NOTICE TO AUTHORIZED USERS OF AWARD #23295 - Furniture, All Types (Except Hospital Room and Patient Handling)

This pricelist/catalog **may** contain items that are not within the Scope of the Contract Award and/or not within this Contractors approved furniture Categories. All Authorized Users are strongly encouraged to review the Scope of the Award and the Contractors Category Matrix prior to selecting items for purchase under the Contract. Per Solicitation Section 4.5 (D) - Procurement Instructions for Authorized Users: When placing orders under this Award, the Authorized User should follow and be familiar with the terms and conditions governing the Contract and are responsible for determining that the product(s) they intend to purchase fit within the scope of the Award.

References to other government contracts that may be included in a Contractor's pricelist/catalog, including any additional terms or conditions, are void under the OGS Award and should be disregarded. Only OGS' Terms and Conditions, including those within a Contractor's posted Contractor Information and Supplemental Information sheet, are valid under the Contract.

Additionally, Authorized Users are reminded that where discrepancies exist between Price List documents, the lowest price shall prevail (see Section 5.3 Price).

All orders must be placed with the Contractor, or the Contractor's OGS approved Authorized Reseller listed on the OGS website under the Award. Orders placed with a reseller not approved by OGS are not considered contract orders and therefore are not subject to the same terms and conditions of the OGS Award.

Authorized Users should contact the OGS Contract Manager listed on the Award with any questions pertaining to this pricelist/ catalog.

NOTES

HON FULL LIFETIME WARRANTY INFORMATION

FULL LIFETIME WARRANTY

YOUR HON FULL LIFETIME WARRANTY

Every time you purchase a HON product, you're making an investment in your future. We're proud to play a part in that future, and you can trust us to do our best for as long as you need us.

The HON Full Lifetime Warranty is our assurance to you that the HON desks, workstations, seating, tables, or storage you purchase will be free from defective material or workmanship for the life of the product.

In the unlikely event that any HON product or component covered by the HON Full Lifetime Warranty should fail under normal workplace use as a result of defective material or workmanship, HON shall repair or replace with comparable product (at HON's discretion), free of charge.

WHAT'S COVERED BY THE HON FULL LIFETIME WARRANTY?

Your HON Full Lifetime Warranty applies to product manufactured after January 1, 2011. All HON product lines, materials, and components are covered by the HON Full Lifetime Warranty except for the items described below.

The specific product lines, materials, and components listed below are covered under HON's Full 12-Year, Full 10-Year, and Full 5-Year Warranties (from date of purchase).

HON'S FULL 12-YEAR WARRANTY

- Coordinate™ Height Adjustable Bases (HHATB)
- Electrical components (lamps and ballasts are not covered)
- 4-Way Stretch Mesh
- Seating controls
- Pneumatic Cylinders
- Wood Seating
- Accessories
- Laminate Surfaces

HON'S FULL 10-YEAR WARRANTY

- Spectrum Mesh (back and seat)

HON'S FULL 7-YEAR WARRANTY

- Coordinate™ Legacy Bases (HHAB and HREC)
- Workwall Markerboard Glass Tiles

HON'S FULL 5-YEAR WARRANTY

- All LED task lights
- Panel and seating textiles
- Mesh not branded/marketed as '4-Way Stretch Mesh' or 'Spectrum Mesh'
- Coze™
- Between™ Multi-Purpose Table
- Acoustic Solutions by Unika Vaev
- Mod

HON'S FULL 1-YEAR WARRANTY

- Acrylic Screens

These warranties apply to HON products sold within the United States of America, U.S. Territories, and Canada, as well as U.S. Military and Federal Agency purchases (regardless of location).

IS ANYTHING NOT COVERED?

There are a few exclusions to the HON Full Lifetime Warranty and to the 12-, 10-, and 5-year warranties. These exclusions are:

- All HON products that are covered under a separate 5-year warranty.
- Color-fastness or matching of colors, woodgrains, or textures occurring in wood, leather, or other materials that naturally exhibit inherent color variations.
- Customer's own materials (COM) selected by and used at the request of the user.
- Modifications or attachments to the product that are not approved by The HON Company and product failures resulting from such modifications or attachments.
- Product normal wear and tear, which are to be expected over the course of ownership.
- Products that were not installed, used, or maintained in accordance with product instructions and warnings.
- Products used for rental purposes.
- Damage caused by cleaning chemicals.
- Dye transfer caused by external contaminants (including clothing and accessory dyes such as those used on denim jeans) may migrate to lighter colors. This phenomenon is increased by humidity and temperature and is irreversible.
- Fabric pattern match seat to back or chair to chair. If pattern match is needed, please submit a Tailored Solutions request or contact HON Customer Support/Tailored Solutions with questions.
- Storage Digilocks come with a 2-year warranty.

WARRANTY REQUESTS OR QUESTIONS?

Your HON Dealer is our mutual partner in supporting your warranty requests. To obtain service under this warranty, please contact your HON dealer. If you are not sure who your dealer is, please call HON Customer Support at 800.833.3964.

THAT'S YOUR HON FULL LIFETIME WARRANTY AS AN OWNER OF HON PRODUCT, THE WARRANTY EXPLAINED HERE IS YOUR SOLE AND EXCLUSIVE REMEDY. THERE ARE SOME EXCEPTIONS IF YOU PURCHASED THE PRODUCT FOR HOME OR PERSONAL USE WHICH ARE EXPLAINED BELOW. TO THE EXTENT ALLOWED BY LAW, THE HON COMPANY MAKES NO OTHER WARRANTY, EITHER EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE HON COMPANY WILL NOT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES.

A WORD ABOUT PURCHASES FOR HOME OR PERSONAL USE

Please note, this section only applies if you purchased your HON product for your home or for your own personal or family use. HON's warranties give you specific legal rights and you may have other rights, which vary from state to state. As a consumer purchaser, the complete exclusion of implied warranties noted in the above paragraph does not apply to you, however, to the extent allowed by applicable state law, the implied warranties are limited to the applicable term of the warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion or limitation may not apply to you.

HON LIMITED 5-YEAR WARRANTY INFORMATION

LIMITED 5-YEAR WARRANTY

The HON Company promises to repair or replace HON products or components covered under this warranty that are found to be defective in material or workmanship within five (5) years from the date of original purchase so long as you, the original purchaser, still owns it. This is your sole and exclusive remedy. This warranty is subject to the provisions below. It applies to the products listed here manufactured after January 1, 2018.

LIMITATIONS:

- Upholstery on chairs is warranted for two years from date of purchase.
- Damage caused by the carrier in-transit is handled under separate terms.

EXCLUSIONS:

This warranty does not apply and no other warranty applies to:

- Normal wear and tear, which are to be expected over the course of ownership.
- Modifications or attachments to the product that are not approved by The HON Company.
- Products that were not installed, used or maintained in accordance with product instructions and warnings.
- Products used for rental purposes.

SEATING USAGE

Normal commercial use for seating is identified as the equivalent of a single shift, forty-(40) hour workweek. To the extent that a seating product is used in a manner exceeding this, the applicable warranty period will be reduced in a pro-rata manner.

A WORD ABOUT COLOR VARIATIONS, FABRICS AND FINISHES:

The HON Company does not warrant the color-fastness or matching of colors, grains or textures of covering materials.

CUSTOMER'S OWN MATERIAL (COM)

Not available on HON products covered under the HON 5-year warranty.

TO THE EXTENT ALLOWED BY LAW, THE HON COMPANY MAKES NO OTHER WARRANTY, EITHER EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE HON COMPANY WILL NOT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES.

NOTICE TO PURCHASERS FOR HOME OR PERSONAL USE:

Federal law does not permit the exclusion of certain implied warranties for consumer products. Therefore, if you are purchasing this product for home or personal use, the exclusion of implied warranties noted in the above paragraph does not apply to you. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

This warranty applies only to products sold within the United States of America and the Commonwealth of Canada.

TO OBTAIN SERVICE UNDER THIS WARRANTY:

Your HON® Dealer is our mutual partner in supporting your warranty requests. By following the procedures outlined below, you can be assured of the best level of service. Please note: Consent of The HON Company must be obtained before any warranty work is performed. To obtain consent, please take the following steps:

1. Contact the Dealer from whom the product was purchased within 30 days of discovery of the defect. Be prepared to affirm that you are the original purchaser of the product and to provide the serial number(s) from the product in question.
2. Your Dealer will gather all pertinent information regarding the claim, inspect the product and contact a HON Company customer service representative. (Please allow a reasonable amount of time for inspection and review.)
3. If The HON Company affirms that the product in question is eligible under the conditions of the warranty as stated above, the customer service representative or another representative of the Company will determine whether to provide replacement parts, authorize repairs or replace the product.

ORDERING INFORMATION

ORDERING

Electronic ordering is the standard order process for HON. HON supports the following primary methods for the electronic transmission of orders and order related documents:

Electronic Ordering
Available in the HONReady portal at hon.com. There are multiple options available for processing orders electronically.

Integration with the standard Office Furniture business systems or other pre-approved proprietary software packages.

SIF file upload using fully optioned SIF files into the electronic ordering applications.

Manual entry of line items into the electronic ordering application.

EDI-System to System Integration
With standard Office Product systems or other pre-approved proprietary software systems.

Training, technical set-up and support is available through our Dealer Operations Team at HONDigitalSupport@honcompany.com.

ORDER REQUIREMENTS

- Customer must provide complete and correct information, including complete model number, finishes, colors, options, and quantity.
- If a bid quotation or other special pricing applies, such information must be clearly stated on the order with applicable bid number or contract number.
- Order Management contact name and phone number.
- Delivery Appointment contact name and phone number at the dealership or installation company. HON does not accept orders with end user appointment contacts.
- Dealer Sales Representative, primary or multiple DSRs.
- "Best Date Available" for the entire order is standard service for HON. If eligible, other Date Requests may be requested and must be submitted with the order. Other Date Requests are subject to review by HON prior to acceptance:
  - "Ship After" requests are eligible on all order sizes
  - "Deliver On" requests are eligible for full truckload orders
- Additional services outside of HON's standard services may be available through HON's 'Enhanced Services' for a corresponding fee. Requested services from 'Enhanced Services' must be provided at time of order placement.
- Failure to provide complete and accurate information results in delayed order entry and acknowledgment. Incomplete orders will not be produced and will be returned to Dealer for correction.

ACKNOWLEDGMENT SERVICE

- E-mailed acknowledgments are available by customer request.
- An acknowledgment will be emailed the morning of the next business day, unless order is placed on credit or other order hold.
- The order will not receive an acknowledged shipment date until all order holds are released.

ORDER CHANGES OR CANCELLATIONS

For Order Changes or Cancellations, please contact Customer Support at 800-833-3964.

TERMS AND CONDITIONS

See ***HON NOW*** on **hon.com** for more information about HON NOW delivery, services and ordering information.

HON DESIGN SERVICES

HON DESIGN STUDIO

Need design assistance? We can help! Our expert design staff will create a professional design package that is sure to put you one step ahead of the competition. And the best part is – it's free!

AUDIT

We will check your drawing and parts list for accuracy. We verify quantity, specification accuracy, product compatibility and structural support.

DESIGN

We will provide a professional design package including a 2D furniture plan, renderings, and complete parts list based on the rough sketch and project information you supply.

CONSULTATION

A 1:1 meeting will be scheduled where we will provide guidance on product positioning, answer specification questions, and recommend value engineering opportunities.

CONTACT HON DESIGN SERVICES

Questions? Please reach out to your region's dedicated designer. Not sure how to reach your designer? Send us a note at the email below.
E-Mail: integrateddesign@honcompany.com

Project Space

A place for all HON Project Services

Project Space provides one platform to access the full portfolio of HON services including:

- Design
- Audit
- Product Modification
- Special Laminates
- Consultation
- Customer's Own Material
- Dual Fabric Applications
- Special Paints
- Project Bid Pricing

Submit your request on the Community powered by HNI, Projects.

Project lead time expectation is 3-5 business days, depending on scope of work.

TAILORED SOLUTIONS ORDERING INFORMATION

PRODUCT MODIFICATIONS

Modifications include structural and dimensional modifications to existing product and Dual Fabric Applications, when standard model is not available.

The HON Company, at its own discretion, may modify standard products to meet specific needs. Product specials can be requested on HON brand product only.

List prices contained in published list pricers are for standard catalog items only. Changes or alterations to catalog items other than those listed as catalog options are subject to additional charges. Pricing will only be furnished upon approval of the special request.

Requests to have the product produced in more than one fabric (e.g., fabric on the seat is different than the fabric on the back), are considered a Dual Fabric Applications request and follow the Product Modification request process within the Community.

SPECIAL LAMINATES

Special laminates include requests for laminates not available as part of The HON Company's standard offering. Requests for special laminates are subject to manufacturing approval and minimum order quantities. The HON Company approved special laminates will be subject to a designated upcharge per unit.

Requests for special laminates should be submitted through the Community. Pricing will only be furnished upon approval of the special request.

SPECIAL PAINTS

- The HON Company's paint matching equipment can match almost any color, excluding some metallic and whites.
- Special paint requests must be submitted on the Community.
- In order to request a paint sample, the customer must have a minimum order of 10 like product units. Any requests with less than that amount will not be processed.
  - For each new paint request, there will be a $250 net charge. A sample of the exact color desired is required for matching and approval. The HON Company will match the color and provide a production sample for the customer to review and approve.
- Once written approval is received by The HON Company, the request will be approved.
- Each unique color or finish combination incurs a designated upcharge per color per order (all standard discounts/competitive project pricing applies).

Special note: Some special colors could fall outside of this program due to production costs or not meeting The HON Company's quality standards. The HON Company may apply additional charges to some colors which are costly to apply, and refuse some orders on colors that cannot meet The HON Company's high-quality standards. The HON Company will notify the customer upon completion of The HON Company's evaluation if a change in price is required or rejection of the order.

DISCONTINUED PRODUCT

Requests for discontinued product require engineering evaluation, safety review, and testing to current standards prior to approval. Many discontinued products are not available for order. Requests for discontinued products should be submitted through the Community.

LEAD TIMES FOR SPECIALS PRODUCT

Lead times on orders containing specials are subject to production capacity and material availability. When possible, the customer should order special products separately to avoid extended lead times for standard products. Extended lead times will be noted on Compass.

CHANGES TO SPECIALS PRODUCT

A special model will be provided for each approved special item to process orders. Once an order is placed, no changes or cancellations can be made to the order without approval from Tailored Solutions.

CONTACT TAILORED SOLUTIONS

Phone: 800.833.3964 and listen for Tailored Solutions offering on the menu.

Email: HONSpecials@honcompany.com

CUSTOMER'S OWN MATERIAL ORDERING INFORMATION

CUSTOMER'S OWN MATERIAL (COM) PROGRAM

Customer's Own Material (COM) is a request to use fabrics not available as part of HON's standard fabric offering. Manufacture to Supply (MTS) and Dealer to Supply (DTS) are the two ordering methods. The HON Company has partnered with fabric manufacturers to provide competitive pricing and selection through the MTS program. MTS will be the standard offering unless The HON Company is unable to procure the fabric. If there is a DTS request submitted, The HON Company will advise at the time of the request if DTS is available.

CUSTOMER WARRANTY EXCLUSION

The HON Company shall have no responsibility for the condition, quality, value, performance, physical properties, or any other aspects of the COM.

The HON Company shall have no liability for any damages, injuries, or losses to the customer or to any third party that shall be caused by any COM or product modification, and the customer shall hold The HON Company harmless for all liability.

The HON Company assumes no responsibility for the overall appearance, flammability, normal durability, colorfastness, or any other quality of the COM or product modification after its application on a HON product beyond normal quality standards. The HON Company reserves the right to reject a COM fabric if the quality of the COM is not satisfactory for the product. Should this occur, the customer will be notified with an explanation of the issue.

The HON Company is not responsible for fabric that has become obsolete at the COM supplier, that is of poor quality, or that is delivered late to The HON Company from the COM supplier. The HON Company is not responsible for excess yardage created by DTS orders or yardage not attached to an order and reserves the right to dispose of the excess fabric.

As a standard HON does not pattern match any standard, partnership or COM fabric, therefore pattern match is not applicable under warranty. If pattern match is needed please submit a Tailored Solutions request or contact HON Customer Support/Tailored Solutions once your COM has been approved.

COM TESTING

As a result of recent legal requirements, The HON Company will need to obtain specific information from the fabric supplier about treatments and chemicals used in the fabric. To the extent the supplier is unwilling or unable to provide the necessary information, which could extend the testing lead time of the request.

To check if a COM has been tested previously, utilize the COM Search Tool on the Website > Design Resources > Textiles & Finishes section using the following information:

- COM Supplier's Name
- Fabric Pattern Name
- Color Name
- If the COM fabric has been tested and previously approved, the COM will not need to be re-tested unless testing standards have changed, fabric is to be used on a different series, or direction of the fabric has changed from what was previously approved. Please note that Panel product must be approved for each model and color.
- If the pattern has previously been tested and approved, but not in the specific requested color, the customer will need to request an order code for that color only. No further testing will be necessary since the pattern has already been approved.

If the fabric has not previously been tested, the customer must enter the COM request on the Website > Textiles & Finishes > COM Search Tool.

Complete the Supplier Name, Pattern, and Color drop-down fields. For quicker results in these fields, type the first letter of the (supplier, pattern, color) name and, when done, click Add and then Submit. (Multiple series can be added to the same request if they are the same supplier, pattern, and color.)

An email will be sent to the requestor stating the COM Request was successfully submitted. Up to four emails could be received: submitted, in testing, testing materials requested, and final approval/denial with price grade and fabric code. The testing process takes approximately 48 hours.

COM yardage in the pricer is shown as pattern cut only.

COM TESTING — FLAMMABILITY TESTING INFORMATION

The customer is responsible for ensuring that the COM fabric is certified to meet all flame-retardant requirements. All COM seating fabric must, at minimum, meet CAL 117 requirements. If the customer requires the chair be tested to meet the fire safety standards of CAL 133, additional testing and information is required.

MTS COM

As previously mentioned, MTS is the primary COM method.

If the COM fabric has not been tested, a COM request must be submitted on the Website.

For MTS orders, The HON Company will procure fabric needed for production. Should The HON Company not be able to obtain fabric yardage, the customer will be contacted.

CUSTOMER'S OWN MATERIAL ORDERING INFORMATION

When testing has been completed, the customer will be notified by the COM team of the test results. If the COM is approved, The HON Company will provide a COM tracking order code for MTS. That tracking code is required on the order in place of the standard fabric code.

If approved, MTS product will be assigned an appropriate fabric grade for pricing. The pricing can be found on the Website > Design Resources > Textiles & Finishes. (All standard discounts/competitive project pricing applies).

Written COM price quotes are valid for 90 days after the issue date.

DTS COM

DTS COM is only available if the COM fabric cannot be procured by The HON Company. If the fabric can be procured by The HON Company, the customer will be contacted to switch to MTS or cancel the request.

If your fabric is not listed as approved, and it is not a Partnership fabric you may request a "Dealer to Supply" code. Select the "Request COM Test" link on the COM Search website. Complete the Supplier Name, Pattern, and Color drop-down fields. For quicker results in these fields, type the first letter of the (supplier, pattern, color) name and, when done, click Add and then Submit. (Multiple series can be added to the same request if they are the same supplier, pattern, and color.)

An email will be sent to the requestor stating the COM Request was successfully submitted. Up to four emails could be received: submitted, in testing, testing materials requested, and final approval/denial with price grade and fabric code. It's rare actual test yardage is required. Testing is mainly done by reviewing the attributes of the fabric. The testing process takes approximately 48 hours.

If the COM has not been tested, a COM request must be submitted on the Website > Design Resources > Textiles & Finishes.

When testing has been completed, the customer will be notified by the COM team of the test results. If the COM is approved, The HON Company will provide a COM tracking order code. That tracking code is required on the order in the place of the standard fabric code.

DTS product is priced at the following grades (all standard discounts/competitive project pricing applies):

- Chairs are a Grade 4
- Panel product is a Grade D

Written COM price quotes are valid for 90 days after the issue date.

COM LEAD TIME

Ship dates will be based on fabric receipt and The HON Company's standard lead time. All fabric must be properly tagged and shipped to the appropriate producing location (provided in the approval email).

- Specific to DTS orders, COM orders will not receive a ship (acknowledged) date until The HON Company has the fabric in its possession for production.
- Specific to DTS orders, the customer may send the required yardage for the order to the address listed on the approval email to arrive no sooner than 4 weeks in advance of the acknowledgment date.

HON will make every effort to locate mis-directed COM shipments on behalf of the customer. However, The HON Company will not be responsible for any COM received without a tracking number or incorrectly shipped by the fabric vendor to an incorrect producing facility.

COM ORDERING INFORMATION

The following information must appear on or accompany the product purchase order:

- Approval tracking number and the customer's purchase order number
- COM supplier, pattern, and color name/number

The packing list for the COM must include the following information when The HON Company receives the shipment for production:

- Dealer or Wholesaler Name
- Purchase order number submitted to The HON Company
- Fabric name
- Yardage shipped
- Approval ordering code

Specific to DTS orders; the customer should send only the amount needed for the order. Excess yardage or yardage not tied to an order will be disposed of at The HON Company.

CHANGES TO COM PRODUCT

Once a COM product is ordered, no changes or cancellations can be made to the COM product without approval from the HON COM team.

CONTACT COM TEAM

Phone: 800.833.3964 and listen for COM TEAM offering on the menu.

COM Email: HONCOMTeam@honcompany.com

PARTNERSHIP TEXTILE INFORMATION

Partnership Textiles is the result of The HON Company's partnership with textile industry leaders Camira, HBF Textiles, Maharam, Momentum, Stinson, and Ultrafabrics, LLC. The extensive collection of design-driven textiles create a superior offering at a great value. Partnership Textiles significantly updates HON's offering, expanding it with fresh and exciting options.

- Fabric Warranty: Partnership Textiles are covered by HON's Full Lifetime Warranty.
- Lead Times: Orders specified with Partnership Textiles will be acknowledged based on the supplier's availability and delivery schedule.
- Availability: The HON Company will regularly introduce new Partnership Textiles and reserves the right to change the offering at any time.
- Fabric Cards: A curated set of Partnership Textiles are carded jointly by HON and the supplier.

Fabric Memo Samples: Please contact the supplier directly:
Camira: memos@camirafabrics.com
Designtex (800.221.1540)
HBF Textiles: Phone: +1 (877) 494-5727, orders@hbftextiles.com
Kvadrat (312.883.9605)
Maharam: (800) 645-3943
Mayer Fabrics: mayerfabrics.com (800) 428-4415
Momentum: customerservice@momtex.com (800) 366-6839
Stinson: (800) 841-6279
Ultrafabrics: (877) 309-6648

HON BRANDED, PARTNERSHIP AND COM PATTERN MATCH

- Pattern matching provides alignment of patterns or stripes across individual chair surfaces. Additional yardage may be required depending on pattern repeat. If Pattern Match is needed, please contact HON Customer Support/Tailored Solutions.
- Chair to Chair Pattern Match provides identical pattern alignment from unit to unit and is available with an upcharge. Chair to Chair Pattern Match is reviewed on a case by case basis as several factors are reviewed to determine additional yardage required, including repeat and pattern direction. If Chair to Chair Pattern Match is needed, please contact HON Customer Support/Tailored Solutions.

PAINT PROGRAM

The HON Company has established paint grades to allow customers flexibility and ease in doing business with HON. HON has three paint grades P1, P2, and P3.

P1 PAINT COLORS

HON has established P1 paints which are available on a majority of core products.

P2 PAINT COLORS

Please see individual pricer pages for eligible series and upcharges for P2 paints. P2 paints are listed in the pricer pages under the column P2. Upcharges vary by product (all standard discounts/competitive project pricing applies). No minimum quantity required.

P3 PAINT COLORS

Please see individual pricer pages for eligible series and upcharges for P3 paints. P3 paints are listed in the pricer pages under the column P3. Upcharges vary by product (all standard discounts/competitive project pricing applies). No minimum quantity required.

SPECIAL PAINT COLORS (P4-P6)

With The HON Company's state of the art color matching equipment just about any color can be matched, excluding some metallic and whites. A sample of the exact color desired is required for matching and approval.

- For each newly requested paint, a net fee of $250 will be charged to cover costs associated with the matching process.
- For existing, previously matched paints, there is no matching fee, however there is a $100 net fee for sample panels required for the approval process. Refer to MyProjects on the HON Portal for a list of approved special paints.

For all special paint requests, HON will send a production sample for the customer to review and approve. Once the signed paint sample is received at HON the order can be entered. Upcharges vary by product (all standard discounts/competitive project pricing applies). A quantity of 10 like-model minimum order is required for special paints. For complete program details, access Tailored Solutions on the Website at hon.com.

Some special colors could fall outside of this program due to production costs or not meeting HON quality standards. The HON Company may apply additional charges to some colors which are costly to apply, and deny some orders on colors that cannot meet our high-quality standards. We will notify the customer upon completion of our evaluation if a change in price is required or if the request is denied.

HON
OPEN LINE LAMINATE PROGRAM

The Open Line Laminate (OLL) program makes it even easier for a customer to tailor their HON product for a custom look. Select HON furniture products accommodate hundreds of graded-in high-pressure laminates (HPL) from the leading laminate manufacturers' open lines.

Laminates that are currently available in the program can be viewed in specification tools.

Requests to add laminates to the standard specials program can be submitted through the CET Specials Integration tool as well as Community.

Matching edge options are not available offered for laminates in the OLL program. When selecting a laminate please select an edge option from the HON standard offering. If a matching edge is required a modification request can be submitted through the CET Specials Integration tool as well as Community.

The OLL program is available with the following HON products and series:

- Abound® Hard-Surface Tiles
- Birk™ Tables
- Build™ Tables
- Coordinate™ Worksurfaces
- Gallery Panels
- Huddle Tables
- Preside® Tops
- Sculpt™/Occasional Tables
- SmartLink® Value Teacher Desk
- Systems Worksurfaces
- Tangram™
- Universal Screens

Due to manufacturing techniques, materials, quality issues of varying laminates, and minimum order quantities, some product exclusions will apply and some requests may be declined.

Extended lead times may apply on orders containing special laminates.

Contact the Tailored Products Group for questions or additional information regarding pre-approved laminates and pricing.

HON
Phone: 888-255-7833, Option 4.5
Email: HONSpecials@honcompany.com

For edgeband recommendations from the HON standard offering, please email the HNI Workplace Colors, Materials, and Finishes team at honfinishes@honcompany.com.

For laminate samples, please contact the manufacturer directly:

ENVIRONMENTAL STATEMENT

We continually reevaluate our purpose and processes, from fostering transparency and circularity in our supply chain to empowering our members to do and be better. We do it so the environments you create will be safer, more socially responsible, and more sustainable.

We've pursued product certifications to help communicate our commitment to developing sustainable products.

Clearing the air.

In 2006, The HON Company became one of the first office furniture manufacturer to have products certified under the Indoor Advantage™ program. Virtually all manufactured products emit chemical compounds into the air. Indoor Advantage™ certification helps assure customers that certified products will help improve the air quality within their offices and workspaces.

Developed by SCS Global Services, Indoor Advantage™ evaluates products against indoor air quality standards, like ANSI/BIFMA Furniture Emissions Standard, M7.1/X7.1 and CDPH Standard Method v1.1. The ANSI/BIFMA X7.1 standard allows manufacturers to test individual components, as well as complete products for emissions from volatile organic compounds (VOCs). This allows us to identify problematic materials and phase them out of our products.

Indoor Advantage™ certified products meet the LEED and WELL criteria for low-emitting materials.

Indoor Advantage™ offers two levels of certification, including Indoor Advantage™ and Indoor Advantage™ Gold.

On the LEVEL®.

LEVEL®, the certification program for the BIFMA e3 Sustainability Standard, was developed in response to increasing demand for proof that manufacturers were living up to their environmental claims. LEVEL® is a multi-attribute sustainability certification label for products that have met criteria in four categories of impact: Materials, Energy and Atmosphere, Human and Ecosystem Health, and Social Responsibility.

HON's products are certified to LEVEL 2 and LEVEL 3, the highest achievement. BIFMA LEVEL 2 and LEVEL 3 certified products can contribute to LEED and WELL projects.

Evaluating Our Impacts.

HON has begun studying the impacts our products have on the environment through lifecycle assessments and creating Environmental Product Declarations (EPDs). EPDs provide an understandable report of a product's environmental impact throughout its life cycle; including raw material extraction and processing, product assembly, distribution and use, and end-of-life.

Products that meet these specifications are identified throughout this publication with the following icons:

Certified SCS Indoor Advantage™

LEVEL® certified to the BIFMA e3 Sustainability Standard

Environmental Product Declarations

IMPORTANT INFORMATION

HON NOW™

A COMPLETE OFFICE SOLUTIONS AT THE SPEED YOU NEED

At HON, great spaces don't wait—they're built for the pace of today's work, where timelines are tight and expectations are high. That's why HON NOW exists — to help you create workspaces that move as fast as business does. Whether outfitting a single office or an entire floor, HON NOW brings together quality, style, and speed — without tradeoffs. With curated product solutions, customization options, and dependable delivery, we make it easier to bring spaces to life, quickly and confidently.

To learn more, visit hon.com/now.

GSA/FEDERAL CONTRACT INFORMATION

Model numbers identified with the following verbiage "When purchased separately without a configurable TAA compliant end product, not on GSA contract" is to mean that these configurable parts or components:

- Have no functionality or capability without being integrated into an end product; and
- Are considered Open Market if purchased without a configurable TAA compliant end product.

ITEMS ON GSA CONTRACT

Please note, in order to verify if an item is on GSA Contract or is "Open Market," please use Compass quoting which is updated in real time with all GSA contract changes. If you need additional assistance, please contact your local sales representative. For more information visit: https://www.hon.com/why-hon/csr.

FABRIC PATTERNS & CODES

FABRIC PATTERNS & CODES

- For additional HON to Supply COM fabric grade pricing, go to **hon.com** and search on the HON to Supply COM link.
- All specifications in this publication are based on the latest product information available at the time of print.
- Certain dyes (including clothing and accessory dyes such as those used on denim jeans) may migrate to lighter colors. This phenomenon is increased by humidity and temperature and is irreversible. The HON Company LLC does not assume responsibility for dye transfer caused by external contaminants.
- COM Ordering Information and pricing on page 13.
- See page 14 for Partnership Textile program information.
- All standard fabrics are carded. Cards are available through HON Literature Fulfillment.
- Fabrics and foam meet requirements for CAL-TB 117-2013.

! Different fabrics and finishes have different recommended cleaning and maintenance methods. For the correct product care for all finishes view the HON Product Care guide at **hon.com/customer-support/product-care**.

LEAD TIMES

HON EXPRESS QUICK SHIP PROGRAM

For the full list of products delivered in 5 business days or less, visit **hon.com**.

PRODUCT LEAD TIMES

Standard lead times for products are between 2-4 weeks. For current exceptions to our standard lead time, go to **hon.com** and use the **Compass** tool.

In order to establish accurate expectations for your project, please review this listing prior to submitting your purchase order.

Lead time calculation begins when order is free from any holds (i.e., bad lines, material, credit, etc.).

Please note, these production lead time estimates do NOT include delivery time. All published lead times are estimates, not guarantees of delivery.

For further information concerning lead times, please contact HON Customer Support via email **generalsupport@hniworkplacefurnishings.com** or by phone at **800-833-3964**.

ARRANGE®

Want to see more? Scan here to check out hon.com.

Arrange® Tables shown with Ignition® Multi-Purpose Seating.

ARRANGE®

Non-traditional workspace? Transform it with Arrange tables. Ideal for cafés and other collaborative spaces, Arrange tables are available in seated, counter and standing-heights, and can accommodate anywhere from two to eight people. With four tabletop shapes and more than 40 different finish options, you can create a unique and usable space that brings people together.

FEATURES

- Simple, clean design coordinates nicely with other HON furniture.
- The traditional x-base can be updated with a disc shroud.
- Tables come with optional cord grommets and outlets to accommodate a wide range of technical needs — or none at all.
- Aluminum bases are durable, long-lasting and lightweight, making it easy to move and rearrange floor plans.
- Laminate surfaces are durable and resist scratches, spills and stains.

Between™ Tables shown with Ruck™ Seating.

BETWEEN™ TABLES

That moment when everything you want meets everything you need. Choose Between table options that offer up a variety of sizes and top shapes, seated or café heights, training tables with fixed or nesting bases, and a wide range of laminates to fit in with any environment. With so many different uses, it will be easy to pick Between. Whether you're working here, there, or anywhere Between, this table collection's got you covered.

FEATURES

- Allows you to get the most out of every inch of space by creating hubs for people to engage, socialize, and be productive.
- This versatile, lightweight table line is simple to specify and easy to reconfigure, all at a competitive price point.
- Round, square, soft square, or rectangle tops and fixed, nesting, disc, or X-bases, allow versatility in design and function.
- With both standing- and seated-height options, Between tables can be used in multiple areas throughout your office, such as breakrooms, cafés, or breakaway spaces that support today's agile workforce.
- Choose from multiple, durable, high-quality laminate, edge, and finish options.

BIRK™ TABLES

Want to see more? Scan here to check out hon.com.

Birk™ Tables shown with Flock® Seating.

BIRK™ TABLES

Why complicate matters when you can keep it simple? Offering a modern, minimalist design, Birk tables have a look that's as streamlined as its specification process. Whether you're looking for something well-rounded or think it's hip to be square, Birk is there for you with a variety of top shapes, sizes, and table heights. It's the support system you need to help people come together, collaborate, and socialize — anywhere.

FEATURES

- Ideal for informal meeting spaces and hospitality areas.
- Modern, minimalist design makes it easy to match a variety of styles.
- Designed for use with HON chairs, stools, and soft seating.
- Five different base heights outfit a variety of spaces.
- Five unique top shapes and sizes coordinate seamlessly with any surrounding aesthetic.
- The personal table is light in scale and gives people the ability to take notes and work in a lounge setting.

Flock® Tables and Seating.

FLOCK®

Great things happen when people come together, and Flock Collaborative Tables create the places that help make that possible. Quiet corners. Vibrant communal areas. Beautiful, comfortable spaces where clean lines and distinctive geometric design improve productivity and inspire big ideas. Choose from a variety of mix-and-match shapes and sizes to design spaces where your Flock will flourish.

FEATURES

- Flock Tables coordinate seamlessly with Flock Seating to support collaborative areas in any workplace.
- Choose from Square, Round, Rectangle, or Racetrack shaped table tops.
- Table bases available in multiple heights and styles.
- Add convenient options like integrated power, cord grommets, and tablet pedestals, and Flock is ready to work.
- Configurable and scalable, Flock Tables offer smaller footprints to better fit compact spaces.

Huddle Tables shown with Motivate® Seating.

HUDDLE

These sturdy, versatile tables link and unlink to quickly transform a space. Temporary workstation? Done. Impromptu conference table? Easy! Training session? No problem. Huddle helps you maximize time and square footage — not costs. And for today's businesses, that's a nice change of pace.

FEATURES

- 1⅛″ thick solid core top is made from durable high-performance particleboard.
- Heavy-grade, warp-resistant particleboard tops and bases withstand heavy activity.
- Mobile nesting base option lets tables fold up and roll away until you need them.
- Choose wiring and power options so Huddle tables are ready to work when you are.
- Modesty panels offer the added level of privacy your employees want.
- Two edge profiles in over 20 colors and patterns to accommodate differing tastes.
- Height adjustable laptop table offers a mobile, personal table for working anywhere.

INTERLINK IQ ELECTRICAL

Specification guide for IQ Electrical on Huddle tables

Determine table width, the type of power access being used (3″ grommet or 4x8 pop-up) and the desired number per table (Columns 1, 2 or 3). The table will then identify the type and quantity of components needed per table along with the maximum table run. Note that this is in addition to the Power base in-feed which is needed for each run. For example, a 48″W table with two 3″ power grommets per table will require (1) HQH5-3 harness and (1) HQH1-3 harness per table with a maximum run of four tables.

Top Width	**POWER ONE (1) PER TABLE** 3″ ROUND POWER GROMMET		**POWER TWO (2) PER TABLE** 3″ ROUND POWER GROMMETS		**POWER ONE (1) PER TABLE** 4x8 POP-UP PORT	
36″	(1) HQH5-3	**8** Table Run Maximum	N/A	N/A	(1) HQH5-P	**8** Max Table Run
42″	(1) HQH5-3	**8** Table Run Maximum	N/A	N/A	(1) HQH5-P	**8** Max Table Run
48″	(1) HQH5-3	**8** Table Run Maximum	(1) HQH5-3 (1) HQH1-3	**4** Max Table Run	(1) HQH5-P	**8** Max Table Run
54″	(1) HQH5-3	**8** Table Run Maximum	(1) HQH5-3 (1) HQH1-3	**4** Max Table Run	(1) HQH5-P	**8** Max Table Run
60″	(1) HQH5-3	**8** Table Run Maximum	(1) HQH5-3 (1) HQH1-3	**4** Max Table Run	(1) HQH5-P	**8** Max Table Run
66″	(1) HQH5-3 (1) HQJ3	**4** Table Run Maximum	(1) HQH5-3 (1) HQH1-3	**4** Max Table Run	(1) HQH5-P (1) HQJ3	**4** Max Table Run

84″	(1) HQH5-3 (1) HQJ3	**4** Table Run Maximum	(2) HQH5-3	**4** Max Table Run	(1) HQH5-P (1) HQJ3	**4** Max Table Run
96″	(1) HQH5-3 (1) HQJ3	**4** Table Run Maximum	(2) HQH5-3	**4** Max Table Run	(1) HQH5-P (1) HQJ3	**4** Max Table Run
Half-Round (all sizes)	(1) HQH1-3	**2** Tables Maximum	N/A	N/A	(1) HQH5-P	**2** Max Table Run
Trapezoid (all sizes)	(1) HQH5-3	**8** Table Run Maximum	N/A	N/A	(1) HQH5-P	**8** Max Table Run

NOTES:

- Interlink IQ Electrical is a pluggable, single circuit electrical system.
- All electrical models include wire management clips and hardware.
- Interlink IQ Electrical is non-sequential/non-directional. It can be installed in any direction.
- Interlink IQ Electrical is UL Recognized as a Powered Table System and meets the requirements of UL 962.
- For compatible Interlink IQ Electrical solutions, see page 256.

! 40′ maximum run, or no more than 8 units, whichever comes first. Interlink IQ system will automatically shut off if maximum requirements are exceeded. Maximum run is based upon electrical harness width, not table width.

4-TRAC HARDWIRE ELECTRICAL SYSTEM

4-Trac Electrical System

The 4-Trac Electrical System is a UL-recognized Manufactured Wiring System that seamlessly passes power from one worksurface to another. This low-profile non-sequential electrical system allows tables to be "daisy-chained" together in any desired order and allows users to reconfigure quickly due to simple connectable/disconnectable links.

- Meets requirements of UL 183 and National Electric Code Article 604
- 4-Wires, 2-circuits, 20 Amps each (Circuit 1 and Circuit 2 only)
- 13 Duplex Receptacles per circuit, 26, 15 Amp Duplex receptacle per power in-feed
- Electrical system attaches directly to underside of worksurface with included brackets
- Up to twelve tables can be linked together
- For compatible 4-Trac Electrical solutions, see page 258.

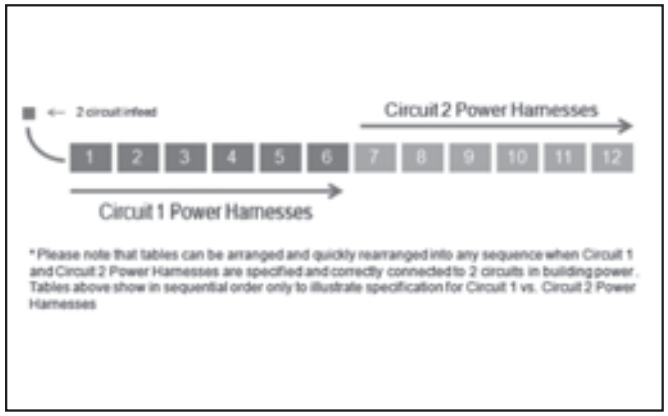

Power Entry Plate (ex: HMAPLATE) + Power Entry Cable (ex: HMACABLE) — For each power in-feed

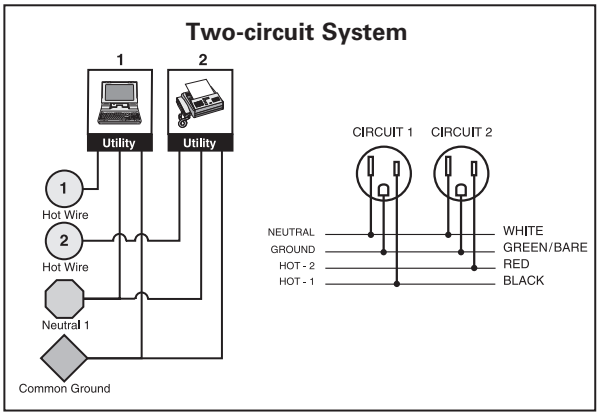

Circuit 1 or 2 Power Kit (ex: HMAPOWER48 or HMAPOWER482) + Ganging Hardware (ex: HMAGANG) — For each table in a row

Power Hub (ex: HGRMTAC) + Data Grommet (ex: HGRMTDATA) + Cable Trough (ex: HPWRTRGH17) — Optional Accessories

Steps for Electrical Specifications:

- Determine how many rows of tables are needed and order the following:
  - One HMAPLATE per row (or power in-feed)
  - One HMACABLE per row (or power in-feed)
- Order one power harness per table in each row
  - For 1-6 tables in a row (see illustration 1)
    - Order Circuit 1 Power Harnesses (ex. If powering six 24x60 tables order six sets of HMAPOWER60)
  - For 7-12 tables in a row (see illustration 1)
    - Order Circuit 1 Power Harness for first six tables and Circuit 2 Power Harness for remaining tables (ex. If powering eight 24x60 tables, order six sets of HMAPOWER60 and two sets of HMAPOWER602)
- Order one set of ganging hardware per table (ex. HMAGANG)
- Determine which accessories are needed:
  - Power Hub model HGRMTAC — to access power at worksurface.
  - Data Grommet model HGRMTDATA — to access data at worksurface.
  - Wire Management strips model HBTMS — for vertical and horizontal wire management.

Occasional Tables shown with Accommodate® Seating.

OCCASIONAL TABLES

Durable materials and construction make HON Occasional Tables ideal for high-traffic areas such as lobbies, reception areas and lounges. The versatile design also dresses up any corner of the executive office where casual, but important, conversations are held. Use them to hold lamps, magazines and more. They're available in 14 woodgrain, patterned or solid color laminates to coordinate with any decor.

FEATURES

- A high-quality solution for any organization wanting to make a great impression on clients and visitors.
- Scratch-, spill- and stain-resistant laminate stands up to heavy use.
- Heavy-grade, warp-resistant particleboard features high recycled content.
- Complement many interiors and furniture designs.
- Brings people together comfortably in reception areas, lounges and offices.

Two-Tone Recommended Options for Laminate Occasional Tables (H80191, H80192 and H80193)

- Beigewood/Black (LWBEP)
- Beigewood/Charcoal (LWBES)
- Beigewood/Designer White (LWBELDW1)
- Black/Charcoal (PS)
- Black/Designer White (PLDW1)
- Bourbon Cherry/Black (HP)
- Bourbon Cherry/Charcoal (HS)
- Bourbon Cherry/Designer White (HLDW1)
- Charcoal/Black (SP)
- Charcoal/Designer White (SLDW1)
- Cognac/Black (COGNP)
- Cognac/Charcoal (COGNS)
- Cognac/Designer White (COGNLDW1)
- Designer White/Black (LDW1P)
- Designer White/Bourbon Cherry (LDW1H)
- Designer White/Charcoal (LDW1S)
- Designer White/Cognac (LDW1COGN)
- Designer White/Harvest (LDW1C)
- Designer White/Mahogany (LDW1N)
- Designer White/Mocha (LDW1MOCH)
- Designer White/Natural Maple (LDW1D)
- Designer White/Pinnacle (LDW1PINC)
- Designer White/Shaker Cherry (LDW1F)
- Fawn Cypress/Black (LFC1P)
- Fawn Cypress/Charcoal (LFC1S)
- Fawn Cypress/Designer White (LFC1LDW1)
- Field Elm/Black (LWFEP)
- Field Elm/Charcoal (LWFES)
- Field Elm/Designer White (LWFELDW1)
- Florence Walnut/Black (LFW1P)
- Florence Walnut/Charcoal (LFW1S)
- Florence Walnut/Designer White (LFW1LDW1)
- Handspun Chestnut/Black (LAHCP)
- Handspun Chestnut/Charcoal (LAHCS)
- Handspun Chestnut/Designer White (LAHCLDW1)
- Handspun Dove/Black (LAHDP)
- Handspun Dove/Charcoal (LAHDS)
- Handspun Dove/Designer White (LAHDLDW1)
- Handspun Pearl/Black (LAHPP)
- Handspun Pearl/Charcoal (LAHPS)
- Handspun Pearl/Designer White (LAHPLDW1)
- Handspun Slate/Black (LAHSP)
- Handspun Slate/Charcoal (LAHSS)
- Handspun Slate/Designer White (LAHSLDW1)
- Harvest/Black (CP)
- Harvest/Charcoal (CS)
- Harvest/Designer White (CLDW1)
- Kingswood Walnut/Black (LKI1P)
- Kingswood Walnut/Charcoal (LKI1S)
- Kingswood Walnut/Designer White (LKI1LDW1)
- Loft/Black (LOFTP)
- Loft/Charcoal (LOFTS)
- Loft/Designer White (LOFTLDW1)
- Mahogany/Black (NP)
- Mahogany/Charcoal (NS)
- Mahogany/Designer White (NLDW1)
- Mocha/Black (MOCHP)
- Mocha/Charcoal (MOCHS)
- Mocha/Designer White (MOCHLDW1)
- Natural Maple/Black (DP)
- Natural Maple/Charcoal (DS)
- Natural Maple/Designer White (DLDW1)
- Pinnacle/Black (PINCP)
- Pinnacle/Charcoal (PINCS)
- Pinnacle/Designer White (PINCLDW1)
- Shaker Cherry/Black (FP)
- Shaker Cherry/Charcoal (FS)
- Shaker Cherry/Designer White (FLDW1)
- Silver Mesh/Black (B9P)
- Silver Mesh/Charcoal (B9S)
- Silver Mesh/Designer White (B9LDW1)
- Sterling Ash/Black (LSA1P)
- Sterling Ash/Charcoal (LSA1S)
- Sterling Ash/Designer White (LSA1LDW1)

** NOTE: For patterned top laminates, select one of the following for the edgeband around the top, apron, and legs — Black (P), Bourbon Cherry (H), Charcoal (S), Cognac (COGN), Designer White (LDW1), Florence Walnut (LFW1), Harvest (C), Kingswood Walnut (LKI1), Mahogany (N), Mocha (MOCH), Natural Maple (D), Pinnacle (PINC), Shaker Cherry (F), Sterling Ash (LSA1).*

Occasional Tables

Icon Legend on page 19

	DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE
	**Coffee Table** 48″W x 20″D x 16″H	**H80191**	48 S	3.4	**$795**
	**Corner Table** 24″W x 24″D x 20″H	**H80192**	35 S	2.1	**$685**
	**End Table** 24″W x 20″D x 20″H	**H80193**	29 S	1.8	**$654**
	**Cylinder Table** 20″ Diameter x 20″H	**H80170**	40	6.2	**$1067**
	**Cube Table** 24″W x 24″D x 20″H	**H80180**	55	8.6	**$1155**

NOTES:

- Durable material and construction make laminate occasional tables ideal for high traffic areas such as lobbies, reception rooms and lounges. Versatile design is also well suited to private offices.
- Coffee, Corner and End Tables feature top-over-apron styling with square corner detail, which complements many interiors and furniture designs, including the 10500 Series.
- Tables accommodate lamps, magazines, plants, laptops and more.
- Tops are abrasion- and stain-resistant laminate over 1⅛″ thick solid core high-performance particleboard.
- Cylinder and cube tables have recessed black plinth base with tack glides. Tops and sides are covered with high-pressure laminate.

Motivate® Tables, Chairs, and Markerboard.

MOTIVATE®

Motivate tables were designed with flexible spaces in mind. Work patterns can change throughout the day. Task areas become collaborative areas. Learning areas become conference areas. Created for HON by designer Wolfgang Deisig, Motivate tables are mobile, lightweight and ready to support the many ways you work — adapting and reacting to your needs with ease. Because flexible spaces make for dynamic workplaces.

FEATURES

- 1⅛″ thick solid core top is made from durable high-performance particleboard.
- Motivate Tables are available in three base options — fixed, nesting and height adjustable.
- Optional modular power can be ganged together without any tools.
- Motivate Tables coordinate perfectly with Motivate chairs — an ideal fit for flexible spaces.
- Add a mobile presentation cart or markerboard for increased function and productivity in your workspace.
- Available in multiple top shapes, edge types, and bases with a variety of laminate and paint finish options.

Edge Treatments

- HOW TO ORDER
  1) Select desired model numbers.
  2) Select desired top edge treatment.
  3) Replace the (?) after each model number with the suffix representing the chosen top edge treatment.

"G" 2mm Edge

"R" Ergo Edge

NOTE: Ergo edge is not available on all Motivate table sizes.

❋ Paint color is de-emphasized.

4-TRAC HARDWIRE ELECTRICAL SYSTEM

4-Trac Electrical System

The 4-Trac Electrical System is a UL-recognized Manufactured Wiring System that seamlessly passes power from one worksurface to another. This low-profile non-sequential electrical system allows tables to be “daisy-chained” together in any desired order and allows users to reconfigure quickly due to simple connectable/disconnectable links.

- Meets requirements of UL 183 and National Electric Code Article 604
- 4-Wires, 2-circuits, 20 Amps each (Circuit 1 and Circuit 2 only)
- 13 Duplex Receptacles per circuit, 26, 15 Amp Duplex receptacle per power in-feed
- Electrical system attaches directly to underside of worksurface with included brackets
- Up to twelve tables can be linked together
- For compatible 4-Trac Electrical solutions, see page 258.

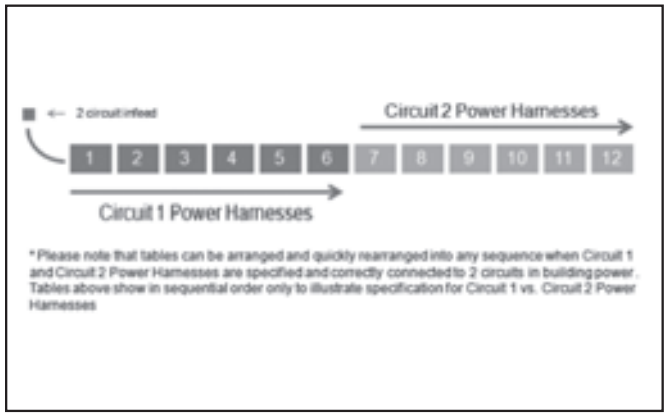

Power Entry Plate (ex: HMAPLATE) + Power Entry Cable (ex: HMACABLE) — For each power in-feed

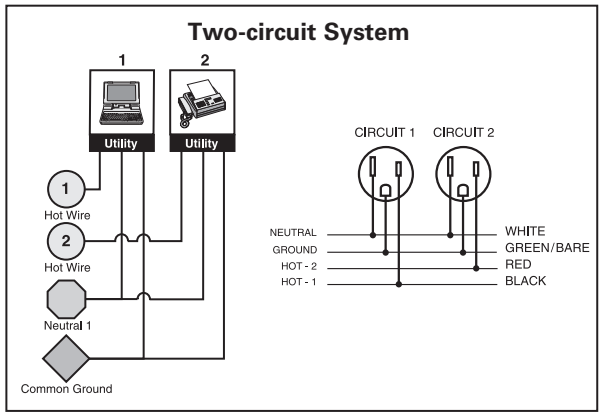

Circuit 1 or 2 Power Kit (ex: HMAPOWER48 or HMAPOWER482) + Ganging Hardware (ex: HMAGANG) — For each table in a row

Power Hub (ex: HGRMTAC) + Data Grommet (ex: HGRMTDATA) + Cable Trough (ex: HPWRTRGH17) — Optional Accessories

Steps for Electrical Specifications:

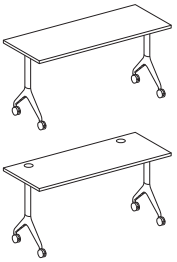

- Determine how many rows of tables are needed and order the following:
  - One HMAPLATE per row (or power in-feed)
  - One HMACABLE per row (or power in-feed)
- Order one power harness per table in each row
  - For 1-6 tables in a row (see illustration 1)
    - Order Circuit 1 Power Harnesses (ex. If powering six 24x60 tables order six sets of HMAPOWER60)
  - For 7-12 tables in a row (see illustration 1)
    - Order Circuit 1 Power Harness for first six tables and Circuit 2 Power Harness for remaining tables (ex. If powering eight 24x60 tables, order six sets of HMAPOWER60 and two sets of HMAPOWER602)
- Order one set of ganging hardware per table (ex. HMAGANG)
- Determine which accessories are needed:
  - Power Hub model HGRMTAC — to access power at worksurface.
  - Data Grommet model HGRMTDATA — to access data at worksurface.
  - Wire Management strips model HBTMS — for vertical and horizontal wire management.

NOTES:

- Specification includes top and base, however, top and base are boxed separately.
- Ergo edge is a bullnose on user side and 3mm on all other sides.
- Tops are 1⅛" thick.
- Fixed Height base is standard 29½" seated-height.
- See grommet matrix on page 255 for grommet location/placement.
- 36"-42" tops and all half-round and trapezoid tops standard with one cutout, 48"-96" tops standard with two 3" round grommets. When G1 grommet is selected, all tops standard with one cutout.
- For compatible 4-Trac Electrical solutions, see page 258.
- For compatible Interlink IQ Electrical solutions, see page 256.

NOTES:
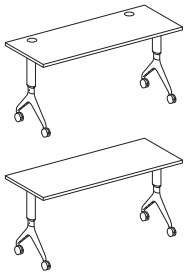

- Ergo edge is a bullnose on user side and 3mm on all other sides.
- Tops are 1⅛" thick.
- Specification includes top and base, however, top and base are boxed separately.
- Seated height adjustment from 27½"-32½" in 1" increments.
- See grommet matrix on page 255 for grommet location/placement.
- 36"-42" tops and all half-round and trapezoid tops standard with one 3" round grommet, 48"-96" tops standard with two 3" round grommets. When G1 grommet is selected, all tops standard with one cutout.
- For compatible 4-Trac Electrical solutions, see page 258.
- For compatible Interlink IQ Electrical solutions, see page 256.

No tool required, adjustable bases have ratchet style adjustment mechanism.

Preside® Tables shown with Ruck™ and SoCo™ seating.

PRESIDE®

Whether you're craving social interaction or breaking away for some "me time", Preside tables support the work activities you need to get it done. Versatile enough for touchdown spaces, meeting rooms, and even cafés, Preside offers everything from a contemporary light-scale vibe to a more classic aesthetic. Add in optional power for a dynamic table collection that lets you work your way.

FEATURES

- Preside offers a complete line of conference accessories, including presentation cabinets, hospitality and more.
- Optional flip-top and pop-up ports provide options today and for future data and power needs.
- Scratch-, spill- and stain-resistant laminate will look great for years to come.
- Add a splash of color to Preside using Colorwav™ paints to brighten any space.
- Enhanced aesthetics with power management options to keep the workspace tidy and looking its best.
- Preside's clever equitable meeting worksurface shapes are designed to seamlessly accommodate both in-person and virtual meeting participants.

Specify Preside tables with two steps—select a top and select a base.

1. Select desired top size, shape, and edge profile.

Multi-piece Tops:

Multi-piece tops are made of 108″, 120″, 144″ and 168″ two-piece "starter-sections" in rectangle, boat, arc end, or racetrack shapes in 42″, 48″, or 54″ depths. For tables up to 20′, models are preconfigured for you. If you need a table top longer than 20′, add as many 72″ adder sections as you need. The examples below illustrate preconfigured sizes as well as how starter section and adder section tops can be used to create tables in virtually any length. **Please note that 2-piece tops, in woodgrain colors, will not have exact grain alignment in the center where the two halves meet, a reasonable match can be expected. For tops utilizing an adder section, there will not be a grain match for those pieces.**

Preconfigured and Modular Size Examples

	Feet	Inches	Ex. Top Starter Section	Quantity	Adder Section	Quantity	Total Number of Top Sections
Preconfigured Sizes	9′	108″	HTLC48108	1	n/a	n/a	2

PRESIDE®
SPECIFYING INFORMATION

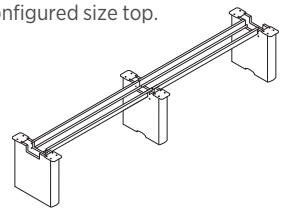

2. Select desired base style and identify model that coincides with top length.

Bases for Tops in Preconfigured Sizes

Bases include the appropriate number of supports for tables up to 20′. Simply identify the length of the table top in inches and specify the base with the same length in the model number. The example below illustrates how to select a base for a preconfigured size top.

Examples of Base for Preconfigured Top Size

Example top: HTLC48240 Top Description: 240″ Rectangle Top
Example base: HTLHP240 Base Description: Hollow Panel Base for 240″ Top

Example: HTLHP240

Bases for Tops in User Configured Modular Sizes

If you need a table top longer than 20′, add as many 72″ adder section bases as needed. The examples below illustrate preconfigured sizes as well as how starter section and adder section bases can be used to create tables in any desired length.

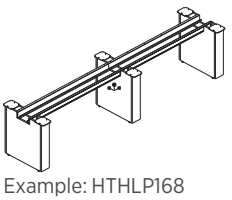

Examples of Tops and Bases for User Configured Modular Top

	Feet	Inches	Ex. Top Starter Section	Quantity	Ex. Top Adder Section	Quantity	Ex. Base Starter Section	Quantity	Ex. Base Adder Section	Quantity	Total # of Top Sections

PRESIDE®
Grommet Cutout Placement

Tops specified with a grommet cutout get one cutout per section of top, centered in both directions. Cutouts do not include blank or powered inserts. Inserts must be specified separately.

- For compatible 4-Trac Electrical solutions, see page 258.
- For compatible grommet solutions, see page 262.

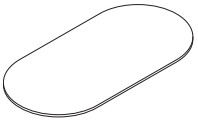

Upcharges for grommet cutouts (+ $20 per G cutout, + $50 per G1 cutout, + $62 per G2 cutout)

M = Mid-section Adder

Adder section cannot be used as stand-alone table. Only long edges are finished.

NOTES:

- Tops with E and G edge details feature durable laminate tops over solid core high-performance particleboard. Tops with J edge feature an MDF core.
- Tops with E edge detail have 3″ radius corners. All other edge details have 90 degree corners.
- See page 85 for number of cutouts for each table top size.
- See page 258 for compatible 4-Trac Electrical solutions and 262 for compatible grommet solutions.

See pages 77-82 for top and base compatibility.

24″ Top	**HTL(?)24**	19	23	23	2.1	**$441**	**$474**	**$702**	**$21**

NOTES: Tops are available in three shapes: Round (D), Square (S), and Soft Square (SFT). Replace the (?) shown in each model with D, S, or SFT to specify shape.

ⓘ 60″ top only available in Round (D) shape.

NOTES:

- Tops with E and G edge details feature durable laminate tops over solid core high-performance particleboard. Tops with J edge feature an MDF core.
- Tops with E edge detail have 3″ radius corners. All other edge details have 90 degree corners.
- See page 85 for number of cutouts for each table top size.
- For compatible grommet solutions, see pages 259 and 262.

ⓘ See pages 77-82 for top and base compatibility.

For 72″ Adder	1	**HTLRCM**	66	17.4	**$1799**	**$1856**

NOTES:

- Tops and bases are sold and shipped separately.
- Bases ship with appropriate number of supports for table width. See page 84 for details.
- Standing-Height Cube Bases are 39″H.
- Laminate cube and cylinder bases for tops 108″W and greater feature dual aluminum support beams with integrated wire management.
- Cube bases feature removable door to allow access to cables and enable wire routing.
- Standing-Height Bases feature a hinged door for easy access and for cable routing through the base.

! Seated Cube Base and Cylinder Base require 150 lbs. of sand or other ballast in each base for stability (not supplied). Standing-Height Cube Base does not require additional ballast.

! For Base and Top compatibility, see base information on pages 77-84.

Wire Manager						
Manager for 42″H Footed Base — 1-Pack	**HTFWMGR42**	2	0.3	**$204**	**$224**	**$231**
Manager for 36″H Footed Base — 1-Pack	**HTFWMGR36**	1	0.3	**$194**	**$213**	**$220**
Manager for 29″H Footed Base — 1-Pack	**HTFWMGR29**	1	0.4	**$183**	**$201**	**$208**
Manager for 27″H Footed Base — 1-Pack	**HTFWMGR27**	1	0.4	**$171**	**$188**	**$194**

NOTES:

- Tops and bases are sold and shipped separately.
- Bases ship with appropriate number of supports for table width.
- To conceal any power cords from table top to floor, specify wire manager based on table height. Wire manager adheres to the vertical column of the base.

Footed base not to be used on 54″D conference tables.

See pages 77-82 for top and base compatibility.

Footed Y-base for tops 84″W or greater feature dual aluminum support beams with integrated wire management. Footed Y-base for 60″W and 72″W tops do not include aluminum beams.

NOTES:

- Tops and bases are sold and shipped separately.
- HTXLEG and HTXLEGSH allow wires to pass through the center of the leg.
- Grommet cutouts not compatible with Footed Café X-Base and Footed Café X-Base with Casters.

Footed Café X-Base with Power allows wires to pass through the center of the leg except when using power compatible with a G2 cutout.

Cannot specify grommet cutouts in top when using footed X-base and footed X-base with casters. Utilize footed X-base with power for situations where power/grommet cutouts are needed.

See pages 77-82 for top and base compatibility.

	96″W x 42″D	**HTLC4296HCTFPL**	299	44.7	**$2594**	**$2647**

NOTES:

- Maximum of 2 ganging tables can be used together. However, different widths may be combined to optimize your space (i.e., 60″W left-hand and 96″W right-hand can be combined).
- Ganging tables ship with all required hardware and light gap filler strip for use between the two partial legs.
- Tops feature 2mm flat edge.

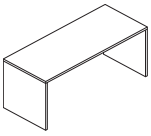

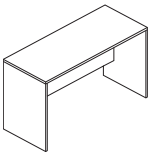

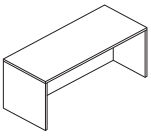

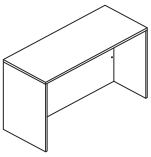

Tables with partial and full modesty panels always feature cutout in modesty panel to accommodate grommet inserts in the top. However, top cutout is optional. Wire management is not included in legs.

Lock available in Black (P) or Satin (SA) finish. Lock is core removable. Keyed alike cores must be ordered separately. For stack-on and wall mount storage with locking hinged doors, specify model HF27B (Black) or HF27S (Satin) and the key number, see the Desks section in the 2026 Workspaces Pricer. Model HNL1548LL has one lock, which secures two of the three doors.

NOTES:

- Preside® tables pair well with Concinnity™ Wall Mounted Storage to create a complete conference or collaborative layout.
- Convenient off-the-worksurface storage requires no additional floor space.
- Available with laminate doors, frosted/silver doors, or sliding door.
- Doors are sized to overlap the top, end panels and light valance, to provide a clean design.
- Laminate and frosted/silver door units are equipped with self-closing, adjustable hinges.
- Laminate hinged door units are available with or without a lock.
- For tackboards, see the Desks section in the 2026 Workspaces Pricer.
- For task lights, see the Desks section in the 2026 Workspaces Pricer.
- For paper organizers, see the Desks section in the 2026 Workspaces Pricer.
- **IMPORTANT: See installation guidelines in the Desks section in the 2026 Workspaces Pricer.**

SCRAMBLE™ OCCASIONAL TABLES

Want to see more? Scan here to check out hon.com.

Scramble™ Coffee Table shown with West Hill™ Casual Lounge Seating.

SCRAMBLE™

For every tablet, coffee mug, or notepad there's a need for an occasional table. Don't scramble to find an open meeting room when you can move to where relaxed productivity happens whether it's a lounge, commons, or nook area. Designed to coordinate with any of HON's soft seating lines, Scramble occasional tables fit in any space you need to work comfortably.

FEATURES

- Select from Soft Rectangle, Soft Square, and Round top shapes.
- Multiple size ranges available from side to large coffee tables.
- Coordinate with any of HON's soft seating series to create a space that works.
- Angled hardwood legs with metal stretcher bars provide a mid-century feel.
- Assorted leg and stretcher bar finishes available to match any aesthetic.
- Match the style of any space, with laminate tops including both flat and knife edges, as well as premium back-painted glass tops.

Sculpt™ Tables shown with Mav™ Chairs.

SCULPT™ TABLES

Sophisticated and subtle, HON's Sculpt™ collection is a breath of fresh air in any busy office space. Designed to be adaptable and customizable, these occasional and personal tables enhance the productivity of shared spaces while providing a multifunctional hub for a variety of needs, both individual and collaborative. And with a variety of elegant finishes, tops, and heights — plus layering and power capabilities — Sculpt™ is the ideal surface solution for lounges, touchdown spaces, private offices, and more. Make your space work with Sculpt™.

FEATURES

- Customize your office aesthetic with a variety of top shapes, heights, and elegant finishes.
- Find flexibility with both collaborative and single-use capabilities.
- Stay powered up with an integrated personal device holder.
- Enhance the beauty of your environment and offer a fresh perspective with Sculpt™ planters, designed to bring soothing nature into the workplace.

Build™ Student Desks and Tables shown with SmartLink® Seating and Storage.

BUILD™

Inspiring the next generation takes a higher degree of mobility and hands-on learning. The Build™ series, an educational product collection of tables, student desks, and seating, is lightweight, durable, reconfigurable, and customizable. Build encourages creativity and adaptability so students can support collaboration and social interaction or create personal space for focused study time. Build supports the movers and shakers, the hands-on doers, and the leaders who crave creativity. The future of education takes shape with Build.

FEATURES

- 15 table shapes and 6 student desk shapes make reconfiguration fun and easy.
- In addition to all standard HON laminates, Build tops are available in bright, bold laminates and a dry-erase markerboard finish to enhance any learning environment. Or try Butcher Block tops on Makerspace tables.
- Table legs are available in multiple height adjustable ranges and nesting bases to accommodate different user applications.
- Adjustable height student desk legs accommodate any students in K-12 grades and beyond.
- The durable Makerspace table features à la carte storage accessories and allows you to keep a creative space clean, organized, and customizable.

NOTES:

- Laminate top is 1⅛″ thick and features 3″ radius corners.
- Butcher Block top is 1½″ thick and features 1½″ radius corners with ⅛″ radius around entire perimeter of top.
- Butcher Block tops will naturally feature variation between tops due to the nature of the real wood finish. Constructed of natural Birch wood, no two tops are exactly alike. Top is coated in a clear polyurethane finish for maximum durability.
- Both laminate and Butcher Block tops include threaded metal inserts for easy base connection. This also allows for easy base removal and reconnection if table needs to be moved through standard doorways.
- Up to 4 SmartLink® bins will fit between lower foot rails on standing-height table if desired. Applicable on counter height and standing height tables.
- HEBBXRL is not compatible with Makerspace tables.

CLASS-IFI™

Want to see more? Scan here to check out hon.com.

Class-ifi™ shown with Build™ Makerspace Tables and Stools.

CLASS-IFI™

Every student and teacher deserves multifunctional, durable, and efficient organizational solutions that go the distance no matter what the subject. Class-ifi™ — a dynamic, effortlessly mobile education storage collection — is designed to maximize space, promote flexibility, and inspire creativity at any age or learning level. Today's education environments have discovered a more holistic approach to organization and kinesthetic learning, and that means more choices and smarter logistics. With its dynamic, multifunctional design, straightforward mobility, and exceptional organization capabilities, Class-ifi™ encourages healthy movement throughout the day and defines a variety of organizational and learning hubs for every student at every level. Make your space work with Class-ifi™.

FEATURES

- Choose from two panel options (Accessory End or Solid End), depending on your needs.
- Maximize your mobility with casters.
- Organize any size learning space with single- and double-sided bookcases and cubbies.
- Color your world with a variety of metal and laminate finish options.
- Reach for the stars or keep things at ground level with multiple height options.
- Open up your world with easy-access doors (also available without doors).
- Stash your stuff safely by adding a handy tote to any locker, tote storage, or Teacher Command Station (optional).
- Amp up your accessibility with Fuse™ accessories for all storage units, including hot file, side saddle, and bag hooks. (All work with slotted end planes.)
- Get a lift with a handy locker hook.
- Offer more options with a 1H bookcase or cubby that can be utilized as a seat.

FINISH SELECTION

Class-ifi™ allows for the specification of different finish options on a single model. Locations which allow for unique specification include:

- Laminate Interior
- Frame
- Top/Back/Doors (if applicable)
- End Panels

NOTES:

- End panel specification selection applies to both end panels (either 2 solid end panels or 2 accessory end panels).
- Wardrobe compartment includes one double coat hook.
- Omit lock option is available. See page 157 for ordering instructions.
- Units ship assembled; casters are field installed.
- Casters are swivel, locking casters.
- As of 9/3/2025, Class-ifi has expanded paint capabilities allowing for unique colors to be painted on the frame, case, and side panels. For more specification direction, please see page 158.

Confetti™ Floor Lounge.

CONFETTI™

Every educator wants their classroom to celebrate individuality, energize ideas, and inspire imaginations. Organic, fluid environments are essential to the physical and emotional comfort of every young learner — and Confetti™ Floor Cushions and Lounges pass every test with flying colors! These comfortable, portable seating solutions encourage young learners to sit where they please, gather with ease, and stay connected and creative in their own way — from the first day of school to the last. With soft foam support and integrated handles for easy portability, Confetti™ allows students to navigate the classroom in their own way to create a safe, stress-free learning environment. Make your space work with Confetti™.

FEATURES

- Maximize student mobility with integrated handles for easy portability.
- Create comfortable support with soft foam seating.
- Keep things tidy with a floor cushion cart, designed to organize and store seating when not in use — plus, this handy solution fits under tables, so you'll save valuable floor space.
- Choose from an array of colorful fabric options.

FIELD TRIP™

Want to see more? Scan here to check out hon.com.

Field Trip™ tables shown with SmartLink® seating.

FIELD TRIP™

Field Trip™ is a table that takes you places without ever leaving the classroom. It flips into a writable surface, rolls into a new layout in seconds, and adapts to every posture, purpose, and teaching style. Designed to move as fast as instruction does, it helps teachers transform a single room into many learning environments: brainstorming zone, project hub, calm-down corner, and more. This is how classrooms become more than four walls—and how teaching becomes a trip worth taking.

FEATURES

TABLES

- Table is offered in 24″ or 30″ deep and available in 42″, 48″, 60″, or 72″ wide.
- Four different types of tables: Fixed, Height Configurable Low without Nesting, Height Configurable High without Nesting, or Height Configurable High with Nesting.
- Nesting table will lock in vertical, stored position to support use as a whiteboard while also making it easier to transport.
- Nesting activated with turn dial on either side of table. Only takes one of the dials to activate.
- Tables are 1⅛″ High-Pressure Laminate (HPL).

FIELD TRIP™
Accessories & Power

Specification guide for IQ Electrical on Huddle tables

Determine table width, the type of power access being used (3″ grommet or 4x8 pop-up) and the desired number per table (Columns 1, 2 or 3). The table will then identify the type and quantity of components needed per table along with the maximum table run. Note that this is in addition to the Power base in-feed which is needed for each run. For example, a 48″W table with two 3″ power grommets per table will require (1) HQH5-3 harness and (1) HQH1-3 harness per table with a maximum run of four tables.

Top Width	**POWER ONE (1) PER TABLE** 3″ ROUND POWER GROMMET		**POWER TWO (2) PER TABLE** 3″ ROUND POWER GROMMETS		**POWER ONE (1) PER TABLE** 4x8 POP-UP PORT	
36″	(1) HQH5-3	**8** Table Run Maximum	N/A	N/A	(1) HQH5-P	**8** Max Table Run
42″	(1) HQH5-3	**8** Table Run Maximum	N/A	N/A	(1) HQH5-P	**8** Max Table Run
48″	(1) HQH5-3	**8** Table Run Maximum	(1) HQH5-3 (1) HQH1-3	**4** Max Table Run	(1) HQH5-P	**8** Max Table Run
54″	(1) HQH5-3	**8** Table Run Maximum	(1) HQH5-3 (1) HQH1-3	**4** Max Table Run	(1) HQH5-P	**8** Max Table Run

NOTES:

- Interlink IQ Electrical is a pluggable, single circuit electrical system.
- All electrical models include wire management clips and hardware.
- Interlink IQ Electrical is non-sequential/non-directional. It can be installed in any direction.
- Interlink IQ Electrical is UL Recognized as a Powered Table System and meets the requirements of UL 962.
- For compatible Interlink IQ Electrical solutions, see page 256.

! 40′ maximum run, or no more than 8 units, whichever comes first. Interlink IQ system will automatically shut off if maximum requirements are exceeded. Maximum run is based upon electrical harness width, not table width.

FIELD TRIP™
Accessories & Power

4-Trac Electrical System

The 4-Trac Electrical System is a UL-recognized Manufactured Wiring System that seamlessly passes power from one worksurface to another. This low-profile non-sequential electrical system allows tables to be "daisy-chained" together in any desired order and allows users to reconfigure quickly due to simple connectable/disconnectable links.

- Meets requirements of UL 183 and National Electric Code Article 604
- 4-Wires, 2-circuits, 20 Amps each (Circuit 1 and Circuit 2 only)
- 13 Duplex Receptacles per circuit, 26, 15 Amp Duplex receptacle per power in-feed
- Electrical system attaches directly to underside of worksurface with included brackets
- Up to twelve tables can be linked together
- For compatible 4-Trac Electrical solutions, see page 258.

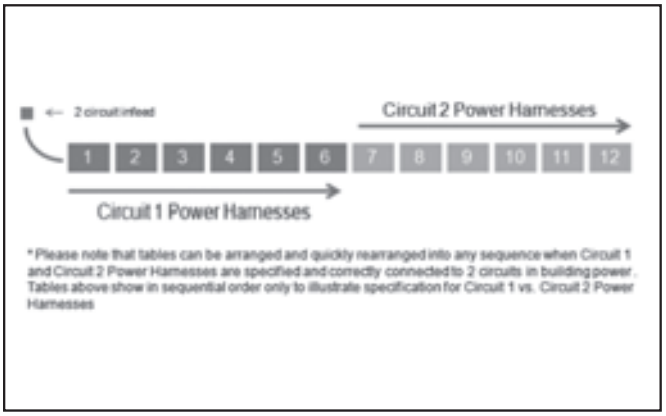

Power Entry Plate (ex: HMAPLATE) + Power Entry Cable (ex: HMACABLE) — For each power in-feed

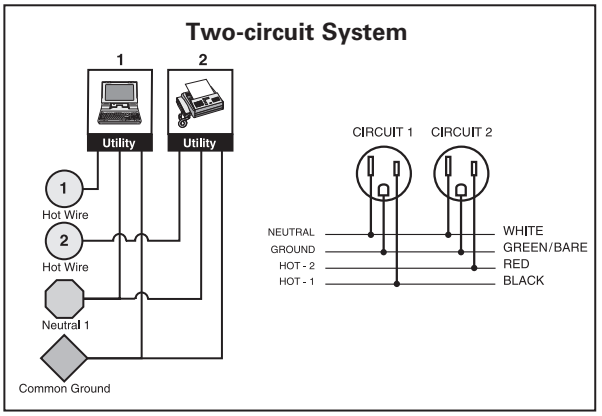

Circuit 1 or 2 Power Kit (ex: HMAPOWER48 or HMAPOWER482) + Ganging Hardware (ex: HMAGANG) — For each table in a row

Power Hub (ex: HGRMTAC) + Data Grommet (ex: HGRMTDATA) + Cable Trough (ex: HPWRTRGH17) — Optional Accessories

Steps for Electrical Specifications:

- Determine how many rows of tables are needed and order the following:
  - One HMAPLATE per row (or power in-feed)
  - One HMACABLE per row (or power in-feed)
- Order one power harness per table in each row
  - For 1-6 tables in a row (see illustration 1)
    - Order Circuit 1 Power Harnesses (ex. If powering six 24x60 tables order six sets of HMAPOWER60)
  - For 7-12 tables in a row (see illustration 1)
    - Order Circuit 1 Power Harness for first six tables and Circuit 2 Power Harness for remaining tables (ex. If powering eight 24x60 tables, order six sets of HMAPOWER60 and two sets of HMAPOWER602)
- Order one set of ganging hardware per table (ex. HMAGANG)
- Determine which accessories are needed:
  - Power Hub model HGRMTAC — to access power at worksurface.
  - Data Grommet model HGRMTDATA — to access data at worksurface.
  - Wire Management strips model HBTMS — for vertical and horizontal wire management.

FIELD TRIP™
Specifying Information

MAXIMUM SEATING CLEARANCE

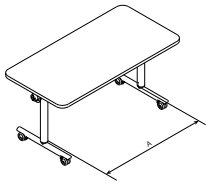

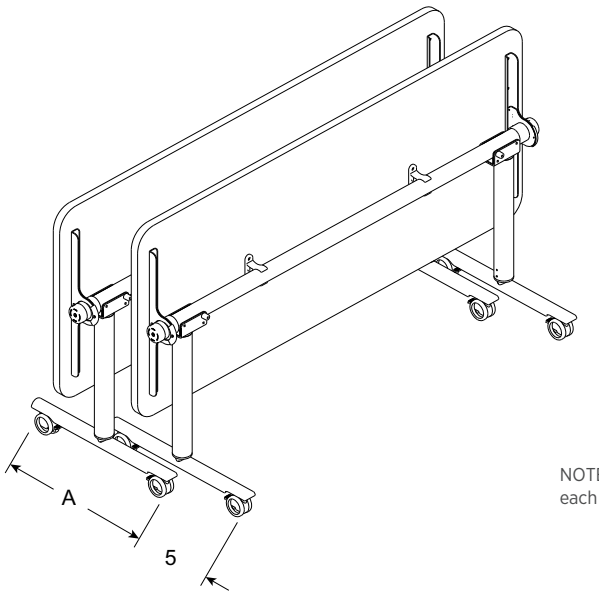

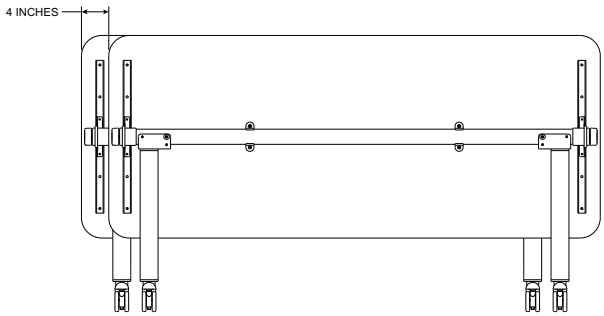

Table Width	A (inch)
42	27.55
48	33.55
60	45.55
72	57.55

NOTE: Space between table legs applies to all table types — fixed, adjustable heights, and nesting.

NESTING TABLES SPACE INFORMATION

Table Depth	A (inch)
24	19.4
30	25.4

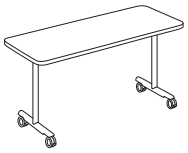

NOTE: When planning spacing, take your table width +4" to understand how much space each additional table adds.

Revel™ Fidget Stools shown with Build™ Student Desks and SmartLink® Seating.

REVEL™

Revel in the movement and give classroom fidgeting a new meaning. Move side to side, back and forth, or spin in a full circle. Revel brings movement and mobility to active learners.

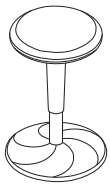

FEATURES

- Seat available in 3 colors, base available in 1.
- Adjust stool height with the push of a button. Stool ranges in height from 13¾″H-18½″H.
- With a slip resistant base and plastic body, you can feel comfortable using the stool in your most creative space with easy cleanup afterwards.
- Tested to hold up to 250 lbs.
- Backed by the HON Full Lifetime Warranty.

ROLL CALL™

Want to see more? Scan here to check out hon.com.

Roll Call™ shown with SmartLink® Student Seating and Desks, and Class-ifi™ Storage.

ROLL CALL™

Healthy, connected classrooms are never at a stand-still. To stay flexible and functional, today's learning spaces need solutions that can move anywhere, anytime. Roll Call™ — allows students and teachers alike to adjust, administer, and engage with ease. With ample height adjustability and smooth caster mobility, Roll Call™ encourages young minds and educators to create an imaginative environment that's all their own. Make your space work with Roll Call™.

FEATURES

- Open up your options with a pneumatic cylinder and hand lever that allows for easy height adjustment (between 28½″-43½″).
- Maximize your mobility (or stay put!) with 4 casters that move with you or lock in place, depending on your needs.
- Spread out with a 20″D x 28″W worksurface, designed to hold everything from lesson books to laptops.
- Rely on the exceptional durability of an easy-to-clean laminate surface.
- Backed by The HON Company's Full Lifetime Warranty.

SmartLink® Student Seating and Desks, Teacher Desk, and Storage.

SMARTLINK®

Show of hands — who loves long lectures? Today's classroom is more hands-on and collaborative, involving group interactions that better stimulate learning. That's why we've done our homework in the design of SmartLink. This collection of lightweight and mobile desks, chairs, storage, and presentation tools earns high marks by being easy to arrange and rearrange, keeping active minds and bodies fully engaged.

FEATURES

- Put teachers in control of their storage, technology and environment.
- Worksurface shape supports creative configurations.
- Designed to the unique ways students sit and move throughout the day.
- Organize lesson plans and make the most of unused wall space.
- Move educational tools wherever the activities demand.
- SmartLink chairs warranted for users up to 300 lbs.

SMARTLINK® SPECIFYING INFORMATION

STEP 1

Choose a grade range to find the recommended SmartLink® desk and table height.

Recommended space from chair seat to underside of table is 8″-11″							
Seat Height	6″	12″	14″	16″	18″	24″	30″
Table Height	14″	22″	24″	27″	29″	36″	42″
Pre-K							
Kindergarten - Grade 1							
Grade 2 - 4							
Grade 5 - 12							

STEP 2

Pick the SmartLink® model that meets the student height needs.

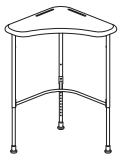

Model: HLDV-M3A
Adjustable Height
23″-33″ Height Range

Use the color-coated circles in the chart on the right to find a compatible chair.

Model: HLDV-M3F
Fixed Height
30″ Fixed Height

Model: HLDV-M3T
Sit-to-Stand
30″-43″ Height Range

STEP 3

Determine the suggested chair height within your desk size range.

Desk Height		Chair Seat Height	Type of Chair
22″	●	12″	4-Leg, Cantilever or Task
23-24″	●		
25-27″	●	14″	
28-29″	●	16-18″	
30″	●○●	18″	
31-33″	●○	22-24″	Stool
34-41″	○	24-31″	
42-43″	○	30-32″	

SMARTLINK® SPECIFYING INFORMATION

Individual Layouts

- The non-handed top allows the desk to be positioned to better support right-handed or left-handed individuals or be used in a forward position.

LH Position

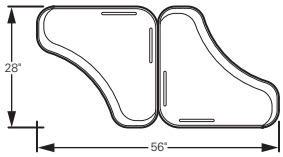

Forward Position

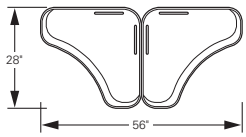

RH Position

Group/Collaborative Layouts

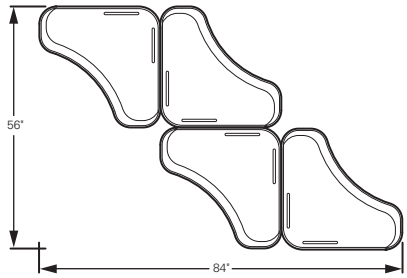

Below are examples of how the student desks can be configured to support multiple students or group activities.

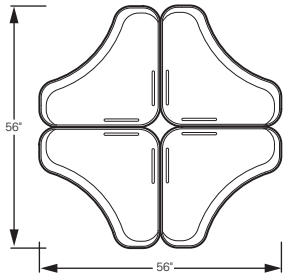

Student Desk
2-Desk Configuration

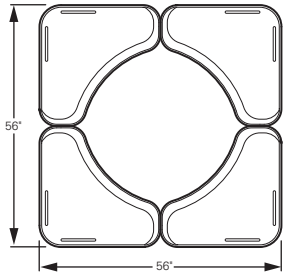

Opposing Student Desk
2-Desk Configuration

Student Desk
4-Desk Configuration

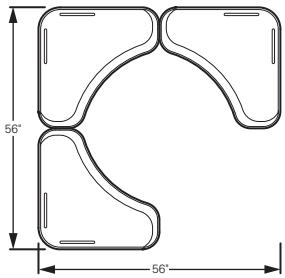

Student Desk
4-Desk Cluster Configuration

Student Desk
4-Desk Work Group Configuration
Can accommodate up to 8 students

Teacher Centered Layouts

- Reverse the layout and use the student desks to create layouts for teacher centers that can accommodate up to 6 students.
- 23⅝″ distance between legs when used from either side.

Teacher Centered Layout

Standard Row Layout

While a variety of classroom configurations are possible, a standard row layout shown below with 25 student desks utilizes a footprint of 199″ deep by 284″ wide. A 30 student desk row layout (5 rows deep by 6 rows wide) will require a footprint of 199″ deep by 348″ wide.

These dimensions are based upon 36″W aisles. Actual dimensions should be based upon local building codes.

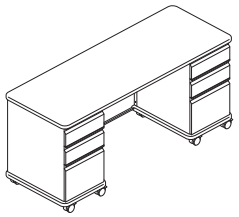

SMARTLINK® SPECIFYING INFORMATION

TEACHER STATION

SmartLink®

The following planning and specifying information is intended to help you imagine and create stimulating SmartLink classrooms that can integrate technology while helping rooms stay adaptable, organized and attractive. SmartLink offers you everything you need to create flexible, clutter-free learning environments for students of all ages.

Teacher Station – Double Pedestal with Modesty Panel

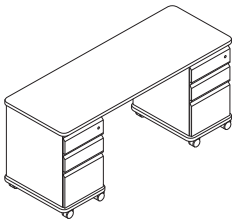

HLTV2466TMOD-33

Storage

- Box/box/file pedestal is always standard for both the left and right handed side of the desk. Pedestals are locking.
- Available kneespace is 33¼″W x 20″D for all models.
- Non-locking Center Drawer (HD8X) may be field installed in the kneespace. Tops are pre-drilled to accept the drawer.
- Center drawers and CPU holders cannot be installed together.

Teacher Station – Double Pedestal

HLTV2466T-33

- Larger top size provides ample work/conference area or space for equipment.
- Standard with Heavy-duty 3″, 360-degree swivel + locking casters.
- Storage options include: Locking box/box/file.
- Modesty specified separately.
- Power modules can be ordered separately and mounted to the desk. See Power & Cable Management page 259.

Teacher Station – Single Pedestal with Modesty Panel

HLTV2460TMOD-3

Storage

- Single pedestal desk available in Left-hand or Right-hand. Right or left handedness determined when installing in the field.
- Pedestal options include Box/Box/File locking.

Teacher Station – Single Pedestal

- Standard with Heavy-duty 3″, 360-degree swivel + locking casters.
- Storage options include: Locking box/box/file.
- Right or left assembled in the field.
- D-shape top encourages conferencing and provides ample work and conference area.
- Power modules can be ordered separately and mounted to the desk. See Power & Cable Management page 259.

SMARTLINK® SPECIFYING INFORMATION

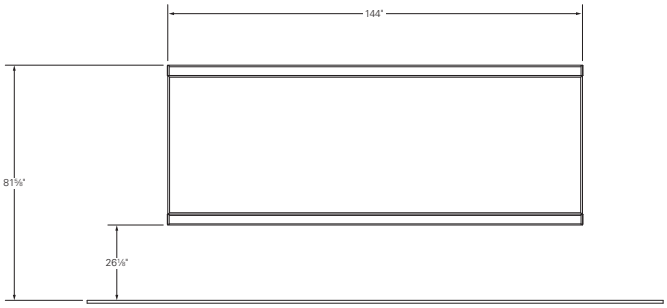

WALL RAIL SYSTEM

The SmartLink® wall rail is a multi-layered, multi-functional system that can accommodate a variety of presentation boards and accessories. The multiple tracks allow boards to be easily positioned and changed to support today's interactive learning environments.

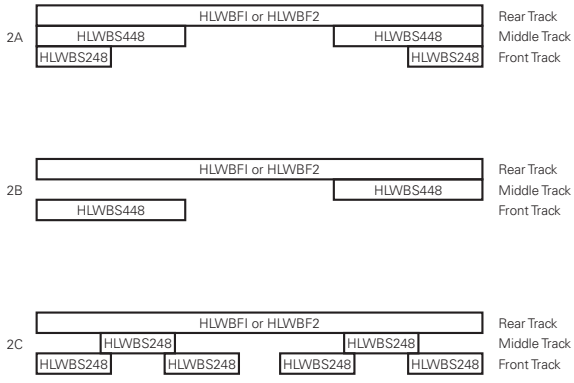

Planning Notes

- Installation of the wall rail system over existing white or chalkboards is not recommended.
- The rail and wall bracket provide three separate tracks for the Learning boards. The REAR or wall/bracket track is occupied by the fixed wall board. The MIDDLE and FRONT tracks are for sliding boards.
- To allow for greater utilization of the rear fixed board a maximum width of 96" of sliding boards on the middle or front track is recommended.

The illustration below shows the overall wall space requirements for the rail system and recommended mounting height for use in K-12 classroom applications.

Sliding boards are removable and reversible so a wide variety of layouts are possible. The following illustrations highlight a couple of the more common applications. Layouts 2A and 2B provide the greatest amount of board space and overall flexibility. When used with rail mounted worksurfaces, use 24"W boards on the front rail as shown in 2C in front of each worksurface to provide information specific to that work area. Boards could then be added to the middle rail for information/work to be shared between the stations.

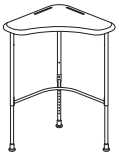

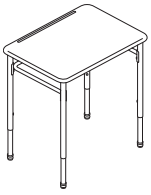

Specification Notes

- Boards are specified individually.
- Hardware to mount to the wall brackets is not provided by HON and MUST BE SOURCED LOCALLY.
- Learning board only applications require two (2) HLWR-12 rails to be specified.
- REFER TO PRODUCT INSTALLATION INSTRUCTIONS FOR DETAILED INSTALLATION INFORMATION.

SMARTLINK® Series Student Desks

Icon Legend on page 19

	DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY PAINT GRADE P1	P2	P3
	**Student Desk, Fixed Height** 28″W x 28″W, User side 36¼″W 30″ Fixed Height **Hard Plastic Top**	**HLDV-M3F**	63	18.0	**$850**	**$850**	**$889**
	NOTES: The cross-brace is installed to maximize kneespace but will not allow for book box (HLDA-15) installation. The cross-brace orientation can be switched in the field to allow for book basket install.						
	Student Desks are ordered and shipped two (2) desks per carton. Legs and cross-brace ship attached. Lower adjustable legs ship unattached for field installation. Pricing shown is per carton. Ordering two of model HLDV-M3F will result in 2 cartons being shipped, giving you 4 desks.						
	**Student Desk, Adjustable Height** 28″W x 28″W, User side 36¼″W Adjustable: 23″-33″ height adjustment range. **Hard Plastic Top**	**HLDV-M3A**	59	12.5	**$850**	**$850**	**$889**
	NOTES: Accepts book box (HLDA-15) installation without repositioning crossbar.						
	Student Desks are ordered and shipped two (2) desks per carton. Upper leg and cross-brace ship attached. Lower adjustable legs ship unattached for field installation. Pricing shown is per carton. Ordering two of model HLDV-M3A will result in 2 cartons being shipped, giving you 4 desks.						
	**Student Desk, Sit-to-Stand** 28″W x 28″W, User side 36¼″W Adjustable: 30″-43″ height adjustment range. Leg height is set during field installation. **Hard Plastic Top**	**HLDV-M3T**	61	15.3	**$1209**	**$1209**	**$1234**
	NOTES: Accepts book box (HLDA-15).						
	Student Desks are ordered and shipped two (2) desks per carton. Legs and cross-brace ship attached. Pricing shown is per carton. Ordering two of model HLDV-M3T will result in 2 cartons being shipped, giving you 4 desks.						
	**Rectangle Student Desk, Adjustable Height** 20″W x 26″D Adjustable: 23″-33″ height adjustment range. **Hard Plastic Top**	**HLDV-MRECT2026A**	57	9.19	**$850**	**$850**	**$889**
	NOTES: Accepts book box (HLDA-15) installation without repositioning crossbar. Lower adjustable legs ship unattached for field installation.						
	Student Desks are ordered and shipped two (2) desks per carton. Legs and cross-brace ship attached. Pricing shown is per carton. Ordering two of model HLDV-MRECT2026A will result in 2 cartons being shipped, giving you 4 desks.						

NOTES:

- Upper leg is painted, lower leg standard chrome finish on Adjustable Height models.
- Non-handed desk top constructed of ¾″ hard plastic.
- Hard plastic tops include pencil grooves.
- Nylon swivel glides are standard on adjustable and fixed leg models.
- Fixed Height models ship fully assembled. Adjustable models have the upper leg and cross-brace installed. The lower leg ships unattached for field installation.
- 29.60″ distance between legs on user side. Outside distance between legs is 23⅜″.
- Accepts optional backpack hooks (HCLA65).
- Book boxes are only available as an accessory for field installation on Series desks.

SPECIFICATION TIP: Consider available kneespace when specifying under desk storage Metal Book Box. Available kneespace will vary significantly given set desk height. Use the following example to calculate the available and usable kneespace.

EXAMPLE: HLDV-M3A Student Desk, HLDA-15 Metal Book Box

(user set desk height – top thickness – seat height = available kneespace)
(29″H – 1″ thickness – 18″ seat height = 10″ available kneespace)
(available kneespace – book basket/box height = usable kneespace)
(10″ available kneespace – 5″ basket height = 5″ usable kneespace)

Field installed felt glide caps (HGDK3-F) are recommended for use on VCT flooring.

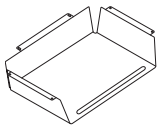

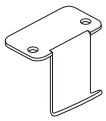

All Student Desks are ordered and shipped two (2) desks per carton. Ordering two of any model will result in 2 cartons being shipped, giving you 4 desks.

STORYLINE™

Want to see more? Scan here to check out hon.com.

Storyline™ shown with SmartLink® Seating, Build™ Tables, & Confetti™.

STORYLINE™

Libraries and media centers aren't just for study halls and research anymore — they're the heartbeat of the school. These once basic spaces have shifted to thoughtful, holistic community hubs designed to inspire not just students, but anyone who wants to connect and create. Storyline — a versatile bookcase collection that offers organic movement and customized learning zone options — is an open book when it comes to inspired synergy in shared spaces. Whether it's an early morning reading circle, a mid-afternoon small group project, or an evening town hall meeting, Storyline bridges the gap between people and places.

FEATURES

- Utilize 18″H bookcases as both storage and a seat.
- Single-sided bookcases and bistro tables utilize steel back to accept magnets.
- Case and shelf constructed using 1⅛″ laminate for durability and longevity.
- Cases ship fully assembled. Casters and shelves installed on site.

