

NOTICE TO AUTHORIZED USERS OF AWARD #23295 - Furniture, All Types (Except Hospital Room and Patient Handling)

This pricelist/catalog may contain items that are not within the Scope of the Contract Award and/or not within this Contractor's approved furniture Categories. All Authorized Users are strongly encouraged to review the Scope of the Award and the Contractor's Category Matrix prior to selecting items for purchase under the Contract. Per Solicitation Section 4.5 (D) - Procurement Instructions for Authorized Users: When placing orders under this Award, the Authorized User should follow and be familiar with the terms and conditions governing the Contract and are responsible for determining that the product(s) they intend to purchase fit within the scope of the Award.

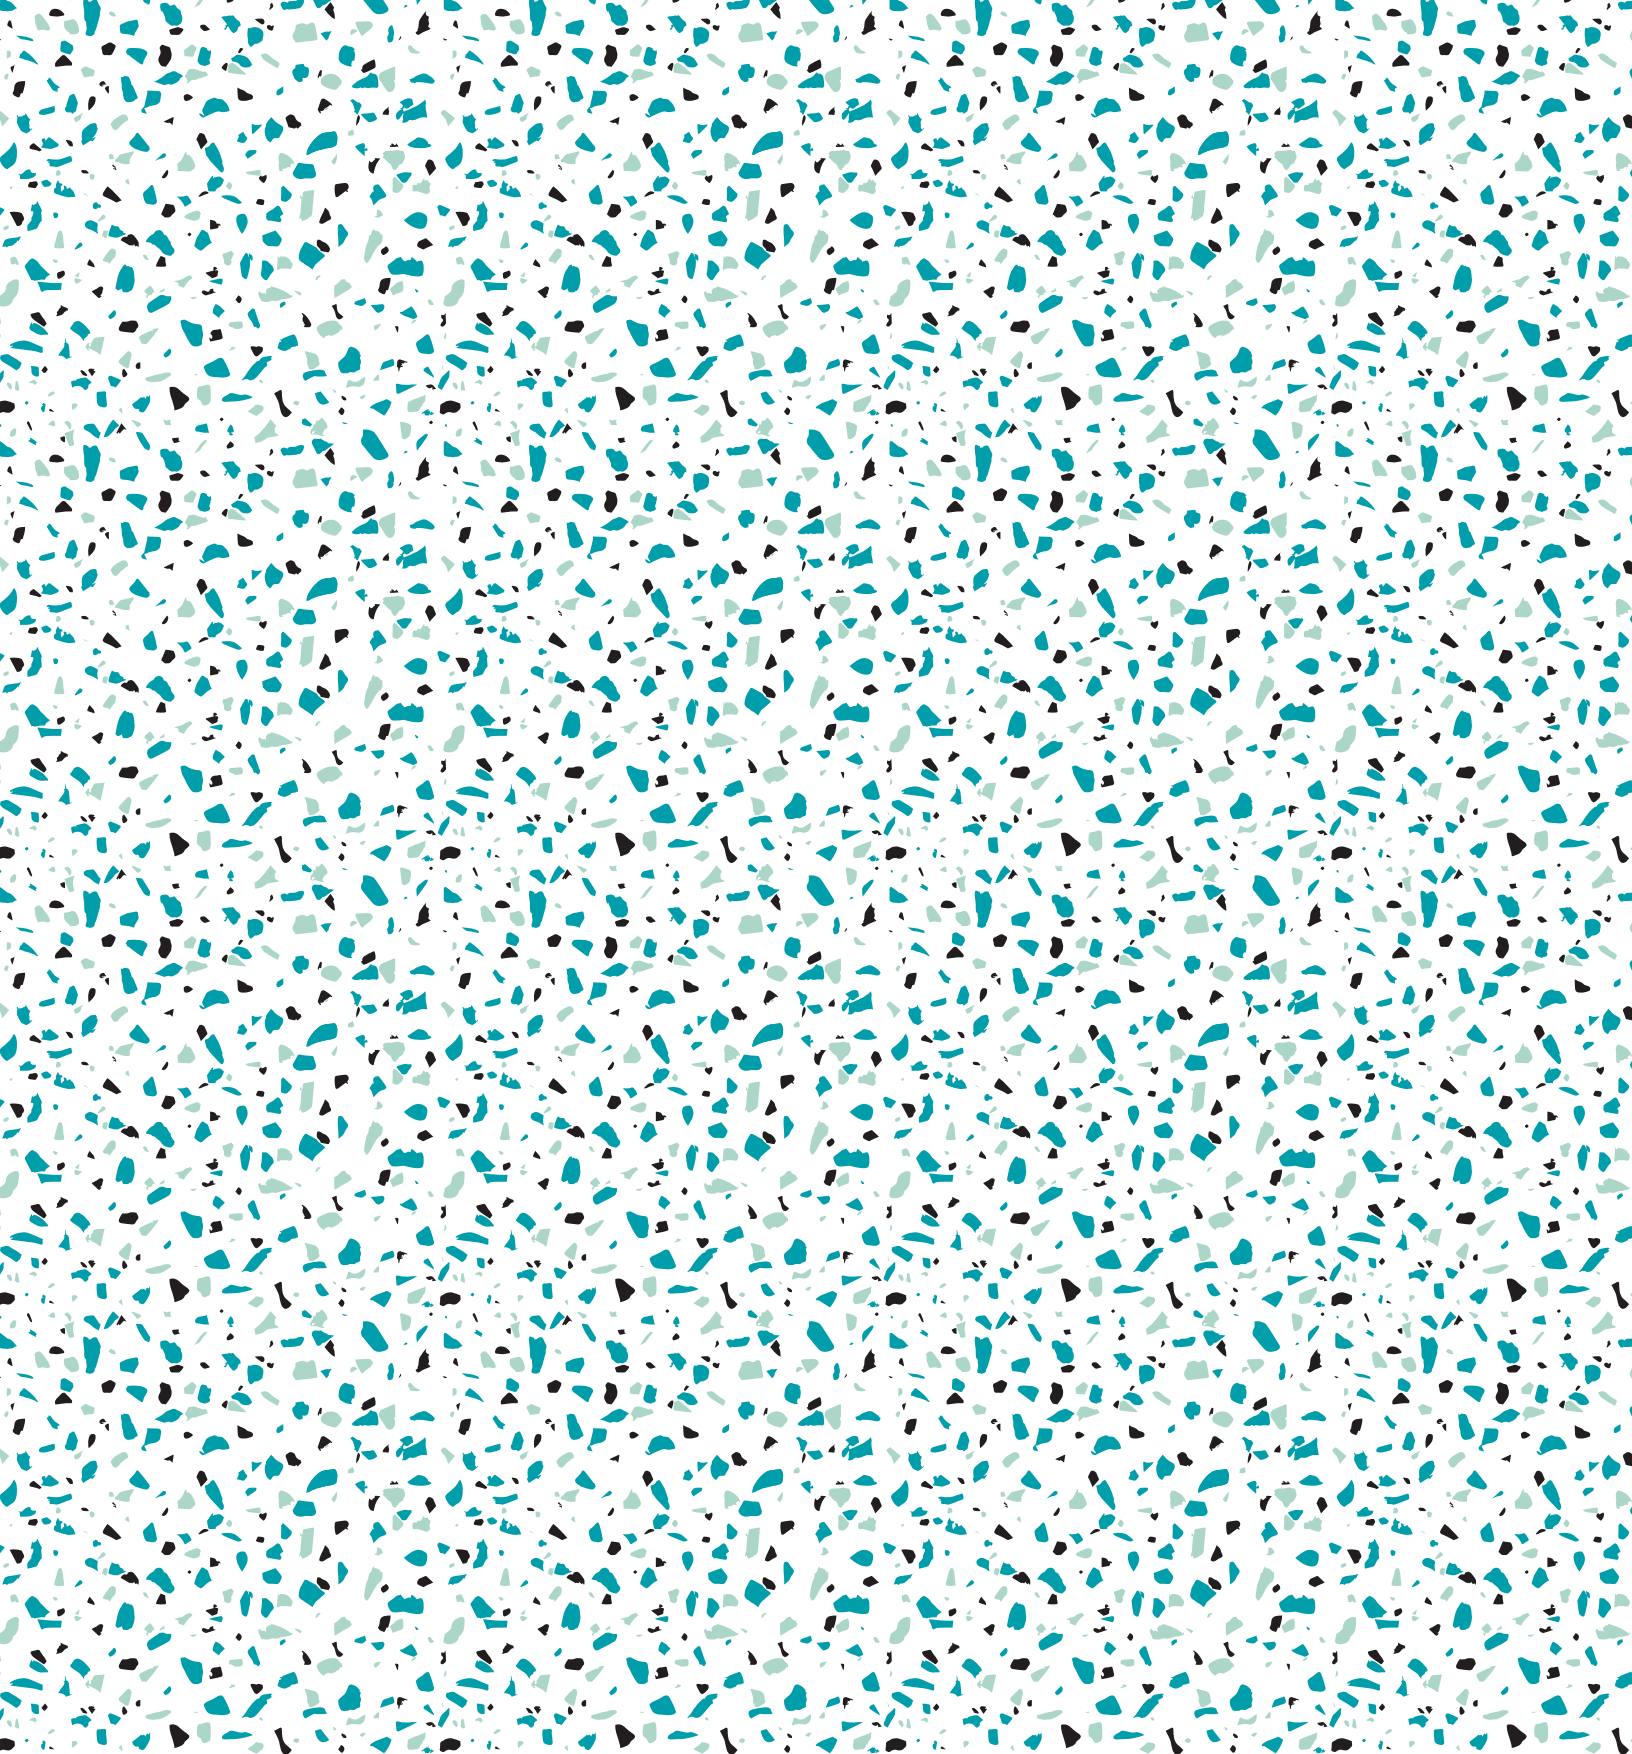

References to other government contracts that may be included in a Contractor's pricelist/catalog, including any additional terms or conditions, are void under the OGS Award and should be disregarded. Only OGS' Terms and Conditions, including those within a Contractor's posted Contractor Information and Supplemental Information sheet, are valid under the Contract.

Additionally, Authorized Users are reminded that where discrepancies exist between Price List documents, the lowest price shall prevail (see Section 5.3 Price).

