

NOTICE TO AUTHORIZED USERS OF AWARD #23295 - Furniture, All Types (Except Hospital Room and Patient Handling)

This pricelist/catalog may contain items that are not within the Scope of the Contract Award and/or not within this Contractors approved furniture Categories. All Authorized Users are strongly encouraged to review the Scope of the Award and the Contractors Category Matrix prior to selecting items for purchase under the Contract. Per Solicitation Section 4.5 (D) - Procurement Instructions for Authorized Users: When placing orders under this Award, the Authorized User should follow and be familiar with the terms and conditions governing the Contract and are responsible for determining that the product(s) they intend to purchase fit within the scope of the Award.

References to other government contracts that may be included in a Contractor's pricelist/catalog, including any additional terms or conditions, are void under the OGS Award and should be disregarded. Only OGS' Terms and Conditions, including those within a Contractor's posted Contractor Information and Supplemental Information sheet, are valid under the Contract.

Additionally, Authorized Users are reminded that where discrepancies exist between Price List documents, the lowest price shall prevail (see Section 5.3 Price).

All orders must be placed with the Contractor, or the Contractor's OGS approved Authorized Reseller listed on the OGS website under the Award. Orders placed with a reseller not approved by OGS are not considered contract orders and therefore are not subject to the same terms and conditions of the OGS Award.

Authorized Users should contact the OGS Contract Manager listed on the Award with any questions pertaining to this pricelist/catalog.

Seat Size Selector

This reference chart helps select seat sizes for task, conference, executive & management applications using 5-star swivel bases. Height and weight can be key indicators of suitable seat choice. In particular, the (B) size seat is designed to fit a broad range of individuals, especially when a seat depth adjustment on the control mechanism is being utilized.

Sustainability

A Via Seating, we recognize the growing necessity for sustainable furniture and are dedicated to fulfilling the environmental needs of our customers. We understand that our customers expect high quality, sustainable products at affordable prices and we are making it our mission to meet these demands with innovative—sustainable—designs. Sustainability encompasses three interconnected elements: environment, economy, and society. Our sustainability efforts include focus on all three of these areas to make a significant contribution toward human-ecosystem equilibrium.

DfE Lead Design (DfE)

All Via products follow a DfE process. All components are screened to the ANSI/BIFMA e3-2019 Annex B-List of Chemicals of Concern & the California Proposition 65 List.

BIFMA Compliant

Over 95% of Via Seating's indoor products are BIFMA Compliant, listed on this industry-wide registry of furniture products that conform to BIFMA safety and durability.

LEED Credits

Via products earn LEED credits including those for low emitting furniture, recycled content and for our local U.S. manufacturing location in Sparks, NV.

Quick Ship

At Via Seating, we don't just have a quick ship program—we're a quick ship company. Over 95% of our indoor offerings are quick ship. Compare Via Seating lead times with other quick-ship programs and you'll find we offer the greatest selection of quality seating with the broadest range of options. And we have always been that way. When we opened our doors in 1987, we introduced a new concept to the contract furniture industry. We launched our 48-hour manufacturing time and we did it on every chair, fabric & leather.

The Process

While our quick ship process is customized & not prescribed, the following shows the typical timeline of an approved project being handled on a quick ship schedule. Our dedicated project experts work hand-in-hand with you every step of the way to achieve your project deadlines. Learn more at viaseating.com/quick-ship.

ORDER: 1 day to process

Warranty Statement

Version: 4.0 . Published: 01/01/1987 . Last Modified: 11/01/2024

This Warranty Statement is provided to you by Via Seating (hereafter referred to as "Via Seating", "we", "us", "our").

All Via Seating products are manufactured with meticulous attention to detail and to the highest quality, durability and sustainability standards. VIA Inc (hereafter referred to as Via Seating) warrants to the initial purchaser that, Via Seating product will be free from defects in its materials and craftsmanship found during normal single shift usages; (5) days a week, eight (8) hours a day. This coverage shall be effective from date of manufacture as listed on the chair label.

