Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Use standard pricing and option pricing for each line item with a special finish, unless additional modifications have been specified. For items available in both Essential and Artisan veneers, apply the Essentials pricing.

Finish Sheen

All veneer finishes, for Walden, are standard in 35-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

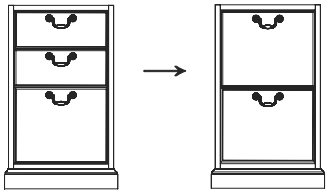
Special Veneer

Upon request standard veneer can be changed to a special veneer contact Customer Service for availability and pricing.

Pedestal Configuration Change

Pencil-box-file configuration is standard on all desks pedestals. Standard configurations for all other units are listed in the pricing section for that model.

Drawer configurations can be switched from a pencil-box-file or box-box-file to a file-file configuration on units 28¾″ high, but must be specified at the time of order with an additional **$213** list per pedestal.



Changing from pencil-box-file to file-file pedestal will eliminate the writing shelf (arm slide).

Special Sizes from Standard Offering

The following chart contains pricing for general modifications to Walden. **All modifications still must be approved by JSI manufacturing**, please contact Customer Service to verify any of the modifications listed in the chart below. More complex modification to standard product may be possible.

This chart does not apply to glass doors, or to metal components; such as grill on doors and cornices. Any changes to file drawers will affect filing capabilities.

Increasing Dimensions - Add On to the list Per 6″ Occurrence

Overhead	
Increasing width	$1,479
Increasing depth	$2,527
Increasing width with doors	$1,754
Increasing depth with doors	$2,704
Any Pedestal	
Increasing width	$2,100
Increasing depth	$1,876
Any Panel	
Increasing width	$480
Any Top	
Increasing width	$626
Increasing depth	$880

Decreasing Dimensions Add On to the list Per 6″ Occurrence

Overhead	
Decreasing width	$257
Decreasing depth	$257
Decreasing width with doors	$351
Decreasing depth with doors	$351
Any Pedestal	
Decreasing width	$1,111
Decreasing depth	$992
Any Panel	
Decreasing width	$131
Any Top	
Decreasing width	$193
Decreasing depth	$193

Example 1

Increasing open corner credenza width by 11″, from 86″to 97″.

Add Top Width ($626 × 2) [*$626* for each 6″ increment]

Add Panel Width ($480 × 2) [*$480* for each 6″ increment]

Total Modification = $2,212

Example 2

Increasing a desk pedestal depth from 36″ to 40″ & increase the width of the same pedestal by 8″

Add Pedestal Depth $1,876

Add Pedestal Width ($2,100 × 2) [*$2,100* for each 6″ increment]

Total Modification = $6,076

Example 3

Decreasing an overhead from 62″ to 58″ width & increasing the depth by 3″

Add Overhead Width $1,479

Add Overhead Depth $2,527

Total Modification = $4,006

Walden Product Information

Edge and Hardware

Walden offers the traditional federal edge profile and the Walden drawer pull in antique brass or pewter finish

Edge Profile

Antique Brass (ANB)
Pewter (PTR)

Picture Frame Molding

Many Walden units, including desks, credenzas, and overhead storage, can be specified with picture frame molding. Desks feature this molding on the modesty panel, the back and side of the pedestal, and the outside of the end panel. Molding on the returns are located on the side and back of the pedestal. Credenzas have molding on the side of the pedestal and end panel only. Overhead storage features molding on wood doors only.

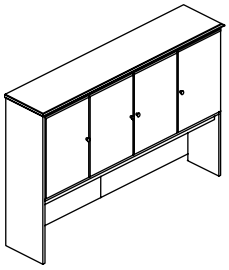
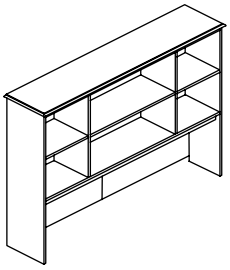
Walden Product Information

Storage Overhead Cabinet

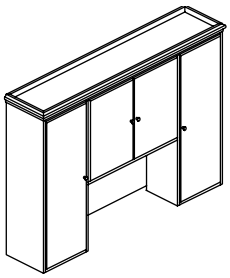
Overhead storage sizes range from 30″ wide to 90″ wide. Multiple variations, including wall mount overheads and open storage, are available.



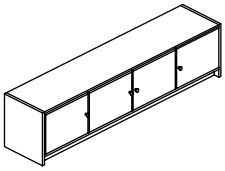
Storage Overhead Cabinet with Doors



Open Storage Overhead Cabinet



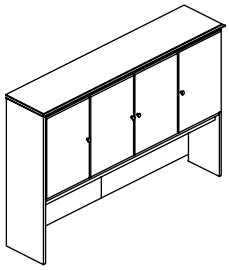
Open Storage Overhead Cabinet with Tower



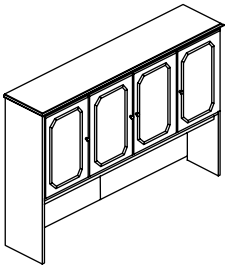
Wall Mount Overhead

Storage Overhead Cabinet Doors

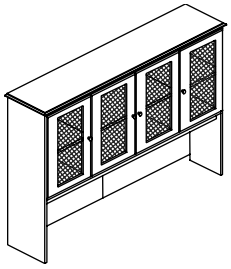
Door options for storage overhead cabinets and storage towers include wood doors (DWW) with or without picture frame molding, grill doors (DWM), and clear glass doors (not low iron) (DWC). Knobs may be either antique brass or pewter. Grill matches hardware finish selected.



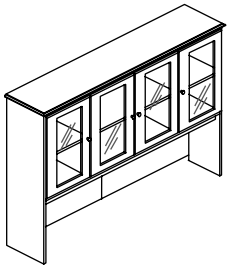
Wood Doors (DWW)
Standard



Wood Doors (DWW)
with Optional Molding



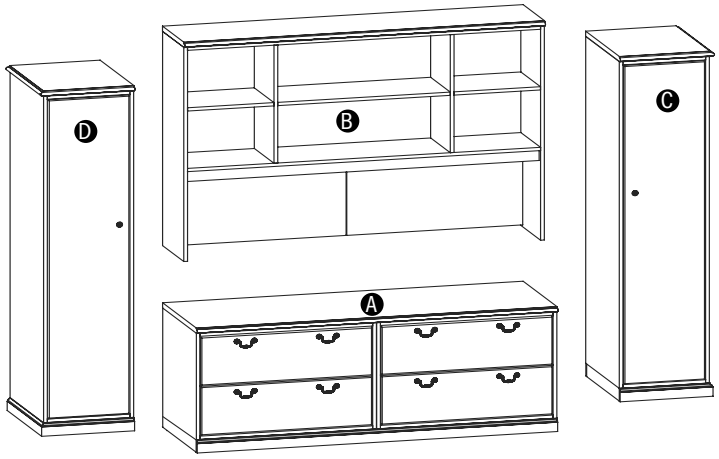
Grill Doors (DWM)



Clear Glass Doors (DWC)
(not low iron)

Flat Cut Options

Units can fit tightly together with flat cut rims that replace the top edge profile and base molding. Specify the flat cut options. (see example)



Example

- **A** WN2DST1-2574
  credenza flat cut on both sides (option code FB)
- **B** WN4BOO1-1674
  overhead flat cut on both sides (option code FB)
- **C** WN6ADS1R-2520
  wardrobe flat cut on the left side (option code FL)
- **D** WN6ADS1L-2520
  wardrobe flat cut on the right side (option code FR)

Must be specified at the time of order placement.

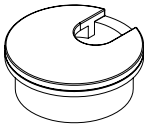
Worksurface Grommets



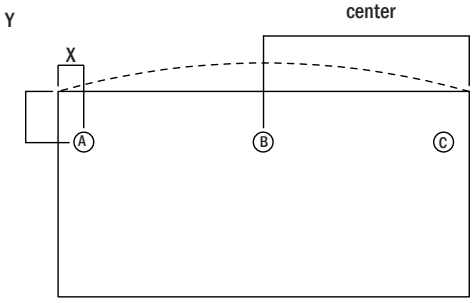
G3A - 3"
Antique Brass
G3B - 3"
Matte Black

Work Surface Grommet Locations

The optional grommet locations on the desk, run-off desk, bridges, credenzas and returns are predetermined on the Walden product. Grommet locations are indicated below with an (A) for left, (B) for center, (C) for right, and (D) for center end.

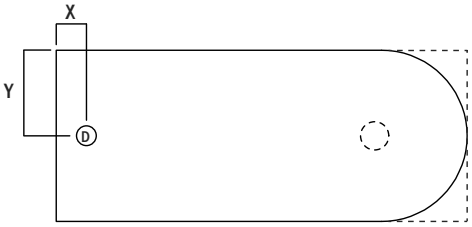
Add $127 to the list for each additional grommet.

Pedestal Desk



X = 4½″
Y = 8¼″

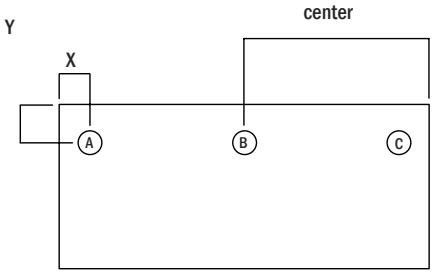
Support End and Run-Off Desk



X = 4½″ from connect end
Y = center

Bridges, Returns and Credenzas

Center grommet is not available on open corner lateral credenzas and lateral returns due to the location of the pedestal.



X = 4½″
Y = 5"

Note: Grommet not recommended over pedestal, contact Customer Service for other locations.

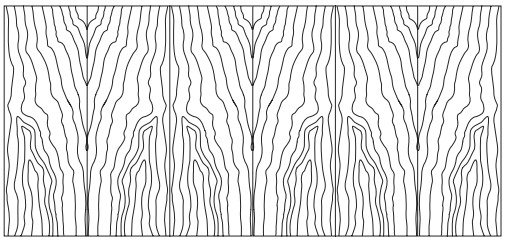
Walden Conference Product Information

Walden Product Information

Exterior Wood Materials
Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Walden product line. To attain a pleasing, symmetrical pattern, all veneers in Walden are book-matched. All exterior solid lumber is matched to coordinate with the veneer.



Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Walden is available in flat cut cherry veneer and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Work Surface Construction
Tops are 3-ply balanced construction, 1 3⁄16" thick with solid matching hardwood edges. Tops are available in federal edge style profile.

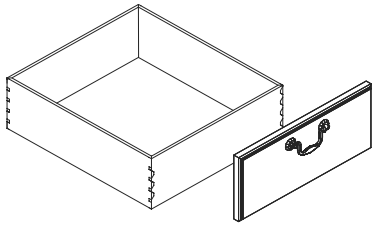
Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge.

Base Construction
Panels are joined together by mortise and tenon construction. In addition to mortise and tenon joint construction. Leveling glides are set into solid hardwood with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the bases with top fastening cleats screwed to the inside of the panels.

Drawers
he standard Baltic Birch drawer is constructed with ½" thick high quality Baltic Birch plywood with a durable finish. This five sided drawer box features fully glued dovetail construction ensuring a solid, warp resistant drawer box.

Veneered bottoms are framed into grooves on four sides. Bottoms are then glued, stapled, and reinforced with a continuous band of glue.

The optional V-fold drawer interior is a ½" durable, miter-fold drawer system. The V-fold vinyl wrapped drawer sides form a mitered box. The box is glued and doweled, the drawer fronts attached to the box.



Drawer Suspension
The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension.

Finish - Stain/Colors
We offer a variety of wood stains and paint colors on Walden. Please see the chart below. Samples are available upon request.

ESS	Essentials Veneer Collection		
BRK	Brickdust	OBK	Outback
CSK	Cask	SIE	Sienna
CLY	Clay	TRF	Truffle
MES	Mesa	UMB	Umber
MCH	Mocha		

Protective Top Coat
DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features
Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Walden Product Information

Product Modification

Laminate Tops
Worksurface only, no additional upcharge if coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

ESS	Essentials Veneer		
BRK	Brickdust	MCH	Mocha
CSK	Cask	OBK	Outback
CLY	Clay	UMB	Umber
MES	Mesa		

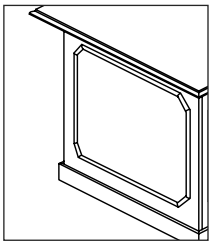
Special Finishes
Special finishes can be requested by following the instruction in the general introduction section. There is a one time charge of $412 list per order.

Finish Sheen
All veneer finishes, for Walden, are standard in 35-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

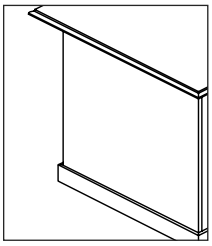
Product Modification

Trim Molding
Walden Trim molding is an option on all Walden products.

Walden trim molding (WDM) or without molding (WOM) can be specified at the time of order placement. Use the appropriate pricing column.



Walden Molding (WDM)



Base Molding Only (WOM)

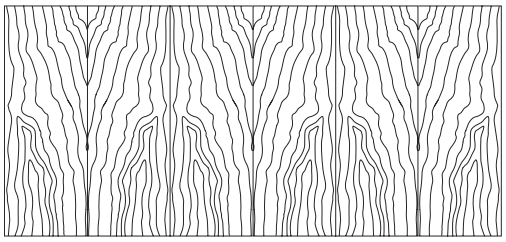
Wellington Product Information

Exterior Wood Materials
Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Wellington product line. To attain a pleasing, symmetrical pattern, all veneers in Wellington are book-matched. All exterior solid lumber is matched to coordinate with the veneer.



Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Wellington is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

Work Surface Construction
Tops are 3-ply balanced construction, 1 3⁄16" thick with solid matching hardwood edges.

Coordinating high pressure laminate in a veneer grain pattern can be applied to the top surface and is available at no additional charge.

Top can be routed to accept 3 piece leather inlay.

Case Construction
All construction is full mortise and tenon.

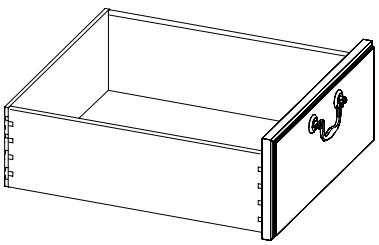
Some panels are 7⁄8" and others are 13⁄16" thick. All panels are 3-ply construction. End panels and pedestal back panels are mitered and lock jointed together on approach side of desk.

Pedestals are enclosed at bottom by a 1 1⁄16" framed base platform, securely fastened to panels.

Arm slides are 3-ply construction, banded on all four sides with veneer.

Drawer Construction
All drawer fronts are 5-ply construction with a hardwood core. Veneer grain runs in a vertical direction. Drawer sides and backs are solid wood with top edges of sides completely rounded. Drawers are joined at front using a French dovetail and the back by an English dovetail. Veneered bottoms are framed into grooves on four sides and glued. All drawer interiors are finished with special toner and covered with a clear coat. Drawer bottoms are sanded and hand-rubbed.

All drawer bottoms are glued, stapled and reinforced with hand-fitted glue blocks.



Drawer Suspension
The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. All drawers, including file and box drawers, fully extend past the pedestal chassis allowing full access to the drawer box.

Filing Hardware
All file drawers are constructed with a custom designed filing system in place to allow for hanging folders. Filing diagram on pages WE16-WE17.

Locking
Locking is standard in all desks, credenzas and modular units. Door locks are available as an option.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

Finish - Stain/Colors
We offer a variety of wood stains and paint colors on Wellington. Please see the chart below. Samples are available upon request.

ESS	Essentials Veneer Collection		
BRK	Brickdust	OBK	Outback
CSK	Cask	SIE	Sienna
CLY	Clay	TRF	Truffle
MES	Mesa	UMB	Umber
MCH	Mocha		

Protective Top Coat
DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features
Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Wellington Product Information

Product Modification

Laminate Tops
Worksurface only, no additional upcharge if Wellington's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

ESS Essentials Veneer

BRK	Brickdust	MCH	Mocha
CSK	Cask	OBK	Outback
CLY	Clay	UMB	Umber
MES	Mesa		

Custom/Special Finishes
JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first-time matches and must be included with the written request.

There is a one-time charge of **$412 list** per order for any non-standard wood finish.

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Use standard pricing and option pricing for each line item with a special finish, unless additional modifications have been specified. For items available in both Essential and Artisan veneers, apply the Essentials pricing.

Finish Sheen
All veneer finishes, for Wellington, are standard in 35-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

Special Veneer
Upon request standard veneer can be changed to a special veneer contact Customer Service for availability and pricing.

Adjusting Sizes
All charges are to be added to the list price of the unit. All size adjustment need approval by JSI Engineering, contact Customer Service.

Re-size standard tops or bases (shorter or narrower)	$756

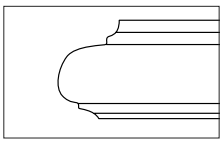
Wellington Product Information

Edge and Hardware

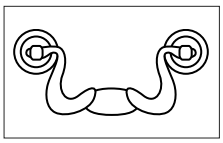
Wellington is available with the Federal Edge Profile and Wellington Hardware. Hardware is available in antique or burnished brass.

Edge Profile



Federal Edge Profile
Accepts Laminate Top

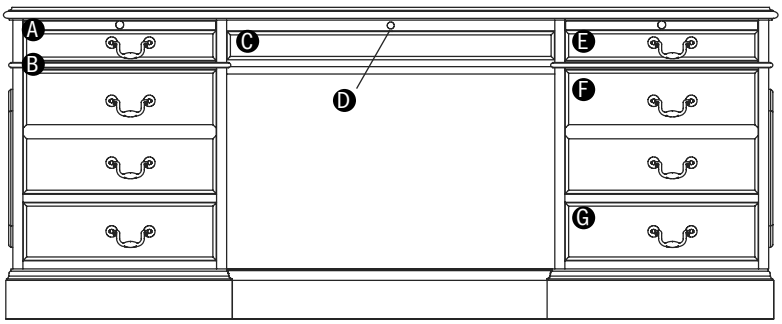
Drawer Hardware



Wellington Hardware
Antique Brass (ANB)
Burnished Brass (BBR)

Drawer Pedestals

Wellington has unique construction on the pedestals as described below. Space does not allow for file-file configuration.

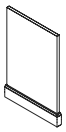


Pedestal Configuration

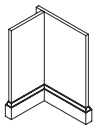
- **A** Pedestal Writing Shelf
- **B** Horizontal Trim Molding *(molding can be eliminated)*
- **C** Center Drawer *(with pen tray)*
- **D** Central Locking *(locks all drawers)*
- **E** Top Tray Drawer
- **F** Center File Drawer *(front made as two box drawers)*
- **G** Lower Box Drawer

End Support Components

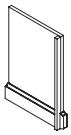
Wellington offers end support components that can be used with other modular items to create modular freestanding applications.
Note: Spans 48" or greater requires a support rail



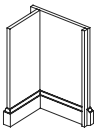
End Panel Support
PE8028
Use as support for modular credenza configuration



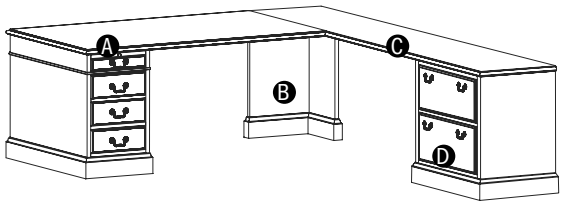
End L-Panel Support
PELF8028R *(right shown)*
Use as as additional support for either freestanding credenza or when connecting run-off desk to modular credenza configuration.



End Panel Support
PE8028R *(right shown)*
Use as support for modular credenza configuration when connecting to a return or a bridge.



End L-Panel Support
PELC8028R *(right shown)*
Use as additional support for modular credenza configuration and connecting to return or bridge.



Example 1

- **A** PRR8066L *Run-Off Desk*
- **B** PELF8028L *End L-Support*
- **C** TU8091 *Modular Top*
- **D** FD8031N *File/File Pedestal*

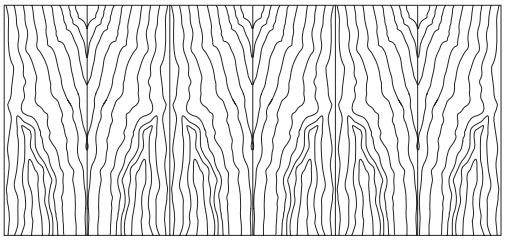
Wellington Conference Product Information

Wellington Product Information

Exterior Wood Materials
Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Wellington product line. To attain a pleasing, symmetrical pattern, all veneers in Wellington are book-matched. All exterior solid lumber is matched to coordinate with the veneer.



Book Matched Example

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Wellington is available in flat cut cherry veneer and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

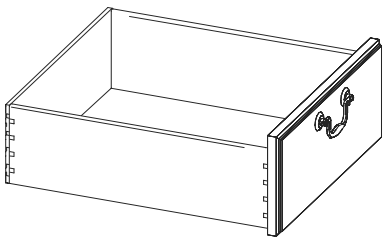
Work Surface Construction
Tops are 3-ply balanced construction, 1 3⁄16" thick with solid matching hardwood edges. Tops are available in federal edge style profile.

Matching or coordinating high pressure laminate in a veneer grain can be applied to the top surface and is available at no additional charge.

Base Construction
Panels are joined together by mortise and tenon construction. In addition to mortise and tenon joint construction. Leveling glides are set into solid hardwood with t-nut inserts, which helps to prevent the leveling glide from tear out. Tops are secured to the bases with top fastening cleats screwed to the inside of the panels.

Drawers
All drawer fronts are 5-ply construction with a hardwood core. Veneer grain runs in a vertical direction. Drawer sides and backs are solid wood with top edges of sides completely rounded. Drawers are joined at front using a French dovetail and the back by an English dovetail. Veneered bottoms are framed into grooves on four sides and heavily glue blocked. All drawer interiors are finished with special toner and covered with a clear coat. Drawer bottoms are sanded and hand-rubbed.

All drawer bottoms are glued, stapled and reinforced with hand-fitted glue blocks.



Drawer Suspension
The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. File and box drawers have 100% full extension.

Locking
Locking is standard in all credenzas and modular units. Door locks are available as an option.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

Finish - Stain/Colors
We offer a variety of wood stains and paint colors on Wellington. Please see the chart below. Samples are available upon request.

ESS	Essentials Veneer Collection		
BRK	Brickdust	OBK	Outback
CSK	Cask	SIE	Sienna
CLY	Clay	TRF	Truffle
MES	Mesa	UMB	Umber
MCH	Mocha		

Protective Top Coat
DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features
Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Wellington Product Information

Product Modification

Laminate Tops
Worksurface only, no additional upcharge if coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

ESS Essentials Veneer

BRK	Brickdust	MCH	Mocha
CSK	Cask	OBK	Outback
CLY	Clay	UMB	Umber
MES	Mesa		

Custom/Special Finishes
JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first-time matches and must be included with the written request.

There is a one-time charge of **$412 list** per order for any non-standard wood finish.

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

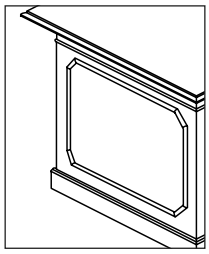
Use standard pricing and option pricing for each line item with a special finish, unless additional modifications have been specified. For items available in both Essential and Artisan veneers, apply the Essentials pricing.

Finish Sheen
All veneer finishes, for Wellington, are standard in 35-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

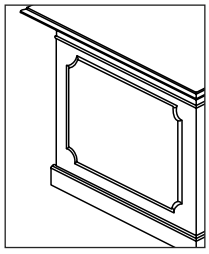
Product Modification

Trim Molding
Wellington offers four different trim molding options:
WLM Wellington
WSM Westminster
WNM Windsor
WOM Without Molding

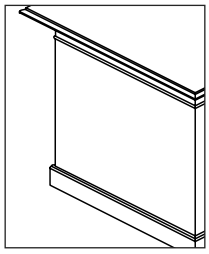
Tables and credenzas have molding on the side of the bases and panels, use the appropriate pricing column, when applicable.



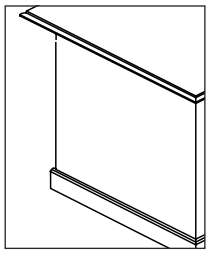
Wellington Molding
Use the **WLM** pricing column



Westminster Molding
Use the **WSM** pricing column



Windsor Molding
Use the **WNM** pricing column



Without Molding
Use the **WOM** pricing column

Power and Data

JSI

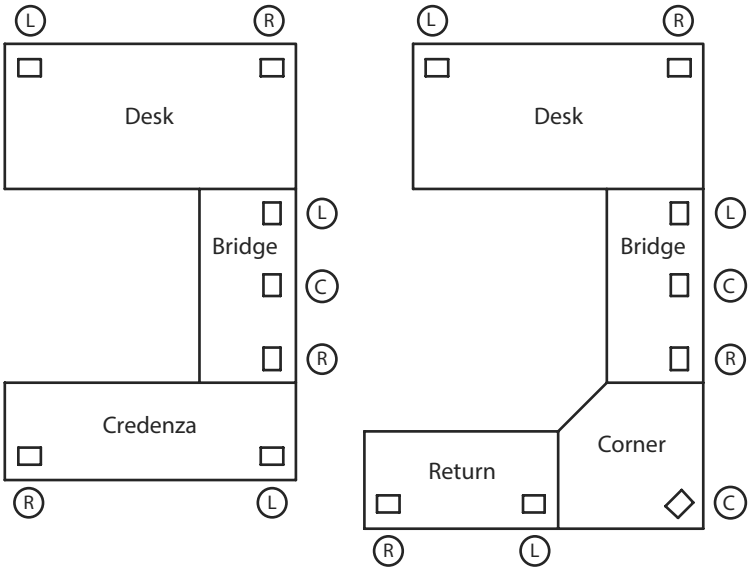
Standard Power and Data Locations for Casegoods:

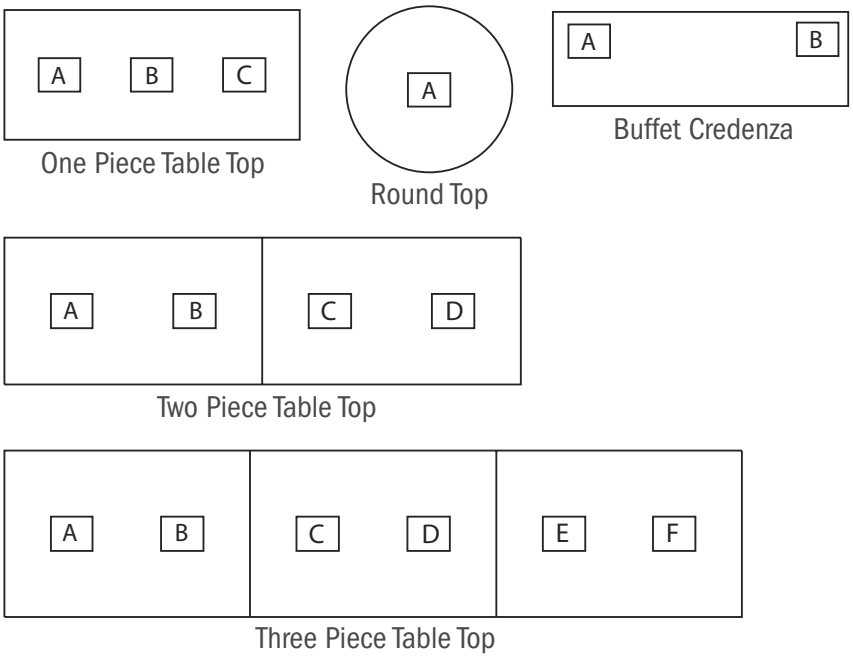


- Specify - Location when ordering on desk, return, computer corner, bridge and credenza - please provide drawing.
- Computer corner units - power/data replaces grommet.
- Standard power and data unit locations are indicated from user side of desk, return, computer corner bridge or credenza.

