Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)/service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

- Contract pricing that is lower than anticipated could result in a higher quantity of purchases by Authorized Users than anticipated.

By submitting a Bid, Bidder acknowledges the foregoing and agrees that actual good faith purchasing volumes during the term of the resulting Contracts could vary substantially from the estimates provided in this Solicitation.

SECTION 3: TERMS AND CONDITIONS

3.1 Contract Terms and Extension

- A. Base Term: Notwithstanding the provisions of Appendix B Section 22, Contract Creation/Execution, the base contract term shall begin on the later of (i) May 18, 2022, or (ii) the date of OSC approval of the final, executed contract documents and consistent with the MOU, and shall continue through and including May 17, 2027.
- B. Extensions. At the State's option, and subject to the approval of OSC and consistent with the MOU, the Contract may be extended for three (3) years, in increments as deemed to be in the best interest of the State. Whether the optional extensions are exercised is at the sole discretion of the State. A Contractor shall retain the right to decline a Contract extension offered under this section. Any Contract extension will be under the same terms and conditions, subject to any additional applicable statutory and policy requirements. Any extensions provided under this section shall apply in addition to any rights set forth in Appendix B, Contract Term – Extension.
- C. The Contract term provided for in this section shall extend six months beyond its termination date only for Authorized Users whose contracts must be registered with the Office of the New York City Comptroller. During the six-month period, the definition of Authorized User shall be deemed to refer only to Authorized Users whose contracts must be registered with the Office of the New York City Comptroller. This extension is in addition to any other extensions available under the Contract. The extension provided for in this paragraph shall be upon the then-existing terms and conditions; provided, however, during such extension an Authorized User, as defined in this paragraph, may agree to amend such terms and conditions solely to comply with changes in statutory requirements (e.g. changes in minimum, prevailing or living wages, or regulated services).

3.2 Short Term Extension

This section shall apply in addition to any rights set forth in Appendix B, *Contract Term – Extension*. In the event a replacement Contract has not been issued, any Contract let and awarded hereunder by the State may be extended unilaterally by the State for an additional period of up to 30 calendar days upon notice to the Contractor with the same terms and conditions as the original Contract and any approved modifications. With the concurrence of the Contractor, the extension may be for a period of up to 90 calendar days in lieu of 30 calendar days. However, this extension automatically terminates should a replacement Contract be issued in the interim.

3.3 Price

Price shall include all customs duties and charges and be net, FOB destination any point within the State of New York, as designated by the Authorized User, including dock delivery (unloading of the product will be performed by the Authorized User, unless previously agreed by the vendor). Additional fees may be charged to the purchaser when delivery to point of use is not possible via dock, any other door, stairway or elevator freight service and/or when specialized service is requested in writing by the purchaser. Such costs shall be prepaid and added to the invoice. Authorized Users will not be charged for delivery to their building location since price is FOB destination; **Authorized User must be informed of the additional cost prior to delivery and agree to the additional charge.**

Contractors are encouraged to offer their best possible pricing; additionally, Authorized Users are required to use the Quick Quote process to obtain the best possible pricing. Contract prices are not-to-exceed for all LOTS and shall be firm except in the case of lowered pricing submitted using the Quick Quote process in accordance with Section - Quick Quotes, or price updates permitted in accordance with Section - Price Updates, of this Solicitation.

If it is determined the Contractor is charging excessive amounts for specialized delivery services, the State may seek reimbursement for such amounts, may remove the Contractor from the list of eligible Bidders, and may cancel the Contract.

3.3.2 Traffic Paint (Waterborne—Lead-Free): Return of Containers

Both 55-gallon and 275-gallon capacity containers remain the property of the Contractor and are to be removed **at no additional cost**.

Upon notification, Contractor shall be responsible for picking up and removing at their own expense, all drums and totes furnished by the Contractor during the Contract period. See Attachment 9 – *Specifications*, Section - *Packaging* for additional information.

3.4 Quick Quote

Authorized Users must select the appropriate Contractor to provide their particular product by using the Quick Quote worksheet form.