All orders must be placed with the Contractor, or the Contractor's OGS approved Authorized Reseller listed on the OGS website under the Award. Orders placed with a reseller not approved by OGS are not considered contract orders and therefore are not subject to the same terms and conditions of the OGS Award.

Authorized Users should contact the OGS Contract Manager listed on the Award with any questions pertaining to this pricelist/catalog.

Introduction

Pricing

The prices shown are list prices, please call to confirm your discount. Shipping **is** included in our product price in this specific booklet. Due to fluctuating costs of raw materials, prices are subject to change. Please contact our Customer Service Department to confirm your pricing.

Payment & Terms

Pre-Payment is standard for all customers. For customers who purchase on a regular basis, we may be able to extend terms subject to credit approval. Please ask for details.

Lead Time

All of our products are made to order, please call for accurate lead times.

Cancellations / Changes / Returns

Any cancellation or change is subject to approval, and may result in charges to the customer. No merchandise may be returned for credit without our previous written agreement. A restocking fee may apply for items accepted for return.

Assembly

Table Bases require assembly, and also need to be attached to the table tops. Instructions and hardware are provided.

Product and Color Accuracy

Colors shown in our catalog may not accurately represent the actual colors. If needed, we can provide color samples for sign-off when your order is placed. Note: Manufacturing processes may change over time. As a result, purchased product may look different than what is shown in the catalog or on the Web site.

Color Matching

Custom colors are available for most products. Please provide us with a physical sample or color standard (preferred standards are: Pantone® color, Wilsonart® laminate chips, Sherwin Williams® colors) to match, and we will create a sample for strike-off.

Re-Orders

Colors may vary on re-orders. Please let us know if you are expecting a new order to match a previous order. We will do our best to match colors from previous orders, though colors naturally vary from batch to batch.

Warranty

FurnitureLab warrants its standard products against manufacturing defects for 10 years (unless otherwise stated). Warranty does not apply to any product that has been altered or subjected to misuse, negligence, accident, or wear and tear. All items are intended for indoor use only. Fabrics and upholstery materials are not covered by this warranty.

FurnitureLab's obligation under this warranty is limited to the original purchaser for repair or replacement of the defective item. This warranty applies only to products sold within the United States.

All products, patterns and designs are Copyright 2024-2025 Rapp Productions, Inc DBA FurnitureLab. They may not be copied without our written permission.

