Specify finish when ordering.
- Global standard finish, on oak and walnut, is open pore and on cherry and maple is semi-closed pore. If a full finish is required for walnut, cherry, anigre and maple tops, Add the suffix "2" to the finish code and Add 5% to the base pricing for each product. **CUSTOM FINISH IS AVAILABLE.**

PEDESTALS

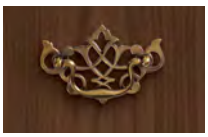
- Full-to-the-floor. Pedestals are fully assembled units that are either installed into desk and credenza shells, or available as modular units. Undersurface storage units include locks.
- Pedestal drawer suspensions are metal ball bearing type. Both box and file drawers are full extension.
- Drawers are standard vinyl-wrapped construction with black drawer sides and bottom.
- The drawer front is an applied element to a four sided drawer. Drawer fronts are veneered on all surfaces except the vertical edges, which are solid oak, walnut, cherry and maple then routed with series detailing. Drawer fronts can be removed or replaced in the field.
- Levelers have 1" range of adjustment.

LOCKS

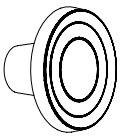
- Locks are standard on all below worksurface level drawer and door storage units, with the exception of pull-out tray units and single lateral file drawer combination tray/slot units.
- Combination storage unit comes with lock for file and lateral file drawer only; box drawers cannot lock.
- Lock color will match the handle option.
- Locks are optional on all above worksurface level closed storage.
- For optional lock, specify **LO**. **Add $143** per lock.

HANDLES

- All drawer fronts come with traditional antique brass finished handles centered on drawer faces. All cabinet doors come with knobs in the same finish.



PL40 Brass Pull, 4.5"



DK25 Knob on Uppers

HARDWARE

- All necessary hardware items for attaching furniture items are included in the shipment. Actual wall attachment fasteners for wall cabinets, tackboards and visual boards are not included due to variation between site conditions.

LEVELING GLIDES

- Shipped in a plastic bag attached to the bottom of the item or inside the pedestal. It is important to install leveling glides to ensure the unit is level. Levelers have a 1" range of adjustment.

HANGING FILE RAILS

- Pre-installed on file drawer perimeters and accommodate both legal and letter size filing. Legal filing can be achieved either as side-to-side or front-to-back. Letter filing can be achieved as front-to-back filing only.

FLAT PLATES

- Flat plates are used to attach bridges and returns to desks and are shipped pre-attached to the bottom of the bridge or return.
- Mini flat plates for securing bridge back panels to desk or credenza end panels, and quick connectors for securing modular corner units to adjacent pieces, are shipped along with screws in a plastic bag attached to the bottom of the bridge or return. **CAUTION**: Using screws other than those supplied by Global could result in damage to finished tops.

PHILADELPHIA - NOTES

WALL-MOUNTED CABINETS, TACKBOARDS AND VISUAL BOARDS

- Pre-attached with horizontal wall rails to the back of each unit. The wall-side components must be detached from the unit and fastened to the wall accordingly.
- Wall fasteners are not included due to the variable site conditions. Securing the wall rail to a vertical structural member is the required manner of installation. The cabinet or visual board is then lowered on to the wall rail. It is important to level the wall rail before installation.
- Wall cabinets are equipped with levelers at the bottom of the back panels for proper cabinet alignment.
- Units with doors are equipped with adjustable European door hinges to assist in door alignment. It is required to use a #8 wood screw through the back of the cabinet and the wall-mounted rail, to further secure the wall attachment.
- Tackboards have vertical grooves in the back for tasklight wiring.
- Hutches and tackboards are installed with double faced tape applied to the bottom of the end panels. The tape is shipped in a plastic bag found in the hutch. Removal of the hutch requires moderate pressure to be applied on the top of the unit towards the wall for at least a minute for the pressure sensitive tape to release. Additional support may be added by installing flat plates along the outside back of the attached units. *These flat plates are not included in the shipment.*
- Hutch tackboards are factory-installed.
- Tackboards are standard in Grade 3 panel fabrics.

MODULAR STORAGE UNITS

- Pre-drilled holes through the unfinished tops for securing to the bottom of worksurfaces
- Screws and lock keys are included in a plastic bag fastened inside the pedestal. Installer should leave a 1/8" reveal between the Modular Storage Unit and the End panel. Disassemble the Modular Unit first before relocating the entire unit to avoid damage or bodily injuries.

PEDESTAL SPACERS

- Required if pedestals are placed side by side. A 1" gap is required between the modular pedestals to allow access to vertical fingerpulls. If required, order **SP700**.

5-SIDED CORNER TABLES

- Join bridge and credenza run-offs, using the supplied quick connectors.
- Recessed end-panels in these units are pre-drilled to accept quick-connectors for easy alignment
- Accurate leveling is critical for these units to align and connect properly.
- Flat-plates are pre-attached to the worksurface to secure to the desk unit.