NOTE: Verify fit of data jack in adapter before ordering large quantities as manufacturer designs may change without notice

---

Standard Power and Data Locations for Tables and Conference Units:

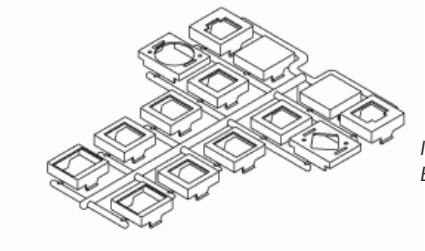


- Verify fit of jack in adapter before ordering large quantities as manufacturer designs may change without notice.
- Installation of Power and Data units on a seam of multi piece tops should be avoided when possible.
- Specify location when ordering conference tops or buffet credenza.
- Standard power and data units are indicated from the side of conference tops and user side of buffet credenza.

Data Adapter Applications

Data adapter kits ship with each power and data unit.

Adapter plates are marked on the back with letter designators to indicate the data jack manufacturer, series and style. Websites are listed below for quick reference to verify data jack series or style.



Included with EC9, EC10, EC13, EC15, TCP110 and CC9CNE1-0708.

NOTE: Verify fit of data jack in adapter before ordering large quantities as manufacturer designs may change without notice.

Environmental Mission

Our vision and goal is a sustaining supplier, manufacturer and customer for the long term protection and preservation of our environment for future generations.

MISSION
To achieve this vision, we are dedicated to ensuring the health and wellbeing of all of our partners, reducing negative impact on the environment, and maintaining price structure by increasing efficiencies and reducing consumption.

JSI, and it's parent company, is an internal manufacturer and has been an environmentally conscious organization for more than 80 years.

We are proud to use wood as our primary sustainable material resource and all corporate policies and procedures support the efforts to "recover, recycle, reuse, repurpose, reduce, refuse, and re-engineer". In doing this, we are committed to the conservation of the environment and its natural resources as well as encouraging our suppliers and customers to do the same. A goal of a "Sustainable Partnership", supplier, manufacturer and customer, is essential for the long term protection preservation and sustainability of our environment for future generations.

LOCATION
Our manufacturing facilities are located in the center of Southern Indiana. With our diverse product offering and manufacturing capabilities, we provide a single source for all of your project needs allowing you to conserve our fossil fuels and reduce greenhouse gases.

PACKAGING
We place emphasis on the minimal use of disposable packaging while still providing adequate protection to the finished product. Our corrugated packaging is recyclable, reusable, and up to 100% recycled content. We reuse or recycle more than 175 tons of corrugated material annually.

REGULATORY
All of our manufacturing facilities are in compliance with applicable OSHA regulations and meet or exceed all applicable DEM and EPA regulations for air emissions, storm water and hazardous waste disposal.

MANUFACTURING FACILITIES
Our manufacturing facilities are geared toward eco-efficiency and are encouraged to continually improve and conserve. Solid wood not used in the direct manufacturing process is recovered for the operation of our dry kilns, thus reducing greenhouse gases, the use of fossil fuels, and the burden of waste placed on landfills. Composite panels not used in the direct manufacturing process are ground and sold for use as animal bedding and boiler fuel. In addition to other energy savings techniques, our manufacturing facilities use high efficient lighting, make use of power factor capacitors, and encourage all to conserve and reduce energy consumption and water usage. Condensation pumps are used to aid in water conservation as well as extending boiler life.

MANUFACTURING PROCESSES
Our finish processes utilize efficient spray guns and proper spray techniques to reduce wasted material. Excess finish material, solvents, and waste are recycled. Many of the assembly processes use water based glues that contain no hazardous ingredients.

TEXTILES
Many of our fabric options utilize up to 100% recycled content. Our leather alternative program includes selections that contain no toxic materials, plasticizers, heavy metals, or formaldehyde and have a 100% biodegradable back cloth. Some of the available panel fabric used, if discarded is a biological nutrient for the soil. Most of the components (foam, batting, and polycord) used in upholstered products are recyclable. Excess fabrics and leathers not utilized in the upholstery process go to recyclers and local charities for additional use.

WOOD
Wood is the most diverse, most process friendly, and most widely utilized natural resource in mankind's history. No other natural resource can match the environmental advantages of wood, including being renewable, recyclable, natural, carbon negative, and biodegradable. Utilizing the sun's energy, trees grow and remove carbon dioxide from the air while giving off oxygen to benefit the entire planet. Approximately 49% of wood's dry weight is carbon and harvesting mature trees in a sustainable forest, which has slowed in the absorption of carbon dioxide, allows the photosynthetic cycle to continue at full optimization and allow for the carbon to remain sequestered. We are proud to use wood as our primary "sustainable" renewable resource.

WOOD OPTIONS
Many environmentally friendly solid wood and engineered wood options are available for quote, including: Lyptus®, Plyboo®, reclaimed woods, agricultural and post-consumer waste fiber products, etc.

INDOOR AIR QUALITY
Our goal is to reduce the impact our products will have on the indoor air quality. We practice the latest technologies and utilize a third party to assure we meet this goal. GreenGuard, one of the leaders in IAQ certification, continues to certify our product offering with UL2818-GreenGuard Indoor Air Quality certification.

Lifetime Warranty
JSI warrants to the original purchaser that each piece of furniture will be free from defects in workmanship, given normal use and care for as long as the original customer owns and uses the product. Normal use is defined as the equivalent of a single shift, 40-hour work week.

JSI will, at its option, repair or replace with comparable product within the terms of the warranty.

Exceptions to Warranty:

12 Years (from date of purchase)
- Wood Seating
- Seating Controls
- Pneumatic Cylinders
- Laminate Surfaces
- Veneer Surfaces
- Solid Surface Components
- Somna, Kindera, Satisse and Forge in multi-shift environment except components as specifically identified below

10 Years (from date of purchase)
- Recliner Mechanisms and Associated Levelers (regardless of shift usage)

5 Years (from date of purchase)
- Casters (including recliner central locking)
- Glides (including MagLinx™)
- Electric Height Adjustable Bases
- Task Lights
- Mesh/Knit Materials
- Electrical Components
- Foam
- Recliner Heat Components

This Warranty Does Not Cover:
- Natural variations in color, grain or texture of wood and other covering materials over which JSI has no control
- Normal wear, color fastness, shrinkage, puddling, wrinkling and stretching of upholsteries including fabric, vinyl, leather and other textiles. This warranty does not cover any defects that may arise in the use of COM or COL upholstery materials. Textile manufacturer's warranty will apply.
- Damages resulting from transportation, improper assembly, installation, handling, accident, user modification attachments, misuse, or neglect of product care.
- Damage resulting from extreme climate conditions
- Finish damages resulting from normal wear and tear, improper maintenance, water damage, exposure to sunlight, extreme high or low humidity or temperature, or other acts of nature.
- Damage created by loading file drawers with anything other than hanging folders.
- Use of any unauthorized non-JSI components for use in the place of JSI components, including but not limited to worksurfaces, bases, brackets, or other essential components.

Replacement components are warranted for a duration of 2 years or for the remaining duration of the initial warranty, whichever extends further.

Textile supplier's warranty will apply. Given the diverse range of cleaning agents used by various facilities, it is advisable to conduct testing on each textile choice using the facility's designated cleaning techniques prior to placing an order.

JSI makes no expressed or implied warranties to any product and, in particular, makes no warranty of merchantability of fitness for any particular purpose. JSI will not be liable for any consequential or incidental damages under this warranty.

Unique Characteristic of Natural Woods and Veneers
JSI uses high quality wood and veneer harvested from sustainably managed forests. Every tree has unique and defining characteristics, like fingerprints. These characteristics can be defined by differences in color, grain configuration, and textures. These characteristics will be more noticeable if the product has a clear or lighter finish.

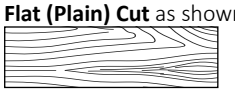
JSI uses select beech, cherry, maple, oak and walnut cut wood products to produce the desired look of our furniture products.

Maple and Cherry species have a higher degree of uneven distribution of grain, small color streaks, and pin knots.

At JSI, we take care of selecting woods and veneers that are used in our products. With this in mind, we hope you appreciate the beauty of each tree's fingerprints. Products will not be replaced due to these natural characteristics.

Veneers can be sliced in a variety of ways to create unique patterns. JSI uses several different patterns, as shown below.

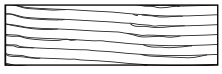
Flat (Plain) Cut as shown



Quarter Sliced as shown

Double Cut as shown

Rift Cut as shown



Double Cut
The Double Cut veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern.

JSI offers two collection of veneer, our Essentials and Artisan Collections.

Essentials
The Essentials Collection allows users to specify beautiful veneers, without sacrificing budget, providing grain patterns and hues for maximum material flexibility and style range.

Artisan
The Artisan Collection provides a curated selection of finishes expressing an elevated style and contemporary nature.

Laminates (Veneer Series)
An alternative HPL (Higher Pressure Laminate) laminate work surface can be specified on most of our casegood product lines. The specification pages will also list the available coordinating finishes.

Laminate Series
JSI laminate series offer a full laminated product with imprinted grain to hide finger prints and provide durability. The worksurface tops are HPL (High Pressure Laminate) or TFL (Thermal Fused Laminate). TFL is used on the product's chassis.

An overview of finishes and laminates appear on page IV, detailing which species each veneer finish is applied to.

Series Material Offering
Select finishes, species and materiality are availble on a per series offering, with JSI curating the correct palette offering for the series intent. Please refer to each series feature highlights within the product pages to identify the material, species, grain patterns and finishes availble for that specific series.

JSI Core Materials
For projects requiring similar finishes across multiple series, JSI recommends using our Core Materials program. Finishes in this group are offered throughout the vast majority* of JSI products in the three main material categories Essentials and Artisan Veneer, Laminate and Solid Maple, in a spectrum of light to dark.

*note: not applicable to all series, for example BeSpace only offers clear veneer finish.

Finish - Top Coat
To reduce hazardous formaldehyde emissions, we use our proprietary specially designed top coat, DuraTex™. It significantly reduces hazardous formaldehyde emissions and helps improve indoor air quality.

Finish - Color/Stains
A wide range of stains are available to bring out the beautiful characteristics of each wood species. We coordinate finish color between our veneer stains and solid lumber stains; however, not all may be a perfect match. The stains are continually reviewed for accuracy of color, as well as a constant monitoring of the latest color trends in the furniture market.

Finish - Matching
Due to the natural characteristics of wood, environmental effects, and material upgrades, JSI cannot guarantee exact finish matches on existing furniture previously ordered.

If an exact match is required to accompany existing furniture, it must be specified at the time of order placement, so specific internal procedures can be followed to ensure a proper and acceptable finish match. We reserve the right to change our finish formula at any time to improve safety, quality, and appearance. Unless a finish match for existing furniture is requested at the time of ordering, we accept no liability for finish that may not match the existing furniture from prior orders.

Solid lumber may inherently have mineral streaks, pits, and various other natural occurrences. Care is taken in selecting the solid lumber to coordinate with the requested finish on our veneer products. This internal selection process is subject to availability of solid lumber parts.

Finish Sheen
All casegood veneer finishes are standard in 35-sheen, with the exception of Raven, which is only offered in 15-sheen. All other finishes are available in 15-sheen, with a 5% upcharge, per model.

Custom/Special Finishes
JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first-time matches and must be included with the written request.

There is a charge of **$412 list per order** for any non-standard wood finish.

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Use standard pricing and option pricing for each line item with a special finish, unless additional modifications have been specified. For items available in both Essential and Artisan veneers, apply the Essentials pricing.

Samples
Samples of standard wood finishes, paints colors, metal colors, and standard laminate are available upon request. The fastest way for requests to be filled is by using our website. See below for options to request samples.

Pricing
Prices found in this document or on our website are list prices in U.S. dollars for standard product delivery to one destination. Prices do not include storage, installation, or taxes. Possession of this price list does not constitute an offer to sell. Orders can only be received from approved authorized JSI dealers.

Prices and product information in this document, as well as our website, are subject to change without notice. Reference website for most up to date product offering and pricing.

In our ongoing efforts to minimize ancillary charges. JSI does not include these fees in any calculations for dealer participation fees or commissions in any form. Ancillary charges include but are not limited to special finish charges, special laminate charges and handling fees. When calculating your dealer participation fee or commission earned, please include product lines only and exclude any ancillary charges. Should you have any questions, please call our office for clarification.

Orders
Detailed specification pages are available in the price list at the beginning of each series.

Additional information may be obtained by consulting the Customer Service Department or our website.

Indicate shipping address if different from billing address.

Send Orders To:

US Mail – JSI
225 Clay Street
Jasper, IN 47546
Fax – 812-482-1548
Email – orders@jaspergroup.us.com

JSI reserves the right to make changes in dimensions, styles, or specifications if we believe these changes will improve the safety, quality, or appearance of the product.

Acceptance of orders will be subject to credit approval, barring any acts of governments, or any other causes beyond our control (e.g. strikes, fire, embargo of materials, etc).

Product Modifications
While we offer a wide range of products to accommodate many possible solutions, we also recognize the needs for our products to be modified from our standard offering.

In the series introduction section of each product, we address modification options for that series.

To see if the desired modification is possible, please contact our Customer Service Department for a quote. Note that order quantities and material availability can affect the quote. Additional information may be requested to fully quote modifications.

Order Acknowledgments
All orders will be acknowledged promptly upon entry of a clean order. The acknowledgment will show how the order was entered, ship date and any other information pertinent to the order. It is the purchaser's responsibility to verify all the information on the acknowledgment carefully and notify us immediately, in writing, of any discrepancies.

Every reasonable effort is made to ship as acknowledged; however, the acknowledged ship date is approximate. Company will generally ship within five (5) working days of the acknowledged ship date. If a firm ship date is necessary, customer must inform company at time of order and company will make all reasonable efforts to meet each customer's request. Acknowledged shipping dates are contingent upon the force majeure conditions contained in these terms and conditions.

Cancellations and Changes
All orders are considered firm and are not subject to cancellation or change without approval from JSI. All approved changes are subject to additional charges and revised lead times

Quickship
JSI offers select Vision models, with select options, in our Quickship program. These items ship within 10 business days after receipt of a clean, credit approved purchase order. Items should be placed on order separate from standard lead time models.

Product for up to 10 offices or 10 tables can be included on a single Quickship order. Available capacity is filled by orders as they are received. If normal 10 day Quickship is not available because capacity has been filled, you will be immediately notified by JSI customer service. Changes and cancellations to Quickship orders are not allowed under any circumstances, nor are modifications to the pre-determined Quickship offering. Limit one order per project.

Delivery
Our freight policy consists of prepaid freight to the 48 contiguous states; all other shipments are prepaid to port of exit ONLY. JSI reserves the right to select the appropriate carrier and shipment routes, most shipments are on freight carriers that are dedicated furniture specialists. Standard deliveries require a DOCK that can accommodate 75 foot trucks. Ownership and inspection of product is the responsibility of the buyer upon pickup by the freight carrier. Pricing in this book is for standard delivery only. Standard delivery does not include non-dock delivery, inside delivery, residential delivery or installation of product. Fees and changes for non-standard deliveries are listed below.

Shipping Destination
Changes to ship to locations may not occur within seven days prior to the ship date, however, in atypical situations a **$268 change fee** will be applied to accomodate additional carrier fees.

Standard Delivery Time
Between 8 AM and 3 PM Monday through Friday. Special delivery requests can be subject to additional fees to accommodate requests.

No Touch Freight
Our freight is considered "no touch". Therefore, customers are to be prepared to unload freight from inside the truck prior to arrival. In the instance that a driver must unload the shipment, driver assists fees will apply (see fees below).

On-Site Deliveries
Shipments to the installation site, and time deliveries are available on full truckloads or slightly less, at no additional charge. Shipments or timed deliveries for smaller shipments may not be available, or if available may require an additional charge.

Detention Fees
- Carriers are given two-hour maximum time allotment to unload for one-stop truckloads.
- Carriers are given one hour maximum time allotment to unload for multi-stop truckloads

*Detention fees apply after allotted unloading time and will be at buyer's expense.

Fees
Orders of less than $1,000 net . . . . . $100 net per order
(If order is UPS shippable, the handling fee is waived and customer is invoiced for exact shipping charges.)
Weekday deliveries outside of standard delivery times . . . $332 net
Weekend deliveries (Saturday or Sunday) . . . . . $655 net
Driver Assist . . . . . $100 net
Jobsite Non-Dock Delivery . . . . . $167 net per truck
Inside Delivery (first floor inside only)- no installation or carton removal . . . . . $278 net minimum 7% of net price
NO RESIDENTIAL DELIVERIES

Warehouse/Storage Fees
Additional storage time with a provided two-week approved notice is calculated at 3% per month of the product amount or per day.

Please be Advised
- Reconsignment fees are the responsibility of the buyer.
- Any charges arising from failure to meet shipment, re-routing while in transit or carrier storage charges are the responsibility of the buyer.
- Contact Customer Service to inquire about skidding of products, special crating of products and product installation. These requests must be approved by JSI and made at the time of order.
- Carriers have the right to refuse delivery to a specified location if it conflicts with their liability policy.

Freight Damage
JSI products are packed in cartons and meet or exceed existing codes for furniture and seating products. All shipments are delivered to the carrier in good condition and our liability ceases thereafter. If delivery arrives short or damaged, contact Customer Service immediately to file a claim. In the event of concealed damage, notify Customer Service and request immediate inspection. Failure to file a claim within 15 days after receipt of merchandise constitutes acceptance and a waiver of any such claims. Please inspect merchandise immediately upon receipt, otherwise there is no recourse. Keep all cartons and packing material, discarding these materials may negate your claim.

Storage of product in areas of uncontrolled humidity and temperature may cause damage to the product and void the JSI warranty.

Repairs
JSI will not issue credit allowance for any type of repairs without prior written consent.

Sales order, product model numbers, and reason for repair will be expected in order to process the repair request. A digital photo will help to expedite the request. JSI reserves the right to recommend solutions for repair.

Replacement Parts
Obtain information and pricing on replacement parts by contacting Customer Service. Please have the model number available when requesting replacement parts. Additional information may be required to ensure proper replacement parts.

Returns
JSI products are made to order and may not be returned for credit. No merchandise may be returned to JSI without a signed Return Good Authorization (RGA) form issued by our Customer Service Department. RGA's will be considered for the following reasons:
1. Manufacturing defect (validated by JSI representative).
2. JSI order processing error.
3. Shipping error.
4. Mis-marked cartons.
5. Duplicate shipments.

Liability for defective merchandise shall be limited to replacement or repair.

If you have questions as to whether your reason for return qualifies for consideration, please contact Customer Service. At the discretion of JSI, returns on stocked items may be considered with the following stipulations:
1. 60% restocking fee.
2. All return freight charges must be prepaid by dealer.
3. Product was never removed from the original carton.
4. Product must be returned withing 30 days of RGA issue date.
5. Credit will not be issued if producted returned is damaged.
6. Under no circumstances can we accept COD (Cash on Delivery) returns. Any such shipment will refused.

Please note most models on Quickship are produced on demand and cannot be returned. Modified, special or custom-built product is not eligible for return.

Fire Retardancy
All JSI upholstered components comply with California Bureau of Home Furnishings and Thermal Insulation-Technical Bulletin 117-2013 issued by State of California Department of Consumer Affairs. This standard requires upholstered furniture to be safer from the hazards associated with smolder ignition in all four (4) categories of materials, as applicable.

Compliance with more stringent codes may require special manufacturing considerations and upcharges.

California Technical Bulletin 133 (CAL 133)
JSI uses a barrier material between the foam cushioning and the upholstery cover in order to comply with CAL 133. The standard upcharge on products specified to comply with CAL 133 is **$88 list per yard** of textile.

JSI has performed a series of full scale fire tests on samples- representing worst case scenarios of upholstered units- to comply with the requirements of the state of California Technical Bulletin 133 (CAL 133). Products in compliance are labeled in accordance of the standards.

Some product designs and fabric cannot be combined to comply with CAL 133. Because of this, we reserve the right to reject any request for an upholstery cover, including COM, textile may not contain olefin or product style that we feel may compromise the integrity or safety of a product specified to comply with CAL 133.

Contact Customer Service for a quote if you require laboratory certification that a specific product and upholstery combination WILL PASS CAL 133. The quotation will include testing, video, and transportation charges plus the list cost of the sample.

Our standard lead time will apply to products that do not require certification. Allow an additional six weeks over the standard lead time for products that need actual laboratory certification.

The end user, specifier and/or dealer have the responsibility to make sure all products specified will meet the flammability and safety codes of the jurisdiction where the products will be located and used.

Flame Spread
All JSI may be required to comply with the requirements of Flame Spread based on ASTM standards/NFPA Life Safety Codes and general public knowledge are as follows:

Solid Wood- Class C
Topcoats- Class A
Carded Fabric- Class A
Composite Panels- Class C
Laminate- Class B

Plastics- According to the NFPA, the lack of stability of plastics under high temperature conditions and inherit combustibility have eliminated the use of plastics for applications requiring a flame spread rating.

Also be advised that improvements may be attained in certain instances with the addition of chemicals which may add additional costs, chemical exposure and/or compromise the integrity of the product.

Textile Carded Programs
JSI is proud to partner with Maharam, Momentum, Spradling, Stinson, Ultrafabrics, Camira and Cortina Leather. Please refer to our website for our standard patterns, along with the current grade.

https://www.jsifurniture.com/finishes-and-materials/textiles

Textile Grade-In Programs
For the convenience of our specifiers, we offer an extensive graded in program. Please reference our website for the most up to date information on our graded in program.
https://www.jsifurniture.com/resources/textile-partner-info/overview/

For additional specifications on the pattern or to order memo samples, please contact the textile suppliers directly:

Arc Com www.arc-com.com
Camira www.camirafabrics.com
Designtex www.designtex.com
Maharam www.maharam.com
Mayer www.mayerfabrics.com
Momentum www.themomgroup.com
Spradling www.spradlinggroup.com
Stinson www.cfstinson.com
Ultrafabrics www.ultrafabricsllc.com
Cortina Leather www.cortinaleathers.com

Any textile not graded in or pre-approved for COM/COL will require application test approval prior to order entry and shipment of fabric or leather to JSI. For current JSI grades and application status by series visit jsifurniture.com Resources > Graded-In + COM; Graded-In + COM.

Indicate on purchase order if JSI is to order the fabric.

Grades and availability of fabric are subject to change without notice. Changes could include but are not limited to price increase, discontinued patterns, discontinued colors, etc. See jsifurniture.com for up to date information.

Many textiles have repeats and the additional yardage required has been factored in for textiles ordered through the JSI Carded and Grade-In Programs. We reserve the right not to match textiles with a horizontal or vertical repeat greater than 17". Additional charges may apply for textile being applied with special instructions.

Some fabric thickness or stiffness may cause issue with proper upholstering of tackable wall panels or upholstery privacy screens. Please contact customer service with concerns on the fabric thickness for these items.

COM/COL Address
JSI
Attn: COM/COL Department
Receiving B
Dock 71
201 East Martin St.
Orleans, IN 47452

Tag: Dealer Name / Purchase Order #

General COM Fabric/COL Hide Policy
Refer to the COM/COL Price Columns for list prices.

All yardage requirements listed in the price list are based upon 54" plain non-directional material. Additional yardage may be required based on fabric repeat and matching.

All square footage requirements for COL are based on an average hide size of 50 square feet.

Contact Customer Service for any of the following conditions:
+ approval of COM/COL to be used (see policy on the next page)
+ fabric repeats greater that 3"
+ fabric less than 54" wide
+ leather hides smaller than 50 square feet
+ special application requirements request

When requesting information from Customer Service on COM/COL please supply the following information:
+ model number and quantity of the product the COM/COL will be applied
+ COM/COL textile supplier's name
+ name of pattern and color of the textile
+ any special application request

Visit jsifurniture.com Resources > Graded-In + COM to see if the textile has already been approved. If there is no record for this particular textile then a Memo Sample will be required.

JSI takes no responsibility when additional materials must be ordered.

COM Fabric Repeat Guide

Roll Width	Plain Fabric	1" - 5" Repeat	6" - 10" Repeat	11" - 15" Repeat	16"- 20" Repeat	21" - 30" Repeat	31" - 40" Repeat	41" - 50" Repeat
54"	0%	10%	15%	20%	25%	30%	40%	50%
53" to 51"	15%	20%	25%	30%	35%	40%	50%	60%
50" to 48"	30%	35%	40%	45%	50%	55%	70%	90%
47" to 36"	60%	65%	70%	75%	80%	85%	100%	120%

The percentage represents the additional fabric yardage that needs to be added to the COM yardage. Contact Customer Service for repeats greater than 50".

All COM/COL must meet applicable codes and regulations, including TB117-2013. By selecting COM/COL, customer certifies that the material meets such codes. JSI assumes no responsibility for the applicable codes and regulation regarding flammability rating and safety rating of any COM/COL.

JSI cannot be held responsible for receipt of defective fabrics, as we apply all COM as first quality goods.

We can take no responsibility for tailoring, wear-ability or application of COM/COL textiles. Any warranty claims for the COM/COL Textile materials will fall to the original vendor of the textile, not JSI.

COM Fabric/COL Hide Process for JSI Seating

General COM Fabric and COL Hide Policy also apply.

JSI will approve or disapprove COM/COL on all products. An approval of a textile from JSI makes no claim that performance, durability or tailoring of COM/COL will result in satisfactory upholstery. Every effort will be made to meet customer's expectation, but fabrics/leathers have unforeseen inherent characteristics that may limit JSI's ability to deliver a well tailored product.

Approval COM Textile/COL Hide Process for Seating

Follow the Steps Below:

1. Send a Memo Sample of the COM/COL (recommended memo be at least 4" x 4")
   JSI
   Attn: COM/COL Approval Department
   201 East Martin Street
   Receiving B, Dock 71
   Orleans, IN 47452

2. Call our Customer Service Department at 812-482-3204 to request an electronic version of approval form.

Custom Options

Wood Laser Engraved Back

Many of our seating models are available with a custom wood laser engraved back. University seals, logos, unique designs, or any type of graphic can be designed into the seating back for a custom creation. Copyright approval may be required. Consult JSI Customer Service for pricing and artwork specifications. Artwork must be submitted as a JPG or PDF file.

Wood Laser Engraved Back General Pricing

* must order plain back when choosing these options

For Artwork 4" x 4" or Less	$63 list per chair
For Artwork Less than 6" x 6"	$111 list per chair
For Artwork Larger than 6" x 6"	Call For Pricing

For orders fewer than 50 pieces, add $170 list per design, per order. This pricing reflects etching (leaving the wood dark). If additional painted colors are added to artwork please call customer service for pricing.

A $150 list set-up fee applies.

Care and Maintenance

Care and Maintenance

Care of Upholstery Surfaces

Cleanability will vary based on the fabric type. For best results, a professional service is recommended. Dirt and crumbs may be gently brushed or vacuumed off. Spills should be wiped up immediately with a cloth. Vinyl textiles can be cleaned with warm soapy water and then wiped down with a warm damp cloth. For more details on any JSI carded fabric and vinyl, please visit our website at jsifurniture.com or consult the back of the appropriate swatch card for cleaning codes and any specific instructions. For COM materials, consult with the individual textile manufacturer for cleaning codes and any specific instructions pertaining to your particular fabric.