During the course of selecting and awarding one of the Contractors listed in this Solicitation, Authorized Users should try to obtain lower prices and Contractors may wish to lower their Contract prices for various reasons, i.e., excess supply, slow business, etc. Each Quick Quote situation is unique, and the price is firm for that particular purchase only. If Bid security is a concern, the Authorized User may require Bids to be sealed and/or opened publicly.

The use of the Quick Quote Worksheet will be MANDATORY for all purchases made by any Authorized User through the Contract(s) resulting from this Invitation for Bids.

Agencies using the Quick Quote form are required to award to the lowest responsive Bid meeting the Authorized User's requirements outlined in the requested quote, including guaranteed delivery. There are no negotiations permitted following the Quick Quote and prices cannot be changed once offered. If award is made to other than the lowest Bid, the Authorized User must prepare detailed documentation explaining the action taken for the failure to meet requirements (i.e., the low Contractor could not provide the product in the time frame required, Contractor did not have needed quantity, etc.). This explanation along with the Quick Quote responses must be made a part of the procurement record.

Contractors are not required to respond, or to lower their awarded "not-to-exceed" prices when they receive a Quick Quote. Prices quoted remain firm regardless of what the price adjustment is at the time of delivery.

The Quick Quote form will be published to the OGS website (on the contract award landing page) at the time of award.

3.5 Price Updates

Prices set forth in this Contract are firm through August 31st, 2022. Beginning September 1st, 2022 and every six months thereafter, the prices are subject to an increase or decrease in accordance with the provisions of this clause.

The prices shall be adjusted on the basis of the originally published Producer Price Indices (PPIs) specified in this section, published by the US Department of Labor, Bureau of Labor Statistics, using the weighting specified below. Any published figure used that is preliminary will not be updated should a different figure replace it as permanent in the future.

A base index shall be established using the month of November 2021. An adjusted index shall then be established by averaging the six-month period ending two months prior to the first price update date. The adjusted index will then become the base index for the price update period immediately following. Each succeeding six months will follow this format (including any contract extensions or renewals). The average adjusted index is then compared with the base index, and the resulting percentage of increase or decrease shall be applied to the contract prices. Price increases and decreases shall not exceed 5% per adjustment period.

The vendor shall be responsible for the delivery of product ordered to any location within New York State. Product will be required as soon as possible and delivery may be considered by an agency issuing a purchase order.

Unless otherwise stated on purchase order, delivery is required within 30 calendar days after contractor's receipt of purchase order. **Authorized Users may not** without prior written consent of the contractor **demand** delivery prior to 30 days after Contractor's receipt of said order.

Contract users may request scheduled deferred deliveries. With the exception of NYS Department of Transportation orders, all schedules requiring delivery to be **delayed beyond 90 days** after Contractor's receipt of order must have the prior approval of the related Contractor and with such allowance noted on the given purchase order. All deferred shipping may be subject to a price update if the requested shipment overlaps scheduled price update periods.

Each individual instance of Contractor's failure to conform to the above delivery requirements **plus 10 calendar days** (grace period) shall constitute sufficient reason to allow the affected agency to request OGS review to assess the potential for the application of Liquidated Damages. Resulting Contractor(s) are cautioned that repeated failure to deliver within the guaranteed delivery period will be sufficient cause for the OGS Procurement Services to cancel the Contract or any unit portion thereof and authorize open market purchase of applicable requirements charging any increased cost over Contract price to the Contractor's account, without the need to await passage of the stated grace period.

Shipping Dates and Delivery Time

Contractor shall provide written acknowledgement of orders within five (5) business days after receipt of order which will include an anticipated shipping date of each order

If shipment will not be made within the delivery time, Contractor is required to notify the agency in writing at least two weeks prior to the latest date of the original delivery obligation. This notification must include the reasons for the delay and the latest date the product will be shipped. Notification does not negate Contractor's responsibility for shipment of product as soon as possible, nor the conditions noted under Invitation for Bids, Section - *Liquidated Damages*. Should the delay not be acceptable to the Authorized User, appropriate contract default proceedings will be initiated. Failure to supply timely written notification of delay may be cause for default proceedings.