Care and Cleaning

Textiles

Fabrics: To extend the life of your seating upholstered in fabric, regularly dust the chair to prevent airborne particles from penetrating the fabric surface.

For light soiling, use a damp cloth and blot the spot with very slight pressure, taking care never to soak the fabric. Dry with a clean cloth by blotting - never rub fabric. More intense stains can be treated the same way, but with a mild detergent. Always test fabric first in an unseen area before using any cleaning method.

Leather: For regular cleaning, simply use a soft damp cloth, taking care not to soak the leather. For more thorough treatment, soak a soft cloth in mild soap solution and wipe surface in a light circular motion. Repeat with clean water. Allow to dry and polish with a soft dry cloth. Do not use detergents, aerosol sprays or other polishes.

Hard Surfaces

Wood Veneer Finishes: Waxing or polishing catalyzed finishes is not recommended because this will give a greasy, cloudy or uneven appearance to the product and could void your warranty. Global's conversion varnish is best cleaned by wiping the surface with a damp cloth, followed by a soft dry cloth in the direction of the grain. If the surfaces are heavily soiled, a gentle product like "Windex" can be used, following the same instructions as above.

Laminate, painted & plated metal finishes, and solid surfaces: Wipe the surface with a clean soft damp cloth; if needed, a mild soap solution can be used. To prevent streaks, dry the surface with a clean dry cloth moving in a circular motion.

- **Water-Based Cleaner:** Spot clean, using the foamonly froma water-based cleaning agent, such as amild detergent or non-solvent upholstery shampoo product. Apply foamwith a soft brush in a circularmotion. Vacuumwhen dry. Pretest small area before proceeding.
- **Solvent Cleaner:** Spot clean, using amild water-free solvent or dry cleaning product. Clean only in a well-ventilated roomand avoid any product containing carbon tetrachloride or other toxicmaterials. Pretest a small area before proceeding.
- **Water/Solvent Cleaner:** Spot clean with amild solvent, an upholstery shampoo, or the foamfromamild detergent. When using a solvent or dry cleaning product, follow instructions carefully and clean only in a well-ventilated room. Avoid any product that contains carbon tetrachloride or other toxicmaterials. With eithermethod, pretest a small area before proceeding.
- **Vacuum Only:** Clean this fabric only by vacuuming or light brushing to prevent accumulation of dust and grime. Water-based foam cleaning agents of any kindmay cause excessive shrinking, staining, or distortion of the surface pile and therefore, should not be used.
- **Crypton Cleaning:** Generally stains are removed with plain water and powdered enzyme detergent. Upholstery foamshampoo, waterbased cleaning products and germicidal detergents can be used. Be sure to remove all residue fromcleaning products with clean water. Do not use solvent-based cleaners or dry cleaning products.
- These recommendations and codes were developed by fabric specialists. However, because of the various ways fabric can be stained or damaged, there is no guarantee that the results will be completely successful. Use suggestedmethods on your own responsibility. To help prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is recommended. Use professional furniture cleaning service when overall soiled condition has been reached.

Blend Seating Textiles

The grid below outlines the grade structure for using multiple textiles on select seating series. Blended textiles occur when one textile is chosen for one part of the chair and a different textile is selected for another part of the chair, resulting in a revised blended grade. For opportunities regarding more than two different textiles, please contact Global CustomerCare for approval process and grading.

CARE AND MAINTENANCE GUIDE

Wood Casegoods Care: Global furniture is constructed to strict specifications to ensure years of satisfied use. As with all wood products, certain care requirements and periodic maintenance are necessary in order to maintain the original new appearance and function.

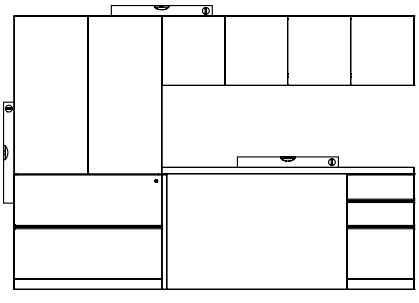
Finishes: Global veneers and solid woods are carefully selected for color, tone and grain. Since the distinctive characteristics and nature of wood cause variations, exact matches are not always possible. Wood veneer, being a natural material, will have shade differences between veneer leaves. This will be more apparent between flitches. Fading on wood veneers can be caused be exposure to UV rays / sunlight.

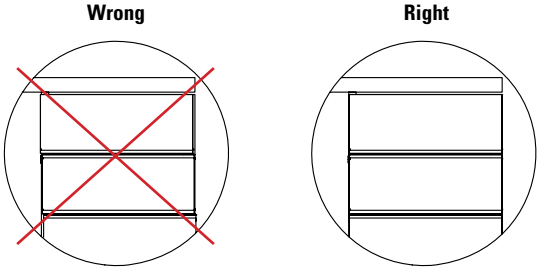
Finish Protection: All clear wood finishes are susceptible to scratches from rough and abrasive objects, such as staples, paper clips, ceramic coffee mugs, flower pots, picture frames, etc. Computer equipment with rubber feet can also cause discoloration and softening of the finish due to petroleum distillates in the rubber.
The most practical protection is the use of desk pads, paper management bins and coasters. Common sense, caution with rough items, and adding pressure sensitive felt to the feet or bottoms of any potentially destructive item will help to ensure a mar free surface.