Maintenance of Mechanical Parts

Clean any lint or debris from the moving parts of the base mechanisms. Mechanisms have been designed and tested to not require lubrication under normal conditions; however, lubricant can be used if needed.

Care of Wood Edges and Veneer Surfaces

Clean all surfaces frequently with water dampened soft cloth, moving the cloth with the grain direction. Immediately remove any liquids that come in contact with wood surfaces with a blotting action to absorb liquid. Buff dry. Lift objects to move them, never pull them across the finished surface. For an additional safeguard, use a protective surface pad. This will ensure a lasting finish by protecting your furniture from possible damage caused by pens, cups and sharp objects. Avoid exposure of furniture to extremes of heat and cold, or to wide humidity variances. Avoid exposure of furniture to strong sunlight. Avoid exposure of furniture to harsh solvents such as nail polish remover, acetates, etc., as it will cause finish deterioration. If using a protective glass top, place spacer pads under the glass top to allow the wood to breath.

Care of Metal Finishes

Wash you powder-coated item at least one every six months. Use soft rags only - No abrasives. For stubborn stains and grease marks, use soap and water mixture. Combine 1 gallon of water and 1 cup of the neutral detergent in the bucket. Mix it up by swirling one of the rags around in it. Wipe down the powder coat with a rag that has been dampened with the cleaning solution. Do not scrub, but use gentle, repetitive pressure to remove any built-up grime. Rinse the powder coat off with a rag dampened with clear, clean water. Do not spray it down, but rather wipe it off with the rag. You may need to do this several times to get all the soap off. Wipe the powder coat down with a clean dry rag. This will prevent streaking and spotting.

Care of Frosted Glass

Use a clean, dry lint free cloth to wipe the surface. Follow with warm water and a clean rag; no soap or chemicals. Wipe dry with a clean, dry lint free cloth. Cleaning the frosted side is not recommended, if desired to clean use the above method but do not spray the water on the frosted side, use a clean rag. Please allow 48 hours for the frosted side to dry and not to show cloudiness.

Tempered Glass Information

JSI is aware of occasional occurrences of spontaneous glass breakage in various furniture products. Tempered glass makes it stronger and if it breaks, will cause it to break into many small pieces of “cubes” rather than sharp and potentially dangerous shards.

Glass breakage in furniture may occur for a variety of reasons. Tempered glass is particularly prone to breakage from damage (scratches, nicks, etc.) that may occur during shipping, handling, installation, use or maintenance. Exposure to rapid changes in temperature or concentrated temperature zones may also cause breakage.

Tempered glass may also break due to a specific type of imperfection or “inclusion” that occurs within the glass when manufactured. When this condition exists glass breakage may occur without any obvious cause. This is often referred to as “spontaneous” breakage but is a very isolated occurrence in the glass industry.

Care of Dry Erase Boards

Erase after every use to eliminate ghosting. Clean weekly with a Dry Erase Cleaner. Avoid the use of orange and red Dry Erase Markers. Follow manufacturers cleaning instructions for the eraser. If ghosting or staining remains use a small amount of rubbing alcohol on a clean, soft towel to remove.

Care of Solid Surface

Although liquids cannot penetrate Solid Surface, it is best to wipe up spills as they occur. Generally, a damp microfiber cloth used with a standard household kitchen spray should remove most stains.

For most residues, all you need to clean your Solid Surface countertops is a warm soapy water, ammonia-based household cleaner or a dedicated countertop cleaner. Do avoid window cleaners; however, as they can leave a waxy build-up that dulls the surface. Always clean using a circular motion.

Film will build up on countertops if water is left to dry on the surface. This film will dull the countertop surface, making the finish appear blotchy and uneven. To prevent film build-up, it is very important to wipe the countertop completely dry immediately after spills and cleaning.

Some color of Solid Surface may require more frequent cleaning to maintain a uniform finish. Darker colors tend to require more attention than lighter colors. Over time, even with proper care, your countertop will acquire a sheen. Dark colors may show light scratches more readily.

Specification Tools

JSI products are manufactured to order and provide a multitude of options to address your individual customer needs. As you process your order do not forget to include all the necessary information to allow the order entry process to be completed. Please see the order checklist at the beginning of every series.

JSI Customer Service edits every order for complete information. If details are not included with the purchase order, Customer Service will contact you to answer these questions. If information is not completed in a timely manner it will delay the entry process and could affect your product delivery date. To avoid delay in order entry and potential delay in delivery of your order, please double check the line items to ensure all selections have been completed.

To ensure completion of details on your purchase order, electronic catalogs and specification tools have been developed to aid in the process. These electronic tools include:

20-20 GIZA Studio and 20-20 CAP Studio software offers state-of-the-art design, specification, photo-realistic rendering and three-dimensional visualization capabilities for configurable products in the commercial interior design markets. 20-20 GIZA Studio and 20-20 CAP Studio are available for all JSI Casegood and Seating products, in 2D and 3D graphics and the Specifier Catalog. Updates are made monthly reflecting any changes that occurred. To be sure the most up to date information is provided on orders, users of this software program are responsible to update their catalogs.

CET Designer, by Configura is an all-in-one software solution for space planning and configuration of products. The intuitive workflow guides you through entire process from idea to reality- supporting every step of the sales process

GSAdvantage is a Federal Government electronic catalog site offered to assist GSA customers in specifying and pricing JSI product. Listed at this site are all contract items and prices under GSA Contract # GS-28F-0030U.

Our JSI website **jsifurniture.com** provides many tools to assist in the design and order selection. Included in the site are downloadable images, typicals, product symbols, brochures, contact information, price lists, sales representative locations, warranty and environmental information.

Product Modifications
We willingly accept customers' modifications to standard products. See product modification information by series at the start of each series under the "Product Modification" sections. If there is a modification you desire that is not listed in this section, please call Customer Service for a modification quote/price

Acceptance, Modification, Assignment
By placing this order for furniture, material or other products (sometimes collectively referred to as "goods"), customer agrees to these terms and conditions which shall prevail over inconsistent provisions in any other form or document of customer. No change or modification shall be applicable unless set forth in writing and signed by company. Neither this order nor any interest therein shall be assigned by customer except with the prior written consent of company.

Payment
Customer agrees to pay to company the amount indicated on the invoice, 1% 15 days, net 30 days from date of invoice (U.S. funds only), for goods ordered. Interest will be charged after 30 days from the date of invoice at the rate of one and a half percent (1.5%) per month. International sales will require additional payment arrangements. No goods shall be sold on consignment or conditional sales basis. Payment for the goods delivered hereunder shall constitute acceptance thereof.

Attorneys' Fees
Customer shall be responsible for all expenses and cost in connection with the enforcement by company of these terms and conditions and the cost of collection (including the fees of any collection agencies to whom the customer's account may be referred), plus reasonable attorneys' fees (which attorneys' fees shall not be less than 25% of the amount due, unless a lower amount is specified by applicable law).

Remedies
The remedies herein reserved shall be cumulative, and additional to any other or further remedies provided in law or equity. No waiver of a breach of any provision of these terms and conditions shall constitute waiver of any other breach or of such provision.

Insolvency
Company may forthwith cancel this order in the event of the happening of any of the following or any other comparable event: insolvency of the customer, the filing of a voluntary petition in bankruptcy, the filing of any involuntary petition to have customer declared bankrupt provided it is not vacated within thirty (30) days from the date of filing, the appointment of a receiver or trustee for customer provided such appointment is not vacated within thirty (30) days from the date of such appointment, or the execution by customer of an assignment for the benefit of creditors.

GSA Terms and Conditions

Limitation of Liability
The Company shall not under any circumstances be liable to the customer, owner of the goods or any third party for special, indirect, incidental, or consequential damages, including, without limitation, loss of profits or revenues, loss or damage to other property or equipment, cost of capital or of purchased or replacement goods, or expense, delay, or inconvenience causeby or arising from the purchase, sale, use, repair or inability to use the goods or by any performance or non-performance under, or breach of, these terms and conditions. The Company's sole liability for any defective goods shall be its repair or its replacement pursuant to the express warranties set forth above, or if amended, as applicable at the time of manufacture or repair of the goods. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to all customers. Any action resulting from any breach on the part of company as to the goods or services delivered here under must be commenced within one year after the cause of action has occurred.

Returns and Allowances
Reasonable touch-up and deluxing is the dealer's responsibility. The Company will not make allowances for trip or delivery charges, but will only make allowance for actual work performed to correct manufacturing defects. Allowances maybe authorized only by a company officer. It is the responsibility of the field sales representative to inspect any defective merchandise and make suggestions and recommendations as to the proper disposition. Field personnel cannot obligate or bind the company by definite agreement, without final authorization by a company officer. Company will not accept automatic charge backs which do not have prior authorization. All defects must be called to the company's attention upon arrival at the customer's "ship to" destination. To initiate any type of claim or request for parts, it is imperative to have the model number or fabric number, which may be located on the tag attached to the frame of the unit. Authorization for return to the company via a return goods authorization. Company will not issue credit allowances for any repairs without company's prior consent. Under no circumstances shall the company accept COD (cash on delivery) returns, and any such shipment will be refused.

Security Agreement
The Company may require and customer shall grant a security interest in goods sold pursuant to any credit the company may extend to the customer.

Governing Law
All disputes between the parties, whether or not arising out of these terms and conditions, will be governed by the laws of the state of Indiana. Customer agrees to submit to the jurisdiction of and agrees all lawsuits relating to any disputes between the customer and the company will be brought only in a state court located in Dubois County, Indiana or the United States District
Court for the Southern District of Indiana. The customer hereby waives the right to a trial by jury in any action, proceeding, claim, or counterclaim whether in contract or tort, at law or in equity, arising out of or relating in any way to these terms and conditions and all other disputes between the parties.

Mitigation
If the company repossesses the goods prior to payment by the customer of all amounts due hereunder, the company may sell the goods, as is, where is, free and clear of all rights of the customer at either public or private sales, and apply the net proceeds (after deducting expenses of repossession and sale) to the obligation of customer hereunder. The customer may dispose of the goods in any commercially reasonable place and manner and the customer waives any notice of time, place and manner of sale.

Integration
This order for goods, including these terms and conditions, along with any credit application, invoice, statement, dealer contract, acknowledgment, bill of lading (and any exhibits, addenda or amendments thereto) of which this order may be a part, constitutes the sole and complete agreement between the company and the customer with respect to the purchase of the goods.

Dimensions/Specifications/Finishes
All dimensions are approximate and may vary due to the upholstery technique of each craftsman. If exact dimensions are required, it is necessary for the customer to state such specifications with the order. Detailed specifications sheets are available for each series of goods, and customer should consult the company's customer service department for these specification sheets. Company reserves the right to make changes in dimensions, style, or specifications if company believes these changes will improve the goods' quality or appearance. Company reserves the right to substitute hardwoods due to availability at production. Due to the natural characteristics of wood, environmental effects, and material upgrades, the company cannot guarantee exact finish matches on existing goods previously ordered from company. If an exact march to customer's existing goods is required, it must be specified so that the proper procedures can be followed to ensure an acceptable finish. Company will accept no liability for the finish if this procedure isn't followed. Company reserves the right to make changes in a finish formula if company believes the change will improve the quality or appearance of company's goods.

Company's Performance of Its Obligation
The production and delivery of the goods to the extent delayed or hindered or prevented from the performance by reason of natural disasters, acts of god, strikes, lockouts, labor troubles, inability to procure materials, casualties, failure of power, restrictive governmental laws or regulations, riots, insurrections, acts of terrorism, war or other reason of a like nature not the fault of the company shall excuse for the period of the delay the company's performance and the period for the performance shall be extended for a period equivalent to the period of such delay.

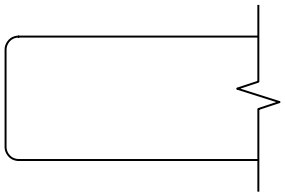
Training - Surface Materials

Laminate Tops

Lok training table worksurfaces are offered in both TFL (Thermal Fused Laminate) and HPL (High Pressure Laminate).
The tops are 1 3/16" thick, 3 ply balanced construction.
HPL - Particle board core, HPL face and a phenolic backer sheet complete the balanced construction.
TFL - Particle board core, TFL thermally fused face and matching backer complete the balanced construction.



Eased Edge (R3)
PVC

Standard PVC Edge Colors

JSI supports 26 standard PVC edge colors listed below. These coordinate with our Standard TFL and HPL (T1) Laminates.

When selecting a Standard TFL or HPL 1 Laminate, the coordinating PVC edge color is automatically applied. When selecting a Graded-In Laminate (HPL 2), you will be prompted to choose between one of those 26 PVC edge colors to be applied to the edge.

ALB	Alabaster	**MES**	Mesa

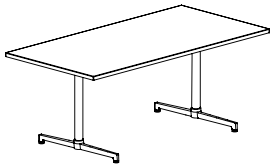
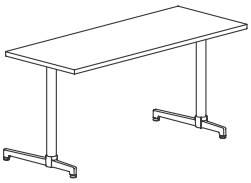
Training - Base Styles

Lok provides a choice selection of bases in both function and aesthetics to serve a variety of needs. The training offering includes: T-base, Cantilever T-Base, and Inline T-Base



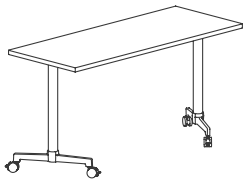
T-Base

- models offered in fixed leg with glide or caster, tilt with caster, or 9 pin adjustable height leg
- compatible with the following top shapes: bullet, crescent, half round, lecture, rectangular, trapezoid, intersect, huddle, hive, one-twenty
- base finish - select single metal finish or two-tone metal finish. See options listed below.



Cantilever T-Base

- models offered in fixed leg with glide or caster, tilt with caster, or 9 pin adjustable height leg
- compatible with the following top shapes: crescent, half round, lecture, rectangular, trapezoid
- base finish - select single metal finish or two-tone metal finish. See options listed below.

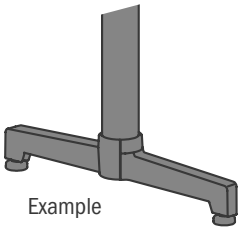


In-Line T-Base

- available in 29"h leg with caster
- compatible with the following top shapes: crescent, half round, lecture, rectangular, trapezoid
- base finish - select single metal finish or two-tone metal finish. See options listed below.
- allows tables to nest inline
- not available on 30"d rectangular tops

Single Metal Finish

ABZ Aged Bronze Feet & Post
ASL Arctic Silver Feet & Post
BWH Bright White Feet & Post
GLD Gold Feet & Post
PEW Pewter Feet & Post
MBK Matte Black Feet & Post
SBZ Soft Bronze Feet & Post
SNK Soft Nickel Feet & Post



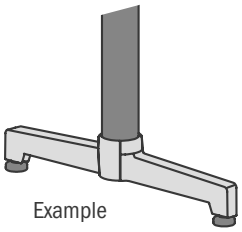
Example

Two - Tone Metal Finish

Two- Tone Aesthetics can be achieved by specifying Polished Aluminum on the foot and a contrasting finish on the post

Polished Aluminum Feet

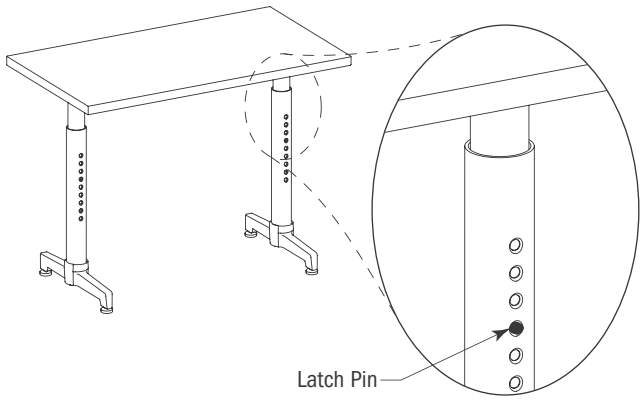
ABZ Aged Bronze Post
ASL Arctic Silver Post
BWH Bright White Post
GLD Gold Post
PEW Pewter Post
MBK Matte Black Post
SBZ Soft Bronze Post
SNK Soft Nickel Post

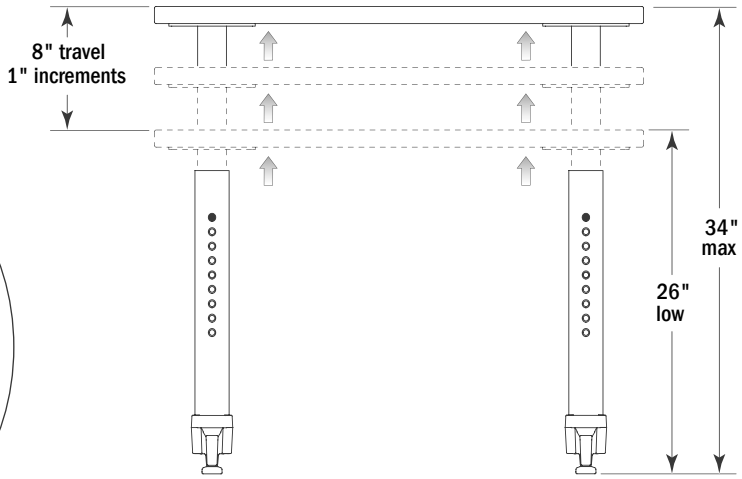


Example

9-Pin Adjustable Height

Pin adjustment located on column offers the ability to adjust tables from 26" to 34" high.
Easy operation by pushing in spring loaded latch pins, slide to desired height position and release pins to lock into place.

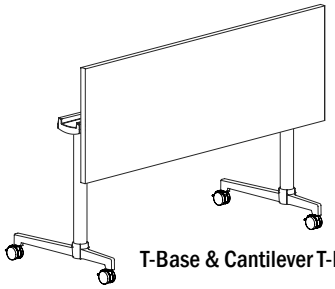




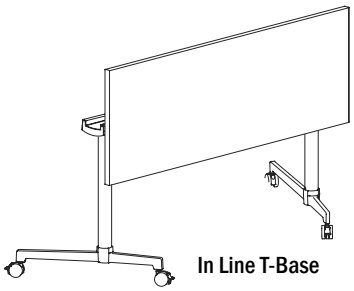
Training - Nesting/Space Planning

Lok In line and Offset Nesting

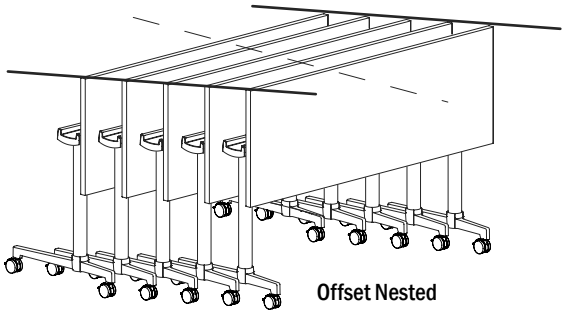
- adapt to ever changing multi-purpose areas, providing reconfigurability
- modularity, flexibility and ease of use by a single individual with single paddle release
- tilt and lock in position for easy nested storage
- T-Base & Cantilever T-Base allows nesting applications with the offset spacing, while In Line nesting is achieved by the In Line T-Base
- offset or in line nesting limit storage space required to move the tables out of the way
- compact tilted tables easily move to another location
- wire management clips are incorporated into the horizontal top cross beam in 48" or wider tables



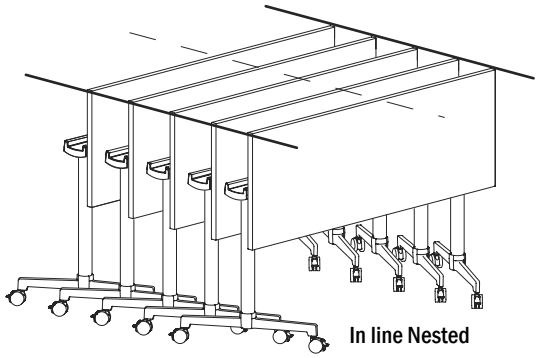
T-Base & Cantilever T-Base



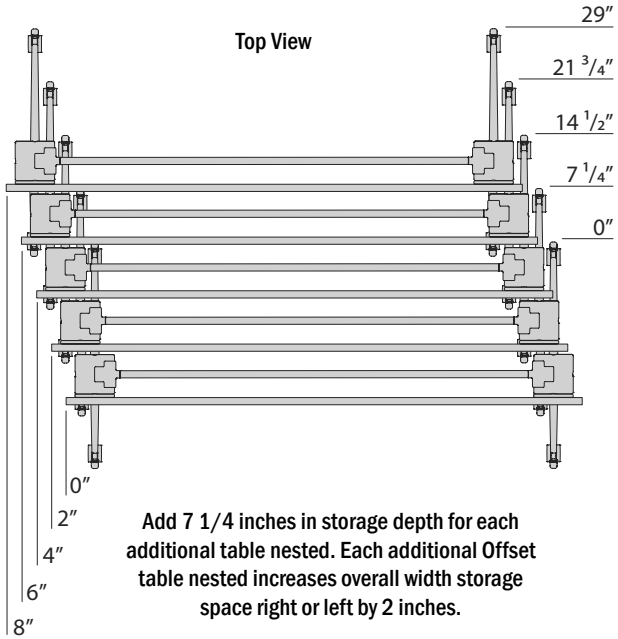
In Line T-Base



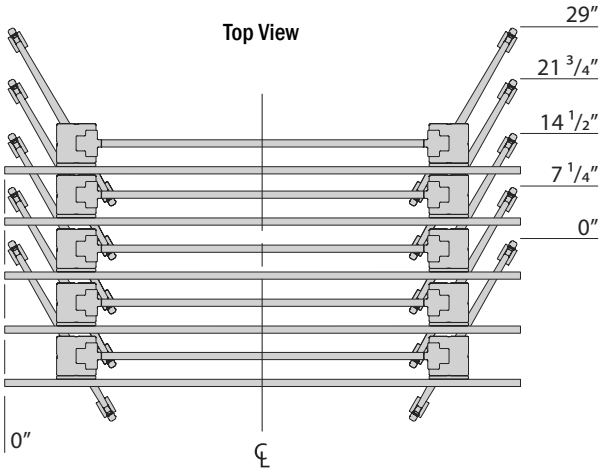
Offset Nested



In line Nested



Add 7 1/4 inches in storage depth for each additional table nested. Each additional Offset table nested increases overall width storage space right or left by 2 inches.

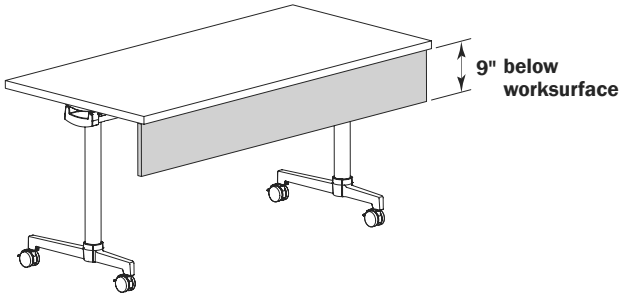


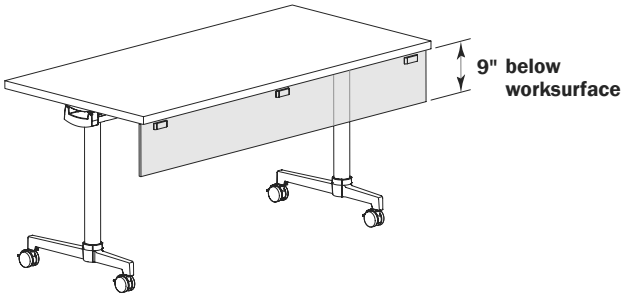
Add 7 1/4 inches in storage depth for each additional table nested. Overall width does not increase on In Line tables.

Training - Modesty Panels

Modesty Panels

Full table width panels provide user 9" of privacy and conceal electrical components and wire channels.





Laminate

- ¾" think
- 21 standard TFL or Tier 1 HPL with matching PVC edge
- additional graded in laminates, select from standard PVC edges
- supported with concealed hinge or support brackets
- ⅝" space provided between top edge of modesty panel and bottom surface of top to route electrical wires from top of table to under side

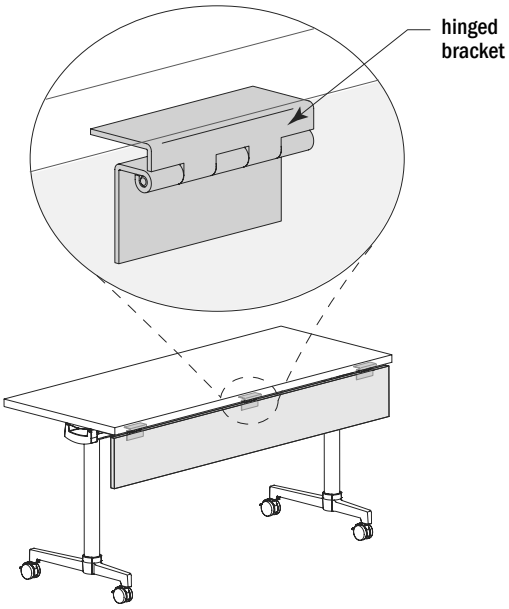
Frosted Acrylic

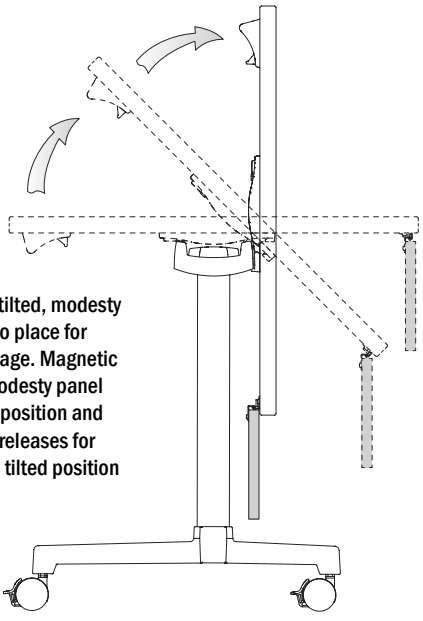
- ¼" two sided frosted acrylic
- acrylic panels supported with hinge or bracket with powder-coated cover plate to conceal support hardware
- ⅝" space provided between top edge of modesty panel and bottom surface of top to route electrical wires from top of table to under side
- specify trim cap Aged Bronze, Arctic Silver, Gold, Pewter, Matte Black, Soft Bronze, Soft Nickel

3 Attachment Methods

Acrylic and laminate modesty panels can be specified with 3 different attachment methods. Select from Hinged, Removable, or Fixed - see pages 70-72.