Introduction

Care & Maintenance:

Wood Tops

Wood Tops can be cleaned with any non-abrasive cleaner such as Windex® or Formula 409®. As with any wood surface, water spills should be wiped off immediately. Do not use bleach or a bleach-water solution to clean the table top as this will damage the finish. Wood surfaces should not be subjected to extreme temperatures or moisture.

Laminate Tops

Laminate Tops and EnduraCore Tops can be cleaned with any non-abrasive cleaner such as Windex® or Formula 409®. Remove stubborn stains with a damp paste of baking soda. Leave on for a minute, then blot away (do not scrub).

NeoCast Urethane Edge Tops

Urethane edges are generally stain resistant. Avoid any exposure to staining bacteriostatic agents such as iodine and betadine. Do not use harsh cleaners with abrasive additives, bleach, sharp metal objects, sandpaper, or hard bristle brushes to clean the edge. These can cause permanent damage and will void the warranty.

Clean ordinary soiled edges caused by normal use with a damp cloth or sponge and Clorox Clean-Up Cleaner with Bleach® or Formula 409®. For stains, use soft bristle scrub brushes only to prevent scratching. Successive cleanings may be required using a soft bristle brush and 70% Isopropyl Alcohol. Failure to follow the above protocols may result in a "sticky" edge. Over time, the edge may harden again if the use of harsh chemicals is discontinued; however, this is not guaranteed.

EverCore Solid Surface Tops

To clean solid surface, use soap and water, apply with sponge and towel dry to eliminate water spots. For stubborn stains – use a bleaching nonabrasive cleaner, like Soft Scrub®, and a white Scotch-Brite® pad. To remove cuts and scratches, sand with a block using 150 then 280 grit sandpaper until cuts are gone, blend the sanding so the repair cannot be seen, restore finish with a nonabrasive cleaner and a white Scotch-Brite® pad.

Chairs

We recommend that chairs and stools be inspected on a regular basis for wear and tear. Wood Chairs can be cleaned with a liquid cleaner-wax polish combination. We recommend Old English® Dark Oil on dark woods and Lemon Oil® on all woods with a light finish. Water spills on the surface should be wiped off immediately. Do not use abrasive household solvents. To repair scratches, use a wax repair stick. Wood products should not be subjected to extreme temperatures or moisture.

Metal Finishes

Clean wrinkled powdercoat surfaces by wiping with a damp cloth. Brush the surface with a soft bristled dry brush to remove dirt. For smooth powdercoats, wipe with a damp cloth. Use soap and water for stubborn stains. Clean chrome with an automotive chrome cleaner to maintain a bright finish. Use a rust-inhibiting chrome spray paint to touch up any area of finish which has been damaged. Clean aluminum using a soft cloth with water or mild soap.

Vinyl Upholstery

Clean with a mild soap and water solution or a good grade automotive vinyl cleaner. Quickly remove any spills, as some stains may become permanent if allowed to set.

Fabric Upholstery

Gently clean with a mild soap and water solution.

Seating

An inspiring chair can be the seed that blossoms into a beautifully designed space. Like everything else we craft, FurnitureLab's diverse offering of chairs and stools are designed to withstand the toughest, most demanding environments. Every single model is thoughtfully built and finished to your specifications.

Whether you want wood or metal, something with a contemporary or a classic vibe, or even a modern, rustic industrial style, our seating line has something to suit any scheme.