Finish Care: Wax or polish should never be used on the finish; they will give a greasy, cloudy or uneven appearance to the product. Global's conversion varnish finish is best cleaned by wiping the surfaces with a damp cloth, followed by a soft dry cloth in the direction of the grain. If the surfaces are very dirty, use of a glass cleaning type of product is recommended. Touch-up of wood furniture should only be attempted by a qualified refinisher/touch-up technician. Contact your furniture dealer if this need should arise.

GENERAL INSTALLATION AND HARDWARE

Leveling wood office furniture properly is the most important procedure to ensure proper functioning and alignment of drawers, locks and doors.



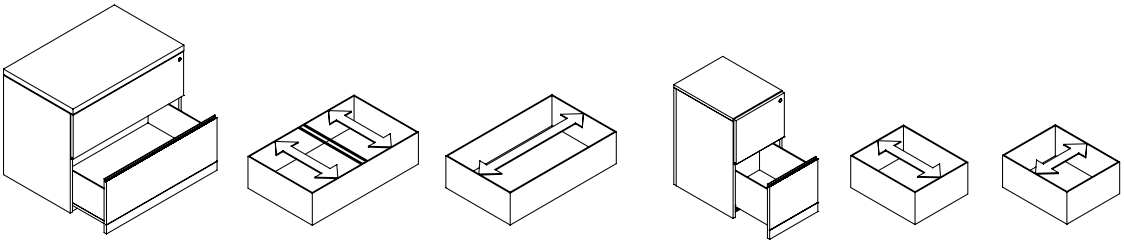


Hutch and wall cabinet doors may require field adjustment from time to time, due to shifting weight load factors inside the cabinet.

Modular furniture items, such as Desk Shells and Modular Pedestals **must be disassembled** prior to moving or relocating to avoid damage to the furniture.

Drawer suspensions are lubricated prior to shipment. Periodic lubrication may be applied to the ball bearing housing with a high quality lubricant found in most hardware stores.

Hanging file rails: Pre-installed on file drawer perimeters and accommodates both letter (front to back) and legal (side to side) size filing.



ATTENTION: Always load the bottom drawer of Lateral Files and Freestanding Pedestals first!

TERMS & CONDITIONS

This illustrated price list has been designed to facilitate fast reference and easy use. Products are categorized into "seating", "desks", "files", "panels", or "tables", and are listed numerically within their categories. The line drawings match actual photographs (where possible) to aid in instant recognition of the total range within a series.

Sales of Global Furniture Group ("Global") products are made only on Global's standard Terms and Conditions of sale which are contained in this price book. These standard terms and conditions may be modified or supplemented only by a separately written document signed by Global's authorized personnel at its head office in Marlton, NJ. Any term or condition contained in any purchase order or other form used by dealer/purchaser to order goods (including standard, printed language) which is different from, in addition to, or in any way inconsistent with Global's standard terms and conditions shall be of no force or effect whatsoever.

All illustrations, specifications and prices in this list price book are based on the latest product information available at time of publication. Global reserves the right to make changes at any time and without prior notice to prices, colors, materials, specifications and models offered.

Description
Each product shown or described in this price list is standard Global product. Available options are noted at the beginning of each series. Available options may require additional delivery time and cost, and may affect the warranty given. Sizes and weights shown are approximate and are subject to slight changes from time to time.

Prices and Payment
The prices shown in this book, as well as those quoted by Global, are in United States dollars for orders shipped to destinations in the U.S. and Mexico.

If shipping date requested is more than 90 days from date of order, Global shall reserve right to use published list prices effective at the time of shipment.

Orders are invoiced at the time of shipment. Terms of payment are net 30 days from date of invoice unless otherwise stated. The customer agrees that Global shall have the right to enforce a charge amounting to 1.5% per month (18% per year) on invoices outstanding more than 30 days.

If dealer/purchaser's most recent annual net volume is less than $5,000.00, payment must be made in advance.

Any products sold by Global shall remain the personal property of Global until fully paid.

Prices are suggested list prices only and are subject to change without notice. Global will, however, attempt to keep dealer/purchasers up-to-date on all developments including price changes.

Taxes
All prices shown in this book are exclusive of sales, use, excise and other applicable taxes and are the dealer/purchaser's responsibility as per the invoice issued by Global. If dealer/purchaser claims an exemption from such taxes, it shall be the dealer/purchaser's responsibility to furnish Global with an appropriate exemption certificate at time of order.