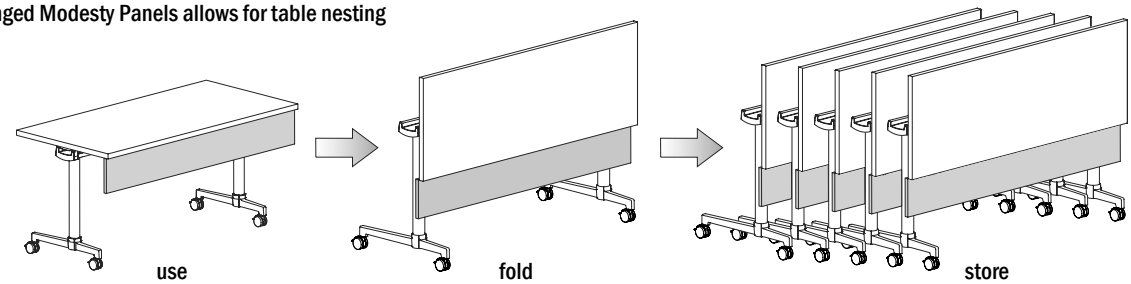
❶ Hinged Modesty Panels with Tilt Table Option





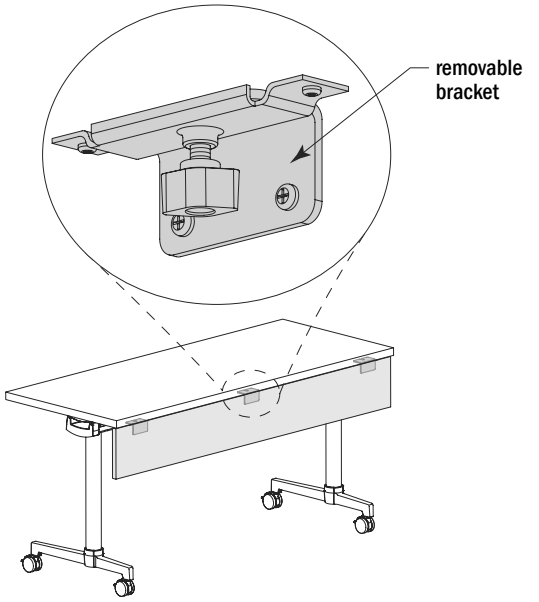
When table is tilted, modesty panel folds into place for organized storage. Magnetic hinge holds modesty panel vertical in use position and automatically releases for self-storage in tilted position

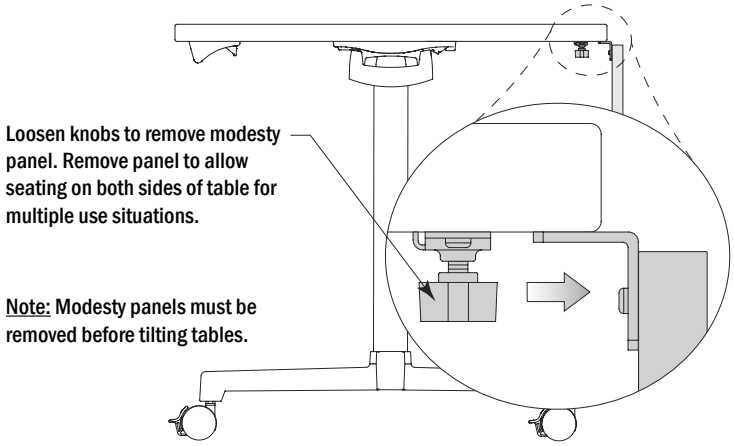
Hinged Modesty Panels allows for table nesting



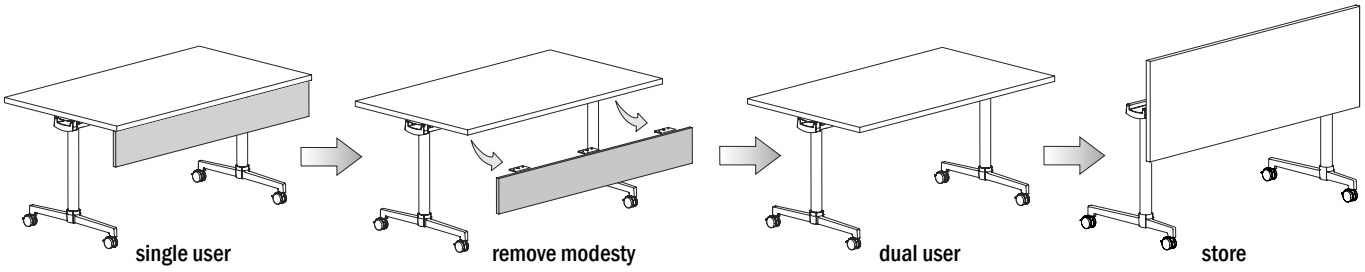
Training - Modesty Panel Attachment Methods

❷ Removable Modesty Panels with Tilt Table Option



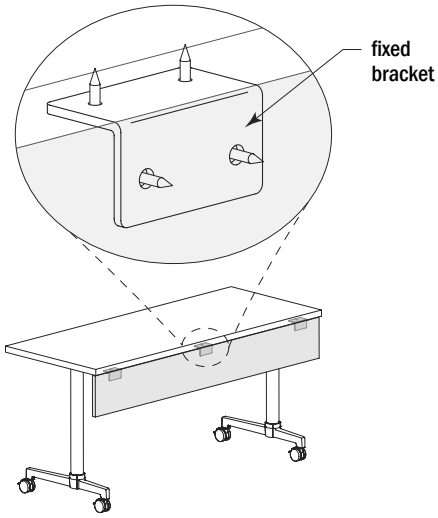


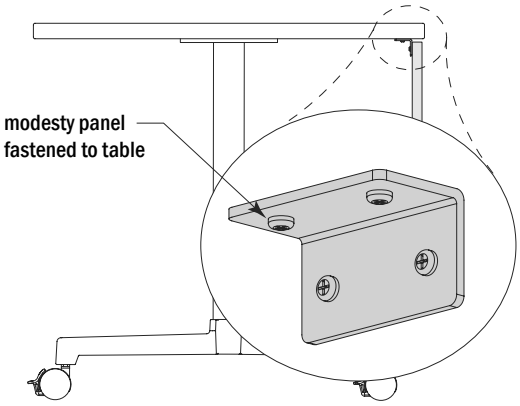
Removable modesty panels allows for single and dual users and storage



❸ Fixed Modesty Panels

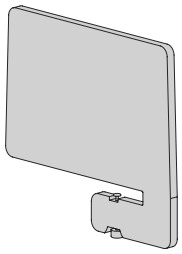
Fixed modesty panels are intended to always be attached and should not be specified in conjunction with tilt top tables.



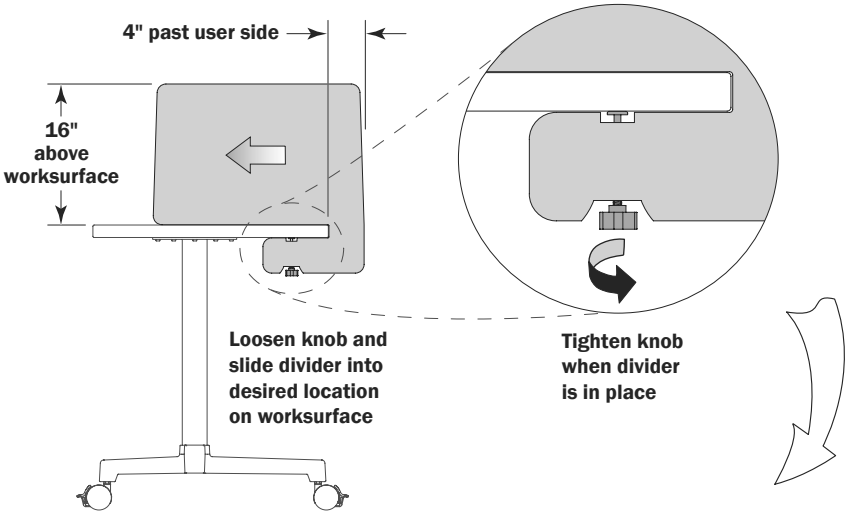


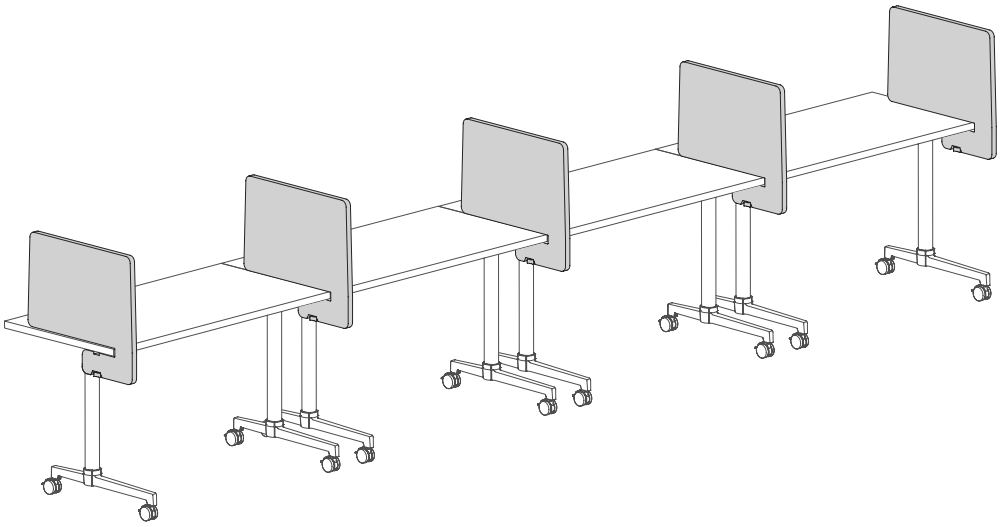
Training - Screens

Portable Slide-On Divider Screen



Portable divider panel divides space between seats and acoustic materials muffles sound in high traffic areas





Acoustic

- screen provides 16" above and 4" user side concealment
- 1" tackable acoustic 100% polyester screens in silver or ash grey
  - acoustic rating: 0.45 – 0.90 NRC
  - fire rating: ASTM-E84 / class A
  - colorfastness to light: AACC 16.3 option 3 color change @ 20AFU = 4.5
  - vacuum to remove dust, remove spills immediately using a clean damp cloth or with soap and water
  - carpet or fabric cleaner can be used for difficult spills – always test on an inconspicuous area first
- easily repositioned by user to divide space or as end of table privacy
- can be secured to any surface 1 ¼" - 1 ½" thickness and 20" or greater depth
- knob on underside of table temporarily clamps screen in position for easy repositioning

HPL

- particle board core
- HPL laminate surfaces - JSI standards
- matching PVC edge

Markerboard

- plywood core
- white marker HPL surfaces
- white PVC edge

Magnetic Markerboard

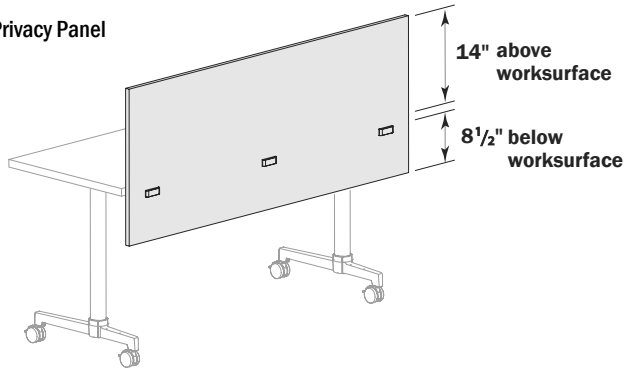
- plywood core
- white magnetic marker HPL surfaces
- white PVC edge

Training - Screens

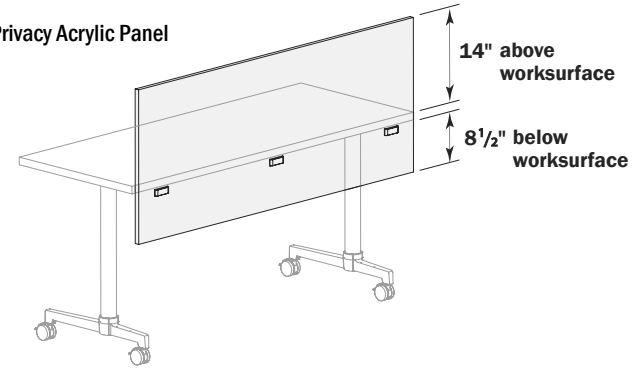
Privacy Panel Screens

Full width panel to provide user privacy concealing electrical components, wire channels and equipment on table top. Screens provide 8½" below and 14" above top concealment

Privacy Panel



Privacy Acrylic Panel



Acoustic

- ½" tackable acoustic 100% polyester screens in silver or ash grey
  - acoustic rating: 0.45 – 0.90 NRC
  - fire rating: ASTM-E84 / class A
  - colorfastness to light: AACC 16.3 option 3 color change @ 20AFU = 4.5
  - vacuum to remove dust, remove spills immediately using a clean damp cloth or with soap and water
  - carpet or fabric cleaner can be used for difficult spills – always test on an inconspicuous area first

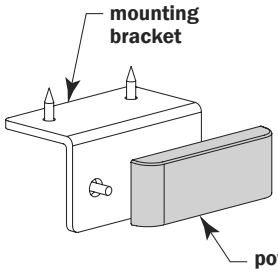
Acrylic

- ¼" two sided frosted acrylic

Privacy Panel Colors	
ASH	Ash Grey
SIL	Silver Grey

Screen Mounting

- screens supported by brackets with powder coated cover plates fastened to underside of top
- mounting brackets can be fastened out for routing cables to underside of top or to install monitor arm
- screens available for approach and end of table applications
- linking kits available for shared privacy screen application between two tables approach or end applications
- screens must be removed before tilting



Trim Cap Finishes

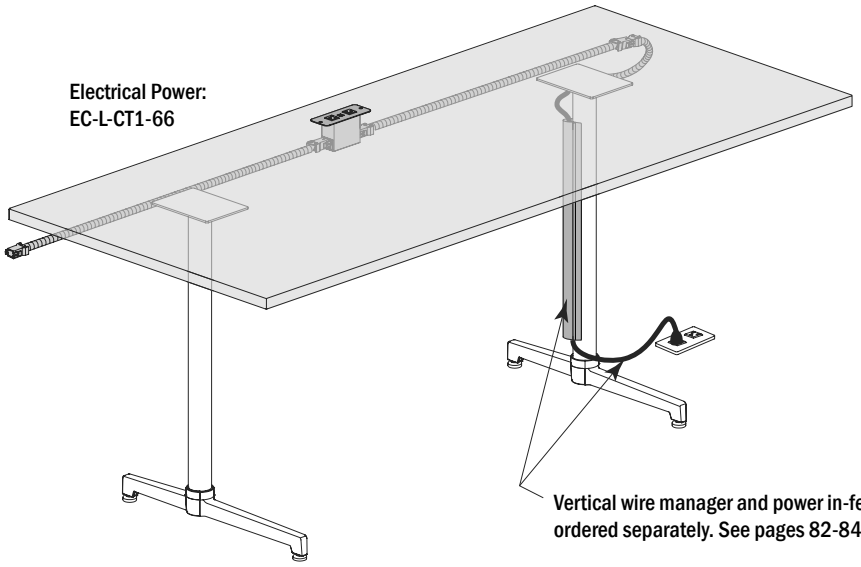
ABZ	Aged Bronze	PEW	Pewter
ASL	Arctic Silver	SBZ	Soft Bronze
GLD	Gold	SNK	Soft Nickel
MBK	Matte Black		

Training - Electrical - LINK System

Overview

LINK has in-surface 110 power with USB A charging. Non-direction/non-sequential power cables plug together with red, green, white and black terminal connections. Configure with single or dual circuit units to maximize power flexibility. LINK provides three power infeed models; NEMA 15amp or 20amp three prong plug single circuit, quick disconnect or hardwire to support single or dual circuit applications.

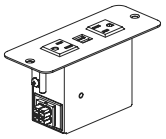
- two 110 power and dual USB type A charging
- Metal unit - black or white color selection
- Non-directional/non-sequential power
- Three building power connection infeed models to select from
- Up to eight duplex devices per infeed circuit



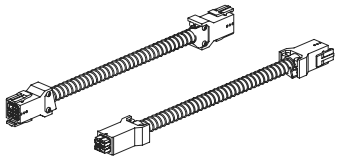
Electrical Power:
EC-L-CT1-66

Vertical wire manager and power in-feed ordered separately. See pages 82-84.

Components included when LINK Power selected:



Top Unit x 1



Jumper x 2
1 - female to female
1 - female to male

Above quantity shows when C (Center) is specified.

When L (Left) / R(Right) are specified, the quantity is double. Top Unit x 2 and Jumper x 3

Electrical

Power Packages are measured and located out from the center of the table. Shown on rectangular tops, these dimensions are the same from center regardless of table shape. Power in-feed is specified separately to support building electrical connection.

LINK Components:

Ganged Tables	Power In-Feed	Power Centers	Jumpers
48" - 96" Tables - CT1			
8	1	8	16

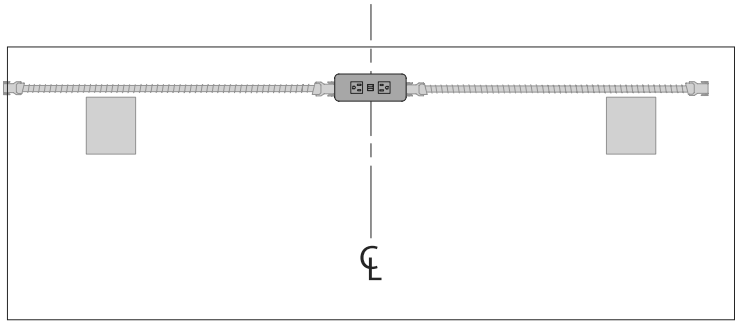
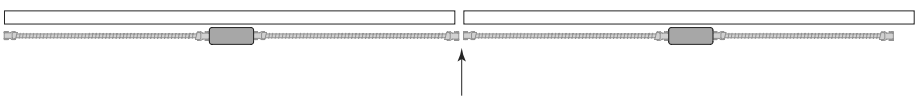
3	1	6	9
2	1	4	6
1	1	2	3



L-CT1-CO - Single Power in Center Location on top cutout locations



Jumper connection at edge of tables.

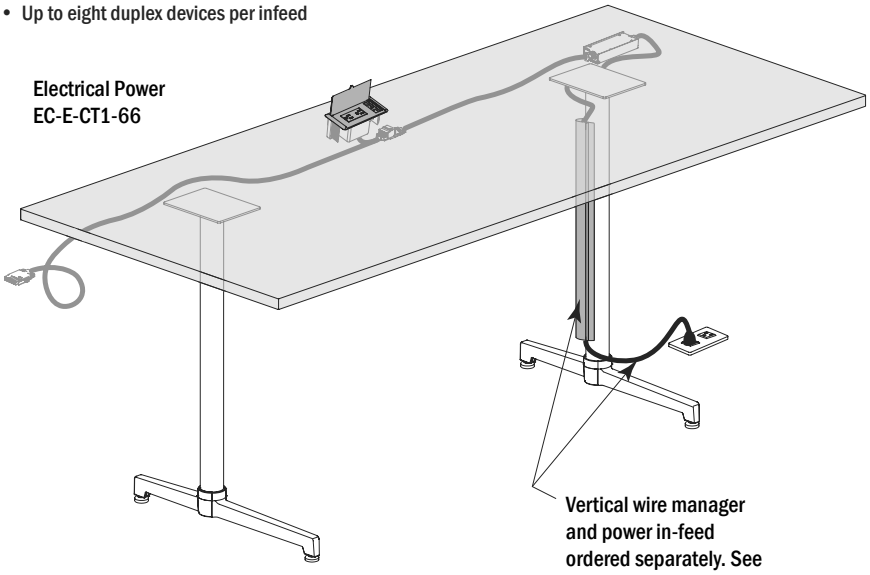
Training - Electrical - ECONO System

Overview

ECONO electrical system allows up to eight duplex power modules to be daisy-chained together (non-direction/non-sequential) and powered from a single power in-feed. The number of power modules connected is limited to the maximum allowed under UL Standard 962. If too many are connected, the control module disconnects all power to the system and signals red. Power is restored to the system after the extra power module(s) are disconnected, which is indicated by a green light. Econo will not work with GFI or GFCI - Ground Fault Circuit Interrupter Wall or Floor Outlets.

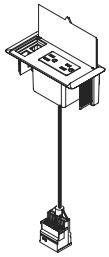
- Two 110 power and two data openings
- Single circuit power with 12 amp total system
- Plastic unit with retractable lid - black or grey color selection
- Over-current protection
- Up to eight duplex devices per infeed

Electrical Power
EC-E-CT1-66



Vertical wire manager and power in-feed ordered separately. See pages 80 & 84.

Components included when ECONO Power selected:



Top Unit x 1

Jumper x 1

Above quantity shows when C (Center) is specified.

When L (Left) / R(Right) are specified, the quantity is double. Top Unit x 2 and Jumper x 2

Electrical

Power is measured and located out from the center of the table. Shown on rectangular tops, these dimensions are the same from center regardless of table shape. Power in-feed is specified separately to support building electrical connection.

ECONO Components:

Ganged Tables	Power In-Feed	Power Centers	Jumpers
48" - 96" Tables - CT1

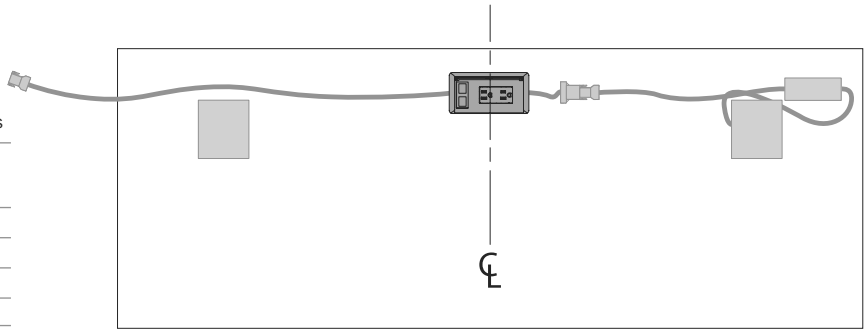
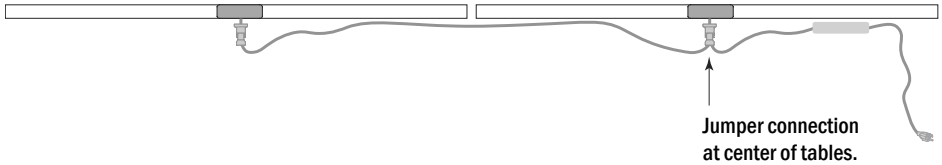
4	1	8	8
3	1	6	6
2	1	4	4
1	1	2	2



E-CT1-CO - Single Power in Center Location on top cutout locations



Jumper connection at center of tables.

Training - Cantilever Tilt Specifying

Overview

Lok Training was created with the simple a la carte, select of top, base, electrical, and screens. Pages with tops list all the necessary details to determine your budget with page references to guide you to the detail selections, including all the available options, colors and finishes. Build it your way in 5 easy steps!

1. **Specify Top**
   - **a. power cut out (optional)**
   - **b. link (optional)**
2. **Specify Base**
3. **Specify Modesty Panel**
   - **a. (optional)**
4. **Specify Electrical**
   - **a. (optional) - not shown below**
5. **Specify Accessories**
   - **a. (optional) - not shown below**

Training - Fixed T Specifying

Overview

Lok Training table offer the many configurations and room layouts to support todays diverse learning environments. When planning a space, select the size and shape tops that best fit the space you are planning. Then select the base type that supports the function the space requires, static setting with T-Base and glides, additional knee space with cantilever T-base,easy reconfiguration by adding casters, compact storage with offset or inline tilt/nest, special height considerations with pin height adjustment.

1. **Specify Top**
   - **a. power cut out (optional)**
   - **b. link (optional)**
2. **Specify Base**
3. **Specify Modesty Panel**

- (2) econo electrical unit to be placed in top of surface
- use in conjunction with other econo electrical items
- data jack openings accepts Type 2 jacks - two .58 x .76 hole openings (customer supplied)
- must order power infeed separately

Options:
- specify color black (BL) or grey (SG)

3 Prong Plug - 110 Power Smart-box Infeed for Econo System

				1	1	EC-PI-E-72A	$574

Features:
- 72" plug power infeed
- 20 amps/110 volts max
- 3 prong plug - 15 amp adapter plug
- single circuit use only
- use in conjunction with other econo electrical items

Electrical Jumper for Econo System

female

male

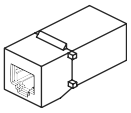
		84		3	1	EC-E-J-84	$140

Features:
- use to jump power around a corner configuration
- one male and one female H-block cable end

ELECTRICAL

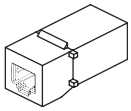
Data Jacks for ECONO

Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
Telecom Phone Jack - Type 2				1	1	**TCP201**	**$76**



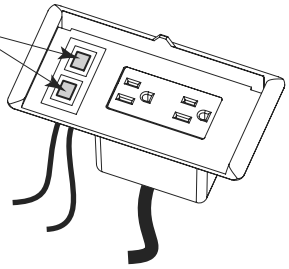
Features:
- RJ-11 phone jack
- for use with Econo system

Telecom Data Jack - Type 2				1	1	**TCP202**	**$99**



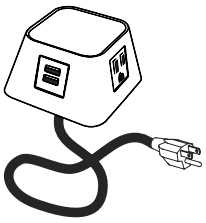
Features:
- CAT6-RJ45 data jack
- for use with Econo system

TCP201 and TCP202 telecom jacks to be used with ECONO system



Corded Power

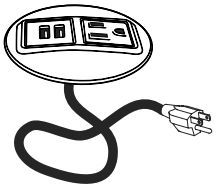
Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
Moire Power Unit	3⅜	3⅜	2	5	1	**EC23**	**$532**



Features:
- three 110 outlets
- dual USB-A charging ports
- 72″ 3-prong - 15amp plug power feed
- 15amp/110 volt

Options:
- specify Black(BL) or White(WH)

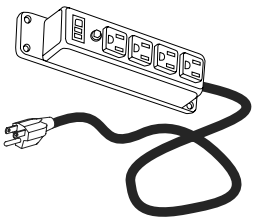
Node Power Unit	3⅜	3⅜	⅜	5	1	**EC24**	**$425**



Features:
- one 110 outlet
- dual USB-A charging ports
- 72″ 3-prong - 15amp plug power feed
- 15amp/110 volt

Options:
- specify Black(BL) or White(WH)

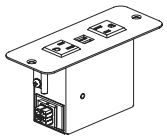
Power Strip	1½	1⅞	8	3	1	**GP9ACP1-0212**	**$103**



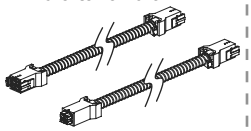
Features:
- power surge with 10″ cord
- four electrical outlets
- includes switch
- field installed
- use in conjunction with other econo electrical items

LINK Power

Electrical CT1 for Link



cables included:
1 female-to-female
1 male-to-female



Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
		36		4	1	EC-L-CT1-36	$650
		48		4	1	EC-L-CT1-48	$661

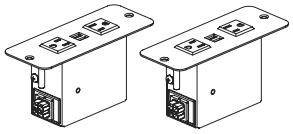
		84		5	1	EC-L-CT1-84	$700
		96		5	1	EC-L-CT1-96	$713

Features:
- (1) link electrical unit to be placed in top of surface
- use in conjunction with other link electrical items
- table link bracket MUST be used in conjunction with electrical to meet code requirements

Options:
- specify circuit (C1 or C2); specify color black (BL) or white (WH)
- must order power infeed separately

Electrical LRT2 for Link



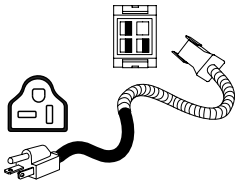
cables included:
2 female-to-female
1 male-to-female