Tangram™ Seating.

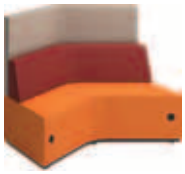

TANGRAM™

Tangram™ soft seating is the shape of things to come in education spaces. With 27 easily configurable shape and size options, high- and low-back models, and tiered seating, it offers the ability to create custom layouts that breathe new life into unconventional learning environments distinctive to each student. And with its single or multi-fabric options, rainbow of color choices, and playful aesthetic, this solution puts the "fun" in functional.

FEATURES

- Ottomans, In-Line Tables, Story Steps, and Modular units can be used together.
- Story Steps can be combined to create multiple-level learning layouts.
- Available in high- or low-back models.
- High-back models create a quiet space without losing sight lines for educators.
- In-Line Tables provide durable, easy to clean worksurfaces with optional integrated power.
- Flexible brackets allow units to be ganged together.
- Metal bases keep upholstered parts off the ground for easy cleaning.
- Stay connected with optional built-in power.
- Adjustable glides.
- Proportionately designed to fit K-12 students.
- Poufs and Ottomans offer additional seating.
- All models ship fully assembled in one carton.
- Available in a wide range of cleanable fabrics.
- Multi-fabric option — seat, back, and screen can be specified in different fabrics.
- Bistro-back models encourage additional ways to sit comfortably and offer an easily cleanable laminate surface for high-traffic daily use.

Undercabinet Occupancy Sensor with 1″ End to End Connector	**HLEDOSA**	0.2	0.01	**$136**

NOTES: To use the daisy chain application, must start with model HLED17A or HLED31A. No finish specification required. Attaches magnetically to underside of overhead storage, or attaches with provided screws or double-sided tape. Occupancy sensor attaches to a single or starter LED light and will automatically turn the light off after no motion is detected for 30 minutes. Just like all the LED light models, the occupancy sensor features a soft-touch on/off switch. LED task lights have a lifetime of 50,000 hours and have a dimmer feature that allows the user to adjust the amount of light output.

Recessed Task Lights

- Color: Black.
- Slim profile design.
- Mount to stack-on storage and wall mounted storage cabinets.
- 9-foot black cord and switch off right rear corner.
- Features LED strip.
- Lights ordered after October 4, 2021 will feature new LED light strip.

PAPER MANAGEMENT & ORGANIZATIONAL TOOLS

Icon Legend on page 19

	DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY LAMINATE GRADE L1	L2
 *Not available in two-tone laminate*	**Vertical Paper Manager** 14⅞″W x 10⅞″D x 19¹¹⁄₁₆″H	**HLVPM1**	27	2.8	**$502**	**$517**
	NOTES: Keeps papers, files, and books neatly organized and within easy reach from a seated position. Designed for desk, credenza, and return tops. Fits under stack-on storage models. Two pullout drawers and three fixed shelves. Not available in pattern laminate colors. Ships fully assembled. ❗ Requires 19¾″H minimum of clear space between underside of overhead storage unit and worksurface. **SPECIFYING EXAMPLE: HLVPM1.N**					
 *Not available in two-tone laminate*	**Desktop Storage Terrace** 26½″W x 12½″D x 10½″H	**HLDST1**	24	1.1	**$470**	**$485**
	NOTES: For use on the tops of 29½″H desks, credenzas, and returns. Features six storage sections plus top display shelf. Keeps work-in-process, priority files, loose pages, and mail neatly organized and in view. Mixed material design comprised of sturdy laminate shelves with metal back and support panels. Not available in two-tone laminate combination or pattern laminate colors. Choose from Platinum Metallic (T1), Black (P), and Charcoal (S) for the metal components. Sized to fit in stack-on and wall mount storage cabinets in 10500, Valido, Concinnity, 94000, and 38000 Series. Fits in Concinnity and Voi sliding door models, except for 48″W or smaller models. Specify: Model.Laminate.Paint **SPECIFYING EXAMPLE: HLDST1.N.T1**					
	**Layering Shelf** 72″W x 14½″D x 5½″H	**HLSL1472LS**	50	4.6	**$675**	**$690**
	60″W x 14½″D x 5½″H	**HLSL1460LS**	39	1.3	**$567**	**$582**
	NOTES: Layering shelf works with lower credenzas to provide additional storage areas. ❗ Layering Shelves cannot be stacked. ❗ Cannot add a hutch on top of a layering shelf.

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE
Stacked Paper Management 32½″W x 12⅝″D x 4¼″H	**HLVPM2**	22	1.25	**$253**

NOTES: Segments and organizes stack-on and wall mount storage compartments, as well as bookcase shelves. Unit can be used in Models H105327, H10534, H105322, H105321, H105382 and H105381.

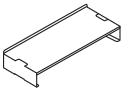

Available in Black finish only, no specification needed.

In some cases, installation of Stacked Paper Management may require removing the stack-on or wall mount storage doors.

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY PAINT GRADE P1	P2	P3
Hanging Paper Shelf 28¹⁄₁₆″W x 11⁷⁄₁₆″D x 4⁵⁄₁₆″H	**HHPS1**	7	2.9	**$308**	**$321**	**$333**

NOTES: Attaches quickly and easily (screws included). Maximizes worksurface space; de-clutters desktop while placing priority communications and active project folders within easy reach. Angled design allows contents to be distinguished at a glance. Mixed material styling features strong painted metal frame with a frosted shelf.
Attaches quickly and easily to laminate stack-on and wall mount storage models (except the 36″W Voi® overhead hutch with O-legs or panel mount brackets). Not for use with 38000 Series™ and Systems.
Specify: Model.Paint
SPECIFYING EXAMPLE: HHPS1.T1

Desktop Paper Shelf 28¹⁄₁₆″W x 11⅝″D x 5″H	**HDPS1**	7	2.9	**$308**	**$321**	**$333**

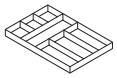

NOTES: Desktop Paper Shelf and Storage Terrace include protective, non-slip pads on the base. Paper Shelf can stack two-high. Organizer shelf provides a place and space for work-in-process and piling to keep worksurfaces neat and tidy. Convenient, scalable design with interlocking side supports allow two units to be stacked and integrated. Durable painted metal frame with a frosted shelf; mixed material styling matches hanging paper shelf.
Can also be used inside select overhead storage, including the following stack-on with clearance and hinged door models: 10500 and Valido 36″, 42″, 66″, 72″, 78″W.
Specify: Model.Paint

INTERLINK IQ ELECTRICAL

Specification guide for IQ Electrical on Training tables

Determine table width, the type of power access being used (3″ grommet or 4x8 pop-up) and the desired number per table (Columns 1, 2 or 3). The table will then identify the type and quantity of components needed per table along with the maximum table run. Note that this is in addition to the Power base in-feed which is needed for each run. For example, a 48″W table with two 3″ power grommets per table will require (1) HQH5-3 harness and (1) HQH1-3 harness per table with a maximum run of four tables.

Top Width	**POWER ONE (1) PER TABLE** 3″ ROUND POWER GROMMET		**POWER TWO (2) PER TABLE** 3″ ROUND POWER GROMMETS		**POWER ONE (1) PER TABLE** 4x8 POP-UP PORT	
36″	(1) HQH5-3	**8** Table Run Maximum	N/A	N/A	(1) HQH5-P	**8** Max Table Run

Half-Round (all sizes)	(1) HQH1-3	**2** Tables Maximum	N/A	N/A	(1) HQH5-P	**2** Max Table Run
Trapezoid (all sizes)	(1) HQH5-3	**8** Table Run Maximum	N/A	N/A	(1) HQH5-P	**8** Max Table Run

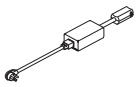

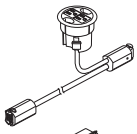

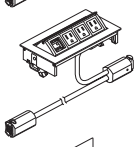

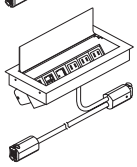

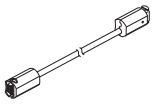

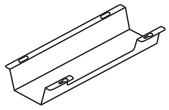

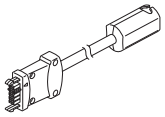

NOTES:

- Interlink IQ Electrical is a pluggable, single circuit electrical system.
- All electrical models include wire management clips and hardware.
- Interlink IQ Electrical is non-sequential/non-directional.
- Interlink IQ Electrical is UL Recognized as a Powered Table System and meets the requirements of UL 962 when paired with Motivate® or Huddle tables.

! 40′ maximum run, or no more than 8 units, whichever comes first. Interlink IQ system will automatically shut off if maximum requirements are exceeded. Maximum run is based upon electrical harness width, not table width.

4-TRAC HARDWIRE ELECTRICAL SYSTEM

4-Trac Electrical System

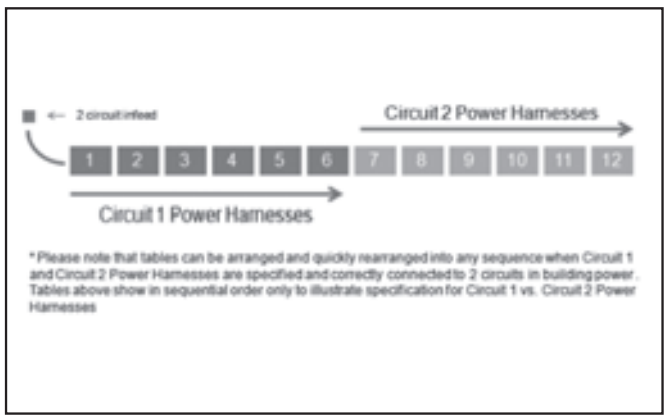

The 4-Trac Electrical System is a UL-recognized Manufactured Wiring System that seamlessly passes power from one worksurface to another. This low-profile non-sequential electrical system allows tables to be "daisy-chained" together in any desired order and allows users to reconfigure quickly due to simple connectable/disconnectable links.

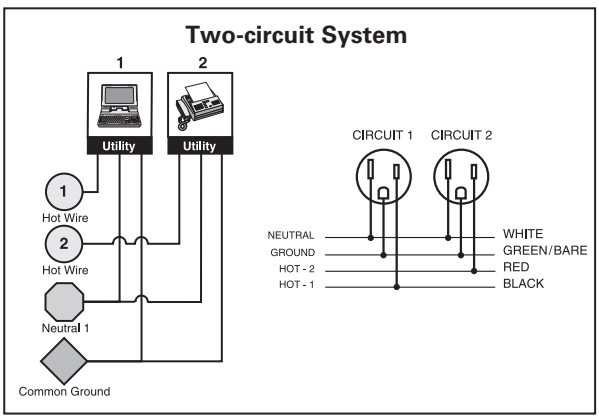

- Meets requirements of UL 183 and National Electric Code Article 604
- 4-Wires, 2-circuits, 20 Amps each (Circuit 1 and Circuit 2 only)
- 13 Duplex Receptacles per circuit, 26, 15 Amp Duplex receptacle per power in-feed
- Electrical system attaches directly to underside of worksurface with included brackets
- Up to twelve tables can be linked together

Steps for Electrical Specifications:

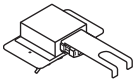

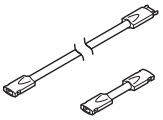

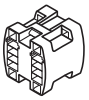

- Determine how many rows of tables are needed and order the following:
  - One HMAPLATE per row (or power in-feed)
  - One HMACABLE per row (or power in-feed)
- Order one power harness per table in each row
  - For 1-6 tables in a row (see illustration 1)
    - Order Circuit 1 Power Harnesses (ex. If powering six 24x60 tables order six sets of HMAPOWER60)
  - For 7-12 tables in a row (see illustration 1)
    - Order Circuit 1 Power Harness for first six tables and Circuit 2 Power Harness for remaining tables (ex. If powering eight 24x60 tables, order six sets of HMAPOWER60 and two sets of HMAPOWER602)
- Order one set of ganging hardware per table (ex. HMAGANG)
- Determine which accessories are needed:
  - Power Hub model HGRMTAC — to access power at worksurface.
  - Data Grommet model HGRMTDATA — to access data at worksurface.
  - Wire Management strips model HBTMS — for vertical and horizontal wire management.

POWER & CABLE MANAGEMENT

	DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE
 *Black only*	**Black Field Installable Grommet with One Access Hole** • Intended for use in tops and end panels to route/hide cords and facilitate reaching wall electrical outlets. • Requires a 2½″ diameter hole saw and drill for installation (not included). • Grommet cap measures 3″ diameter and includes a ¾″ diameter cord access hole. • Grommet sleeve measures 2½″ O.D. x ¾″ thick. • Includes instructions to locate grommet position for desks, credenzas, returns and bridges. ❗ The grommet is not designed to be used with the following HON Series: 94000, 38000, Metro Classic or 34000.	**HFLDGRMT**	0.1	0.01	**$52**
	**Black Field Installable Grommet with Two Access Holes** • Requires a 3″ diameter hole saw and drill for installation (not included). • Grommet outside dimensions measures 3½″ diameter. • Grommet sleeve measures 3″ O.D. x 1″ thick. • Includes instructions to locate grommet position for desks, credenzas, returns and bridges.	**HFLDGRMT3**	0.1	0.3	**$52**
	**Platinum Field Installable Grommet with Two Access Holes** • Requires a 3″ diameter hole saw and drill for installation (not included). • Outside dimension measures 3½″ diameter. • Sleeve hole in worksurface measures 3″ O.D. x 1″ thick. • Includes instructions to locate grommet position for desks, credenzas, returns, and bridges.	**HFLDGRMT4**	0.1	0.01	**$52**
	**Power Hub, 3″ Grommet Mount, 6′ Cord** • Fits in 3″ round grommet holes. • Two grounded AC power outlets. • Includes 6′ cord with three-prong plug. • Field installed with Plug-and-play ease. ❗ Available in black only *(no color designation so use .X – Specify: HGRMTAC.X).*	**HGRMTAC**	1.3	0.2	**$193**
	**3″ Round Power Grommet – 2 Outlets, 10′ Cord** • Includes 10′ cord with three-prong plug. • Fits in 3″ round grommet holes. • Two grounded AC power outlets. • Field installed with Plug-and-play ease. NOTES: Power Modules will also work with standing-height applications for 10500 Series™ and Voi® desks. Optional Memory Control allows preset worksurface heights for consistency. Ships separately. Dynamic load capacity when worksurface is moving is 300 lbs. ❗ Available in black finish only, no specification needed.	**HGRMTAC2**	1.5	0.2	**$227**
	**Power/USB Hub, 3″ Grommet Mount** • One grounded AC power outlet with 1 USB-A, 1 USB-C ports. • UL Listed. ❗ Available in black only *(no color designation so use .X – Specify: HGRMTUSB2.X).* ❗ Not compatible with Arrange® tables.	**HGRMTUSB2**	1.3	0.2	**$342**
	**Data Grommet** Blank grommet kit that includes adapters for a variety of manufacturers jacks and couplers. • Fits in existing 3″ round grommet housing. ❗ Available in black only. *Specify P when ordering. Example: HGRMTDATA.P.*	**HGRMTDATA**	0.2	0.2	**$38**

POWER & CABLE MANAGEMENT

Icon Legend on page 19

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY PAINT GRADE P1	P2	P3
Cable Management Troughs						
17″W — Single	**HPWRTRGH17**	2.7	0.5	**$103**	**N/A**	**N/A**
36″W — Single	**HPWRTRGH36**	4.9	0.9	**$171**	**N/A**	**N/A**

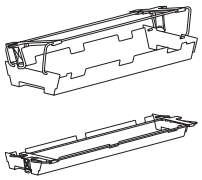

- Metal cable management troughs ship flat packed.
- The troughs attach to underneath the worksurface with screws.
- Cutouts in trough allow access to power without the need to detach from surface. 17″W = 1 cutout; 36″W = 2 cutouts.
- TAA Compliant.

Graphite only, no specification needed.

SPECIFYING EXAMPLE: HPWRTRGH17

Flip-Down Wire Management Troughs						
20″W	**HFDTRGH20**	4.5	0.8	**$281**	**N/A**	**N/A**
32″W	**HFDTRGH32**	5.5	1.1	**$322**	**N/A**	**N/A**

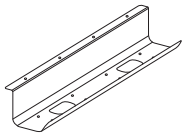

NOTES: Mounts beneath a worksurface. Flips open towards user and shuts close. Used to conceal extra cord length and power strips. May be used in conjunction with quad tap unit HPWR4TAP to reduce the number of cords routed from a worksurface to a beam. For any worksurface less than 58″W, a 20″W Flip-Down Trough is recommended. For worksurfaces 58″W and wider, a 20″W or 32″W Flip-Down Trough may be used. Only HKTSHORT keyboard tray is recommended for use in conjunction with the Flip-Down Trough.

Available in Black only, specify "P" for finish option.

SPECIFYING EXAMPLE: HFDTRGH20.P

Cable Management Tray						
24″	**HJTRGH24**	2.0	0.5	**$107**	**N/A**	**N/A**
36″	**HJTRGH36**	3.0	1.3	**$130**	**N/A**	**N/A**

Black only

Available in Black only.

SPECIFYING EXAMPLE: HJTRGH24.P

Vertical Wire Management Vertebrae	**HMPVWM28**	3.0	0.3	**$336**	**N/A**	**N/A**

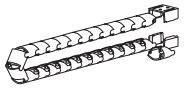

NOTES: 30″H x 3 1/16″W x 1 1/2″D. Ships unassembled.

Clear finish. Specify "X" for finish option.

SPECIFYING EXAMPLE: HMPVWM28.X

Cord Management Chain						
Cord Management Chain is 36″ long	**HPWRSNK36**	2.0	0.3	**$329**	**N/A**	**N/A**

NOTES: Conceals and routes cords on Height Adjustable Table. Pairs with Coordinate™. Includes two mounting brackets, mounting hardware and double-sided VHB tape. Top bracket connects under height adjustable worksurface, bottom bracket can connect underneath Gravitation™ power rail with double-sided VHB tape. Material is plastic.

Available in White (DW), Silver (TI), and Black (BL), specify desired plastic finish.

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY PAINT GRADE P1	P2	P3
2-Stage Metal HAT Telescoping Wire Chase	**HHATPWRMOD2S**	5.6 S	0.6	**$1172**	**$1203**	**$1218**
3-Stage Metal HAT Telescoping Wire Chase	**HHATPWRMOD3S**	5.6 S	0.6	**$1199**	**$1232**	**$1249**

- Metal Telescoping Chase available in the same paint finishes as Coordinate™ HAT bases, specify desired paint finish.

NOTES: 2 and 3-stage Metal HAT Telescoping chases include an Above/Below Power Module and a metal telescoping chase to conceal coiled cord on the Above/Below Power Module unit. Four feet of straight cord length extends from the base of Telescoping Chase. Telescoping Chase solution provides power access above and below the worksurface on Coordinate™ Height Adjustable Tables while concealing cord slack. Telescoping chase matches profile of Coordinate™ HAT leg and rises up and down with the unit. To match Metal Telescoping Chase to HAT base, specify matching paint color to HAT base.

SPECIFYING EXAMPLE: HHATPWRMOD2S.AC.DWT.PJW

Fabric Elastic HAT Wire Chase	**HHATPWRMODF**	3.6 S	0.3	**$1080**	**$1101**	**$1111**

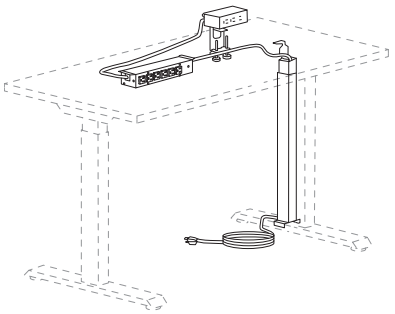

- Fabric Chase comes in Light (LGT), Medium (MDD), and Dark (DRK) fabrics, specify desired fabric.
- Fabric HAT mounting brackets available in the same paint finishes as Coordinate™ HAT bases, specify desired paint finish.

NOTES: Fabric Elastic Chase includes an Above/Below Power Module and a fabric chase to conceal coiled cord on the Above/Below Power Module unit. Four feet of straight cord length extends from the base of Fabric Chase. Fabric Chase solution provides power access above and below the worksurface on Coordinate™ Height Adjustable Tables while concealing cord slack. Works on either 2-stage or 3-stage HAT bases. Fabric chase wraps around coiled cord and stretches up and down with a Coordinate™ HAT leg. To match Fabric Chase's metal mounting brackets to HAT base, specify matching paint color to HAT base.

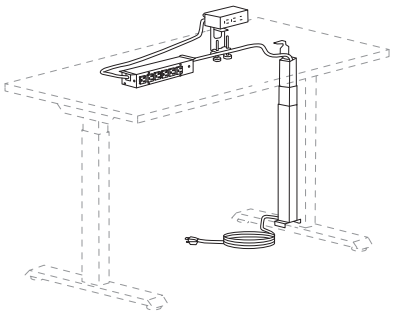

SPECIFYING EXAMPLE: HHATPWRMODF.AC.DWT.LGT.PJW

NOTES:

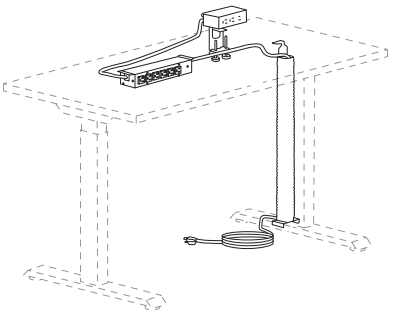

- Desktop power module comes with 2 receptacles, 1 USB-A, and 1 USB-C port only, specify "AC."
- Desktop power module available in White (DWT) or Gray (DGY) finishes, specify desired finish.
- Under worksurface power strip comes with 6 receptacles and is available in Black only, no specification needed.

NOTES

SEATING FUNCTIONS

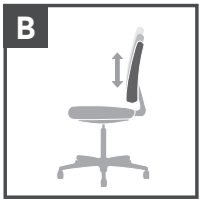

Work/task chairs need to be adjusted to deliver optimum support. Cross-reference the letter key below to identify the chairs in this section that best meet your needs.

PROPORTIONAL ADJUSTMENTS

These controls adapt the dimensions of the chair to fit the user.

A. Pneumatic seat height adjustment — Regulates height of chair relative to floor.

B. Back height adjustment — Positions lumbar support within a fixed range.

C. Seat depth adjustment — Positions chair back relative to seat.

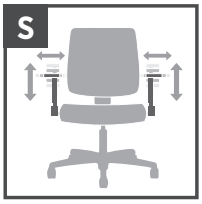

D. Seat slide mechanism — Seat cushion travels forward and back, then locks into position.

ARM OPTIONS

These adjustments accommodate different sized users and support keyboarding.

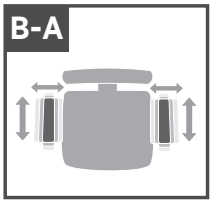

Q. Adjustable height arms — Provide improved upper-torso support. Can be adjusted periodically to relieve strain and provide variety.

S. Height and width adjustable arms — Controls both height and width of arms for optimum comfort.

T. Loop arms — Largely specified for aesthetics. Frequently used in management settings.

B-A. All-adjustable arms — Arms adjust in height, width, and depth.

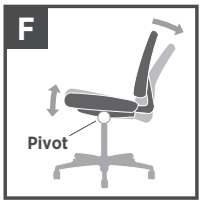

SEATING FUNCTIONS

POSTURE CONTROLS

The controls modify the position and angle of the seat and back to respond to changing tasks.

E. 360° Swivel

F. Tilt — Pivot point located directly above center of chair base.

G. Mid-range knee tilt — Pivot point located slightly ahead of center of chair base. Allows user to recline at a slightly more relaxed angle than conventional tilt.

H. Knee tilt — Pivot point located near front edge of chair. Allows user to keep feet flat on floor while chair reclines.

I. Synchronized knee tilt — Back reclines at a 2-to-1 ratio to seat angle. Pivot point located near front edge of chair.

J. Synchro-tilt — Back reclines at a 2-to-1 ratio to seat angle. Allows user to recline while keeping seat cushion relatively level to floor.

K. Tilt tension — Controls rate and ease of recline.

L. Tilt lock — Locks out tilt function.

M. Posture mechanism/ lock — Back angle adjusts independently of seat, and can be locked in an infinite number of positions within a fixed range.

N. Multi-task control — Adjusts seat and back angles independently with a single lever (infinite locking within a fixed range).

O. Asynchronous control — High performance system with three levers to modify: angle of back relative to seat, tilt (free float or infinite locking) and forward tilt.

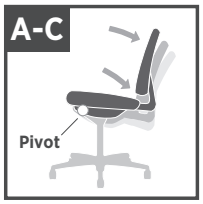

P. Weight-activated synchro-tilt — Back reclines at a 2 to 1 ratio to seat angle. Tilt tension automatically adjusts to user's body weight as user reclines.

W. Integral lumbar support — Easily adjusts to enhance comfort.

X. Dual-clutch posture control — Adjusts seat and back angles independently with two levers (infinite locking within a fixed range).

A-C. Synchronized tilt — Back reclines at a 2.5 to 1 ratio to seat angle. Variable lock.

A-D. Side tilt tension — Controls rate and ease of recline. Conveniently located on the right side.

A-E. Back reclines at a 2 to 1 ratio to seat angle. Back angle adjusts independently of seat and can be locked in infinite number of positions within a fixed range.

*Flock® chair model HFLRC1 has fabric limitations, please see the Flock® seating pages 366-373 for details.
**Denver Leather (SS) may not be available on every model within a specific series, please refer to the model's page for details.
***Pebble available on Endorse® Task as seat option only.

ORDERING INFORMATION

- Seating pages are now arranged in alpha, then numeric, order.
- **All specifications in this publication are based on the latest product information available at the time of print.**
- COM Ordering Information and pricing on page 13.
- Remember to add an FC to the base model number when fire code fabric is selected. See page 274 for available models/fabrics.
- Wood components are well-seasoned select hardwoods, chosen for their strength, their ability to machine well and their superior uniformity of stain and finish.
- Chairs with leather feature matching vinyl backs and vinyl seat bottom when applicable (Non-contact areas are vinyl).

Note: Gathers and creases may be more visible with AI and OP fabrics due to the inherent design and construction of these fabrics. Harvest, Cognac, Natural Maple, and Pinnacle de-emphasized for Park Avenue® and Pillow-Soft® Seating.

FIRE CODE/COMPLIANT SEATING

FIRE SAFETY

Definitive Protection — CAL TB 117-2013

- TB 117-2013 — The State of California, Department of Consumer Affairs, Bureau of Electronic and Home Appliance Repair, Home Furnishings and Thermal Insulation (BEARHFTI) Technical Bulletin (TB) 117-2013 is the industry flammability standard for upholstered furniture, and provides methods for smolder resistance of cover fabrics, barrier materials, resilient filling materials, and decking materials for use in upholstered furniture.
- The fabrics and resilient filling materials used in upholstered seating manufactured by The HON Company meet or exceed the flame retardant requirements of State of California TB 117-2013. The label attached to the seat bottom indicates compliance with these requirements.

Elevate Fire Safety to a Higher Standard — CAL TB 133

- The State of California announced in January 2019 that Technical Bulletin (TB) 113, The Flammability Test Procedure for Seating Furniture for Use in Public Occupancies has been repealed effective January 22, 2019.
- While the CAL 133 standard has been repealed, a select subset of The HON Company's most popular chair models are still available in an array of fabrics that include an advanced barrier of fire protection to help comply with CAL 133 requirements.
- To ensure that the chairs you order comply with CAL 133, specify one of the fabrics listed below. Then simply add "FC" to the model number when ordering one of the select available models. A standard upcharge of $93 will be applied per seat model for all single seat chairs.
- **SPECIFYING EXAMPLE: HIWMMFC.Y2.A.H.IM.CU10.NL.SB.T**

NOTES:

- Creases and gathers may be visible with CAL 133 Fire Code seating due to the construction of the fire barrier material used.
- Please refer to each model's page for specific fabric availability.
- Contact HON Tailored Solutions Team for all other requests.

Accommodate® Café-Height Stools shown in Centurion Black.

ACCOMMODATE®

The key to designing a collaborative environment is to support productivity throughout the space. From waiting areas and cafés to meeting spaces and offices, Accommodate creates opportunities for people to get work done in a comfortable, casual setting. Cluster together. Form neat rows. Stack four high. With guest and bariatric chairs, as well as café and counter-height stools, Accommodate brings greater comfort, versatility and continuity throughout your space with a seating collection that adapts to your environment, people and budget.

FEATURES

- Thin profile seat cushion conforms to your body.
- Contoured back ergonomically supports the spine.
- Chairs can stack up to four high.
- Chairs can gang together to form neat rows.
- Waterfall seat edge enhances leg circulation.
- Lightweight frame is easy to move.
- Nylon glides slide effortlessly on hard surfaces.
- Tube rolled steel frame adds durability.
- Wall-saver design protects walls and cabinets.
- Warranted for users up to 300 lbs. (Models HSB50 and HSB50DF are warranted for users up to 500 lbs.)
- Available in Seated-, Counter-, and Café-heights.

Astir™ Seating shown with Birk™ Tables and Acoustic Solutions by Unika Vaev.

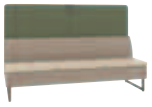

ASTIR™

Astir™ answers the call for soft seating solutions while providing separate work spaces and sturdy posture support for those looking to step away from their desks. The line provides a soft yet upright sit to keep employees engaged and working comfortably at a table setting. High-back and side options help keep private conversations private — so teams don't have to be confined in close quarters, such as a conference room. And a unique, single-seat style with high screens on three sides creates a quiet, secure, and comfortable space for individual focus.

FEATURES

- Seat height and back angle are scaled for more of an upright working posture.
- Choose from One+, Two-, or Three-Seat Lounges in low- or high-back options.
- High-back screens available in knit mesh or fabric options provide visual privacy on back and sides.
- Fabric high-back screen option available in cleanable fabrics (see HON's cleaning guide for instructions).
- Choose from three different leg styles to customize your look.
- Two- or Three-Seat Benches add extra seating for commons or reception areas.
- Pouf model functions as both impromptu seating and a place to kick up your feet.
- Replaceable seat cushion enhances comfort and cleanability, and allows for easy changing.
- With the multi-fabric options, seat cushion and frame can be specified in different fabrics for a modern aesthetic.
- Add an optional power module to route power directly underneath the seat.

ASTIR™ Finish Options

MULTI-FABRIC COM YARDAGE

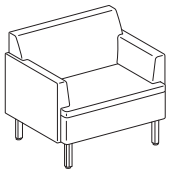

Due to fabric pattern nesting and potential reduction of fabric yield, some multi-fabric models may require more total yardage than standard models.

	72″W Corded In-feed	**HTPCIF72**	5	0.3	**$405**
	NOTES: Corded in-feed ships with (1) 4-way splitter, (1) 4-way splitter mounting bracket, (1) conduit clip, and (1) in-feed. Utilizes standard 3-prong plug for easy setup and installation. Use with circuit 1 harnesses only. Corded in-feed not UL listed.				
	**Triplex Hardwire In-Feed**				
	48″W Hardwire In-feed	**HTPHWIF72**	5	0.3	**$330**
	NOTES: Hardwire in-feed ships with (1) 4-way splitter, (1) 4-way splitter mounting bracket, (1) conduit clip, and (1) in-feed. Hardwire in-feed must be installed by a licensed electrician.				
	**Triplex 4-Way Splitter**				
	4-Way Splitter	**HTPSPLIT**	5	0.3	**$101**
	NOTES: 4-way splitter utilized in instances where one power harness feeds into 2-3 power harnesses.				
 *Model HUPWRMOD.AC.S shown*	**Dean Power Modules with Under-Worksurface Mounting Bracket** • 2 receptacles, 1 USB-A, and 1 USB-C (AC). • Power cord choices include a 10′ Straight (S), 5′ Interlink (I), 10′ Hardwire (H), and 10′ Chevron Fog and Storm Braided (B) cord. • Available in Snow (SNW), Storm (STRM), and Black (BLK). • Under-worksurface mounting bracket models work with any top that has a 5″ x 5″ square clearance. • UL Listed. **Specify .S or .B cord options SPECIFYING EXAMPLE: HUPWRMOD.AC.S.BLK**	**HUPWRMOD**	4.5	0.2	**$562**

NOTES:
- Triplex is a 4-trac system with 3 connected simplexes per harness.
- Choose either a corded or hardwire in-feed.
- UL listed as a manufactured wiring system (UL 183) when hardwire in-feed is used.
- cUL Certified for Canada with hardwire in-feed.
- Hardwire in-feed complies with municipal standards such as in New York, Los Angeles, and San Francisco. However, it is customer's responsibility to verify local code compliance.
- Plug in any standard 2- or 3-prong plug accessory to triplex simplexes to get power to where you need it most.

Cambia Upholstered Back Guest Chairs shown with Preside® table.

CAMBIA™ 2160 SERIES

Cambia's comfort and style is a warm invitation for any guest or coworker. With two back variations and arm options, this is a guest chair collection designed to adapt. Each back option offers a choice of a wood slat design or upholstered panel to suit any space or personal taste. Choose from eight rich hardwood finishes and hundreds of quality HON fabrics to express your style and reflect your brand.

FEATURES

- Wood slat back panel complements a variety of surroundings.
- Upholstered seat and back features cushioning for additional comfort and support.
- Personalize your space with a choice of back styles.
- Fixed arms provide support and take pressure off the upper body and shoulders.
- Solid hardwood in one of eight attractive finishes.
- Available in hundreds of quality HON fabrics.
- Warranted for users up to 250 lbs.

AVAILABLE FINISHES

Cambia™ 2160 Series Seating is available in 8 wood finishes.

WOOD FINISHES
Bourbon Cherry (H)
Cognac (COGN)
Harvest (C)
Mahogany (N)
Mocha (MOCH)
Natural Maple (D)
Pinnacle (PINC)
Shaker Cherry (F)

Due to wood being a natural material, color may differ between pieces. Stains will be tonal matches and will not replicate the grain contrast of the coordinating laminate. Prolonged exposure to sunlight can affect the appearance of wood furniture, leading to variations in hue and tone.

Cipher™ Seating.

CIPHER™

From important client consultations to project planning to impending deadlines, busy professionals are required to meet more than a few expectations throughout the day. That's why easy support and intuitive performance should be status quo when it comes to your office chair — and Cipher™ seating goes above and beyond. With intuitive functionality and customizable controls, this smart, streamlined seating solution lets you focus on the task at hand instead of distracted by clumsy mechanisms and constant adjustments. A thoughtful natural leader, Cipher™ moves with you to meet the demands of the day so you can concentrate on what lies ahead.

FEATURES

- Crack the code to productivity with intuitive functionality and thoughtful design.
- Keep things simple with an integrated weight-activated control that automatically adjusts to you as you move.
- Personalize your sit with independently adjustable lumbar support, customizable for user height and pressure preferences.
- Add a pop of color with nine Colorwav™ accent options.
- Get the look you want with nine contrast stitching color choices or a fabric-matched stitch.
- Elevate your aesthetic with a thin, modern profile and open back design.
- Find the right fit for your space with three different cylinder height options.
- Stay cool with 4-Way Stretch Mesh flexes in every direction to dynamically move with you — available in 7 colors.
- Choose from 3 frame options: Salt, Charcoal, and Black.

Cliq™ Seating shown with Empower® Benching.

CLIQ™

Some of the best work results from a collaborative effort. That's why Cliq brings people together. Designed with a weight-activated control that responds to your body and its movements, Cliq just gets you — providing instant comfort without a lot of adjustments. It's light-scaled for a modern look that's also easy to maneuver around wherever the group discussion takes you. Available as a task chair or stool, Cliq features a wide selection of fabric choices and frame and mesh colors. Intuitive, stylish, and supportive — it just clicks with any collaborative environment.

FEATURES

- Intuitive functionality and design provides comfort and support without the need for multiple adjustments.
- Weight-activated control automatically adjusts to you as you sit.
- Thin profile offers a modern aesthetic, while a wide range of fabric choices ensures the perfect look within any space.
- 4-Way Stretch Mesh flexes in every direction to dynamically move with you — available in 7 colors.
- Choose between fixed arms or armless to get exactly the look you want.
- Task Chairs are available with a conference cylinder or task cylinder so you can choose the chair that best fits your space.
- Task Stools feature an adjustable footring for additional lower body support.
- One-touch seat height adjustment easily moves the seat up and down.
- Choose from 3 frame options: Black, Titanium, and Designer White.

Gold

Cofi™ Seating shown with Preside® and Acoustic Solutions by Unika Vaev.

COFI™

You never get a second chance to make a first impression — so why not make a memorable one with Cofi™? This eye-catching seating solution supports individual needs throughout the day with its upscale design and easy control mechanisms. Fine stitching, premium materials, and endless customization options make it easy to celebrate your unique style — and with its thoughtful detailing, and contemporary back, finish, and fabric choices, closing the deal has never been more stylish or sophisticated.

FEATURES

- Get your choice of an Executive or Managerial back.
- Amp up your aesthetic with three different back stitch details — Channel, Quilt, or Solid.
- Color your world with nine contrast stitching color choices.
- Elevate the look with polished aluminum arm and base options.
- Get comfortable with height and width adjustable arms or all-adjustable arms for additional pivot support.
- Make the most of your conference room meetings with simple functionality and comfort.
- Go contemporary with a thin, tapered profile.
- Achieve a signature look with premium detailing and elevated design.
- Find your ideal sit and fit with three handy control mechanisms.
- Clean things up with a fabric-matched thread option.
- Add a little luxury with multi-fabric and contrast stitching choices.

Confer™ Seating shown with Preside® Table and 10500 Series™ Desking.

CONFER™

Confer™ — HON's sculptured, mid-century modern approach to guest seating — has a persuasive offer on the table. Not only does this graceful chair pair beautifully with the HON casegoods portfolio, it lends a retro contemporary aesthetic and reliable durability to a variety of spaces.

FEATURES

- Designed to support user functionality, Confer's integrated back handle makes reconfiguration simple and straightforward.
- Angled back legs are thoughtfully crafted to protect your walls from damage.
- Sloped arm design offers a comfortable, supportive sit.
- Multiple back styles — upholstered back, wood back with pad, and wood back.
- Choose from arm or armless models.
- Multi-fabric option available in upholstered back and wood back with pad options.
- Constructed of hard maple wood.
- Available in 18 wood stains that tonally match existing laminates.
- Ships fully assembled.
- Full lifetime warranty.

Convergence® Task Seating shown with Preside® Table.

CONVERGENCE®

What happens when support and affordability come together? Convergence. This is the task chair that is as attainable as is it comfortable with customizable features. Lumbar support that adds a little extra lower back comfort. Thick seat cushions to take the stress off the lower body throughout the day. Arm choices that let you decide how much upper body support you want. A breathable mesh back that flexes and responds to your movements. Convergence puts all the features you're looking for into one low-priced task chair.

FEATURES

- Choice of swivel tilt or synchro-tilt control with seat slide.
- Black mesh back is breathable for all-day comfort and support.
- Comfort options include adjustable lumbar support, adjustable arms, seat glide and synchro-tilt.
- Three arm options.
- Two control options.
- Integrated handle on the back makes it easy to move and reposition the chair.
- Hard casters move effortlessly on any surface.
- Black frame sits atop a durable five-star base.
- Warranted for users up to 275 lbs.
- 3" thick seat cushion.

Etch™ Seating.

ETCH™ CHAIRS

Designed for Every Angle. Versatile, vibrant, and built to adapt, Etch™ is the multipurpose chair that fits seamlessly into every corner of your workspace. Whether it's training rooms, collaborative cafés, or casual office nooks, Etch™ brings a fresh, functional presence wherever it goes. With its stackable frame, bold color options, and a unique perforated back that blends style with breathability, Etch™ is made to move—and made to match. Its true strength lies in unlimited optionality: endless configurations, endless possibilities.

FEATURES

- Perforated Shell allows for a flexible, comforting sit, uncommon in your traditional poly chair.
- Available in 4-leg, wire, or 5-star bases.
- Choose from seated, bar height, or counter height.
- The Etch™ perforated shell is available in 14 colors with 20+ complimentary frame paint options.
- Available in a full array of glide and caster options.
- Wire and 4-leg chairs can be stacked.
- Upholstery is available in all non-leather HON upholstery finishes on the seat.
- Warranted for users up to 300 lbs.

TASK CHAIR FEATURES

- One-touch height adjustment easily moves the seat up and down.
- 360-degree swivel provides freedom of movement in any direction.
- Warranted for users up to 300 lbs.
- Use of configurator tools is highly encouraged to visualize the endless customization offered with Etch™.

Want to see more? Scan here to check out hon.com.

Flexion™ Seating shown with Empower® Workstation and Contain® Mobile Pedestal.

FLEXION™

Multiple meetings and hands-on project planning requires hassle free seating — you need a chair that moves and adapts to your body and your day. Flexion™ features a versatile seat for versatile work. With a clean, nimble aesthetic and straightforward mechanisms, this flexible seating solution supports an on-the-go workstyle, with minimum adjustments and ample comfort.

FEATURES

- Get comfortable with weight-activated flex functionality that responds and adapts to you as you sit.
- Move around freely with 4-point seat suspension that allows for dynamic postures.
- Maximize your back and shoulder support with a back frame designed with torsion in mind to move and flex with you.
- Find the right fit with one-touch seat height adjustment.
- Take your pick of adjustable arms, fixed arms, or an armless aesthetic.
- Meet the needs of your space with 3 different cylinder height options.
- Stay cool with 4-Way Stretch Mesh — available in 7 colors.
- Choose from 3 frame options: Salt, Titanium, and Black.

Flock® Seating shown with Scramble™ Tables.

FLOCK®

Break away. Come together. Wherever people migrate within a space, Flock is designed to support their needs. With a full collection of modular and comfortable seating elements and coordinating collaborative tables that work seamlessly together, you can make the most of every square inch of your space. Modular lounge chairs and ottomans stand alone or combine to create large arrangements. Multi-purpose stools and chairs add comfort to open spaces. Collaborative tables bring the whole group together. Flock helps people interact with each other, challenge one another, and receive the support they need.

CHAIR FEATURES

- Round and square lounge chairs are fully upholstered.
- The contemporary aesthetic easily matches a variety of surroundings.
- Support everything from one-on-one conversations to large meetings.
- Choose from four leg options — standard, tapered round, tapered square, hard casters, or a 4-star base.
- Swivel, X-, or 4-star base options include return-to-center feature.
- 4-Leg guest chairs and counter- and bar-height stools available with both metal and wood legs.
- Available in hundreds of quality HON fabrics.
- Warranted for users up to 300 lbs.

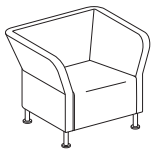

COLLABORATIVE TABLES

- Choose from round, square, rectangle, or racetrack shaped table tops.
- Optional grommets neatly route cords.
- Bases available in disc, T-leg, and X-leg styles.
- Choose bases with or without footrings.

L	**$706**	**$250**

NOTES: Due to the inherent design of the Round Lounge chair, material gathers will be present in the back.
Round Lounge models HFLRC1 / HFLRC1DF are offered in select fabrics; for availability, please see the Fabric Matrix on page 365. Also approved in limited Partnership Fabrics.

For multi-fabric models, start with the base price, then add the additional amount for the back and seat from the corresponding matrix to determine the final list price. Choose any combination of fabric grades for the back and seat.

Example: HFLRC1DF base price ($2884) + Grade 2 back fabric (add $88) + Grade 4 seat fabric (add $86) = Total $3058
HFLRC1DF base price ($2884) + Grade 5 back fabric (add $299) + Grade 3 seat fabric (add $62) = Total $3245

HON Recommendation: HFLSC1DF.TS.PNS__.PNS__.PR8 - List Price $2993

Due to wood being a natural material, color may differ between pieces. Stains will be tonal matches and will not replicate the grain contrast of the coordinating laminate. Prolonged exposure to sunlight can affect the appearance of wood furniture, leading to variations in hue and tone.

Grove® Seating shown with Flock® Table.

GROVE®

Find a comfy place to put your feet up, huddle up, and power up. Grove is versatile lounge seating designed to help you greet, meet, focus, relax, and accomplish more. This change-of-pace collection delivers the comfort people crave, while encouraging focus and interaction throughout the workplace. Grove's attractive design is rivaled only by its flexibility. Models include a single seat, two-seat, three-seat, and two-seat with table — all with three arm style and two leg style options, as well as accessories that support connectivity and collaboration. Grove has the look you're going for, and the comfort and versatility people have been waiting for.

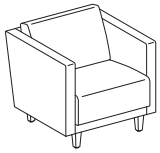

FEATURES

- Each model can be combined to create arrangements suitable for any space.
- Optional integrated worksurfaces create more personal space and provide a convenient worksurface.
- Design complements Flock ottomans and tables.
- Integrated power grommets keep laptops and phones powered up anywhere.
- The multi-fabric option coordinates two high-quality HON fabrics for a contemporary look.
- Choose from Single Seat, Two-Seat, Three-Seat Lounge, or Two-Seat with Table options.
- Choose from 3 arm options — Armless (N), Straight Arms (A), or Tapered Arms (B).
- Table available with two grommets and an accessory port option.
- Offers a table between the seats that provides separation and a usable worksurface.
- Warranted for users up to 300 lbs.

Reference Fabric Color Combinations on pages 20-25 for color codes. For additional HON to Supply COM fabric grade pricing, go to **hon.com** and click on the HON to Supply COM link.

For more details on Upholstery Pattern Match for this series, please see page 14.

Due to the inherent characteristics of upholstery materials, the seat of Grove® may become more relaxed to show wrinkles over time.

MULTI-FABRIC COM YARDAGE

Due to fabric pattern nesting and potential reduction of fabric yield, some multi-fabric models may require more total yardage than standard models.

GROVE® Accessories

HGRMTAC

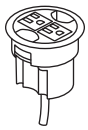

POWER HUB
3″ Grommet Mount, 6′ Cord

DIMENSIONS
Ship Weight: 1.3 S
Cube: 0.2

LIST PRICE
$193

NOTES: Fits in 3″ round grommet holes. Field installed with Plug-and-play ease. Two grounded AC power outlets. Includes 6′ cord with three-prong plug.
Available in black only *(no color designation so use .X)*

HGRMTAC2

3″ ROUND POWER GROMMET
2 Outlets, 10′ Cord

DIMENSIONS
Ship Weight: 1.5 S
Cube: 0.2

LIST PRICE
$227

NOTES: Power Modules will also work with standing-height applications for 10500 Series™ and Voi® desks. Optional Memory Control allows preset worksurface heights for consistency. Ships separately. Dynamic load capacity when worksurface is moving is 300 lbs. Includes 10′ cord with three-prong plug. Fits in 3″ round grommet holes on the following product lines: Coordinate™, Huddle, Motivate®, all laminate and veneer casegoods series, and Systems Worksurfaces. Two grounded AC power outlets. Field installed with Plug-and-play ease.
Available in black finish only, no specification needed.

HGRMTUSB2

POWER/USB HUB
3″ Grommet Mount

DIMENSIONS
Ship Weight: 1.3 S
Cube: 0.2

LIST PRICE
$342

NOTES: One grounded AC power outlet with 1 USB-A, 1 USB-C ports. UL Listed.
Available in black only *(no color designation so use .X)*

HFTTAL14

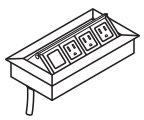

TABLET ACCESSORY
Laminate

DIMENSIONS
Diameter: 14
Height from Table Top: 10
Ship Weight: 6.0
Cube: 2.5

LIST PRICE
$626

NOTES: Use with Collaborative Cube and Cylinder tables for additional workspace. Attaches to tables through ports. Multiple port location options are available. Tablet pivots/swivels toward the user.

HTG1PWR-3P-1B

POP-UP PORT

DIMENSIONS
Ship Weight: 5.0 S
Cube: 0.3

LIST PRICE
$561

NOTES: Fits into 4″ x 8″ cutout. Specify G1 cutout in table top. Pop-up Port provides three power ports and one blank data receptacle. Sits flush with worksurface when closed. Finish is anodized aluminum. Includes 6′ cord with three-prong plug.

Ignition® Seating.

IGNITION®

People come in all shapes and sizes, which is why Ignition does as well. From guest and lounge chairs to executive seating, Ignition allows you to mix and match adjustment features, back height, lumbar, and other options to fit your chair to your needs. It's the easy, affordable way to furnish an entire workplace in style and comfort. Ignition fits who you are, where you work and how you work.

FEATURES

IGNITION® 2.0

- Choice of upholstered, 4-Way Stretch, Spectrum Mesh, or ReActiv® back options.
- ReActiv® back features zonal comfort that delivers optimal support and flexibility.
- The unique hammock-like inner support allows the upholstered back version to feature a slim profile and provide built-in comfort.
- Optional adjustable lumbar allows users to tailor their support.
- 8 different adjustable lumbar colors available on 4-Way Stretch mesh and ReActiv® task chair models.
- Passive movement back adjusts with you.
- Multiple arm options to accommodate user requirements.
- Available in 7 colors of 4-Way Stretch mesh, 22 colors of Spectrum Mesh, and 3 ReActiv® colors.
- Molded foam seat for better support and added comfort.
- Black, Titanium, and Designer White frame.
- Mesh seat option with waterfall seat available to reduce pressure points and provide breathability.
- Warranted for users up to 300 lbs., 450 lbs. for Big & Tall.

IGNITION®

- Ignition Series seating addresses the needs of the total office with Executive, Task, Stool, Guest and Lounge Seating Solutions.
- Three different back sizes, three different controls and multiple arm options to fit you and how you work.
- Back height adjustment moves the back up or down to fit various body sizes.
- Contoured back on multi-purpose seating offers greater comfort than typical stack chairs or stools.
- Warranted for users up to 300 lbs., 450 lbs. for Big & Tall.
- Multi-purpose chair stacks four high.

MAV™

Want to see more? Scan here to check out hon.com.

Mav™ Single Lounge shown with West Hill™ Seating and Scramble™ Coffee Table.

MAV™

With plenty of base, back, and seat options offset with mid-century flair and richly colored fabrics, the Mav Single Lounge Series is designed to function well in virtually any space. Whether it's configured for a multi-use zone, in a private office, or to stand alone as a statement piece, Mav is an ideal place for impromptu or collaborative gatherings, a quick break, or focused, heads-down work.

FEATURES

- Subtle seat and back contours and refined details create an inviting, contemporary aesthetic.
- Choose from a mid-back or high-back option.
- Contoured arms provide support and create a striking look.
- Armless models offer a range of seated postures.
- High-back models available with a 4-star metal base with return-to-center, 4-leg wood base, or 5-star base with swivel knee tilt.
- Mid-back models offered in 4-star metal base with return-to-center, 4-leg wood base, wire sled base, or 5-star base with swivel knee tilt.
- Multi-Fabric option — seat cushion and frame can be specified in different fabrics for a modern aesthetic.
- Ottoman lets you kick up your feet or use as impromptu seating.
- Seat cushion attaches with Velcro for easy cleaning or replacement.
- Available in a wide range of cleanable fabrics to achieve the perfect look (see HON's Cleaning Guide).
- Choose from 18 wood base or 4 metal base finish options.

Motivate® 4-Leg Stacking Chairs and Between™ Table.

MOTIVATE® CHAIRS

A presentation in the morning. A training session in the afternoon. Today's multi-purpose spaces are in constant flux, and need an adaptable seating solution that delivers instant comfort for all, while easily moving around to support various activities. Motivate task chairs, stacking/nesting chairs and guest chairs create a streamlined collection of seating that intuitively responds to your body's natural movements and curves. Whether sitting for five minutes or five hours, when you Motivate your team you put everyone at ease.

FEATURES

- Choose plastic, upholstered or 4-Way Stretch mesh back.
- Easily move chairs around the space for quick rearrangement.
- HMN1 nesting/stacking chairs stack four high on the floor.
- HMS1 sled base chairs stack 12 high on the floor or 40 high on a cart.
- HMS2 sled base chairs stack six high on the floor.
- Dynamic flex-zone motion in seat and back provides balance and lumbar support.
- Model HMT5 task stool features an adjustable footring.
- Plastic shell is available in 13 colors.
- Available in hundreds of quality HON fabrics.
- Warranted for users up to 300 lbs.

TASK CHAIR FEATURES

- One-touch seat height adjustment easily moves the seat up and down.
- 360-degree swivel provides freedom of movement in any direction.
- Warranted for users up to 300 lbs.

Nucleus® seating shown with Empower®.

NUCLEUS®

Experience comfort from the inside out. Nucleus® puts the science into seating, combining a sophisticated, high-tech aesthetic with meticulously researched ergonomic support. The mesh back flexes with the spine while the seat cradles you like a hammock, creating your very own custom fit with targeted support. The modern style features an organic, rounded look, making Nucleus® the family of seating that brings cool and comfortable together.

FEATURES

- Advanced suspension material in the seat combines with molded foam to create unparalleled support.
- Available in 7 colors of 4-Way-Stretch Mesh and 22 colors of Spectrum Mesh.
- Choose between armless, fixed arms, height and width adjustable, or all-adjustable arms.
- Task chairs are available in three different cylinder height options so you can find your perfect fit.
- Optional adjustable lumbar allows users to tailor their support — available in 8 colors.
- Choose from 3 frame options: Black, Titanium, and Designer White.
- Task Stools feature an adjustable footring for additional lower body support.
- Stacking chairs stack up to four high on the floor.
- Guest chairs are available with glides, hard, or all-surface casters.
- Warranted for users up to 300 lbs.
- Guest back pivots for added comfort.

Olson Stacker.

HIGH-DENSITY OLSON STACKER® 4040 SERIES

Adaptable spaces such as multi-purpose and training areas demand a chair equally flexible. Olson stacking chairs fit that bill with a lightweight frame that is easy to move throughout a space. Chairs stack up to 12 high on the floor or up to 40 high on their specially designed cart to maximize floor space when not in use. A convenient cutout in the back makes it easy to pick up and move, while the molded seat shells deliver surprising comfort. Olson stacking chairs ship in sets of four to accommodate large groups. With Olson, the benefits really stack up.

FEATURES

- Chairs ship four per carton.
- Contoured seat and back shell provide targeted support.
- Integrated lumbar support delivers long-lasting comfort.
- Integrated handle makes chair easy to carry.
- Optional ganging brackets connect chairs to form neat rows.
- Stacks up to 12 high on floor.
- Stacks up to 40 high on cart.
- Shell colors are CA Technical Bulletin 133 compliant.

Parkwyn™ Lounge Seating shown with Occasional Tables.

PARKWYN™

The Parkwyn™ series offers soft, comfort, ample support, and clean lines in a cozy reception area to welcome guests or in a shared space for collaboration. With a choice of a club chair, loveseat, sofa, and coordinating ottoman, this soft seating collection provides smart sophistication with a budget-friendly bottom line.

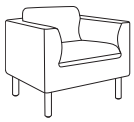

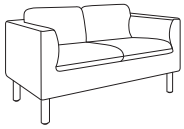

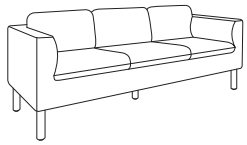

FEATURES

- Parkwyn's soft, contoured profile allows it to work in many settings including reception lobbies, collaboration areas, and private offices.
- Models include single-seat club chair, two-seat loveseat, three-seat sofa, and coordinating ottoman.
- Choice of black polyurethane with black metal legs or gray fabric with medium oak wood legs.
- Back cushions attach with integrated Velcro to maintain user support and comfort and retain long-term structure.
- Back cushions are removable for easy cleaning.
- Tall legs offer a contemporary look while making it easy to clean underneath.
- Simple, toolless assembly with the legs screwed in by hand, and easy movement with lightweight construction.
- Club chair and ottoman are small-package shippable.

PILLOW-SOFT® 2090 SERIES

Want to see more? Scan here to check out hon.com.

Pillow-Soft® Seating shown with 10500 Series™ desking.

PILLOW-SOFT® 2090 SERIES

Pillow-Soft chairs combine comfort, style and selection to deliver the ultimate seating experience. Each executive chair in the collection combines thick memory foam cushioning with built-in lumbar support to reduce fatigue and increase comfort. Besides the full body support, it adds an authoritative presence to the office. The plush tufted leather or fabric will add a touch of sophistication to your office.

FEATURES

- Responsive memory foam eliminates pressure points and provides lasting comfort.
- Loop arms relieve stress on the shoulder and neck.
- Fully-upholstered outer back.
- Memory foam seat cushion reduces pressure points and responds to contours of the body for lasting comfort.
- Task chairs come standard with pneumatic seat height adjustment, tilt, tilt tension and tilt lock.
- Dual-wheel casters roll effortlessly and silently.
- Warranted for users up to 300 lbs.
- H2095 model warranted for users up to 275 lbs.

Ruck™ Seating shown with West Hill™ Casual Lounge, Scramble™ Occasional Tables, and Unika Vaev Screens.

RUCK™

Easy on the eyes and even easier to move and stack, Ruck™ seating brings effortless style to working alone or together. Available in a variety of finishes in both seated and stool heights, Ruck clicks with its surroundings — whether that's in a collaborative area, café setting, or as a side chair in a private office. Crafted with gentle, molded contours, Ruck makes being on the edge of your seat a more comfortable place to be.

FEATURES

- Available in both a seated and stool-height option.
- Lightweight frame can be easily moved to rearrange seating configurations.
- Waterfall seat edge promotes better leg circulation.
- Glides move effortlessly on hard surfaces.
- Both the chair and stool stack six high on the floor to maximize space.
- Single-piece shell can be quickly wiped down for easy maintenance.
- Choose from 6 laminate and 4 veneer shell colors.
- Legs are available in a variety of finish options to match or complement other HON product lines.
- Backed by HON's industry-leading Lifetime Warranty.

Skip shown with Flock® Cylinder Table.

SKIP

It's hard to get creative when you're feeling all buttoned up. That's why workplaces are adding less formal, more dynamic spaces to foster greater creativity and connection between workers. Designed to put the fun back in functional, Skip seating offers an engaging, active sit that lets you rock a meeting — literally. When it comes to casual and collaborative seating that's as lively as it is practical, this chair doesn't Skip a beat.

FEATURES

- Built-in handle makes it easy to move around.
- Textured finish is durable, easy to clean, UV resistant, and suitable for outdoor sitting.
- Optional cushion stays in place but is not permanently affixed.
- Cushion fabric is easy to wipe clean.
- Hard plastic frame is multicolored.

SoCo™ shown with Sculpt™ Tables.

SoCo™

Today's busy professionals are taking meetings and project planning in a variety of different ways and places. SoCo™ is an intuitive modular lounge series designed to encourage the ease of both collaborative and individual work while supporting how people like to sit and get comfortable. Multiple shapes come together to create a wide range of configuration possibilities, from understated and sophisticated to fun and playful. Power is cleanly integrated within the design and is located where multiple users can access and utilize its functionality to stay connected. SoCo™ offers soft, comfortable support and a tailored aesthetic in spaces that allow you to get away from the workstation throughout the day.

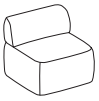

FEATURES

- SoCo™ supports dynamic collaboration and casual focused work with a soft, organic, tailored aesthetic that delivers comfort for a variety of sitting postures.
- Seven modular shapes work together to create unlimited linear and curvilinear configurations.
- A fully upholstered design with a multi-fabric seat/back option softens the corporate aesthetic.
- Optional plug-in or hardwire electrical is available on select shapes and supports both USB-A and USB-C compatibility.
- Dual-purpose glides allow two functions: without glide caps furniture stays in place; with glide caps furniture easily moves for reconfiguration.

For a complete list of fabrics, including partnership fabrics, go to hon.com/fabricsandfinishes.

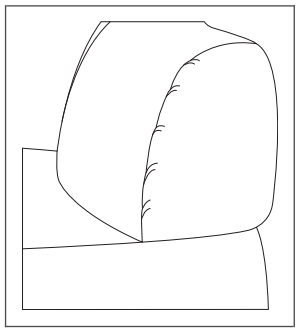

Reference Fabric Color Combinations on pages 20-25 for color codes.

Upholstery Expectations

Solid, non-patterned fabrics are recommended due to SoCo's curvilinear profile. HON does not pattern match fabrics that have a distinct linear or repeating pattern. It is recommended to choose from one of HON's many standard non-patterned fabrics. For more details on Upholstery Pattern Match for this series, please see page 14.

*Due to the inherent characteristics of upholstery materials, such as coated textiles and stiffer fabrics, and the curved nature of SoCo™, fabric may show some wrinkles along seams and may become more relaxed to show additional wrinkles over time.

Solve® Seating with Mod Desking.

SOLVE®

If you want to make a powerful statement, simply have a seat. With three back materials and an optional adjustable lumbar support, Solve answers the need for a higher level of personalization. Solve task chairs feature a geometric ReActiv® back to create a contemporary look, while the 4-Way Stretch mesh back offers a softer, more relaxed feel. The synchronized seat and back move in harmony with the user to provide continuous comfort that can be customized. Helping anyone achieve optimal balance, proper alignment and lumbar support, Solve is an ideal solution for everywhere and everybody.

FEATURES

- Synchronized seat and back create continuous comfort.
- Waterfall seat edge encourages leg circulation.
- Optional seat depth adjustment adapts to users of various heights.
- ReActiv® back design moves with your body to provide continuous support and airflow for lasting comfort.
- Available with three control types — synchro-tilt, synchro-tilt with seat slider and advanced synchro-tilt.
- Choose from four different arm options — armless, fixed, height- and width-adjustable or all-adjustable arms.
- Optional lumbar support delivers long-lasting comfort.
- Available with bell glides, hard casters or all-surface casters.
- Choose from 3 frame options: Black, Titanium and White.
- Available in seven mesh back and seven lumbar colors and thousands of fabrics.
- Warranted for users up to 300 lbs.

Soothe Guest Chairs and Tables.

SOOTHE®

Soothe offers the comfort and versatility to support a variety of healthcare and waiting environments. This family of patient and guest seats is constructed from durable materials and thoughtfully designed to be easily cleaned. The entire collection maximizes comfort along the patient's journey to recovery, enhances functionality for the caregiver, and creates the versatility required to deliver a higher level of care.

FEATURES

- Available in Charcoal Urethane arm caps.
- Wipeout space at the back of the seat allows for easy maintenance.
- Bench seating is available in two-seat or three-seat options.
- Choose one of eight frame finishes.
- Multi-fabric option offers endless color combinations.
- Chairs can be ganged together to create straight rows.
- Warranted for users up to 350 lbs. (Model HHCG50 bariatric chair warranted for 750 lbs.)
- Wall-saver design protects walls and cabinets.

AVAILABLE FINISHES

Versant® Seating is available in 8 wood finishes.

WOOD FINISHES
Bourbon Cherry (H)
Cognac (COGN)
Harvest (C)
Mahogany (N)
Mocha (MOCH)
Natural Maple (D)
Pinnacle (PINC)
Shaker Cherry (F)

Due to wood being a natural material, color may differ between pieces. Stains will be tonal matches and will not replicate the grain contrast of the coordinating laminate. Prolonged exposure to sunlight can affect the appearance of wood furniture, leading to variations in hue and tone.

Volt® Task Chairs and Stools shown with Voi® Desks.

VOLT®

Customizable comfort, distinctive styling and an affordable price point make Volt the family of task seating that supports your body and your budget. The stylish V-shaped back design can be specified in fabric, leather or breathable mesh, giving you more control over your look and feel. The personalized controls and generously proportioned seat and back deliver greater comfort, and are designed support to a wider variety of users. Volt delivers the look you desire, the comfort you demand, and the quality you expect. That's the power of practicality.

FEATURES

- Optional synchro-tilt control provides a smooth, natural recline.
- Optional height-adjustable arms provide a custom fit.
- Optional mesh back offers breathable support.
- Task stools feature an adjustable footring for additional lower body support.
- One-touch seat height adjustment easily moves the seat up and down.
- Tilt tension controls the rate and ease of recline.
- Tilt lock allows the user to lock out the tilt function.
- 360-degree swivel provides freedom of movement in any direction.
- Select models available in hundreds of quality HON fabrics.
- Warranted for users up to 275 lbs.

WEST HILL™ CASUAL LOUNGE SEATING

Want to see more? Scan here to check out hon.com.

West Hill™ Casual Lounge Seating shown with Scramble™ Coffee Table.

WEST HILL™

Whether you're a thought leader, innovator, or highly motivated team player, West Hill casual lounge creates an inviting space that inspires relaxed productivity, sustains concentration, and sparks creativity.

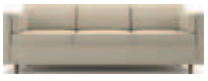

With solid construction, a multitude of back cushion styling, seating options from a single seat to three or more, and choices in leg styles, fabrics, and configurations, West Hill makes it easier to make your space exceptional.

FEATURES

- Contoured seat cushion design brings living room comfort to the work space.
- Choose between a Square Back or sink into a comfy Pillow Back cushion.
- Semi-attached back and seat cushions make replacement easy.
- Square, welted back cushion creates a modern look while providing casual comfort.
- The multi-fabric option allows you to specify up to three fabrics on one model.
- Select one of two square metal leg options or hardwood cone feet in one of 18 finishes.
- Order an optional Throw Pillow to add a little extra comfort or a splash of color.
- Cushion packs available in both Standard and Pillow Back, apply to both side and back applications.
- Each seat is warranted for users up to 300 pounds.
- Pair with Scramble™ Occasional Tables to complete the modern aesthetic.

For a complete list of fabrics, including partnership fabrics, go to hon.com/fabricsandfinishes.

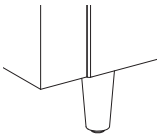

Reference Fabric Color Combinations on pages 20-25 for color codes.

*Because of the differing upholstery process for the standard back and pillow back options, these fabrics are not available as an option for the pillow back. Contact your HON representative for questions.

For more details on Upholstery Pattern Match for this series, please see page 14.

Due to the inherent characteristics of upholstery materials and the casual nature of West Hill™, fabric may relax to show wrinkles over time especially on the pillow back options.

LEG STYLE

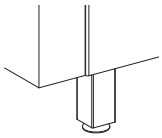

CODE	DESCRIPTION	PRICE
CW	Cone Wood	**+ $0**

Available in the following finishes:

LE878	Beigewood
H	Bourbon Cherry
COGN	Cognac
LE599	Field Elm
LFW1	Florence Walnut
C	Harvest
LKI1	Kingswood Walnut
LLA1	Lowell Ash
N	Mahogany

SM	Square Metal	**+ $62**

Available in the following finishes:

P7A	Textured Charcoal
P8V	Textured Titanium

WEST HILL™ Finish Options

MULTI-FABRIC COM YARDAGE

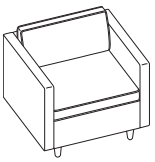

Due to fabric pattern nesting and potential reduction of fabric yield, some multi-fabric models may require more total yardage than standard models.

INFORMATION ON ORDERING PARTS

When parts are needed to repair HON products, the following guidelines should be followed to expedite the process.

1. Warranty orders are submitted on the Website at hon.com via the Quick Claim tool.
2. There are no discounts applied to parts. Pricing quoted is the net value. Parts pricing is subject to change without notice.
3. For a part not covered by warranty applicable shipping charges will apply.
4. All keys are $6.00 each plus a shipping and handling fee of $3.00 per shipping location.
5. Parts may be paid for with an approved credit card. Approved Cards: MasterCard, VISA and American Express.
6. Payment terms for invoiced parts are Net 30 days.
7. Due to short leadtimes on parts, no changes will be accepted after the order has been placed.
8. When placing a **warranty** parts order:

   If the product is under warranty, the product serial number must be provided. Most finished goods products have a serial number placed on them at the factory. The label containing the serial number is located:

   Vertical Files — right side of the uppermost drawer

   Lateral Files — left side of the uppermost drawer or shelf

   Desk Towers — outside of top drawer

   Desks, Credenzas, & Returns — on the outside, kneespace side of the top drawer. Fully extend the drawer to find it.

   Desks, Credenzas, Corner Units, Bridges, Peninsulas & Returns without drawers — underside of top

   Tables and Stands — underside of the top

   Table Trucks — underside of side rail

   Cabinets & Bookcases — left inner side of the case

   Modular Component Top and Backs — underside of top

   Modular End Panels — top inside surface

   Reception Stations — top inside surface of back panel

   Organizers — top inside surface of left end panel near back panel

   Vertical Paper Manager — back panel inside surface near top

   Pedestals — bottom drawer right side exterior

   Seating — underside of the seat

   Panels — underside of the top cap

   Hutches, Storage Units, Overhead Storage — underside of the shelf

   Hanging Bookshelves — underside of shelf

NOTE: Removal of the serial number tag from the product voids the warranty.

An important note regarding Product Serial Numbers:
HON desks, tables, chairs, files and systems components are tagged with a serial number. This number helps us identify *when and where your product was made,* and to identify and correct the root causes for the problem. NEITHER THE DEALER NOR THE CONSUMER SHOULD REMOVE THIS TAG UNDER ANY CIRCUMSTANCES. To do so immediately voids your Warranty coverage for that particular item *and prevents us from further identifying it.* Instead, please transcribe the number and call your Dealer.

NOTES

HON FULL LIFETIME WARRANTY INFORMATION

FULL LIFETIME WARRANTY

YOUR HON FULL LIFETIME WARRANTY

Every time you purchase a HON product, you're making an investment in your future. We're proud to play a part in that future, and you can trust us to do our best for as long as you need us.

The HON Full Lifetime Warranty is our assurance to you that the HON desks, workstations, seating, tables, or storage you purchase will be free from defective material or workmanship for the life of the product.

In the unlikely event that any HON product or component covered by the HON Full Lifetime Warranty should fail under normal workplace use as a result of defective material or workmanship, HON shall repair or replace with comparable product (at HON's discretion), free of charge.

WHAT'S COVERED BY THE HON FULL LIFETIME WARRANTY?

Your HON Full Lifetime Warranty applies to product manufactured after January 1, 2011. All HON product lines, materials, and components are covered by the HON Full Lifetime Warranty except for the items described below.

The specific product lines, materials, and components listed below are covered under HON's Full 12-Year, Full 10-Year, and Full 5-Year Warranties (from date of purchase).

HON'S FULL 12-YEAR WARRANTY

- Coordinate™ Height Adjustable Bases (HHATB)
- Electrical components (lamps and ballasts are not covered)
- 4-Way Stretch Mesh
- Seating controls
- Pneumatic Cylinders
- Wood Seating
- Accessories
- Laminate Surfaces

HON'S FULL 10-YEAR WARRANTY

- Spectrum Mesh (back and seat)

HON'S FULL 7-YEAR WARRANTY

- Coordinate™ Legacy Bases (HHAB and HREC)
- Workwall Markerboard Glass Tiles

HON'S FULL 5-YEAR WARRANTY

- All LED task lights
- Panel and seating textiles
- Mesh not branded/marketed as '4-Way Stretch Mesh' or 'Spectrum Mesh'
- Coze™
- Between™ Multi-Purpose Table
- Acoustic Solutions by Unika Vaev
- Mod

HON'S FULL 1-YEAR WARRANTY

- Acrylic Screens

These warranties apply to HON products sold within the United States of America, U.S. Territories, and Canada, as well as U.S. Military and Federal Agency purchases (regardless of location).

IS ANYTHING NOT COVERED?

There are a few exclusions to the HON Full Lifetime Warranty and to the 12-, 10-, and 5-year warranties. These exclusions are:

- All HON products that are covered under a separate 5-year warranty.
- Color-fastness or matching of colors, woodgrains, or textures occurring in wood, leather, or other materials that naturally exhibit inherent color variations.
- Customer's own materials (COM) selected by and used at the request of the user.
- Modifications or attachments to the product that are not approved by The HON Company and product failures resulting from such modifications or attachments.
- Product normal wear and tear, which are to be expected over the course of ownership.
- Products that were not installed, used, or maintained in accordance with product instructions and warnings.
- Products used for rental purposes.
- Damage caused by cleaning chemicals.
- Dye transfer caused by external contaminants (including clothing and accessory dyes such as those used on denim jeans) may migrate to lighter colors. This phenomenon is increased by humidity and temperature and is irreversible.
- Fabric pattern match seat to back or chair to chair. If pattern match is needed, please submit a Tailored Solutions request or contact HON Customer Support/Tailored Solutions with questions.
- Storage Digilocks come with a 2-year warranty.

WARRANTY REQUESTS OR QUESTIONS?

Your HON Dealer is our mutual partner in supporting your warranty requests. To obtain service under this warranty, please contact your HON dealer. If you are not sure who your dealer is, please call HON Customer Support at 800.833.3964.

THAT'S YOUR HON FULL LIFETIME WARRANTY AS AN OWNER OF HON PRODUCT, THE WARRANTY EXPLAINED HERE IS YOUR SOLE AND EXCLUSIVE REMEDY. THERE ARE SOME EXCEPTIONS IF YOU PURCHASED THE PRODUCT FOR HOME OR PERSONAL USE WHICH ARE EXPLAINED BELOW. TO THE EXTENT ALLOWED BY LAW, THE HON COMPANY MAKES NO OTHER WARRANTY, EITHER EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE HON COMPANY WILL NOT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES.

A WORD ABOUT PURCHASES FOR HOME OR PERSONAL USE

Please note, this section only applies if you purchased your HON product for your home or for your own personal or family use. HON's warranties give you specific legal rights and you may have other rights, which vary from state to state. As a consumer purchaser, the complete exclusion of implied warranties noted in the above paragraph does not apply to you, however, to the extent allowed by applicable state law, the implied warranties are limited to the applicable term of the warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion or limitation may not apply to you.

HON LIMITED 5-YEAR WARRANTY INFORMATION

LIMITED 5-YEAR WARRANTY

The HON Company promises to repair or replace HON products or components covered under this warranty that are found to be defective in material or workmanship within five (5) years from the date of original purchase so long as you, the original purchaser, still owns it. This is your sole and exclusive remedy. This warranty is subject to the provisions below. It applies to the products listed here manufactured after January 1, 2018.

LIMITATIONS:

- Upholstery on chairs is warranted for two years from date of purchase.
- Damage caused by the carrier in-transit is handled under separate terms.

EXCLUSIONS:

This warranty does not apply and no other warranty applies to:

- Normal wear and tear, which are to be expected over the course of ownership.
- Modifications or attachments to the product that are not approved by The HON Company.
- Products that were not installed, used or maintained in accordance with product instructions and warnings.
- Products used for rental purposes.

SEATING USAGE

Normal commercial use for seating is identified as the equivalent of a single shift, forty-(40) hour workweek. To the extent that a seating product is used in a manner exceeding this, the applicable warranty period will be reduced in a pro-rata manner.

A WORD ABOUT COLOR VARIATIONS, FABRICS AND FINISHES:

The HON Company does not warrant the color-fastness or matching of colors, grains or textures of covering materials.

CUSTOMER'S OWN MATERIAL (COM)

Not available on HON products covered under the HON 5-year warranty.

TO THE EXTENT ALLOWED BY LAW, THE HON COMPANY MAKES NO OTHER WARRANTY, EITHER EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE HON COMPANY WILL NOT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES.

NOTICE TO PURCHASERS FOR HOME OR PERSONAL USE:

Federal law does not permit the exclusion of certain implied warranties for consumer products. Therefore, if you are purchasing this product for home or personal use, the exclusion of implied warranties noted in the above paragraph does not apply to you. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

This warranty applies only to products sold within the United States of America and the Commonwealth of Canada.

TO OBTAIN SERVICE UNDER THIS WARRANTY:

Your HON® Dealer is our mutual partner in supporting your warranty requests. By following the procedures outlined below, you can be assured of the best level of service. Please note: Consent of The HON Company must be obtained before any warranty work is performed. To obtain consent, please take the following steps:

1. Contact the Dealer from whom the product was purchased within 30 days of discovery of the defect. Be prepared to affirm that you are the original purchaser of the product and to provide the serial number(s) from the product in question.
2. Your Dealer will gather all pertinent information regarding the claim, inspect the product and contact a HON Company customer service representative. (Please allow a reasonable amount of time for inspection and review.)
3. If The HON Company affirms that the product in question is eligible under the conditions of the warranty as stated above, the customer service representative or another representative of the Company will determine whether to provide replacement parts, authorize repairs or replace the product.

ORDERING INFORMATION

ORDERING

Electronic ordering is the standard order process for HON. HON supports the following primary methods for the electronic transmission of orders and order related documents:

Electronic Ordering
Available in the HONReady portal at hon.com. There are multiple options available for processing orders electronically.

Integration with the standard Office Furniture business systems or other pre-approved proprietary software packages.

SIF file upload using fully optioned SIF files into the electronic ordering applications.

Manual entry of line items into the electronic ordering application.

EDI-System to System Integration
With standard Office Product systems or other pre-approved proprietary software systems.

Training, technical set-up and support is available through our Dealer Operations Team at HONDigitalSupport@honcompany.com.

ORDER REQUIREMENTS

- Customer must provide complete and correct information, including complete model number, finishes, colors, options, and quantity.
- If a bid quotation or other special pricing applies, such information must be clearly stated on the order with applicable bid number or contract number.
- Order Management contact name and phone number.
- Delivery Appointment contact name and phone number at the dealership or installation company. HON does not accept orders with end user appointment contacts.
- Dealer Sales Representative, primary or multiple DSRs.
- "Best Date Available" for the entire order is standard service for HON. If eligible, other Date Requests may be requested and must be submitted with the order. Other Date Requests are subject to review by HON prior to acceptance:
  - "Ship After" requests are eligible on all order sizes
  - "Deliver On" requests are eligible for full truckload orders
- Additional services outside of HON's standard services may be available through HON's 'Enhanced Services' for a corresponding fee. Requested services from 'Enhanced Services' must be provided at time of order placement.
- Failure to provide complete and accurate information results in delayed order entry and acknowledgment. Incomplete orders will not be produced and will be returned to Dealer for correction.

ACKNOWLEDGMENT SERVICE

- E-mailed acknowledgments are available by customer request.
- An acknowledgment will be emailed the morning of the next business day, unless order is placed on credit or other order hold.
- The order will not receive an acknowledged shipment date until all order holds are released.

ORDER CHANGES OR CANCELLATIONS

For Order Changes or Cancellations, please contact Customer Support at 800-833-3964.

TERMS AND CONDITIONS

See ***HON NOW*** on **hon.com** for more information about HON NOW delivery, services and ordering information.

HON DESIGN SERVICES

HON DESIGN STUDIO

Need design assistance? We can help! Our expert design staff will create a professional design package that is sure to put you one step ahead of the competition. And the best part is – it's free!

AUDIT

We will check your drawing and parts list for accuracy. We verify quantity, specification accuracy, product compatibility and structural support.

DESIGN

We will provide a professional design package including a 2D furniture plan, renderings, and complete parts list based on the rough sketch and project information you supply.

CONSULTATION

A 1:1 meeting will be scheduled where we will provide guidance on product positioning, answer specification questions, and recommend value engineering opportunities.

CONTACT HON DESIGN SERVICES

Questions? Please reach out to your region's dedicated designer. Not sure how to reach your designer? Send us a note at the email below.
E-Mail: integrateddesign@honcompany.com

Solve® Chair shown with Coordinate™ Height Adjustable Table.

Project Space

A place for all HON Project Services

Project Space provides one platform to access the full portfolio of HON services including:

- Design
- Audit
- Product Modification
- Special Laminates
- Consultation
- Customer's Own Material
- Dual Fabric Applications
- Special Paints
- Project Bid Pricing

Submit your request on the Community powered by HNI, Projects.

Project lead time expectation is 3-5 business days, depending on scope of work.

TAILORED SOLUTIONS ORDERING INFORMATION

PRODUCT MODIFICATIONS

Modifications include structural and dimensional modifications to existing product and Dual Fabric Applications, when standard model is not available.

The HON Company, at its own discretion, may modify standard products to meet specific needs. Product specials can be requested on HON brand product only.

List prices contained in published list pricers are for standard catalog items only. Changes or alterations to catalog items other than those listed as catalog options are subject to additional charges. Pricing will only be furnished upon approval of the special request.

Requests to have the product produced in more than one fabric (e.g., fabric on the seat is different than the fabric on the back), are considered a Dual Fabric Applications request and follow the Product Modification request process within the Community.

SPECIAL LAMINATES

Special laminates include requests for laminates not available as part of The HON Company's standard offering. Requests for special laminates are subject to manufacturing approval and minimum order quantities. The HON Company approved special laminates will be subject to a designated upcharge per unit.

Requests for special laminates should be submitted through the Community. Pricing will only be furnished upon approval of the special request.

SPECIAL PAINTS

- The HON Company's paint matching equipment can match almost any color, excluding some metallic and whites.
- Special paint requests must be submitted on the Community.
- In order to request a paint sample, the customer must have a minimum order of 10 like product units. Any requests with less than that amount will not be processed.
  - For each new paint request, there will be a $250 net charge. A sample of the exact color desired is required for matching and approval. The HON Company will match the color and provide a production sample for the customer to review and approve.
- Once written approval is received by The HON Company, the request will be approved.
- Each unique color or finish combination incurs a designated upcharge per color per order (all standard discounts/competitive project pricing applies).

Special note: Some special colors could fall outside of this program due to production costs or not meeting The HON Company's quality standards. The HON Company may apply additional charges to some colors which are costly to apply, and refuse some orders on colors that cannot meet The HON Company's high-quality standards. The HON Company will notify the customer upon completion of The HON Company's evaluation if a change in price is required or rejection of the order.

DISCONTINUED PRODUCT

Requests for discontinued product require engineering evaluation, safety review, and testing to current standards prior to approval. Many discontinued products are not available for order. Requests for discontinued products should be submitted through the Community.

LEAD TIMES FOR SPECIALS PRODUCT

Lead times on orders containing specials are subject to production capacity and material availability. When possible, the customer should order special products separately to avoid extended lead times for standard products. Extended lead times will be noted on Compass.

CHANGES TO SPECIALS PRODUCT

A special model will be provided for each approved special item to process orders. Once an order is placed, no changes or cancellations can be made to the order without approval from Tailored Solutions.

CONTACT TAILORED SOLUTIONS

Phone: 800.833.3964 and listen for Tailored Solutions offering on the menu.

Email: HONSpecials@honcompany.com

CUSTOMER'S OWN MATERIAL ORDERING INFORMATION

CUSTOMER'S OWN MATERIAL (COM) PROGRAM

Customer's Own Material (COM) is a request to use fabrics not available as part of HON's standard fabric offering. Manufacture to Supply (MTS) and Dealer to Supply (DTS) are the two ordering methods. The HON Company has partnered with fabric manufacturers to provide competitive pricing and selection through the MTS program. MTS will be the standard offering unless The HON Company is unable to procure the fabric. If there is a DTS request submitted, The HON Company will advise at the time of the request if DTS is available.

CUSTOMER WARRANTY EXCLUSION

The HON Company shall have no responsibility for the condition, quality, value, performance, physical properties, or any other aspects of the COM.

The HON Company shall have no liability for any damages, injuries, or losses to the customer or to any third party that shall be caused by any COM or product modification, and the customer shall hold The HON Company harmless for all liability.

The HON Company assumes no responsibility for the overall appearance, flammability, normal durability, colorfastness, or any other quality of the COM or product modification after its application on a HON product beyond normal quality standards. The HON Company reserves the right to reject a COM fabric if the quality of the COM is not satisfactory for the product. Should this occur, the customer will be notified with an explanation of the issue.

The HON Company is not responsible for fabric that has become obsolete at the COM supplier, that is of poor quality, or that is delivered late to The HON Company from the COM supplier. The HON Company is not responsible for excess yardage created by DTS orders or yardage not attached to an order and reserves the right to dispose of the excess fabric.

As a standard HON does not pattern match any standard, partnership or COM fabric, therefore pattern match is not applicable under warranty. If pattern match is needed please submit a Tailored Solutions request or contact HON Customer Support/Tailored Solutions once your COM has been approved.

COM TESTING

As a result of recent legal requirements, The HON Company will need to obtain specific information from the fabric supplier about treatments and chemicals used in the fabric. To the extent the supplier is unwilling or unable to provide the necessary information, which could extend the testing lead time of the request.

To check if a COM has been tested previously, utilize the COM Search Tool on the Website > Design Resources > Textiles & Finishes section using the following information:

- COM Supplier's Name
- Fabric Pattern Name
- Color Name
- If the COM fabric has been tested and previously approved, the COM will not need to be re-tested unless testing standards have changed, fabric is to be used on a different series, or direction of the fabric has changed from what was previously approved. Please note that Panel product must be approved for each model and color.
- If the pattern has previously been tested and approved, but not in the specific requested color, the customer will need to request an order code for that color only. No further testing will be necessary since the pattern has already been approved.

If the fabric has not previously been tested, the customer must enter the COM request on the Website > Textiles & Finishes > COM Search Tool.

Complete the Supplier Name, Pattern, and Color drop-down fields. For quicker results in these fields, type the first letter of the (supplier, pattern, color) name and, when done, click Add and then Submit. (Multiple series can be added to the same request if they are the same supplier, pattern, and color.)

An email will be sent to the requestor stating the COM Request was successfully submitted. Up to four emails could be received: submitted, in testing, testing materials requested, and final approval/denial with price grade and fabric code. The testing process takes approximately 48 hours.

COM yardage in the pricer is shown as pattern cut only.

COM TESTING — FLAMMABILITY TESTING INFORMATION

The customer is responsible for ensuring that the COM fabric is certified to meet all flame-retardant requirements. All COM seating fabric must, at minimum, meet CAL 117 requirements. If the customer requires the chair be tested to meet the fire safety standards of CAL 133, additional testing and information is required.

MTS COM

As previously mentioned, MTS is the primary COM method.

If the COM fabric has not been tested, a COM request must be submitted on the Website.

For MTS orders, The HON Company will procure fabric needed for production. Should The HON Company not be able to obtain fabric yardage, the customer will be contacted.

CUSTOMER'S OWN MATERIAL ORDERING INFORMATION

When testing has been completed, the customer will be notified by the COM team of the test results. If the COM is approved, The HON Company will provide a COM tracking order code for MTS. That tracking code is required on the order in place of the standard fabric code.

If approved, MTS product will be assigned an appropriate fabric grade for pricing. The pricing can be found on the Website > Design Resources > Textiles & Finishes. (All standard discounts/competitive project pricing applies).

Written COM price quotes are valid for 90 days after the issue date.

DTS COM

DTS COM is only available if the COM fabric cannot be procured by The HON Company. If the fabric can be procured by The HON Company, the customer will be contacted to switch to MTS or cancel the request.

If your fabric is not listed as approved, and it is not a Partnership fabric you may request a "Dealer to Supply" code. Select the "Request COM Test" link on the COM Search website. Complete the Supplier Name, Pattern, and Color drop-down fields. For quicker results in these fields, type the first letter of the (supplier, pattern, color) name and, when done, click Add and then Submit. (Multiple series can be added to the same request if they are the same supplier, pattern, and color.)

An email will be sent to the requestor stating the COM Request was successfully submitted. Up to four emails could be received: submitted, in testing, testing materials requested, and final approval/denial with price grade and fabric code. It's rare actual test yardage is required. Testing is mainly done by reviewing the attributes of the fabric. The testing process takes approximately 48 hours.

If the COM has not been tested, a COM request must be submitted on the Website > Design Resources > Textiles & Finishes.

When testing has been completed, the customer will be notified by the COM team of the test results. If the COM is approved, The HON Company will provide a COM tracking order code. That tracking code is required on the order in the place of the standard fabric code.

DTS product is priced at the following grades (all standard discounts/competitive project pricing applies):

- Chairs are a Grade 4
- Panel product is a Grade D

Written COM price quotes are valid for 90 days after the issue date.

COM LEAD TIME

Ship dates will be based on fabric receipt and The HON Company's standard lead time. All fabric must be properly tagged and shipped to the appropriate producing location (provided in the approval email).

- Specific to DTS orders, COM orders will not receive a ship (acknowledged) date until The HON Company has the fabric in its possession for production.
- Specific to DTS orders, the customer may send the required yardage for the order to the address listed on the approval email to arrive no sooner than 4 weeks in advance of the acknowledgment date.

HON will make every effort to locate mis-directed COM shipments on behalf of the customer. However, The HON Company will not be responsible for any COM received without a tracking number or incorrectly shipped by the fabric vendor to an incorrect producing facility.

COM ORDERING INFORMATION

The following information must appear on or accompany the product purchase order:

- Approval tracking number and the customer's purchase order number
- COM supplier, pattern, and color name/number

The packing list for the COM must include the following information when The HON Company receives the shipment for production:

- Dealer or Wholesaler Name
- Purchase order number submitted to The HON Company
- Fabric name
- Yardage shipped
- Approval ordering code

Specific to DTS orders; the customer should send only the amount needed for the order. Excess yardage or yardage not tied to an order will be disposed of at The HON Company.

CHANGES TO COM PRODUCT

Once a COM product is ordered, no changes or cancellations can be made to the COM product without approval from the HON COM team.

CONTACT COM TEAM

Phone: 800.833.3964 and listen for COM TEAM offering on the menu.

COM Email: HONCOMTeam@honcompany.com

PARTNERSHIP TEXTILE INFORMATION

Partnership Textiles is the result of The HON Company's partnership with textile industry leaders Camira, HBF Textiles, Maharam, Momentum, Stinson, and Ultrafabrics, LLC. The extensive collection of design-driven textiles create a superior offering at a great value. Partnership Textiles significantly updates HON's offering, expanding it with fresh and exciting options.

- Fabric Warranty: Partnership Textiles are covered by HON's Full Lifetime Warranty.
- Lead Times: Orders specified with Partnership Textiles will be acknowledged based on the supplier's availability and delivery schedule.
- Availability: The HON Company will regularly introduce new Partnership Textiles and reserves the right to change the offering at any time.
- Fabric Cards: A curated set of Partnership Textiles are carded jointly by HON and the supplier.

Fabric Memo Samples: Please contact the supplier directly:
Camira: memos@camirafabrics.com
Designtex (800.221.1540)
HBF Textiles: Phone: +1 (877) 494-5727, orders@hbftextiles.com
Kvadrat (312.883.9605)
Maharam: (800) 645-3943
Mayer Fabrics: mayerfabrics.com (800) 428-4415
Momentum: customerservice@momtex.com (800) 366-6839
Stinson: (800) 841-6279
Ultrafabrics: (877) 309-6648

HON BRANDED, PARTNERSHIP AND COM PATTERN MATCH

- Pattern matching provides alignment of patterns or stripes across individual chair surfaces. Additional yardage may be required depending on pattern repeat. If Pattern Match is needed, please contact HON Customer Support/Tailored Solutions.
- Chair to Chair Pattern Match provides identical pattern alignment from unit to unit and is available with an upcharge. Chair to Chair Pattern Match is reviewed on a case by case basis as several factors are reviewed to determine additional yardage required, including repeat and pattern direction. If Chair to Chair Pattern Match is needed, please contact HON Customer Support/Tailored Solutions.

PAINT PROGRAM

The HON Company has established paint grades to allow customers flexibility and ease in doing business with HON. HON has three paint grades P1, P2, and P3.

P1 PAINT COLORS

HON has established P1 paints which are available on a majority of core products.

P2 PAINT COLORS

Please see individual pricer pages for eligible series and upcharges for P2 paints. P2 paints are listed in the pricer pages under the column P2. Upcharges vary by product (all standard discounts/competitive project pricing applies). No minimum quantity required.

P3 PAINT COLORS

Please see individual pricer pages for eligible series and upcharges for P3 paints. P3 paints are listed in the pricer pages under the column P3. Upcharges vary by product (all standard discounts/competitive project pricing applies). No minimum quantity required.

SPECIAL PAINT COLORS (P4-P6)

With The HON Company's state of the art color matching equipment just about any color can be matched, excluding some metallic and whites. A sample of the exact color desired is required for matching and approval.

- For each newly requested paint, a net fee of $250 will be charged to cover costs associated with the matching process.
- For existing, previously matched paints, there is no matching fee, however there is a $100 net fee for sample panels required for the approval process. Refer to MyProjects on the HON Portal for a list of approved special paints.

For all special paint requests, HON will send a production sample for the customer to review and approve. Once the signed paint sample is received at HON the order can be entered. Upcharges vary by product (all standard discounts/competitive project pricing applies). A quantity of 10 like-model minimum order is required for special paints. For complete program details, access Tailored Solutions on the Website at hon.com.

Some special colors could fall outside of this program due to production costs or not meeting HON quality standards. The HON Company may apply additional charges to some colors which are costly to apply, and deny some orders on colors that cannot meet our high-quality standards. We will notify the customer upon completion of our evaluation if a change in price is required or if the request is denied.

HON
OPEN LINE LAMINATE PROGRAM

The Open Line Laminate (OLL) program makes it even easier for a customer to tailor their HON product for a custom look. Select HON furniture products accommodate hundreds of graded-in high-pressure laminates (HPL) from the leading laminate manufacturers' open lines.

Laminates that are currently available in the program can be viewed in specification tools.

Requests to add laminates to the standard specials program can be submitted through the CET Specials Integration tool as well as Community.

Matching edge options are not available offered for laminates in the OLL program. When selecting a laminate please select an edge option from the HON standard offering. If a matching edge is required a modification request can be submitted through the CET Specials Integration tool as well as Community.

The OLL program is available with the following HON products and series:

- Abound® Hard-Surface Tiles
- Birk™ Tables
- Build™ Tables
- Coordinate™ Worksurfaces
- Gallery Panels
- Huddle Tables
- Preside® Tops
- Sculpt™/Occasional Tables
- SmartLink® Value Teacher Desk
- Systems Worksurfaces
- Tangram™
- Universal Screens

Due to manufacturing techniques, materials, quality issues of varying laminates, and minimum order quantities, some product exclusions will apply and some requests may be declined.

Extended lead times may apply on orders containing special laminates.

Contact the Tailored Products Group for questions or additional information regarding pre-approved laminates and pricing.

HON
Phone: 888-255-7833, Option 4.5
Email: HONSpecials@honcompany.com

For edgeband recommendations from the HON standard offering, please email the HNI Workplace Colors, Materials, and Finishes team at honfinishes@honcompany.com.

For laminate samples, please contact the manufacturer directly:

ENVIRONMENTAL STATEMENT

We continually reevaluate our purpose and processes, from fostering transparency and circularity in our supply chain to empowering our members to do and be better. We do it so the environments you create will be safer, more socially responsible, and more sustainable.

We've pursued product certifications to help communicate our commitment to developing sustainable products.

Clearing the air.

In 2006, The HON Company became one of the first office furniture manufacturer to have products certified under the Indoor Advantage™ program. Virtually all manufactured products emit chemical compounds into the air. Indoor Advantage™ certification helps assure customers that certified products will help improve the air quality within their offices and workspaces.

Developed by SCS Global Services, Indoor Advantage™ evaluates products against indoor air quality standards, like ANSI/BIFMA Furniture Emissions Standard, M7.1/X7.1 and CDPH Standard Method v1.1. The ANSI/BIFMA X7.1 standard allows manufacturers to test individual components, as well as complete products for emissions from volatile organic compounds (VOCs). This allows us to identify problematic materials and phase them out of our products.

Indoor Advantage™ certified products meet the LEED and WELL criteria for low-emitting materials.

Indoor Advantage™ offers two levels of certification, including Indoor Advantage™ and Indoor Advantage™ Gold.

On the LEVEL®.

LEVEL®, the certification program for the BIFMA e3 Sustainability Standard, was developed in response to increasing demand for proof that manufacturers were living up to their environmental claims. LEVEL® is a multi-attribute sustainability certification label for products that have met criteria in four categories of impact: Materials, Energy and Atmosphere, Human and Ecosystem Health, and Social Responsibility.

HON's products are certified to LEVEL 2 and LEVEL 3, the highest achievement. BIFMA LEVEL 2 and LEVEL 3 certified products can contribute to LEED and WELL projects.