Booth Construction

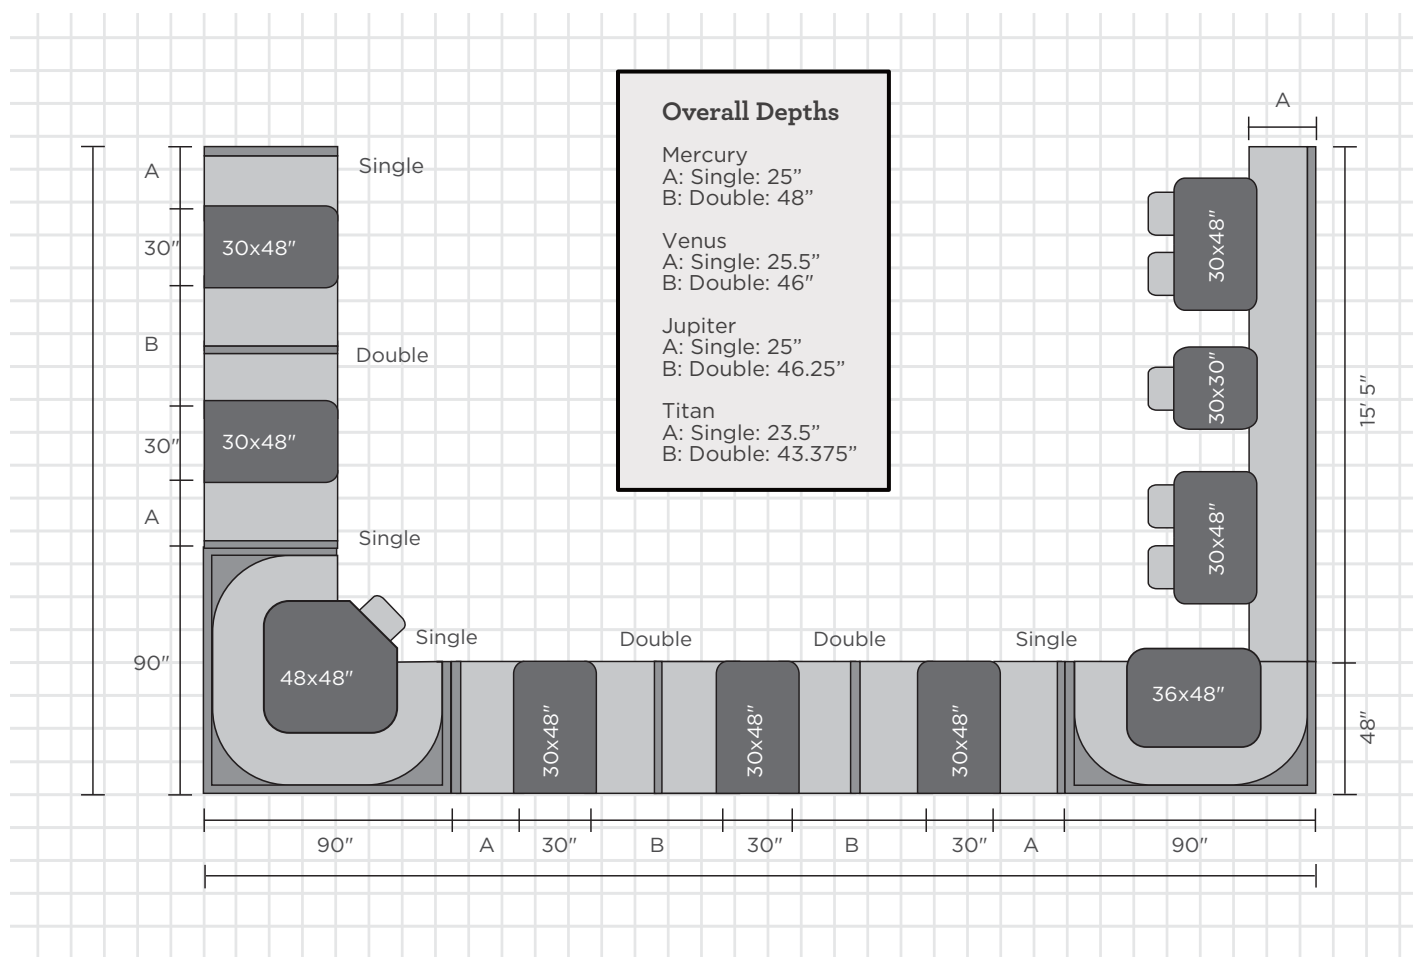

Our superior booth engineering ensures a supportive, firm, comfortable booth seat from day 1 to day 3,000--and beyond. You'll feel the difference.

1. Fabric or vinyl surface
2. Polypropylene fiber batting
3. Poly foam
4. Cloth layer
5. Pressboard over solid wood frame
6. Links tie the springs together laterally so they act as a group, giving uniform resistance
7. No Sag Springs® are spaced at tight intervals, creating a firm, non-sagging seat
8. Flex-O-Lator® creates another soft structural layer to transfer weight more evenly to the springs
9. Kiln dried 7/8" hardwood is used for its unmatched strength. Where other booth makers use particleboard, we use solid poplar
10. Helical coils are set on the ends of the booth to ensure more support in the areas that get the most use
11. Corner bracing, made from solid poplar, is glued & nailed in place to give the frame an added layer of rigidity
12. Thick black vinyl is used on the base to resist daily wear, durable metal or wood legs are optional upgrades

Booth Space Planning

The illustration below shows how all the different types of booths can work together in your dining area. This example uses 30" wide tops, a common size for most applications. The table top overhangs the front of the booth seat by 2". The depth of each of our booth models is detailed in the chart below. If you happen to specify a top with a different width, you would need to adjust the numbers below accordingly. The half-round and three-quarter round booths are standard in size.