Deliveries shall be made inside the yard facility at destinations as indicated on the purchase order. Advance notice of pending shipment shall be issued in writing to the buyer at least **7 days prior to delivery**, unless shipment is being made in under one week from receipt of order. If this situation occurs, Contractor shall notify the buyer of the shipment date as soon as it is scheduled.

Actual physical arrival and delivery of material must be scheduled by the carrier, contacting and coordinating with the recipient no more than 48 hours prior to a trucks arrival at the delivery site. Delivery will be scheduled no earlier than 7:00 a.m. or later than 3:00 p.m. and will have a two-hour window of opportunity within those parameters, Tuesday through Thursday, excluding Holidays, or as otherwise agreed to as mutually acceptable between the carrier and recipient. Delivery will only be accepted within the time period scheduled. Any and all changes required as a result of such arrivals are at the carrier's expense.

Delivery Condition

Contractor shall make no shipment that exposes the product at any time during transit to conditions detrimental to the product. Product must be delivered strictly in accordance with specifications and shall be "Ready for Use." In the event that an item is delivered with a deviation or deficiency, Contractor shall correct such deficiencies **within four (4) business days** of written notification of said deficiency or deviation. Rejected glass spheres shall be replaced within seven (7) calendar days of the date of rejection notice.

Rejected items shall be replaced within seven (7) calendar days of the date of rejection notice.

3.16 Liquidated Damages

In the event of a delay or default in any delivery for items contracted under Lots I and II, providing such delay or default is not directly attributable to a material fault of the ordering agency, an agency shall be entitled to and shall assess against the vendor as liquidated damages, a sum calculated as follows:

Two-hundred fifty dollars (\$250.00) per business day, not as a penalty but as liquidated damages, for each color of paint, to compensate for delay and other losses, detriments and inconveniences attendant upon such delay from the grace period, commencing from the time delivery was due under the Contract. Saturdays, Sundays, and NYS Holidays will be excluded from the computations for the assessment of Liquidated Damages.

A grace period of ten (10) business days commencing on and including the Contract date for delivery, shall be extended to the vendor prior to the assessment of such liquidated damages. Assessment of liquidated damages will then commence on the forty-fifth (45th) calendar day after placement of the purchase order by mail, or 41 calendar days after placement electronically. Notice is hereby given to the vendor that despite the extensions of the grace period herein specified, time shall be and is of the essence in regard to the delivery of these products to the Authorized User.

The actual delivery date of each color will be used in computing the total amount of liquidated damages on a purchase order. Liquidated damages, if assessed, shall be deducted from payments due Contractor for each color of paint on each invoice for purchase orders that are delivered late.

3.16.1 Additional Notes for Traffic Paint (Waterborne –Lead-Free)

Whereas shipments of paint may not commence at the beginning of an annual painting season until the season's initial manufacturing run has been tested and independently certified as meeting the required specifications, such testing and any delays caused as a result of the testing process negate the liquidated damages clause.

Once initial shipments have been approved for release, the terms of this clause become active. However, should any such initial delays be caused by the failure of Contractor to deliver the required sample requirements in a timely manner, or of the product to meet the stated specifications and requirements, Contractor may be held liable for Liquidated Damages as stated here in.

3.17 Product Returns and Exchanges

In addition to the provisions of Appendix B, *Title and Risk of Loss*, *Product Substitution*, and *Rejected Product*, Products returned or exchanged due to quality problems, duplicated shipments, outdated Product, incorrect Product shipped, Contractor errors otherwise not specified, or Products returned or exchanged due to Authorized User errors, shall be replaced with specified Products or the Authorized User shall be credited or refunded for the full purchase price.

Products shall be replaced within 10 business days of written notification to the Contractor of the Authorized User's intent to return or exchange the Product. Contractor can charge only a restocking fee for Product returned or exchanged due to Authorized User error that is determined not to be suitable for resale; the restocking fee cannot exceed the net price of the returned or exchanged Product.

Any credit or refund shall be applied against the next bill/invoice submitted by the Contractor to the Authorized User. If no credit or refund, or only a partial credit or refund, is made in such fashion, the Contractor shall pay to the Authorized User the amount of such credit or refund or portion thereof still outstanding, within 30 calendar days of demand.