Evaluating Our Impacts.

HON has begun studying the impacts our products have on the environment through lifecycle assessments and creating Environmental Product Declarations (EPDs). EPDs provide an understandable report of a product's environmental impact throughout its life cycle; including raw material extraction and processing, product assembly, distribution and use, and end-of-life.

Products that meet these specifications are identified throughout this publication with the following icons:

Certified SCS Indoor Advantage™

LEVEL® certified to the BIFMA e3 Sustainability Standard

Environmental Product Declarations

IMPORTANT INFORMATION

HON NOW™

A COMPLETE OFFICE SOLUTIONS AT THE SPEED YOU NEED

At HON, great spaces don't wait—they're built for the pace of today's work, where timelines are tight and expectations are high. That's why HON NOW exists — to help you create workspaces that move as fast as business does. Whether outfitting a single office or an entire floor, HON NOW brings together quality, style, and speed — without tradeoffs. With curated product solutions, customization options, and dependable delivery, we make it easier to bring spaces to life, quickly and confidently.

To learn more, visit hon.com/now.

GSA/FEDERAL CONTRACT INFORMATION

Model numbers identified with the following verbiage "When purchased separately without a configurable TAA compliant end product, not on GSA contract" is to mean that these configurable parts or components:

- Have no functionality or capability without being integrated into an end product; and
- Are considered Open Market if purchased without a configurable TAA compliant end product.

ITEMS ON GSA CONTRACT

Please note, in order to verify if an item is on GSA Contract or is "Open Market," please use Compass quoting which is updated in real time with all GSA contract changes. If you need additional assistance, please contact your local sales representative. For more information visit: https://www.hon.com/why-hon/csr.

FABRIC PATTERNS & CODES

FABRIC PATTERNS & CODES

- For additional HON to Supply COM fabric grade pricing, go to **hon.com** and search on the HON to Supply COM link.
- All specifications in this publication are based on the latest product information available at the time of print.
- Certain dyes (including clothing and accessory dyes such as those used on denim jeans) may migrate to lighter colors. This phenomenon is increased by humidity and temperature and is irreversible. The HON Company LLC does not assume responsibility for dye transfer caused by external contaminants.
- COM Ordering Information and pricing on page 13.
- See page 14 for Partnership Textile program information.
- All standard fabrics are carded. Cards are available through HON Literature Fulfillment.
- Fabrics and foam meet requirements for CAL-TB 117-2013.

! Different fabrics and finishes have different recommended cleaning and maintenance methods. For the correct product care for all finishes view the HON Product Care guide at **hon.com/customer-support/product-care**.

LEAD TIMES

HON EXPRESS QUICK SHIP PROGRAM

For the full list of products delivered in 5 business days or less, visit **hon.com**.

PRODUCT LEAD TIMES

Standard lead times for products are between 2-4 weeks. For current exceptions to our standard lead time, go to **hon.com** and use the **Compass** tool.

In order to establish accurate expectations for your project, please review this listing prior to submitting your purchase order.

Lead time calculation begins when order is free from any holds (i.e., bad lines, material, credit, etc.).

Please note, these production lead time estimates do NOT include delivery time. All published lead times are estimates, not guarantees of delivery.

For further information concerning lead times, please contact HON Customer Support via email **generalsupport@hniworkplacefurnishings.com** or by phone at **800-833-3964**.

NOTES

FEATURES OFFERED ON HON LAMINATE CASEGOODS

	10500	10700	Valido	Concinnity	94000	Voi
Worksurfaces						
• Scratch, stain and spill-resistant surface over durable 1⅛" solid core high performance particleboard	•	•		•		•
• Scratch, stain and spill-resistant surface over extra-thick 1½" solid core high performance particleboard			•			
• Scratch, stain and spill-resistant high gloss surface over durable 1⅛" solid core high performance particleboard					•	
• Contoured hardwood accent trim		•			•	
• User-friendly waterfall-shaped edges and rounded corners improves worker comfort		•				
• Edge profile options				•		
Chassis Construction						
• European-designed fastening system – Precision, metal-to-metal, fasteners eliminate need for external cleats or exposed screws; enables tops or end panels to be interchanged or replaced	•	•	•	•	•	•
• Inner frame constructed using mortise and tenon joinery for superior structural strength and precisely positioning/ securing the pedestal to the modesty panel; endures frequent moving/handling; ensures a longer product life cycle	•	•	•		•	
• All fasteners and dowels are positioned by computer to maintain rigorous dimensional standards	•	•	•	•	•	•
• End panels on base units and stack-ons feature PVC bottom edgebanding for added strength and to seal out moisture	•	•	•	•	•	•
Drawer Construction						
• Steel ball-bearing drawer suspensions for smooth, quiet, long-lasting operation	•	•	•	•	•	•
• 5-sided drawer construction for added strength and easy alignment or replacement of drawer fronts	•	•	•	•	•	•
• Full extension box and file drawers	•	•	•	•	•	•
• Hangrails provided in all file drawers for side-to-side letter, legal, A4 or EDP filing; and front-to-back for letter filing	•	•	•	•	•	•
Amenities						
• Conference overhang (select models) provides visitor's kneespace on approach side of desk for meetings	•	•	•	•	•	•
• Formal, full height modesty panels	•	•	•	•	•	•
• Short modesty panel option for easy access to wall electrical outlets	•	•	•	•		•
• Patented, side-mounted drawer handles provide good ergonomics and clean appearance	•	•				
• Antique brass drawer handles					•	
• Decorative drawer/door handle design and finish options			•	•		•
• Vertical grain direction on drawer fronts and modesty panels				•	•	•
• Upscale mixed material door options (select models) on overhead storage	•	•	•	•	•	•
• Adjustable hex leveling glides to level furniture without lifting	•	•	•	•	•	•
• Pullout reference/writing shelf provides additional worksurface space					•	
• Interchangeable lock cores (allow multiple units to be keyed alike)	•	•	•	•	•	•
• Central locking on desks (one lock secures all drawers)					•	
• Cord management (standard) to route and hide wires and cables	•	•	•	•	•	
• Cord management options on modular components (worksurfaces, end and modesty panels, pedestals)				•		•
Configuration Options						
• Components for efficient "U" and "L" shaped workstation layouts	•	•	•	•	•	•
• Peninsulas and corner units	•	•	•	•		
• Worksurfaces or shells up to 96"W	•			•		
• Standing, 42"H desking solutions	•			•		•
• Overheads sized to span multiple base units	•	•	•	•	•	•
• Reception station/transaction counter	•	•	•	•	•	
• Light scale styling, including worksurface components with O-leg supports	•			•		•
• Two-tone color options	•		•	•		•
Storage Options						
• 3/4 pedestals provide increased budget flexibility	•	•	•			
• Full desktop-to-floor pedestals maximize storage space	•	•	•	•	•	•
• Modular components/storage with precise, custom cabinet-like fits				•		•
• Modular shells w/ a variety of storage-pedestal solutions	•	•	•			
• Back wall storage in conventional (65") and executive (78") heights				•		
• Overheads, storage cabinets, wardrobes, lateral files, and bookcases	•	•	•	•	•	•
Companion Products						
• Matching conference tables	•			•	•	•
• Coordinating conference tables		•	•			
Endorsements						
• Meets or exceeds current ANSI/BIFMA and ISTA standards	•	•	•	•	•	•
• Meets SCS Indoor Advantage Certification (see page 17)	•	•	•	•	•	•
• level® certified in conformance with the BIFMA e3 furniture sustainability standard	•	•	•	•	•	•

CONCINNITY™

Want to see more? Scan here to check out hon.com.

Concinnity™ Desking shown with Ignition® 2.0 and Ruck™ Seating.

CONCINNITY™

Clean styling. Rich woodgrains. Mixed materials. A coordinated suite of components. With Concinnity, you can create an upscale look for all types of office spaces — from open to collaborative to private. Choose from a variety of desk configurations and an extensive selection of storage options to create the ideal solution to fit your footprint and your needs.

FEATURES

- Cohesive visual signature highlighted by clean lines, vertical grain, and components that fit together like custom cabinetry.
- Modular design delivers an unbeatable combination of versatility, style, and personalization to any workspace.
- Wide array of aesthetic options, including edge profiles, handles, mixed materials, and laminate finish combinations.
- Extensive assortment of storage solutions allow users to increase functionality, maximize space and keep everything conveniently within reach.
- Products to create flat, continuous horizontal planes or multi-level, overlapping, layered surfaces.
- Standing-height workstations to support today's healthy work styles; available with adjustable or fixed height bases.

CONCINNITY™ LAMINATE DESIGN/MATERIALS INFORMATION

STYLING AND CONSTRUCTION

- Conventional desking or light scale components.
- Clean, uninterrupted lines and precise fits; no gaps.
- All end, modesty, and back panels, as well as drawer and door fronts, that are specified in a woodgrain color, feature vertical grain; drawer fronts are vertically-aligned, continuous grain and are matched sets.
  - Modesty panels wider than 60″ have horizontal grain on L2 and non-standard finishes.
- All desk, credenza, and return models feature full-to-the-floor pedestals to maximize storage space.
- Factory-configured (i.e., built-up; assembled) 72″W desks can be specified with breakfront or recessed modesty panels.
- Formal, full height modesty panels on factory-configured (i.e., built-up; assembled) desks, credenzas, and returns; modular components available with full or 10″ modesty panels.
- Drawer and door fronts over end panels.
- Back panel-over-end panel on desks, credenzas, returns, mobile pedestals, 29½″H lateral files and storage cabinets, and full-length modesty panels for modular pedestals.
- Top-between-end panels on stack-on and wall mount storage, 66⅝″H & 79½″H storage and combination storage cabinets, wardrobes and towers.
- Option choices include:
  - Edge profile and edge color
  - Handle design
  - Handle/worksurface grommet/lock face finish
  - Worksurface color
  - Chassis color
  - Drawer front/door color
- IMPORTANT NOTE: Designed and sized to coordinate with 65″H Accelerate® Panels.
  - Desks, credenzas, returns, 2-drawer lateral files, and 29½″H storage cabinets, plus 35¼″H stack-on storage or bookcase hutch, are 64¾″H.
  - Additional solutions ≤65″H include the following: storage cabinet, storage/file cabinet, storage cabinet/lateral file, 18″ and 36″W wardrobe/storage cabinets, wardrobe/bookcase, storage tower, and 5-shelf bookcase.

MATERIALS

- Easy-care, scratch-, spill- and stain-resistant thermal-fused laminate (TFL) over solid core, high performance particleboard;
  - Component model thickness: 1⅛″ worksurfaces and end panels; ¾″ modesty panel and drawer/door fronts.
- Durable, impact-resistant banding protects edges.
- Bottom of end panels on base units and stack-ons feature edgebanding for added strength and to seal out moisture.
- HPL worksurfaces are available via special request.

DRAWER SPECIFICATIONS

- Operate on steel ball-bearing slides to ensure smooth, quiet, long-lasting operation.
- Full extension drawers allow complete access to contents.
- Drawers feature 5-sided construction for added strength and easy alignment or replacement of drawer fronts.
- File drawers include integrated hangrails for side-to-side letter or legal filing; and front-to-back for letter filing.
- One molded black pencil tray is included in each box/box/file pedestal.
- Drawer fronts are edgebanded on all four sides.

CORE REMOVABLE LOCKS

- All drawers/doors lock on the following products:
  - All desk, credenza, and return pedestals (NOTE: The lock is on the face of the pedestal)
  - Stack-on and wall mount storage with laminate locking doors (“LL” models)
  - Wall mount storage with sliding door
  - Mobile pedestals
  - Lateral files
  - Storage cabinets
  - Storage/file cabinet
  - Storage cabinet/lateral file
  - Wardrobe/storage cabinets
  - Storage towers
  - Modular pedestals
- On products that are equipped with two locks, the locks are keyed alike:
  - Double pedestal desks
  - Credenza with storage
  - Credenzas with kneespace
  - Low credenzas with four drawers
  - Storage and combination storage/file cabinets
  - Storage towers
  - Stack-on and wall mount storage 60″ - 78″W
- Lock faces are available in black or satin.

CONCINNITY™ LAMINATE DESIGN/MATERIALS INFORMATION

- Locks feature a removable cylinder (core) that can be interchanged as needed; allows all furniture pieces within an individual workstation to be accessed with one key for convenience, and allows locks to be differentiated between workstations and offices for security. Makes re-keying quick and easy.
  - Keyed alike cores must be ordered separately by specification of the key number. For all products, except stack-on and wall mounted storage, the removable lock core kits are HF23B for Black and HF23S for Satin (Silver).
  - EXCEPTION - IMPORTANT - NOTE: The removable lock core kit for stack-on and wall mounted storage is model HF27B (Black) or HF27S (Satin).

CORD MANAGEMENT

- Cord management grommets and pass-through cutouts, for routing and hiding wires and cables, are standard in a pre-determined location on a number of factory-configured (i.e., built-up; assembled) products:
  - Two grommets are located in the tops of desks and credenzas; one grommet is located in the top of returns, bridges, jetty peninsulas, and corner units.
  - All desk, credenza, and return pedestals are designed with two cord pass-through grommets, one per side; end panels of single pedestal desks and single pedestal credenzas feature one cord pass-through grommet.
  - Pass-through in the sides of pedestals and end panels enable the routing of cords below the worksurface and connections between workstations.
  - A pass-through grommet, to facilitate reaching wall electrical outlets, is located in the back panels of credenza with storage, credenza with kneespace, single pedestal credenzas, credenzas with 36″ lateral file, returns and bridges.
- See chart on page 50 for cord management options. Worksurfaces/tops, end and modesty panels, and pedestals can be specified with or without grommets.
- Grommets on worksurfaces are sized to accept optional grommet mount power hub (HGRMTAC) and USB (HGRMTUSB2) models.
- Grommet color/shape/size:
  - Worksurfaces, Black or Platinum, Round, 3″ diameter hole with a 3½″ plastic cap.
  - Back/modesty panels, Black, Round, 2½″ diameter hole with a 3″ plastic cap.
  - End panels and pedestal sides, Black, Half-round, 1¾″ diameter hole with a 2″ x 2½″ plastic cap.

LEVELING GLIDES

- Adjustable hex glides to compensate for uneven floors; allow furniture to be easily leveled without lifting the unit.
  - Glides have a 1¼″ adjustable range.
  - The hex adjustment is on the foot of the glide for all products except for the 9½″, 15¾″, and 18″W modular pedestals, in which case it is on the top of the glide stem.

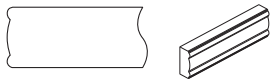

IMPORTANT — OTHER

- Products ship fully assembled, unless otherwise noted (NOTE: EZ — easy-to-assemble — items are designated in the “DESCRIPTIONS”).
- All models must meet or exceed ANSI/BIFMA & ISTA performance standards.
- Products covered by HON Limited Lifetime Warranty.
- Indoor Advantage™ Gold. Indoor Air Quality Certified to SCS-EC10.3-2014 v3.0.
- BIFMA level® 2 certified. Conforms to ANSI/BIFMA e32014e Furniture Sustainability Standard.

CONCINNITY™ LAMINATE DESIGN/MATERIALS INFORMATION

WORKSURFACE/TOP EDGE DETAILS

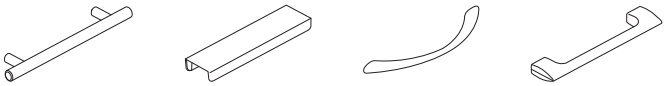

- Three options; two contoured profiles and one smooth, flat edge.
- For beaded (B) and tri-oval (V) edge shapes, tops are profiled on the user and approach sides, and flat on the ends; the flat edges allow side-by-side placement of worksurfaces without gaps. The only exceptions are return, bridge, corner unit, extended corner worksurface, and rectangle worksurface with vertical grain models, tops on these items are profiled on the user's side and flat banded on the approach side and ends.
  - Bookcases have profiled edge on the front, user side only.
  - The reception station transaction counter and the L-reception station with transaction counter (for the desk) models, have profiled edgeband on the approach and user sides.
  - The L-reception station with the transaction counter models, on which the counter runs around the entire perimeter of the L-configuration, have a profiled edge on the front of the transaction counter on the desk approach side only.

Edge Options:	Profiles	Designator
Beaded		B
Smooth, Flat		G
Tri-Oval		V
T-Mold		T

WORKSURFACE EDGE COLORS

- Woodgrain and solid color laminates can be specified with a matching, complementary, or contrasting edgeband color; options include:
  - Matching the worksurface edge to a common worksurface, chassis, and drawer front color.
  - Matching the worksurface edge to the worksurface laminate and selecting a different laminate color for the chassis.
  - Matching the worksurface edge to the chassis laminate and selecting a different laminate color for the worksurface.
- Beaded (B) and tri-oval (V) edges are available in L1 woodgrain colors only.
- The smooth, flat (G) edge is available in woodgrain and solid colors.
- Pattern laminates do not have a matching edgeband color; the patterns are available with a woodgrain or solid color edge.

DRAWER/DOOR DECORATIVE HANDLES

- Four handle style options.
- Distinct, easy to grasp designs.
- Handles are metal.
- The hole spacing is 128mm.
- The handle style/finish has to be specified on drawer fronts (desk/credenza/return, mobile and modular pedestals), lateral file drawer fronts, the doors of the storage cabinet, storage/file cabinet, storage cabinet/lateral file, wardrobe/storage cabinet, wardrobe/bookcase, and storage tower.
  - NOTE: Decorative handles are not used on the doors of stack-on storage units or wall mounted storage cabinets.
  - Bookcase hutches with frosted doors are equipped with a push latch release.

Handle Style	Handle Color	Lock Color	Code
Cylinder	Satin	Satin	A
Cylinder	Black	Black	B
Canopy	Satin	Satin	C
Canopy	Black	Black	D
Loop	Satin	Satin	E
Loop	Black	Black	F
Triangle Bar	Black	Black	G
Triangle Bar	Designer White	Satin	H
Triangle Bar	Champagne Metallic	Satin	I
Triangle Bar	Platinum Metallic	Satin	J
Triangle Bar	Silver	Satin	K
Triangle Bar	Solar Black	Black	L
Triangle Bar	Pyrite	Black	M

- NOTE: The Linear and Arch field installable drawer/door handle kit models can be attached using 128mm hole spacing.

CONCINNITY™
LAMINATE ORDERING/SPECIFICATION INFORMATION

CORD MANAGEMENT GROMMETS

- Grommets are standard on desk, credenza, return, bridge, jetty peninsula, and corner unit models. Specification logic includes the grommet finish for tops; choose from Black (P) or Platinum (T1). Grommets in modesty and end panels are Black only.
- Grommets are optional on modular component worksurfaces, full-length (27⅞"H) modesty panels, end panels (1⅛", L-shaped) and the sides of support storage pedestals. On worksurfaces, choose from Black (P), Platinum (T1), or no grommet(s) (X). On modesty, end, and side panels the options are grommet Black (P) or no grommet (X).
- See cord management chart on page 50 for details.

LOCK FINISH

- Finish is determined by, and automatically aligned with, the handle finish specified. If there is no decorative handle on the product, such as on locking stack-on or wall mount storage models, the lock finish is specified separately in the option string.
  - When specification is required, the lock finish options are Black (P) or Satin (SA).
- Removable, interchangeable lock core kits must be ordered separately:
  - For all models, except stack-on and wall mount storage, specify model HF23B (Black) or HF23S (Satin), and the specific key number required.
  - For stack-on and wall mount storage, specify model HF27B (Black) or HF27S (Satin), and the specific key number required.

SILVER COLORWAY

- The following finish options are coordinating Silver colorways: Satin, Satin Nickel, Matte Chrome, Platinum, and Platinum Metallic.

LAMINATE COLORS

- Palette choices include nineteen (19) woodgrain, four (4) solid, and one (1) pattern colors.

Woodgrain	
Beigewood	LWBE
Bourbon Cherry	H
Cognac	COGN
Fawn Cypress	LFC1
Field Elm	LWFE

Pattern	
Silver Mesh	B9

- Worksurface, chassis and drawer/door fronts are specified separately to enable a single, color-matched visual, or a complementary or contrasting, multi-tone aesthetic.
- Worksurfaces/tops are available in woodgrain, solid, or pattern laminate colors.
- Chassis and drawer fronts are available in woodgrain or solid laminate colors.
- Pattern colors are available on worksurface tops only.

- Two-tone color options allow specification of different, complementary laminate combinations:

Color #1	Color #2
Top	Chassis and Drawer Fronts
Top and Drawer Fronts	Chassis
Top and Chassis	Drawer Fronts

- Modesty panels and the backs of storage chassis that are specified in L2 laminates and wider than 60"W will ship as horizontal grain.

CONCINNITY™ STACK-ON STORAGE APPLICATIONS

STACK-ON STORAGE APPLICATIONS

78″W

- Spans full-width of 78″W modular credenza or return.
- Spans total depth dimension of “L” workstation configurations comprised of:
  - 48″W return or modular return attached to a 36″D single pedestal desk with a bow front (78″D).
    - NOTE: The 36″D single pedestal desk with bow front is 30″D along end panel.
  - 48″W return or modular return attached to a 30″D single pedestal desk, modular desk, or bullet peninsula (78″D).
  - 42″W return or modular return attached to a 36″D single pedestal desk with rectangle top, modular desk, or bullet peninsula (78″D).
  - 42″W return or modular return attached to a 36″ corner unit or 36″D extended corner unit (78″D).
  - 36″W modular return attached to a 42″D jetty peninsula (78″D).
  - 30″W modular return attached to a 48″D jetty peninsula (78″D).
  - 30″W modular return attached to a 48″D extended corner unit (78″D).

72″W

- Spans full-width of 72″W desks with rectangle top, credenzas, extended corner units, or modular desk, credenza, or return.
- Spans total depth dimension of “L” workstation configurations comprised of:
  - 48″W return or modular return attached to a 24″D single pedestal credenza or modular credenza (72″D).
  - 42″W return or modular return attached to a 36″D single pedestal desk with a bow front (72″D).
    - NOTE: The 36″D single pedestal desk with bow front is 30″D along end panel.
  - 42″W return or modular return attached to a 30″D single pedestal desk, modular desk, or bullet peninsula (72″D).
  - 36″W modular return attached to a 36″D single pedestal desk with rectangle top, modular desk, or bullet peninsula (72″D).
  - 36″W modular return attached to a 36″ corner unit or 36″D extended corner unit (72″D).
  - 30″W modular return attached to a 42″D jetty peninsula (72″D).

66″W

- Spans full-width of 66″W desk, credenza, or modular desk, credenza, or return.
- Spans total depth dimension of “L” workstation configurations comprised of:
  - 42″W return or modular return attached to a 24″D single pedestal credenza or modular credenza (66″D).
  - 36″W modular return attached to a 30″D single pedestal desk, bullet peninsula, or modular desk (66″D).
  - 36″W modular return attached to a 36″D single pedestal desk with a bow front (66″D).
    - NOTE: The 36″D single pedestal desk with bow front is 30″D along end panel.
  - 30″W modular return attached to a 36″D single pedestal desk with rectangle top or modular desk (66″D).
  - 30″W modular return attached to a 36″ corner unit (66″D).

60″W

- Spans full-width of 60″W desk, credenza, or modular desk, credenza, or return.
- Spans total depth dimension of “L” workstation configurations comprised of:
  - 36″W modular return attached to a 24″D single pedestal credenza or modular credenza (60″D).
  - 30″W modular return attached to a 30″D single pedestal desk or modular desk (60″D).

48″W

- Spans full-width of 48″W return, modular return, or modular desk or credenza.
- Spans full-depth of the 48″D jetty peninsula or extended corner unit.

42″W

- Spans full-width of 42″W return, modular return, or modular desk or credenza.
- Spans full-depth of 42″D jetty peninsula.

36″W

- Spans full-width of 36″W modular return, modular desk or credenza, two drawer lateral file, or 29½″H storage cabinet with doors.
- Spans full-depth of 36″D desks with rectangle top, bullet peninsula, extended corner unit, or 36″ corner unit.

OPTIONS INCLUDE:

- Door/Storage Options:

Door(s)	Standard-Height	Executive-Height
Laminate	•	•
Laminate Locking	•	•
Frosted/Silver	•	•
Sliding	•	•

- Available in 35¼″ or 78⅛″H; when positioned on 29½″H base unit, heights respectively align with 64¾″ and 78⅛″H storage- and wardrobe-type cabinets.
- Paper organizers for stack-on and wall mounted storage cabinets (see application and compatibility information on page 49).

CONCINNITY™ STACK-ON STORAGE APPLICATIONS

- Fabric-Covered Tackboards:
  - Sized ¾″ narrower than the stack-on storage back enclosure, allowing ⅜″ on each side to route task light cords.
  - Includes adhesive latch & hook tape for attachment to stack-on storage back panel and fasteners for wall mount applications.
  - For a list of standard fabrics, see pages 26-27. For a complete list of fabrics, please go to hon.com/fabricsandfinishes.
- Markerboards:
  - HLSL1530SOMB: 29½″W x 12½″H panel attaches to 60″ and 66″W stack-on and wall mounted storage with sliding door models with double-sided tape.
  - HLSL1536SOMB: 35½″W x 12½″H panel attaches to 72″ and 78″W stack-on and wall mounted storage with sliding door models with double-sided tape.
- Markerboards will not fit on stack-on storage laminate or laminate locking door models.
- Task Lights:
  - Attach to underside of stack-on and wall mount storage cabinets.
  - LED options.
  - Tackboard and LED task light solutions, by model, for each stack-on storage size:

Stack-on Storage	Tackboard	LED Task Lights
78″W	H90057	HH870960, HH870960CH, HLED31A, HLED31AUO
72″W	H90056	HH870960, HH870960CH, HLED31A, HLED31AUO
66″W	H90055	HH870960, HH870960CH, HLED31A, HLED17AUO
60″W	H90054	HH870960, HH870960CH, HLED31A, HLED17AUO
48″W	H90053	HH870942, HH870942CH, HLED31AS
42″W	H90052	HH870942, HH870942CH, HLED31AS
36″W	H90051	HH870930, HH870930CH, HLED17AS

CONCINNITY™ WALL MOUNT STORAGE APPLICATIONS

- Installation - Wall Mount Storage (review carefully):
  - **Attachment requires individual cabinets be secured by a minimum of two (2) wall mounting locations/studs.**
  - **Designed for interior and perimeter walls that are constructed with wood or metal studs.**
  - **Attaches to wall with horizontally mounted, interlocking brackets.**
  - **The HON Company is not responsible for any liabilities resulting from wall mounted storage cabinets that are not properly installed.**
- Installation - Wall Mount Bridge/Returns (review carefully):
  - Attachment requires Bridge/Returns to be secured by a minimum of one (1) wall mounting location/studs for 42″W units.
  - Attachment requires Bridge/Returns to be secured by a minimum of two (2) wall mounting location/studs for 48″-72″W units.
  - Designed for interior and perimeter walls that are constructed with wood or metal studs.
  - Attaches to wall with horizontally mounted wall-brackets and vertically mounted chassis brackets.
  - The HON Company is not responsible for any liabilities resulting from wall mounted Bridge/Return units that are not properly installed.
- Laminate, laminate locking, and frosted/silver door units can be specified in eight widths (30″, 36″, 42″, 48″, 60″, 66″, 72″, and 78″W) and two heights, standard (15″H) or executive (29½″H).
- Sliding door units can be specified in five widths (48″, 60″, 66″, 72″, and 78″W) and two heights, standard (15″H) or executive (29½″H).
- Product placement can be aligned to match the height of 64¾″H or 78⅛″H storage- and wardrobe-type cabinets.
- Available with laminate doors, frosted/silver doors, or sliding door.
  - Door design overlaps end panels so that when multiple units are placed side-by-side they appear as one continuous unit.
  - Laminate and frosted/silver door units are equipped with self-closing, adjustable hinges.
  - Laminate hinged door units are available with or without a lock.
  - Lock available in Black (P) or Satin (SA).
  - Lock is core removable; keyed alike cores must be ordered separately — for overhead storage with hinged doors specify model HF27B or HF27S and the key number.
  - Frosted/silver hinged door units do not have a lock option.
  - Sliding door units have one door per cabinet; standard with black lock, which is located on inside vertical support panel. Lock is core removable; keyed alike cores must be ordered separately — for overhead storage with a sliding door specify model HF23B (Black) and the key number.
  - Laminate and frosted/silver door cabinets in 30″, 36″, and 42″W have two doors; 48″W has three doors; 60″, 66″, 72″, and 78″W have four doors.
- Inside storage dimensions of 15″H cabinets:
  - 30″W = one compartment, sized 28⅜″W x 13⅜″D x 12¾″H
  - 36″W = one compartment, sized 34⅜″W x 13⅜″D x 12¾″H
  - 42″W = one compartment, sized 40⅜″W x 13⅜″D x 12¾″H
  - 48″W = two compartments, one sized 30⅝″W x 13⅜″D x 12¾″H; one sized 14⅝″W x 13⅜″D x 12¾″H
  - 60″W = two compartments, each 28⅝″W x 13⅛″D x 12¾″H
  - 66″W = two compartments, each 31⅝″W x 13⅛″D x 12¾″H
  - 72″W = two compartments, each 34⅝″W x 13⅛″D x 12¾″H
  - 78″W = two compartments, each 37⅝″W x 13⅛″D x 12¾″H
- 28½″H units have a fixed, intermittent shelf; storage space above and below the shelf is 12⅝″.
- Wall mounted storage cabinets are not designed for attachment to O-leg models HLSL65OS or HLSL50OS.
- Horizontal interlocking rails are included; due to varying types of walls, installers are responsible for selecting and supplying the appropriate fasteners.
- Ship fully assembled.

CONCINNITY™ WALL MOUNT STORAGE APPLICATIONS

OPTIONS INCLUDE:

- Door/Storage Options:

Door(s)	Standard-Height	Executive-Height
Laminate	•	•
Laminate Locking	•	•
Frosted/Silver	•	•
Sliding	48″-78″W only	48″-78″W only

- Paper organizers for stack-on and wall mounted storage cabinets (see compatibility information on page 49).
- Fabric-Covered Tackboards:
  - Tackboards mount directly to wall using the fasteners or hook-and-loop tape provided.
  - For a list of standard fabrics, see pages 26-27. For a complete list of fabrics, please go to hon.com/fabricsandfinishes.
  - See compatibility cross reference below.
  - NOTE: Tackboard widths differ slightly from the wall mounted storage cabinet widths. For applications where multiple wall mounted storage units are placed side-by-side, the preferred tackboard solution may be to utilize a larger tackboard size.
    For example, H90057 = 75″W; H90056 = 69″W; H90055 = 63″W; H90054 = 57″W.
- Markerboards:
  - HLSL1530SOMB: 29½″W x 12½″H panel attaches to 60″ and 66″W stack-on and wall mounted storage with sliding door models with double-sided tape.
  - HLSL1536SOMB: 35½″W x 12½″H panel attaches to 72″ and 78″W stack-on and wall mounted storage with sliding door models with double-sided tape.

CONCINNITY™ COMPONENTS

MODULAR COMPONENTS

- Smart, adaptable, reconfigurable assortment to maximize office layout flexibility and optimize floor space.
- Components for all popular office layouts.
- Selection allows user to choose their own workstation shape, size, and storage.
- Sizes for large and small spaces:
  - 36″D x 72″W or 84″W
  - 30″D — six sizes up to 84″W
  - 24″D — in 6″ increments, from 30″W to 96″W
- Worksurfaces supported by post legs with casters provide added layout flexibility.
- Mobile desks quickly convert an office into a small conference space; desks roll easily and can be repositioned in seconds.
- Grommet options provide cord management from the top, side, and back in appropriate models.
- Broad menu of under-surface storage to enable user to specify the solution that best meets their individual needs.
  - Non-handed units can be configured to meet individual tastes and reconfigured when preferences or floor space requirements change.
  - Applications include:
    - The ability to “build” contiguous customized/personalized storage behind the desk that looks like custom architectural millwork, but at a fraction of the price. Allows for multiple storage pedestals to be configured under a single top with clean lines and no gaps.
    - Choosing the storage solution to go under desks, credenzas, and returns.

WORKSURFACES

- Available in a variety of shapes and sizes.
- Scratch-, stain-, and spill-resistant laminate over durable 1⅛″ solid core high performance particleboard; resists warping.
- An external support channel, for attachment under worksurfaces, is required for all unsupported spans — a distance in which there is not a vertical support (point of contact) between the underside of the worksurface and the floor — greater than 54″W.
- For tri-oval and beaded edge options on tops with horizontal grain, there is a shaped profile on the user and approach sides, and a flat edge on the ends.
- For tri-oval and beaded edge options on tops with vertical grain, there is a shaped profile on the user side and a flat edge on the approach side and the ends.
- Grommets are an option and require specification. If grommets are selected, grommets come in a pre-determined location.
- Must be specified with support components; for pedestal, end panel, column, and leg options, see “Components — Supports” listings.

SUPPORTS

- For use with rectangle, bow, bullet, and extended corner worksurfaces.
- Available in 28½″ and 41″H.
- Adjustable hex glides allow floor-standing units to be easily leveled, without lifting, to compensate for uneven floors; glides have 1¼″ adjustable range on most components; 2″ on O-legs.
- Bottom of laminate end panels are edgebanded for added strength and to seal out moisture.

FOR 29½″H WORKSURFACES

- Specify from a broad assortment of solutions, including —
  - Modular Pedestals
  - Laminate end panels (must be used in conjunction with a laminate modesty panel)
  - Laminate L-shaped end panels
  - Laminate T-shaped end panels
  - Metal O-legs — for use with worksurfaces up to 78″W (when using an 84″ or wider worksurface, cannot use two O-legs; must use at least one 15¾″ or wider pedestal for the other support).
  - 4½″ diameter metal column
  - 2″ square metal post leg

FOR 42″H WORKSURFACES

- 42″, fixed standing-height workstations give users the option of changing postures from sitting to standing throughout the day to help achieve their wellness goals.
- Specify supports from —
  - Modular Pedestals
  - Laminate end panels (must be used in conjunction with a laminate modesty panel)
  - Laminate L-shaped end panels
  - Metal O-legs
- When combined with a stool-height task chair, provides users the benefit of alternating their work between a seated or standing position.
- An external support channel, for attachment under worksurfaces, is required for all unsupported spans greater than 54″W.

CONCINNITY™ COMPONENTS

- Worksurface End Support (panel, leg, column, base, pedestal) requirements by product type are as follows —
  - Desk, peninsula, or credenza — qty. 2
  - Return — qty. 1
  - Island extension — qty. 1

COORDINATE™ HEIGHT ADJUSTABLE BASE

- Height adjustable bases deliver a healthier style of working by allowing a seamless transition between sitting and standing throughout the day. For open, private, or training spaces.
- Available in 2- or 3-leg rectangle C- and T-shaped foot options to accommodate your layout preferences.

2-Leg

- 2-Stage frame rises from 25⅝″ to 45¼″.
- 3-Stage frame rises from 21⅝″ to 47¾″.

3-Leg

- 2-Stage frame rises from 21⅝″ to 47¾″.

- Accommodates a variety of worksurface shapes.
  - **2-Leg**
    - Rectangular worksurfaces between 23″D x 40″W and 30″D x 72″W.
  - **3-Leg**
    - Two rectangular, corner cove, 120-degree worksurfaces between 23″D x 40″W and 30″D x 72″W x 72″W.
- Select from a variety of control options; memory preset, basic up/down, hands-free foot pedal, or a paddle control.
- Shipped complete with a pre-assembled electric motor.
- Requires the use of an external stiffener (purchased separately) for worksurfaces 58″W or wider when not used with a Coordinate™ worksurface.

Only 2-Stage Coordinate™ bases will work with HAT shrouds and HAT low credenzas. 3-Stage Coordinate™ bases should not be used due to their lower height range.

CONCINNITY™ COMPONENTS — SUPPORTS

SUPPORT STORAGE PEDESTALS — 28½″H

- Non-handed, interchangeable design reconfigures easily.
- For use with component top and modesty/back panels or pedestal top and back panels.
  - Pedestals are not fully enclosed and require a component top/worksurface and modesty/back panel or a pedestal back, both of which must be ordered separately.
  - Pedestal's front and side panels are finished.
- The pedestal depth dimension is less than the like-size depth of the component top, to accommodate addition of a modesty/back panel.
  - 29⅛″D pedestals can be used under 30″ or 36″D worksurfaces; 23⅛″D pedestals can be used under 24″ or 30″D worksurfaces.
  - When specifying a 29⅛″D pedestal with ¾″ modesty panel under a 36″D worksurface, or a 23⅛″D pedestal with a ¾″ modesty panel under a 30″D worksurface, there will be a 6″ approach side overhang.
- Bottom of side panels are edgebanded for added strength and to seal out moisture.
- Drawers:
  - Operate on steel ball-bearing suspensions to ensure smooth, quiet, long-lasting operation; full extension allows easy access to contents.
  - Fronts are edgebanded on all four sides.
  - Feature 5-sided construction for added strength and easy alignment or replacement of drawer fronts.
- Interchangeable core removable locks are located on front of all modular storage products, except the storage cabinet.
- Finish of lock is determined by, and aligned with, the handle finish specified.
- Locks feature a removable cylinder that can be interchanged as needed; allows users to access all furniture pieces in an office with a single key for convenience and security. Makes re-keying quick and easy. Keyed alike cores must be ordered separately by specification of the key number (removable lock core kit models available in Black [model HF23B] or Satin [model HF23S]).
- Ship fully assembled.
- Chassis and drawer front colors are specified separately; can be selected with common woodgrain or solid laminate color, or with different, complementary chassis and drawer/door colors.
- See chart on page 50 for cord management options. If the pedestal grommet option is chosen, two cutouts, one per end/side panel, each with a black plastic cap, are included.

SUPPORT STORAGE PEDESTALS — 41″H STANDING-HEIGHT

- Same as above except — not to be used freestanding; top and back are not enclosed.
  - Rear of pedestal can be enclosed with a full, 40⅜″H back panel or with a 27⅞″H modesty panel combined with a lower, 13″H pedestal back component. Pedestal back and modesty panel must be ordered separately.

CONCINNITY™ PAPER ORGANIZER COMPATIBILITY

PAPER ORGANIZERS FOR STACK-ON AND WALL MOUNTED STORAGE CABINETS

- Laminate vertical paper manager (HLVPM1) is designed for desk, credenza, and return tops; fits under stack-on and wall mount storage units.
- Laminate desktop storage terrace (HLDST1) for use on worksurfaces, or inside overhead storage compartments >26½″W.
- Metal desktop paper shelf (HDPS1) for use on worksurfaces, can be stacked two high, or inside overhead storage compartments >28¾″W.
- Stacked paper management (HLVPM2) can be positioned inside overhead storage cabinets >32½″W.
- Metal hanging paper shelf (HHPS1) attaches quickly and easily to the underside of stack-on and wall mounted storage models.

• For applications using the organizers inside stack-on and wall mounted storage compartments, the fit compatibility is as follows:

OUTSIDE WIDTH	INSIDE WIDTH	Stacked Paper Mgt. — 32½″W HLVPM2 Yes or No	Desktop Paper Shelf — 28¾″W HDPS1 Yes or No	Desktop Storage Terrace — 26½″W HLDST1 Yes or No	Hanging Paper Shelf — 28⅞″W HHPS1 *Qty — see NOTE

NOTES: For laminate center drawer, see page 146. For pull-out collaborative shelf, for desks with breakfront modesty panel, see page 146.

NOTES:

- Feature full-to-the-floor pedestals to maximize storage space.
- Double pedestal desks have 3/2 drawer configuration (box/box/file on left pedestal, file/file on right pedestal).
- Single pedestal desks have a box/box/file pedestal.
- One molded black pencil tray is included in each box/box/file pedestal.
- 72″W models are available with Rectangle- or bow-shaped tops.
- Bow top desk models measure 36″D at the crest and 30″D along the end panels.
- Breakfront desk features a floating modesty panel which can be specified in laminate or frosted material. Floating design provides space for optional pull-out collaborative shelf for visitors. See page 146.
- Recessed modesty panel design has a full-width conference overhang, providing worksurface and kneespace for guests.
- 66″W and 60″W desks have a flush modesty panel (i.e., no conference overhang).
- Two cord management grommets, for routing and hiding wires and cables, are located in desktops.
- Grommets can be replaced with optional Power (model HGRMTAC) or USB Hub (HGRMTUSB2).
- Pedestal sides and end panels are standard with pass-through grommets to enable the routing of cords below the worksurface, and connections between workstations.
- See “Modular Components” for cord management options. Worksurfaces/tops, end and modesty panels, and pedestals can be specified with or without grommets.
- Finish of pedestal lock(s) is determined by, and aligned with, the handle finish specified.
- Adjustable hex leveling glides.
- Ship fully assembled.

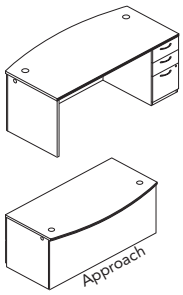

Side grommets on pedestal are black only.

CONCINNITY™ Corner Unit

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	L1 LIST	L2 UPCHARGES WORKSURFACE	L2 UPCHARGES CHASSIS
Corner Unit 24″W x 36″D x 24″ x 29½″H	**HNL3636CU**	109	26.4	**$1416**	**$20**	**$25**

NOTES: Designed for use with 24″D returns or bridges. Can be used freestanding. Can be used with two 36″W modular returns to achieve an efficient 6′ x 6′ layout. One cord management grommet in the top; cord routing notches in the leg panels. The worksurface grommet can be replaced with optional power (model HGRMTAC) or USB (model HGRMTUSB2) hub. Adjustable hex leveling glides. When connected to a 42″W return or modular return, the 78″W stack-on storage unit spans the total depth dimension (78″D). When connected to a 36″W modular return, the 72″W stack-on storage unit spans the total depth dimension (72″D). Edgebanding on the corner unit is profiled on the user's side and flat on the back (approach side) and ends. Ships fully assembled.

NOTES:

- **For Extended Corner Worksurface sizes, see "Modular Components" on page 43.**

CONCINNITY™ Credenzas

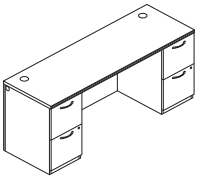

Icon Legend on page 19

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	L1 LIST	L2 UPCHARGES WORKSURFACES	CHASSIS	FRONTS
Credenza with Storage							
72″W x 24″D x 29½″H	**HNL2472DPS**	323	35.6	**$3592**	**$25**	**$57**	**$50**

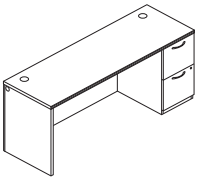

NOTES: For use behind a desk or as a stand-alone storage piece. Four file drawers, 2-left, 2-right and one storage cabinet with hinged doors. One adjustable shelf, which adjusts in 2½″ increments, behind doors. Drawers lock. Finish of locks is determined by, and aligned with, the handle finish specified. Storage cabinet doors are non-locking.

Credenza with Kneespace							
72″W x 24″D x 29½″H	**HNL2472DPK**	247	35.6	**$2721**	**$25**	**$50**	**$25**
66″W x 24″D x 29½″H	**HNL2466DPK**	239	32.7	**$2595**	**$25**	**$50**	**$25**
60″W x 24″D x 29½″H	**HNL2460DPK**	230	29.9	**$2554**	**$25**	**$45**	**$25**

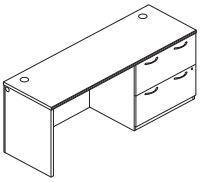

NOTES: For use behind a desk or as a stand-alone storage piece. Four locking file drawers, 2-left, 2-right. Finish of locks determined by, and aligned with, the handle finish specified.

Credenza, Single Pedestal							
72″W x 24″D x 29½″H, Right	**HNL2472RP**	199	35.6	**$2169**	**$25**	**$45**	**$15**
72″W x 24″D x 29½″H, Left	**HNL2472LP**	199	35.6	**$2169**	**$25**	**$45**	**$15**

NOTES: Primary use is as part of a connected U-shaped workstation with a bridge and single pedestal desk. Two locking file drawers. Finish of lock determined by, and aligned with, the handle finish specified. Can be used with modular or mobile pedestals.

Credenza with Lateral File							
72″W x 24″D x 29½″H, Right	**HNL2472RLC**	245	35.6	**$2369**	**$25**	**$45**	**$25**
72″W x 24″D x 29½″H, Left	**HNL2472LLC**	245	35.6	**$2369**	**$25**	**$45**	**$25**

NOTES: Storage file measures 30″W (36″W can be specified using modular components). Mechanical interlock inhibits the extension of more than one drawer at a time. Finish of lock is determined by, and aligned with, the handle finish specified. Can be used with modular or mobile pedestals.

NOTES:

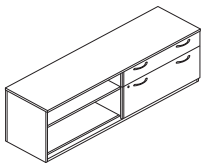

- Optional 72″W, 66″W and 60″W stack-on sizes maximize storage space.
- Two cord management grommets, for routing and hiding wires and cables, are located in top.
- Modesty panel and pedestal grommets are black only.
- A cord pass-through grommet is located in the sides of the pedestal and top center of the back (modesty panel) to facilitate reaching wall electrical outlets.
- Worksurfaces/tops, end and modesty panels, and pedestals can be specified with or without grommets. See “Modular Components” on page 50 for cord management options.
- For paper organizers, see pages 747-749.

NOTES: See pages 22-25 for available fabrics.
Seat cushions are optional; HLSL2036CH2 for 72″ and 36″W, HLSL2030CH2 for 60″ and 30″W.

! For model HLSL2030CH2 must order two cushions to cover entire 60″ Credenza surface.

SPECIFYING EXAMPLE: HLSL2036CH2.APN23

NOTES:

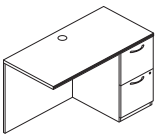

- Versatile, space-saving solutions double as a compact storage unit and convenient bench seat.
- When combined with 29½″H worksurfaces, the 21½″H credenzas can be positioned to create multi-level, overlapping surfaces that optimize floor space, organization and display needs.
- The distinct, clean horizontal planes provide a light scale, layered look.
- Low-heights help facilitate team collaboration.
- Overlapping surfaces can be supported by a 28½″H or 7″H O-leg or 7″H laminate end panel.

CONCINNITY™ Returns

Icon Legend on page 19

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	L1 LIST	L2 UPCHARGES WORKSURFACES	CHASSIS	FRONTS
Return							
48″W x 24″D x 29½″H, Right (shown)	**HNL2448RP**	141	24.8	**$1558**	**$20**	**$20**	**$15**
48″W x 24″D x 29½″H, Left	**HNL2448LP**	141	24.8	**$1558**	**$20**	**$20**	**$15**
42″W x 24″D x 29½″H, Right	**HNL2442RP**	132	22.0	**$1492**	**$20**	**$20**	**$15**
42″W x 24″D x 29½″H, Left	**HNL2442LP**	132	22.0	**$1492**	**$20**	**$20**	**$15**

NOTES: For L-shaped workstations. Connects to single pedestal desk, peninsula (bullet or jetty), or component worksurface with end panel. Drawers lock. Finish of lock is determined by, and aligned with, the handle finish specified. Formal, full-height modesty panel. One cord grommet in top for routing and hiding wires and cables. One cord pass-through grommet is located in the sides of the pedestal and top center of the back (modesty panel) to facilitate reaching wall electrical outlets. Specification logic includes the grommet finish for tops; choose from Black (P) or Platinum (T1). Modesty panel and pedestal grommets are black only. Edgebanding on 42″W and 48″W returns is profiled on the user's side and flat on the back (approach side) and ends. Woodgrain direction on worksurface runs vertical (i.e., front-to-back). Smaller and larger return sizes can be specified using modular worksurface and modesty panel components. Optional stack-on solutions maximize storage space. Ship fully assembled.

See chart on page 50 for cord management options. Worksurfaces/tops, end and modesty panels, and pedestals can be specified with or without grommets. For easy access to wall electrical outlets, options include a short (10″) modesty panel or no back panel.

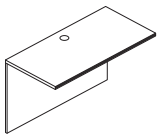

For paper organizers, see pages 747-749.

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	L1 LIST	L2 UPCHARGES WORKSURFACES	L2 UPCHARGES CHASSIS
Bridge						
48″W x 24″D x 29½″H	**HNL2448BF**	71	3.0	**$675**	**$20**	**$20**
42″W x 24″D x 29½″H	**HNL2442BF**	62	2.5	**$645**	**$20**	**$20**

NOTES: For U-shaped workstation layouts. Connects single pedestal desk, peninsula (bullet or jetty), or component worksurface to corner unit or to single pedestal credenza, credenza with lateral file, or rectangle worksurface. Formal, full-height modesty panel. One cord grommet in top for routing and hiding wires and cables. One cord pass-through grommet in top center of back (modesty panel). Specification logic includes the grommet finish for tops; choose from Black (P) or Platinum (T1). Clear inside depth 22⅞″D. Edgebanding on 42″W and 48″W bridges is profiled on the user's side and flat on the back (approach side) and ends. Woodgrain direction on worksurface runs vertical (i.e., front-to-back). Additional sizes, including 30″W and 36″W for use with corner or extended corner units, as well as jetty peninsulas, can be specified using modular worksurface and modesty panel components. Ship EZ — quick, simple assembly.

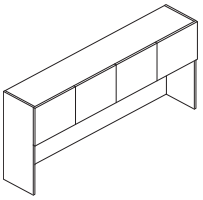

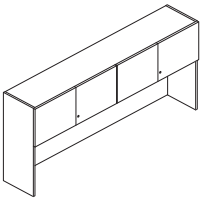

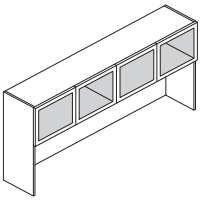

See chart on page 50 for cord management options. Worksurfaces/tops and modesty panels can be specified with or without grommets. For easy access to wall electrical outlets, options include a short (10″) modesty panel or no back panel.

! Frosted/silver door units do not have a lock option.						

NOTES:

- 35¼″H stack-on storage models ship fully assembled.
- Fully enclosed back provides privacy; includes a 1¼″, full-width pass-through for 3-prong electrical plugs; facilitates routing cords and reaching wall electrical outlets.
- Lower back panel can be attached with cord pass-through at bottom next to the worksurface or at top for close proximity to task light cord.
- Lower back panel can be removed to facilitate collaboration in teaming configurations.
- Valance hides task light.
- Vertical clearance for computer monitor is 20″.
- Laminate vertical paper organizer (HLVPM1) sized to fit below storage compartments.
- Doors are sized to overlap the top, end panels and light valance, to provide a clean design.
- Laminate and frosted/silver door units are equipped with self-closing, adjustable hinges.
- Laminate hinged door units are available with or without a lock.
- For task lights and paper organizers, see pages 746-750.

CONCINNITY™ Stack-on Storage

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	L1 LIST	L2 UPCHARGES CHASSIS	L2 UPCHARGES FRONTS
Stack-on Storage, Sliding Door						
78″W x 15″D x 35¼″H	**HNL3678SD**	161	31.8	**$1898**	**$57**	**$25**
72″W x 15″D x 35¼″H	**HNL3672SD**	151	29.0	**$1841**	**$45**	**$25**
66″W x 15″D x 35¼″H	**HNL3666SD**	141	26.7	**$1697**	**$45**	**$25**
60″W x 15″D x 35¼″H	**HNL3660SD**	131	24.3	**$1651**	**$45**	**$25**
48″W x 15″D x 35¼″H	**HNL3648SD**	110	19.6	**$1561**	**$38**	**$25**

NOTES: Sliding door units have one door per cabinet; standard with black lock, which is located on inside vertical support panel. Lock is core removable. Keyed alike cores must be ordered separately. For stack-on and wall mount storage with sliding door, specify model HF23B (Black) and the key number, see page 733. Sliding door availability limited to select sizes.

Stack-on Space Saver End Panels

¾″W x 14¼″D x 35¼″H **HNL3605SSEP** 14 1.7 **$572** **$20** **N/A**

NOTES: Two field installable end panels (1-right; 1-left) for use in ganging two stack-on storage units. Combining stack-on allows users to span longer worksurfaces, including 84″ (2 - 42″W), 96″ (2 - 48″W), 120″ (2 - 60″W), and 144″ (2 - 72″W). Narrow, space-saving panel size replaces the full 15″D end panels to expand worksurface space. The 4¼″ right end panel is to replace the standard 15″D right end panel on one stack-on storage unit, the 4¼″ left end panel is to replace the standard 15″D left end panel on a separate, adjacent stack-on storage unit that is in linear alignment with the first unit. Kit includes: (2) narrow end panel supports; European-style fasteners; dowels; joint connector bolts with sleeve nuts (for ganging stack-on storage units). Can be used to connect up to two stack-on storage units in a line (requires 1 kit). Can be specified in a woodgrain or solid laminate color only.

SPECIFYING EXAMPLE: HNL3605SSEP.H

NOTES:

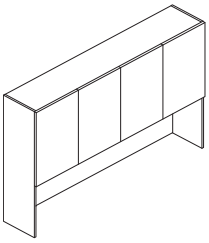

- 35¼″H stack-on storage models ship fully assembled.
- Fully enclosed back provides privacy; includes a 1¼″, full-width pass-through for 3-prong electrical plugs; facilitates routing cords and reaching wall electrical outlets.
- Lower back panel can be attached with cord pass-through at bottom next to the worksurface or at top for close proximity to task light cord.
- Lower back panel can be removed to facilitate collaboration in teaming configurations.
- Valance hides task light.
- Vertical clearance for computer monitor is 20″.
- Laminate vertical paper organizer (HLVPM1) sized to fit below storage compartments.
- Doors are sized to overlap the top, end panels and light valance, to provide a clean design.
- Laminate and frosted/silver door units are equipped with self-closing, adjustable hinges.
- Laminate hinged door units are available with or without a lock.
- For task lights and paper organizers, see pages 746-750.

Lock available in Black (P) or Satin (SA) finish. Lock is core removable. Keyed alike cores must be ordered separately. For stack-on and wall mount storage with locking hinged doors, specify model HF27B (Black) or HF27S (Satin) and the key number, see page 733. Model HNL1548LL has one lock, which secures two of the three doors.

NOTES:

- Doors are sized to overlap the top, end panels and light valance, to provide a clean design.
- Laminate and frosted/silver door units are equipped with self-closing, adjustable hinges.
- Laminate hinged door units are available with or without a lock.
- For task lights and paper organizers, see pages 746-750.
- **IMPORTANT: See installation guidelines at top of page 41.**

Tackboards for use with Wall Mount Storage							
75″W - for 78″W	**H90057**	3.0	13	3.2	**$483**	**N/A**	**N/A**
68¾″W - for 72″W	**H90056**	2.0	12	2.7	**$459**	**N/A**	**N/A**
62¾″W - for 66″W	**H90055**	2.0	11	2.5	**$435**	**N/A**	**N/A**
56¾″W - for 60″W	**H90054**	2.0	10	2.2	**$384**	**N/A**	**N/A**
44¾″W - for 48″W	**H90053**	2.0	8	1.8	**$367**	**N/A**	**N/A**
39″W - for 42″W	**H90052**	2.0	7	1.6	**$339**	**N/A**	**N/A**
33″W - for 36″W	**H90051**	1.0	6	1.4	**$300**	**N/A**	**N/A**
26¾″W	**H90050**	1.0	5	1.2	**$300**	**N/A**	**N/A**

NOTES: Specify fabric, see pages 26-27. Upcharges may apply to premium fabric grades.
Tackboard widths differ slightly from the wall mounted storage cabinet widths. For applications where multiple wall mounted storage units are placed side-by-side, the preferred tackboard solution may be to utilize a larger tackboard size. For example, H90057 = 75″W; H90056 = 68¾″W; H90055 = 62¾″W; H90054 = 56¾″W.

Disperse (DISP) fabric not available on sizes wider than 60″. Exchange (EXG) not available on sizes wider than 60″.

SPECIFYING EXAMPLE: H90057.APN15

NOTES:

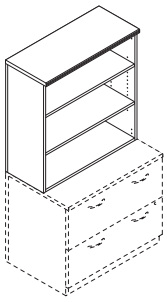

- Valance hides task light.
- Doors are sized to overlap the top, end panels and light valance, to provide a clean design.
- Laminate and frosted/silver door units are equipped with self-closing, adjustable hinges.
- Laminate hinged door units are available with or without a lock.
- 28½″H units have a fixed, intermittent shelf; storage space above and below the shelf is 12⅝″.
- For task lights and paper organizers, see pages 746-750.
- **IMPORTANT: See installation guidelines at top of page 41.**

CONCINNITY™ Reception Stations

	DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	L1 LIST	L2 UPCHARGES WORKSURFACE	CHASSIS	ACCENT PANEL
	**Reception Desk with Transaction Counter** 72″W x 36¾″D x 44″H	**HLAM3772RD**	324	13.5	**$2053**	**$45**	**$87**	**$32**
	NOTES: Non-handed. Counter measures 60″W x 15¼″D. Flat edge (G) matches 10500 Series™. For beaded (B) and tri-oval (V) edge shapes, the transaction counter is profiled on the approach and user sides, and the desk worksurface is profiled on the user's side. Beaded (B) and tri-oval (V) edges are available in L1 woodgrains colors only. Smooth and flat (G) edge available in all woodgrains and solid colors. Vertical grain on approach side and front accent panel for L1 laminates except Kingswood Walnut and Florence Walnut. Horizontal grain on L2 laminates and Kingswood and Florence Walnut. Vertical grain on end panels and horizontal grain on worksurface and transaction counter. Two worksurface cord management grommets for routing and hiding wires and cables; can be specified in Black (P) or Platinum (T1) finish.							
	**Reception Return with 32″H Transaction Counter** 48¼″W x 32⅞″D x 32″H	**HLAM3348RR**	145	3.7	**$1156**	**$45**	**$45**	**N/A**
	NOTES: Non-handed. For use with HLAM3772RD and Reception Desk Shell (H105724). Counter facilitates accessibility; measures 48″W x 12″D x 32″H. Flat edge (G) matches 10500 Series™. For beaded (B) and tri-oval (V) edge shapes, the transaction counter is profiled on the approach side, and the return worksurface is profiled on the user's side. All other edges are flat banded. Beaded (B) and tri-oval (V) available in L1 woodgrain colors only. Flat edge (G) available in all woodgrains and solid colors. Pattern laminates do not have matching edge color; patterns can be specified with woodgrain or solid edge. Vertical grain on approach side, end panel, worksurface, and transaction counter. Assembly required. Cam covers used to allow for non-handed design. Specify: Model.Edge Profile & EdgeColor.Worksurface & Counter Color.Chassis Color **SPECIFYING EXAMPLE: HLAM3348RR.GN.N.N**

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	L1 LIST	L2 UPCHARGES COUNTER	L2 UPCHARGES CHASSIS
Reception Station Counter for Desk						
72″W x 17″D x 14⅝″H	**HNL1772RT**	74	4.3	**$830**	**$15**	**$20**

! Compatible for use on 72″W x 30″ or 36″D desktops and worksurfaces. For cleanest approach-side aesthetic, use on desk built with modular components; desk comprised of either 72″W x 30″D rectangle worksurface and 72″W x 27⅞″H modesty/back panel, supported by 29⅛″D pedestal(s) and/or end panel(s), or 72″W x 36″D worksurface and 72″W x 27⅞″H modesty/back panel, supported by 35″D left and right end panels. The counter is 17″D with a 4″ approach-side overhang; end panels are 12⅜″D. Ships EZ. Transaction counter organizer (model HTCOL52) is available as an option; fits under transaction counter; organizer is available in black only.

SPECIFYING EXAMPLE: HNL1772RT.BH.H.H

L-Reception Station with Transaction Counter for Desk (NON-HANDED)						
72″W x 88″D x 14⅝″H	**HNL8472RT**	103	4.5	**$1322**	**$15**	**$32**
72″W x 82″D x 14⅝″H	**HNL7872RT**	101	4.5	**$1290**	**$15**	**$32**

For Station with Right Return

NOTES: Non-Handed can be configured left-hand or right-hand. Intended for use on desk built with modular components, for clean approach-side aesthetic, connected to a return or modular return. Layout for 78″ and 84″D footprints:

- 72″W x 78″D:
  - Desk = 72″W x 30″D worksurface, 72″W x 27⅞″H modesty/back panel, supported by 29⅛″D pedestal(s) and/or end panel(s).
  - Return = 48″W x 24″D return; or 48″W x 24″D worksurface with vertical grain, 48″W x 27⅞″H modesty/back panel, supported by a 23⅛″D pedestal and/or end panel.
- 72″W x 78″D:
  - Desk = 72″W x 36″D worksurface, 72″W x 27⅞″H modesty/back panel, supported by 1-left and 1-right 35″D panel.
  - Return = 42″W x 24″D return; or 42″W x 24″D worksurface with vertical grain, 42″W x 27⅞″H modesty/back panel, supported by a 23⅛″D pedestal and/or end panel.
- 72″W x 84″D:
  - Desk = 72″W x 36″D worksurface, 72″W x 27⅞″H modesty/back panel, supported by 1-left and 1-right 35″D end panel.
  - Return = 48″W x 24″D return; or 48″W x 24″D worksurface with vertical grain, 48″W x 27⅞″H modesty/back panel, supported by a 23⅛″D pedestal and/or end panel.

! Comprised of 17″D transaction counter, with 4″ approach-side overhang, for the desk and a vertical privacy panel extending the depth of the desk and width of the return. Ships EZ. Transaction counter organizer (model HTCOL52) is available as an option; fits under transaction counter; organizer is available in black only.

SPECIFYING EXAMPLE: HNL8472RT.BH.H.H

NOTES:

- Reception Station Counter for Desk, and L-Reception Station with Transaction Counter for Desk, have profiled edgeband on the approach and user sides.

! L-Reception Station with Transaction Counter for Desk and Return has profiled edgeband on front side of transaction counter on desk approach-side only.

! For L-reception station layouts where the return is not against a wall, specify return using modular components, as the modesty/back panel can be specified without a grommet. Assembled returns come standard with cord grommet in modesty/back panel.

NOTES: Design positions the center of gravity towards the back of the cabinet to inhibit tipping. All drawers lock; interchangeable core removable lock makes re-keying quick and easy. Finish of lock is determined by, and aligned with, the handle finish specified. Keyed alike cores must be ordered separately; specify model HF23B (Black) or HF23S (Satin) and specific key number required. Pedestals, excluding cushion option, are sized to be positioned under 29½″H worksurfaces. Seat cushion model HLSL2016PH2 is optional. Cushion adds 1″ to the height of the pedestal. Box/File unit with cushion will fit below 29½″H worksurface. ¾″ thick top with flat edgeband; back inside end panel construction. Ships fully assembled.

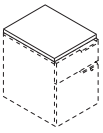

SPECIFYING EXAMPLE: HNL2116MBBF.E.H.H

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	L1 LIST	L2 UPCHARGES TOP	CHASSIS	FRONTS
Mobile Pedestal — 30″W							
30″W x 20″D x 21½″H, Shelf/File/Cabinet	**HNL2030MSFC**	105	10.7	**$1691**	**$15**	**$32**	**$20**

NOTES: Sized to align with 20″D x 20½″H low credenzas. Open shelf over file drawer left and cabinet with door right. Design positions the center of gravity towards the back of the cabinet to inhibit tipping. Seat cushion model HLSL2030CH2 is optional. Cushion adds 1″ to the height of the pedestal. 1⅛″ thick top matches low credenza design. Ships fully assembled.

SPECIFYING EXAMPLE: HNL2030MSFC.BH.E.H.H.H

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY FABRIC GRADE 1	2	3	4	5	6
Mobile Pedestal Cushion									
30″W x 20″D x 1″H	**HLSL2030CH2**	9	1.9	**$577**	**$623**	**$666**	**$707**	**$761**	**$819**
15⅞″W x 20″D x 1″H	**HLSL2016PH2**	6	1.1	**$478**	**$509**	**$538**	**$567**	**$603**	**$641**

NOTES: See pages 22-25 for available fabrics.

SPECIFYING EXAMPLE: HLSL2016PH2.APN23

NOTES:

- Mobile pedestals roll easily on four casters.
- Drawers operate on steel ball-bearing suspension with full extension.

! 28⅜″H mobile pedestals are not designed for use with the 28½″H metal O-leg due to interference caused by (1) the O-leg worksurface attachment bracket, and (2) the external support channel on the underside of a 72″, 66″, and 60″W rectangle worksurface supported by O-leg(s).

Storage Towers, Laminate Door — 50″H						
18″W x 30″D x 50″H, Hinged Right	**HNL301850TLR**	135	19.8	**$2072**	**$62**	**$45**
18″W x 30″D x 50″H, Hinged Left	**HNL301850TLL**	135	19.8	**$2072**	**$62**	**$45**
18″W x 24″D x 50″H, Hinged Right	**HNL241850TLR**	121	15.9	**$1864**	**$62**	**$45**
18″W x 24″D x 50″H, Hinged Left	**HNL241850TLL**	121	15.9	**$1864**	**$62**	**$45**

NOTES: Can be used next to 29½″H to standing, 42″H worksurfaces. Cabinet includes coat hook on back of door, perfect for jackets, sweaters, and purses. Two adjustable interior shelves, plus bottom of unit; shelves adjust in 2½″ increments. 30″D size has a slim side access storage space at rear of unit with two fixed interior shelves; the lower shelf is positioned to align with a 29½″H worksurface, the upper shelf with a 42″H worksurface. Hardware bag includes an extra coat hook which can be positioned on the side of the unit, below the worksurface; ideal for back packs. Left (L) model is door hinged left; Right (R) model is door hinged right. Worksurface tower bracket kit (model HSTB2W1) can be used to attach a worksurface directly to the tower. Bracket (1) eliminates the need for one end panel or O-leg support; (2) is not designed to be used as a support when a stack-on storage unit is placed over bracket. Ships fully assembled.
SPECIFYING EXAMPLE: HNL182450TLR.E.H.H

NOTES:
- Equipped with interchangeable core removable locks.
- Finish of locks is determined by, and aligned with, the handle finish specified.
- Keyed alike cores must be ordered separately; specify model HF23B (Black) or HF23S (Satin) and specific key number required.

42″W x 24″D	**HNLRC2442**	35	2.8	**$387**	**$20**
36″W x 24″D Rectangle Worksurface/Pedestal Top	**HNLRC2436**	30	2.4	**$351**	**$20**
30″W x 24″D Rectangle Worksurface/Pedestal Top	**HNLRC2430**	25	2.1	**$351**	**$20**

NOTES: See chart on page 50 for cord management options.

When grommets are specified for 30″D and 36″D rectangle worksurfaces, pre-drilled holes will not be included for a 4½″ diameter support column.

NOTES:

- Grain direction on all rectangle worksurfaces runs horizontal (side-to-side) except as follows: 30″W - 36″W - 42″W - 48″W - 54″W - 60″W x 24″D tops can be specified with horizontal (side-to-side) or vertical (front-to-back) grain.
- 42″W and 48″W x 20″D tops are available with vertical (front-to-back) grain only.
- For standing-height requirements, use worksurface with 41″H O-leg, end panel, L-shaped end panel, or pedestal supports.
- For mobile desks and tables, use post leg with casters.
- Rectangular surfaces are not designed to work with Laminate T-Shaped End Panels.

If using worksurfaces with Coordinate™ Height Adjustable Bases, an External Stiffener must be used.

Attachment of above privacy screen models requires a minimum 1″ clear space/overhang on the underside of worksurface.

Worksurfaces used with Coordinate™ Height Adjustable Bases should have 1″ perimeter gap on each side to provide clearance between other furniture. Failure to do so risks injury or product damage (not covered by warranty).

When using end panels or O-legs with 84″, 90″, or 96″W worksurfaces, interior weight-bearing support components are required to minimize worksurface deflection.

Attachment of above/below privacy screen models requires a minimum 2″ clear space/overhang on the underside of the worksurface.

Steel external support channel can be attached to the underside of worksurfaces that are subjected to heavier loads. Channel is recommended to provide extra support on unsupported spans of 54″W or greater or per user preference. Ordered separately from worksurface.

If using a 54″W or 60″W floating modesty panel, an external stiffener is required.

When using an external support channel under the worksurface, the depth clearance for center drawers and keyboard platforms decreases by 8″.

See “External Channel (Recommended Use)” chart on page 45.

30″W x 24″D Rectangle Worksurface/Pedestal Top	**HNLRC2430V**	25	2.1	**$351**	**$20**
48″W x 20″D	**HNLRC2048V**	33	2.7	**$388**	**$15**
42″W x 20″D	**HNLRC2042V**	29	2.3	**$358**	**$15**

NOTES: Can be used in a host of applications, including as a desk, credenza, return, bridge, stationary or mobile table surface, in U- or L-shaped configurations, as part of a work wall layout with an island extension, or with the height adjustable electric base. The conference overhang dimension on the approach side of worksurfaces varies depending on the supports and modesty panels specified. Top can be positioned with a cantilevered conference overhang on one end when used with select worksurface supports, including an O-leg or 9½″W modular pedestal. For return applications in which there is an unsupported span wider than 54″, such as a 72″W x 24″D worksurface supported by a 15¾″W modular pedestal (= 56¼″) or a 60″W x 24″D worksurface supported by a 1⅛″ thick end panel (= 58⅞″), use internal support panel model HNL11SUPP. For bridges wider than 54″, use internal support panel HNL11SUPP. When using a 30″W, 36″W, 42″W, or 48″W rectangle worksurface as a bridge, no support legs are needed. When specifying a 84″W, 90″W, or 96″W worksurface, cannot use two O-legs for the supports. In these applications, the maximum number of supports that can be an O-leg is one; must choose from a 15¾″ or wider modular pedestal for use as the additional support component. For applications requiring connection to an adjoining worksurface, two flat brackets are included with 24″D and 20″D worksurfaces that are ≤48″W; one flat bracket is included with 24″D worksurfaces that are ≥54″W. Underside of worksurface includes pilot mounting holes for O-leg, 1⅛″ thick laminate end panel, pedestals, and flat brackets. See chart on page 50 for cord management options.

When grommets are specified for 30″D and 36″D rectangle worksurfaces, pre-drilled holes will not be included for attachment of a 4½″ diameter support column.

NOTES:

- Grain direction on all rectangle worksurfaces runs horizontal (side-to-side) except as follows: 30″W - 36″W - 42″W - 48″W - 54″W - 60″W x 24″D tops can be specified with horizontal (side-to-side) or vertical (front-to-back) grain.
- 42″W and 48″W x 20″D tops are available with vertical (front-to-back) grain only.
- For standing-height requirements, use worksurface with 41″H O-leg, end panel, L-shaped end panel, or pedestal supports.
- For mobile desks and tables, use post leg with casters.
- Rectangular surfaces are not designed to work with Laminate T-Shaped End Panels.

If using worksurfaces with Coordinate™ Height Adjustable Bases, an External Stiffener must be used.

Attachment of above privacy screen models requires a minimum 1″ clear space/overhang on the underside of worksurface.

Worksurfaces used with Coordinate™ Height Adjustable Bases should have 1″ perimeter gap on each side to provide clearance between other furniture. Failure to do so risks injury or product damage (not covered by warranty).

Attachment of above/below privacy screen models requires a minimum 2″ clear space/overhang on the underside of the worksurface.

Steel external support channel can be attached to the underside of worksurfaces that are subjected to heavier loads. Channel is recommended to provide extra support on unsupported spans of 54″W or greater or per user preference. Ordered separately from worksurface.

If using a 54″W or 60″W floating modesty panel, an external stiffener is required.

When using an external support channel under the worksurface, the depth clearance for center drawers and keyboard platforms decreases by 8″.

	48″W x 30″D	**HNLBU3048**	54	3.7	**$582**	**$20**
	NOTES: Applications include U- or L-shaped peninsula configurations and island extensions. Underside of worksurface includes pilot mounting holes for O-leg, T-shaped end panel, 29⅛″D pedestals, 4½″ diameter support column, and 2″ square post leg. One flat bracket is packaged with each worksurface for applications requiring connection to an adjoining worksurface. Grain direction runs horizontal (side-to-side). Can be used in combination with a 15¾″W or 9½″W x 29⅛″D x 28¼″H modular pedestal to create a freestanding desk. See chart on page 50 for cord management options.					

NOTES:

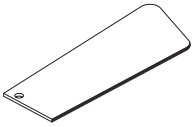

- When specifying an 84″W size, cannot use two O-legs; must use another type of support component such as a pedestal.
- Steel external support channel can be attached to the underside of worksurfaces that are subjected to heavier loads. Channel is recommended to provide extra support on unsupported spans of 54″W or greater or per user preference. Ordered separately from worksurface.
- If using a 54″W or 60″W floating modesty panel, an external stiffener is required.
- When using an external support channel under the worksurface, the depth clearance for center drawers and keyboard platforms decreases by 8″.
- See "External Channel (Recommended Use)" chart on page 45.

Right-hand model HNLEC367224R shown

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	L1 LIST	L2 UPCHARGES WORKSURFACE	L2 UPCHARGES END PANEL
Extended Corner Worksurface						
72″W x 48″D, Right	**HNLEC487224R**	130	8.9	**$1558**	**$62**	**$62**
72″W x 48″D, Left	**HNLEC487224L**	130	8.9	**$1558**	**$62**	**$62**
72″W x 36″D, Right	**HNLEC367224R**	106	6.6	**$1290**	**$57**	**$57**
72″W x 36″D, Left	**HNLEC367224L**	106	6.6	**$1290**	**$57**	**$57**

NOTES: For use in U- or L-shaped layouts. Includes top and long (47″D or 35″D) end panel components. Installation also requires modesty panel and either a 1⅛″ thick end panel or 15¾″ x 23⅛″D pedestal support for opposite end; both ordered separately. 72″W x 24/48″D or 48/24″D top is intended for use with 30/48″D or 48/30″D jetty peninsula to create a 2-piece "U" station with a curved cockpit on user's side. 72″W x 24/36″D or 36/24″D size is intended for use with 24″D returns or bridges. Underside of worksurface has pilot mounting holes for 1⅛″ thick end panel and 15¾″ x 23⅛″D modular pedestal. Edgebanding on the extended corner worksurface is profiled on the user's side and flat on the back (approach side) and ends. Grain direction runs horizontal (side-to-side).

- One flat bracket is packaged with each 48″D worksurface for applications requiring connection to a 48″D jetty peninsula. For 36″D extended corner worksurface, the flat bracket is shipped with the adjoining return or bridge. See chart on page 50 for cord management options. If grommet option is chosen, the worksurface component will match the color specified; the long end panel grommet color will be black.

NOTES:

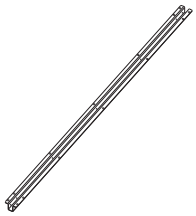

- When specifying an 84″W size, cannot use two O-legs; must use another type of support component such as a pedestal.
- Steel external support channel can be attached to the underside of worksurfaces that are subjected to heavier loads. Channel is recommended to provide extra support on unsupported spans of 54″W or greater or per user preference. Ordered separately from worksurface.
- If using a 54″W or 60″W floating modesty panel, an external stiffener is required.
- When using an external support channel under the worksurface, the depth clearance for center drawers and keyboard platforms decreases by 8″.
- See "External Channel (Recommended Use)" chart on page 45.

30″W x 10″H	**HNLMP3010**	11	0.9	**$266**	**$15**

NOTES: For use with modular worksurface and support components. Component is ¾″ thick. Full-to-floor sizes can be specified with or without grommet; see chart on page 50 for cord management options. For standing-height applications, a worksurface supported by 1⅛″ thick x 41″H laminate end panel(s) and/or 41″H support pedestal(s), the recommended modesty panel length extends 27⅞″ below the underside of the top, leaving 13″ of wall access; 9½″ and 15¾″W x 13″H backs are available to enclose the balance of the pedestal back. Worksurfaces supported by a 1⅛″ thick x 41″H laminate end panel and 41″H support pedestal, or by two 41″H support pedestals, can be used with a 10″ modesty panel to increase the amount of wall access, however in this application the pedestal(s) should be positioned against a wall, as there is not a 30⅞″H panel to cover the back of the pedestal that is exposed below the modesty panel. For standing-height applications with the worksurface supported by 41″H O-legs or L-shaped end panels, use the appropriate floating modesty panel size.

NOTES:

- Provide approach-side kneespace privacy for user seated at desks, credenzas, returns, and bridges.
- Full-width laminate panel can be specified in 6″ increments from 30″-96″W, and in full-length (27⅞″H) or short (10″H).
- Formal, full-length, 27⅞″H models extend from the underside of the worksurface to the floor.
- 10″H sizes allow quick and easy access to wall power outlets.
- 30″W and 36″W x 27⅞″H are sized to serve as a modesty panel, or pedestal back for respective 30″W and 36″W support storage pedestal models.

! The full-width panel designs are specifically for use when the worksurface supports are two 1⅛″ thick end panels, two support storage pedestals, or one 1⅛″ thick end panel and one support storage pedestal; not for use with O-legs or L-shaped end panels.

! Full-length modesty panels not for use with height adjustable desks/shrouds.

CONCINNITY™ Components — Modesty/Back Panels

Not available in two-tone laminate

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	L1 LIST PRICE	L2 UPCHARGE
Modesty Panels for Desks with O-Legs					
68⅜″W x ¾″D x 10″H — For 72″ x 30″ Desks	**HLAMMP7230**	26	2.1	**$405**	**$20**
56⅜″W x ¾″D x 10″H — For 60″ x 30″ Desks	**HLAMMP6030**	23	1.8	**$371**	**$20**

NOTES: For use with 60″W or 72″W worksurfaces supported by O-legs. Comprised of three panels: one approach side and one for each end. Length below bottom of worksurface is 10″. Steel external support channel (ordered separately) is recommended for unsupported spans greater than 54″W (i.e.: a distance in which there is not a vertical support between the underside of the worksurface and floor). Grain direction is vertical on approach and side panels for 56⅜″W (all laminate colors) and 68⅜″W (L1 laminate except Florence Walnut and Kingswood Walnut). Vertical on 27⅝″ end panels (all laminate colors). Horizontal on all panels for L2 laminates as well as Florence Walnut and Kingswood Walnut.
Specify: Model.Laminate
SPECIFYING EXAMPLE: HLAMMP7230.N

+$20 for L2 laminates. See pages 279-280 for laminate options.

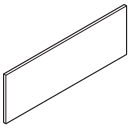

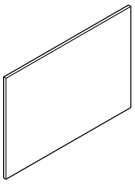

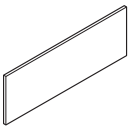

NOTES:
- Floating panel options attach under worksurfaces and are available in laminate or mixed (frosted translucent) material. The modesty panel and attachment bracket are packaged separately.
- If using a 54″W or 60″W floating modesty panel, an external stiffener is required.
- When using a floating modesty panel under the worksurface, the depth clearance for center drawers and keyboard platforms decreases by 8″.
- The full width/half-height and full-to-floor/full-height panels are filler options designed only for use on 60″, 66″, and 72″W x 29½″H, double, 15¾″W, pedestal desks and credenzas that are specified/built with modular components.

Kneespace Clearance End Panels

Icon Legend on page 19

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	L1 LIST PRICE	L2 UPCHARGE
Kneespace Clearance End Panels 1⅛″W x 11¼″D x 28½″H for 24″D, 2 pk	**HNLEP1128**	25	2.0	**$354**	**$15**

NOTES: Creates additional kneespace for the user. Two 1⅛″W x 11¼″D laminate end panels, one left, one right; sized to support two adjoining, contiguous 24″D worksurfaces. Can be specified with worksurfaces at time of installation or ordered as replacement for two side-by-side 1⅛″W x 23″D end panels. Available in 28½″ and 41″H. Can be used to connect up to three credenzas in line (2 kits). Not designed for use with returns. Allows conversion of units currently in the field; European fasteners make installation quick and easy. Cord routing notch in top back of each panel. Includes two 1⅛″ thick panels; European fastening hardware; flat connector bracket; self-tapping wood screws for ganging credenza to adjacent worksurface; and adjustable leveling glides. Can be specified in a woodgrain or solid laminate color only; not in a two-tone combination.

Components — Supports

Icon Legend on page 19

	DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	L1 LIST PRICE	L2 UPCHARGE
	**Laminate T-Shaped End Panels — For 29½″H**					
	11⅝″W x 35⅞″D x 28½″H	**HNLTEP3628**	45	3.7	**$568**	**$25**
	11⅝″W x 29⅞″D x 28½″H	**HNLTEP3028**	39	3.3	**$530**	**$25**
	11⅝″W x 23⅞″D x 28½″H	**HNLTEP2428**	33	2.9	**$500**	**$25**
	NOTES: Supports the end of a component worksurface where there is no modular pedestal. Available in 24″, 30″, and 36″D x 28½″H. Two 1⅛″ thick pieces; one end and one brace panel. Cord routing notch in brace panel. Non-handed. Ships EZ; simple assembly. Can be specified in a woodgrain or solid laminate color only; not available in a two-tone combination. **SPECIFYING EXAMPLE: HNLTEP3628.H**					
	**Support Brace — For 29½″H**					
	1⅛″W x 10½″D x 28½″H	**HNL11SUPP**	11	0.9	**$228**	**$15**
	NOTES: Minimizes worksurface deflection by providing added internal support under 24″D tops with an unsupported span of 54″ or wider (distance for which there is no panel, leg, or pedestal support component). Not for use as an end panel. 11″D size provides kneespace clearance. Attaches with brackets to both the underside of the worksurface top and either a conventional full-length or 10″ laminate modesty panel; not for use with O-leg or L-shaped end panel supports. 1⅛″ thick. Cord routing notch in brace panel. Can be specified in a woodgrain or solid laminate color only. **SPECIFYING EXAMPLE: HNL11SUPP.H**

CONCINNITY™ Components — Supports

	DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY PAINT GRADE P1	P2	P3
	**O-Leg**						
	30″D x 28½″H	**HLSL30280**	19	5.4	**$545**	**$554**	**$570**
	24″D x 28½″H	**HLSL24280**	17 S	3.7	**$494**	**$503**	**$519**
	NOTES: Ship fully assembled, 1/pack. Non-handed. IMPORTANT: The O-leg attachment bracket interferes with placement of 28⅜″H mobile pedestals, preventing them from being positioned directly next to (flush with) the O-leg. Box/file mobile pedestal (model HNL2116MBF) can be positioned along side the O-leg. **SPECIFYING EXAMPLE: HLSL2428O.T1**						
	**Double-Depth O-Leg Support for Worksurfaces**						
	60″D x 28½″H	**HLSL60280**	19	8.7	**$1026**	**$1039**	**$1051**
	48″D x 28½″H	**HLSL48280**	18	7.0	**$924**	**$937**	**$949**
	NOTES: Ship fully assembled, 1/pack. Non-handed. 48″D and 60″D sizes span back-to-back 24″D and 30″D worksurfaces, respectively.						
	**O-Leg Shared Support for Worksurfaces**						
	30″D x 28½″H	**HLSL3028SL**	19	5.4	**$678**	**$687**	**$703**
	24″D x 28½″H	**HLSL2428SL**	17	3.7	**$611**	**$620**	**$636**
	NOTES: Ship fully assembled, 1/pack. Non-handed. ! Specify paint only. **SPECIFYING EXAMPLE: HLSL2028SL.T1**						
	**O-Leg Support for Low Credenzas**						
	30″D x 7″H	**HLSL3070**	7	1.0	**$422**	**$431**	**$447**
	24″D x 7″H	**HLSL2470**	6	1.0	**$332**	**$341**	**$357**
	NOTES: Ship fully assembled, 1/pack. Non-handed. For 7″H laminate support see page 111. ! Specify paint only. **SPECIFYING EXAMPLE: HLSL2070.T1**						
	**O-Leg Chase**	**HLEGCHASE26**	1 S	0.4	**$129**	**$144**	**$150**
	• O-Leg Chase is 26″H. • Available in standard metal paint finishes, specify desired finish. • See page 207 for Voi® O-Leg finishes to match chase finish to O-Leg. NOTES: Works with Voi® O-Legs, matches leg profile on models HLSL30280 and HLSL24280. Attaches to legs via magnets. Metal chase can fit qty. 12, 3/10″ diameter cords. **SPECIFYING EXAMPLE: HLEGCHASE26.P7D**						
	**Standing-Height O-Leg Support for Worksurfaces**						
	30″D x 41″H	**HLSL30410**	17	6.5	**$735**	**$746**	**$760**
	24″D x 41″H	**HLSL24410**	16	5.3	**$657**	**$668**	**$682**
	NOTES: Ship fully assembled, 1/pack. Non-handed.						
	**Standing-Height O-Leg Shared Support for Worksurfaces**						
	30″D x 41″H	**HLSL3041SL**	17	6.5	**$818**	**$829**	**$843**
	24″D x 41″H	**HLSL2441SL**	16	5.3	**$741**	**$752**	**$766**
	NOTES: Ship fully assembled, 1/pack. Non-handed. For use with two 24″D or 30″D worksurfaces positioned side-by-side along the depth dimension.						

NOTES:

- Open frame, metal design.
- O-leg ships fully assembled with mounting hardware.
- O-leg glides have 2″ adjustability.
- Will have 6″ overhang when using 30″D O-legs with a 36″D worksurface.
- Shared O-legs create a cleaner aesthetic in all applications where two legs are used side-by-side.

! O-legs may only be attached to worksurfaces, not storage units.

! O-leg installation requires 6″ of clearance from the worksurface end.

! For use with worksurfaces up to 78″W. When using an 84″W or wider worksurface, cannot use two O-legs; must use one 15¾″ or wider pedestal for the other support.

CONCINNITY™
Height Adjustable Bases

Icon Legend on page 19

Base shown with worksurface attached.

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE
Coordinate™ Height Adjustable Base – 2-Stage 2-Leg Rectangle T-Foot	**HHATB2S2LT**	66	2.4	**$1134**

NOTES:
- Dual motor two-leg design. Legs raise from 25⅝" to 45¼".
- 1¼"/second travel speed.
- <48 dB noise rating.
- Base accommodates any rectangular worksurface between 23"D x 40"W and 30"D x 72"W.
- Weight capacity of 250 lbs. (excluding the weight of the worksurface) distributed evenly.
- For use in combination applications where one end will be installed into a HAT shroud base or HAT low credenzas and the other end will have an exposed T-Foot.
- Model includes quantity 2 feet. The unused foot will need to be discarded at time of install.
- Not TAA compliant unless ordered with a TAA compliant configurable end product.

Only 2-Stage Coordinate™ bases will work with HAT shrouds and HAT low credenzas. 3-Stage Coordinate™ bases should not be used due to their lower height range.

NOTES:
Height Adjustable Base
- Control Box: 120V, 4A, 60Hz, 400W.
- 9' grounded power cord.
- **HON 10-Year Warranty.**

Requires the use of an external stiffener (purchased separately) for worksurfaces over 60"W when not used with a Coordinate™ worksurface.

Full-to-floor/full-length modesty panels not for use with height adjustable desks/shrouds.

	72″W x 24″D x 21½″H, Right	**HNL247221RH**	254	27.2	**$2325**	**$25**
	60″W x 24″D x 21½″H, Right	**HNL246021RH**	215	22.8	**$2166**	**$25**
	NOTES: When specifying a grommet application, the grommet is near the front leg for cord management and has a grommet on the backside for cord management to wall power. See lock and grommet color matrix on page 37.					

SPEC TIPS:

- HAT base is bolted directly into unit for a solid connection without the need for the HAT base freestanding on feet.
- In combination applications with one HAT leg integrated and one HAT leg with an exposed T-Foot use footed Coordinate™ base model HHATB2S2LT on page 116 and discard the unused foot at time of install.
- In applications with both ends integrated into a shroud or credenza use the non-footed Coordinate™ bases HNLAB2SIL or HNLAB3SIL on page 117.
- For HAT shrouds the leg cut-out standard. Grommet optional.
- For HAT credenzas the leg cut-out and grommet are both standard.

Only 2-Stage Coordinate™ bases will work with HAT shrouds and HAT low credenzas. 3-Stage Coordinate™ bases should not be used due to their lower height range.

Only 2-Stage Coordinate™ bases will work with HAT shrouds and HAT low credenzas. 3-Stage Coordinate™ bases should not be used due to their lower height range.

	60″W x 24″D	**HNLHATRC2460VR-(?)K**	42	3.9	**$1314**	**$1339**

NOTES:
- Insert “F” in model number for full size tops to be used in freestanding applications. Example: 48″ x 24″
- Insert “U” in model number for tops undersized 1″ on all sides for pinch points to adjoining units. Example: 46″ x 22″

SPEC TIPS:
- First order tops and then select corresponding chassis assembly.
- Return tops for use in L-shape applications.
- For L-shape applications with rectangular tops, both the desk and return top must match as full size “F” or undersized “U” models.
- Knife edge applied to back and non-connecting end. User side and connecting end flat.
- For more information see pages 52-62.

72″W x 30″D	**HNLHATRR3072**	356	43.1	**$5041**	**$5128**

NOTES:

- Unit must be wall mounted. (See page 41 for details).
- Provides sit-to-stand electric height adjustment.
- Wall access panel allows for easy wire management and access to wall power.
- Center grommet in lower chassis top (black grommet only).
- If grommet option is selected, it will place a single grommet in center of worksurface.
- Grain direction on tops is horizontal.
- Grain direction on chassis is vertical.
- Laminate units ship separately and require field assembly.
- External support channels needed on 66″W and 72″W worksurfaces (included, no need to specify separately).
- All Grommets on the wall access panel will be black.

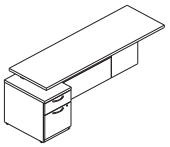

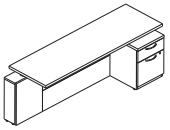

HAT Leg Paint color is only available in Black or Silver.

Pedestal's top and back are open and require top and back panel components — ordered separately. See chart on page 50 for cord management options. Ships fully assembled. **SPECIFYING EXAMPLE: HNL291028PFF.E.X.H.H**						
	**Box/Box/File Pedestal**						
	15¾″W x 29⅛″D x 28½″H	**HNL291628PBBF**	76	10.6	**$1176**	**$32**	**$15**
	18″W x 23⅛″D x 28½″H	**HNL231828PBBF**	72	9.8	**$1179**	**$25**	**$15**
	15¾″W x 23⅛″D x 28½″H	**HNL231628PBBF**	69	8.6	**$1073**	**$25**	**$15**
	NOTES: Three locking drawers; two box (supply) drawers, one for files. File drawer has high sides to accept hanging folders and front-to-back for letter filing. Pedestal's top and back are open and require top and back panel components — ordered separately. See chart on page 50 for cord management options. Ships fully assembled. **SPECIFYING EXAMPLE: HNL291628PBBF.E.X.H.H**						
	**File/File Pedestal**						
	15¾″W x 29⅛″D x 28½″H	**HNL291628PFF**	78	10.6	**$1176**	**$32**	**$15**
	18″W x 23⅛″D x 28½″H	**HNL231828PFF**	72	9.8	**$1179**	**$25**	**$15**
	15¾″W x 23⅛″D x 28½″H	**HNL231628PFF**	70	8.6	**$1073**	**$25**	**$15**
	NOTES: Two locking file drawers. Drawers have high sides to accept hanging folders and front-to-back for letter filing. Pedestal's top and back are open and require top and back panel components — ordered separately. See chart on page 50 for cord management options. Ships fully assembled. **SPECIFYING EXAMPLE: HNL291628PFF.E.X.H.H**						
	**Lateral File Pedestal**						
	36″W x 23⅛″D x 28½″H	**HNL233628PLF**	134	18.4	**$1581**	**$50**	**$25**
	30″W x 23⅛″D x 28½″H	**HNL233028PLF**	115	15.0	**$1444**	**$45**	**$25**
	NOTES: Two locking file drawers; drawers include hangrails to accept folders in letter or legal size. For use under 24″D rectangle worksurface. Widths can also span depth dimension of respective 30″ or 36″D rectangle worksurface. Anti-tip design includes mechanical interlock to inhibit the extension of more than one drawer at a time. Pedestal's top and back are open and require top and back panel components — ordered separately. See chart on page 50 for cord management options. Ships fully assembled. **SPECIFYING EXAMPLE: HNL233628PLF.E.X.H.H**						

NOTES:

- 29⅛″D pedestals can be used under 30″ or 36″D worksurfaces; 23⅛″D pedestals can be used under 24″D worksurfaces only (30″D top grommet locations are not designed to create overhang desks with 23⅛″D pedestals).
- Drawers operate on steel ball-bearing suspensions to ensure smooth, quiet, long-lasting operation; full extension allows easy access to contents.
- Interchangeable core removable locks allow users to access all furniture pieces in an office with a single key for convenience and security. Makes re-keying quick and easy.
- See chart on page 50 for cord management options. If the pedestal grommet option is chosen, two cutouts, one per end/side panel, each with a black plastic cap, are included.

❗ Pedestal tops and backs are open and require top and back panel components — ordered separately.

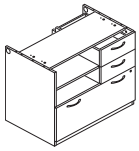

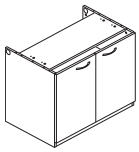

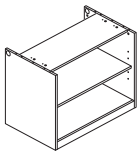

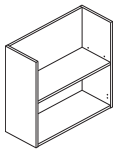

❗ 9½″W pedestals are not designed to be used independently in a stand-alone application.

	12″W x 24″D x 28½″H	**HNL122428BKE**	41	7.4	**$725**	**$25**	**N/A**
	NOTES: Two shelves; bottom of unit plus one adjustable shelf, which adjusts in 1¼″ increments. Designed to span the depth dimension of 24″, 30″, or 36″D rectangle worksurface; shelves can be oriented facing outwards, or inwards towards the user's kneespace. Includes fully finished back. Ships with two (2) extra L-brackets for applications requiring attachment of a laminate modesty panel; the panel brackets to the back of the bookcase end support. Modesty panel specified should be 12″ less than the worksurface width. Open top; for use under worksurface only — ordered separately. Ships fully assembled. **SPECIFYING EXAMPLE: HNL123628BKE.H**						

NOTES:

- 23⅛″D pedestals can be used under 24″D worksurfaces only (30″D top grommet locations are not designed to create overhang desks with 23⅛″D pedestals).
- Drawers operate on steel ball-bearing suspensions to ensure smooth, quiet, long-lasting operation; full extension allows easy access to contents.
- Interchangeable core removable locks allow users to access all furniture pieces in an office with a single key for convenience and security. Makes re-keying quick and easy.
- See chart on page 50 for cord management options. If the pedestal grommet option is chosen, two cutouts, one per end/side panel, each with a black plastic cap, are included.

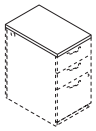

Pedestal tops and backs are open and require top and back panel components — ordered separately.

CONCINNITY™
Components — Pedestal Tops

Icon Legend on page 19

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	L1 LIST PRICE	L2 UPCHARGE
Pedestal Tops					
15¾″W x 30″D	**HNLPT3016**	16	1.4	**$352**	**$15**
18″W x 24″D	**HNLPT2418**	15	1.3	**$328**	**$15**
15¾″W x 24″D	**HNLPT2416**	13	1.2	**$328**	**$15**

NOTES: Component is 1⅛″ thick. Underside of top includes pilot mounting holes for pedestals. Grain direction on 15¾″ and 18″W pedestal tops runs horizontal (side-to-side). Component tops for 30″ and 36″W pedestals are listed with rectangle worksurface sizes. Grain direction on 30″ and 36″W pedestal tops can be specified horizontal (side-to-side) or vertical (front-to-back). For tri-oval and beaded edge options, there is a shaped profile on the user and approach sides, and a flat edge on the ends.

For modular pedestals used in freestanding applications; not compatible when pedestal is positioned under a worksurface.