Products covered by this warranty will be repaired or replaced at Via Seating's discretion. Product repair or replacement of any defective part is the customer's exclusive remedy for any and all product defects. Via Seating will pay for pre-approved warranty repair costs when shown to be a result of a defective part. This warranty repair cost will be in place for the full term of coverage from date of manufacture. Only those items free of misuse and abuse will be covered. Items with alternations, unauthorized repairs, or damaged by fire, flood or other acts of God will not be covered. This warranty supersedes all previous Via Seating warranties. There are no other warranties, expressed or implied, other than those specifically described here.

Warranty on discontinued products is limited to parts remaining on hand. Via Seating will provide a recommended alternative if parts are no longer on hand.

Via Seating reserves the right to make changes to the 12-year warranty including the right to make changes in design/construction and to discontinue products without prior notice.

Warranty Periods

12-YEAR	12-YEAR: 24/7 SHIFT	10-YEAR	5-YEAR	2-YEAR
All Via Seating task, conference & executive chairs are warranted for 12 years, single shift as defined above. Unless otherwise specified, Via Seating's proprietary closed-cell, cold-cured, injection molded comfort foam is also covered for 12 years.	Via Seating's 24/7 shift applies to series Brisbane HD 24/7, Genie®, Genie Flex® (including TPU) and Vista II series—these series are all covered for 12 years in 24/7 applications. Via Comfort Foam

That level of pure comfort you'll wish you discovered sooner. Sitting is Believing.

Via Seating proprietary comfort foam is sculpted to provide body balance technology built directly in the cushioning of the seat and back. It is injected into an engineered mold at controlled, differing rates, which creates strategic, multi-density levels within each cushion. This process builds a subtle seat contour that maximizes support exactly where it is needed—where body weight is most concentrated. The outer edges by contrast, are made softer and in a waterfall slope so that the seat does not restrict circulation where the legs extend out over the edge of the seat.

Closed-Cell refers to the fact that the foam has a smooth outer skin that is kind to fabric. It does not rasp on the upholstery from the inside. The foam does not absorb moisture. It protects the foam over-time and does not break down. The comfort of Via Seating foam has the same comfort 12 years later.

Cold-Cured refers to the consistency in size of the air cells within the foam. The foam is one single, contoured and resilient piece of foam. It is not layered foam.

Via Seating uses a resistance factor test and measurement of density to assess the durability and quality of its foam. Density/volume weight gives an indication of the foam's ability to resist weight and not "bottom out". Good foam must provide resistance in direct proportion to the amount of pressure applied. This unit of measurement does not necessarily translate into hardness but rather the feeling of support you receive when you sit on the foam.

Via Seating foam has an average density or volume of 3 pounds per cubic foot (48 kg/m³). Standard flat foam, by comparison, has a single volume weight between 1.9-2.25 pounds per cubic foot (30 to 40 kg/m³). The greater density of Via Seating foam makes it best-suited for office ergonomic seating.

Textiles

Via approaches working with textiles with the same level of detail & followthrough that we apply to crafting our seating. We partner with quality mills, rigorously testing their textiles on our products & selecting the best of the best for our quick ship program. We grade in an ever-growing list of fabrics, vinyls & leathers. Both those graded materials, COM & COL run through comprehensive, multi-layers of testing before we grant approval.

Quick Ship Textiles

Explore Via Seating's extensive array of quick ship textiles, available on a virtual card & various carded programs. Test them out on Via's online tools like Spec It or the "Via Seating" CET extension. Need to see it on a chair sample? Just ask your Via rep for details. Approval required. Conditions may apply.

Customer's Own Material or Leather

Via Seating considers both the application of your COM/ COL as well as your cost savings. While we list yardage for single products using standard, non-directional materials throughout the book & on our Spec It tool, to achieve the best yield for your order we use the latest in material cutting technology & a skilled technician to determine the smallest amount of material needed for your order. Your dedicated Via support is there alongside you every step of the COM/COL process.

Customer's Own Material

COM/COL ORDER PROCESS

1) Check our online textile compatability tool at:

viaseating.com/textile-compatibility-lookup-tool/

2) If you do not see your textile, submit a ticket to have it tested on your model here:

viatextiletesting.na3.teamsupport.com/createticket

3) Send a 12" x 12" minimum textile swatch of your material to Via Seating to test for approval. Allow 4 business days to process this test upon receipt of the material.