Booth Anatomy

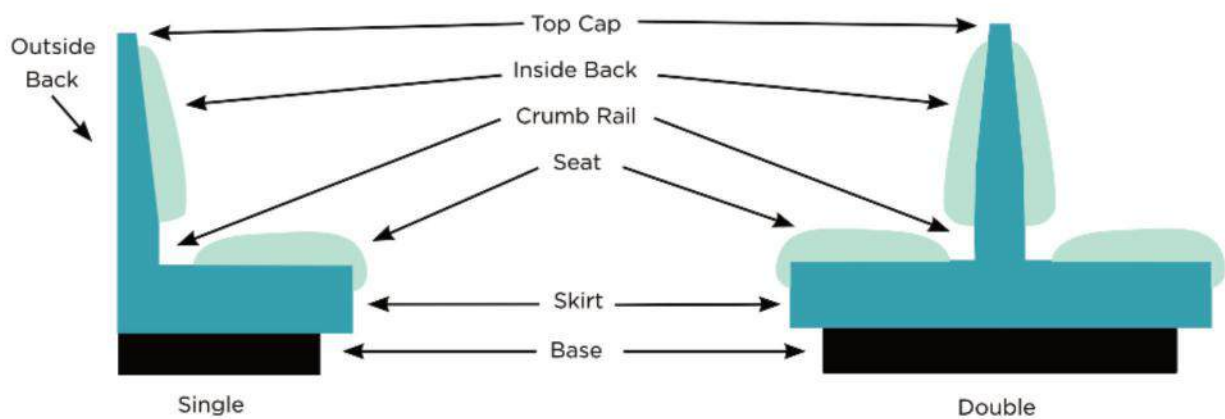

Table Tops

We have tabletops surfaces for every aesthetic.

Laminate is our most popular surface, and we have special graphic laminate options unlike any other company in the world. We offer standard Wilsonart & Formica patterns, an assortment of Deluxe laminates, or upgrade to our specialty OpenStudio Patterns. Even design your own pattern and we will make it! Apply solid wood edges, either contrasting or matching PVC edge banding, classic t-mold, recyclable aluminum edge, or the most durable, seamless, antimicrobial urethane edge.

Our Solid Wood conveys a natural warmth, and is protected with a contract-grade finish. Solid phenolic is non-porous and nearly indestructible. We even make tabletops out of renewable solid surfaces.

Confab Community Table Series

Confab was crafted with connection and collaboration in mind. The steel-beam construction supports a laminate top and a tough matching PVC edge. 3" thick laminate panel legs are available in 3 heights. Confab's interior can be lined in your choice of black or white melamine laminate. Whether you're working, lunching, or catching up on the latest streaming show with your favorite people, Confab provides the perfect spot to gather.

MultiPly Plywood Edge Laminate Table Tops

MultiPly Tops offer both sleek looks and high performance. The exposed multi-layered plywood edge evokes 20th century innovations in furniture design while remaining always on-trend. A clever way to incorporate a subtle wood accent into any space.

Available with Standard, Deluxe, OpenStudio™ patterns, or design your own Custom laminate. All surface selections are shown on our website. If you want a different pattern not shown in our finish library, we will happily grade it in.

A high-pressure laminate surface is bonded to a 1" thick Baltic Birch plywood core with a backer sheet for stability. MultiPly™ edges can be finished in a variety of standard or custom stains and shaped in a number of profiles. Table edges are protected by a 4 coat polyurethane system, and semi-gloss. All finishes are contract-grade.

EverCore Solid Surface Tops

Solid surface is infinitely renewable, recyclable, and easy to refinish or repair.

The unique seamless construction requires no applied edge. EverCore's acrylic content resists moisture and prevents accumulation of food debris or bacteria.