Ordering Information
To avoid errors and/or duplication Global requires that all orders be submitted in writing. All orders submitted to Global in writing and will be acknowledged on Global's acknowledgment forms governing the transaction. The details appearing on this acknowledgment will describe the items to be shipped and the approximate shipping date. It is the dealer/purchaser's responsibility to determine that the information in the acknowledgment is correct. In the event of an error, the dealer/purchaser must notify Global immediately by telephone followed by written confirmation. Shipping dates are assigned to orders based on the item having the longest manufacturing lead time (unless instructed to partial ship).

When ordering, please provide the following information:

1. Account number (if possible)
2. PO number
3. "Bill to" and "ship to" name and address
4. Complete model number and selected options including textiles/finishes
5. Special instructions and tag information
6. Shipping instructions, please indicate:
    a. pick up
    b. Global trailer program
    c. common carrier, provide name of carrier, your account number
7. Special quote (SQ) # or MTM # (if applicable)
8. Customer's Own Material (COM), Global Purchased Material (GPM), Customer's Own Leather (COL), see below.
9. For specials and custom quoted product, please indicate the custom quote # on your PO. If changes are made to the quote a new quote must be issued prior to submitting the order. It is the Purchaser's responsibility to determine that the information on the quote is correct. Global will not be responsible for wrong product due to errors in the quote

The above points will be checked by Global for accuracy. Global will process orders using the codes provided by the Purchaser. Price discrepancy is the responsibility of the Purchaser. The Purchaser must notify Global prior to invoicing.

Dealer/purchaser is responsible for providing correct information when placing an order. Orders with incorrect information (finish, etc.) will be scheduled for manufacturing upon receipt of complete information.

Changes and Cancellations
After the date of Global's acknowledgment of a dealer/purchaser's order, the order may not be changed or canceled by dealer/purchaser without the written consent of Global. Special order items, C.O.M. and fabric-covered items already in production are not subject to change or cancellation under any circumstances. Textile-covered items are considered to be in production once the textile is scheduled for cutting. Other standard items already in production are subject to a minimum 35% cancellation charge.

Errors and Omissions
All quotations, acknowledgements and invoices are subject to corrections for any errors and omissions.

FINISHES
Wood Finishes
For custom stain requests, submit a special request for quotation. Non-standard wood finish orders will incur a one time charge of $250 net to dealer per matching custom wood stain. This one time fee will be valid for 5 years from the time of matching. After 5 years, a new $250 net to dealer charge will apply. All custom wood stain products will receive a 10% list per unit upcharge, included on the special quote. Requests with unit quantities of 30 or more, may be considered for reduced or eliminated upcharge. At time of order, a 3" x 3" color sample is required to be submitted with order. Extended order lead time is required for custom matching and approval process..

File Finishes
All non-standard finishes must be approved by Global prior to acceptance of order and may be subject to an upcharge.

Laminate Tops - Pricing for all non-standard finishes and sizes must be provided by Global Customer Service and may be subject to an upcharge.

Desk Finishes
Because the distinctive characteristics and the nature of wood products cause variations, exact matches are not always possible.

Global has launched a finishes program between marketing companies within the Global Group to match products as best as possible when same finishes are specified.

Customers Own Material (COM)
Use of COM must be approved by Global prior to acceptance of order. Please refer to back of the Seating List Price Book and fill out the Authorization Request Form. Photocopy and use this form as often as necessary. The customer must provide a 12" x 12" fabric sample and advise how the fabric is to be applied. **Textile yardage requirement will be advised by the factory, and additional yardage may be required if pattern requires matching.** Yardage shown in the List Price Book does not allow for pattern repeat/matching. Send to the address provided on shipping document upon approval from Global. If C.O.M. is difficult to apply or if product shall be modified, extra charges shall be made. Global reserves the right to cancel an order at any time if C.O.M. is inadequate for any reason. Customer's Own Material must be shipped freight and duties paid to our factory. Such shipment must be fully identified with purchaser's order number, RGA # provided by Global, and the item for which material is intended. Performance of C.O.M. when applied to product is the sole responsibility of the purchaser. Global's standard product warranty shall not apply to C.O.M. Use of C.O.M. will not reduce the published list price.

Textile Grading
All products are priced according to their standard textile grade. Lower grade textiles are available (unless otherwise specified) at same price as standard textile grade.

The listing of prices for each model indicates the prices for higher upholstery grades. Prices are based on yardage in imperial measurements.

TEXTILE PRICE GRADES - GLOBAL TEXTILES

Grade	Upholstery (Seating Fabrics)
1	Carrera, Dobby, Fusion, Illusion, Jenny, Quilt, Terrace, Trak, Urban, Waterfall, Wavelength
2	Allante FRee, Elevate, Etch, GC Linen, Imprint, Luxhide, Release
6	Novaro Genuine Leather

Grade	Upholstery (Panel Fabrics)
2	Lola
3	Anchorage, Merge

The charts above do not include textiles offered by Alliance Partners: Arc-Com Fabrics, CF Stinson, Designtex, Knoll Textiles, Green Hides, LDI Interiors, Luum Textiles, Maharam, Mayer Fabrics, Momentum, and Ultrafabrics.

