NOTE: This Award has multiple contractors that are all authorized to sell from their published price lists. The published prices are not to exceed prices and authorized users are encouraged to select the product that best meets their needs while obtaining the lowest possible cost for each purchase. There is no primary/secondary hierarchy and no exclusivity. See individual contract items to determine actual awardees.

Authorized users should notify OGS Procurement Services promptly if a contractor fails to meet delivery or other terms of the contracts established under this award. Products or services which do not comply with the specifications or are otherwise unsatisfactory to the authorized user should also be reported to New York State Procurement Services.

NOTE TO AUTHORIZED USERS:

When placing purchase orders under these contracts, the authorized user should be familiar with and follow the terms and conditions governing their use. All of the contracts are available on the OGS webpage for this award. The authorized user is accountable and responsible for compliance with the requirements of public procurement processes. The authorized user must periodically sample the results of its procurements to determine its compliance. In sampling its procurements, an authorized user should test for reasonableness of results to ensure that such results can withstand public scrutiny.

The authorized user, when purchasing from OGS contracts, should hold the contractor accountable for contract compliance and meeting the contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, authorized users are encouraged to seek improved pricing whenever possible.

Authorized users have the responsibility to document purchases, particularly when using OGS multiple award contracts for the same or similar product(s)-service(s), which should include:

- a statement of need and associated requirements,
- a summary of the contract alternatives considered for the purchase,
- the reason(s) supporting the resulting purchase (e.g., show the basis for the selection among multiple contracts at the time of purchase was the most practical and economical alternative and was in the best interests of the State).

OVERLAPPING CONTRACT ITEMS:

Products-services available in the contracts may also be available from other New York State contracts. Authorized users should select the most cost effective procurement alternative that meets their program requirements and maintain a procurement record documenting the basis for the selection.

NOTE TO CONTRACTOR:

This Contract Award Notification is not an order. Do not take any action under this contract except on the basis of purchase order(s) from the authorized user(s).

Invoices must be sent directly to the ordering entity for payment. See Section 2.8 INVOICING in each contract for more information.

PREFERRED SOURCE PRODUCTS AND SERVICES:

Some products-services in this contract may be available from one or more preferred source suppliers such as Correctional Industries (Corcraft), Industries for the Blind of NYS, and NYS Industries for the Disabled. Agencies are reminded to comply with the statutory requirements under Section 162 of the State Finance Law and the guidelines issued by the State Procurement Council to afford first priority to products and services available from preferred sources which meet your form, function and utility. Contractors are required to include this notice in all price lists and contract updates.

REQUEST FOR CHANGE:

Any request by an authorized user or contractor regarding changes in any part of the contract must be made in writing to the Office of General Services, New York State Procurement prior to effectuation.