Contractor's demonstration of "good faith efforts" pursuant to 5 NYCRR § 142.8 shall be a part of these requirements. These provisions shall be deemed supplementary to, and not in lieu of, the nondiscrimination provisions required by New York State Executive Law Article 15 (the "Human Rights Law") or other applicable federal, State, or local laws.
- C. Failure to comply with all of the requirements herein may result in a finding of non-responsiveness, a finding of non-responsibility, breach of contract, withholding of funds, suspension or termination of the Contract, and/or such other actions or enforcement proceedings as allowed by the Contract and applicable law.

III. Equal Employment Opportunity (EEO)

- A. purposes, EEO shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff or termination, and rates of pay or other forms of compensation. This requirement does not apply to: (i) the performance of work or the provision of services or any other activity that is unrelated, separate, or distinct from the Contract; or (ii) employment outside New York State.

Contractor and subcontractors shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status, or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with

regard to non-discrimination on the basis of prior criminal and conviction and prior arrest.

4. A description of the negotiations between the Contractor and certified MWBEs for the purposes of complying with the MWBE goals of this Contract.
5. Dates of any pre-bid, pre-award, or other meetings attended by Contractor, if any, scheduled by OGS with certified MWBEs whom OGS determined were capable of fulfilling the MWBE goals set in the Contract.

3.25 Participation Opportunities For New York State Certified Service-Disabled Veteran Owned Businesses

Article 17-B of the New York State Executive Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses (“SDVOBs”), thereby further integrating such businesses into New York State’s economy. OGS recognizes the need to promote the employment of service-disabled veterans and to ensure that certified SDVOBs have opportunities for maximum feasible participation in the performance of OGS contracts.

In recognition of the service and sacrifices made by service-disabled veterans and in recognition of their economic activity in doing business in New York State, Bidders/Contractors are strongly encouraged and expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles.

For purposes of this procurement, OGS conducted a comprehensive search and determined that the Contract does not offer sufficient opportunities to set specific goals for participation by SDVOBs as subcontractors, service providers, and suppliers to Contractor. Nevertheless, Bidder/Contractor is encouraged to make good faith efforts to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials. The directory of New York State Certified SDVOBs can be viewed at: <https://ogs.ny.gov/Veterans/>

Authorized Users will be advised to select the most cost-effective procurement alternative that meets their program requirements and to maintain a procurement record documenting the basis for this selection.

3.31 Preferred Source Products

Section 162 of the State Finance Law requires that Authorized Users afford first priority to the Products of Preferred Source suppliers such as Corcraft (the marketplace name for the NYS Department of Corrections and Community Supervision, Division of Industries), New York State Preferred Source Program for People who are Blind (NYSPSP), and New York State Industries for the Disabled (NYSID), and others determined by law, when such Products meet the form, function and utility of the Authorized User.

Some Products in the resultant Contract may be available from one or more Preferred Sources. An Authorized User must determine if a particular Product is approved for a Preferred Source and follow the requirements of State Finance Law § 162(3) or (4)(b), respectively, before engaging the Contractor.

3.32 NYS Vendor Responsibility

OGS conducts a review of prospective Contractors to provide reasonable assurances that the Bidder is responsive and responsible. A For-Profit Business Entity Questionnaire (hereinafter "Questionnaire") is used for non-construction Contracts and is designed to provide information to assess a Bidder's responsibility to conduct business in New York based upon financial and organizational capacity, legal authority, business integrity, and past performance history. By submitting a Bid, Bidder agrees to fully and accurately complete the Questionnaire. The Bidder acknowledges that the State's execution of the Contract will be contingent upon the State's determination that the Bidder is responsible, and that the State will be relying upon the Bidder's responses to the Questionnaire, in addition to all other information the State may obtain from other sources, when making its responsibility determination.

OGS recommends each Bidder file the required Questionnaire online via the New York State VendRep System. To enroll in and use the VendRep System, please refer to the VendRep System Instructions and User Support for Vendors available at the Office of the State Comptroller's (OSC) website at <http://www.osc.state.ny.us/vendors/index.htm> or to enroll, go directly to the VendRep System online at <https://www.osc.state.ny.us/state-vendors/vendrep/vendrep-system>.