		66		7	1	EC-L-LRT2-66	$1,191
		72		7	1	EC-L-LRT2-72	$1,186
		84		8	1	EC-L-LRT2-84	$1,197
		96		8	1	EC-L-LRT2-96	$1,211

Features:
- (2) link electrical unit to be placed in top of surface
- use in conjunction with other link electrical items
- circuit 1 - 8 units can be connected on 3 prong infeed
- circuit 1 & 2 - 16 units (8) circuit 1 & (8) circuit 2 on hardwire or quick disconnect infeed options

Options:
- specify circuit (C1 or C2); specify color black (BL) or white (WH)
- must order power infeed separately

3 Prong Plug - 110 Power Infeed for Link System



plug included:
15 amp adapter

		72		1	1	EC-PI-L-72-A	$301

Features:
- 72" plug power infeed
- 20 amps/110 volts max
- 3 prong plug - 15 amp adapter plug
- single circuit use only
- use in conjunction with other link electrical items

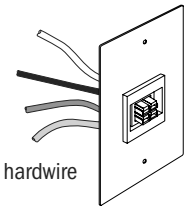
Quick Disconnect Power Infeed for Link System

				1	1	EC-PI-L-72-QD	$252

Features:
- must be used with QD1
- 72" modular power infeed
- 20 amps/120 volts max
- works for both single or double circuit
- use in conjunction with other link electrical items

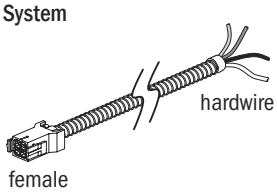
LINK Power

Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
Quick Disconnect Wall Outlet for Link System				1	1	**EC-L-QD1**	**$129**



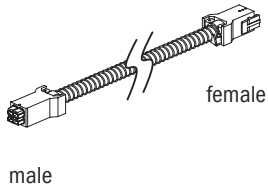
Features:
- must be used with MP72
- works for both single or double circuit
- 20 amps/120 volts max
- electrical contractor responsible for connection to building power source
- use in conjunction with other link electrical items

Hardwire Power Infeed for Link System		72		1	1	**EC-PI-L-72-H**	**$196**



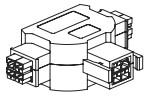
Features:
- 72″ hardwire power infeed
- 20 amps/120 volts max
- single or two circuit
- electrical contractor responsible for connection to building power source
- use in conjunction with other link electrical items

Electrical Jumper for Link System		12		2	1	**EC-L-J-12**	**$125**



Features:
- use to jump power around a corner configuration
- use with Link EC-L-3W 3 way electrical connector when additional cable is required
- one male and one female cable end

3 way electrical connector for Link System				1	1	**EC-L-3W**	**$200**



Features:
- branches power for infeed or T-connection
- two male and one female connector plugs
- may require repositioning of jumper cables

Wire Management

Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
Vertical Wire Manager	2	2¼	17	1	1	**AVL17**	**$90**
	2	2¼	22	1	1	**AVL20**	**$95**
	2	2¼	25	1	1	**AVL25**	**$117**

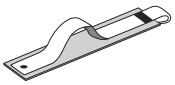
Features:
- field installed
- use AVL17 for 29″h tables
- use AVL20 for 36″h tables
- use AVL25 for 42″h tables

Options:
- specify plastic color, Black (B) or Silver (S)

Flexible Vertical Wire Manager	1½	1½	45	4	1	**45VWM**	**$146**

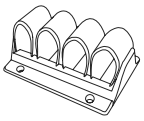
Features:
- black plastic
- field installed to bottom of table top, with screws provided
- wire manager is 1½″ diameter
- weighted base is 4″ diameter
- length can be adjusted by removing individual discs as required

Wire Management Velcro Straps	1¾	3½	¼	1	1	**04WVS**	**$63**



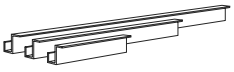
Features:
- black, set of 4
- field installed to bottom of table top, with adhesive tape provided

Cable Management Clips	2⅝	3¾	1⅝	1	1	**0304CMC**	**$61**



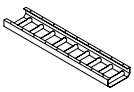
Features:
- black plastic
- installed to bottom of table top
- four retention loops

Wire Manager Trough	2½	12	2½	2	1	**12WCT**	**$132**
	2½	24	2½	3	1	**24WCT**	**$154**
	2½	36	2½	4	1	**36WCT**	**$169**



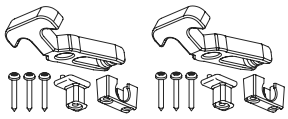
Features:
- black plastic
- field installed to bottom of table top, with screws provided

Wire Management Tray	7½	25	3	4	1	**GP9WMT1-0825**	**$205**
	7½	35	3	6	1	**GP9WMT1-0835**	**$253**
	7½	45	3	8	2	**GP9WMT1-0845**	**$300**



Features:
- silver powder-coated finish
- four hanging brackets (CI2C00)

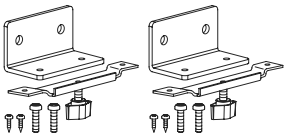
Description	D	W	H	CTN WT	CU FT	❶ Model	List Price
Table Link Bracket	2¾	3	7	1	1	LKB03TBL-LINK	$66



Features:
- includes set of 2 brackets with attachment hardware
- can be installed on ends and approach edges of tables
- field installed
- MUST be used tables specifying electrical

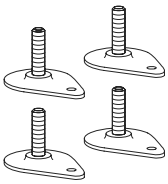
Excluded from GSA Contract/Open Market

Screen Link Bracket	1¾	2¾	1½	1	1	LKB03SCN-LINK	$81



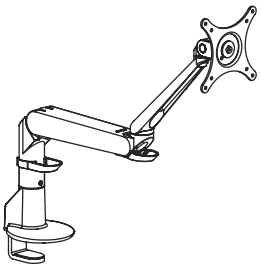
Features:
- links two tables along one edge with screen between tables
- set of 2 with attachment hardware
- field installed

Floor Mount Glide	3	2¼	½	1	1	LKB38-16ANCHOR	$45



Features:
- field installed glides for mounting table base to floor
- ¼" diameter hole in the glide for mounting
- set of 4
- replaces standard leveling glide
- note: floor mounting hardware to be supplied by installer

Single Monitor Arm	4	11	10	9	1	GP5901MA	$761



Features:
- one-touch reposition monitor adjustment
- tension adjustment at each joint
- flat panel mount rotates for portrait or landscape viewing
- edge mount installation from above surface
- cable management routes cables below monitor arm
- quick install VESA mount adapter

Options:
- specify Black (B) or Silver (S)

Accessories/ Keyboard/ Tasklights

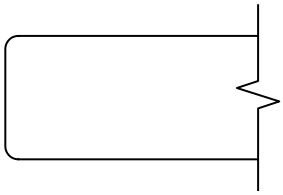
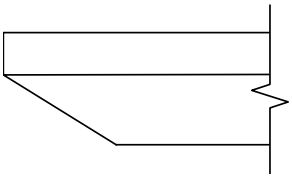
Teamwork - Materials

Laminate Tops

HPL tops are 1 3/16" thick, 3 ply balanced construction. The laminate face is horizontal grade high pressure laminate. Particle board core and a phenolic backer sheet complete the balanced construction.



Eased Edge (R3)
PVC



Reverse Bevel (K9)
PVC on painted top of painted MDF

Standard PVC Edge Colors

JSI supports 26 standard PVC edge colors listed below. These coordinate with our Standard (Tier1) Laminates.

When selecting a Standard (Tier 1) Laminate, the coordinating PVC edge color is automatically applied. When selecting a Graded-In Laminate (Tier 2), you will be prompted to choose one these 26 PVC edge colors to be applied to the edge.

ALB	Alabaster	**MES**	Mesa
BEL	Belair	**MIN**	Mineral
BLK	Black	**MCH**	Mocha
BRK	Brickdust	**OBK**	Outback
BBL	Bridal Blanco	**PIL**	Pilsner
CSK	Cask	**PIN**	Pinnacle Walnut
CLY	Clay	**SHD**	Shadow
DWH	Designer White	**SLG**	Slate Grey
EGR	Egret	**UMB**	Umber
FAW	Fawn	**VAL**	Valley
FLN	Flint	**WAL**	Walnut Heights
FLO	Florence Walnut	**WEA**	Weathered Ash
LOF	Loft	**ZEN**	Zen Grey

Standard Laminates

JSI Standard Laminate program consists of 26 solid and wood grain patterns, and establish our Tier 1 laminate pricing. Each has a coordinating PVC edge color that is automatically used with the Standard Laminates.

Wood Grain Laminate

BEL	Belair	**MIN**	Mineral
BRK	Brickdust	**MCH**	Mocha

Protective Top Coat
DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features
Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Finish Sheen
All veneer finishes are standard in 35-sheen, with the exception of Raven. Raven is only offered in 15-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

Custom/Special Finishes
JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first-time matches and must be included with the written request.

There is a one-time charge of **$412 list per order** for any non-standard wood finish.

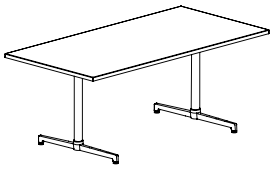
Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

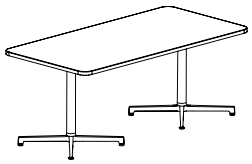
Use standard pricing and option pricing for each line item with a special finish, unless additional modifications have been specified. For items available in both Essential and Artisan veneers, apply the Essentials pricing.

Teamwork - Base Styles

Lok provides a choice selection of bases in both function and aestethics to serve a variety of needs. The teamwork offering includes: T-base and X-base



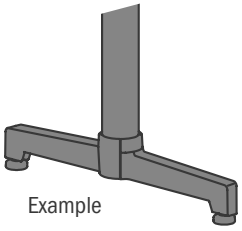
T-Base
- available in 29" with options of glide or caster
- available in 36"h and 42"h only in glides
- compatible with the following top shapes: arc rectangular, boat, boomerang, bullet, double chevron, hive, home base, huddle, intersect, one-twenty, racetrack, rectangular, taper, wedge
- base finish - select single metal finish or two-tone metal finish. See options listed below.



X-Base
- available in 16", 29"h, 36"h or 42"h only in glides.
- compatible with the following top shapes: rectangular, round, square, squircle
- base finish - select single metal finish or two-tone metal finish. See options listed below.

Single Metal Finish

ABZ Aged Bronze Feet & Post
ASL Arctic Silver Feet & Post
GLD Gold Feet & Post
PEW Pewter Feet & Post
MBK Matte Black Feet & Post
SBZ Soft Bronze Feet & Post
SNK Soft Nickel Feet & Post



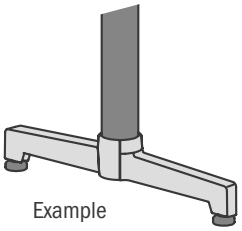
Example

Two - Tone Metal Finish

Two- Tone Aesthetics can be achieved by specifying Polished Aluminum on the foot and a contrasting finish on the post

Polished Aluminum Feet

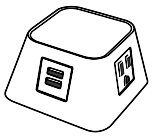
ABZ Aged Bronze Post
ASL Arctic Silver Post
GLD Gold Post
PEW Pewter Post
MBK Matte Black Post
SBZ Soft Bronze Post
SNK Soft Nickel Post



Example

Power/Charging Options

Lok offers the ability to place power and charging options in the center of select tables. Select your choice of EC23 or EC24, available in black and white.



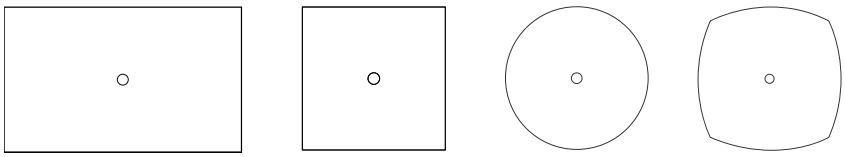
Moire - EC23
- Three 110 outlets
- Dual USB port with72" power cord
- Black (B) or White (W)

select CTEC23 for cutout in worksurfaces

Node - EC24
- One 110 outlet
- Dual USB port with72" power cord
- Black (B) or White (W)

select CTEC24 for cutout in worksurfaces

Cut outs are located in the center of each table. See below for representation or location.

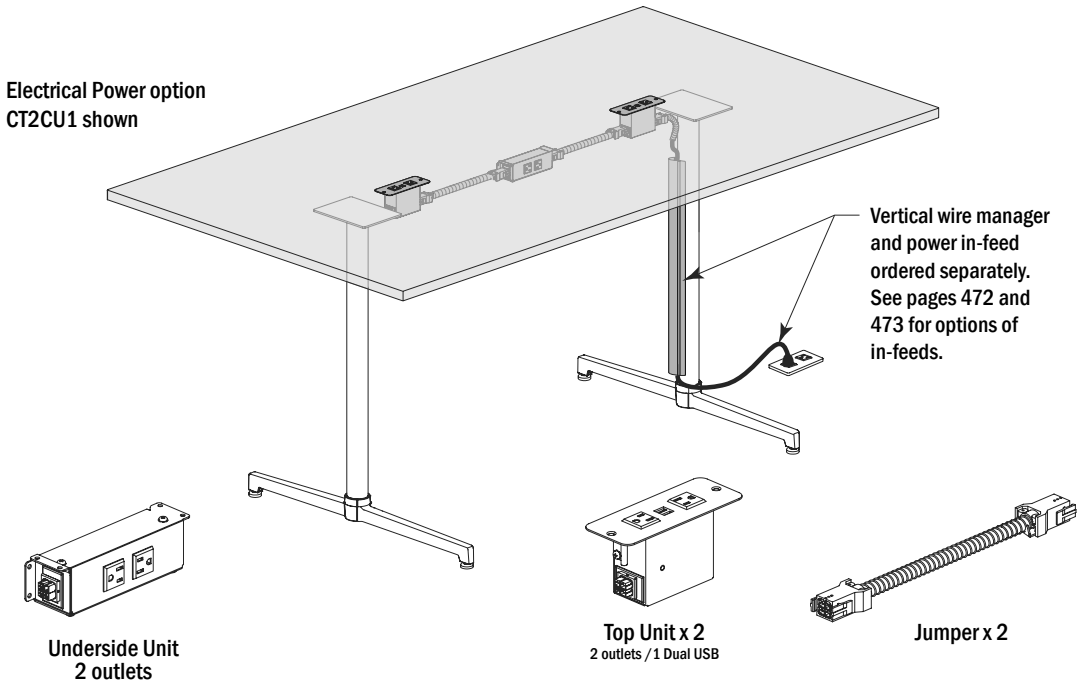


Teamwork - Electrical

Electrical Overview

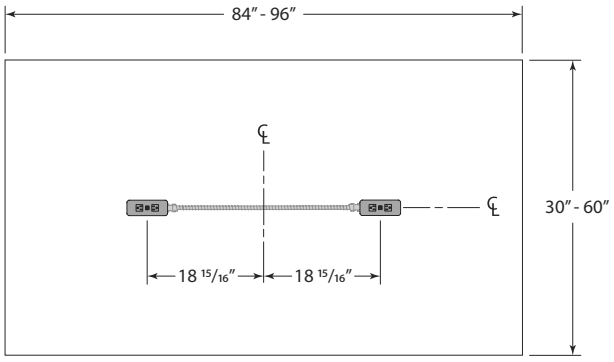
Lok provides several packages to choose from for your electrical needs. Choose solutions for top surface power, underneath outlets, wireless charging, or a combination.

Specifying an electrical package eliminates your need to calculate additional components, as all units and necessary jumpers will ship with your table. You will only need to determine which power in-feed best suits your needs and order separately.



Electrical

Power and Charging Packages are measured and located out from the center of the table. Shown on rectangular tops, these dimensions are the same from center regardless of table shape (ie huddle, boomerang, etc.). Power in-feed is specified separately to support building electrical connection.



CT2 - Dual Power Top of Surface

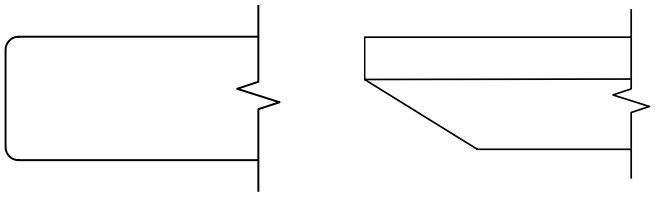
Laminate Tops

Lok conference table worksurfaces are offered in HPL (High Pressure Laminate) The tops are 1 3/16" thick, 3 ply balanced construction. Particle board core and a phenolic backer sheet complete the balanced construction.



Eased Edge (R3)
PVC

Reverse Bevel (K9)
PVC on painted top of painted MDF

Standard PVC Edge Colors

JSI supports 26 standard PVC edge colors listed below. These coordinate with our Standard (Tier1) Laminates.

When selecting a Standard (Tier 1) Laminate, the coordinating PVC edge color is automatically applied. When selecting a Graded-In Laminate (Tier 2 or 3), you will be prompted to choose one these 26 PVC edge colors to be applied to the edge.

ALB	Alabaster	**MES**	Mesa
BEL	Belair	**MIN**	Mineral
BLK	Black	**MCH**	Mocha
BRK	Brickdust	**OBK**	Outback

Protective Top Coat

DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features

Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Finish Sheen

All veneer finishes are standard in 35-sheen, with the exception of Raven. Raven is only offered in 15-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

Custom/Special Finishes

JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first-time matches and must be included with the written request.

There is a one-time charge of **$412 list per order** for any non-standard wood finish.

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Use standard pricing and option pricing for each line item with a special finish, unless additional modifications have been specified. For items available in both Essential and Artisan veneers, apply the Essentials pricing.

Solid Surface Tops

Tops are 1 3/16" thick constructed of ½" thick Solid Surface on top of a 11/16" MDF sub top. Sub top has an under cut bevel profile and is painted in a coordinated color to match the Solid Surface.

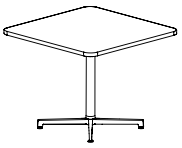
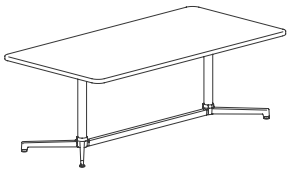
Conference - Base Styles

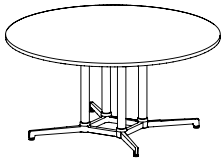
Lok provides a choice selection of bases in both function and aesthetics to serve a variety of needs. The conferencing offering includes: X-Base, Y Base and X4 base.



X-Base
- available 29"h, 36"h or 42"h only in glides.
- compatible with the following top shapes: round, square or squircle
- base finish - select single metal finish or two-tone metal finish. See options listed below.
- power access version, with integrated wire management available with an upcharge



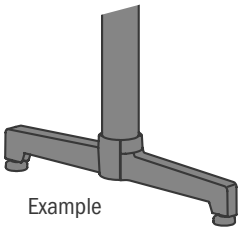
Y Base
- available in 29"h, 36"h or 42"h only in glides.
- compatible with the following top shapes: arc rectangular, boat, double chevron, oval, racetrack, rectangular, round, square and taper
- base finish - select single metal finish or two-tone metal finish. See options listed below.



X4 Base
- available in 29"h, 36"h or 42"h only in glides
- compatible with the following top shapes: round, square, and squircle
- base finish - select single metal finish or two-tone metal finish. See options listed below.

Single Metal Finish

ABZ Aged Bronze Feet & Post
ASL Arctic Silver Feet & Post
GLD Gold Feet & Post
PEW Pewter Feet & Post
MBK Matte Black Feet & Post
SBZ Soft Bronze Feet & Post
SNK Soft Nickel Feet & Post



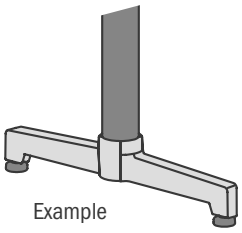
Example

Two - Tone Metal Finish

Two- Tone Aesthetics can be achieved by specifying Polished Aluminum on the foot and a contrasting finish on the post

Polished Aluminum Feet

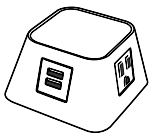
ABZ Aged Bronze Post
ASL Arctic Silver Post
GLD Gold Post
PEW Pewter Post
MBK Matte Black Post
SBZ Soft Bronze Post
SNK Soft Nickel Post



Example

Power/Charging Options

Lok offers the ability to place power and charging options in the center of select tables. Select your choice of EC23 or EC24, available in black and white.



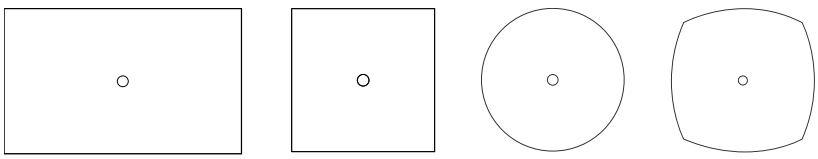
Moire - EC23
- Three 110 outlets
- Dual USB port with72" power cord
- Black (B) or White (W)

select CTEC23 for cutout in worksurfaces

Node - EC24
- One 110 outlet
- Dual USB port with72" power cord
- Black (B) or White (W)

select CTEC24 for cutout in worksurfaces

Cut outs are located in the center of each table. See below for representation or location.

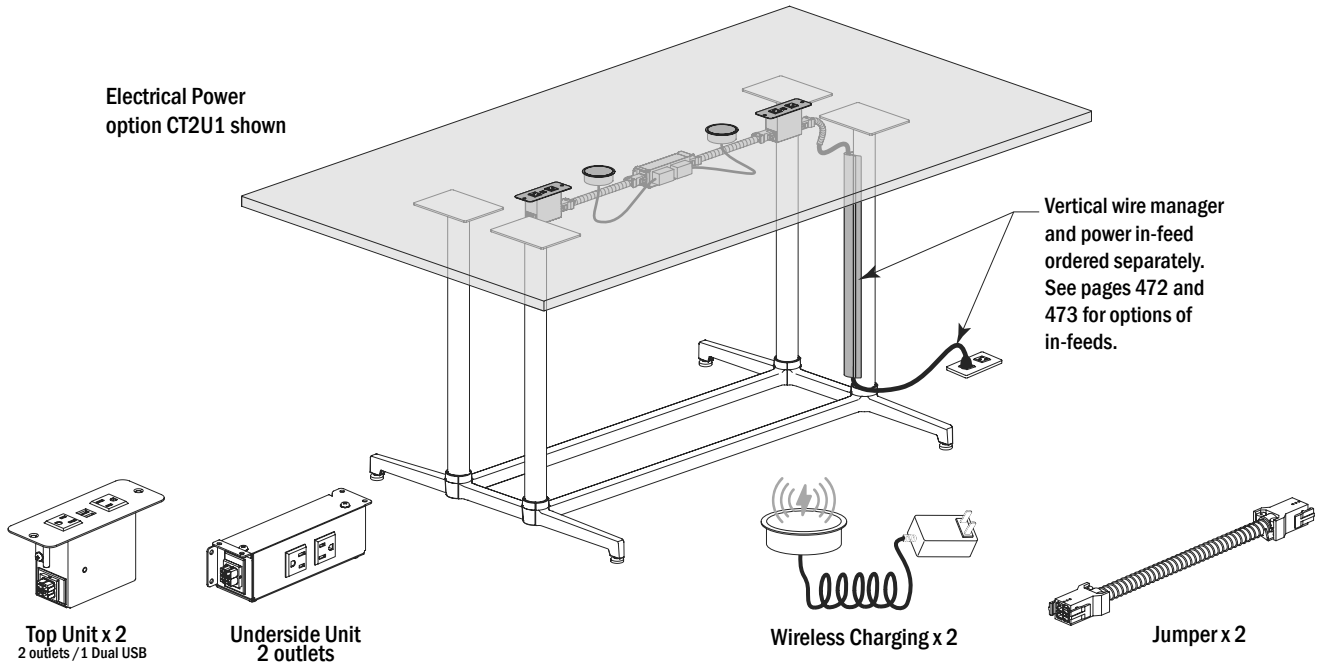


Lok Product Information

Electrical Overview

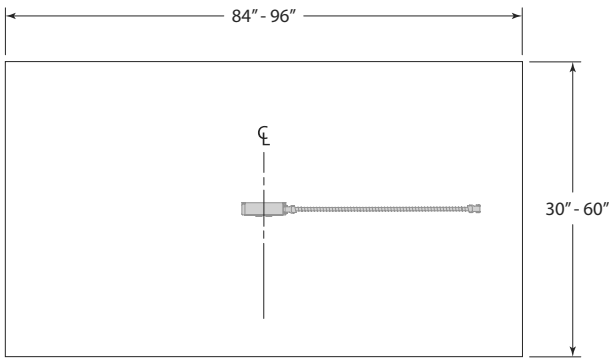
Lok provides several packages to choose from for your electrical needs. Choose solutions for top surface power, underneath outlets, wireless charging, or a combination.

Specifying an electrical package eliminates your need to calculate additional components, as all units and necessary jumpers will ship with your table. You will only need to determine which power in-feed best suits your needs and order separately.

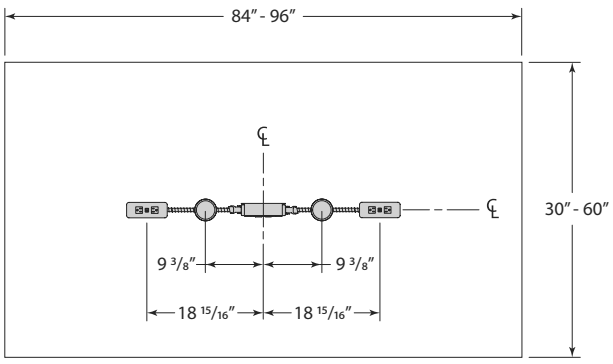


Electrical - 1 Piece Tops

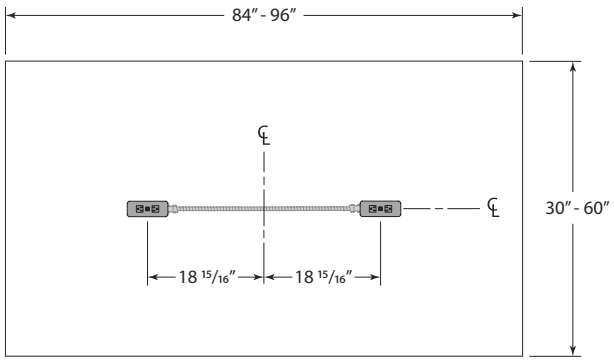
Power and Charging Packages are measured and located out from the center of the table. Shown on rectangular tops, these dimensions are the same from center regardless of table shape (ie chevron, boat, etc.). Power in-feed is specified separately to support building electrical connection.



