## Subject: DOJ Bullet Vest Partnership (BVP) Program

**DATE:** October 23, 2018

**AWARD #:** [22926](#)

**GROUP #:** 35205

**AWARD DESCRIPTION:** Body Armor, Law Enforcement (Statewide)

**CONTRACT PERIOD:** October 1, 2015 – September 30, 2020

**CONTACT:** Neilene Rabideau | 518-473-6518 | [neilene.rabideau@ogs.ny.gov](mailto:neilene.rabideau@ogs.ny.gov)

**CONTRACT NO.:** ALL

**CONTRACTOR:** ALL

The Department of Justice (DOJ)'s BVP Support Team released the following notice:

*This year, the Bulletproof Vest Partnership (BVP) Program experienced a high demand in the number and dollar value of applications submitted for funding. Because of the statutory requirement to provide priority funding to jurisdictions with less than 100,000 residents, most of the available funding (\$20.1 million) had to be committed to the smaller jurisdictions. Additionally, because the BVP statute allows the Director of the Bureau of Justice Assistance to provide preferential consideration to jurisdictions that have a violent crime rate at or above the national average as determined by the Federal Bureau of Investigation, the remaining BVP funding (\$9.7 million) was provided to jurisdictions within states that have a violent crime rate at or above the national average.*

*Since all FY 2018 BVP funds are being awarded to the smaller jurisdictions based on the statutory requirement and the large jurisdictions that have a violent crime rate at or above the national average at the state level, BJA will not be able to provide funding to support the purchase of NIJ approved vests to your jurisdiction whose population exceeds 100,000 in a state where the violent crime rate is below the national average. \*\*\**

*BJA has a long and distinguished history of supporting the diverse and challenging missions of state and local law enforcement and public safety agencies. Since BVP began in 1999, BJA has provided \$447 million to support the purchase of over 1.3 million vests nationwide. With continuing congressional support, BJA anticipates additional funding opportunities for vest purchases in the coming years and will keep you posted on these opportunities and others.*

\*\*\* Per FBI's 2017 Crime Statistics Released, September 24, 2018, New York State's violent crime rate is lower than the national average. Refer to FBI's website: <https://www.fbi.gov/news/stories/2017-crime-statistics-released-092418>)

Visit DOJ's BVP website for the latest funding opportunities at <https://ojp.gov/bvpbasi/>.