Vendors must provide their NYS Vendor ID Number when enrolling. For information on how to request assignment of an NYS Vendor ID, see the NYS Vendor File Registration section. OSC provides direct support for the VendRep System through user assistance, documents, online help, and a help desk. The OSC Help Desk contact information is located at <http://www.osc.state.ny.us/portal/contactbuss.htm>. Bidders opting to complete and submit the paper questionnaire can access this form and associated definitions via the OSC website at http://www.osc.state.ny.us/vendrep/forms_vendor.htm.

In order to assist the State in determining the responsibility of the Bidder prior to Contract award, the Bidder must complete and certify (or recertify) the Questionnaire no more than six (6) months prior to the Bid due date. A Bidder's Questionnaire cannot be viewed by OGS until the Bidder has certified the Questionnaire. It is recommended that all Bidders become familiar with all of the requirements of the Questionnaire in advance of the Bid opening to provide sufficient time to complete the Questionnaire.

The Bidder agrees that if it is awarded a Contract the following shall apply:

The Contractor shall at all times during the Contract term remain responsible. The Contractor agrees, if requested by the Commissioner of OGS, to present evidence of its continuing legal authority to do business in New York State, integrity, experience, ability, prior performance, and organizational and financial capacity.

The Commissioner of OGS, in his or her sole discretion, reserves the right to suspend any or all activities under this Contract, at any time, when he or she discovers information that calls into question the responsibility of the Contractor. In the event of such suspension, the Contractor will be given written notice outlining the particulars of such suspension. Upon issuance of such notice, the Contractor must comply with the terms of the suspension order. Contract activity may resume at such time as the Commissioner of OGS issues a written notice authorizing a resumption of performance under the Contract.

The Contractor agrees that if it is found by the State that Contractor's responses to the Questionnaire were intentionally false or intentionally incomplete, on such finding, the Commissioner may terminate the Contract.

Upon written notice to the Contractor, and a reasonable opportunity to be heard with appropriate OGS officials or staff, the Contract may be terminated by the Commissioner of OGS at the Contractor's expense where the Contractor is determined by the Commissioner of OGS to be non-responsible. In such event, the Commissioner of OGS may complete the contractual requirements in any manner he or she may deem advisable and pursue available legal or equitable remedies for breach.

In no case shall such termination of the Contract by the State be deemed a breach thereof, nor shall the State be liable for any damages for lost profits or otherwise, which may be sustained by the Contractor as a result of such termination.

3.33 "OGS or Less" Guidelines

Purchases of the Products included in the Solicitation and resulting Contract are subject to the "OGS or Less" provisions of State Finance Law § 163(3)(a)(v). This means that State Agencies can purchase Products from sources other than the Contractor provided that such Products are substantially similar in form, function or utility to the Products herein and are (1) lower in price and/or (2) available under terms which are more economically efficient to the State Agency (e.g. delivery terms, warranty terms, etc.).

Agencies are reminded that they must provide the State Contractor an opportunity to match the non-Contract savings at least two business days prior to purchase. In addition, purchases made under "OGS or Less" flexibility must meet all requirements of law including, but not limited to, advertising in the NYSCR, prior approval of the Office of the State Comptroller and competitive bidding of requirements exceeding the discretionary threshold. State Agencies should refer to Procurement Council Guidelines for additional information.

3.34 Non-State Agencies Participation in Centralized Contracts

New York State political subdivisions and others authorized by New York State law may participate in Centralized Contracts. These include, but are not limited to, local governments, public authorities, public school and fire districts, public and nonprofit libraries, and certain other nonpublic/nonprofit organizations. See Appendix B, Participation in Centralized Contracts. For Purchase Orders issued by the Port Authority of New York and New Jersey (or any other authorized entity that may have delivery locations adjacent to New York State), the terms of the Price clause shall be modified to include delivery to locations adjacent to New York State.