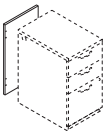

9½″W pedestals are not designed to be used independently in a freestanding application, so 9½″W tops are not available to order.

CONCINNITY™ Components — Pedestal Back Panels

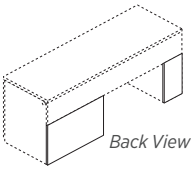

Icon Legend on page 19

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	L1 LIST PRICE	L2 UPCHARGE
Full Back Panels — For 28½″H Pedestals					
18″W x 27⅞″H	**HNLPB1828**	11	1.5	**$228**	**$15**
15¾″W x 27⅞″H	**HNLPB1628**	10	1.3	**$204**	**$15**
9½″W x 27⅞″H	**HNLPB1028**	6	0.9	**$194**	**$15**

NOTES: Encloses the rear of 28½″H modular support pedestals, which come standard with an open, unfinished back. For use when a support storage pedestal is positioned under a 29½″H worksurface and a conventional worksurface width x 27⅞″H modesty/back panel is not specified to cover the back of the pedestal. For 30″ and 36″W pedestals, use the respective modesty/pedestal back panel size, see page 106.

SPECIFYING EXAMPLE (9½″, 15¾″, 18″W): HNLPB1028.H

Shown with HNLLB3018 and HNLLB1018

Low Back Panels — For 28½″H Pedestals					
36″W x 18″H	**HNLLB3618**	15	1.9	**$228**	**$20**
30″W x 18″H	**HNLLB3018**	12	1.6	**$228**	**$20**
18″W x 18″H	**HNLLB1818**	7	1.0	**$204**	**$20**
15¾″W x 18″H	**HNLLB1618**	6	0.9	**$196**	**$15**
9½″W x 18″H	**HNLLB1018**	4	0.6	**$183**	**$15**

NOTES: Encloses the rear of 28½″H modular support pedestals when positioned under a 29½″H worksurface with a full-width, 10″ laminate modesty panel. The modesty panel extends down from the underside of the worksurface to cover the upper back portion of the pedestal, the lower panel component encloses the remainder of the pedestal back. When used in combination, the 10″ modesty and pedestal low back panels fully conceal the rear of the pedestal. The pedestal low back panel is only for use when a modular pedestal is used in conjunction with a worksurface with a 10″ laminate modesty panel and the customer wants/needs to fully enclose the back section of the pedestal.

COORDINATE™

Want to see more? Scan here to check out hon.com.

Coordinate™ Height Adjustable Base shown with Ignition® 2.0 Seating and 10500 Series™ Desking.

COORDINATE™

The power to choose is now at your fingertips — sit tight or stretch out with a Coordinate height adjustable base! It doesn't matter if you're perfecting that project in a private office or collaborating with the crew from your cubicle, Coordinate easily adapts to your body and your day with streamlined style and effortless versatility.

FEATURES

- Make quick and easy adjustments all day long with a variety of control options: standard memory preset, basic up/down, paddle control, or a Wireless option.
- Bases available in 2- or 3-leg rectangle C- and T-shaped foot options to accommodate your layout preferences.
- Newly designed base is lighter scale with a clean aesthetic and easy assembly.
- All bases are compatible with electrical accessories and select worksurfaces.

COORDINATE™ Height Adjustable Bases

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE
Coordinate™ Height Adjustable Base – 2-Stage				
2-Leg Rectangle T-Foot	**HHATB2S2LT**	66	2.4	**$1134**
2-Leg Rectangle C-Foot	**HHATB2S2LC**	66	2.4	**$1134**

NOTES:
- Dual motor two-leg design. Legs raise from 26½″ to 45¾″ (without worksurface).
- 1¼″/second travel speed.
- <48 dB noise rating.
- Base accommodates any rectangular worksurface between 23″D 24″W and 30″D x 72″W.
- Weight capacity of 250 lbs. (including the weight of the worksurface) distributed evenly.
- Not TAA compliant unless ordered with a TAA compliant configurable end product.

Coordinate™ Height Adjustable Base – 3-Stage				
2-Leg Rectangle T-Foot	**HHATB3S2LT**	66	2.4	**$1252**
2-Leg Rectangle C-Foot	**HHATB3S2LC**	66	2.4	**$1252**

NOTES:
- Dual motor two-leg design. Legs raise from 21¾″ to 47½″ (without worksurface).
- 1¼″/second travel speed.
- <48 dB noise rating.
- Base accommodates any rectangular worksurface between 23″D x 24″W and 30″D x 72″W.
- Weight capacity of 250 lbs. (including the weight of the worksurface) distributed evenly.
- Not TAA compliant unless ordered with a TAA compliant configurable end product.

Coordinate™ Height Adjustable Base – Max 3-Stage				
2-Leg Rectangle T-Foot	**HHATM3S2LT**	66	2.4	**$1401**

NOTES:
- Dual motor two-leg design. Legs raise from 21¾″ to 47½″ (without worksurface).
- 1¼″/second travel speed.
- <50 dB noise rating.
- Base accommodates any rectangular worksurface between 23″D x 24″W and 30″D x 96″W.
- Weight capacity of 350 lbs. (including the weight of the worksurface) distributed evenly.
- Not TAA compliant unless ordered with a TAA compliant configurable end product.

NOTES:
- Control Box: 120V, 4A, 60Hz, 400W.
- 9′ grounded power cord.
- 2-Leg Height Adjustable Bases can accommodate rectangular worksurfaces down to 24″W. 10500 Series™, Concinnity™, and Voi® all have rectangular worksurfaces shorter than 40″W.
- Collision detection featured on base.
- **HON 12-Year Warranty.**

Requires the use of an external stiffener (purchased separately) for worksurfaces over 58″W or wider when not used with a Coordinate™ worksurface.

3-Leg Rectangle T-Foot	**HHATM3S3LT**	78.0	2.3	**$2632**

NOTES:
- Tri-motor three-leg design. Legs raise from 21¾″ to 47½″.
- 50mm/second travel speed.
- <50 dB noise rating.
- Base accommodates worksurfaces between 24″D x 48″W x 36″W and 30″D x 72″W x 72″W. Can be used with 48″ 120° worksurface models.
- Weight capacity of 500 lbs. (including the weight of the worksurface) distributed evenly.
- Not TAA compliant unless ordered with a TAA compliant configurable end product.

! When using two worksurfaces, a flat bracket is required. Bracket purchased separately — HHN831124, HHN831130 — see page 584.

! Each worksurface 58″W or wider requires the use of an external stiffener; including secondary return worksurface in an "L" 3-leg base application if wider than 58″W. External stiffener purchased separately when not used with a Coordinate™ worksurface.

! Certain 2-piece top configurations may require two stiffeners depending on the footprint of your station.

NOTES:
- Control Box: 120V, 4A, 60Hz, 400W.
- 9′ grounded power cord.
- 2-Leg Height Adjustable Bases can accommodate rectangular worksurfaces down to 24″W. 10500 Series™, Concinnity™, and Voi® all have rectangular worksurfaces shorter than 40″W.
- Collision detection featured on base.
- **HON 12-Year Warranty.**

! **Requires the use of an external stiffener (purchased separately) for worksurfaces over 58″W or wider when not used with a Coordinate™ worksurface.**

POWER & CABLE MANAGEMENT

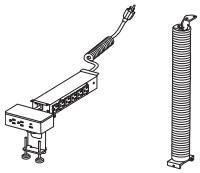

Icon Legend on page 19

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY PAINT GRADE P1	P2	P3
 **2-Stage Metal HAT Telescoping Wire Chase**	**HHATPWRMOD2S**	5.6 Ⓢ	0.6	**$1172**	**$1203**	**$1218**
3-Stage Metal HAT Telescoping Wire Chase	**HHATPWRMOD3S**	5.6 Ⓢ	0.6	**$1199**	**$1232**	**$1249**

- Metal Telescoping Chase available in the same paint finishes as Coordinate™ HAT bases, specify desired paint finish.

NOTES: 2 and 3-stage Metal HAT Telescoping chases include an Above/Below Power Module and a metal telescoping chase to conceal coiled cord on the Above/Below Power Module unit. Four feet of straight cord length extends from the base of Telescoping Chase. Telescoping Chase solution provides power access above and below the worksurface on Coordinate™ Height Adjustable Tables while concealing cord slack. Telescoping chase matches profile of Coordinate™ HAT leg and rises up and down with the unit. To match Metal Telescoping Chase to HAT base, specify matching paint color to HAT base.

SPECIFYING EXAMPLE: HHATPWRMOD2S.AC.DWT.PJW

 **Fabric Elastic HAT Wire Chase**	**HHATPWRMODF**	3.6 Ⓢ	0.3	**$1080**	**$1101**	**$1111**

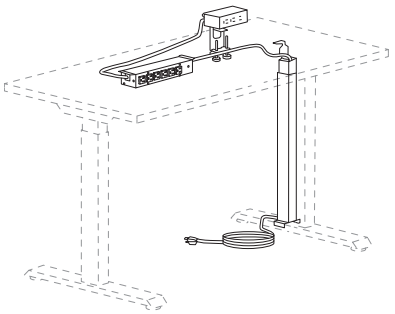

- Fabric Chase comes in Light (LGT), Medium (MDD), and Dark (DRK) fabrics, specify desired fabric.
- Fabric HAT mounting brackets available in the same paint finishes as Coordinate™ HAT bases, specify desired paint finish.

NOTES: Fabric Elastic Chase includes an Above/Below Power Module and a fabric chase to conceal coiled cord on the Above/Below Power Module unit. Four feet of straight cord length extends from the base of Fabric Chase. Fabric Chase solution provides power access above and below the worksurface on Coordinate™ Height Adjustable Tables while concealing cord slack. Works on either 2-stage or 3-stage HAT bases. Fabric chase wraps around coiled cord and stretches up and down with a Coordinate™ HAT leg. To match Fabric Chase's metal mounting brackets to HAT base, specify matching paint color to HAT base.

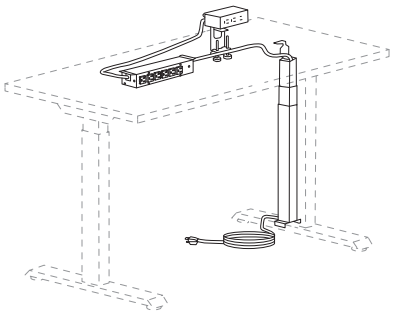

SPECIFYING EXAMPLE: HHATPWRMODF.AC.DWT.LGT.PJW

NOTES:

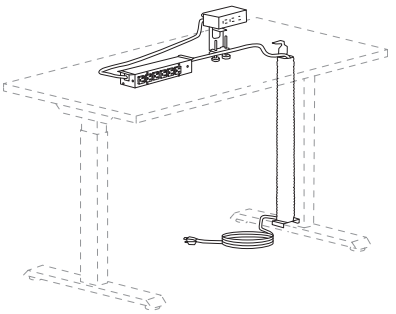

- Desktop power module comes with 2 receptacles, 1 USB-A, and 1 USB-C port only, specify "AC."
- Desktop power module available in White (DWT) or Gray (DGY) finishes, specify desired finish.
- Under worksurface power strip comes with 6 receptacles and is available in Black only, no specification needed.

Coze™ Table Desk shown with Cliq™ Seating and Fuse™ Storage.

COZE™

There's no place like home, especially when you're working. Stay as productive in your own digs as you are in the office with Coze table desks. Designed to keep things nice and easy, Coze features simple and quick assembly and optional fast shipping so you can get down to business in no time. Not too big and not too small, Coze comes in three sizes, so it's just right for whatever space you're working in. With optional built-in storage to help you stay organized and a clean, light-scale look in a variety of laminate and finish colors, Coze feels right at home no matter your personal style.

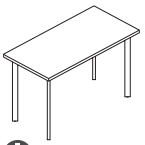

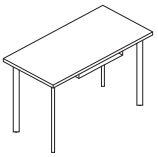

FEATURES

- Enjoy a higher quality desk at a lower price.
- Simple one-tool installation with video takes only minutes.
- Light scale design and small footprint fit any room in the house.
- Optional integrated storage lets you decide how to best stay organized.
- Available in a variety of laminate and paint colors so you can get exactly what you need in the look you want.
- Leveling glides adjust for uneven floors.
- Durable laminate surfaces resist scratches, spills, and stains.

Mod Desks shown with Coordinate™ Height Adjustable Desks and Solve® Seating.

MOD

There is always beauty in simplicity, but with the Mod desk collection you'll also find variety and value. The contemporary design feels perfectly at home in either a private office or an open floor plan, giving it the versatility that allows you to unify your space. Choose from a selection of finishes that express your modern sense of style, or dress it up with a classic look. Whether setting up a single desk, shared workstations, or full private office suite with storage, this collection is totally adaptable. Totally productive. Totally Mod.

FEATURES

- The Mod collection allows you to create a premium workspace at an affordable price.
- Straightforward styling blends with any office design with the option for metal A- and U-legs.
- Available in 5 laminate finishes.
- Storage options that let you create spaces that work the way you do.
- All components feature a scratch- and stain-resistant laminate for unbeatable beauty and durability.

VALIDO®

Want to see more? Scan here to check out hon.com.

Valido® shown with Flock® and Ignition® Seating.

VALIDO®

Valido knows how to make them. Impeccable design. Quality craftsmanship. A tailored, signature style that lasts. With precision-machined edges and more than 100 different surface combinations, Valido lets you create a custom-built look with an executive edge. And thanks to a variety of flexible component options — plus high-quality laminate that resists scratches, stains, spills and wear — Valido is the very definition of form meeting function.

FEATURES

- Formal 1½-thick worksurfaces are finished with an elegant, ribbon-edge detail.
- Multiple storage options let you create spaces that work the way you do.
- Valido components are designed to fit, form and grow into every area and any space.
- Metal-to-metal fastening system for precise fit and unsurpassed durability.
- Available in durable mix-and-match laminates, including woodgrain, solid, and pattern colors.
- Four decorative handle options to choose from.

(*) Patterned top laminates are available with the following base/edgebanding laminate selection: C, COGN, D, F, H, MOCH, N, P, PINC, S, DW, FW, KI, or SA. Edgebanding will match base laminate selected.

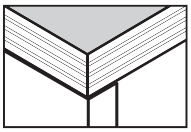

SPECIFYING EXAMPLE: H11592.L6N

The following Valido products are not available as two-tone and require only one color code:

- *Modular pedestals — box/file, box/box/file, file/file, lateral file, multi file, and cabinet.*

VALIDO® ORDERING INFORMATION

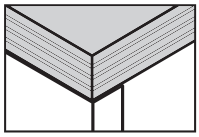

Patterned Top

Edgeband Around Top / Laminate Base

- *Edgebanding on patterned laminates matches the laminate base selected.*
- *LAMINATE DESKS*
  SPECIFY: Model Number. Laminate
  EXAMPLE: H11596.NN
- *WORKSURFACES*
  SPECIFY: Model Number. Top Laminate Edgeband
- ***All specifications in this publication are based on the latest product information available at the time of print.***

Tops with a patterned color are not available with a matching edgeband.

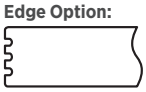

Laminate Base

Two-tone laminates: Top and edgebanding are the same, base is different laminate color.

- *Edgebanding on two-tone laminates matches top, base is a different laminate color.A complete selection of Conference Room and Occasional Tables is shown in the Tables section in the 2026 Shared Spaces Pricer.*
- *LAMINATE DESKS*

NOTES: See pages 743-744 for optional center drawers.

NOTES:

- Non-handed desk, credenza, and return shells, combined with a variety of under-the-worksurface storage solutions, maximize office layout flexibility. Shells and pedestals can be reconfigured quickly and easily when user preferences or space needs change.
- Tops are abrasion- and stain-resistant laminate over extra-thick 1½″ solid core high-performance particleboard; resists warping.
- "Ribbon" edge profile; shape is on all four sides.
- Full height modesty panels.
- Cord management grommets, for routing and hiding wires and cables, are located in the tops of desk and return shells.
- 3″ round worksurface grommet can be replaced with optional Power Hub (model HGRMTAC) or Power/USB Hub (model HGRMTUSB2) to bring the ease of plug-and-play to the desktop. See page 755.
- Credenza shells have a cord pass-through grommet in the top center of the modesty panel.
- The narrow design of the kneespace clearance end panel kits replace full end panels to provide added kneespace.
- Adjustable hex leveling glides allow floor-standing furniture to be easily leveled; glides have ¾″ adjustable range.
- For conference table options, see the Preside® table tops and bases in the Tables section in the 2026 Shared Spaces Pricer.
- See pages 188-189 for modular storage components.

NOTES: Makes reaching wall electrical outlets quick and easy. Provides more than 18″ of clearance. See pages 197-198 for optional stack-on storage.

Not available in two-tone laminate

Kneespace Clearance End Panel Kits (field installable)						
1⅛″W x 11¼″D x 28⅛″H		**H105098**	13	0.9	**$297**	**$312**

For use at either end of Valido, 10500 Series™ 24″D Credenza Shells (with full or 10″ modesty panel) or non-pedestal end of single pedestal credenzas or credenzas with lateral files.

1⅛″W x 17¼″D x 28⅛″H		**H105099**	11	0.8	**$311**	**$326**

For use at either end of Valido, 10500 Series™ 30″D Desk Shells or non-pedestal end of 30″D single pedestal desks.

Kits include: (1) support panel; European fastening hardware; flat connector bracket; joint connector bolts with sleeve nuts (for ganging credenza to adjacent worksurface); and adjustable leveling glides. Allows conversion of units currently in the field.

NOTES: Can be used to connect up to three 24″D credenzas or 30″D desks in line (requires 4 kits).

Not designed to be used freestanding. Not designed to be used with returns, 36″D desks or desk shells.

SPECIFYING EXAMPLE: H105098.N

NOTES:

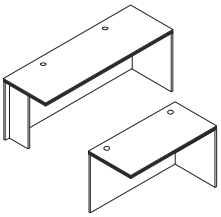

- Non-handed desk, credenza, and return shells, combined with a variety of under-the-worksurface storage solutions, maximize office layout flexibility. Shells and pedestals can be reconfigured quickly and easily when user preferences or space needs change.
- Tops are abrasion- and stain-resistant laminate over extra-thick 1½″ solid core high-performance particleboard; resists warping.
- "Ribbon" edge profile; shape is on all four sides.
- Cord management grommets, for routing and hiding wires and cables, are located in the tops of desk and return shells.
- Credenza shells have a cord pass-through grommet in the top center of the modesty panel.
- The narrow design of the kneespace clearance end panel kits replace full end panels to provide added kneespace.
- Adjustable hex leveling glides allow floor-standing furniture to be easily leveled; glides have ¾″ adjustable range.
- Credenza Shells available with Full or 10″ Modesty Panel options.
- For conference table options, see the Preside® table tops and bases in the Tables section in the 2026 Shared Spaces Pricer.
- See pages 188-189 for modular storage components.

24″D Return Shell (with 10″ Modesty Panel)						
72″W x 24″D x 29½″H	67″W x 22¾″D	**H115686X**	124	5.0	**$1467**	**$1517**
60″W x 24″D x 29½″H	55″W x 22¾″D	**H115684X**	108	4.0	**$1373**	**$1418**
48″W x 24″D x 29½″H	47″W x 22¾″D	**H11561X**	90	3.0	**$1123**	**$1161**
42″W x 24″D x 29½″H	41″W x 22¾″D	**H115681X**	80	3.0	**$1101**	**$1139**
36″W x 24″D x 29½″H	34⅞″W x 22¾″D	**H115680X**	76	3.0	**$1101**	**$1133**
30″W x 24″D x 29½″H	28⅞″W x 22¾″D	**H11568X**	65	2.8	**$1023**	**$1055**

NOTES: Shells are non-handed. No pre-drilled grommet in modesty panel (field installable grommet included). Woodgrain direction on modesty/back panel runs vertical on 30″W-60″W sizes and horizontal on 72″W unit. 36″W return shell can be used to achieve an efficient 6′ x 6′ footprint when connected to either a 72″W x 36″D single pedestal desk, desk shell, or peninsula, or when two are connected to a 36″W corner unit model H115811. 30″W return shell can be used to accomplish a 5′ x 5′ footprint when connected to a 60″W x 30″D desk shell or peninsula. See pages 197-198 for optional stack-on storage.

NOTES:

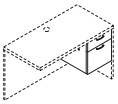

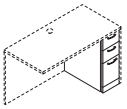

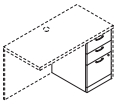

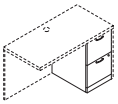

- Non-handed desk, credenza, and return shells, combined with a variety of under-the-worksurface storage solutions, maximize office layout flexibility. Shells and pedestals can be reconfigured quickly and easily when user preferences or space needs change.
- Tops are abrasion- and stain-resistant laminate over extra-thick 1½″ solid core high-performance particleboard; resists warping.
- “Ribbon” edge profile; shape is on all four sides.
- Cord management grommets, for routing and hiding wires and cables, are located in the tops of desk and return shells.
- Credenza shells have a cord pass-through grommet in the top center of the modesty panel.
- The narrow design of the kneespace clearance end panel kits replace full end panels to provide added kneespace.
- Adjustable hex leveling glides allow floor-standing furniture to be easily leveled; glides have ¾″ adjustable range.
- Credenza Shells available with Full or 10″ Modesty Panel options.
- For conference table options, see the Preside® table tops and bases in the Tables section in the 2026 Shared Spaces Pricer.
- For work-in-process paper management tools, see pages 747-749.
- See pages 188-189 for modular storage components.

	DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY LAMINATE GRADE L1	L2
 *Not available in two-tone laminate*	**Box/File Pedestal (with core removable lock)**					
	15⅝"W x 22¾"D x 17¾"H	**H11501**	57	5.5	**$970**	**$995**
	NOTES: For use under 24"D, 30"D and 36"D desk, credenza and return shells. Hangrails included. Lock can be positioned on either the right or left side. Attaches to underside of worksurface top. **Unfinished top and back.**					
	! Not designed to be used freestanding.					
 *Not available in two-tone laminate*	**Narrow Box/Box/File Pedestal — floor-standing**					
	9½"W x 22¾"D x 28"H	**H115093**	61	5.6	**$1231**	**$1263**
	NOTES: For use under 24"D, 30"D and 36"D modular desk, credenza and return shells. Unfinished top and back.					
	! Handle choices for this model are the Sweep, Crescent and Arch designs only. The linear handle (options "G" and "J") is not available on this product as the width of the component interferes with lock on the drawer face.					
	! Not designed to be used freestanding.					
 *Not available in two-tone laminate*	**Box/Box/File Pedestal (with core removable lock) — floor-standing**					
	15⅝"W x 22¾"D x 28"H — for use under 24"D, 30"D and 36"D desk, credenza and return shells	**H11502**	90	8.4	**$1253**	**$1285**
	15⅝"W x 18¾"D x 28"H — for use under 20"D, 24"D, 30"D and 36"D desk, credenza and return shells	**H115012**	73	7.0	**$1181**	**$1206**
	NOTES: Top box drawer does not lock. Hangrails included. **Unfinished top and back.**					
	! Not designed to be used freestanding.					
 *Not available in two-tone laminate*	**File/File Pedestal (with core removable lock) — floor-standing**					
	15⅝"W x 22¾"D x 28"H — for use under 24"D, 30"D and 36"D desk, credenza and return shells	**H11504**	85	8.4	**$1253**	**$1285**
	15⅝"W x 18¾"D x 28"H — for use under 20"D, 24"D, 30"D and 36"D desk, credenza and return shells	**H115014**	72	7.0	**$1181**	**$1206**
	NOTES: Hangrails included. **Unfinished top and back.**					
	! Not designed to be used freestanding.					

NOTES:
- Pedestals can be reconfigured quickly and easily when user preferences or space needs change.
- File drawers accept hanging folders in letter or legal size.
- Narrow pedestal features a compact design that is ideal for use in U- and L-shaped layouts for smaller spaces, such as a 5′ x 8′ U-shaped workstation or a 5′ x 5′ L-shaped workstation.
- Pedestal drawers operate on full extension, ball-bearing suspensions to ensure smooth, quiet, long-lasting operation.
- Handle options shown on page 181.
- Pedestal sides are notched to enable the routing of cords and cables.
- Mobile pedestals shown on page 201, work well in a variety of configurations.
- Pedestal models ship assembled unless designated EZ.
- Modular pedestals to be used with 24"D, 30"D and 36"D Modular Shells.
- Pedestal models not designed to be used freestanding.
- See pages 185-187 for desk, credenza and return shells.

VALIDO® Laminate Modular Components

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY LAMINATE GRADE L1	L2
Lateral File Pedestal (with core removable lock) — floor-standing 36″W x 20″D x 28″H — for use under 24″D, 30″D and 36″D desk, credenza and return shells	**H11503**	127	15.6	**$1921**	**$1971**

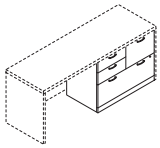

Not available in two-tone laminate

NOTES: Hangrails included. **Unfinished top and back.** Mechanical interlock inhibits extension of more than one drawer at a time.

Not designed to be used freestanding.

Multi File Pedestal (with core removable lock) — floor-standing 36″W x 20″D x 28″H — for use under 24″D, 30″D and 36″D desk, credenza and return shells	**H11505**	155	15.6	**$2291**	**$2341**

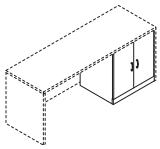

Not available in two-tone laminate

NOTES: Versatile four drawer unit features one lateral file drawer, one vertical file drawer, and two box drawers. Box drawers do not lock. Hangrails included. **Unfinished top and back.** Mechanical interlock in lateral drawer inhibits extension of more than one drawer at a time.

Not designed to be used freestanding.

Cabinet Pedestal — floor-standing 26″W x 21¼″D x 28″H — for use under 24″D, 30″D and 36″D desk, credenza and return shells	**H11508**	78	12.2	**$1393**	**$1443**

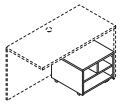

Not available in two-tone laminate

NOTES: One adjustable shelf at 2½″ increments. Doors are non-locking. **Unfinished top and back.**

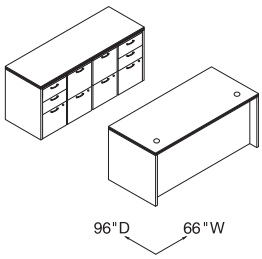

Not designed to be used freestanding.

Mobile Printer/Fax Cart 20″W x 19⅞″D x 14⅛″H	**H105679**	52	2.9	**$595**	**$620**

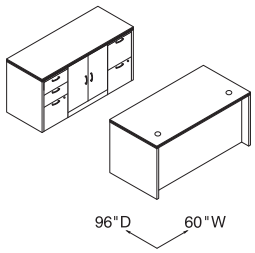

NOTES: Holds laser printers, inkjet printers or fax machines. Ideal for limited space. Low profile cart stores conveniently and easily under desks and workstations. Interior compartment shelving is Black. Four casters. **1⅛″ thick top with flat, non-profiled edge.**

NOTES:
- For components that can be shared with Valido/10500 Series, see pages 194-205.
- Tops are abrasion- and stain-resistant laminate over extra-thick 1½″ solid core high-performance particleboard; resists warping.
- Formal, full height modesty panels.
- Cord management grommets, for routing and hiding wires and cables, are located in the tops of desks, returns, bridges and corner units.
- All drawers are 5-sided construction, which allows easy drawer alignment or replacement of drawer fronts.
- Drawers operate on full extension, ball-bearing suspensions to ensure smooth, quiet, long-lasting operation.
- See page 181 for handle design/finish options.
- File drawer design includes integrated hangrails for side-to-side letter or legal filing; and front-to-back for letter filing.
- For conference table options, see the Preside® table tops and bases in the Tables section in the 2026 Shared Spaces Pricer. Order edge option “K”.

72″W x 36/30″D x 29½″H, Left	**H11526LE**	159	8.1	**$1951**	**$2008**

NOTES: Use for “U” or “L” configuration. 60″W ideal for smaller spaces. Cord routing notch in brace panel. Accept field installable modesty panel model H10528 (see page 195). See pages 743-744 for optional center drawers. Peninsulas ship complete with end panel and support column. Support column is black.

Not designed to be used freestanding.

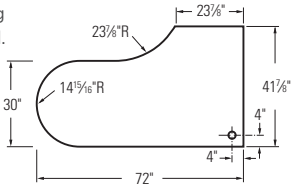

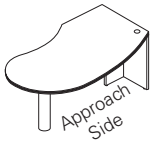

Right-hand model H115201RE shown

Jetty Peninsula w/End Panel					
72″W x 30/42″D x 29½″H, Right	**H115201RE**	175	9.4	**$2262**	**$2329**
72″W x 42/30″D x 29½″H, Left	**H115202LE**	175	9.4	**$2262**	**$2329**

NOTES: For use in “U” or “L” configuration. Designed and sized to efficiently serve as both a computing and conferencing space. One cord management grommet in the top; cord routing notch in brace panel. Jetty units manufactured on or after 10/24/2005 accept field installable modesty panel H10528 (see page 195). Peninsulas ship complete with end panel and support column. Support column is black.

Not designed to be used freestanding.

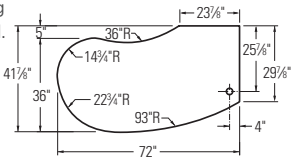

Right-hand model H115203RE shown

Boomerang Peninsula w/End Panel					
72″W x 30/42″D x 29½″H, Right	**H115203RE**	175	9.4	**$2262**	**$2329**
72″W x 42/30″D x 29½″H, Left	**H115204LE**	175	9.4	**$2262**	**$2329**

NOTES: For use in “U” or “L” configuration. Designed and sized to efficiently serve as both a computing and conferencing space. One cord management grommet in the top; cord routing notch in brace panel. Accepts field installable modesty panel H10528 (see page 195). Peninsulas ship complete with end panel and support column. Support column is black.

Not designed to be used freestanding.

NOTES:

- Shared components shown on this page can be used with modular components shown on pages 185-189, full pedestal models shown on pages 190-191, and 3/4 pedestal models shown on pages 192-193.
- Mobile pedestals shown on page 201 work well in a variety of configurations.
- Peninsulas ship complete with end panel and black 3″ diameter support column. For a silver support column option, please see model HPC191X on page 296 (ordered separately).
- Jetty and Boomerang peninsulas are designed and sized to efficiently serve as both a computing and conferencing space.
- Adjustable hex leveling glides allow floor-standing furniture to be easily leveled; glides have ¾″ adjustable range.
- For conference table options, see the Preside® table tops and bases in the Tables section in the 2026 Shared Spaces Pricer. Order edge option “K”.
- See pages 194-205 for shared components.

NOTES: One worksurface grommet and one grommet in top and in top center of modesty panel. Grommet can be replaced with optional Power Hub or Power/USB Hub for easy plug-and-play (see page 755). Kneespace of desk limited to 24¾″W if bridge is used with 66″W single pedestal desk. H115599 is for use with corner or extended corner units or jetty or boomerang peninsulas. H115598 is for use with corner or extended corner units. H115699 and H115698 are for use with single pedestal desks, desk shells or peninsulas (excluding jetty and boomerang).
Specify: Model.Edge.Laminate
SPECIFYING EXAMPLE: H11570.A.NN

Credenza with 36″ Lateral (with core removable locks)					
72″W x 24″D x 29½″H, Right (shown)	**H11547R**	264	36.0	**$2903**	**$2976**
72″W x 24″D x 29½″H, Left	**H11548L**	264	36.0	**$2903**	**$2976**

NOTES: Includes hangrails. Mechanical interlock inhibits the extension of more than one drawer at a time. See pages 197-198 for optional stack-on storage.

Not designed to be used with Valido Series 22¾″D modular or mobile pedestals. Modesty/back panel is inset 3½″.

Credenza with two Lateral Files (with core removable locks)					
72″W x 24″D x 29½″H	**H115491**	330	36.0	**$4069**	**$4161**

NOTES: 4 locking drawers. Each lock secures 2 drawers. Includes hangrails; mechanical interlock inhibits the extension of more than one drawer at a time. If side-by-side drawers are opened or closed simultaneously, one drawer may interfere with the other. See pages 197-198 for optional stack-on storage.

Credenza with Lateral File, left and Storage Cabinet, right (with core removable locks)					
72″W x 24″D x 29½″H	**H115492**	323	36.0	**$3690**	**$3782**

NOTES: Includes hangrails; mechanical interlock inhibits the extension of more than one drawer at a time. Storage cabinet locks and includes one adjustable interior shelf. Shelf adjusts in 1¼″ increments with a total range of 5″H. See pages 197-198 for optional stack-on storage.

Credenza w/Two Storage Cabinets					
72″W x 24″D x 29½″H	**H115493**	320	35.6	**$3277**	**$3369**

NOTES: Each storage cabinet has one interior shelf which adjusts in 1¼″ increments over a total range of 5″. Each cabinet locks independently. Locks are keyed alike. For optional stack-on storage, see pages 197-198 for additional stack-on storage models.

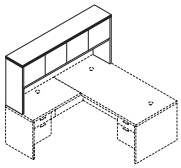

NOTES:
- Shared components shown on this page can be used with modular components shown on pages 185-189, full pedestal models shown on pages 190-191, and 3/4 pedestal models shown on pages 192-193.
- Mobile pedestals shown on page 201 work well in a variety of configurations.
- Locking units equipped with interchangeable core removable locks.
- File drawers accept hanging folders in letter or legal size.
- See page 181 for handle design/finish options.
- Adjustable hex leveling glides allow floor-standing furniture to be easily leveled; glides have ¾″ adjustable range.
- See pages 194-205 for shared components.

Keyed alike cores must be ordered separately — see page 733.

42″W x 14⅝″D x 17⅞″H, 2 doors	**H115382K**		103	11.7	**$1677**	**$1722**
(Use Task Light Model HH870942, see page 746)						
48″W x 14⅝″D x 17⅞″H, 3 doors	**H115383K**		121	14.0	**$1842**	**$1887**
(Use Task Light Model HH870942, see page 746)						

NOTES: Horizontal interlocking rails are included; due to varying types of walls, installers are responsible for selecting and supplying the appropriate fasteners. Tackboard widths differ slightly from wall mounted storage cabinet widths. For applications where multiple wall mounted storage cabinets are placed side-by-side, the preferred tackboard solution may be to utilize a larger tackboard size. For example, H90057 = 75″W; H90056 = 68¾″W; H90055 = 62¾″W; H90054 = 56¾″W. For paper organizer tools, see pages 747-749.

NOTES: Specify fabric, see pages 26-27. Upcharges may apply to premium fabric grades.

Disperse (DISP) fabric not available on sizes wider than 60″. Exchange (EXG) not available on sizes wider than 60″.

Back Enclosures must be ordered separately.
SPECIFYING EXAMPLE: H90057.APN15

NOTES:

- Shared components shown on this page can be used with modular components shown on pages 185-189, full pedestal models shown on pages 190-191, and 3/4 pedestal models shown on pages 192-193.
- Back enclosure features full-width 1⅛″ slot at the bottom to facilitate routing cords and reaching wall electrical outlets.
- Tackboard is sized ¾″ narrower than stack-on storage back enclosure, allowing ⅜″ on each side to route task light cord.
- Wall mounted storage cabinet attachment requires individual cabinets be secured by a minimum of two wall mounting locations/studs.
- Wall mounted storage cabinets are designed for interior and perimeter walls that are constructed with wood or metal studs.
- Wall attachment methodology: horizontally mounted, interlocking brackets.
- Wall mounted storage cabinet door design overlaps end panels so that when multiple units are placed side-by-side they appear as one continuous unit.
- See pages 194-205 for shared components.

Removable lock core kit for stack-on and wall mount storage is model HF27B, see page 733.

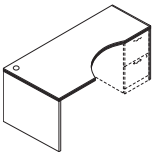

The HON Company is not responsible for any liabilities resulting from wall mounted storage cabinets that are not properly installed.

NOTES: Top box drawer does not lock.					
Mobile Pedestal (with core removable lock) — File/File 15¾″W x 22¾″D x 28⅜″H — use freestanding or under 24″D, 30″D and 36″D modular shells	**H115104**	121	8.4	**$1532**	**$1582**
Mobile Pedestal (with core removable lock) — Box/File 15¾″W x 18¾″D x 21⅞″H — use freestanding or under 20″D, 24″D, 30″D and 36″D modular shells	**H115106**	68	5.8	**$1283**	**$1321**
Mobile Pedestal — Shelf/Box/File 15¾″W x 18¾″D x 28⅜″H — use freestanding or under 20″D, 24″D, 30″D and 36″D modular shells	**H115109**	76	7.3	**$1407**	**$1457**
NOTES: **All mobile pedestals have a 1⅛″ thick top with flat, non-profiled edge.** **SPECIFYING EXAMPLE: H115102.C.NN**					
Lateral File (with core removable lock)					
36″W x 24″D x 29½″H — two drawer	**H115690**	199	18.4	**$2145**	**$2212**
36″W x 20″D x 29½″H — two drawer	**H11563**	177	15.6	**$2043**	**$2105**
36″W x 20″D x 45½″H — three drawer	**H11517**	247	23.2	**$3100**	**$3180**
36″W x 20″D x 59⅛″H — four drawer	**H11516**	312	31.0	**$4317**	**$4404**
NOTES: Includes hangrails, mechanical interlock, and in H11563 and H115690, a counterweight. Stack-on storage (H115321) and bookcase hutch (H115292) can be used with H11563 and H115690. Interlock inhibits the extension of more than one drawer from opening at a time. 24″D two-drawer model aligns with the depth of 24″D credenzas and returns. **SPECIFYING EXAMPLE: H11563.A.C.NN**					
Storage Cabinet with Doors (with core removable lock)					
36″W x 24″D x 29½″H	**H115290**	176	18.4	**$1845**	**$1912**
36″W x 20″D x 29½″H	**H115291**	154	15.0	**$1588**	**$1650**
NOTES: Includes one adjustable shelf. Shelf adjusts in 1¼″ increments with a total range of 5″H. Stack-on storage (H115321) and bookcase hutch (H115292) can be used with H115290 or H115291. 24″D model aligns with the depth of 24″D credenzas and returns. **SPECIFYING EXAMPLE: H115291.A.C.NN**					
Bookcase Hutch (for use with lateral file models H11563 or H115690 or storage cabinet with door models H115291 or H115290)					
36″W x 14⅝″D x 37½″H	**H115292**	108	3.8	**$1236**	**$1256**
NOTES: Cord pass-through gap behind shelves and a 1⅛″H full-width cord management slot at the bottom of the back panel to facilitate routing cords and reaching wall electrical outlets. When placed on top of 29½″H base unit the total height (67″H) matches the height of credenzas with stack-on storage and the height of the wardrobe/storage cabinets and storage cabinet/lateral file. Two shelves are adjustable in 1¼″ increments with a total range of 17½″H. **SPECIFYING EXAMPLE: H115292.A.NN**					

NOTES:

- For additional components that can be shared with Valido Series, see pages 194-205.
- Drawers operate on full extension, ball-bearing suspensions to ensure smooth, quiet, long-lasting operation.
- Versatile mobile pedestals work well in a variety of configurations. Can be used freestanding or under modular shells. 1⅛″ thick top with a square, non-profiled edge.
- 24″D two drawer lateral file and 24″D storage cabinet with door models align with 24″D credenzas and returns, credenza and return shells as well as wardrobe/storage cabinets to provide linear layout continuity.
- Mobile printer/fax cart shown on page 189 is ideal for limited space.
- File drawer design includes integrated hangrails for side-to-side letter or legal filing; and front-to-back for letter filing.
- Adjustable hex leveling glides allow floor-standing furniture to be easily leveled; glides have ¾″ adjustable range.
- For conference table options, see the Preside® table tops and bases in the Tables section in the 2026 Shared Spaces Pricer. Order edge option "K".

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY LAMINATE GRADE L1	L2
Storage/File Cabinet (with core removable locks)					
18″W x 24″D x 67″H, Hinged Right (shown)	**H115297R**	262	22.7	**$3346**	**$3438**
18″W x 24″D x 67″H, Hinged Left	**H115298L**	262	22.7	**$3346**	**$3438**
NOTES: Versatile unit features a storage cabinet and two file drawers. Storage cabinet includes three shelves, two are adjustable in 2½″ increments. Door hinged left or right models available. File drawers operate on ball-bearing suspensions with full extension. File drawers have high sides to accept hanging folders in letter or legal size. Drawers standard with hangrails. Both the storage cabinet and the file drawers are equipped with an interchangeable core removable lock. Unit height is designed to match credenza or return plus stack-on storage height.					
Storage Cabinet/Lateral File (with core removable lock)					
36″W x 24″D x 67″H	**H115293**	373	41.0	**$4336**	**$4458**
NOTES: Storage cabinet is standard with one fixed and two full-width adjustable shelves in top compartment; adjustable shelves can be removed. Overall storage compartment measures 31¼″W x 22″D x 36⅛″H and will accommodate supplies, books and binders, as well as business machines and electronic equipment. Cord pass-through gap behind shelves and grommet in back of cabinet to facilitate routing cords and reaching wall electrical outlets. Two drawer lateral file on bottom. Lateral file comes with mechanical interlock and hangrails. Cabinet and lateral file lock independently. Unit height is designed to match credenza or return plus stack-on storage height.					
Storage Cabinet w/Doors (with core removable lock)					
36″W x 24″D x 67″H	**H115299**	349	41.0	**$3875**	**$3997**
NOTES: Large capacity storage area includes five, full-width (side-to-side) shelves; three are adjustable in 2½″ increments. Unit height matches credenza or return plus stack-on storage height.					
Personal Wardrobe/Storage Cabinet (with core removable lock)					
18″W x 24″D x 67″H, Hinged Right (shown)	**H115295R**	227	22.9	**$2895**	**$2987**
18″W x 24″D x 67″H, Hinged Left	**H115296L**	227	22.9	**$2895**	**$2987**
NOTES: Unit is standard with four adjustable shelves, coat rod, and core removable lock. Shelves adjust in 2½″ increments. Unit height is designed to match credenza or return plus stack-on storage height. Cabinet can be used as a wardrobe by removing four adjustable shelves. Coat rod can be removed from cabinet for storage only applications.					
Personal Wardrobe/Storage Cabinet (with core removable lock)					
36″W x 24″D x 67″H	**H11530**	349	41.0	**$4236**	**$4358**
NOTES: Spacious design is standard with four adjustable shelves (one shelf is fixed), coat rod and core removable lock which locks both doors. Shelves adjust in 2½″ increments. Unit height is designed to match credenza or return plus stack-on storage height.					
Personal Storage Tower (with core removable locks)					
24″W x 24″D x 67″H, Wardrobe Hinged Right, Storage Cabinet Hinged Left (shown)	**H115301R**	304	27.9	**$4236**	**$4352**
24″W x 24″D x 67″H, Wardrobe Hinged Left, Storage Cabinet Hinged Right	**H115302L**	304	27.9	**$4236**	**$4352**
NOTES: Spacious design includes a wardrobe closet, storage cabinet, and two file drawers in one compact unit. Wardrobe closet contains a coat rod. Storage cabinet includes three shelves, two are adjustable in 2½″ increments. Door hinged left or right models available. File drawers operate on ball-bearing suspensions with full extension. File drawers have high sides to accept hanging folders in letter or legal size. Drawers standard with hangrails. Equipped with interchangeable core removable locks. Upper lock secures storage cabinet and wardrobe closet doors; lower lock secures file drawers. Unit height is designed to match credenza or return plus stack-on storage height.

Linear, Matte Chrome, 3-pack	**HLINEARC3**	0.5	0.3	**$100**
NOTES: The Linear and Arch handles attach using the same 96mm hole spacing as the Valido® Sweep and Crescent handles. The Linear handle is not recommended for use on the Valido® Narrow/Box/Box/File Modular Pedestal — model H115093.				
Arch, Black, 2-pack	**HARCHA2**	0.4	0.3	**$91**
Arch, Matte Chrome, 2-pack	**HARCHC2**	0.4	0.3	**$91**
Arch, Black, 3-pack	**HARCHA3**	0.5	0.3	**$100**
Arch, Matte Chrome, 3-pack	**HARCHC3**	0.5	0.3	**$100**

Must be ordered with a configurable end product. If ordered separately, not on GSA contract.

NOTES:

- Linear and Arch field installable handles attach using Valido® 96mm (approx. 3¾″) hole spacing. No drilling required.
- For conference table options, see the Preside® table tops and bases in the Tables section in the 2026 Shared Spaces Pricer. Order edge option “K”.

Voi® Desking shown with Ignition® Seating.

VOI®

Voi gets you. Your needs. Your style. Your environment. Voi packs a lot of functionality into a little space, so you can maximize yours. Plus, versatile Voi integrates easily with a variety of spaces, systems — even open plans. Solidly built and strikingly designed, Voi combines classic warmth and contemporary cool with an extensive variety of laminates, colors, components and configurations. So you can create a sophisticated, professional look that is uniquely yours.

FEATURES

- Big. Small. Functional. Adaptable. Voi has multiple options to meet your storage needs and available space.
- To create an office look that's uniquely yours, mix things up — with tasteful modesty panels, stylish storage cubes and mixed surface materials.
- Refined scale. Layered workspaces. Together they help streamline your office to create small-footprint spaces that work BIG.
- With so many configurations and combinations, Voi® makes it easy to create a stylish, unified look across your entire office.

VOI® SPECIFYING/DESIGN GUIDE

This Specifying Guide is designed to walk you through the steps when choosing the Voi desks elements that will meet your particular workplace needs. From private office to open plan, there are endless combinations that will fit your style and need.

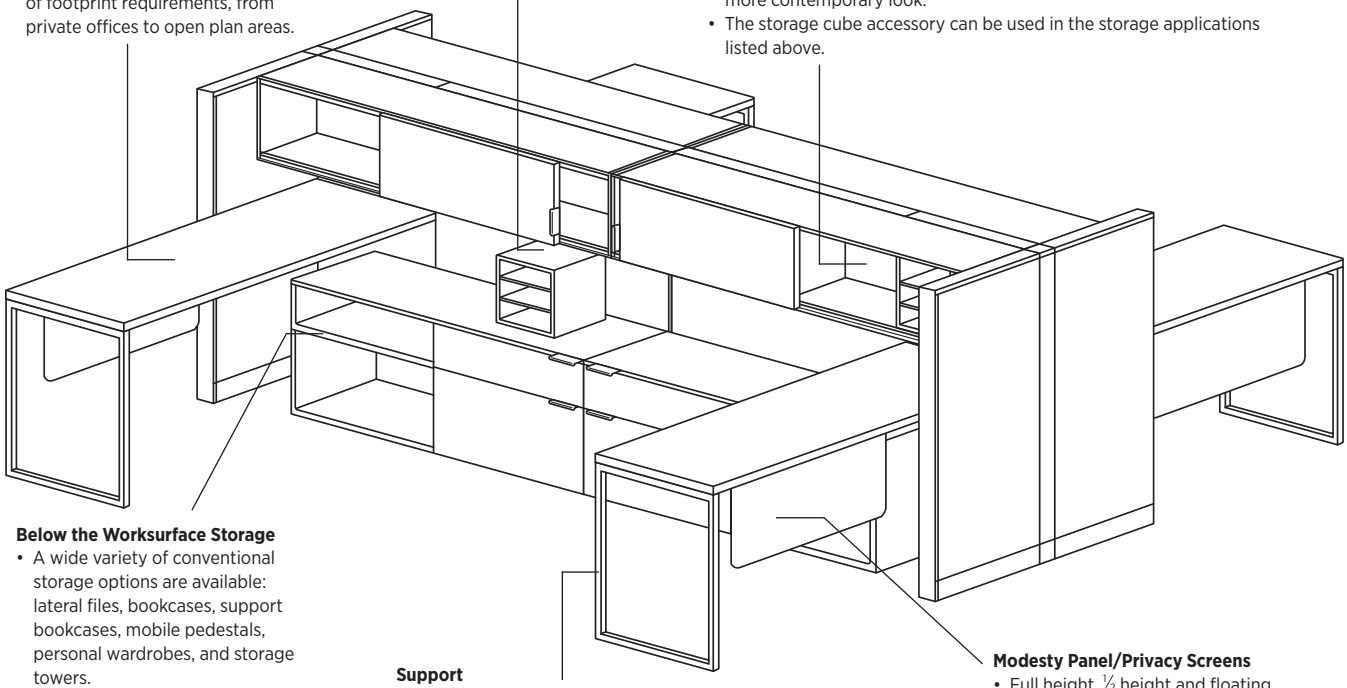

Regardless of the application, Voi presents an integrated, unified aesthetic for the entire workplace.

The step-by-step instructions make it easy to specify elements that personalize workspaces and achieve the right mix of functionality and style.

Worksurface
- A variety of sizes meet a range of footprint requirements, from private offices to open plan areas.

Accessories
- From layering shelves to storage cubes, markerboards and the box drawer organizer, Voi accessories allow personalization to meet individual needs.

Above the Worksurface Storage
- Voi has many above the worksurface storage options that can be used in many applications: wall mounted, panel mounted, and conventional stack-on storage options are available to make an efficient use of vertical space.
- Choose from sliding door units or overhead cabinets with four doors.
- The O-leg can be used in stack-on storage applications to create a more contemporary look.
- The storage cube accessory can be used in the storage applications listed above.

Below the Worksurface Storage
- A wide variety of conventional storage options are available: lateral files, bookcases, support bookcases, mobile pedestals, personal wardrobes, and storage towers.
- Many contemporary storage options are available: low credenzas and floor credenza work in conjunction with the worksurfaces to create layered surfaces that optimize space, different storage, staging, and display needs.
- Storage pieces can be specified in mixed materials and footed bases so you get exactly what you want.

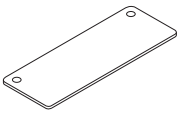

Support
- A combination of many supports can be used with the worksurfaces: O-leg, angled leg, end panel, pedestal, slim pedestal, support bookcase, lateral/multi file.
- O-legs work in many of the Voi desks applications and provide a light-scale, contemporary look.
- O-legs can be used in a variety of heights so surfaces can be layered.
- End panels are also available and provide a more conventional look.
- A variety of modular storage options can be specified based on your storage needs: box/box/file pedestal, file/file pedestal, slim profile pedestal, lateral files and multifiles.
- Angled legs, available in wood or painted steel, can add personality and a residential feel.

Modesty Panel/Privacy Screens
- Full height, ½ height and floating modesty panel options are available to enhance privacy.
- Mixed material options are available in laminate and frosted translucent.
- Select the size that works with the supports.
- Above and Above/Below Privacy Screens are available to create an element of privacy in an open plan area.

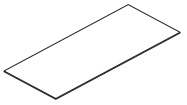

VOI® SPECIFYING/DESIGN GUIDE

Steps for specification:

1. Select the right worksurface.
   Choose the worksurface shape and size that best fits your office layout.

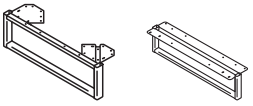

Rectangle Flat Edge Worksurface
Depths: 20″, 24″, 30″, 36″
Widths: 36″, 42″, 48″, 54″, 60″, 66″, 72″, 84″

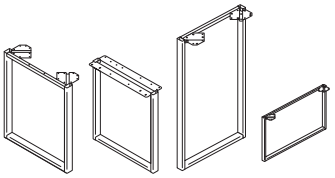

Rectangle Knife Edge Worksurface
Depths: 24″, 30″
Widths: 48″, 60″, 72 ″

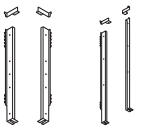

2. Select the supports.
   Countless combinations of support options meet a variety of support and storage needs.

O-Leg and Shared Support for Low Credenza
20″D x 7″H, 24″D x 7″H, 30″D x 7″H
7″H only O-legs attach to worksurface and sit on top of credenzas.

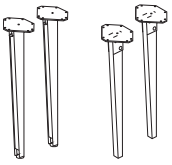

O-Leg and Shared Support for Worksurfaces
20″D x 28½″H, 24″D x 28½″H, 30″D x 28½″H
28½″H, 24″D x 41″H, 30″D x 41″H, 48″D x 28½″H, 60″D x 28½″H O-legs provide support for the worksurface.

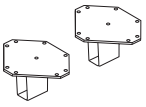

O-Leg-to-Panel Attachment Bracket
Left handed bracket (quantity 1)
Right handed bracket (quantity 1)

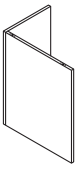

Post Leg
28½″H, 2″square

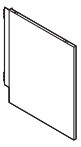

Angled Legs
12″W x 8″D x 32″H, Steel
12″W x 8″D x 32″H, Wood

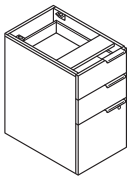

Steel Stanchions
4″H
Stanchions attach to worksurface and sit on top of credenzas.

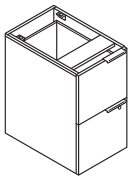

End Panel Support
16″W x 20″D x 28½″H,
16″W x 24″D x 28½″H,
16″W x 30″D x 28½″H

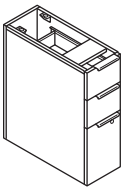

Laminate End Panel Support With Panel Attachment Bracket
24″D x 28½″H, 30″D x 28″H

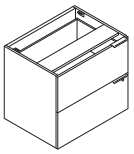

B/B/F Pedestals
16″W x 20″D x 28½″H,
16″W x 24″D x 28½″H,
16″W x 30″D x 28½″H

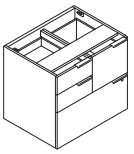

F/F Pedestals
16″W x 20″D x 28½″H,
16″W x 24″D x 28½″H,
16″W x 30″D x 28½″H

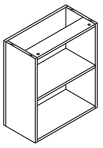

B/B/F Standard Slim Profile Pedestals
9½″W x 24″D x 28½″H,
9½″W x 30″D x 28½″H

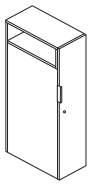

2 Drawer Lateral with Pulls
30″W x 24″D x 28½″H

Multi-Drawer Standard File Center
30″W x 24″D x 28½″H

Bookcase Support
30″W x 12″D x 28½″H,
24″W x 12″D x 28½″H

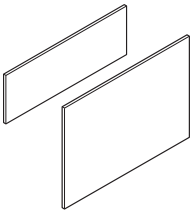

Standing-Height Towers
12″W x 30″D x 50″H,
12″W x 24″D x 50″H

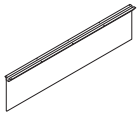

Tips

- When using an O-leg in open plan, panel supported, applications, you must specify an O-leg to panel attachment bracket separately (available in 28″H and 41″H).
- Bookcase Support can only be used exterior facing.
- Telescoping ball-bearing slides used on box and file drawers. Lateral drawers use a progressive ball-bearing slide.
- When specifying a 30″D support on a 36″D worksurface, there will be a 6″ overhang.
- All modular pedestals have an easy attach method to the worksurface for quick assembly.
- One double-depth O-leg can replace two regular O-legs in teaming applications.
- Shared O-legs create cleaner aesthetic where two legs are used side-by-side.
- 2″ adjustable glides on O-leg supports.
- Standing-Height Support Pedestals bottom two file drawers are locking.
- Standing-Height Bookcase Support contains easy-access, fixed storage shelves.

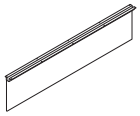

3. Select the modesty panel/privacy screen that works in conjunction with the supports you have specified.

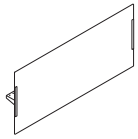

14″H Full Width/ Half-height Laminate Modesty Panel
28″, 34″, 40″W
(Modesty Size)
28″H Full-to-Floor/ Full-Length Laminate Modesty Panel
28″, 34″, 40″W
(Modesty Size)

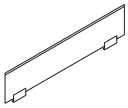

Laminate Floating Modesty Panel
30″W x 14″H, 36″W x 14″H, 42″W x 14″H, 48″W x 14″H, 54″W x 14″H, 60″W x 14″H

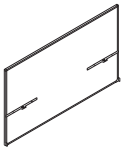

Mixed Material Floating Modesty Panel
30″W x 14″H, 36″W x 14″H, 42″W x 14″H, 48″W x 14″H, 54″W x 14″H, 60″W x 14″H
Available in Frosted Translucent only

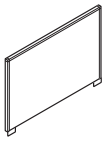

Above/Below Privacy Screen
30″W x 28″H, 36″W x 28″H, 42″W x 28″H, 48″W x 28″H, 54″W x 28″H, 60″W x 28″H
Available in Frosted Translucent only

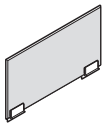

Above Privacy Screen
30″W x 13″H, 36″W x 13″H, 42″W x 13″H, 48″W x 13″H, 54″W x 13″H, 60″W x 13″H
Available in Frosted Glass only

Above/Below Fabric Screen
36″W x 35″H, 42″W x 35″H, 48″W x 35″H, 54″W x 35″H, 60″W x 35″H, 66″W x 35″H, 72″W x 35″H

Above Fabric Screen
20″W x 20″H, 20″W x 13″H, 24″W x 20″H, 24″W x 13″H, 30″W x 20″H, 30″W x 13″H, 36″W x 20″H, 36″W x 13″H

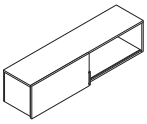

Above Polymer or Glass (Side) Screen
20″W x 13″H, 24″W x 13″H, 30″W x 13″H, 36″W x 13″H

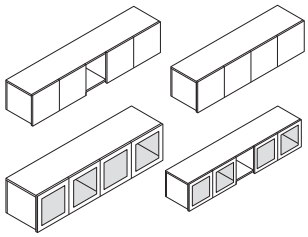

Tips

- Mixed material and laminate floating modesty panels create a lighter scale look by attaching to the top of the worksurface.
- Choose from a variety of materials to create your desired look.
- Laminate modesty panels to create a more conventional look.
- 54″W and 60″W Floating Modesty panels eliminate the need for an external channel.
- Above Privacy Screens provide a division between two worksurfaces and create a division of space in an open plan area.
- Modesty panels cannot be used as a support.
- See modesty panel chart to choose proper modesty size depending on support options.

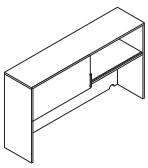

4. Select Above the Worksurface Storage (Stack-on Storage) or Overhead Cabinets
Select the above the worksurface storage that meets your storage criteria, choose from overhead cabinets, panel mounted storage, conventional or contemporary stack-on storage.

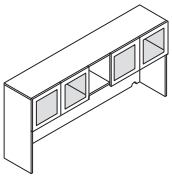

14¼″D x 14″H Shared Overhead Cabinet with One Sliding Door
60″, 72″

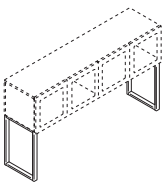

14¼″ Overhead Cabinet with 4 Laminate Doors with or without Cubbie or 4 Frosted Metal Doors with or without Cubbie
36″, 42″, 48″ and 60″ with 4 Laminate or Frosted Doors
60″, 66″ and 72″ with Laminate or Frosted Doors and Cubbie

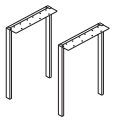

14¼″D x 35″H Stack-on Storage, Built-up, with Sliding Doors
72″W only

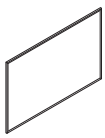

14¼″D x 35″H Stack-on Storage, Built-up, 4 Frosted Metal Doors with Cubbie
72″W only with Laminate or Frosted Doors and Cubbie

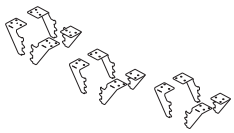

O-Leg Support for Overhead Cabinet
50″-14⅛″D x 5½″H
65″-14⅛″D x 20½″H

Post Legs for Shared Storage
14″H and 22″H

Tackboard for Overhead Cabinet Applications
Tackboard for Built-up Stack-on Storage
72″W only

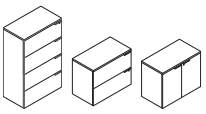

Panel Mount Bracket for Shared Overhead
Abound and Accelerate

Tips

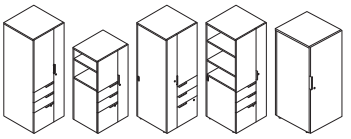

- Select sliding or hinged doors.
- Specify O-leg separately for a contemporary look.
- Optional storage shelf works in conjunction with the O-leg design to provide additional storage space. Only works with 65″H O-legs.
- O-legs come in two sizes to make a 50″H or 65″H stack-on storage unit.
- Wall mount brackets carry a $180 upcharge and are specified the model ordering logic.
- Use shared overhead and attachments in small footprint applications.
- Shared overhead must be ordered as left or right to determine open storage location.
- Shared overhead panel mount brackets and overhead post legs allow overhead to span over all panels systems or run down the spine wall, centered on top of the panel.
- Use the 65″H for a more conventional design. 65″H and 50″H aligns with Abound and Accelerate.
- Stack-on Storage must be placed over two full-height supports. Cannot be placed over non-supported sections such as returns using a flat bracket or tower-to-worksurface bracket.
- If the end panel conventional look is preferred, order the built-up stack-on storage models.
- There are two types of tackboards for use on Overhead Cabinet and Stack-on Storage.

VOI® SPECIFYING/DESIGN GUIDE

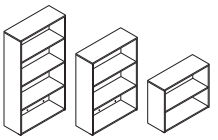

5. Select the right storage.
   Choose from a variety of below the worksurface, as well as traditional, storage options.

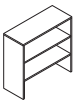

Laterals and Storage Cabinet
2-Drawer Lateral, 4-Drawer Lateral, Storage Cabinet
36″W x 24″D x 29½″H, 36″W x 20″D x 29½″H,
36″W x 24″D x 57″H, 36″W x 20″D x 57″H,
36″W x 24″D x 29½″H, 36″W x 20″D x 29½″H

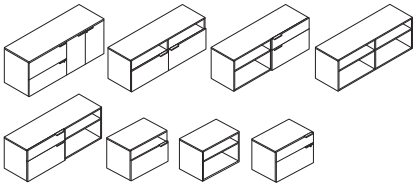

Storage Towers
18″W x 20″D, 18″W x 24″D, 24″W x 20″D, 24″W x 24″D, 50″H and 65″H
Storage Tower, One Door
18″W x 20″D x 42″H
Available in Footed Option

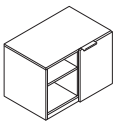

Bookshelves
36″W x 13″D x 29½″H (2 Shelf)
36″W x 13″D x 50″H (3 Shelf)
36″W x 13″D x 65″H (4 Shelf)

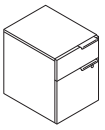

Bookcase Hutch without Doors
36″W x 14″D x 35″H

Credenzas
Credenza: 24″D x 72″W x 29½″H
Low Credenzas: 20″D x 21½″H x 30″, 36″, 60″, 72″W
Low Credenzas with a variety of door/drawer options
Limited dimensions available in Footed Option

Mobile Credenza
30″W x 20″D x 21½″H

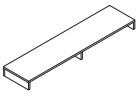

Mobile Pedestal
15¾″W x 20¹¹⁄₁₆″D x 21⁷⁄₁₆″H
Available in Footed Option

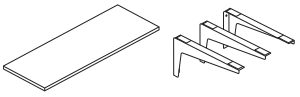

Tips

- Small credenza models can be used in small footprint applications.
- Can use pedestal or credenza seat cushions on smaller credenza models.
- Low credenzas work in conjunction with worksurface 7″ O-leg designed to create a unique layering design.
- Bookcase/laterals and other conventional storage components provide additional storage space.
- Must specify chassis and drawer front color separately.
- Low Credenzas, Laterals and Mobile Pedestals have seat cushions to create additional seating in the workspace.
- Storage and Personal Tower models offer conventional storage as well as wardrobes with a coat rod.
- A worksurface-to-tower bracket kit allows the attachment of worksurfaces to Storage and Personal Tower models.
- Telescoping ball-bearing slides used on box and file drawers. Lateral drawers use a progressive ball-bearing slide.

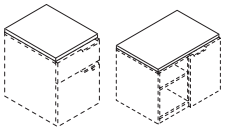

6. Select Accessories to add color, additional storage and organization to your workspace.

Layering Shelf
60″W x 14¼″D x 5½″H
72″W x 14¼″D x 5½″H

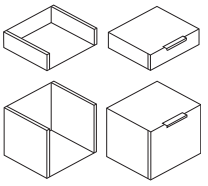

Shelves and Shelf Brackets
Shelf Depth: 13″
Shelf Widths: 30″, 36″, 45″
Bracket sold separately, set of three

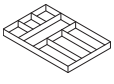

Seat Cushion for Credenzas and Mobile Credenza/Pedestal
Pedestal Cushion
15⅞″W x 20″D x 2″H
Credenza Cushion
20″W x 30″D x 2″H, 20″W x 36″D x 2″H

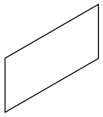

Metal Storage Cube
12″ x 12″

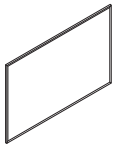

Laminate Storage Cubes
15″W x 13″D x 4″H
15″W x 13″D x 12″H

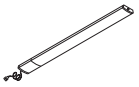

Drawer Organizer
12″W x 14½″D x 1½″H

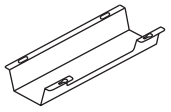

Markerboard for Shared Overhead
30″W x 15″D for use with 60″W Shared Overhead
36″W x 15″D for use with 72″W Shared Overhead

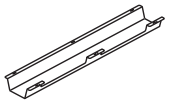

Markerboard
48″W x 31″H

LED Task Light

Cable Management Trough
17″W

Cable Management Trough
36″W

Tips

- Choose from many bright Storage Cube colors for a colorful design element while providing additional storage.
- Use the Drawer Organizer to keep small items in order. Also offered in the same bright Storage Cube colors.
- Layering shelves are great for filing and piling or in conjunction with the lower credenza.
- Optimize shared overhead capabilities by adding the Markerboard for Shared Overhead.

VOI® AND SYSTEMS INTEGRATION

Worksurface Applications

Either Voi or Systems worksurfaces can be used with Voi in an open plan application. There are several support options:

A. Completely panel supported.

B. Combination of panel supported and another worksurface support such as:
- Bookcase support
- Pedestal (Brigade®, Flagship®, Contain®, or Voi®)
- Systems open leg
- Voi O-leg
- End panel (Systems or Voi)
- Tower to worksurface bracket
- Support column
- Systems round post leg
- Voi post leg

C. Freestanding:
- Bookcase support
- Two pedestals (Brigade®, Flagship®, Contain®, or Voi®)
- Two Voi O-legs
- One Voi O-leg and one Voi O-leg support for lower credenzas
- Two end panels (metal or Voi)—requires metal or Voi modesty panel
- Four (Two 2-Pack) Voi angled legs, wood or steel
- Two Voi angled legs, steel and two Voi steel stanchion supports for low credenzas

Additional application guidelines for worksurfaces:

- Systems worksurfaces are available with grommets or no grommets.
- When Voi lower credenzas are used along the spine wall and are placed adjacent to the wing wall, one electrical/data cutout on the wing wall will be blocked.
- When Voi credenzas are used along the wing wall and are placed adjacent to the spine wall, one electrical/data cutout on the spine wall will be blocked.
- When the Voi O-leg support for credenzas is used, it is recommended to also panel attach the worksurface with the worksurface anti-dislodgement bracket kit HWSA2.
- When the Voi O-leg support is used with panels, it is recommended to also panel attach the O-leg to the panel with the O-leg to panel bracket kit HLSPBL (left) and/or HLSPBR (right). This bracket will provide additional workstation rigidity.
- When the Voi end panel support is used with panels, it is recommended to use the end panel support with panel bracket model. This model will provide additional workstation rigidity.
- The worksurface to tower bracket kit, HSTB2W1, will work with Voi towers, Voi worksurfaces, and systems worksurfaces.
- Knife Edge surfaces are recommended to only use angled post legs as supports.
- Knife Edge worksurfaces are intended to be stand-alone. Surface gaps may occur if connecting to a panel or using return worksurfaces.

Application Guidelines—Combination of Panel Supported and Another Worksurface Support

- For applications where 1) the worksurface is perpendicular to the spine wall; 2) the worksurface is panel supported off the spine wall; and 3) there are Voi credenzas placed under the worksurface along the spine: there is not enough clearance to use standard worksurface cantilevers to attach the worksurface to the spine. Use the worksurface anti-dislodgement bracket kit HWSA2 to panel attach the worksurface in lieu of cantilevers.

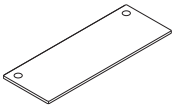

Panel Mounted Stack-on Storage Applications

- The Voi stack-on storage cabinets can be used on Abound and Accelerate as panel mounted overheads.
- The sliding door stack-on storage units are available in 36″, 42″, 48″ widths in addition to 60″, 66″, and 72″ widths.
- The 4 door stack-on storage units are only available in 36″, 42″, 48″, 60″, 66″, and 72″ widths.
- The storage units require a storage to panel bracket kit, model HLSLPMB. This model includes one left hand, one right hand, and one center bracket. The brackets are available in all P1 and P2 paint colors.
- The storage cabinets do not have off modular capabilities.
- For proper installation and support, the storage units must follow the following specification rules:
  - There should be a storage unit of the same construction on each side of a given panel.
  - The storage units on opposite sides of a given panel should be in the same location vertically and horizontally.
  - Only one storage unit per panel, per side.
  - The wing panel adjacent to the spine wall needs to be the same height as the spine wall.

Contact HON's Integrated Design Services team with specification questions.

VOI® Laminate Worksurfaces — Rectangle

Icon Legend on page 19

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY LAMINATE GRADE L1	L2
Rectangle Worksurfaces

66″W x 24″D	**HLSLR2466**	82	5.0	**$593**	**$618**
72″W x 24″D	**HLSLR2472**	89	5.0	**$611**	**$636**
84″W x 24″D	**HLSLR2484**	103	5.7	**$897**	**$929**

NOTES:

- Systems worksurfaces can be used with all Voi components.
- Worksurfaces are abrasion- and stain-resistant laminate over durable 1⅛″ solid core high performance particleboard: resists wrapping.
- There is one 3″ grommet in 36″W and 42″W worksurfaces and two in 48″W-84″W worksurfaces.
- One flat bracket ships with each worksurface.
- When attaching tops to panels, refer to Systems section of this pricer.
- Square edge detail.
- When using a floating modesty panel or an external channel under the worksurface, the depth clearance for keyboard trays and center drawers decreases by 8″. See accessory matrix in accessory section of the pricer.
- 3″ Power Hub model HGRMTAC can be interchanged with 3″ standard grommet.

- Voi® worksurfaces cannot be used with Abode™ Desks components.
- Grommets in worksurfaces must be specified. If grommets are specified, grommets come in predetermined location.
- Edgeband option only on all Voi worksurfaces. For edgeband options, see matrix on page 207.
- When specifying an 84″ Worksurface, cannot use two O-legs, must use at least one additional support such as a pedestal or lateral file.
- When using a worksurface as a bridge, no additional supports are needed. One support is required for returns, two supports are required for desks and credenzas.
- Lateral file or multi files must be used with surfaces 24″D and 60″W or greater.
- Depending on your support combination, an external channel may be required for extra support on unsupported spans greater than 54″W. Please see the matrix on page 227 for more details.
- If using a 54″W or 60″W floating modesty, it is not necessary to spec an external channel.
- When attaching worksurfaces to panels, one or more of the following are required: anti-dislodgement brackets, end panel, support leg and/or cantilevers. Cantilevers and anti-dislodgement brackets must be ordered separately when attaching worksurfaces to panels.
- A return worksurface is considered 48″W or shorter. Longer returns cannot be supported by a flat bracket only.

	• O-Leg Chase is 26″H.						
	• Available in standard metal paint finishes, specify desired finish.						
	• See page 207 for Voi® O-Leg finishes to match chase finish to O-Leg.						
	NOTES: Works with Voi® O-Legs, matches leg profile on models HLSL30280 and HLSL24280. Attaches to legs via magnets. Metal chase can fit qty. 12, 3/10″ diameter cords.						
	SPECIFYING EXAMPLE: HLEGCHASE26.P7D						

NOTES:

- A variety of pedestals, end panels, and O-legs can be combined to create a conventional or contemporary desk.
- O-leg ships fully assembled with mounting hardware.
- Shared O-Legs create a cleaner aesthetic in all applications where two legs are used side-by-side.
- Shared O-Leg bracket will span both worksurfaces to provide the same support with the look of a single O-leg.
- Will have a 6″ overhang when using 30″ worksurface supports with a 36″D worksurface.
- Glides on O-Leg Support for Worksurfaces and Post Leg Base have 2″ of adjustability. No glides on 7″H O-leg. Glides on end panels have 1¼″ adjustability.

! O-legs may only be attached to worksurfaces, not storage units.

Icon Legend on page 19

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE
Coordinate™ Height Adjustable Base – 2-Stage				
2-Leg Rectangle T-Foot	**HHATB2S2LT**	66 S	2.4	**$1134**
2-Leg Rectangle C-Foot	**HHATB2S2LC**	66 S	2.4	**$1134**

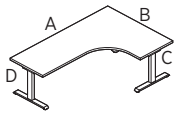

NOTES:
- Dual motor two-leg design. Legs raise from 25⅝" to 45¼".
- 1¼"/second travel speed.
- <48 dB noise rating.
- Base accommodates any rectangular worksurface between 23"D x 40"W and 30"D x 72"W.
- Weight capacity of 250 lbs. (including the weight of the worksurface) distributed evenly.
- Not TAA compliant unless ordered with a TAA compliant configurable end product.

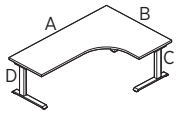

Coordinate™ Height Adjustable Base – 3-Stage				
2-Leg Rectangle T-Foot	**HHATB3S2LT**	66 S	2.4	**$1252**
2-Leg Rectangle C-Foot	**HHATB3S2LC**	66 S	2.4	**$1252**

NOTES:
- Dual motor two-leg design. Legs raise from 21⅝" to 47¾".
- 1¼"/second travel speed.
- <48 dB noise rating.
- Base accommodates any rectangular worksurface between 23"D x 40"W and 30"D x 72"W.
- Weight capacity of 250 lbs. (including the weight of the worksurface) distributed evenly.
- Not TAA compliant unless ordered with a TAA compliant configurable end product.

Coordinate™ Height Adjustable Base – Max 3-Stage				
2-Leg Rectangle T-Foot	**HHATM3S2LT**	66 S	2.4	**$1401**

NOTES:
- Dual motor two-leg design. Legs raise from 21⅝" to 47¾".
- 1¼"/second travel speed.
- <50 dB noise rating.
- Base accommodates any rectangular worksurface between 23"D x 40"W and 30"D x 96"W.
- Weight capacity of 350 lbs. (including the weight of the worksurface) distributed evenly.
- Not TAA compliant unless ordered with a TAA compliant configurable end product.

Coordinate™ Height Adjustable Base – 3-Stage				
3-Leg Rectangle T-Foot	**HHATB3S3LT**	91	3.6	**$2063**
3-Leg Rectangle C-Foot	**HHATB3S3LC**	91	3.6	**$2063**

NOTES:
- Tri-motor three-leg design. Legs raise from 21⅝" to 47¾".
- 1¼"/second travel speed.
- <48 dB noise rating.
- Base accommodates worksurfaces between 23"D x 40"W x 40"W and 30"D x 72"W x 48"W. Can be used with 48" 120° worksurface models.
- Weight capacity of 375 lbs. (including the weight of the worksurface) distributed evenly.
- Not TAA compliant unless ordered with a TAA compliant configurable end product.

! When using two worksurfaces, a flat bracket is required. Bracket purchased separately — HHN831124, HHN831130 — see page 584.

! Each worksurface 58"W or wider requires the use of an external stiffener; including secondary return worksurface in an "L" 3-leg base application if wider than 58"W. External stiffener purchased separately when not used with a Coordinate™ worksurface.

NOTES:
- Control Box: 120V, 4A, 60Hz, 400W.
- 9' grounded power cord.
- **HON 10-Year Warranty.**

! **Requires the use of an external stiffener (purchased separately) for worksurfaces over 58"W or wider when not used with a Coordinate™ worksurface.**

	Panel Mount Bracket for Overhead Storage — Accelerate®	**HLSLPMBSOA**	4 S	0.1	**$210**	**$219**	**N/A**
	Panel Mount Bracket for Overhead Storage — Abound®	**HLSLPMBSOB**	4 S	0.1	**$210**	**$219**	**N/A**
	Panel Mount Bracket for Overhead Storage — Accelerate®/Abound® 42½″H panels only	**HLSLPMBSO42**	4 S	0.1	**$196**	**$205**	**N/A**
	NOTES: Specify paint. **SPECIFYING EXAMPLE: HLSLPMBSOA.T4**						
	**Markerboard for Shared Storage**						
	30″W x 13″H for use with 60″W Shared Overhead	**HLSL1530SOMB**	6 S	1.0	**$206**		
	36″W x 13″H for use with 72″W Shared Overhead	**HLSL1536SOMB**	8 S	1.0	**$276**		
	NOTES: No specification necessary.						

NOTES:
- Overall case depth is 19″D including the sliding door.
- Use Shared Overhead and attachments in small footprint applications.
- Sliding door is 15″H, providing a 1″ valance below the case which can be used as a finger pull if desired.
- Shared Overhead panel mount brackets allow overhead to span over all panels systems or run down the spine wall, centered on top of the panel.
- Markerboard insert is markerboard laminate with black edges, no frame.
- The Shared Overhead Storage is approved for use on both Abound® and Accelerate® but not with drop return panels present.

! Shared Overhead must be ordered as left or right to determine open storage location.

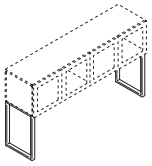

! Shared Overhead Storage is not available with a lock.

NOTES

WORKWALL

Want to see more? Scan here to check out hon.com.

Workwall featuring Voi® Storage and Desks and Ignition® 2.0 and Mav™ Seating.

WORKWALL

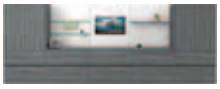

You need a solution that does it all: Encourages creative collaboration, organizes everything from photos to files, delivers exceptional functionality, and celebrates what makes your brand and the members of your team so unique. Look no further than Workwall — a brilliant tile system that mixes and matches fabric, metal, glass, and laminate materials with accessories, making it a powerhouse performer and an exemplary partner to a variety of HON products in any private office, teaming station, or meeting area. Make your space work with Workwall.

FEATURES

- High-quality materials add a remarkable aesthetic and dynamic functionality to the evolving workplace, making any private office, teaming station, or open collaboration area pop with personality and productivity.
- Tiles are offered in a variety of heights, widths, and materials, including laminate, laminate media, painted metal, slotted tool, fabric, and glass markerboard.
- Make your space an organizational oasis with Workwall's additional hanging additions — floating shelves, metal single tool rails, and a variety of painted metal accessories to keep you focused and efficient.
- Workwall can be universally paired with laminate casegoods — including HON's 10500 Series™, Concinnity™, and Voi® — or retrofitted to add on to existing workstations throughout the workspace.
- Mix-and-match tiles are designed with flexibility and adaptability in mind — create the space you want for the work environment you need.

WORKWALL SPECIFYING/DESIGN GUIDE

This Specification Guide is designed to walk you through the steps when choosing Workwall elements that will meet your particular workplace needs. The step-by-step instructions make it easy to specify elements that personalize workspaces and achieve the right mix of functionality and style.

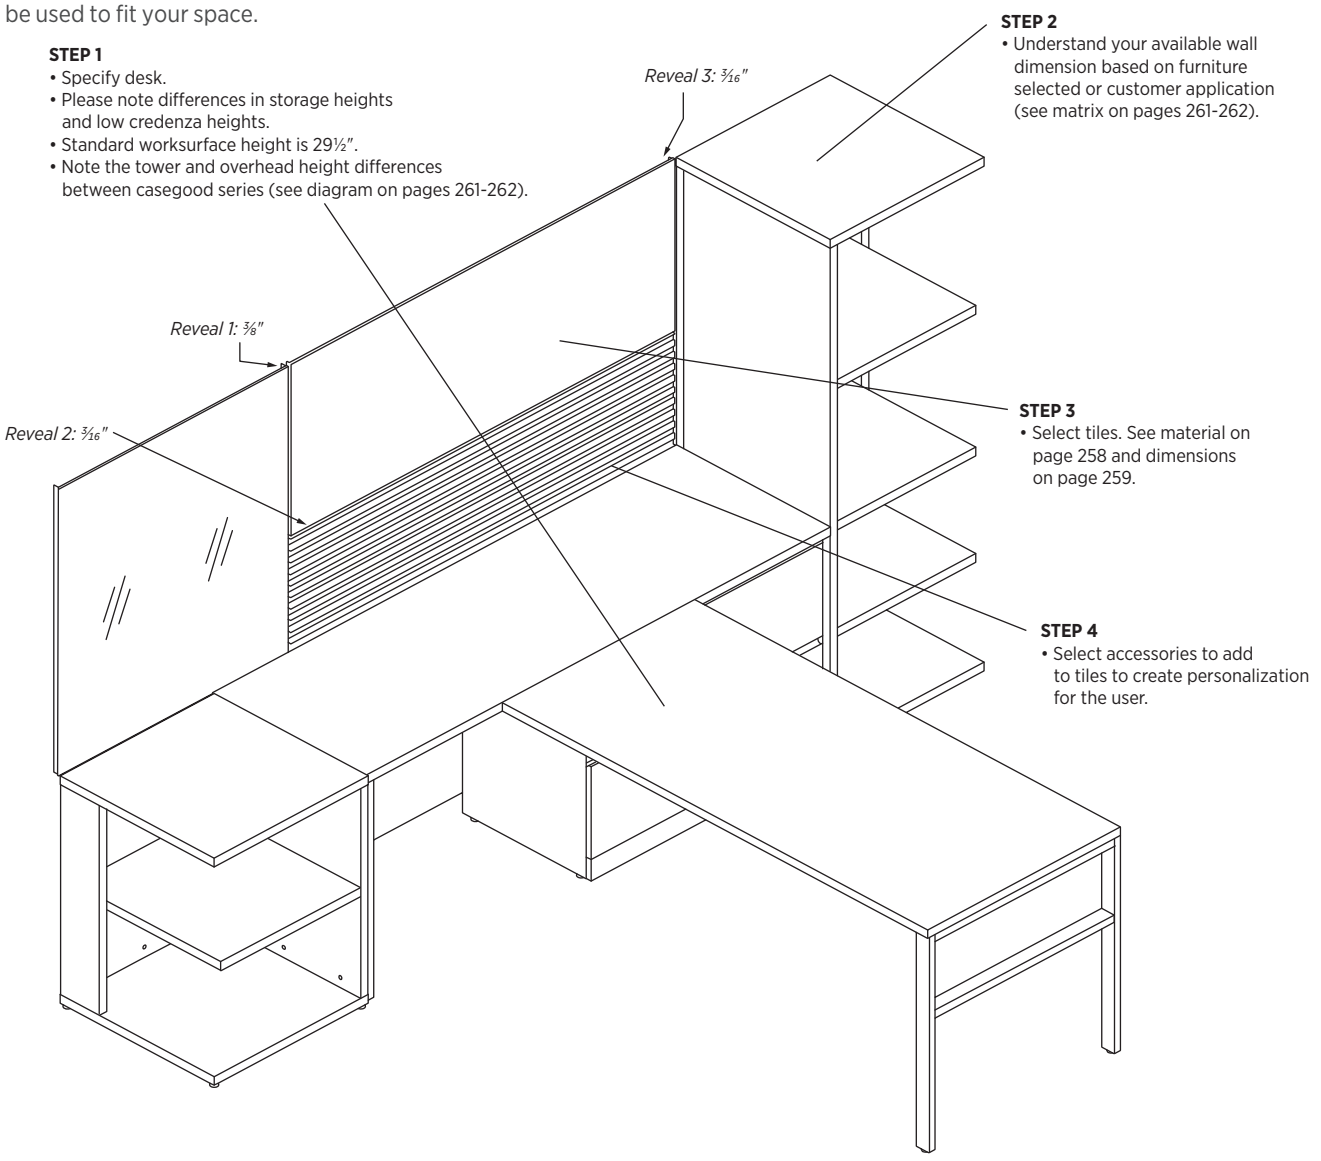

Desking With Tower Storage (Example Shown Below)
Recommended to align Workwall tiles with tower height and work your way down the wall.

Desking Without Tower Storage
Recommended to mount Workwall tiles above worksurface and work your way up the wall.

Without Desking or Storage
Floating application can be utilized in open wall environments such as conference rooms or collaboration spaces. Any size of tiles can be used to fit your space.

STEP 1
- Specify desk.
- Please note differences in storage heights and low credenza heights.
- Standard worksurface height is 29½".
- Note the tower and overhead height differences between casegood series (see diagram on pages 261-262).

STEP 2
- Understand your available wall dimension based on furniture selected or customer application (see matrix on pages 261-262).

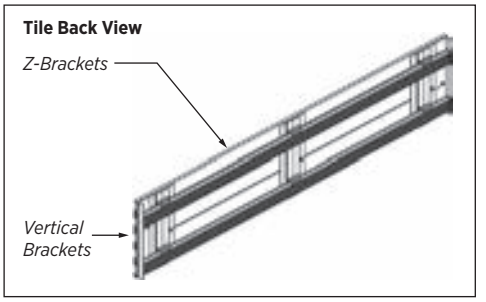

STEP 3
- Select tiles. See material on page 258 and dimensions on page 259.

STEP 4
- Select accessories to add to tiles to create personalization for the user.

NOTES:
- There is a 3⁄8" vertical reveal (Reveal 1) and a 3⁄16" horizontal reveal between tiles (Reveal 2). There is a 3⁄16" vertical reveal between towers and tiles (Reveal 3).
- Wall attachment method is Z-brackets (2 per tile).
  - i. Thickness is 7⁄8" from wall to front of tile (includes tile and hardware).
  - ii. Accessory Single Tool Rail + Accessories (7) + Floating Shelf add to depth dimension.
  - iii. Vertical mounting brackets come pre-installed on tile and hang on Z-brackets. Z-brackets are in two parts. The second part of the Z-bracket is attached to the wall in the field.
  - iv. Wall attachment not included due to different wall types and materials. Attachments must be provided by the installers.
- Wire management or television mounting brackets not included with tiles.

WORKWALL SPECIFYING/DESIGN GUIDE

Below are wall dimensions for Concinnity™ and 10500 Series™. These diagrams should be used to understand sizing between storage and usable wall space.

CONCINNITY™ EXAMPLE

10500 SERIES™ EXAMPLE

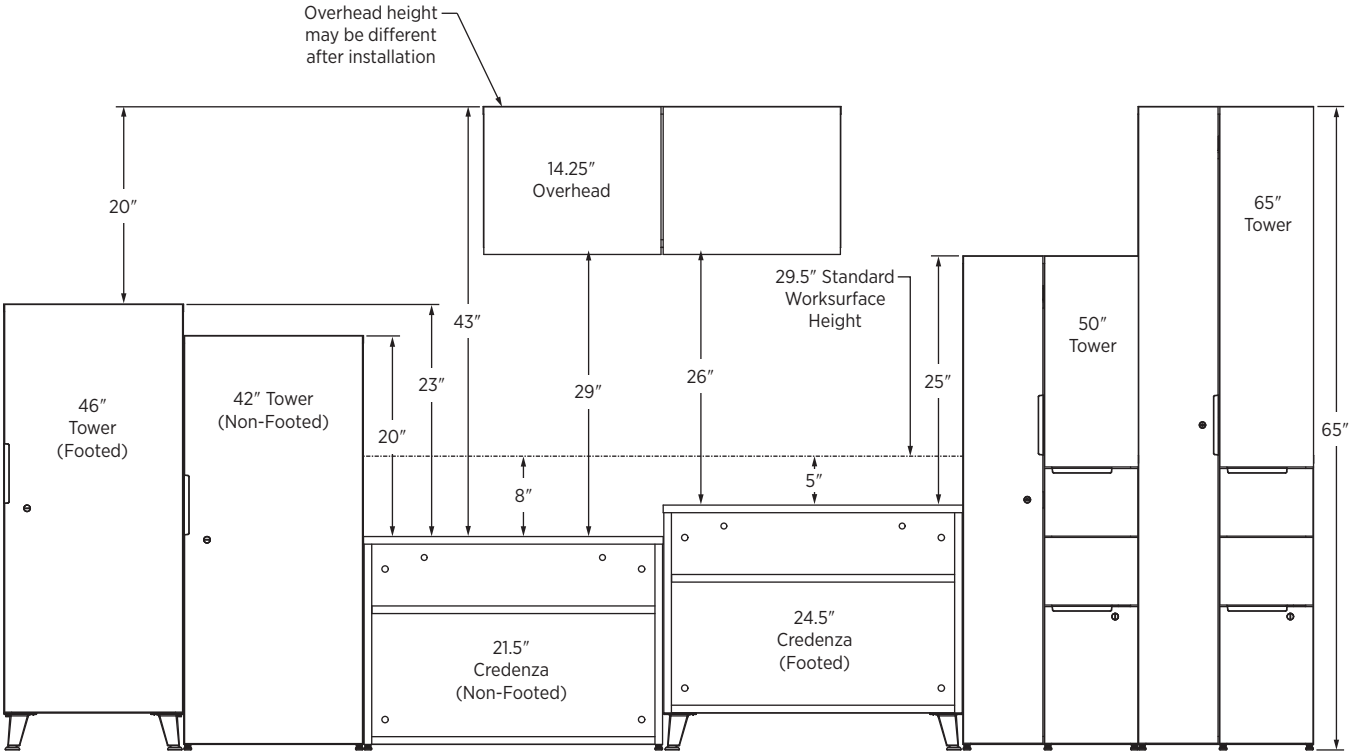

NOTES:

Overheads can be mounted above or next to Workwall but do not mount to Workwall. Elevation shown above is typical overhead height and may vary in installation.

WORKWALL SPECIFYING/DESIGN GUIDE

Below are wall dimensions for Voi®. This diagram should be used to understand sizing between storage and usable wall space.

VOI® EXAMPLE

NOTES:

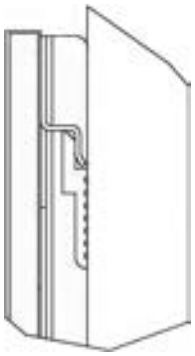

Overheads can be mounted above or next to Workwall but do not mount to Workwall. Elevation shown above is typical overhead height and may vary in installation.

NOTES

10500 SERIES™

Want to see more? Scan here to check out hon.com.

10500 Series™ Desking shown with Ignition® Seating.

10500 SERIES™

A high quality product offering should go beyond great looks and convenient functionality—it should provide lasting value. With a wide array of smart options, the versatile 10500 Series™ was designed to maximize any office space with a variety of flexible layout possibilities. And with an impressive choice of durable materials and stylish finishes, your aesthetic latitude is virtually unlimited. The bottom line? The 10500 Series™ simply gives you more for less.

FEATURES

- Support personal well-being with stand-to-sit capabilities.
- Optimize any space—large, small, or in between—with a variety of accommodating components.
- Customize the look and feel of your environment with 23 durable mix-and-match laminates, including new textured styles.
- Lighten up with airy H- or O-legs and frosted modesty panels.
- Organize even the smallest office footprint with a wide array of convenient and compact storage options.

Patterned Top

Edgeband Around Top / Laminate Chassis

- *Edgebanding on patterned laminates matches the laminate chassis selected.*
- *For 10500 Series™ worksurface models, the finish specification options include matching the top and edgeband colors or choosing a two-tone combination.*
- *LAMINATE DESKS*
  SPECIFY: Model Number. Laminate
  EXAMPLE: H105413.NN
- *WORKSURFACES*
  SPECIFY: Model Number. Top Laminate Edgeband
- ***All specifications in this publication are based on the latest product information available at the time of print.***

! *Tops with a patterned color are not available with a matching edgeband.*

✱ Paint color is de-emphasized.

10500 SERIES™ ORDERING INFORMATION

Laminate Chassis

Two-tone laminates: Top and edgebanding are the same, chassis is different laminate color.

The following 10500 Series™ products are not available as two-tone. They are one color and require only one color code:

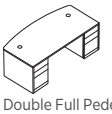

- *Modular pedestals — box/file, box/box/file, file/file, lateral file, multi file, and cabinet (also applies to Valido/11500 Series).*
- *Access strip and end panel kits*
- *Back enclosures*
- *Wall mounted open shelf*
- *Reception stations for return*
- *T-shaped end panels*
- *L-shaped end panels*

Storage chassis that are specified in L2 laminates and are longer than 60"W will ship with back panels that are horizontal grain.

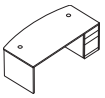

- *Edgebanding on two-tone laminates matches top, chassis is a different laminate color.*
- *A complete selection of Conference Room and Occasional Tables is shown in the Tables section of the 2026 Shared Spaces Pricer.*
- *LAMINATE DESKS*
  SPECIFY: Model Number.
  Laminate
  EXAMPLE: H10596.HP
- ***All specifications in this publication are based on the latest product information available at the time of print.***

NOTES: Makes reaching wall electrical outlets quick and easy. Provides more than 18″ of clearance. See pages 316-317 for optional stack-on storage and pages 743-744 for optional center drawers.							

NOTES:

- Non-handed desk, credenza, and return shells, combined with a variety of under-the-worksurface storage solutions, maximize office layout flexibility. Products can be reconfigured quickly and easily when user preferences or space needs change.
- For under-surface storage options, see pages 303-305.
- For additional components see pages 312-334.
- Tops and end panels are abrasion- and stain-resistant laminate over durable 1⅛″ solid core high-performance particleboard; resists warping.
- Cord management grommets, for routing and hiding wires and cables, are located in the tops of desks and return shells.
- 3″ round worksurface grommet can be replaced with optional Power Hub (model HGRMTAC) or Power/USB Hub (model HGRMTUSB2) to bring the ease of plug-and-play to the desktop. See page 755.
- Adjustable hex leveling glides allow floor-standing furniture to be easily leveled without lifting the unit; glides have ¾″ adjustable range.

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	L1 LIST PRICE	L2 LIST PRICE
Kneespace Clearance End Panel Kits (field installable)					
1⅛″W x 11¼″D x 28⅛″H	**H105098**	13	0.9	**$297**	**$312**
For use at either end of 10500, 10700 or Valido Series® 24″D Credenza Shells (with full or 10″ modesty panel) or non-pedestal end of single pedestal credenzas or credenzas with lateral files.					
1⅛″W x 17¼″D x 28⅛″H	**H105099**	11	0.8	**$311**	**$326**
For use at either end of 10500 or Valido Series® 30″D Desk Shells or non-pedestal end of 30″D single pedestal desks.					

Kits include: (1) support panel; European fastening hardware; flat connector bracket; joint connector bolts with sleeve nuts (for ganging credenza to adjacent worksurface); and adjustable leveling glides. Allows conversion of units currently in the field.

NOTES: Can be used to connect up to three 24″D credenzas or 30″D desks in line (requires 4 kits).

Not designed to be used freestanding. Not designed to be used with returns, 36″D desks or desk shells.

SPECIFYING EXAMPLE: H105098.N

NOTES:

- Non-handed desk, credenza, and return shells, combined with a variety of under-the-worksurface storage solutions, maximize office layout flexibility. Products can be reconfigured quickly and easily when user preferences or space needs change.
- For 78″, 84″, 90″, and 96″W credenza shells, see page 292.
- For under-surface storage options, see pages 303-305.
- Tops and end panels are abrasion- and stain-resistant laminate over durable 1⅛″ solid core high-performance particleboard; resists warping.
- For additional components see pages 312-334.
- For work-in-process paper management tools, see pages 747-749.
- Cord management grommets, for routing and hiding wires and cables, are located in the tops of desks and return shells.
- Credenza shells have a cord pass-through grommet in the top center of the modesty panel.
- Kneespace Clearance End Panel Kit model H105098, can be used to create “L” configurations with leg clearance, by connecting credenzas to single pedestal desks or credenzas, desk or credenza shells, corners, extended corners or peninsulas.
- Adjustable hex leveling glides allow floor-standing furniture to be easily leveled without lifting the unit; glides have ¾″ adjustable range.