CU1 - Single Power Underside



CT2U1 - Dual Power Center Top with Underside and Two Wireless Charging

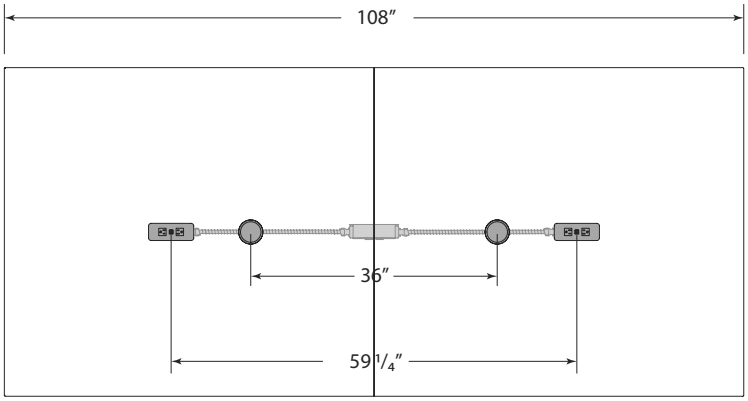


CT2 - Dual Power Center Top

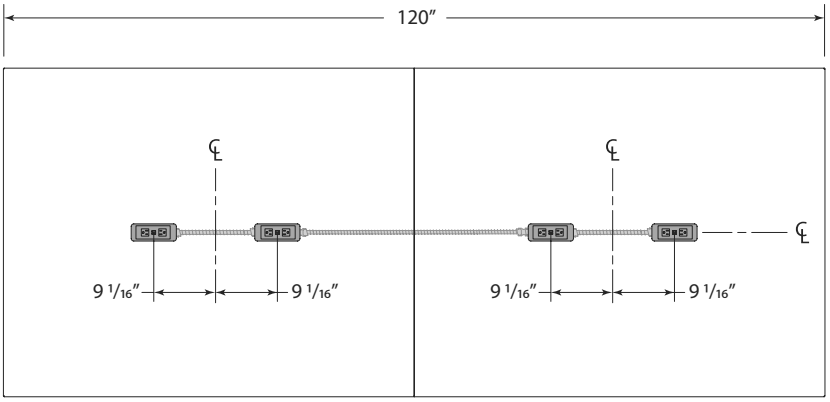
Conference - Electrical

Electrical - 2 Piece Tops

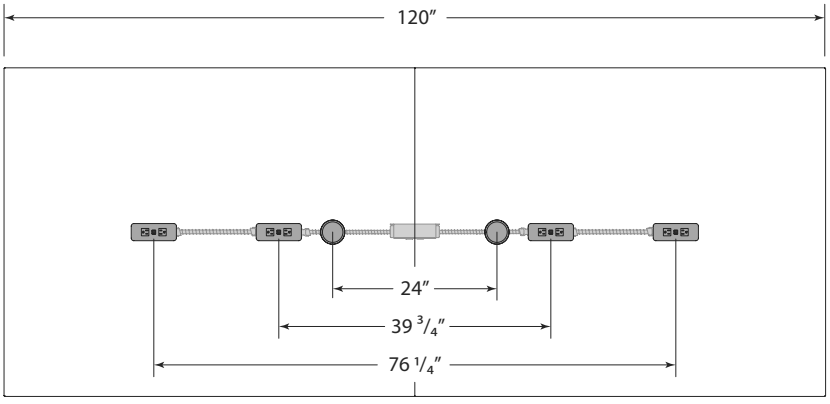
Power and Charging Packages are measured and located out from the center of the table. Shown on rectangular tops, these dimensions are the same from center regardless of table shape (ie chevron, boat, etc.). Power in-feed is specified separately to support building electrical connection.



CT2 - Dual Power Top with
Underside and Two Wireless Charging



CT4 - Four Power Top



CT4 - Four Power Top with
Underside and Two Wireless Charging

Conference - Electrical

Electrical - 3 Piece Tops

Power and Charging Packages are measured and located out from the center of the table. Shown on rectangular tops, these dimensions are the same from center regardless of table shape (ie chevron, boat, etc.). Power in-feed is specified separately to support building electrical connection.

30	30	29	61	21	LKT30-29SCX	$1,673	$1,714	$2,235	$2,279

Features:

- price reflects complete table - top and base
- ships KD in multiple cartons
- one piece top
- model includes adjustable glide
- when electrical option is selected, power accessible base is shipped; see page 178 for details
- power/charging units have 72″ cord
- power cord is routed inside base column

Options:

- specify power access base with power unit option; None (N), add $735 for EC23 (CTEC23), add $616 for EC24 (CTEC24)

Features:

- price reflects complete table - top and base
- ships KD in multiple cartons
- one piece top
- model includes adjustable glide
- when electrical option is selected, power accessible base is shipped; see page 178 for details
- power/charging units have 72″ cord
- power cord is routed inside base column

Options:

- specify power access base with power unit option; None (N), add $735 for EC23 (CTEC23), add $616 for EC24 (CTEC24)

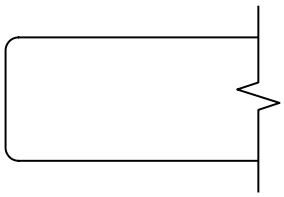
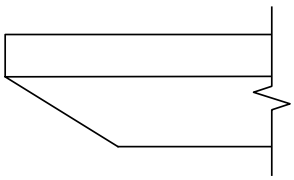
Laminate Tops

Lok training table worksurfaces are offered in HPL (High Pressure Laminate) The tops are 1 3⁄16" thick, 3 ply balanced construction. Particle board core and a phenolic backer sheet complete the balanced construction.



Eased Edge (R3)
PVC



Reverse Bevel (K9)
PVC on painted top of painted MDF

Standard PVC Edge Colors

JSI supports 26 standard PVC edge colors listed below. These coordinate with our Standard (Tier1) Laminates.

When selecting a Standard (Tier 1) Laminate, the coordinating PVC edge color is automatically applied. When selecting a Graded-In Tier 2 Laminate, you will be prompted to choose one these 26 PVC edge colors to be applied to the edge.

ALB	Alabaster	**MES**	Mesa
BEL	Belair	**MIN**	Mineral
BLK	Black	**MCH**	Mocha
BRK	Brickdust	**OBK**	Outback
BBL	Bridal Blanco	**PIL**	Pilsner

Protective Top Coat
DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features
Safety - Significantly reduces hazardous formaldehyde emissions which help improve the quality of the of the indoor air we breathe.
Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood.
Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Finish Sheen
All veneer finishes are standard in 35-sheen, with the exception of Raven. Raven is only offered in 15-sheen. All other finishes can have their sheen modified with a 15% upcharge added to the list price of each item.

Custom/Special Finishes
JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first-time matches and must be included with the written request.

There is a one-time charge of **$412 list per order** for any non-standard wood finish.

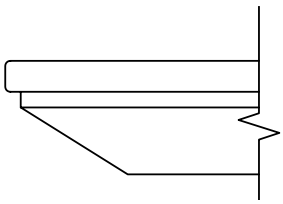
Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Use standard pricing and option pricing for each line item with a special finish, unless additional modifications have been specified. For items available in both Essential and Artisan veneers, apply the Essentials pricing.

Solid Surface Tops

Tops are 1 3⁄16" thick constructed of ½" thick Solid Surface on top of a 11⁄16" MDF sub top. Sub top has an under cut bevel profile and is painted in a coordinated color to match the Solid Surface.



Reverse Bevel Edge (K7)

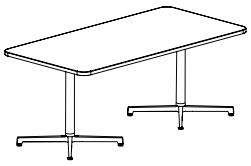
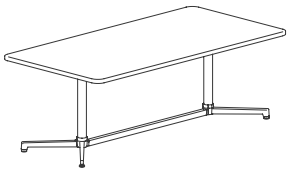
Lounge- Base Styles

Lok provides a choice selection of bases in both function and aestethics to serve a variety of needs.The conferencing offering includes: X-base and Y-Base.



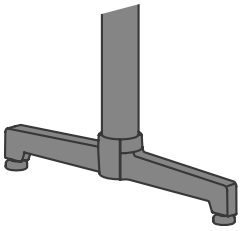
X-Base
- available 16"h or 26"h only in glides.
- compatible with the following top shapes: round, square, squircle
- base finish - select single metal finish or two-tone metal finish. See options listed below
- power access version, with integrated wire managment available with an upcharge



Y Base
- available in 16"h or 26"h only in glides
- compatible with the following top shapes: arc rectangular, oval
- base finish - select single metal finish or two-tone metal finish. See options listed below

Single Metal Finish

ABZ	Aged Bronze Feet & Post
ASL	Arctic Silver Feet & Post
GLD	Gold Feet & Post
PEW	Pewter Feet & Post
MBK	Matte Black Feet & Post
SBZ	Soft Bronze Feet & Post
SNK	Soft Nickel Feet & Post

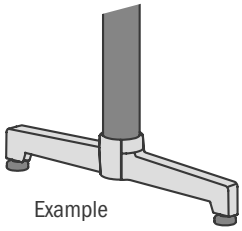


Two - Tone Metal Finish

Two- Tone Aesthetics can be achieved by specifying Polished Aluminum on the foot and a contrasting finish on the post

Polished Aluminum Feet

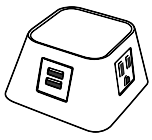
ABZ	Aged Bronze Post
ASL	Arctic Silver Post
GLD	Gold Post
PEW	Pewter Post
MBK	Matte Black Post
SBZ	Soft Bronze Post
SNK	Soft Nickel Post



Example

Power/Charging Options

Lok offers the ability to place power and charging options in the center of select tables. Select your choice of EC23 or EC24, available in black and white.



Moire - EC23
- Three 110 outlets
- Dual USB port with72" power cord
- Black (B) or White (W)

select CTEC23 for cutout in worksurfaces

Node - EC24
- One 110 outlet
- Dual USB port with72" power cord
- Black (B) or White (W)

select CTEC24 for cutout in worksurfaces

Cut outs are located in the center of each table. See below for representation or location.

Environmental Mission

Our vision and goal is a sustaining supplier, manufacturer and customer for the long term protection and preservation of our environment for future generations.

MISSION
To achieve this vision, we are dedicated to ensuring the health and wellbeing of all of our partners, reducing negative impact on the environment, and maintaining price structure by increasing efficiencies and reducing consumption.

JSI, and it's parent company, is an internal manufacturer and has been an environmentally conscious organization for more than 80 years.

We are proud to use wood as our primary sustainable material resource and all corporate policies and procedures support the efforts to "recover, recycle, reuse, repurpose, reduce, refuse, and re-engineer". In doing this, we are committed to the conservation of the environment and its natural resources as well as encouraging our suppliers and customers to do the same. A goal of a "Sustainable Partnership", supplier, manufacturer and customer, is essential for the long term protection preservation and sustainability of our environment for future generations.

LOCATION
Our manufacturing facilities are located in the center of Southern Indiana. With our diverse product offering and manufacturing capabilities, we provide a single source for all of your project needs allowing you to conserve our fossil fuels and reduce greenhouse gases.

PACKAGING
We place emphasis on the minimal use of disposable packaging while still providing adequate protection to the finished product. Our corrugated packaging is recyclable, reusable, and up to 100% recycled content. We reuse or recycle more than 175 tons of corrugated material annually.

REGULATORY
All of our manufacturing facilities are in compliance with applicable OSHA regulations and meet or exceed all applicable DEM and EPA regulations for air emissions, storm water and hazardous waste disposal.

MANUFACTURING FACILITIES
Our manufacturing facilities are geared toward eco-efficiency and are encouraged to continually improve and conserve. Solid wood not used in the direct manufacturing process is recovered for the operation of our dry kilns, thus reducing greenhouse gases, the use of fossil fuels, and the burden of waste placed on landfills. Composite panels not used in the direct manufacturing process are ground and sold for use as animal bedding and boiler fuel. In addition to other energy savings techniques, our manufacturing facilities use high efficient lighting, make use of power factor capacitors, and encourage all to conserve and reduce energy consumption and water usage. Condensation pumps are used to aid in water conservation as well as extending boiler life.

MANUFACTURING PROCESSES
Our finish processes utilize efficient spray guns and proper spray techniques to reduce wasted material. Excess finish material, solvents, and waste are recycled. Many of the assembly processes use water based glues that contain no hazardous ingredients.

TEXTILES
Many of our fabric options utilize up to 100% recycled content. Our leather alternative program includes selections that contain no toxic materials, plasticizers, heavy metals, or formaldehyde and have a 100% biodegradable back cloth. Some of the available panel fabric used, if discarded is a biological nutrient for the soil. Most of the components (foam, batting, and polycord) used in upholstered products are recyclable. Excess fabrics and leathers not utilized in the upholstery process go to recyclers and local charities for additional use.

WOOD
Wood is the most diverse, most process friendly, and most widely utilized natural resource in mankind's history. No other natural resource can match the environmental advantages of wood, including being renewable, recyclable, natural, carbon negative, and biodegradable. Utilizing the sun's energy, trees grow and remove carbon dioxide from the air while giving off oxygen to benefit the entire planet. Approximately 49% of wood's dry weight is carbon and harvesting mature trees in a sustainable forest, which has slowed in the absorption of carbon dioxide, allows the photosynthetic cycle to continue at full optimization and allow for the carbon to remain sequestered. We are proud to use wood as our primary "sustainable" renewable resource.

WOOD OPTIONS
Many environmentally friendly solid wood and engineered wood options are available for quote, including: Lyptus®, Plyboo®, reclaimed woods, agricultural and post-consumer waste fiber products, etc.

INDOOR AIR QUALITY
Our goal is to reduce the impact our products will have on the indoor air quality. We practice the latest technologies and utilize a third party to assure we meet this goal. GreenGuard, one of the leaders in IAQ certification, continues to certify our product offering with UL2818-GreenGuard Indoor Air Quality certification.

Lifetime Warranty
JSI warrants to the original purchaser that each piece of furniture will be free from defects in workmanship, given normal use and care for as long as the original customer owns and uses the product. Normal use is defined as the equivalent of a single shift, 40-hour work week.

JSI will, at its option, repair or replace with comparable product within the terms of the warranty.

Exceptions to Warranty:

12 Years (from date of purchase)
- Wood Seating
- Seating Controls
- Pneumatic Cylinders
- Laminate Surfaces
- Veneer Surfaces
- Solid Surface Components
- Somna, Kindera, Satisse and Forge in multi-shift environment except components as specifically identified below

10 Years (from date of purchase)
- Recliner Mechanisms and Associated Levelers (regardless of shift usage)

5 Years (from date of purchase)
- Casters (including recliner central locking)
- Glides (including MagLinx™)
- Electric Height Adjustable Bases
- Task Lights
- Mesh/Knit Materials
- Electrical Components
- Foam
- Recliner Heat Components

This Warranty Does Not Cover:
- Natural variations in color, grain or texture of wood and other covering materials over which JSI has no control
- Normal wear, color fastness, shrinkage, puddling, wrinkling and stretching of upholsteries including fabric, vinyl, leather and other textiles. This warranty does not cover any defects that may arise in the use of COM or COL upholstery materials. Textile manufacturer's warranty will apply.
- Damages resulting from transportation, improper assembly, installation, handling, accident, user modification attachments, misuse, or neglect of product care.
- Damage resulting from extreme climate conditions
- Finish damages resulting from normal wear and tear, improper maintenance, water damage, exposure to sunlight, extreme high or low humidity or temperature, or other acts of nature.
- Damage created by loading file drawers with anything other than hanging folders.
- Use of any unauthorized non-JSI components for use in the place of JSI components, including but not limited to worksurfaces, bases, brackets, or other essential components.

Replacement components are warranted for a duration of 2 years or for the remaining duration of the initial warranty, whichever extends further.

Textile supplier's warranty will apply. Given the diverse range of cleaning agents used by various facilities, it is advisable to conduct testing on each textile choice using the facility's designated cleaning techniques prior to placing an order.

JSI makes no expressed or implied warranties to any product and, in particular, makes no warranty of merchantability of fitness for any particular purpose. JSI will not be liable for any consequential or incidental damages under this warranty.

Unique Characteristic of Natural Woods and Veneers
JSI uses high quality wood and veneer harvested from sustainably managed forests. Every tree has unique and defining characteristics, like fingerprints. These characteristics can be defined by differences in color, grain configuration, and textures. These characteristics will be more noticeable if the product has a clear or lighter finish.

JSI uses select beech, cherry, maple, oak and walnut cut wood products to produce the desired look of our furniture products.

Maple and Cherry species have a higher degree of uneven distribution of grain, small color streaks, and pin knots.

At JSI, we take care of selecting woods and veneers that are used in our products. With this in mind, we hope you appreciate the beauty of each tree's fingerprints. Products will not be replaced due to these natural characteristics.

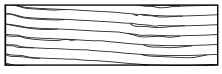
Veneers can be sliced in a variety of ways to create unique patterns. JSI uses several different patterns, as shown below.

Flat (Plain) Cut as shown

Quarter Sliced as shown

Double Cut as shown

Rift Cut as shown



Double Cut
The Double Cut veneer is a processed product that has at least two cuttings to create the final veneers. These cuts of veneer strands are dyed and layered into a block to create variation of patterns from a very tight grain pattern to an exotic figure grain pattern.

JSI offers two collection of veneer, our Essentials and Artisan Collections.

Essentials
The Essentials Collection allows users to specify beautiful veneers, without sacrificing budget, providing grain patterns and hues for maximum material flexibility and style range.

Artisan
The Artisan Collection provides a curated selection of finishes expressing an elevated style and contemporary nature.

Laminates (Veneer Series)
An alternative HPL (Higher Pressure Laminate) laminate work surface can be specified on most of our casegood product lines. The specification pages will also list the available coordinating finishes.

Laminate Series
JSI laminate series offer a full laminated product with imprinted grain to hide finger prints and provide durability. The worksurface tops are HPL (High Pressure Laminate) or TFL (Thermal Fused Laminate). TFL is used on the product's chassis.

An overview of finishes and laminates appear on page IV, detailing which species each veneer finish is applied to.

Series Material Offering
Select finishes, species and materiality are availble on a per series offering, with JSI curating the correct palette offering for the series intent. Please refer to each series feature highlights within the product pages to identify the material, species, grain patterns and finishes availble for that specific series.

JSI Core Materials
For projects requiring similar finishes across multiple series, JSI recommends using our Core Materials program. Finishes in this group are offered throughout the vast majority* of JSI products in the three main material categories Essentials and Artisan Veneer, Laminate and Solid Maple, in a spectrum of light to dark.

*note: not applicable to all series, for example BeSpace only offers clear veneer finish.

Finish - Top Coat
To reduce hazardous formaldehyde emissions, we use our proprietary specially designed top coat, DuraTex™. It significantly reduces hazardous formaldehyde emissions and helps improve indoor air quality.

Finish - Color/Stains
A wide range of stains are available to bring out the beautiful characteristics of each wood species. We coordinate finish color between our veneer stains and solid lumber stains; however, not all may be a perfect match. The stains are continually reviewed for accuracy of color, as well as a constant monitoring of the latest color trends in the furniture market.

Finish - Matching
Due to the natural characteristics of wood, environmental effects, and material upgrades, JSI cannot guarantee exact finish matches on existing furniture previously ordered.

If an exact match is required to accompany existing furniture, it must be specified at the time of order placement, so specific internal procedures can be followed to ensure a proper and acceptable finish match. We reserve the right to change our finish formula at any time to improve safety, quality, and appearance. Unless a finish match for existing furniture is requested at the time of ordering, we accept no liability for finish that may not match the existing furniture from prior orders.

Solid lumber may inherently have mineral streaks, pits, and various other natural occurrences. Care is taken in selecting the solid lumber to coordinate with the requested finish on our veneer products. This internal selection process is subject to availability of solid lumber parts.

Finish Sheen
All casegood veneer finishes are standard in 35-sheen, with the exception of Raven, which is only offered in 15-sheen. All other finishes are available in 15-sheen, with a 5% upcharge, per model.

Custom/Special Finishes
JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first-time matches and must be included with the written request.

There is a charge of **$412 list per order** for any non-standard wood finish.

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Use standard pricing and option pricing for each line item with a special finish, unless additional modifications have been specified. For items available in both Essential and Artisan veneers, apply the Essentials pricing.

Samples
Samples of standard wood finishes, paints colors, metal colors, and standard laminate are available upon request. The fastest way for requests to be filled is by using our website. See below for options to request samples.

Pricing
Prices found in this document or on our website are list prices in U.S. dollars for standard product delivery to one destination. Prices do not include storage, installation, or taxes. Possession of this price list does not constitute an offer to sell. Orders can only be received from approved authorized JSI dealers.

Prices and product information in this document, as well as our website, are subject to change without notice. Reference website for most up to date product offering and pricing.

In our ongoing efforts to minimize ancillary charges. JSI does not include these fees in any calculations for dealer participation fees or commissions in any form. Ancillary charges include but are not limited to special finish charges, special laminate charges and handling fees. When calculating your dealer participation fee or commission earned, please include product lines only and exclude any ancillary charges. Should you have any questions, please call our office for clarification.

Orders
Detailed specification pages are available in the price list at the beginning of each series.

Additional information may be obtained by consulting the Customer Service Department or our website.

Indicate shipping address if different from billing address.

Send Orders To:

US Mail – JSI
225 Clay Street
Jasper, IN 47546
Fax – 812-482-1548
Email – orders@jaspergroup.us.com

JSI reserves the right to make changes in dimensions, styles, or specifications if we believe these changes will improve the safety, quality, or appearance of the product.

Acceptance of orders will be subject to credit approval, barring any acts of governments, or any other causes beyond our control (e.g. strikes, fire, embargo of materials, etc).

Product Modifications
While we offer a wide range of products to accommodate many possible solutions, we also recognize the needs for our products to be modified from our standard offering.

In the series introduction section of each product, we address modification options for that series.

To see if the desired modification is possible, please contact our Customer Service Department for a quote. Note that order quantities and material availability can affect the quote. Additional information may be requested to fully quote modifications.

Order Acknowledgments
All orders will be acknowledged promptly upon entry of a clean order. The acknowledgment will show how the order was entered, ship date and any other information pertinent to the order. It is the purchaser's responsibility to verify all the information on the acknowledgment carefully and notify us immediately, in writing, of any discrepancies.

Every reasonable effort is made to ship as acknowledged; however, the acknowledged ship date is approximate. Company will generally ship within five (5) working days of the acknowledged ship date. If a firm ship date is necessary, customer must inform company at time of order and company will make all reasonable efforts to meet each customer's request. Acknowledged shipping dates are contingent upon the force majeure conditions contained in these terms and conditions.

Cancellations and Changes
All orders are considered firm and are not subject to cancellation or change without approval from JSI. All approved changes are subject to additional charges and revised lead times

Quickship
JSI offers select Vision models, with select options, in our Quickship program. These items ship within 10 business days after receipt of a clean, credit approved purchase order. Items should be placed on order separate from standard lead time models.

Product for up to 10 offices or 10 tables can be included on a single Quickship order. Available capacity is filled by orders as they are received. If normal 10 day Quickship is not available because capacity has been filled, you will be immediately notified by JSI customer service. Changes and cancellations to Quickship orders are not allowed under any circumstances, nor are modifications to the pre-determined Quickship offering. Limit one order per project.

Delivery
Our freight policy consists of prepaid freight to the 48 contiguous states; all other shipments are prepaid to port of exit ONLY. JSI reserves the right to select the appropriate carrier and shipment routes, most shipments are on freight carriers that are dedicated furniture specialists. Standard deliveries require a DOCK that can accommodate 75 foot trucks. Ownership and inspection of product is the responsibility of the buyer upon pickup by the freight carrier. Pricing in this book is for standard delivery only. Standard delivery does not include non-dock delivery, inside delivery, residential delivery or installation of product. Fees and changes for non-standard deliveries are listed below.

Shipping Destination
Changes to ship to locations may not occur within seven days prior to the ship date, however, in atypical situations a **$268 change fee** will be applied to accomodate additional carrier fees.

Standard Delivery Time
Between 8 AM and 3 PM Monday through Friday. Special delivery requests can be subject to additional fees to accommodate requests.

No Touch Freight
Our freight is considered "no touch". Therefore, customers are to be prepared to unload freight from inside the truck prior to arrival. In the instance that a driver must unload the shipment, driver assists fees will apply (see fees below).

On-Site Deliveries
Shipments to the installation site, and time deliveries are available on full truckloads or slightly less, at no additional charge. Shipments or timed deliveries for smaller shipments may not be available, or if available may require an additional charge.

Detention Fees
- Carriers are given two-hour maximum time allotment to unload for one-stop truckloads.
- Carriers are given one hour maximum time allotment to unload for multi-stop truckloads

*Detention fees apply after allotted unloading time and will be at buyer's expense.

Fees
Orders of less than $1,000 net . . . . . $100 net per order
(If order is UPS shippable, the handling fee is waived and customer is invoiced for exact shipping charges.)
Weekday deliveries outside of standard delivery times . . . $332 net
Weekend deliveries (Saturday or Sunday) . . . . . $655 net
Driver Assist . . . . . $100 net
Jobsite Non-Dock Delivery . . . . . $167 net per truck
Inside Delivery (first floor inside only)- no installation or carton removal . . . . . $278 net minimum 7% of net price
NO RESIDENTIAL DELIVERIES

Warehouse/Storage Fees
Additional storage time with a provided two-week approved notice is calculated at 3% per month of the product amount or per day.

Please be Advised
- Reconsignment fees are the responsibility of the buyer.
- Any charges arising from failure to meet shipment, re-routing while in transit or carrier storage charges are the responsibility of the buyer.
- Contact Customer Service to inquire about skidding of products, special crating of products and product installation. These requests must be approved by JSI and made at the time of order.
- Carriers have the right to refuse delivery to a specified location if it conflicts with their liability policy.

Freight Damage
JSI products are packed in cartons and meet or exceed existing codes for furniture and seating products. All shipments are delivered to the carrier in good condition and our liability ceases thereafter. If delivery arrives short or damaged, contact Customer Service immediately to file a claim. In the event of concealed damage, notify Customer Service and request immediate inspection. Failure to file a claim within 15 days after receipt of merchandise constitutes acceptance and a waiver of any such claims. Please inspect merchandise immediately upon receipt, otherwise there is no recourse. Keep all cartons and packing material, discarding these materials may negate your claim.

Storage of product in areas of uncontrolled humidity and temperature may cause damage to the product and void the JSI warranty.

Repairs
JSI will not issue credit allowance for any type of repairs without prior written consent.

Sales order, product model numbers, and reason for repair will be expected in order to process the repair request. A digital photo will help to expedite the request. JSI reserves the right to recommend solutions for repair.

Replacement Parts
Obtain information and pricing on replacement parts by contacting Customer Service. Please have the model number available when requesting replacement parts. Additional information may be required to ensure proper replacement parts.

Returns
JSI products are made to order and may not be returned for credit. No merchandise may be returned to JSI without a signed Return Good Authorization (RGA) form issued by our Customer Service Department. RGA's will be considered for the following reasons:
1. Manufacturing defect (validated by JSI representative).
2. JSI order processing error.
3. Shipping error.
4. Mis-marked cartons.
5. Duplicate shipments.

Liability for defective merchandise shall be limited to replacement or repair.

If you have questions as to whether your reason for return qualifies for consideration, please contact Customer Service. At the discretion of JSI, returns on stocked items may be considered with the following stipulations:
1. 60% restocking fee.
2. All return freight charges must be prepaid by dealer.
3. Product was never removed from the original carton.
4. Product must be returned withing 30 days of RGA issue date.
5. Credit will not be issued if producted returned is damaged.
6. Under no circumstances can we accept COD (Cash on Delivery) returns. Any such shipment will refused.

Please note most models on Quickship are produced on demand and cannot be returned. Modified, special or custom-built product is not eligible for return.

Fire Retardancy
All JSI upholstered components comply with California Bureau of Home Furnishings and Thermal Insulation-Technical Bulletin 117-2013 issued by State of California Department of Consumer Affairs. This standard requires
upholstered furniture to be safer from the hazards associated with smolder ignition in all four (4) categories of materials, as applicable.

Compliance with more stringent codes may require special manufacturing considerations and upcharges.

California Technical Bulletin 133 (CAL 133)
JSI uses a barrier material between the foam cushioning and the upholstery cover in order to comply with CAL 133. The standard upcharge on products specified to comply with CAL 133 is **$88 list per yard** of textile.

JSI has performed a series of full scale fire tests on samples- representing worst case scenarios of upholstered units- to comply with the requirements of the state of California Technical Bulletin 133 (CAL 133). Products in compliance are labeled in accordance of the standards.

