CONTRACT NO.: Various CONTRACTOR: Various

For Contractors under the new OGS Industrial & Commercial Supplies and Equipment Award (#23262) that offered lighting products on Contract, OGS offered the opportunity to highlight their lighting products that were deemed environmentally preferable (EP) meeting the Executive Order 22 (EO 22) specification (previously Executive Order 4 (EO 4)) for Lighting Fixtures, Ballasts and Lamps, including:

- 1.LED Recessed Troffers
- 2. LED High Bay Lighting
- 3. LED Street Lighting
- 4. LED Wall Packs
- 5.LED T8 Plug and Play Tubes
- 6. T8 Linear Fluorescent Lamps
- 7. Electronic Ballast for T8 Linear Fluorescent Lamps.

NOTE: Products identified must meet one or more of the following standards:

- 2. Designlights™ Consortium (DLC);
- 3. Consortium for Energy Efficiency (CEE);
- 4. National Electrical Manufacturers Association (NEMA); or
- 5. Restriction of Hazardous Substances (RoHS)Directive.

For those Contractors who offer Products under the Lighting Category and took us up on this opportunity a document has been created to capture that information. This document can currently be located via the Contractor's Specifications section for this Contract at

https://online.ogs.ny.gov/purchase/spg/pdfdocs/3900023262ContractSpecifics.pdf . A column entitled "EP Lighting Standard Meeting EO 22 Specification" has been included with a subset of their currently approved Price List to note the appropriate EO 22 specification standard next to each lighting item.

OGS intends to have this information transition from being identified on a separate document to being identified on each Contractor's Awarded Price List. At that time, the separate document will be removed from our site.