Global Purchased Material, Customer Specified (GPM)
Global may purchase material specified by the customer. Use of GPM must be approved by Global prior to acceptance of order. If it is difficult to apply or if product is required to be modified, extra charges will apply. Global reserves the right to cancel an order at any time if GPM is inadequate for any reason. Performance of GPM when applied to product is the sole responsibility of the textile vendor. Global's standard warranty will not apply to GPM materials.

Customer's Own Leather (COL)
Not all seating can be upholstered in leather. Please consult series notes for availability. COL price is the lowest published grade for the series (leather or fabric).

Upholstery Coverings
Slight variations in color may occur between dye lots. Although Global attempts to minimize these variances, they do occur and must be accepted as normal and will not be considered defects.

Leather is a Natural Product
Natural variations occur in the color, grain and texture of leather. As a result, a degree of variation should be expected. As leather is used it develops a patina. Its color changes slightly, it will get marked and it will stretch and pull, these are the hallmarks of genuine leather and are not considered defects.

Yardage
Required yardage (ydg) is based on unmatched materials with widths of 54" for seating, 63" for panels. Yardage calculations are based on imperial measurements.

Arms
A wide selection of arms are available for some series. See Arm Chart in the Seating price list for details.

Delays
Global's order acknowledgement will state a shipping date which is Global's best estimate at the time the order is acknowledged. However, Global shall not incur any obligation or liability to Purchaser for failure to ship by specified date unless Global has agreed to an unequivocal shipping date in a separately signed written document executed by its authorized personnel at its head office. In addition, Global shall not be liable for any loss or damage resulting from any delay or failure in shipment or other failure to perform all or any part of the agreement between the parties with respect to the goods shown on the face of the order acknowledgement where such delay, failure, loss or damage is the proximate result of any act of any governmental authority or political subdivision thereof, revolution, riot, civil disorder or disturbance, delay or default in transportation, strike disputes among or between labor unions or other labor disputes, delay or inability in obtaining materials and facilities, fire, flood, act of God or any cause not within the reasonable control of the company, whether of the class of causes enumerated or otherwise.

F.O.B.
F.O.B. point is Global's Factory, Downsview, Ontario, Canada, or any Global Regional Distribution Center.

UPS Shipments
Seating products marked with a UPS symbol are packaged for UPS-able shipments.

Handling
A $25. net handling charge per shipment will be applied for non UPS-able orders of less than $2000 list.

Special Delivery Requirements
Global's delivered pricing provides for dock delivery during normal business hours (considered to be 8 am to 4 pm Monday through Friday) to customer/end user only. Additional delivery requirements such as inside delivery, lift gate, limited access sites, installations and weekend deliveries will incur an additional expense and will be the responsibility of the dealer.

Service
Service requests are normally the responsibility of Global's authorized dealers. Where this cannot be accomplished on a local level, service problems should be referred to Global's Customer Service Department in the nearest distribution center.

Returns
No returns of goods will be accepted without written consent and shipping instruction of Global. A minimum re-stocking charge of 35% is made on all authorized returns for credit or refund, provided goods are received by Global in the condition in which they left the factory. This may increase depending on the type of product. Global's Return Goods Authorization (R.G.A.) numbers must appear prominently on all authorized returns. Global will not be responsible for freight costs. No credit will be given if goods cannot be reused as new. Special order items, non-stock items and C.O.M. products are in no event subject to return. All returns must be approved and authorized in writing by Global Customer Service. Global reserves the right to refuse delivery of any unauthorized returns.

Claims
All goods are sold FOB plant or Global Distribution Center. Global is not responsible for damage which occurs in transit (or in storage). The carrier signs for all goods received in apparently good order. It is the Purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier for losses or damage to the product occurring during transit, including concealed damage.

Any claims made against Global for apparent defects, errors or shortages must be made by the Purchaser, in writing, within 15 working days after any delivery. Failure by the dealer/purchaser to make any claim against Global within 15 days shall constitute acceptance of the goods and a waiver of any apparent defects, errors or shortages.

Suspension
In the event that the dealer/purchaser defaults in the payment of any sum due to Global, or in the event the dealer/purchaser's financial condition becomes unsatisfactory to Global, Global shall have the right to defer or discontinue shipment of any goods until such time as the default is cured or the dealer/purchaser provides assurance of payment to Global.

Copyright
All catalogs, photographs, drawings, price lists and other printed material are protected by copyright. All rights reserved.

Trademarks
All trademarks are owned by Global Furniture Group other than OBUSFORME™ which is owned by OBUSFORME LTD. and are used under license. OBUSFORME® and the distinctive backrest design are registered trademarks of OBUSFORME LTD.