NOTES: Shells are non-handed. No pre-drilled grommet in modesty panel (field installable grommet included). Woodgrain direction on modesty/back panel runs vertical on 30″W-60″W sizes and horizontal on 72″W unit. 36″W return shell can be used to achieve a 6′ x 6′ L-shaped footprint when connected to either a 72″W x 36″D single pedestal desk, desk shell, or peninsula, or when two are connected to 36″W corner unit model H105811. 30″W return shell can be used to accomplish a 5′ x 5′ L-shaped footprint when connected to a 60″W x 30″D desk shell or peninsula. See pages 316-317 for optional stack-on storage.

Not designed to attach to corner units manufactured prior to 5/24/99.

Not designed to be freestanding.

54″W for a 66″ Worksurface	**HLSLZ5SC66**	7	0.5	**$160**
60″W for a 72″ Worksurface	**HLSLZ5SC72**	7	0.5	**$174**
72″W for an 84″ Worksurface	**HLSLZ5SC84**	12	0.7	**$174**

Available in Graphite paint only.

When specifying panel-hung worksurfaces, specify external channel as if supported by two H-legs or O-legs via selection chart.

When specifying a 54″W or 60″W Floating Modesty Panel, it is not necessary to specify an external channel.

NOTES:

- Easy-care, scratch-, spill- and stain-resistant laminate over 1⅛″ solid core high-performance particleboard.
- Grain direction on all worksurfaces runs horizontal.
- One flat bracket (mounting plate) ships with each worksurface for applications requiring connection to an adjoining worksurface.
- For standing-height requirements, use worksurface with 41″H laminate L-shaped end panel or metal O-leg.
- For 30″, 36″, 42″ and 48″W x 24″D mobile desks and tables, use post leg with casters model HMBPOST.C.
- For end panels, legs, columns and bases, see the Worksurface Supports listing on pages 295-296.
- When using a floating modesty panel or an external channel under the worksurface, the depth clearance for keyboard trays and center drawers decreases by 8″. See accessory matrix in accessory section of the pricer.

EXTERNAL SUPPORT CHANNEL (Model HLSLZ5SCxx) — RECOMMENDED USE							
	Support Combination		Rectangle Worksurface Width				
	Support 1	Support 2	60″	66″	72″	78″	84″
O-Leg	O-Leg	O-Leg	66	72	78	84	NA
	O-Leg	4½″ Dia. Support Column	NR	60	66	72	78
	O-Leg	2″ Square Post Leg	NR	60	66	72	78
L-Shaped End Panel	L End Panel	L End Panel	NR	60	66	72	78
	L End Panel	O-Leg	60	66	72	78	84
	L End Panel	4½″ Dia. Support Column	NR	60	66	72	78
	L End Panel	2″ Square Post Leg	NR	60	66	72	78
T-Shaped End Panel	T End Panel	O-Leg	60	66	72	78	84
	T End Panel	4½″ Dia. Support Column	NR	60	66	72	78
	T End Panel	2″ Square Post Leg	NR	60	66	72	78
Return Config	None	O-Leg	66	72	78	84	NA
	None	L End Panel	60	66	72	78	84

84″W worksurfaces are for 29½″H applications only (not 42″H) and require a T-support brace or other weight-bearing floor support to be positioned between the O-legs or L-shaped end panels.

Worksurfaces are subject to slight bowing. The magnitude of the deflection is dependent upon the weight, placement, and duration of the load.

When using a worksurface as a bridge, no additional supports are needed. One support is required for returns, two supports are required for desks and credenzas.

External channel support is recommended for extended unsupported spans or heavily loaded worksurfaces. See above for details.

10500 SERIES™ Worksurface Supports

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY LAMINATE GRADE L1	L2
L-shaped End Panel					
15¾″W x 29⅞″D x 28½″H	**H10530LEP**	49	4.1	**$404**	**$421**
15¾″W x 23⅞″D x 28½″H	**H10524LEP**	43	3.7	**$380**	**$397**

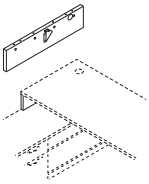

Not available in two-tone laminate

NOTES: Non-handed. 29⅞″D for use with 48″-78″W x 30″D worksurfaces; 23⅞″D for use with 30″-78″W x 24″D worksurfaces. Not for use with 84″W unless additional floor supports are placed between the end panels. Design facilitates easy, open access to wall electrical outlets. Adjustable hex glides allow floor-standing units to be easily leveled without lifting to compensate for uneven floors. Glides have ¾″ adjustable range. Two pieces; 1⅛″ end panel and ¾″ back panel. 10500 Series™ modular and mobile pedestals fit flush to the end panel. Simple assembly.

Not designed to be used freestanding.

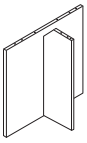

Laminate End Panel — 7″H Support for Worksurfaces					
1⅛″W x 30″D x 7″H, Right	**HNLEP307R**	7	0.7	**$204**	**$15**
1⅛″W x 30″D x 7″H, Left	**HNLEP307L**	7	0.7	**$204**	**$15**
1⅛″W x 24″D x 7″H, Right	**HNLEP247R**	6	0.7	**$204**	**$15**
1⅛″W x 24″D x 7″H, Left	**HNLEP247L**	6	0.7	**$204**	**$15**

HNLEP307L shown

NOTES: Specifically for layered surface applications; used to support a 29½″H component worksurface over a 21½″H low credenza unit. 1⅛″ thick. Handed design (left and right models). Includes cord routing notch. Bottom of end panel is edgebanded for added strength and to seal out moisture. Attaches to underside of worksurface via cam fasteners and L-bracket; attaches to top of low credenza with double-sided tape. Can be specified in a woodgrain or solid laminate color only. For 7″H metal O-leg support see page 113.
SPECIFYING EXAMPLE: HNLEP307R.H

T-shaped End Panel					
11⅝″W x 29⅞″D x 28½″H	**H10530TEP**	45	3.7	**$372**	**$389**
11⅝″W x 23⅞″D x 28½″H	**H10524TEP**	38	3.2	**$349**	**$366**

Not available in two-tone laminate

NOTES: Non-handed. For use with 30″D and 24″D 10500 Series worksurfaces. Two 1⅛″ thick pieces; one end and one brace panel. Cord routing notch in brace panel. Simple assembly.

Not designed to be used freestanding.

T-Support Brace					
8″W x 8″D x 28½″H	**H10524TSUPP**	14	0.8	**$315**	**$335**

Not available in two-tone laminate

NOTES: Intermediate support option for 29½″H workstations. Designed for 24″D and 30″D worksurfaces without a modesty or back panel, with an unsupported span greater than 48″W. Can be used to support the junction of two 24″D adjoining linear worksurfaces. Adjustable hex glides allow floor-standing units to be easily leveled without lifting to compensate for uneven floors; glides have ¾″ adjustable range. Simple assembly.

NOTES:

- Adjustable hex leveling glides allow floor-standing furniture to be easily leveled without lifting the unit; glides have ¾″ adjustable range.

Laminate L- and T-shaped end panels can be specified as one color only; not available in two-tone laminate combination or in a pattern laminate.

	48″W x 24″D	**H105R2448**	44	3.4	**$371**	**$391**
	42″W x 24″D	**H105R2442**	39	3.0	**$336**	**$356**

NOTES: Underside of rectangle worksurfaces includes pilot mounting holes for end panels, support columns, post and O-legs. Applications for 24″D worksurfaces include desks, credenzas, returns, and bridges. The 42″W x 24″D size is not compatible with Height Adjustable Base model HHATB3S2LT/C; it can however, be used in combination with the 72″W x 30″D worksurface on 3-Leg Height Adjustable Base model HHATB3S3LT.

NOTES:

- If using worksurfaces with Coordinate™ Height Adjustable Bases, an External Stiffener must be specified separately.
- Worksurfaces used with Coordinate™ Height Adjustable Bases should have 1″ perimeter gap on each side to provide clearance between other furniture. Failure to do so risks injury or product damage (not covered by warranty).

10500 SERIES™ Height Adjustable Bases

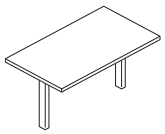

Base shown with worksurface attached.

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE
Coordinate™ Height Adjustable Base – 2-Stage				
2-Leg Rectangle T-Foot	**HHATB2S2LT**	66 S	2.4	**$1134**

NOTES:
- For use in combination applications where one end will be installed into a HAT shroud base and the other end will have an exposed T-Foot.
- Model includes quantity 2 feet. The unused foot will need to be discarded at time of install.
- Dual motor two-leg design. Legs raise from 25⅝″ to 45¼″.
- 1¼″/second travel speed.
- <48 dB noise rating.
- Base accommodates any rectangular worksurface between 23″D x 40″W and 30″D x 72″W.
- Weight capacity of 250 lbs. (including the weight of the worksurface) distributed evenly.
- Control Box: 120V, 4A, 60Hz, 400W.
- 9′ grounded power cord.
- Not TAA compliant unless ordered with a TAA compliant configurable end product.
- **HON 10-Year Warranty.**

Only 2-Stage Coordinate™ bases will work with HAT shrouds and HAT low credenzas. 3-Stage Coordinate™ bases should not be used due to their lower height range.

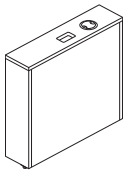

Requires the use of an external stiffener (purchased separately) for worksurfaces over 58″W or wider when not used with a Coordinate™ worksurface.

2-Leg Height Adjustable Base — 2-Stage	**HNLAB2SIL**	66	3.5	**$1118**

NOTES: Base's design is without feet, which allows the leg to be directly installed into a shroud. Not TAA compliant unless ordered with a TAA compliant configurable end product.

Base cannot be used as a stand-alone model. Base must be directly installed into a shroud. Base ships without feet.

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	L1 LIST PRICE	L2 UPCHARGE
Shroud for Height Adjustable Base					
36″D	**HNL36SHR**	48	4.7	**$1284**	**$38**
30″D	**HNL30SHR**	40	3.9	**$1258**	**$32**
24″D	**HNL24SHR**	33	3.1	**$1234**	**$32**

NOTES: Depths designed to match worksurface depths. Right- or left-handed determines which side the grommet is on.

NOTES:
- HAT base is bolted directly into unit for a solid connection without the need for the HAT base freestanding on feet.
- In combination applications with one HAT leg integrated and one HAT leg with an exposed T-Foot use footed Coordinate™ base model HHATB2S2LT and discard the unused foot at time of install.
- In applications with both ends integrated into a shroud use the non-footed Coordinate™ base HNLAB2SIL.
- When specifying a grommet application, the grommet is near the front leg for cord management and has a grommet on the backside for cord management to wall power.

Only 2-Stage Coordinate™ bases will work with HAT shrouds. 3-Stage Coordinate™ bases should not be used due to their lower height range.

Modesty Panels for Desks with O-Legs				
68⅜"W x ¾"D x 10"H — For 72" x 30" Desks	**HLAMMP7230**	26	2.1	**$405**
56⅜"W x ¾"D x 10"H — For 60" x 30" Desks	**HLAMMP6030**	23	1.8	**$371**

NOTES: For use with 60"W or 72"W worksurfaces supported by O-legs. Comprised of three panels: one approach side and one for each end. Length below bottom of worksurface is 10". Steel external support channel (ordered separately) is recommended for unsupported spans greater than 54"W (i.e.: a distance in which there is not a vertical support between the underside of the worksurface and floor). Grain direction is vertical on approach and side panels for 56⅜"W (all laminate colors) and 68⅜"W (L1 laminate except Florence Walnut and Kingswood Walnut). Vertical on 27⅝" end panels (all laminate colors). Horizontal on all panels for L2 laminates as well as Florence Walnut and Kingswood Walnut.
Specify: Model.Laminate
SPECIFYING EXAMPLE: HLAMMP7230.N

! + $20 for L2 laminates. See pages 279-280 for laminate options.

10500 SERIES™ Laminate Modular Components

	DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY LAMINATE GRADE L1	L2
 *Not available in two-tone laminate*	**Box/File Pedestal (with core removable lock)** 15⅝″W x 22¾″D x 17¾″H — for use under 24″D, 30″D and 36″D desk, credenza and return shells NOTES: Attaches to underside of worksurface top. Both top box and file drawer lock. Top edges of file drawer include integrated rails for letter- or legal-sized filing. Not for use under 20″D shells. ❗ Not designed to be used freestanding. Unfinished top and back.	**H10501**	57	5.5	**$730**	**$755**
 *Not available in two-tone laminate*	**Narrow Box/Box/File Pedestal (with core removable lock) — floor-standing** 9½″W x 22¾″D x 28″H — for use under 24″D, 30″D and 36″D desk, credenza and return shells NOTES: Space-saving design supports smaller footprints. Middle box drawer and file drawer lock; top box drawer does not lock. Top edges of file drawer include integrated rails for letter- or legal-sized filing. Not for use under 20″D shells. ❗ Not designed to be used freestanding. Unfinished top and back.	**H105093**	61	5.6	**$942**	**$974**
 *Not available in two-tone laminate*	**Box/Box/File Pedestal — floor-standing** 15⅝″W x 28¾″D x 28″H — for use under 10500 Series 30″D worksurfaces supported by 29⅞″D L-shaped end panel model H10530LEP NOTES: Top box drawer does not lock. Top edges of file drawer include integrated rails for letter- or legal-sized filing. Not for use under shells, per "Inside Dimensions" listings. ❗ Not designed to be used freestanding. Unfinished top and back.	**H105062**	105	10.5	**$1036**	**$1074**
 *Not available in two-tone laminate*	**Box/Box/File Pedestal (with core removable lock) — floor-standing** 15⅝″W x 22¾″D x 28″H — for use under 24″D, 30″D and 36″D desk, credenza and return shells or worksurface supported by 23⅞″D L-shaped end panel(s) NOTES: Top box drawer does not lock. Top edges of file drawer include integrated rails for letter- or legal-sized filing. Not for use under 20″D shells. ❗ Not designed to be used freestanding. Unfinished top and back.	**H10502**	90	8.4	**$955**	**$987**
 *Not available in two-tone laminate*	**Box/Box/File Pedestal (with core removable lock) — floor-standing** 15⅝″W x 18¾″D x 28″H — for use under 20″D, 24″D, 30″D and 36″D desk, credenza and return shells NOTES: Top box drawer does not lock. Top edges of file drawer include integrated rails for letter- or legal-sized filing. ❗ Not designed to be used freestanding. Unfinished top and back.	**H105012**	73	7.3	**$901**	**$926**

NOTES:

- Pedestals can be reconfigured quickly and easily when user preferences or space needs change.
- Locking units equipped with interchangeable core removable locks.
- Pedestal models ship assembled unless designated EP.
- Mobile pedestals shown on page 325, work well in a variety of configurations.
- Narrow Pedestal features a compact design that is ideal for use in U- and L-shaped layouts for smaller spaces such as a 5′ x 8′ U-shaped workstation or a 5′ x 5′ L-shaped workstation.
- 10500 Series™ modular pedestals are for use with desk, credenza and return shells (see pages 290-293), as well as L-shaped end panels (page 295).

❗ Keyed alike cores must be ordered separately — see model HF23B on page 733 — makes re-keying quick and easy.

❗ Access strip (filler) required when box/box file, file/file, and or narrow box/box/file pedestals are configured side-by-side to allow access for opening the drawers.

❗ Modular pedestals can be specified as one color only; not available in two-tone laminate combination or in a pattern laminate.

	NOTES: Box/box/file drawers. Drawers lock. Two cord grommets in top for routing and hiding wires and cables. Bow top models measure 36″D at crest and 30″D along the end panels. See pages 743-744 for optional center drawers.						

NOTES:

- Factory-configured desks, credenzas and returns ship fully assembled for ease and speed of installation.
- Full-to-floor pedestals maximize storage space.
- Smooth, flat edges provide a clean look.
- Tops are easy-care, scratch-, spill- and stain-resistant laminate over 1⅛″ solid core high-performance particleboard.
- 3″ round cord management grommets, for routing and hiding wires and cables, are located in the tops of desks, returns, bridges, and corner units. Grommet cutout accepts optional Power Hub (model HGRMTAC) or Power/USB Hub (model HGRMTUSB2) — see page 755.
- For work-in-process paper management tools, see pages 747-749.
- Drawers operate on full extension, ball-bearing suspensions to ensure smooth, quiet, long-lasting operation.
- File drawer design includes integrated hangrails for side-to-side letter or legal filing; and front-to-back for letter filing.
- For field installable decorative handle options, see page 334.
- All drawers are five-sided construction for added strength and easy alignment or replacement of drawer fronts.
- Center drawers conveniently store writing instruments, paper and other miscellaneous items. Includes pencil tray. See page 744.

	NOTES: Combines with overlapping, 29½″H worksurfaces to create a multi-level workstation for a modern aesthetic. For use in open plan spaces or private offices. Two locking drawers (1 box and 1 file) and open shelving. File drawers include integrated hangrails for letter- or legal-sized folders. Bookcase has one adjustable shelf; adjusts in 1¼″ increments with a range of 6″. Overlapping surfaces can be supported by a 28½″H H-leg or O-leg, or 7″H O-leg, or by 7″H laminate end panel. On 60″W models, grain on back panel runs vertical for all woodgrain laminates. On 72″, grain on back panel runs vertical for L1 woodgrains except for Florence and Kingswood Walnuts and horizontal on L2 laminates and Florence and Kingswood Walnuts. Optional seat cushions HLSL2036CH2 for 72″W and HLSL2030CH2 for 60″W.						

NOTES:

- Factory-configured desks, credenzas and returns ship fully assembled for ease and speed of installation.
- Formal, full-length modesty panels.
- Tops are easy-care, scratch-, spill- and stain-resistant laminate over 1⅛″ solid core high-performance particleboard.
- 3″ round cord management grommets, for routing and hiding wires and cables, are located in the tops of desks, returns, bridges, and corner units. Grommet cutout accepts optional Power Hub (model HGRMTAC) or Power/USB Hub (model HGRMTUSB2) — see page 755.
- Drawers operate on full extension, ball-bearing suspensions to ensure smooth, quiet, long-lasting operation.
- All drawers are five-sided construction for added strength and easy alignment or replacement of drawer fronts.
- Top edges of file drawer include integrated rails for letter- or legal-sized filing.
- For field installable decorative handle options, see page 334.
- 10500 Series™ 18¾″D modular and mobile pedestals can be positioned under credenza with kneespace and single pedestal credenza models.

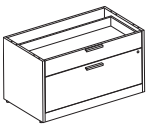

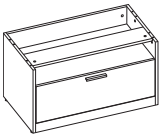

Keyed alike cores must be ordered separately — see model HF23B on page 733 — makes re-keying quick and easy.

	66″W x 30″D x 29½″H, Rectangle Top, Left	4½″	**H10584L**	229	41.0	**$1446**	**$1513**
	NOTES: Box/file drawers. Drawers lock. Two cord grommets in top for routing and hiding wires and cables. Bow top models measure 36″D at crest and 30″D along the end panels. See pages 743-744 for optional center drawers.						
	**Small Office Desk**						
	48″W x 30″D x 29½″H, 3/4 Pedestal, Right box/file	4½″	**H105885R**	168	30.5	**$1284**	**$1334**
	NOTES: Small footprint makes this desk ideal for limited space. Drawers lock. One cord grommet in top for routing and hiding wires and cables. 3/4 height modesty panel facilitates reaching wall electrical outlets. Optional stack-on storage model H105323 maximizes storage space; see page 316.						
	**Return, box/file**						
	48″W x 24″D x 29½″H, Right		**H10515R**	147	25.6	**$1165**	**$1215**
	42″W x 24″D x 29½″H, Right		**H10511R**	138	20.5	**$1141**	**$1191**
	48″W x 24″D x 29½″H, Left		**H10516L**	147	25.6	**$1165**	**$1215**
	42″W x 24″D x 29½″H, Left		**H10512L**	138	20.5	**$1141**	**$1191**
	NOTES: Return is for use with single pedestal desks, desk shells, peninsulas or corner units. One worksurface grommet and one cord pass-through grommet in top center of modesty panel to reach wall electrical outlets. Drawers lock. See pages 316-317 for optional stack-on storage.						
	! Not designed to be used freestanding. Will not attach to Corner Units manufactured prior to 5/24/99.						

NOTES:

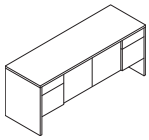

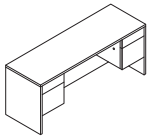

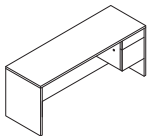

- For components that can be shared with 10500 Series™, see pages 312-334.
- Tops and end panels are abrasion- and stain-resistant laminate over durable 1⅛″ solid core high-performance particleboard; resists warping.
- Formal, full height modesty panels.
- 3/4 pedestal design increases budget flexibility.
- 3″ round cord management grommets, for routing and hiding wires and cables, are located in the tops of desks, returns, bridges, and corner units. Grommet cutout accepts optional Power Hub (model HGRMTAC) or Power/USB Hub (model HGRMTUSB2) — see page 755.
- All drawers are 5-sided construction, which allows easy drawer alignment or replacement of drawer fronts.
- Drawers operate on full extension, ball-bearing suspensions to ensure smooth, quiet, long-lasting operation.
- File drawer design includes integrated hangrails for side-to-side letter or legal filing; and front-to-back for letter filing.
- For field installable decorative handle options, see page 334.
- Desk, credenza, and return models ship assembled.
- See stack-on storage and stack-on PC organizer options on pages 315-317.
- Use with Above Worksurface Privacy Screens. See page 302.

NOTES: Includes hangrails; mechanical interlock inhibits the extension of more than one drawer at a time. If side-by-side drawers are opened or closed simultaneously, one drawer may interfere with the other. Two locks (keyed alike). Accepts optional stack-on storage model H10534 (page 316) or PC Organizer model H105388 (page 315).					
 **Credenza with Lateral File, left and Storage Cabinet, right (with core removable locks)**					
72″W x 24″D x 29½″H	**H105492**	307	34.7	**$2456**	**$2548**
NOTES: Includes hangrails; mechanical interlock inhibits the extension of more than one drawer at a time. Storage cabinet locks and includes one adjustable interior shelf. Shelf adjusts in 1¼″ increments with a total range of 5″H. Two locks (keyed alike). Accepts optional stack-on storage model H10534 (page 316) or PC Organizer model H105388 (page 315).					
 **Credenza with Two Storage Cabinets (with core removable locks)**					
72″W x 24″D x 29½″H	**H105493**	302	34.8	**$2290**	**$2382**
NOTES: Each storage cabinet has one interior shelf which adjusts in 1¼″ increments over a total range of 5″. Each cabinet locks independently; locks are keyed alike. Accepts optional stack-on storage model H10534 (page 316) or PC Organizer model H105388 (page 315).					

NOTES:

- Shared components shown on this page can be used with modular components shown on pages 290-305, full pedestal models shown on pages 306-307, and 3/4 pedestal models shown on pages 310-311.
- Locking units equipped with interchangeable core removable locks.
- File drawers accept hanging folders in letter or legal size.
- Mobile pedestals shown on page 325 work well in a variety of configurations.
- Work Organizer models accept 3-ring binders and organizer model HTCOL52. See page 331.
- See stack-on storage and organizer options for desks, credenzas and returns, pages 315-317.
- See pages 312-334 for shared components.

! Keyed alike cores must be ordered separately — see model HF23B on page 733.

	NOTES: For respective desk, credenza or return widths. Model 10534 can be used for "L" configuration comprised of a 42"W return or return shell attached to a 30"D single pedestal desk, desk shell or peninsula (72"); 36"W return shell attached to a 36"D single pedestal desk, desk shell or peninsula (72"); or 30"W return shell attached to a jetty peninsula (72"). Back enclosures, tackboards for use with back enclosures and task lights are available as options. See vertical paper manager model HLVPM1 on page 747.					
	**Stack-on Storage Clearance End Panel Kit**					
	1⅛"W x 4⅝-14⅝"D x 36"H	**H105349**	29	3.4	**$503**	**$523**
	Two field installable end panels (1-right; 1-left) for use in ganging two 10500 or Valido® Series stack-on storage units. Narrow design replaces the full 14⅝"D end panels to expand worksurface space. The narrow right end panel replaces the standard 14⅝"D right end panel on one stack-on storage unit, the narrow left end panel replaces the standard 14⅝"D left end panel on a separate, adjacent stack-on storage unit that is in linear alignment with the first unit. Kit includes: (2) narrow end panel supports; European-style fasteners; dowels; joint connector bolts with sleeve nuts (for ganging stack-on storage units).					
	NOTES: Can be used to connect up to two stack-on storage units in a line (requires 1 kit). Not available in two-tone laminate. **SPECIFYING EXAMPLE: H105349.N**					

NOTES:

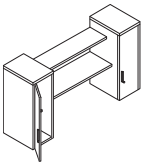

- Shared components shown on this page can be used with modular components shown on pages 290-305, full pedestal models shown on pages 306-307, and 3/4 pedestal models shown on pages 310-311.
- Rich woodgrain laminate and frosted doors with silver frames adds a contemporary mixed materials option to the 10500 Series™.

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	L1 LIST	L2 UPCHARGES CHASSIS	L2 UPCHARGES SHELF
Stack-on Cabinets with Open Shelves, Center Overall measures: 72″W x 20″D x 37⅛″H Cabinet measures: 13½″W x 19⅞″D x 37⅛″H	**H105319**	218	20.3	**$2454**	**$73**	**$25**

NOTES: Contemporary, light scale design blends open and closed storage. Features two locking cabinets bridged by two open shelves. The clearance between the worksurface and underside of the lower shelf is 18⅝″. Top shelf is 45″W x 11″D, bottom shelf is 45″W x 14″D; space between the shelves is 12¼″. Some assembly required; cabinets are fully assembled; simple shelf attachment. For two-tone color combinations, the first color designator defines the top of the storage cabinet(s), the second designator defines the color of the cabinet vertical panels and the open (exterior) shelves.

NOTES:

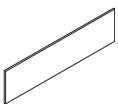

- Stack-on Cabinets with Open Shelves, Center is sized to fit on 72″ desk, credenza, return, or desk with return worksurfaces.
- Easy-care, scratch-, spill- and stain-resistant laminate over 1⅛″ solid core high-performance particleboard.
- Cabinets have three shelves, two are adjustable.
- Removable lock core kit for the cabinet models above is HF23B. See page 733.
- Back of cabinet door has a convenient double coat hook; the lower peg is for jackets and lighter items, the upper peg for heavier coats and bags.
- Open shelves display books, photos, and mementos, shelves are fixed height; top shelf is ¾″ thick, lower shelf is 1⅛″.
- Task light can be attached to underside of the bottom shelf.

(Use task light model HH870930, see page 323)					

NOTES: Horizontal interlocking rails are included; due to varying types of walls, installers are responsible for selecting and supplying the appropriate fasteners. Tackboard widths differ slightly from wall mounted storage cabinet widths. For applications where multiple wall mounted storage cabinets are placed side-by-side, the preferred tackboard solution may be to utilize a larger tackboard size. For wall mounted storage cabinets with frosted doors, see page 323.

SPECIFYING EXAMPLE: H105380.NN
If Specifying with Lock Option: H105380K.NN

NOTES:

- Tackboard is sized ¾″ narrower than stack-on storage back enclosure, allowing ⅜″ on each side to route task light cord.
- Wall attachment methodology: horizontally mounted, interlocking brackets.
- Wall mounted storage cabinet door design overlaps end panels so that when multiple units are placed side-by-side they appear as one continuous unit.
- Wall mounted storage cabinets available with laminate doors, locking laminate doors or frosted doors.
- Removable lock core kit for locking stack-on and wall mounted storage is model HF27B. See page 733.
- See pages 312-334 for shared components.

Wall mounted storage cabinet attachment requires individual cabinets be secured by a minimum of two wall mounting locations/studs.

Wall mounted storage cabinets are designed for interior and perimeter walls that are constructed with wood or metal studs.

The HON Company is not responsible for any liabilities resulting from wall mounted storage cabinets that are not properly installed.

NOTES:

- Wall attachment methodology: horizontally mounted, interlocking brackets.
- Wall mounted storage cabinet door design overlaps end panels so that when multiple units are placed side-by-side they appear as one continuous unit.
- Laminate doors are non-locking.
- Horizontal interlocking rails are included; due to varying types of walls, installers are responsible for selecting and supplying the appropriate fasteners. Tackboard widths differ slightly from wall mounted storage cabinet widths. For applications where multiple wall mounted storage cabinets are placed side-by-side, the preferred tackboard solution may be to utilize a larger tackboard size.

! Wall mounted storage cabinet attachment requires individual cabinets be secured by a minimum of two wall mounting locations/studs.

! Wall mounted storage cabinets are designed for interior and perimeter walls that are constructed with wood or metal studs.

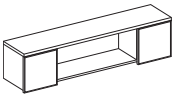

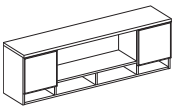

! The HON Company is not responsible for any liabilities resulting from wall mounted storage cabinets that are not properly installed.

30″W x 14⅝″D x 17½″H	**H105380G**	73.0	9.1	**$1429**	**$1461**

NOTES: Door design overlaps end panels so that when multiple units are placed side-by-side they appear as one continuous unit. Product placement can be aligned to match the height of storage cabinets, wardrobes and towers. Equipped with self-closing, adjustable side-hinged doors. The 30″, 36″, and 42″W units have two doors; the 48″W has three doors. Frosted door units do not have a lock option. Wall attachment methodology: horizontally mounted, interlocking brackets.
Tackboard widths differ slightly from wall mounted storage cabinet widths. For applications where multiple wall mounted storage cabinets are placed side-by-side, the preferred tackboard width may be to utilize a larger tackboard size.

Not available in two-tone laminate

Wall Mounted Open Shelf					
48″W x 9⅞″D x 4¾″H	**H105363**	18.0	1.2	**$433**	**$458**
42″W x 9⅞″D x 4¾″H	**H105362**	16.0	0.8	**$392**	**$417**
36″W x 9⅞″D x 4¾″H	**H105361**	14.0	0.8	**$357**	**$377**
30″W x 9⅞″D x 4¾″H	**H105360**	12.0	0.8	**$338**	**$358**

NOTES: Ideal for books, photographs, and mementos up to 9″D. Two attachment orientation options, open ended shelf or shelf with book ends. Available in woodgrain or solid color laminates only. No patterns. No two-tone combinations. Simple assembly.
SPECIFYING EXAMPLE: H105363.N

NOTES:
- Easy-care, scratch-, spill- and stain-resistant laminate over solid core high-performance particleboard.
- Stacked paper management (model HLVPM2), which is 32½″W, is compatible with the 30″W and 36″W wall mounted storage cabinets.

! Wall mounted storage cabinet attachment requires individual cabinets be secured by a minimum of two wall mounting locations/studs.

! Wall mounted storage cabinets are designed for interior and perimeter walls that are constructed with wood or metal studs.

! The HON Company is not responsible for any liabilities resulting from wall mounted storage cabinets that are not properly installed.

Undercabinet Occupancy Sensor with 1″ End to End Connector	**HLEDOSA**	0.2 S	0.01	**$136**

NOTES: To use the daisy chain application, must start with model HLED17A or HLED31A. No finish specification required. Attaches magnetically to underside of overhead storage, or attaches with provided screws or double-sided tape. Occupancy sensor attaches to a single or starter LED light and will automatically turn the light off after no motion is detected for 30 minutes. Just like all the LED light models, the occupancy sensor features a soft-touch on/off switch. LED task lights have a lifetime of 50,000 hours and have a dimmer feature that allows the user to adjust the amount of light output.

	**Box/Box/File Mobile Pedestal (with core removable lock)** 15¾″W x 22¾″D x 28⅜″H — use freestanding or under 24″D, 30″D and 36″D modular shells NOTES: Top box drawer does not lock.	**H105102**	121	8.5	**$1190**	**$1240**
	File/File Mobile Pedestal (with core removable lock) 15¾″W x 22¾″D x 28⅜″H — use freestanding or under 24″D, 30″D and 36″D modular shells	**H105104**	121	8.4	**$1190**	**$1240**
	**Box/File Mobile Pedestal (with core removable lock)** 15¾″W x 18⅞″D x 21⅞″H — use freestanding or under 20″D, 24″D, 30″D and 36″D modular shells	**H105106**	65	5.8	**$994**	**$1032**
	**Shelf/Box/File Mobile Pedestal (with core removable lock)** 15¾″W x 18⅞″D x 28⅜″H — use freestanding or under 20″D, 24″D, 30″D and 36″D modular shells NOTES: Interior dimensions of the open storage area of the Shelf/Box/File model are 14⅛″W x 16¾″D x 6⅝″H.	**H105109**	73	7.3	**$1095**	**$1145**
	**Lateral File (with core removable lock)**					
	36″W x 20″D x 59⅛″H — four drawer	**H10516**	305	31.0	**$2926**	**$3013**
	36″W x 20″D x 45½″H — three drawer	**H10517**	240	23.2	**$2221**	**$2301**
	36″W x 24″D x 29½″H — two drawer	**H105690**	191	17.6	**$1425**	**$1492**
	36″W x 20″D x 29½″H — two drawer	**H10563**	170	15.6	**$1355**	**$1417**
	NOTES: Includes hangrails, mechanical interlock and in H10563 and H105690, a counterweight. Stack-on storage (H105321) and bookcase hutch (H105292) can be used with H10563 and H105690. Interlock inhibits the extension of more than one drawer from opening at a time. Model H105690 aligns with 24″D credenzas and returns.					

NOTES:

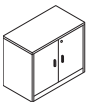

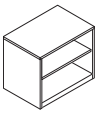

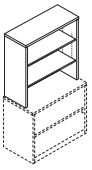

- For additional components that can be shared with 10500 Series™, see pages 312-334.
- Mobile pedestals feature clean styling with hidden casters. Versatile designs roll easily and work well in a variety of configurations. Can be used freestanding, under modular shells, or with 10500 Series™ component worksurfaces and supports.
- 24″D lateral file, storage cabinet, and bookcase models align evenly with credenzas and returns to provide linear layout continuity.
- At 45½″H, the three-drawer lateral file can be used as a standing-height worksurface or to support office equipment.
- Drawers operate on full extension, ball-bearing suspensions to ensure smooth, quiet, long-lasting operation.
- File drawer design includes integrated hangrails for side-to-side letter or legal filing; and front-to-back for letter filing.
- Mobile printer/fax cart shown on page 305 is ideal for limited space.

10500 SERIES™ Shared Components & Accessories

Icon Legend on page 19

	DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY LAMINATE GRADE L1	L2
 *Right-hand model H105297R shown*	**Storage/File Cabinet (with core removable locks)**					
	18″W x 24″D x 66⅝″H, Hinged Right (shown)	**H105297R**	258	22.7	**$2350**	**$2442**
	18″W x 24″D x 66⅝″H, Hinged Left	**H105298L**	258	22.7	**$2350**	**$2442**
	NOTES: Versatile unit features a storage cabinet and two file drawers. Storage cabinet includes three shelves, two are adjustable in 2½″ increments. Door hinged left or right models available. File drawers operate on ball-bearing suspensions with full extension. File drawers have high sides to accept hanging folders in letter or legal size. Drawers standard with hangrails. Both the storage cabinet and the file drawers are equipped with a HON "One Key" interchangeable core removable lock. Unit height is designed to match credenza or return plus stack-on storage height.					
 *Doors open 110 degrees from closed position.*	**Storage Cabinet/Lateral File (with core removable lock)**					
	36″W x 24″D x 66⅝″H	**H105293**	365	41.0	**$3164**	**$3286**
	NOTES: Storage cabinet is standard with one fixed and two full-width adjustable shelves in top compartment; adjustable shelves can be removed. Overall storage compartment measures 31¼″W x 22″D x 36⅛″H and will accommodate supplies, books and binders, as well as business machines and electronic equipment. Cord pass-through gap behind shelves and grommet in back of the cabinet to facilitate routing cords and reaching wall electrical outlets. Two drawer lateral file on bottom. Lateral file comes with mechanical interlock and hangrails. Cabinet and lateral file lock independently. Unit height is designed to match credenza or return plus stack-on storage height.					
 *Doors open 110 degrees from closed position.*	**Storage Cabinet with Full-width Shelves (with core removable lock)**					
	36″W x 24″D x 66⅝″H	**H105299**	341	39.6	**$2955**	**$3077**
	NOTES: Large storage area includes five, full-width (side-to-side) shelves; three are adjustable in 2½″ increments. Unit height matches credenza or return plus stack-on storage height.					
 *Right-hand model H105295R shown*	**Personal Wardrobe/Storage Cabinet (with core removable lock)**					
	18″W x 24″D x 66⅝″H, Hinged Right (shown)	**H105295R**	223	22.9	**$2130**	**$2222**
	18″W x 24″D x 66⅝″H, Hinged Left	**H105296L**	223	22.9	**$2130**	**$2222**
	NOTES: Unit is standard with four adjustable shelves, coat rod, and core removable lock. Shelves adjust in 2½″ increments. Cabinet can be used as a wardrobe by removing four adjustable shelves. Coat rod can be removed from cabinet for storage only applications. Unit height is designed to match credenza or return plus stack-on storage height.					
 *Doors open 110 degrees from closed position.*	**Personal Wardrobe/Storage Cabinet (with core removable lock)**					
	36″W x 24″D x 66⅝″H	**H10530**	341	41.0	**$3164**	**$3181**
	NOTES: Spacious design is standard with four adjustable shelves (one shelf is fixed), coat rod and core removable lock which locks both doors. Shelves adjust in 2½″ increments. Unit height is designed to match credenza or return plus stack-on storage height.					
 *Right-hand model H105301R shown*	**Personal Storage Tower (with core removable locks)**					
	24″W x 24″D x 66⅝″H, wardrobe Hinged Right, storage cabinet Hinged Left (shown)	**H105301R**	299	27.9	**$2971**	**$3087**
	24″W x 24″D x 66⅝″H, wardrobe Hinged Left, storage cabinet Hinged Right	**H105302L**	299	27.9	**$2971**	**$3087**
	NOTES: Spacious design includes a wardrobe closet, storage cabinet, and two file drawers in one compact unit. Wardrobe closet contains a coat rod. Storage cabinet includes three shelves, two are adjustable in 2½″ increments. Door hinged left or right models available. File drawers operate on ball-bearing suspensions with full extension. File drawers have high sides to accept hanging folders in letter or legal size. Drawers standard with hangrails. Equipped with HON "One Key" interchangeable core removable locks. Upper lock secures storage cabinet and wardrobe closet doors; lower lock secures file drawers. Unit height is designed to match credenza or return plus stack-on storage height.					

NOTES:

- Broad family of storage components takes organization way beyond the confines of a desk drawer.
- Locking units equipped with interchangeable core removable locks.
- Adjustable hex leveling glides allow floor-standing furniture to be easily leveled without lifting the unit; glides have ¾″ adjustable range.
- See pages 312-334 for shared components.

Keyed alike cores must be ordered separately — see model HF23B on page 733 — makes re-keying quick and easy.

48″W x 24″D x 13″H	**H105721**	25	3.6	**$404**	**$429**

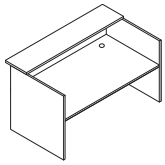

NOTES: For return tops without grommets, see field installable grommet kit, model HFLDGRMT on page 755. Not available in two-tone laminate. Designed specifically for use with Reception Station with Transaction Counter, model H105720.
SPECIFYING EXAMPLE: H105722.N

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE
Transaction Counter Organizer				
48¾″W x 11⅛″D x 13″H	**HTCOL52**	24	1.1	**$397**

NOTES: Fits under reception station with transaction counter model H105720 reception desk shell (H105724), and work organizer models H10537 and H10536.

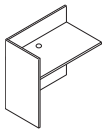

! Black only.
SPECIFYING EXAMPLE: HTCOL52.P

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY LAMINATE GRADE L1	L2
Reception Desk Shell, with rectangle top					
72″W x 39⅞″D x 44⁷⁄₁₆″H	**H105724**	294	17.0	**$1498**	**$1565**

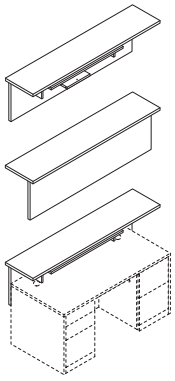

NOTES: Non-handed design. Integrated 18⅝″D transaction counter with a 4″ full-width overhang. Two cord management grommets in top for routing and hiding wires and cables. Transaction counter organizer model TCOL52 fits under/inside transaction counter. When a two-tone color combination is specified, the first designator defines the transaction countertop and the desk worksurface.

! An external support channel must be specified separately, see page 294 for details.

Reception Station Return Shell					
42″W x 24⅜″D x 42¹⁵⁄₁₆″H	**H105726**	131	17.0	**$1044**	**$1089**

NOTES: Non-handed design for use with reception desk shell. One cord management grommet in top for routing and hiding wires and cables. Woodgrain on approach side is vertical to match grain direction on end panels of reception station desk. Designed specifically for use with Reception Desk Shell, model H105724.

Transaction Counter for Reception Desk					
66″W x 14⅝″D x 14¼″H	**H105729**	100	4.2	**$873**	**$905**

NOTES: Off-the-worksurface solution designed for use with 72″W or 66″W desks or desk shells with a 1⅛″ thick rectangle top and a full-width conference (approach-side) overhang of 4½″D minimum. Choose from two height options at time of installation; 13⅛″H (upper position) or 5½″H (lower position) above the desktop. Attaches easily and securely without any drilling or double-sided tape on the worksurface. Grain direction: side-to-side on countertop; horizontal on approach and users side vertical panel.

NOTES:
- Three welcoming reception station designs to choose from — stack-on enclosure, full-to-floor shell, or front-suspended counter.
- For 10500 Series™ matching reception area furniture, see Occasional Tables on page 333.
- See pages 312-334 for shared components.

NOTES:

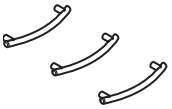

- Durable material and construction make laminate occasional tables ideal for high traffic areas such as lobbies, reception rooms and lounges. Versatile design is also well suited to private offices.
- Tables accommodate lamps, magazines, telephones, plants, laptops and more.
- Coffee, Corner and End Tables feature top-over-apron styling with square corner detail, which complements many interiors and furniture designs.
- Tops are abrasion- and stain-resistant laminate over 1⅛″ thick solid core high-performance particleboard.
- See pages 312-334 for shared components.

Crescent Satin Nickel, 3-pack	**HCRESCENTC3**	0.5	0.3	**$91**

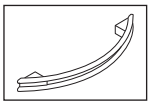

NOTES: Handles are for purchase and field installation on 10500 Series™ desks, credenzas, returns, and lateral files, as well as for the modular pedestals used with 10500.

Applications include:

- box/file and file/file pedestals = one 2-pack per pedestal
- box/box/file and pencil/media/file pedestals = one 3-pack per pedestal
- two drawer lateral file = two 2-packs per unit
- four drawer lateral file = four 2-packs per unit

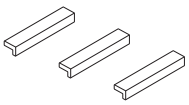

Sweep Handle

Crescent Handle

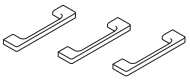

The hole spacing for the Sweep and Crescent handles is 96mm (approx. 3¾″). Important note: effective January 1, 2007, the holes used for the black drawer/door handle that comes standard on several HON 10500 Series™ products, including mobile pedestals, storage cabinet with doors, storage/file cabinet, storage cabinet/lateral file, personal wardrobe/storage cabinets, and personal storage towers, will accept the Sweep and Crescent handles. Units manufactured prior to January 1, 2007, have 64mm (approx. 2½″) hole spacing and will not accept the Sweep and Crescent handles. Instructions include mounting hardware and paper template.

Must be ordered with a configurable end product. If ordered separately, not on GSA contract.

Field Installable Drawer/Door Handle Kits				
Linear, Black, 2-pack	**HLINEARA2**	0.4	0.3	**$91**

Linear, Black, 3-pack	**HLINEARA3**	0.5	0.3	**$100**
Linear, Matte Chrome, 3-pack	**HLINEARC3**	0.5	0.3	**$100**

Specify Linear handles in black to coordinate with 10500 Series™ models that ship standard with a decorative handle, such as mobile pedestals, storage cabinets and wardrobes.

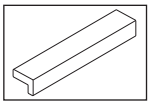

Arch, Black, 2-pack	**HARCHA2**	0.4	0.3	**$91**
Arch, Matte Chrome, 2-pack	**HARCHC2**	0.4	0.3	**$91**
Arch, Black, 3-pack	**HARCHA3**	0.5	0.3	**$100**
Arch, Matte Chrome, 3-pack	**HARCHC3**	0.5	0.3	**$100**

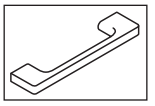

NOTES: Handles are for purchase and field installation on 10500 Series™ desks, credenzas, returns, lateral files and modular pedestals. Instructions include mounting hardware and paper template for drilling holes.

Applications include:

- box/file and file/file pedestals = one 2-pack per pedestal
- box/box/file and pencil/media/file pedestals = one 3-pack per pedestal
- two drawer lateral file = two 2-packs per unit
- four drawer lateral file = four 2-packs per unit

Linear Handle

Arch Handle

The Linear and Arch handles can be attached using 96mm (approx. 3¾″) or 128mm (approx. 5″) hole spacing. Important note: effective January 1, 2007, the holes used for the black drawer/door handle that comes standard on several HON 10500 Series™ products, including mobile pedestals, storage cabinet with doors, storage/file cabinet, storage cabinet/lateral file, personal wardrobe/storage cabinets, and personal storage towers, will accept the Linear and Arch handles. Units manufactured prior to January 1, 2007, have 64mm (approx. 2½″) hole spacing and will not accept the Linear and Arch handles.

Must be ordered with a configurable end product. If ordered separately, not on GSA contract.

NOTES:

- Field Installable Drawer/Door Handle Kits for use on 10500 Series™ desks, credenzas, returns and lateral files.
- A metal template is available to facilitate field installation of the Linear, Arch, Sweep and Crescent decorative handles on 10500 Series™ drawer fronts; order model SPLH-SYST-DRKNB.M263164. ($65).
- See pages 312-334 for shared components.

Metro Classic Desk shown with Ignition® Seating.

METRO CLASSIC

The Metro Classic is a forward-thinking flashback that marries '60s styling with today's technology. This handsomely built collection offers excellent performance for the price — with best-in-class construction, easy-care laminate tops, built-in wire management and more. If you're looking for iconic style that lasts, you'll find it in Metro Classic.

FEATURES

- Retro-styled, but with up-to-date amenities, this classic reflects the enduring Modernist office designs of the 1960s.
- With tubular steel legs painted to match the desk body, Metro Classic gives you a clean look from top to bottom.
- Pedestals feature Tru-Fit mitered drawer fronts for precision alignment when closed.
- Contract-grade, multi-ply laminate stands up to scratches, spills, stains and boiling liquids.
- Recessed plastic drawer handles are color-matched to HON core paint colors.
- All drawers lock by securing the center drawer; lock core can be changed as security needs require.

34000 SERIES

Want to see more? Scan here to check out hon.com.

34000 Series shown with 500 Series Lateral and Volt® Seating.

34000 SERIES

The 34000 Series gets high marks in the classroom — or any environment requiring a heavy-duty metal desk that knows how to look good. The square Chrome legs and brushed Aluminum handles look clean and uncomplicated. The Tru-Fit mitered drawer fronts line up perfectly every time. Desk models offer central locking, so all the drawers can be secured with the turn of a single key. And with HON's best-in-class construction, 34000 Series will stand up to years of use.

FEATURES

- Legs are Chrome for a contemporary accent.
- Pedestals feature Tru-Fit mitered drawer fronts that align precisely when closed.
- All drawers lock by securing the center drawer; lock core can be changed as security needs require.
- Contract-grade, multi-ply laminate worksurface stands up to scratches, spills, stains and boiling liquids.
- Brushed Aluminum drawer handles match HON vertical file handles.

38000 SERIES™

Want to see more? Scan here to check out hon.com.

38000 Series™ shown with Prominent™ Seating.

38000 SERIES™

The 38000 Series is America's best-selling steel desk — and with good reason. Rugged good looks. Precision engineering. Best-in-class construction. This modular collection blends designer touches like stylish, high-pressure laminate with useful details like cord-management. Which makes the 38000 Series the ideal desk solution for any organization seeking premium performance for a moderate price.

FEATURES

- Our steel construction is best in class — so it stands up to heavy use and frequent relocation.
- Integrated wire management and optional power hub accommodate today's electronic office.
- Pedestals feature Tru-Fit mitered drawer fronts for precision alignment when closed.
- Premium, multi-ply laminate worksurface stands up to scratches, spills and stains, and holds up under heavy use.
- Steel ball-bearing drawer suspensions operate easily and quietly.
- Cord management provides access to wall outlets, and allows cords to run through the or between components.

NOTES: Modular returns feature full height modesty panels.

Not designed to be used freestanding.

NOTES:
- Color of pulls and grommets match paint selection for core colors. If Titanium paint is selected then Loft is provided.
- Wire grommets standard in all tops, except peninsulas.
- Wire grommets in end panels allow cable connections between desks.
- Optional center drawer features steel ball-bearing suspension.
- 3/4 height modesty panels unless noted.
- Ability to use all HON laterals and pedestals.

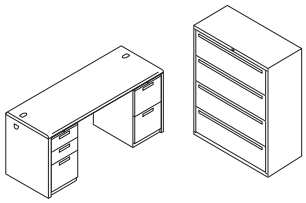

Recommended Pedestal Options:

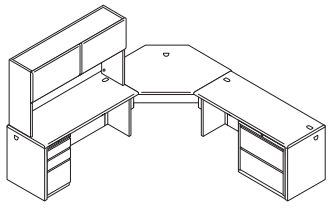

38000 Series™	36″ Deep Desk			30″ Deep Desk			24″ Deep Desk		
Contain®, Flagship® or Brigade® Pedestals	Ability to Attach	Ability to Use Wire Port	Ability to Attach Hutch	Ability to Attach	Ability to Use Wire Port	Ability to Attach Hutch	Ability to Attach	Ability to Use Wire Port	Ability to Attach Hutch
16¾″D Hanging Pedestal	•	•	•	•	•	•	•		•
22⅞″D Hanging Pedestal	•	•	•	•	•	•			•
16¾″D Freestanding or Mobile	•	•	•	•	•	•	•		•
22⅞″D Freestanding or Mobile	•	•	•	•	•	•	•		•
28⅞″D Freestanding or Mobile	•		•	•		•			

Use of a pedestal spacer or 28″H standard height pedestals will block wire access from the grommet to the kneespace area.

NOTES: Stack-on units can be attached regardless of pedestal configuration.

Personalize Your Storage Needs With These Possible Solutions:
Use coordinating HON components such as Flagship® pedestals (shown on page 665) and Lateral Files (shown on pages 667-668).

ABODE™

Want to see more? Scan here to check out hon.com.

Abode™ shown with Ignition® Seating.

ABODE™

The Abode systems desk gives you a consistent look throughout your space and can help you respond easily to future layout changes. It integrates seamlessly with Abound® and Accelerate®, and can be configured to create freestanding or height adjustable workstations. For greater flexibility and durability in the workspace, look no further than Abode.

FEATURES

- Create a freestanding metal desk that accommodates storage above and below the worksurface.
- Full compatibility with Abound and Accelerate workstations elevates the functionality of Abode.
- Incorporating Coordinate™ makes it easy for workers to adjust their desk height throughout the day, keeping them active, healthy and focused.

ABODE™

WORKING WITH ABODE™ COMPONENTS

Configurations

End Panels and Support Legs

Each are available in two options: freestanding or panel mount. The only difference between the two options are the panel-mount models come with a left- or right-handed bracket to attach the support to a panel in a systems application.

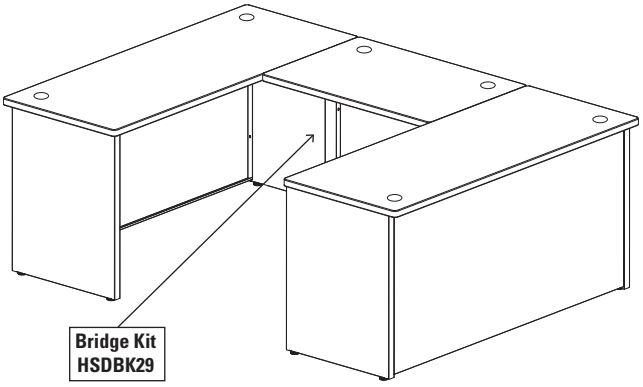

The 11″D end panel is used to support peninsulas.

Corner Desk Legs

Corner desk legs have a 90-degree bend and welded construction. The strong construction allows gussets or half-height modesty panels to be used with corner legs.

Bridge Kits

Bridge kits include: two flat brackets, two modesty panel-to-end panel attachment brackets, and two tie straps. This kit is used when attaching a bridge unit between two rectangular worksurfaces.

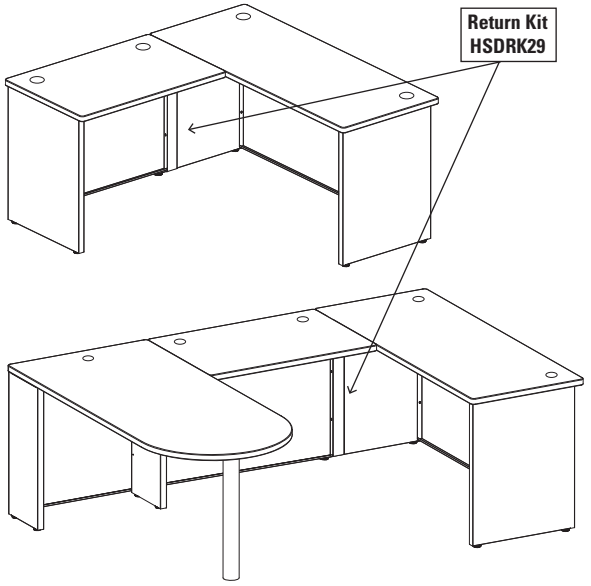

There are some bridge instances where only half of a bridge kit is needed (e.g., using a bridge between a rectangular worksurface and a corner or peninsula). A return kit may be ordered for these instances.

Support Column

Support columns are used to support one end of curvilinear worksurfaces. Includes column, worksurface bracket kit HWSA2, attaching hardware, and adjustable glides.

Return Kits

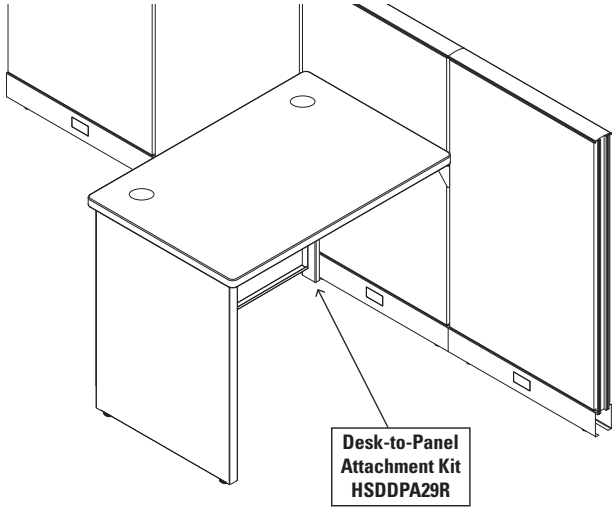

Return kits include: one flat bracket, one modesty panel-to-end panel attachment bracket, and one tie strap. These are used when attaching a return to a primary desk. Return kits can also be used in some bridge applications — one example is shown below when using a peninsula.

Desk-to-Panel Attachment Kits

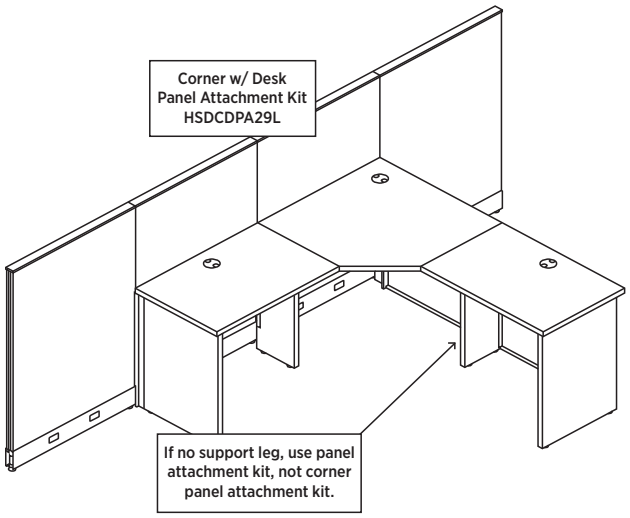

Desk-to-panel attachment kits are used to connect a worksurface and modesty panel perpendicular to a panel of corresponding width. Opposing end of worksurface must be attached with an end panel, support leg, or corner leg mounted directly under this worksurface.

When using a corner or corner cove worksurface with the rear corner attached to a panel, and opposing end of worksurface is attached to a freestanding desk, use corner w/desk attachment kit. Hand of unit is determined from the user's side of the desk (right-hand unit attaches to right side of modesty).

Corner w/Desk Panel Attachment Kit

Corner w/desk panel attachment kit connects the rear corner of a corner or corner cove worksurface and modesty panel to a panel when the opposing end of the worksurface shares a support leg with an adjacent freestanding desk and the support leg is mounted under the freestanding desk. Hand of unit is determined from the user's side of the desk (left-hand unit attaches to left side of modesty).

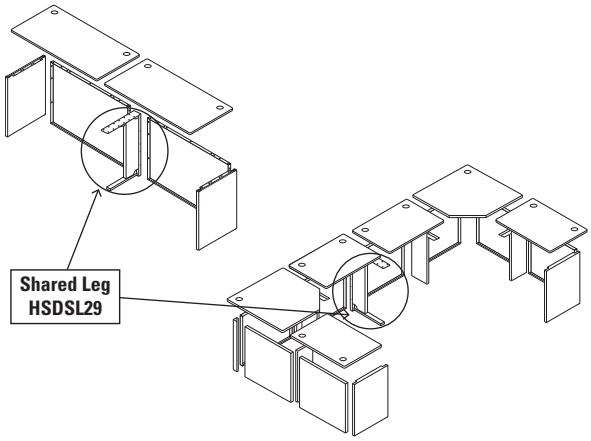

Corner Worksurfaces

Corner worksurfaces accommodate 90-degree corner desk legs.

In-Line Connections of Desks

Shared leg can be used at in-line connections to support adjacent rectangular desks.

Pedestals and Storage

Pedestals must be ordered smaller than the depth of the worksurface. For example, 18″D peds should be used with 24″D worksurfaces. 18″D or 23″D pedestals can be used with 30″D worksurfaces. Using 18″D laterals or personal files provide additional storage options under 24″D worksurfaces.

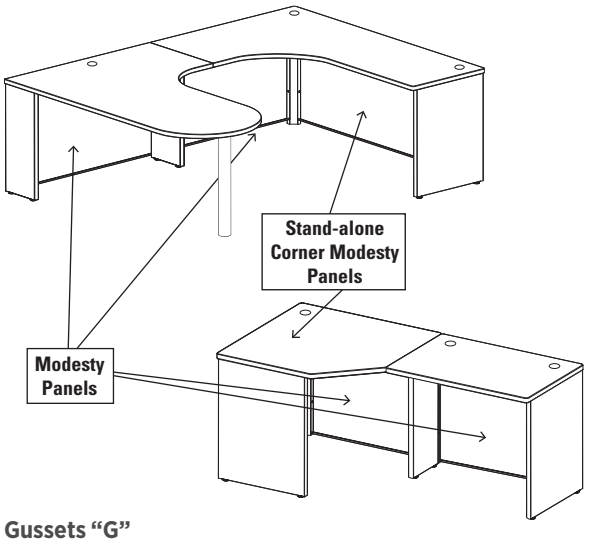

Modesty Panels

The following are some general guidelines for Abode™ modesty panels:

- **Desk:** Modesty panel width is the same width as the worksurface
- **Return:** Modesty panel width is 6″ greater than the width of the worksurface
- **Bridge connecting two rectangular worksurfaces:** Modesty panel width is 12″ greater than the width of the bridge worksurface
- **Bridge connecting a rectangular worksurface and corner or peninsula:** Modesty panel width is 6″ greater than the width of the worksurface
- **Corner connecting to an adjacent worksurface:** Modesty panel width is the same width as the worksurface.

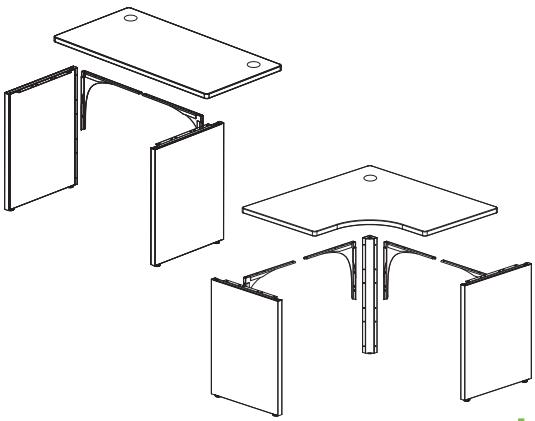

Stand-Alone Corner Modesty Panels

Stand-alone corner modesty panels are used only when one or both sides of a corner or corner cove worksurface are freestanding and NOT attached to another worksurface. Specify the width the same as the width of the worksurface.

Gussets "G"

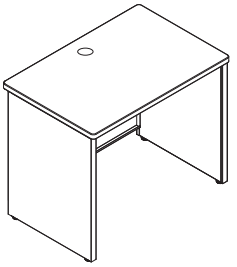

Gussets can be used in place of a modesty panel with desks 36″W to 60″W. Gussets can also be used with corner desk legs.

NOTES

ABOUND®

Want to see more? Scan here to check out hon.com.

Abound® with Gallery Panels shown with Coordinate™ Height Adjustable Desks, Contain® Storage, and Nucleus® Seating.

ABOUND®

Why settle for a one-dimensional, uninspired cubicle when you can choose a workstation with dynamic flexibility, powerful performance, and stunning architectural aesthetics? Abound raises the bar on cohesive solutions that keep us connected, engaged, and productive. With numerous tile styles to choose from — fabric, glass, gallery panels, and more. You can customize Abound to suit any space, from collaborative meeting spaces to private offices and everything in between.

FEATURES

- With multiple tile options, materials and fabrics, Abound supports a variety of work styles and office budgets.
- Top channel lay-in or beltline capabilities expand your cabling capacity.
- Straight lines, crisp edges and rectilinear worksurfaces fit precisely together to create a tailored, architectural presence.
- With a variety of layout options and compatibility with HON storage, height adjustable bases and freestanding desks, the options with Abound are endless.

ABOUND® FRAMES OVERVIEW

PANEL FRAME

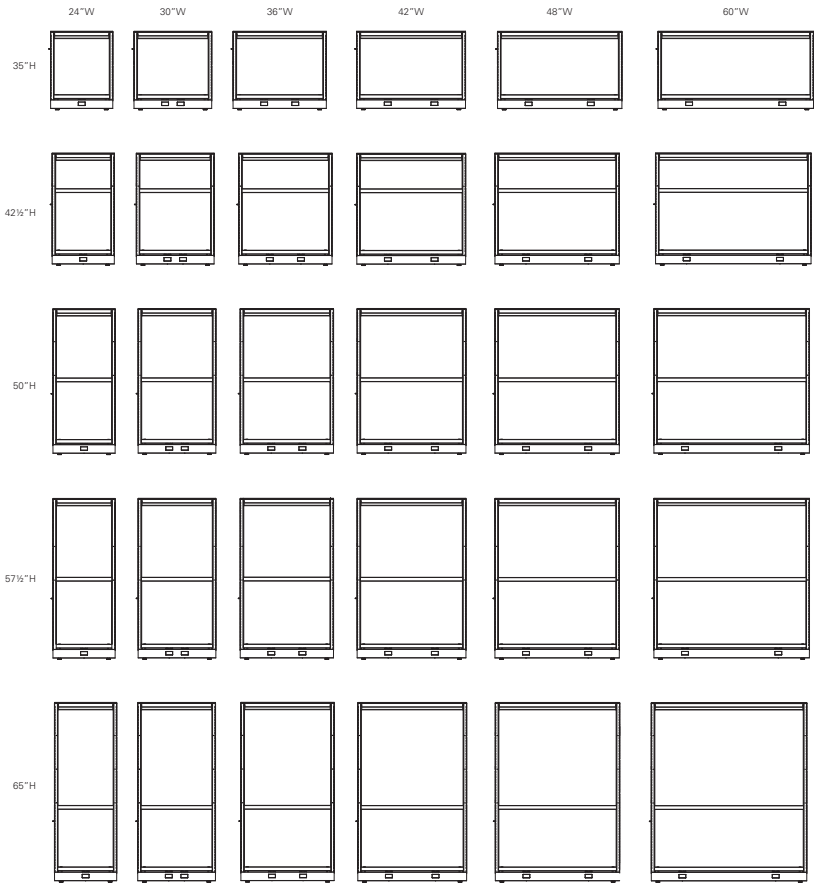

35″H Frame | 42½″H Frame | 50″H Frame | 57½″H Frame | 65″H Frame

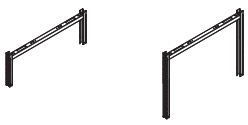

OPEN BASE PANEL FRAME

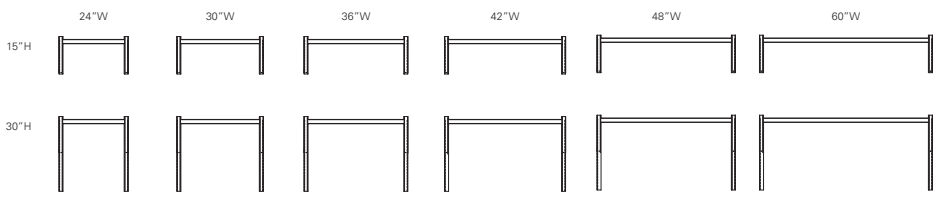

35″H Frame | 42½″H Frame | 50″H Frame | 57½″H Frame | 65″H Frame

STACKING FRAMES

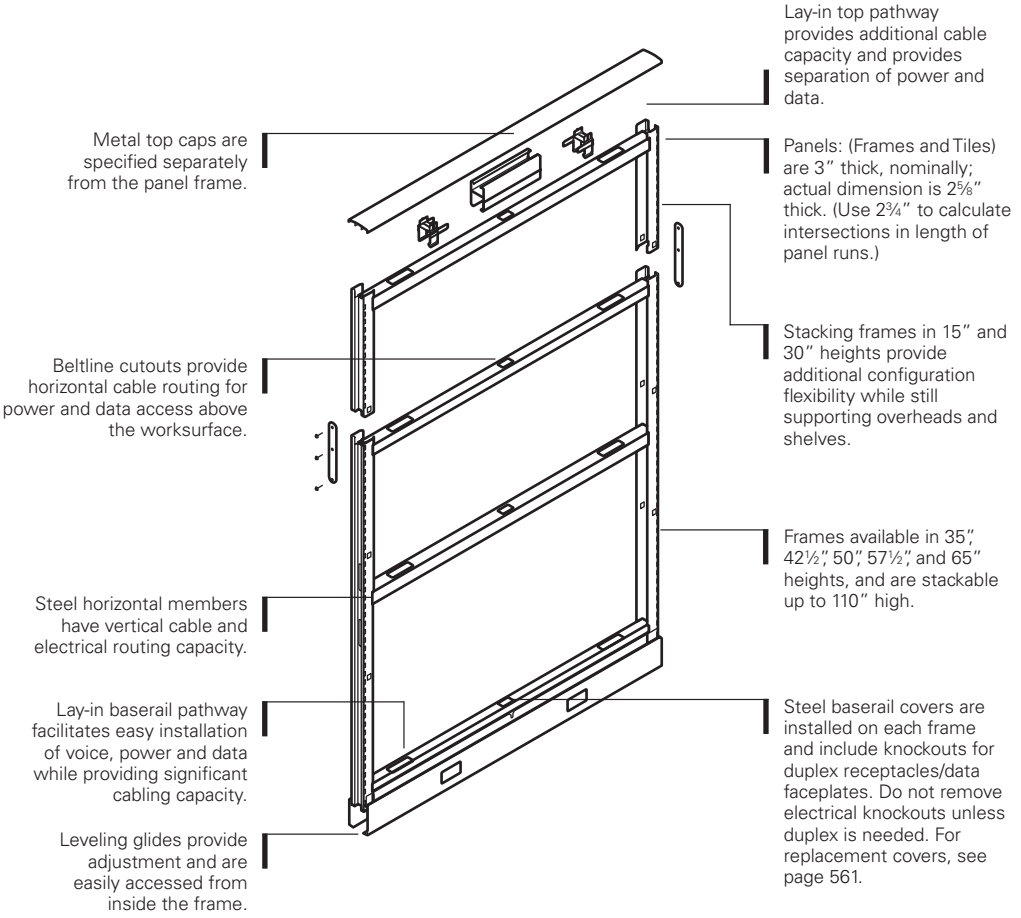

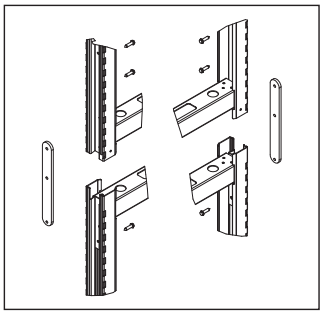

15″H Stacking | 30″H Stacking

Reminder: Panel frame top caps must be ordered separately. Please refer to page 385. Do not specify top caps when putting frameless glass on top of the panel frame or when using a countertop worksurface.

ABOUND® FRAMES OVERVIEW

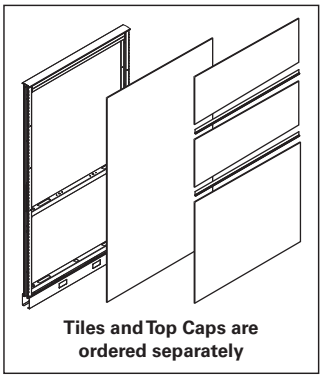

Stacking connection provides a solid metal-to-metal connection, allowing the stacking frame to accept hang-on components, per configuration guidelines.

Construction and Features

Specifications—formed, steel vertical members, with tubular steel horizontal members are welded into a sturdy, structural panel frame. Panel frames are shipped with base pathway covers installed.

Tiles, Panel Top Caps, and Segment Bars are ordered separately.

Tiles and Top Caps are ordered separately

Additional design and specification information available at hon.com.

ABOUND® FRAMES OVERVIEW

FRAME DIMENSIONS (ACTUAL)

Depth: 2⅝″ (use 2¾″ to calculate intersections in length of panel run)

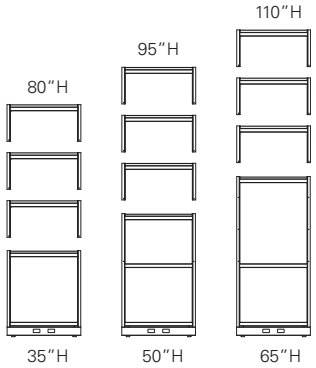

Widths: 24″, 30″, 36″, 42″, 48″, 60″

Heights*: Painted trim: 34½″, 42″, 49½″, 57″H, 64½″

Stacking Frames: 15″H, 30″H

*with levelers fully retracted

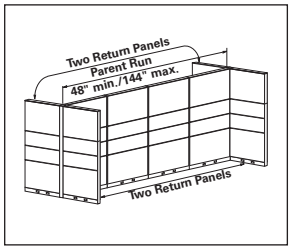

Stacking frames can be added to the top of any 35″H, 50″H or 65″H frame. Adding stacking frames to 42½″H and 57½″H frames is not recommended due to inconsistencies in segmentation. 15″H and 30″H stacking frames can be used to add up to 45″ of additional height to a standard frame. Do not combine differing frame widths in a single stack.

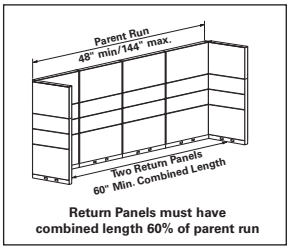

NOTE: When stacking on 42½″H or 57½″H frames, panel slots will be off by ½″ compared to any other height panel. When stacking on 42½″H and 57½″H frames, hanging accessories will be ½″ off in height compared to accessories hanging on panels at any height other than 42½″H and 57½″H.

BUILDING HORIZONTALLY WITH ABOUND FRAMES

Important planning guidelines: For adequate stability, one of two methods of stabilization must be adhered to:

Method 1—Opposing returns: A parent run must be a minimum of 48″ and a maximum of 144″ between return panels. The parent run must have a minimum of two return panels running in opposing directions on each end of run. Return panels must be a minimum of 24″W and must not be any more than 30″ shorter in height than parent run.

Return Panels must have combined length 60% of parent run

Method 2—Single-sided returns: A parent run must be a minimum of 48″ and a maximum of 144″ between return panels. The parent run must have a minimum of two return panels totaling at least 58% of its length, extending in one direction. Return panels must not be any more than 30″ shorter in height than parent run. Any run under 100″ must have a minimum combined length of 60″ of return panels.

Spine Length:	90 degree connector	120 degree connector
48″-108″	72″ total	84″ total
110″-132″	84″ total	96″ total
134″-144″	96″ total	108″ total

GENERAL GUIDELINES FOR USE OF SLIDING DOOR

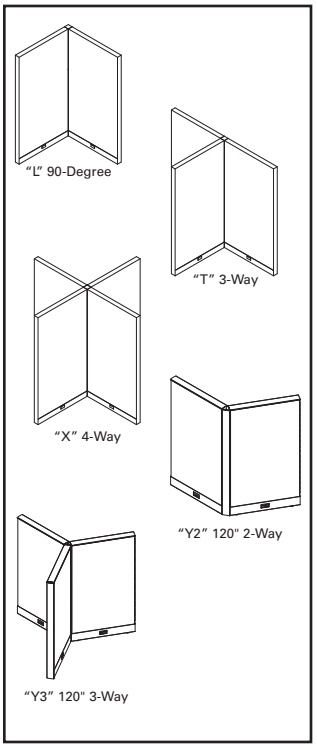

- The system requires the ordering of both a door and a mounting bracket kit.
- All doors are 42″ wide to accommodate a 36″W opening and are non-handed. Door leveling is dependent on floor being level.
- A mounting bracket kit must be ordered for each door corresponding to the mounting panels width (30″W, 36″W, 42″W, or 48″W).
- Mounting bracket kits are system specific.

GENERAL GUIDELINES FOR LAYOUT PLANNING OF SLIDING DOOR

- Stability guidelines must be followed when specifying a sliding door. (Refer to page 381). The sliding door system was designed to close an opening in a run of parallel panels. Doors mounted to long runs of panels without floor support, ties to worksurfaces, or return panels may seem less stable.
- If the door is used to close an opening (A) where the panel opposite the door is at 90°, there will be a gap equal to the panel thickness between the door and the panel end when closed.
- When planning the layout, care must be taken if the plan includes a door mounted on a panel that is less than 42″W. If the panel is at a corner (B), the door will protrude into the aisle or next workstation when in the open position.
- If back-to-back doors are mounted on panels (C) that are less than 42″W they will interfere with each if both are open at the same time.
- The door is attached at the base of the panel at any end position with a wraparound bracket. Bracket kits are ordered in conjunction with appropriate end trim profiles. The slots at the base of the panel must be clear (D) and cannot be utilized by worksurface supports or panel hung components.
- If the door is mounted to a panel run that is positioned adjacent to a wall (E) or an inside 90° angle and there is not a 42″ clearance between the track and the wall/inside 90°, the assembly of the first stop will be difficult and plans will need to be modified for the assembly.
- If a door is closing an opening of a workstation that includes a “T” connector in the opposite wall, an extended straight connector may need to be used to maintain the 36″ required opening.

ABOUND® FRAMES OVERVIEW

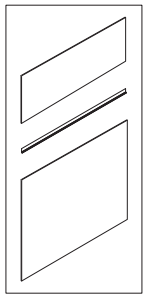

INTERSECTING CONNECTIONS

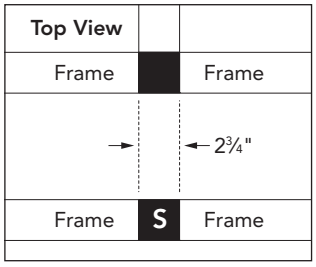

"L", "T", "X", "Y2" and "Y3" connector kits are used when connecting frames at intersecting runs. For "L", "T" and "X" connector kits, add 2¾" to the total length of the panel run for each intersection, whether located in the middle or at the end of the run.

Wall starter kits provide a means to affix a panel run to a permanent building wall. Kit adds 1⁵⁄₃₂" to length of panel run.

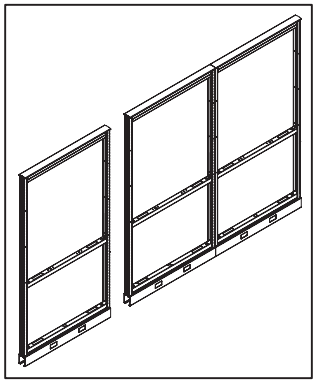

Segment bars — horizontal cross members required between tile segments. Must be specified on each side of frame. One Segment Bar is needed for each reveal between tiles.

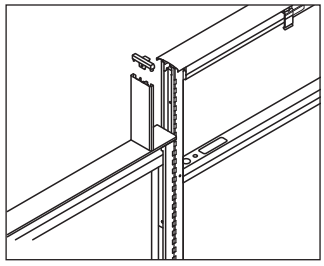

Extended straight connector kit "S" can be used to keep continuous runs dimensionally consistent with opposing panel runs which incorporate "T" or "X" intersections. (Add 2¾" to the length of the run for every extended straight connector used.)

IN-LINE CONNECTIONS

Direct connections between same height frames in a continuous run are accomplished with provided hardware. There is no incremental increase in dimension along the run.

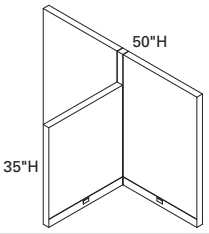

END OF RUN
Finished end trim must be specified for the unconnected sides of panel frames. The Abound end trim adds ⅜" to the length of the panel run. When adding a stacking frame, order finished end trim in the height that matches the stacking frame height. Move the end cap from the standard frame end trim to the stacking frame end trim.

IN-LINE VARIABLE HEIGHT TRIM
In-line connections between different height panels require trim to cover the exposed frame of the taller panel. The bottom of the trim is contoured to match the profile of the frame top cap.

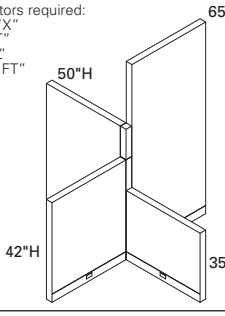

Multiple-height connections are accomplished by combining standard height panel connectors (35"H, 42½"H, 50"H, 57½"H, and 65"H) with shorter connectors (7"H, 15"H, 22"H, and 30"H). Start from the bottom-up — select the standard connector that corresponds to the height and connection type of the tallest panel, then use the shorter connectors for variable height and connector top cap trim. (See examples.)

Example 1
1 ea. 50"H T-Connector
1 ea. 15"H S-Connector

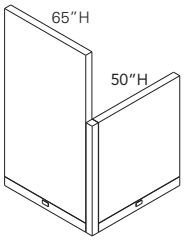

In variable height "T" connections — as shown above — you would use the connectors as indicated.

Example 2
Connectors required:
1-35"H "X"
1-7"H "T"
1-7"H "L"
1-15"H "FT"

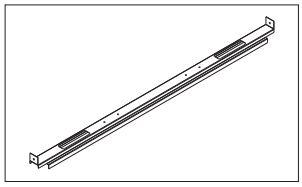

Example 3
Connectors required:
1–50"H "L"
1–15"H Variable Height Trim over Connector

Example above represents Abound variable height "L" for 65" to 50" connection over connector.

VARIABLE HEIGHT CONNECTION TRIM
L, X and T connections between different height panels require trim to cover the exposed frame of the taller panel. The bottom of the trim is flat to match the profile of the Universal Connector top cap. Models are designated as "Variable Height Finished End over Connector Trim". For variable height connections in a Y configuration, contact the HON Product Solutions group.

OPTIONAL STIFFENER SUPPORT
Stiffener supports can be used to provide additional rigidity to a panel when fabric tiles are on both sides of the frame. May also be used for routing power/data at non-standard heights.

ABOUND® CONNECTOR OVERVIEW

CONNECTOR KITS — ABOUND

"L" 90° Connector Kit

"T" 3-way Connector Kit

"X" 4-way Connector Kit

"S" "S" Extended Straight Connector Kit

"Y2" 2-way 120° Connector Kit

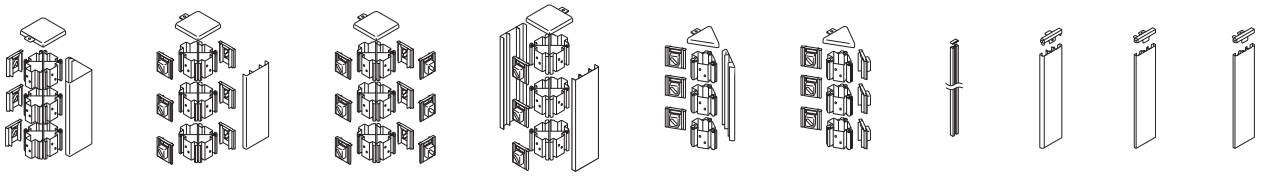

"Y3" 3-way 120° Connector Kit

"W" Wall Starter Kit

"F" End Trim Kit

"V" Variable Height Finished End

"FT" Variable Height Finished End over Connector

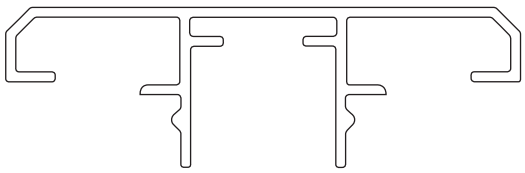

"L" "T" "X" "S" "Y2" "Y3" "W" "F" "V" "FT"

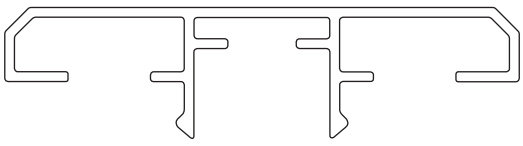

- Abound Connector Kits include universal connector block(s), bracket clips and painted metal trim.
- The universal connector block can be used for an L, T, X, or Extended Straight connections, simplifying staging and installation at the project site as well as future reconfigurations.
- Bracket clips are attached to the connector blocks as needed based upon connection type.
- While the connectors themselves are universal, Abound connector kits must be specified by connection type (X, L, T, S, 120 degree) in order to receive the correct type of trim.

CHAMFERED TRIM*

Top Cap Profile

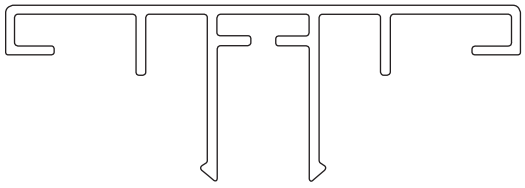

End Trim Profile

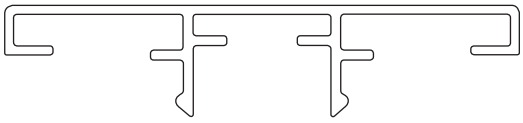

FLAT TRIM

Top Cap Profile

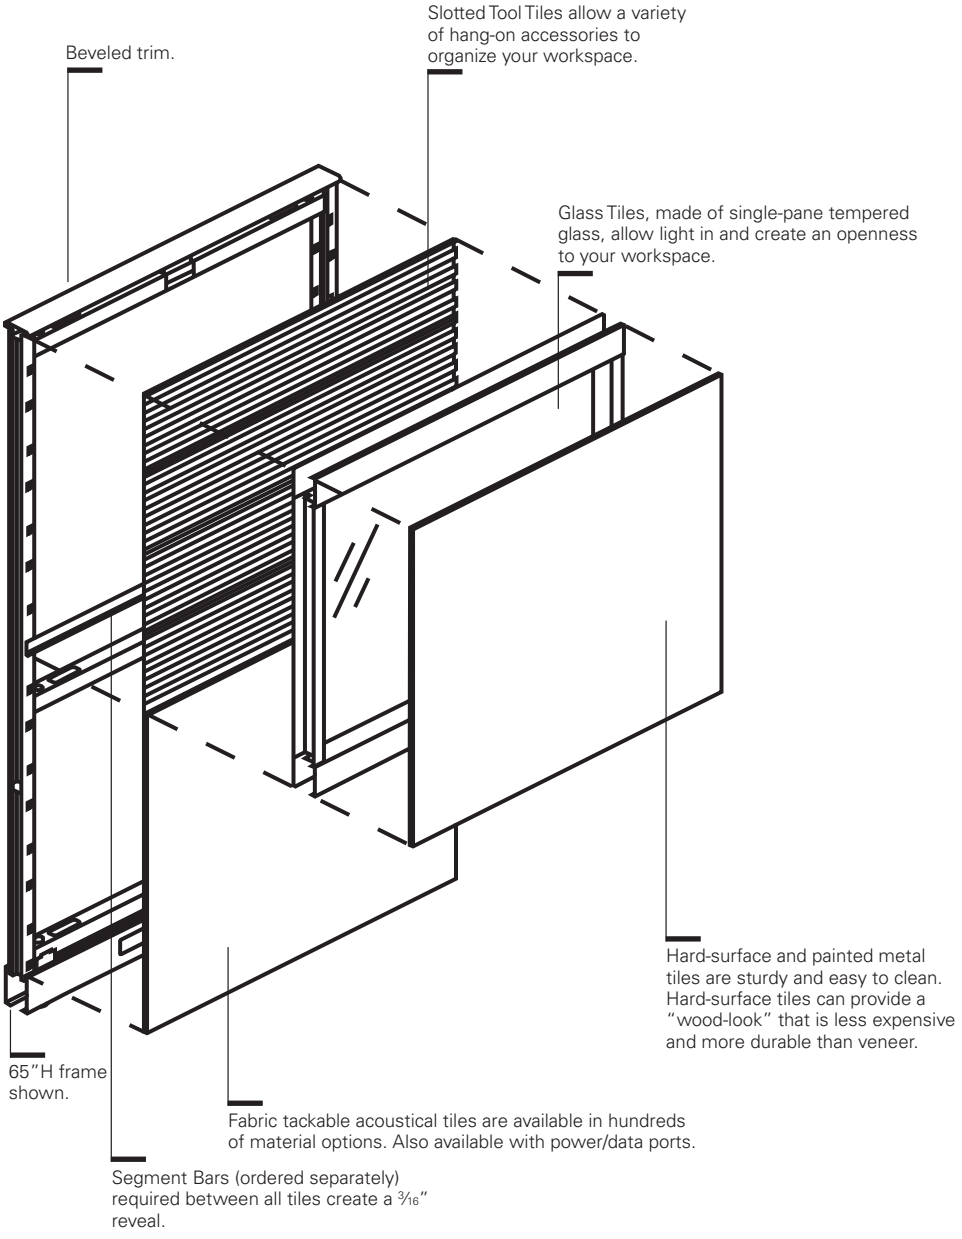

End Trim Profile

*Used on all products produced prior to July 2021.

ABOUND® TILE OVERVIEW

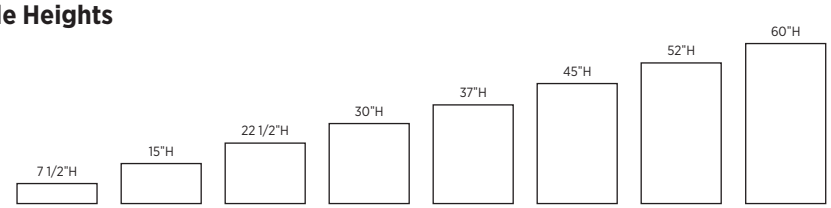

Abound tiles come in a variety of styles.

*Aesthetics of opposing tile surface and/or frame interior should be considered when selecting light-colored sheer materials.

ABOUND® SPECIFYING/DESIGN GUIDE

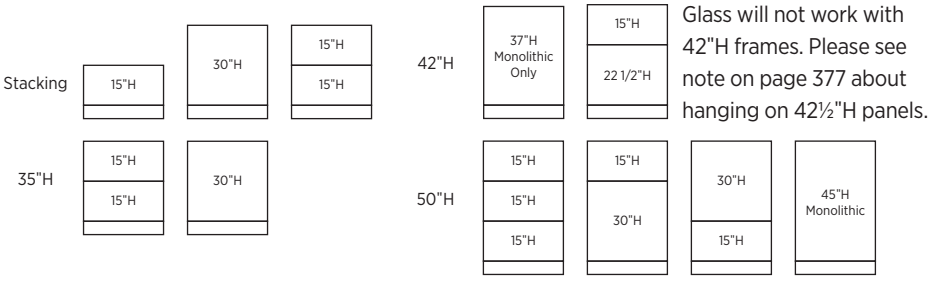

Tile Heights

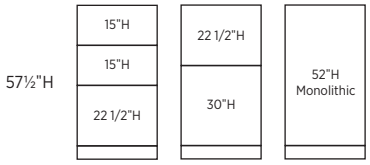

Monolithic tiles are 5" shorter than frame heights to account for top trim and base raceway.

Typical Tile Height Configurations

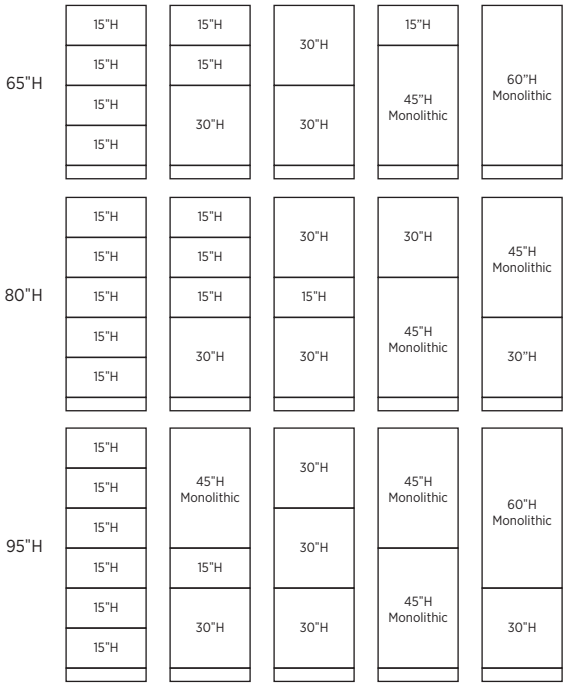

Segment bars are required between any two tiles — order separately based on tile configuration on each side of frame. Note: Most CAD specification programs will calculate quantity of segment bars required.

Glass will not work with 42"H frames. Please see note on page 377 about hanging on 42½"H panels.

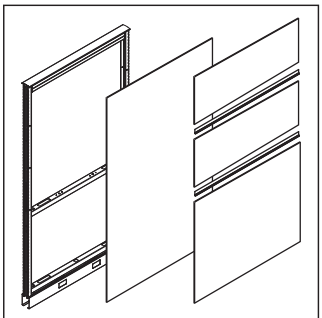

Please see note on page 377 about hanging on 57½"H panel heights.

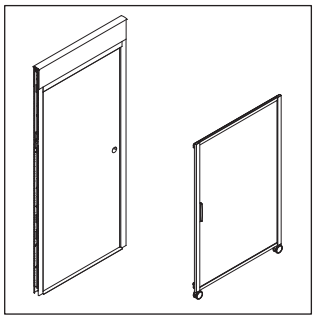

*Additional tile combinations to those shown above are possible; heights above 65" require stacking frames - maximum height is 110".

To calculate the total height of tiles(s) required, deduct 5" (height of base/top trim) from the total nominal panel height.
EXAMPLE: 65"H Frame takes 2 30"H tiles. 65–5 = 2 x 30 or 45 + 15

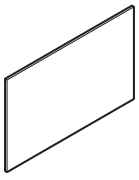

Tiles and Top Caps are ordered separately

Tiles can be ordered in the size that matches the frame height plus the stacker height.
EXAMPLE: If you are using a 35"H frame plus a 30"H stacker, you can order 2 – 30"H tiles or 1 – 60"H tile.

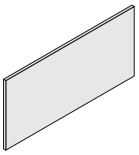

Door panels include frame, 42"W door, hinges and attaching hardware. Two 7½"H fabric tiles for the top of the door frame are required and ordered separately (HRVD0742T).

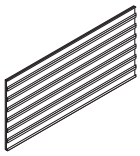

Sliding doors are available in 50", 65", and 80"H models and can mount to 30", 36", 42", and 48"W panels. The doors provide a 36"W opening and are 42"W, nominally. The doors ship non-handed. A Mounting Bracket Kit must be ordered for each door corresponding to the mounting panel's width (30", 36", 42", or 48"W).

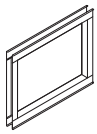

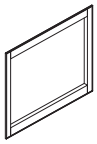

Hard-surface Tiles include tile and Custom Bracket Kit.

ABOUND® Working with Tiles

TILES

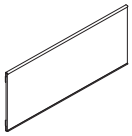

Tackable Acoustical Fabric Tiles

- Tiles do not include segment bars — order separately.

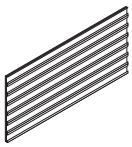

Port Tiles

- Receptacle openings with blank covers (1 in 24″W tiles; 2 in wider tiles). Located 30″ above bottom of base raceway and 10½″ from the edge of the frame.
- Tiles do not include segment bars — order separately.
- 30″H ported tiles on 35″H frame will need additional stiffener support.
- Ported tiles should only be used to accommodate beltline height. If a port is needed at an alternate height, please submit a special request.
- Tiles cannot be flipped to move data ports.
- Duplex brackets must be specified for ported tiles.

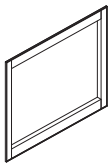

Painted Metal

- Tiles do not include segment bars — order separately.
- Painted steel construction.
- 15″H and 30″H tiles are non-dedicated and can be used in any tile position.
- Tiles can accept magnets.

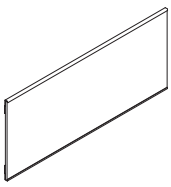

Tool Tiles

- Tiles do not include segment bars — order separately.
- Sturdy aluminum extrusion with steel support construction.
- Powder coated for durable finish.
- Work tools available.
- Use in place of standard 15″H tiles.
- Cannot be used in the bottom location of a panel frame or on wall track.
- Each tool tile has a suggested weight capacity of 80 lbs. of paper management accessories.

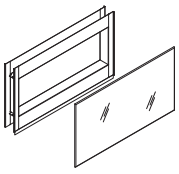

Pass-Thru Tiles

- Pass-thru opening is 22½″H.
- Used as 30″H tile.
- Finishing trim comes with pass thru tile.
- Half segment bar (wall hanger segment bar) is needed for bottom of tile, and full segment bar is needed above the pass-thru tile.
- Pass thru can be used in the bottom position on any frame height.
- If placed at the top of the 65″H or 50″H frame, tile light gap will look inconsistent.

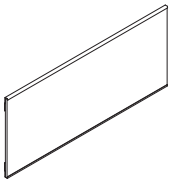

Hard Surface

- High Pressure Laminate — available in standard laminate colors.
- Tiles do not ship with segment bars — order separately.
- Tiles come completely assembled and attach with custom tile bracket kit. Specify paint color.
- 15″H, 30″H, and 37″H tiles are non-dedicated and can be used in any tile position.
- Vertical grain on all tile sizes.