Some product designs and fabric cannot be combined to comply with CAL 133. Because of this, we reserve the right to reject any request for an upholstery cover, including COM, textile may not contain olefin or product style that we feel may compromise the integrity or safety of a product specified to comply with CAL 133.

Contact Customer Service for a quote if you require laboratory certification that a specific product and upholstery combination WILL PASS CAL 133. The quotation will include testing, video, and transportation charges plus the list cost of the sample.

Our standard lead time will apply to products that do not require certification. Allow an additional six weeks over the standard lead time for products that need actual laboratory certification.

The end user, specifier and/or dealer have the responsibility to make sure all products specified will meet the flammability and safety codes of the jurisdiction where the products will be located and used.

Flame Spread
All JSI may be required to comply with the requirements of Flame Spread based on ASTM standards/NFPA Life Safety Codes and general public knowledge are as follows:

Solid Wood- Class C
Topcoats- Class A
Carded Fabric- Class A
Composite Panels- Class C
Laminate- Class B

Plastics- According to the NFPA, the lack of stability of plastics under high temperature conditions and inherit combustibility have eliminated the use of plastics for applications requiring a flame spread rating.

Also be advised that improvements may be attained in certain instances with the addition of chemicals which may add additional costs, chemical exposure and/or compromise the integrity of the product.

Textile Carded Programs
JSI is proud to partner with Maharam, Momentum, Spradling, Stinson, Ultrafabrics, Camira and Cortina Leather. Please refer to our website for our standard patterns, along with the current grade.

https://www.jsifurniture.com/finishes-and-materials/textiles

Textile Grade-In Programs
For the convenience of our specifiers, we offer an extensive graded in program. Please reference our website for the most up to date information on our graded in program.
https://www.jsifurniture.com/resources/textile-partner-info/overview/

For additional specifications on the pattern or to order memo samples, please contact the textile suppliers directly:

Arc Com www.arc-com.com
Camira www.camirafabrics.com
Designtex www.designtex.com
Maharam www.maharam.com
Mayer www.mayerfabrics.com
Momentum www.themomgroup.com
Spradling www.spradlinggroup.com
Stinson www.cfstinson.com
Ultrafabrics www.ultrafabricsllc.com
Cortina Leather www.cortinaleathers.com

Any textile not graded in or pre-approved for COM/COL will require application test approval prior to order entry and shipment of fabric or leather to JSI. For current JSI grades and application status by series visit jsifurniture.com Resources > Graded-In + COM; Graded-In + COM.

Indicate on purchase order if JSI is to order the fabric.

Grades and availability of fabric are subject to change without notice. Changes could include but are not limited to price increase, discontinued patterns, discontinued colors, etc. See jsifurniture.com for up to date information.

Many textiles have repeats and the additional yardage required has been factored in for textiles ordered through the JSI Carded and Grade-In Programs. We reserve the right not to match textiles with a horizontal or vertical repeat greater than 17". Additional charges may apply for textile being applied with special instructions.

Some fabric thickness or stiffness may cause issue with proper upholstering of tackable wall panels or upholstery privacy screens. Please contact customer service with concerns on the fabric thickness for these items.

COM/COL Address
JSI
Attn: COM/COL Department
Receiving B
Dock 71
201 East Martin St.
Orleans, IN 47452

Tag: Dealer Name / Purchase Order #

General COM Fabric/COL Hide Policy
Refer to the COM/COL Price Columns for list prices.

All yardage requirements listed in the price list are based upon 54" plain non-directional material. Additional yardage may be required based on fabric repeat and matching.

All square footage requirements for COL are based on an average hide size of 50 square feet.

Contact Customer Service for any of the following conditions:
+ approval of COM/COL to be used (see policy on the next page)
+ fabric repeats greater that 3"
+ fabric less than 54" wide
+ leather hides smaller than 50 square feet
+ special application requirements request

When requesting information from Customer Service on COM/COL please supply the following information:
+ model number and quantity of the product the COM/COL will be applied
+ COM/COL textile supplier's name
+ name of pattern and color of the textile
+ any special application request

Visit jsifurniture.com Resources > Graded-In + COM to see if the textile has already been approved. If there is no record for this particular textile then a Memo Sample will be required.

JSI takes no responsibility when additional materials must be ordered.

COM Fabric Repeat Guide

Roll Width	Plain Fabric	1" - 5" Repeat	6" - 10" Repeat	11" - 15" Repeat	16"- 20" Repeat	21" - 30" Repeat	31" - 40" Repeat	41" - 50" Repeat
54"	0%	10%	15%	20%	25%	30%	40%	50%
53" to 51"	15%	20%	25%	30%	35%	40%	50%	60%
50" to 48"	30%	35%	40%	45%	50%	55%	70%	90%
47" to 36"	60%	65%	70%	75%	80%	85%	100%	120%

The percentage represents the additional fabric yardage that needs to be added to the COM yardage. Contact Customer Service for repeats greater than 50".

All COM/COL must meet applicable codes and regulations, including TB117-2013. By selecting COM/COL, customer certifies that the material meets such codes. JSI assumes no responsibility for the applicable codes and regulation regarding flammability rating and safety rating of any COM/COL.

JSI cannot be held responsible for receipt of defective fabrics, as we apply all COM as first quality goods.

We can take no responsibility for tailoring, wear-ability or application of COM/COL textiles. Any warranty claims for the COM/COL Textile materials will fall to the original vendor of the textile, not JSI.

COM Fabric/COL Hide Process for JSI Seating

General COM Fabric and COL Hide Policy also apply.

JSI will approve or disapprove COM/COL on all products. An approval of a textile from JSI makes no claim that performance, durability or tailoring of COM/COL will result in satisfactory upholstery. Every effort will be made to meet customer's expectation, but fabrics/leathers have unforeseen inherent characteristics that may limit JSI's ability to deliver a well tailored product.

Approval COM Textile/COL Hide Process for Seating

Follow the Steps Below:

1. Send a Memo Sample of the COM/COL (recommended memo be at least 4" x 4")
   JSI
   Attn: COM/COL Approval Department
   201 East Martin Street
   Receiving B, Dock 71
   Orleans, IN 47452

2. Call our Customer Service Department at 812-482-3204 to request an electronic version of approval form.

Custom Options

Wood Laser Engraved Back

Many of our seating models are available with a custom wood laser engraved back. University seals, logos, unique designs, or any type of graphic can be designed into the seating back for a custom creation. Copyright approval may be required. Consult JSI Customer Service for pricing and artwork specifications. Artwork must be submitted as a JPG or PDF file.

Wood Laser Engraved Back General Pricing

* must order plain back when choosing these options

For Artwork 4" x 4" or Less	$63 list per chair
For Artwork Less than 6" x 6"	$111 list per chair
For Artwork Larger than 6" x 6"	Call For Pricing

For orders fewer than 50 pieces, add $170 list per design, per order. This pricing reflects etching (leaving the wood dark). If additional painted colors are added to artwork please call customer service for pricing.

A $150 list set-up fee applies.

Care and Maintenance

Care and Maintenance

Care of Upholstery Surfaces

Cleanability will vary based on the fabric type. For best results, a professional service is recommended. Dirt and crumbs may be gently brushed or vacuumed off. Spills should be wiped up immediately with a cloth. Vinyl textiles can be cleaned with warm soapy water and then wiped down with a warm damp cloth. For more details on any JSI carded fabric and vinyl, please visit our website at jsifurniture.com or consult the back of the appropriate swatch card for cleaning codes and any specific instructions. For COM materials, consult with the individual textile manufacturer for cleaning codes and any specific instructions pertaining to your particular fabric.

Maintenance of Mechanical Parts

Clean any lint or debris from the moving parts of the base mechanisms. Mechanisms have been designed and tested to not require lubrication under normal conditions; however, lubricant can be used if needed.

Care of Wood Edges and Veneer Surfaces

Clean all surfaces frequently with water dampened soft cloth, moving the cloth with the grain direction. Immediately remove any liquids that come in contact with wood surfaces with a blotting action to absorb liquid. Buff dry. Lift objects to move them, never pull them across the finished surface. For an additional safeguard, use a protective surface pad. This will ensure a lasting finish by protecting your furniture from possible damage caused by pens, cups and sharp objects. Avoid exposure of furniture to extremes of heat and cold, or to wide humidity variances. Avoid exposure of furniture to strong sunlight. Avoid exposure of furniture to harsh solvents such as nail polish remover, acetates, etc., as it will cause finish deterioration. If using a protective glass top, place spacer pads under the glass top to allow the wood to breath.

Care of Metal Finishes

Wash you powder-coated item at least one every six months. Use soft rags only - No abrasives. For stubborn stains and grease marks, use soap and water mixture. Combine 1 gallon of water and 1 cup of the neutral detergent in the bucket. Mix it up by swirling one of the rags around in it. Wipe down the powder coat with a rag that has been dampened with the cleaning solution. Do not scrub, but use gentle, repetitive pressure to remove any built-up grime. Rinse the powder coat off with a rag dampened with clear, clean water. Do not spray it down, but rather wipe it off with the rag. You may need to do this several times to get all the soap off. Wipe the powder coat down with a clean dry rag. This will prevent streaking and spotting.

Care of Frosted Glass

Use a clean, dry lint free cloth to wipe the surface. Follow with warm water and a clean rag; no soap or chemicals. Wipe dry with a clean, dry lint free cloth. Cleaning the frosted side is not recommended, if desired to clean use the above method but do not spray the water on the frosted side, use a clean rag. Please allow 48 hours for the frosted side to dry and not to show cloudiness.

Tempered Glass Information

JSI is aware of occasional occurrences of spontaneous glass breakage in various furniture products. Tempered glass makes it stronger and if it breaks, will cause it to break into many small pieces of “cubes” rather than sharp and potentially dangerous shards.

Glass breakage in furniture may occur for a variety of reasons. Tempered glass is particularly prone to breakage from damage (scratches, nicks, etc.) that may occur during shipping, handling, installation, use or maintenance. Exposure to rapid changes in temperature or concentrated temperature zones may also cause breakage.

Tempered glass may also break due to a specific type of imperfection or “inclusion” that occurs within the glass when manufactured. When this condition exists glass breakage may occur without any obvious cause. This is often referred to as “spontaneous” breakage but is a very isolated occurrence in the glass industry.

Care of Dry Erase Boards

Erase after every use to eliminate ghosting. Clean weekly with a Dry Erase Cleaner. Avoid the use of orange and red Dry Erase Markers. Follow manufacturers cleaning instructions for the eraser. If ghosting or staining remains use a small amount of rubbing alcohol on a clean, soft towel to remove.

Care of Solid Surface

Although liquids cannot penetrate Solid Surface, it is best to wipe up spills as they occur. Generally, a damp microfiber cloth used with a standard household kitchen spray should remove most stains.

For most residues, all you need to clean your Solid Surface countertops is a warm soapy water, ammonia-based household cleaner or a dedicated countertop cleaner. Do avoid window cleaners; however, as they can leave a waxy build-up that dulls the surface. Always clean using a circular motion.

Film will build up on countertops if water is left to dry on the surface. This film will dull the countertop surface, making the finish appear blotchy and uneven. To prevent film build-up, it is very important to wipe the countertop completely dry immediately after spills and cleaning.

Some color of Solid Surface may require more frequent cleaning to maintain a uniform finish. Darker colors tend to require more attention than lighter colors. Over time, even with proper care, your countertop will acquire a sheen. Dark colors may show light scratches more readily.

Specification Tools

JSI products are manufactured to order and provide a multitude of options to address your individual customer needs. As you process your order do not forget to include all the necessary information to allow the order entry process to be completed. Please see the order checklist at the beginning of every series.

JSI Customer Service edits every order for complete information. If details are not included with the purchase order, Customer Service will contact you to answer these questions. If information is not completed in a timely manner it will delay the entry process and could affect your product delivery date. To avoid delay in order entry and potential delay in delivery of your order, please double check the line items to ensure all selections have been completed.

To ensure completion of details on your purchase order, electronic catalogs and specification tools have been developed to aid in the process. These electronic tools include:

20-20 GIZA Studio and 20-20 CAP Studio software offers state-of-the-art design, specification, photo-realistic rendering and three-dimensional visualization capabilities for configurable products in the commercial interior design markets. 20-20 GIZA Studio and 20-20 CAP Studio are available for all JSI Casegood and Seating products, in 2D and 3D graphics and the Specifier Catalog. Updates are made monthly reflecting any changes that occurred. To be sure the most up to date information is provided on orders, users of this software program are responsible to update their catalogs.

CET Designer, by Configura is an all-in-one software solution for space planning and configuration of products. The intuitive workflow guides you through entire process from idea to reality- supporting every step of the sales process

GSAdvantage is a Federal Government electronic catalog site offered to assist GSA customers in specifying and pricing JSI product. Listed at this site are all contract items and prices under GSA Contract # GS-28F-0030U.

Our JSI website **jsifurniture.com** provides many tools to assist in the design and order selection. Included in the site are downloadable images, typicals, product symbols, brochures, contact information, price lists, sales representative locations, warranty and environmental information.

Product Modifications
We willingly accept customers' modifications to standard products. See product modification information by series at the start of each series under the "Product Modification" sections. If there is a modification you desire that is not listed in this section, please call Customer Service for a modification quote/price

Acceptance, Modification, Assignment
By placing this order for furniture, material or other products (sometimes collectively referred to as "goods"), customer agrees to these terms and conditions which shall prevail over inconsistent provisions in any other form or document of customer. No change or modification shall be applicable unless set forth in writing and signed by company. Neither this order nor any interest therein shall be assigned by customer except with the prior written consent of company.

Payment
Customer agrees to pay to company the amount indicated on the invoice, 1% 15 days, net 30 days from date of invoice (U.S. funds only), for goods ordered. Interest will be charged after 30 days from the date of invoice at the rate of one and a half percent (1.5%) per month. International sales will require additional payment arrangements. No goods shall be sold on consignment or conditional sales basis. Payment for the goods delivered hereunder shall constitute acceptance thereof.

Attorneys' Fees
Customer shall be responsible for all expenses and cost in connection with the enforcement by company of these terms and conditions and the cost of collection (including the fees of any collection agencies to whom the customer's account may be referred), plus reasonable attorneys' fees (which attorneys' fees shall not be less than 25% of the amount due, unless a lower amount is specified by applicable law).

Remedies
The remedies herein reserved shall be cumulative, and additional to any other or further remedies provided in law or equity. No waiver of a breach of any provision of these terms and conditions shall constitute waiver of any other breach or of such provision.

Insolvency
Company may forthwith cancel this order in the event of the happening of any of the following or any other comparable event: insolvency of the customer, the filing of a voluntary petition in bankruptcy, the filing of any involuntary petition to have customer declared bankrupt provided it is not vacated within thirty (30) days from the date of filing, the appointment of a receiver or trustee for customer provided such appointment is not vacated within thirty (30) days from the date of such appointment, or the execution by customer of an assignment for the benefit of creditors.

GSA Terms and Conditions

Limitation of Liability
The Company shall not under any circumstances be liable to the customer, owner of the goods or any third party for special, indirect, incidental, or consequential damages, including, without limitation, loss of profits or revenues, loss or damage to other property or equipment, cost of capital or of purchased or replacement goods, or expense, delay, or inconvenience causeby or arising from the purchase, sale, use, repair or inability to use the goods or by any performance or non-performance under, or breach of, these terms and conditions. The Company's sole liability for any defective goods shall be its repair or its replacement pursuant to the express warranties set forth above, or if amended, as applicable at the time of manufacture or repair of the goods. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to all customers. Any action resulting from any breach on the part of company as to the goods or services delivered here under must be commenced within one year after the cause of action has occurred.

Returns and Allowances
Reasonable touch-up and deluxing is the dealer's responsibility. The Company will not make allowances for trip or delivery charges, but will only make allowance for actual work performed to correct manufacturing defects. Allowances maybe authorized only by a company officer. It is the responsibility of the field sales representative to inspect any defective merchandise and make suggestions and recommendations as to the proper disposition. Field personnel cannot obligate or bind the company by definite agreement, without final authorization by a company officer. Company will not accept automatic charge backs which do not have prior authorization. All defects must be called to the company's attention upon arrival at the customer's "ship to" destination. To initiate any type of claim or request for parts, it is imperative to have the model number or fabric number, which may be located on the tag attached to the frame of the unit. Authorization for return to the company via a return goods authorization. Company will not issue credit allowances for any repairs without company's prior consent. Under no circumstances shall the company accept COD (cash on delivery) returns, and any such shipment will be refused.

Security Agreement
The Company may require and customer shall grant a security interest in goods sold pursuant to any credit the company may extend to the customer.

Governing Law
All disputes between the parties, whether or not arising out of these terms and conditions, will be governed by the laws of the state of Indiana. Customer agrees to submit to the jurisdiction of and agrees all lawsuits relating to any disputes between the customer and the company will be brought only in a state court located in Dubois County, Indiana or the United States District
Court for the Southern District of Indiana. The customer hereby waives the right to a trial by jury in any action, proceeding, claim, or counterclaim whether in contract or tort, at law or in equity, arising out of or relating in any way to these terms and conditions and all other disputes between the parties.

Mitigation
If the company repossesses the goods prior to payment by the customer of all amounts due hereunder, the company may sell the goods, as is, where is, free and clear of all rights of the customer at either public or private sales, and apply the net proceeds (after deducting expenses of repossession and sale) to the obligation of customer hereunder. The customer may dispose of the goods in any commercially reasonable place and manner and the customer waives any notice of time, place and manner of sale.

Integration
This order for goods, including these terms and conditions, along with any credit application, invoice, statement, dealer contract, acknowledgment, bill of lading (and any exhibits, addenda or amendments thereto) of which this order may be a part, constitutes the sole and complete agreement between the company and the customer with respect to the purchase of the goods.

Dimensions/Specifications/Finishes
All dimensions are approximate and may vary due to the upholstery technique of each craftsman. If exact dimensions are required, it is necessary for the customer to state such specifications with the order. Detailed specifications sheets are available for each series of goods, and customer should consult the company's customer service department for these specification sheets. Company reserves the right to make changes in dimensions, style, or specifications if company believes these changes will improve the goods' quality or appearance. Company reserves the right to substitute hardwoods due to availability at production. Due to the natural characteristics of wood, environmental effects, and material upgrades, the company cannot guarantee exact finish matches on existing goods previously ordered from company. If an exact march to customer's existing goods is required, it must be specified so that the proper procedures can be followed to ensure an acceptable finish. Company will accept no liability for the finish if this procedure isn't followed. Company reserves the right to make changes in a finish formula if company believes the change will improve the quality or appearance of company's goods.

Company's Performance of Its Obligation
The production and delivery of the goods to the extent delayed or hindered or prevented from the performance by reason of natural disasters, acts of god, strikes, lockouts, labor troubles, inability to procure materials, casualties, failure of power, restrictive governmental laws or regulations, riots, insurrections, acts of terrorism, war or other reason of a like nature not the fault of the company shall excuse for the period of the delay the company's performance and the period for the performance shall be extended for a period equivalent to the period of such delay.

Kindera Order Check List:

Specify:

- ☐ **1. Model Number**
- ☐ **2. Upholstery Selection**
  - **A. Single Upholstery Models: Vendor, Pattern and Color**
  - **B. Multiple Upholstery Models (_M): Vendor, Pattern and Color each per zone**
- ☐ **3. Moisture Barrier - Seat Only - upcharge applies, Seat and Back - upcharge applies**
- ☐ **4. Arm Cap - Polyurethane, 3D Laminate or Solid Surface - upcharge applies to 3D Laminate & Solid Surface**
- ☐ **5. Footrest Handle Location - Left, Right or Left & Right - upcharge applies to Left & Right**
- ☐ **6. Footrest Handles - Yes or No - upcharge applies**
- ☐ **7. Brake - 2 Locking Caster Brakes or Central Brake - upcharge applies to Central Brake**
- ☐ **8. Transfer Arm - Left or Right (as seated)**
- ☐ **9. Heated Seat & Back - Yes or No - upcharge applies**
- ☐ **10. Foley Hook - Yes or No - upcharge applies**
- ☐ **11. Power in Arm - Left or Right (as seated) - upcharge applies**

Example:

43SPDTAT (model #)	Momentum (fabric vendor)	Evo CV (pattern name)	Mist (pattern color)	MB1 (moisture barrier)	SAC (solid surface arm cap)	LH (footrest handle location)	NPH (push handles)	CNB (brake)	NFH (foley hook)

1. Model Number

2. Upholstery Selection - Please supply the following:
Fabric vendor/ Pattern name/ Pattern color

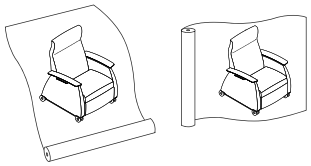
For a complete list of JSI Standard and Graded-In Textiles click here

· Indicate direction of fabric - Railroaded or Up the Roll
· Please provide illustration, if available

All COM orders must include the following:
· Vendor's name, pattern name and color
· Sample of the fabric attached to the order
· Model numbers of items for fabric application
· Special application instructions
· Customer and purchase order number

Ship prepaid COM material to:
JSI
Attn: COM Department
201 East Martin Street
Receiving B, Dock 71
Orleans, IN 47452

Application of fabric:
Up the Roll Railroaded



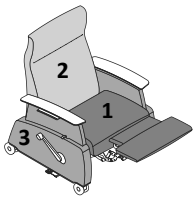
All COM orders will ship at standard lead time from receipt of COM except for orders requiring special custom matched finishes.

Upholstery Application
Kindera offers the ability to be specified with multiple upholsteries to create a unique look.

Both upholstery styles are presented in the price list and eTools.

Models not ending in a _M will be upholstered in the single upholstery for the complete unit.

Models ending with a_M designate multiple upholstery zones will be specified (ex: 43SPFA_M) To calculate pricing, add base price + zone 1 upcharge + zone 2 upcharge + zone 3 upcharge.

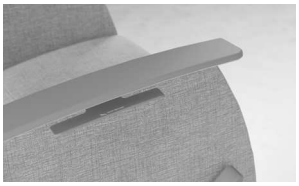


Zone 1 = Seat & Mid-Ottoman
Zone 2 = Back
Zone 3 = Arms

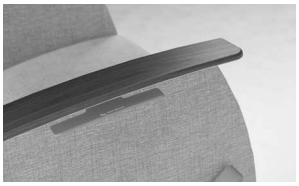
When specifying multiple upholstery, make sure to identify specific yardage per zone. This can be found at the top of each product page.

3. Moisture Barrier - offers further protection from fluids
NMB No Moisture Barrier
MB1 Moisture Barrier Seat Only - upcharge applies
MB2 Moisurer Barrier Seat & Back - upcharge applies

4. Arm Caps



polyurethane



3D laminate

solid surface

Arm Caps are available in three different materials:
Polyurethane (PAC) - standard
SGU Stone Grey

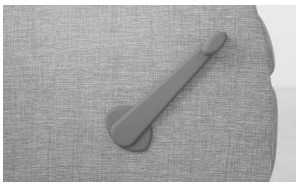
3D Laminate (3LAC) - upcharge applies
BEL Belair
FLO Florence Walnut
PIL Pilsner
PIN Pinnacle Walnut

Solid Surface (SAC) - upcharge applies
DWH Designer White

---

5. Footrest Handle

Footrest handle is standard on all models with placement on the right as seated by default.



RH Footrest handle on right
LH Footrest handle on left
LRH Footrest handle on both left and right - upcharge applies

---

6. Push Handles

To aide in repositioning of chair optional push handles can be specified as a set of two on the recliner or ordered individually as a replacement part. Note: Recliner is not intended for patient transport.

NPH No push handles
YPH Yes push handles

---

7. Brake/Casters

casters

Kindera is equipped with (4) 4" heavy- duty, non-marking, dual-wheel swivel casters. Standard Caster/Brake configuration includes (2) front individual locking and (2) back non-locking casters.

All models offer central lock as an upgrade. This option features dual-sided levers positioned at arm height, to easily lock or release the casters. In this configuration, the left front and right rear casters (as seated) are locking, while remaining two casters are non-locking.

central brake

2CB 2 Locking Caster Brake
CNB Central Caster Lock Lever - upcharge applies

8. Transfer Arm

Kindera features the patent pending Trans4arm™ system in both the dual transfer and single transfer arm models. Dual transfer recliners allow either arm to retract into the recliner frame, creating a seamless way to transfer patients without increasing the footprint. Single transfer models provide one fixed arm and one transfer arm, enable the specification of left or right for transfer.

Recliner with Dual Transfer Arms

Bariatric Recliner with Dual Transfer Arms

Models using the Trans4arm™ system smoothly retract their arm into the frame, creating a smooth surface for safe patient transfers.

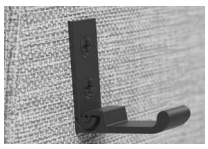
9. Heated Seat & Back

Patient care can be enhanced with optional Heated Seat & Back. In fixed arm units the control panel is always on the right arm. In single transfer models the control panel is always on the non transfer arm. This option is not offered on dual transfer models. Cord extends out the bottom of chair, if heated seat and power are selected on same chair a combined power cord is used. Heat is regulated not to exceed 102°.

NHSB No Heated Seat & Back
YHSB Yes Heated Seat & Back - upcharge applies

10. Foley Hook

Foley hook can be added to models with a single ottoman handle. The hook is always black and applied to the arm without the handle.



NFH No Foley Hook
YFH Foley Hook - upcharge applies

shown in the down position

11. Power in Arm

A USB A+C black power port with integrated spill shield is available for patient convenience. In fixed arm units, the control panel is always on the right arm. In single transfer models the control panel is always on the non transfer arm. This option is not offered on dual transfer arm models. Cord extends out the bottom of chair, if heated seat and power are selected on same chair a combined power cord is used.

Fixed Arm Models

NPU No Power
PUL Power in Left Arm (as seated) - upcharge applies
PUR Power in Right Arm (as seated) - upcharge applies

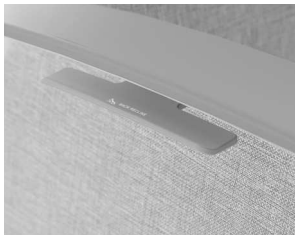
Single Transfer Arm Models

NPU No Power
YPU Power in Fixed Arm - upcharge applies

Features

1. **Trans4rm™ System**
   Allows arm to retract into the recliner's frame, creating a seamless way to transfer patients without increasing the recliner's footprint. Available as single or dual.

2. **Dual Back Recline Levers**
   Accessible, elongated levers below the arm caps easily activate the back's infinite recline.



3. **Trendelenburg (Dual-Sided)**
   Foot pedal at the base quickly repositions the reclined chair to elevate the patient's feet above their head.

Reclined Positions

bariatric

available in standard size only

activated by the foot pedal along the base

Clean Out
Ensures simple and thorough cleaning around the seat.