All COM/COL must be shipped to:

Via, Inc.
ATTN: (ticket #) & (series name)
205 Vista Blvd
Sparks, NV 89434

Your COM/COL received by Via Seating must be clearly marked, containing ticket # & series name.

COM/COL APPROVAL PROCESS

Via Seating assumes no responsibility for the durability or tailoring quality of any COM or COL. Directional covers, in particular, may not meet your satisfaction due to the design of certain products. Please be advised that products upholstered in COM/COL are not subject to return to Via Seating. Via Seating reserves the right to reject COM fabrics that, in Via Seating's opinion, are unsuitable for its products. Via Seating can determine this within 48 hours of receipt of the COM/COL sample.

RECEIPT OF COM/COL TO VIA

Under no circumstances will Via Seating be responsible for shortages or flaws in the material or other such problems. Via Seating will not be responsible for any costs associated (e.g. return freight and/or restocking charges) with rejected COM or COL materials. In order to meet delivery deadlines, we assume that our customers are aware of any undue delays in the shipment of their ordered fabrics. Once the COM has been accepted, Via Seating assumes no responsibility for its overall appearance, flammability, normal durability, colorfastness, material defects, color inaccuracies, dye lot variations, or any other flaws related to the fabric quality after upholstered on a Via Seating product. If you have doubts of the ultimate appearance of a certain covering, please order a sample chair upholstered in the specific COM or COL.

COM/COL WARRANTY STATEMENT

All COM & COL textiles applied to Via Seating product orders will not be covered under Via Seating's warranty. Any warranty claims need to be made directly to the original vendor of the textile. Via Seating recommends that the purchaser thoroughly test any COM & COL with all cleaning agents that will be used on it prior to using.

COM/COL EXCESS YARDAGE

Excess COM/COL will be recycled at the discretion of Via Seating, unless direction for the additional material is given by the customer at the time the order is placed. Any returned material will be paid for by the customer.

COM Calculation

Breaking down how to calculate total Customer's Own Material (COM) Needed per order

COM Yardage Listed in Price Book

COM Yardage requirements shown in the Via Seating price book are based on non-directional textiles with a width of 54". Fabrics requiring matching stripes, prints, or matching large pattern designs will require additional material

COM WIDTH & REPEAT TABLE

Fabric Width	Non-Directional Fabric	Patterns Containing Stripes, Plaids, or Patterns with Repeats		
		2"-10" Repeat: Add Fabric	11"-19" Repeat Add Fabric	20"-25" Repeat: Add Fabric
54"	0%	10%	15%	25%

We will be happy to supply yardage requirement quotes for large quantities of material where economies may be realized. Please contact Via Seating client accounts for a requirement quote. Call 1-800-433-6614 (press 1 for client accounts) or by emailing your client accounts specialist.

Steps for Calculating your COM

Step 1: Total Number of your models

Set how many of a model you will order

Step 2: COM for your model

Find the COM yardage requirement for your model. This information is listed in the BASE MODEL table in each series. Also see COM/COL information by different seat size options, upholstered arms and seat/back multi-use additions on the series' pricing page.

Step 3: Determine width and repeat

Make adjustments to the yardage based on your textile's width and repeat. The width is the distance from one selvage edge to the other. The repeat is the length between the first and additional appearance of the same element within a design. Select your multiplier based on width and repeat using the "COM WIDTH & REPEAT TABLE." This amount needs to be added to the total yardage sent.

Step 4: Round the total yardage

Round to the nearest half yard. This is the total amount of COM yardage that needs to be sent to Via Seating.