Designs and Patents
Many of the products produced by Global are protected by design registrations, design patents and/or patents. Design and specifications are subject to change, discontinuance or additions without notice.

For a full listing of issued trademarks, please visit globalfurnituregroup.com.

Cubic Measure
The stated volume is an approximate cubic foot measure that may be used to calculate freight costs. The figure shown is the total shipping volume of a unit (e.g. if a part is sent in 2 cartons the volume indicated reflects both cartons together) and is subject to change without notice. It is most economical to purchase the specified number per carton.

Combined Shipments
Global will make every effort to combine shipments and orders on written request. However, Global cannot be held responsible where such request is not complied with.

Offer of Sale
Possession of this price list or any other literature shall not imply the company's willingness to sell to the holder and shall not be construed as a direct offer of sale.

If a conflict arises between: (i) prices found in software support packages furnished to the customer by Global or by any other source on behalf of Global; and (ii) Global's current pricing found on Global's website, then the most current shall prevail.

Disclaimer
All dimensions are in inches. Prices shown are current manufacturer's suggested list prices at the time of printing. Updated pricing is available on Global's website. All applicable taxes are extra. Descriptions, specifications and prices are subject to change without notice. Errors and omissions are subject to correction.

Testing Qualifications
Many Global products pass or exceed the most stringent industry testing standards.

Flammability
The foam used in Global chairs meets the requirements of California TB117:2013. In addition to the foam, upholstery materials must also meet the California TB117 smolder resistant requirements. Please contact Customer Care to determine if a selected textile meets the California TB117 requirement.

This list price book is effective as of July 14, 2025.

From here you will have the option to select either the Seating, Desking + Tables or Metal Filing + Storage price list books. Global warrants that all commercial products are free from defects in material and workmanship, for the life of the product, to the original Purchaser.

LIFETIME WARRANTY

Global will repair or replace, at Global's option, as the sole remedy for any defect covered by the warranty. The warranty applies to products manufactured after March 22, 2016.

Global makes no warranty that any of its products are suitable for any particular purpose and makes no other warranties, express or implied, other than those set out here. As codes and standards vary from one jurisdiction to another, references to compliance are solely for convenience and without any representation as to accuracy or suitability. Users must verify the suitability of such information or product for their specific application. In no event shall Global be liable in either tort or contract for any loss or direct, special, incidental, consequential, or exemplary damages. The warranty applies to single shift, standard commercial usage, defined as a standard eight (8) hour day, forty (40) hour week for users weighing up to 300 pounds.

General Commercial Seating
Global's warranty for general commercial seating covers all chair components including pneumatic cylinders, bases, casters, glides, frames, arms, plastic seats, backs and other structural components.

Exceptions to the warranty for general commercial seating are as follows:

- Foam, textiles (as sampled on Global branded and textile program cards), mesh material and electrical devices, are warranted for five (5) Years. Novaro Leather is warranted for one (1) year.
- Control mechanisms are warranted for twelve (12) Years

Global warrants these products for twelve (12) years to the original purchaser. All components (including control mechanisms, pneumatic cylinders, bases, casters, glides, frames, arms, plastic seats/backs, etc.) are covered for 24/7 applications under the warranty. The exceptions are foam, upholstery and textiles, which are covered for five (5) years. Fabric or upholstery material on these products must exceed 100,000 double rubs for the textile portion of the warranty to apply. Heavy Duty product series that apply under this warranty can be found in the Heavy Duty section of this list price book.

Outdoor Furniture
Global offers products designed for use indoors or outdoors. Global warrants these products for three (3) years to the original purchaser. This warranty applies to single shift (eight (8) hour day, forty (40) hour week) for users weighing up to 275 pounds, unless noted otherwise. Outdoor furniture must be stored indoors during inclement or extreme weather such as extreme cold, extreme heat, or excessive wind.

Exceptions to the warranty for indoor/outdoor furniture is as follows:

- Only Global branded textiles and Alliance Partner carded textile program materials expressly identified for outdoor application are covered for three (3) years when used outdoors.

Global's Warranty does not apply (for any product category) to the following:

- Products not purchased directly from authorized Global resellers
- Nominal or normal amount of wear and tear that can occur over time
- Failures which result from negligence, abuse, accident or misuse
- Failure to apply, install or maintain products according to Global's written instructions and warnings
- Modifications, attachments or repair methods not approved by Global
- Damage caused by a carrier in transit, or delivery/installation contractors
- The matching of colors, grains or textures (wood, leather, etc.) of natural materials
- Products exposed to extreme hot or cold temperatures or excessively dry or humid environments
- Colorfastness or the matching of color of textiles, dye lots of textile can vary
- Damage by markings or staining; damage by sharp objects or imprinting from instruments
- Damage to textiles or laminate and wood surfaces/edges from exposure to sunlight (including UV rays)
- Products used for rental purposes
- Purchased parts are warranted for one (1) year
- Failure to follow specific cleaning and disinfecting instructions posted on globalfurnituregroup.com

introduction

Since 1985, Global has been a primary source for furniture in hospitals and elder care facilities.