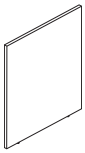

Glass Tiles

- Clear and frosted glass.
- Clear glass is writable with dry erase marker — frosted glass is not.
- Tempered safety glass encased within a frame.
- Single-pane construction, glass is flush on one side.
- Glass opening is 4″ less than nominal heights and widths.
- Cannot be used in top tile position of a 42½″H panel frame or any frame with integrated power pole.
- Cannot be used at the bottom or beltline location of panel frame.
- 30″H glass tiles can only be placed in top position of 65″H frames or only in 30″H stacking frame. Segment bar needs to be ordered.

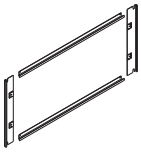

Marker Board Tiles

- White marker board tile; painted steel surface.
- Accepts magnetic accessories.
- 15″W magnetically attachable tray is natural aluminum color — order separately.
- 15″H and 30″H tiles are non-dedicated and can be used in any tile position.

Gallery Panels

- 1⅛″ thick laminate panels used as wing or end of run panels only.
- Available in 35″H, 42½″H, and 50″H options.
- Options available to include frameless glass.
- Gallery Panel connectors purchased separately.

Custom Material Bracket Kit

- Do not ship with segment bars — order separately.
- Used with Customer's Own Material — thickness is ¼″.
- Contact HON for insert dimensions.

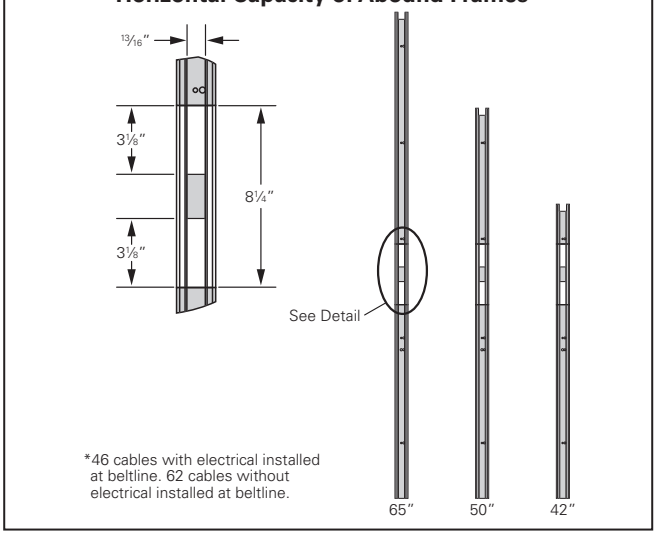

ABOUND® SYSTEMS
Electrical and Data

Abound String-in Capacity

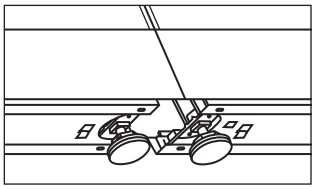

Openings in frame sides permit electrical data and communication cables to be run between frames in Abound. Using tackable acoustical tiles, the beltline pathway accommodates up to 62 cables (.25″ dia) or 46 cables with electrical components installed.

DO NOT run electrical equipment or extension cords through cable openings in frame sides. Use beltline or base-mounted electrical system for all electrical supply.

Horizontal Capacity of Abound Frames*

*46 cables with electrical installed at beltline. 62 cables without electrical installed at beltline.

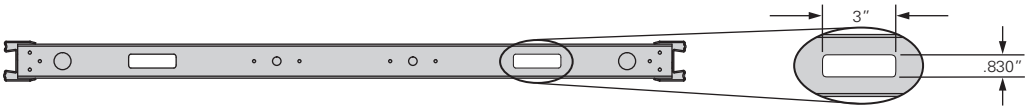

Cables can enter/exit panel through underside of base pathway at juncture between frames. Openings are sized as follows (in sq. in.):

Straight connection	6.0
“S” Extended Straight Connection	10.0
“L” 90° Connection	8.9
“T” Connection	15.9
“X” Connection	17.9
“Y” Connection	—

When leveling glides are fully retracted, panel-to-floor clearance is 7/16″. This may affect the volume of cabling that can be fed into the frame from the bottom of the pathway.

Vertical Capacity

Vertical Capacity Through Panel Frames

	Panel Width	Qty of .25″ Cables at 45% Fill Ratio	Qty of .25″ Cables at 60% Fill Ratio	Total Space (sq. in.)
Abound	24″ – 60″W	48	64	5.26

- A 60% fill ratio is achievable; however, when electrical components are installed in the beltline area, cabling capacity through the beltline area will be limited to approximately 45% fill ratio.

- When stacking on 42½″H frames, panel slots will be off by ½″ compared to any other height panel.
- When stacking on 42½″H frames, hanging accessories will be ½″ off in height compared to accessories hanging on panels at any height other than 42½″H.

NOTES:

- Includes frame, baserail covers, and attaching hardware.
- Frames, top caps and tiles are ordered and shipped separately.
- Frames are 2⅝″ thick with a 5″H baserail.
- Frames are standard with two adjustable leveling glides which can be adjusted from the bottom of the glide or from the interior of frame.
- Two wire and data management openings standard per raceway, 24″ panel has one opening.
- Lay-in wire management available in base. Horizontal cable routing available at beltline.
- Lay-in top pathway provides additional data cabling capacity.
- For worksurfaces that can be used with both Abound® and Accelerate® systems, see pages 569-581.

- Panels should not be used in unsupported applications or take the place of permanent walls. Panels are intended to be supported with floor supports and/or storage or tied in with worksurfaces. Refer to Specifying and Design Guide pages.
- Do not remove electrical knockouts unless duplex is needed. For replacement covers see 561.

	60″W	**HRVFSB60**	4	0.7	**$43**
	! Must order one segment bar per panel reveal, per panel side.				

NOTES:

- Frames, top caps and tiles are ordered and shipped separately.
- Includes attachment hardware.
- Stacking frames can be added to the top of any 35″H, 50″ or 65″H frame.
- No paint selection necessary on stacking frames.
- Overhead storage units can be suspended from stacking frames. See pages 538-539.
- Segment Bars do not need to be specified for monolithic tiles, when only a single tile is attached to the frame.

! When stacking on 42½″H frames, panel slots will be off by ½″ compared to any other height panel.

! When stacking on 42½″H frames, hanging accessories will be ½″ off in height compared to accessories hanging on panels at any height other than 42½″H.

! Not designed to combine differing frame widths in a single stack.

! Stacking frames not designed to be used as a base frame.

! Segment bars available in Black only.

! Segment Bars are formed, steel cross members and are required between tiles and on each side of the frame.

ABOUND® Panel Door

Icon Legend on page 19

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	L1 LIST PRICE BY PAINT GRADE P1	P2
Door Panel — Laminate 42″W x 95″H	**HRVD9542P**	155	5.4	**$3371**	**$3417**

NOTES: Includes frame, 42″W door, hinges and attaching hardware. Lockset or Knob ordered separately. Best placement of a door is at an L, T, X connector or wall starter connector for rigidity. Use of spanning top caps at an in-line will also help add additional rigidity.

- When mounting to Wall Starter, must order **two** HRVC65PWF and cut the second one down to fill the 30″ height difference.
- Two HRVD0742T tiles for above the door must be ordered per each door ordered. See below.
- Top Cap must be ordered separately. See page 386 for top cap specification.

	80"H Frame	**HRVC80PSF**	**HRVC80PS** Ⓢ	7	0.8	**$309**	**$331**

NOTES:

- All connectors include a light-gap strip.
- Abound connectors utilize a universal connector block designed to make one connection to the panel.
- Bracket clips come standard.
- 7"H connectors include one connector block; 15"H, 22"H, 30"H include two connector blocks; 50"H includes three connector blocks and 65"H includes four connector blocks.
- Connectors ship complete with trim.
- Outer trim snaps easily into place.
- Extended Straight Connectors are used to keep a frame run dimensionally consistent with opposing frame runs. Add 2¾" to the length of the run with each Extended Straight Connector used.

❗ Trim with Abound connectors can only be attached to connectors, not on panels.

	65"H Frame	**HRVC65PY3F**	**HRVC65PY3**	6	0.6	**$249**	**$271**

NOTES:
- 35"H-42"H connectors include two universal connector blocks, 50"H includes three brackets and 65"H includes four brackets.
- Use Y Connectors for 120° applications.
- Abound connectors utilize a universal connector block designed to make one connection to the panel.
- Connectors ship complete with trim.
- Bracket clips come standard.
- Outer trim snaps easily into place.

Frameless Glass Variable Height Trim						
7½″H	**HRVC7FFVF**	**HRVC7FFV**	1	0.1	**$93**	**$107**
15″H	**HRVC15FFVF**	**HRVC15FFV**	1	0.1	**$132**	**$146**

Specify paint only.

! Model only used with Frameless Glass on page 403.

SPECIFYING EXAMPLE: HRVC7FFV.T1

Wall Starter Kit						
65″H	**HRVC65PWF**	**HRVC65PW**	5 S	0.6	**$272**	**$294**

Permanent Wall Hanger Kit						
66″H LH/RH End Pair (2 Pieces)		**HRVC35PCE**	6 S	0.7	**$335**	**$360**
66″H Shared Mid		**HRVC35PCM**	3 S	0.7	**$178**	**$193**

NOTES: Permanent Wall Hanger Kit can be used with both Flat and Chamfered models.

! Anchor devices are not supplied with this model. Refer to Abound® Installation instructions for appropriate hardware. Attachment to masonry walls is not recommended.

Specify paint

NOTES:

- Snaps easily onto end of frame.
- 35″H end trim includes top cap and vertical trim.
- 15″H and 30″H Finished End Trims do not include a top cap. These are only used for stacking frames which utilize the top trim and cap from the base frame to which they are attached.
- 42″, 50″ and 65″H finished end trim includes painted top transition piece, vertical trim and carpet grippers for extra stability.
- End trim is full-length to floor; no baserail cap is necessary.
- Finished Ends include top cap trim. Adds 1$^{5}/_{32}$″ to panel run.
- Wall Starter Kit allows panel to start from a wall. Specify trim color.
- Wall Starter adds 1$^{5}/_{32}$″ to length of panel run.
- Anchor devices are not supplied with the wall starter kits.

! Variable height trim and finished ends can only be attached to panels, not attached to connectors.

WALL HANGER BARS AND OFF-MODULE BRACKET

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY PAINT GRADE P1	P2
Wall Hanger Segment Bars					
24″W	**HRVFSBW24**	2	0.4	**$53**	**N/A**
30″W	**HRVFSBW30**	2	0.4	**$53**	**N/A**
36″W	**HRVFSBW36**	3	0.5	**$57**	**N/A**
42″W	**HRVFSBW42**	3	0.5	**$63**	**N/A**
48″W	**HRVFSBW48**	3	0.6	**$67**	**N/A**
60″W	**HRVFSBW60**	4	0.7	**$72**	**N/A**

Includes two tile bars. Top bar may only be used in the top uppermost position on Wall Track. Bottom bar can be used in the bottom position at any point on the wall hangers. When segmenting tiles on Wall Hangers, standard Segment Bars (page 388) must be ordered for placement between each tile reveal or at the top position of a single tile that is not in the uppermost position.

Off-Module Bracket Kit — **HRVOMOD** — Ship Weight: 2 — Cube: 0.1 — P1: **$136** — P2: **$151**

- Includes top and bottom attachment brackets and top trim finished end.
- Installation requires defacing of the top tile.

Cannot be mounted in locations where the bottom bracket covers electrical cutouts in the base pathway on parent run panels.

! Segment bars ordered separately. See page 388.

NOTES:

- Tiles attach directly onto the panels. No additional hardware is needed.
- Tiles are non-dedicated.
- For monolithic applications, subtract 5″ from the frame height to determine monolithic tile height.

Fabric tiles have a Class A fire rating.

! Tiles do not include segment bars, must be ordered separately. See page 388. Not needed on monolithic tiles.

! One segment bar required per panel reveal, per panel side.

! Segment bars ordered separately. See page 388.

NOTES:

- Power/Data tiles are tackable and acoustical.
- Tiles attach directly onto the panels. No additional hardware is needed.
- Tiles are non-dedicated.
- 24″W tiles have one port. Other widths have two.
- Power/Data grommet opening is 2 11/16″W x 1 3/8″H. With glides retracted grommets are 30″ from the floor and 10½″ from the edge of the frame.
- Power/Data ports are factory installed.

Fabric tiles have a Class A fire rating.

! Ports on all tile sizes are located above the worksurface. Tiles cannot be flipped to change port location.

! Tiles do not include segment bars, must be ordered separately. See page 388. Can be used in any combination.

! One segment bar required per panel reveal, per panel side.

! Electrical mounting brackets must be ordered separately. See page 565.

	37″H x 60″W	**HRVT3760HS3**	31	12.4	**$788**	**$831**

NOTES:

- Tiles are made from high-pressure laminate.
- Available in all standard HON laminates.
- On woodgrain laminates, grain direction is vertical.
- Specify paint color.
- 15″H and 30″H tiles are non-dedicated and can be used in any tile position (except on 42″H frames.)

All tiles ship with Custom Bracket Kit installed on the tile.

One segment bar is required per panel reveal, per panel side.

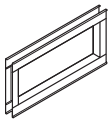

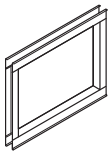

Tiles do not ship with segment bars — must be ordered separately. See page 388. Segment bars are not needed for 42″H monolithic tiles.

	30″H x 60″W	**HRVT3060G**	33	3.4	**$1444**	**$1469**
	Segment bars ordered separately. See page 388.					

NOTES:

- Glass is off-set and may be placed on either side of the frame.
- Tile is a single-pane, tempered glass.
- For worksurfaces that can be used with both Abound® and Accelerate® systems, see pages 569-581.

Glass tiles have a Class A fire rating.

Tiles do not include segment bars, must be ordered separately. See page 388. Can be used in any combination.

Glass tiles cannot be placed in the second tier (20″-35″ range) due to interference with the horizontal support. Glass tiles cannot be placed in the bottom tier of a frame.

Glass tiles will not work with 42″H frames — use stackers with glass on 42½″H panels.

When stacking on 42½″H frames, panel slots will be off by ½″ compared to any other height panel.

NOTES: For models 54″W–96″W, glass can span multiple panel widths. See suggested panel sizes by glass width above.						

NOTES:
- Tile is a single-pane, ⅜″ laminated safety glass.
- Available in clear or frosted glass.
- New top cap ships with Frameless Glass which fits around the glass insert.
- Frameless Glass can span multiple panels with one piece of glass.
- Lamination is in the center of the glass, making both clear and frosted glass a writable surface with dry-erase markers.

Glass tiles have a Class A fire rating.

Frameless Glass can only be used on the top of panels. Glass integrates into top cap trim.

Power and data cords cannot lay in the top of panel frames when using frameless glass.

Variable height trim for Frameless Glass must be ordered when using panel heights one step up; see page 394.

Cannot hang or stack on top of Frameless Glass.

Abound® power pole cannot be used with Frameless Glass. Freestanding power pole HH870070 can be used at the end of run or one panel needs to be specified without Frameless Glass for ceiling in-feed to enter the panel.

ABOUND® Pass-thru Tiles

Icon Legend on page 19

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY PAINT GRADE P1	P2
30″H Pass-Thru Tile Kit					
22½″H x 24″W	**HRVT3024P**	8	1.2	**$199**	**$224**
22½″H x 30″W	**HRVT3030P**	8	1.5	**$226**	**$251**
22½″H x 36″W	**HRVT3036P**	9	1.8	**$249**	**$274**
22½″H x 42″W	**HRVT3042P**	10	2.1	**$257**	**$282**
22½″H x 48″W	**HRVT3048P**	11	2.3	**$285**	**$310**
22½″H x 60″W	**HRVT3060P**	12	2.9	**$297**	**$322**

NOTES: Pass-thru opening is 22½″H. For space planning purposes, use 30″ for pass thru tile space. Pass thru can be used at the top location on a 50″H or 65″H frame.

Must order a quantity of two (2) tiles per pass-thru tile, if finishing both sides of panel.

Half segment bar (wall hanger segment bar) is needed for bottom of tile, and full segment bar is needed above the pass-thru tile.

Magnetic Markerboard Tray

15″ Natural Aluminum — **HRVTRAYM** — 4 S — 0.4 — **$95**

- Natural Aluminum only, no need to specify paint.
- Only compatible with Abound® markerboards.

NOTES:

- Markerboard tile has a painted, steel surface.
- Accepts magnetic accessories.
- Markerboard tray attaches to the tile magnetically. Order separately.

Tiles do not include segment bars, must be ordered separately. See page 388. Can be used in any combination.

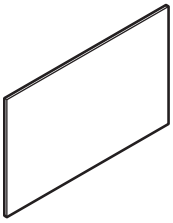

Markerboard cleaning instructions: For everyday cleaning, use Chlorox® wipes. Use citrus cleaner if a permanent marker is used by accident. A citrus cleaner is not recommended for everyday use as it leaves residue.

Accelerate® Panels shown with Systems Worksurfaces, Systems Overhead Storage, Flagship® Storage, and Nucleus® Seating.

ACCELERATE®

Collaboration is never one-size-fits-all. In today's agile workplace, we're discovering fresh new ways to share ideas and stay engaged. Accelerate by HON—a versatile panel solution designed to grow with your business—is simple yet adaptable, making it ideal for think-outside-the-box spaces. With a scalable approach to diverse functional and aesthetic needs, Accelerate is both a classic and an innovator. From collaborative meeting rooms to focused hubs, Accelerate is the ideal partner to help you achieve every goal, every day.

FEATURES

- Customize your spaces! Add fabric stackers for height and privacy, or glass stackers to let the light in.
- Accelerate's crisp details have been designed to meet today's contemporary aesthetic. Clean. Minimal. Beautiful.
- Accelerate panels are compatible with other HON products, like Abode™ desks, Contain® storage and more.
- The interchangeable components allow you to customize your space with a clean, contemporary look — and change your mind without changing your furniture.

ACCELERATE® PANELS OVERVIEW

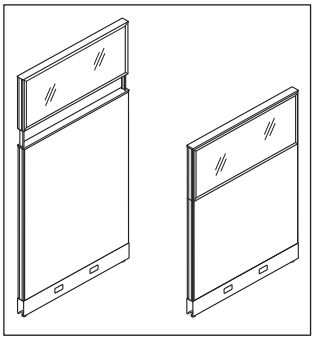

INTERSECTING CONNECTIONS

"L", "T" and "X" connector kits are used when connecting frames at intersecting runs. For "L", "T" and "X" connector kits, add 2¼" to the total length of the panel run for each intersection, whether located in the middle or at the end of the run.

Wall starter kits provide a means to affix a panel run to a permanent building wall. Kit adds ⅞" to length of panel run.

STACKING PANELS

Stackers add 15" to the height of the base panel and can be ordered separately or as part of the panel model, see pages 421 and 424.

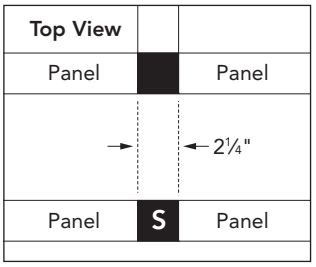

When adding stackers to an existing panel, a new connector must be ordered, to the tallest panel height.

Please note that Stacking Panels are not to be used freestanding and must match the panel width of the panel it is stacking on.

Cannot use a stacking panel on a Top Tier Glass Panel model.

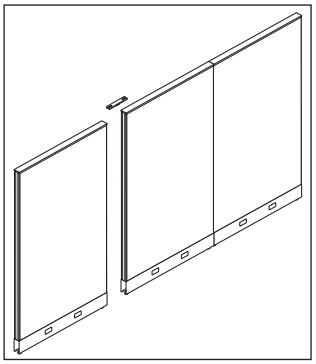

Stackers ship with pins to connect stacker to post connector for added rigidity.

Stackers can be stacked up to 80"H on a base panel. Overheads can be placed on the first stacker only, up to 65"H. Voi overheads are not to be placed on stackers.

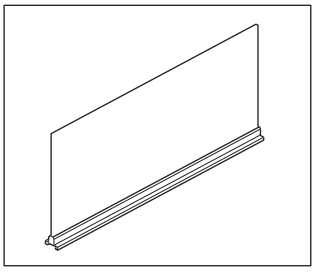

Extended straight connector kit "S" can be used to keep continuous runs dimensionally consistent with opposing panel runs which incorporate "T" or "X" intersections. (Add 2¼" to the length of the run for every extended straight connector used.)

IN-LINE CONNECTIONS

There is no incremental increase in dimension along the panel run when using an in-line connector kit.

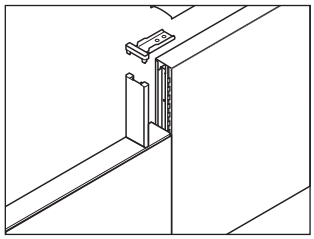

END OF RUN
Finished end trim must be specified for the unconnected sides of panel. When adding a stacking panel, order finished end trim in the height that matches the total stacked height. Move the end cap from the standard frame end trim to the stacking frame end trim.

Accelerate® frameless glass is single pane, ⅜" thick laminate safety glass, available in clear or frosted glass.

Frameless glass is not allowed on top of glass stackers or glass header panels and hanging or stacking on frameless glass is not permitted.

Frameless glass can span multiple panels with one piece of glass, creating a clean, seamless look.

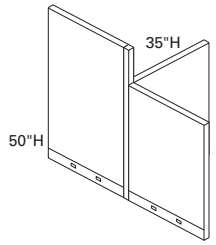

IN-LINE VARIABLE HEIGHT TRIM
In-line connections between different height panels require trim to cover the exposed frame of the taller panel.

VARIABLE HEIGHT CONNECTOR TRIM
L, X and T connections between different height panels require trim to cover the exposed connector. The bottom of the trim is flat to match the profile of the top cap. Models are designated as "Variable Height Connector Trim". For variable height connections in a Y configuration, contact the Accelerate Specials Department.

Multiple-height connections are accomplished by combining standard height panel connectors (35"H, 42"H, 50"H and 65"H) with shorter trim kits (7"H, 15"H, 22"H and 30"H). Start from the top-down — select the standard connector that corresponds to the height and connection type of the tallest panel. (See examples.)

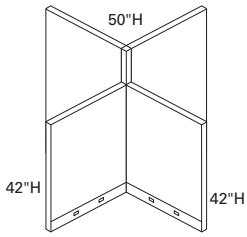

ACCELERATE® PANELS OVERVIEW

Example 1
Connectors required:
1-50"H "T" Connector
2-15"H Connector VH Kit
2-35"H End Trim
1-65"H End Trim

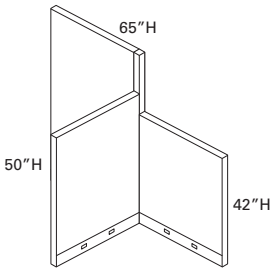

In variable height "T" connections — as shown above — you would use the connectors as indicated.

Example 2
Connectors required:
1-50"H "X" Connector
2-7½"H Connector VH Kit
2-50"H End Trim
2-42"H End Trim

Example 3
Connectors required:
1-65"H "T" Connector
1-15"H Connector VH Kit
1-22½"H Connector VH Kit
1-65"H End Trim
1-50"H End Trim
1-42"H End Trim

Example above represents Accelerate variable height "L" for 65″ to 50″.

TOP CAPS
Top caps must be specified as a separate model from the panel. Top caps can span more than one panel when panels are connected in an in-line.

ACCELERATE®
WORKING WITH PANELS

PANELS

- Accelerate® Panels are 2⅛″ thick and available in 4 heights / 8 widths.

NOTE: Actual panel height varies depending on position of levelers.

NOMINAL PANEL HEIGHT	PANEL WIDTHS							
35″	20″	24″	30″	36″	42″	48″	60″	72″
42½″	20″	24″	30″	36″	42″	48″	60″	72″
50″	20″	24″	30″	36″	42″	48″	60″	72″
65″	20″	24″	30″	36″	42″	48″	60″	72″

Maximum Receptacle Capacity in Panel Base Pathways

Widths	20	24	30	36	42	48	60	72
Maximum of 1 duplex per panel side	N/A	X						
Maximum of 2 duplexes per panel side	N/A		X	X	X	X	X	X

The center of the duplex is always 12″ from the end of the panel on all Accelerate® panels.

Design:

- Slots allow hanging worksurfaces and hang-on units, in 1″ increments.
- Panels standard with two adjustable leveling glides.
- No panel creep.
- Meets or exceeds ANSI/BIFMA Standards.

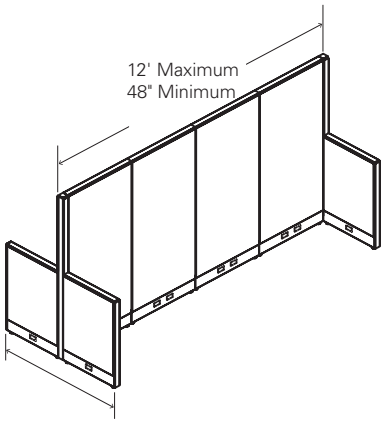

Top Tier and Stacking Panels

- Available in tackable fabric as well as clear and frosted glass.
- Select from a full height panel/top tier panels or stackers.
- Stackers can be stacked up to 80″H on a base panel.
- Overheads can be placed on the first stacker only, up to 65″H. Voi overheads are not to be placed on stackers.

PANEL SPECIFICATION AND INSTALLATION NOTES

Definitions:
Parent Panel Run – Panels (or a single panel) configured in a straight line intended to divide space. It is usually longer than the panels used to stabilize it.
Return Panels – Panels attached to a parent run for the purpose of stabilizing it. Return panels may also have the effect of dividing space.
Note: Return panels must be no more than 30″ lower than the maximum height of the parent panel run. When stacking, the maximum height allowed is 80″. This includes frameless glass. If attaching overhead storage, return panels must be the same height as parent run.

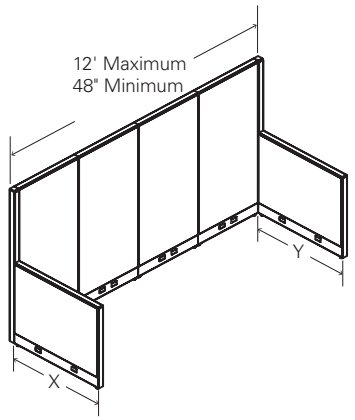

Method 1: Opposing Returns

A parent panel run must be a minimum of 4 feet and a maximum of 12 feet, and must have a minimum of two return panels extended in opposing directions on each side of the parent run.

Panel Run Length	Minimum Return Panels	Minimum Return Panels with Stack-ons
48″	20″	20″
54″	20″	20″
60″	20″	20″
66″	20″	20″
72″	20″	20″
78″	20″	20″
84″	20″	20″
90″	20″	20″
96″	20″	20″
102″	20″	20″
108″	24″	24″
114″	24″	24″
120″	24″	24″
144″	24″	24″

Method 2: Single-Sided

A parent panel run must be a minimum of 4 feet and a maximum of 12 feet, and must have a minimum of two return panels (X+Y) extended in one direction (one at the beginning and at the end of the parent run) as defined below.

Panel Run Length	Minimum Return Panels Total (X+Y)	Minimum Return Panels Total (X+Y) with Stack-ons

	65″H x 72″W*	**HETP6572FP**	43	6.8	**$1010**	**$1120**

NOTES:

- Panels are 2⅛″ thick.
- Baserails ship standard with panels.
- Top caps ordered separately; see page 423.
- Packaging: stretch wrapped with edge protection.
- Base rail matches trim color.
- For worksurfaces that can be used with Abound® and Accelerate® systems, see pages 569-581.
- Panel end trim ordered separately; see page 429.
- Panels may be connected end to end, with wall starter kit, or with panel connectors; see pages 427-429.
- Order Accelerate® connectors separately; see page 427.
- Panels have a class A fire rating.
- Bulk packing is available in quantities of 3 or 9.
- Fabrics and finishes available on pages 411-413.

- Raceway panels option only.
- Do not remove electrical knockouts unless duplex is needed. For replacement covers, see page 561.
- Accepts electrical power kits, except for 20″W. See page 559 for electrical.
- Stack on panels add 15″ of height and can be added to any monolithic panel. See stackers on pages 424-425.
- Disperse and Etch fabrics are not available on 72″W panels.
- If adding to existing panels produced prior to 04/13/16, please contact Customer Support for compatibility.
- If a third cutout for data is desired, order the separate kickplate model HEBPLATE.
- Panels should not be used in unsupported applications or take the place of permanent walls. Panels are intended to be supported with floor supports and/or storage or tied in with worksurfaces. Refer to Specifying and Design Guide pages.

NOTES:

- On top-tier panel models, the glass tier is 15″H.
- Glass is clear or frosted, tempered safety glass.
- Panels are 2⅛″ thick.
- Panels have steel baserails.
- Packaging: stretch wrapped with edge protection.
- Base rail matches trim color.
- Top caps ordered separately; see page 423.
- For worksurfaces that can be used with Abound® and Accelerate® systems, see pages 569-581.
- Panel end trim ordered separately; see page 429.
- Panels may be connected end to end, with wall starter kit, or with panel connectors; see pages 427-429.
- Order Accelerate® connectors separately; see page 427.
- Panels have a class A fire rating.
- Bulk packing is available in quantities of 3 or 9.
- Fabrics and finishes available on pages 411-413.

Raceway panels option only.

Do not remove electrical knockouts unless duplex is needed. For replacement covers, see page 561.

Accepts electrical power kits, except for 20″W. See page 559 for electrical.

Cannot stack stacker on top-tier glass panels.

Disperse and Etch fabrics are not available on 72″W panels.

If adding to existing panels produced prior to 04/13/16, please contact Customer Support for compatibility.

If a third cutout for data is desired, order the separate kickplate model HEBPLATE.

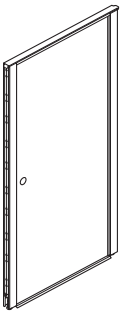

Panels should not be used in unsupported applications or take the place of permanent walls. Panels are intended to be supported with floor supports and/or storage or tied in with worksurfaces. Refer to Specifying and Design Guide pages.

Door knob (polished brass)	**HN899900**	2.0 S	0.1	**$175**	
Door lever (brushed aluminum)	**HN899910**	2.0 S	0.1	**$474**	

NOTES: Door knob and lever are both keyed on one side.

Abound® and Accelerate® Sliding Door					
50″H x 42″W	**HH15042SD**	28.0	5.5	**$3083**	**$3129**
65″H x 42″W	**HH16542SD**	38.0	7.1	**$3515**	**$3561**
80″H x 42″W	**HH18042SD**	46.0	8.6	**$4298**	**$4344**

- Door is only available in Frosted Translucent Acrylic. Specify paint for frame.
- Can only install Sliding Door at the end of a run, not at a corner.
- A Mounting Bracket Kit must be ordered for each sliding door corresponding to the mounting panels width (30″, 36″, 42″, or 48″W).

Accelerate® Mounting Kit for Sliding Door					
For 30″W Panel	**HESDMK30**	4.0	0.4	**$256**	**$273**
For 36″W Panel	**HESDMK36**	5.0	0.5	**$268**	**$285**
For 42″W Panel	**HESDMK42**	6.0	0.5	**$280**	**$297**
For 48″W Panel	**HESDMK48**	7.0	0.5	**$293**	**$310**

NOTES: Specify paint.

Carpet Grippers	**HICG12**	0.5 S	0.1	**$36**	

NOTES: Used with Glide Towers
Shipped 12 per package
No need to specify paint

Coat Hooks					
Package of six	**HHPMC6**	1.0 S	0.2	**$130**	

NOTES: Compatible with Accelerate® and Abound® panels.

- Black only.

NOTES:

- Order handle separately. See handle model options above.
- Specify top caps separately when ordering the laminate panel door; see page 423.
- Order Accelerate® connectors separately; see page 427.
- Fabrics and finishes available on pages 411-413.
- The Sliding Doors are available in 50″, 65″, and 80″H models and can mount to 30″, 36″, 42″, and 48″W panels.
- All doors are 42″ wide, provide a 36″W opening, and are non-handed.

15″H x 72″W	**HES1572F**	17	1.8	**$899**	**$1007**

NOTES:

- Stacking panels ship without top caps.
- Stackers add 15″ or 30″ to the height of the base panel.
- Stacker ships with pins to connect stacker to post connector for added rigidity.
- Select complete panels with top-tier glass, or add glass/fabric stackers separately to existing panels. See page 421 for complete panels information.

Not to be used freestanding.

Stackers can be stacked up to 80″H on a base panel or 30″ of stacker height total, whichever comes first.

The first stacker on a base panel is weight bearing and can accommodate overhead storage up to 65″H.

Stacking model must match the width of the panel it is stacking on.

Total panel height cannot exceed 80″ high. Glass stacker must be the top tier. A stacking panel cannot be placed above a glass panel or glass stacker. Frameless Glass can be installed on a fabric stacker.

Voi overheads not to be placed on stackers.

If adding to existing panels produced prior to 04/13/16, please contact Customer Support for compatibility.

NOTES: Specify paint, see page 411.
SPECIFYING EXAMPLE: HEVHG15P.PJW

NOTES:

- Glass is a single-pane, ⅜" laminated safety glass.
- Available in clear or frosted glass.
- Frameless Glass can span multiple panels with one piece of glass.
- Lamination is in the center of the glass, making both clear and frosted glass a writable surface with dry-erase markers.
- Frameless Glass Finishing Kit only specified when you have a frameless glass stacker adjoining to higher panels at a different height.

Glass tiles have a Class A fire rating.

Frameless Glass cannot be used on top of glass stackers or headers.

Frameless Glass can only be used on the top of panels. Glass integrates into top cap trim. Do not order a separate top cap model for your frame when using Frameless Glass.

Cannot hang or stack on top of Frameless Glass.

If adding to existing panels produced prior to July 2021, please contact Customer Support for compatibility.

	For 80"H Panels	**HEC80PXN**	9	0.9	**$225**	**$239**	**$258**

NOTES:

- Specify connectors based on number and placement of panels.
- Connector posts are specified separately from connector straps — specify post to tallest panel and straps based on connection (see variable height example on straps page).
- Specify connector to fit height of tallest panel.
- Connectors are made of extruded aluminum.
- Straight Connector model HSCKTPS ships standard in bulk pack.
- Connector posts where power pole will enter need to be specified with single connector straps, model HECS1.

In-line connector must be specified for all in-line connections.

If adding to existing panels produced prior to 04/13/2016, please contact Customer Support for compatibility.

	"L" Connector Strap	HECSL	1.5 S	0.2	$25
	"T" Connector Strap	HECST	2.3 S	0.2	$37
	"X" Connector Strap	HECSX	3.0 S	0.2	$43
	Single Connector Strap NOTES: Use this connector bracket when installing a power pole to a connector.	HECS1	1.9 S	0.2	$25
	In-line Connector NOTES: No need to specify finish. **SPECIFYING EXAMPLE: HSCKTPS.X**	HSCKTPS	0.5	0.1	$34

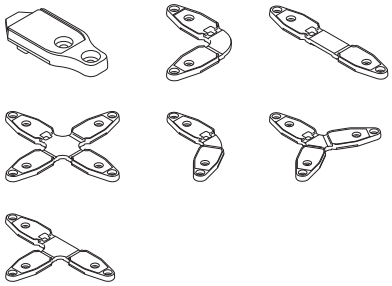

NOTES:
- Strengthened Connection Straps provide more rigidity to panel connections, especially when not tied into a station with a worksurface or storage, i.e., when Coordinate™ Height Adjustable bases are used or when using panels strictly to divide space without tying in other components.
- Connector strap type should be specified based on the tallest panel connection type. Connector straps and posts are specified separately.
- Lower height panels will connect with variable height trim.
- See examples below.
- Connector straps can be retrofitted on any existing Accelerate® stations that were produced from April 2016 to present.
- Will fit on existing connector posts — only straps would need to be specified.
- Single Straps (HECS1) are used when power poles enter at the connector post and in variable height applications where the tallest panel is a single and one or more panels is lower.

X-Connection
Connector, Variable Height Finishing Kit

In-line Variable Height Trim Kit

NOTES:

- In-line Variable Height Finishing Kit is used to connect a finished in-line panel connection.
- Connector variable height finishing kit is used at a drop in height at an L, T, X, or S connection.
- All kits come with all hardware needed to install the kit.

- Variable height kit needs to be specified any time a change of panel height occurs.
- Finished end covers must be specified at all end of panel runs.
- If adding to existing panels produced prior to 04/13/16, please contact Customer Support for compatibility.

Empower® shown with Ignition® and Cliq® Seating.

EMPOWER®

An office solution that any business would be proud to claim as their own. The label, "cubicle," is offensive to Empower®. With greater depth and dimension, this solution is much more than a cubicle, or benching system, or standard workspace. Through the integration of sleek and minimalist gallery panels, essential height-adjustable desking, and collaborative worksurfaces with designer angled legs, Empower® is an elegant balance of style and pragmatism. An invitation to well-being and comfort, Empower® is an artistic display of texture and color selections and offers a considerable array of product options that assist a myriad work functions. Empower's® versatility allows it to be configured as a private place for intensive concentration or as an open and transparent collaborative hub in your team's domain where the sharing of ideas flourishes. Empower® caters to the human element. Empower® is your productive work solution.

FEATURES

- Angled leg or straight leg
- Specify Empower's® Gallery Panel Kits to add Gallery Panels to your workstation.
- End of run collaborative and touchdown stations.
- A full breadth of height adjustable options support the work style of any user.
- Frosted glass. Colorful fabrics. Magnetic metal. Empower® Universal Screens add style, privacy, and functionality.
- Choose from multiple paint finishes to blend in or stand out.
- With numerous laminate selections to choose from, it's easy to get the exact look you want.
- As the main electrical artery, power and data cables are laid into the trough.
- Plug power modules into the duplex in the trough and attach them to the worksurface for easy access to electrical and USB ports.
- Power entry can be accommodated through the ceiling, floor, or wall.
- Support any work style by adding HON pedestals, credenzas, and storage towers to Empower® benching.

EMPOWER®
Step-by-Step Guide

STEP 1: LEGS

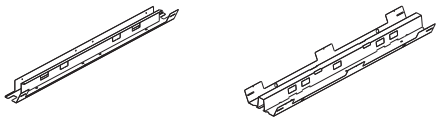

U-leg or angled leg available for dual-sided, single-sided, and 120° applications. NOTE: Gallery Panels act as supports for fixed height Empower® and will replace the leg.

Gallery Panels: Specify your Empower®-specific Gallery Panel Kit along with your desired gallery panel from the "Gallery Panels" section. See pages 488-521.

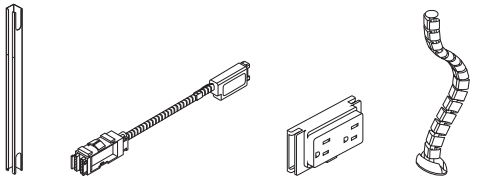

STEP 2: SUPPORT BEAMS

Support Beam(s) required for all worksurfaces. See page 448 for details.

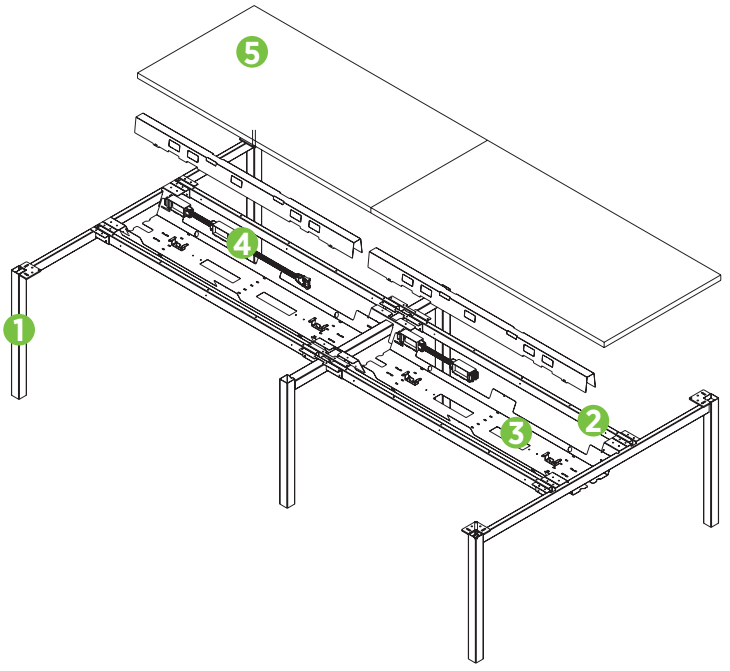

STEP 3: TROUGHS

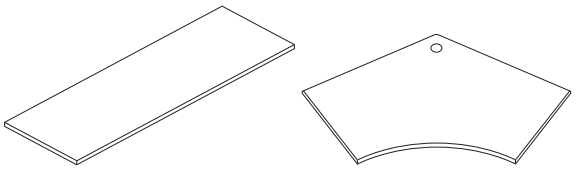

Used to route electrical and data to the workstations. Must be installed in between all supports and match the width of the support beams.

STEP 4: ELECTRICAL

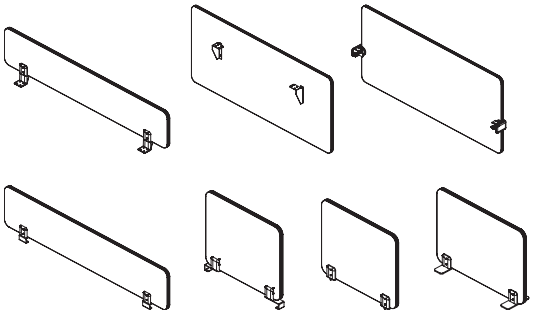

Electrical components mount to the trough and mounting hardware is included with the trough model.

STEP 5: WORKSURFACES

Select worksurfaces as appropriate for your application. Worksurface width should match beam size. Worksurface depth should match end leg size. See page 450 for details.

STEP 6: OPTIONAL ACCESSORIES

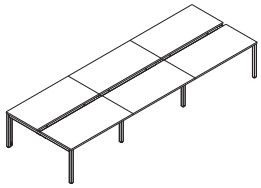

Screens: Specify an Empower®-specific shared screen or select from several Universal Screens options (fixed above/below, up mount, side mount, front-to-back, sit-on-surface, top mount, modesty, and lateral organizer) to add privacy to your station. Above/below and modesty screens can be used on single-sided applications only.

Collaborative Table: Specify an Empower® Collaborative table at the end of a dual-sided Empower® Workstation.

- HSYSEMP120WS3624 will not accept the H4022, HE4022, H4028, or H4029 keyboard platforms.
- Worksurfaces are available with or without grommets.
- 120° dual-sided stations can be used with gallery panels. Refer to gallery panel section on page 485 for appropriate sizing to the worksurface depth.

NOTES:
- Worksurfaces are constructed of laminate on 1⅛″ solid core high-performance particleboard.
- Add suffix **“N”** to Model Number for worksurfaces with no grommets. No upcharge.

! Recommend mounting monitor arms on back of worksurface with 120° configurations. Mounting through the grommet may lead to interference with 120° post leg and limit usable grommet space for cord passage.

EMPOWER® HEIGHT ADJUSTABLE
Step-by-Step Guide

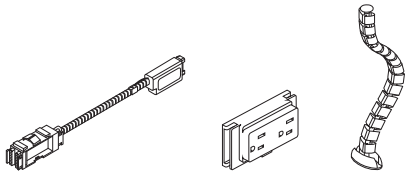

STEP 1: LEGS

Select 2-stage (26 49/50"-46 13/50") insert height range) or 3-stage (20 43/50"-47 3/25") insert height range) HAT legs depending on your range adjustment needs.

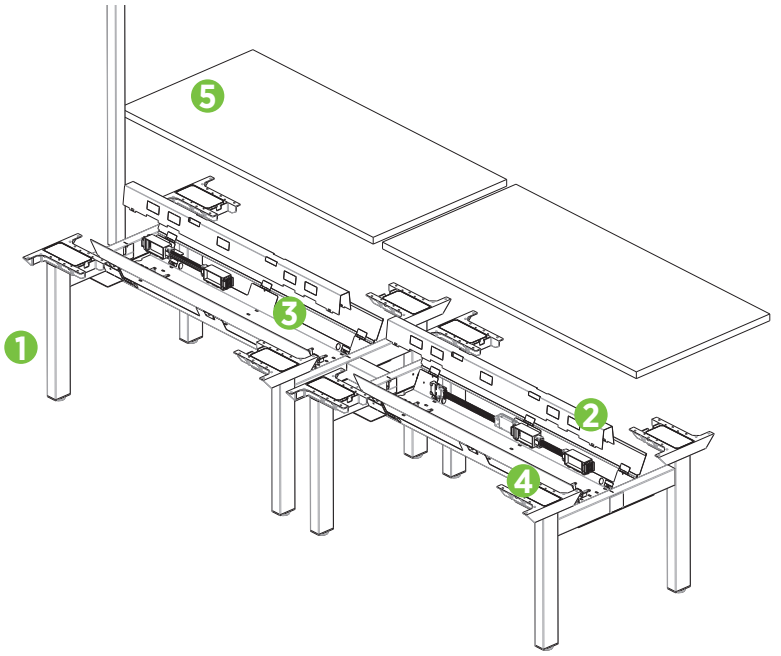

STEP 2: TROUGHS

NOTE: For single-sided applications, a single-sided installation template is REQUIRED for proper installation of the rail.

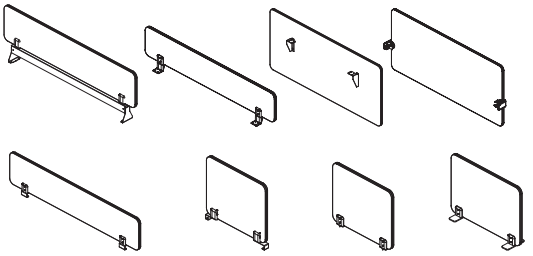

STEP 3: ELECTRICAL

Electrical components mount to the trough and mounting hardware is included with the trough model. End cap or power pole for single-sided applications is REQUIRED.

STEP 4: WORKSURFACES

All hardware to attach worksurface is included with height adjustable legs.

STEP 5: SCREENS

Specify 2-stage or 3-stage center mount screens or select from a number of Universal Screens options (Elevated HAT screen, Above/Below HAT screen, Front-to-Back HAT screen, Top Mount HAT screen, Side Mount HAT screen, or Sit-on-Surface screen) to add privacy to your station. Above/Below screens can be used on single-sided applications only.

STEP 6: GALLERY PANEL KITS

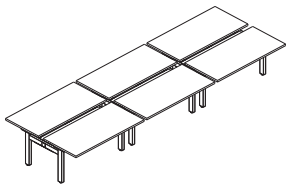

Specify your Empower®-specific Gallery Panel Kit along with your desired gallery panel from the "Gallery Panels" section (see pages 517-518).

SPECIFYING EXAMPLE: Model.Laminate.Edgeband.BasePaint.TroughPaint.DuplexColor

NOTES:

- Bundles include worksurfaces, wire management troughs, power harnesses, duplexes, bases, and height adjustable control.
- Please specify in-feed, screens, storage, and seating separately.
- Specify worksurface support channels separately. Use model HLSLZ5SC48 for 58″W surfaces, and HLSLZ5SC60 for 70″W surfaces.
- Monitor arm models HMASTS, HMASD, HPASD, HPADD, HPATF are compatible with Empower® HAT applications.

Stack-on storage cannot be used on Empower® benching.

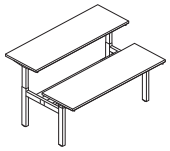

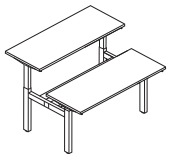

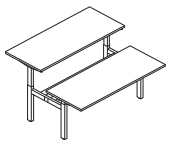

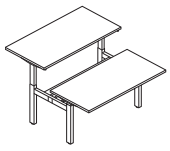

Monitor Arm models HBSMAUSB and HBDMAUSB cannot be used in Empower® height adjustable applications.

EMPOWER®
Height Adjustable Bases

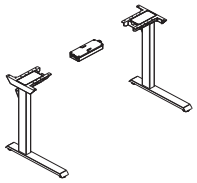

Icon Legend on page 19

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE
Dual-Sided Height Adjustable Base				
2-Stage (26 49/50"-46 13/50" height range)	**HSYSEMPHA2S2S**	67	5.3	**$1352**
3-Stage (20 43/50-47 3/25 height range)	**HSYSEMPHA3S2S**	69	5.3	**$1488**

NOTES: Not TAA compliant unless ordered with a TAA compliant configurable end product.

! For dual-sided, order the quantity of workstations you plan to have (EX: 6-pack = (6) x HSYSEMPHA2S2S).

Single-Sided Height Adjustable Base				
2-Stage (26 49/50"-46 13/50" height range)	**HSYSEMPHA2S1S**	76	2.7	**$1248**
3-Stage (20 43/50-47 3/25 height range)	**HSYSEMPHA3S1S**	78	2.7	**$1311**

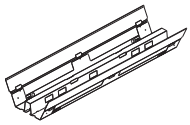

NOTES: A minimum of 2 single-sided height adjustable bases must be ordered. Model cannot be used as a standalone height adjustable table base. Not TAA compliant unless ordered with a TAA compliant configurable end product.

NOTES:
- Memory control option features four memory presets, a programmable upper and lower limit, and keypad lock to prevent unintentional movement. 250 lbs. load capacity per surface.

! Single-sided height adjustable model CANNOT be used as a standalone height adjustable table base.

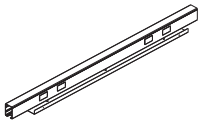

! Single-Sided height adjustable CANNOT be connected to a freestanding gravitation rail.

! Monitor Arm models HBSMAUSB and HBDMAUSB cannot be used on Empower® height adjustable applications.

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE
Trough for Dual-Sided Height Adjustable Base				
48"W	**HSYSEMPHATRO48**	39.7	2.9	**$830**

NOTES

- Screens are attached to the cross beam of the height adjustable support and must match the width of the workstation.
- Consider horizon planning when specifying screens. 42″H and 50″H will align with storage and Gallery panel heights.

Models listed here can ONLY BE USED ON HEIGHT ADJUSTABLE APPLICATIONS. See fixed height section on page 455 for shared fixed height screen models.

Screens are fixed and do not adjust with the height adjustable surface.

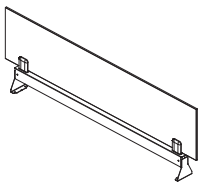

Screens cannot be used on single-sided applications or fixed applications.

NOTES

- Screens are attached to the cross beam of the height adjustable support and must match the width of the workstation.
- Consider horizon planning when specifying screens. 42″H and 50″H will align with storage and Gallery panel heights.

Models listed here can ONLY BE USED ON HEIGHT ADJUSTABLE APPLICATIONS. See fixed height section on page 455 for shared fixed height screen models.

Screens are fixed and do not adjust with the height adjustable surface.

Screens cannot be used on single-sided applications or fixed applications.

EMPOWER® UNIVERSAL SCREENS SPECIFICATION GUIDE

SCREEN MOUNTING TECH AND SPEC INFORMATION

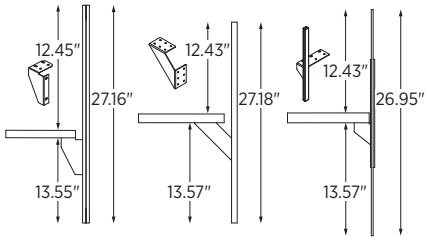

See Universal Screens section pages 707-732 for pricing.

Sit-on-Surface Screen

- Available in fabric or acrylic.
- Screen is slightly offset from the top of the worksurface.
- Brackets come with anti-slip neoprene foam pads.
- Brackets are designed to be rotated 90 degrees when needed.
- Screen is secured to the brackets by tightening two set screws in bracket against screen material.
- Brackets ship uninstalled.

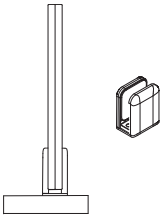

Fixed Above/Below

Fabric Screen Laminate Screen Acrylic Screen

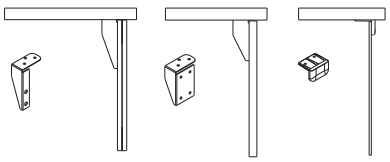

- Available in fabric, acrylic, or laminate.
- Screen is offset from the edge of the worksurface by 1″ for cord management and to allow the use of worksurface mounted accessories.
- Mounting brackets attach to the underside of the worksurface.
- Fabric screens are secured to the brackets via metal fasteners to threaded inserts embedded in screen. Brackets are inset 10″ (30-40″W) or 12″ (42″W+) from edge of screen depending on size. Brackets ship installed.
- Acrylic screens are secured to the brackets via a metal fastener. Brackets are located on edge of screen. Brackets ship uninstalled.
- Laminate screens are secured to the brackets via wood screws. Brackets are inset 10″ (30-42″W) or 12″ (48″W+). Brackets ship uninstalled.

Top Mount Screen

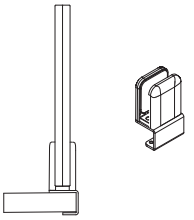

- Available in fabric or acrylic.
- Screen is slightly offset from the top of the worksurface.
- Mounting brackets attach to the top of the worksurface with either double sided tape or wood screws.
- Screen is secured to the brackets by tightening two set screws in bracket against screen material.
- Bracket location is flexible and can be adjusted as needed.
- Recommended inset location is ~6-12″ from edge of screen.
- Brackets ship uninstalled.

Modesty Panel

- Available in fabric, acrylic, or laminate.
- Mounting brackets attach to the underside of the worksurface.
- Fabric modesty is secured to brackets via metal fasteners to threaded inserts embedded in screen. Brackets are inset 10″ (30-40″W) or 12″ (42″W+) from edge of screen depending on size. Brackets ship installed.
- Acrylic modesty is secured to brackets via metal fasteners through predrilled holes in the modesty panel. Brackets are inset 10″ (36″W) or 12″ (42″W+) from edge of screen depending on size. Brackets ship uninstalled.
- Laminate modesty is secured to brackets via wood screws. Brackets are inset 10″ (30-42″W) or 12″ (48″W+). Brackets ship uninstalled.

Side Mount Screen

- Available in fabric or acrylic.
- Screen is slightly offset from the top of the worksurface.
- Mounting brackets wrap around the edge of the worksurface.
- Screen is secured to the brackets by tightening two set screws in bracket against screen material.
- Bracket location is flexible and can be adjusted as needed.
- Recommended inset location is ~6-12″ from edge of screen.
- Can only be used with flat edged worksurfaces/tables.
- Brackets ship uninstalled.

EMPOWER® UNIVERSAL SCREENS SPECIFICATION GUIDE

SCREEN MOUNTING TECH AND SPEC INFORMATION

See Universal Screens section pages 707-732 for pricing.

Up Mount Screen

- Available in fabric, acrylic, or glass.
- Screen is offset from top of worksurface by 1″ for cord management and to allow the use of worksurface mounted accessories.
- Mounting brackets attach to the underside of the worksurface.
- Screen is secured to the brackets by tightening two set screws in bracket against screen material.
- Bracket location is flexible and can be adjusted as needed. Recommended inset location is ~6-12″ from edge of screen.
- Can only be used with flat edged worksurfaces/tables.
- Brackets ship uninstalled.

Empower® Fixed Height Shared Screens

- Available in fabric, glass, acrylic, or PET.
- Mounting brackets clamp in gap between fixed height worksurfaces.
- Screens will provide 1″+ of access between screen and rear edge of worksurface for the power trough.
- Screen is secured to the brackets by tightening two set screws in bracket against screen material.
- Bracket location is flexible and can be adjusted as needed. Recommended inset location is ~6-12″ from edge of screen.
- For single-sided applications, select a desktop mounted screen or Above/Below screen
- Brackets ship uninstalled.

Empower® Height Adjustable Shared Screens

- Available in fabric, glass, acrylic, or PET.
- Options available for fixed shared screen or Universal screens can be mounted directly to the worksurface.
- Screens will provide ~1¾″ of access between screen and rear of worksurface for the power trough. Dual-sided height adjustable screen is designed to align with Gallery panel and storage heights of 42″H or 50″H.

Lateral Desktop Organizer

- Available in metal only.
- Screens sit flush on top of worksurface.
- Screen wraps around the front or rear edge of the worksurface.
- Can only be used with flat edged worksurfaces/tables.
- Mounting bracket is integral to screen.

EMPOWER®
ELECTRICAL SPECIFYING INFORMATION

To Order:

1. Determine which electrical system you will use after consulting your electrician and computer support personnel:
   - **The Four-circuit system (4-Hot/2-Neutral/2-Ground)**
     - **3 + 1 option**
     - **2 + 2 option**
   - **The Three-circuit system (3-Hot/3-Neutral/2-Ground)**
2. Determine location, quantity and circuit of duplexes.
3. Determine the appropriate choice and use of Isolated, Isolated/Dedicated and Separate Neutral circuits.
4. Specify appropriate Power Harnesses* and Pass-Thru Cables.*
5. Determine the location, quantity and type of Power In-feed needed.

* Select Power Harness models (HH8712XX) and Pass-Thru Cables (HH8711XX) with the last two digits being the same as the associated worksurface width.

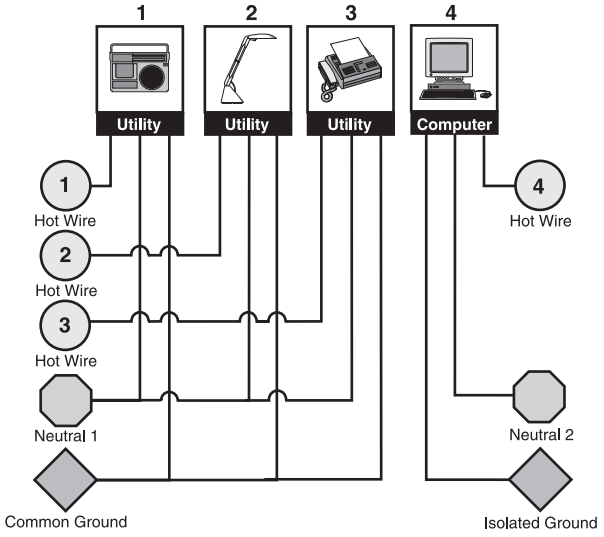

Electrical System Options

The four-circuit, eight-wire electrical system is widely specified and trusted by hundreds of thousands of end-users. This proven system delivers four circuits for every power in-feed in either a 3 + 1 or 2 + 2 configuration. The isolated/dedicated circuits are ideal for sensitive computing equipment, while the common circuits are suitable for faxes, copiers, task lights and other peripherals.

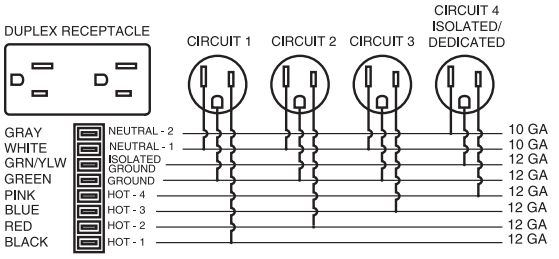

Both the 3 + 1 and 2 + 2 systems use the same pre-wired components, making it easy to adjust as electrical needs change.

You can also choose a three-circuit, eight-wire system that has a dedicated neutral for every hot circuit. The three-circuit components have model numbers with an "A" suffix and appear in a gray box in this pricer.

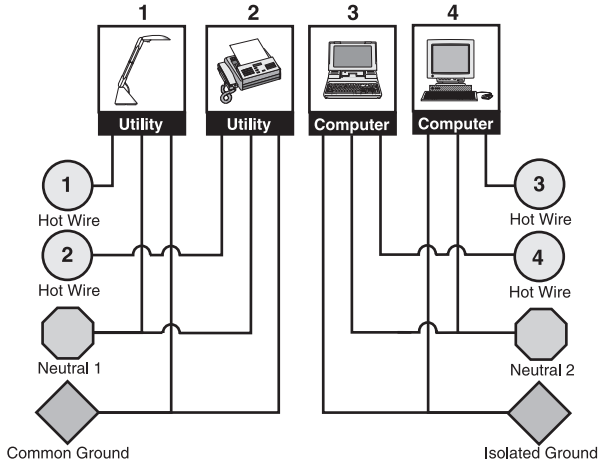

Four-circuit, 3 + 1 Receptacle Option

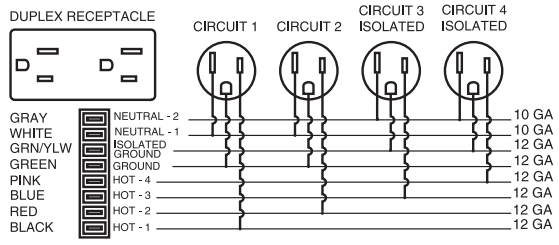

The 3 + 1 option is the electrical standard used by The HON Company for many years in most of their systems products. This wiring option provides three utility circuits plus an isolated/dedicated circuit for more sensitive equipment.

Four-circuit, 2 + 2 Receptacle Option

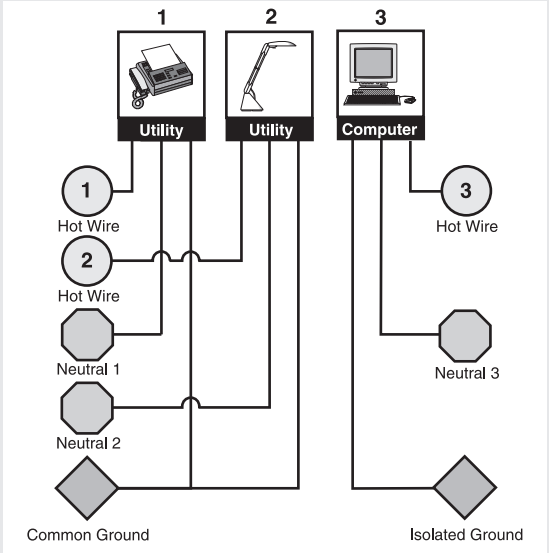

The 2 + 2 option is a wiring option that provides two utility circuits and two isolated circuits for more extensive computer usage applications.

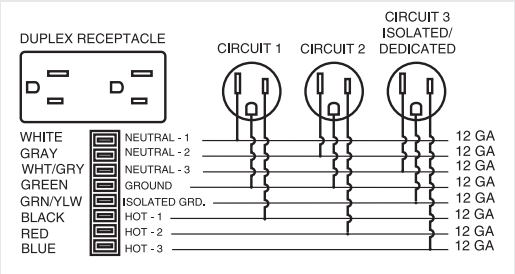

EMPOWER®
ELECTRICAL SPECIFYING INFORMATION

Three-circuit, separate neutrals

The Three-circuit, separate neutrals configuration is a wiring option that provides separate neutrals for each of the three circuits. Two circuits share a common ground, and one circuit is isolated/dedicated. The three-circuit components have model numbers with an "A" suffix and appear in a gray box in this pricer.

Two 8-wire, 20 AMP (15 AMP Canadian) electrical systems are offered					
Electrical System	Circuitry	Receptacle Capacity			
Four-circuit 4-Hot/2-Neutral/2-Ground	**3 + 1**	Common Circuit-1 **HH873501**	Common Circuit-2 (1) **HH873502**	Common Circuit-3 **HH873503**	Iso/Dedicated Circuit-4 **HH873504**
(10 gauge neutral wires)	**2 + 2**	Common Circuit-1 **HH873501**	Common Circuit-2 **HH873502**	Isolated Circuit-3 **HH873506**	Isolated Circuit-4 **HH873504**
Three-circuit 3-Hot/3-Neutral/2-Ground (12 gauge neutral wires)	**w/separate neutrals**	Common Circuit-1 **HH873501A**	Common Circuit-2 **HH873502A**	Iso/Dedicated Circuit-3 **HH873503A**	N/A

(1) Circuit-2 (one of the 3 common circuits sharing a neutral wire) cannot be used with a single-phase building electrical supply.

Notes:
- Four-circuit components and three-circuit components (with suffix "A") cannot be used together.
- Components of the two systems are keyed differently to prevent components of one system from being connected to components of another system.
- HON Cat. Nos. are printed on the UL labels, and components are color-coded to provide visual identification of the different components.
- Four-circuit components have black plastic parts.
- Three-circuit components have rust-colored terminal ends and receptacle backs are rust colored.

Typical power usage by the most commonly specified office equipment.

EMPOWER®
ELECTRICAL SPECIFYING INFORMATION

- Electrical components are UL Listed and CSA Certified.
- It is the customer's responsibility to ensure that use of the pre-wired electrical system, the number of receptacles used on a given circuit, and connection to a building power source, be in compliance with all local and national electrical codes.
- Contact Customer Service for additional information.
- Four-circuit components and Three-circuit components (with suffix "A") cannot be used together. See pages 474-475.

! A licensed electrician must make connections to a building electrical supply.

Definition of components:

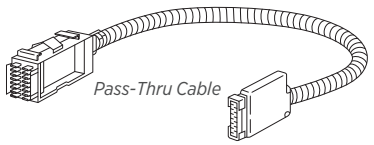

Electrical Power Harness

Electrical Power Harness
Model HH871248
for 48"W Workstations

- Used to distribute power in workstations.
- Power distribution in either direction.
- Specify Power Harness to match workstation width.
- Double-sided: receptacles can be inserted into both sides of Power Blocks.

Electrical Pass-Thru Cables

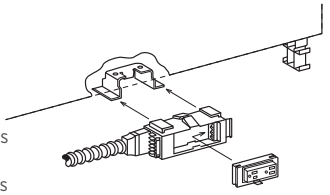

Pass-Thru Cable

Pass-Thru Cable With Duplex Capacity:
- Use in workstations where multiple receptacles are not required.
- Added feature: has capacity for one receptacle on each side of a workstation. Feature offers future expansion and is an alternative to Power Harnesses.

Duplex Receptacles

- 15 amp outlet configuration.
- Models HH871601 and HH871601A have a 20 amp outlet configuration.
- Fit back-to-back into the Power Block(s) of Power and Pass-Thru Harnesses.
- Labeled with the provided circuit. Circuits connected to the Isolated Ground are identified with an orange triangle; circuits that do not share a neutral or ground have an orange circuit number.

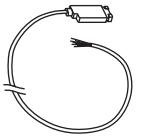

Power In-Feed Model (Floor or Ceiling) HMP144

- Used to connect the workstation electrical system to the building electrical supply.

! A licensed electrician must make connections to a building electrical supply.

! Conduit is UL listed Black Liquid-tight conduit (outside diameter is ⅞").

HMP144

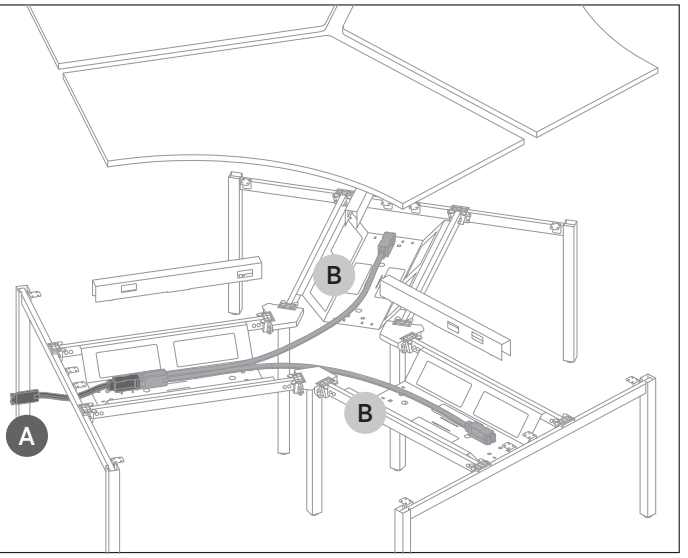

Note: In-feed cables listed above may be field-cut to desired length.

End of Run Electrical Kits

- End of run electrical kits (HMPEEK-) are always specified with an in-feed model in dual- and single-sided applications.
- Reference chart below for 120° applications.

3-Pack 120 Degree Electric Specification Guide

	A	B
36" 120 surface	HH871124	HH871148
42" 120 surface	HH871124	HH871160

POWER & CABLE MANAGEMENT

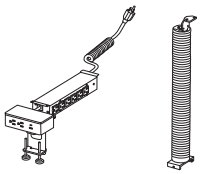

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY PAINT GRADE P1	P2	P3
2-Stage Metal HAT Telescoping Wire Chase	**HHATPWRMOD2S**	5.6 S	0.6	**$1172**	**$1203**	**$1218**
3-Stage Metal HAT Telescoping Wire Chase	**HHATPWRMOD3S**	5.6 S	0.6	**$1199**	**$1232**	**$1249**

- Metal Telescoping Chase available in the same paint finishes as Coordinate™ HAT bases, specify desired paint finish.

NOTES: 2 and 3-stage Metal HAT Telescoping chases include an Above/Below Power Module and a metal telescoping chase to conceal coiled cord on the Above/Below Power Module unit. Four feet of straight cord length extends from the base of Telescoping Chase. Telescoping Chase solution provides power access above and below the worksurface on Coordinate™ Height Adjustable Tables while concealing cord slack. Telescoping chase matches profile of Coordinate™ HAT leg and rises up and down with the unit. To match Metal Telescoping Chase to HAT base, specify matching paint color to HAT base.

SPECIFYING EXAMPLE: HHATPWRMOD2S.AC.DWT.PJW

Fabric Elastic HAT Wire Chase	**HHATPWRMODF**	3.6 S	0.3	**$1080**	**$1101**	**$1111**

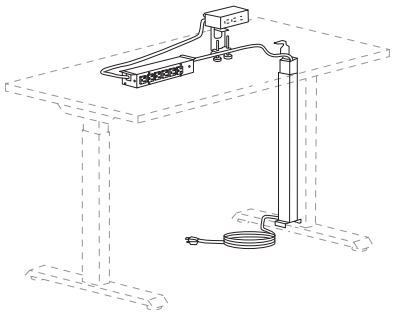

- Fabric Chase comes in Light (LGT), Medium (MDD), and Dark (DRK) fabrics, specify desired fabric.
- Fabric HAT mounting brackets available in the same paint finishes as Coordinate™ HAT bases, specify desired paint finish.

NOTES: Fabric Elastic Chase includes an Above/Below Power Module and a fabric chase to conceal coiled cord on the Above/Below Power Module unit. Four feet of straight cord length extends from the base of Fabric Chase. Fabric Chase solution provides power access above and below the worksurface on Coordinate™ Height Adjustable Tables while concealing cord slack. Works on either 2-stage or 3-stage HAT bases. Fabric chase wraps around coiled cord and stretches up and down with a Coordinate™ HAT leg. To match Fabric Chase's metal mounting brackets to HAT base, specify matching paint color to HAT base.

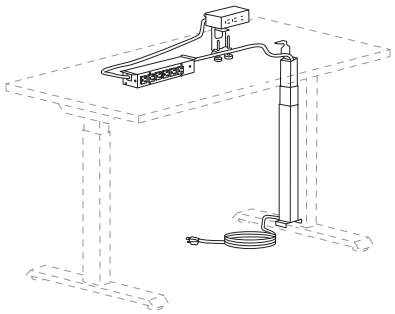

SPECIFYING EXAMPLE: HHATPWRMODF.AC.DWT.LGT.PJW

NOTES:

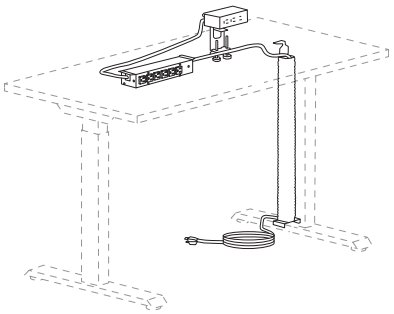

- Desktop power module comes with 2 receptacles, 1 USB-A, and 1 USB-C port only, specify "AC."
- Desktop power module available in White (DWT) or Gray (DGY) finishes, specify desired finish.
- Under worksurface power strip comes with 6 receptacles and is available in Black only, no specification needed.

GALLERY PANELS
Working with Empower®

Gallery Panel Kit — Fixed Height

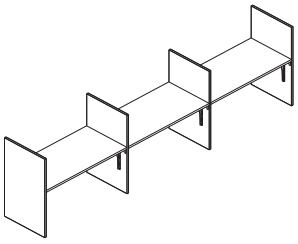

Dual-Sided Applications

- Provides privacy to the Empower® system in a dual-sided application.
- Use HSYSEMPGPKIT2 for end conditions and HSYSEMPMGPKIT2 for mid conditions. One kit per Gallery panel required.
- Can be used with Gallery panels with or without glass.
- Specify two Gallery panels in mid conditions, account for 3″ gap for electrical passage.
- In locations where Gallery panels are used, mid or end legs are not required.
- Order Gallery panel installation template (HSYSEMPGPIT) separately. One template required for every 30 Gallery panels.
- For mid conditions, Gallery panels must be specified on both sides of the bench. Gallery panel widths do not have to match on both sides.
- Min 35″H and Max 50″H
- For End Connection:
  - Min 51″W and Max 75″W for (24″ Worksurface)
  - Min 63″W and Max 75″W for (30″ Worksurface)
- For Mid Connection:
  - Min 24″W and Max 75″W for (24″ Worksurface)
  - Min 30″W and Max 75″W for (30″ Worksurface)

Single-Sided Applications

- Provides privacy to the Empower® system in a single-sided application.
- Use HSYSEMPGPKIT1L and HSYSEMPGPKIT1R for end conditions.
- Use HSYSEMPMGPKIT1 for mid conditions. One kit per Gallery panel required.
- Can be used with Gallery panels with or without glass.
- Order Gallery panel installation template (HSYSEMPGPIT) separately. One template required for every 30 Gallery panels.
- In locations where Gallery panels are used, mid or end legs are not required.
- Must use a hole saw to cut a 2½″ opening to route the power and data through the Gallery panel into the system. Recommend using grommet (HLFDGRMT) for a finished aesthetic.
- Min 35″H and Max 50″H
- Min 24″W and Max 75″W for (24″ Worksurface)
- Min 30″W and Max 75″W for (30″ Worksurface)

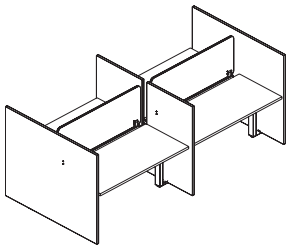

GALLERY PANELS
Working with Empower®

Gallery Panel Kit — Height Adjustable

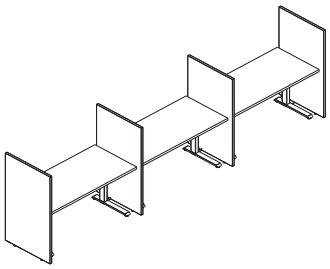

Dual-Sided Applications

- Provides privacy to the Empower® system in a dual-sided HAT application.
- Use HSYSEMPHAGPKIT2 for end conditions (one kit per Gallery panel) and HSYSEMPMHAGPKIT2 for mid conditions (one kit per 2 Gallery panels).
- Can be used with Gallery panels with or without glass.
- Specify two Gallery panels in mid conditions, account for 3″ gap for electrical passage.
- Order Gallery panel installation template (HSYSEMPGPIT) separately. One template required for every 30 Gallery panels.
- For mid conditions, Gallery panels must be specified on both sides of the bench. Gallery panel widths do not have to match on both sides.
- Min 35″H and Max 50″H
- For End Connection:
  - Min 48″W and Max 75″W for (22″ Worksurface)
  - Min 60″W and Max 75″W for (28″ Worksurface)
- For Mid Connection:
  - Min 23″W and Max 75″W for (22″ Worksurface)
  - Min 29″W and Max 75″W for (28″ Worksurface)

Single-Sided Applications

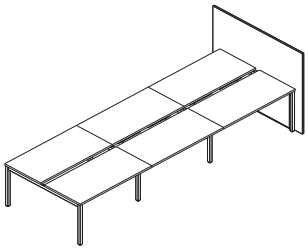

- Provides privacy to the Empower® system in a single-sided application.
- Use HSYSEMPHAGPKIT1 for end conditions.
- Use HSYSEMPMHAGPKIT1 for mid conditions. One kit per Gallery panel required.
- Can be used with Gallery panels with or without glass.
- Installation template is not required for single-sided height adjustable applications.
- When using Gallery panels with single-sided applications, Gallery panels must be used at all end and mid locations.
- For added stability on single-sided applications, consider connecting storage to the end or mid Gallery panels.
- Must use a hole saw to cut a 2½″ opening to route the power and data through the Gallery panel into the system. Recommend using grommet (HLFDGRMT) for a finished aesthetic.
- Min 35″H and Max 50″H
- Min 22″W and Max 42″W for (22″ Worksurface)
- Min 28″W and Max 42″W for (28″ Worksurface)

GALLERY PANELS
Working with Empower®

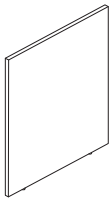

Gallery Panel Kit — Day 2 Kit

- Provides privacy to one or both ends of the system in a fixed, dual-sided existing Empower® application.
- Use HSYSEMPGPKITD2 connector kit to attach Gallery panels to an existing Empower® fixed leg.
- Can be used in linear and 120° applications.
  - Min 35″W and Max 50″H
  - Min 51″W and Max 75″W for (24″ Worksurface)
  - Min 63″W and Max 75″W for (30″ Worksurface)

50″H x 75″W	**HRVG5075LG**	123.0	9.3	**$1552**	**$1615**

NOTES:
- Gallery Panels come standard with two adjustable leveling glides.
- Gallery Panels up to 60″W can specify vertical or horizontal woodgrain direction. Panels larger than 60″W will have horizontal woodgrain.

❗ Gallery Panels longer than 60″W require a floor or storage support.

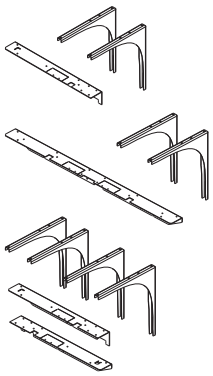

❗ 75″W Gallery Panels require use of Gallery Panel Stiffener model HRVGS7578.

Black Field Installable Grommet with One Access Hole	**HFLDGRMT**	0.1	0.01	**$52**

- Intended for use in tops and end panels to route/hide cords and facilitate reaching wall electrical outlets.
- Requires a 2½" diameter hole saw and drill for installation (not included).
- Grommet cap measures 3" diameter and includes a ¾" diameter cord access hole.
- Grommet sleeve measures 2½" O.D. x ¾" thick.
- Includes instructions to locate grommet position for desks, credenzas, returns and bridges.

The grommet is not designed to be used with the following HON Series: 94000, 38000, Metro Classic or 34000.

Gallery Panels shown with Accelerate® Panels, Workplace Tools, and Altern™ Seating.

GALLERY PANELS

Sometimes, simplicity is stellar. Gallery Panels offers streamlined cohesion for Abound® and Accelerate® products — their straightforward design allows you to customize and engineer your space to best support your productivity and privacy. And with a variety of sleek finishes to choose from, you'll keep things stylish too.

FEATURES

- Complete a cohesive workstation with Abound® and Accelerate® solutions.
- Get the right fit with true-to-size panel width.
- Customize your look with a variety of woodgrain and solid laminate finishes.
- Choose from matching or contrasting edge colors for a unique aesthetic.
- Accessories add extra organization and functionality to Gallery Panels.

GALLERY PANELS
Overview

GALLERY PANELS

Gallery Panels are an affordable, sleek way to incorporate laminate wing and end of run panels where power is not needed. The simplistic design provides a great new way to add woodgrains or solid laminate finishes to your workstation allowing for greater customization and value engineering.

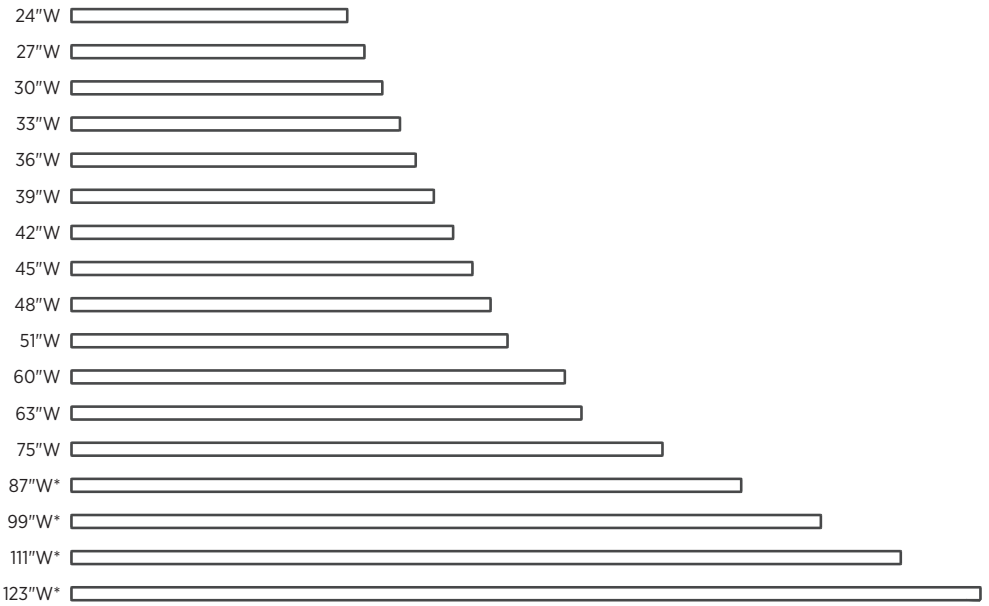

BASIC CHARACTERISTICS

- Available in L-, T-, and Mid-configurations.
- Made of 1⅛″ board with high-pressure laminate.
- Use 1⅛″ thickness for space planning.
- Can be specified with matching or contrasting edge colors.
- Available in woodgrain and solid laminates.
- Woodgrain laminates can be specified with vertical grain on panels from 24″ to 60″W.
- Horizontal grain available on all panel sizes.
- Gallery Panels offer 2½″ leveling capacity.
- Overall heights line up with adjacent panel.
- Available with and without integrated glass options (specified separately).
- Gallery Panels for use with glass have separate model numbers.
- All configurations are non-handed and secured using hidden fasteners.
- Standard Gallery Panels cannot connect to each other, you must use Gallery-to-Gallery Panels for connections.
- Additional support is required after every 60″ in Gallery Panel width (i.e., storage or workstation tie-in).
- Gallery Panel widths are true to size.
- Please adhere to all standard systems specification guides.

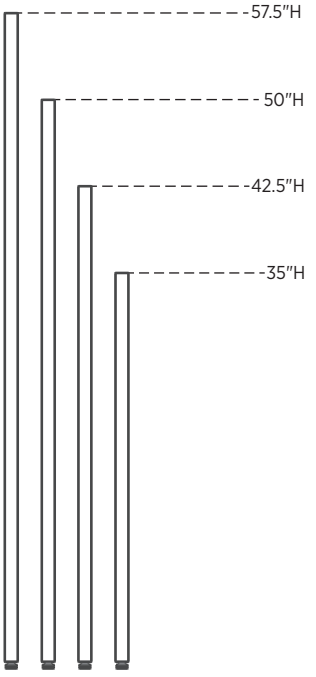

GALLERY PANELS
Overview

GALLERY PANELS DIMENSIONS

Gallery Panel Widths

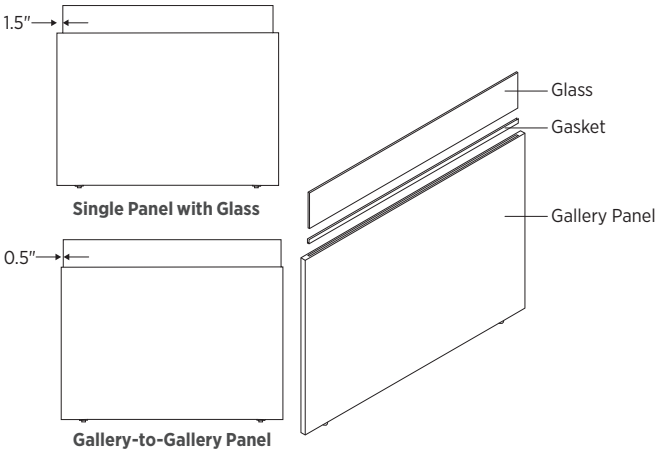

Gallery Panel Heights

** Available on Abound® applications only.*

WORKING WITH INTEGRATED GLASS

- Gallery Panels for use with glass offer a routed top edge.
- Glass mounts directly into the Gallery Panel route via a gasket.
- The routing is inset 1½″ from each end of the panel on standard Gallery Panels.
- Total glass width will be 3″ narrower than the Gallery Panel.
- Glass height is available in 7½″H.
- Glass is available on all Gallery Panel widths.
- Specify glass models separate from Gallery Panel models.
- Routing is inset ½″ on L and T Gallery Panels.

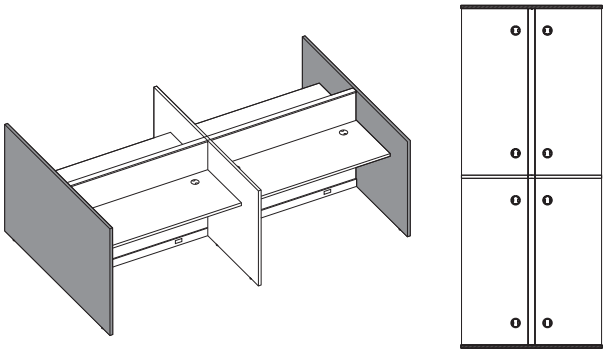

GALLERY PANEL STIFFENER

- Required for single-piece panels 75″ used in wing or single-sided end condition and do not have horizontally-mounted credenza.
- Attaches directly to one side of the Gallery Panel with a painted metal cover.
- Placement on panel face must be at least 18″ above the floor.
- Stiffener is 1½″ x 1½″.
- Available in HON standard paint options.

GALLERY PANELS
Working with Abound®

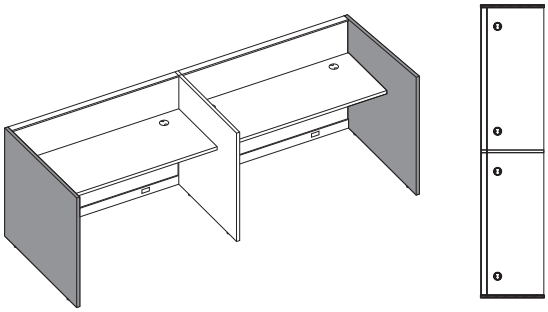

T-CONFIGURATION

- Provides privacy to one or both ends of the Abound® system in a dual-sided application.
- Single piece T-configurations connect using HRVCE connector kit. Split T-configurations connect using HRVCES connector kit.
- All T-configurations connect using HRVCE connector kit.
- When the system panel is higher than the Gallery Panel, a variable height system's trim must be specified to finish off the exposed frame.
- T-configuration can be used for off-modular planning. The HRVCE connector kit location must be field measured.
- Accommodate for 2⅝″ frame thickness when planning with Abound® panel system.

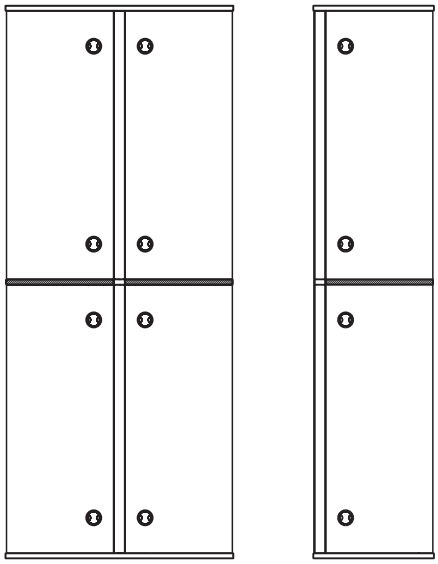

L-CONFIGURATION

- Provides privacy to one or both ends of the system in a single-sided application.
- L-configuration caps over the system panel.
- Due to the thickness of the Abound® panel L-configuration overhangs by approximately 3⁄16″ on both sides.
- Accommodate for 2⅝″ frame thickness planning with Abound® panel system.
- All L-configuration Gallery Panels require the connector kit HRVCE to attach to the parent run.
- When the system panel is higher than the Gallery Panel, the variable height system's trim must be specified to finish off exposed frame.

MID-CONFIGURATION (SINGLE-SIDED OR DUAL-SIDED)

- Mid-configuration panel does not overlap parent system panel.
- When specifying mid-configuration panels, one Gallery Panel "block and trim" kit (HRVCXXGP) is required to space the system panels out 1⅛″. Kits include: Connector blocks, vertical trim, and a top cap.
- "Block and trim" models must match the height of the parent run.
- Specify one mid-connector kit (HRVCM) per Gallery Panel to attach to parent run. Gallery Panel and mid-connector kit attach over "block and trim" kit. Dual-sided application requires two connector kit models.
- When using a mid-configuration Gallery Panel, both panel frames in the spine must be of equal height.
- Mid-configuration Gallery Panel may exceed the height of the parent run by a maximum of 15″.
- Trims can be painted to match the system panel trims.

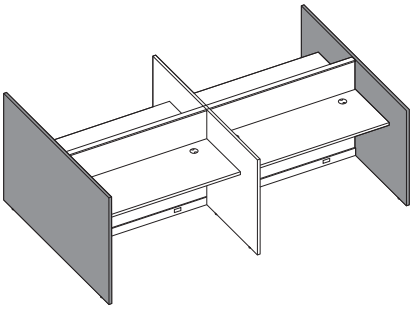

Dual-Sided Configuration

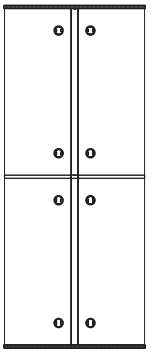

Single-Sided Configuration

GALLERY PANELS
Working with Accelerate®

T-CONFIGURATION

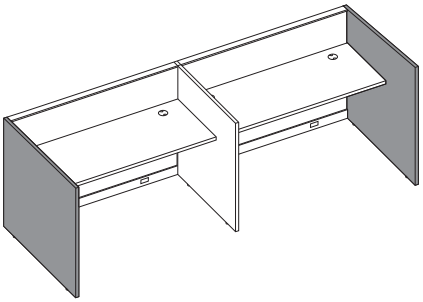

- Provides privacy to one or both ends of the Accelerate® system in a dual-sided application.
- Use HEGPE connector kit for T-configurations without glass; HEGSFGA for configurations with glass.
- End Gallery Panels cannot be shorter than the spine panel.
- Accommodate for 2⅛″ frame thickness when planning with Accelerate® panel system.

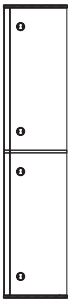

L-CONFIGURATION

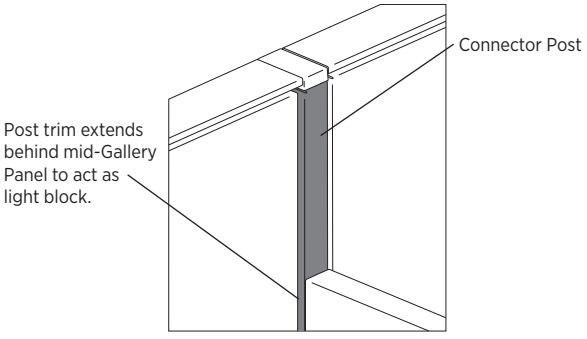

- Provides privacy to one or both ends of the system in a single-sided application.
- L-configuration caps over the system panel.
- Due to the thickness of the Accelerate® panel L-configuration overhangs by approximately ⅞″ on both sides.
- Accommodate for 2⅛″ frame thickness planning with Accelerate® panel system.
- End Gallery Panels cannot be shorter than the spine panel.
- L-configurations both with and without glass connect with HEGPEC connector kit.
- When using stackers on spine, fixed worksurfaces with cantilevers must be tied into Gallery Panels.
- End Gallery Panels cannot be shorter than the spine panel.

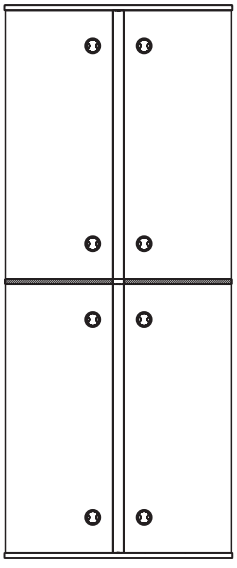

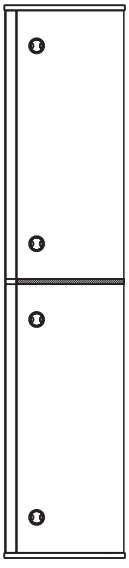

MID-CONFIGURATION (SINGLE-SIDED OR DUAL-SIDED)

- Mid-configuration panel does not overlap parent system panel.
- When specifying mid-configuration panels, one Gallery Panel Mid Connector HEGMCXXX is required to space the system panels out 1⅛″.
- Mid connector models must match the height of the parent run.
- Mid Connectors are available for single- and double-sided applications.
- When using a mid-configuration Gallery Panel, both panel frames in the spine must be of equal height.
- Mid-configuration Gallery Panel may vary in height from the parent run by a maximum of 15″.
- Trims can be painted to match the system panel trims.

Dual-Sided Configuration

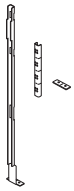

Single-Sided Configuration

GALLERY PANELS
Overview

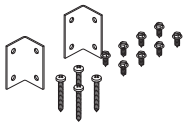

STORAGE AND WORKSURFACE CONNECTORS

- Use HRVGLSK to connect to laminate storage or HRVGMSK for metal storage.
- To connect to worksurfaces use HSTB2W1 bracket when used in perpendicular to parent run or use standard systems cantilever brackets when used in parallel to parent run in panel systems.

HRVCE

Panel system with cantilever support.

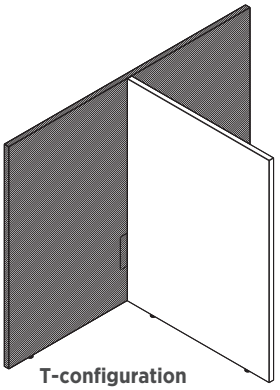

GALLERY PANELS
Overview

GALLERY-TO-GALLERY PANELS

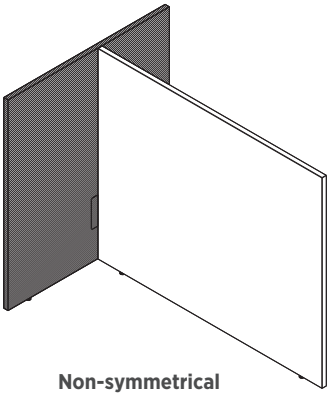

- Gallery-to-Gallery Panels connect to other Gallery Panels and are available in L-, T-, and Non-symmetrical T-configurations.
- When specifying Gallery-to-Gallery Panels, the installation template HRVGTGG is required. The recommendation is one template for every 30 panels.
- Gallery-to-Gallery Panels must be of equal or lower height than the Standard Gallery Panel attached. The Gallery-to-Gallery Panel cannot be taller than the adjacent panel. If this is needed, please reach out to Tailored Solutions for a custom solution.
- Made of 1⅛″ board with HPL laminate.
- Can be specified with matching or contrasting edge.
- Edgeband is 2mm ABS.
- Available in woodgrain and solid laminates.
- Woodgrain laminates can be specified with vertical grain up to 48″W.
- Gallery-to-Gallery Panel widths are available in 18″, 24″, 30″, 36″, 42″, 48″, 60″W, and 72″ (T).
- Gallery Panels offer 2½″ leveling capability.
- Overall heights line up with adjacent panel.
- Gallery-to-Gallery Panels cap over Standard Gallery Panels and are oversized by 1⅛″ to maintain true interior dimensions.
- Available with or without the integrated glass option.
- Glass is specified separately. Use mid-connection glass.
- Gallery Panels for use with glass have separate model numbers.
- Gallery-to-Gallery Panels are secured with an inset flat bracket under a painted metal cover. Paint color is specifiable to blend in with laminate choice.
- L-panels are handed.
- Non-symmetrical T-panels vary in size on either side of the adjacent panel.
- Please adhere to all standard systems specification guidelines.
- Additional support is required after every 60″ in Gallery Panel width (i.e., a storage or worksurface tie-in).