Example Total Yardage For an Order
50 Vista Mid Back Chairs Model #302
#302 has a seat COM of 1.0 yd per seat 50 chairs x 1.0 yd = 50 yd
Width is 54" Repeat is 15" Multiplier is 15% 50 yd + (50 yd x 15%) = 57.5 yd
57.5 yd total will need to be shipped to cover seats on 50 Vista #302 Chairs

A Listening Approach

As a seating specialist, Via has a creative spirit driven to innovate. Via Seating's creative energy is highly focused on all categories of seating, from indoor environments to outside open spaces. Via delivers the broadest range of seating under one brand synonymous with quality, comfort and reliability. Via's online presentation creates the opportunity to wonder, to think differently and to have a sense of surprise at every click. Every product shown there has its own story and a reason for being that sets it apart in the market.

There is more than meets the eye with every Via piece, such as Via's first-to-market copper infused biocidal mesh collections, an innovation inspired by solving a problem for a client. Another example, the interactive, lobby lounge collections support wellness and collaboration by encouraging playful movement. Each piece tells its own story and delivers an experience that encourages ongoing discussion and exploration. Via believes they are one step away from the next great discovery born from listening to clients and responding with great solutions to meet the challenges of our time.

Main Features

Discover 4-UP, the true sit-to-stand experience with dynamic, telescoping gaslift. Unlike solutions before only allowing a user to sit or perch, this revolutionary seat allows users to tap into the full functionality of their sit-to-stand desk. With 4-UP, a person can sit, stand & access every position in between. Combined with a seat depth adjustment, ergonomic forward tilt & Via Seating’s proprietary injection-molded comfort foam, it is no wonder 4-UP was the first ever Best of NeoCon Business Impact award winner for an ergonomic desk chair.

Key Features

- 1. Personalized Sit
Achieve the perfect sit or perch by utilizing Via’s telescoping gas lift, seat depth adjustment & ergonomic forward tilt adjustment.
- 2. Copper Mesh
Offers use of Via Seating’s double patented, multi-award winning, copper-infused (will not wear off like topicals), self-sanitizing (naturally with 0 additives), biocidal (destroys harmful microorganisms) mesh in black or natural copper colors.
- 3. Comfort Foam
A proprietary blend of high-density, injection-molded comfort foam so durable and lasting it is backed by Via Seating’s 12 year warranty.

Pricing, Terms & Conditions

Version: 1.0

Published: 01/01/1987 | Last Modified: 01/25/2023

These Pricing, Terms & Conditions are provided to you by VIA, Inc. (hereafter referred to as "Via Seating", "we", "us", "our").

Pricing Terms

Prices listed in the Price List & all external specification software (CET extension, 2020 catalog, Project Matrix catalog, My Resource Library catalog, etc) unless where otherwise stated, are PUBLIC LIST prices including standard freight. Merchandise is sold FOB ORIGIN, with ownership transferring to the purchaser at the time of shipment, within the 48 contiguous United States.

Prices are subject to change without notice, prior to order confirmation.

List prices are subject to trade discount for qualified purchasers.

Every effort is made to ensure that the Price List and all support documentation are up to date at the time of printing.

Credit Terms

Credit should be established in advance of placing an order with Via Seating to allow time for credit verification.

A credit limit will be determined upon acceptance of satisfactory references.

If an open account has not been established by the time of shipping, first time orders with approved credit must be accompanied by a 50% deposit with balance due 30 days upon shipment.

New customers must contact Via Seating, or a Via Seating representative for a credit application.

General Terms

Existing customers with approved credit; Terms are Net 30 Days.

Pricing, Terms & Conditions

Early payment discount of 1.5% when received Net 10 days, with check or ACH. No discount when paid with a credit card.

Credit card payments accepted with 2.5% surcharge (for non-GSA orders). Surcharge waived if paid Net 10.

Past due accounts are subject to a monthly service charge of 1.5% (18% APR).

All orders placed without approved credit must be pre-paid in full prior to production.

First time orders with approved credit must be accompanied by a 50% deposit with balance due 30 days upon shipment.

Shipping & Freight Terms

The best method of shipping is determined by Via Seating. All packaging is included.

General Shipping Methods:

- STANDARD SHIPPING: Most Via Seating chairs ship 95% assembled (NO TOOLS REQUIRED).
- FULLY ASSEMBLED: 100% assembled in a box. This method is standard on some products and is an option on most other products. See individual series pricing pages for details and pricing (task, conference & executive chairs only).
- KNOCKED DOWN/ASSEMBLY REQUIRED: This method is offered on the Rise series & a few outdoor products. See individual pricing pages.
- BLANKET WRAPPED: minimum order of 150, call 1-800-433-6614 for more information.