We offer a comprehensive line of products and services. Our customers appreciate and recognize our value-added consulting and problem-solving resources as this enables them to protect their investments long-term.

Global's healthcare products are specifically designed to promote enhanced levels of wellness. Our furniture solutions are migrating into commercial spaces due to the significant increase in the aging population and the need for properly designed solutions.

Our vertically integrated manufacturing supply chain allows Global to manage the process and to access and monitor the quality of materials and production standards. This vertical integration allows us to control manufacturing and delivery cycles.

We make what you need. Our solutions are suitable for high traffic, challenging public and private spaces. The product development process focuses on ensuring the product is suitable for use and can meet the many faceted challenges of today's public shared spaces.

Hospitals, medical practice centers, senior care facilities, public housing, treatment programs even veterinary clinics can have peace of mind when using healthcare furniture solutions.

Global continuously strives to achieve excellence in what we do. We are proud to have played a major role in setting some of the highest quality standards in the industry. We partner with clients to ensure we understand their needs, culture and goals.

We often modify our products when special requirements dictate the need, in order to provide the best possible solution for an application.

We are committed to producing products in the most sustainable ways ensuring they pass strict quality testing. See below for GREENGUARD and level certification information.

We value our clients and strive to build lifelong partnerships through trust, respect and successful outcomes.

SYMBOL IDENTIFICATION

GREENGUARD
PRODUCT CERTIFIED FOR LOW CHEMICAL EMISSIONS
UL.COM/GG
UL 2818

Global's certified products are in compliance with the stringent emission guidelines set by the Greenguard Environmental Institute and include all upholstered seating.

To obtain a Greenguard certificate for any product, please go to the product page on our website www.globalfurnituregroup.com and click on "view Greenguard certificate".

level 2 level 3

level™ certification, based on the ANSI/BIFMA e3-2012 furniture sustainability standard, sets furniture manufacturers on a path toward greater sustainability over time. Based on environmental and social criteria set forth in the standard, a product's entire supply chain is assessed.

Certification assessment includes an evaluation of specific corporate policies and guidelines and an assessment of associated company manufacturing facilities. Products must meet quantifiable milestones of environmental and social performance at every step of development.

The quantitative assessment addresses four categories: material use, energy and atmosphere impacts, human and ecosystem health and social responsibility. Manufacturers earn points in each of the four categories. The level™ brand and its numeric rating of 1, 2 or 3 indicate what threshold of certification a product has achieved. Level™ 3 is the highest rating.

GLOBAL HEALTHCARE DEFINITIONS

Global Healthcare often requires solutions to address unique and diverse requirements within the vast range of healthcare applications. The following definitions describe the Global healthcare product solutions available.

ADDITIONAL WEIGHT

For unique and demanding challenges in behavioral health facilities, products are weighted to reduce the ease of movement or lifting product to use as a weapon. The product selection and application identified will assist in determining the amount of additional weight required. Weighted product is designed for facilities looking to create safe and secure environments, while ensuring the furniture can withstand intensive use. To determine the amount of additional weight to be added to a product, contact your Global representative.

BED BUG RESISTANT

Due to an increase in the presence of bed bugs within healthcare facilities, solutions have been developed to deal with the bed bug issue. The product design directly affects the level of resistance that can be achieved. For more detailed information, contact your Global representative.

CONTRABAND RESISTANT

Making a product contraband resistant is a potential solution if you want upholstered and comfortable products to be finished in a manner that offers a greater level of safety. Contraband resistant finishing is added to products in high risk areas where individuals might attempt to hide contraband such as weapons (for self-harm or to cause harm to others), drugs or alcohol. It can also be part of a solution for protecting any area of the product from becoming a ligature point.
The product surfaces and upholstery will be evaluated and the appropriate solutions will be applied to ensure all surfaces are sealed and safely protected. Depending on the product design, this could mean any combination of the following applications: sealed seams, sealed underside, tamperproof fasteners and/or sealed zippers. After being evaluated, solutions are applied based on the application and population being served. The result of this process would enable the caregiver to identify a potential threat as it would be apparent that the product surface was tampered with. To further assist product selection and what is required specific to a product, please contact your Global representative.

HIGH DENSITY ULTRACELL FOAM

High density Ultracell foam is a non-allergenic foam manufactured from natural seed-based oils such as soybean. It significantly decreases the dependence on fossil fuels like petroleum and reduces greenhouse gas emissions. The high density of the foam provides comfortable sitting for many years before any sagging or indents appear underneath upholstery. Simply, there is more material available to allow for enhanced performance.