Non-symmetrical

GALLERY PANELS
Overview

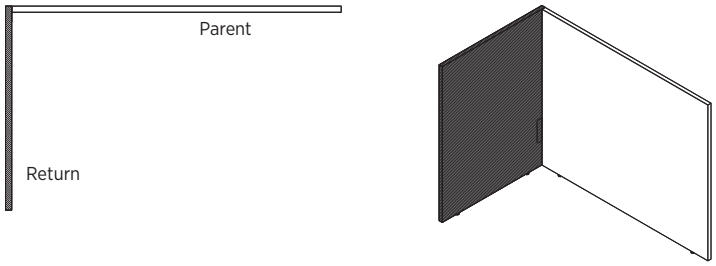

GALLERY-TO-GALLERY FREESTANDING SCREENS

Freestanding screens can be created using Standard Gallery Panels and Gallery-to-Gallery Panels. All Gallery Panel heights are allowed. Increase minimum return length by 3″ (or next largest width) of panel for every 7½″ variation in panel height.

Freestanding L-Screens

Parent	Minimum Return*
30″-36″	30″
>42″-60″	36″
60″-75″	42″

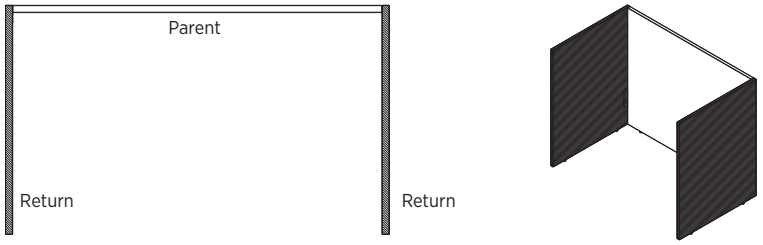

* 18″-24″ not valid

Freestanding U-Screens

Parent	Minimum Return*
24″-48″	24″
60″-75″	30″

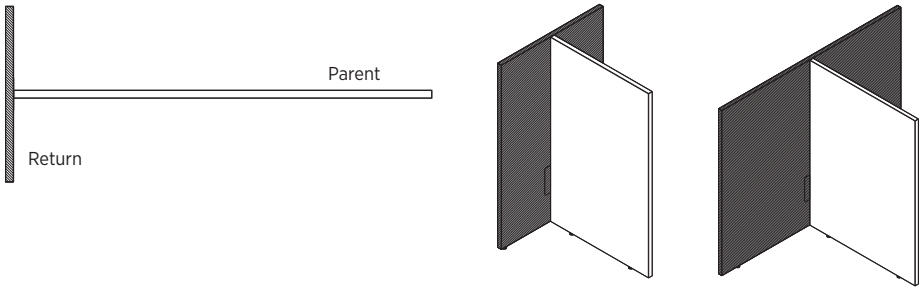

* 18″-24″ not valid

Freestanding T-Screens

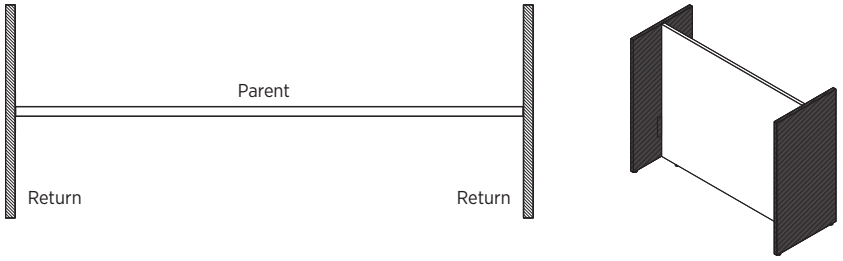

Parent	Minimum Return*
30″-75″	30″
36″-75″	36″
42″-72″	42″

* 18″-24″ not valid

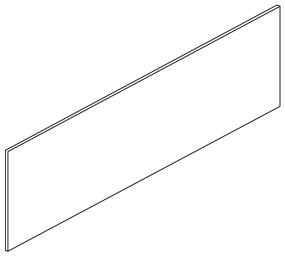

Freestanding H-Screens

Freestanding T (Dual-Sided)	
Parent	Minimum Return
30″-60″	18″

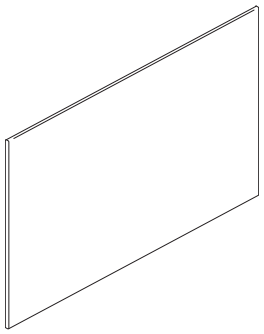

NOTES: Increase minimum return length by 3″ or next largest width of panel for every 7½″ variation in panel height.

GALLERY PANELS
Working with Accessories

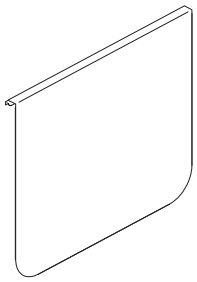

TACKBOARDS

- Provides tackable surface.
- Comes with steel-painted trim.
- Available in the following heights: 15″, 22½″.
- Available in the following widths: 24″, 30″, 36″, 48″, 60″.
  ** Nominal widths, true width is undersized by ½″.*
- Depth of ½″.
- Mounts directly to Gallery Panel. Mounting hardware included. Installing will deface the panel.

MAGNETIC SURFACE OR MARKERBOARDS

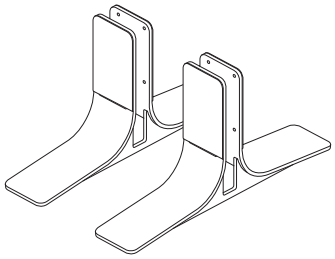

- Provides writable and magnetic surface when painted in markerboard paint. Provides magnetic, non-writable surface when painted in other HON paint colors.
- Available in the following sizes: 15″H x 24″W and 30″W, 22½″H x 36″W, 48″W, and 60″W.
  ** Nominal widths, true width is undersized by ½″.*
- Depth of ½″.
- Mounts directly to Gallery Panel. Mounting hardware included. Installing will deface the panel.

HANGING MAGNETIC SURFACE OR MARKERBOARD

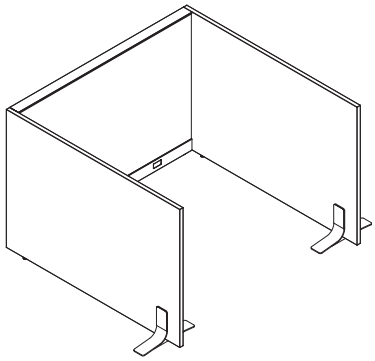

- Hangs over Gallery Panel or sits on top of worksurface.
- Provides writable and magnetic surface when painted in markerboard paint. Provides magnetic, non-writable surface when painted in other HON paint colors.
- Cannot be installed back-to-back when hanging in the same location.
- Available in 30″W and in two heights: 20″H and 26″H.

GALLERY PANELS
Working with Accessories

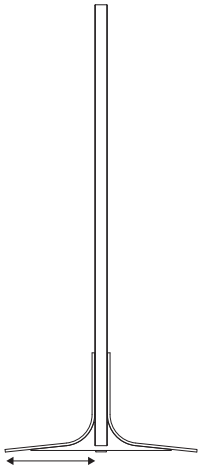

GALLERY PANEL FOOT

- Single foot provides rigidity to large wing panel.
- Using two feet on a single Gallery Panel allows for a freestanding application on panels greater than 24″W.
- Available in standard HON paints.
- Foot extends 9″ from either side of the panel.

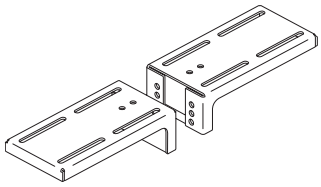

Standard foot placement is over the leveling glide and limits leveling capabilities.
Feet may be installed anywhere from outer panel edge to 6″ inset (to outside of foot) to avoid interference.

WALL START

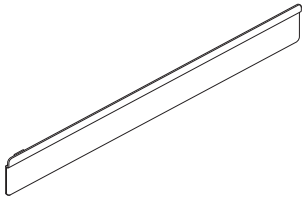

- Wall Starts are 1⅛″ by 1⅛″ rectangular mounting posts that are meant to affix a Gallery Panel to a permanent building wall.
- Wall Starts add 1⅛″ to a panel run.
- Attachment hardware not included.
- Must be specified at the same height as the connecting panel.

COUNTERTOP BRACKETS

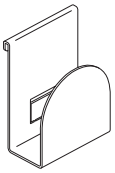

- Includes attachment hardware.
- Countertops are flush with the top of the panel and can be flush with the ends of the panel or shorter than the panel width.
- For straight countertops, two countertop brackets must be ordered.
- For corner countertops, three countertop brackets must be ordered.
- Will deface the Gallery Panel.
- May be used in conjunction with Stride, Terrace, or Optimize panels. When transitioning from a Panel spine to a Gallery Panel wing with a corner countertop, use countertop model of the panel system.

GALLERY PANELS
Working with Accessories

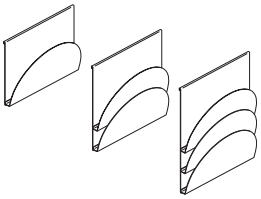

ACCESSORY RAIL AND PAPER MANAGEMENT

- Accessory Rail provides mounting for paper management accessories listed below.
- Rail is 2⅜″H and is available in the following widths: 12″, 18″, 24″, 30″, and 36″.
- Rails can be installed at any location on the Gallery Panel, as long as the rail does not extend beyond the top of the panel. Rails can be placed in-line to span panel length.
- Rails and accessories can be painted in any standard HON color.
- Mounts directly to the Gallery Panel, attachment hardware included. Installing will deface the panel.
- Fuse accessories are NOT compatible with the Accessory Rail.
- These accessories are compatible with panel system tool tiles.
- Includes a rail cover to hide hardware and provide magnetic surface.

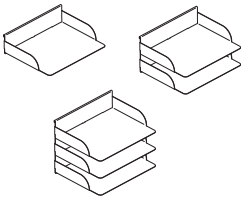

Coat Hook

- Rail-based, a mounted version also available to attach directly to the panel.
- Weight limit is 25 lbs.

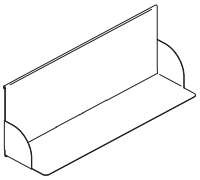

Angle File (Single, Dual, and Triple)

- Depth of 2″
- Heights:
  Single = 9¼″
  Dual = 12¼″
  Triple = 15¼″

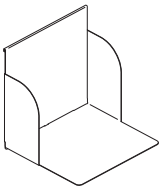

Paper Tray (Single, Dual, and Triple)

- Depth of 10″
- Heights:
  Single = 3¼″
  Dual = 6¼″
  Triple = 9¼″

Personal Shelf

- 9¼″H x 24″W x 6½″D
- Weight limit is 25 lbs.

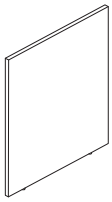

Binder Shelf

- 12¼″H x 12″W x 11¼″D
- Weight limit is 25 lbs.

NOTE: When accessory tools are attached to freestanding Gallery Panel screens, excess weight may affect overall panel stability.

42″H x 45″W	**HRVG4245L**	65.0	4.8	**$872**	**$908**
42″H x 48″W	**HRVG4248L**	69.5	5.1	**$907**	**$945**
42″H x 51″W	**HRVG4251L**	73.5	5.4	**$967**	**$1007**
42″H x 60″W	**HRVG4260L**	85.0	6.3	**$1056**	**$1100**
42″H x 63″W	**HRVG4263L**	89.0	6.7	**$1084**	**$1129**
42″H x 75″W	**HRVG4275L**	104.5	7.9	**$1250**	**$1301**

NOTES:
- When specifying Wing End of Run panels, the Gallery Panels are 3″ wider to allow for the panel to cover the width of the spine.
- Mid-configuration creates 1⅛″ space between the system panels. This gap matches the thickness of the Gallery Panel.
- Wing End of Run widths of 51″, 63″, and 75″W can be used as spanning end of run configurations.
- Gallery Panels come standard with two adjustable leveling glides.
- Gallery Panels require connectors to attach to the spine of the panel. See connectors on pages 517-518.
- Gallery Panels up to 60″W can specify vertical or horizontal woodgrain direction. Panels larger than 60″W will have horizontal woodgrain.

- Minimum panel length must be 50% of the Gallery Panel for stability.
- When system panel is higher than the Gallery Panel, system's variable height trim kit must be specified to finish off the exposed frame (Abound® only).
- Standard Gallery Panels can only connect to standard panel frames. Use Gallery-to-Gallery Panels to connect Standard Gallery Panels to other Gallery Panels.
- Gallery Panels longer than 60″W require a floor or storage support.
- 75″W Gallery Panels require use of Gallery Panel Stiffener model HRVGS7578.
- When pairing gallery panels with Accelerate, End Gallery Panels in a T- or L-Configuration cannot be shorter than the spine panel.

- Wing End of Run widths of 51″, 63″, and 75″W can be used as spanning end of run configurations.
- Gallery Panels come standard with two adjustable leveling glides.
- Gallery Panels require connectors to attach to the spine of the panel. See connectors on pages 517-518.
- Gallery Panels up to 60″W can specify vertical or horizontal woodgrain direction. Panels larger than 60″W will have horizontal woodgrain.

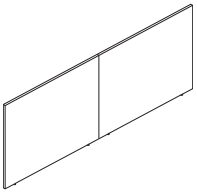

- Minimum panel length must be 50% of the Gallery Panel for stability.
- When system panel is higher than the Gallery Panel, system's variable height trim kit must be specified to finish off the exposed frame (Abound® only).
- Standard Gallery Panels can only connect to standard panel frames. Use Gallery-to-Gallery Panels to connect Standard Gallery Panels to other Gallery Panels.
- Gallery Panels longer than 60″W require a floor or storage support.

NOTES:

- Gallery-to-Gallery Panels connect to other Gallery Panels and are available in L-, T-, and Non-symmetrical T-configurations.
- When specifying Gallery-to-Gallery Panels, the installation template (HRVGTGG) is required. The recommendation is one template for every 30 panels. Templates are reusable.
- Gallery-to-Gallery Panels must be of equal or lower height than the Standard Gallery Panel attached. The Gallery-to-Gallery Panel cannot be taller than the adjacent panel. If this is needed, please reach out to Tailored Solutions for a custom solution.
- Made of 1⅛″ board with HPL laminate.
- Woodgrain laminates can be specified with vertical grain up to 48″W. Horizontal grain is available on all sizes.
- Gallery Panels offer 2½″ leveling capability.
- Overall heights line up with adjacent panel.
- Gallery-to-Gallery Panels cap over Standard Gallery Panels and are oversized by 1⅛″ to maintain true interior dimensions.
- Available with or without the integrated glass option.
- Glass specified separately, see 7½″H Gallery Glass on pages 515-516.
- Gallery Panels for use with glass have separate model numbers.
- Gallery-to-Gallery Panels are secured with an inset flat bracket under a painted metal cover.
- L-panels are handed.

NOTES:
- Gallery-to-Gallery Panels connect to other Gallery Panels and are available in L-, T-, and Non-symmetrical T-configurations.
- When specifying Gallery-to-Gallery Panels, the installation template (HRVGTGG) is required. The recommendation is one template for every 30 panels. Templates are reusable.
- Gallery-to-Gallery Panels must be of equal or lower height than the Standard Gallery Panel attached. The Gallery-to-Gallery Panel cannot be taller than the adjacent panel. If this is needed, please reach out to Tailored Solutions for a custom solution.
- Made of 1⅛″ board with HPL laminate.
- Edgeband is 2mm ABS.
- Available in woodgrain and solid laminates.
- Non-symmetric T-panels vary in size on either side of the adjacent panel.
- Woodgrain laminates can be specified with vertical grain up to 48″W. Horizontal grain is available on all sizes.
- Gallery Panels offer 2½″ leveling capability.
- Overall heights line up with adjacent panel.
- Gallery-to-Gallery Panels cap over Standard Gallery Panels and are oversized by 1⅛″ to maintain true interior dimensions.
- Available with or without the integrated glass option.
- Glass specified separately, see 7½″H Gallery Glass on pages 515-516.
- Gallery Panels for use with glass have separate model numbers.
- Gallery-to-Gallery Panels are secured with an inset flat bracket under a painted metal cover.

NOTES:
- Gallery Panels are 3″ wider than corresponding glass to allow for proper fit and function.
- Glass is inset 1½″ from end of Standard Gallery Panels. Gallery-to-Gallery Panels have ½″ glass inset.

Cannot hang or stack on top of Frameless Glass.

Frameless Glass can only be used on the top of Gallery Panels. Glass integrates into notch cutout in the top of the panel.

72″W	**HEGFG0772**	19.6	2.2	**$969**	**$1792**

NOTES:
- Gallery Panels are 3″ wider than corresponding glass to allow for proper fit and function.
- Glass is inset 1½″ from end of Standard Gallery Panels. Gallery-to-Gallery Panels have ½″ glass inset.

❗ Cannot hang or stack on top of Frameless Glass.

❗ Frameless Glass can only be used on the top of Gallery Panels. Glass integrates into notch cutout in the top of the panel.

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE
Gallery Panel-to-Storage Kits				
Laminate Storage Ganging Kit	**HRVGLSK**	0.1	0.1	**$67**
Metal Storage Ganging Kit	**HRVGMSK**	0.1	0.1	**$18**

NOTES:
- HRVCE is used in L and spanning (T) end of run applications.
- Wing Middle Connector Kits accommodate both single-sided and dual-sided applications.
- For more rigidity, the Gallery Panel can be tied to a storage or a non-adjustable surface. Use HRVGLSK for laminate or HRVGMSK for metal storage.
- HAT bases can be tied to Gallery Panels using HAT-to-Gallery brackets on page 519.

Wing Middle Connector Kits must be used in any Wing Middle application in conjunction with model HRVCM.

Wing Middle Connector Kits are required for Wing Middle applications and are used only with Wing Middle Gallery Panels.

Gallery Panels can only connect to standard panel frames; Gallery Panels cannot connect to each other.

	HAT to Gallery Panel	**HHALRECG**	3.5	0.2	**$208**	**$228**	**$238**

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE
Gallery-to-Gallery Template	**HRVGTGG**	1.1	0.5	**$91**
HAT-to-Gallery Template	**HHALGPT**	1.1	0.1	**$65**

NOTES:
- Tie-in brackets are used to tie a height adjustable table to either a Standard Panel or Gallery Panel for added rigidity.
- Bracket ties into the approach side of the height adjustable worksurface — this removes the need for a wing panel.
- Can be used as a value engineering option to replace wing panels.
- Available in all paint colors to match panel trim or coordinating colors to the height adjustable base.
- Brackets telescope to account for 24″ and 30″ deep worksurfaces and screen attachments.

❗ Brackets must be used on a return panel, not a spine wall, except if stations are back-to-back on a spine wall and a tie-in bracket is used at a minimum every 96″.

❗ C-legs with a 30″D worksurface and a screen must be specified with T-leg brackets.

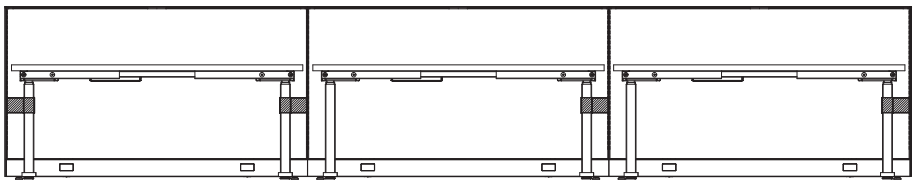

SINGLE BRACKET
Systems Application
- Max Height (with Glass): 65″H
- Max Width: 96″; tops greater than 72″W **will not align**.

Gallery Panel Application
- Max Height (with Glass): 65″H
- Max Width: 75″; no top size restrictions.

DUAL-SIDED PANEL BENCH
Systems Application
- Max Height (with Glass): 65″H
- Bracket needed every 96″ on both sides; tops greater than 72″W **will not align**.

Gallery Panel Application
- Max Height (with Glass): 65″H
- Bracket Needed: Single Panel (75″) with brackets on each leg (same height).

❗ Overhead storage cannot be used without return panels.

GRAVITATION™ POWER BEAM

Want to see more? Scan here to check out hon.com.

Gravitation™ Power Beam shown with Coordinate™ Height Adjustable Desks and Workplace Tools.

GRAVITATION™ BEAM

Bringing power and privacy to individual workspaces and team areas, Gravitation™ Beam offers a sleek look and multiple aesthetic options to complement any environment. Designed for movement and flexibility, it adapts to changing needs with ease.

FEATURES

- Pairs perfectly with height adjustable tables or alongside soft seating.
- Offered in a variety of paint options.
- Available in 3 widths: 48″, 60″, and 72″.
- Create L, X, and T configurations using universal connectors.
- Painted metal screens available to provide privacy and space division.

GRAVITATION™ POWER BEAM ORDERING INFORMATION

Gravitation™ Ordering Checklist

When specifying Gravitation™ Power Beams for your workspace, follow the ordering checklist below to ensure full functionality.

- Beams (HBEAM48, 60, or 72).
- Legs to go with beams based on how the beams will be connected (HBLEG23).
- Electrical Harnesses, Receptacles, and In-feeds.
- Specify connectors, power hubs, and/or power poles (HBEORH23, HBEORT23, HBILNH23, HBCONU, etc.).
- Port Covers (for any power/data ports left unused).
- Metal, fabric, and PET screens and acrylic, fabric, and laminate modesties available.

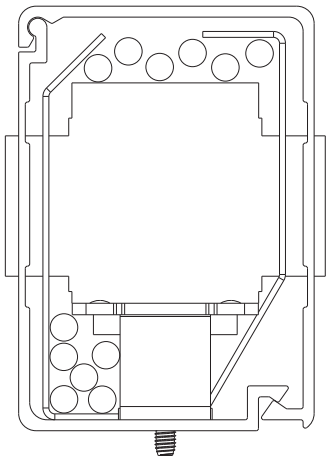

General Rules:

- Generally, a rail should be supported by two feet.
- If a rail connects DIRECTLY to another rail, it can share a foot.
  - 2 rails connected would have 3 feet instead of 4.
- When using the universal connector to change directions, feet are not shared between rails in the same "plane".
  - However, rails going perpendicular to the main line will skip the foot next to the universal connector.

When two rails share a leg, the leg is centered between the legs in the "outer slot". When the leg is positioned **at the end of a run of rails** (i.e., the rail doesn't connect to another rail), the leg will be inset 1⅞" from the end of the rail, not the end cap, in the "inner slot".

Cable Capacity

- The Power Rail housing allows continuous voice and data lines to run without interruption.
- Lay-in is provided for environments where systems furniture or cabling are subject to frequent change.
- Lower cavity allows for 6 voice/data cables (¼" diameter).
- Upper cavity lay-in allows 6 voice/data cables (¼" diameter).

Hardwire (Chicago Code) Junction Box

Wiring harnesses and snap connectors are not allowed in Chicago—base pathways must be comprised of all metallic components. Concealed mounting is the only option at beltline. For the base pathway, junction box (model HH871500) clips directly into receptacle locations. Customer must furnish conduit, wiring, standard duplex receptacles with metal covers for the beltline, and designer-type receptacles for the base pathway. Power entry can be routed from the ceiling via a Gravitation power pole, or from the floor into a junction box (model HH871500).

GRAVITATION™ POWER BEAM

Icon Legend on page 19

	DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY PAINT GRADE P1	P2	P3
	**Power Beam**						
	48″W	**HBEAM48**	7	0.6	**$579**	**$622**	**$641**
	60″W	**HBEAM60**	9	0.7	**$635**	**$681**	**$702**
	72″W	**HBEAM72**	11	0.9	**$743**	**$797**	**$823**
	**Beam Legs**						
	23″H	**HBLEG23**	5	0.6	**$204**	**$218**	**$223**

NOTES:
- Beams and legs specified separately.
- Order power harness separately to corresponding beam length.
- Beams ship with mounting brackets for 8-Trac electrical to be installed in the field.
- Beams ship with internal guides to retain power/data wires during installation (internal wire management).
- 2 ports for electrical and 2 ports for data are provided on each side of the rail, total of 8 ports.
- Electrical in-feed can also be accomplished through an electrical knockout (not data) in the face of the rail using a base in-feed.
- Beam height when installed is 23″H. This height aligns with the Empower® height adjustable trough. Gravitation™ and Coordinate™ can be used as single-sided height adjustable benching.
- 2-Pack metal port covers specified separately to cover unused power/data ports.
- Electrical harnesses, duplexes, and power feeds ordered separately.
- Leveling capability of 1¼″ internal to rail for clean aesthetic.

❗ With in-line connections between beams, one leg can be shared. Requires one more leg than the number of beams.

❗ Specify paint; not available in Putty (L), Platinum Metallic (T1), and Champagne Metallic (T4).

❗ When two rails share a leg, the leg is centered between the legs in the “outer slot”. When the leg is positioned **at the end of a run of rails** (i.e., the rail doesn’t connect to another rail), the leg will be inset 1⅞″ from the end of the rail, not the end cap, in the “inner slot”.

	DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY PAINT GRADE P1	P2	P3
	**Power Beam End Cap**	**HBENDCP**	1	0.1	**$102**	**$113**	**$116**

NOTES:
- Power can enter into the beam from the floor, wall, or ceiling.
- When using the power pole, please note attachment to beam is up to the installer, as well as field-cutting the power pole to access power and data wires.
- End caps have integral knockout ports with plastic grommets to allow for power/data in-feed (without sharp edges).
- End caps add 1″ to the length of the run.

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY PAINT GRADE P1	P2	P3
Universal Connector	**HBCONU**	2.0	0.1	**$303**	**$322**	**$329**

HBCONU

! Used to change direction of beam (L, T, X). Cannot bring in-feed into Universal Connector; use Power Hubs in these instances (HBXXX23).

NOTES:
- Universal Connector is used to change beam direction when power is not coming in at that location. Power Hub will be used to bring in power at a change of connection.
- Port Covers used to cover open power or data ports if not in use, as desired.
- Able to connect rails in T-, X-, or L-configurations.

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY PAINT GRADE P1	P2	P3
Power Hub, 23″H						
End of Run Power Hub	**HBEORH23**	10	4.0	**$396**	**$427**	**$441**
End of Run Power Hub, T	**HBEORT23**	14	4.0	**$437**	**$470**	**$486**
End of Run Power Hub, L	**HBEORL23**	13	4.0	**$388**	**$418**	**$433**
In-Line Power Hub	**HBILNH23**	13	4.0	**$417**	**$449**	**$464**
In-Line Power Hub, X	**HBILNX23**	15	4.0	**$440**	**$473**	**$489**
In-Line Power Hub, T	**HBILNT23**	14	4.0	**$421**	**$453**	**$469**

! Power Hub is used when electrical needs to enter at a connection. For change of direction only (not bringing in power) use Universal Connector.

NOTES:
- Hub connectors allow power to enter the beam by bringing it through the bottom of the hub or knocking out the mouse hole in the hub.
- Specify correct hub based on desired location of power entering the beam.

! Power Hub is used when electrical needs to enter at a connection. For change of direction only (not bringing in power) use Universal Connector (HBCONU).

! Hubs are dual use — change of direction "connector" (when choosing L, T, or X hubs) and to bring power to the beam; choose Universal Connector if change of direction is needed **without** bringing power to the beam (HBCONU).

! Power can enter the beam in six different ways.
1. Bring in-feed from floor or wall into end of beam with no cover (see local electrical codes to ensure the use of this solution) — metal flexible (HH871912) or Sealtight (HMP144) conduit available based on code compliance.
2. HH870070 freestanding Power Pole at end of run.
3. Vertebrae Wire Manager (HBVWM) from end of beam.
4. 96″ Power Pole (HB96PP) with beam Power Pole Connectors (HBPP*K).
5. Power Hubs (HBXXX23, see above).
6. Power Hubs (HBXXX23, see above) with 96″ Power Pole (HB96PP) with Hub Connectors (HBPPCK).

Systems Worksurfaces, Accelerate® Panels, Systems Overhead Storage, Ignition® Seating.

SYSTEMS SHARED COMPONENTS

Panel-based workstations make efficient use of space, giving your people a place of their own that's still part of the action. Modular components are easy to specify and install, so you can configure them just about any which way — and reconfigure fast when your needs change. Systems models integrate seamlessly with Abode, Abound, Accelerate, Empower and Voi models and can be configured to create freestanding or height adjustable workstations.

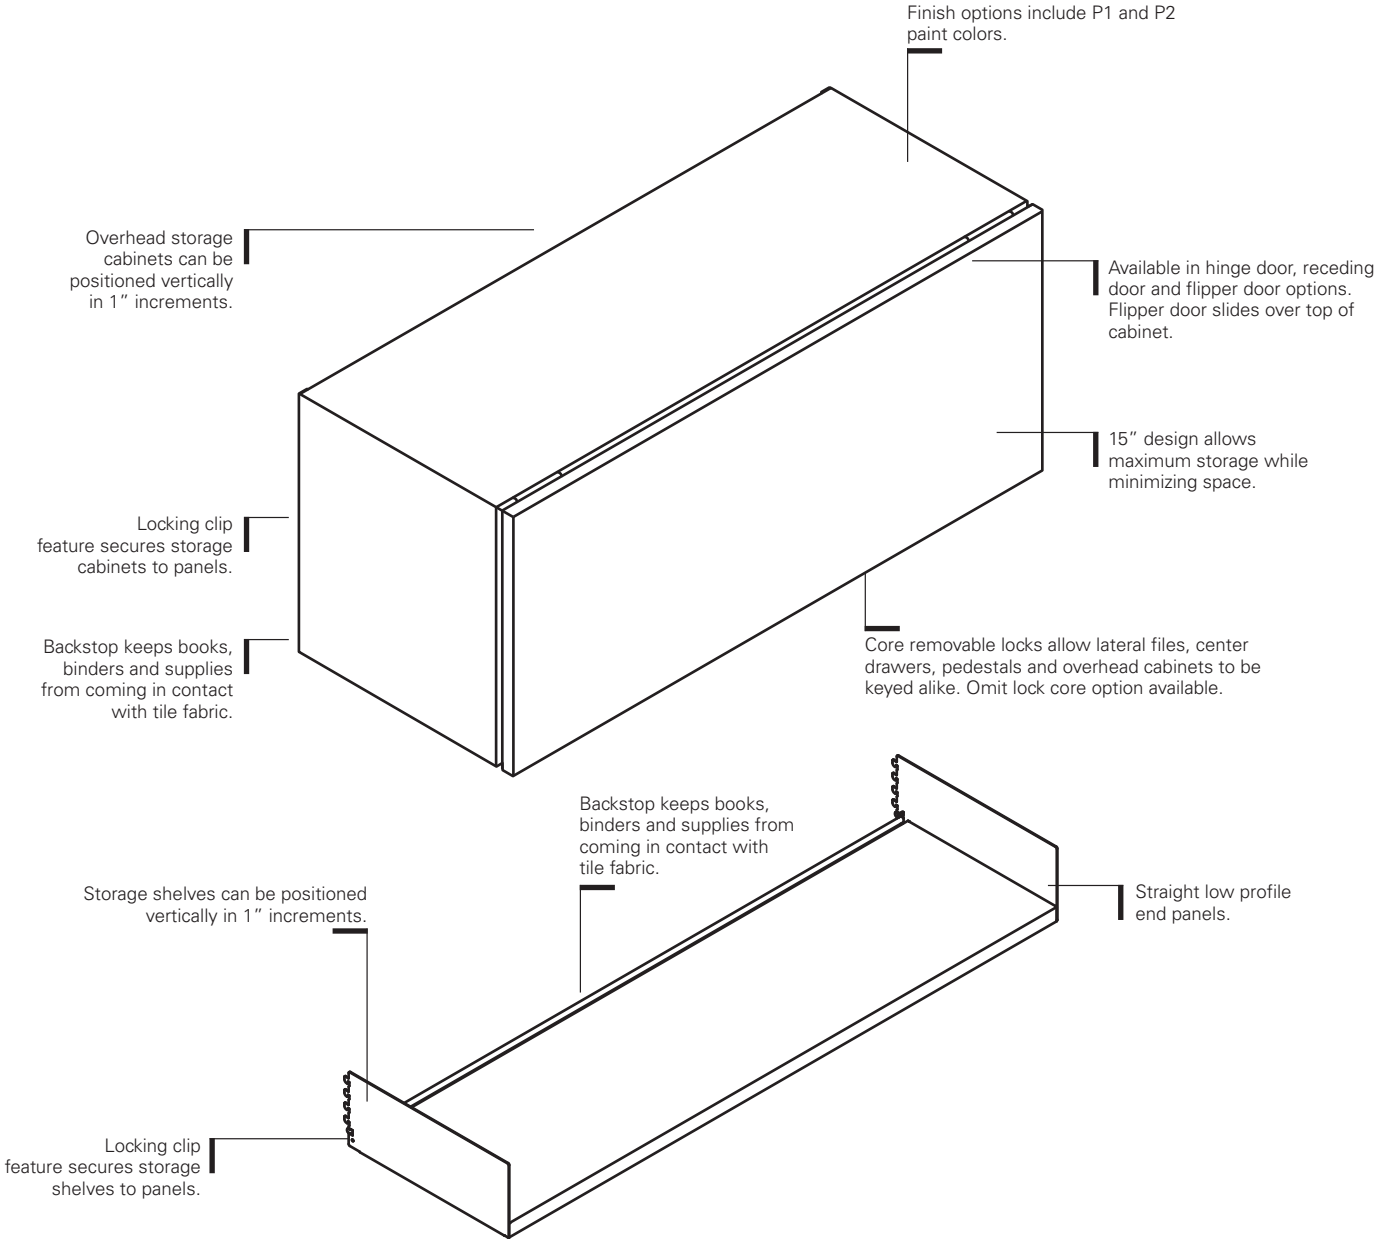

FEATURES

- Systems worksurfaces and supports can be used with Abode, Abound, Accelerate, Coordinate, Empower and Voi products.
- Systems electrical and data components can be used with Abode, Abound, Accelerate and Empower products.
- Systems storage can be used with Abound and Accelerate products.

SYSTEMS
OVERHEAD AND SHELVES SPECIFYING

PRODUCT DIMENSIONS

Overhead Storage Cabinet

Width 24″, 30″, 36″, 42″, 48″, 60″

Inside width Flipper and Receding door — 3/8″ less than width
Hinged door — 1 3/4″ less than width

Depth 14 7/8″

Inside depth 12 7/8″

Height 15″

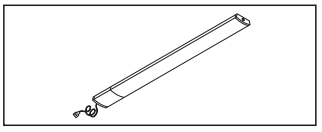

Inside height 12 3/4″

Open Shelf

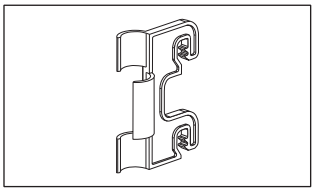

Width 24″, 30″, 36″, 42″, 48″, 60″

Depth 14 3/8″

Height 5 5/8″

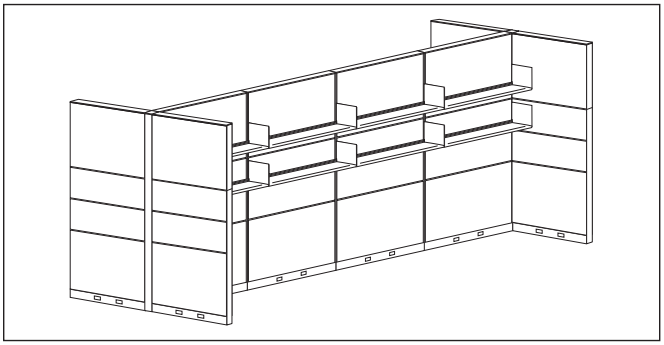

Task lights can be mounted beneath storage shelves and overhead storage cabinets.

Cord retainer clips fasten into panel slots to anchor power cords. Available in black only. Clips are provided with undershelf mounted task lights.

SYSTEMS
OVERHEAD AND SHELVES SPECIFYING

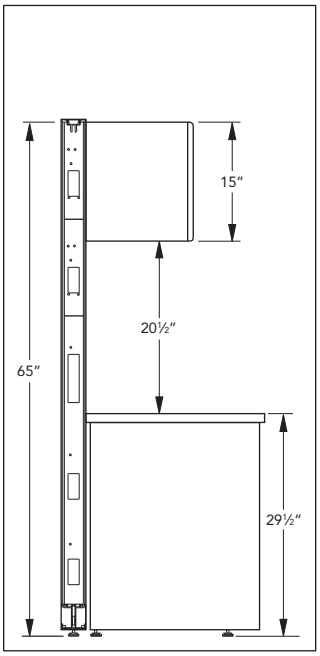

SPECIFICATION GUIDELINES

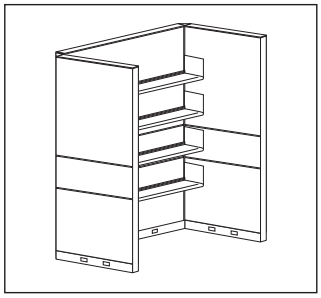

In a panel run, only two overhead storage cabinets or open storage shelves are recommended per panel side. When suspending overhead storage off-module only one storage unit per panel side is allowed.

When overhead storage units are suspended from stacking frames, the following guidelines should be adhered to:

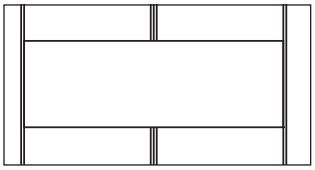

A maximum of two overhead storage units can be suspended from each side of stacking frames on any given panel.

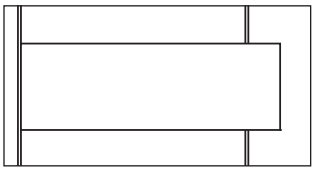

Overhead Storage cabinets and the **Open Shelf** can also be mounted to a maximum height of 65″H on all systems. Voi overheads not to be mounted on Accelerate stackers.

No limitation to the number of units on structural frames when units are spaced 12″ apart and when the run is supported with return panels of equal height to the spine wall on each side of storage shelves or overhead storage cabinets.

Storage shelf and overhead width must correspond with width of panel(s). It is possible to span two panels when combined panel width equals cabinet or shelf width.

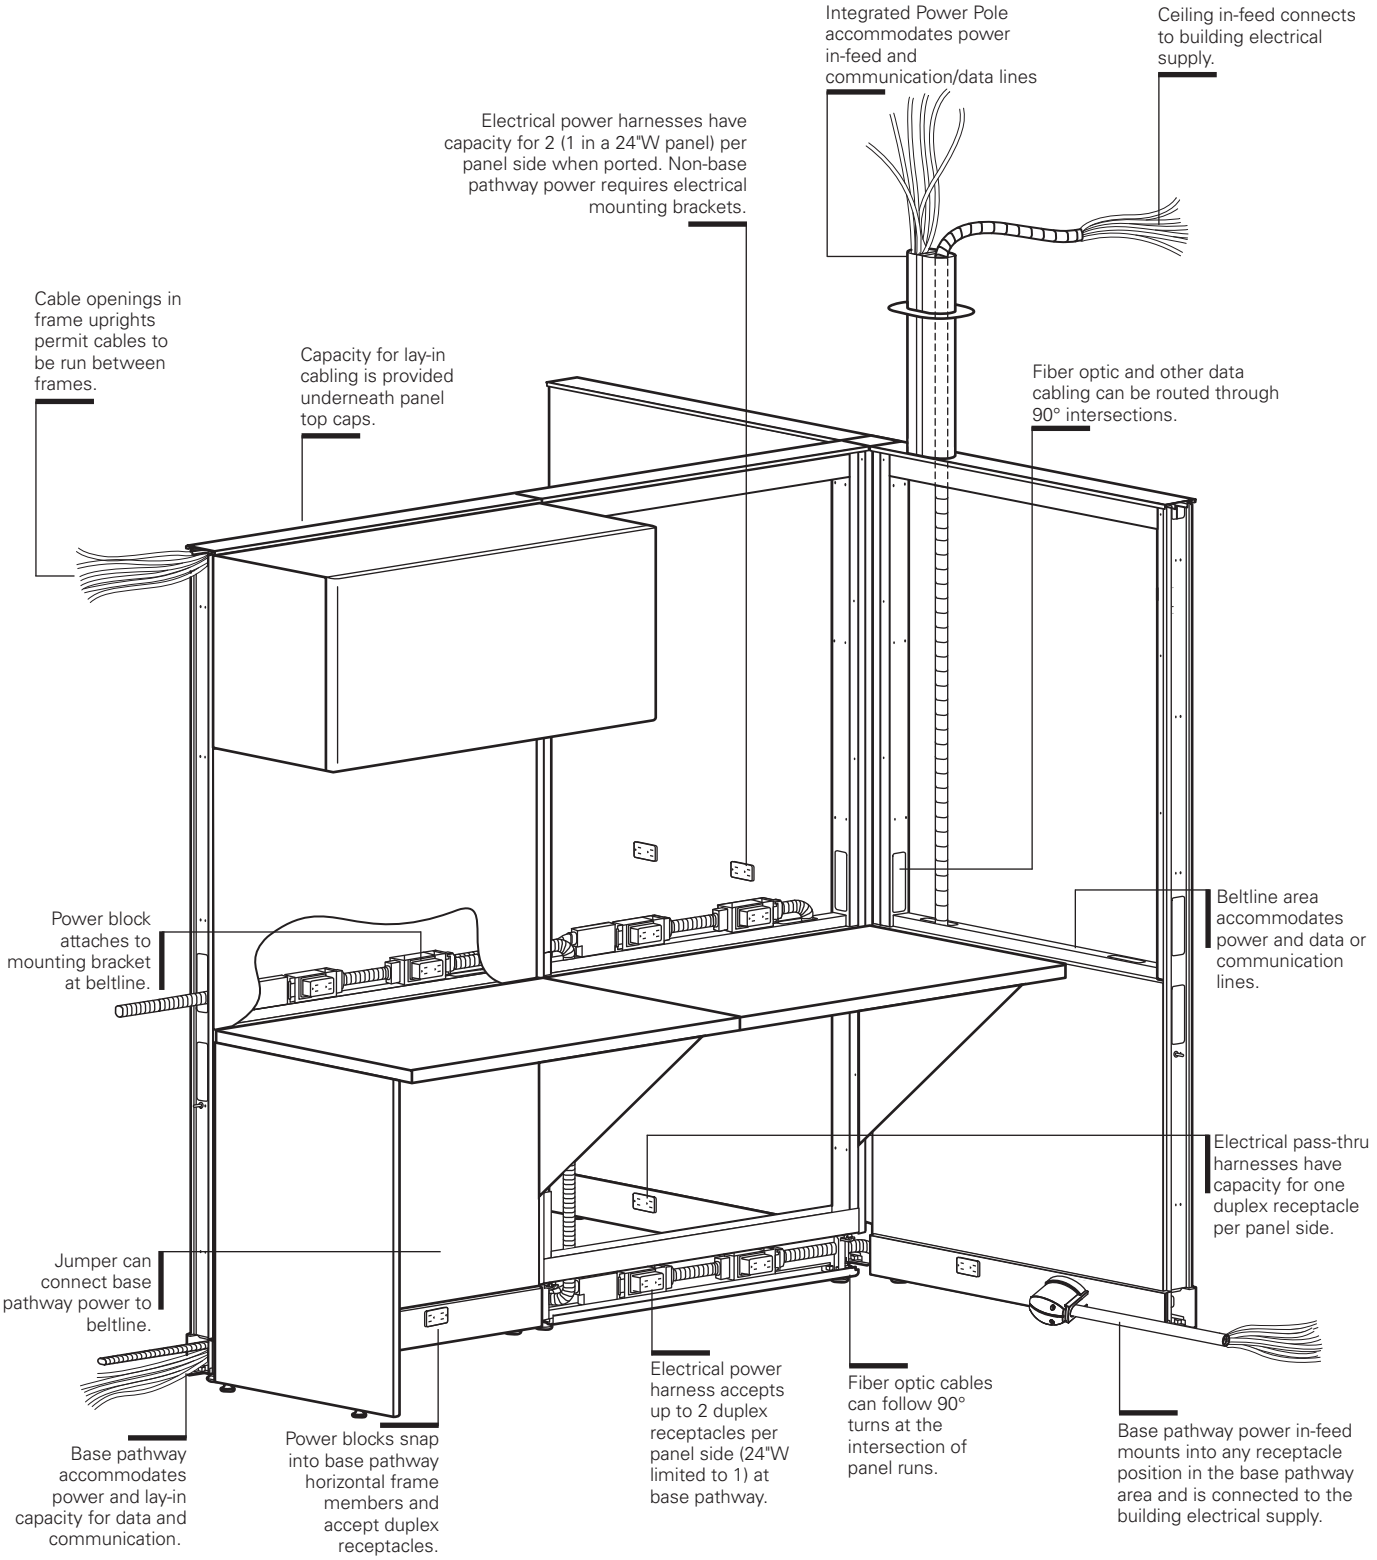

Overhead Cabinets can be mounted on a panel equal to or up to 18″ narrower than cabinet.

Not applicable for ETA overheads, Voi overheads, and shelves.

ABOUND®
Electrical and Data

Abound® features capabilities for cable management, including electrical, voice, and data. The 8-wire electrical system can be integrated at base pathway and beltline. The open structure of the frame allows voice and data cables to be routed both vertically and horizontally.

ABOUND® Electrical and Data

THE ABOUND ELECTRICAL SYSTEMS

Abound offers a choice of three electrical systems:

- Four-circuit, 3 + 1
- Four-circuit, 2 + 2
- Three-circuit, separate neutrals

All three systems utilize an 8-wire electrical system, rated at 20 amps per circuit (15 amps Canadian). See pages 546-547 for a detailed explanation of each electrical system.

Abound frames and electrical components are UL Listed. Electrical components are also CSA certified.

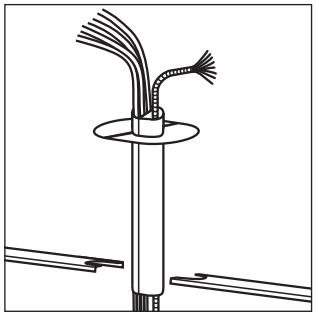

Installation and use of the electrical system, the number of receptacles used on a given circuit and connections to the building power supply should be in compliance with all local and national electrical codes.

Caution: Electrical equipment cords or extension cords MUST NOT BE ROUTED through cable openings in frame sides.

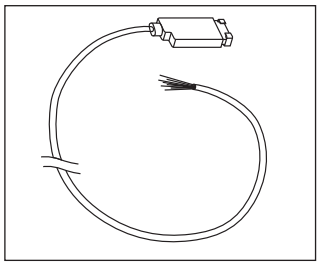

Abound's electrical harnesses are UL listed and are considered raceways themselves as defined by the National Electrical Code. This means there is no separation requirement between the electrical harnesses and communications cables per Sec. 800-52 of the National Electrical Code. Communication cables may be placed next to Abound's electrical components without a metal septum and will still meet the guidelines of the Telecommunications Industry Association for separation of power and data.

IN-FEEDS

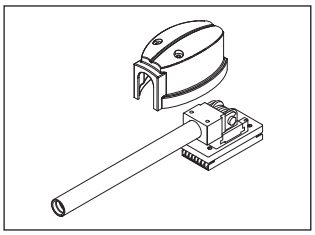

Power in-feed cables deliver power from building to system. In-feed cables are housed in conduit to separate electrical system from communications and data lines.

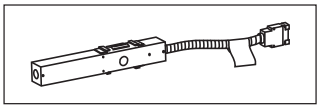

Integrated power and communications poles provide capacity for routing power supply directly through the top of any structural or stacking frame using same width trim/connector kit in place of top cap. Avoid glass or translucent tiles in upper position of frames with integrated power poles. Power pole has a cavity on each side of a center septum. When using a ceiling power in-feed, consider that the in-feed must connect into an electrical harness located in an adjacent panel. (See pages 548-549 for cable capacity.)

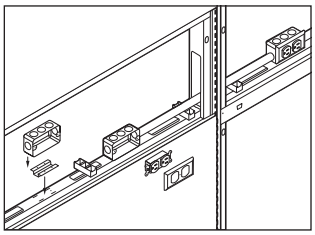

Ceiling power in-feed connects to a prewired electrical harness in the beltline or base pathway, traverses through an adjacent panel and terminates in the junction box at the top of the integrated power pole. For use with integrated power pole models HEP65 and HEP35. No portion of the flex cable can be exposed after installation.

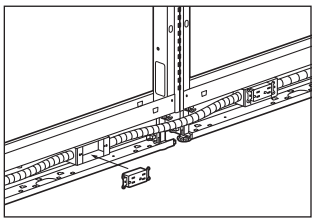

Sealtight base pathway power in-feed attaches to a receptacle opening at the base pathway. A heavy rubber sheathing shields conduit, allowing in-feed to be exposed.

Hardwire (New York Code) power in-feed (model H871400) is used when local electrical codes require hardwire entry. When used in 24″W, 30″W and 36″W panels, power can be routed only in one direction. When used in 42″, 48″W and 60″W panels, an electrical pass-thru cable or harness for that panel width can be used to route power back in the opposite direction. Unit must connect to a power or pass-thru harness positioned in the base pathway area of an adjacent panel. Customer to furnish all cabling and wiring from power entry to power source. Junction box can be positioned at any duplex receptacle location.

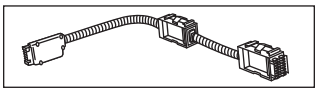

HARDWIRE (CHICAGO CODE) JUNCTION BOX
Wiring harnesses and snap connectors are not allowed in Chicago — base pathways must be comprised of all metallic components. Concealed mounting is the only option at beltline. For the base pathway, junction box (model HH873500) clips directly into receptacle locations. Customer must furnish conduit, wiring, standard duplex receptacles with metal covers for the beltline and designer-type receptacles for the base pathway. Power entry can be routed from the ceiling, via an Abound power pole, or from the floor into a junction box (model HH873500).

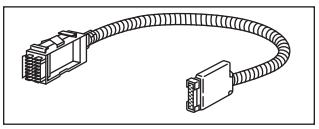

ABOUND®
Electrical and Data

POWER

Power blocks on electrical power harness and pass-thru harness accept duplex receptacles.

Electrical power harnesses are used to distribute power in panels. Abound electrical can be located at base pathway or beltline only. Connectors at both ends of power harnesses allow power distribution in either direction.

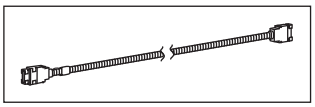

Electrical pass-thru harnesses have capacity to handle one duplex receptacle on each side of the panel when exposed.

A 60″ pass-thru harness can be used to jump up to a single duplex receptacle per side at beltline and connecting to a power harness at base pathway.

Electrical power harnesses and pass-thru cables cannot be routed at 90° at beltline once frames are connected to connector blocks.

Electrical pass-thru cables distribute power through any panel where receptacles are not required. Cable length cannot be stretched.

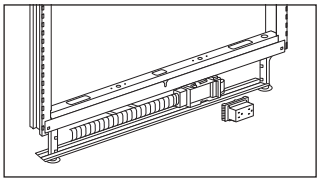

Electrical jumper cables connect power from base pathway or beltline to a harness located on any horizontal member as needed. Jumper cable plugs into power block end of electrical power harness or electrical pass-thru harness.

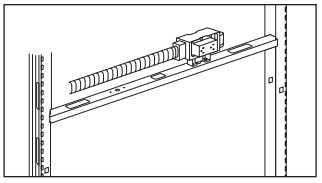

Model HH871366 is 66″ to jump up to 30 inches vertically – base pathway to beltline or beltline to base pathway.

Jumper can also be used from beltline to adjacent beltline at 90° juncture.

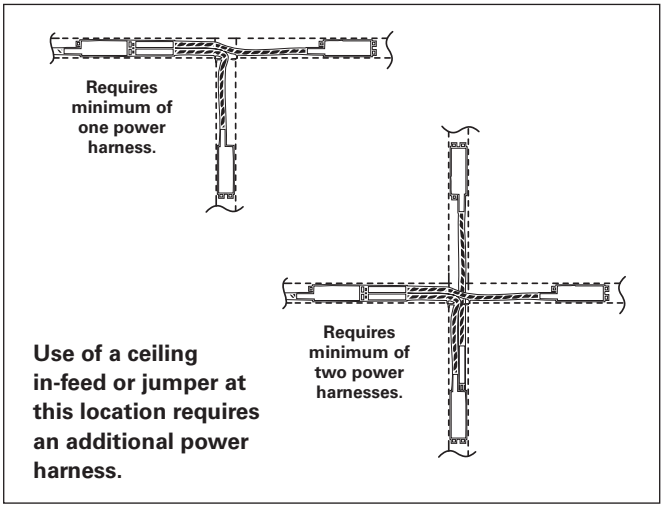

POWER BLOCKS

Base pathway mounting: Power blocks snap directly onto brackets in base pathway area.

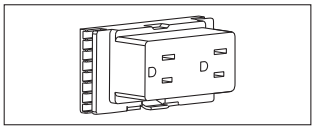

Beltline electrical mounting: For ported receptacles at beltline mount power blocks onto Electrical Mounting Brackets which screw into the panel frame. Electrical Mounting Brackets must be ordered separately. Data/Electrical Port Tiles must be used where exposed receptacles will be located.

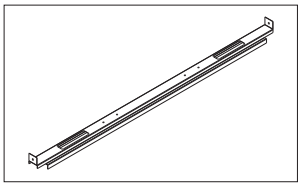

All electrical power harnesses and pass-thru harnesses will stretch 3½″, allowing them to span “T” and “X” intersections and “S” extended straight connections.

RECEPTACLES

Duplex receptacles snap into power blocks of power harnesses or pass-through harnesses. Duplexes are available in multiple colors. Each receptacle is labeled to indicate which circuit it will be connected to.

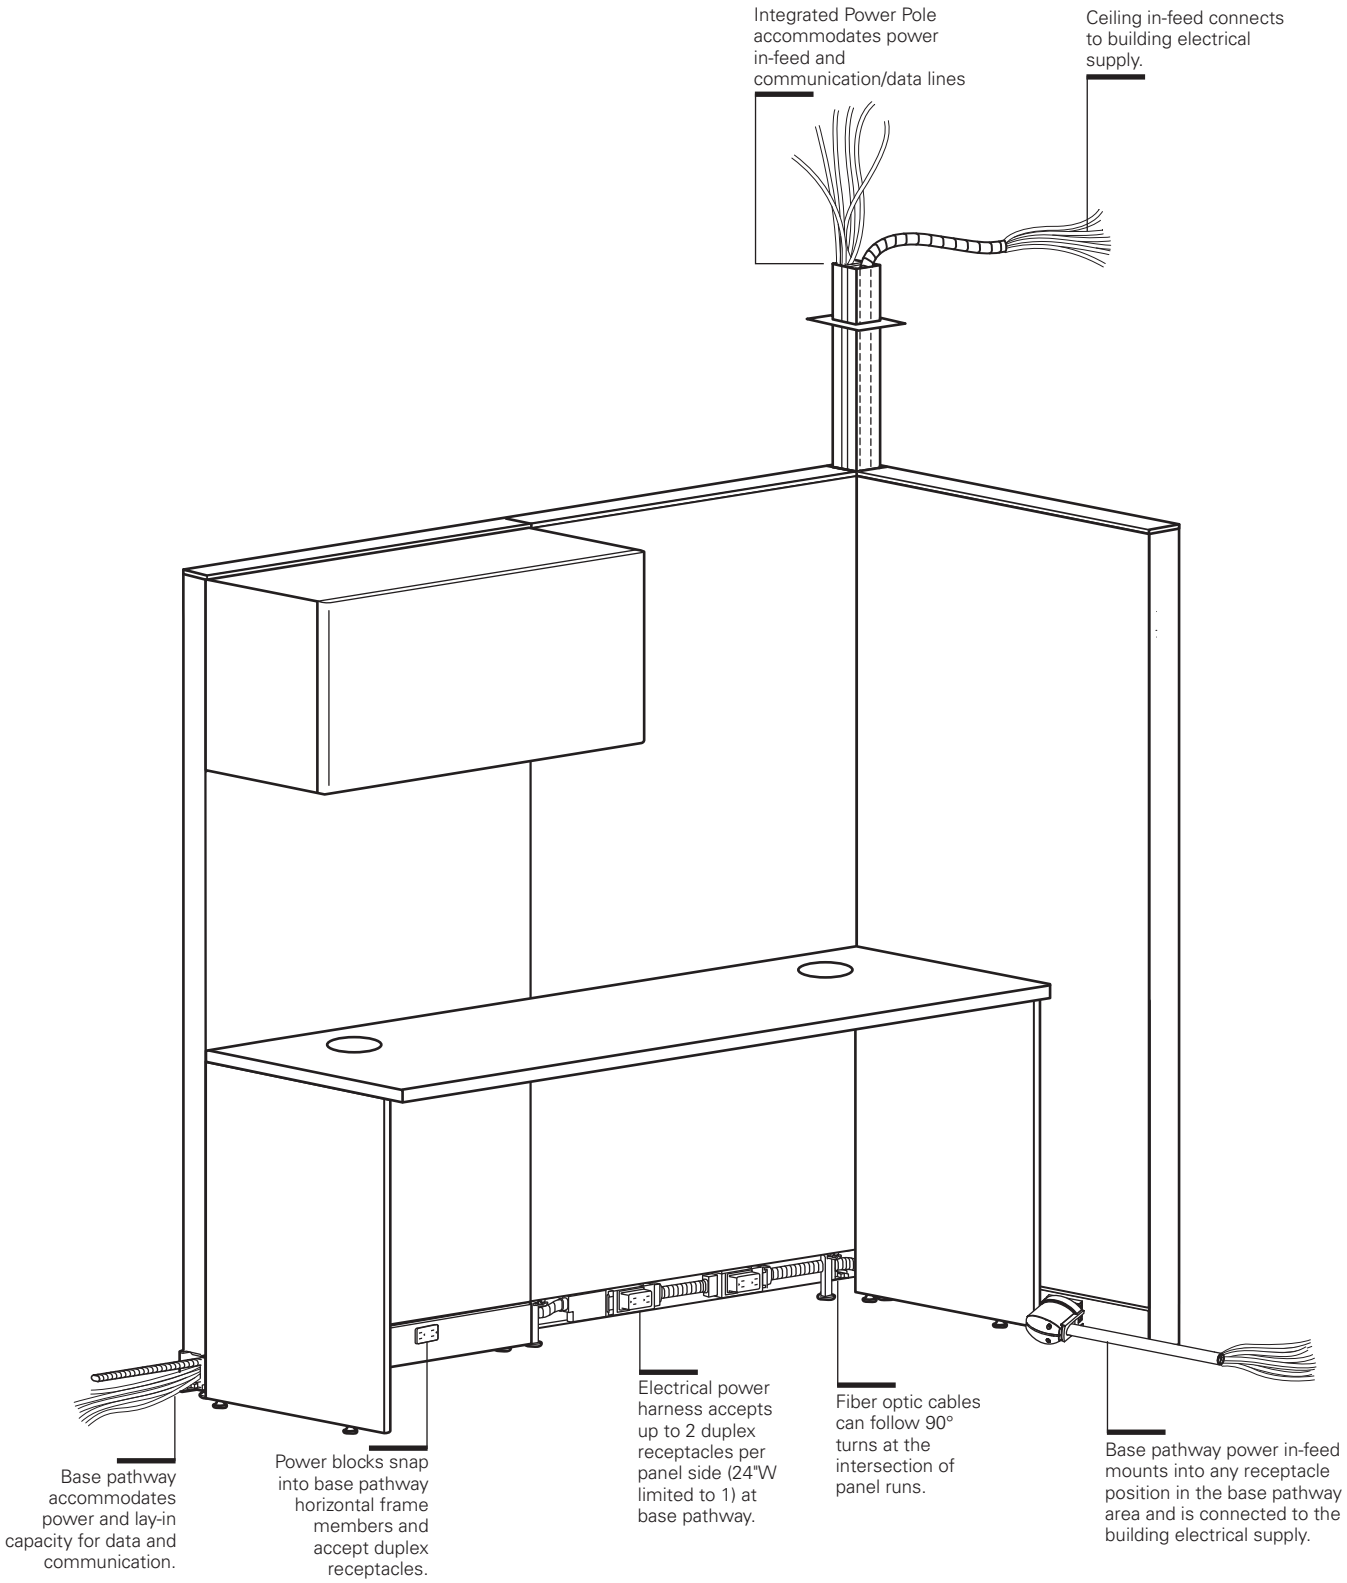

OPTIONAL STIFFENER SUPPORT
Stiffener supports can be used to provide additional rigidity to a panel when fabric tiles are on both sides of the frame. May also be used for routing power/data at non-standard heights.

ACCELERATE®
Electrical and Data

Accelerate® features capabilities for cable management, including electrical, voice, and data. The 8-wire electrical system can be integrated at base pathway. See Systems electrical pages 559-565 for electrical models to be used with Accelerate® Systems products. See page 384 for Abound® frame horizontal and vertical wire capacity and page 549 for base pathway capacity.

ACCELERATE®
Electrical and Data

THE ACCELERATE ELECTRICAL SYSTEMS

Accelerate offers a choice of three electrical systems:

- Four-circuit, 3 + 1
- Four-circuit, 2 + 2
- Three-circuit, separate neutrals

All three systems utilize an 8-wire electrical system, rated at 20 amps per circuit (15 amps Canadian). See pages 546-547 for a detailed explanation of each electrical system.

Accelerate panels and electrical components are UL Listed. Electrical components are also CSA certified.

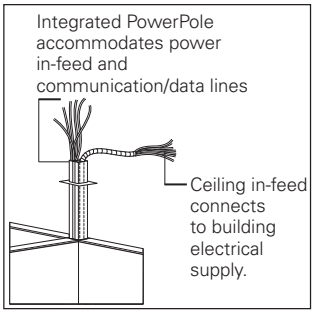

Installation and use of the electrical system, the number of receptacles used on a given circuit and connections to the building power supply should be in compliance with all local and national electrical codes.

Caution: Electrical equipment cords or extension cords MUST NOT BE ROUTED through cable openings in frame sides.

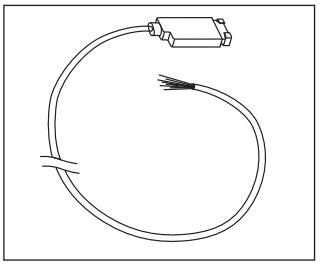

Accelerate's electrical harnesses are UL listed and are considered raceways themselves as defined by the National Electrical Code. This means there is no separation requirement between the electrical harnesses and communications cables per Sec. 800-52 of the National Electrical Code. Communication cables may be placed next to Accelerate's electrical components without a metal septum and will still meet the guidelines of the Telecommunications Industry Association for separation of power and data.

IN-FEEDS

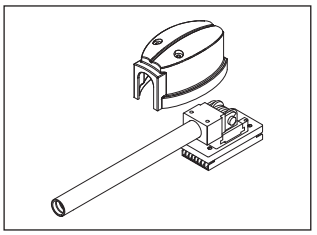

Power in-feed cables deliver power from building to system. In-feed cables are housed in conduit to separate electrical system from communications and data lines.

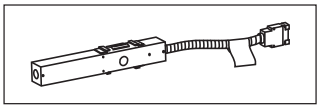

Integrated power and communications poles provide capacity for routing power supply directly through the top of any connector. When using a ceiling power in-feed, consider that the in-feed must connect into an electrical harness located in an adjacent panel. (See pages 548-549 for cable capacity.)

Ceiling power in-feed connects to a prewired electrical harness in the beltline or base pathway, traverses through an adjacent panel and terminates in the junction box at the top of the integrated power pole. For use with integrated power pole models HECPP. No portion of the flex cable can be exposed after installation.

Sealtight base pathway power in-feed attaches to a receptacle opening at the base pathway. A heavy rubber sheathing shields conduit, allowing in-feed to be exposed.

Hardwire (New York Code) power in-feed (model H871400) is used when local electrical codes require hardwire entry. When used in 24″W, 30″W and 36″W panels, power can be routed only in one direction. When used in 42″, 48″W and 60″W panels, an electrical pass-thru cable or harness for that panel width can be used to route power back in the opposite direction. Unit must connect to a power or pass-thru harness positioned in the base pathway area of an adjacent panel. Customer to furnish all cabling and wiring from power entry to power source. Junction box can be positioned at any duplex receptacle location.

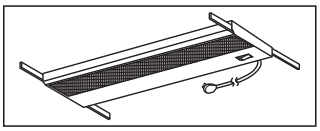

HARDWIRE (CHICAGO CODE) JUNCTION BOX

Wiring harnesses and snap connectors are not allowed in Chicago — base pathways must be comprised of all metallic components. Concealed mounting is the only option at beltline. For the base pathway, junction box (model HH871500) clips directly into receptacle locations. Customer must furnish conduit, wiring, standard duplex receptacles with metal covers for the beltline and designer-type receptacles for the base pathway. Power entry can be routed from the ceiling, via an Accelerate power pole, or from the floor into a junction box (model HH871500). See Systems electrical pages 559-565 for electrical models to be used with Accelerate® Systems products.

DUPLEX RECEPTACLES

For Duplex Receptacle models that can be used on Accelerate® panel systems, please see page 562.

All Systems electrical components can be found on pages 559-565.

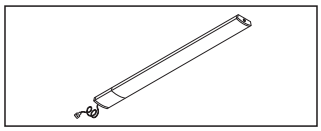

LIGHTING

Task lights can be recessed under storage cabinets or storage shelves.

Task lights in four sizes are available to correspond to cabinet or shelf width. They have 9′ power cords in black, connected in the right rear corner. All models feature LED light strip for improved light quality. Task lights with a fused plug to meet Chicago electrical code are also available.

Recommendation: Provide a separate circuit for task lights for proper long-term operation without RF interference to computers that may be in use.

LED TASK LIGHTS

No finish specification required. Attaches magnetically to underside of overhead storage, or attaches with provided screws.

Occupancy sensor attaches to a single or starter LED light and will automatically turn the light off after no motion is detected for 30 minutes.

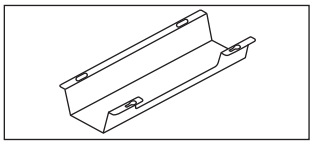

Just like all the LED light models, the occupancy sensor features a soft-touch on/off switch. LED task lights have a lifetime of 50,000 hours and have a dimmer feature that allows the user to adjust the amount of light output.

Daisy chain options are available. To use the daisy chain application, must start with model HLED17A or HLED31A.

VOICE/DATA RECEPTACLES

Abound not only provides space for large volumes of voice and data cables, it also offers several means of mounting commercially available voice and data components.

Commercially available modular data faceplates can be mounted in vacant base receptacle openings or can be mounted in data/electrical port tiles above or below the worksurface.

Cable management troughs attach to worksurfaces with provided screws. The graphite metal troughs are designed with cord access cut outs. These cut outs give users access to inside the trough without having to detach it from the worksurface.

SYSTEMS
ELECTRICAL SPECIFYING INFORMATION

To Order:

1. Determine which electrical system you will use after consulting your electrician and computer support personnel:
   - **The Four-circuit system (4-Hot/2-Neutral/2-Ground)**
     - **3 + 1 option**
     - **2 + 2 option**
   - **The Three-circuit system (3-Hot/3-Neutral/2-Ground)**
2. Determine location, quantity and circuit of duplexes.
3. Determine the appropriate choice and use of Isolated, Isolated/Dedicated and Separate Neutral circuits.
4. Specify appropriate Power Harnesses* and Pass-Thru Cables.*
5. Determine the location, quantity and type of Power In-feed needed.

* Select Power Harness models (HH8712XX) and Pass-Thru Cables (HH8711XX) with the last two digits being 1" (or 2") smaller than the associate panel width.

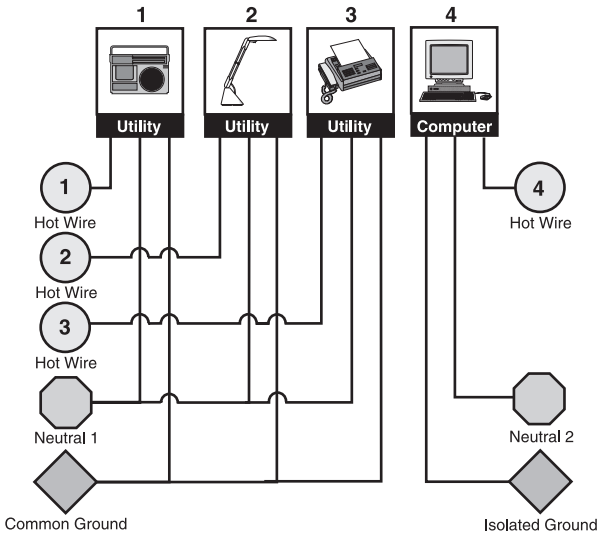

Electrical System Options

The four-circuit, eight-wire electrical system is widely specified and trusted by hundreds of thousands of end-users. This proven system delivers four circuits for every power in-feed in either a 3 + 1 or 2 + 2 configuration. The isolated/dedicated circuits are ideal for sensitive computing equipment, while the common circuits are suitable for faxes, copiers, task lights and other peripherals.

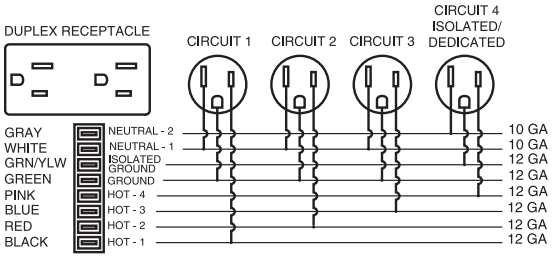

Both the 3 + 1 and 2 + 2 systems use the same pre-wired components, making it easy to adjust as electrical needs change.

You can also choose a three-circuit, eight-wire system that has a dedicated neutral for every hot circuit. The three-circuit components have model numbers with an "A" suffix and appear in a gray box in this pricer.

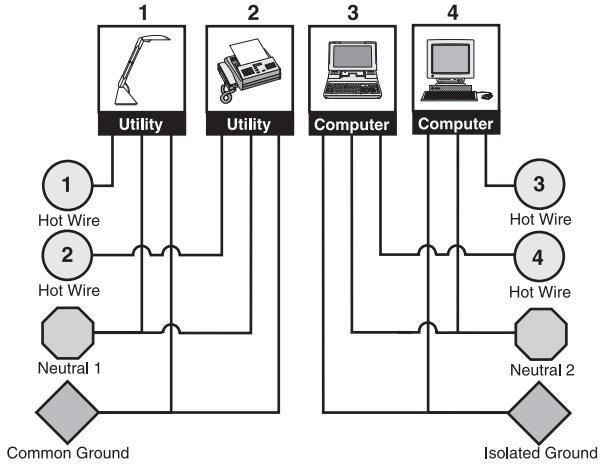

Four-circuit, 3 + 1 Receptacle Option

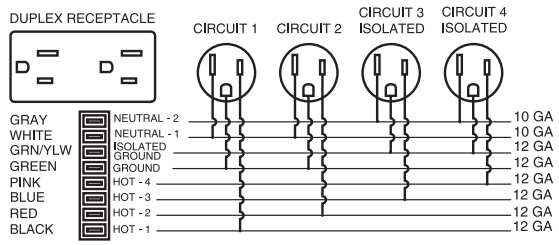

The 3 + 1 option is the electrical standard used by The HON Company for many years in most of their systems products. This wiring option provides three utility circuits plus an isolated/dedicated circuit for more sensitive equipment.

Four-circuit, 2 + 2 Receptacle Option

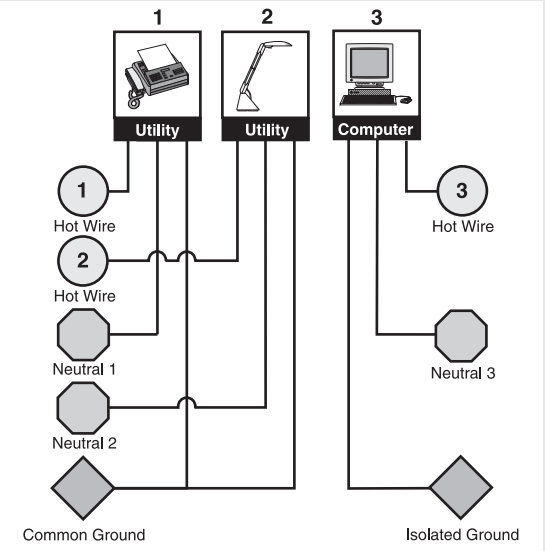

The 2 + 2 option is a wiring option that provides two utility circuits and two isolated circuits for more extensive computer usage applications.

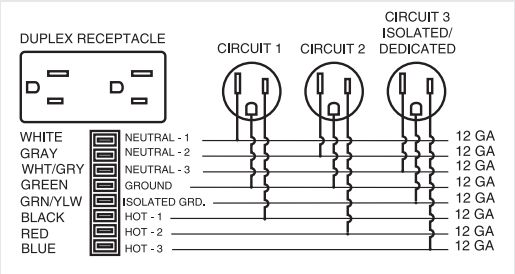

SYSTEMS
ELECTRICAL SPECIFYING INFORMATION

Three-circuit, separate neutrals

The Three-circuit, separate neutrals configuration is a wiring option that provides separate neutrals for each of the three circuits. Two circuits share a common ground, and one circuit is isolated/dedicated. The three-circuit components have model numbers with an "A" suffix and appear in a gray box in this pricer.

Two 8-wire, 20 AMP (15 AMP Canadian) electrical systems are offered					
Electrical System	Circuitry	Receptacle Capacity			
Four-circuit 4-Hot/2-Neutral/2-Ground	**3 + 1**	Common Circuit-1 **HH873501**	Common Circuit-2 (1) **HH873502**	Common Circuit-3 **HH873503**	Iso/Dedicated Circuit-4 **HH873504**
(10 gauge neutral wires)	**2 + 2**	Common Circuit-1 **HH873501**	Common Circuit-2 **HH873502**	Isolated Circuit-3 **HH873506**	Isolated Circuit-4 **HH873504**
Three-circuit 3-Hot/3-Neutral/2-Ground (12 gauge neutral wires)	**w/separate neutrals**	Common Circuit-1 **HH873501A**	Common Circuit-2 **HH873502A**	Iso/Dedicated Circuit-3 **HH873503A**	N/A

(1) Circuit-2 (one of the 3 common circuits sharing a neutral wire) cannot be used with a single-phase building electrical supply.

Notes:
- Four-circuit components and three-circuit components (with suffix "A") cannot be used together.
- Components of the two systems are keyed differently to prevent components of one system from being connected to components of another system.
- HON Cat. Nos. are printed on the UL labels, and components are color-coded to provide visual identification of the different components.
- Four-circuit components have black plastic parts.
- Three-circuit components have rust-colored terminal ends and receptacle backs are rust colored.

Typical power usage by the most commonly specified office equipment.

SYSTEMS
ELECTRICAL SPECIFYING INFORMATION

- Abound and Accelerate panels are UL listed.
- Electrical components are UL Listed and CSA Certified.
- It is the customer's responsibility to ensure that use of the pre-wired electrical system, the number of receptacles used on a given circuit, and connection to a building power source, be in compliance with all local and national electrical codes.
- Contact Customer Service for additional information.
- Pedestals and Lateral Files, positioned under worksurfaces, may render some receptacles inaccessible, and may prohibit use of grommets.
- Four-circuit components and Three-circuit components (with suffix "A") cannot be used together. See pages 546-547.

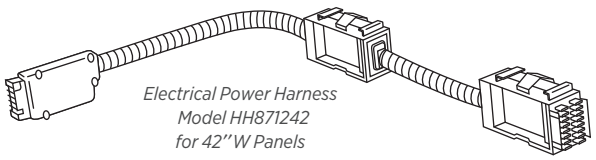

! A licensed electrician must make connections to a building electrical supply.

! Three-way panel connections require at least one power harness.

! 4-way panel connections require at least two power harnesses.

Definition of components:

Electrical Power Harness

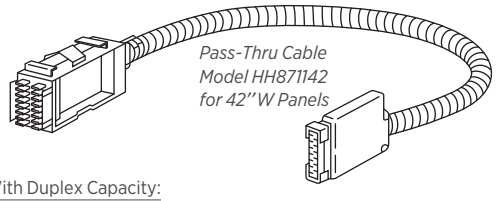

Electrical Power Harness
Model HH871242
for 42"W Panels

- Used to distribute power in panels.
- Power distribution in either direction.
- Specify Power Harness to match panel width.
- Double-sided: receptacles can be inserted into both sides of Power Blocks.

! Three-way panel connections require at least one power harness.

! 4-way panel connections require at least two power harnesses.

Electrical Pass-Thru Cables

Pass-Thru Cable
Model HH871142
for 42"W Panels

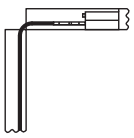

Pass-Thru Cable With Duplex Capacity:

- Use in panels where multiple receptacles are not required.
- Added feature: has capacity for one receptacle on each side of a panel. Feature offers future expansion and is an alternative to Power Harnesses.

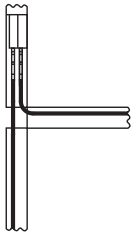

Various Electrical Layouts

Straight Line

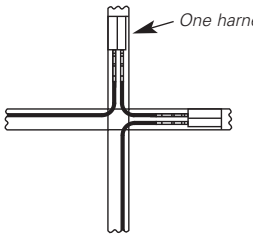

90 Degree Corner

"T" Connection

When ending power in two return panels, wiring pigtails must be returned to original panel run.

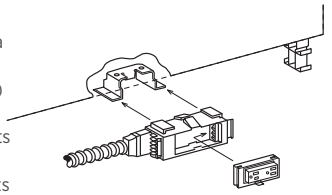

"X" or Cross Connection

To power a 4-way panel connection from one direction, specify at least two double block harnesses.

Duplex Receptacles

- 15 amp outlet configuration.
- Models HH871601 and HH871601A have a 20 amp outlet configuration.
- Fit back-to-back into the Power Block(s) of Power and Pass-Thru Harnesses.
- Labeled with the provided circuit. Circuits connected to the Isolated Ground are identified with an orange triangle; circuits that do not share a neutral or ground have an orange circuit number.

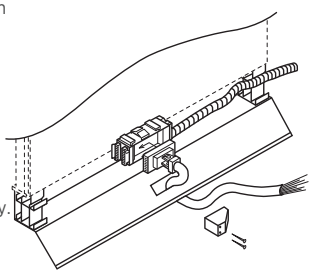

Power In-Feed (Base) Models HH879072 (72") and HH879168 (168")

- Used to connect the panel electrical system to the building electrical supply at a power block.
- Plugs into any receptacle position; can be rotated Left or Right.
- Conduit is UL listed Black Liquid-tight conduit (outside diameter is 7/8").

! A licensed electrician must make connections to a building electrical supply.

! Must be positioned through a receptacle opening in the baserail cover, prior to an electrician connecting to the power source.

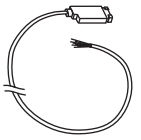

Power In-Feed Model (Ceiling) HH871912 and HH871918

- Used to connect the panel electrical system to the building electrical supply.

! A licensed electrician must make connections to a building electrical supply.

! Model uses UL recognized flex-cable conduit — no portion can be left exposed (i.e., must be in a power pole).

! Power Pole must be ordered separately.

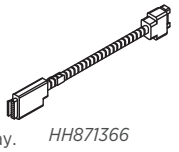

HH871972

Note: In-feed cables listed above may be field-cut to desired length.

Electrical Jumper Cables

! When used to connect power between the base pathway and the beltline area, the jumper must be connected to a power block at one end of a run, routed into an adjacent panel that does not contain a power harness, then routed back into the panel containing a power harness or pass-thru cable and connected to a power harness in the other pathway.

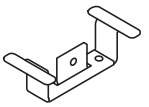

HH871366

Abound Electrical Mounting Brackets

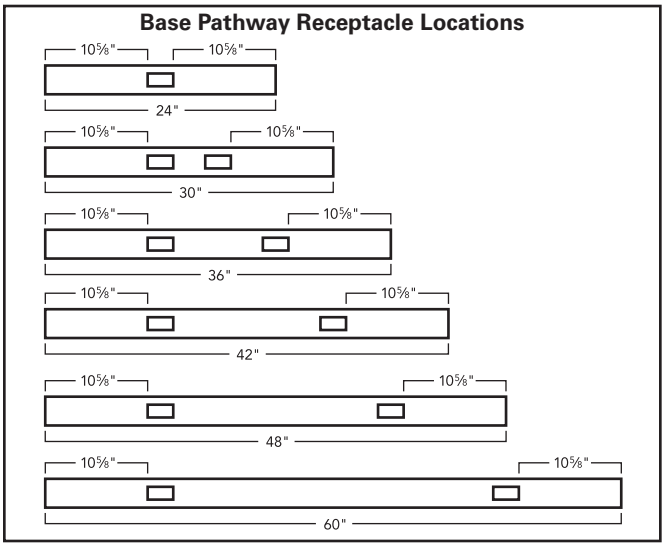

- Use to mount ported receptacles at beltline.
- Screw into the panel frame.

! One mounting bracket required at beltline for each 24"W pass-thru or power harness. Two required for 30"-60"W power harness.

HH8988EBN

WORKING WITH CABLE MANAGEMENT

Circuit Usage

Strategy 1
Circuits to Equipment
Assign specific uses for each of the circuits:

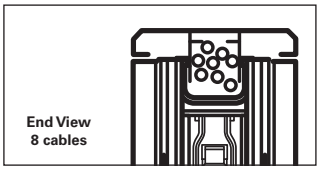

- For example, in a four-circuit system:
  Circuit 1 — Calculators, fans, etc.
  Circuit 2 — Task lights (could be wired to wall switch)
  Circuit 3 — Computer monitors
  Circuit 4 — CPUs

Strategy 2
Circuits to Workstations
Assign specific workstations to each of the three available circuits. Use circuit 4 for power-sensitive electronic equipment.

Placement of pedestals and lateral files may render some duplex locations inaccessible. Pedestal placement may also affect compatibility with pull-up receptacles.

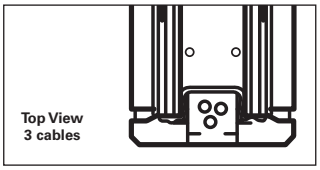

Abound® Lay-in Cable Capacity

The top and base pathway allow continuous voice and data lines to run through and between panels without interruption. Lay-in is provided for environments where systems furniture or cabling are subject to frequent change. All capacities are for Cat 6 cable with a 0.25″ diameter.

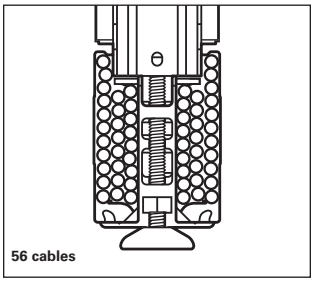

Top pathway accepts up to 8 voice/data cables (.25″ dia.).

Abound® Lay-In Cable Capacity

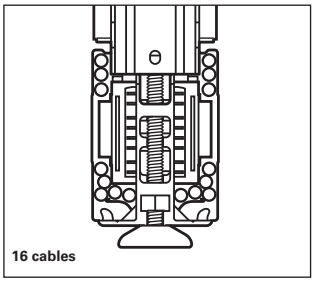

Variable height junctions accept up to 3 voice/data cables (.25″ dia.).

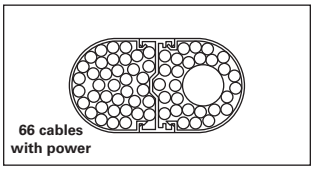

Abound® Cable Capacity

Abound® **base pathway** accepts up to 56 voice/data cables (.25″ dia.) (6.03 sq. in.) at 60% fill.

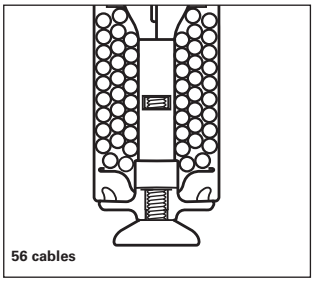

When electrical system shares base pathway, the cable capacity in Abound is reduced to 16 cables (2.25 sq. in.). Cable quantities listed are at 60% fill ratio.

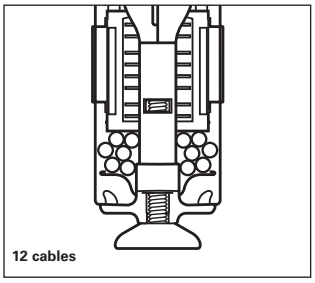

Cable capacity of the power pole, in addition to electrical in-feed is 2.79 sq. in. on one side and 2.91 sq. in. on the other for a total capacity of 66 cables with power of .25″ diameter.

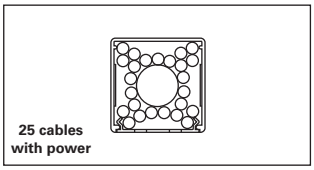

Accelerate® Cable Capacity

Accelerate® **base pathway** accepts up to 56 voice/data cables (.25″ dia.) (6.27 sq. in.) at 60% fill.

When the electrical system shares the base pathway, the cable capacity in Accelerate® is reduced to 12 cables (.25″ dia.) (2.03 sq. in.) at 60% fill ratio.

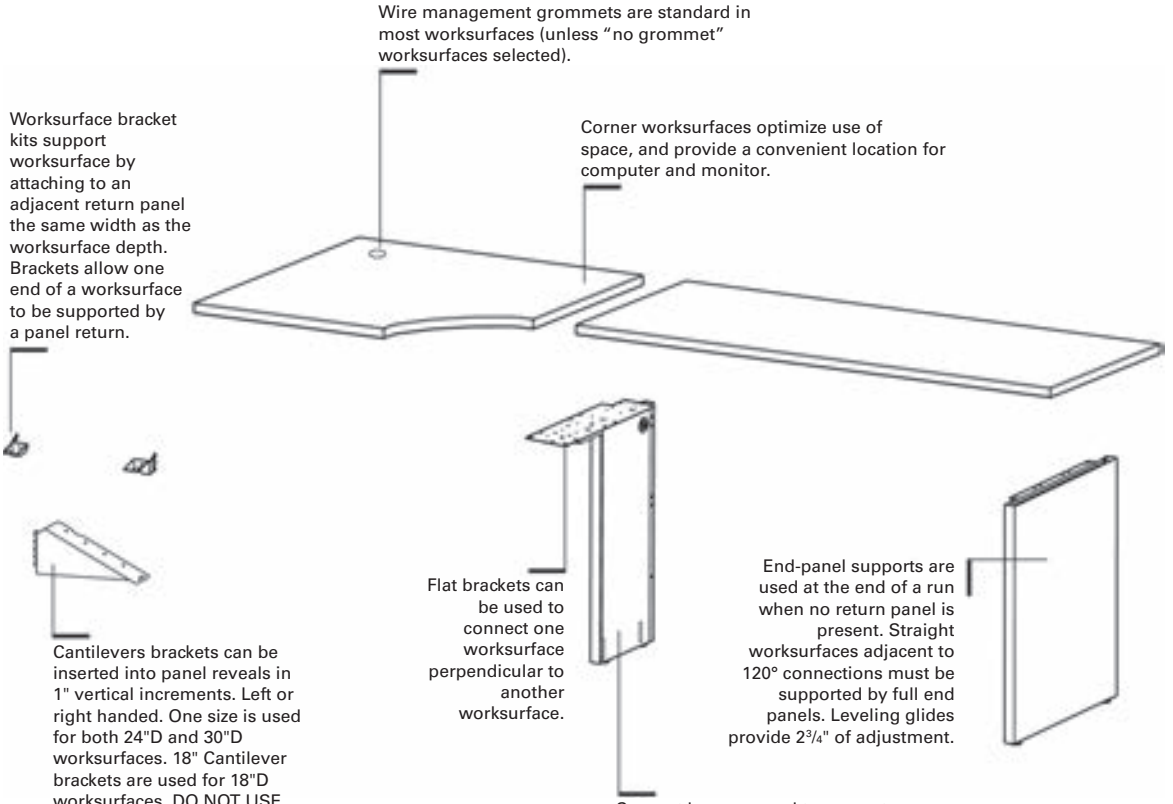

Integrated Power Pole: 2″ x 2″ overall, 3.3″^{2} interior accommodates a total of 25 cables with power of .25″ diameter. Available in two heights: 6′6″ or 13′, the power pole connects via the universal connector and the overall height is the sum of the connector and the power pole. Constructed of aluminum with a powder coat paint finish in the specified color. Power pole requires a Ceiling In-Feed.

Ceiling In-Feeds: UL listed as raceways. This means the electrical components are completely shielded and meet any requirements for separation of electrical components and communications cables per Section 800-52 of the National Electrical Code.

SYSTEMS
Working with Worksurfaces and Supports

Worksurfaces are 1⅛" thick with particle-board core and with top surfaces finished in high-pressure laminate. Bottom surfaces are covered with a backer sheet.

Primary worksurfaces are available in 18", 24" and 30" depths. Nominal worksurface width is equal to nominal panel width. Other support hardware is ordered separately.

Corner worksurfaces with woodgrain laminate have grain direction diagonal to adjacent worksurfaces. All other support hardware is ordered separately.

Wire management grommets are standard in most worksurfaces. Worksurfaces less than 48"W have one grommet centered on edge of worksurface. Rectangular worksurfaces over 42"W have two grommets. Peninsulas have one grommet. Corner Worksurfaces have one grommet (one on each back edge). D-Shaped worksurfaces and countertops do not have grommets.

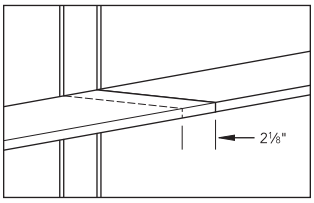

Edgeband is available on laminate tops in standard colors (customer specified) to match or complement solid, patterned, or woodgrain laminates.

Edgeband Profile

SYSTEMS
Working with Worksurfaces and Supports

Optional width worksurfaces are available for use with panel runs having a TEE or Extended Straight connection.

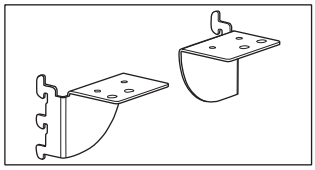

Worksurfaces can be configured at 29½" with end-panel supports and support legs, or at various heights on 1" increments using specific product configurations.

Worksurface support options include:
Open leg models
Support column
Flat brackets
Worksurface bracket kit
Cantilever bracket
Universal support leg
End-panel support
Freestanding pedestal

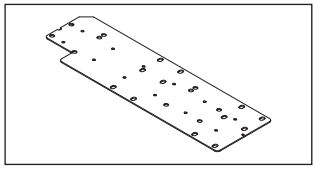

Other worksurface supports include:
Support columns
External channel supports
Support pedestals
Pedestals with panel-to-pedestal bracket
Desking freestanding shared leg

Support Guidelines:

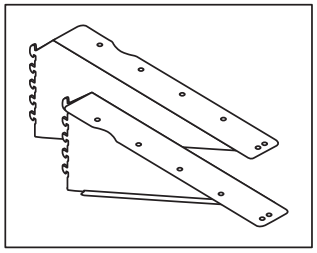

- Unsupported panel runs greater than 72"W need floor support for improved stability.
- Worksurface bracket kit should be used to tie panels to worksurfaces for added stability.
- A panel run without a return needs a floor support.
- Unsupported worksurface spans of 60"W-84"W require an external worksurface support channel. It is recommended for 48"W-60"W.
- Cantilevers only to be used on worksurface runs 48"W or less.

Worksurface bracket kit allows one end of a worksurface to be supported by a return panel. Return panel width must be the same as the depth of the worksurface.

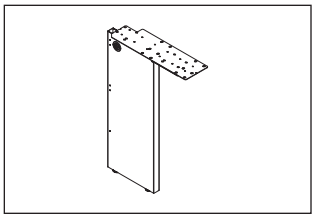

Flat brackets can be used to connect one worksurface perpendicular to another worksurface.

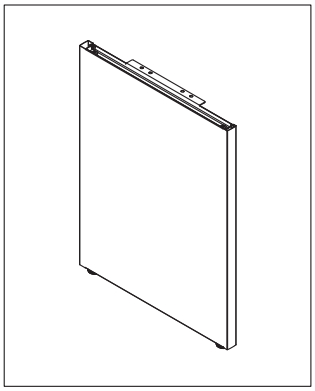

Cantilever brackets are left or right handed. They can be inserted into panel reveals in 1" vertical increments. One size is used for both 24" and 30"D worksurfaces. 18" Cantilever brackets are used for 18"D worksurfaces. Both left and right brackets are required in shared applications.

Important: Do not use cantilever brackets at the end of a worksurface where no 90° return panel is positioned.

- Do not use to support worksurfaces from which a hanging pedestal is suspended, or which a peninsula worksurface is attached.
- Do not use to support worksurfaces supported with permanent wall hanger kit.

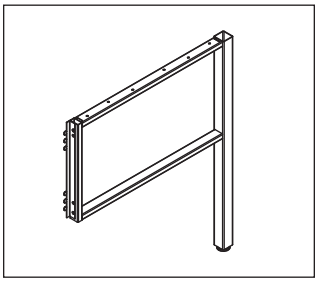

Universal support legs are used to support worksurfaces *only* in a shared position.

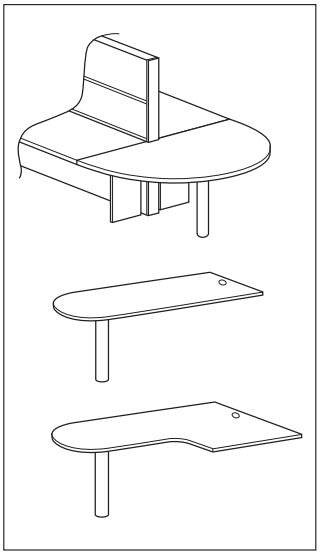

End-panel supports are used in place of return panels at the end of worksurface runs. Straight worksurfaces adjacent to 120° connections must be supported by full end panels. End-panel supports are ordered for right- or left-handed application. Leveling glides provide 1½" of adjustment.

SYSTEMS
Working with Worksurfaces and Supports

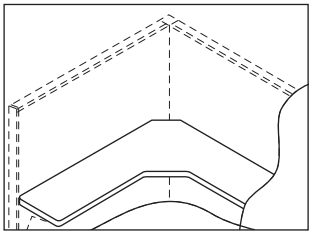

Open Leg models are used to support various worksurface configurations and include attaching hardware and leveling glides.

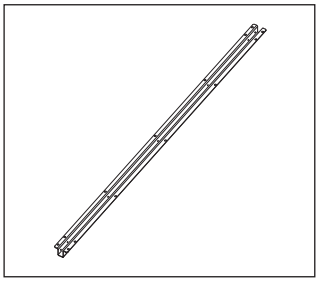

D-Shaped, Peninsula and Jetty worksurfaces require support columns (ordered separately).

Countertops are available in straight or corner configurations.

Corner shelves are available in Edgeband. Attachment brackets are included.