Can be made with most market solid surface offerings, including Wilsonart® Solid Surface, Samsung Staron®, Formica® Solid Surface, Corian®, LG HI-MACS®, Hanex®, Durat®, and Avonite®. With a 1-1/2" built-up edge profile, all tops have a 3/4" marine grade plywood blank bonded to the underside to attach any size pedestal base.

Note: FurnitureLab cannot manufacture concrete, natural stone, engineered stone, terrazzo, nor quartz products.

FiberCore MDF Table Tops

Our FiberCore Tops feel warm to the touch like wood, but come at a lower cost. The exposed fibers in the surface give these tops a “recycled” aesthetic. This material absorbs stain evenly and thoroughly, which gives it an appearance of both consistency and depth.

FiberCore Tops are made from solid 1-1/8” Medium Density Fiberboard (MDF) with a flat eased edge. They can be finished in a variety of standard or custom stains.

Tops are protected by a 4 coat polyurethane system, and semi-gloss. All finishes are contract-grade.

Constructed of 100% recycled wood fiber.

TimberLine Wood Edge Veneer Tops

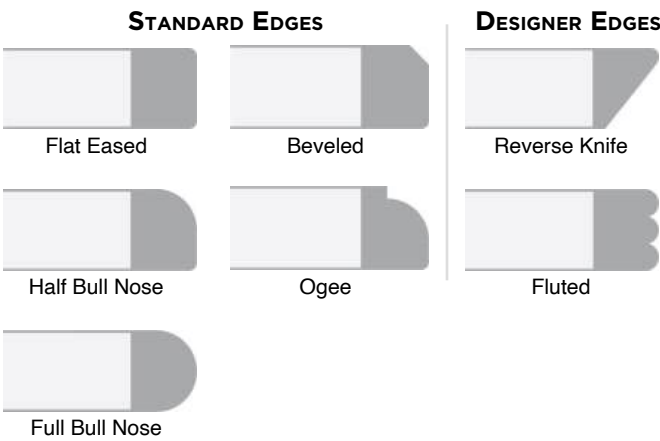

These semi-gloss, elegant maple veneer tops have a solid wood applied edge to add substance and design dimension. Choose from our many edge profile options to customize the look and feel.

TimberLine Tops have a wood veneer surface that is bonded to a 1-1/8" particleboard core with a backer veneer for stability. Their surface and 1 x 1-1/4" solid wood edges can be finished in a variety of standard or custom stains.

Tops are protected by a 4 coat polyurethane system, and semi-gloss.

Can be produced with Standard or Designer edge profiles.

TrueColor™: Painted MDF Tops

Add a pop of unique color to any space! Our TrueColor™ Tops deliver a one-of-a-kind super saturated satin acrylic surface. Easily cleanable and scratch-resistant, TrueColor™ is durable, seamless, and show-stoppingly great looking. Match your branding, wall paint, wallpaper, or textiles with table tops that are truly you!

TrueColor™ Tops are made from solid 1-1/8" Medium Density Fiberboard (MDF) with a flat eased edge. They can be finished in Pantone, Benjamin Moore, Sherwin Williams, or a custom match--truly any color under the sun!

Tops are protected with a color-infused urethane coating, along with a commercial-grade acrylic topcoat in a satin finish. Constructed of 100% recycled wood fiber.

Note: Color sample included in below pricing. Sample approval is required prior to production.

Minimum order of 4 table tops per color (various sizes OK).

Deluxe Laminates

Yes, you can have the warmth of vintage and salvaged wood--now without the splinters! These textural, hyper-realistic, dimensional laminates are inspired by rustic, antique, and repurposed wood design trends.

Deluxe looks and feels like the real thing, and FurnitureLab is the only table manufacturer that offers these fully graded-in.

Visit furniturelab.com/products/deluxe-laminates for texture options:

OpenStudio Laminates

Can't find a mass-market laminate to your liking? Tired of seeing the same old laminates in every space? Problem solved!

This stunning, FurnitureLab-proprietary line of laminate designs is unlike anything else on the contract furniture market. Discerning, design-minded decision-makers can now take full control of their laminate surfaces.

Change the scale, rotate the pattern, match it to your textiles and wall coverings, or even pull tones from a brand or school logo. Anything is possible!

Full details and our interactive app can be found at furniturelab.com/products/openstudio-patterns