MENTAL HEALTH FURNITURE

Mental health furniture can range from simple to complex, depending on the application and population. Global understands the unique nature and the need to offer a vast range of solutions to deal with the safety of staff and patients while respecting budgets and individual needs. This allows the client to select a product from our complete offering and then build it up to ensure the right features are included. Here are some of the optional features available: tamperproof fasteners, additional weight, floor mount brackets, puncture resistant textile and other contraband resistant features that are needed for the application. Whatever the demand, the correct solution can be built-in. For more detailed information, contact your Global representative.

MOISTURE BARRIER

Moisture barrier is a textile lining with moisture repellent qualities. Moisture barrier lining is applied on the seat cushion between the upholstery cover and foam to prevent any form of moisture from getting to the foam. It is recommended when the fabric being used does not have moisture repellent qualities or when additional protection from penetration of moisture is desired. For coated textiles, the additional moisture barrier option may not be selected in conjunction with sealed seams.

MOISTURE AND TAMPER RESISTANT ZIPPER

Moisture and tamper resistant zippers are available as part of the solution when requesting bed bug resistant furniture and contraband resistant solutions. In addition, this special zipper prevents liquid and moisture seepage through the zipper teeth, providing additional peace of mind. For more detailed information based on the product selection, contact your Global representative.

SEALED UNDERSIDE

Sealed underside refers to the process of finishing the underside of a product to ensure no potential openings from the textile surface to the product interior on seat and/or back seams. The sealed underside solution is requested for achieving higher levels of infection prevention control for the product being ordered. The sealed underside option is noted in the price list notes with the upcharge for the respective product. For more detailed information and to determine if the sealed underside process is available on a particular product selection where it is not noted, contact your Global representative.

SEALED SEAMS

The heat-sealed seams process involves sealing the back of a seam with a specially designed tape. Sealing the seam increases the integrity of the seam reducing the likelihood of seams opening over time. This tape provides additional protection against moisture seepage and prevents insects from entering the product through the stitch holes and seams. The sealed seam process is available for use on most coated textiles and is not available on woven textiles. Some coated textiles do not allow sealed seams to be used. In the event sealed seams are to be used, contact Customer Care to confirm sealed seams are approved for the coated textile selected in advance of order placement. Sealed seams cannot be specified if using the moisture barrier lining. The sealing of seams requires testing the textile to ensure acceptance of the heat-sealed tape for performance and aesthetics. For detailed instructions on textile testing and approval, contact your Global representative.

TAMPERPROOF

Tamperproof fasteners can be requested for a higher level of safety. Using tamperproof fasteners ensures the fasteners cannot be interfered with (changed, opened or removed) without use of a special tool. This will prevent the tampering with, or disassembly of the product which could lead to injuries or unsuspecting harm to others. For more detailed information contact your Global representative.

SONOMA™

Sonoma offers superior construction detail in an extensive selection of furniture pieces to fit the personal storage requirements of various lifestyle environments including long-term care, retirement, senior living residences and hospitals.

Features distinctive aluminum extrusions on all leading corners allowing for a continuous connection of chassis panels from top to bottom providing enhanced performance and durability. The aluminum extrusions offer increased protection from the impact of mobile equipment and furniture used in demanding healthcare environments.

Products have ventilation and drainage features built into the unique design providing air circulation and drainage where required. Products are freestanding allowing access underneath for cleaning.

Features decorative fascia options for enhancing the decor of any environment with the additional benefit of providing a safety guard to prevent items from falling behind units.

Wardrobe cabinets offer a safety garment hook with a safety feature to support a maximum of 75 lbs. The J-style safety clothing rail ensures maximum wellbeing and peace of mind from accidents.

Multiple needs and requirements are met with the several styles and variety of interior configurations.

STANDARD FEATURES

- Tables are available in three shapes, multiple sizes, two edge styles, three top materials and three base types including: sled, wood and polished Chrome bases.
- Table bases are fixed and do not swivel.
- Wood bases are made from beechwood and are available in all standard wood finishes.
- Sled bases are standard in painted metal.
- Chrome base tables are available in polished Chrome only.
- All table tops are available with flat edge. High pressure laminate (HPL) and solid surface top tables are also available with knife edge.
- Laminate flat edge tops are available in either (TFL) 1" thick thermally fused laminate with 2mm edgeband or (HPL) 1-1/16" thick high pressure laminate with 2mm edgeband, with upcharge.
- Laminate knife edge tops are 1-3/16" thick with 2.5mm edgeband, available in high pressure laminate (HPL) only.
- Solid surface tablestops are 1.25" thick, available on models with flat or knife edge. For detailed material information, please reference WilsonArt's Solid Surface collection.
- Wood and Chrome bases are equipped with White non-marking polycarbonate glides suitable for most hard and carpeted floor surfaces.
- Sled bases are available with clear polycarbonate glides, standard.
- Wood and sled bases may be specified with a variety of optional glide types to suit various flooring materials. (See Glide Types for additional glide options and upcharges.)
- Tables are shipped fully assembled.