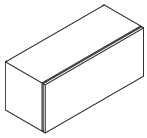

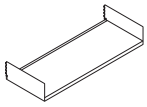

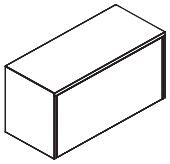

- Unsupported worksurface spans of 60″W-84″W require an external worksurface support channel. It is recommended for 48″W-60″W.

	72″W x 13″D x 5⅛″H	**HESHRTA72**	18	3.5	**$541**	**$563**

NOTES:

- Storage Cabinets with doors are standard with a factory installed core removable lock located on the underside of the cabinet.
- All units feature an anti-dislodgement device.
- Accepts under cabinet lighting.
- ETA overheads and shelves ship flat packed.
- Only one installer is needed to assemble an ETA overhead on a panel (all sizes).
- Attachment brackets are attached to the back of the unit (included).
- ETA overheads and shelves are slightly less deep than built-up models. Please note when using next to built-up models.
- Order overhead and shelf to match the width of panel being used.
- Units install directly onto panel frame verticals or to wall hanger kits.

Keyed alike cores must be ordered separately — see page 733.

Cannot be used in off-modular applications because attachment bracket is attached to the back of the case and cannot be moved.

ETA overheads and shelves do not work with horizontal track. Must be used with vertical track if not hung directly on panels due to the teeth attachment bracket.

! Four-circuit components and three-circuit components (with "A" suffix) not designed to be used together. See pages 546-547.

! To connect power between the base pathway and the beltline area on Abound, four-circuit jumper cables (H8713xx) must be connected to a power block at one end of a run, routed into an adjacent panel that contains no power harness, then routed back into the panel that contains a power harness (or pass-thru cable), and connected to a power harness in the other pathway.

AMP RJ45 CAT 6 Jack — Black (P)	**HHTADJ6**	1.0	0.1	**$85**

- Data faceplates available in Black (E4) only.

Models HHTADJ5 and HHTADJ6 snap into faceplate.

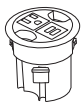

NOTES: AMP Data Faceplates attach to bottom of panel or at worksurface height in front of baserail covers for easy cable routing. Faceplates cannot be installed back-to-back in a panel application.

Power Hub, 3″ Grommet Mount, 6′ Cord — **HGRMTAC** — 1.3 — 0.2 — **$193**

- Fits in 3″ round grommet holes on the following product lines: Coordinate, Huddle, Motivate, all laminate and veneer casegoods series, and Systems Worksurfaces.
- Two grounded AC power outlets.
- Includes 6′ cord with three-prong plug.
- Field installed with Plug-and-play ease.

Available in black only *(no color designation so use .X – Specify: HGRMTAC.X).*

Power/USB Hub, 3″ Grommet Mount — **HGRMTUSB2** — 1.3 — 0.2 — **$342**

- One grounded AC power outlet with 1 USB-A, 1 USB-C ports.
- UL Listed.

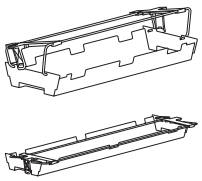

NOTES: For additional information see page 755.

Available in black only *(no color designation so use .X – Specify: HGRMTUSB2.X).*

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY PAINT GRADE P1	P2	P3
2-Stage Metal HAT Telescoping Wire Chase	**HHATPWRMOD2S**	5.6 S	0.6	**$1172**	**$1203**	**$1218**
3-Stage Metal HAT Telescoping Wire Chase	**HHATPWRMOD3S**	5.6 S	0.6	**$1199**	**$1232**	**$1249**

- Metal Telescoping Chase available in the same paint finishes as Coordinate™ HAT bases, specify desired paint finish.

NOTES: 2 and 3-stage Metal HAT Telescoping chases include an Above/Below Power Module and a metal telescoping chase to conceal coiled cord on the Above/Below Power Module unit. Four feet of straight cord length extends from the base of Telescoping Chase. Telescoping Chase solution provides power access above and below the worksurface on Coordinate™ Height Adjustable Tables while concealing cord slack. Telescoping chase matches profile of Coordinate™ HAT leg and rises up and down with the unit. To match Metal Telescoping Chase to HAT base, specify matching paint color to HAT base.

SPECIFYING EXAMPLE: HHATPWRMOD2S.AC.DWT.PJW

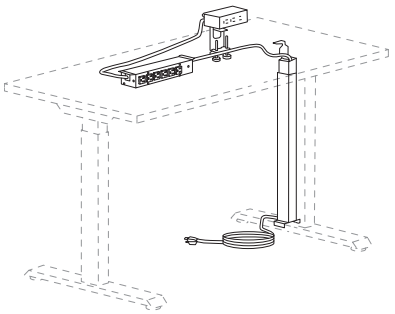

Fabric Elastic HAT Wire Chase	**HHATPWRMODF**	3.6 S	0.3	**$1080**	**$1101**	**$1111**

- Fabric Chase comes in Light (LGT), Medium (MDD), and Dark (DRK) fabrics, specify desired fabric.
- Fabric HAT mounting brackets available in the same paint finishes as Coordinate™ HAT bases, specify desired paint finish.

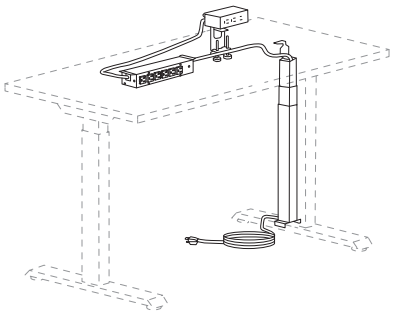

NOTES: Fabric Elastic Chase includes an Above/Below Power Module and a fabric chase to conceal coiled cord on the Above/Below Power Module unit. Four feet of straight cord length extends from the base of Fabric Chase. Fabric Chase solution provides power access above and below the worksurface on Coordinate™ Height Adjustable Tables while concealing cord slack. Works on either 2-stage or 3-stage HAT bases. Fabric chase wraps around coiled cord and stretches up and down with a Coordinate™ HAT leg. To match Fabric Chase's metal mounting brackets to HAT base, specify matching paint color to HAT base.

SPECIFYING EXAMPLE: HHATPWRMODF.AC.DWT.LGT.PJW

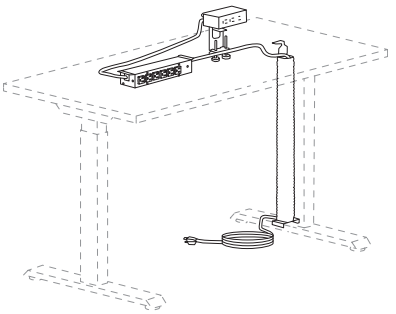

NOTES:
- Desktop power module comes with 2 receptacles, 1 USB-A, and 1 USB-C port only, specify "AC."
- Desktop power module available in White (DWT) or Gray (DGY) finishes, specify desired finish.
- Under worksurface power strip comes with 6 receptacles and is available in Black only, no specification needed.

NOTES:

- Worksurfaces are constructed of laminate on 1⅛″ solid core high-performance particleboard.
- Models up to 42″W are standard with one centered grommet. Models 48″W and wider are standard with two grommets.
- Accelerate® adds a **“C”** prefix and **“T”** suffix and Abound® adds a **“B”** prefix and **“T”** suffix to the Model Number for primary worksurfaces to span a TEE or EXTENDED STRAIGHT connection (adds 2¼″ to width). Add corresponding upcharge per model.
- Add suffix **“N”** to Model Number for worksurfaces with no grommets. No upcharge.

- 18″D models are not available in Tee-Span but can be accommodated through Tailored Solutions.
- EXTENDED STRAIGHT worksurfaces are available with grommets only.
- 60″W, 66″W and 72″W worksurfaces require one or more of the following: worksurface support brackets, end panel, external channel universal support leg or pedestal support in conjunction with cantilever brackets.
- When a run of worksurfaces equals or exceeds 6 feet, a floor support is required for worksurface structural assurance.
- All worksurfaces load tested to BIFMA standards.
- All worksurfaces with an unsupported span of 54″ or larger require the use of an external channel. See table on page 570 for required length by application.

NOTES:

- Worksurfaces are constructed of laminate on 1⅛″ solid core high-performance particleboard.
- Models up to 42″W are standard with one centered grommet. Models 48″W and wider are standard with two grommets.
- Accelerate® adds a **“C”** prefix and **“T”** suffix and Abound® adds a **“B”** prefix and **“T”** suffix to the Model Number for primary worksurfaces to span a TEE or EXTENDED STRAIGHT connection (adds 2¼″ to width). Add corresponding upcharge per model.
- Add suffix **“N”** to Model Number for worksurfaces with no grommets. No upcharge.

- EXTENDED STRAIGHT worksurfaces are available with grommets only.
- 60″W, 66″W, 72″W, and 84″W worksurfaces require one or more of the following: worksurface support brackets, end panel, external channel universal support leg or pedestal support in conjunction with cantilever brackets.
- When a run of worksurfaces equals or exceeds 6 feet, a floor support is required for worksurface structural assurance.
- All worksurfaces load tested to BIFMA standards.
- All worksurfaces with an unsupported span of 54″ or larger require the use of an external channel.

See matrix on page 570.

NOTES:
- Worksurfaces may be used with Accelerate®, Abound® and Voi® products.
- Worksurfaces are constructed of laminate on 1⅛″ solid core particleboard.
- Refer to Worksurface Supports, pages 582-586.
- Universal support leg can be used to share support when worksurfaces are placed side-by-side.
- Add suffix **"N"** to Model Number for worksurfaces with no grommets. No upcharge.
- Woodgrain runs horizontally across surface.

! 60″W, 66″W and 72″W worksurfaces require one or more of the following: worksurface support brackets, end panel, external channel universal support leg or pedestal support in conjunction with cantilever brackets. A full end panel can also be used for support in place of cantilever brackets.

! When a run of worksurfaces equals or exceeds 6 feet, a floor support is required for worksurface structural assurance.

! All worksurfaces with an unsupported span of 54″ or larger require the use of an external channel. See table on page 570 for required length by application.

VERSÉ®

Want to see more? Scan here to check out hon.com.

Versé® Panels shown with SmartLink® Value Mobile Storage, Between™ Multi-Purpose Table, and Motivate® Stacking Chair.

VERSÉ®

Create more personal space in open areas with the Versé panel system. Easily connected and endlessly reconfigurable, Versé panels can maintain sightlines or maximize privacy, and keep frequently used items conveniently within reach. It's the smart long-term investment to support short-term work environments that are constantly changing.

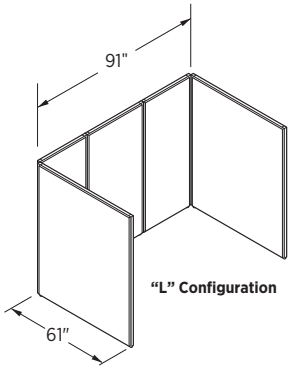

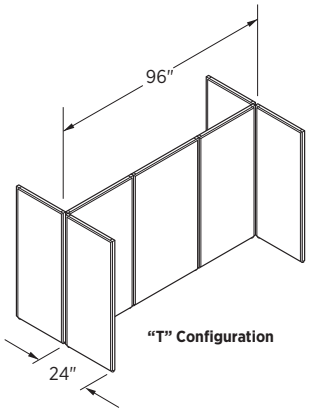

FEATURES

- A variety of Versé panel widths and heights easily connect to one another to form workstations or offer privacy as space dividers. Available in sizes ranging from 24″-72″W and 42″-72″H.
- Steel hanging shelf hangs off the top of a Versé panel.
- Choose from three paint options to customize your office space.

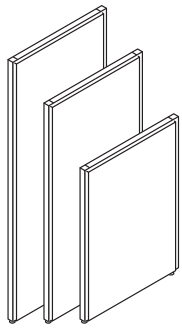

VERSÉ® Panel System

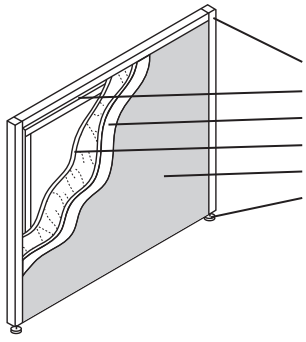

"L" Configuration

"T" Configuration

FEATURES

Panels

- Use Versé as a privacy panel (stand-alone) to create space division.

QuickConnect

(See page 594 for more details on this hardware.)

- Our QuickConnect connectors allow for easy installation. Simply snap on the connectors at the top and bottom of the panel and slide the panels together. There are only two connectors to specify for almost all configurations.

Storage

- Shelving capabilities. Each shelf width must match width of panel.

PANEL DIMENSIONS AND GROWTH ALLOWANCES

- All panel runs must be supported at each end of the panel run and supported at least every 8′ within the panel run (maximum of 8′ between supports).
- Support can be in the form of an adjustable wall bracket or return panel at 90˚ to the run.
- When using an "L" configuration, the return panel must measure at least 60% (minimum 36") of the unsupported run.
- When using a "T" configuration, each return panel must measure at least 20% of the unsupported run.
- Return panels can be no more than 24" lower than the panel height in the unsupported run.
- When used in conjunction with hanging shelves, panel width must match width of shelf.

VERSÉ PANELS

Includes

- Adjustable glides with all panels.

What Do I Need?

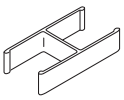

- QuickConnect Connectors.

Special Notes

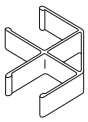

- Versé panels feature a soft, padded look.
- Panels packed two per carton when possible.

VERSÉ® Panel System

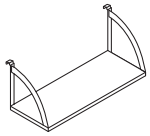

Connection Type	Connectors Needed
Straight	1 pair – 180˚
2-way (L)	1 pair – 90˚
3-way (T)	2 pair – 90˚
4-way (X)	3 pair – 90˚

CONNECTING HARDWARE

Versé QuickConnect User Instructions

- Versé QuickConnect is easy to install. Simply snap on the connectors at the top and bottom of the panel and slide the panels together. There are only two connectors to specify for almost all configurations, including multi-height connections.
- 180˚ Straight Connector – use when connecting two panels together for a straight connection or for multi-height straight connections.
- 90˚ Corner Connector – use for 2-way, 3-way and 4-way corner connections. Only one pair is needed per corner connection or for multi-height corner connections.

HARDWARE

Special Notes

- Connectors add to the overall dimensions of the panel installation.
- These connector dimensions are important when space planning and sizing your panel layout.
- All hardware items may ship by a parcel service.
- Use HBV-PBS bracket with freestanding furniture for optimal workstation rigidity.

SHELVES

- Steel shelves are 14½" high.
- End brackets included.
- Must match panel width.
- Easy assembly; no tools required.

* Centurion and Contourett fabrics are only able to exceed 54" **in one direction** (vertically or horizontally), not both directions.

❗ To clean Versé Panels with Contourett use a 1:5 diluted bleach and water mixture or Virex II 256. Leave cleaning solution on for at least 30 seconds but no longer than two minutes. Thoroughly remove the solution from the surface with a clean cloth and warm water. May cause discoloration if left on the surface longer than the suggested time or not removed after sanitizing.1

OVERVIEW OF PERSONAL STORAGE AND PEDESTALS

LATERAL FILES
Advantages:
a) The most efficient means of conventional filing; b) Ideal for active filing in workstations, where higher volume capacity is necessary and retrieval is frequent

Considerations:
2-drawer steel lateral files fit under standard-height worksurfaces when using panel systems.

VERTICAL FILES
Advantages:
a) Economical; b) The most widely used filing method; c) requires minimal floor space

Considerations:
Vertical files are best suited for long-term storage, where retrieval is less frequent. For larger banks of files, lateral files are more space-efficient than vertical files.

BOOKCASES
Advantages:
a) These units are ideal for binders, reference books or other items;
b) Available with your choice of fixed or movable shelves

Considerations:
If working with panel systems, it is more attractive to specify units that are lower than the panel height.

FILING TECHNIQUES

Type	Standing Files	Hanging Files
Advantages	Inexpensive. Uses existing file folders.	Easier organization and identification of the file folders. Files viewed from top. Remaining files hold their place when folders are removed. Easier to re-stock.
Requirements	Follower block or Dividers	Hangrails or high-drawer sides
Can be used in	• Vertical files (front-to-back only) • Lateral files (side-to-side only in drawers) • Shelf files (side-to-side only)	• Vertical files (front-to-back only) • Lateral files (front-to-back or side-to-side in drawers)

Contain®/Flagship®/Brigade® Series Pedestals Utilization with 38000 Series.

Pedestal Depths	Abound® and Accelerate® Panel-Hung Worksurfaces			38000 Series Modular Desks		
	18″ Deep	24″ Deep	30″ Deep	24″ Deep	30″ Deep	36″ Deep
16¾″ Deep	•	•	•	•	•	•
22⅞″ Deep		•	•	•*	•	•
28⅞″ Deep			•		•	•

* Cannot attach 22⅞″D Hanging Pedestal.

WORKING WITH STORAGE PEDESTALS

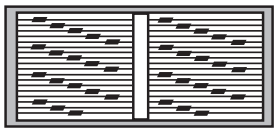

Storage Pedestals are available in 5 styles:
- Box/File Mobile.....(Model Nos. beginning with HSPM)
- Freestanding .....(Model Nos. beginning with HSPF)
- Hanging .....(Model Nos. beginning with HSPH)
- Worksurface Supporting**.....(Model Nos. beginning with HSPS)
- Under Worksurface Mobile.....(Model Nos. beginning with HSPM)

Worksurface height supporting pedestals have a taller base plate, resulting in a taller overall cabinet height. Consideration must be made to ensure that units align visually with each other. The accompanying chart will help you select the correct pedestal for your application.

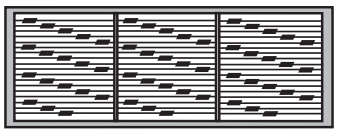

Pedestal Models (Nos. begin with)	Style	Overall Height	Base Height	Spacer Required Below Worksurface
HSPM or H15	Box/File mobile	22⅝″	N/A	N/A
HSPF	Freestanding	28″	3½″	NO
HSPH or H14	Hanging	19½″	N/A	N/A
HSPS or H19 or H36	Worksurface supporting**	28″	3⅛″	NO
HSPM or H18 or H33	Under Worksurface mobile	28″	3⅛″	NO

** Units will support conventional 29½″H worksurfaces, WITHOUT SPACERS.

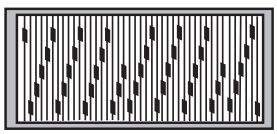

LATERAL FILING OPTIONS

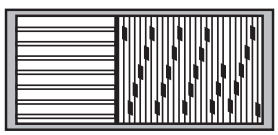

Front-to-back filing:
30″ wide files*: 30½″ of filing with letter/letter rows.
36″ wide files*: 30½″ of filing with letter/letter, legal/legal, or letter/legal rows.

42″ wide files: 45¾″ of filing with 3 rows letter or 30½″ of 2 rows legal, or 2 standard printout rows.

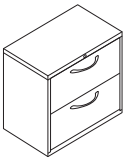

Side-to-side filing:
30″ wide files: 27″ of filing with letter or legal.
36″ wide files: 33″ of filing with letter or legal.
42″ wide files: 39″ of filing with letter or legal.

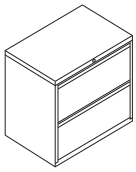

Combination filing:
(front-to-back with side-to-side in one drawer)
30″ wide files: not recommended.
36″ wide files: 15¼″ of front-to-back filing and 20¼″ of side-to-side legal filing.
42″ wide files: 15¼″ of front-to-back filing and 26¼″ of side-to-side legal filing.

* Requires H919491 optional hangrails.

Brigade® Storage.

BRIGADE®

You don't need an army to bring order to your office. Just a brigade. Sturdily built to rigorous specifications, our Brigade storage is ready to serve any organization needing top-quality storage. With welded construction and features like heavy-duty steel ball-bearing suspensions, it outlasts and outperforms most build-it-yourself options. Brigade was built to soldier on.

FEATURES

- Clean, straightforward design complements and blends in with any workspace.
- Optional Storage Islands laminate tops provide extra surface area for technology tools, collating or stand-up work.
- With a combination of reasonable pricing and high quality, Brigade is a value that's hard to beat.
- Heavy-duty Steel ball-bearing drawer suspensions operate easily and quietly.
- Mechanical interlock prevents more than one drawer from being opened at a time, for stability.

NOTES:
- 30″, 36″ & 42″ case widths with drawers, 18″ case depth.
- Flush top and sides.
- Reinforced case construction.
- Four adjustable leveling glides.
- Full-width radius designer style pull.
- Features drawer extension restraint; mechanical interlock inhibits the extension of more than one drawer at a time.
- Three-part, telescoping, steel ball-bearing suspension.
- Two adjustable hangrails per drawer for side-to-side filing.
- Counterweight included where applicable to meet ANSI/BIFMA stability requirements.
- Lock mechanism secures both sides of drawer.
- Baked enamel finish over rust-inhibiting phosphate pre-treatment.
- Equipped with HON "One Key" interchangeable core removable locks.
- Optional laminate tops and accessories — see page 702.
- See page 702 for Lateral File Accessories.

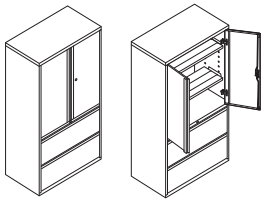

Keyed alike cores must be ordered separately — see page 733.

NOTES

CONTAIN®

Want to see more? Scan here to check out hon.com.

Contain Storage.

CONTAIN

Harder-working storage. That's what you need. So we re-examined it from the inside out and developed our new Contain storage solutions. With a variety of shapes and sizes, functions and configurations, Contain can help you expand your capabilities for storage, efficiency, and collaboration — and elevate your aesthetic too.

FEATURES

- Contain provides the storage solutions you need, where you need them. Personal workstations, private offices, shared spaces, Contain has you covered.
- Combine metal and laminate to create a unique and unified look for your office.
- Add a pop of color with HON standard or Colorwav™ options — available in single or dual paint.
- Maximize your footprint with integrated height adjustable credenzas.
- Choose between a footed base to create a stand-alone furniture aesthetic, a recessed kickplate that matches both the drawer fronts, or an optional flush kickplate.
- Pair mobile credenzas and pedestals with seat cushions to turn any space into a collaborative hub.
- Leave the key in the past with our three digital locking options.
- Incorporate lockers and wardrobes into Storage Islands to create simple touchdown spaces throughout the office.
- Choose between 5 different pull options to enhance your office design aesthetic.

- Electronic Keypad or RFID Lock Pulls available to be specified on all sizes (upcharges apply).

CONTAIN® Metal Storage

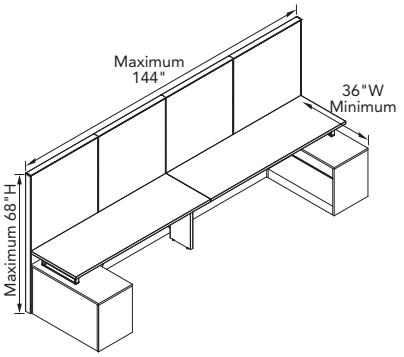

METAL CREDENZAS WITH PANEL FRAMES

Guidelines for using Contain® Credenzas in place of standard panel systems configurations

Side-mounted Credenzas

Use 1 storage-to-panel bracket set.

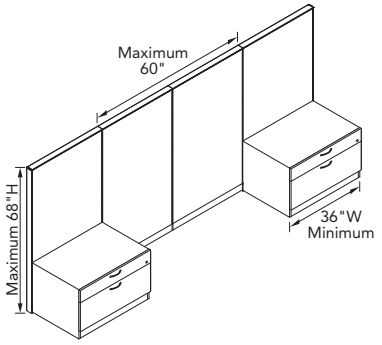

The minimum credenza size is 22″H x 36″W x 18″D.
With a mid-run floor support, the maximum panel run is 144″.
Without a mid-run panel attached floor support, the maximum panel run is 96″.
Overheads and shelves cannot be used with 22″H side mounted credenzas.
Worksurfaces (if specified) must be mounted on the same side of the parent run as the credenzas.
Panel frame maximum height is 68″.
Counterweight is required, if using unit with drawers.

Back-mounted Credenzas — Modular

Use 2 storage-to-panel bracket sets per Credenza — 2 LH and 2 RH.

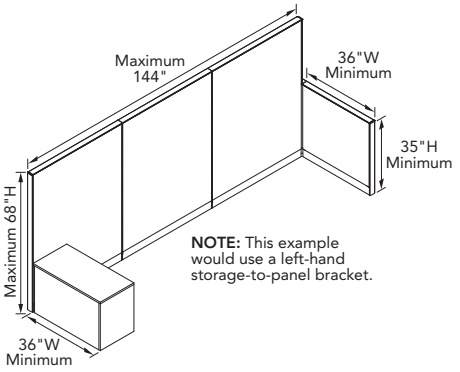

The minimum credenza size is 22″H x 36″W x 18″D.
The maximum panel run between back-mounted credenzas is 60″.
Overheads and shelves cannot be used with 22″H back mounted credenzas.
Worksurfaces (if specified) must be mounted on the same side of the parent run as the credenzas.
Panel frame maximum height is 68″.
Counterweights are required in a single side run configuration as shown.

Side-mounted Credenzas — with Return Panel

Use 1 storage-to-panel bracket on Credenza LH or RH of set.

The minimum credenza size is 22″H x 36″W x 18″D.
The minimum size for panel return is 35″H x 36″W.
With a mid-run panel attached floor support, the maximum panel run is 144″.
Without a mid-run floor support, the maximum panel run is 96″.
Overheads and shelves cannot be used with 22″H side mounted credenzas.
Worksurfaces (if specified) must be mounted on the same side of the parent run as the credenzas.
Panel frame maximum height is 68″.
Counterweight is required, if using unit with drawers.
Mid-run floor support options include:
Back-to-Back Credenzas
Panel Attached O-legs
Panel Attached Support Legs

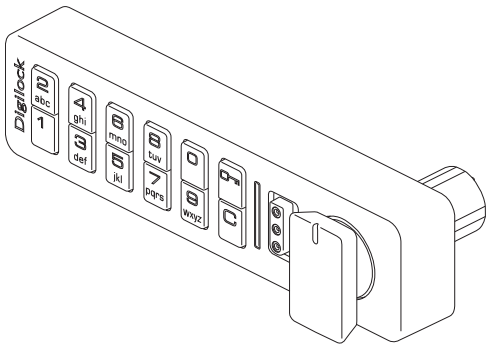

COUNTERWEIGHT REQUIREMENTS FOR CONTAIN® CREDENZAS

Series	24″W Box/File Unit	30″W Box/File Unit	36″W Box/File Unit	42″W Combo Unit	48″W Combo Unit	60″W Combo Unit	72″W Combo Unit
18″D	**HSCACW35** 35 lbs. (two 12½ lb. and two 5 lb. counterweights)	**HSCACW50** 50 lbs. (four 12½ lb. counterweights)	**HSCACW50** 50 lbs. (four 12½ lb. counterweights)	**HSCACW25** 25 lbs. (two 12½ lb. counterweights)	**HSCACW25** 25 lbs. (two 12½ lb. counterweights)	**HSCACW35** 35 lbs. (two 12½ lb. and two 5 lb. counterweights)	**HSCACW35** 35 lbs. (two 12½ lb. and two 5 lb. counterweights)

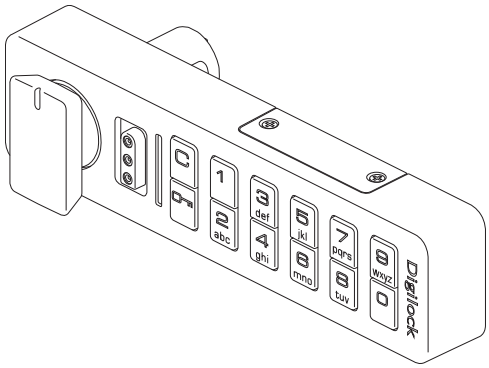

Counterweight is not required if credenzas are used within a standard Systems set up and attached with the Credenza Storage-to-Panel Brackets.

CONTAIN® DIGITAL LOCK SPECIFICATIONS

Digital Keypad Lock Specification Information for Contain® Pedestals, Credenzas, Personal Files, Lateral Files, and Towers

Right-Hand Keypad Lock

Left-Hand Keypad Lock

The digital keypad lock option helps modernize the workspace by eliminating the need to carry physical keys. The digital lock feature provides an alternative to standard lock and key, allowing users to simply input a code to unlock their Contain® storage unit. The digital keypad also supports shared applications where workstations or storage units support multiple users. These locks ship in "shared mode" by default; shared mode indicates that the lock will "forget" the paired 4-digit code after the lock is opened, allowing the unit to be used by multiple users.

❗ Order at least one Programming Key and Manager Key per install.

Digital Keypad Locks:

- Offered on all Contain® pedestal and undermount models.
- Ship factory installed.
- Offered in a brushed nickel finish.
- Digital keypad lock requires input of a user-selected 4-digit code.
- Digital keypad locks are powered using 2 premium lithium CR2032 batteries.
- Battery life is dependent on the frequency of operation but can last up to 5-7 years.
- **Every digital keypad installation site will require *one* Programming Key and *at least one* Manager Key, sold separately.**

Programming Key

- A Programming Key is a device used to initialize locks out of factory default mode and register Manager Keys to the locks.
- Only one Programming Key should be specified per installation site because multiple Programming Keys are not compatible with each other.
- Add-on digital lock orders should be programmed with the original Programming Key.
- Programming Key is the same key as Contain® Digilocks and can work across both Contain® and Fuse™.

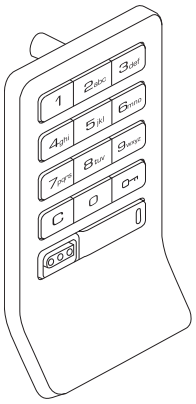

Manager Key

- A Manager Key is used to bypass a locked unit; this operates as the "master key" and it is recommended that building facilitators have at least one Manager Key.
- Up to 6 Manager Keys may be registered to each lock.
- Manager Keys provide external power to locks in case of battery failure.

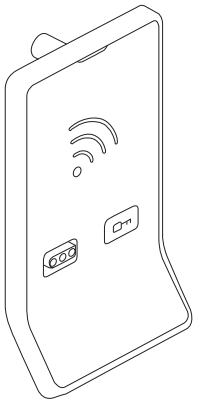

Digital Lock Keys and Accessories		
Description	**Model**	**List Price**
Programming Key	HSLDIGPRG	$250
Manager Key	HSLDIGMGR	$196

CONTAIN® DIGITAL LOCK SPECIFICATIONS

Digital Keypad & RFID Lock Specification Information for Contain® Lockers

Keypad Lock Pull

RFID Lock Pull

The digital keypad and RFID lock options support applications where workstations or storage areas are shared by multiple users. This is an alternative to a standard lock and key. This feature facilitates the use of storage by multiple users through eliminating the need to keep and hand-off physical keys. These locks ship in "shared mode" by default; shared mode indicates that the lock will "forget" the paired 4-digit code or RFID badge after the lock is opened, allowing the unit to be used by multiple users.

Order at least one Programming Key and Manager Key per install.

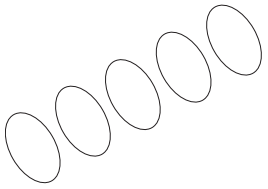

Digital Keypad & RFID Locks:

- Offered on Contain® lockers.
- Ship factory installed.
- Integral Pull/Lock design replaces a specified pull on eLock models.
- Offered in a polished silver finish.
- Digital keypad lock requires input of a user-selected 4-digit code.
- RFID lock requires a compatible RFID card or sticker.
- Digital keypad locks and RFID locks are powered using 4 premium AA batteries.
- Battery life is dependent on the frequency of operation but can last up to 5-7 years.

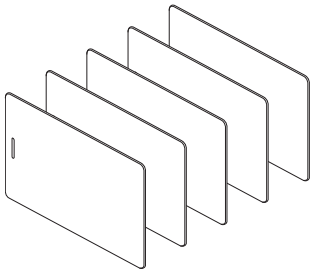

RFID locks require user to present a compatible RFID card or sticker to the lock in order to gain access. This is the same technology as "badge" systems that allows employers to grant employees with cards that can be scanned to gain access to entrances and buildings. HON locks *may or may not be* compatible with these existing badge systems.

- For existing RFID badge system compatibility, badges must operate on a 13.56 MHz frequency with both iClass (ISO 15693) and Mifare (ISO 14443).
- IF existing badge system is not compatible with 13.56 MHz frequency, compatible RFID badges or RFID stickers are sold separately as an accessory model.

RFID lockers are available in Shared Use and can not be assigned a specific RFID card to permanently access the lock. Instead, the lock is assigned to the last RFID card that was used to lock it. Once a card is used to lock the unit, only that card can then be used to unlock it. After it is unlocked, the lock will then be unassigned until the next RFID card is used to lock it. Similar to how normal gym lockers would work.

RFID Lock Pull

RFID Cards

Digital Lock Accessory Models (page 656)

- RFID-compatible cards and stickers are sold as accessory models in increments of 5, 25, or 100.
- RFID cards are plain white and have a lanyard cut.
- RFID stickers are plain white, approximately 1" in diameter and may be added to the back of an existing badge or employee identification card.
- **Every digital keypad or RFID installation site will require *one* Programming Key and *at least one* Manager Key, sold separately.**

Programming Key

- A Programming Key is a device used to initialize locks out of factory default mode and register Manager Keys to the locks.
- Only one Programming Key should be specified per installation site because multiple Programming Keys are not compatible with each other.
- Add-on digital lock orders should be programmed with the original Programming Key.
- Programming Key is the same key as Fuse™ Digilocks and can work across both Contain® and Fuse™.

Manager Key

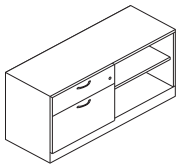

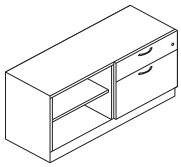

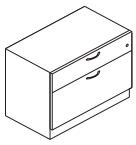

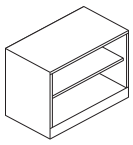

- A Manager Key is used to bypass a locked unit; this operates as the "master key" and it is recommended that building facilitators have at least one Manager Key.
- Up to 6 Manager Keys may be registered to each lock.
- Manager Keys provide external power to locks in case of battery failure.

	**Plinth, Integrated HAT Open Shelf Credenzas**						
	36″W x 18″D x 22″H	**HSCP223618LOHAT**	89	10.6	**$1749**	**$1791**	**$1833**
	30″W x 18″D x 22″H	**HSCP223018LOHAT**	78	9.0	**$1612**	**$1654**	**$1696**

NOTES:

- Metal chassis and drawer fronts.
- Lateral and wide box drawers operate on ball-bearing suspension with full extension.
- Steel ball-bearing drawer suspensions.
- Ships complete with standard kickplate.
- Field installable counterweight sold separately.
- File drawers accept hanging folders in letter or legal size.
- Steel frame provides durability.
- Use with laminate tops and credenza seat cushions. Order separately — see pages 634-635.
- For use with Coordinate™ 2 Stage C and T bases, 24″D or 30″D.

Install Tip: Will not accommodate pre-drilled Coordinate™ top locations in captured panel systems setups due to offset position in credenza and will require field location from credenza leg to bottom of top.

Recommended to use vertical fabric wire manager model HFBRZPWM to manage cords from worksurface to inside credenza through grommet opening. See page 635.

Counterweights are not required in HAT credenza applications.

Locking units equipped with HON "One Key" interchangeable core removable locks. Keyed alike core model HF23S, in Satin, must be ordered separately. See page 634.

NOTES:

- Lockers can be ganged either side-to-side or back-to-back.
- "Double" and "Quad" lockers include two double coat hooks in each compartment.
- Contain® Lockers can be used with Storage Islands, see page 687.

! Lockers: 42″H x 12″W and 50″H x 12″W plinth lockers can be freestanding. 65″H x 12″W plinth lockers and all heights of 12″W footed lockers must be attached to a panel, worksurface, or ganged to another unit.

! Every digital keypad or RFID installation site will require one Programming Key and at least one Manager Key, sold separately.

CONTAIN®
eLock Accessories

Icon Legend on page 19

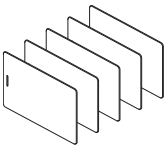

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE
Digital Keys				
Digilock Programming Key	**HSLDIGPRG**	0.8	0.0	**$250**
Digilock Manager Key	**HSLDIGMGR**	0.8	0.0	**$196**

NOTES: A Programming Key is used to initialize locks out of factory default mode and register Manager Keys to the locks. Manager Keys are used to bypass a locked unit, operating as the "master key" and it is recommended that building facilitators have at least one Manager Key. Up to 6 Manager Keys may be registered to each lock. Manager Keys provide external power to locks in case of battery failure. Programming Key is the same key as Fuse™ Digilocks and can work across both Contain® and Fuse™.

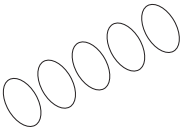

! Only one Programming Key should be specified per installation and multiple Programming Keys are not compatible with each other.

! Add-on digital lock orders should be programmed with the original Programming Key.

RFID Cards				
Digilock RFID Cards, Pack of 5	**HSLRFID5C**	0.3	0.0	**$166**
Digilock RFID Cards, Pack of 25	**HSLRFID25C**	0.5	0.0	**$767**
Digilock RFID Cards, Pack of 100	**HSLRFID100C**	1.9	0.0	**$2898**

NOTES: RFID cards are plain white and have a lanyard cutout.

RFID Stickers				
Digilock RFID Stickers, Pack of 5	**HSLRFID5S**	0.3	0.0	**$90**
Digilock RFID Stickers, Pack of 25	**HSLRFID25S**	0.5	0.0	**$387**
Digilock RFID Stickers, Pack of 100	**HSLRFID100S**	1.9	0.0	**$1453**

NOTES: RFID stickers are plain white, approximately 1" in diameter and may be added to the back of an existing employee badge or identification card.

Flagship® Modular Storage.

FLAGSHIP®

Pedestals in more than 40 styles. Lateral files in 15 sizes. These are just some of the reasons why Flagship is one of HON's top metal storage collections, and why HON is America's filing and storage leader. Today's offices run on information, and Flagship helps them sort, store and share every bit of it — plus all of the personal items and daily supplies employees depend on. It's the best-built storage available from any manufacturer at any price.

FEATURES

- Rugged, high-quality construction makes HON America's leader in filing and storage.
- ColorCorrect® lets you match your Flagship storage to many office furniture manufacturers.
- Add seat cushions to mobile pedestals for short-term, stow-away guest seating.
- Modular Storage with bins for easy access and customization.
- Lateral files with storage cabinets not only corral all your info, they double as collaborative hubs.
- Squeeze more storage capacity into a smaller workstation footprint by using pedestals as worksurface supports.
- Archival filing doesn't have to be stuffy. Outfit any open space with a wall full of storage, available at a moment's notice.

FUSE™

Want to see more? Scan here to check out hon.com.

Fuse™ Storage shown with Solve® Seating and Coordinate™ Desk.

FUSE™

Who says storage has to be boring? With a completely modern take on form and function, not to mention an ultra-cool color palette, Fuse storage adds personality to any home office or corporate workspace. With personal storage space for just about everything, Fuse keeps you organized even in small spaces.

FEATURES

- Designed to make the most of the compressed footprint of desking, benching and height-adjustable workstations.
- Extra thick, low profile case provides increased strength and durability while providing a modern 360-degree aesthetic for your storage needs.
- Extended height drawers give you the extra capacity to neatly store what matters most to you.
- Add a pop of color with an optional two-tone design to give new meaning to personal space.
- Alcove for stowing backpack, purse, bag, or other personal items.
- Rear casters swivel and front casters are fixed for easier mobility.
- Casters are designed to clear the top of Coordinate™ feet.
- File drawer has high sides to allow front-to-back filing for 15″ wide models.
- Side-to-side filing uses file bars for support for 10″ wide models.
- Standard core removable locks make rekeying a breeze.
- Electronic keypad lock option allows for ease of locking and unlocking personal items with your Fuse™ unit.

FUSE™ Pedestals

Fuse Pedestal Functionality with Workplace Tools

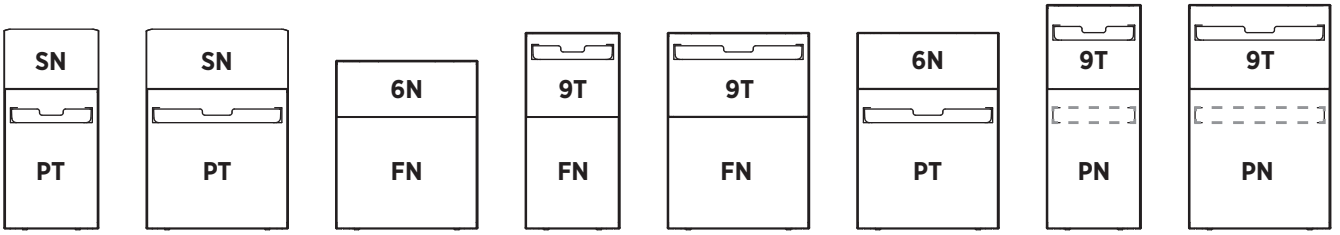

Large & Slim Trays
- Ships in 9" and/or 15" bin drawers where applicable
- Organizes notepads, rulers, pens, pencils, paper clips, sticky notes, etc
- Radiused compartments allow for easy pick up of those small items
- Versatile tray can be utilized on top of your pedestal, drawers, or on the worksurface

Side Saddle
- Stores small personal items such as your phone, tablet, and other organizational items
- Hangs on the drawer side, sits on the drawer bottom, undermount side slot and case top
- Division in the bottom creates two storage areas
- Also hangs on the paper management support bars on page 405

Hook
- Used to hang backpacks, coats, headphones, umbrellas, and other personal items
- Can be used only in the undermount side slot or case top lip
- Thoughtfully designed to stay in place
- Supports up to 20 pounds

Hot File
- Take multiple project folders with you to your next meeting
- Ridges in the bottom keep files upright
- Hangs on the drawer side, undermount or sit in the drawer bottom to subdivide space
- Makes files accessible without having to even open a drawer
- Also hangs on the paper management support bars on page 405

FUSE™ DIGITAL LOCK SPECIFICATIONS

Digital Keypad Lock Specification Information for Fuse™ Pedestals

Front **Back**

Keypad Lock

The digital keypad lock option helps modernize the workspace by eliminating the need to carry physical keys. The digital lock feature provides an alternative to standard lock and key, allowing users to simply input a code to unlock their Fuse™ storage unit. The digital keypad also supports shared applications where workstations or storage units support multiple users. These locks ship in "shared mode" by default; shared mode indicates that the lock will "forget" the paired 4-digit code after the lock is opened, allowing the unit to be used by multiple users.

Order at least one Programming Key and Manager Key per install.

Digital Keypad Locks:

- Offered on all Fuse™ pedestal and undermount models.
- Ship factory installed.
- Offered in a brushed nickel finish.
- Digital keypad lock requires input of a user-selected 4-digit code.
- Digital keypad locks are powered using 2 premium lithium CR2032 batteries.
- Battery life is dependent on the frequency of operation but can last up to 5-7 years.
- **Every digital keypad installation site will require *one* Programming Key and *at least one* Manager Key, sold separately.**

Programming Key

- A Programming Key is a device used to initialize locks out of factory default mode and register Manager Keys to the locks.
- Only one Programming Key should be specified per installation site because multiple Programming Keys are not compatible with each other.
- Add-on digital lock orders should be programmed with the original Programming Key.
- Programming Key is the same key as Contain® Digilocks and can work across both Contain® and Fuse™.

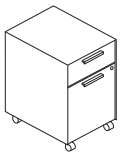

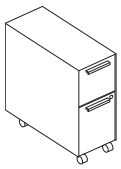

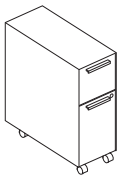

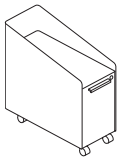

Manager Key

- A Manager Key is used to bypass a locked unit; this operates as the "master key" and it is recommended that building facilitators have at least one Manager Key.
- Up to 6 Manager Keys may be registered to each lock.
- Manager Keys provide external power to locks in case of battery failure.

STORAGE ISLANDS

Want to see more? Scan here to check out hon.com.

Storage Islands shown with Ignition® Café-Height Stools, Flagship®, and Contain® Storage.

STORAGE ISLANDS

Time to pack your bags and take flight for an organizational oasis. Storage Islands don't just offer intuitive design and unsurpassed efficiency, they create flexible work suites that will make any project feel like a vacation. Whether you're a creative collaborator or intensely focused on a singular project, these dynamic units are easily customizable with a variety of vibrant color options and offer seamless adaptability to meet the demands of any work day.

FEATURES

- Storage Islands promotes dual-purpose spaces, where functional storage and impromptu collaboration occur simultaneously.
- Clean, straightforward design complements and blends in with any workspace.
- Combine metal, laminate, and color to create a unique and unified look for your office.
- Storage Islands works best with Contain® lockers, wardrobes, and Flagship® and Brigade® laterals.
- Will work with 3-high Flagship® and Brigade® laterals, bookcases, and storage cabinets along with Contain® 42½" lockers and wardrobes.
- Add Storage Islands to existing HON Storage banks or specify in new office configurations.
- Pair storage options to consolidate storage away from the workspace, allowing more room for people to interact, work, and move freely.

End Panel

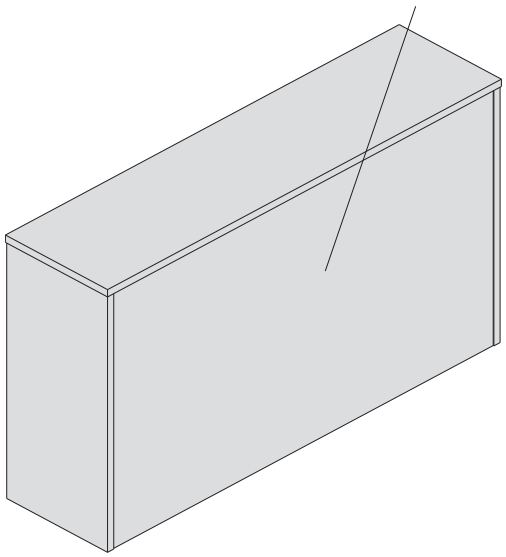

Specified in both 18″D and 36″D applications to conceal the sides of storage units.

Septum

Specified only in double depth (36″) applications. Laminate septum designed to cover the back of storage units and create a clean countertop application. Septum must be connected to end panels or an adjacent septum.

Back

Specified only in 18″D configurations to conceal the back of storage units.

Specifying Islands Top

1. Select top depth.
   - Single (18″) or double (36″)
2. Select desired Islands configuration.
   - Top only
   - Top + End Panels
   - Top + End Panels + Back or Septum
3. Determine top width.
   - Identify the number of side-to-side storage units the top will cover. This number represents the number of **spans**.

* Note: Front-to-back units do not factor into number of spans. Although top or end panels accept a septum, it is not required to add septum based on application.

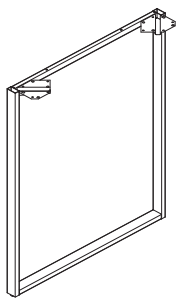

Specifying End Panels, Back, or Septum

4. Identify storage units Islands will wrap. This determines correct height.
   - Contain® Height = 40⅘″
   - Flagship®/Brigade® Height = 38⅘″
5. Specify additional components to complete your Islands configuration.
   - End panels, back, or septum
   - The width and number of units spanned on the septum must match the width and number of units spanned on the top.

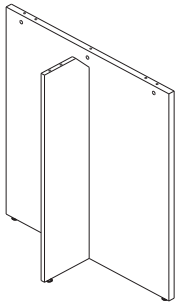

Peninsula Applications

Specify an O-Leg or laminate return panel to create an open span collaboration space.

* Note: Under-surface storage must support at least one side of the open span.

O-Leg

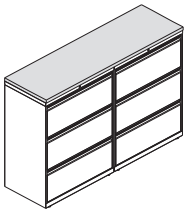

Return Panel

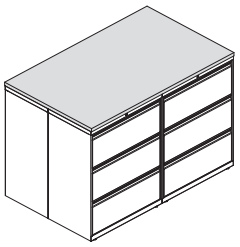

O-Leg & Return Panel

Specified to support open span top in Islands peninsula configuration.

STORAGE ISLANDS SPECIFYING GUIDE

18″D – Single Depth

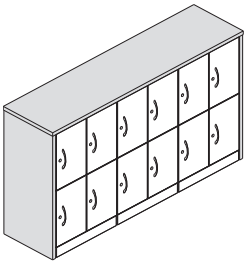

36″D – Double Depth

Light Configuration

Top Only

See page 690 to specify top only.

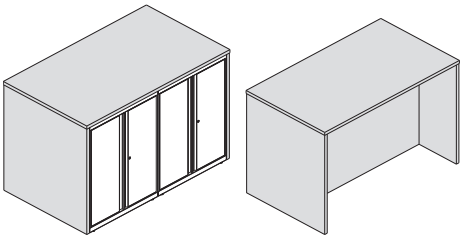

18″D – Single Depth

Medium Configuration

Top + 2 End Panels

See page 691 to specify top designed for end panel configuration.

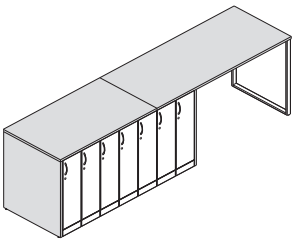

36″D – Double Depth

Heavy Configuration

Top + 2 End Panels + Back (18″D)

Top + 2 End Panels + Septum (36″D)

See page 692 to specify top designed for end panel and back/septum configuration.

Joined Configuration

Top + 1 End Panel + Septum (36″D)

See page 693 to specify top designed for single end panel and septum configuration.

❗ This application is designed to join worksurfaces to create a run greater than 84″.

NOTES: End panels, backs, septums, and support legs specified separately from tops. See pages 694-695 for specification options.

STORAGE ISLANDS SPECIFYING GUIDE

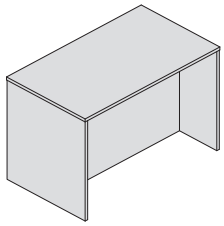

WORKING WITH STORAGE ISLANDS WITH CONTAIN® OR FLAGSHIP®/BRIGADE® PRODUCT LINES

Storage Islands come in 2″ height variances designed to be used with Contain® or Flagship®/Brigade® product lines. Worksurfaces and end supports are made of 1¼″ particleboard with 2mm edgeband and laminate on both sides of all surfaces. Center septums are made of ¾″ particleboard with 0.5mm edgeband and laminate on both sides.

	Depths
18″D No Back, No End Panels	18.19
18″D No Back, With End Panels	18.44
18″D Back and End Panels	19.455
36″D No Back, No End Panels	36.69
36″D End Panels	

End Panel Sizes		
	Depths	Height
18″D No Back, Contain®	18.19	40.8
18″D No Back, Flagship®		38.8
18″D With Back, Contain®	19.20	40.8
18″D With Back, Flagship®		38.8
36″D End Panels, Contain®	36.44	40.8
36″D End Panels, Flagship®		38.8

Countertop Application

- When specifying a countertop application, the end of a septum cannot be left open. The septum must connect to an end panel or adjacent septum.

Peninsula Application

- Peninsula applications can only be completed with 36″D worksurfaces and end panels.
- Back-to-back storage specified without an end panel will result in an ~⅜″ gap between storage units.
- In a peninsula application, one end of the worksurface must be supported by undersurface storage. The opposing end can be supported with an O-leg or laminate end panel.

- Unsupported surface runs greater than 54″W require the installation of an external stiffener.
- External stiffener extends 1½″ below the worksurface.
- For 36″W surfaces, 2 external stiffeners are needed on the underneath side of the worksurface.

	Width Sizes						
	S1	S2	S3	S4	S5	S6	S7
No End Panels	84.00″	S1 + 0.125	S1 + 0.25	S1 + 0.375	S1 + 0.5	S1 + 0.625	S1 + 0.75
1 End Panel	85.372″						
2 End Panels	86.744″						

*S1 spans a single storage unit, which is noted at the end of the model number. Start with the S1 number displayed in the table above. Depending on your Islands configuration, the top width increases accordingly based on the 2 factors below.

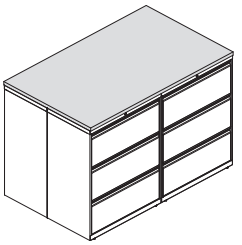

1). The number of end panels you attach to the worksurface.
2). The number of side-to-side storage units the surface spans.

NOTES:

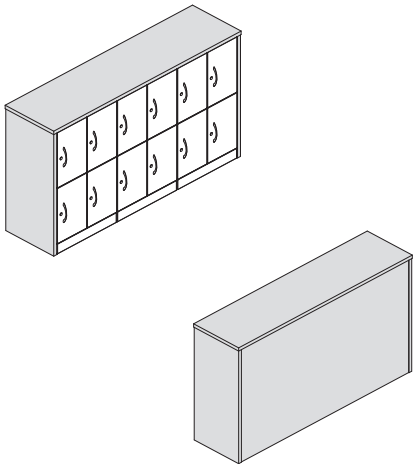

- Use the width of the worksurface you select. Models correspond to the correct surface width.
- Span represents the total number of side-to-side units. Front-to-back units do not factor into number of units spanned.

36″D x 72″W, 1 End Panel and Septum, Spans 3	**HSISLAUT1PYB7236S3**	84	10.5	**$1059**	**$1102**
36″D x 72″W, 1 End Panel and Septum, Spans 6	**HSISLAUT1PYB7236S6**	85	10.5	**$1059**	**$1102**
36″D x 84″W, 1 End Panel and Septum, Spans 2	**HSISLAUT1PYB8436S2**	98	12.1	**$1140**	**$1186**
36″D x 84″W, 1 End Panel and Septum, Spans 7	**HSISLAUT1PYB8436S7**	98	12.2	**$1140**	**$1186**

NOTES:
- Worksurfaces are made of 1⅛″ high-performance particleboard with 2mm edgeband and laminate on both sides of all surfaces.
- Grain direction on all worksurfaces runs horizontal.
- Single end panel application designed to join worksurfaces to create run greater than 84″.

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE
Flat Bracket 18″D	**HHN831118**	3 S	0.2	**$96**

NOTES: Use the flat bracket in countertop applications where 2 worksurfaces come together and there is not a storage unit or end panel connecting them.

! Available in Charcoal only.

NOTES:
- Top specified to create "joint" configuration. See page 686.

! 36″W with back-to-back storage without an end panel will result in approximately ⅜″ exposed gap between storage units.

400 SERIES

Want to see more? Scan here to check out hon.com.

400 Series Lateral Files.

400 SERIES

Economical 400 Series lateral files from HON offer features not often found on competitors' files, such as a tamper-resistant enclosed base and factory-installed counterweights on two- and four-drawer cabinets to stabilize the center of gravity when a drawer is opened. Even the removable lock core system stands out among higher-priced rivals.

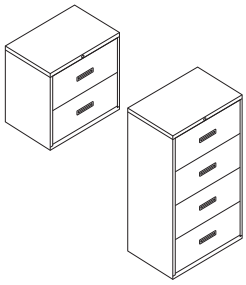

FEATURES

- Lateral files have counterweights for stability and a two-sided lock mechanism that resists tampering.
- Removable lock core can be changed as security needs require.
- Leveling glides compensate for uneven floors.
- Heavy-duty Steel ball-bearing drawer suspensions operate easily and quietly.
- Four vertical reinforcements keep the cabinet sturdy and the drawers gliding smoothly.
- Drawer handle design coordinates with HON Metro Classic Steel desks.

310 Series Verticals with Perpetual® Seating.

VERTICAL FILES

Have lots to store but not a lot to spend? HON has a lot of filing solutions to fit your budget. Perfect for small businesses, home and professional offices, schools and more, HON's vertical files are value priced and available in multiple styles and sizes.

FEATURES

- Our vertical filing cabinets offer both legal and letter drawer sizes to accommodate all your filing needs.
- HON One Key core removable locks can be changed or interchanged as security demands change.
- Double-walled front kickplate stands up to impact.
- High drawer sides support hanging file folders, eliminating the need for extra-cost hangrails.

Acoustic Solutions by Unika Vaev Wall Tiles shown with Contain® Lateral Storage.

UNIKA VAEV

The workplace as we know it is evolving. With the increasing popularity of open concept layouts, the need for creative ways to divide space and absorb sound is greater than ever. Introducing HON acoustics by Unika Vaev. We've partnered with one of the most trusted brands in the acoustic industry to bring you several of their most popular models from their standard collection. This partnership will fulfill the growing need for sound absorption in the workplace by providing proven acoustic solutions sold by HON.

FEATURES

- Choose from wall, ceiling, and freestanding acoustic products.
- Unique shapes and designs allow for a functional and customized space.
- Freestanding and select hanging models allow for a creative way to divide your space.
- Blend in or stand out with multiple finish options.
- Products ship directly from Unika Vaev.
- Follows HON standard freight terms.
- Please see HON.com for care and installation guide.
- **HON 5-Year Limited Warranty.**

ACOUSTIC SOLUTIONS
Ceiling Tiles and Screens

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE
Matrix ecoustic® Ceiling Tiles				
23 7/16″W x 23 7/16″H x 2 9/16″D, Pack of 8 tiles	**HUVMAWT24**	15.4	5.3	**$4270**
47 1/16″W x 23 7/16″H x 2 9/16″D, Pack of 8 tiles	**HUVMAWT48**	30.9	10.7	**$6423**
Torque ecoustic® Ceiling Tiles				
23 3/8″W x 23 3/8″H x 1 7/8″D, Pack of 8 tiles	**HUVTOWT24**	15.4	5.3	**$4270**
47 1/16″W x 23 3/8″H x 1 7/8″D, Pack of 8 tiles	**HUVTOWT48**	30.9	10.7	**$6423**

NOTES: Matrix and Torque tile packs contain groups of eight solid colors. Fits directly into 2′ x 2′ or 2′ x 4′ drop ceiling grid. Tiles replace ceiling tiles already in the grid. Tiles slide into grid at an angle and are held in by the edge of the tile. No hardware is needed.
Content: 100% PET (>50% Recycled PET)
Application: Ceiling
NRC: 0.80 (Torque), 0.75 (Matrix)

Measure Baffles				
47″W x 10 3/4″H	**HUVMBHS48**	15.0	0.8	**$1641**
96″W x 10 3/4″H	**HUVMBHS96**	30.0	1.6	**$2058**

NOTES: Ships 4 per box with 4′ hanging cords. Attaches via ceiling brackets (not included). Attachment hardware to ceiling should be procured by installers.
Content: 100% PET
Application: Ceiling
NRC: 0.80

Diamond Plate *Pinwheel X* *Trellis*

ScreenTrak® Bass Hanging Screen — Felt				
95″H x 46″W x ½″D, Diamond Plate	**HUVSTBHSD**	17.4	2.7	**$3371**

NOTES: Casters allow screens to be mobile.				

NOTES:
- Softline is manufactured on the basis of technical, environmental, and production ethical requirements. There are no emissions to air, water, or land during the production of Softline. The sound-absorbent core of Softline contains recycled materials. Materials in Softline screens are recyclable, either as material recycling or energy recovery.
- Softline screens are 2″ thick.
- Core Content: 100% Mineral Wool
- Frame Content: 100% Pine
- Base Content: 100% Steel lacquered in Black, Gray, or White
- Application: Floor Screen
- NRC: 0.75
- Each screen ships with one in-line connector.
- Screen legs prohibit screens from sitting directly at an L-, T-, or X-connection. Space must be provided to prevent legs from overlapping.

Universal Screens shown with Ignition® 2.0 Seating and Contain® Storage.

UNIVERSAL SCREENS

HON's Universal Screens platform was designed with a user's privacy in mind. From stand-alone offices to training rooms to workstations, this solution optimizes shared open spaces by encouraging optional discretion. With visual barriers available in a wide variety of material options and personal tool accessories to encourage personalized comfort and control, HON Universal Screens help define boundaries without discouraging connection.

FEATURES

- A variety of different mounting styles to accommodate a wide range of applications throughout the office.
- The screens offer a cohesive design aesthetic to help define and personalize any space.
- Screens were designed to be paired with the entire HON portfolio.
- Universal Screens offer a broad range of material options: fabric, metal, glass, laminate, acrylic, and PET.
- Universal Screens provide consistent sizes between various applications to create a consistent appearance across all applications.

SCREEN MOUNTING TECH AND SPEC INFORMATION

Movable Above/Below

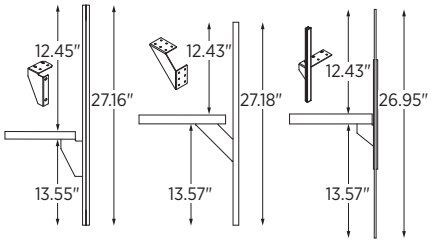

- Available in fabric only.
- Screen is offset from edge of worksurface by 1″ for cord management and to allow the use of worksurface mounted accessories.
- Mounting brackets attach to the underside of the worksurface.
- Screen is secured to the brackets with thumb screws. Allowing user to adjust height up/down.
- Minimum height above or below worksurface is 6″.
- Brackets are secured on the outside edge of the screen.
- Brackets ship uninstalled.

Sit-on-Surface Screen

- Available in fabric or acrylic.
- Screen is slightly offset from the top of the worksurface.
- Brackets come with anti-slip neoprene foam pads.
- Brackets are designed to be rotated 90 degrees when needed.
- Screen is secured to the brackets by tightening two set screws in bracket against screen material.
- Brackets ship uninstalled.

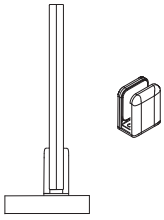

Fixed Above/Below

Fabric Screen Laminate Screen Acrylic Screen

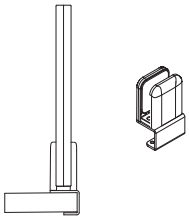

- Available in fabric, acrylic, or laminate.
- Screen is offset from the edge of the worksurface by 1″ for cord management and to allow the use of worksurface mounted accessories.
- Mounting brackets attach to the underside of the worksurface.
- Fabric screens are secured to the brackets via metal fasteners to threaded inserts embedded in screen. Brackets are inset 10″ (30-40″W) or 12″ (42″W+) from edge of screen depending on size. Brackets ship installed.
- Acrylic screens are secured to the brackets via a metal fastener. Brackets are located on edge of screen. Brackets ship uninstalled.
- Laminate screens are secured to the brackets via wood screws. Brackets are inset 10″ (30-42″W) or 12″ (48″W+). Brackets ship uninstalled.

Top Mount Screen

- Available in fabric or acrylic.
- Screen is slightly offset from the top of the worksurface.
- Mounting brackets attach to the top of the worksurface with either double sided tape or wood screws.
- Screen is secured to the brackets by tightening two set screws in bracket against screen material.
- Bracket location is flexible and can be adjusted as needed.
- Recommended inset location is ~6-12″ from edge of screen.
- Brackets ship uninstalled.

Side Mount Screen

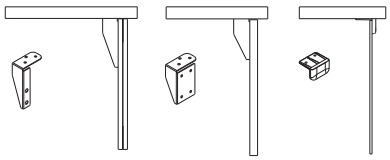

- Available in fabric or acrylic.
- Screen is slightly offset from the top of the worksurface.
- Mounting brackets wrap around the edge of the worksurface.
- Screen is secured to the brackets by tightening two set screws in bracket against screen material.
- Bracket location is flexible and can be adjusted as needed.
- Recommended inset location is ~6-12″ from edge of screen.
- Can only be used with flat edged worksurfaces/tables.
- Brackets ship uninstalled.

UNIVERSAL SCREENS SPECIFICATION GUIDE

SCREEN MOUNTING TECH AND SPEC INFORMATION

Modesty Panel

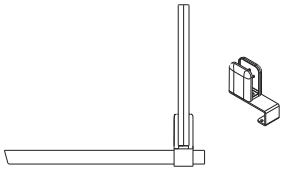

- Available in fabric, acrylic, or laminate.
- Mounting brackets attach to the underside of the worksurface.
- Fabric modesty is secured to brackets via metal fasteners to threaded inserts embedded in screen. Brackets are inset 10″ (30-40″W) or 12″ (42″W+) from edge of screen depending on size. Brackets ship installed.
- Acrylic modesty is secured to brackets via metal fasteners through predrilled holes in the modesty panel. Brackets are inset 10″ (36″W) or 12″ (42″W+) from edge of screen depending on size. Brackets ship uninstalled.
- Laminate modesty is secured to brackets via wood screws. Brackets are inset 10″ (30-42″W) or 12″ (48″W+). Brackets ship uninstalled.

Up Mount Screen

- Available in fabric, acrylic, or glass.
- Screen is offset from top of worksurface by 1″ for cord management and to allow the use of worksurface mounted accessories.
- Mounting brackets attach to the underside of the worksurface.
- Screen is secured to the brackets by tightening two set screws in bracket against screen material.
- Bracket location is flexible and can be adjusted as needed. Recommended inset location is ~6-12″ from edge of screen.
- Can only be used with flat edged worksurfaces/tables.
- Brackets ship uninstalled.

Front-to-Back Screen

- Available in fabric, acrylic, or glass.
- Screen is slightly offset from the top of the worksurface.
- Mounting brackets wrap around the front and rear edge of the worksurface.
- Screen is secured to the brackets by tightening two set screws in bracket against screen material.
- Bracket location is fixed on either side of the screen.
- Can only be used with flat edged worksurfaces/tables.
- Brackets ship uninstalled.

Empower® Shared Screens

- Available in fabric, glass, acrylic, or PET.
- Mounting brackets clamp in gap between fixed height worksurfaces.
- Screens will provide 1″+ of access between screen and rear edge of worksurface for the power trough.
- Screen is secured to the brackets by tightening two set screws in bracket against screen material.
- Bracket location is flexible and can be adjusted as needed. Recommended inset location is ~6-12″ from edge of screen.
- Screen only mounts to dual sided fixed height applications. For height adjustable or single sided applications, select a desktop mounted screen.
- Brackets ship uninstalled.

Gravitation™ Modesty

- Available in fabric, acrylic, or laminate.
- Gravitation™ modesty **MUST** match the beam size.
- Mounting brackets attach to the underside of the Gravitation™ power beam.
- Fabric modesty is secured to the brackets via magnetic connection. Bracket location is flexible and can be adjusted as needed. Recommended inset location is ~6-12″ from edge of screen.
- Acrylic and laminate modesties are secured to the mounting brackets via metal fasteners through predrilled holes in the screen material. Bracket location is fixed ~3″ from edge of modesty.
- Brackets come uninstalled.
- Can be used with, or without, a Gravitation™ Mounted Screen.

Gravitation™ Mounted Screens

- Available in fabric, PET, or metal.
- Gravitation™ screen **MUST** match the beam size.
- Mounting brackets wrap around and secure to the underside of the Gravitation™ power beam.
- Screens are slightly offset from the top of the power beam.
- Fabric screens are secured to the brackets by tightening two set screws in bracket against screen material. Brackets are in a fixed location ~8.5″ from edge of screen.
- PET screens are secured to the brackets via metal fasteners through predrilled holes in the screen material. Brackets are in a fixed location ~8.5″ from edge of screen.
- Metal screens are secured to the brackets via metal fasteners through predrilled holes in the screen material. Brackets are in a fixed location ~8.5″ from edge of screen.
- Brackets come uninstalled.
- Can be used with, or without, a Gravitation™ Modesty Panel.

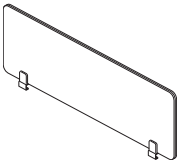

Lateral Desktop Organizer

- Available in metal only.
- Screens sit flush on top of worksurface.
- Screen wraps around the front or rear edge of the worksurface.
- Can only be used with flat edged worksurfaces/tables.
- Mounting bracket is integral to screen.

CORE REMOVABLE LOCK KITS

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE
Chrome Removable Lock Core Kit (for metal casegoods) • **Use when specifying omit lock application.** • Specify quantity of each key number from 101E-225E. • Includes: 1-core, 2-keys, 1-core removal tool and instructions. • Removable lock core kits with specific key number must be ordered to facilitate keying alike in the field. • For specific models, look for the Omit Lock Core icon throughout this publication. NOTES: If key number isn't specified, number will be at random. Core matches manufactured lock on metal casegoods product but can be used with Contain® and laminate product. When purchased separately without a configurable TAA compliant end product, not on GSA contract.	**HF23C**	0.1 S	0.1	**$73**
Satin Removable Lock Core Kit (for metal and laminate casegoods) • **Use when specifying omit lock application.** • Specify quantity of each key number from 101E-225E. • Includes: 1-core, 2-keys, 1-core removal tool and instructions. • Removable lock core kits with specific key number must be ordered to facilitate keying alike in the field. • For specific models, look for the Omit Lock Core icon throughout this publication. NOTES: If key number isn't specified, number will be at random. Core matches manufactured lock on metal casegoods product but can be used with metal casegoods and laminate product. For laminate stack-on and wall mounted storage models with locks, use HF27S. When purchased separately without a configurable TAA compliant end product, not on GSA contract.	**HF23S**	0.1 S	0.1	**$71**
Black Removable Lock Core Kit (for laminate products) Specify quantity of each key number from 101E-225E. Includes: 1-core, 2-keys, 1-core removal tool, and instructions. NOTES: If key number isn't specified, number will be at random. Core matches manufactured lock on laminate product but can be used with metal casegoods product. For laminate stack-on and wall mounted storage models with locks, use HF27B. When purchased separately without a configurable TAA compliant end product, not on GSA contract.	**HF23B**	0.1 S	0.1	**$52**
Removable Lock Core Kit				
Black	**HF27B**	0.2	0.02	**$52**
Satin	**HF27S**	0.2	0.02	**$52**
• For stack-on and wall mounted storage laminate models (with locks) in 10500, 10700, Valido, Voi, Concinnity, and 94000 Series. • Specify quantity of each key number from 101E to 225E. • Includes: 1-core, 2-keys, 1-core removal tool, and instructions. NOTES: If key number isn't specified, number will be at random. When purchased separately without a configurable TAA compliant end product, not on GSA contract.				
Master Key (one key) Will open all HON product with HON "One Key" interchangeable core removable locks. Available to authorized dealers only. Will open HF23B, HF23C, HF23S, HF24, HF27B, and HF27S locks numbered 101E-225E. Will open old HON style MB series locks.	**HF22**	0.1 S	0.1	**$47**
Chrome Core Removable Lock Kit for Vertical Files Field Installable. Specify key number from 101E-225E. Includes: 1-lock with core, 2-keys and attaching linkage. NOTES: If key number isn't specified, number will be at random.	**HF24**	0.2 S	0.2	**$99**
Bulk Package 6 HF24 Lock Kits (Individually shrink wrapped) NOTES: Bulk Package key numbers are at random and cannot be specified. When purchased separately without a configurable TAA compliant end product, not on GSA contract.	**HF246**	1.2 S	0.2	**$449**

NOTES:

- HON "One Key" interchangeable core removable locks are standard on most HON products. Look for the HON "One Key" icon.
- Keyed alike cores are listed above.
- If key number is not specified, number will be at random.
- For keyed alike locks:
  - Order standard product which will be shipped with factory installed locks and random numbered cores or omit lock option where offered.
  - Order the appropriate quantity of like numbered cores required for each workstation or keyed area.
  - Simply replace the factory installed cores with the replacement cores after product has been installed.
- To install new core:
  - Lock must be in the unlocked position.
  - Insert core removal key and pull core straight out.
  - Insert new core with core removable key, hold core into lock and withdraw core removal key.
  - Retain original core for future use.
- To provide normal lead times, key numbers cannot be specified on HON products at time of order. This also eliminates need for tagging and tracking each product's lock number during installation.
- Black removable lock core kit used on laminate casegoods.
- Chrome removable lock core kit used on metal casegoods.

31″ LED Light with 8″ Jumper Cord for Daisy-chain (Follower)	**HLED31AUO**	1.0	0.05	**$736**
Undercabinet Occupancy Sensor with 1″ End to End Connector	**HLEDOSA**	0.2	0.01	**$136**

NOTES: To use the daisy chain application, must start with model HLED17A or HLED31A. No finish specification required. Attaches magnetically to underside of overhead storage, or attaches with provided screws or double-sided tape. Occupancy sensor attaches to a single or starter LED light and will automatically turn the light off after no motion is detected for 30 minutes. Just like all the LED light models, the occupancy sensor features a soft-touch on/off switch. LED task lights have a lifetime of 50,000 hours and have a dimmer feature that allows the user to adjust the amount of light output.

Recessed Task Lights

- Color: Black.
- Slim profile design.
- Mount to stack-on storage and wall mounted storage cabinets.
- 9-foot black cord and switch off right rear corner.
- Features LED strip.
- Lights ordered after October 4, 2021 will feature new LED light strip.

PAPER MANAGEMENT & ORGANIZATIONAL TOOLS

Icon Legend on page 19

	DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY LAMINATE GRADE L1	L2
 *Not available in two-tone laminate*	**Vertical Paper Manager** 14⅞″W x 10⅞″D x 19¹¹⁄₁₆″H	**HLVPM1**	27	2.8	**$502**	**$517**
	NOTES: Keeps papers, files, and books neatly organized and within easy reach from a seated position. Designed for desk, credenza, and return tops. Fits under stack-on storage models. Two pullout drawers and three fixed shelves. Not available in pattern laminate colors. Ships fully assembled. ❗ Requires 19¾″H minimum of clear space between underside of overhead storage unit and worksurface. **SPECIFYING EXAMPLE: HLVPM1.N**					
 *Not available in two-tone laminate*	**Desktop Storage Terrace** 26½″W x 12½″D x 10½″H	**HLDST1**	24	1.1	**$470**	**$485**
	NOTES: For use on the tops of 29½″H desks, credenzas, and returns. Features six storage sections plus top display shelf. Keeps work-in-process, priority files, loose pages, and mail neatly organized and in view. Mixed material design comprised of sturdy laminate shelves with metal back and support panels. Not available in two-tone laminate combination or pattern laminate colors. Choose from Platinum Metallic (T1), Black (P), and Charcoal (S) for the metal components. Sized to fit in stack-on and wall mount storage cabinets in 10500, Valido, Concinnity, 94000, and 38000 Series. Fits in Concinnity and Voi sliding door models, except for 48″W or smaller models. Specify: Model.Laminate.Paint **SPECIFYING EXAMPLE: HLDST1.N.T1**					
	**Layering Shelf** 72″W x 14½″D x 5½″H 60″W x 14½″D x 5½″H	**HLSL1472LS** **HLSL1460LS**	50 39	4.6 1.3	**$675** **$567**	**$690** **$582**
	NOTES: Layering shelf works with lower credenzas to provide additional storage areas. ❗ Layering Shelves cannot be stacked. ❗ Cannot add a hutch on top of a layering shelf.

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE
Stacked Paper Management 32½″W x 12⅝″D x 4¼″H	**HLVPM2**	22	1.25	**$253**

NOTES: Segments and organizes stack-on and wall mount storage compartments, as well as bookcase shelves. Unit can be used in Models H105327, H10534, H105322, H105321, H105382 and H105381.

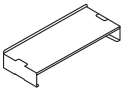

Available in Black finish only, no specification needed.

In some cases, installation of Stacked Paper Management may require removing the stack-on or wall mount storage doors.

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY PAINT GRADE P1	P2	P3
Hanging Paper Shelf 28 1/16″W x 11 7/16″D x 4 5/16″H	**HHPS1**	7	2.9	**$308**	**$321**	**$333**

NOTES: Attaches quickly and easily (screws included). Maximizes worksurface space; de-clutters desktop while placing priority communications and active project folders within easy reach. Angled design allows contents to be distinguished at a glance. Mixed material styling features strong painted metal frame with a frosted shelf.
Attaches quickly and easily to laminate stack-on and wall mount storage models (except the 36″W Voi® overhead hutch with O-legs or panel mount brackets). Not for use with 38000 Series™ and Systems.
Specify: Model.Paint
SPECIFYING EXAMPLE: HHPS1.T1

Desktop Paper Shelf 28 1/16″W x 11⅝″D x 5″H	**HDPS1**	7	2.9	**$308**	**$321**	**$333**

NOTES: Desktop Paper Shelf and Storage Terrace include protective, non-slip pads on the base. Paper Shelf can stack two-high. Organizer shelf provides a place and space for work-in-process and piling to keep worksurfaces neat and tidy. Convenient, scalable design with interlocking side supports allow two units to be stacked and integrated. Durable painted metal frame with a frosted shelf; mixed material styling matches hanging paper shelf.
Can also be used inside select overhead storage, including the following stack-on with clearance and hinged door models: 10500 and Valido 36″, 42″, 66″, 72″, 78″W.
Specify: Model.Paint

INTERLINK IQ ELECTRICAL

Specification guide for IQ Electrical on Training tables

Determine table width, the type of power access being used (3″ grommet or 4x8 pop-up) and the desired number per table (Columns 1, 2 or 3). The table will then identify the type and quantity of components needed per table along with the maximum table run. Note that this is in addition to the Power base in-feed which is needed for each run. For example, a 48″W table with two 3″ power grommets per table will require (1) HQH5-3 harness and (1) HQH1-3 harness per table with a maximum run of four tables.

Top Width	**POWER ONE (1) PER TABLE** 3″ ROUND POWER GROMMET		**POWER TWO (2) PER TABLE** 3″ ROUND POWER GROMMETS		**POWER ONE (1) PER TABLE** 4x8 POP-UP PORT	
36″	(1) HQH5-3	**8** Table Run Maximum	N/A	N/A	(1) HQH5-P	**8** Max Table Run
42″	(1) HQH5-3	**8** Table Run Maximum	N/A	N/A	(1) HQH5-P	**8** Max Table Run
48″	(1) HQH5-3	**8** Table Run Maximum	(1) HQH5-3 (1) HQH1-3	**4** Max Table Run	(1) HQH5-P	**8** Max Table Run

Half-Round (all sizes)	(1) HQH1-3	**2** Tables Maximum	N/A	N/A	(1) HQH5-P	**2** Max Table Run
Trapezoid (all sizes)	(1) HQH5-3	**8** Table Run Maximum	N/A	N/A	(1) HQH5-P	**8** Max Table Run

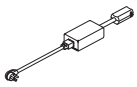

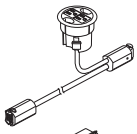

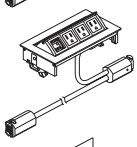

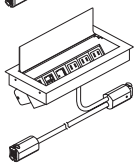

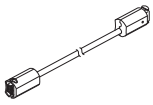

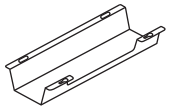

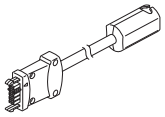

NOTES:

- Interlink IQ Electrical is a pluggable, single circuit electrical system.
- All electrical models include wire management clips and hardware.
- Interlink IQ Electrical is non-sequential/non-directional.
- Interlink IQ Electrical is UL Recognized as a Powered Table System and meets the requirements of UL 962 when paired with Motivate® or Huddle tables.

! 40′ maximum run, or no more than 8 units, whichever comes first. Interlink IQ system will automatically shut off if maximum requirements are exceeded. Maximum run is based upon electrical harness width, not table width.

4-TRAC HARDWIRE ELECTRICAL SYSTEM

4-Trac Electrical System

The 4-Trac Electrical System is a UL-recognized Manufactured Wiring System that seamlessly passes power from one worksurface to another. This low-profile non-sequential electrical system allows tables to be "daisy-chained" together in any desired order and allows users to reconfigure quickly due to simple connectable/disconnectable links.

- Meets requirements of UL 183 and National Electric Code Article 604
- 4-Wires, 2-circuits, 20 Amps each (Circuit 1 and Circuit 2 only)
- 13 Duplex Receptacles per circuit, 26, 15 Amp Duplex receptacle per power in-feed
- Electrical system attaches directly to underside of worksurface with included brackets
- Up to twelve tables can be linked together

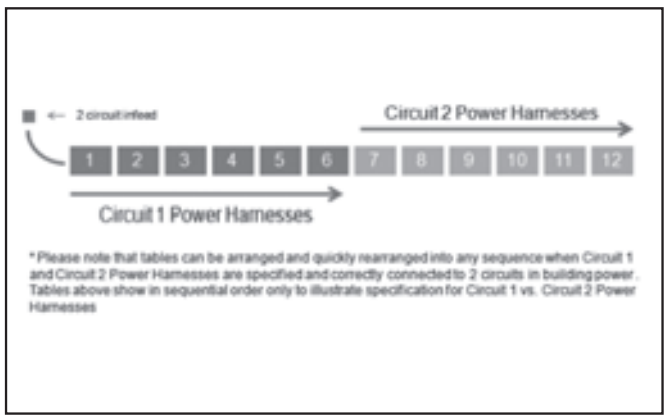

Power Entry Plate (ex: HMAPLATE) + Power Entry Cable (ex: HMACABLE) — For each power in-feed

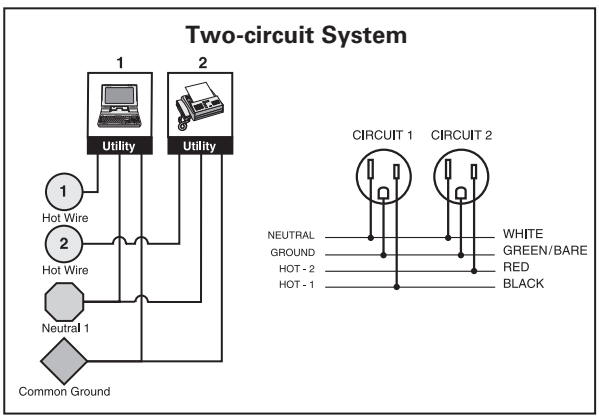

Circuit 1 or 2 Power Kit (ex: HMAPOWER48 or HMAPOWER482) + Ganging Hardware (ex: HMAGANG) — For each table in a row

Power Hub (ex: HGRMTAC), Data Grommet (ex: HGRMTDATA), Cable Trough (ex: HPWRTRGH17), Pop-up Port (ex: HTPWRGROM1) — Optional Accessories

Steps for Electrical Specifications:

- Determine how many rows of tables are needed and order the following:
  - One HMAPLATE per row (or power in-feed)
  - One HMACABLE per row (or power in-feed)
- Order one power harness per table in each row
  - For 1-6 tables in a row (see illustration 1)
    - Order Circuit 1 Power Harnesses (ex. If powering six 24x60 tables order six sets of HMAPOWER60)
  - For 7-12 tables in a row (see illustration 1)
    - Order Circuit 1 Power Harness for first six tables and Circuit 2 Power Harness for remaining tables (ex. If powering eight 24x60 tables, order six sets of HMAPOWER60 and two sets of HMAPOWER602)
- Order one set of ganging hardware per table (ex. HMAGANG)
- Determine which accessories are needed:
  - Power Hub model HGRMTAC — to access power at worksurface.
  - Data Grommet model HGRMTDATA — to access data at worksurface.
  - Wire Management strips model HBTMS — for vertical and horizontal wire management.

Model HUPWRMOD.AC.S shown

Dean Power Modules with Under-Worksurface Mounting Bracket — **HUPWRMOD** — 4.5 S — 0.2 — **$562**

- 2 receptacles, 1 USB-A, and 1 USB-C (AC).
- Power cord choices include a 10′ Straight (S), 5′ Interlink (I), 10′ Hardwire (H), and 10′ Chevron Fog and Storm Braided (B) cord.
- Available in Snow (SNW), Storm (STRM), and Black (BLK).
- Under-worksurface mounting bracket models work with any top that has a 5″ x 5″ square clearance.
- UL Listed.

SPECIFYING EXAMPLE: HUPWRMOD.AC.S.BLK

ABI

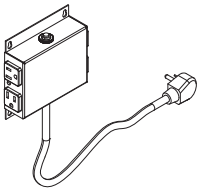

Power & Data Center — **HCPWRMOD** — 2.5 S — 0.2 — **$433**

- 2 Receptacles 2 Data Accessory.
- Standard with two receptacles and openings for two data ports.
- 10′ power cord with standard three-prong plug.
- Fits on any worksurface with a 4″ overhang.
- UL Listed.

Color finish coordinates with HON's Loft. *Specify LOFT when ordering.*

SPECIFYING EXAMPLE: HCPWRMOD.LOFT.

ABI

Under Worksurface Power Module — 4 Outlets, 10′ Cord — **HPWR4TAP** — 1.5 S — 0.1 — **$590**

- Includes 10′ cord with three-prong plug.
- Fits in cable management troughs. See page 760.
- 4 outlets on side create easy access.

NOTES: Power Modules will also work with standing-height applications for 10500 Series™ and Voi® desks.

ABI EZ

Vesta Mobile Power Station — **HPWRMOB1** — 14.0 S — 3.3 — **$1498**

- Includes 10′ retractable cord with three-prong plug.
- 3 AC, 1 Dual USB-A, 1 USB-C at top.
- 2 AC at base.
- Specify Paint and Plastic.

SPECIFYING EXAMPLE: HPWRMOB1.BLK.STRM

POWER & CABLE MANAGEMENT

Icon Legend on page 19

	DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY PAINT GRADE P1	P2	P3
	**Cable Management Troughs**						
	17″W — Single	**HPWRTRGH17**	2.7	0.5	**$103**	**N/A**	**N/A**
	36″W — Single	**HPWRTRGH36**	4.9	0.9	**$171**	**N/A**	**N/A**
	• Metal cable management troughs ship flat packed. • The troughs attach to underneath the worksurface with screws. • Cutouts in trough allow access to power without the need to detach from surface. 17″W = 1 cutout; 36″W = 2 cutouts. • TAA Compliant. **Graphite only, no specification needed.** **SPECIFYING EXAMPLE: HPWRTRGH17**						
	**Flip-Down Wire Management Troughs**						
	20″W	**HFDTRGH20**	4.5	0.8	**$281**	**N/A**	**N/A**
	32″W	**HFDTRGH32**	5.5	1.1	**$322**	**N/A**	**N/A**
	NOTES: Mounts beneath a worksurface. Flips open towards user and shuts close. Used to conceal extra cord length and power strips. May be used in conjunction with quad tap unit HPWR4TAP to reduce the number of cords routed from a worksurface to a beam. For any worksurface less than 58″W, a 20″W Flip-Down Trough is recommended. For worksurfaces 58″W and wider, a 20″W or 32″W Flip-Down Trough may be used. Only HKTSHORT keyboard tray is recommended for use in conjunction with the Flip-Down Trough. Available in Black only, specify “P” for finish option. **SPECIFYING EXAMPLE: HFDTRGH20.P**						
 *Black only*	**Cable Management Tray**						
	24″	**HJTRGH24**	2.0	0.5	**$107**	**N/A**	**N/A**
	36″	**HJTRGH36**	3.0	1.3	**$130**	**N/A**	**N/A**
	Available in Black only. **SPECIFYING EXAMPLE: HJTRGH24.P**						
	**Vertical Wire Management Vertebrae**	**HMPVWM28**	3.0	0.3	**$336**	**N/A**	**N/A**
	NOTES: 30″H x 3 1/16″W x 1 1/2″D. Ships unassembled. Clear finish. Specify “X” for finish option. **SPECIFYING EXAMPLE: HMPVWM28.X**						
	**Cord Management Chain**						
	Cord Management Chain is 36″ long	**HPWRSNK36**	2.0	0.3	**$329**	**N/A**	**N/A**
	NOTES: Conceals and routes cords on Height Adjustable Table. Pairs with Coordinate™. Includes two mounting brackets, mounting hardware and double-sided VHB tape. Top bracket connects under height adjustable worksurface, bottom bracket can connect underneath Gravitation™ power rail with double-sided VHB tape. Material is plastic. Available in White (DW), Silver (TI), and Black (BL), specify desired plastic finish. **SPECIFYING EXAMPLE: HPWRSNK36.DW**

POWER & CABLE MANAGEMENT

	DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY PAINT GRADE P1	P2	P3
	**Panel Mounted Wire Chase** • Panel Chase is 17″H. • Available in standard metal paint finishes, specify desired finish. • See page 736 for finish options. NOTES: Provides additional cord management below the worksurface in a cubicle. Hooks between panels on Accelerate® and Abound® into slotted standards. **SPECIFYING EXAMPLE: HMPCHASE.PJW**	**HMPCHASE**	1.0 S	0.1	**$107**	**$120**	**$125**
	**O-Leg Chase** • O-Leg Chase is 26″H. • Available in standard metal paint finishes, specify desired finish. • See page 207 for Voi® O-Leg finishes to match chase finish to O-Leg. NOTES: Works with Voi® O-Legs, matches leg profile on models HLSL30280 and HLSL24280. Attaches to legs via magnets. Metal chase can fit qty. 12, 3/10″ diameter cords. **SPECIFYING EXAMPLE: HLEGCHASE26.P7D**	**HLEGCHASE26**	1.0 S	0.4	**$129**	**$144**	**$150**
	**Wire Cleat** • Available in standard metal paint finish, specify desired finish. • See page 736 for finish options. NOTES: Wraps up extra cord length. Comes with screws and VHB tape to attach to various surfaces. Do not screw Wire Cleat into the side of a Height Adjustable Table leg; attach with VHB tape instead. **SPECIFYING EXAMPLE: HWIRECLT.PJW**	**HWIRECLT**	0.5 S	0.2	**$96**	**$108**	**$112**
	**Wire Management Strips** NOTES: Four plastic wire management strips with two profiles. Self-adhesive backing. May be trimmed to desired size. Available in Black only, no specification needed.	**HBTMS**	3.0 S	0.25	**$183**	**N/A**	**N/A**

DESCRIPTION	MODEL	SHIP WEIGHT	CUBE	LIST PRICE BY PAINT GRADE P1	P2	P3
2-Stage Metal HAT Telescoping Wire Chase	**HHATPWRMOD2S**	5.6 S	0.6	**$1172**	**$1203**	**$1218**
3-Stage Metal HAT Telescoping Wire Chase	**HHATPWRMOD3S**	5.6 S	0.6	**$1199**	**$1232**	**$1249**

- Metal Telescoping Chase available in the same paint finishes as Coordinate™ HAT bases, specify desired paint finish.

NOTES: 2 and 3-stage Metal HAT Telescoping chases include an Above/Below Power Module and a metal telescoping chase to conceal coiled cord on the Above/Below Power Module unit. Four feet of straight cord length extends from the base of Telescoping Chase. Telescoping Chase solution provides power access above and below the worksurface on Coordinate™ Height Adjustable Tables while concealing cord slack. Telescoping chase matches profile of Coordinate™ HAT leg and rises up and down with the unit. To match Metal Telescoping Chase to HAT base, specify matching paint color to HAT base.

SPECIFYING EXAMPLE: HHATPWRMOD2S.AC.DWT.PJW

Fabric Elastic HAT Wire Chase	**HHATPWRMODF**	3.6 S	0.3	**$1080**	**$1101**	**$1111**

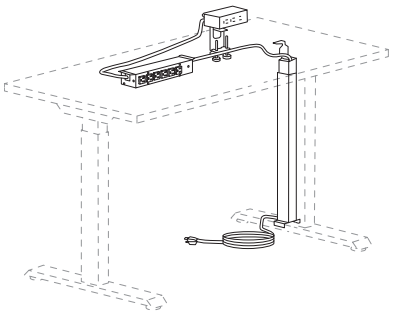

- Fabric Chase comes in Light (LGT), Medium (MDD), and Dark (DRK) fabrics, specify desired fabric.
- Fabric HAT mounting brackets available in the same paint finishes as Coordinate™ HAT bases, specify desired paint finish.

NOTES: Fabric Elastic Chase includes an Above/Below Power Module and a fabric chase to conceal coiled cord on the Above/Below Power Module unit. Four feet of straight cord length extends from the base of Fabric Chase. Fabric Chase solution provides power access above and below the worksurface on Coordinate™ Height Adjustable Tables while concealing cord slack. Works on either 2-stage or 3-stage HAT bases. Fabric chase wraps around coiled cord and stretches up and down with a Coordinate™ HAT leg. To match Fabric Chase's metal mounting brackets to HAT base, specify matching paint color to HAT base.

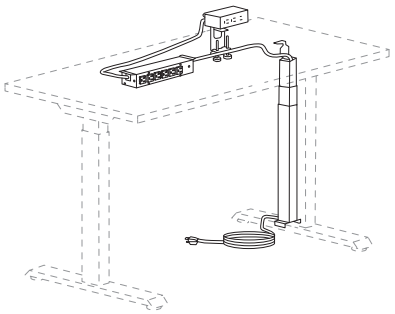

SPECIFYING EXAMPLE: HHATPWRMODF.AC.DWT.LGT.PJW

NOTES:

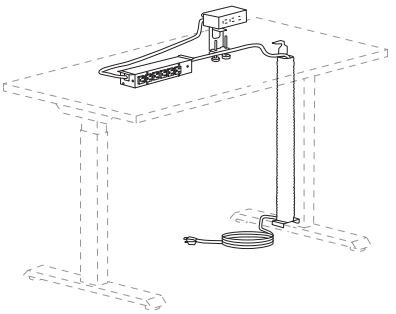

- Desktop power module comes with 2 receptacles, 1 USB-A, and 1 USB-C port only, specify "AC."
- Desktop power module available in White (DWT) or Gray (DGY) finishes, specify desired finish.
- Under worksurface power strip comes with 6 receptacles and is available in Black only, no specification needed.

INFORMATION ON ORDERING PARTS

When parts are needed to repair HON products, the following guidelines should be followed to expedite the process.

1. Warranty orders are submitted on the Website at hon.com via the Quick Claim tool.
2. There are no discounts applied to parts. Pricing quoted is the net value. Parts pricing is subject to change without notice.
3. For a part not covered by warranty applicable shipping charges will apply.
4. All keys are $6.00 each plus a shipping and handling fee of $3.00 per shipping location.
5. Parts may be paid for with an approved credit card. Approved Cards: MasterCard, VISA and American Express.
6. Payment terms for invoiced parts are Net 30 days.
7. Due to short leadtimes on parts, no changes will be accepted after the order has been placed.
8. When placing a **warranty** parts order:

   If the product is under warranty, the product serial number must be provided. Most finished goods products have a serial number placed on them at the factory. The label containing the serial number is located:

   Vertical Files — right side of the uppermost drawer

   Lateral Files — left side of the uppermost drawer or shelf

   Desk Towers — outside of top drawer

   Desks, Credenzas, & Returns — on the outside, kneespace side of the top drawer. Fully extend the drawer to find it.

   Desks, Credenzas, Corner Units, Bridges, Peninsulas & Returns without drawers — underside of top

   Tables and Stands — underside of the top

   Table Trucks — underside of side rail

   Cabinets & Bookcases — left inner side of the case

   Modular Component Top and Backs — underside of top

   Modular End Panels — top inside surface

   Reception Stations — top inside surface of back panel

   Organizers — top inside surface of left end panel near back panel

   Vertical Paper Manager — back panel inside surface near top

   Pedestals — bottom drawer right side exterior

   Seating — underside of the seat

   Panels — underside of the top cap

   Hutches, Storage Units, Overhead Storage — underside of the shelf

   Hanging Bookshelves — underside of shelf

NOTE: Removal of the serial number tag from the product voids the warranty.

An important note regarding Product Serial Numbers:
HON desks, tables, chairs, files and systems components are tagged with a serial number. This number helps us identify *when and where your product was made,* and to identify and correct the root causes for the problem. NEITHER THE DEALER NOR THE CONSUMER SHOULD REMOVE THIS TAG UNDER ANY CIRCUMSTANCES. To do so immediately voids your Warranty coverage for that particular item *and prevents us from further identifying it.* Instead, please transcribe the number and call your Dealer.
