Category 15	02PN20-LFA/EZ-0077	Walk-Through Metal Detector, elliptic version, 1.000mm passage width, complete with four beam photocells transit counter, four multi zones display bars programmable as pacing lights and/or localization zones, Random Alarm capability, pre-arrangement for Radiation Detector, low voltage DC power, Chip-Card programming, One-Touch automatic self installation, Bluetooth and RS-232 communication, anti-tamper on/off switch	CEIA	02PN20-LFA/EZ-0077	EA	\$18,000.00	7%	\$16,740.00
Category 15	EMIS-MAIL-SET-0005	Digital analyzer for the automatic screening of letters and parcels with dimensions up to 45cm x 7,5cm (width x thickness) for the detection of detonators, button batteries, trigger electronic circuits, blades and firearms, capable to discriminate metal clips and other metallic components usually present in correspondence, no need of calibration or periodic maintenance. Optional backup batteries not included.	CEIA	EMIS-MAIL-SET-0005	EA	\$3,470.00	7%	\$3,227.10
Category 15	MSD	Magneto Static Detector: The equipment is able to detect all devices containing magnetized parts (cell phones, radio transceiver, receivers, etc.) and ferromagnetic metals providing full-height detection. Non obstructive construction realized in one-piece design that allows the equipment to be operational in a very short time and to be carried easily everywhere. Stand-alone operation, equipped with multi-color status indicators (beacon) and long-life embedded rechargeable batteries, designed in robust AISI 304 stainless steel construction and waterproof protection. Robust light carrying case are included. Audio Bluetooth function, Bluetooth headset, EVO function, rubber feet and tools for uneven floor are not included.	CEIA	MSD	EA	\$7,500.00	7%	\$6,975.00
Category 15	PD240-SET	Digital Hand Held Metal Detector, PD240 model, NIJ 0602.02 fully compliant, indoor and outdoor use, very long battery life, no battery replacement necessary, fully programmable through USB interface, fully programmable optical alarm signaling (continuous or proportional), fully programmable acoustical alarm signaling (continuous or proportional), alarm vibration, 240mm detection width, rejection of floor rebars for inspection at foot level without sensitivity reduction, synchronization with adjacent PD240 up to 20cm of distance	CEIA	PD240-SET	EA	\$330.00	7%	\$306.90
Category 15	PD240CB-SET	Digital Hand Held Metal Detector, PD240CB model, NIJ 0602.02 fully compliant, long range, very high penetration, better compensation of the presence of metal structures, indoor and outdoor use, very long battery life, no battery replacement necessary, fully programmable through USB interface, fully programmable optical alarm signaling (continuous or proportional), fully programmable acoustical alarm signaling (continuous or proportional), alarm vibration, synchronization with adjacent PD240CB up to 80cm of distance	CEIA	PD240CB-SET	EA	\$550.00	7%	\$511.50
Category 15	PD140E	Digital Hand Held Metal Detector, PD140E model, NIJ 0602.02 fully compliant, indoor and outdoor use, optical and acoustical alarm signaling (proportional), alarm vibration	CEIA	PD140E	EA	\$190.00	7%	\$176.70