Upon request, all eligible non-State agencies must furnish Contractors with the proper tax exemption certificates and documentation certifying eligibility to use State contracts. A list of categories of eligible entities is available on the OGS web site (<https://online.ogs.ny.gov/purchase/snt/othersuse.asp>). Questions regarding an organization's eligibility to purchase from New York State Contracts may also be directed to NYS Procurement Services Customer Services at 518-474-6717.

3.35 Extension of Use

Any Contract resulting from this Solicitation may be extended to additional States or governmental jurisdictions upon mutual written agreement between New York State and the Contractor. Political subdivisions and other authorized entities within each participating state or governmental jurisdiction may also participate in any resultant Contract if such state normally allows participation by such entities. New York State reserves the right to negotiate additional discounts based on any increased volume generated by such extensions.

3.36 Resellers

A. Definitions

Reseller is a company or individual (merchant) that purchases goods or services with the intention of selling them rather than consuming or using them. Also known as Value Added Reseller (VAR) or channel partner. Resellers must be eligible to quote statewide, independently and lower than manufacturer (Contract) pricing for procurements under resulting Contracts. Reseller must also be able to accept orders, invoice and receive payment for Products.

NOTE: This clause is not applicable to manufacturer's authorized resellers that submit a bid and are awarded as a prime contract holder on this contract.

B. Conditions of Reseller Participation

Resellers must be approved in advance by the State as a condition of eligibility under the Contract. The State also reserves the right to rescind any such participation or request that Contractor name additional Resellers, in the best interests of the State, at the State's sole discretion, at any time. Contractor shall have the right to qualify Resellers and their participation under this Contract by product line, contracting program (e.g., government/educational sales), geographic region, size/sales volume, technical training or other criteria ("qualifying criteria"), provided that:

1. such qualifying criteria are uniformly applied to all potential Resellers based upon Contractor's established, neutrally applied commercial/governmental program criteria, and not to a particular procurement;
2. all general categories of qualifying criteria must be disclosed by the Contractor to the State, in advance, at the beginning of the Contract term;
3. those qualifying criteria met by the Reseller must be identified in Reseller designations submitted by email to the OGS Procurement Services Contract Manager at the time that Reseller approval is requested; and,
4. Immediate advance notice is provided to OGS in the event that a change in Reseller's status occurs during the Contract term.

All Resellers who have been approved in accordance with the foregoing paragraph shall be eligible to quote lower pricing for procurements under this Contract which meet their qualifying criteria. Contractor warrants and represents that it shall not, directly or indirectly, by agreement, communication or any other means, restrict any Reseller's participation or ability to quote a particular order.

C. Designation of Resellers

When Resellers are submitted for approval, Contractor must provide the State, in advance, with all necessary ordering information, billing addresses and Federal Identification numbers in the format requested by email . Contractor shall also specify whether orders must be placed directly with Contractor, or may be placed directly with designated Resellers.

D. Responsibility for Reporting/Performance

Contractor shall be fully liable for a Reseller's performance and compliance with all Contract terms and conditions. Product purchased through a Reseller must be reported by Contractor in the required sales reports to the State as a condition of payment. In addition to inclusion of Reseller volume in the Contractor's sales reporting obligation to the State, at the request of an Authorized User, the Reseller shall provide the Authorized User with reports of the individual Authorized User's Contract activity with the Reseller.

E. Applicability of Contract Terms

Product ordered directly through Resellers shall be limited to Products previously approved for inclusion under this Contract and shall be subject to all terms and conditions of this Contract as a condition of Reseller participation.

3.37 New Accounts

Contractor may ask State Agencies and other Authorized Users to provide information in order to facilitate the opening of a customer account, including documentation of eligibility to use New York State Contracts, agency code, name, address, and contact person. State Agencies shall not be required to provide credit references.

3.38 Drug and Alcohol Use Prohibited

For reasons of safety and public policy, in any Contract resulting from this Solicitation, the Contractor's personnel shall not be impaired by alcohol or drugs of any kind in the performance of the Contract.

3.39 Traffic Infractions

Neither the State nor Authorized Users will be liable for any expense incurred by the Contractor's personnel for any parking fees or as a consequence of any traffic infraction or parking violation attributable to employees of the Contractor in performance of the Contract.