Recline Motion/Weight Capacity/ Cleanable Specs

- Each Kindera model has infinite recline from sitting position to 25° for patient model and 60° for bariatric models.
- Kindera is thoughtfully designed to accomodate the regimens of clinical environments with durable arm caps, bumper guard, recline lever, footrest handle and push handles that wipe down quickly and clean outs to ensure ease of cleaning.
- Built for demanding healthcare facilites, Kindera exceeds rigorous testing.
  ANSI/BIFMA X5.41 (400 lb)-2021 - Large Occupant Public and Lounge Seating Tests
  ANSI/BIFMA X5.41 (600 lb)-2021 - Large Occupant Public and Lounge Seating Tests

Weight Capacities are as follows:
500 lb. Patient Recliner
750 lb. Bariatric Recliner
80 lb. Breakaway ottoman

Satisse Order Check List:

Specify:

- ☐ **1. Model Number**
- ☐ **2. Upholstery Selection**
  - **A. Single Upholstery Models: Vendor, Pattern and Color**
  - **B. Multiple Upholstery Models (_M): Vendor, Pattern and Color each per zone**
- ☐ **3. Moisture Barrier - Seat Only - upcharge applies, Seat and Back - upcharge applies**
- ☐ **4. Arm Caps - Polyurethane, 3D Laminate, Solid Surface or Wood**
- ☐ **5. Metal Frame Color**
  - **A. Metal Finish Standard**
  - **B. Metal Finish Upcharge - add $52**
- ☐ **6. Glide**
- ☐ **7. Top Surface Material - specify material and finish**

Example:

20SG1 (model #)	Momentum (fabric vendor)	Silica (pattern name)	Alloy (pattern color)	MB1 (moisture barrier)	SGU (polyurethane arm cap	SNK (metal frame finish)	G10 (glide)

1. Model Number - Consider the application and connection method when specifying a model. Select from freestanding & seat linking or glide linking.

2. Upholstery Selection - Please supply the following:
Fabric vendor/ Pattern name/ Pattern color

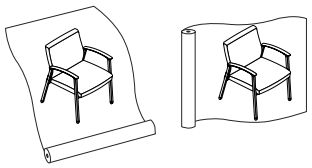
For a complete list of JSI Standard and Graded-In Textiles click here

· Indicate direction of fabric - Railroaded or Up the Roll
· Please provide illustration, if available

All COM orders must include the following:
· Vendor's name, pattern name and color
· Sample of the fabric attached to the order
· Model numbers of items for fabric application
· Special application instructions
· Customer and purchase order number

Ship prepaid COM material to:
JSI
Attn: COM Department
201 East Martin Street
Receiving B, Dock 71
Orleans, IN 47452

Application of fabric:
Up the Roll Railroaded

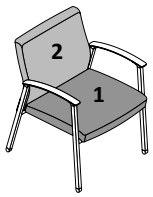


All COM orders will ship at standard lead time from receipt of COM except for orders requiring special custom matched finishes.

Upholstery Application
Satisse offers the ability to be specified with multiply upholsteries to create a unique look.

Both upholstery styles are presented in the price list and eTools. Models not ending in a _M will be upholstered in the single pholstery for the complete unit.

Models ending with a_M designate multiple upholstery zones will be specified (ex: 20SG1_M) To calculate pricing, add base price + zone 1 upcharge + zone 2 upcharge.



Zone 1 = Seat
Zone 2 = Back

3. Moisture Barrier - offers further protection from fluids
NMB No Moisture Barrier
MB1 Moisture Barrier Seat Only - upcharge applies
MB2 Moisurer Barrier Seat & Back - upcharge applies

4. Arm Caps

Freestanding & Seat Linking chairs are available in narrow and wide arm width models.

20SG1
Guest Chair with Narrow Arms
1 ¾"arm width

20SGWA1
Guest Chair with Wide Arms
2 ½" width at center tapers to 2" front and back

Glide linking models are available in narrow width arms only.

Arm Caps are available in four different materials:

Polyurethane (PAC) - standard

MBK	Matte Black
SGU	Stone Grey

3D Laminate (3LAC) - upcharge applies

BEL	Belair
FLO	Florence Walnut
PIL	Pilsner
PIN	Pinnacle Walnut

Solid Surface (SAC) - upcharge applies

DWH	Designer White

Wood (WAC) - upcharge applies

BAR	Barrel	FLN	Flint	RAV	Raven
BRK	Brickdust	FLO	Florence Walnut	RYE	Rye
BUF	Buff	LOF	Loft	SAB	Sable
CSK	Cask	MES	Mesa	SAD	Saddle
CND	Cinder	MIN	Mineral	SIE	Sienna
CLY	Clay	MCH	Mocha	TRF	Truffle
EGR	Egret	OBK	Outback	UMB	Umber
FAW	Fawn	PIL	Pilsner	VAL	Valley
FLX	Flax	PIN	Pinnacle Walnut	WAL	Walnut Heights

---

5. Metal Frame Finish

Metal Finish Standard

ABZ	Aged Bronze	MBK	Matte Black
ASL	Arctic Silver	PEW	Pewter
BWH	Bright White	SBZ	Soft Bronze
GLD	Gold	SNK	Soft Nickel

Metal Finish Upcharge - add $52

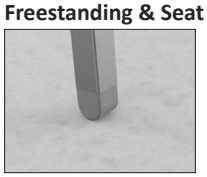
ANL	Antique Linen	MWH	Midnight Whisper
BLJ	Blue Jean	MUS	Mustard Seed
CAP	Candy Apple	OLV	Olive Fog
CAB	Cashmere Beige	POW	Porcelain White
CDU	Copper Dust	SPA	Space Cadet
DST	Desert Stone	SPP	Sparkling Peach
DUP	Dusty Petal	SPR	Spiced Raisin
EBL	Electric Blue	SMK	Stormy Sky
EMC	Emerald City	TFB	Toffee Brown
EVP	Evergreen Pine	VMA	Vintage Mahogany
GOH	Golden Honey		

---

6. Glides

The style of glides offered on Satisse are dependent upon the model or connection method selected.

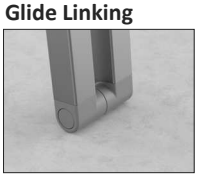
Freestanding & Seat Linking



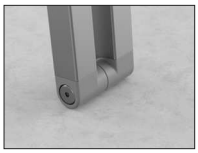
G10
Standard Glide

G15
Leveling Glide
(Black)

Glide Linking



G20
MagLinx™



G25
BoltLinx

The G15 leveling glide is always black, the other glides are color coordinated to the metal frame finish selected.

Component Coordinates:
Arctic Silver or Porcelain White frame finish dictates Arctic Silver glides.
Midnight Whisper, Spiced Raisin, Toffee Brown or Vintage Mahogany frame finishes dictate Matte Black glides.
Antique Linen, Blue Jean, Candy Apple, Cashmere Beige, Copper Dust, Desert Stone, Dusty Petal, Electric Blue, Emerald City, Evergreen Pine, Golden Honey, Mustard Seed, Olive Fog, Space Cadet, Sparkling Peach or Stormy Sky frame finishes dictate Stone Grey glides.

Note: Optional MagLinx™ cap can be ordered to cover the exposed end, see page 57

7. Tables

Coordinating tables are available in seat linking, glide linking and freestanding options.

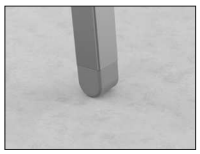
TFB	Toffee Brown
VMA	Vintage Mahogany

C. Glides

The style of glides offered on Satisse are dependent upon the model or connection method selected.

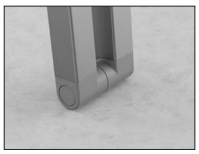
Freestanding & Seat Linking



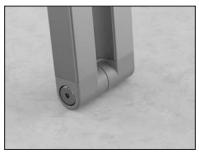
G10
Standard Glide

G15
Leveling Glide
(Black)

Glide Linking



G20
MagLinx™



G25
BoltLinx

The G15 leveling glide is always black, the other glides are color coordinated to the metal frame finish selected.

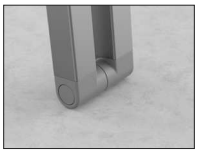
Component Coordinates:
Arctic Silver or Porcelain White frame finish dictates Arctic Silver glides.
Midnight Whisper, Spiced Raisin, Toffee Brown or Vintage Mahogany frame finishes dictate Matte Black glides.
Antique Linen, Blue Jean, Candy Apple, Cashmere Beige, Copper Dust, Desert Stone, Dusty Petal, Electric Blue, Emerald City, Evergreen Pine, Golden Honey, Mustard Seed, Olive Fog, Space Cadet, Sparkling Peach or Stormy Sky frame finishes dictate Stone Grey glides.

Note: Optional MagLinx™ cap can be ordered to cover the exposed end, see page 57

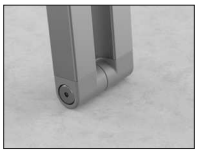
Creating Configuration with Chairs and Tables

Satisse provides two distinct techniques of creating solutions for public seating needs, in the healtcare and private sector.

Glide Linking
Glide Linking is quick connect/disconnect system linking chairs and tables. When patent-pending MagLinx™ glide is specified there is no need for additional hardware.



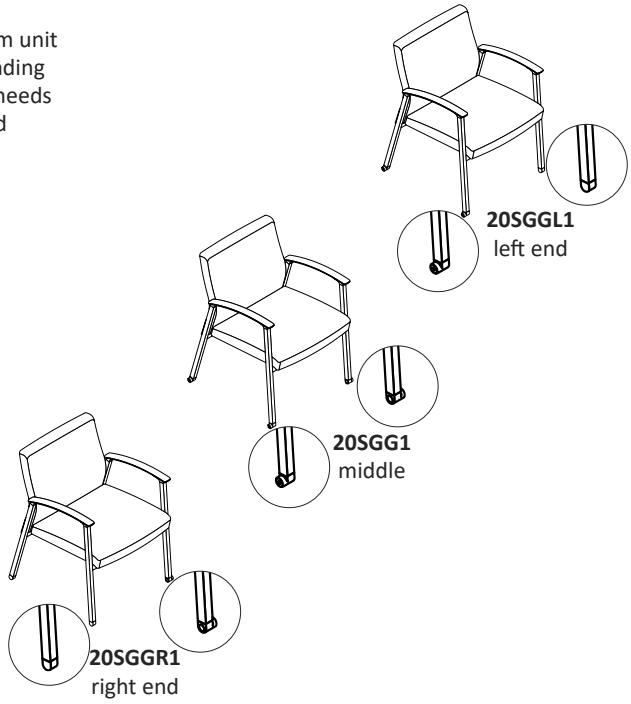
MagLinx™ glides afford a strong connection from unit to unit. Simply align one chair up to a corresponding unit and they snap into place. When the space needs to be rearranged, the units can be quickly pulled apart and reallocated.



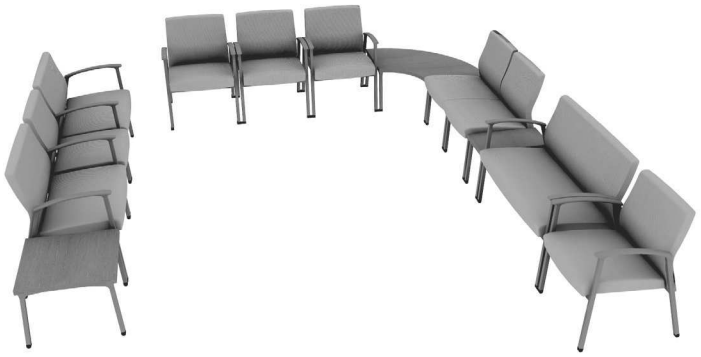
For solutions requiring a more permanent attachment, specify the **BoltLinx** glide which replaces the magnet with a mechanical fastened through bolt.

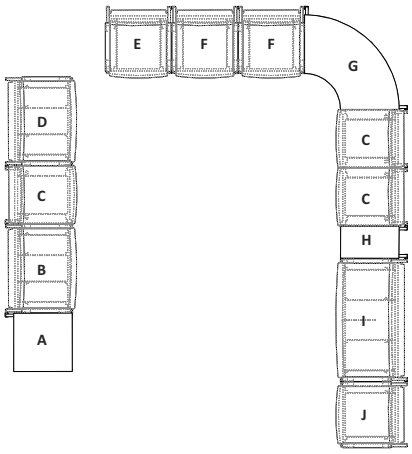
Right end and left end chairs and tables are available to finish the end of a configuration with a standard glide.

Glide linking models always face the same direction when linked together.



Below illustrates a combination of models to create possible configurations.





Glide Linking

A 20TEGR2222T
B 20SBG1
C 20SGXAG1
D 20SBGL1
E 20SGGR1
F 20SGG1
G 20TCG3535T
H 20TIG12222T
I 20SGG2
J 20SGGL1

Seat Linking

An alternate solution to create a run of chairs is to use the connecting hardware at the seat of freestanding models.

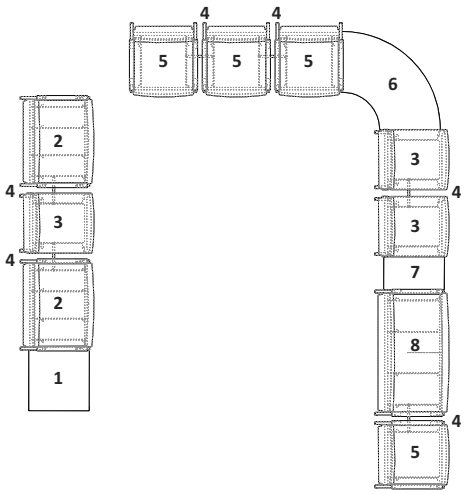
Connecting hardware can be placed between two freestanding chairs, and accomodates seat linking armless, narrow or wide arm models.

Connecting tables come with their own brackets and do not require hardware to be ordered separately.

Connecting corner and end tables with supporting legs can be used with all freestanding chairs except easy access.

Connecting inline tables that do not have a support leg can be specified with all freestanding chairs.

Below illustrates a combination of models to create possible configurations. Freestanding chairs that are linked with the additional connecting hardware can face opposite directions.



Seat Linking

1 20TE2222T
2 20SB1
3 20SGXA1
4 20SCH Connect Hardware
5 20SG1
6 20T3535T
7 20TI1222T
8 20SG2

Satisse Features and Options

Satisse frames are fully welded heavy gauge powder coated steel.
.

Easy Replacement Parts ensure easy part replacement if damaged. This includes chair arms, seat and back. Find the full list of replaceable parts starting on page 47 .

Clean Out All Satisse seating models come with a clean out feature, allowing debris, dirt and liquids to easily fall onton the floor for effortless maintenance.

Wall Saver Satisse chair leg design prevents wall damage by keeping the back away from the wall.

Polyurethane Armcaps are standard and provide durability, comfort and ease of cleanibility. Available in two colors Stone Grey and Matte Black.

3D Laminate Armcaps are available in four woodgrain finishes and provide an alternate to real wood for ease of cleanibility. Upcharge applies.

Solid Surface Armcaps are available in Designer White providing enhanced durability and cleanability.
Upcharge applies

Solid Wood Armcaps are maple and available in a variety of finishes.
Upcharge applies.

arm widths

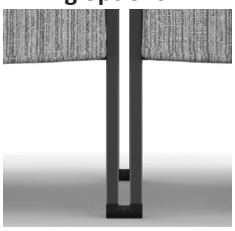
narrow arm
- glide linking chairs
- available in freestanding and seat linking chairs

wide arm
- lounge
- available in freestanding and seat linking chairs

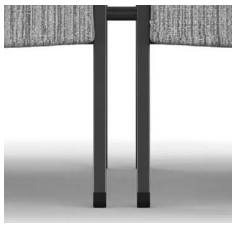
Satisse Arms are available in a narrow arm or wide arm based on model type. The pommel arm grip is subtly curved to support visitors as they shift to stand.

Satisse Features and Options

linking options



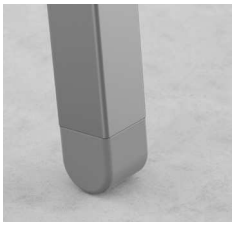
glide linking chairs
- MagLinx™ or BoltLinx glides
- narrow arm models only



seat linking chairs
- connecting hardware joins freestanding guest chairs
- standard or leveling glides
- narrow or wide arm models

Satisse offers two methods to link or gang seating and tables together. Glide linking models link with a patent-pending MagLinx™ connectors held with a strong magnet for toolless installation. A BoltLinx option is also available.

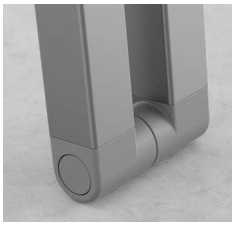
Seat Linking are freestanding models that can be joined in the field with connecting hardware sold separately. Tables ship with connecting hardware.



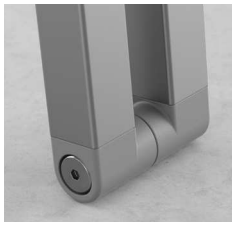
standard

leveling

Glides for freestanding and seat linking chairs and tables are available with a standard glide color coordinated to the frame finish or a black leveling glide at an upcharge.



MagLinx™



BoltLinx

Glide Linking models for chairs and tables are available with a standard glide color coordinated to match the frame finish.

Coordinating Tables are available in seat linking, glide linking and freestanding options. Finish options include laminate, 3D laminate, veneer and solid surface.

Multiple Upholstery models allow a combination of two upholstery covers on the same unit. See price list for upcharges per model.

Moisture Barrier option is available when a fabric does not provide a fluid barrier or when extra protection is desired. It helps prevent the passage of liquids to the inside of upholstered components.

Weight Capacities are as follows:
400 lb. per seat. Exceeds BIFMA Seating Drop Test to 500 lbs.
600 lb. Bariatric. Exceeds BIFMA Seating Drop Test to 750 lbs.

Testing
ANSI/BIFMA X5.41 (400 lb)-2021 - Large Occupant Public and Lounge Seating Tests[1]
ANSI/BIFMA X5.41 (600 lb)-2021 - Large Occupant Public and Lounge Seating Tests[2]
Tested for 24-hour duty cycle

[1] Meets all criteria, except the minimum seat width
[2] Limited to Bariatic models only

Somna Order Check List:

Specify:

- ☐ **1. Model Number**
- ☐ **2. Upholstery Selection**
  - **A. Single Upholstery Models: Vendor, Pattern and Color**
  - **B. Multiple Upholstery Models (_M): Vendor, Pattern and Color each per zone**
- ☐ **3. Moisture Barrier - Seat - upcharge applies**
- ☐ **4. Arm Cap - Polyurethane, 3D Laminate or Solid Surface - upcharge applies**
- ☐ **5. Laminate Wrap Selection**
- ☐ **6. Metal Frame Color**
  - **A. Metal Finish Standard**
  - **B. Metal Finish Upcharge - add $52**
- ☐ **7. Foot/Glide - upcharge applies**
  - **A. 4 Glides, 2 Casters/2 Glides, 4 Casters**
  - **B. Glide Type - Easy Slide Disc, Stainless Steel or Streamline Leveling**
- ☐ **8. Power in Arm/ Power Color - Specify location and color - upcharges apply**

Example:

23SU69WLA (model #)	Momentum (fabric vendor)	Canter (pattern name)	Sand (pattern color)	MB1 (moisture barrier)	PAC (arm cap)	ASL (metal finish)	GL (glide/ foot)	ESD (glide)	PUL (power location)	P2 (power type)	G (power color)

1. Model Number

2. Upholstery Selection - Please supply the following:
Fabric vendor/ Pattern name/ Pattern color

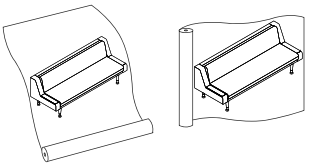
For a complete list of JSI Standard and Graded-In Textiles click here

· Indicate direction of fabric - Railroaded or Up the Roll
· Please provide illustration, if available

All COM orders must include the following:
· Vendor's name, pattern name and color
· Sample of the fabric attached to the order
· Model numbers of items for fabric application
· Special application instructions
· Customer and purchase order number

Ship prepaid COM material to:
JSI
Attn: COM Department
201 East Martin Street
Receiving B, Dock 71
Orleans, IN 47452

Application of fabric:
Up the Roll Railroaded



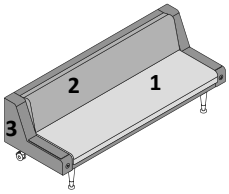
All COM orders will ship at standard lead time from receipt of COM except for orders requiring special custom matched finishes.

Upholstery Application
Somna offers the ability to be specified with multiply upholsteries to create a unique look.

Both upholstery styles are presented in the price list and eTools.

Models not ending in a _M will be upholstered in the single upholstery for the complete unit.

Models ending with a_M designate multiple upholstery zones will be specified (ex: 23SU68WLA_M) To calculate pricing, add base price + zone 1 upcharge + zone 2 upcharge + zone 3 upcharge.



Zone 1 = Seat
Zone 2 = Back
Zone 3 = Frame

When specifying multiple upholstery, make sure to identify specific yardage per zone. This can be found at the top of each product page.

3. Moisture Barrier - offers further protection from fluids
NMB No Moisture Barrier
MB1 Moisurer Barrier Seat only - **$270** list upcharge

4. Arm Cap

Arm Caps are available, on both the Low Arm and High Arm Models, in three different materials:

Polyurethane (PAC) - standard

SGU Stone Grey

Solid Surface (SAC) - upcharge applies

DWH Designer White

3D Laminate (3LAC) - upcharge applies

BEL Belair
FLO Florence Walnut
PIL Pilsner
PIN Pinnacle Walnut

Arm Cap on Low Arm

Arm Cap on High Arm

EBL	Electric Blue	SMK	Stormy Sky
EMC	Emerald City	TFB	Toffee Brown
EVP	Evergreen Pine	VMA	Vintage Mahogany
GOH	Golden Honey		

7. Foot/ Glide
Somna recognizes the need for fixed placement as well as full mobility, offering three combinations of glides and casters to suit each need.

Casters are 2 ½" non-maring swivel casters and are always non-locking in the back. For models specified with all four casters, the front will be individually locking.

Clearance distance from the underneath side of Somna to the floor is 11" for all glide and caster selections. Feet ship unassembled from the sleep sofa - require assembly.

Sleep Surface/Weight Capacity/Cleanable Specs
- Each Somna model incorporates a sleep surface via a mechanism free easy to fold down back, creating a sleep surface separate from the sitting surface.
- The inside back and sleep surface cushion are covered in a durable, moisture resistant, bleach cleanable, grey material.
- Somna is thoughtfully designed to accommodate the regimens of clinical environments with durable arm caps that wipe down quickly and cleanouts to ensure ease of cleaning.
- Built for demanding healthcare facilities, Somna exceeds rigorous testing and each sleep sofa is rated at 275 lbs per seating location. There are three seating locations per model.

Forge Product Information

NOTE: Forge storage must be anchored to a wall (hardware not included); not intended for freestanding use. Reference Installation Instructions for more details.

WorkSurfaces
Forge offers worksurfaces in both HPL Laminate and Solid Surfaces. Laminate worksurfaces have a 3-ply balanced construction. Tops are 1³⁄₁₆" thick with coordinating PVC edges. Worksurfaces feature 3mm eased (PVC) edge on the front; sides and back have coordinating 1mm PVC edge band.

Forge worksurfaces are available in all JSI standard HPL's, consisting of 19 wood grain patterns and 7 solid colors. Each has a coordinating PVC edge color that is automatically used with the standard laminates. The wood grain laminate features an embossed grain to hide finger prints and light scratches. The solid laminate is smooth to the touch with a semi-matte finish.

The chart below lists the laminates available on the Forge product.

TFL - HPL *Wood Grain Pattern Laminates*

BEL	Belair	MIN	Mineral
BRK	Brickdust	MCH	Mocha
CSK	Cask	OBK	Outback
CLY	Clay	PIL	Pilsner
EGR	Egret	PIN	Pinnacle Walnut
FAW	Fawn	UMB	Umber
FLN	Flint	VAL	Valley
FLO	Florence Walnut	WLH	Walnut Heights
LOF	Loft	WEA	Weathered Ash
MES	Mesa		

TFL - HPL *Solid Laminates*

ALB	Alabaster	SHD	Shadow
BLK	Black	SLG	Slate Grey
BBL	Bridal Blanco	ZEN	Zen Grey
DWH	Designer White		

In addition, an extensive list of HPL laminates from Wilsonart and Formica are available at the Tier 2 price, see pages 107-108. Selecting from the Tier 2 laminates will require a PVC banding to be specified from the standard list.

Solid surface worksurfaces are 1" thick and have a moisture-resistant core. Front edge features a 3mm radius eased edge, sides and back have finished flat edge. Worksurfaces are available in 4 standard JSI colors.

DWH	Designer White	ONX	Black Onyx Mirage
HST	Hot Stone	SOG	Soothing Grey

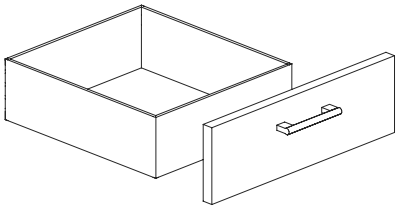
Additional Wilsonart and Corian finishes are available in 4 pricing tiers, see pages 109-110.

Cabinet Construction
Forge Laminate features TFL (thermally fused laminate) chassis with standard banding. Worksurfaces are available in a HPL (high pressure laminate) with standard banding.

Thermally fused laminate (TFL) with all edges fully banded. Interior material matches exterior. ¾" thick side panels. Adjustable glides on base cabinets, storage cabinets and lockers; they provide 1" adjustment. Must use toe kick or cove molding to finish off base cabinets.

Grain direction runs vertically on all door/drawer fronts. Door and drawer fronts are banded with a 2mm banding.

Drawers
The unidirectional V- Fold drawer box is a durable miter-fold drawer structure which is glued and doweled. The ½" thick drawer sides are wrapped in a high grade white vinyl, with an attached front. The drawer front is attached to the four sided box.



Drawer Suspension
High quality soft close, silver drawer suspension carries a lifetime warranty. Drawers have 100% full extension with over travel. Slides feature steel ball bearings for longer wear and positive, cushioned in/out stops.

Drawer Liner
Seamless, one-piece, white drawer liner available for 18" and 24" wide drawers.

Hinges
Concealed Euro soft close hinges with 110° opening and four adjustment points.

Locking
Cabinets offer locking to provide maximum security and flexibility in configuration. Up-charge applies. Locks are available as a standard keyed lock or a digital keyless lock.

When standard locks are ordered, units are shipped randomly keyed. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard. Lock face color is available in Arctic Silver or Matte Black.

Digital Keyless Locks come pre-programmed for shared use, but can be field programmed for dedicated use. To lock, enter a 4 to 8 digit code and press the lock button. To unlock reenter the previous 4 to 8 digit code and press the unlock button. User guide ships with cabinet. Keyless lock will be oriented vertically on drawer units and horizontally on doors. Lock face is available in a black finish.

Standard Lock | Keyless Lock (drawer) | Keyless Lock (door)

Wall Panels
¾" thick with standard TFL ½" banding.

Bar, Sweep and Delve are ADA compliant.

Pull Alignment

Bar, Sweep and Delve pulls are mounted on the front of drawer/door. Prospect pull overlays the top of the drawer and door front. Bar and Sweep pulls are standard in one length for every application. Delve and Prospect pulls offer an enhanced aesthetic on 30"- 36" wide drawer cabinets with an elongated version. In these cases, the longer pull is used in appropriate applications- user need not specify.

Boring Dimensions

24" wide or smaller
- Sweep, Delve and Bar- 128mm
- Prospect- 216mm

30" & 36" wide
- Delve- 320mm
- Prospect- 419mm

Integral Sink

Sink is always Designer White independent of selection of worksurface. Sink location is available in 1" increments from left side of worksurface to centerline of sink with minimum of 12" to centerline from either edge of surface. Sink should always be centered over sink cabinet. Drain hole is nominally 1 ¾" diameter and accepts standard drain hardware (not included).
