### **PROCUREMENT INSTRUCTIONS**

Authorized Users should follow the following procurement instructions when purchasing from the Contracts.

- A. Request for quotes should go to all Contractors that meet form, function, and utility.
- B. *OGS encourages the purchase of State Finance Law § 163-c-compliant EVSE when it meets Authorized User needs and when availability and cost will not severely impede build out. For State Agencies subject to State Finance Law (SFL) §163-c, **Purchase or lease of zero emission vehicles (ZEV) and charging or fueling infrastructure**, consider if a requirement for "Final Assembly in USA" should be included in requests for quotes. Unless fully or partially waived, SFL §163-c requires that agencies include a requirement in any procurement for the purchase of light-duty, non-emergency ZEVs that final assembly of the ZEV and charging or fueling infrastructure occurs in the United States. The partial waiver for the current calendar year, which includes a minimum annual Final Assembly in USA percentage of 8% for such Vehicles, and a 100% waiver for EVSE, is posted on the OGS website at <https://ogs.ny.gov/waiver-state-finance-law-ss-163-c-buy-american-requirements>.*