Freight is included anywhere within the contiguous US, with the following exceptions:

- Additional Freight costs will apply to multi-use seating orders when less than box quantities are ordered for multi-pack boxes.
- See freight costs for outdoor furniture where freight is not included.
- Zone restrictions apply to: Alaska, Hawaii, Puerto Rico, Guam, Canada and Mexico.
- Charges are non-negotiable for any shipping costs outside of Via Seating typical shipping.
- Additional charges apply to orders requiring: liftgate, inside delivery, address changes, storage or holding costs and any conditions outside of those for standard shipping.
- Short shipments must be noted on the bill of lading and a copy of this must be sent to Via Seating within 5 days of delivery.
- Residential deliveries include a separate delivery fee.

Pricing, Terms & Conditions

Freight Terms

The dealer is responsible for any/all storage or holding costs, re-delivery charges, detention fees and change of address after shipment.

Detention fees will be billed direct to consignee by carrier. If consignee or dealer requires change in billing, they can contact carrier directly.

Expedited freight (overnight, 2 day or 3 day), Lift Gate and inside deliveries are available at an additional charge.

Limited Access Charges apply to all limited access facilities including Schools, Military, Construction, Churches etc.

Call your Via Seating Client Accounts Specialist for a quote. Please allow 24 hours for all quotes.

Changes & Cancellations Policy

Change requests may result in a change fee.

Changed or canceled non-stock fabric or leather orders will result in restocking charges.

Cancelled orders already in production will result in restocking charges.

Resellers & Product Display Policy

Prior permissions from Via Seating in writing & signed are required to display or sell Via Seating product through any form of print or digital media including websites, in person and through any method of sale.

Freight Claims Policy

All Via Seating products are carefully inspected and securely packed prior to leaving our facility.

It is the consignees or customers responsibility to verify the product is received free of visible damage in noting any/all damage on freight carrier's delivery receipt (BOL) at time of delivery.

Consignee accepts full responsibility for all visible damage if it is not noted on BOL.

All damage claims (visible or concealed) must be photographed and submitted to Via Seating within five (5) days of receiving merchandise. Claims submitted outside of this window are

Pricing, Terms & Conditions

Claims must include a Returns Material Authorization (RMA) form.

Returns are not accepted without prior consent from Via Seating and must have a Returns Material Authorization number assigned by Via Seating.

Authorized returns are subject to a minimum 25% restocking charge depending on circumstances.

Shipping costs for returned merchandise are the responsibility of the customer.

Explore our warranty at <https://www.viaseating.com/warranty>

Expedited Orders Terms

Every effort will be made to meet our customers install/delivery dates.

If there is a necessity to expedite production, an additional charge will be applied. Via Seating will notify the customers with details on additional charges.

Via Seating is not responsible for costs associated with missed delivery.

Guaranteed delivery purchases must be made to carrier.

Changes to This Policy

We may revise and update this policy from time to time at our sole discretion. All changes are effective immediately when we post them. If changes are material to this policy, we will make every effort to notify you before these amendments enter into force. Your continued use of the Via Seating Services means you accept and agree to any modifications to this policy.

Modular Arms

#0A: a note on armless seating models

Unless otherwise indicated as containing a fixed, integrated arm, all Via Seating chairs start as armless models. Armless chairs and stools have many benefits. Armless versions of chairs are the least expensive, save on space and allow for greater ease of movement in and out of the chair. Armless models on task-work, conference, Via Seating's execu-task and management seating solutions, however, do not provide the most ergonomic sitting experience. To improve comfortability and user support for long-term sitting and task work, see arm options available on each task-work, conference, Via Seating's execu-task and management series.

Extending the Arm Options

As the seating specialists of the contract furniture industry, Via Seating prides itself on having the greatest breadth & depth of customizable options across its seating lines. The adjustable & fixed arm options you see above are paired to chairs as their preferred options. These are significantly tested, available across our marketing resources and where applicable, placed onto our quick ship program. It is possible that additional pairings exist (ie. an arm you like above is not shown on the series you want to see it on).

All Via Seating products are annually assessed by a 3rd party team of chemists & globally-recognized ISO 17025 accredited lab. They are rigorously tested for conformance to ANSI/BIFMA e3 standard credits 7.6.1, 7.6.2 and/or credit 7.6.3 as well as conformance to low-emitting materials. Prior to product launch, every product is continuously developed testing its functionality & durability within Via Seating's ISO 17025:2017 accredited lab. Via Seating has the ability to test non-standard arm configurations and upon approval from our lab, Via Seating is able to warrant the non-standard configuration.

Arm Options Not Shown in this "Modular Arms" List

Items that are exclusive to specific configurations on specific series have been left off of this modular arms list. These items can instead be found on the individual series pages in the Via Seating Indoor Price List. Examples of series-specific, non-modular arms include fixed arm options on Splash chairs and the fixed arm options on the Run II guest chair.

General Care Guidelines

The following guidelines are recommendations based on tests we've conducted aimed to keep your product in the best condition. For general surfaces, we recommend using a lint-free, damp cloth. We suggest the use of environmentally friendly cleaning products wherever possible. Note, when using any product for the first time, you should test it on a small, hidden area. Check for any fading, discoloration or compromising of the material quality before using on the full product material.

Casters

To get the most out of your casters, it is always good to keep them as clean as possible. Once a month, gently flip your chair over and carefully use tweezers to remove all dirt/hair/debris out of the creases of the caster. Use a lint-free cloth with your preferred cleaning agent and clean the caster thoroughly. Thoroughly dry the caster with another lint-free cloth after.

Fabric Upholstery

Vacuum up any excess dirt/spillage with close attention to the seams, area where the seat meets the back and area where the arms meet the seat/back. After, take a lint-free cloth and dip it into any water-based cleaning agent. Scrub gently over the stained area. Repeat if needed. For best results, follow the mill guidelines for your exact textile.

Mesh

Mix mild soap and warm water together and using a lint-free cloth, damp it a little bit into the mixture. Dab gently where the stain is located. Use a different, dry, lint-free cloth to dry the area. Repeat if needed.

Knit Mesh

For stains, mix mild detergent (~10%) and warm water together and using a lint-free cloth, damp it a little bit into the mixture. Dab gently where the stain is located & rinse with warm water. Use a different, dry, lint-free cloth to dry the area. Repeat if needed. Allow to completely dry before use.

Leather & Faux Leather

Keep leathered upholstery out of direct sunlight so the material doesn't dry out and fade/crack. Cleaning leather upholstery is easy and can be done in 3 ways:

- Rubbing alcohol and water.
- Actual leather cleaner you find at a store (always test a small area first).
- Vinegar and linseed oil.

Use a lint-free cloth. Damp it into your cleaning agent and gently scrub the stained area. Use a dry, lint-free cloth to dry the area. Repeat if needed. For best results, follow the mill guidelines for your exact textile.

Poly/Plastic Surfaces

Gently wipe off any spill or debris. After, dip a lint-free cloth into a mild soap and water mixture. Scrub gently over the stained area. For tougher stains, you may use distilled vinegar and a lint-free cloth. Repeat if needed.

TPU (Thermoplastic Polyurethane)

To prevent overall soil, frequently vacuum and lightly brush the best to remove dust and grime buildup. Spot clean with mild soap and water. Infrequent use of a 1:10 bleach to water solution can be used for disinfection of the TPU.

Vinyl Upholstery

Use a bristle brush to gently loosen up the stain. Mix mild soap and warm water together and using a lint-free cloth, damp it a little bit into the mixture and scrub gently wherever the stain is located. Avoid using any detergents as it can cause the vinyl to change color or fade. For best results, follow the mill guidelines for your exact vinyl.

Wood, Laminate & Metal

Gently wipe off any spill or debris. After, dip a lint-free cloth into a mild soap and water mixture. Scrub gently over the stained area. Do not use any abrasive cleaners.
